CHURCHWARDENS' REPORT.

EASTER, 1886.

To the Vestry and Congregation of St. James' Cathedral :

In presenting their accounts for the past year, the Churchwardens have to regret the recurrence of a deficit of ordinary income against ordinary expenditure to about the same amount as has occurred in each of the previous years since the income from the endowments of the Church has been in suspense. The Churchwardens must once more point out the financial impropriety of meeting this deficit by borrowings from the surplus receipts of St. James' Cemetery, a capital fund derived from sales of land.

The Churchwardens confidently expect that the litigation concerning the endowments will be finally terminated within a few months. The application for leave to appeal to the Supreme Court direct from the Chancery Division, which was pending at the time of last Easter Vestry, was decided in November last in favor of your Churchwardens' contention; and the appeal is now set down for final argument at the head of the Ontario list for hearing at the approaching sittings of the Supreme Court.

The Churchwardens believe it will be acknowledged by the congregation as a duty to exert every possible effort to equalize the ordinary income and expenditure as far as possible, irrespective of the result of the litigation.

The Churchwardens, believing that the debenture debt has been bearing too high a rate of interest, have successfully arranged for its redemption from the late holders, and are now in a position to re-arrange the debt at a lower rate of interest.

The Churchwardens fear that any further reduction of the regular staff of salaries would involve a serious diminution of efficiency.

On the other hand, there are two sources from which an increased income appears to be possible. One means is, by increasing the ground rents on pews held in freehold, which are generally much below the rentals of surrounding pews. Most of these pews were purchased from the Church over 30 years ago, and have long ago repaid to their holders the capital of their original price. The other source is, by providing for the drafts upon the general income for the poor of the parish, a very considerable item at present, by a special collection for that purpose from Communicants on Communion Sundays.

It is hoped by these two means to produce an increased income of upwards of \$1,000. The balance, it is to be hoped, will be largely, if not wholly, made up by those members who have not yet given their adherence to the envelope system of collection, a method which experience has shown to be the most just and reliable method of contribution to the necessary expenses of a congregation.

In the present year the existing leases of the Park lots property belonging to this congregation will fall in. In renewing them the Church Trustees should not forget that property involves duties as well as rights. It is the duty of the Rector and Churchwardens to obtain as large an income as is fairly possible; and on the other hand they feel bound to remember that the owners of so large a property have it in their power to largely affect, beneficially or the reverse, the character of the property and the well-being of their tenants. Your Trustees are determined not to suffer this large property to become, as is too usual in the case of church leaseholds, by reason of the terms of the leases, a block to the improvement of the neighborhood, and a scandal to the owners. A resolution giving power to the Rector and Churchwardens to prevent this result will be submitted.

CHURCH OF ST. JAMES THE LESS.

Morning and evening services have been performed in this church during the past year, The attendance on these services has been steady and satisfactory, and much interest is felt in the work by those attending the church. All seats are free and the expense of maintaining Divine worship has been provided by the offerings of the people.

ST. JAMES THE LESS SUNDAY SCHOOL.

The Sunday School of St. James the less has during the past year continued to increase in number and efficiency. The school has been removed from the hall on Rose Avenue, and has been conducted in the Cemetery Chapel. During the summer a very pleasant and successful Picnic was enjoyed by the scholars and friends, also at Christmas the Annual Festival and distribution of prizes was held at St. James' Cathedral School House.

A very pleasing part of the year's work has been the establishment of a fairly good Library under the efficient management of Mr. Rundle. The successful working of the Sunday School is largely due to the untiring energy and good will of the several teachers.

Thanks are due to the many friends of the Sunday School for generous help given whenever needed. We most thankfully acknowledge the Divine Blessing of "Our Father in Heaven."

TEACHERS' BIBLE CLASS.

At the request of the teachers and others a Bible Class has been conducted by Rev. H. P. Hobson every Thursday evening during the winter at the residence of Mr. Rundle. The Sunday School lesson was studied and discussed.

During Lent a service in the chapel was held instead, and many others joined in the service.

BAND OF HOPE.

St. James the less Band of Hope was formed in the above Church on Saturday, November 28, 1885, with an attendance of 51 children and 8 officers and teachers. The meetings were afterwards changed to Thursday evenings from 7 o'clock to 8. We now have 146 members on the roll book with an average attendance of about 84. It is divided into 10 classes, each in charge of one teacher. At the large gathering in the Pavilion, Friday evening, April 30, we had 121 children present. Following is a list of teachers and officers :

THE RECTOR'S BIBLE CLASS.

The class was resumed on Thursday, 5th November, and closed on Thursday, 6th May.

