TORRENTIAL RAIN THREATENS HEAVY TOLL

EASTERN SECTION IS SWEEPED BY DOWNPOUR; NEARLY 4 INCHES HERE

Water Backs Up Over Railway Tracks and Washouts Are Feared; Highways Already Considerably Damaged

CELLARS FLOODED AT FREDERICTON

Strong Wind Denudes Trees; Telephone System Affected; Lancaster Land Inundated; Catch Basins Plugged and Some Streets Resemble Lakes

A TORRENTIAL downpour, which has continued almost unabated since about 8 o'clock last evening, has already done considerable minor damage throughout New Brunswick and other eastern sections of the continent, and threatens more serious results if it keeps up at its present rate.

While the railways so far have experienced little interruption or delay in their schedules, the water is flowing over the tracks in several places in the provinces, while the highways have received extensive damage due to the clogging of culverts and ditches.

At 1 p.m. today 3.98 inches of rain fell in Saint John. From 9 a.m. until noon there was a marked increase in the velocity of the wind along the coast. The storm was reported to be centred at St. Lawrence Valley.

Montreal and Quebec had one inch of rainfall. Chatham, 1.70; Halifax, 1.54; Eastport, 2.20; Boston, 1.61; New York, 1.5.

RAILWAYS CAUTIOUS

While the storm did not interfere to any great extent with traffic on the Canadian Pacific Railway in the New Brunswick division, water was over the tracks at several places, and apprehension was felt that if the rainfall did not abate, damage might ensue of considerable magnitude. There also was high water on the tracks between Fredericton Junction and Fredericton and on the Gibson branch.

SEVERE IN CITY

The storm was accompanied by strong wind, which lashed the rain through the trees, causing a heavy fall of leaves. City workmen were engaged in the squares and several streets this morning gathering up the debris.

LOCAL PHONE TROUBLES

While the long distance lines of the New Brunswick Telephone Co., Ltd., were practically unaffected, considerable local trouble was experienced, particularly in the business districts about the lower part of Prince William and Water streets, caused by the burning out of one of the Water street cables when it came in contact with an electric light wire.

LOWLANDS UNDER WATER

The heavy downpour started to back up in the marshlands along the Bay Shore in the vicinity of Taylor's Island, and this morning a temporary lake, varying in depth from one to four feet, covered a great stretch of the area. The Provincial Hospital marshland, as well as the J. A. Lively farm, and a large section of Herman S. Carpenter's property were inundated, while there was a slight flow over the farm land of LeB. Flewelling.

WATCHING DYKE

Mr. Flewelling, in talking with a Times-Star reporter, said that the dyke between the marshlands and the sea was undamaged, and he expected that the water would drain off in three or four days after the rain had ceased.

ROADS DAMAGED

The storm did a great deal of damage to the roads. Coming down from Public Landing in a motor car this morning quite a number of culverts were found to be choked and a torrent of water was pouring over the highway. At one place near Belyea's Point there was a great circular hole in the west half of the road, where a bridge or culvert had collapsed, leaving a hole that would cause the destruction of a motor car if it attempted to pass on that side of the road.

STORM TOLL 100

HAMILTON, Bermuda, Oct. 25.—Approximately 100 lives were lost at sea, off Bermuda on Friday morning, when the hurricane, which swept Cuba struck this region.

The British naval sloop Valerian and the British freight steamer Eastway both went to the bottom in the tempest. Only 19 men, including Captain William Usher, and one other officer, were saved when the Valerian turned turtle and sank.

AFLOAT 24 HOURS

Those saved from the Valerian were picked up by the British cruiser Capetown. The presumption is that they were afloat on the life rafts for at least 24 hours after the vessel sank as the Capetown did not leave port until Saturday morning.

SAINT JOHN MEN TELLED OF CIVIL SERVICE MEET

W. M. Campbell and J. R. Rolston Return From Ottawa

W. M. Campbell, of the Customs and Excise Department, and John R. Rolston, of the Marine and Fisheries Department, returned yesterday from Ottawa where they attended a convention of the Civil Service Federation of Canada.

Among the suggested changes in the Superannuation Act following a return of all moneys contributed without interest where the civil servant retires from service or dies without them or their beneficiaries participating in the benefits of the act.

WOULD AMEND ACT

The act is amended to provide that any period of prior service either in the Northwest Mounted Police, Royal Canadian Mounted Police, or active service overseas in either His Majesty's naval or military service or service with any of the Allied nations during the Great War, 1914 to demobilization, be deemed service within the meaning of the superannuation.

That the period during which civil servants may elect to come under the provisions of the act be extended for a period of one year.

That permanent employees of the Public Works Department and other departments who are paid a fixed yearly salary based on prevailing rates be permitted to contribute and to receive benefits from the act.

That the act be amended so as to provide that three years instead of five shall be the basis of the salary on which superannuation allowance will be computed.

INCREASE SOUGHT

Among several recommendations were the following: "That a general increase be allowed in all full time civil service salaries in regard to the increase in the cost of living since the pre-war period."

"After consultation with the representatives of the various organizations the committee finds there is such divergence in their respective organizations which have already made representations to the government and commission, which vary according to their respective needs, it is scarcely practicable for the Civil Service Federation in convention to fix an exact or blanket amount to apply equally to all branches of the service."

Head Crushed When Yacht Slips Back—Doing Well in Hospital

Fritz Sorenson, aged 70, employed as steward for the Royal Kennebec Yacht Club at the headquarters at Millville, was badly injured at 3:20 p.m. on Thursday afternoon, while sailing in hauling a yacht to its winter quarters.

Mr. Sorenson, with Grenville Ring, was at work in hauling out the motor yacht Savitar, owned by Gordon Holder, to the maine railway from the water, when she will be cared for during the winter months.

The yacht had been hauled a considerable distance from the water's edge and while the caretaker was working near the stern of the boat it slipped back and jammed his head.

Mr. Holder, the owner of the yacht, was present at the time and with Mr. Ring and others freed Mr. Sorenson and he was carried to one side unit unconscious and bleeding freely from the nose and ears as well as having his mouth badly injured. His appearance was such that those present believed that the unfortunate man had sustained a fracture of the skull.

CALL SENT TO CITY

A telephone message was sent to the city and in response Detective Powers and Biddlecombe along with Police Constables Gibbs and McBride and the city ambulance arrived on the scene as did also Dr. Stevenson. After rendering first aid Dr. Stevenson ordered the injured man removed to the General Public Hospital.

Mr. Sorenson recovered consciousness and after an examination it was found that there was no fracture of the skull and it is expected that the yacht club steward will be able to leave the hospital in a short time.

Mr. Sorenson resides at Cody's Station, when not engaged with the yacht club and the members of the club will be pleased to learn that their good friend "Fritz" is out of danger.

DECISION SOON IN INGWOOD APPROPRIATION

Judge LeBlanc's Award Looked for in Next Two Weeks

THE decision in the Ingwood case which has been awaited since the arbitrator, Mr. Justice Arthur T. LeBlanc, announced it as early in May last, will be rendered some time within the next two weeks, according to information obtained here on Saturday. The bill of the arbitrator was paid last week by the Ingwood Company and the N. B. Electric Commission for the Musquash development after both parties to the dispute over the value of the lands taken by the Hydro-Electric Commission for the Musquash development have been notified and the arbitration proceedings are in progress.

The claim of the former was for \$240,000, the commission having made a counter offer of \$29,000.

According to Horace Porter, of the law firm of Porter and Ritchie of this city, who is solicitor for the Ingwood Company, the arbitration proceedings are in progress and the commission having taken the water power area including lakes and the surrounding forest of land. The company claimed severance in addition to the value of the water rights on the area of 423,000 acres and already made surveys with a view of developing the property themselves.

ARBITRATION BEGAN 1924

Arbitration proceedings first began in 1924 with the late Mr. Justice Chandler as arbitrator. On the death of Judge Chandler, Judge LeBlanc continued the hearings as arbitrator, beginning on November 27, 1924. The proceedings were concluded in January, 1926 and Judge LeBlanc gave notice, in May following, that he was prepared to publish the award. The arbitration has been delayed because neither party to the dispute felt inclined to pay the costs of the arbitration.

The Ingwood Company at the first hearing took the issue of responsibility with respect to the Judge sitting on the case.

Associated with Mr. Porter as counsel for the Ingwood Company were the late Hon. Wm. Pugsley, K.C., R. Taylor, K.C., Hugh H. K.C., of Montreal, and the Commission was represented by Peter J. Hughes, K.C., of Fredericton, and J. D. Lewin, of Saint John.

GENERAL WOOD CONVALESCENT

Awaits Visit of Forbes; To Study Conditions in Pacific

MANILA, Oct. 25.—Governor General Wood is still incommunicado following his recent operation, but through a member of his staff he indicated that he did not know the date of the expected arrival here of W. Cameron Forbes, former Governor General. Mr. Forbes recently wrote to him relative to a contemplated trip throughout the Far East, including the Philippines and other Pacific islands, on a six-year tour.

Mr. Forbes recently cabled asking Governor General Wood to plan to visit the United States, saying he was anxious to arrive here before the Governor General's departure. It is assumed here that Mr. Forbes will go to China and Japan before visiting the Philippines.

Governor General Wood has announced that he plans to visit America early next year, and has indicated that he has no intention of resigning while there. He is rapidly recovering from his operation of three weeks ago, but is still confined to his home.

Cathode Rays Abolished By Scientists; Tube Does Not Penetrate Enough They Say

NEW YORK, Oct. 24.—The cathode ray, made available through the development of the cathode ray tube by Dr. W. D. Coolidge, assistant director of the General Electric Company's research laboratory, offers possibilities as a remedy for skin diseases, but it is of no practical use at present in the treatment of cancer and internal tissue diseases, Dr. Francis Carter Wood, head of the Crocker Laboratory for Cancer Research at Columbia University, said yesterday.

The ray has been investigated by H. M. Terrell, associate in physics at the laboratory.

The effects of the cathode ray correspond to those of unfiltered radium filtered through metal to eliminate the beta rays, he said. Scientists are trying to discover a ray with more penetration than the X-ray or gamma ray for the treatment of internal tumors and tissue diseases.

Dr. Wood pointed out that the cathode ray is apparently effective only superficially. It is composed of actual particles or electrons, which cannot penetrate deeply, whereas the X-ray and the gamma rays given off by radium are merely vibrations which liberate electrons within the body tissue, sometimes destroying the affected parts.

The cathode ray is a development in the field which scientists seeking a remedy for deep-seated cancer have virtually abandoned, Dr. Wood said. He was hopeful, however, that the principle worked out by Dr. Coolidge in securing his ray may be applied in developing a better X-ray.

