Coal Miners in South Wales Have Gone On Strike Again

Twenty-Five Thousand Are Reported to Have Laid Down Tools—Trouble is Over Runciman Award

London, Aug. 27.—Reports from South Wales coal fields this afternoon state that 25,000 miners already have joined the new strike. The recurrence of labor troubles is due to growing dissatisfaction with the award of Walter Runciman, president of the board of trade, who acted as arbitrator in the recent strike. The situation was strained further when the colliers learned that Mr. Runciman had declined to see a deputation representing them.

BELIEVE FEAR OF RUPTURE OVER ARABIC ENDED

Washington, Aug. 27.—Future relations between the United States and Germany were regarded much more hopefully here today than for many weeks. Administration officials believed that indications from Berlin that the imperial government was striving hard to adjust difficulties between the two countries growing out of Germany's submarine warfare, presaged a better understanding and an ultimate peaceful settlement.

London, Aug. 27.—"It is suggested that the American government will be satisfied if commanders of German submarines always warn passenger vessels and place their passengers in boats before sinking the vessels," says the Spectator. "We do not believe for a moment that America would consent to this caricature of satisfying international law and humane customs."

London, Aug. 27.—Cable despatches reporting the statement of Count von Bernstorff, German ambassador in Washington, to Secretary Lansing that German submarine commanders had been ordered to attack no more merchantmen, without warning, are displayed prominently today in the London newspapers. The Westminster Gazette says: "If Count von Bernstorff is speaking with full authority, the American government can claim to have won a very notable victory."

Washington, Aug. 27.—Count von Bernstorff, acting on instructions from Berlin, notified Secretary of State Lansing today that "full satisfaction" would be given to the United States for the sinking of the Arabic. The ambassador explained that Germany would make more than a mere disclaimer if it found the Arabic was sunk without warning.

TIED UP IN TRAFFIC. A large double team loaded with soft coal, broke down in Main street, opposite Elm, this morning and delayed traffic for an hour. The street cars were forced to stop below Harrison street until the trucks were cleared and many disgruntled passengers had to pick up their valises and walk nearly to Adelaide street before he was able to board the car for Indian town. The team was owned by John McCarthy, Simonds street.

Phelix and Pheermand WEATHER BULLETIN Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis.—The cool wave covers the Great Lakes and the Ottawa Valley, while pressure is now lowest in the western provinces. Fine weather everywhere prevails, except that a shower occurred at Edmonton during the night. In Manitoba it has become warmer.

Fine and Cool. Maritime—Moderate to fresh north-west to north winds, fine and cool today and on Saturday. New England forecasts—Fair and continued cool tonight; probably light frost in extreme south portion Saturday, fair, gentle to moderate north to northeast winds.

COURTENAY BAY SCENE OF STIRRING RESCUE—LAD HAS A CLOSE CALL

A narrow escape from death in Courtenay Bay was that of Albert Birmingham, aged thirteen years, this afternoon. He lost his balance while drifting along on a raft and, falling overboard, sank.

Another lad named Seord, who was nearby, saw the accident and tried to swim to his rescue, but became exhausted in the attempt. Men from shore put out to the spot where the boys were and they were brought safely to shore. Leo Holland swam out after Seord and managed to rescue him, but only after a long and arduous struggle, holding the raft until they were again hoisted. Meanwhile Birmingham was in a serious plight, and two young men put out from shore after him—Norman Lightfoot and Fred Marney. Mr. Lightfoot succeeded in getting him on shore. Dr. J. M. Barry and Dr. F. T. Dunlop worked over him. He was taken to the hospital. Young Seord was a little the worse for his experience. The fire department was called out to aid in the rescue.

Birmingham was still living when the hospital was reached about 3:30 o'clock this afternoon.

BRUSH IN COURT

Ex-Detective Worell and Sergeant Hastings Have An Encounter. There was a stirring scene in the police court this morning. Private Detective Worell was sitting in a chair inside the railing when Sergeant Hastings ordered him outside. He explained that he was a witness in one of the cases, but was informed that he would have to go outside. Sergeant Hastings then seized him and pushed him towards the gate.

The detective retorted and said he would go, but objected to being shoved. Some heated words were exchanged between the two men. Sergeant Hastings later said that he had received orders not to allow any person inside the railing who knew them to be witnesses, lawyers, reporters or clerks.

Excursion Here. Extra cars attached to the Maritime Express brought about 400 people to the city today on an excursion from Sussex. They joined the crowds at Seaside Park for the patriotic fair this afternoon and will return to Sussex this evening.

Death of Former M. P. P. Toronto, Aug. 27.—John Richardson, former member of the Ontario legislature for East York, and at the time of his death, clerk of the court, died here yesterday.

Railway Clerks' President. Detroit, Mich., Aug. 27.—Revision of the constitution was the principal business today before the annual convention of the Brotherhood of Railway Clerks. J. J. Forrester, of Columbus, Ohio, has been elected grand president of the brotherhood.

CITY WINS SUIT OVER A HORSE. A very interesting case came up for trial in the County court this morning before Judge Armstrong and a jury. It was that of John McCarthy vs. the City of St. John. The plaintiff's claim is for \$88 for twenty-two weeks' board of a horse from December 12, 1914 last, to May 11, 1915, the date of the issue of the writ.

A horse found wandering about the streets by Policeman Merrick was placed in the plaintiff's stable in Simonds street, for safe-keeping during the night. The animal has never since been claimed, and the plaintiff has applied to the city council on several occasions for payment of the board, saying that the city was responsible as the policeman was the agent of the city. The plaintiff was advised by a veterinarian that the animal was too good to destroy and for the want of anything else to do with it the plaintiff kept the horse in his stables. W. Walker Clarke, Henry Kilpatrick and John Merrick were the witnesses called for the plaintiff.

The jury returned a little before one o'clock with answers to all questions asked by the judge and counsel. On the finding His Honor directed a verdict to be entered for the defendant. Francis Kerr appeared for the plaintiff and Dr. Baxter, M.C., for the city.

CAMPAIGN FOR SOLDIERS BEGUN

St. John Citizens Advance Matter at Moon Meeting

A VOICE FROM THE TRENCHES

Captain H. H. Smith One of the Speakers—Col. E. T. Sturdee Appointed Permanent Chairman—Some of the Plans

Plans for a whirlwind recruiting campaign were discussed at a meeting of representative citizens this morning and the meeting decided to proceed with the work at once. Those present felt that there are plenty of men who can and will enlist if the matter is placed before them in the right light, and it is believed that the committee will be able to fill the ranks and relieve the men who are in the trenches in the case of failure. Col. E. T. Sturdee was appointed permanent chairman of the committee with the privilege of appointing sub-committees as required.

