Ontario to Vote on Liquor Question By End of October

NOT AT ALL TIMES; CHOICE YET

PLEBISCITE IS ASSURED, SAYS HON. DR. FORBES

Ontario's Health and Labor Minister Tells Questioner at Meeting.

WAS UNEXPECTED

Southwest Toronto Member Says Vote Will be Taken Before October 31.

Toronto, July 3.—Assurance that a plebiscite is on the way, so far as Ontario temperance is concerned, was given last night by Hon. Dr. Forbes Godfrey, Ontario Minister of Health and Labor, at a Conservative rally in support of W. H. Edwards, the party candidate for the by-election for seat "A" in Northwest Toronto.

The announcement of the plebiscite did not appear to be any part of the planned speech of the Minister of Health and Labor, as it came in response to an interruption on the part of one of the audience, while he was seeking to point out the advantages for the northwest riding in sending a supporter to the government of Hon. Mr. Ferguson.

Plebiscite Coming

"How about a plebiscite?" was the question. "You have asked for a plebiscite, and you will get it," Dr. Godfrey returned. "You will find that so far as the Premier is concerned, he speaks one hundred per cent. of the truth. He has promised a plebiscite and that means you will get it."

TWO FREDERICTON LADS ARRESTED

Are Charged With Theft of Binoculars—York Council Meets.

Fredricton, N. B., July 3.—The Municipal Council of York County this morning heard an address from Hon. D. W. Mesereau, Minister of Agriculture, and decided to consider the appointment of delegates to the Union of New Brunswick Municipalities Friday morning. This afternoon the council inspected the Municipal Home at Douglas.

MEXICAN OFFICIAL'S TRIP IS CANCELLED

British Consulate at New York Refuses Explanation—Howard Carter Sails

New York, July 3.—Just before the liner Mauretania sailed yesterday for Southampton, the British consulate here cancelled the passage of H. A. C. Cummins, until recently British charge des archives in Mexico. Cummins was scheduled to report to the foreign office in London regarding the diplomatic controversy which resulted in a demand by the Mexican Government for his withdrawal. The consulate refused to explain the cancellation and declined to tell where Cummins was.

Among those who sailed on the Mauretania were Howard Carter, co-discoverer of the tomb of King Tutankhamen and his associate, professor Percy White. Mr. Carter intimated that all differences between him and the Egyptian Government which had resulted in the halting of the work of discovery, have been smoothed over.

Buyrs Village and Offers Free Homes

Canton, Ohio, July 3.—The entire village of Lindentree, Ohio, with its 43 dwellings, is waiting for occupants to move in with rent free promised for a year. The village was purchased recently by C. A. Kolp, Canton business man, and the houses are being worked up. Now it is deserted by all excepting the Mayor, the Town Marshal, his deputy, and one family.

BIG MACHINE GUN SEIZURE IN LONDON

60 Tons of Material Was Bound For Amsterdam

London, July 3.—A big seizure of machine guns which were about to be smuggled out of the country was made at a Thames warehouse yesterday. A number of large cases, called steel castings and consigned to Amsterdam, were found to contain 60 tons of machine gun parts, said to be a portion of the British War Surplus.

WOULD DROP ALL PARTY INFLUENCE

Speakers Urge Taking of Imperial Affairs Out of Politics.

London, July 3.—J. H. Thomas, Colonial Secretary, speaking at a banquet here given in connection with the Congress of Empire Chambers at Congress House, said the time had arrived when no party should be known in Imperial affairs. He was going to take the risk of losing his seat in the House of Commons if he were to do so.

WIRE BRIEFS

Moncton, N. B., July 3.—Bank closings here this week were \$776,195.

Amherst, July 3.—July 16 and 17, the next graduation of the Graduate Nurses' Association will meet here.

Ottawa, July 3.—Today in the Commons, superintention of civil servants will have precedence in the debates. The Senate will sit today.

Amherst, July 3.—At the Labor Party convention in Springhill, Archie Terris, M. P., was nominated as candidate of the party for the next provincial election in the district of the Farmers' Party is to be considered.

San Francisco, Calif., July 3.—The fire which broke out in flight air mail which left Mineola, N. Y., 34 hours and 40 minutes earlier, arrived at the air mail field here at 5:45 o'clock last night.

PREMIER'S ACTION IS RECEIVED AS GREAT SURPRISE

MacDonald Refused Honorary Presidency in League of Nations Union.

SNUB IN REPLY

Declines to Receive Any of the Literature of the Union.

By H. N. MOORE (British United Press.)

London, July 3.—Widespread surprise is expressed at an announcement of Premier MacDonald's refusal to allow his name to be included among the honorary presidents of the Union of the League of Nations Societies. The union is a non-party organization and was formed with the object of popularizing the league. It aims to have all former premiers as honorary officials, while several of MacDonald's colleagues are already honorary officials.

MOTHER GIVES UP \$391,000 ESTATE

Will Not Appeal Against Court Decision in Favor of Son.

Lexington, Ky., July 3.—The fight of a son to recover his large estate from his mother has ended here. George Draper, Jr., son of George O. Draper of Hopewell, Mass., will receive \$391,000 within a day or two. His mother, Mrs. Lilly Duncan Draper of Lexington and Santa Barbara, Cal., notified Judge A. M. J. Cochran, through her counsel, John R. Allen, that she would not appeal from Judge Cochran's decision of last week; that the estate would be turned back by the mother to the son.

HONOR NATIVE SON

Leicester, Eng. to Give Municipal Reception to Premier Dunning.

By H. N. MOORE (British United Press.)

London, July 3.—Hon. Charles Dunning, Premier of Saskatchewan, will receive the honor of an official municipal reception in his native city of Leicester on July 10. Mr. Dunning left Leicester 20 years ago and arrived in Canada with little more than the proverbial dollar.

BRINGS ONLY 51

Uncertainty About Immigration Quota Affects Bergensfjord's List.

(United Press.)

New York, July 3.—Only 51 passengers were on the steamer Bergensfjord when it docked at Brooklyn yesterday.

Ordinarily the ship would carry approximately 1200, but a full passenger list was prevented by lack of information concerning immigration quota conditions at New York. A year ago this time the ship brought nearly 1,700 passengers.

Ash-man Passes Up Good Sized Fortune

Washington, July 3.—May J. Flake, 81 years old, who runs her own boarding house, has clung to the old-fashioned idea of saving her money to her core. Her savings amounted to more than \$20,000, and were folded inside a little leather envelope and fastened with a safety pin. She deceives a housebreaker. Mrs. Flake put her chest inside a trash collector, got around early, and Mrs. Flake, in her kimono and minus her chest, in a moment of mental aberration passed him the bundle of papers. It was not many minutes before she started to dress, missed her "safety," went into hysteria and sent for the police.

NEW FAMINE NOW THREATENS RUSSIA

Drought, Heat and Crop Failure Causes Acute Situation on Soviet Land.

(By United Press)

Moscow, July 3.—Widespread areas in Russia are threatened with a new famine because of a crop failure caused in part by the poor quality of seeds imported from America, dispatches here said today.

WILL BE QUESTION FOR ENTIRE EMPIRE

Canada's Request For B. N. A. Act Amendment is Subject of Comment.

By H. N. MOORE (British United Press.)

London, July 3.—The decision of the Canadian House of Commons to petition the British Government to amend the British North America Act in order that Canadian enactments intended to operate outside the sovereign territory of the Dominion shall have power to act in matters affecting peace and order in the Dominion will probably have widespread consequences.

SEATTLE AND SEWARD, ALASKA, ARE TO BE CONNECTED BY FALL

Ketchikan, Alaska, July 3.—With the completion of a new cable between Seattle and Seward, Alaska, next fall by the U. S. army, Ketchikan will be one of the largest cable stations in the world, according to officials handling the laying of the line.

PREPARE FOR TRIP INTO FROZEN NORTH

Hudson Bay Steamer Will Start on Annual Visit This Month.

Montreal, July 3.—On her annual visit to the lonely trading stations around Hudson's Bay, the Hudson Bay Company's steamer Nascope, now in this port, will sail about July 14 with a cargo composed of everything from a statue for a Catholic mission to phonographs for the factors and the Indians.

PRICE WINNERS IN EVENING TIMES-STAR MOTHER THRIFT CONTEST

1st—Thomas Percy Ronan, Lancaster Military Hospital.

2nd—Elsie D. Greene, 736 Main Street.

3rd—G. H. Lawrence, 258 St. James Street.

Out of 1,486 answers received, the above were selected as the prize winners; it was no easy task making the selection, as there were many deserving ones to be considered. It must be said that there was some excellent work in penmanship among the answers submitted. However, correctness, neatness in appearance and general lay-out of answers were the deciding factors in selecting the winners.

DENIES ATTEMPT TO DICTATE NAVAL POLICY OF CANADA

Vice-Admiral Says He Did Not Say That Dominion Should Equip Cruisers.

MAKES STATEMENT

Gives Out Question Asked Him and Reply He Made to It.

(Canadian Press)

Vancouver, July 3.—When the attention of Vice-Admiral Sir Frederick Field, now visiting here, was drawn last night to questions asked in the House of Commons at Ottawa on Tuesday, criticizing a statement purported to have been made recently in Victoria by the commander of the British special service squadron to the effect that Canada should equip four cruisers, two for service on the Atlantic and two for service on the Pacific, Admiral Field categorically denied that he had made any such observation or made specific reference as to what Canadian naval policy should be.

Postal Forger Proves He Committed Crimes For Which Another is in Prison

New York, July 3.—Irving Greenwald, alias J. C. Alderman, was convicted of having forged and passed postal orders stolen from a postal station in Buffalo, and on April 22 last Federal Judge Winslow sentenced him to seven and a half years in the Atlanta Penitentiary. It was thought that this would put an end to the circulation of the stolen orders, but they kept appearing and complaints from those who had been victimized continued.

GETS LASH ALSO

Sunbury County Man is Sentenced to Penitentiary by Judge Slipp.

Fredricton, July 3.—Five years in the penitentiary and the lash was the penalty which Judge Slipp, sitting at speeds trials in Sunbury County Court at Burton, handed out to Thomas Holmes after trial and conviction for assault upon Laura McInlyre at Lakeville Corner.

Weather Report

Toronto, July 3.—Pressure is high over the Great Lakes and Middle West and relatively low over the Rocky Mountain States. With the exception of scattered showers in Nova Scotia the weather has been fine over the Dominion. Extremely high temperatures prevail in Saskatchewan and Alberta.

Forecasts: Gulf and North Shore—Moderate winds, fair today and Friday. Scattered Showers.

Maritime—Moderate winds, mostly cloudy today and Friday. Scattered showers, chiefly in Nova Scotia.