Members of the New York Skin and Cancer Hospital's medical staff were of the opinion that the cathode ray is unlikely to prove of help in the treatment of skin diseases. Due to the different type of energy produced, it is considered possible that the ray later may prove more successful in the treatment of cancer than those heretofore used. Its value from a medical standpoint can only be determined through careful experiments on animals. It was said.

SAINT JOHN, N. B., OCTOBER 25, 1926.

THE LOSS OF THE VALERIAN.

Compared with the awful toll of devastation in Florida, Cuba and the West Indies the loss of H. M. sloop-of-war Valerian, with about eighty-four out of her complement of 100 ratings, is possibly a comparatively small matter.

It is, however, brought home to us in Saint John with particular force by reason of the fact that that man-of-war was our guest here only a couple of months ago.

Details of the wreck are yet lacking. A modern sloop is a vessel expressly designed to counteract the submarine. Submarines cannot yet operate in dirty weather, so possibly those destined to prey on her are not built to withstand storms of such extraordinary violence as that which sank the Valerian without a chance to launch her boats.

THE MUNICIPALITIES.

Last week saw the Canadian Board of Trade in annual convention in Saint John. This week will see that of the Union of New Brunswick Municipalities. Now that this city has in the Admiral Beatty a hotel offering every facility for conventions the number held here should increase from year to year.

It is a golden opportunity for us to make the Great Consuming Public realize that the fisheries of this country comprise one of Canada's foremost industries, that there is a glamour of romance connected with the production of fish that is unique and colorful, and that fish and seafoods of all kinds are tasty and health-giving.

A NOTABLE ARTICLE.

Mr. A. R. R. POEMS OF LOVE

"Wordsworth's Grave," by William Watson

OF OUR time, this is perhaps the noblest of the elegiac poems which have been written. It has that note of exaltation, that sublimity of expression so essential if the poet is to be worthy of his subject.

The old rude church, with bare, bald tower is here; Beneath its shadow high-born Rotha slumbers near.

His hills, his lakes, his streams are with him yet. Surely the heart that reads her own heart clear

Yet, led by hollow ghost or beckoning elf, Far from her homestead to the desert bourne,

To him and to the powers that with him dwell— Infowings divulged not whence they came;

The Somewhat which we name but cannot know, Even as we name a star and only from afar.

Not Milton's keen, translustrant music; Not Shakespeare's cloudless, boundless human view;

Not Shelley's flush of rose on peaks divine; Nor yet the wizard twilight, Coleridge knew.

What hadst thou that could make so large amends For all thou hadst not and by peers possessed,

Motion and fire, swift means to radiant ends; Thou hadst, for weary feet, the gift of rest.

It is a golden opportunity for us to make the Great Consuming Public realize that the fisheries of this country comprise one of Canada's foremost industries, that there is a glamour of romance connected with the production of fish that is unique and colorful, and that fish and seafoods of all kinds are tasty and health-giving.

Queer Quirks of Nature

An Alien Usurper in Our Midst

By ARTHUR N. PAKK

ABOUT the year 1890 some well-meaning but misguided person, with that combination of genius and indifference to consequences which characterize those who persist in mixing fables, brought a few starlings from Europe.

North America already had some 1200 species of birds native to its shores and had just begun to realize that the English sparrow, brought from the same country,

with, and in many cases defeating, our own native species. Our woodpeckers and other hole-nesting birds have been the chief sufferers, and many have been dispossessed of their hard-earned homes by these aliens.

There has, of course, been some competition for food in the case of many of our ground feeders, but so far apparently there has been enough for all. But the bird lover dreads to look forward to the time when this loud-voiced wanderer from overseas may take the place in our suburban groves of the beautiful red-headed woodpecker.

DINNER STORIES

A MAN took home a booklet on Esperanto, and during a meal a guest regaled the party with extracts pronounced according to the instructions supplied.

At last there came a strange-sounding word, evidently pronounced with great difficulty.

"Is that really Esperanto?" asked the host, innocently.

"No," was the reply; "a fishbone."

ALONG the country road walked a man and a woman. The latter was bullying the meek little fellow, who trudged in front of her with downcast head.

Suddenly the woman saw a bull racing down the road behind them. She took refuge in the hedge, but her companion kept on, unconscious of everything but his woe.

The bull caught up with him and sent him splashing into a muddy ditch. Then it continued on its wild career.

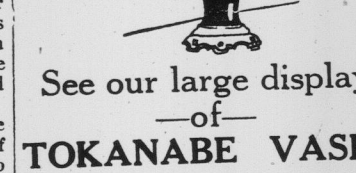

As he crawled out of the mire he saw his wife coming toward him. Picking up a little courage, he whimpered: "Maria, if you hit me like that again you'll really get my temper up!"

ON HIS tour of the district, a school inspector came before a class of girls. He wrote upon the blackboard, "XXXXX." Then, peering over the rim of his spectacles at a good-looking girl in the first row, he said: "I'd like you to tell me what that means."

"Love and kisses," the girl replied.

EYE trouble can be cured by eye exercise, says a physician. Eye exercise sometimes results in other troubles, however.

SPECIAL SERVICES MARK 135TH ANNIVERSARY OF CHURCH HERE

DR. MCKINNON IS SPEAKER AT QUEEN SQUARE

Plea Is Made for Workers by Prominent Visiting Clergyman

MUCH OF INTEREST FROM CITY PULPITS

Feature and Visitors Preach on Topics of Importance

Expectations of great feeling and devotion were delivered by Rev. Dr. Clarence MacKinnon, principal of the United Church of Canada, in his sermon in Queen square United Church yesterday as the congregation commenced the celebration of the 135th anniversary of its founding.

Rev. H. C. Rice, pastor of the church, conducted the services and throwing congregations were present both morning and evening. The music was splendidly instrumental and was given under the direction of Mrs. Blair McLean, organist.

Dr. MacKinnon was introduced as former Moderator of the Presbyterian church in Canada and first president of the Maritime Conference of the United Church. He extended congratulations to the congregation on the passing of another milestone in a long avenue of splendid service and referred to the pride and joy in the Lord which had inspired those early founders of 135 years previously and of the necessity for similar qualities to inspire the people of today.

His morning text was "We have left all and followed Thee." He pointed out that the cross of Christ which goes before His followers in this world is the symbol of the renunciation of the world which is required of them and he showed how in different ages martyrs, monks and missionaries had left all and followed their Master.

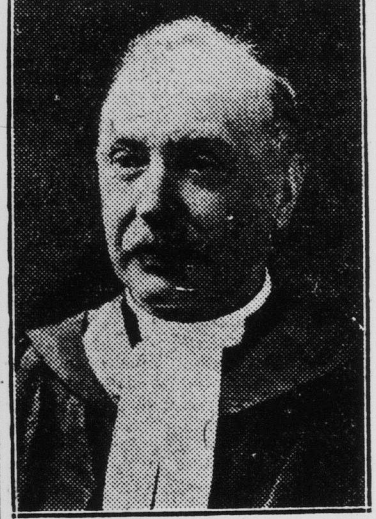

In modern days renunciation of the world for Christ was typified by the missionaries and Dr. MacKinnon stressed the fact that a terrible responsibility rested upon the people of today to carry the principles of Christianity throughout the world and into every phase of daily life. He stressed modern inventions had brought the ends of the earth together as never before.

MAKES STRONG PLEA In face of the great challenge of today, he said, there had come a disheartening news that the United Church had not enough men for her work. In this conference these congregations lacked ministers and there were 50 vacancies in the United Church pulpits. He closed with a passionate plea for men to enlist in the service of Christ.

In the evening Dr. MacKinnon spoke of the attitude of the churches in the Old Country to the United Church of Canada. With Rev. Dr. Endicott, moderator of the general assembly of the United Church, he had visited the Old Country this summer as representatives of the United Church. He found overtures that a great interest was taken in the United Church because of its significance from the imperial viewpoint. Since the Empire must be knit together by sentiment and sentiment is based upon ideals and ideals are founded upon religion, the movement in Canada in the uniting of three great church bodies was watched with close interest. That movement was also of special interest in the Old Country because both in England and in Scotland there were important church unions on the verge of consummation.

In England the various branches of the Methodist church had practically decided upon uniting as one and within a few years that union would be complete. At the same time in Scotland

REV. DR. CLARENCE MCKINNON of Halifax, who was the special preacher in Queen Square church Sunday in connection with its 135th anniversary.

The Established church and the United Free church had both decided to join as the United Church of Scotland and this union would be carried out during a short period of time. Because of the action they contemplated these great church bodies in the Old Country had another very special interest in the United Church of Canada.

GREAT OBJECTIVE Viewing all of these unions accomplished or about to be accomplished Dr. MacKinnon declared that it seemed to him that the Lord was marshaling the branches of His army as though to reach some great objective in the solution of international problems and bringing into harmony the nations of the world.

White overseas Dr. MacKinnon attended the committee of the Methodist Ecumenical Council and the meeting of the Congregationalist Union as well as the convention of the Calvinist Methodist Church of Wales and spent a few weeks in Scotland, visiting churches there.

Individual Jesus Christ. The defence of Christ was the defence of His deity. The defence of His deity was the defence of a fact, the resurrection. Peter made the problem of the 20th century the problem of the 1st. Christianity was not a system of truths to be reasoned out. It was an historic fact and the witnesses must be interrogated.

He said "Christianity was an historic religion. It was based on fact. The fact of the resurrection. The resurrection and its institutions were a permanent witness to a risen Christ. The documentary evidence would be considered, and a court of justice. Paul's credentials were adequate. He was honest, trustworthy and sufficiently well informed. His testimony was consistent with the oral tradition of the church and the written records of the church had with profane history. The 500 witnesses whom Paul quoted were adequate. They lived near the scene. They saw Christ singly and in groups. Their interviews were lengthy. Some of them were not deceived. Unbelievers rather than credulous deceivers they were. They could not have written such a beautiful biography of the Christ. The empty tomb was guaranteed that the disciples were not deceived. The only explanation of the biblical narrative was that Christ rose from the grave. A risen Christ was the subject of preaching, the object of worship, the guiding principle of church policy, the bond of union, the inspiration for service and the hope for eternity."

LARGE ENROLLMENT Rev. James Dunlop speaking in Charlotte street Baptist church yesterday said that he took no credit for the suggestion that a new organ should be procured for the church. The organ was procured there would be structural alterations that would make it the finest in the city. He also announced that on the previous Sunday the Sunday school enrollment had reached the highest point in the history of the church, while yesterday an additional 40 had been added. He spoke of the gratification of the fact that the school room had been filled at the Wednesday night prayer meeting.