The meeting was held at noon in the mayor's office, Mayor Frink presiding, and those present included Col. E. T. Sturdee, Senator Daniel, Lieut.-Col. R. Armstrong, W. H. B. Sedgwick, W. J. Mahoney, J. E. G. Armstrong, T. Estabrook, M. E. Fletcher, E. A. Schofield, A. P. Barnhill, F. A. Peters, E. W. McCready, John C. Ferguson, W. H. Gidding, J. E. Haslington, R. T. Hayes, R. O'Brien, L. P. D. Tilley, C. R. Lockhart, Rev. M. E. Conroy and Captain H. H. Smith, formerly of St. John, who is on furlough while recuperating from his wounds.

Mayor Frink spoke of the need of recruits to fill the 50th before a start can be made on recruiting for the New Brunswick half of the 64th. He said it had been suggested that he call together the committee, which has such excellent work last year in securing men for the 50th and he believed that they would be equally successful this year.

Lieut. Col. Armstrong said that about 1,500 have been recruited for the 50th, but that 600 have been sent forward in reinforcement drafts and that about 800 more are needed. Although the number here has been taken from the Nova Scotia has succeeded in filling that battalion and now 1,500 more are needed. He stated the methods used in Halifax to stimulate recruits and reserves and to undertake to prevent re-exportation to Germany, Austria or Turkey, and to permit free transit and access to Greek territory to all goods destined for Bulgaria and Serbia.

Partisans of the Entente allies comment upon this first act of the Venizelos ministry as a good augury for further negotiations.

Washington, Aug. 27.—Unofficial advice to representatives of the Balkan nations here, say that Bulgaria has signed an agreement with Turkey, which includes the provision that she remain neutral; and that the attempt to form a Balkan League has failed.

Newspapers of the formation of the new cabinet by Minister Venizelos reached the Greek legation last night. It is said here that the demands of the allies on Greece were unsatisfactory and that the Hellenic government will announce its ministry of remaining neutral, for the present at least.

A Turkish Report. Constantinople, Aug. 27 (Via London).—An official statement issued here says: "Weak hostile forces, which attacked our left wing at Seddul-Bahr, were repulsed. Otherwise there is no change."

London, Aug. 27.—The work of the American Women's War Hospital at Paignton, a watering place in Devonshire, will not be interrupted by the decision of the Red Cross to withdraw its nursing units from all belligerent countries because of lack of funds. Announcement is made that steps have been taken to keep the hospital in operation. An American chief surgeon has been appointed. His staff will consist of American and English nursing sisters.

Steamer Sunk. London, Aug. 27.—The British steamer Palm Grove has been sunk. Her crew was saved.

BISHOP IS SHOT. Winona, Minn., Aug. 27.—Bishop Patrick Heffron of the Winona diocese, was shot twice over the heart this morning by a man said to be an ex-prisoner of French birth.

BUT ONE NAY VOTE. Paris, Aug. 27.—After Premier Viviani had concluded his address in the Chamber of Deputies yesterday, Deputy Louis Accambray, who recently has several times criticized the government's conduct of the war, took the floor and began, amid disorder, a criticism of Minister of War Millerand. The deputy spoke for an hour, but little, if anything could be heard because of the confusion.

POPE MUST REST HAS BEEN WORKING TOO HARD. Rome, Aug. 27.—Pope Benedict suffering from over work, has refused all audiences. His physicians have deemed it advisable as a matter of precaution to recommend rest. They hope thus to avert illness.

Trade Agreement With The Allies is Reported AN IMPORTANT COMPACT

Venizelos' First Act Viewed With Pleasure by Entente Powers—General Notes of the Fighting Today

Paris, Aug. 27.—Representatives of the Entente powers, and Greece, according to a despatch from Athens to the Havas Agency, have reached an agreement upon a greater trade privileges between these countries. It has produced an impression that public opinion in Greece favors the allies.

Henceforth all importations to Greece will be allowed without hindrance, on the basis of trade statistics, Greece undertakes to prevent re-exportation to Germany, Austria or Turkey, and to permit free transit and access to Greek territory to all goods destined for Bulgaria and Serbia.

Partisans of the Entente allies comment upon this first act of the Venizelos ministry as a good augury for further negotiations.

FINE TRIBUTE IS PAID BY KIPLING

France "Soaked" With Determination to Win War

HE HAS BEEN AT FRONT

Writes of Scenes—The 'Only Good German a Dead One And All Are Zealously Doing Best to Make it So'

London, Aug. 27.—Following are extracts from a private letter from Rudyard Kipling, who has been visiting the French front.

"I thought I realized something of what was being done at France. I see I am now only beginning to understand what France is doing. France is not merely fighting this war. She is living it—living it with gaiety and a high heart; that does not for a second, hide the cold, deadly earnestness and tenacity of her purpose. I can testify that they bear themselves, men and women, equally resolute, without pride or self pity."

"We had tea the other day, in a town which the Boches shelled because it is full of women and children, and has a fine old church. The cellars of the houses were a hospital, but no one around that cheery table upstairs, suggested or even hinted at the perpetual strain under which they live. So far as I can see, there is not a single individual who is not colored, guided and soothed by their strong determination against the light-heartedness among them in marvellous. They do not stop to argue about things."

"They are agreed that the only good Boche is one who is killed because it is so. I think their abundant health and police and 'devil' struck me most. Next was the state of their trenches, which are built and drained and kept as though the war is going on for the next five years. I had the luck to see a very rare thing in this war—the review of an army of 40,000 on parade. There is no ceremonial; simply the passing of hard-bitten fighting men, that made it all the more impressive."

NOT ALLOWED TO TAKE FRENCH COIN OUT OF COUNTRY IN QUANTITY

France Dealing With New Phase of Money Question—Scheme to Prevent Hoarding

Paris, Aug. 27.—Every traveler leaving France hereafter will be required to declare the amount of coin in his possession. If more than fifty francs, he will be compelled to exchange the excess for paper money. This action resulted from an investigation of the scarcity of silver coin, particularly in the frontier regions. It was ascertained that coins in circulation were being collected systematically for export.

It has been suggested unofficially that for the purpose of preventing hoarding of coins, the government should announce its intention of issuing a new series of coins after the conclusion of peace, denominated these now in circulation.

HIDE DEATH CHAIR FROM SIGHT OF CONDEMNED MAN

Innovation to Lessen Horrors of Sing Sing Execution Room

Ossining, N. Y., Aug. 27.—An innovation planned to mitigate the horrors of the death chamber was put into effect today at the execution of Karol Drankiewicz in Sing Sing. A piece of cloth was hung so that the chair was hidden from the condemned man's sight, and he could not see it without turning his head as he took his seat.

Drankiewicz was one of a gang in the New York East Side, who lured foreigners to rooms on the pretense of getting jobs for them and then drugged and robbed them. One of their victims died.

THE PRETORIAN. The Allan liner Pretorian is reported due at Glasgow at 11:30 on Saturday.

EVENTS IN THE WAR JUST ONE YEAR AGO TODAY

Disheartening reports of German successes were being cabled a year ago today, the first stage of the wonderful German march into France in which they looked upon the war as a mere game. Throughout their triumphs, checked before they made the Kaiser's boasted entry into Paris, the Allies' unshaken confidence, and not a doubtful note was sounded as to what the future would bring.