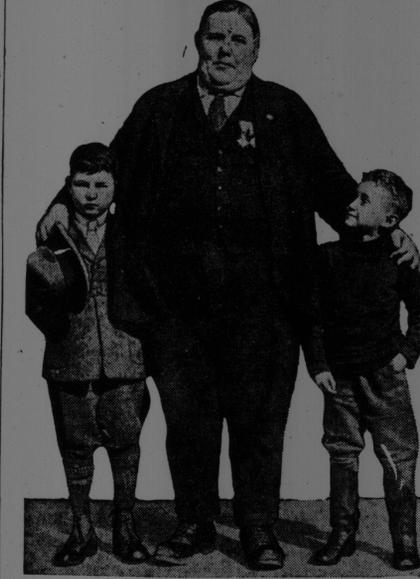

Northern New England—Partly cloudy tonight; Friday, generally fair; not much change in temperature; gentle to moderate winds, mostly northeast.

Toronto, July 3.—Temperatures: Highest during 8 a.m. yesterday night

War Made Him Fat, he Says!

The war made him fat. So John W. Calhoun of Toronto, Ont., thinks he is entitled to more pension. A wound in the head, received while serving overseas with the Canadian forces, has caused his weight to jump from 192 to 440 pounds, John says. And medical treatment and Turkish baths, he declares, have failed to make him any thinner. Some idea of his size can be gained from this picture showing how dwarf-like these two youngsters appear alongside him.

TALK OF ASKING BOTH M'ADOO AND SMITH TO QUIT

Former Loses Total of 39 Votes in This Morning's Session.

SMITH HOLDS OWN

Oklahoma's Twenty Votes are Switched to Senator Robinson.

(Canadian Press.)

Madison Square Garden, New York, July 3.—After this morning's balloting in the Democratic National Convention, which ended without a nominee for the presidency having been chosen, several members of the National Committee were discussing on the floors of the convention a suggestion that the committee seek to end the deadlock by pressing for the simultaneous public withdrawal of both Smith and McAdoo.

At the end of the 43rd ballot McAdoo's support had waned from 503.4 votes last night to 483.4, while Smith was holding his own. The weakening of the McAdoo support was due to switching of 20 Oklahoma votes from his column to the forces of Senator Robinson of Arkansas.

In the 44th ballot McAdoo dropped another 19.

The vote on the 43rd ballot, the first of the day, showed a net loss of 19 for McAdoo, a gain of a half vote for Smith, a gain of four votes for Davis and the gain of the whole State of Oklahoma to Robinson, 175.4; Davis of Kansas, 3; Walsh, 1; Salsbury, 6; Owen, 4. Total, 1,098.

The drop in the McAdoo vote caused by the switch of Oklahoma to Robinson threatened to have an effect which might cost him some more as Mississippi was threatening to turn back to John W. Davis if McAdoo did not at once make some substantial gains.

The 44th ballot proposed no nominee. The leaders stood: McAdoo, 484.4; Smith, 319.1; Davis, 71; Robinson, 44; Ralston, 3.

Stampede Attempt Fails

New York, July 3.—The convention wise men had the Democratic presidential nomination strategy all newly laid out this morning. They based their findings on the following facts:

(1) Numerous leaders including Senator Pat Harrison, of Mississippi and William Jennings Bryan, visited McAdoo headquarters yesterday.

(2) In the afternoon Bryan made a speech for McAdoo which had little or no effect.

(3) At the evening session McAdoo rolled up to more than 500 votes while the Smith cohorts held fairly firm.

They deduce:

(1) That political leaders told McAdoo that they could not wait forever.

(2) That consequently Mr. Bryan made his speech in an attempt to stampede the convention.

(3) That McAdoo managers made an extraordinary effort to hold the in- (Continued on page 2, seventh column)

Aged Mother Refuses To Forgive Daughter

New York, July 3.—Mrs. Katherine Eagan, 74, pressed her complaint of felonious assault against Mrs. Mary Hamilton, 34, with whom she lived, when the latter was arraigned in West Side Court on a charge of urging her pet dog to attack her mother and severely hit her. Mrs. Hamilton was held in \$5,000 bail.

According to the aged woman's testimony, her daughter, while under the influence of liquor urged her bulldog "Mickey" to attack her, and the animal inflicted deep lacerations on both her arms. She succeeded in fighting the dog off and locked him up in a bedroom. She started to run from the apartment, but her daughter, she continued, opened the bedroom door and again urged the dog to attack her. Springing upon her, she testified, the dog dragged her to the floor and she was rescued with difficulty by neighbors.

JUNIOR RED CROSS TELLS OF CANADA

Hand-Made Booklets on Home Towns to Be Sent to England.

The handwork of the members of the Junior Red Cross in New Brunswick has been coming into the office of the supervisors, Mrs. Margaret Lawrence and Miss Jessie Lawson in generous quantities during the last few days. The quality of the work is calling forth admiring comment. Junior Red Cross had been in existence in New Brunswick just two years and in that time has made rapid growth and made a sure footing.

The Juniors take a special interest in their handwork and the specimens sent in this year are worthy of the highest praise.

Besides the articles of general handwork for gifts among children and the sick of the province there are some special exhibits made for sending to the exhibition of Junior Red Cross work to be shown in England. These include descriptive booklets giving information about the city, town or village where the Junior Red Cross-branch is located. The information has been carefully

compiled and correctly arranged by the Juniors who have illustrated their booklets with original drawings, good photographs and quotations. As works of art they are very pleasing and as bearers of correct and comprehensive information they are specially to be commended.

For New Brunswick.

Other work which will be sent to England includes "Alice in Wonderland" posters. These posters consist of jointed toys representing the familiar characters of that famous book shown against black backgrounds. Although securely fastened in place, the figures can be made to move their arms, legs and heads and some very quaint effects are produced. The miniature characters have been cleverly colored by the Junior members and they need no descriptive legend to explain who and what they represent.

In the articles for distribution in New Brunswick there are scrap books of all kinds and shapes, with many varieties of "cut outs" and these will be sent to the children in provincial hospitals. The neatness and daintiness of the work in the scrap books makes them especially appealing.

There are many wash cloths, nicely edged, some of them having a knitted loop to hang them up by. These will be sent to the soldier patients in hospital. There are many carefully made sweaters of children's size that are a great credit to the young people and will be a delight to the sick and needy children. There are toys made of cardboard and correctly jointed so that they are made

UP-TO-DATE ESKIMO HAS SEVERAL SUITS

Many Curios From Far North Given Natural History Museum

Some of the latest gifts that have been received by the Natural History Society are now being exhibited in the windows facing on Union street. In one window is shown the collection of hardware taken from the old Dufferin Hotel which recently was presented to the society by John Flood and Sons, contractors. In another window is shown the valuable and interesting old picture of St. John at about the year 1850, loaned to the society by Mrs. C. H. Flewelling. In the third window is shown a small part of the collection of Eskimo garments and weapons presented to the society by Eldon Merritt, missionary to the Eskimos of the Arctic circle.

The Eskimo articles supplement a previous gift of some fine Eskimo garments. In the new collection are a baby's cap and a tiny baby's garment both made of finest caribou skins. The garment has a ruff of wolverine fur. These garments were worn by Mr. Merritt's young son, the first white child born among the Eskimo and are quite little pieces of wearing apparel.

The other caribou skin garments include a man's hat with ermine tail, mittens and shoes and leggings and trousers, and a woman's parka or large outer garment, a woman's upper garment and a pair of women's leggings.

Fashion Among Eskimos.

The Eskimos have fashions in clothing as imperative as any among white people. For those who make any pretensions to fashion it is essential to have two suits of everyday working clothes, one for summer and one for winter, a thick set of heavy winter clothing for traveling and visiting and a lighter set of short-haired summer skins ornamented with colored bands and insertions, fringes and appendages of various kinds to wear in the dance house and on ceremonial occasions.

The garments are made by the women and those for ceremonial occasions are frequently very elaborate. The parka and the woman's upper garment in the recent gift to the museum are very beautiful examples of the best

When Hot Biscuits Saved the Day

Sometimes a young man or woman in a strange city experiences that terrible thing known as "homesickness."

Usually the young person lives at an ordinary boarding-house or is forced to eat a cheap restaurant.

At night, dreams are haunted by visions of the "pies which mother used to make" or her heavenly hot biscuits.

Those nocturnal visions of light, toothsome biscuits with fresh butter just beginning to melt on them make the lonesome one suffer intense longing and bitter homesickness.

Good biscuits are a serious proposition—especially when you cannot get them. Only a genuine pie-eater or a confirmed biscuit-eater can know the real inward sorrow and disappointment to be found in poor run of mind commercial baking.

What are such unfortunate young persons to do? Why—find the right kind of a boarding-house where good eats abound.

Yes—but where can one find such a place, you ask. Take the simple, direct way—advertise in The Times-Star. Tell the good people of St. John that you are a nice boarder looking for a nice place to board.

The Times-Star
"The Paper With the Want Ads."

ALLEGED PIRACY ORIGINATED HERE

Captain Charged With the Theft of Liquor From Steamer Lutzen.

Montreal, July 2—Preliminary hearing of Captain Samuel C. Ford, charged with piracy on the high seas and the theft of merchandise alleged to be liquor from the steamer Lutzen, off the coast of Connecticut last October, was postponed today until Friday. In the meantime he remains in custody. Captain Ford is alleged to have boarded the Lutzen with the aid of his crew, to have put in chains two officers of the boat, and to have taken goods valued at \$80,000.

Joseph Cohen, counsel for the prosecution, informed the court today that the offense, which he said was one against international law and punishable by life imprisonment, had originated in New Brunswick, and the accused had been arrested in the Province of Quebec. According to the requirements of the law in such a case, authorization to proceed had been received from the Governor-General of Canada.

INTERESTING FIGURES

The report of vital statistics for March and April, issued by the Department of Public Health, shows some interesting comparisons regarding infant mortality. Taking the month of March, 131 infants were born in the City and County of St. John, and eight infants died during the first year of their lives. In April 146 infants were born and ten died during one year.

MUSSOLINI

The London Daily News, in the report of a special correspondent who made a tour of Italy, expresses the view that Mussolini's dictatorship is nearing an end. The end is only a question of time, but it may not come as quickly as the Daily News correspondent believes.

only among those who met him in an official capacity, but a gentleman of fine literary tastes, a lover of art, a clever writer and speaker, Mr. Culver is always an interesting member of any group of persons interested in art or literature or philosophy.

Premier Veniot, Hon. Fred. Magee and Messrs. F. L. Estabrook and Reid McManus, Westmorland members of the Legislature, opened a political campaign last night in Sackville preliminary to the Provincial Convention soon to be held in St. John.

The struggle between McAdoo and Smith in the Democratic Convention is extremely bitter. The Convention is sharply divided that while Mr. McAdoo had a good lead last night, he had still some distance to cover before gaining the coveted Presidential nomination.

The results of the conference to be held next week in Montreal regarding the St. John delegation and Sir Henry Thornton will be awaited with very keen interest. There is much that should be done at this port, and C. N. R. needs enlarged facilities.

Press Comment

THE LAUDER WAY

(Fullerton Waldo in Philadelphia Public Ledger.)

It was during the war days that a group of Britons and Americans held a shipboard meeting to discuss how the better mutual understanding could be promoted.

By general consent, Harry Lauder was made both temporary and permanent chairman of the convention. Major Ian Hay Beith, who has so many warm friends in Philadelphia, was one of the "friends in council".