At St. Andrew's In St. Andrew's Kirk last evening the pastor, Rev. J. S. Bonnell, had as his subject, "The Disciples." He read the text, "Tell the disciples and Peter" (Mark 16, 7). The Apostle Peter was had touched the very bottom of despair when he reflected that he had denied his Master. "Mary Magdalen, 'The Resurrection,' and a special word of comfort for the broken hearted. From that moment Peter became transformed, the coward became a hero, the broken reed a pillar of granite.

Rev. Mr. Bonnell gave a description of the traditional account of the ministry of Peter in Rome and told of the Calcoombs in vivid, descriptive language the picture of the Roman arena of Nero's day and the awful spectacles of the Christians being torn apart by lions.

In the hour of trial, Peter was prevailed upon to rest, but on the Appian way he met the risen Christ, and Peter asks Him, "Quo Vadis, Domine?" and the Master replied, "I go to Rome to be crucified again because you have deserted My children." Peter turned back to Rome and martyrdom.

Rev. Mr. Bonnell made a strong appeal between the early days of Christianity and the timidity of modern professions of faith and made a strong appeal for the old heroic spirit of the early Church. There was an exceptionally large congregation and the service a solo was nicely sung by Mr. Bewick. An anthem by the choir followed, with Miss Linda Thompson at the organ.

At St. James' Rev. Canon G. Osborne Troop, former rector of St. James church, was the special preacher at the Thanksgiving services in the church yesterday which marked the close of the observance of the 75th anniversary and by a curious coincidence today is the 44th anniversary of Canon Troop's entry upon his duties as rector of that church.

He delivered stirring sermons full of feeling about the past and recalled the people who were in the congregation when he had come there in 1852. He congratulated the present congregation on the redecorated and renovated building. His morning theme was "Till He Come." In the afternoon he addressed the children of the Sunday school at a service in the church and a baptismal service was held afterwards. The church had never been more attractively trimmed.

The thank offering received yesterday is not the complete total as the Young People's Society is to make proceeds of its recent entertainment and returns are not all in.

At Exmouth St. In Exmouth street United church yesterday it was announced by the pastor, Rev. E. E. Styles, that a meeting of the united boards of the church held during the week had received a very gratifying report that all indebtedness incurred prior to the current church year beginning on April 1, had been paid in full. A special canvass of the congregation had brought this very pleasing result.

The members of the board were confidently looking to the liberality of the people to wipe out the overdraft. Mr. Styles also announced that the congregation's special offering for the New Brunswick Protestant Orphanage would be taken on the last Sunday in November. He told of the steps being taken in preparation for the celebration of the 70th anniversary of the church next February.

Religious Education Rev. J. C. Robertson, D.D., of Toronto, secretary of religious education for the young people and the Sunday schools of the United Church of Canada, is in Saint John to attend the inter-denominational institute for Sunday school workers which is to be held this week in the Germain street Baptist institute under the auspices of the Saint John County Religious Education Council.

Dr. Robertson was heard in forceful addresses in city churches yesterday. He was the preacher in the Carleton United church in the morning and in St. David's United church in the evening. In the afternoon he addressed the Sunday school of the United church in East Saint John.

He is a native of this province and was born in Hampton. He studied at McGill University and on entering the Presbyterian ministry his first pastorate was in Milltown, N. B. He was for 21 years religious educational secretary for the Presbyterian Church and now holds that position in the United Church.

SPEAKS TO CHILDREN. In speaking to the children in the Carleton United church he told them that he had been in a Sunday school in Winnipeg where the pupils represented 40 different nationalities and spoke different languages but for the hymns, the Bible reading and their games English was the common language between them. To impress upon the children the vastness of the Sunday school enrollment of the United Church in Canada, he told them that if he addressed one Sunday school each Sunday in would take him 125 years to speak to all of the schools now existing. The text of his sermon to the

adult congregation was "Feed the flock of God which is among you."

Visiting Chinese Rev. Dr. W. D. Noyes, of Toronto, superintendent and secretary of the Eastern Canada Chinese Mission, reached the city on Saturday night on his way to Halifax. He had come from the Chinese convention in Philadelphia where he had represented the Canadian church and where he preached in Cantonese in Chinatown.

Dr. Noyes was born in Canton, China, and his father was a Presbyterian missionary there. He has been in Saint John on several occasions and yesterday he visited the Chinese Sunday school class of Trinity church in the Church of England Institute. He spoke to the teachers of the great work they are doing among the Chinese in this city, and said he had visited the Chinese in Saint John on Saturday night and found that good work was being done among them. He had been given a great welcome. Dr. Noyes attended the Central Baptist Sunday school class later and spoke to the Chinese there in their own

language. He said while some of the Chinese in Saint John are not yet baptized they are trying to live a Christian life. He will visit them today in the city, Fairville and West Saint John and then will proceed to Halifax.

The Eastern Canada Chinese convention will be held in Ottawa from Nov. 6 to 8. There will be no delegate from Saint John this year, it is believed.

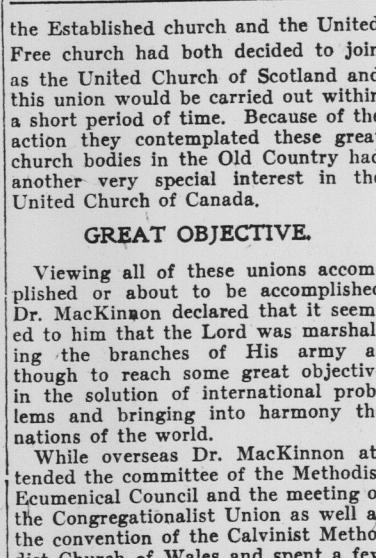

SPEAKS ON BIBLE Rev. A. D. McLeod preaching in Carmarthen street church last night delivered a forceful address on the Bible. He emphasized that as the Bible was God's Book, it was impossible to kill it. He strongly emphasized the importance of supporting the Bible Society on account of the wonderful work it was doing in publishing and distributing the Word of God in different parts of the world. He advanced seven reasons why we know the Bible to be the inspired word of God: First because of the men who wrote it; second, because of its unique character; third, the fulfillment of practically

every prophecy; fourth, the testimony of science and sociology; fifth, the testimony of its enemies; sixth, the power the Bible exerts in the world today in individuals and nations; and seventh the intractability of the Bible.

Princess Bonaparte Is Dead In Italy ROME, Oct. 25.—Princess Lactitia Napoleon Bonaparte, widow of the first Duke of Aosta, died today. Death occurred at the Chateau Confalon, near Turin. She would have been 69 years old in December.

The Princess was an aunt of King Victor Emmanuel, and a sister of Prince Jerome Napoleon Bonaparte, who died some time ago in Brussels.

CHINAMAN ASSAULTED. MONCTON, Oct. 24.—Godfrey Hebert and Gurney Hope were arrested here Saturday, charged with assaulting and beating James Hoy, a local Chinese restaurant employee, late Friday night. One eye of the victim was badly bruised and discolored and his nose was also quite badly injured.

The Kitty-Katy Letters Confidential Communications Between Two Charming Girl Friends—One Married DEAR KATY:— You must not think that I intended to stir up any trouble between you and Jack. It may not have been "your" Jack that was in love with that girl in Fredericton, although Tom says he's sure it was the same boy. And Jack is in Fredericton now, isn't he? But there, I suppose he has forgotten his old "name" long ago. Anyway, a young college boy must sow at least one wild oat or two, mustn't he? They all do, Tom says. About that furniture, I suppose that you know that well as the other rooms of the home. You spend most of your time in the kitchen, so why should not things be ornamented as well as useful? Be sure you inspect the latest designs in kitchen cabinets. You may want one of those marvelous electric stoves, too. I understand that they cost only from \$40 and they consume very little current. Or perhaps a gas stove like Mrs. Smith's. Lovingly yours, KITTY. NOTE—Kitty! Kitty!! Kitty!!! why all those nasty slams about a girl in Fredericton? Are you trying to part Katy and Jack? What is the matter with you? Wait until you get Katy's letter tomorrow, she'll tell you where YOU fit. (Reply in Times-Star Tomorrow)

The American Cult of Girl-Worship, in Which Everyone Kow-tows to the Pampered Daughter of the Family is Unfair to the Other Children and Works Untold Harm to the Girl Herself.

A YOUTH complains to me of the partiality that his parents show to his sister. He says that he has to go ababy in order that sister may walk forth in silk attire, and that every time he asks for a new suit it is denied him because sister has to have special party frock, or the latest thing in sports wear. He never can have the use of the automobile because sister monopolizes it, and he can't even go to college because it takes so much money to keep sister going with the right set.

DOROTHY DIX

The lad thinks his isn't fair, and that his father and mother are not giving him a square deal, and he wants to know why he isn't just as much entitled to good clothes and his share of the family car and income as sister is.

Of course, the boy's position is unassailable. Parents should not play favorites among their children. But it is one thing to have rights and another thing to be able to collect them, and I am afraid that he is going to have a hard time making his parents see that we should have, at least, a domestic democracy in which girls and boys are born free and equal, and are equally entitled to dip into the family purse.

For in this country the quaint custom of girl-worship obtains. Just as in China and Japan ancestor-worship prevails, and the tablets of their ancestors and burn incense before them, so in America do we kowtow before our young girls and burn up our money in their honor.

IN THE average American family there is never the slightest question as to who is the most important member in it. It is Sally. Nor is there any debate as to who has the divine right to the best of everything. It is Sally. Nor would any one think of rebelling against her tyrannies and impositions. Such an idea would be considered little less than blasphemous.

Sally must have the best room in the house, and when she has company every one must gumshoe by the door so as not to disturb her. Sally's mother and father may be people of importance in the outside world, but at home they are groveling slaves who take their cue from Sally, and, in the slang of the day, let her tell them where they get in and off.

This cult of daughter worship pervades every branch of society. In poor homes you see the whole family sacrificed to Sally. Mother sits up half the night making Sally pretty parties and furbies, or washing out her gossamer lingerie. Mother not only gets up and cooks the breakfast but brinks husky Sally hers on a tray. Mother's hands are sodden with dishwater and rough from the tubs, so that Sally may be soft and pink and manicured.

MOTHER never has a new frock, so that Sally may have a dozen, and father grows daily more bent and tired in order that Sally may go on trips or have an automobile, and keep up with girls richer than she is. The little brothers and sisters have only such crumbs as fall from Sally's table, and sometimes these are poor pickings, because mother cuts down on the table to pay Sally's bills.

Among better-off people it is Sally who changes the whole order of living when she comes home from school. It is Sally who cuts the family from its comfortable old home, among old friends and neighbors, and moves them onto a fashionable boulevard among the people who don't want to know them. It is Sally who corrects mother's grammar and father's manners until they are afraid to move or speak in her presence. It is Sally who drags them in the Vatican talking about the new bathroom with built-in tub that they have put in their home in Squeadunk.