In order to supply in some measure, the benefit of a regular weekly Teacher's Meeting, the Sunday School lessons were considered and studied at the meetings of the Bible Class.

The Rector hopes that this consideration of the lesson has been helpful to those teachers who attended his class. He has had much pleasure in meeting his class week after week. Some of the most regular attendants he will meet in this way no more. They have departed and are with Christ, " which is far better."

During the past year a new system of keeping the records of the School has been introduced. Greater accuracy in the record of marks awarded is insured, and number of pupils late each Sunday has been reduced owing to the systematic record kept of irregular and unpunctual attendance.

The Assistant Superintendent and Secretaries regret that they have been obliged to frame the Sunday School Report in the absence of the Superintendent, Mr. Arthur Grasett. His familiarity with all the working details of the School would have enabled him to state its present position and efficiency fully and clearly.

The officers and teachers of the School feel that they cannot present this report without expressing in the strongest and most affectionate terms their sympathy with their faithful and devoted Superintendent in the afflictions that have lately befallen him and his family, accompanied with their earnest prayers that the comforts of the gospel may be his in this time of bereavement and sorrow.

The Bible Class for Young Men has been conducted since the middle of October by Rev. H. P. Hobson, and several of the members have rarely, if ever, been absent. The class is essentially a “Bible Class,” the object being to find out what the Bible teaches, and to obtain practical application of its truths. One great aim of this class should be to supply teachers in the Sunday School, and it is gratifying to report that Mr. W. G. Wrong, Mr. W. McCausland, Mr. Cavanagh, and Mr. Gilmor, have consented to become workers in this branch of the Lord’s vineyard.

This important work of the Church maintains its interest, and is worthy of the encouragement of all who daily pray, "Thy kingdom come." The upright lives of so many who were formerly scholars of this class, and the attendance of so large a number, afford satisfactory evidence that the God of all grace has been and is still in their midst.

LIBRARY REPORT.

During the past year a committee was appointed to investigate the efficiency of the library. After examining carefully the library, and also visiting other libraries belonging to Sunday Schools of same size with our own throughout the city, they reported that the sum of \$250.00 would be required to put our library in anything like an efficient state. Steps were then undertaken to procure that amount, but up to the present only \$75.00 has been subscribed.

It is earnestly hoped that the required amount will be subscribed shortly.

The object, we feel sure, commends itself to the members of the congregation as one to which they can give their hearty support.

All of which is respectfully submitted.

J. MACQUEEN BALDWIN,
Librarian.

particular has been crowded on all occasions, and it is very encouraging to know that those meetings have been the means of leading many to more frequent and regular attendance at the Parish Church.

Two social gatherings of much interest were held, one at the opening and the other at the close of the season. The attendants at the several Cottage Meetings met the Clergy and Cottage Meeting workers and District visitors in kindly and familiar Christian intercourse. Very pleasant and profitable evenings were spent, the memory of which will no doubt be cherished by all who participated in them.

The attendance at the regular Wednesday evening services in the schoolroom has been more than doubled, while the singing has been hearty and congregational, led by a large choir, gathered from the congregation, and kindly presided over by Mrs. Dr. Cameron, who also played the school organ at these services, and to whom many and cordial thanks are due.

Two of the most tried Cottage Meeting workers have left Toronto this winter—Messrs. A. O'Meara and J. M. Wrong. They are followed by the kindest regards and wishes of the clergy and of their fellow-workers.

LIST OF THE MEETINGS.

Duchess street—Conducted by Messrs. J. M. Wrong and R. W. Heakes, and latterly by Rev. H. P. Hobson. Average attendance, 60.

George street—Conducted by Messrs. Shaw, Stagg, and Beattie. Average attendance, 30.

Sherbourne street—Conducted by Messrs. Stagg and Baldwin. Average attendance, 33.

Court street Fire hall—Sunday evening service held by the clergy and Mr. Owen. Attended by all the firemen on duty.

Ladies Aid Society.

President, Mrs. Dumoulin; Vice-Presidents, Mrs. Gzowski, Mrs. Brock, Mrs. Wyld, Mrs. E. Blake; Treasurer, Mrs. Morgan Baldwin. Committee for Cutting and Arranging Work: Mrs. W. T. Boyd, Mrs. Merrick, Mrs. Stanton, Miss M. Joseph.

The first regular meeting was held on November 24th. It had been decided at a preliminary meeting to hold both Dorcas and Ladies Aid meetings together. Usually the Ladies Aid do not begin their meetings till February, which leaves a short time only to do any amount of work. The plan adopted this year was found to work very well. There have been nineteen meetings held, which have been fairly well attended. The work done this season has been principally work ordered by various ladies interested in the society. The orders for work have been very much larger than last year, which is very satisfactory. Before Christmas we recarpeted all the Chancel.

