

## \$87.50 Per Foot

St. George Street, excellent building lot 41 feet frontage. Must be sold at once.  
**H. H. WILLIAMS & CO.,**  
26 Victoria Street, Toronto.

PROBS: Strong westerly gales; showers; colder.

## MACKENZIE & MANN WILL BE PLANNING TO EXTEND RADIAL LINES TO EAST

**Rumor That Oshawa Electric Railway Has Already Been Acquired—Whitby Views On the Transportation Question.**

OSHAWA, Oct. 11.—(Staff Special.)—It is currently reported here that Mackenzie and Mann have purchased the Oshawa Electric Railway from the Rathbuns of Deseronto, and will use it to effect an entrance into Oshawa. The proposed C. N. R. line passes the town two miles to the north, and it was said that they would be willing to effect an entrance into Oshawa. The purchase will not only give the C. N. R. the desired connection, but will embrace the Grand Trunk, which for years has utilized the line to shunt cars from its line to the town, a distance of nearly two miles.

The Oshawa Railway already has a federal charter to build northward.

### WHITBY AND RADIALS

Whitby People There Believe Electric Road May Solve Problem.

WHITBY, Oct. 11.—(Staff Special.)—"Do we get the C. N. R.?" is the subject of a poetic riddle in the local press, and for once the versifier has hit upon the subject of paramount interest in the community.

Whitby, with the lake shore towns, is very anxious to get the line. The matter is the chief subject of conversation on the streets. Confidence is still the dominant note, although events have transpired within the last couple of days which have lowered hopes some few degrees. The disturbing element is the presence of sub-contractors along the route as originally adopted with a few men and eight teams of horses.

Otherwise affairs are moving along as promised by Messrs. Mackenzie and Mann, to the joint deputations which waited on them a couple of weeks ago. The railway magnates promised to run another survey thru the towns to test for grades, and to make an estimate of the cost of construction over the lower and admittedly more expensive route. That work is now being carried out with prospects of being completed in a day or two. A line was surveyed from a point near Pickering village in a southwesterly direction to Audley, which is only about a mile south of the adopted right-of-way, and near the city boundary. The survey was made by Kingstons, and thence to Whitby, making a very circuitous route.

The chief engineer came out ten days ago, and started the survey. He is to run another line between Pickering and Whitby, and this second line practically parallels the G. T. touching in places the old P. E. route from the Kingston road, and entering Whitby thru the park between the town proper and the junction.

May Be Used for Radials

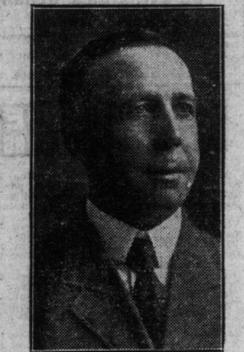

In spite of these evidences of effort on the part of the C. N. R. to give the lake towns the benefit of their road, it is said that the radial interests are already lining up their aids, not without encouragement from Whitby at least, to have the law prohibiting the granting of franchises to electric railways for a longer period than twenty years repealed at the next sitting of the legislature. It is generally known that the radial and the C. N. R. interests are common, and the opinion is growing that the Mackenzie & Mann Co. would rather take the lake towns with their radial line than with the Toronto-Oshawa steam line, which is designed chiefly for thru business, and, therefore, will require the best grade possible. The Whitney measure regarding the granting of franchises, it is claimed, has kept electric railway development at a standstill for five years, and will keep it so for ten years longer if left in force. The legislature will be asked to either repeal or amend the law to provide for renewals of franchises with reasonable protection to the companies.

No Amending Plans Filed

No amended plans of the C. N. R. route have been filed at the county registry office here, although advice was received the other day from Mackenzie and Mann that a change would be made at a certain point. The change was not specified but it is learned from an authoritative source that the change proposed is to carry the line a few rods further north, near Brooklin, in order to get a higher level in crossing above the G. T. R. tracks.

When interviewed by The World, Sub-Contractor John L. Boyd said that although no work had been laid out for him as yet, arrangements had been made for commencing grading at once, and he was only waiting for a signal from the chief engineer to start. He expects to have 50 men on the job right up till Christmas time and many more next spring. Mr. Boyd has secured a contract for the construction of the first three miles east of the Whitby-Brooklin highway, and it is understood that two other men—Clark and Livingston—have been awarded sub-contracts for two miles each on the west side of the highway. George Scott is now surveying the bridge sites and the contractor who will construct the southern end of the line, and it is expected to commence construction at once. All of which indicates that the original route will be adhered to, and the road will skirt the lake towns from two to three miles to the north, and

Continued on Page 8.

MAYOR DOWNEY Of Whitby, who is willing to take the radial if he can't get steam road.

## KEY WEST LAID IN RUINS BY STORM

Loss of \$2,000,000—Havana, Cuba, Is Also Windswept at Million Loss and Five Deaths.

KEY WEST, Fla., Oct. 11.—As the result of the hurricane which struck the southern coast of Florida this morning, Key West to-night is a mass of wreckage and the damage to property is estimated at \$2,000,000. Martial law was proclaimed by the mayor at 6 o'clock, and the Key West Guards are patrolling the city.

MILLION LOSS AT HAVANA.

HAVANA, Oct. 11.—The most serious cyclone since the big blow Oct. 17, 1898, struck Cuba early this morning, causing extensive devastation thru the whole western portion of the island. In the City of Havana many minor buildings were blown down or unroofed; almost all the trees were uprooted; five persons were killed, one by an electric wire, and the others by falling buildings. About 25 persons were injured.

The greatest damage done was in the harbor, where 40 or 50 lighters, launches and small tugs were either sunk or blown ashore.

The total damage in Havana and vicinity is estimated at \$1,000,000. The greatest individual loss has been caused by the destruction of half the coal elevators, conveyors of the Havana Coal Co., at Casablanca, estimated at \$200,000.

### NAVAL MOBILIZATION DEPT.

New Creation of Admiralty, Following Beresford Charges.

LONDON, Oct. 11.—As a result of the recent government enquiry into questions of naval policy raised by Admiral Lord Charles Beresford, the admiralty has issued an announcement of the creation of a new department, entitled the naval mobilization department.

This will form, with the existing intelligence branch, a permanent navy war council for the study of strategy and the working out of war plans.

Vice-Admiral George Fowler King-Hall has been appointed director of the new department.

### CLORAN MAY LEAVE SENATE

Appointment as High Sheriff of Montreal Is Likely.

MONTREAL, Oct. 11.—(Special.)—It now looks as if Senator H. J. Cloran would soon be appointed high sheriff of the City and District of Montreal, at \$5000 a year, replacing the late Senator Thibadeau, while Hon. Charles Devlin will take Senator Cloran's place in the senate.

It also looks as if the three new judges would be appointed as soon as parliament meets. The men who will probably be made judges of the superior court are Charles Archer, Alme Geffron and La-Col. Hibbard, crown prosecutor for the district. They are M.P.'s, or J. Murphy, a law partner of Hon. R. Lemieux, and Sir Lomar Gourin, will succeed the late Justice Curran.

### REVOLUTION IN SANTO DOMINGO.

CAPE HAITIEN, Hayti, Oct. 11.—A revolution has broken out in Santo Domingo. The insurgents, headed by Gen. Andre Navarro, this morning attacked Dajabon, a town near the Haytian frontier, but were repulsed by the government troops.

## ASSESSMENT ACT NOT FORBIDDEN TO DRIVE TO DRIVE

City Council May Ask Legislature to Amend by Giving Commissioner Discretion in Matter of Property Valuation.

Referred appointment expert valuator of Yonge-street property. Decided against further water privileges to outsiders. Rejected proposal to expend \$65,000 on extended Reservoir Park. Split up fire hose contract. Deferred considering Arshbride's March bylaw.

The Assessment Act, not Commissioner Forman, is to blame for the waz in which the assessment of Yonge-street properties are avoided.

This was the amicable agreement reached by the city council yesterday, and it looks as if the court of appeal will be the legislature.

Ald. Maguire's Motion. Ald. Maguire, with Ald. Bredin as seconder, moved that, as many complaints have been made against the increase in Yonge-street assessments for 1910, and many appeals laid, the board of control enquire into the whole question and secure at once expert advice as to the value of all properties appealed against, and report to the city council. Also, that the board report upon the advisability of applying to the special committee appointed by the Ontario Legislature to revise the Assessment Act, for such amendments to the act as would relieve ratepayers, especially those occupying the assessors' office, of a portion of the extra assessment.

A long-drawn-out battle over a burning issue was averted by the suggestion that the motion go to the legislation committee, which can report back to the council in time to allow the question of whether in a city of Toronto's size the assessment department should have the right to use its own discretion or should be bound to act on the basis of selling values.

Would Cost \$300 a Day. The necessary extra-duty given to suspend the rates having been voted, the mayor objected to the appointment of the experts, alleging that it would cost the city \$300 a day for expert advice, and that the committee thought \$200 a day might suffice.

Ald. J. J. Graham asserted that with the assessment of half of the city confirmed there could be no objection to the committee of the Ontario Legislature would meet in November, the time was opportune. The experts would cost the people so much as the raised assessment would. The mayor asked why the enquiry shouldn't extend to assessments on other streets, and Ald. Maguire replied that on Yonge-street the assessment had been doubled.

Ward Three Bears Burden. Ald. Bredin declared that the third ward had to bear too much of the assessment burden. He proposed that 10 per cent. of the taxes, and now of the \$51,000,000 increase, it had to bear \$15,000,000. It wasn't fair that a man whose property was assessed at \$10,000 should rise one morning to find it \$20,000. The business men didn't think the assessment more than the property was worth, but they objected to the sudden jump.

The mayor admitted that his complaints as to the wide difference between assessed and selling values might have helped on the increase. As to assessments doubling, the rental of a building at the corner of Yonge and Adelaide-streets had advanced at a bound from \$500 to \$1,000 a year. Rentals were being doubled all along Yonge-street.

Controlled Geary objected to the idea of the whole city paying for the assessment department, and to benefit one portion. He didn't think the city should appeal against its own officials.

Ald. Maguire admitted that the assessment department was compelled by law to fix assessments according to apparent values, but contended that the sale prices were speculative, looking ten years ahead.

It was unanimously agreed to let the legislation committee deal with the motion.

No Water to Outsiders. In deciding not to give water connections to any more applicants whose factories or houses are outside the city, a question of policy, debated upon for years, was finally settled.

Ald. Foster, in support of his motion to discontinue the practice after Oct. 15, asserted that the city was building up an outside district at its own expense. Ald. Church returned that it would be a setback for public ownership if it became known that a municipal plant adopted so narrow a policy.

Controlled Harrison argued that it was unfair to land owners who paid taxes, to have outside property, which paid no taxes to the city, brought into competition with land which did. The city had annexed so much territory lately that there was plenty of room for building.

The negative side was upheld by Controlled Geary Ald. Maguire, Bredin and Baird. Their arguments were that the city made a profit on the outside services on the Conble rate charge, that the total amount supplied in a year was only one-sixth of a day's

## A TEMPTING SHOT.

WILF: If a feller was only sure of not hittin' the old man.

### FORMER TORONTO GIRL RECEIVES RICH ESTATE

Mrs Edward Kelly (Nee Thurston) Becomes Owner of Magnificent Paris Chateau.

NEW YORK, Oct. 11.—(Special.)—The will of Edward Kelly, a famous New Yorker, who became the foremost American lawyer in Paris, representing nearly every American litigant who bric-a-brac, antiques, paintings, etchings, engraving and sculpture, is called Coucy Le Chateau. It is very near Paris and is noted as a great show place, with extensive grounds, meadows and gardens.

His American home in this city and also at Nyack on the Hudson, contains over a hundred square feet of land, which goes with the rest of the estate to his widow, after other bequests are paid. His income was over \$100,000 a year. His fortune was invested in securities, largely American railroads.

### LOTBINIERE BY DEFAULT, TOO

Unseated Liberal Will Go Back By Acclamation.