BUT they never think of rebelling against Sally, or of refusing her demands, or of deposing her from the throne she has wished on herself. They just go on, fanatically beating their heads on the ground before her, and letting her walk all over them.

Why this blind adulation of Sally, nobody knows. Perhaps there is this much selfishness in it, that parents have a belief that the more of a goddess they can make a girl, the more desirable she becomes in the eyes of a suitor. Also, they know that fine feathers make fine birds, and they think that the more they doll a girl up, the better chance they have of marrying her off.

And, without doubt, in the mothers' minds, is the pitiful thought that life is hard on women, and that they want to give their girls as nearly a perfect gift as they can, so that they may have, at least, the memory of a little time that was carefree and full of pretty clothes and laughter and dancing.

BUT all of this worship of Sally isn't fair to the other children, and it works untold harm to Sally herself. For it gives her a false idea of herself and her own importance. It inflates her ego and cultivates selfishness in her, and it is the poorest of all preparations for the real life in which we must all give and take and make our share of the sacrifices.

It is these pampered daughters who rush to the divorce courts when they find out that their husbands refuse to be the slaves to them that their mothers and fathers were.

Girl worship is a poor religion. Let's organize a missionary crusade against it!

LYA DE PUTTI, the spectacular young siren from Berlin, is about to be put through the popularity mill by the domos of filmdom.

Which is to say that they will present her in so-called "sympathetic roles."

Disturbing as it may be to one who hears constant references to "art" and "betterment" in the movies, the idea of "selling" an artist to the public and "making her sympathetic" still obtains.

Thus the lovely Lya made her first imprint upon the American audiences through a German made picture, "Variety." In this she captured the illusive quality, referred to as sex appeal, in a fashion never before seen in the pictures.

With none of the usual vampire agonies or makeups, she became a most human and believable siren. Somehow the gods of the movie machine seem quickly to forget what happened to such an actress, for instance, as Poli Negri. She came from Europe under much the same circumstances. She had played with Emil Jannings, and, being recognized as an artist, was given a fat contract.

She, too, was ground through the star system mill and has done little worth mentioning since. I believe some eleventh hour effort at resuscitation is now under way.

The story of how artists have been slain by movie stories and robes is no new one. There is the case of Renee Adoree, an artist acclaimed by 75 per cent of the critical press. Her work in "The Big Parade" needs no introduction. In "In God's Hands" she walked completely away with a picture starring Tom Meighan.

Yet she continues to be used on ordinary program stuff. I asked about the plans for her at the studio recently and was told: "Yes, we know all the critics like her. But she's so hard to get pictures for."

Which seemed to me a terrible admission for a concern that boasts a huge scenario department.

Fashion Fancies.

Many of the new Paris frocks do interesting things with their skirts. We see amusing little flat pleated frills that cross over at the front, and we see skirts tiered or partly tiered.

SEE-SAWING BROADWAY

IT IS one of the many paradoxes of the city that New York, which tears down its landmarks and erases without hesitation its historic spots, also celebrates, upon the slightest provocation, the birthdates of its many traditions.

Thus, passing along one street I note the historic "Spanish flats" surrendering to the wrecking crew, while Broadway makes ready for a pageant, and the waterfront flies banners in celebration of the completion of the Erie Canal by which the Hudson and Buffalo became linked and water commerce to the west was opened to the port of Manhattan.

JUST back of Greenwich Village a little city of 20,000 persons or more is thrust overnight into the streets, while business places and dwelling places are torn down to make way for a subway extension.

Whole blocks will vanish within a few weeks and one of the most colorful sectors of "Little Italy" will pass, that subway trains may roar and rattle their way below the ground.

For weeks the streets have been alive with chatter as the former children of Naples and Sicily protested and frantically went about in search of new tenements. Pushcarts have crowded the street, piled high with furniture, babies and provisions.

The activities have been communal. Family groups unite to help another group get moved. Four and five families are moved during the night after Giuseppe has finished his day's toil. None can afford a mover's van. The cost of a single hour is more than most of the pushcart criers make in a day.

Merchants go about with forlorn looks upon their faces. Businesses that have taken their years to build are wiped out as though by fire. There's nothing to do about it but wring their hands and look about for a spot to start all over.

But Manhattan is too big, too busy to think about such things. The cry for speed and service is heard above all other sounds of the city.

Twenty thousand people - a very comfortably sized little city - must start life anew, just as though a hurricane had swept across their path and, by some miracle, left lives and possessions intact.

Warms More Air Than Heaters Twice Its Size

What you see when looking at the wonderful IDEAL VECTO Warm Air Heater is its stylish jacket of pearl-lustrous, porcelain enamel. The heat-fins are inside. Open the ash-tight door - study the mass of ribs or pleats - which arrest and rub every particle of heat into the fast-flowing stream of gently warmed air, sent to all rooms.

VECTO gives constant warm-air circulation - not "spotty dead-air" of old-way! Burns coal, coke, wood, cuts bills. Next to Ideal Hot Water Radiator Heating, VECTO is best for heating small buildings, single flats and cottages. Made in one size only, for use in buildings of not over 6000 cubic feet contents. \$99 (freight extra). Manufactured at Toronto Plant. See it, at your dealers, today!

Removing Dull Film Essential for Clear Teeth, Healthy Gums

The FILM ON TEETH to Which Many Serious Tooth and Gum Disorders are Ascribed

THERE is a film that forms on teeth, according to present-day dental findings, which does not yield to ordinary means of brushing, yet which invites serious tooth and gum disorders. This film can easily be felt by running one's tongue across the teeth; a slippery sort of coating.

Film absorbs discolorations from food, smoking, etc. That is why, according to leading dental opinion, teeth look dingy and "off color."

Film clings to teeth, gets into crevices and stays. It invites and breeds the germs of decay. And that is why it is judged so grave a danger to the teeth by authorities.

Film is the basis of tartar. And tartar, with germs, is the chief cause of pyorrhea. That is why regular film removal is urged as probably first in correct gum protection.

Most dental authorities urgently advise thorough film removal at least twice each day. That is, every morning and every night.

For that purpose, obtain Pepsodent, the special film-removing dentifrice which leading dental authorities favor. Different from any other tooth paste.

Pepsodent curdles the film, then removes it; then polishes the teeth in gentle safety to enamel. It combats the acids of decay and gingivitis.

BUFFALOES SENT TO ZOO IN SCOTLAND

Two buffalo cows left Montreal last Friday on the Donaldson freighter Carnia for Glasgow. These animals, which have been shipped from Wainwright, Alta., by the Department of the Interior, are destined for the Zoological Society of Scotland and will probably end their journey in Edinburgh.

The shipment is the fourth sent across the Atlantic in two years. Two buffaloes, together with three Rocky Mountain goats, and three Rocky Mountain sheep, left Montreal last November for Haver on the S. S. Brant County, consigned to the National Museum of Natural History in Paris.

In March last year three buffaloes left Saint John for South Africa on one of the Elder Dempster ships; and in November, 1924, two buffaloes were shipped to the Zoological Society of Scotland on the S. S. Parthena.

THE RHYMING OPTIMIST

By Aline Michaels

Once I was young and so I know this wonderland you own, for once - oh, very long ago - I dwelt in that Arc. Full well I know its golden ways where countless blisses flower and all the fleeting nights and days show not one joyless hour. I, too, have trod enchanted ground, breathed air as sweet as wine. I, too, in youth's sweet realm have found a rapture half divine. And so I feel a tenderness as boundless as the sea for all this hope and eagerness, this trust and ecstasy. I never see youth's shining eyes agleam with starry light but that dear memories arise from days of past delight. Once I was young - oh, long ago - and so I share today are joys of youth, its ardent glow not wholly passed away.

WHEN money talks it usually says "I have wot."

HOME NURSING CLASSES IN V. B. INCREASED BY 8

Miss Lawson and Miss Barrington Visit Various Places in Province

Returned from a two weeks' tour in the northeastern section of the province, the Junior Red Cross supervisor, Miss Jessie I. Lawson, and the organizer of Red Cross home nursing classes, Miss S. A. Barrington, report splendid achievements.

The Junior Red Cross branch at Flatlands was visited and then they journeyed to Jacques River, where Mrs. Paul Doyle is to organize a Junior Red Cross branch and where, through the co-operation of the C. W. L., with Mrs. Doyle's help, a home nursing class is to be formed.

Chatham was next visited, where arrangements were made for home nursing classes to be held in the winter at the Hotel Dieu through the kind co-operation of the sisters.

Newcastle was the next centre visited and there two Junior Red Cross branches are to be formed in connection with the home economics classes of the vocational school.

Four of the home nursing classes were formed in Moncton. Two are for employees of the Atlantic Underwear company, Ltd., one class being composed of the French speaking members and one of the English speaking members.

Dr. Richard is much interested in the classes and has already addressed the French speaking group.

The eighth home nursing class was formed in Moncton.

BEAUTY WHO WAS BEATEN

Kathryn Ray, "America's Most Beautiful Girl," was mercilessly beaten by fists in the New York apartment of Norma Terris, with whom she once played in "A Night in Paris." With them was George Price, actor. Attorneys, of course, mouthed about the embargo, intimate court action will ensue.

formed at Lower St. Mary of Barber Point among Women's Institute members and will be taught by Miss Barston, an overseas service nurse.

TRAVELED 860 MILES. In their recent trips through New Brunswick the two Red Cross workers have traveled 860 miles by automobile and much longer distances by train.

In the home nursing class organization New Brunswick during September had an enviable record. There were 81 classes organized throughout the Dominion and of those 31 there were 16 organized in this province.

THE MISTAKE OF ROME. The world's greatest vialling force is natural foods. Rome conquered the world through the strength of nerve, brain and brawn obtained by her diet of fruits, vegetables, Roman Meal, milk, and other natural foods.

AT NEWCASTLE. Newcastle was the next centre visited and there two Junior Red Cross branches are to be formed in connection with the home economics classes of the vocational school.

Dr. Robert D. Jackson, once a physical wreck, has, by proper diet, not had even a cold since he was 55, and he is now 67; a simple diet of milk, fruits, vegetables, Roman Meal, milk, built up his resistance and will do the same for you.

COUNCIL FIRE OF BOY SCOUTS MUCH ENJOYED

One Hundred Boys Take Part—Edith Ave. Troop Wins

The Annual District Council Fire was held on Saturday at East Saint John Grounds when upwards of 100 Boy Scouts were present. The affair was very successful, the boys gathered for the talking grounds at 2:30 o'clock. They proceeded to clear away the spaces allotted to them.

Miss Mary Murray was hostess at a delightful arranged drawing room tea on Saturday afternoon at the residence of her grandmother, Mrs. John McMillan, Germain street. Mrs. Murray, wearing periwinkle blue crepe and a corsage of sweet heart roses effectively decorated the room.

