Hythe, England, Aug. 8.—The rejection by the Bolsheviki of the British proposal for an immediate ten days' truce with Poland, made as a result of Premier Lloyd George's conference last Friday with M. the home of Sir Phillip Sassoon at Lympne, near here. It came as a severe blow to Mr. Lloyd George's peace efforts.

The Bolshevik refusal of a truce resulted in the conference assuming a very war-like aspect, and the best and quickest means of giving Poland all possible aid to stem the Bolshevist tide were immediately discussed by the premiers. The foremost subject was the tentative decision to re-impose the naval and economic blockade on Russia and also the steps necessary to insure the free passage of munitions and supplies from Danzig to Poland.

Marshal Foch and Field Marshal Sir Henry Wilson took a prominent part in the morning discussion, and it has been learned from an official squrce that allied aid for Poland will centre in Marshal Foch.

A big factor in the handling of this year's crop will be the thousands of hands who have been let out from eastern manufacturing firms for five or six weeks of the slack season. Many of these are planning to fill in the time by a trip west, it is said. Railway officials also report heavy bookings by the harvesters' excusions, the first of which leaves tomorrow.

The memorandum for the truce was drafted at Friday's meeting between Mr. Lloyd George and M. Krassin and M. Kameneff, and sent by wireless to Saturday. The report adds that the Durpose of the truce was to halt the Bolshevik onward rush on the ground they now occupy and to arrange a temporary peace within the next ten days. The Poles and the allies were to agree not to improve the Polish military position, while the Bolsheviki were to remain on the line they occupied on the day of the truce.

Premier Meighen Tells Temperance Delegation Cost Would Be Prohibitive.

Ottawa, Aug. 7.—That it would be impossible for the Dominion government to authorize the holding of the referendum in Ontario before April 18, 1921, the date recently fixed by proclamation, excepting at a cost of half a million dollars to the people, was made clear by Premier Meighen this afternoon, in replying to a delegation representing the Ontario referendum committee, which waited upon him and asked that the voting take place on October 25, the date tentatively agreed upon before the issuance of the formal proclamation. "We have not the power," said the prime minister. "to change the date, even if we were willing, and I am not prepared to say that, even if we had the power, we should spend half a million dollars to spare the short measure of time involved."

Needed Parliamentary Approval.

Needed Parliamentary approval would have been taken dollars. Owing to the passing of the war measures act the government could do nothing without the approval of parliament. At least parliamentary approval would have been recessary after the passing of an order-in-council and any action along these lines would undoubtedly have been challenged in the courts.

Rev. Dr. Grant, in presenting the views of the delegation, said it was to the date for the holding of the referendum, and to this Mr. Meighen readily agreed.

Dr. Shearer asked if it would not be possible to the date for the holding of the referendum, and to this Mr. Meighen readily agreed.

Save Half a Million. Mr. Meighen, in reply, explained that when the matter had been finally considered by the government, none of the organizations asking for postponement of the vote, the Liberty League included, had suggested postponement beyond the latter part of January. The government had decided that if there was to be a postponement the date selected should be one which would mean the saving of the half million dollars involved, "We resisted the sug-gestion that the vote should be taken in January," he said, "on the ground of saving unnecessary expenditure." Other suggestions were made by Dr. Grant with the object of bringing about an earlier vote, including that of extending the right of personal de-claration to every individual whose name was not on the voters' list, more

"Here is the objection to your pro-posal," observed the prime minister.

Aroused a Storm.

Dr. Grant declared, in presenting he views of the delegation, that the government's action in postponing the vote had aroused a terrible storm of indignation, and at the close of the conference urged the point that the reference urged the point that the reference mommittee had been justified in assuming that Oct. 25 had been, at least tentatively, agreed upon as the date for the holding of the

representative of temperance organ-

zations of the province.
It was not the committee's desired that anyone should be disfranchised, but it was thought that the present lists are sufficiently representative te secure a fair decision. It was not desirable, he said, that present intolerable conditions should be prolonged. The referendum committee, he said, had always been treated with the greatest courtesy by the present gov-ernment, and if other bodies were al-lowed to confer with the government at the eleventh hour the committee

should not have been overlooked.

The delegation included Rev.

to the representations made the prime minister made reference to the protests against the use of incomplete lists received from the Dominion Alliance, the G.W.V.A., and the Liberty League. They had established that the use of the existing lists would represent a very substantial disfranchisement. When the lists were made many soldiers were still overseas and thousands were in the hospitals. It had also been urged that in October thousands of Ontario voters would be in the harvest fields of the western provinces.