We are continuing to work for the further improvement of the Church. We had a small sale on December 22nd, principally dolls and small fancy articles, which cleared \$98.97.

We must refer to the deep loss we have sustained in the death of Mrs. Grasett; she was always a member of the Society, in which she showed a keen interest, even during this winter she came two or three times to the meetings.

The Dorcas Society.

The work accomplished by the Dorcas Society has been much the same as usual.

Collection and expenditure, also, vary but little, from year to year. The inmates of the Home for Aged Poor, have received increased comfort from many gifts. It is not possible to write of this Society, without referring in words of true and heartfelt sorrow, to the death of its late beloved *President, Mrs. Grasett*. Increasing weakness had obliged her to give up active work of all kinds in the Parish, where, for nearly fifty years, she had laboured so faithfully and well. Many loving friends deplore her loss. Thank God, they may feel humbly assured that she has entered into that Blessed Rest which remaineth for His people.

REPORT OF DISTRICT VISITORS' SOCIETY.

This Society has done valuable work during the past winter, in visiting, tract distributing, and bringing to the notice of the clergy the poor, the sick, and the indifferent. Many faithful workers have been laid aside through illness, and have been much missed in their districts. The kind enquiries made and the anxiety felt for the sick visitors by those they are in the habit of visiting, prove so well how much their visits are appreciated, and their absence felt.

The unusually large attendance at the Wednesday evening service is to be attributed to the activity of the district visitors. We pray that Almighty God will dispose the hearts of more of the congregation to engage in this work.

St. James' Home and Foreign Mission Society Report, 1885-6.

We are come to the end of another year, when we are called upon to look back and see what we have done. We realize that it is the Master Himself who gave to us, as a society the great missionary charge, to go into all the world and preach the Gospel to every creature. Therefore it is to Him first that we make our report, and what He will think of it, is of greatest moment.

What then have we done? A missionary meeting has been held each month, with a view to having accounts of the work, which is being carried on in various mission fields, and so increasing our interest in them. Letters have been read from missionaries in the North-West, from the ladies who work in the Zenanas of India, and from other scenes of missionary labour. Assuredly there is no decrease in the interest of their accounts or in the urgency of their appeals for workers, and for help of all kinds, even for garments to cover the poor shivering creatures around them. Some of these appeals when printed have touched other hearts than ours, and

brought forth kind helps from some who could only do a little, but did that little gladly and promptly.

The harvest is still great, the labourers are still few, and the Master still calls on us saying, "Pray ye," knowing that if we pray truly, we will also work earnestly. Eight such meetings have been held; they are discontinued during the summer months.

We have had two addresses: one from the Bishop of Saskatchewan and one from Mrs. Osborne a lady who has worked as a missionary in India for years. Both were stirring appeals from those who had themselves seen the need they called upon us to aid.

The average attendance at our meetings has been 24. We have collected \$640.00; this sum has been divided between the Indians in the Diocese of Saskatchewan, the Beaconsfield mission in the Diocese of Rupertsland, Algoma, and the Zenana mission. A box of clothing was also sent to Mrs. Bourne for the Indians, for which she returned most grateful thanks.

L. M. GREEN, Secretary-Treasurer.

CATHEDRAL BAND OF HOPE.

The Band of Hope was re-opened on Friday October 11th. Since then the meetings have been held weekly.

The division of the children into classes, each class being controlled by a Willing Worker, has proved a great assistance in recording attendance and in gaining a knowledge of the children. There are 457 members on the revised roll, every one of whom is in actual attendance, although the greatest number present at any one ordinary meeting was 299.

The children took part in the United Meeting of the Bands of Hope in the Pavilion April 30th, and marched from the school house headed by a magnificent banner worked by the Young Ladies Aid, whom we sincerely thank for the labor expended on it.

Altogether the President and Workers feel they have great reason to thank God and take courage.

The following are the officers and workers :

THE OLD WOMEN'S HOME.

The houses on Sherbourne Street still afford shelter and comfort to several of our old people. The management is simple, inexpensive, and successful, and the condition of the inmates all under one roof much in advance of their former scattered and lonely life in their several rented rooms here and there. The visits of many kind ladies are highly valued, and much has been done by such loving and tender hands to make the Home a quiet resting place for many whose remaining time must be short.

THE NORMAL SCHOOL.

The class of Church of England students has been conducted every Friday by the Rector and the Rev. Mr. Hobson. This is a very important and encouraging work. To teach those who are about to become teachers of others is also a far reaching and a fruitful work. The class this winter has been a particularly attentive and intelligent one, and the clergy have had much pleasure and satisfaction in instructing its members.