It is planned to hold the winter course for Scout Masters beginning Saturday evening, Nov. 13, at 7:30 p.m. The winter course will be held on Saturday evenings, from Nov. 13 to Nov. 19 inclusive. Asst. Dist. Comm. Choppin will be in charge of the course and it is expected to be one of the biggest yet.

RALLY DAY IS HELD AT KNOX S. SCHOOL

Good Program Given by Scholars on Sunday Afternoon—Large Attendance

Knox Presbyterian Sunday school held its annual rally day service yesterday afternoon in the church auditorium with an unusually large attendance. The program prepared by the Board of Sunday schools of the Knox department, "What We Will Do," was given by the children.

MARIE AT GOTHAM ATTENDS CHURCH

Is at Luncheon, Art Gallery, Reception and Opera Performance

NEW YORK, Oct. 25.—Queen Marie was in the city yesterday, attending church, luncheon, art gallery, reception and opera performance. The Queen declared for buying a picture for her son-in-law, the King of Yugoslavia, and after some consideration decided on "Sunset," a large vivid canvas showing a troop of happy, laughing people going home under a glowing sky. It cost four thousand dollars.

REDS OUST TROTZKY

MOSCOW, Oct. 24.—Leon Trotsky and Leon Kamenev have been ousted from the all-powerful political bureau of the Communist party. Gregory Zinoviev has been expelled from the Third Communist International.

Social Notes of Interest

Mr. and Mrs. Frederick C. Mortimer entertained at a delightful dinner on Friday evening at the L. M. Club in honor of Mr. Holroyde and Mrs. Roden, both of Montreal.

Mrs. F. M. Scandors was hostess at her home in King Street last Friday afternoon at an informal bridge of four tables, the house being prettily decorated for the occasion with Halloween colors and African marigolds.

Mrs. Roland Skinner entertained at her home in Duke street on Thursday afternoon at a charmingly arranged luncheon bridge in honor of her guest, Mrs. Percy Bling, of Moncton. Covers were laid for eight and after lunch bridge was enjoyed in two tables, Mrs. George Scarborough being the lucky prize winner.

The home of Mr. and Mrs. Robert Cosman, 288 Waterloo street, was the scene of a merry party on Friday evening when about 100 of their friends assembled under the convership of Mrs. Cosman.

Mrs. George D. Scarborough entertained informally at bridge on Wednesday evening at her home in Cambridge street, in honor of Mrs. Percy Bling, of Moncton, who was the guest of Mrs. Roland Skinner.

Dr. and Mrs. V. D. Davidson were congratulated on the birth of a little son, which took place in Saint John Infirmary about midnight on Saturday.

Mrs. Percy Bling, who has been the guest of Mrs. Roland Skinner and Mr. Skinner at their home in Duke street, returned on Saturday to her home in Moncton.

Mrs. Gordon Sanction, who is recovering from an operation in the Saint John Infirmary, spent the week-end in Woodstock as the guest of Mrs. Hugh Mackay.

Mr. Frederick C. Mortimer, accompanied by Mr. Holroyde and Mr. Roden, both of Montreal, left on Saturday for Halifax.

Major and Mrs. J. S. Scott, of Fredericton, celebrated their thirty-first wedding anniversary on Friday by motoring to Saint John, where they spent the day.

Mrs. John McLauchlan and Miss Beattie McLauchlan, of Woodstock, spent a few days in Saint John last week. The guests were Mrs. Roy Schofield, Mrs. C. B. Doolittle, Mrs. Shirley Ellis and Miss Lois McDonald.

Dr. and Mrs. J. H. Barton, Mr. and Mrs. Frederick Lewis and Mr. M. W. Parke have returned from a motor trip to New York and Boston, arriving Monday.

The Misses Mabel and Helen Siddons entertained at the tea hour Friday in honor of the Misses MacLaren. The rooms were attractively decorated with lanterns and sprays of pine. Mrs. Busby and Mrs. Stewart Skinner presided at the attractive tea table.

400 DIE, MANY HURT BY 'QUAKE IN ARMENIA

Leninakan and Twelve Other Towns Damaged—100,000 Homeless

LENINAKAN, Armenia, Oct. 24—Successive earthquakes lasting from Friday night until early today destroyed the greater part of this city of 40,000 inhabitants and 12 thriving towns in the neighborhood, killing upwards of 400 persons, mortally injuring hundreds of others and rendering 100,000 homeless.

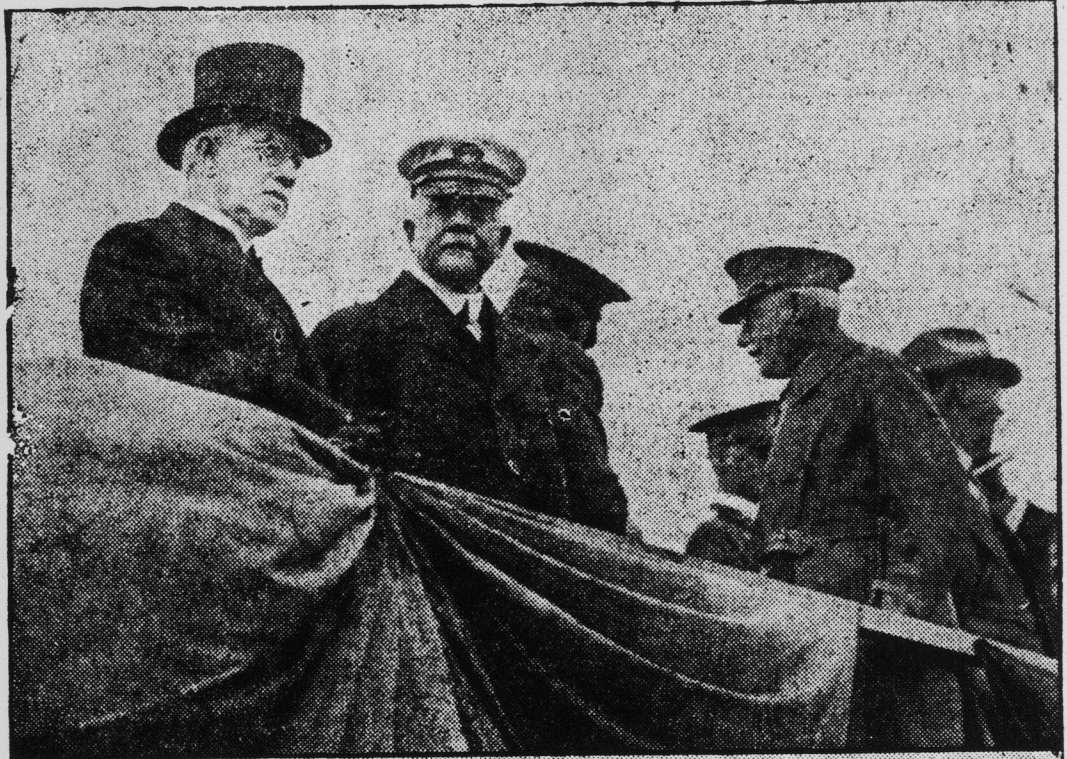

FISSURES TORN IN MOUNTAIN. The second shock, which was five-fold stronger than the first tore open giant fissures in the great volcanic mountain of Alagoz, which is 14,400 feet high and gleams with perpetual snow.

The precise number of dead in all the affected areas, which covers 100 square miles, will not be known for several days, as telegraphic communication has been destroyed. Frantic efforts are being made by soldiers of the Red Army, firemen and relief workers to extricate those buried alive.

Fishery Man's Death Will Be Investigated

MONCTON, Oct. 24—About 3 o'clock this afternoon searchers found the body of "Gipsy" LeBlanc, assistant fishery inspector, who lost his life in Bouteche Bay on Wednesday night last while out in his gasoline launch in search for possible illegal fishermen.

Water Main Repairs Completed Sunday

Commissioner R. W. Wigmore in conversation with The Telegraph-Journal last night stated that the leaks in the main at Phinney's Lake had been repaired and the pressure turned on again.

A crew of 17 men were at work all day Saturday and Sunday digging down to the leaks. Yesterday morning the water was turned off at six o'clock while the repairs were being effected and it was nearly five o'clock in the afternoon before these were completed. Besides the two leaks already reported in Phinney's Lake, six smaller leaks were also mended in the main.

RECALL OF QUEEN MARIE IS EXPECTED

Activities Cause Furore in Rumania; Politicians Capitalize Criticism

VIENNA, Oct. 25—While reports that King Ferdinand of Rumania has cabled Queen Marie urging her to return home from the United States, as published here by the Vienna newspapers are given little credit, it is generally expected that the King soon will devise a reason for the Queen's speedy return, if the present furore over her activities continues.

The Diastane, which is a sensational afternoon paper published the report under a Bucharest date line, but the Conservative press here gives it no credit. It is known that Rumanian politicians who opposed the Queen's trip are gleefully capitalizing the widespread criticism of the Queen's acceptance of free steamship and hotel accommodations and of publicity work.

FAIR COMES TO END

Veterans' Event Closes Two Weeks' Run

The G. W. V. A. fair in St. Andrew's rink concluded a very successful two weeks' run on Saturday evening when a large crowd was on hand to secure the special bargains. The City Cornet Band was in attendance and provided an excellent musical program. While all of the games were well patronized the circus wheel was the most popular. The door prize, a handsome rug, was won by ticket No. 10,607, but was unclaimed. Besides the two legs already reported in Phinney's Lake, six smaller leaks were also mended in the main.

MILD QUAKE FELT SAN FRANCISCO, Oct. 24—A mild earthquake lasting about ten seconds shook San Francisco today at 2:32 p. m. No damage was done. The shock was felt by residents of Palatka, 30 miles to the south. It was described there as very mild.

RESOLUTIONS OF IMPORTANCE FOR MEET HERE

Union of N. B. Municipalities to Open Sessions on Thursday

The 20th annual convention of the Union of New Brunswick Municipalities will open in Saint John tomorrow. Convention headquarters will be in the Admiral Beatty Hotel while the business sessions will be held in the Court House. The officers of the union are president, Warden R. W. Wigmore; vice-president, L. P. Houbichaud of St. Louis de Kent; honorary secretary-treasurer, J. King Kelley, K. C.

Among some of the resolutions to be discussed are: "Resolved that it is in the interests of farming and fishing in New Brunswick that courses in agriculture and pisciculture should be established in conjunction with the University of New Brunswick and the Provincial Normal School."

That county school fund should be abolished at the session of the Legislature, New Brunswick 1927. That scrub cattle of all kinds are a liability and should be replaced by good breeds and to that end the Province of New Brunswick should in conjunction with the municipalities render necessary financial assistance in restocking the province in all localities found necessary.