The British cavalry on the other front were making an advance which was also impossible and served in quite a measure to offset any discouragement which might be felt as to the Franco-British frontier. The guardian of the sea, the British navy, was making its title to supremacy upon the ocean a year ago today, adding another to its achievements by the sinking of the German "Wilhelm der Grosse" a converted cruiser.

The British cavalry played an important part in the early campaign, charging audaciously against the Germans but the change in the tactics and the different policy assumed both on the offensive and defensive since that time has made cavalry of less practical service on the battle front today.

It has multiplied new ones, which for the time have overshadowed the old ones, which have been with us through centuries, but which to the thoughtful mind are only aggravated by the added burdens.

BAZAAR

Don't forget the Patriotic Bazaar in aid of the Red Cross by the Junior Summer Circle on Gaitin Institute grounds, corner King street East, and Crown street, Saturday afternoon, and now. We called attention some time ago to what we thought the undesirable condition of having some of the bachelors furnished with these conveniences by their generous friends while others not so fortunate were obliged to go content with the old and most unsatisfactory cooking arrangements. That such discrimination between soldiers engaged in the common cause could not fail to produce discontent should have been evident to all. Point is given to our criticism by a published letter from Lieut.-Col. J. L. McAvity, of the 26th (St. John, N. B.), Battalion, now at Shorncliffe, England, awaiting the call to the front. Lieut.-Colonel McAvity writes to the Mayor of St. John: "Regarding field kitchens, we are very much handicapped. All the other regiments in the brigade have them (McClary's make), and while their men have hot meals on the march, we have bread and canned beef, or cheese—cold diet, that is, for one cannot find wood and get permission to light fires here as we could at home. The party who presented the kitchens being brought committed an error, and I would like to have him out for a few days on manoeuvres."

WOODSTOCK RECRUITS

Twenty eight men have joined the colours in and about Woodstock in the last fortnight.

SCORED CIVIL SERVANTS

At Toronto last night J. B. Robinson, addressing a recruiting meeting, scored the civil servants of Ontario, saying that out of 300 only ten had volunteered. They had all been offered full pay besides the military allowance. Of the ten two were married, and five failed to pass the examinations only five could be said to have joined.

THE 26TH AND FIELD KITCHENS

Montreal Paper Comments on Col. McAvity's Letter—Government Should Have Supplied Them

(Montreal Journal of Commerce.) One of the necessary items of equipment which the government should have supplied to our overseas soldiers, instead of leaving this to private liberality, is the field kitchen, a movable cool-house which enables the soldiers to have wholesome and comforting meals while on the march. We called attention some time ago to what we thought the undesirable condition of having some of the bachelors furnished with these conveniences by their generous friends while others not so fortunate were obliged to go content with the old and most unsatisfactory cooking arrangements. That such discrimination between soldiers engaged in the common cause could not fail to produce discontent should have been evident to all. Whether we be said as to the need of bands and pipes it cannot be denied that the field kitchen, the usefulness of which is well described in the above letter, is one of the "regimental necessities."

Why then should the commander of this battalion have to make this public appeal to the liberality of the people in his own home town to supply the field kitchens, regimental funds, etc., and I respectfully appeal through you to my fellow townsmen to get busy and send me a decent sum for regimental necessities.

IN DOUBT. We note with marked regret that the Standard this morning is not quite so firm in regard to the east side route as it was a day or two ago.

It had well served its purpose in covering the retreat to new lines. "Bore a hole, bore a hole, I don't know where."

Local recruiting is a little more brisk, but there is need for many more than are offering. The tang in the morning air brings thoughts of passing summer and of woods reddened with the tints of autumn.

The fact that sixty aeroplanes of the Allies took part in an air raid on a German position this week marks a new epoch in warfare. How strenuous is the fighting on the Gallipoli Peninsula is well evidenced in the statement that the last week has brought nearly 800 casualties to officers of the British forces.

An important trade agreement between the Allies and Greece is reported today. It is looked upon as presaging even closer relations between the Entente powers and the historic nation under Premier Venizelos.

It may not be said with truth that Mr. George Han, veteran C. P. R. man, soldier and writer, and noted humorist, is sixty-eight years old, though the birthday marking that milestone has just been celebrated.

WAR EXPORTS FROM THE UNITED STATES Year's Figures Given Out in Washington—Real Rush Began in June. Washington, Aug. 27.—That a great part of Europe's enormous orders for arms and ammunition did not begin to move from the United States until comparatively recently is indicated by export figures issued by the department of commerce.

THE PASSING SHADOW. The indications of yesterday that there will be no severance of diplomatic relations between Germany and the United States because of the torpedoing of the steamship Arabic are broadening into practical assurance by later advice to Washington.

NO PEACE FOR FRANCE UNTIL NATIONAL AIMS ARE ACHIEVED

Paris, Aug. 26—Premier Viviani arose to address the house of deputies immediately after the session of parliament was called to order today. All the members of the cabinet were on the ministerial benches. The galleries were filled with persons prominent in Paris. Among them many women. Nearly all the members of the diplomatic corps were in their boxes.

"That the question of peace before the country, and it would be blown to nothing," the premier continued. "Not until Alsace and Lorraine has been freed, not until we have retaken Alsace and Lorraine, could there be mischievous division among us. Our enemies may continue to be led astray, because of our dull hour of last year, but not we, who have seen workmen and employers, rich citizen and the poor, man of every party and every way of life, fighting with a single purpose and with equal zeal their duties in defence of the liberties of the world."

"Yes, the German press has said that France was divided. Yes, there are divergences of opinion. These are the essence of free government. But it would be a fatal division if there were in this country a fraction of the people who even thought of a premature peace."

The minister of finance, Alexandre Ribot, introduced a bill providing for a comprehensive reform in the liquor trade. The measure contemplates suppression of privileges enjoyed by private individuals who are now permitted to distill brandy from their own fruits, and for an increase in the tax on alcohol from 12 francs (\$2.40) to 25 francs a gallon. To this is added a tax on consumption of five francs a gallon on appetizers and liquors.

Memoranda attached to the bill contain an estimate that if consumption of the articles affected should decrease by one-half the government would nevertheless receive increased revenue to the amount of 10,000,000 francs.

It is also proposed that the state create a monopoly in the manufacture of industrial alcohol and endeavor to find an additional outlet for the product among consumers of fuel, such as owners of automobiles.

COM. F. L. POTTS IS NEW PRESIDENT

St. Stephen Next Meeting Place For Union of Municipalities—Premier Clark on the Road

Fredericton, Aug. 26—The Union of New Brunswick Municipalities ended its tenth annual session this afternoon. Commissioner F. L. Potts, of St. John, is the new president. Warden A. W. Ridgwell, of Victoria county, was selected by the nominating committee but withdrew in favor of Commissioner Potts. The other officers are: Vice-president, W. F. C. Robinson, Moncton; honorary secretary-treasurer, City Clerk J. W. McCready, Fredericton; executive committee, Commissioner F. L. Potts, St. John; Mayor G. G. Boothart, Newcastle; Mayor Moses Mitchell, Fredericton; Mayor F. Parker Giffen, St. Stephen; county secretary-treasurer, Charles L. Peck, Albert county; Ald. C. A. Alexander, Campbellton; Warden Harry Smith, Fredericton; County Secretary J. King Kelley, St. John; Mayor F. W. Wallace, Sussex; Coun. C. C. Campbell, Sackville; Coun. H. D. Patterson, Lincoln, Sunbury county.