"I was bothered with scalp trouble for a year. My scalp itched all the time causing me to scratch. This caused blisters, and my head was so sore that I could hardly comb my hair. My hair fell out in handfuls and I was nearly bald."

"I used an advertisement for Cuticura Soap and Ointment and purchased some. I was completely healed after using three cases of Cuticura Soap and three boxes of Cuticura Ointment."

WELCOME, BRITONS ALL.

(Victoria Colonist.)

Embazoned battlements of gold best the eye. Ah broomied heights Great Britain's fleet descry; Whilst from the vast empyrean vault peals forth An echoed welcome from the Farthest North.

Sweet Peace, her mantle flings across the sunlit sea. From Beacon Hill, in splendor on their lea, To Olympic's towering heights, abrooding in the sun, When plumes are abridging a race but just begun.

League upon league her "Service Squadron" ploughs the deep, And from the azure main she turns to reap A crowding tribute from this sea-girt shore.

Pacific portals of this last, best West, With arms outstretched from shores forever blest, Abekoning hosts inspired to do His will, "God and the Right," their mission to fulfill.

Land of the Maple, sunshine and the Gem of Old England, set midst sapphire seas, Where home and hearth abounding Herewith we bid you welcome, high and low.

Hail! Britain's Might! Foremost on land, Her majesty and power we proudly share; Thrice blessed heritage, none greater And sweeter are ideal for our lot.

EMERSON & FISHER, LIMITED

It's the "Hidden" Quality that Counts

WE could build another bicycle that would be almost a Twin to the C.C.M. in appearance, and yet be far inferior.

Without your knowing it, we could use cheaper tubing for the frames instead of our high-grade, English Seamless Tubing, reinforced at the joints.

We could omit many inspections and tests, instead of testing every part for quality, size and finish, and inspecting and "truing up" the bicycle at each stage of assembling, also before shipping the complete bicycle.

By saving here and skimming there, we could give you a cheaper bicycle that would look like a C.C.M., but wouldn't be one.

All the extra hidden quality you cannot see with your naked eye you all the Extra Years of Easy Riding that the C.C.M. gives.

So, when you go to choose your bicycle, remember that it is the hidden quality that counts most. If you have to pay a small amount more for a C.C.M. than for something that looks like a Twin to the C.C.M., just remember that under the surface it isn't a C.C.M.

The Most Profitable part of any investment is the small extra amount you pay for Quality. C.C.M. quality is worth all it costs and is obtainable only in bicycles bearing the C.C.M. trade mark. Look for it when you buy.

C.C.M.'s are selling today at \$15 to \$20 less than the after-war "peak" prices. They are nearer pre-war prices and better value than almost any other high-quality article you can buy. A Big Dollar's Value for every dollar you invest in a C.C.M.

The C.C.M. dealer is waiting to show you the new 1924 models for men, women, boys and girls.

REJECTS REPORT OF BANK COMMITTEE

House Decides Against Investigation of Federal System.

Ottawa, July 2.—By a vote of 109 to 82, the House of Commons just before midnight rejected the report of the select standing committee on banking and commerce, seeking the enlargement of the scope of the committee to include the investigation of "some type of central or federal bank system in Canada." The vote came after an all day debate in which the support of the report, and of the idea of a Federal Reserve Bank, came chiefly from the Agrarian members.

Of the Conservatives only Leon Ladner, South Vancouver, and W. F. MacLean, South York, supported the report. These with J. L. Stansell, East Elgin, were the only Conservatives to vote for the report when division was taken.

All the Liberals and about half a dozen Progressives, including J. Fred Johnston, chief Progressive whip, voted against.

Ottawa, July 3.—Routine business of the House of Commons for Wednesday did not come up until after midnight, because of the intervention of the report of the banking committee and the long debate thereon.

Second and third reading of Hon. J. A. Robb's bill to authorize a \$300,000,000 loan for the retirement of maturing national loans was quickly disposed of. The routine business of questions and orders of the day was passed and the House adjourned within a few minutes.

By Government motion, the name of H. B. McGiverin, Liberal member for Ottawa, was substituted for that of Hon. T. A. Low on the Commons committee on superannuations.

IS HOSTESS

Mrs. J. Borden Harriman, nationally prominent in social and political circles, who is one of the leading hostesses to Democratic Convention visitors in New York.

Koo Assumes Duties Of Chinese Premier

Peking, July 3.—(United Press)—Dr. Wellington Koo, foreign minister of China, has taken charge of affairs of the Chinese Government, following the Premier's resignation. The present cabinet is to remain, without re-organization, for the time being. Dr. Koo was not officially appointed acting Premier.

ATTEMPTED SUICIDE

James McDonald, a man 65 years of age, attempted to commit suicide yesterday afternoon while confined in the county jail at Chatham by cutting an artery in his wrist. He was rushed to the Hotel Dieu Hospital, where the wound was dressed. His condition is quite serious.

Quick Sale of Bright New Ratine Dresses

(SAMPLES)

Commences Friday Morning—Two Big Bargain Prices

\$8.50 and \$9.75

More than one hundred dresses to be sold—and every one of them fresh, new and in one of the smartest styles of the present season.

Materials are in all the pretty novel and staple shades considered fashionable this season. Among them are lovely blues, corals, orchid, grey, gold, cameo, pink, sunshine yellows, and other colors. Enough variety to suit almost every taste and preference.

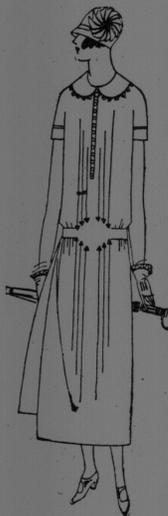

Dresses are mostly in the new straight effect with short sleeves and round or V neck style. Some are trimmed with fine lace edges; some have touches of drawn work; some have ribbon ties; while others have nice collar and cuff sets of fine linen.

There are plaids, stripes, mottled patterns and plain colors. All sizes from 16 yrs. to 42 in.

About twenty-five different styles to choose from. You have not seen any of these dresses previously. They have just arrived and are offered at bargain prices in a quick sale on Friday.

No appropriation—No exchange. Be early for the choice of selection.

(Sale in costume dept.—2nd floor)

GIFTS FOR SOLDIERS.

Some welcome gifts of books for the soldier patients in the Lancaster Hospital have been received by the Provincial Red Cross from the Rothsay branch. At the depot of the society in Prince William street there have been many callers recently who have been seeking relief. The society is not a relief organization but has come to the aid of returned soldiers upon occasions when relief elsewhere has been unobtainable.

ST. MARTIN'S HOUSE BURNS.

A house at St. Martin's, occupied by Miss Hodsmyth and Miss Mosher, was destroyed by fire early this morning and the ladies lost practically all their household goods and clothing. Neighbors gathered quickly at the alarm was successful in saving other buildings nearby. The stock of goods belonging to J. B. Hodsmyth, who used part of the building for a tailoring shop, was also destroyed.

FIRE DESTROYS GRAND FALLS MILL

Grand Falls, N. B., July 2.—The saw and grist mill owned and operated by Alexander Leclere was completely destroyed by fire early this afternoon. A barn quite nearby was also destroyed. The fire is supposed to have caught in the engine room while Mr. Leclere was at dinner, and when discovered had made such headway that nothing could be done to save the mill. Mr. Leclere's loss is heavy and there is no insurance.

CASE IS DISMISSED.

In the police court yesterday afternoon the case of Thomas Meahan, West St. John, charged with using profane language, was continued. Two witnesses testified that they did not hear the defendant use profane language. The magistrate dismissed the case.

LIBEL ALLEGED BY LOCAL DRUG FIRM

An action was begun yesterday afternoon when William M. Ryan, acting in the interests of a local druggist, placed in the hands of the sheriff for service writs alleging libel on the part of Dr. H. A. Farris, superintendent of the St. John County Hospital. Two writs have been issued, one at the instance of the druggist and the other at the instance of a local company of which the druggist is a member, the company being one which offers for sale a preparation which they contend is a treatment for tuberculosis.

The plaintiffs' claim is for damages "for libel contained in the May, 1924, edition of the Beacon, a magazine published monthly by the patients of the Jordan Memorial Sanatorium and the St. John County Hospital, the libel contained being printed under the title of 'Quackery in the Treatment of Tuberculosis,' by Dr. H. A. Farris, medical superintendent of the St. John County Hospital."

The plaintiffs allege that, in this article, the defendant attacked their preparation in what they claim was an unjustifiable and libelous manner. No names were mentioned in the article.

BITTEN BY DOG.

James Hamilton complained yesterday to Police Sergeant O'Neil, of the West St. John division, that a dog owned by Fred Sewell, 112 Duke street, had bitten him. The owner of the dog has destroyed it and there will be no police proceedings.

SISTER MARY'S KITCHEN A Daily Menu For The Stout and Thin EAT AND-- Lose Weight--Gain Weight

One-half cup stewed rhubarb, 2 tablespoons hash with 1 poached egg on toast, 4 tablespoons stewed tomatoes, 2 thin slices boiled cottage ham, 1 cup baked kale, 8 stalks asparagus on 2 ounces lettuce with lemon juice, 1 small meringue filled with 1 tablespoon strawberry ice, 1 toasted bran roll, 1 gluten roll, 1 pint skimmed milk. Total calories, 1186. Protein, 266; fat, 328; carbohydrate, 692. Iron, .0199 gram.

Whites 3 eggs, 1 cup granulated sugar, 8 tablespoons water, 1/2 teaspoon salt, 1 teaspoon vanilla. Beat eggs on a platter with a wire whisk until stiff and dry. Add water when beginning to beat. Beat in half the sugar and add the rest carefully with as little beating as possible.

One-half cup stewed rhubarb, 1 cup rolled oats with 1 tablespoon sugar and 1/2 cup cream, 2 tablespoons hash with 1 poached egg on buttered toast, 4 tablespoons stewed tomatoes, 2 ginger bread sandwiches, 1 cup cream of corn soup, 3 slices boiled cottage ham, 3 new potatoes in 1/2 cup cream sauce, 1 cup baked kale, 8 stalks asparagus on 2 ounces lettuce with 2 tablespoons mayonnaise, 1 whole meringue filled with 4 tablespoons strawberry ice, 1 toasted bran roll, 1 tablespoon fig marmalade, 2 Parker House rolls, 2 tablespoons butter, 1 egg-nog, 1 pint whole milk.

The egg-nog is suggested for the mid-morning lunch, as the breakfast is quite light. Cut ginger bread in thin slices and make into sandwiches, using a mixture of Neufchatel cheese, chopped nuts, dates and a few grains of salt with enough sweet cream to make moist for the filling.

The soft part of the meringue is used with the ice and whipped cream for the gaining and normal diets. Add sugar and butter to the stewed tomatoes for the gaining diet to increase the calories. When you realize that every 800 calories means about two ounces of fat for you it behooves you to aid and abet their increase.

FAIRVILLE AND VICINITY.

The Misses Pearl and Mary Joyce, of Fairville, are spending the vacation with relatives in Fredericton. Miss Ida Richardson, Miss Gertrude Richardson and Jack Richardson, who had been visiting relatives in St. John, have returned to their home in New York.