MONTREAL, Oct. 11.—(Special.)—There will be no contest in Lotbiniere after all, and once more the Conservatives are going to allow a county to go by default. As a matter of fact, Mr. Fortier, ex-M.P., will be re-elected by acclamation.

It goes without saying that this news, received from Quebec to-day, was not received with favor by the fighting men of the Conservative party here in Montreal. It appears that W. Price, M.P. for Quebec West, had paired Lotbiniere with a Conservative county, and as soon as he heard that the Conservatives were going to break his agreement, he entered a solemn protest, saying that he had given his word to Fortier, and that if the agreement was broken, he would resign his seat in parliament.

As Mr. Price is the Conservative banker in the ancient capital, his word is law.

### PUT OLD CHEESE IN NEW

Quebec Cheesemaker Fined \$25 for the Offence.

OTTAWA, Oct. 11.—(Special.)—The dairy and cold storage branch has issued the following statement: Wilfrid Lapierre, cheesemaker, of the Sheffield Vale Cheese Factory, Sheffield County, Que., was fined \$25 at Granby on Saturday last for incorporating a quantity of inferior or worthless cheese in a Consensus variety of new cheese, during the process of manufacture. The cheese was discovered in a Montreal warehouse. This is the first case under the amendment of 1908 to the inspection and sale act.

Behind the excuse that it would not pay to advertise is a confession of inherent weakness. If your product is good it will pay you to tell it in advertising. See special advertising article on page 5.

### TOM COTE IS REWARDED

TO BE BRODEUR'S DEPUTY

Montreal Newspaperman Will Enter the Marine Dept.—Thereby Hangs a Tale.

MONTREAL, Oct. 11.—(Special.)—There can be no doubt whatever about Thomas Cote being appointed to the position of deputy minister of marine, Hon. L. P. Brodeur, as good as confirms the report and to-day La Presse says an aviator to Mr. Cote, who has been connected with that paper for a good many years.

Ever since David Russell and Sir Hugh Graham purchased La Presse, Mr. Cote has been persona grata with Sir Wilfrid Laurier for the reason that he upsets the program which was first intended to hand over the newspaper to the Conservative party. When Mr. Berthiaume and Mr. Damsoreau left Mr. Cote at the Academy of Music one night, saying they were going to take a walk, Tom Cote suspected something and followed them to the residence of J. N. Greenhields, who was to put thru the deal.

Cote at once notified Ottawa that there was something in the wind, and the friends of Sir Wilfrid, who are unable to prevent the sale, were able to prevent the paper taking an active part in the general election then on.

### MARINERS ARE WARNED

PORTS MAY BE CLOSED

British Consul at Philadelphia Intimates That Caution is Necessary in Approaching Harbor.

PHILADELPHIA, Oct. 11.—(Special.)—Extensive comment has been occasioned by a circular issued from the office of the British Consul, Wilfrid Powell, in this city, to-day.

The circular reads in part: "Notice to mariners—caution when approaching British ports. My lords commissioners of the admiralty, having taken into consideration the fact that circumstances may arise in which it may be necessary, on account of periodical exercises, manoeuvres or otherwise, to forbid all entrance to the naval ports or night, this is to give notice that on approaching the shores of Great Britain or any part of the British Empire, if search-lights are observed to be in constant operation, the naval ports should be approached with great caution, as it may be apprehended that obstructions may exist outside, or that the entrances may be altogether closed."

### HALF-A-MILLION CLEAN UP.

They are saying around town that good fortune continues to follow the Byrie Bros.; that they've just cleaned up half a million in Vancouver real estate, not to mention the Winnipeg nest egg.

A Monopoly of the Fount of Justice. Said a man of independent means yesterday: "I don't think the people of Ontario took stock of the family compact in law in this province? One powerful clique largely controls the situation; names and promotes judges; steers things for the corporations as against the public. And yet these men who make up this ruling faction get their university education, their legal education, and the charter of Osgoode Hall, which makes the practice of law a monopoly, from the people of the province."

### SURRENDERS IN LONDON

AS KINRADE MURDERER

But Hamilton Police Are Disinclined to Take Any Stock in Alleged Confession.

HAMILTON, Oct. 11.—(Special.)—The police take no stock in an alleged confession by one Edward William Bedford, in London, England, that he was the murderer of Ethel Kinrade. They think that he is playing a game to get free transportation to Canada, or else that he is insane. They have had no communication from London with reference to the case.

The announcement came in a special cable to a Montreal paper, saying: "Edward William Bedford gave himself up to the police here to-day on the confession that he had murdered Ethel Kinrade by shooting at Hamilton, Ontario, last February, at the instigation of another man, whose name he has forgotten, but who gave him \$500."

"It must be some loon, surely," said Detective Inspector McMahon. "It sounds like the story of a crazy man," said Crown Attorney Washington.

T. L. Kinrade, the father of the murdered girl, when seen at the Waldorf Hotel, did not display any emotion, and declined to discuss the matter until he had received further particulars.

It is recalled that a similar "confession" was made in Liverpool some years ago by a man claiming to have murdered little Glory Whalen at Collingwood.

### ALL TRAINS CLOSELY WATCHED

OTTAWA, Oct. 11.—(Special.)—Great precautions are being taken to prevent the escape of the fugitive escape cracker by train.

In order that there may be a close inspection of all passengers on trains, they are allowed to come out at one end of the car only, and every freight is being watched closely.

### THINK ABOUT FURS.

What to Buy and Where to Buy—Good Furs Are the Only Good Investment.

If you want to be comfortable in a Canadian winter, you must have a fur garment. Buying a fur garment shouldn't be a serious undertaking, but it is just the same. The only safeguard you have is to deal with the furrier who can boast of a reputation. Dineen is the furrier with fifty years of experience selling furs in Toronto. Dineen buys all furs direct from the trapper, or in case of foreign furs, he purchases direct from the big dealer in raw pelts in Europe and Asia. Every garment is made on the premises and only skilled labor is used. These are a few of the reasons why you should visit Dineen's showrooms, corner of Yonge and Temperance streets, before deciding on the garment you want for the coming season.

### DREADNAUGHTS' GLORY FADED ALREADY

"Super" Class Now in Water—Germany's First Excels the Demands of the Contract.

BREMEN, Oct. 11.—The battleship Westphalen, the first vessel of the super-Dreadnought type built for the German navy, in a trial trip to-day exceeded her contract requirements, developing a speed of twenty knots, while her engines indicated 24,000 horsepower. Her contract calls for a speed of nineteen knots with 20,000 horsepower.

NEW YORK, Oct. 11.—I. N. Ford, London correspondent of The Tribune, discussing the competition for naval power, writes: "A dozen Dreadnoughts in four months! That is a proof of reckless competition in the mechanism of sea power. The high-power battleship or armored cruiser, with turbine engines and 12-inch guns, is the most experimental as well as costly warship ever designed, and capable of vast expansion from rapid processes of invention and readjustment of weights and battery power. The Super-Dreadnought is so new that knocking out the Dreadnoughts, although only three of them have been launched, and the entire class of battleships and cruiser-battleships is so new that only a few advanced nations have experimented with them or possess the mechanical plant requisite for constructing them.

It is the maddest race of modern times, and hardly more than a duel. Of the dozen Dreadnoughts and Invincibles taking the water within four months, two are Japanese, and one is French. The remaining nine are German and British, five under one flag and four under the other; and every one is so markedly superior to the vessels of the same class launched within four years as to justify the name of Super-Dreadnought or Super-Invincible, whether admiralty experts claim the distinction or not. Was there ever so extraordinary a duel? Not a shot is fired, and only the taxpayers' blood is shed; yet the warfare is so destructive that the new ships are discarded by superior designs as so new that they are "scrapped" they are virtually outclassed.

What Germany is Doing. The Helgoland, as the Slegried is now known, at Portsmouth and Westphalen. It is not an attempt to reproduce at Kiel the original Dreadnought, with improved and readjusted batteries, so much as an undertaking to outclass all battleships now afloat. It has been followed this week by the launch of a sister ship, the Oltoburg, or Ostfriesland, as Wilhelm will be ready for the water at Bremen before Christmas. The measurements and details of engine power and battery arrangement of the batteries are naval secrets which are carefully concealed, yet without doubt these three battleships, are superior in so many respects to the original Dreadnoughts as to stand by themselves. The hulls have been lengthened and broadened, the displacement and engine power have been considerably increased, the armor has been strengthened, and the primary and secondary batteries have been rearranged, and materially improved in striking power and speed. Before the end of the year two armored cruisers will be in readiness for launching at Hamburg, and these are already producing at the naval yards as Super-Invincibles, superior in displacement, engine power, battery fire and manoeuvring capacity to the best cruiser-battleships designed by the admiralty experts here. Certainly they will be the largest war vessels afloat, and if they obtain the projected maximum horsepower of 30,000, they will be the fastest battleships in the world. The experts are fulfilled these five German warships will so far surpass the six Dreadnoughts and Invincibles already completed or under construction in the Hamburg, Bremen and Kiel shipyards as to render the earlier vessels fairly antiquated.

**AT THE HEARES**

**At the Princess.**  
Fritz Scheff.  
"The Prima Donna," put on for a  
week at the Princess last night, is  
genuine comic opera, with real music,  
an actual plot, a substantial chorus  
and a queen of song in Fritz Scheff.  
An overflowing house testified to the  
huge success of the piece, encores were  
innumerable, and the hearty laugh-  
ter followed the rattling dialogue.  
It starts with a bang and the cur-  
tain goes up on a soldier in the garden  
of love, in a cafe chantant in Paris,  
which was encored. A quartet and  
Max Gundelinger, the musical di-  
rector, enters to try over his singers.  
"The Keynote of Love is Dough," he  
announces. His song, "Something Al-  
ways Happens—When it Shouldn't,"  
with a very funny solo effect, had  
to be repeated. One of his singers has  
a cold, and Mlle. Athene (Miss Scheff),  
whose motor car has broken down out-  
side, generously offers to take with  
her a girl with a cold whose moth-  
er is Mlle. Lieut. Armand, in love with  
Athene, turns up. She repulses him for  
he is expected to marry the girl. He  
Hobbes, betrothed to him in child-  
hood. His aunt, the duchess, will dis-  
inherit him if he disobeys and Athene  
would not injure him. Left alone in  
the cafe Capt. Hornaday insults her,  
and Armand rushes in, strikes his su-  
perior officer and is arrested. "This is  
all very dramatic and splendidly play-  
ed," says Mr. Harcourt, doing very clever  
work in the assault on Athene. The  
curtain went down on a rapturous  
house which insisted on a speech from  
Miss Scheff.

"I feel so much embarrassed," she  
said, "and our company and I feel  
so nervous, being the first night. It  
feels good that you like it. I hope  
you will keep up that way."  
They did, and the second act with  
its splendid set was a bigger success  
than the first. Miss Scheff is an ac-  
complished singer with a voice of rare  
sweetness and her trills and shakes  
and roulades were warbled with easy  
grace.  
John E. Hazzard was very funny,  
and his absurd suggestion of Sir Wil-  
frid Laurier in the second act brought  
down the house. An octet sang an exquisite  
madrigal and were properly encored,  
and the cafe chanteuses, Grace Spen-  
cer, Mabel Vernon, Dorothy Haydn,  
Farnum, gave a splendid portrayal of  
Trampas, and Mabel Wright, who pre-  
sented the role of Molly Wood, is with-  
out doubt the best actress who ever  
played the part. The entire company is  
a capable one and the production is  
of a high order of excellence.  
"The Virginian" captured the public  
last night and will play to capacity  
business the balance of the week, in-  
cluding the regular matinees on Wed-  
nesday and Saturday.