The closing hours of the convention were so crowded that consideration could not be given all items. In view of this it was decided, on the motion of Warden Smith, of York, to limit the number of papers to be read at future conventions of the union.

On invitation of Mayor Grimmer, of St. Stephen, that town was selected as the next place of meeting.

Hon. George J. Clark, premier of the province, was present this afternoon and delivered an address of some length. He dealt particularly with the highways of the province and said that co-operation of all classes with the government was what was necessary to make the highway act workable. He compared it with the Canada Temperance Act, which all knew was not enforced, but which, he said, could be enforced in any county if the public were behind those in whose hands was the enforcement of the act. Citing instances in Charlotte county, the premier said that there were people who would leave holes in the highway in front

Water Supply and Its Relation to Public Health

Health, which was of such excellence that it was referred to the executive for special consideration.

The report of the special committee on Water Supply was presented by the president was adopted as follows:

That they recommend the appointment of a provincial engineer on highways; the application of the patrol system as far as possible and the removal of the highways act from politics; the appointment of a permanent secretary and that the selection and remuneration be left with the executive.

They congratulate the city and county of St. John on the setting into operation of the Children's Protection Act and trust that the cities and towns of the province will make full use of this splendid piece of legislation.

The committee also recommended the appointment of a permanent committee to consider the establishment of a pension fund for civic employees.

MORNING WAR SUMMARY

London, Aug. 26, 10.10 p. m.—Brest-Litovsk, the main Russian fortress and concentration centre for the Bug line of defenses, was occupied by the Austro-Germans today. While the Russian officers stoutly resisted to the invaders during their approach to the fortress, it is apparent that they did not attempt to defend Brest-Litovsk itself, but evacuated it as they did Osowetz, in conformity with their intention, indicated in the despatches from Petrograd yesterday, to take up new positions farther east.

The German army are in possession of the whole line of railway from Chelm to Bialystok. The Russians having already evacuated the latter city, the last fortress of Grodno and Ostia are now the only strongly defended positions remaining in the hands of the Russians. Both these are being approached by the Germans and probably will be given up when they have fulfilled their purpose of facilitating the retreat of the Russian armies.

The Russians have not yet entered the vast Bialystok forest, which runs the miles north and south and has a width of from seven to thirty miles. The forest is a famous hunting centre and a bison preserve. South of it are the Pripiet marshes, which protect the Russian left, and with plenty of roads and three or four railroads it is expected here that Grand Duke Nicholas will make good his retirement if Grodno and Vilna can hold out long enough. Even though they should fall, military observers say the Grand Duke would be well on his way to his new positions before the Germans could reach his flank. There is again talk of Russian preparations for a stand, but no indication as yet where this attempt is to be made.

Paris, Aug. 26, 11.55 p. m.—The Official Journal publishes the declaration of a blockade of the coasts of Asia Minor and Syria, from the island of Samos to the Egyptian frontier, to date from August 25.

SUBMARINES HAVE THEIR BEST WEEK

London, Aug. 26—During the week ended August 25, nineteen British merchant vessels, with a total tonnage of 76,000, and three fishing vessels were destroyed by submarines or mines. The week was one of the most successful German underwater craft have had since the commencement of the war.

London, Aug. 26—Something in the nature of conscription though the term was not employed, was foreshadowed by the Earl of Selborne, president of the Board of Agriculture, in an address this afternoon to a deputation of agricultural land owners which visited him in London.

"Many more men have got to join the army, whether voluntarily or compulsorily," said the Earl. "The agricultural laborer has done his part nobly in this war but the responses have been very unequal over the country and I forecast that during the next year men will be taken from districts and from farms whence hitherto they have not gone."

"What I shall aim at and to which Lord Kitchener has been very sympathetic, is to leave the farmer and his foreman, stockman, carters (but the rest of the work will have to be done by women or men not hitherto engaged in agriculture)."

Earl Selborne emphasized the fact that Russia's reverses had imposed a great strain on her Allies.

"We have a greater burden on our shoulders at the present moment than six months ago," he said. "The financial strain is going to be very great, and the situation is going to demand from every class greater and greater sacrifices."

The speaker stated that the navy had the submarine menace well in hand.

THRILLING BALLOON RIDE

Joe Murphy, Bonnetts' Assistant, Fuzillias Falls, Co. Wick, With Something Not on the Programme

Joe Murphy, Prof. Bonnetts' assistant, who made the balloon ascension at the Bangor park on Tuesday afternoon, gave the fair patrons a thrill which will not down on the programme, and which he will not repeat if he can help it.

When he was several thousand feet in the air and had received the pistol shot signal from below to cut loose and make his parachute drop, he found that the rope on the cutting knife had become entangled in such a manner that the knife refused to perform its function, and the result was that he came down with the balloon.

In balloon parlance he "rode it down," which is a method of reaching the ground when a hot-air balloon is being operated.

The aeronaut was a mere speck as he hung below the balloon, but those on the ground could see that he was working at something, although his movements so far up in the air were scarcely discernible.

Then the big air bag began slowly to settle, and still the aeronaut was unable to get away from his. As the air

TYPHOID FEVER SHOULD BE RARE DISEASE BY 1930

Washington, Aug. 27—The public health service announcing a tremendous increase in the number of persons submitting to antityphoid vaccination, declared there was "no reason why typhoid fever should not be a rare disease by 1930."

The statement added that it was estimated that in 1913 the total number of immunized persons in the United States would reach 800,000, compared with 100,000 last year.

A Good Building Lot For \$100?

Is there a good building lot in or anywhere near St. John offering for sale at \$100? Do you know of a good lot for \$200?!

All cities have a tendency to grow westward—Fairville is west. The new bridge is finished—in a few weeks the cars will be running over it—in a few months the car line will pass the Hatheway Homestead.

\$100 buys you a share in the Hatheway Partners. It insures your getting a lot which is high, dry and entirely suitable for a building site—you may get the old Hatheway Homestead which is valued at \$5,000—the small house valued at \$1,200—the big barn valued at \$1,500—or one of the lots fronting on the Manawagonish Road valued at \$500 each.

Where is there such an opportunity? Go out and look it over—size it up for yourself—it's a wholesale price to a retail buyer—and on easy terms.

It costs nothing to inquire. Fill in the coupon and mail to us at once.

Under New Premier Greece Shows Pro Entente Feeling—Serbia Expected to Yield Disputed Territory

London, Aug. 26, 9 p. m.—Today's sitting of the Greek parliament was devoted to the election of a vice-president and clerks, according to a despatch to Reuters' Telegram Company from Athens.