That leases of Crown lands should be assessed on their interests in the lease for all municipal purposes in New Brunswick.

REGISTRATION OF DELEGATES

All delegates will register in the Admiral Beatty Hotel tomorrow afternoon and evening and committees will go into session in the evening. Among those who will be in attendance will be Hon. J. B. M. Baxter, K. C., D. C. L., Premier of New Brunswick. The address of welcome will be given by Mayor W. W. White, M. D., L. L. D. Replies will be given by Mayor Wheeler, Moncton, Mayor Cormier, Edmundston, who will reply in both English and French, and Mayor Bell, Woodville.

The annual address will be given by Hon. R. W. Wigmore, warden of good Municipalities of the City and County of Saint John. Addresses will also be given by Dr. Mabel Hanington, medical inspector of public schools, Roy Balmer Liddy, Ph. D., Hart A. Massey, professor of philosophy, Mount Allison University. If time permits Dr. Liddy will also discuss old age pension systems for Canada.

On Wednesday at noon, J. D. McKenna will lead a discussion on "New Brunswick in Relation to the Maritime" and the "Awakening from the Delusion."

THE SOCIAL PROGRAM

On Wednesday afternoon Dr. and Mrs. W. W. White will hold a reception at their home on Sydney street. On Thursday evening at 7:30 a banquet will be held in the Admiral Beatty Hotel at which Hon. R. W. and Mrs. Wigmore will receive the guests. Among the speakers at the banquet

will be Premier Baxter, who will discuss provincial matters; Dr. Murray MacLaren, M. P., who will discuss Dominion matters; W. W. White, M. D., Mayor of Saint John, who will discuss civic matters, and A. M. Belding, who will discuss Maritime matters. The executive will meet in session at the Admiral Beatty Hotel at 8:15 Thursday evening. Regular business sessions will be held in the Court House, starting at 10 o'clock.

CHILDREN OUT IN JUBILEE PARADE

Cathedral Altar Fund Is Now \$17,575—At St. Rose's

On next Sunday the Catholic church will celebrate for the first time a newly established feast, that of "The Kingship of Our Lord Jesus Christ."

In making this announcement in the Cathedral yesterday, His Lordship Bishop LeBlanc said that the 11:30 o'clock mass next Sunday would be a solemn high one in honor of the feast and that at that mass and at all the others of the day all would have opportunity to dedicate themselves anew to the sacred heart of Jesus.

His Lordship gave an interesting and forceful discourse on the matter of authority and obedience. One's country was a society. It was the duty of all to obey the laws of the country.

DUTY TO OBEY LAWS The Catholic church was another society and it was the duty of its members to obey the laws of the church.

CONTINUE JUBILEE The boys and girls of the Cathedral parish yesterday afternoon continued their observance of the Holy Year jubilee and marched in the procession from the Cathedral grounds on their required visits.

ALTAIR FUND In the Cathedral yesterday it was announced that the collection taken up on the third Sunday of October for the Cathedral altar fund had amounted to \$536.10.

Don't Wait for a Life-Line Do a Little Swimming Yourself!

UP and down—well one day seedy the next. Nothing much wrong. Just nervous and irritable. Thousands flounder in a sea of uncertainty—only half sick. Too busy to check up on health that's slowly slipping, they whip up fagged-out nerves with treacherous drug-stimulants such as tea and coffee. Usually, nerves crack. Health breaks. Then—a frenzied call for the physician's life-line.

Tannin and caffeine found in tea and coffee are artificial stimulants which are harmful. With you these agents may work fast or slow yet, sooner or later, their poisonous effects are certain, sure.

Drink Instant Postum. Banishes all the nervous ills caused by drinking tea and coffee because Postum is free from all drug stimulants. Delicious, satisfying, instantly made in the cup at a cost of about half-a-cent. Or there is Postum Cereal made by boiling or percolating twenty minutes.

At your grocer's, restaurant, club or on the train ask for Postum. Read Carrie Blanchard's splendid free offer. Then today—mail the coupon.

Carrie Blanchard's Offer "I want you to try Postum for thirty days. I want to start you out on your test by giving you your first week's supply. It seems to me that it would be a wise plan for mothers, particularly, to think of this test in connection with the health of their families."

"Will you send me your name and address? Tell me which kind you prefer—Instant Postum or Postum Cereal (the kind you boil). I'll see that you get the first week's supply right away."

TAKES SECRET OF WEALTH WITH HIM TO GRAVE

"Old Joe" Was Once Noted Photographer in New York

NEW YORK, Oct. 25.—Funeral services for "Old Joe" Mora, who was one of New York's smartest photographers in the days of Ward McAllister, were held at the Church of Our Lady, and with him to his grave may go the secret of half a million dollars. He is suspected of having hid away, for, though Joe's estate is valued at something less than \$80,000 at present, both David Godwin, his attorney and David Culin, manager of the Hotel Breslin, are inclined to believe that he hid a much larger sum away from the reach of his friends.

No mother can expect that her child will escape all the ills to which babyhood and childhood are subject, but she can do much to lessen their severity, and to make baby's battles for health easily won.

NON-SUPPORT CHARGED

Clarence N. Wood, aged 28, pleaded not guilty to a charge of not supporting his wife, in the Police Court this morning, saying that he paid money into the house all the time. His wife, Matilda, said that he did not pay over \$5 a week into the house, which was not sufficient to support herself and three children. The case was set over until tomorrow in order that Mrs. Wood could find out how much money it would take to support herself and her children.

Resignation Is Accepted By Doyle

CHARLOTTETOWN, P. E. I., Oct. 25.—It was announced here today by S. P. Doyle, president of the Maritime Provinces Branch of the Amateur Athletic Association, that the resignation of W. E. Stirling as vice-president of the M. P. B. had been accepted. Mr. Doyle said he could not give the name of Mr. Stirling's successor until later, probably tonight.

THANKSGIVING FOR HARVEST IS GIVEN

Special Service, With Appropriate Music and Sermons at St. Mary's

St. Mary's Anglican church held their annual harvest Thanksgiving service yesterday with appropriate music and sermons. In the morning the choir, under the leadership of Mr. R. Taylor McKim, rendered very effectively Barrett's "Te Deum" and a special Gloria and Jubilate and the anthem "Praise the Lord, Oh My Soul," by Smallwood. Rev. A. LeDrew Gardner, the curate, preached a very forceful sermon on "The Harvest."

KILLED IN RIOTING ABOUT SHANGHAI

SHANGHAI, Oct. 25.—One person was shot to death, two seriously injured and 14 wounded when hundreds of pro-Chinese radicals surrounded the west gate police station here early yesterday, and launched an attack, exploding two bombs and discharging firearms.

Letters To The Editor

CITY GOVERNMENT.

To the Editor of The Times-Star: Saint John, N. B., Oct. 25, 1926, 126 Pond Street.

Sir,—At this time when so much has been said about civic affairs, do you not think it would be out of place to review the past? We might take the water extension to Loch Lomond—under whose advice the present pipe was constructed, what was its cost, and what has been its upkeep? Do you not think before we adopt the much talked of city manager, we should take a look over the old administrative system of government, when our city was managed by two, viz. the late Mr. Murdoch and Mr. Wisely, one salary \$2,250, the other \$1,100, Mr. Murdoch doing all of Com. Bullock's work and part of Com. Bullock's work and Mr. Wisely the police, firemen, public lands; and, to make this letter short, asking Mr. Brittain's staff to go over the records and let us know in plain figures the number of staff employed in each department before commission government, also salaries paid. This no doubt would open the eyes of our citizens, when they see the amount paid our present commissioners is \$10,000 more than the old regime. This to my mind would cover the ground asked by the recall petitioners.

WELL ENTERTAINED

Children Given Nice Time at Good Shepherd

The teachers of the primary department of the Church of the Good Shepherd, Fairville, entertained about 80 children, including 40 from the N. B. Protestant Orphanage, on Saturday afternoon from 2:30 till 5 o'clock, in the church hall. The boys enjoyed football on the lawn and later joined with the girls for a program of games and music in the hall, after which they were treated to dainty refreshments. Rev. T. J. LeRoy, rector of the church and Thomas Pile, superintendent of the Sunday school, directed the games and assisted in various ways in the entertainment. Mrs. LeRoy was assisted by the following teachers, Mrs. Charles Hill, Mrs. Thomas Pile, Miss Jennie Chambers, Miss Edith DeGree and Miss Jean Armstrong in giving the children a good time.

Mr. and Mrs. W. M. Ryan returned home yesterday from Ottawa.

You're behind the times if you don't know that Cod Liver Oil Extract is one of the greatest flesh producers in the world.

Because it contains more vitalizing vitamins than any food you can get. You'll be glad to know that McCo's Cod Liver Extract Tablets come in sugar coated form now, so if you really want to put 10 or 20 pounds of solid, healthy flesh on your bones and feel well and strong and have a complexion that people will admire—ask Wassons two stores, Ross Drug Co., Wm. Hawker & Son, or any druggist for a box of McCo's Cod Liver Extract Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist is authorized to hand you back the money you paid for them. It isn't anything unusual for a person to gain 10 pounds in 30 days, and for old people with feebleness overtaking them they work wonders.

Respectfully yours, C. T. JONES.

I Wonder! will he succeed in Life?

THE carefree little lad who thinks only of play is safe enough now, for you are here to look after him—but suppose you passed on?

You are making plans for his future, no doubt. You want him to have a good upbringing and a good education. Would those plans be carried on if you died prematurely? Even if you live, can you guarantee that you will be able to spare the money later on to send him to college?

Why carry this burden yourself and permit the lad to run such risks? An Imperial Life Educational Policy meets such cases exactly. You decide upon the sum you think will be necessary and it will be paid to your boy or to you at any future date you set—or if you die before, the money will be paid immediately to him, or to his guardian.

The small yearly deposits, easily within your means, guarantee that your plans will not miscarry.

STIRLING RESUMES POST AS PHYSICAL DIRECTOR AT Y. M. C. I.

PLANS ACTIVE WINTER WITH YOUNGER BOYS

Ladies' Classes to Open Tonight—Basketball Plans

W. E. (ERNE) STIRLING, former distance runner and well known in sport circles throughout the country, last evening announced that he had resumed the position of athletic instructor at the Y. M. C. I. here, and as a consequence an active season is anticipated on the floors of the local gymnasium.

A start will be made this evening when ladies' classes will be commenced and in a few days a comprehensive program for the season will be announced. The Y. M. C. I. this season was expected to make a good showing in basketball as its colors would be carried by teams in the intermediate and junior leagues and a house league also would be organized, it was said.