**Gayety.**  
**Follies of the Moulin Rouge.**  
Several really new jokes were let  
loose at the Gayety yesterday after-  
noon and last night. Each provoked  
great applause. All thru the "Follies  
of the Moulin Rouge" runs a ripple of  
laughter which becomes pronounced in  
places.  
The company numbers 50, all of  
whom assist in the fun-making. Chas.  
Howard is down on the program as the  
chief disturber. He is handed at-  
tention as the he wears a bag of peas.  
His falls are uncountable.  
Ida Emerson, who takes the part of  
the wealthy widow, still has her good  
voice. When, with Ben Wilson, she  
sang "Bo-Lo-Lo-Eyes," the house called  
for more several times.  
The first act opens in the Grand Ho-  
tel, Paris; the second on the roof gar-  
den of the Hotel Astor, New York.  
There the plot is hatched. It is to  
form a syndicate to pass off a German  
wrecker as a baron and get him to marry  
a wealthy heiress. The money is to  
be divided among the members of the  
syndicate—leaving out the baron, of  
course. They are found out and the  
syndicate members stand until the  
puts the baron off to sea.  
Jennie Austin and her song "You've  
Got Me Going, Kid," was encored sev-  
eral times. The novelty act, the  
Scarcecrow Man, played by Dorothy  
Haydn and company, met with ap-  
proval. Howard is said to be the origi-  
nator of the act and Dorothy Haydn  
is the original singer. The Scarcecrow  
Man and Powder do some excellent  
dancing.

**Royal Alexandra**  
**Foreign Exchange.**  
"Foreign Exchange," a play in  
four acts, by E. C. Carter de  
Haven and Shea's this season, which  
is not with the act this season, which  
is cause for regret, but Hansi Hank's  
production of the play, which fills the  
gaps while Mr. De Haven is changing  
and accompanies his songs, almost  
makes up for her absence, and De Ha-  
ven is just as good as he was the last  
time you saw him, if not a little fun-  
nier. The act is richly dressed and  
the setting is sumptuous.  
Then comes the Simon and  
Grace Gardner and a couple of others  
in their comedy sketch, "The New  
Boatman." It is one act, several  
times over, and the actors, who do not  
do not make sketches any funnier than  
this one.  
The Helm Children, with Little Wil-  
lie as the hero, is the best factor of  
the season. It is about the best kid comedy act  
on the road and should not be missed even  
if you have to make a special trip just  
to see it.  
"The Girls from Melody Lane" can  
certainly sing and their songs are  
more tuneful than the average. It is  
one of the best musical acts on the  
going and it is all that in a quiet sort  
of way that reminds you of a drawing  
room and a soft carpet.  
Paul Quinn and Joe Mitchell have a  
talk-act called "The Lemon City Land  
Agency" that produced pronounced pa-  
roxysms amid perpetual mirth at two  
performances yesterday.  
Myrtle Byrne can act, and she  
has a well worked up act to carry her  
specialty.  
Faul Quinn, Navara, and Marenga, with  
a comedy, acrobatic stunt, open the  
show, which is one of the best this  
season.

**Majestic Music Hall**  
**The Seven Perezoffs.**  
Vaudeville as it was intended to be—  
frivolous and amusing with a touch  
of variety—is presented at the Ma-  
jestic this week. When nine numbers  
can be crowded into an evening's enter-  
tainment, there sure must be some di-  
version.  
As a head liner—number nine—the  
Seven Perezoffs present the most skill-  
ful, and at the same time amusing,  
demonstration of juggling that has yet  
come to Toronto. It is ingeniously  
staged as "an act," a scene in a swell  
grill room, and when the host, waiter,  
butler and guests juggle, thru the  
which is cooked, served, paid for and  
cleared away, the audience is dizzy  
watching flying missiles that never  
fall.  
An act by Chas. Cartnell and Miss  
Laurie Harris is very clever. Both are  
exceptionally good operatic and buck  
and wing dancers.  
A touch of burlesque is given the pro-  
gram in the presentation of the Marco-  
polo, the Prince de Saverigne, had  
good interpretations from Byron Dou-  
glas and Henry Bergman. The play  
was beautifully staged and very well  
received. It will be seen during the  
week.

**Liquor & Tobacco Habits**  
A. McTAGGART, M.D., C.M.  
75 Yonge St., Toronto, Canada.  
References as to Dr. McTaggart's profes-  
sional standing and personal integrity,  
permitted by:  
Sir W. R. Meredith, Chief Justice.  
Hon. G. W. Ross, Chief Justice of Ontario.  
Rev. N. Burwash, D.D., President Vic-  
toria College.  
Dr. McTaggart's ready, President of St. Mich-  
ael's College, Toronto.  
Dr. McTaggart's vegetable remedies for  
the liquor and tobacco habits are health-  
ful, safe, inexpensive home treatments.  
No hypodermic injections, no publicity, no  
loss of time from business, and a certain  
cure. Consultation or correspondence in-  
vited.

**SATISFACTION**

Don't think it is not important  
to whom you entrust your films  
for developing and printing—it  
means all the difference between  
satisfaction and disappointment.  
Let us develop and print the  
next roll of films you expose, and  
notice the results.

**UNITED PHOTO STORES, Limited**  
(Developing—Printing—Enlarging)  
15 ADELAIDE STREET EAST  
Stores also at Montreal, Ottawa and Quebec.

persons of a number of the lead-  
ing stars of the day, as Raymond  
Hitchcock, Eva Tanguay, Vesta Til-  
ley, Clarice Mayne, Blanche Ring,  
Harry Lauder, Eddie Foy and others.  
The musical selections were all popu-  
lar, the various airs being picked up  
by the audience.  
The scene of the burlesque is in Tar-  
town, a wayback hamlet with Pink-  
ey, Pinch, the most officious and  
feared personage. He is there with his  
big medal and the situations that his  
officiousness or bumptiousness creates,  
even to performing a marriage cere-  
mony, are ridiculous in the extreme.  
The playlet introduces as incidental  
some tuneful numbers: "In the Great-  
est Show of Earth," "Gloriana,  
Could You Learn to Love Me?" "I'm  
Awfully Glad I Met You," "Schooners  
That Pass in the Night," "Jungle  
Moon," "The Girl in the Purple Mask,"  
etc.

**Gayety.**  
**Follies of the Moulin Rouge.**  
Several really new jokes were let  
loose at the Gayety yesterday after-  
noon and last night. Each provoked  
great applause. All thru the "Follies  
of the Moulin Rouge" runs a ripple of  
laughter which becomes pronounced in  
places.  
The company numbers 50, all of  
whom assist in the fun-making. Chas.  
Howard is down on the program as the  
chief disturber. He is handed at-  
tention as the he wears a bag of peas.  
His falls are uncountable.  
Ida Emerson, who takes the part of  
the wealthy widow, still has her good  
voice. When, with Ben Wilson, she  
sang "Bo-Lo-Lo-Eyes," the house called  
for more several times.  
The first act opens in the Grand Ho-  
tel, Paris; the second on the roof gar-  
den of the Hotel Astor, New York.  
There the plot is hatched. It is to  
form a syndicate to pass off a German  
wrecker as a baron and get him to marry  
a wealthy heiress. The money is to  
be divided among the members of the  
syndicate—leaving out the baron, of  
course. They are found out and the  
syndicate members stand until the  
puts the baron off to sea.  
Jennie Austin and her song "You've  
Got Me Going, Kid," was encored sev-  
eral times. The novelty act, the  
Scarcecrow Man, played by Dorothy  
Haydn and company, met with ap-  
proval. Howard is said to be the origi-  
nator of the act and Dorothy Haydn  
is the original singer. The Scarcecrow  
Man and Powder do some excellent  
dancing.

**Isadore Duncan**  
Not since the Mendelssohn Choir pro-  
duced a Ninth Choral Symphony of  
Beethoven has there been a musical  
composition involving so great interest  
as the production of Beethoven's  
Seventh Symphony by Miss Isadora  
Duncan, the wondrous dancer, and the  
New York Symphony Orchestra, under  
the direction of Walter Damrosch. For  
the first time in Toronto's history one  
of the great forms of art, interpreta-  
tion dancing, will be performed to its  
highest degree. The music is the  
one of the greatest of musical classics.  
Miss Duncan's other numbers include  
Chopin's Prelude, Mazurka and Waltz,  
and Grieg's Norwegian Dance. The  
orchestra contributes two separate  
numbers. On account of the popular  
character of the occasion, 500 rush seats  
will be placed on sale at 50 cents to-  
night.

**Theatrical Notes.**  
Mme. Nazimova will open her season  
in Brandon, Tynan's new play, "The  
Passion Flower," on October 15. Her  
entire company has been engaged.  
Mary Manning will open in Mont-  
real on Monday, Oct. 18, with "The  
Widow," by Rachel Croix.  
J. W. Winton, an English ventrilo-  
quist, and Nelson Jackson, an English  
pianist, are recent engagements.

**Be Your Own**  
**Doctor of Music**  
**Autonola**  
"It is a delightful thing to  
play the piano whenever I  
feel like it, although I can-  
not play a note myself,"  
were the words of a phys-  
ician lately. He was speak-  
ing of a Bell Autonola he  
had purchased a few weeks  
previously. Does not this  
offer a valuable suggestion  
to you? Anyone can play  
this wonderful instrument  
with the aid of music-roll  
treddles. It can also be  
played by hand in the usual  
way. It is TWO PIANOS  
IN ONE. We will make  
you a liberal allowance for  
your present piano and ac-  
cept the balance in conven-  
ient payments. A postcard  
or phone message will bring  
our representative to make  
a valuation of your old in-  
strument. Send for booklet.

**BLAME ASSESSMENT ACT**  
**FOR YONGE ST.'S TAXES**

City Council May Seek to Have  
Legislation Lighten Business-  
men's Burdens.  
Continued From Page 1.

oulding capacity, and that there was  
no inducement to build outside on this  
score alone, as other city services, such  
as sewerage scavenging, lighting and  
police protection were lacking.  
Ald. Maguire replied that the city  
was making the outside land specu-  
lators rich. One syndicate had bought  
Block 100, in the west end, in street lots  
thru and obtained a water connection,  
thereby doubling the value.  
The Vote.  
Ald. Foster's motion carried as fol-  
lows:  
Resolved, That the City Council, and  
Ward, Ald. Anderson, McMillin, Welch,  
Dunn, Foster, R. H. Graham, Keeler,  
Chisholm, J. J. Graham and Maguire—  
12.  
Against—Mayor Oliver, Controller  
Ceary, Ald. Hilton, McGhie, Bredin,  
Vaughan O'Neill, Church—8.

The city will not buy the Laratt  
Street estate, properly adjoining Res-  
ervoir Park after all. Everybody ac-  
cepted the assessment commissioner's  
statement that it was a fair bargain at  
\$250,000, but everybody, the mayor and  
Controller Hocken excepted, appear to  
have swung round to the view that the  
park is large enough already, while  
Ald. Foster said that the city should  
have bought a park, he declared.  
"We have been adding from \$15,000-  
000 to \$150,000 to the assessment for  
years, but the city is always hard up,"  
said Ald. McGhie, who thought extrava-  
gant park purchases partly to blame.  
Further arguments were heard, and the  
city bought a park, he declared.  
The mayor's warning that another  
individual identity unknown was lurking  
in readiness to snap up the land, didn't  
cause a panic. Nobody cared evi-  
dently, and the vote showed only his wor-  
ship and Controller Hocken against Ald.  
Church's motion to strike out the pur-  
chase.  
Spit up Contract.  
The fire hose squabble was finally  
settled by splitting up the contract for  
12-inch fire hoses. For the third time  
the board of control recommended that  
the Gutta Percha and Rubber Co. sup-  
ply the whole 7000 feet required at 85c  
per foot, but the board of control recom-  
mended that the Gutta Percha Co. sup-  
ply 3000 feet given the Gutta Percha Co.  
2000 feet to the Canadian Rubber Co.  
and 1000 feet each to the Dunlop Co.  
The United States Circuit Court of Ap-  
peals upheld the lower federal courts in  
sentencing the banker to such a  
penalty for misapplying the funds of  
a national bank.  
Morse surrendered himself, and his  
attorneys immediately began steps to  
carry his case to the supreme court of  
the United States and to secure a  
continuance of his bail bond pending  
the trial.  
This was referred to the board of  
control.  
"Diagnose," Says Hilton.  
Representatives of the Canadian  
Northern and C. P. R. opposed the city  
engineer's proposal to have the rail-  
ways lay down cement sidewalks on  
Mill, Water, Vine and other streets  
south of St. Lawrence Square. The  
property, which has been acquired by  
the railways, contains a number of  
houses, but there are no sidewalks  
whatever. Ald. Hilton declared the con-  
struction of sidewalks on the rail-  
ways' solicitor explained that the dis-  
trict was involved in the viaduct plan  
and that they wished it settled first.  
The works committee will consider  
the case.  
That live local issue, the establishing  
of a coal and wood yard at the corner  
of Bloor Street and Ossington, has been  
brought to the court of last resort, and  
will be fought out again before the fire  
and light committee. H. M. Mowat,  
K.C., obtained leave for a deputation  
before the court on Oct. 17, and during  
the trial, which was held on Oct. 17,  
judges reserved decision, admitted  
to \$125,000 bail, and Morse was released  
from the Tombs, where he had been  
confined since October, 1908.  
Immediately he plunged into business  
as if a long prison term were not  
hanging over him, and during the trial  
he reported to have paid off \$5,000,000  
of his \$7,000,000 indebtedness, and to  
have regained control of a large part  
of his extensive steamship interests.