Mrs. George Melvin, accompanied by Miss Lora McNutt, Mrs. H. Vallis and Mr. and Mrs. E. H. Stacey, motored to Fredericton for Dominion Day, and were the guests of Mrs. W. Roberts.

Mrs. Mae Stacey is spending her vacation in St. Martins, visiting her grandparents, Mr. and Mrs. Thomas Melvin.

Mrs. H. O. R. Bealey, of South Bay, and her little daughter, Roxina, returned home on Wednesday from a delightful trip through the Annapolis Valley. Mr. Bealey was with them during the trip through the Valley while they were away they also spent a pleasant time visiting Mr. and Mrs. George Goggin at Mahone Bay.

Mrs. Charles E. Belyea, Union street, West St. John, who has been kept to her home through illness, is able to be about again. Mr. and Mrs. David Linton and Mr. and Mrs. William Bunnell motored to Greenwich on Tuesday.

Mr. and Mrs. Clarence Day, of St. John, spent Dominion Day at their summer home at Crystal Beach, and had as their guests Mr. and Mrs.

Advises Girls New on the Job

"Be a lady on the job. Don't tackle one with the idea of putting men out of business and don't be deceived into believing that there is not work enough for all. There is plenty of room at the top for every one, who has the grit to get there."

Miss Frances Hurd Clark of Wilmington, Del., who has earned her M. S. at the Massachusetts Institute of Technology and expects to get a Ph. D. in 1925, gives this bit of advice to the college girl, just now sailing forth in great number to put her theories of earning a living into practice.

Girls fall when they start out with the idea of putting men out of business. Fighting with a club will not get women anywhere, even though things seem a little unfair between the sexes in the working world," Miss Hurd says. She knows something about competition with men, being one of the 25 women attending Technology where nearly 4,000 men are matriculated. Also she acts as instructor in metallurgy and has naval and military officers in her classes sometimes, who are old enough to be her father.

"Patience, womanly bearing, and readiness to co-operate with men, are the things which will win. It may be some time before the ideal of men and women working together without jealousy and in acknowledgement of each one's powers is accomplished. But it will come. The progress in the last 25 years is a straw which indicates this."

Eventually, every woman will have a job. There is work for all. This spending mornings at the hairdressers, and afterwards at the bridge tables, rushing home in time to assume the posture of a hard-working wife just before a really hard-working husband arrives for his dinner must pass. The world will be organized more and more for service, and women will have their part to do."

METAGAMA GOING TO QUEBEC

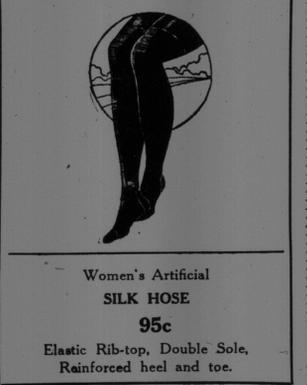

The C. P. R. steamer Metagama will not come to St. John for overhauling at the dry dock here, it was said by F. M. Ross, manager of the St. John Dry Dock and Shipbuilding Co., Ltd., last night. The vessel, which was in a collision and was beached on the shore of Newfoundland, will be taken to the Davie Shipbuilding Company's dry dock in Quebec.

Quaker Puffed Rice Puffed Wheat Whole Grains - made delicious Products of The Quaker Mills, Peterborough and Saskatoon'

Keeps Away From Tobacco

Col. Nicholas Bell, St. Louis, and his historic "convention pipe"—of good old corn cob variety. Col. Bell has been a delegate to seven "conventions" and a secretary to five. His long-stemmed pipe always brings from him the good old saying that "the doctor ordered me to keep away from tobacco." He is 82—the oldest visiting delegate to the Democratic Convention.

JUST CENTURY AGO ELECTION OF U. S. PRESIDENT WAS THROWN INTO HOUSE

Story of Famous Deadlock is Recalled—Adams Was Choice.

By MILTON MACKAYE.
 Washington, July 3 (United Press)—Exactly 100 years ago, the election of a president of the U. S. was thrown into the House of Representatives. The story that famous century-old political deadlock is told in "Debates of Congress" and other newspapers and magazines of the same period. The four candidates in the field were John Quincy Adams, Massachusetts, secretary of state; Henry Clay, Kentucky, Speaker of the House of Representatives; William H. Crawford, Georgia, secretary of the treasury, and hero of the war of 1812.

In the bitter campaign that followed the country was split in sections, and, as a result, none of the quartette was able to poll a majority of the electoral votes. The House in such an emergency must pick a president from the three persons receiving the most votes. Clay thus was eliminated.

When Jackson arrived in Washington from his Tennessee home, he found that Crawford and Adams had a start in the post-election campaigning. President Monroe had thrown his support to Crawford and was conferring daily with congressmen. Adams was entertaining political leaders lavishly.

Fight in the Open.
 But "Old Hickory" refused to follow the same methods. Always an apostle of direct action, he instructed his supporters in Congress to bring the fight into the open. Then at once inaugurated a fiery campaign on the floor of the House, demanding Jackson's election.

Jackson, they said, had received the most votes—congressmen were in doubt to respect the wishes of the constituents. Next, they attacked Speaker Clay. The direct charge was made that Clay, whose constituents were urging that he throw his support to Jackson, was selling his votes to Adams with the post of secretary of state as his promised payment.

The accusation was first embodied in an open letter to the Philadelphia Columbian Observer. The writer's name was withheld, but the editor declared the writer to be a member of Congress from Pennsylvania.

Clay retaliated. In a letter to the Washington National Intelligencer, he challenged the unknown writer to a duel. He said that if the letter "be genuine, I pronounce the member of Congress a base and infamous calumniator, a dastardly liar; and if he dares unveil himself, and avow his name, I will hold myself responsible, as I here admit myself to be, to all the laws which govern and regulate the conduct of men of honor."

Blood and steel were to play a part in the election. A year of harsh words and brave deeds was 1824. But did the duel occur? It did not.

Representative Kremer of Pennsylvania admitted authorship of the letter—and Kremer was regarded as the best pistol shot in Congress. Clay forgot his words and instead of weapons, demanded a congressional investigation of the whole affair.

Ridicule descended upon Clay. Newspapers laughed at him, his name was bandied in the Washington bars, satirical verse appeared in the humorous columns.

crowded. Only one representative was missing—Robert S. Garnett of Virginia, an invalid. Diplomatic corps members sat along the chamber wall. Three visiting members of the British parliament were present.

After the routine business had been concluded message was ready to the Senate that the House was ready to receive them. Precisely at noon, the 48 senators filed in, were seated in the chamber, and President (pro tem.) Galliard of South Carolina took his place on the platform by Speaker Clay.

The court of electoral votes was then made. The result was Jackson 99, Adams 44, Crawford 41 and Clay 37. Adams 44, Crawford 41 and Clay 37, were pronounced duly elected vice-president. It was 3 o'clock when the presidential ballot boxes were brought in.

Clay instructed the representatives that each state was to have one vote, and that the state delegates were to ballot among themselves to determine who their choice would be.

The 94 delegates from New York were the cynosure of all eyes. Adams had 12 states already promised him; just one less than enough for victory. Half of the New York delegation was supporting Adams, the rest were divided between Jackson and Crawford.

Finally, the balloting was completed and the votes turned over to two bodies of 12 tellers each. Daniel Webster was foreman of one body, and John Randolph, the dark genius of Roanoke, Va., headed the other.

The count was quick. Foreman Webster rose to his feet while a thousand eyes turned upon him. Webster spoke:

"Mr. Speaker, the tellers of the votes have proceeded to count the ballots contained in the box set before them. The results they find are: "For John Quincy Adams, 13 votes; for Andrew Jackson, 7 votes; for William H. Crawford, 4 votes."

John Quincy Adams was the President-elect—and he had been chosen by one ballot. It was not until four years later that Jackson was re-elected. He defeated Adams for re-election in 1828. And, incidentally, Adams did not make Henry Clay his secretary of state.

IS FLIPPANCY SMART?
 (Brandon Sun.)
 Couldn't the league of nations, or some high institution, or parliament, or supreme court save our vocabulary to us? For it would seem that same in conversation is no longer the thing in vogue, variety product and high school persons no longer want to use English. It is declared a woman's stock of words only reach 600. If they are good sound words they would look foreign for the spirit of the day among the well-dressed according to Hoyie's fashion plates. It is amusingly flippant. Conversational flippancy is rather the rule than the exception. Cheap vaudeville jokes and back alley slang is acceptable in the circles which ought to be good so far as words which ought to set off the smartest conversations.

Slang cannot be considered even original for it is today largely repetition of silly phrases of the streets and the movies. "I'll say," "You tell 'em," "You said a mouthful." You ask the young woman if she enjoyed the music or thought it was not fortunate that the weather was so fine out of season and she will say, "I'll say I do." This answer for the first score or so of times might not be monotonous, but when it is used habitually or invariably by all the young people in the group, one begins to ponder the cause and to examine the vocabulary to see if there is no other way to express the thought that is supposed to be lurking behind these stereotyped words.

Lurking outside after school, you can hear this same banping on about fifty words over and over again. Whatever students do in high schools and colleges they think outside that you cannot be smart unless you are flippant. The moving picture makers furnish them their styles, their thinking and their acting and their phrasing. The talk of the thoughtless and witless, violating every rule of grammar is popular conversation of the teachers and alleged social sets. Tawdry buffoonery is expected at receptions, because few "entertain" any more. That as well as conversation is becoming a lost art. Nevertheless schools and colleges actually offer courses in English to these people who cannot hold serious conversations. The sleek young wise-crackers has replaced the dignity and neighborliness with an insanity of conversation consisting of a small stock of inane phrases unworthy of a normal child.

According to the National Safety Council in the U. S. five times as many people are killed or injured each year as die from natural causes.

\$15,000.00 GIVEN AWAY

15,000 in Cash Has Been Eliminated by AMDUR'S, Ltd.

From the value of their stock in the great Sale which they have prepared for the benefit of the public.

Confident of public support in the present venture, Amdur's Ltd. gladly give away \$15,000 in price reduction to make their July Clearance the best, the speediest and the most thorough in their history, and the most beneficial to the people.

\$15,000.00 GIVEN AWAY

The actual cost value of the stock of Amdur's, Ltd., when "Stock was taken" before the sale was \$63,466.00. The value of the stock with sale prices attached is \$47,485.00. This means that Amdur's, Ltd., have given away over \$15,000.00 in cash. The reason is that Amdur's, Ltd., intend to make the present sale the speediest, the most thorough, and the most successful in their history.

SAYS OPPOSITION LACKS LEADERS

Premier Veniot Also Declares Party is Without Any Policies.

Sackville, N. B., July 2.—Premier Veniot, in an address at the Imperial Theatre here tonight, declared that the Opposition was leaderless and that it consisted of men whose actions he publicly repudiated by the Conservative party. A large audience was in attendance. Mayor A. Cameron presided.

Other speakers were F. L. Estabrooks, M. L. A., Sackville; Reid McManus, M. L. A., Moncton, and Hon. Fred Magee, president of the Executive Council, Port Elgin.