There were no interpellations, the opposition and independents declaring that it would be inadvisable to press Premier Venizelos to make a statement regarding his foreign policy while negotiations of vital importance were in progress.

Parliament adjourned until Aug. 30.

The advent to power of its Venizelos cabinet has produced a remarkably reassuring effect as regards the attitude of the Entente powers toward Greece. It is known that Premier Venizelos has refused from representatives of the Entente powers assurances of the utmost support possible under the circumstances.

SERBIA WILLING TO YIELD MACEDONIA.

London, Aug. 27—Serbia's reply to the note of the Allies is expected to reach London today, and there is reason to believe, it is stated in official circles, that it will concede the main points which the Allies have asked in behalf of Bulgaria in order to secure Bulgaria's co-operation in the allied effort.

The allied note, representing the joint views of Great Britain, France and Russia, asked Serbia to grant Bulgaria that part of Macedonia covered by the Serbo-Bulgarian treaty of 1912. Should Serbia yield this, as the diplomats now expect she will, it would adjust the main writhing in dispute with the exception of a small strip running along the new line of adjustment.

Should this doubtful zone still remain open to controversy it is proposed to adjust the situation by the temporary occupation of it by troops of the allied powers, thus settling the main territorial question and leaving the doubtful zone to be administered and later adjusted by the Allies.

CONVENTION AT SOMERVILLE, N. S.

Christian Churches Meet For Annual Gathering---St. John Men Elected Officers

At the 51st annual convention of the Christian Churches of New Brunswick and Nova Scotia, recently closed at Somerville, N. S., there was a large attendance of delegates, and satisfactory reports were presented. Local men were honored with office.

Rev. H. E. Steele, Milton (N. S.), president and the secretary was F. G. Ison, Halifax. Reports from all centres were encouraging and spoke of progress. There are twenty-four churches in the two provinces with a membership of 2,840 representing an addition of 213 in the year. Fifteen have their own ministers. The losses by death and removal were fifty-six. The church property was last year valued at \$60,000, an increase of \$1,675 on the year. For home missions the total of \$3,200 was raised and for foreign missions \$600. Sunday school membership was 1,722 an increase of 278; Christian Endeavor Society 836, of whom 217 joined. There were fifteen more baptisms in the year than the year before and fourteen more members of the Sunday schools were added the church. The next meeting will be held at Westport (N. S.).

The sermons and addresses of the visitors were much appreciated, notably those of Rev. R. L. Bussabarger, Lubec (Me.). The officers elected for the ensuing year were: President, Rev. F. L. RUSSIAN GUARDS HEART OF ARMY

Officered By Sons of Distinguished Men

SCHOOL FOR COMMANDERS

American Correspondent Describe Week With Remarkable Corps --- All Picked Men --- Officers Specially Privileged

Robert R. McCormick, was correspondent of The Chicago Tribune, now in London, but who has just completed a journey to Russia, sends the following to his papers:

London, July 8---My request to witness the battles in Galicia was refused, for the reason that a foreigner would not be safe alone and that an officer could not be taken from duty to chaperone a correspondent.

As a compensation I was given leave to visit the corps de la garde on another front.

This corps was selected for me because most of its officers spoke French or English. It also held a special interest in being the heart of the Russian army and the Russian system of aristocracy.

The idea of an imperial guard in Russia originated with Peter the Great, who enrolled the first regiment. Other emperors have added to it until it comprises a corps of three infantry divisions with artillery and a division of cavalry with horse artillery. Among the cavalry are certain regiments and batteries of Cossacks of the guard.

Placed by Characteristics. The soldiers of the guard are the picked men of the entire Empire. Once assigned to the guard, they are divided among the different regiments according to certain physical characteristics.

For instance, all the stoutest men belong to the regiment of the Emperor Paul, who was snubbed. One regiment gets the biggest of the guardsmen; it is the regiment of giants; to another all the darkest men are given, and so on.

The officers of the guard are the most privileged men of the Empire. Most of them are graduates of the Corps De Pages, the School of Court Pages. The pupils of this school are the Knights of Malta.

Restrictions as to Eligibility. Entrance to school is restricted to: 1---Sons of Knights of Malta, former pupils. 2---Sons of generals and lieutenant-generals. 3---Boys of families which have been noble for at least 100 years.

The pupils are pages of the imperial family. The two highest in studies are pages of the Emperor, the next are pages of the Emperor Dowager, the next pages of the grand dukes and duchesses, those of highest rank in scholarship being attached to the grand duke of the highest rank, and so on.

The corps de pages is the best military school in Russia. Its course is seven years, during the first of which the pupil may live with his family, but in Petrograd, but the older boy must live in the barracks.

Applicants for Membership. Any graduate of the corps de pages has the requisite education to become an officer of the guard. He then makes application for membership in one of the regiments. If his father has been a member of the regiment, he enters by right; if not, the officers of the regiment decide whether they want him.

In some regiments the system of election by ball is used. When a name is presented each officer of the regiment casts a white, a red, or a black ball. The candidate must have at least twice as many white balls as black balls. The red balls are not counted.

The regimental officers also have the right to expel a member for any act deemed injurious to the dignity of the regiment or even for being an unpleasant comrade.

The commonest reason for expulsion is for marrying a woman of low rank. In one case a guard officer was expelled for marrying the daughter of a colonel of police. In some regiments wives must be elected in the same way as their husbands.

No Majors in Russia. A guard officer leaving the guard in any way has the option of retiring or of accepting the next higher grade in the army. There are no majors in Russia and no lieutenant colonels in the guard. Battalions of the guard being commanded by colonels.

The regiments of the guard are commanded by major generals, there being no brigadiers in Russia. The regimental commander is usually taken from a different regiment, as it is considered difficult for an officer to exercise regimental command over his comrades.

An exception is in the distinguished family of Etton, of which both father and son have commanded the regiment in which they served as junior officers. The regimental commander has charge of all military regulation, serious matters coming before a court martial. Social matters are regulated by an officers' meeting under the presidency of

SCHOOL BOOTS SCHOOL BOOTS

All prices in boots and shoes have been marked away down on account of being overstocked. A few of our many bargains:

- A dandy Gun Metal Blucher Boot, nice shape for girls or boys, all solid leather, just the thing for school wear, regular \$2.50, now \$1.48
Boys' Tan Blucher Boots, regular \$2.25, now \$1.58
Other lines in Children's Boots, Button and laced, from 98c up
Ladies' Gun Metal Buttoned or Laced Boots, a good bargain at \$3.00. Just think, now only \$1.98
Ladies' Tan Calf Rubber Soled Shoes, only a few pairs left, regular price \$3.00, now only \$1.98
Ladies Colored Top Boots, button and laced, regular \$3, now \$1.98
Men's Boots in Dongola kid or gun metal top, reg. \$3.50, now \$1.98

played the same joke upon their fathers in the war of '78. Won't some far-seeing college president furnish a similar training for our youth so we shall not be without officers when the time comes that we have to fight for our institutions and our freedoms?