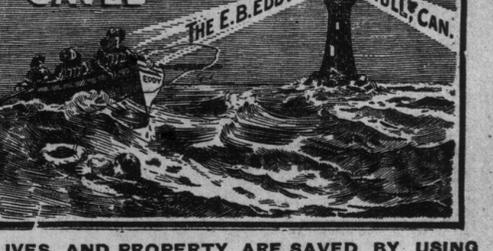

**Why a Miniature Grand Piano?**  
"The most attractive looking piano I  
have seen in any parlor," is the way  
a lady described a Heintzman & Co.'s  
miniature grand piano she had that  
day seen in a Toronto parlor when  
making a call. It is indeed a beauti-  
ful piece of furniture. More, it is a  
beautiful piano, excelling in tone, touch  
and singing quality. This popular  
piano is very much the correct thing  
these days. A special exhibit is being  
made at the firm's warehouses, 115-117  
King-street west.

**Woman Recluse Murdered.**

Washeled over by fourteen cats which

**MORSE SENTENCE UPHOLD**  
**BUT FIGHT WILL GO ON**  
Court of Appeal Reduces Indict-  
ment by 43 Counts—Banker  
Goes Back to Tombs.

**NEW YORK, Oct. 11.**—Fifteen years  
of hard labor in a federal prison came  
to a legal close near Charles W.  
Morse, the capitalist-to-day, when the  
United States Circuit Court of Appeals  
upheld the lower federal courts in  
sentencing the banker to such a  
penalty for misapplying the funds of  
a national bank.  
Morse surrendered himself, and his  
attorneys immediately began steps to  
carry his case to the supreme court of  
the United States and to secure a  
continuance of his bail bond pending  
the trial.  
This was referred to the board of  
control.  
"Diagnose," Says Hilton.  
Representatives of the Canadian  
Northern and C. P. R. opposed the city  
engineer's proposal to have the rail-  
ways lay down cement sidewalks on  
Mill, Water, Vine and other streets  
south of St. Lawrence Square. The  
property, which has been acquired by  
the railways, contains a number of  
houses, but there are no sidewalks  
whatever. Ald. Hilton declared the con-  
struction of sidewalks on the rail-  
ways' solicitor explained that the dis-  
trict was involved in the viaduct plan  
and that they wished it settled first.  
The works committee will consider  
the case.  
That live local issue, the establishing  
of a coal and wood yard at the corner  
of Bloor Street and Ossington, has been  
brought to the court of last resort, and  
will be fought out again before the fire  
and light committee. H. M. Mowat,  
K.C., obtained leave for a deputation  
before the court on Oct. 17, and during  
the trial, which was held on Oct. 17,  
judges reserved decision, admitted

of his \$7,000,000 indebtedness, and to  
have regained control of a large part  
of his extensive steamship interests.

**Milk Commission.**  
The Ontario Government milk com-  
mission will leave this morning for  
an extended trip thru Western Ontario,  
visiting Galt, Stratford, Brantford, St.  
Catharines, Niagara Falls and other  
points. The members of the commis-  
sion who will take this trip are Dr.  
D. A. Pyne (chairman), Finlay G. Mc-  
Donald and W. Bert Rouds (sec-  
retary). The other members, W. P.  
Nickle, M.L.A., and W. R. Dargand,  
M.L.A., are now visiting towns in the  
eastern portion of the province. The  
whole commission was in Ottawa at  
the end of October.

**Duke Street School Reopened.**  
Duke-street school was reopened  
yesterday morning, with all the teach-  
ers back in their places, but the roll of  
pupils was somewhat diminished. There  
are some rumors of an investigation,  
as it is alleged that inducements are  
being held out to keep the pupils in  
the schools to which they had been  
transferred.

**Presentation to Gouin.**  
MONTREAL, Oct. 11.—(Special.)—A  
presentation of a bronze group and a  
beautiful oil painting was made to Sir  
Lomer Gouin this evening at the Club  
Canadian, and the premier took oc-  
casion to ask his friends to prepare  
for the coming by-election in St.  
James. Alderman Robillard is the  
government candidate.

**At Taber, Alb., three masked men  
raided a house of ill-fame and took  
nearly 1000 off the inmates.  
Havana was buffeted by a hurricane  
yesterday. A family of five was killed  
by a falling roof.  
Ex-Gov. Sprague's residence at Nar-  
ragansett Pier, R.I., burned yesterday  
loss \$1,000,000.**

Pittsburg 8 Detroit 6

Soccer T. & D. Protests

Bowling League Tenpin Season Starts

Note and Comment

Willets pitched winning ball for Detroit in the third of the series for the world's championship. He went in when the game was lost, and was taken out when he had it almost won, because Manager Jennings desired to use a pinch-hitter, who struck out. It was a cold, wet day, that had pneumonia in the atmosphere. Toronto had its delegation in the grand stand, including McCaffery, Mulqueen and Barrow. And how they would warm up on returning to the hotel after the game!

J. J. Bailey, one of the backs of the Pilgrims Football Club, possesses the unique physique of a 6 feet 4 1/2 inches stature. The opponents have frequently kicked over his head, the old country tourists have yet to lose a goal.

The last of the soccer fanatics sport themselves this week at Scarboro Beach, when Fergus and Bracebridge meet for Junior honors on Thursday. Both towns will close down that day, the Bracebridge Lacrosse Club having added to an excursion to Toronto, and Fergus has also proclaimed a holiday on Thursday, and the pipers are coming.

Someone complained that there would be no horse-racing this winter, when agents of the Jacksonville (Fla.) track were in Hamilton Saturday, with the program of their long meeting. The Jacksonville track, begun a year ago, has been completed, and the promoters say it will provide plenty of good sport. As racing in California appears to be in a state of depression, it is believed that horsemen who do not take part in the winter meeting at Jamaica, Mexico, will flock to the Florida track with good backing, and there will be no interference by the authorities with open bookmaking.

The fall meeting of the Maryland Jockey Club at Pimlico, opening on Saturday, Oct. 23, and closing on Monday, Nov. 8, will conflict with the last two days of the coming season at Jamaica, and the subsequent meeting of six days at Aqueduct.

It is to be hoped that the simultaneous operation of the two Metropolitan Turf Association will result in confusion. The Metropolitan opens this afternoon for twelve days at the Jamaica track, and also next Saturday at Dufferin Park.

The ladies' mississauga Golf Club are playing for the Highlands Trophy. This competition must be concluded by the 21st instant. The club has caused many chills among the Pittsburg players winning second and third places in this competition. Mrs. Hamilton will give special prizes to the winners.

The following have yet to play: Mrs. Capree, Mrs. DeBruyck, Mrs. Mackenzie, Mrs. Allen, Mrs. Strady, Mrs. Clemmer, Miss Ross, Miss Langmuir, Mrs. Coleman, Miss Ross Ever.

On Thursday afternoon a driving competition will take place. Miss Ross will give a prize to the successful contestant. The club has been out along the field four line to watch the trials in the crowd and act in an advisory capacity to the other competitors.

The first innings was a weird spectacle for the local enthusiasts. Byrne opened up by hitting out a hit along the third base line and went to third when Leach singled to centre. Clarke sent a grounder to Summers, and Byrne was caught between third and home. Summers to Moriarty to Schmidt to Bush. Leach went to third and Clarke to second during the chase. Wagner's hit was too hot for Bush, and it rolled to left field, while Leach and Clarke scored. Wagner stole second, went to third on Schmidt's bad throw, Miller drew a base on balls and pitch. Miller drew a base on balls and Abstein singled to centre. Miller scoring when Crawford made a bad throw to third. Abstein moved to third on the same error. Manager Jennings then withdrew Summers and sent Willett in to pitch. Wilson shot a single to centre and scored. Abstein, Gibson and Maddox finished the innings with easy outs.

Pirates Continue to Score. Pittsburg scored another run in the second. With one out, Willett hit Leach on the hand and Clarke on the knee. Wagner forced Clarke at second, Bush to Deleahanty going to third. On a double-strike Leach scored and Wagner went to third. Miller ended the inning with a pop fly to Deleahanty.

Detroit was practically helpless before Maddox until the seventh, when a rally started. With one out, Willett hit Leach on a two-bagger to centre, and Moriarty was safe when Miller fumbled his ground-out. Deleahanty going to third. Tom Jones singled to right, scoring Deleahanty and putting Moriarty on second. Schmidt hit for Willett, struck out. D. Jones beat out a punt along the third base line. The double-strike Leach scored and Moriarty scored. Cobb singled to centre. Tom Jones scored. Cobb singled to centre. Moriarty scored. Cobb singled to centre. Moriarty scored. Cobb singled to centre. Moriarty scored.

Club Boxers in Training. In less than two weeks the seventy odd amateur boxers who have finished their fall tournament, will have finished their work ready to enter the ring in Mutual-street. The Irishmen, including Bob Day and Hilliard Lang, Harry West, West Enders, the British Union, Don R.C., Thistle Football Club, East End Club, Stanley Back, Moriarty's Good Luck Club will all have their candidates. There will besides be several from outside Toronto, including Montreal, Ottawa and Hamilton. The list closes next Tuesday at 297 Yonge-street.

Pittsburg Wins in Detroit Tigers Have Bad First Inning

Game Played in Drizzling Rain on Soft Ground, Finishing in the Dark.

DETROIT, Oct. 11.—Pittsburg defeated Detroit by the score of 8 to 6 here to-day in one of the most spectacular and fiercely contested games ever played in the world's championship series. This gives Pittsburg two games to one in the series and the National League champions are correspondingly jubilant. Detroit, however, showed in the final innings of the battle that it is far from a hopelessly beaten team. Weather conditions were frightful. Rain fell frequently. Clouds made the atmosphere so dark during the last two innings that it was hard for both players and spectators to follow the play. Detroit, however, came to the fore with one of the game's rallies ever made and scored four runs in the seventh inning, battling Maddox hard and playing like fiends. With the score 6 to 4, Pittsburg connected with some of its better curves, and Detroit was again on top.

Pittsburg jumped into the lead immediately this afternoon, by scoring five runs in the first inning. They batted Summers out of the box. Another run in the second inning gave Pittsburg a lead of 4 to 0. Detroit, however, came to the fore with one of the game's rallies ever made and scored four runs in the seventh inning, battling Maddox hard and playing like fiends. With the score 6 to 4, Pittsburg connected with some of its better curves, and Detroit was again on top.

Summers started for the locals, but was removed before the end of the first inning. While the scoring was going on, until he was taken out to allow McIntyre to bat for him in the seventh. McIntyre was lucky in the eighth after Abstein had made a two-base hit, with but one out. The next two were easy outs. In the ninth Pittsburg landed on him for three hits and that clinched the game for them. Maddox was on the mound for Pittsburg and was hit hard in the closing innings.