Not only was the Opposition leaderless, the Premier said, but it was without a policy. In this connection he cited the action of Mr. Richards, House Leader of the Opposition, who, when the Government declared that it planned to take over Grand Falls and other natural resources now in private hands, could speak only personally and not officially on the matter.

Such was the party, the Premier continued, that sought to know the date of the election. It suggested that the election was to be sprung upon it in any case, he declared, there was nothing to prevent it organizing when it pleased. The Government had another session if it so wished, the Premier added.

The Public Debt.
The Government was accused of adding to the public debt, the Premier declared. That was true, but not one dollar could be shown to have been unappropriated. From 1906 to 1917 the Conservatives had increased the burden on the tax payers from \$5,384,000 to \$15,050,000, in round figures. To this should be added, he declared, almost two millions in the form of outstanding liabilities which the Liberals had to assume. This was made up of bridge accounts, Valley Railway charges and many other accounts.

Since the Liberals had assumed power not one cent which was not funded had been added to the public debt. The road expenditures were cared for by the automobile tax and the Musquash development by its earnings. The latter was now serving 10,000 customers and was saving in St. John alone, the Premier said, \$200,000 for the consumers of current.

The financial tactics of the men who make up the Opposition were attacked when Premier Veniot called attention to the neglect which they had shown in 1916 to take advantage of the exchange. When the Liberals took over the affairs of the province they found pigeonholed recommendations to buy bonds. They did at once and saved the people of New Brunswick \$10,000 by this one transaction. Consummated in 14 months, this was in contrast, the Speaker declared, to the deliberate falsification of the books in order to show a surplus which had been practised by the Conservatives.

Good Roads.
Good roads and the prohibitory act were discussed at some length by the Premier. Federal representatives at the Good Roads' Association convention, of which he had the honor to be president, had said that the gravelled highways in New Brunswick were the best in the Dominion, and that their cost had been limited. Bridges had been constructed and they were permanent. Communications had been improved by the situation of the regular patrol system on trunk roads, and which would be further extended this year, he said, to the secondary highways.

Prohibition.
Regarding prohibition, the Premier declared that he was strongly in favor of the enforcement of the law, but that the difficulties were many. Smuggling came under Federal jurisdiction and the loopholes in the law itself, which, on his assuming the leadership of the Government, he had pledged himself to leave unaltered, prevented the punishment of those who were dealing in liquor, he continued. Referring to education, the speaker said that the last year there was a loss of \$1,700 on them. The contents of the books themselves was selected by a committee of teachers and school inspectors who were authorities on the subject, and the legislature assumed a non-partisan attitude when they were considered.

Other Speakers.
F. L. Estabrooks, who was the first speaker introduced by Mayor Cameron, dealt mainly with educational topics attacking the teachers for not suggesting improvement in school books. They were, he declared, content to work with inadequate tools.

INCLUDES CANADA SAYS SECRETARY

Dominion to Be Represented in The Inter-Allied Conference in July.

By H. N. MOORE (British United Press).
London, July 2.—The forecast made exclusively by the British United Press which was contradicted by other correspondents and news services, that Canada would be represented in the Allied Conference in July is corroborated in the speech made last night by the Rt. Hon. H. Thomas, the Colonial Secretary at the Dominion Day dinner. While giving no indication of the manner of her participation Mr. Thomas stated distinctly that the British Government will not allow another Lausanne situation to arise.

While it is impossible as yet to set a date for the coming Imperial Conference, it has been provisionally decided that it shall be held in the early autumn. Much of course depends on the Government's fortunes during the present session, and also the possibility of certain of the Dominions being able to attend. The Government is anxious to meet the new south African leaders, and also to make some progress towards settlement of the South African boundary question before the Conference meets.

FIRE PROTECTION SPEAKERS' THEME

C. N. R. Officials Hear Address From Chief of Railway Service.

Fredericton, July 2.—W. H. Wilby, of Montreal, Chief of the Fire Protective Service of the Canadian National Railway, addressed the conference of district inspectors of the Department of Lands and Mines here this afternoon. His subject was the steps taken by the C. N. R. to organize for fire protection particularly in the forests and the co-operation arranged with the provinces.

Fires in Province.
Twenty-three hundred and thirty acres of timberland in New Brunswick were burned by forest fires in the month of June, according to the reports made to the Department of Lands and Mines. Only 30 acres of the crown lands were burned, the remaining 2,300 acres being privately owned.

The damage is placed at \$5,500 to private property, \$100 to crown land property, \$10,500 to privately owned timber, and \$100 to crown timber. The largest fire of the month was that which covered 1,200 acres of privately owned land at Little River, near Bathurst.

Twenty of the 54 fires in June were the result of burning piles of slash contrary to the law and several prosecutions are being carried on as a result.

ARE WELL TREATED AFTER TRAIN WRECK

The passengers from the Halifax to Yarmouth train derailed near Annapolis Royal on July 1, arrived in the city yesterday, having had no greater inconvenience from the accident than a few hours delay on their journey.

TO STUDY SPECIAL TEACHING.
Miss Beatrice Cameron, daughter of Mr. and Mrs. Jasper Cameron, of West St. John, left on Tuesday for Toronto, where she will take the four weeks' summer course for teachers of opportunity classes. The St. John School Board recently approved the suggestion that another teacher and a reserve teacher for opportunity classes should be given the required training. Miss Cameron is the only teacher who has been sent to take the training. There were six opportunity classes conducted last year and they were most successful.

"TIZ" FOR TENDER, SORE, TIRED FEET
Ah! what relief. No more tired feet; no more burning feet, swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just try "TIZ."
"TIZ" draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will relieve your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired.
Get a box at any drug or department store, and get relief for a few cents.
A portable one-man pump mounted on a tripod, has been made to combat forest fires.

WORK ON STRATEGY SCHEME AT SUSSEX

Officers Study Methods of Advance and Retreat—Soccer Game.

Sussex, N. B., July 2.—Camp Sussex carried on as usual today. The officers followed up the tactical scheme and attended lectures while the infantry and cavalry wings of the school continued their drill with the Demonstration Platoon from Halifax and Lieut. Hammond, respectively.

A different phase of military strategy was studied in today's tactical scheme than in either of the two previous days, when the subjects were outposts and advanced guards particularly. Today's scheme called for an advance as far as Apohaqui when a drive by the enemy forced a retreat back through the town of Sussex. What should be done in conducting both the advance and retreat, were they realities, was studied this afternoon. The morning in the camp was spent in introducing the scheme with lectures and discussing yesterday's work.

THREE CRUISERS MAY COME HERE
While it is certain that St. John will not be a port of call for the special cruiser squadron now on its way from Vancouver to the Panama Canal, it is practically assured that during the two weeks' visit of the Royal Canadian Navy destroyer Patriot in September, three cruisers of the North American and West Indies station of the sixth light cruiser squadron will arrive in port.

Exactly how long they will remain is not known, but it is probable that the Cape Town, Calcutta and either the Constance or the Curlew will be chosen to make the St. John call. The Cape Town was in port last season when she was the flagship of the new squadron commander, and if she visits St. John he will be on board. Sir Michael Culme Seymour has been appointed second sea lord of the Admiralty.

Ship Cuts Large Whale in Half
San Pedro, Cal., July 3.—An enormous sperm whale, part of a large school playing about the ship, was struck by the Panama-Pacific liner Finland and cut in half while the liner was off the Mexican coast recently, it was reported on the arrival of the Finland here.

DELEGATION TO SEE THORNTON
Will Present Claims of Port at Montreal Next Monday.

A delegation from St. John consisting of Mayor Frank L. Potts, Hon. Dr. W. E. Foster, Commissioner Bullock and F. M. Ross, manager of the St. John Dry Dock and Shipbuilding Co., Ltd., will be received by Sir Henry Thornton, president of the Canadian National Railways, on Monday at 11 o'clock, in his office in Montreal. The delegation will present special pleas on behalf of the port of St. John.

REVISITS OLD SCENES.
Mrs. Margaret Wade, of Manawagonish Road, accompanied by her daughter, Mrs. G. C. Lawrence, and Mr. Lawrence and other friends, motored to Acamag on Sunday. Mrs. Wade is 83 years of age, and it was 19 years since she had last visited that locality. Her former home had been at Grand Bay, and she noticed very many changes and improvements during the trip. She hardly recognized some of the old places, so greatly had they been improved, she said.

MONEY TO FAMILY.
Toronto, July 2.—By the will of the late Sir Edmund Walker who died March 27 the estate of \$1,105,107 is divided equally among his four sons and three daughters. The estate is made up of cash \$3,474, bonds, \$89,065, stocks, \$781,154, insurance, \$90,958, real estate, \$64,540, book debts, etc., \$72,583, miscellaneous, \$3,331. There are also certain stores and furnishings of the residence including pictures not yet valued.

Australian saltbush, which grows on arid, unfertilized land in Northwestern United States, has been found to be ideal food for sheep.

These smart stockings have eye-catching style and lasting shapeliness at unusually attractive prices. . . . Made in silk, artificial silk and mercerized lisle. Sold by reliable dealers throughout Canada at prices ranging from 75c. to \$3. Ask your dealer for Monarch 12 Strand Silk Hosiery No. 412.

The Gold Seal, illustrated at the right, gives you the splendor of our money-back guarantee. Look for it when you buy.

GOLD SEAL CONGOLEUM
SUBSTITUTION GUARANTEED OR YOUR MONEY BACK.

Rugs That Are Durable, Artistic, And Easy-to-Clean
Sunshine colors—what a homelike charm they give! And how the Gold-Seal Congoleum Rug sets off the simple yet artistic furnishings of this room!

Waterproof—Easily Cleaned
Besides their beauty, the modern Canadian housewife finds many other advantages in Congoleum Art-Rugs. A light mopping removes in a twinkling any dust, dirt or spilled things and leaves the smooth surface spotless. They are made all in one piece—entirely without seams. They lie flat without fastening of any kind.

ST. JOHN MEN ARE ON BIG WARSHIPS

Word has reached the city that Lieut. H. Alastair Morrison, R. C. N. V. R. has been appointed to H. M. S. Hood and has joined that ship at Vancouver.

The Hood is the largest and most powerful battle cruiser afloat, as she is the most modern. Her displacement is 41,200 tons when carrying 1,200 tons of fuel oil. She has the speed of a battle cruiser with the armament of a battleship. She was completed in 1920.

The Repulse, to which Ordinary Seaman Paul Fenton has been appointed, is a battle cruiser of 26,500 tons displacement, with a length of 760 feet, and a beam of 90 feet. Her engines of 112,000 h.p. drive her at 31.2 knots. She is armed with six 15 inch guns, 17 four inch, two three inch anti-aircraft, and four three inch. Her complement is 950 officers and men.

Overland's Price Is Only \$180
Above the Cheapest Car Having Durable Rims and Starter.

Yet it has 23 big-car quality features, including modern three-speed sliding gear transmission, Borg & Beck disc clutch, speedometer, expanding and contracting brakes, and a body entirely of steel with baked-enamel finish.