In a lengthy address, Hon. As June had slipped by, so did July and August. On Blue Lake ranch life flowed smoothly. success of the Sanford venture he had by now accepted the role of inactivity forced upon him by circumstance. He was with the Western Lumber Company, as director and district superintendent, seemingly giving all his dynamic force to the legitimate affairs of the company.

But there were those who placed no faith in the obvious. Bud Lee kept in touch with Rocky Bend and learned that Quinnion had not come back; that no one knew where he had sone. Carson's man, Shorty, was sought by Emmet Sawyer and his disappearance was like that of a pricked rubble; it seemed that Shorty had no actual physical existence or that, if he had, he had taken it into some other corner of the world. Quinnion's friends had also gone from Rocky Bend, like Quinnion, leaving behind them no sign to show where they had gone.

If Quinnion was the man to carry in his breast the hate that drove him to the murder of Judith's father, then he was the man to remember the humiliation he had suffered at Lee's hands, to remember and to strike back when the time was ripe.

Judith had heard of the night in Rocky Bend, a lurid and wonderfully distorted account from Mrs. Simpson, who had received it in a letter from her daughter.

Judith did not dismiss him, as at first he had been sure she would. So he stayed on, remaining away from the ranch headquarters, sleeping when he could in the cabin above the lake, spending her but keeping her personality in his soul, her interests in his heart. When the winter had passed, when she had made her sales and had the money in hand for the payments upon the mortgages, then he would go. Whereat, no doubt, the high gods smiled.

As time passed, there came about a subtile change in the effitive sale.

### Tommy Thompson Started Badly, But Bader Finished a Winner-Play Today at Reading.

Baltimore, Aug. 8.—(Special) — Hugh Duffy and his cohorts left town tonight for Reading with the big end of the series dangling from their beits as a result of beating Baltimore in the last of the series this afternoon by a count of 6 to 4. The game was close thruout, but marred by constant wrangling with the impromptu umpires, they being Mike Donlin, the former big league star, and Gene McCann, scout for the Cincinnati Reds.

Gene McCann, scout for the Cincinnation Reds.

Frank O'Rourke's hitting played a mighty big part in the victory and he got four safe blows on his first four trips to the plate. Tommy Thompson started cut for Duffy's squad, but Tommy had nothing more than a prayer and the wonder of it was he lasted the two innings that he did. Bader was a big improvement and after he got going the Birds had small chance to score. Jack Ogden pitched pretty good ball thruout, better than the score would indicate, but Bentley's error in the third inning and Boley's in the eighth brought about his downfall.

The Leafs went to the front in their half chalking up a brace. O'Rourke singled to centre and raced to third when Kauff doubled to right. Beley threw out Blackburne, O'Rourke tallying and Kauff moving up. Benny scored when Ogden deflected Onslow's grounder to Boley who threw out the batter at first. Riley lined to Holden to end the round.

Masle walked to start the Birds' half.

Masle walked to start the Birds' half, but the next three men were easy. Duffy's clan went out in order in the second. Holden opened the Orioles' half with a double, but the next three batters could not work him around. The boys from across the border added another brace in the third.

After Thompson fanned, O'Rourke bunted safely toward Ogden, Kauff hit to Bentley whose throw for a force play at second hit O'Rourke in the head, the Leaf shortstop going to third and Kauff being safe at first. Kauff stole second. Blackburne bunted for a squeeze, and while Ogden was throwing him out, O'Rourke scored, Kauff advancing. Onslow singled to right, Kauff scoring. The birds did some business in their half, scoring 4 to tie the count. Ogden singled to right, Maisel doubled to left, Ogden stopping at third. With two balls on Lawry, Bader relieved Thompson. Boley singled to right, sending home Holden. Bishop popped to Devine.

Neither team was dangerous in the fourth. The Leafs let O'Rourke die on third in the fifth. Lawry opened for the Birds with a double in the fifth, but Jacobson lined into a double play, Anderson to O'Rourke, and Bentley popped to Onslow.

And Then Win the Toss and Good Crowds Attend Games the Canadian Canoe Championships.

Carleton Place, Ont., Aug. 8.—Fine weather and an ideal course were provided for the annual championship research on which took place Saturday afternoon at Lake Park, here. The finishes were all thrillers, and fast time was made in each of the events. Nearly three hundred paddlers, representing clubs of the eastern, the northern and the western divisions, competed, and honors during the big meet were fairly evenly divided. In the fight for the grand aggregate prize, the Ottawa New Edinurgh and the Balmy Beach (Toronto) Clubs tied, and afterwards tossed up, he Qttawa New Edinburghs winning.