Some, not all, of the older officers take wine with their meals; sometimes a glass, sometimes two, never much. Work-With Guard.

It was my pleasure to spend a week in this company. Two officers moved out of a room and one left his bed for me. Protests that the hotel was perfectly good were unavailing, and I never learned the identity of my benefactors. The general assigned one of his orderlies, an African from Abyssinia, to take care of me.

Gen. Beaubienoff at his dinner is like a too kindly schoolmaster. But stories are still told of his dash as a young officer. And the way he put his regiments into the light at Warsaw will command a chapter in the permanent military history of the war.

Both he and the Duke of Mecklenburg, chief of artillery, were more than kind in furnishing me with military instruction and the new lessons learned in this way, although they could not believe me when I said that American army officers are forbidden to instruct the public on military affairs.

The four ranking officers in the Russian army today are a Grand Duke, an untitled nobleman from the guard, and two peasant sons from the army. No one denies that each of these is the best man obtainable for his place.

The Russian Imperial Guard is not unique. Prussia and Japan, other military powers of the first class, have similar institutions. Located in School House.

The headquarters of the guards' corps were located in a good sized town that could easily have furnished luxurious quarters for all the officers, if these were desired.

The headquarters proper were in a schoolhouse. One room was given over to the disposition of troops. Maps papered the walls, and the officers employed on this work slept in the building, so as to be immediately available in any emergency. They all slept on regulation camp beds, differing only in detail from ours.

Gen. Beaubienoff, commanding the corps, was the only officer to have a room to himself. He slept in his office. Another room was used for the provost court.

Youth Wins Coos. The room over the staff office is used as a dining room. Here at two long clothed covered tables sit all the officers from the general commanding down to sixteen year old Count Zamolski. The youngster has the rank of a non-commissioned officer. He is personal aide to the general and has won the St. George Cross of the second order for courage under fire.

The hour for lunch is twelve, for dinner 7.30, but as duties bring officers in at all hours of day and night, some one can be found in the dining room at almost any time.

The procedure at table is a mixture of formality and informality. Whenever the commander addresses any officers, that person rises and remains standing during the conversation. This applies as much to major generals as to lieutenants.

On the other hand, the young end of the table is as hilarious as an American college dining room. At any unusual burst of laughter the general stops his conversation and smiles down the table. Sometimes he asks the subject of amusement. He says it helps him to renew his youth.

Like College Sophomores. Upon one occasion he asked me if I was not reminded of a big school. It is a school---the school of the Russian army. How young those officers are! And how like our college sophomores, as they pour their milk from wine bottles, supplied by a solemn looking orderly who

Soap Is Bad For The Hair

Soap should be used very sparingly. If at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greasiness), and is better than soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

Before you buy another can of talcum, ask yourself this: Why is more Mennen's talcum used for babies than any other kind? Why is it the talcum doctors and nurses endorse? That there's no talcum like Mennen's is more than a mere belief handed down from one generation to another. It is a scientific fact that the Mennen formula produces powder that has the greatest antiseptic value, and the most soothing effect.

Marquard Asks for Release

It is understood that all major league clubs waived claims to Fitcher Marquard because of their unwillingness to pay the high salary which his contract calls for. Marquard declared his unwillingness to join the Toronto club and wants his unconditional release.

Marquard came to New York in 1909 when \$11,000 was paid to the Indianapolis club for him. He did not play much until 1911, when he began to develop, and the next year made a record by pitching nineteen straight victories. Last season he defeated Pittsburgh in twenty-one innings, the longest game ever played in the National League.

The New Yorkers also announced the purchase of Catcher Robert Schang from the Pittsburgh Nationals for the waiver price. He is a brother of Walter Schang, catcher of the Philadelphia Americans.

Umpire Punishes Manager

Kansas City, Mo., Aug. 24—Jack Hendricks, manager of the Indianapolis team, and Doyle, an umpire, engaged in a one-sided battle on Monday during the first game between the Indianapolis and Kansas City association teams.

Hendricks shouted from the bench and ordered Doyle to allow Hendricks to remain on the field. The umpire agreed.

May Decide Championship

A double header to be played on the East End League grounds tomorrow afternoon, commencing at two o'clock, will be an important event in the series as the results may decide which team will be champion. Three of the contesting teams are within fifteen points of each other and a win or loss will make a big difference in the standing. The first game is to be between the Glenwoods and Alerts and the second between the Nationals and Commercial.

Noted Amateur Boxer Killed

Lord Desborough, one of England's greatest sportsmen, has had the misfortune to lose another son in Lieut. G. W. Grenfell, 4th Rifle Brigade, who was killed in action on July 31. Hon. G. W. Grenfell proved himself a brilliant

scholar at Eton and Oxford, and he also made a big name for himself as a boxer. He won honors at Eton and twice represented Oxford against Cambridge in the heavyweight competition. He was also an expert tennis player and was twice called on to do duty for Oxford in the doubles.

Parsons vs. Hagan Tonight

Halifax Recorder—"I am in the very best of condition and I feel sure that I shall defeat Patsy Hagan Friday night," said Billy Parsons, yesterday, when seen at his training quarters. "I have been training hard ever since my last bout," continued Parsons. "I will weigh more and will not be drawn down so fine as I like to box in Halifax, they are such good sports. The management here has treated me right all the way. For these reasons I am glad to be back in your town."

Boston Bout

The feature next week at the Atlas A. A., Boston, will be between Ted Lewis of England and Jack Britton. In the semi-final, Walter Butler will meet Al Thomas of Philadelphia. In the preliminary Young Cooper of Providence will box Teddy N. Murphy and Mike Crowley, national amateur 135-pound champion, will box Charley Sheppard of New York. It will be Crowley's debut as a professional.

News of the Boxers

Steve Phillips, ex-national amateur bantam champion of the United States, is going to turn "pro." So is J. J. Sullivan, another ex-amateur champion.

Joe Choyraski is one of the old timers who cannot see where the present day boxers compare with the boxers of his time. "I have watched with interest the battling of the modern day fighters," says Choyraski, "and in my opinion the boxers know very little about the rules, and care less. Referees, too, pay little heed to the strict interpretation of the Marquis of Queensbury's rules, and, if a person watches closely enough, this will can be seen plainly."

"For instance, a referee will call two boxers together and inform them that they may hit in the clinches, but must break at his command. Now what kind of business is that? If a referee happened to favor one of the two opponents can you imagine what could happen to the other fellow? They must stop hitting and break at his command. If he favors he favors happens to be pounding the daylight out of his adversary, it is his privilege to allow the softer to proceed. But, on the other hand, if the proved boxer happened to be getting the worse of the hitting, the command to break would come immediately.

"Then, too, there is the rule dealing with counting out a boxer who has been felled. Ask a referee for a reading on that rule and he will tell you that unless a man gets on his feet within ten seconds he is out. And what is there, I ask, to show what second within ten the official is to declare a man out? He says, unless a man arises within ten seconds, the fight is over. And there you are. I say that if a man is struggling to his feet when 'ten' is tolled off he should be allowed to continue. But the average referee counts 'nine and out' which is not fair to the boxer, according to the rules.