Hans Wagner Star of the Game. Hans Wagner was the star of the game. He made four hits and stole four bases, although Catcher Schmidt was not to blame for his error in the seventh. Bush and Deleahanty were the bright spots on the Detroit team in batting. Bush made four hits in five times at bat, two of which played important parts in the scoring. Deleahanty caused many chills among the Pittsburg players.

White Crawford starred in the field, his work at the bat was feeble. He ended the rally in the seventh by a puny pop fly to Abstein, with two men on base. In the ninth he again had a chance with Cobb on second, but his best was a feeble bouncer to Deleahanty.

Cobb's single in the seventh scored one and his double in the ninth two. Umpire Klem, who was not scheduled to officiate, was on the field along the right field foul line to watch the trials in the crowd and act in an advisory capacity to the other umpires.

The first innings was a weird spectacle for the local enthusiasts. Byrne opened up by hitting out a hit along the third base line and went to third when Leach singled to centre. Clarke sent a grounder to Summers, and Byrne was caught between third and home. Summers to Moriarty to Schmidt to Bush. Leach went to third and Clarke to second during the chase. Wagner's hit was too hot for Bush, and it rolled to left field, while Leach and Clarke scored. Wagner stole second, went to third on Schmidt's bad throw, Miller drew a base on balls and pitch. Miller drew a base on balls and Abstein singled to centre. Miller scoring when Crawford made a bad throw to third. Abstein moved to third on the same error. Manager Jennings then withdrew Summers and sent Willett in to pitch. Wilson shot a single to centre and scored. Abstein, Gibson and Maddox finished the innings with easy outs.

Pirates Continue to Score. Pittsburg scored another run in the second. With one out, Willett hit Leach on the hand and Clarke on the knee. Wagner forced Clarke at second, Bush to Deleahanty going to third. On a double-strike Leach scored and Wagner went to third. Miller ended the inning with a pop fly to Deleahanty.

Detroit was practically helpless before Maddox until the seventh, when a rally started. With one out, Willett hit Leach on a two-bagger to centre, and Moriarty was safe when Miller fumbled his ground-out. Deleahanty going to third. Tom Jones singled to right, scoring Deleahanty and putting Moriarty on second. Schmidt hit for Willett, struck out. D. Jones beat out a punt along the third base line. The double-strike Leach scored and Moriarty scored. Cobb singled to centre. Tom Jones scored. Cobb singled to centre. Moriarty scored. Cobb singled to centre. Moriarty scored.

Club Boxers in Training. In less than two weeks the seventy odd amateur boxers who have finished their fall tournament, will have finished their work ready to enter the ring in Mutual-street. The Irishmen, including Bob Day and Hilliard Lang, Harry West, West Enders, the British Union, Don R.C., Thistle Football Club, East End Club, Stanley Back, Moriarty's Good Luck Club will all have their candidates. There will besides be several from outside Toronto, including Montreal, Ottawa and Hamilton. The list closes next Tuesday at 297 Yonge-street.

Curriers Convene On Tuesday Next 16 Tankard Groups

The following notices of motion will come up next Tuesday at the semi-annual meeting of the Ontario Curling Association. By Mr. J. D. Flavell—That the prizes for the Ontario Tankard be fixed for the third Tuesday in January, and for the District Cup competition the fourth Tuesday in January.

Oakland's Lawn Bowling Club.

The annual meeting of the Oakland's Lawn Bowling Club was held in the commodious new clubhouse, 9 Alcorn-avenue, when the secretary's and the fiscal report showed a very successful year. This year the association is divided into following divisions for the Tankard competition, as follows: No. 1—Cobourg, Colborne, Belleville, Prescott, Brockville, Napamond, Kingston, Play at Kingston. Umpire—Mr. A. Lyons.

Lawn Bowling in Orangeville.

ORANGEVILLE, Oct. 11.—(Special.)—Competitions. Ten rinks competed in the rink competition, playing a total of 30 games. This was won by Mayo. McKillop's rink, which was represented by Mayo, McKillop, Kirk, Dr. Carson. The Orangeville Lawn Bowling Club have just concluded their local rink and single rink season. The club was organized for the purpose of providing a rink for the winter months for social purposes.

HANS WAGNER The Flying Dutchman, the terror of Detroit and all opposing pitchers. Yesterday he had four hits and four stolen bases, not in these shoes, however.

Soccer Teams Suspended Fail to Pay Their Guarantee Money to League—Saturday Game.

The T. & D. Council met last night, when two protests were considered. The Royal Hearts protest was thrown out and the referee's decision accepted as final. The Thistles were awarded the two points to their game with Stanley Barracks on account of the latter club playing on a Sunday. The Thistles were suspended for failing to pay their guarantee money. They, however, have the option of being reinstated if they pay to the league secretary by Wednesday.

Games for Saturday.

Don Valley v. All Saints, G. Allen, 4. Britannians v. West Toronto, A. Smalley, 3.20. Thistles v. Celtic, J. Dobe, 4. Royal Hearts v. Britannians, J. T. Phillips, 3.30. Don Valley v. Broadviews, W. S. Murrell, 4.20. Moore Park v. Sunderland, A. Lovell, 3.30. Bonar v. Albions, J. Millip, 3.30. Garretts v. Davenport, W. Spang, 3.30. Western v. Pioneers, J. A. Rich, 3.30. C. Intermediates. Thistles v. British U., F. Durrant, 2.30. Carleton v. North Toronto, J. Buckingham, 3.30. Junior. Evangella v. Clinton St., G. A. Ready, 3.30.

SPOTS OF SPORT.

At Boston—The post-season baseball game between the Boston Americans and New York Nationals, scheduled for yesterday, was postponed on account of wet grounds. At Chicago—The National-American League city championship baseball game between the Chicago Cubs and St. Louis Cardinals, scheduled for yesterday, was postponed on account of wet grounds. A meeting of the Maple Leaf Hurling Pigeon Association will be held Wednesday, Oct. 13, at 17 Whitbread-avenue. All members and fanciers wishing to join will please attend, as business of importance is expected to be transacted. At Lexington, the trotting races were postponed yesterday until to-day on account of heavy rain. On Thursday evening a meeting will be held at Scholtes' Hotel to arrange for the race for the Scholtes Challenge Cup, to be flown from Berlin. All pigeon fanciers are requested to be present. The Thistle Football Club request all members and players to attend the club-house at 23 West Queen-street this evening. Special business, very important, is to be transacted, and the committee is exceedingly interested in the club to be in attendance. Captains' Senior City team practice to-night at 23 West Queen-street. All players are requested to be on in uniform. Toronto Kennel Club's show to-night in Woolsey Hall, Gerrard and Yonge-streets, by Alredaude, Bulldogs, Bull Terriers, Boston Terriers and French Bulldogs. The Royal Hearts journeyed to the Sunderland aggregation by 4-0. The referee gave good satisfaction. The Hearts' line-up: Powell, Sims, Kelly, Tyndall, (captain), Croucher, Deer, Dunn, Pillar, Black, Bivachy, Pace. The R.C.B.C. report the entries coming in very fast for their ten-mile handicap Marathon race, which will be held on Thanksgiving afternoon. Entry blanks will be secured at the Royal Canadian Club, 12 Broadview-avenue. The Matildas defeated St. Michaels in a fast Senior City Rugby game by 12 to 0. Mattias, Ross, Scrimmage, Patterson, Joffe, Rowland, Clerk, Sims, Kettlewell, and others. The Matildas played at 7.15 at Cottlemans-square. The Pioneer Adult Football Club met at 7.15 at Cottlemans-square for the first time this season at Davenport Park, and there were 100 players in it from the start. Final score: Pioneers 10, Bonar 1. Daves (5), Cruickshank (3), Harris, Faulkner and Mortimer scored for the Pioneers.

Twin City's Roll Record Score That is Likely to Last Some Time.

Table showing Bowling League scores for various teams including Queen City, York, and others.

The Toronto Bowling Club League season opened last night in the Queen City, last season's champions, putting up a record roll of 235 plus, and which will likely stand for the season. The scores of the night were Hower and Root of the Queen City, with 622 and 609, respectively, while Six-Shooter Seager led the Dominion forces with a 617 total.

Central Notice League.

The opening of the Central Notice Bowling League was held on the Brunswick Alley last night. Hon. President Wm. McMillan and Hon. Vice-President Frank Johnston started the game. The opening game of the league was played between the Brunswick and the Central Bowling League, with the Brunswick leading by 100 runs.

Over the Nets at Varsity.

The Varsity lawn tennis tournament was continued yesterday with the following results: Handicap—P. Armstrong (1450) beat R. H. Brown (1400); M. Hart (1400) beat S. H. Brown (1400); J. Cummings (1400) beat E. Meredith (1400); J. H. Howell (1400) beat E. M. Wright (1400); H. B. Hetherington (1400) beat L. Millar (1400); J. Frankel (1400) beat J. Harman (1400); J. S. Beatty (1400) beat E. C. Moore (1400).

Shipbuilders Scouting.

OTTAWA, Oct. 11.—(Special.)—When shown the cable extract from The Liverpool Journal of Commerce, the local representative of Harland and Wolff in Canada corroborated the statement that the great shipbuilding firm is prepared to design and lay out a plant in Canada, and they are now considering the question of plans and location.

An Alliance with the C. P. R.

MONTREAL, Oct. 11.—Word was received here from Quebec to-day that the Harland & Wolff shipbuilding firm from Belfast, working in conjunction with the C.P.R., had acquired a large area of land at Lewis at which dry-docks, ship-repairing and building plants would be constructed this coming spring for the purpose of building Canada's new navy. Sir Thomas Shaughnessy, president of the C.P.R., refuses to discuss the rumor.

BLOOD DISEASES.

Affecting throat, mouth and skin thoroughly cured. Involuntary losses, impotence, urastical discharges and all diseases of the blood cured. Dr. J. H. Howell, 111-113 Queen St. East, Toronto.

The Toronto World  
A Morning Newspaper Published Every Day in the Year.

OTTAWA AND ONTARIO.  
Tremors of nervousness over the possible outcome of the application for disallowance of the Hydro-Electric Power Act of Ontario, are perhaps justified in those who have vivid recollections of Northwest political doings. But there is some difference in Ontario. Sir James Whitney makes a difference for one thing. The practical unanimity of the province on the question makes a difference. The perfect obviousness of the whole situation makes a difference. The campaigner ridiculous from the fact that the company that objects to the sale of power by another company, was quite willing to take the contract itself. The World ventures the opinion that the issue is not disturbing Sir James' sleep o' nights.

TRAINING FOR PUBLIC SERVICE.  
Public spirited citizens in the United States are turning their attention more and more to the creation of higher civic ideals. Not long ago, Mr. Frank Graham Thompson of Philadelphia promised \$50,000 to Harvard University, in yearly instalments of \$5000, for additional instruction in municipal government. Referring to this it has been well remarked that the gift means two results of great moment to the welfare of the republic. There has been entrusted to Harvard University the privilege of giving to the country young men well fitted by special training and education to be leaders of public thought in its cities, large and small. The gift means, too, a great contribution to the cause of decent government, as everyone who has taken an active part in the movement for honest politics and for the efficient administration of public offices, has been struck time and again with the discouraging lack of interest in political questions on the part of most college graduates and with the fact that, in the main, their inertia to participate in political campaigns or in solving the question of municipal administration is due mainly to woful ignorance, not only of present conditions, but of the past stimulating history of the nation.

RAIL-LESS STREET CARS.  
In an address before the British Municipal Tramways (Street Railways) Association, Mr. A. R. Fearnley, general manager of the Sheffield City system, referred to the rail-less electric trolley cars. Reports, he said, of this recent addition to the method of meeting the requirements of suburban districts lying beyond the point to which it is considered financially safe to construct street railway tracks, show that there are very considerable possibilities in this system for the future. Mr. Fearnley's opinion is that the system is given a fair trial without unnecessary restrictions and regulations it will within the next few years form an important addition to street railway business. He added that comparing this method of dealing with suburban traffic he would say that he thought it is superior to any system of horse, steam, electric or petrol bus which so far as his knowledge extended was at work in Britain at the present time. Many suburban districts now without connection with existing street railway systems and in some cases without any convenient means of access to cities, continued the Sheffield manager, might be linked up by a system of this description at a low capital cost, and yet obtain a satisfactory service. No British city has as yet obtained the necessary powers to work the rail-

EDUCATION AND SPELLING REFORM.