Sudden shocks and rough roads
CULVERTS, rough roads, ruts, loose gravel, sand and holes—your tires get all the shocks and wear first, last and all the time.

Shocks cause internal friction; friction develops heat and heat is the enemy of tire durability.

In Dominion Royal Cord and U-cord Tires, built exclusively in Canada by the Web Cord process, internal friction and heat caused by cross threads, are now eliminated.

Sprayed Rubber used in the walls and treads of Dominion Cord Tires gives the greatest elasticity, strength and resilience to the tire.

When you equip your car with Dominion Royal Cord or U-cord Tires you will have tires which will give greatest mileage under the punishment of rough roads.

These new, exclusive improvements in Dominion Cord Tires add nothing to your tire costs—they are added values for your money.

More than ever Dominion Cord Tires are the standard of tires and tire values in Canada.

Dominion Tires
are GOOD tires

Loses Life Trying To Recover Ball
New York, July 3.—While attempting to recover a baseball which had fallen into the Jersey City Reservoir, Joseph Bushinger, 17 years old, slipped from the reservoir while bordering Pershing Field, into the lake, and was drowned. Four companions, unable to help the boy, notified the police, who later recovered the body.

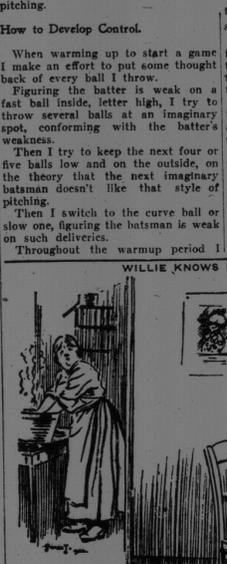

Alexander's Advice to Young Pitchers Through Times-Star

By GROVER C. ALEXANDER.
Famous Pitcher, Chicago Cubs.
The successful pitcher combines the head with the arm.
The pitcher who has every natural ability, but doesn't use his head, can't hope to get very far.
The wise pitcher understands, save the game, try to outguess them.
The great batters are constantly trying to outmaneuver the pitcher. The only weapon the pitcher has is to play the game, try to outguess them.
The pitcher with a good arm should seek to conserve it. In the spring he should gradually work it into shape. Go slow on spring enthusiasm, save the old arm for the warm weather.
Once the arm is in shape, it is up to the pitcher to try to keep it that way by giving it every attention.
The wise pitcher conserves his strength, always tries to have something in reserve. He doesn't put all his work on every ball pitched.
A system soon wears him out. Rather, he works hardest in the pinch, only.

Never Too Old to Learn.
Say little but listen and see much, is my choice bit of advice to every pitcher, regardless of whether he is only an amateur, a promising minor leaguer or a star in the big show.
Always listen to advice from an older pitcher. One can always learn something about the art of pitching. I find it so each year.
I feel that my greatest asset as a pitcher is control. What success I have had in baseball I attribute more to that one thing than all others combined.
Every pitcher should work for control. No matter how much stuff a pitcher may have it avails him nothing if he can't get the ball over.
The greatest mistake most pitchers make in warming up. With many pitchers it is merely playing catch, the loosening up of the muscles. No effort is made to concentrate on the pitching.
How to Develop Control.
When warming up to start a game I make an effort to put some thought back of every ball I throw.
Figuring the batter is weak on a fast ball inside, letter high, I try to throw several balls at an imaginary pitcher, conforming with the batter's weakness.
Then I try to keep the next four or five balls low and on the outside, on the theory that the next imaginary batsman doesn't like that style of pitching.
Then I switch to the curve ball and so on, figuring the batsman is weak on such deliveries.
Throughout the warmup period I try to do something with every ball I throw. I have an object in mind and seek to attain results.
Such kind of pitching develops perfect control. The mere throwing of the ball to the catcher is worthless from the standpoint of acquiring control.
The pitcher should never forget there are eight other players, willing and anxious to aid him. The more, don't try to strike them all out.
Don't let errors worry you, destroy your poise. Never criticize a fellow player. Just remember the player who has erred feels even worse than you do about it.
To sum up my career in the big league as a pitcher, I would say that the success that has been kind enough to come my way has been due to a willingness to work hard, listen to advice, and observe carefully the way the star pitchers work.

WILLIE KNOWS DAD, ALL RIGHT.

—The Humorist.

Night Watchmen Kick About Losing Sleep

Dansig, July 3.—Night watchmen have complained that because of the progressive methods of thieves they cannot sleep properly at night.
Recently robbers endeavoring to gain entrance to a food store managed to get into the basement and began boring through the wooden floor for the purpose of cutting a panel that would admit their bodies. It happened that the night watchman was asleep on the floor at that particular spot and when his body was pricked by the sharp instrument he set up a cry that aroused all the night watchmen and policemen in the neighborhood.
The building was quickly surrounded and the robbers were captured.

In the Financial World ONE MAKES NEW LOW; OTHER PEAK TO PAY \$57,100,000 FOR RAIL SYSTEM

Irregular Trend Given to Stocks at Wall Street Opening Today.

New York, July 2.—Extensive readjustment of speculative accounts imparted an irregular trend to opening prices in today's stock market. Losses of a point or more were registered by General Electric, "Nickel Plate" and Daniel Boone, the last named touching a new low at 15 1/2. American Water-works established another new peak price at 93, up three, and Royal Dutch advanced a point.

Montreal, July 2.—Only two stocks displayed any sign of activity during the first hours of trading on the Montreal stock exchange this morning, namely, Canadian Industrial Alcohol and Alcan. These two issues divided a turnover of about 700 shares. The former came with an overnight gain of 1/2 to 31, while the latter was up one point to 58 1/2. The balance of the narrow list was quiet and firm.

Cable Transfers.

PUBLIC UTILITY BONDS

John Moody, the well known investment specialist, in his annual discussion of the investment quality of various types of securities, appraises public utility securities as follows: "We have come to regard Public Utility Securities, taken as a whole, as the most desirable and attractive class in the investment market today."

We are offering a new issue of a Power Company operating in the Province of Quebec, serving thirty-five municipalities, which we can recommend for investment and which we believe will be quickly absorbed.

GIVES FIGURES OF CANADA'S FORESTS

The increasing attention which is being given to the important subject of the conservation of our forest resources makes of great interest to all Canadians the following estimate of total forest production in Canada as prepared by the Dominion Bureau of Statistics for the calendar year 1922. This estimate includes all unmanufactured material cut in the Dominion's forests and is the first attempt that has been made to estimate in detail the rate at which our forests are being exploited.

Saw logs for domestic use head the list as far as total value is concerned with over \$55,000,000 worth of material produced. Pulpwood for domestic use comes second with a total value exceeding \$40,000,000. Firewood with \$38,000,000, railway ties with \$18,000,000, and pulpwood for export with over \$10,000,000 are among the more important items. The total estimated value of all primary forest products is \$170,850,096.

As these products are measured by different units, the total quantity can only be estimated by referring them to a common measurement. In each case a converting factor is used which represents, in cubic feet, the quantity of standing timber required to produce the material in question. In this way it has been estimated that the total output of these products in 1922 represented an equivalent volume of 2,377,846,182 cubic feet of standing timber. Destruction of forest growth by fires, insects, fungi, and other destructive agencies would probably bring the total depletion to more than five thousand million cubic feet per annum.

With regard to annual consumption for use, the production of firewood is the heaviest drain on our forest resources, amounting in 1922 to almost nine million cords or an equivalent of almost eight hundred and fifty million cubic feet of standing timber. Pulpwood for Canadian pulp and paper mills amounted to about three hundred and fifty million cubic feet of standing timber in order of importance from the quantity standpoint were, railway ties, pulpwood for export, logs for export, fencing material, sawing timber for distillation, poles, and miscellaneous products.

Quebec leads in forest production in both quality and value of products. Ontario is next in importance, with British Columbia, Nova Scotia, and New Brunswick following in the order named.

The exportation of unmanufactured forest products from Canada in 1922 amounted to \$18,850,672 and represented a total of 216,172,406 cubic feet of standing timber. This exported material formed about nine per cent of the total forest production and was made up of pulpwood, sawing timber, smaller quantities of logs, square timber, railway ties, and miscellaneous products.

The quantity and value of primary forest products in 1922 by products and by provinces are given below.

By Products.

Product	Quantity (cu. ft.)	Total Value (M \$)
Firewood	1,030,391	1,254
Poles	174,997	1,321.21
Pulp	6,980	1,707
Posts	27,697	1,254

MARINE NOTES.

The steamship Manchester Merchant, which arrived this morning from Manchester, docked at noon at the Pettigill wharf.
The Tevlor shifted this morning to the Pettigill wharf from the Rensselaer wharf.
The Manchester Mariner is due here tomorrow from Philadelphia to load general cargo for Liverpool.
The Valmore is expected to leave Philadelphia today for this port to load general cargo for Liverpool.
The Savannah is expected to sail from Baltimore on Saturday for this port to load for London and Hull.
The Jessmore is due to leave New York on July 12 for this port to load for Belfast and Barrow-in-Furness.
The Atlanta is scheduled to sail from Philadelphia for this port on July 13 to load for Glasgow, Leith and Dundee.
The Kalmarsund XI is expected to sail from La Romana today for this port with a cargo of raw sugar for the refinery.
The Manchester Shipper will sail from Manchester on July 21 for this port direct to London.
The Ausonia sailed from Montreal on Monday for Plymouth, Cherbourg and London.
The Columbia sailed from Glasgow for New York on Saturday.
The Albania arrived at New York on Tuesday from New York.
The Assyria arrived at Glasgow on Tuesday from New York.
The Anania arrived at Plymouth on Monday from Montreal.
The Atlanta arrived at Montreal on Tuesday from Glasgow.

Promising Tiger Recruit

JOHNNY NEUN.
Ty Cobb has planted a genuine star in the American Association. Some say—perhaps in the near future—the Georgia Peach will bring the youngster back from St. Paul and have him take Lou Blew's place at first base for the Tigers.

We refer to Johnny Neun, the sensation of the Association this year. He is the most talked of individual in the double A loop. Cobb loaned Neun to St. Paul this spring.

All he has done for the Apostles thus far is to lead the league in batting, and in base stealing. He has a record more than 20 pilfered socks to date. At this rate, he promises to wind up the season with something like 100 stolen bases.

CANNOT SEND TO CHINA FOR BRIDES

New United States Immigration Law Makes Change in Frisco.
(Associated Press).
San Francisco, July 2.—The new American immigration law, with its provision excluding aliens ineligible to citizenship, is having quite an effect on San Francisco's historic Chinatown. The orthodox among the Chinese men are just beginning to realize that they will have to abandon their native land, and that they will be unable to return to their homes in China. Consequently the law is expected to make a radical change in the domestic situation of upper Grant avenue and its byways. The young Chinese here in the habit of going back to China, claiming a bride, to whom he often had been betrothed since childhood, and bringing her back here. This arrangement had several advantages for the husband. The marital settlement required, which his parents-in-law was much less in China, usually not exceeding a few hundred dollars. The girl had been raised to orient docility and followed her parents-in-law to America. She had adapted the ways of American fashions, dress, bobbed-hair and independent. She married whom and when she will and specified the conditions under which she will take a husband. Furthermore her parents than do so, she also remains in the country.