One of the big features of the program was the half-mile war canoe struggle, which was won by the Carleton Place crew, captained by Gil Gordon. Parkdale finished second, Ottawa New Edinburghs third, and Lachine R.C. fourth, but Referee Bradbury disqualified Parkdale No. 1 for cutting across the Ottawa New Edinburghs, Lachine getting third. Parkdale registered a strenuous kick, but were forced to abide by the verdict. Parkdale No. 2 were also well up in this.

Joe Lynch and his Parkdale men had their revenge, however, when they carried off the one mile war canoe championship and the Fulford Cup. They led in this from start to finish against even other crews, viz: Carleton Place, Balmy Beach, Grand Trunks, Ottawa. New Edinburghs, Parkdale, Lachine and Rideaus. Parkdale won by by two lengths with Carleton Place second and Lachine third. Aubrey Ireland won the senior singles championship for another year with Horner of Grand Trunks second, and Smith, of Balmy Beach, third. Grand Trunks registered a protest on the ground that Ireland's boat did not measure up to the dimensions called for by the C. C. A.

Carleton Place won the senior fours and Ireland A. A., the intermediate fours, while the junior fours went to Ottawa-New Edinburghs. Levalley, Rideaus, won the intermediate singles, and Roy, Ottawa-New Edinburghs, the junior singles, while the De Sallebury boys, Ottawa-New Edinburghs, annexed the intermediate tandem.

The regatta was well managed and the course proved a splendid one, but it was four miles from the town and out beyond all telegraphic and telephonic communications.

The D.F.A. Council met after the game Saturday and rearranged the Connaught Cup finals. All the cubs were put in the hat and a fresh draw made. The draw came out as follows:

Winnipeg Britannias play Fort William at Winnipeg, Hamilton getting the bye. The first game will be played on Aug. 21. The winners of this gome will play Hamilton at Montreal on the 4th and 6th September, total gogls to count.

The T. and D. Junior F.A. will hold its monthly meeting of delegates in Victoria Hall tomorrow evening at eight o'clock, when all affiliated clubs are requested to have their delegates on hand. Election for two councillors will take place at this meeting.

Aston Rovers and Sons of England players report at Jesse Ketchum Park on Tuesday evening. Aston Rovers practise on Thursday evening at Jesse Ketchum Park.

## **LACROSSE GAMES** FOR THIS WEEK

in Toronto-The Saturday Scores.

Lacrosse games this week, comm ing today, are as follows:

Monday-Mimico at Oshawa (intermediate). Wednesday-Wingham at St. Mary's intermediate); Shelburne at Orangeville

Saturday - Shelburne at Weston junior); Shamrocks at Maitlands (intermediate); Oshawa at Mimico (intertermediate); Brampton at Maitlands

(senior), Scarboro Beach. Wednesday-Sarnia at Durham (semi-

final, intermediate). Mimico and Oshawa clash twice this week, due to the rearrangement in the schedule, as finally drafted. Dad Brown's boys seem to have the edge, from their

boys seem to have the edge, from their showing locally, but thus far have not been tried out far from home. Oshawa since their last defeat by Maitlands, have been practising faithfully, and hope to put over a win on their own grounds this afternoon.

St. Mary's have practically cinched their group, the they will complete the schedule on Wednesday, when they meet Bob Mackay's proteges from Wingham. Shelburne and Orangeville are still battling hard for supremacy, and also meet on Wednesday afternoon.

The senjor attraction this week is the Brampton-Maitland battle at Scarboro grounds. Brampton have only lost one game thus far, and that to Maitlands early 'n the season, since which they have been improving every game out. If they can down Maitlands here Saturday they can win the honors and thus save a play-off of the tie game with St. Simons. However, St. Kitts threaten to protest their holiday win, which may upset their applecart somewhat. It's a merry old chase in the senior series, with prospects of finishing it up some time this side of Thanksgiving Day.

The amalgamation of the stars from Bracebridge and Orillia should cause some worry to some of the other intermediaty teams. Orillia did their best to get going as a unit early in the season, but without avail, with the result that to keep interest alive in both places the stars from Orillia have thrown in their lot with Bracebridge, and may stage an exhibition game in the former place within the next couple of weeks. Bracebridge have been without championship battles thus far, but are practising nightly to keep in shape, so that they may be right on edge when called upon to enter the intermediate semi-finals. Nothing but the Mann Gold Cup will satisfy the boys from the north this year, so the senior chaps better have an eye to their laurels.