Complaint is often made that present pedagogical methods do not achieve their object, if that is to give every child at least three groundings in the three primary requirements of education. Failure in this is attributed to various causes, but one of the most real and important usually remains unnoticed. Much valuable time in early life is wasted in mastering the chaotic spelling which is so great a stumbling block in the way of children and foreigners taking up the study of the English language. This reform is regarded by many, who ought to know better and would know better if they gave it the arguments in its favor serious consideration, as nothing more nor less than a fad quite unworthy of attention. The fact that the adoption of a consistent system of spelling is supported by a number of the most distinguished authorities in literature, etymology and philology and by the best educational experts, goes for nothing. But the agitation for reform in this direction cannot be ignored and will proceed independently of all difficulties, for it involves the interests of all the countless millions of children who are hereafter to learn our written language and it also involves the interests of the English language itself and its future as an international medium of communication.

The simplified spelling board of New York has just issued a letter to teachers dealing with this question—to what extent and in what way improved spellings, such as are plainly in the right direction and are recommended by the best authority, but have not yet come into general use, be taught to children in the elementary schools? It points out the general position of many who, having learned the conventional spelling, are averse to change it and admits the reasonableness of their attitude so far as they are personally concerned. But there is room for them

Drink Kern's Beer  
INSTEAD OF  
Milk, Tea or Coffee

Any doctor will tell you that Beer is more nourishing—more pure—than either Milk, Coffee or Tea. But he will not say "any" Beer. All Beer is not like Kern's Beer. The peculiar elements in Kern's Beer, derived from choicest barley and best hops, build up the bone, flesh and muscles; refresh your brain, create appetite and aids digestion.

Kern's Beer is clean, pure, light, scientifically brewed and then properly aged. Its mild, delicious flavor is never to be forgotten. You ought to always have Kern's Beer in your home. One case sent home to-day. Just phone your order.

Kern's Beer

in the ranks of spelling reformers if they recognize the benefit of reforms in the direction of simplicity and rationality and that the place to begin improvement is in the elementary school. To become this they must realize that in spelling as in other matters, routine is not the sole or highest criterion. Regarded rightly, the feeling of rightness or oddness in spelling is entirely individual, due to custom and habit. English spelling has changed repeatedly and one only needs to read the letters of a hundred years ago to find examples even in familiar words. If spelling reform is shown, as it can be shown, to carry with it immense educational gain, personal prejudice ought not to stand in the way of its accomplishment.

less service, but at last two large cities (Leeds and Sheffield) have decided upon the experiment and will ask for authority. Recently a committee of the house of commons struck out a clause asked for by a street railway company on the ground that it had no immediate intention of carrying out the experiment and also because the traffic in the places sought to be served was as great as in the town itself. This affords an indication of the kind of traffic which a parliamentary committee regards as suitable for a rail-less system.

GERMANY'S NAVY—AND WHY?  
An exposition of Germany's motive in building Dreadnaughts has just been written by Prof. Deibruker, editor of The Pressische Jahrbucher and a personal friend of Prince Ruslow's. He says: "The German navy is not and never will be sufficiently strong directly to menace England, yet it's strong enough to necessitate a cautious English policy, and to compel England continually to reconsider her relations with Germany."

CANADA AND THE UNITED STATES

Lord Courtney, in The Contemporary Review, discussing the relations of Canada to the United States, recognizes that no American wishes to annex Canada, and that most Americans believe that the irresistible force of gravitation will lead the Dominion to merge in the republic. He regards this prospect without acquiescence, satisfaction or desire.

A WORD OF THANKS.

Miss Louise Watkins, 148 Simpson Avenue, writes: "I feel that I must write you thanking you for the beautiful prize awarded me by The World in their recent contest. I am delighted with my splendid Mason & Biesch piano, which arrived on Thursday and also with the fair play received at your hands."

MAIN FLOOR—QUEEN ST.

LORD NELSON SOUVENIRS 25c and 50c THE T. EATON CO LIMITED CANADA TORONTO "Eaton's" Boots Are Goodyear Welted. Price \$3.00

I think the master was right and that this appeal must be dismissed with costs to the plaintiff in any event. There is great hardship in this case. The plaintiff is said to owe the defendant \$1200 for taxed costs of a former action for libel. The present one not being for the same cause of action, this fact does not afford ground for application for security. If such a condition of affairs is likely to recur, it would seem to call for a further amendment of the law.

The Food Drink  
Many people drink O'Keefe's "Special Extra Mild" Ale solely for its food properties. Being brewed of finest hops and malt, it contains all the body and brain building elements of these grains. It is because we use the best, that  
O'Keefe's  
Special Extra Mild ALE  
is so rich and creamy—so thoroughly enjoyable—as well as so nutritious and wholesome. It's "extra mild" remember, and never makes you bilious. In Crown stoppered bottles. No broken cork or tin foil in the glass.  
"The Beer that is 100% always O.K."

Most Men Use  
Coffee For Breakfast  
and are interested in the kind of coffee they get.

(Yonge and Adelaide Sts.)

Special Lunch, 12 till 2 Ice Cream, Sodas, Etc Japanese Tea Rooms. Delicious Candles.

HARRY J. ORPEN SUICIDES

Familiar Figure Loses Mind After Death of Wife.

With the papers for his commitment to an asylum as a lunatic complete, and under a continual watch to avoid such an act, Harry J. Orpen, for years a familiar figure down town, shot himself in his rooms at 772 West King-street yesterday morning.

George S. Orpen, his brother, who was sleeping in the next room, heard the shot and rushed to find the man lying upon the floor before his mirror with a bullet hole in his left temple just over the eye. Dr. John Endicott, who was called, was called, but could do nothing.

Henry J. Orpen was formerly a weighmaster at the main pumping station of the city waterworks. When his wife died a year ago he was terribly affected, and his mind became unbalanced. How he got the revolver was not known, as he was under constant watch.

No inquest will be held, as Coroner W. H. B. Aldrich, after a hearing, pronounced and decided that the case was plainly suicide while of unsound mind. The deceased was a brother of Abraham M. Orpen, carter and Sherbourne-streets.

NAVY CHAPLAIN HERE

Father Bull, Hero of 25 Battles, Has Had Stirring Career.

Rev. Paul Bull, C.R., R.N., better known as Father Bull, chaplain general to the royal navy, who is in Toronto on his way to the Brotherhood of St. Andrew convention at Providence, R. I., is a picturesque personality and has had a stirring career. In 1837 he went to India to minister to the troops there. For four years he was chaplain of a camp of 2000 boys, and in a natural expert and enthusiast on boys' work. For two years he was chaplain to the forces at Aldershot and to the Guards in London. During the Boer war he was chaplain to Gen. French's cavalry division, and has been thru 25 battles.

His address at St. Luke's Church last night was sane, sensible, with flashes of wit, and at times epigrammatic.

He has no use for 'boy preachers,' who come to us sometimes in England from America to our intense disgust. If you encourage a boy, he will go to the other boys or to his elders, what you do is to imperil his modesty, make him a mass of conceit and perhaps of hypocrisy. If you play only upon a boy's emotions you run the risk of shattering his soul. If you put a fair and reasonable ideal before a boy I believe he will live up to it.

Some of his sayings were: "A British officer is extraordinarily shy about his religion." "God's great universe is a sacrament. God is to the universe as the soul is to the body. There is false sacerdotalism in which the clergy alone are looked upon as priests, whereas all are looked upon as a caste, as something different from ordinary men."

Toronto Symphony Orchestra. Concert, Thanksgiving night. Mme. Dada, soloist.

THE WEATHER

OBSERVATORY, TORONTO, Oct. 11.—(8 p.m.)—The storm is now centred in Northern Michigan, and a heavy northwest gale is blowing over the western portion of Lake Superior. The weather is showery in Ontario, and is becoming unsettled in the eastern provinces. Sharp frosts are prevalent in the western provinces.

Minimum and maximum temperatures: Victoria, 46-63; Vancouver, 46-63; Calgary, 30-48; Prince Albert, 22-34; Qu'Appelle, 18-36; Winnipeg, 26-42; Port Arthur, 34-49; Pelly Sound, 48-60; London, 42-52; Toronto, 42-58; Ottawa, 42-52; Montreal, 50-60; Quebec, 52-64; St. John, 54-64; Halifax, 58-62.

Lower Lakes and Georgian Bay—Strong winds and gales from west and northwest; showery and becoming colder.

Ottawa Valley and Upper St. Lawrence—Strong winds; occasional rain; colder on Wednesday.

Lower St. Lawrence, Gulf and Maritime—Strong winds and gales from eastward, with rain.

Manitoba and Saskatchewan—Fair and calm.

Alberta—Fair and milder again.

ALF. JURY BANQUETED

Labor Men Past and Present Unite to Honor Him.

Prominent labor men of Toronto of the past and present last night tendered a banquet at the St. Charles at Alfred Jury, Dominion emigration commissioner at Liverpool, Eng. The chair was occupied by A. W. Wright, and about seventy-five attended, among them being Wm. Gillingham, president of the Trades and Labor Congress of Canada; John Armstrong, secretary of the Provincial Labor Bureau; Fred Burrell, Tom Bantley, Jas. L. Hunt, J. O'Donoghue, D. A. Carey, Stewart Lyon, Sam Wood and Louis Gurofsky.

A letter was received from Prof. Goldwin Smith expressing regret at not being able to be present, but a hope that he would meet Mr. Jury while in the city. W. B. Prescott of Chicago also sent his regrets. The speakers were Messrs. O'Donoghue, Jury, Lyon, Armstrong, Chas. Chase, Harry Bouson, Parr, Gurofsky and Aid. Bredin.

BLACKSTOCK FOR ASSIZES

Will Prosecute in Three Murder Cases in November.

George Tate Blackstock, K.C., has been appointed crown prosecutor to act at the criminal assizes to be opened at the city hall Nov. 18.

T. & N. O. LINE ENTITLED TO NORTH COUNTRY TRADE

Sir James Whitney Not Likely to Oppose Extension Along Halleybury Waterfront.

A Halleybury deputation headed by J. L. McDougall and S. Alfred Jones, K.C., waited on the government yesterday to ask it to interfere with the recent order of the Ontario Railway Board giving the T. & N. O. Railway the right to continue a spur along the waterfront of the town to the lower dock.

Sir James Whitney heard the deputation, and from the tenor of his remarks it is hardly likely that the government will interfere. "The Nipissing Central," he said, "is a railway of great deal for than railway accommodation for Halleybury, Lakeside and Cobalt. It is simply the entering of the wedge from the dock to the main line of the T. & N. O. Railway."

J. L. Englehart, chairman of the T. & N. O. commission, observed that some of the gentlemen opposing the spur are connected with the Nipissing Central, and Mr. Jones admitted that he was the solicitor for the company.

Mr. Englehart announced important plans of the railway for acquiring and developing the freight business in the vicinity of Lakeside, Lakeside and other points to the lakeshore. A new spur would be used for carrying the freight from the dock to the main line of the T. & N. O. Railway.

Sir James pointed out that had it not been that the electric road had been granted permission to run along the waterfront the deputation would have made out a good moral case. It was behind his comprehension, however, how one motor car making ten trips for ten freight cars was preferable to one steam car making one trip with its train.

CHILD WAS STRANDED

Evidence at Inquest—Looks Black for Mother.

BRACEBRIDGE, Oct. 11.—A coroner's inquest was held to-night into the death of the 13-month-old child of Eva Sutter, an unmarried young woman, the body of which was found in a swamp with evidences of strangulation.

Martin Sutter, her father, said that he had scolded her for staying out until 1 a.m. on Monday, Sept. 29, and told her either she would have to keep better hours or leave the place. That morning about 11 a.m. she picked up a two-year-old youngster and left for home. Others in the family corroborated this.