The immigration law prohibits the importation of brides from China. American Chinese thus is forced to consider the Chinese girl already here. She is credited with having expensive taste. She expects, contrary to the immemorial customs of China, a regular courtship, with trips to the theatre, dinners, boxes of candy and jewelry. She is no chaste.

BRITISH FLIERS HEAD FOR JAPAN

Trying to Make Up for Lost Time—U. S. Airmen Delayed.
(By United Press).
London, July 2.—Winging eastward with speedy break in his day to day world flight, the British airman, Major A. S. C. MacLaren has arrived at Shanghai, China, in a desperate race against time. He is expected to be here in a few days. He is expected to be here in a few days. He is expected to be here in a few days.

NO OPERATION FOR HER

She Took Lydia E. Pinkham's Vegetable Compound and Escaped the Operation Doctor Advised.
Louisville, Ky.—"I wish to thank you for what your medicine has done for me. I was in bed for eight or nine days every month and had a great deal of pain. The doctor said my only relief was an operation. I read of Lydia E. Pinkham's medicine and tried it. The Vegetable Compound and the Sassafras Wash, and they surely did wonders for me. I feel fine all the time now, also am picking up in weight. I will tell any one that you medicines are wonderful, and you may publish my letter if you wish."—Mrs. Ed. BOHLEN, 1180 Ash St., Louisville, Ky.

Eachache, nervousness, painful times, irregularity, tired and run-down feelings, are symptoms of female troubles. Lydia E. Pinkham's Vegetable Compound should be taken whenever there is reason to fear such troubles. It contains nothing that can injure. Let it help you and it has thousands of others. Lydia E. Pinkham's Vegetable Compound is now selling almost all over the world.

DID NOT WANT GOLD

Macon, Ga., July 3.—(Associated Press).—While "it pays to advertise," is an axiom of the present era, that knowledge must have been more or less common even in the days of the civil war, according to an advertisement of that period reprinted in a recent issue of the Macon Telegraph and Times. One of the American machines developed cylinder trouble and a new cylinder is being carried from Lahore by airplane. There is a report in Calcutta that Major Martin, who originally commanded the flight, will resume command when the airman reach Paris.

LOCATION OF MEMORIAL NOT YET DECIDED

Several Suggestions About King Square Site are Made Today.
After the city commissioners had heard the War Memorial Committee this morning the matter of location for the proposed memorial was deferred, and Commissioners Frink and Wigmore were appointed to confer with the War Memorial Committee. It was suggested by C. C. Kirby that the new monument be placed on the north side of the present walk leading from King street and the fountain left where it is.

Mr. Kirby declared himself against moving the fountain.
The committee was composed of R. T. Hayes, M. L. A.; M. P. Mooney, John Flood, C. C. Kirby, Col. E. T. Sturdee and C. B. Allan.

Mr. Hayes, Col. Sturdee and Mr. Allan all asked that the fountain be moved and the monument placed back toward the fountain and the band stand was in mind.

Mr. Mooney said it had been decided to call for tenders for the stone for the base from all the St. George granite working firms and if their prices were right New Brunswick stone would be used.

Commissioner Frink said it would cost a considerable sum to move the fountain and Commissioner Harding asked how far back was it proposed to put the monument.

It was asked whether that about one third of the way between the drinking fountain and the band stand was in mind.

Mr. Flood said the walk would have to be widened if the monument was set back.

Mr. Kirby said he was in favor of putting the monument on the north side of the walk, about the same distance away as the Tilley monument and leaving the fountain where it was.

On the suggestion of the Mayor, Commissioners Frink and Wigmore were appointed to confer with the War Memorial Committee and bring in a further report.

Tenders for line material were referred to the Civic Power Commission for a report as follows: Canadian General Electric Company, H. M. Hopper, Electrical and Mechanical Contractors, and Powerite Devices, Ltd.

E. P. Raymond, for Miss P. Knight Hanson, stated that the city write off the amount owed by his client for an easement on North Market street, as payment for the land occupied by the city with its sidewalk, which was on her land. He also contended that it was not fair to press for the payment of this sum when Miss Hanson was not allowed to repair her building.

Mayor Potts asked if the building inspector had been asked for a permit to make repairs similar to those made by ex-Mayor Fisher and Mr. Raymond said no.

His Worship also said that if the city removed the sidewalk it might build a

REPORTED CURES AT SHRINE OF STE. ANNE

Redemptorist Fathers at Ste. Anne de Beaupre are studying two reported miraculous cures which have been reported at the shrine over the week-end, the cured people being a woman and a young man who formed part of a pilgrimage from St. Paul, Minnesota. The party, which included His Grace Mgr. Busch, Bishop of St. Cloud, Minn., arrived at Ste. Anne on Saturday afternoon and attended a series of religious ceremonies on Sunday. After mass a young man named William McNab, who had been praying near the statue of Ste. Anne, suddenly rose and proclaimed he had been cured from a chronic headache for which he had been suffering for four years.

On Tuesday morning Mrs. Siegfried, resident of Minnesota, who had been following all the services since the beginning, left her crutches at the statue, saying that she was cured from partial paralysis. Though some of the witnesses of the cure contend they are miraculous cases, as usual the Redemptorist Fathers refuse to make any official statement until they obtain proof. In June there were 39 pilgrimages to Ste. Anne de Beaupre, which is slightly over the corresponding period in the previous year.

IN MARITIME CHAMPIONSHIPS.
"Beef" Malcolm, Trojans A. C. shot-putter and winner of that event at the Canadian Olympic eliminations in Montreal recently, is now getting into shape for the Maritime championships which will be held in Halifax in September. At Sussex on the holiday, Malcolm won the shot put event with 35 feet 4 inches. On his first try, he did not catch it right and on the second try, the shot sailed up in the air. His third try was the best of the air. Ruben, the St. John boy who won the mile event from Bruce Winchester finished second at Sussex, but was placed third as one of his over-enthusiastic club members paced him for the final 60 yards.

They Have a Small Go-Cart But Their Son Is Nearly Six Feet Tall

The Smiths have a baby go-cart—up in the garret—covered with dust.
"Baby" doesn't ride in it any more. Because he wears long pants now and is taller than his father.

The riddle is: "Why do the Smiths keep that go-cart?"

Many people find themselves in very similar and equally ludicrous circumstances. They have a perfectly good lawn mower, perhaps, but no grass to mow. They have a piano but no one to play it. They have a pair of Indian clubs and—rheumatism.

The easy, quick and convenient way to dispose of articles which are no longer useful to the owner is to advertise them for sale in the want ad columns of The Times-Star.

For goodness sake, sell those things and let someone else get some pleasure out of them. Just insert a want ad in The Times-Star explaining what you have to sell and the price at which you will dispose of it.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

GREAT GAME IN N. B. PRO LEAGUE

Vets Win From Moncton by Score of Two to One. The Vets took Moncton into camp last evening on the East End grounds by the score of 2 to 1 in a regular N. B. Professional League game.

Single G. Noblest Roman of Harnessdom

A champion without a crown. As strange as it may seem that is the fate and status of Single G. 1,587, greatest pacer of all times bar none. The noble pacer will again be raced on the Grand Circuit this season, as well as other points in connection with three-cornered matches with Margaret Dillon and Sir Roeb. He raced in Fredericton last year against his pair.

KERR'S HITTING WAS A FEATURE

Royals Lose Close Game to the Trojans in South End. A steam roller onslaught on Earl Nelson's offerings with the score of 1 against them in the fifth inning followed up by another drive in the sixth gave the Trojans a close margin for victory over the Royals in the South End League last evening, 8 to 7, and allowed the Trojans to keep pace with the Machine Gunners.

Ball Problems By Billy Evans

QUESTIONS. 1. Visiting team scores five runs with no one out in the first inning. Relief pitcher stops the scoring during the rest of the inning. The final result of the game is 9 to 8 in favor of the visitors. At no time during the game did the home team get on even terms with the visitors by tying the score.

SHE'S FASTEST GIRL RUNNER

"Fastest girl in America," is the title won by Beredene Krill of Ederston, N. B., a junior at Ohio Wesleyan University, through breaking the American record for women in the 220-yard dash.

PUBLIC WORKS TEAM WINS GAME

Defeat Customs Nine and are Closing In on the Leaders. The Public Works team reduced the lead of the Water Dept. aggregation to half a game in the Civic and Civil Service League when they defeated the Customs last evening on the North End grounds by the score of 20 to 6.

MONCTON SECURED THEIR ONLY RUN IN THE FIFTH CHAPTER

Moncton secured their only run in the fifth chapter when Paul, the former St. Stephen twirler, singled into left, was sacrificed to the middle station and rode home on McCarty's safe drive to left field.

RIVALRY BOSTON'S 1914 PERFORMANCE

Washington Keeps Up Brilliant Dash—Two Make 100th Hit. New York, July 3.—Washington's dash in the American League has developed a speed which may rival that of Boston in 1914, when the Braves leaped from last place in mid-season to a National League pennant and a world's championship.

RANOCAS STAR TO CARRY TOP WEIGHT

Zev Will Have 133 Pounds and Mad Hatter 132. Weights for the Carter Handicap, a dash and seven furlongs for three-year-olds and upwards, with \$4,000 added money, to be run at Aqueduct next Friday, have been announced.

PANCHO VILLA WINS WITH K. O.

West New York, N. J., July 2.—Pancho Villa, flyweight champion of the world, knocked out Harry Catona in the fifth round of a scheduled round bout at the Playground Arena here tonight.

EPINARD WILL RACE IN ENGLAND

Paris, July 3.—Epinaud, Pierre Wertheimer's crack four-year-old, will leave for England by way of Boulogne. After competing in one or two races in England, the horse will be shipped to America. The above dispatch indicates that another change has been made in the plans for the French champion of last year.

AMERICAN LEAGUE

Philadelphia, July 2.—After losing the first game 9 to 8, New York came back strong and by timely extra base hits, coupled with free passes, defeated Philadelphia, 10 to 1, in the second game. Pennock held the Athletics to seven hits in the closing contest, which was featured by Scott's home run with two on base in the seventh. Scores:

FANS WILL MOURN DEATH OF DARRAGH

Famous Hockey Star Dies Suddenly in Hospital After Operation.

With tragic suddenness the death occurred in Ottawa a few days ago of Jack Darragh, famous forward of the Ottawa hockey team...

Darragh, who was assistant accountant at the Ottawa Dairy Company, a position which he had risen to from office boy...

Movies Help Sculptor

A young American sculptor in Paris, George Fitz Waters, is achieving phenomenal success in catching the characteristic expressions of his models.

not take his own case seriously and remarked shortly after coming out of the anesthetic that he would have to get back home in a day or two to resume his tennis practices...

The late Jack Darragh was in his thirty-third year and had been a mem-

ship and the Stanley Cup in March of that year Darragh scored both goals for Ottawa and gave the Senators the honors. He did not play in 1922, but was induced to come back the following fall...