Can Durham hold the fast-traveling lads from Sarnia? This is the topic of conversation up around Durham, where the first of the semi-finals between these teams lakes place on Wednesday. Durham play absolutely clean lacro

A poor crowd saw a fine game of lacrosse Saturday at Weston in the Intermediate Ontario Lacrosse Senior League, when the home team beat Orangeville 9 to 6, coming from behind and scoring 4 in the final period, 4-1, 4-4, 5-6 and 9-6. This ties up the games, and Weston and Orangeville will play off, the goals to count, next Saturday at Weston, and a week Wednesday at Orangeville.

## MAN O' WAR JUST GALLOPED HOME, YET ALMOST MADE SARATOGA RECORD

To Win the Hamilton Cup Jockey Sande, After Keepin g Great Colt Well in Hand, Tells of Stride and R ide-Nancy Lee Wins Hotel Stakes.

Saratoga Springs, N.Y., Aug. 7.—While the United States Hotel Stakes held the place of prominence on today's card by virtue of its monetary value and long history, it was overshadowed to a great extent by the recently-established Miller Stakes, formerly known as the Kenner, due to the presence in it of S. D. Riddle's superb three-year-old, Man o' War. In fact, the colt's intended start this afternoon was responsible for an augmented attendance, that brought the visitors up to a record standard for this course. So great was the curiosity to obtain a close-up of the noted colt that an extra detail of Pinkerton detectives had to be rushed to the sadding point in the paddock, and then it was with difficulty that the colt was given enough walking space. The thousands of persons in close proximity to him caused the coit to become nervous, and he cavorted about briskly until he was on the track, when he steadled down and was tractable on reaching the post.

Nothing liker the interest displayed in this horse has ever been manifested on an American race track, and there is no doubt that he is the greatest drawing card in the way of racing attraction that the United States has ever known. No Opposition.

So far as a contest, the initial running of the Miller Stakes will go down in history as an easy achievement for Man o' War, for Sande, substituting for the injured Kummer, took the great colt.

## EARS ATTEMPTED TO BLOCK RALLY

MONDAY MORNING AUGUST 9 1920

All Bought for Conversion

Everything else has had its boom except gold, is the way local mining brokers are figuring for the future. Gold stocks went down thruout the war, a perfectly natural result, because of increased cost of production, and a stabilized value for the gold produced. The reverse is now taking place, and in addition, there is a bonus on gold produced in Canada, because of exchange rates of at present 13 per cent.

speaking on Saturday with a Standard Exchange mining man, the statement was made that the first real evidence of an advance in gold stocks was already taking place in Dome Extension. This stock, it was said, had practically all been bought up by the Dome interests from ten cents up, and there was now no doubt that the stock would be turnedginto Dome in a short time. "When you see Dome Extension cross 35, then buy Dome," was the opinion of this broker, Dome sold for over \$40 a share before a mine was assured, and is now selling for about one-quarter of that price.

## **GRAIN MARKET** WAS FLUCTUATING

Wheat at First Broke Sharply, But Later Received Good Support.

Chicago, Aug. 8.—There was a disposi-tion in all the grain pits yesterday to even of carrying lines in either long or shore view of the critical situation in Europe 400 2½c to 4c, with December 232½ to 233 and March 2351/2. Corn was down half

and, March 235½. Corn was down half to 25c. Oats showed a decline, ranging from 3c to 13c, while provisions were unsettled, pork and lark being up, and rivs lower.

Unexpected rains over parts of Illinois and other states led to general selling of all grades, there being sharp declines at the start. Wheat broke sharply, but later on received good support, ralled, and prices were carried above the low point of the day. Increasing receipts as well as the less threatening situation in European polities were factors which made the bull side unpopular. The market fluctuated within a fair range, and there was some buying of wheat futures credited to northwestern account.

Corn got away to a bad start, but a moderate recovery was noted during the late trading. There was much free buying on the break by commission houses, which were good sellers yesterday, and this caused a fally which brought prices close to the high point of the day.

Oats were weak because of liquidation by commission concerns and local longs. Like the other grains, there was a rush to sell at the outset, but support was lacking. Buying against bids checked the early break, and the finish was close to the opening prices.

Provisions were unsettled, easing with grain, but on the decline there was buying of lard by a carrier which caused a fair raily. At the finish pork was up 15 cents, lard showed a gain ranging from 5 to 12½ cents, while there was a net loss of 6c in ribs.

Montreal, Aug. 7.—The Montreal Stock Exchange 4s closed today, the committee acting favorably on a petition signed by nearly all the members of the institution, asking for a recess in order to provide an opportunity for overtaking arrears of work.