A letter was produced that Eva Sutter had written to her friend Elizabeth Whitford in which she stated the child had been taken by the Rev. Mr. Burt of Bracebridge, a family near Bracebridge, where they had typoid.

Dr. Williams and Colbeck said that death had resulted from strangulation. T. E. Gordon of Bracebridge appeared for Eva Sutter.

JUMPS FROM BALCONY

After Quarrel, Woman Hurts Herself From Window.

When her husband came in their door at 155 University-avenue at 11:40 last night, Mrs. Ernest Barnes, who had been quarrelling with him during the evening, crawled out of the front window upstairs and crossed from their balcony to the roof of the house. She tumbled at the window and being refused admittance she threw herself to the ground and was picked up and was there picked up unconscious by Policeman Joseph Phillips, who summoned the ambulance and sent her to St. Michael's Hospital.

Mrs. Barnes was not seriously injured. The husband admitted that the couple with Mrs. Ernest Barnes, who lives at the house, had been drinking.

BURGLARS STILL AT LARGE

Posses Fail to Locate Whereabouts of Fugitives.

WINDSOR, Oct. 11.—(Special.)—Vigorous search is being made in the surrounding district by posses of detectives who have so far failed to reveal the whereabouts of the safe-blowers who wrecked the postoffice at Wright, Que., last week ago to-day. Trace of the men was had at Sandpoint, they being seen by John MacDonald, that place at ten o'clock Sunday night, but nothing since.

HORSE FELL OVER BRIDGE

MOTHERWELL, Ont., Oct. 11.—(Special.)—George Gill, a prominent member, had an almost miraculous escape from death or serious injury when his horse fell over a bridge.

Approaching a bridge his horse fell over a 20-foot embankment, dragging the vehicle with it. The animal was instantly killed, but Gill escaped with a few bruises.

FRAUD IN LAND SALES

ST. JOHN, N.B., Oct. 11.—(Special.)—Harry Finn, son of the late M. A. Finn, one of the wealthiest liquor men in the lower provinces, was arrested here to-day on receipt of word from Alberta, charging Finn with obtaining money under false pretences at Edmonton. Finn was in the real estate business and sold lands for which he could not give clear title.

C. S. WILCOX DEAD.

WINDSOR, N.S., Oct. 11.—(Special.)—The death took place this evening of C. S. Wilcox, Conservative leader in the local assembly. After a comparatively short illness, from cancer of the stomach, aged 60. Wilcox was first elected in Hants in the house of assembly in 1894.

Prizes for Guelph Fair

About \$14,000 in prizes will be offered for competition by the managers of the Guelph Winter Fair from Dec. 6 to 10. During the past summer about \$50,000 was spent on an addition to the fair building, giving better accommodation for the former department and providing a large judging arena and about 150 horse stalls. There are also special rings for swine and sheep, each with adequate seating.

G. R. PRESIDENT BUT RETIRES MAY BE VESTED IN GENERAL MANAGER AND CHAIRMAN SMITHERS

LONDON, Oct. 11.—(Special.)—It is understood on good authority that the re-arrangement of the Grand Trunk directorate is practically settled, and Sir Charles Rivers Wilson retires from the presidency.

Suggestions were presented on the subject, setting the recent course of Grand Trunk finances and the exceptionally heavy demands on British investors, the presidency should remain with an Englishman of acknowledged prominence, selected from outside the present board of directors.

Out of the several names proposed, the Canadian Pacific example, to the extent of securing a sort of dual control thru the president and chairman, one of who was in the Grand Trunk, and the other in the Canada. Mr. Hays and Mr. Smithers, now vice-president of the Grand Trunk, are named as occupants of these two positions.

SIR HENRI TASCHEREAU DEAD

Eminent Quebec Counsellor Passed Away in France.

MONTREAL, Oct. 11.—(Special.)—A cable received to-night announced the death at Paris, Oct. 10, of Sir Henri Taschereau, chief justice of the court of King's Bench of the Province of Quebec. Deceased had been in poor health for some time, and his death was caused by bladder trouble. The remains will be brought to Canada for interment.

The late Rt. Hon. Sir Henri Eliezer Taschereau was in his 68th year. He was called to the Quebec bar in 1871, and a judge of the supreme court in 1873. In 1892 he was appointed chief justice. In 1904 he was appointed to the privy council and was a member of the judicial committee of the Privy Council. He was created a knight. His publications included several law books. He was twice married.

TURRO ROBBER CAUGHT

Arrested in Vancouver for \$9000 Burglary

VANCOUVER, B. C., Oct. 11.—(Special.)—One of the robbers who at noon May 19 entered the office of the Canadian Express Company in Truro, N.S., and with a revolver compelled the clerks to deliver up a large sum of money amounting to about \$9000, is believed to be safely behind the bars here on the charge of a burglary in Vancouver in the person of W. L. Burgess, a resident of the city.

Burgess arrived several weeks ago and out a wide swath, spending money like water. This aroused the suspicion of the Canadian Detective Bureau. In the meantime 13 stolen money orders, each of \$50, were recovered by the express company, and being cashed in the city, and still a closer surveillance was kept on the suspect in an endeavor to secure a copy of his handwriting.

On Monday Burgess was arrested and taken over with Burgess a real estate deal, and Burgess was prevailed upon to write his name and address. The writing appears identical.

A DEADLY SHAMPOO

Two Persons Charged With Manslaughter in Peculiar Case

LONDON, Oct. 11.—What is known as the dry shampoo case, in which the manager of Harrods, Mr. J. G. Harrods, and an assistant in the department of menswear, the progressing slowly, becomes more interesting as the expert evidence of the dangerous nature of tetrachloride of carbon is adduced.

Dr. Chaldecott, anaesthetist at St. Mary's Hospital, made some remarkable statements in the court yesterday, emphasizing the fact that one marvels how the "dry shampoo" could have been practiced so long without disaster.

Dr. Chaldecott thought that the effect of the fumes upon a customer would vary according to their strength. She might feel nothing at all or she might feel faint, sick or giddy, or fall forward, and that would be dangerous for two reasons. She might fall into a stronger atmosphere of tetrachloride and her hair being already wet with the liquid the vapor would as she leaned forward, form around her face.

The effect of the vapor is inhaled in a large and concentrated quantities was doubtless poisonous. The effects were similar to those of chloroform, but it was slower in producing unconsciousness and its poisonous effects were, however, shown more quickly.

Now for the Social Whirl.

Whether you enjoy the more quiet functions or "go in" for all the gaiety that offers you will be careful that your evening apparel is correct. R. Score & Son, the King-street tailors and haberdashers, are authority on what's the absolute in correctness, and to-day emphasize their ability to give men for society's demands in offering you choice from a very superior stock of evening dress haberdashery requisites and with a special mention for a special value in a high-class tailored dress suit at \$38.50.

Dies From Broken Heart

CHICAGO, Oct. 11.—Mrs. Agnes McCann, the 70-year-old mother of Police Inspector Edward McCann, who is under conviction of having accepted a bribe from the local assessor of disorderly houses, died to-day at her home in Lincoln, Ill. She is believed to have succumbed to a broken heart. She has been a member of the police force for many years, and was most proud of Edward when he was raised to the dignity of inspector. She never recovered from the shock of his conviction.

Sudden Death.

NIAGARA FALLS, Ont., Oct. 11.—(Special.)—James Elliott of this city, died suddenly last night. He was sitting outside the city hall and complaining of being ill. He died while walking with Dr. Elliott to the hospital.

Over Two Thousand Men Are Employed in the Freight Sheds of Fort William and Port Arthur.

When the Grand Trunk Pacific settles down to business, and the west doubles in population, ten thousand men will not be able to handle the freight transhipped at the head of Thunder Bay.

The "Twin Cities"—Port Arthur and Fort William—with a combined population of 32,000 people, are just on the edge of an era of great expansion. A lot purchased to-day in the beautiful residential section of

PRINCE ARTHUR HEIGHTS

is one of the best investments possible to present to the investor. There is no element of risk. The land must increase in value from month to month.

We can sell you a fine lot in Prince Arthur Heights to-day for \$100.

You pay only one-third cash. The next payment will not be due for one year, and the balance in two years.

These lots will, we confidently believe, be worth from \$200 to \$500, or more, in two years. That is the experience in real estate histories of substantial and growing cities.

Port Arthur is a growing city. Three transcontinental railroads are pouring the traffic of the west into Port Arthur and Fort William for shipment. The greatest grain elevators in the world are there. A great industrial expansion has been commenced, backed by cheap electrical power and vast mineral deposits.

Write to-day for application and booklet, free.

CRIMINALITY NOT SHOWN IN PANAMA LABEL CASE

Judge Inclined to Take Part of Newspaper Publishers Against Govt. Prosecution.

INDIANAPOLIS, Ind., Oct. 11.—That the so-called Panama label case was "more or less of a political matter," was the comment of Judge A. B. Anderson of the United States court of this district, at the close of argument to-day in the hearing of Charles R. Williams and Delavan Smith, proprietors of the Indianapolis News, whom the United States Government is seeking to remove to the District of Columbia in their having published articles intimating that there was a "graft" of \$28,000,000 in the sale of the Panama Canal zone to the United States by the French.

The court was not satisfied, Judge Anderson said, that the published articles complained of charged a crime against the persons alleged to have been injured. If a set of Americans, he said, had taken the securities from the French Panama Company for \$12,000,000, as alleged, and then sold them to the United States for \$4,000,000, it should be regarded as a "naughty piece of business," but in no sense a crime.

PARIS FOR] CHEAP POWER

PARIS, Oct. 11.—(Special.)—A new argument in favor of the hydro electric power commission's proposition was advanced by President Thompson of the Penman Woolen Mills before a meeting of the board of trade and town council to-night. He had just returned from England, where he found that the business men understood the real value better than we in Ontario did. The fact that if England were to have a coal strike it would paralyze all industries, because they were dependent entirely upon manufactured power, they told him that Ontario had the greatest privilege in the world. If a coal strike occurred in Canada, Ontario's manufacturers and laboring men would be protected by Niagara energy.

W. N. Andrews and J. M. Sanderson of Bramford and John Fisher, M.L.A., were also present.

The meeting was unanimous in support of the commission and the following committee was appointed to meet and confer with the commission: Rev. Thompson, Mayor Patterson, ex-John Buchanan, water commissioner; Councilor Layton, Councilor Armstrong and G. W. Macfarlane.

Bishop Gwynny has left for St. John, N.B., to attend the meetings of the faculty of bishops of the General Synod and of the general mission board of the Canadian Church, which take place this week. He will return Saturday.

METHODISTS TO SPEND EXTRA \$50,000 YEARLY

Committee on Estimates Agrees That Mission Board is Justified in So Planning.

OTTAWA, Oct. 11.—(Special.)—The meetings of the mission board of the Methodist Church were continued to-day. It was recommended that the question of union with the two colored Methodist Churches in Canada be referred to a small committee. A grant of \$7500 was recommended for buildings and sites in New Ontario and Northwest, and \$9000 for a kindergarten institute at Winnipeg, provided that Winnipeg City mission board raise an equal amount. The committee approved of a grant of \$1500 from the home appropriations towards the waterways mission.

Another report suggested that the board should memorialize the general conference to consider the whole question of co-operation, with the other evangelical churches in the home mission field.

The committee on estimates reported that the board was justified in planning for an additional expenditure of \$50,000 annually for the next five years, this to be divided equally between the home and foreign departments; the home and foreign departments to be paid out of the proceeds of the sale of mission property in Japan, and the cost of the West China mission out of the reserve funds of the society.

The committee dealing with Indian missions provided that the board should grant \$150 a year, to be paid to Indian fathers going to the expense of sending children away from home to attend school. A grant of \$150 for work towards a new building at Rivers Inlet, towards a new building at Rivers Inlet, was recommended.

The board's representatives on the executive committee were elected as follows: Clerical, Rev. Dr. Rankin (Toronto), Rev. Dr. Ryckman (Kingston), Rev. Dr. Shorey (Cobourg), Rev. Dr. Briggs (Toronto), Rev. Dr. W. H. Young (Montreal), and Messrs. N. W. Hard (Waterloo), Justice MacLaren (Toronto), J. W. Flavell (Toronto), and Abram Shaw (Kingston).