"Let us take the average fighter of today. How many of them know the game? Comparatively few, I am safe in saying. A two-hand fighter is a revelation, and if the boxing fans will watch closely they will agree with me that there are fewer than three boxers who know all departments of the game. The average fighter learns one side of the business, and he works to death on perfecting that department. He may be a wonderful offensive man and no good on the defensive, and again he may block, duck and get away cleverly, seldom taking a blow, but at the same time his attack is weak."

Lieut. George Mitchell, a heavyweight boxer of France, who was knocked out by George Carpentier in a private bout in Paris a year ago last April, was killed a short time ago at the front by one of his own army's trench mortars. He had set the time fuse, and when it did not go off he went to fix another, when the first one went off, killing Mitchell and three others, and wounding many.

ATHLETIC

San Francisco Marathon

San Francisco, Aug. 27—Seventeen strong young men from different parts of the United States are going to run 26 miles and 882 yards on Saturday afternoon in the Olympic marathon. Exposition officials have selected an ideal course for Saturday's event. The start will be made on the track in the Exposition Stadium and the finish will be there as well.

New York's representatives will be Charley Foxe and Nick Giannopoulos, of the Melrose Athletic Association and Hugh Honohan of the New York Athletic Club. Bernie Wefers, an old-time sprint star and record holder, has Honohan in charge. Oliver Millard, who helped make athletic history with Hannes Kolehmainen, the recent National senior track meet, is the only local entry who can hope to give the visiting stars any competition. Millard is a cross country runner of ability.

SEVEN THOUSAND AT SEASIDE PARK

Patriotic Efforts of Lancaster and West Side Organizations Meet With Great Success—Continued Today and Tomorrow

The mammoth patriotic fair at Seaside Park will be a grand success from every standpoint, judging from the throng of pleasure-seekers who visited the grounds yesterday. The varied and interesting attractions were well patronized and a goodly sum was realized for the patriotic fund. Another record attendance is expected today as the weather is ideal for the sea shore attraction and tomorrow should be another big day.

The pile which is situated at the lower end of the park was the scene of much activity and merriment and the booths with their many curiosities were besieged with visitors.

Afternoon tea was served on the upper terrace by ladies of Brunswick Chapter, I. O. D. E., and a New England supper was spread in the pavilion overlooking the water.

A feature of the closing events of the night was a pie auction which, in addition to proving an occasion for much enthusiasm and fun, swelled the proceeds of the day to a marked degree.

A programme of patriotic airs and popular music was rendered by the Carleton Cornet Band.

An extensive assortment of prizes has been collected and will be awarded each day. Through the courtesy of H.

C. Groat, of the C. P. R., an engine was provided to bring hot water to the grounds whenever it was needed. T. H. Estabrooks provided all the coffee necessary, and G. E. Barbour Co., Ltd., furnished tea, and also supplied a man to make and serve it.

A detachment of No. 8 battery at the island was at the grounds all day long to maintain order. The Lancaster boys scouts were camped on the grounds to lend whatever assistance they could, and the St. Andrew's cadets volunteered their services and aided greatly in various ways.

One hour and a half of good, honest amusement was furnished to the children's races in the afternoon, not only to the tots but to the hundreds of adult onlookers. Rev. F. B. Hayward and Frank V. Hamm superintended this end of the programme, decided the winners and awarded the prizes.

The latter were donated by W. H. Thorne & Co., Ltd., and included dolls, teddy bears, baseball outfits, hats and so forth.

The winners of the races follow:

Girls—4 years, Greta Campbell, Gloria Logan; 7 to 8 years, Daniel Harrington; 9 years, William Tompkins, Charles Murphy; 10 years, Leo Gallagher, Leo Floyd; 12 to 13 years, Lloyd Knudell.

Boys—4 years, Cedric Belyea, Edward Thomas Mooney; 7 to 8 years, Daniel Harrington; 9 years, William Tompkins, Charles Murphy; 10 years, Leo Gallagher, Leo Floyd; 12 to 13 years, Lloyd Knudell.

Edward Walters won the prize in a little girl's lottery. The prize was her own handwork and she sold most of the tickets herself, realising \$14.60. Andrew Gregory won the gold watch on the punch board.

There is an indefinite list of prizes yet to be awarded, and others to be collected for during the other two days of the fair.

BRITISH SUBMARINE H-19 LAUNCHED

This Is Ninth of Ten Being Built at Quincy

Quincy, Aug. 26—The ninth of the ten British submarine boats building at the Fore River shipyards was launched yesterday. Her official number is H-19.

The launching was private, and the name of the sponsor was withheld.

Another boat will be launched today in spite of the fact that stories have been repeatedly circulated and published to the effect that some of the British boats have disappeared from the Fore River yards. It was said by people at the yards that all the British boats are still at the yards.

McCLARY KITCHEN WELCOMED BY WAR OFFICE

Matter Straightened Out—Correspondence From British War Department

The situation with regard to the supplying of field kitchens, as the gift of citizens and communities for the Canadian overseas forces, has been cleared up by correspondence with the British War Office. Some time ago word was received from Great Britain that the kitchens were not required, but this is said to have been due to a misunderstanding on the part of the War Office, that the kitchens were intended as gifts. The British war office supplies field kitchens upon the departure of the troops for France, but the Canadians who have not been remembered by their friends in this way, miss the use of them during the long period of training. In addition to this, the kitchen of the McClary type has baking oven, hot water heater and fireless cooking or thermos compartments, while the British equipment is adapted only for boiling or making stews, which the Canadian kitchens provide for equally well. The McClary type are built according to British standard military plans and there is no difficulty on the other side in securing parts or repairs. This type has been highly commended by the War Office.

The letter from the War Office to the Canadian High Commissioner's office in London, settling the matter definitely and officially is as follows:—
War Office, 6 August, 1915.
Dear Mr. Griffith:—
I am in receipt of your letter of the 29th July informing me of the desire expressed by various Canadians to provide McClary field kitchens for the Canadian contingent now in process of formation.
The war office has great pleasure in accepting this patriotic offer and I should be glad if you would be good enough to convey to the donors by whom these kitchens of this department for the assistance which they desire to render in this direction. As the McClary kitchens have already been inspected by us and has been favorably reported on, we should be glad if those supplied are all of this pattern.

In this connection I should explain that the war office read a cable from the militia department on July 28 inquiring whether we wished them to provide traveling kitchens, but as manufacturers in this country are now in a position to meet all our requirements, we replied that we would provide them. We did not at the time, realize that the kitchens offered were a gift.
Yours very truly,
U. F. WINTOUR,
Director of Army Contracts.

GLAD TO HAVE MORE MACHINE GUNS SAYS HON. MR. LOUGHEED

Acting Minister of Militia Lougheed today wired Mayor Pink that the department is still open for gifts of machine guns and all further subscriptions will be gratefully accepted. This is the official denial of the story published in the Standard recently that no more machine guns are required by the department.