Mr. Stirling, who recently resigned the position of vice-president of New Brunswick of the Y. M. C. I. to take charge of the afternoon periods for the school boys and girls. He is at the present time getting the St. Vincent's High School basketball team in shape for the opening of the interscholastic league.

MAKES NEW MARK FOR HALIFAX RACE

Charles Snell Covers Course in 54 m. 14.4-5 sec.—Mile is Second

HALIFAX, N. S., Oct. 24.—A 108-pound lad, Charles Snell, of the Gloucester A. A., of Toronto, won the 19th annual Herald and Mail road race here this afternoon, leading a field of 43 runners from the gun to the tape, and also making a new mark for the race when he covered the 10 mile in 54:14.4-5.

The first five finished as follows: Charles Snell, Gloucester A. A., Toronto, 54:14.4-5. John C. Egan, Sydney A. A., Sydney, N. S., 54:53.4-5. Clarence DeMar, Melrose, Mass., 55:40.1-5. Ronald O'Toole, St. John's, Nfld., 56:09.1-5.

W. Liner, St. John's, Nfld., 57:11.3-5. The next five finished in the following order: James Howarth, Westville, N. S.; Ray Hamilton, Halifax; George Irving, Woodside, N. S.; Clifford Stone, St. John's, Nfld.; and Hector Corkum, Lunenburg, N. S.

Tentative Race Dates For N. B. and Maine

WOODSTOCK, Oct. 24.—At a special meeting of the stewards of the Maine and New Brunswick Harness Racing Circuit Association, held during the week-end, at the Town Hall, here, the following tentative dates were proposed for the summer harness racing program for 1927.

Presque Isle, week of Sept. 5. St. Stephen and Fredericton, week of Sept. 12. Woodstock, week of September 19.

FREDERICTON WINS

FREDERICTON, Oct. 24.—Woodstock High School Rugby team made its first appearance here Saturday afternoon and was given an overwhelming defeat by Fredericton High second team. The score was 23 to 0. Seven tries were scored and one was converted.

The Canuck team, of Saint John, which was to play Provincial Normal School, failed to arrive by motor in time to play the match.

"King of Swat" in Canada

BABE RUTH, idol of the baseball world, and whose brilliant exhibition at the plate during the recent world's series only added to his laurels, delighted thousands of his fans when he played in an exhibition game in Montreal recently. Ruth, who went into action directly from the world's series, with two all-star semi-professional teams with Urban Shocker, Yankee pitcher on the mound.

The fans were not disappointed, for Babe ran the gamut of baseball and showed them everything they expected to see, with the addition of other diversions which were wholly unexpected. Ruth, during the game played first base, shortstop and pitcher and even went behind the plate to umpire.

Sun Life Swamped by McGill in McTier Cup Elimination

MONTREAL, Oct. 24.—McGill's English rugby team defeated Sun Life of Montreal here Saturday by a score of 24 to 0, in a final elimination game (Quebec district) for the McTier Cup, emblematic of English rugby supremacy in Canada.

Canadian football results Saturday, October 23, follow: At Montreal—Ottawa 13, Montreal 9. (Interprovincial Rugby Union).

At Toronto—Hamilton 19, Toronto 3. (Interprovincial R. U.). At Kingston—McGill 0, Queen's 14. (Intercollegiate Rugby).

At Hamilton—Toronto Varsity 18, Hamilton 8. (O. R. F. U.). At Toronto—Brimley Bench 7, Camp Borden 0. (O. R. F. U.). At Montreal—McGill 24, Sun Life 0. (Elimination, McTier Cup for Quebec district).

WANDERERS WIN FROM NATIONALS

Take City League Fixture by Score of 9 to 5 in Close Contest

The Wanderers administered a defeat to the Nationals at the Allison grounds on Saturday afternoon when they won out by a 9-5 score. The game provided much excitement for the few fans who gave themselves the treat of watching the City League fixture.

Geary, McManus and O'Toole were outstanding players for the Wanderers, while Written and Webster shared the honors for the Nationals. Art Finnimore and Mr. Whittaker handled the game, each taking a period.

The line-ups follow: Wanderers: Forwards: Crilly, Forwards: Roberts, Kehler, Gorman, Upton, Stockford, L. Reid, Outfielders: Brayley, Doyle, Shannon, McManus, Akerley, Doyle, Catcher: Goldsworth.

Quigg, Halves: Green, Brown, Outfielders: Webster, O'Toole, Quarterbacks: Daley, Smith, Dunham, T. Reid, Written, Geary, Winchester, Craft, Fullback: Logan, Mowry.

SUZANNE WINS AGAIN

MONTREAL, Oct. 24.—Suzanne Lenglen made her local debut here Saturday as a professional tennis player by defeating Mary K. Browne in a singles match, 6-1, 6-1. The French star, paired with Paul Feret, was forced to concede defeat in one set international mixed doubles match to Vincent Richards and Mary Browne by a score of 8 to 6. Vincent Richards defeated Howard Kinsey in another singles match 6-1, 6-2.

BRILLIANT INFIELD

DALHOUSIE WINS, 14-3

The bowling activities of the Y have begun well under the general direction of Mr. Sinclair, with James McCurdy in charge of the alley.

Must Return Coin

NEW YORK, Oct. 25.—(United Press)—Records for receipts and attendance that were made during the 1926 world's series came as a surprise to many sportsmen, and they went to prove that if baseball is not the sport closest to the American heart it still interests plenty of citizens.

The west, it was predicted before the series opened, will have to support the championship. St. Louis, it was admitted, was baseball-mad over her first pennant, but the St. Louis park was known to be small and there was hardly a word of baseball talk in New York when the Yankees won the pennant.

New York and the entire east were talking about the Tunny-Dempsey heavyweight championship and even the New York players aired more opinions among themselves about the merits of the fight than about the American League race.

New York also had sent at least 20,000 natives to Philadelphia for the fight and at least \$500,000, and it was figured that the drain on the pocketbooks of the New York fans would not stand the additional \$16,000 and the loss of time and salary to see the baseball classic.

It came as a surprise then when the day before the series was to open the ticket windows in the Yankee offices were closed and it was announced that every reserved seat had been sold for the series.

The vast difference between St. Louis and New York as baseball towns, however, was shown by the small attendance at the last two games Philadelphia: Roger Peckinpaugh, Fred Clarke and Eddie Collins.

Even Dozen Want to Boss The Browns

NEW YORK, N. Y., Oct. 25.—Just an even dozen candidates for the position of manager of the St. Louis Browns, made vacant by the deposition of George Sider, have stepped up in the product of the rumor factory. Among them are Billy Evans, George Moriarty and Charles Rigles, major league umpires; Arthur Fletcher, released by Philadelphia; Roger Peckinpaugh, Fred Clarke and Eddie Collins.

NO. 5 GIRL GUIDES WIN TWO TROPHIES

Score 135 Points in Efficiency Test on Barrick Green

The St. Paul's company, No. 5 Girl Guides, of Saint John, won both of the change trophies in the sport and efficiency tests conducted on the Barrick Green on Saturday afternoon. The Allison shield for field sports No. 5 company had won the previous year also but the Mrs. Murray MacLaren cup, awarded for efficiency, No. 5 company captured from the 2nd Rothesay company, which had been the winner last year.

The Allison trophies were very close in the efficiency contest and it was only by a margin of five points that the 5th Saint John won from the holder of last year, P. A. Choppin, assistant district commissioner of Boy Scouts, and efficiency tests were conducted on the Barrick Green, first class and second class tests, team work, ambulance tests and signalling were all gone through. St. Paul's company made the high mark of 135 and made an exceptional showing.

The 2nd Rothesay company scored 130 and the 7th Saint John company of St. James church took third place with 125 points. The total of possible marks was 170.

CUPS PRESENTED

The 2nd Saint John Brownies of St. Paul's church arrived on the grounds as the efficiency tests were all gone through and the presentation of the cups was made by Mrs. W. S. Allison.

Suzanne Selects Leading Players

MONTREAL, Oct. 25.—The ranking of tennis players throughout the world by Mlle. Suzanne Lenglen, made here yesterday, follows:

- WOMEN
1—Helen Wills, United States.
2—Mrs. Kitty McKane Godfree, England.
3—Mrs. Molla Mallory, Birsudat, United States.
4—Elizabeth Ryan, United States.
5—Mary K. Browne, United States.
6—Jily Alvarez, Spain.
7—K. Beaumont, England.
8—Joan Fry, England.
9—Dill Viaste, France.
10—Eleanor Goss, United States.
MEN
1—Rene Lacoste, France.
2—Jean Borotra, France.
3—Henri Cochet, France.
4—Vincent Richards, United States.
5—William Johnston, United States.
6—William Tilden II, United States.
7—Manuel Alonso, Spain.
8—Howard Kinsey, United States.
9—Paul Feret, France.
10—T. Harada, Japan.
Mlle. Lenglen in announcing her rankings stated that they were based solely on the performance of the respective players during the past season. This in a way accounted for the sudden drop of "Bill" Tilden. He had beaten several times during the past summer, and in one particular match by a comparatively unknown youngster from Texas.
STAR OF YANKEES
Herb Pennock's big year and his two victories in the world series, put him in line for a fat contract for 1927. He deserves it, the slim southpaw is the most consistent winner among the left handers of either league.

Record Breaking Receipts

And Attendance At World Series Surprises Sportsmen

NEW YORK, Oct. 25.—(United Press)—Records for receipts and attendance that were made during the 1926 world's series came as a surprise to many sportsmen, and they went to prove that if baseball is not the sport closest to the American heart it still interests plenty of citizens.

WOMAN SHOTS MOOSE

That the hunting and killing of moose is not altogether confined to the sterner sex, so-called, was shown by the fact that Mrs. William Devine, of Cape Breton, near Cape Spencer, last week, called and shot a monarch of the forest. The animal weighed, when dressed, about 300 pounds and had a spread of antlers of 43 inches.

MACK LIKES BERRY

Charles Berry, former Lafayette College football and basketball star, will be back with Conic Mack next season. A year with Portland has made a big league of Berry, who should be a big aid to the C. catching staff.

ACADIA BEATS BERMUDA, 14-0

WOLFFVILLE, N. S., Oct. 24.—Acadia University defeated the touring Bermuda English Rugby team, 14 to 0, in an exhibition game played here yesterday afternoon.

DIFFERENCE IN PITCHING

National League pitchers use twice as many curve balls as do the American Leaguers, according to First Base-man Wally Pipp, who has seen games in both leagues. He prefers speed.

ROTHESAY EVENT

At a meeting of St. Paul's Women's Auxiliary in Rothesay, plans were completed for holding an afternoon tea, and sale of candy at the home of Mrs. Hugh Mackay, on Wednesday.