John K. Crawford, aged 79, a retired farmer and stock-raiser, was found dead in his bed at Thorold, Ontario, Oct. 10, after a long illness, having jumped from a speeding train platform near Tivoli, New York, and escaped.

### A Mid-Week Sale of Trimmed Hats

WEEK ENDS are becoming so frightfully busy we hope to relieve the pressure by mid-week energy this time.

These 200 Hats are just every bit as good as our famous Saturday morning sale hats at the same price.

200 Ladies' Trimmed Hats, imported velvet shapes and French felts; beautifully trimmed with silk velvets, moire ribbons and pretty ornaments; every hat distinctly different, and all colors represented. Special ..... **5.00**

### 40c and 50c Ribbons 25c

Come for some of this lovely ribbon. The colors are irresistibly appealing. And it is so pitifully cheap, for no deserving of it own.

2400 yards Fancy Ribbons, Persian designs, stripes and checks; 5 to 7 inches wide; all new goods. Regular price 40c and 50c per yard. Wednesday, 25c.

### The Four Colors Most in Vogue for Evening Wear

IN Silks we show these colors in all the fashionable cords, paillettes and moires.

In Satins we show these tints in liberties, duchesses, princesses, etc.

In Broadcloths we show these evening colors in suede finish, glove finish, chamois finish, etc.

In Silk and Wool fabrics we show these colors in crepes, satins, glorias, san toys, eoliennes, voiles, cashmeres, henrietas, tussah royals, etc., etc.

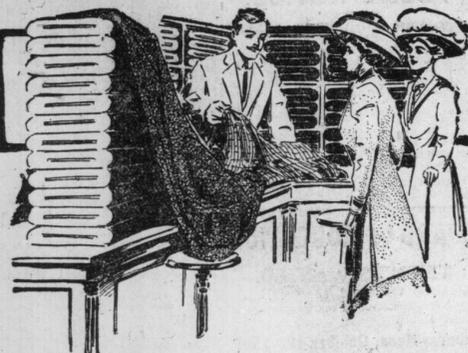

You may choose material for a fashionable wearing dress at 50c a yard. You may discriminate amongst exquisite fabrics at \$3.50 a yard.

But our widest selection and our most characteristically Simpson values may best be seen in the enormous choice we have gathered together at \$1.00, \$1.25 and \$1.50.

1. Shrimp Pink.
2. Coral Pink.
3. Baby Blue.
4. Pale Amethyst.

### "Simpson's for Dress Goods"

IT IS so easy to shop here. We make everything match—silks, velvets, dress goods. For instance, you choose a dress material. You may step right over to the Silk Department and be practically sure of the exact match for the silk lining and the velvet trimming.

"How nice it is to buy a dress here," said a lady only the other day, "you can get everything to match right here in the department."

By the way, we are selling an immense amount of the new Broadcloths. We are stronger in Broadcloths than ever this year. We are doing particularly well with our \$1.25 Broadcloths. They are remarkable. New York stores get \$2.00 for the same cloth. Custom tailors right here in town charge \$1.75 to \$2.00. We don't think you can get quite the same finish and the make as ours anywhere else in town.

### Suits of Decided Distinction

IF distinction of unmistakable degree be a qualification for favor, the suits of broadcloth now offering here at \$27.50 will win their way.

The quality of this broadcloth entitles it to be associated with the style it meets in this completed suit. The original New York model would sell on Broadway for a good deal more than we ask here on Yonge street.

But the style is the same and the workmanship not inferior.

It is made of soft-finished imported broadcloth; square cut coat, lined with silk serge; new flat collar and pocket flaps; trimmed with satin cord braid. Skirt is Mare gore, trimmed to match coat; purple, brown, navy, taupe and black. **27.50**

LADIES' COATS, \$18.75. Stylish Winter Coat, of fine Jersey cloth, in navy, black and green, lined shoulders and sleeves, high turned-down collar, inside with velvet, trimmed with jet; panel effect in on sides; trimmed with jet buttons, \$18.75.

LADIES' SEPARATE SKIRTS. Skirts of good, crisp, all-wool voile, in black only, in 17-gore flare style, trimmed with narrow folds of taffeta silk, finished with ornaments and tassels; wide fold of taffeta around bottom of skirt, \$12.00.

### In the Waist Department

NO ONE with a preconceived idea in her head could come to our Waist Department and fail to realize her conception, if she took sufficient time. Variety within the limits of taste and fashion seems to have no other bounds here this Fall. Come and see these black waists at \$1.25 for an instance of value at low figures.

Black Waist, of rich mercerized saten, brilliant finish, front opening, yoke effect of tucking, three box pleats, with satin ornaments. Wide stitched tuck on either side, shirt sleeves. Special price, \$1.25.

\$2.48 NET WAISTS FOR \$1.98. White and ecru, embroidered front, fleur-de-lis design, high collar, ruffled, and ruffled cuffs. Regular \$2.48, for \$1.98.

### New Girls' Dresses for Fall

LIGHT summer fabrics must needs be laid aside now. Do your girls need new dresses? Come and look ours over before you make your final selection. We offer better values this season than ever before. These for Wednesday:

Heavy Cotton Tweed Dress Goods, navy blue and green mixed plaids, wide pleats, piped with green silk braid. Sizes 6, 8, 10 years. Extra special value at \$1.50.

Fine Cotton Cashmerette, lined waist, navy, brown or green, with small white dot, braid and brass buttons. Sizes 6, 8, 10 years. Special at \$1.75.

Black and White Small Check Cotton Dress Goods, lined waist, trimmed with red collar, buttons and piping. Sizes 6, 8, 10 years. Special at \$2.25.

Plaid Cotton Dress Goods, blue,

green and red mixed plaids, lined waist, trimmed with buttons, silk braid, and plain collar goods. Sizes 6, 8, 10 years. Special at \$2.50.

Fine Navy Blue All-wool Serge, sailor style, trimmed with narrow red braid, separate blouse. Size 6 years, \$2.50; size 8 years, \$2.75; size 10 years, \$4.00.

Fine All-wool Plaids, red and black, and blue, green and black patterns; trimmed with Jap silk facings and tucked silk gulleps, frills of the Wallace. Size 6 years, \$5.00; size 8 years, \$5.25; size 10 years, \$5.50.

WEDNESDAY GROCERIES  
400 stone Fresh Rolled Oats per stone, 42c.

Telfer's Cream Soda Biscuits, 3-lb. box 25c.  
Canned Pineapple, whole, in heavy syrup, per tin, 10c.  
Domestic Kipperd Herring, in oil, three tins 25c.

### The October Sale of China and Glass

CHINA counts as one of the civilizing influences of the world. A refined home rejoices in the liberality of its supply and the taste expressed by its delicacy.

This October event forms an occasion when every one can fill the gaps in the China Closet, replace the broken dishes in the pantry, decorate the plate rails, re-new the sideboard accessories—and do it all at the minimum of expense.

We have gathered together pottery clearances from some of the best works in Europe. For instance, these Limoges Dinner Sets:

French Limoges China Dinner Sets, containing 98 useful pieces. The decoration is clusters of delicate pink roses, prettily combined with pale blue forget-me-nots and green foliage on pure white china; gold stippled handles and edges. Each set contains: 12 dinner plates, 12 soup plates, 12 tea plates, 12 butter pads, 12 tea cups and saucers, 12 fruit saucers, 2 vegetable dishes, 1 gravy boat, 1 platter (12-inch), 1 platter (16-inch), 1 teapot, 1 sugar bowl, 1 cream jug, 1 soup bowl. Regular \$30.00. Wednesday, \$22.50.

Highest Grade English Semi-Porcelain Dinner Sets, of 97 pieces, from the famous Grindley Pottery; brown hand decoration with black scroll design; gold traced handles and edges. Regular \$14.75. Wednesday, \$9.98.

97-piece Dinner Sets, of English semi-porcelain; festoon decoration in floral design, in green or blue. Wednesday, \$4.95.

1000 pieces of Fancy China, including sugars and creams, plates, cups and saucers, vases, nut bowls, handled bon bonns, berry bowls, fern pots, etc. Regular up to \$2.50. Wednesday, 99c.

1500 pieces of Fancy China, including jardiniere, plates, trays, salads, bon bon dishes, nut bowls, celery trays and sugars and creams. Regular up to \$1.50. Wednesday, 99c.

Jardiniere, floral or game decoration on ivory or green background. Regular \$1.00. Wednesday, 25c.

Japanese Bon Bon Dishes, Footed Hair Receivers and Handled Nut Bowls. Regular 50c and 75c. Wednesday, 25c.

### Sample \$14 to \$18 Overcoats will be offered for \$9.95, at 8 o'Clock Wednesday Morning.

These Coats were made for the travellers to show the trade. All Canada will have to pay \$14 a Coat for them at the lowest—except the 200 fortunate early risers who come to Simpson's Men's store

200 Men's Overcoats and Ulsters, manufacturers' samples of the higher grade materials which were made to represent lines that retail at \$14.00, \$15.00, \$16.50 and \$18.00. Among the lot are fine dressy black and Oxford grey chevrons and English meltons, made on the latest Chesterfield models, also fancy English and Scotch coatings, made in single and double-breasted ulsters and auto styles; also some novelty styles; only five coats of a pattern; sizes 35 to 42; best trimmings and tailoring; every garment a model in itself. On sale Wednesday at \$9.95.

### At \$2.00--A New Hat

King's Derbys, Christy's Fedoras. Take your highly esteemed choice. No silly business about the selling of either of them. You get a good hat in any case, low price and all.

The King Brand Derby Hat for young men is probably the most popular hat sold to-day; up-to-date in every particular, in every style and color, and correct shapes, as worn for fall, 1909. Special at \$2.00 and \$2.50.

Christy's English make Soft Hats, in the leading and most fashionable shapes; no hat much better known for honest wear and general satisfaction; keeps its color to the end. Special price \$2.00. (Second Floor, Yonge-st.)

### English Flannelette Pyjamas 83c

Men's Pyjama Suits, of heavy quality English flannelette, lay-down collar style; a clearing line of odd sizes from our regular stock; stripes of blue, pink, grey, etc.; 34, 36, 38. To clear, per suit, Wednesday, 83c.

MEN'S ENGLISH FLANNELETTE ROBES, 75c. Made of heavy quality fabric; made with double-stitched seams, collar, pocket, yoke, etc.; made extra wide and long; stripes of blue, pink or grey; in sizes 15 to 26. Made to sell for more. Wednesday, 75c.

SPECIAL EIDERDOWN BATH ROBE AT \$4.00. 35 only, in shades of grey, brown, green, etc.; designs in scrolls, floral and Oriental; made of extra soft, heavy fabric, in the latest cut for this season; 36 to 44. Special Wednesday, \$4.00.

### The Simpson Shoe for Men

\$4.00, \$4.50 and \$5.00

We have added new styles and rounded out the series with as fine a line of boots as a man can buy.

All popular sizes and widths.

### Do You Want a Clothes Horse?

YOU can buy a 65-cent horse here in the basement to-morrow for 29c. You can buy a 75c saw for 49c, or a Stransky kettle selling ordinarily at \$2.10 for \$1.59.

Why? Kitchen Hardware Sale.

4 ft. Folding Clothes Horses, three bars. Regular 65c. Wednesday 29c.  
Galvanized Boilers, sizes 8 and 9. Wednesday 55c.  
Children's Knives and Forks. Per pair, Wednesday 10c.  
Carving Sets, 3 piece sets, in leatherette plush lined case, Wednesday special, \$1.98, \$1.69 and \$2.98.

American Steel Saws, no household should be without one of these saws, as they are good value, 26-inch. Wednesday 75c.  
300 only Chanols, Wednesday at 10c, 15c, 20c, 25c, 35c and 50c.  
Stransky Preserving Kettles, 14 and 18 quart size, wine measure. Regular \$1.50 and \$2.10. Wednesday 98c and \$1.59.