REAL ESTATE NEWS

Transfers of real estate in St. John county have been reported as follows: Letitia B. and Alexander Crawford, et al. to Elizabeth G. R. Henderson, property in Simonds.
Annie L. and F. L. Peterson to William Rafferty, property in Union street.
In Kings county is recorded the transfer of a property in Hampton from J. A. Paul to Margaret L. Paul.

FINED \$10 IN A HEALTH BOARD CASE

Two Board of Health cases were disposed of in the police court this morning. James Connell, who was instructed to make certain alterations to his premises in the Market, failed to comply and was fined \$10. Miss Alice Cullinan was instructed to have sewer connections made to one of her buildings in Rockland road, and was given until next Friday to have the change made to the satisfaction of the board. Dr. J. Roy Campbell appeared on behalf of the board of health.

POLICE COURT

William Hanley appeared in the police court this morning to give evidence against Mary Romley, who is under arrest charged with assaulting him with a knife with intent to kill. He narrated the circumstances of the stabbing, after which the prisoner was remanded, Edmund S. Ritchie appeared for the defendant.

William Thomas, a soldier, who is held in custody on a charge of attacking a young girl, was remanded after some more evidence had been given. Magistrate Ritchie gave judgment this morning in the case of Cyril Moore versus Mary L. Truscott, who was charged with assault. He fined the defendant \$20, but owing to the fact that her husband is at the war and she has two young girls to look after, he decided to let the fine stand against her. R. G. Murray, who appeared in the interest of the plaintiff Moore, intimated that he would lay a charge of perjury against Mrs. Truscott.

Albert Dugie, arrested yesterday by Sergeant Scott on charge of begging in King street, was warned that he was liable to nine months in jail for that offence, and as he is indicted as escaping from the chain gang, he was liable to two years in Dorchester.

One man arrested on a drunkenness charge was fined \$8 or two months in jail.
William O'Keefe, saloon keeper, was fined \$180 yesterday afternoon on charges of allowing a drunken man on his premises and using threatening language to Policeman Dale.

COACHMEN'S CASE

Two cabmen, John Glynn and Philip Troesky, were fined \$20 each for going beyond the limit allotted to them in the Union Station. Policemen Collins and Roberts testified. Later they asked to be allowed to secure witnesses, as they had not understood the proceedings. Magistrate Ritchie said they should have done so before, but under the circumstances would leave the cases stand until Monday morning.

BETH McLEOD WITH ARMY IN ENGLAND

Letter to Friend Here Tells of Life at Shorscliffe Camp

The following letter from Beth McLeod, of North End, who is with the army in England, comes from Shorscliffe camp to a friend, Charles Long. He writes:
Friend Chas:
Just a line to let you know that I am still in the land of the living. As you can see by the above address, I am in the 12th Battalion. Just arrived back in camp after visiting the boys of the 26th Battalion, who are stationed at East Sandling, about two and a half miles from the trenches. I had the good luck to meet many of the boys from old St. Jack, among them several with whom you are acquainted, including "Bunker" Jones, who was in Highland dress, and believe me, he made a fine looking specimen of a Scotch soldier with his kilts on. He was invalided back from France after four months in the trenches. He is looking fairly well after his trying time, and is very anxious to get back to the front to have another crack at the Hun. "Bunker" just got back from Ireland, where he had the nerve to go to the front. He says they think a lot of a Scotchman in Ireland. I met Bert Gasner and Jim McFarland. They are on four days leave. Both are beginning to look like themselves again. The boys of the 26th are all looking as good as new. They are very anxious to get to the front. All the St. John boys are looking well.
I got several St. John papers from them. A St. John paper is very welcome here, as it seems to bring a fellow nearer home. Bob Turner is in Moore Barracks Hospital with a fractured skull. He is coming around all right. Well Charles, this is all for this time. Give my regards to all the boys and keep a good lot for yourself.
Yours sincerely,
BETH McLEOD.

R. K. Y. C. EVENT FOR TOMORROW AFTERNOON

A cruising race will be held tomorrow afternoon by the R. K. Y. C. from Millidgeville to Rocky Point under arbitrary handicap rules. The intention of the committee is to give the members a chance to indulge in the sport of racing under a handicap in which all the boats will have an equal chance of winning. The course will be as follows: Starting from Millidgeville at the usual starting line, leaving flag to port, then to a flag near McLaughlin's Point, leaving it to port, then to a flag off Brown's shore in Grand Bay, leaving flag to starboard and finishing off Rocky Point, leaving flag to port.

It is the intention of the committee that all boats anchor after the race and have a series of sports, such as swimming, dingy races, etc., and a non-fire and sing-song in the evening.
The entries for the race are as follows: Yagoband, Dr. M. McFarlane, Charles Elwood, Canada, F. S. Heans, Lovina, Harry Dunn, Ilex, Walter Logan, Wilmotte, Edward Holder, Tanahar, R. McLaughlin, Smoke, Ralph Fowler, Robin Hood, Sydney Stanton, Walter Williams, Ilex, George, George, Hellen, Scout, Gordon Holder, Mogli, Ernest Whippley, Wanderer, James Barnes, Craide M., William McLaughlin and the Edith, George Roberts.

DEATH OF MRS. PAULEY

The death of Mrs. Catherine Pauley, which occurred at her home, 84 St. James street this morning, will be learned with regret by a wide circle of friends. She was a woman of kindly disposition and was beloved by all who knew her. She is survived by three daughters, Genevieve, Alice and Jessie, of Massachusetts; and Joseph P. of St. Stephen; also one brother, John Flood, of St. John, and one sister, Mrs. Robert Ritchie of South Bay. Her funeral will take place Sunday afternoon from her late residence, Mrs. Pauley was the widow of Andrew Pauley, who was a prominent tailor here.

THE KENNEL SHOW

Plans are progressing well for the Kennel Club show to be held here this year from September 21 to 23. The net proceeds are to be given to patriotic purposes, under the direction of the daughters of the Empire, so that the more entries received, the greater will be the amount available to this end. Entries may be submitted to D. L. MacLaren, 101 Coburg street.

DELEGATES HOME

Local delegates to the Municipalities Convention, which has been in progress during the last few days in Fredericton, returned home last night and today. Among those who came home this morning were J. King Kelley, G. G. Murdoch and Dr. G. G. Melvin.

HAS QUALIFIED

Lieut. John R. Gale, teacher in Grade X in the High school, has returned home from Halifax, where he has been for the last few weeks taking a course of additional instruction in infantry training. He qualified for captain's rank, besides qualifying in the machine gun course.

Signs of the Times

Those attractive looking displays of standard goods you see from time to time in dealers' windows are "Signs of the Times."
Give them a second look and you will see that they are familiar friends who have been advertised in this newspaper.
Storekeepers are alert. They know you are interested in newspapers advertised goods.
They naturally want your trade so they show the goods that will interest you.
A healthy sign, isn't it?