1ST CONTEST AT HALIFAX NOV. 8

IS REPORT NOW

Second Game Would Be Played at Capital Nov. 1

Special to The Times-Star

FREDERICTON, N. B., Oct. 25.—Arrangements are about completed for the University of New Brunswick and the Wanderers A. A. A. of Halifax, to meet on the football field to decide the question of superiority. Thanksgiving Day, Monday, November 8, is to be the date for the game in Halifax and the following Saturday, November 13, for a game here. Should the result be indecisive a third game is likely, neutral grounds being selected.

This arrangement will provide the rugby enthusiasts of the Maritime provinces between the two best and most talked-of teams in recent years. Two years ago the University of N. B. went into Halifax and played the Wanderers an exhibition game. The home team won by a close score, U. N. B. after having decidedly the better of the first half, being outscored in the second. The game showed that the provincial university was playing football which classed with the Halifax City League variety, and last year the winning of the MacTier cup at Montreal left no doubt.

The question on the Maritime title and McCurdy cup were left undecided in 1925, however. Unfortunately the dates arranged for the game of snow may complicate the situation. The University of New Brunswick team also has a series of intercollegiate dates to fill and must win its games to retain its standing.

MALONEY TO BOX

NEW YORK, Oct. 25.—Jim Maloney, Boston heavyweight, who stepped into the limelight by knocking out Arthur De Kuh in two rounds last week, has been matched to meet Franz Diemer, the German champion, at Madison Square Garden, Dec. 2.

THEY were right in theory but wrong in tactic. One of the most delightful forms of ferocity known to the human race is the spectacle of a 200-pounder crashing into a trembling end who has just speared a pound of rubberized air from the clouds.

THIS may not be quite as rough on ones' nose as a stampee by eleven hellgrened half toters, but at that it's no way to set a new record for longevity, eternal happiness, and a complete disregard for invalid chairs.

ONE great advantage of open game is that it eliminates group fighting and enables ringside spectators to see just who is knowing whose jaw.

WHEN forward pass was introduced red-necked red-broods of the period uncoupled their tonils and demanded to know what the good old game of main and mard was coming to anyhow.

THEY said that under new official idiocies game would degenerate into hilarious cross between Wednesday night-taffy pull and sociable euchre tournament with feminine complications.

PRO FOOTBALL A WORRY

The news is out that professional football will be considered pro and con by the big leagues before the opening of another season. The magnates are far from pleased that many of their star players are also dabbling in football.

U. S. Football

NEW YORK, Oct. 24.—American football results, finals, Saturday, Oct. 23: Columbia 24, Duke 0. West Virginia 7, Wesleyan 0. Pennsylvania 36, Williams 0. Amherst 20, Wesleyan 0. Ohio State 23, Iowa 6. Minnesota 67, Wabash 7. Nebraska 20, Kansas 3. Missouri 17, Iowa State 3. Ohio University 35, Cincinnati 7.

WARNING!

No Extra for Bigger Men

The price range of \$22 to \$32 for the choicest Tweeds, Worsteds or Serges made to measure holds good for full figured men here and here alone. A careful fitting before finished.

BAGGAGE DELIVERY SYSTEM FOR C. N. R.

MONCTON, Oct. 24.—Effective Nov. 1, a new system covering "Collect delivery system" of baggage from railway stations throughout the Dominion will go into effect on the Canadian National Railways. The purpose of the new system is to facilitate the handling of baggage for passengers on the railway.

When the system goes into effect baggage may be checked from any point on the Canadian National Railways to any destination in the United States or Canada and will be delivered to the address specified without further action on the part of the traveler.

MONCTON, Oct. 24.—This afternoon there was a rather bad roof fire on the house on Main street owned by Capt. J. W. Boyd and occupied by Miss Hattie Brown. It originated from sparks and before it was extinguished a large hole was burned through the roof and the fire also worked down into a partition causing considerable damage. The loss is covered by insurance.

BOY IS DROWNED IN CREEK NEAR ST. MARTINS

Vincent O'Hara, Aged Eleven, Loses Life in Freshet

Vincent O'Hara, aged 11, son of Mr. and Mrs. Frank O'Hara of Bay View, St. Martins, was drowned in Vaughan's Creek, not far from his home yesterday afternoon. The body of the lad was recovered about 7 o'clock this morning after a search that had continued since his coat was found near the creek a little after 4 o'clock Sunday afternoon.

The creek was at freshet height under the influence of recent rains and it is supposed Vincent lost his balance and fell. In while he was amusing himself throwing stones into the water. His brother Otto had seen him at the bridge there about 2:30 o'clock and had gone away. When he returned about 4 o'clock, there was no sign of his brother, but the coat was lying there, presumably as he had taken it off for greater freedom in throwing stones.

BODY IS RECOVERED.

A little later a sister of the boy went from the house to call Vincent home and when there was no word of him, alarm developed and a searching party was assembled. Their mission came to a sad end, as stated, when they recovered the body from the water about half a mile from the place where Otto had seen him at play.

Dr. Nicholson was called and pronounced death due to drowning. The boy is survived by his parents and by three brothers and one sister. They have the deep sympathy of the whole community in the tragic loss with which they have been tragically met.

NEIL A. SEELEY IS DEAD IN TORONTO

Former Custom Tailor in Saint John Passes Away—Was in Great War

Many Saint John friends will regret to learn of the death of Neil Angus Seeley, who for many years conducted a ladies and military tailoring establishment in this city. He died in Toronto and the news came in a telegram to Mayor White, under date of Oct. 23, from H. H. Gass, commander of the Canadian Legion, at Pembroke, Ont., asking for the names of relatives of Mr. Seeley. His worship got in touch with a cousin, S. J. Withers, who gave him the name of a brother, Edgar J. Seeley, living in Windsor, Ont. No further particulars have yet been received here.

Mr. Seeley enlisted here with the Canadian Mounted Rifles, and went overseas with that regiment, serving with them until the close of the war. On returning to Canada he located in Toronto and had not been in Saint John since leaving here with the troops.

BARN DESTROYED

Frank G. Hazen Loses Building and Hay

Policeman McEuse, noticing a reflection in the sky in the direction of the Marsh road about 4 o'clock this morning, proceeded there and found a barn, opposite John de Angelis' place, on fire. The barn was full of hay and the fire was blazing fiercely. Frank G. Hazen, who owned the barn, said he did not know how the fire could have started, but he was sure that it was not started from the hay, which, he said, was keeping well. The barn and the hay were completely destroyed. The loss is partially covered by insurance.

It was said this morning that tramps had been seen in the vicinity of the barn. H. H. McLellan, provincial fire marshal, said that he intended to investigate the fire.

Potatoes For Cuba From P. E. Island

Those present were Rita and D. McGeach, Nancy Cathness, Lorraine Leach, Kathleen and Madeline Mudge, Kathleen Donahue, Phyllis Anderson, Miss McGourty, Harold Dumphry, Joe Donahue and Miss Margaret Walsh. Mrs. Donahue was assisted in serving by Mrs. John Donahue. Games, singing and reciting were enjoyed and each little guest received a pumpkin filled with good things and a souvenir. The little guest of honor received many lovely gifts.

As Hiram Sees It

"Look at that there log hein' towed down river," says I, looking at the patch of moonlight on Long Reach.

"Aint it a long one?"

"That," says the town feller, "is the ghost of a mast that was cut on the Saint John river about two hundred an' thirty year ago—shipped by Governor Villebon to France. It was 82 feet long, 31 inches at the butt, and 21 inches at the top. You don't see trees like that nowadays. A lot of masts went from the river to France or the warships. Hist'ry tells us that the French ship Avenant, mounth' 44 guns that come out in 1699 with supplies for Fort Nashwaak—landin' 'em at the mouth of the river—took back masts that fourteen of the king's carpenters an' mast-makers hed made fer his ships. It got to be quite a business when the English took the country an' marked the big, straight pines with the king's armer—so they wouldn't be cut fer lumber. But the wooden warships is gone—as well as the big pines. That was the ghost of one of 'em that was jist seen in the moonlight on the river."

"It's a long stretch from Villebon's big mast," says I, "to Gibson's woods from the Nashwaak—an' they're gone, too. Well, sir—the Long Reach has a hist'ry—aint it?"

Frank Frauley appeared for Effie Duffy.

Mr. Bullock Able To Attend Meeting

Commissioner Bullock was at City Hall this morning for the first time in some weeks and was given a warm welcome by his colleagues. At the committee meeting Commissioner Wigmore congratulated Commissioner Bullock on his having recovered sufficiently to be able to attend a meeting. Mr. Bullock said that while he was much improved he was not yet ready to take over the duties of office and would ask Commissioner Frink to continue for a time longer as acting commissioner of harbors ferries and public lands.

CITY AGREES TO RAILWAY PLAN AT MILL STREET

Resolution Re Crossing Gates Passed—Retaining Wall Troubles

The Common Council, sitting this morning in committee of the whole, heard more about retaining walls and the necessity for rebuilding, more of these at various points in the city to prevent damage to the property of citizens. It was decided to recommend that the request of the Canadian National Railway for permission to relocate the crossing gates in Mill street be granted.

Commissioner Frink reported that he had inspected the area in Mill street which would be affected by the proposed changing of the crossing gates and had had the road engineer prepare a report. In line with this report, he moved:

That the application of the Canadian National Railways to change the existing signal gates on Mill street and install the same with additional arms at new locations as shown on the plan prepared by the railway—and hereto attached—be granted subject to the following provisions—That the railway extend their concrete curbing from its present northerly termination on the eastern side of Mill street, in front of the depot, and in line with the Springer building, now being demolished by the railway, and shall cause to be removed one pole, owned by the N. B. Power Co., on the easterly side of Mill street and contiguous to the north side line of Pond street, such pole to be placed in the C. N. R. area inside the line of sidewalk, and shall widen the western sidewalk on Mill street not less than two feet in the area in which the gates are to be located, such extension or widening to be in the area owned by the C. N. R. adjoining the existing sidewalk, and that the railway undertake to restore the position of the sidewalk or street, which may be disrupted, in the installation of these gates to the satisfaction of the road engineer.

And further resolved, that the C. N. R. be advised that the city considers the changes proposed to be a more or less experimental character, and, if conditions warrant, a request will be made for their removal to a more suitable location.

And further resolved, that a copy of this resolution be forwarded to the C. N. R. authorities at Montreal.

This was seconded by Commissioner Wigmore and carried.

RETAINING WALLS

Commissioner Frink reported that he had investigated the application of James Carleton the building inspector, for the building of a retaining wall in front of his property on the street between West Saint John and the cost of such a wall would be \$134. The complaint of Mr. Carleton that the street was falling in on his property was justified, the commissioner said, and he moved that the work be done under the provisions of the act.