The deceased hockey star was in many ways a model athlete. He neither drank nor smoked, trained assiduously all the year round...

SPURNS FOLLIES

Mavorette I. Robert, 17, winner of a Rochester (Minn.) beauty contest, has rejected an offer of a place in Ziegfeld's Follies.

BIG DOUBLE BILL AT QUEEN SQUARE

Jane Novak in "The Lullaby" and "Itching Palms" Make Fine Show.

For skilful intermingling of laughs and thrills in plausible continuity it would be hard to excel "Itching Palms," a fast-moving comedy drama released by F. B. O. and shown for the first time at the Queen Square Theatre yesterday with an all-star cast.

Directed by James W. Horne, creator of the memorable "The Hottentot" and Ethel Clayton's most recent vehicle "Can a Woman Love Twice?" "Itching Palms" reflects all the reproductional skill of Mr. Horne.

The story is compact and the big situations are well developed. In view of the suspenseful qualities of the story it is best, perhaps, to withhold the plot.

The all star cast is headed by pretty Virginia Fox, prominent as leading lady for Buster Keaton, who in this production has her first important dramatic role...

The programme also includes Jane Novak in "The Lullaby."

800 Gassed In Portland Theatre

Portland, Me., July 3.—Eight hundred patrons in the new Portland Theatre were forced to leave the playhouse early when a corroded valve in the ammonia refrigerating system of a grocery store on the floor below released fumes that filled the building.

Firemen wearing gas masks entered the store and ended the danger, but two persons received injuries in leaving the theatre. George Brode and Walter Parker, working on the refrigerating system at the time the valve broke, narrowly escaped from the building.

FREDDY WELSH BOXING INSTRUCTOR AT CAMP

New York, July 3.—Freddy Welsh, former lightweight champion of the world and now a captain in the Officers' Reserve Corps, has been appointed boxing instructor at the military training camp, which opened at Plattsburg, N. Y. His assistant will be Frankie Munroe, a challenger for the featherweight crown of Johnny Dundee.

Stribling Prepares For Greb

Chicago, July 3.—With "Ma" Stribling holding the watch, Young Stribling has started tapering off in training for his ten-round, no-decision contest with Harry Greb, world's middleweight champion, at Michigan City, Ind., July 4.

ROY CHISHOLM MAY NOT FIGHT GILLIS

Roy Chisholm, Maritime featherweight boxing champion, may not meet Johnny Gillis, Maritime lightweight champion, on July 16 at Glace Bay says the Halifax Evening Echo. Chisholm says that one promoter has him signed for that date and Gillis claims to be signed with another promoter. Chisholm is a little bit shy about going to Glace Bay to fight after the decision given in the Healey-Carbonate bout.

The Old-time Painter Says:

"Whether I paint the home of a millionaire or the humblest cottage I always remember that they both meet the same kind of weather. I use

MAPLE LEAF PAINT

It Makes Good Because It's Made Good.

—the millionaire can't buy better paint anywhere. —and the man who owns the humble cottage can't save money any surer way than with MAPLE LEAF. MAPLE LEAF PAINT is the sum total motor driven adding machine of paint progress when it comes to comparison with the old pot and paddle days I had to go through.

For the "old man" with his shirt sleeves up and nothing to do on a Saturday afternoon—but a little job of painting—there's nothing to it but MAPLE LEAF and follow the directions on the can. Perhaps he won't need my services, but here's my advice to him—go to it strong with MAPLE LEAF and the eternal smile will be a permanent feature on his face—for every time he'll look at the job he'll say MAPLE LEAF for mine every time. The man with the MAPLE LEAF around his store is the man to buy paint from, look him up in your town.

SHOULD MAKE SURE THEY HAVE PAPERS

U. S. Immigration Officials Here Give Advice to Travelers.

Regarding the new immigration regulations put into force on July 1 by the U. S. government, it was said this morning by immigration officials here that many people had already applied under this new law for entry into the United States. On account of the office adjustments made necessary by the retirement of H. S. Culver, American consul here, and also the fact that quota allotments for various countries had not yet been received, as well as the fact that the staff for the proper enforcement of the law had not been provided, delay in handling applicants had been experienced at the consulate.

Further complications have arisen by reason of persons having proceeded here from distant points without possessing the necessary papers, particularly birth certificates, so that their cases cannot be handled and necessitating return to their homes or awaiting the arrival of their papers in St. John. It was said that people from Nova Scotia and Newfoundland, as well as distant parts of the United States, would not come to St. John to go to the United States without being sure that the necessary papers were in their possession before they left their homes. Otherwise they would be held up here.

PRINCE ARTHUR IS WELCOMED

Brings 175 From Boston on the First Trip of the Double Service.

Considerable interest was manifested along the harbor front this morning when the Eastern Steamship liner S. S. Prince Arthur was welcomed to port from Boston with 175 passengers and approximately 25 tons of general cargo. She will remain on the St. John-Boston route in the double service with the Governor Dingley until the tourist season ends and will make two direct round trips to Boston weekly. She is a large oil-burner and has 120 staterooms, music room and large smoking room.

The S. S. Prince Arthur is in command of Captain A. L. MacKinnon, who has associated with him Charles L. Burke as chief officer; Fred E. Nicholson as 2nd officer; Major McMurtrie as 3rd officer; E. A. Waldron as purser; Norman Hullett as chief steward; Charles J. Tucker as chief engineer; Thomas Fader as 2nd engineer; Edward Deveau as 3rd engineer; and Walker Cann as 4th engineer. She also has a crew of 81, combining sailors, officers, assistant stewards, chefs and others.

Among the passengers who arrived this morning was T. L. Hickson of Boston, formerly of St. John, N. B. He came to his native land to spend six weeks, camping along the Neptulic. In addition to enjoying fishing he plans on securing some deer and moose and deer and if he is successful he will have the pictures shown in newspapers in the U. S. He says he has a hobby for pictures and already has quite a collection of snapshots of animals which inhabit our forests. He is accompanied by his sister, Miss Alberta.

Robert Murphy, formerly of this city but now of Boston, also arrived on the steamer to spend his vacation visiting his relatives. Chipman Olive also came on the steamer and will visit relatives in this city.

IS COURT CASE OVER GASOLINE

Harbor Inspector W. A. Charlton today reported Captain Mills, of the schooner Wilfred D., for violating section 48 of the harbor by-laws by permitting gasoline to stay on South Market wharf last evening after sunset. The case came up before Magistrate Henderson this morning and the harbor inspector, after Captain Mills had pleaded guilty, asked that the fine be allowed to stand in this case as the by-law was a comparatively new one and he wished rather to bring the matter sharply to the attention of the captains to punish. In addition to this the magistrate struck a fine of \$10 and allowed it to stand.

PROPERTY SALES

The following real estate transactions are announced:
St. John.
Leonard Fisheries Ltd. to W. W. Leonard, property in Britain street.
W. E. Mowatt and others to F. O'Donnell, property in Simonds.

Kings County.
Margaret E. Howard to Sarah E. Howard, property in Sussex.
E. W. Northrup to D. B. Vail, property in Springfield.
Elsa Robinson to L. V. Murphy, property in Kingston.
C. H. Rouse to H. L. Harper, property in Havelock.
K. O. Rhodes and others to G. B. Jones, property in Sussex.
A. F. Shumner to Mary E. Shumner, property in Kingston.

SALE FOR LABRADOR
The sale of clothing prepared annually by the missionary societies of the city for the Labrador Medical Mission conducted by Dr. Grenfell, has been practically completed and it is expected that it will be forwarded the latter part of this week. The bale, which includes second-hand clothing and some new clothing, is about the same size as previous years. The donations of the local societies were augmented by gifts from Brookville and Westport, N. S. The bale will be shipped from Halifax via St. John's, Nfld., and thence by smaller boat to Labrador.

Retires as U. S. Consul Here

HENRY S. CULVER.

After 27 years in the service of the United States Government as consul, Henry S. Culver, who has been American Consul here for the last 14 years, was retired from the service on July 1, under the new law which passed Congress in May of this year, providing for the retiring of all officers of the United States, but for the same period held the post of prosecuting attorney for the County of Delaware. Mr. Culver is a native of the city of Delaware, Ohio, and was for many years one of the prominent lawyers of that city. For four years he was also mayor of the city and for the same period held the post of prosecuting attorney for the County of Delaware. Four years in Ireland.

In 1897 during the term of office of President McKinley he was appointed to the consular service and was assigned to a post in Ontario. For nine years he was local agent in this field, but immediately afterwards being transferred to Cork, Ireland, where he remained for the next four years. In 1910 his appointment as consul at St. John was made and since that time Mr. Culver has remained at this post and has gained the friendship and esteem of a large number of friends.

Mr. Culver's four years in Cork are characterized by him as four of the happiest years of his life and he never tires of recounting his experiences while in the land of the shamrock. On several occasions, audiences in St. John have been entertained and impressed with Mr. Culver's recital of the events which surrounded his stay in Cork, his picturesque description of the country and its people, all woven together and recounted in a manner which has branded Mr. Culver as one of the most enjoyable public speakers in the community. He has always represented his nation with dignity at public functions here and in private life he has proved a most companionable gentleman.

And as Mr. Culver has been popular, so also have his wife and two daughters, Miss Louise, who is connected with the Sign of the Lantern Tea Rooms here, and Miss Dorothy, who is at present residing in Boston. Mr. Culver is at present living at his summer home at Crystal Beach and proposes to remain there until the end of the summer. What his plans will be after that time has not yet been determined. He is as yet undecided whether he will return to the United States to make his home or remain in Canada. His youngest son, who is named, but is E. H. Carter, vice-consul, is carrying on the duties of the office.

LOCAL NEWS

BANK CLEARINGS.
St. John bank clearings for the week, as reported today, were \$1,983,211; in 1923, \$2,752,956; 1922, \$3,014,008.

ENGAGEMENT.
Mr. and Mrs. Robert Rankine, of Jemseg, announce the engagement of their youngest daughter, Elsie M., to Thomas M. Todd, of St. John, the marriage to take place at an early date.

INVITE MINISTER.
The members of St. Matthew's Presbyterian church decided at a meeting last evening to extend a call to Rev. J. W. Belton to fill the pastorate in that church. Rev. Mr. Britton is now stationed in Elmsdale, N. S.

IS FINED \$200.
John Montague was fined \$200 in the police court this morning on a charge of selling liquor in his store in Charge street. Mr. Ryan appeared on behalf of the prosecution.

COLLECTOR IS IN MONTREAL.
C. B. Lockhart is collector of customs, is away from the city and C. F. Tilley is acting collector. Mr. Lockhart is in Montreal and it is said that he is there in connection with the liquor case of the schooner Lutzen, which sailed from this port last fall. Customs officials refused to confirm this report.

LOCH LOMOND ROAD.
The contractors on the re-making of a stretch of the Loch Lomond road are working from both ends of the section being improved. Beginning at the place where last year's work stopped, near Shaw's, a crew is operating outward, and at the other end, near Blind Man's Lake, men are bringing the work citywards. Already there is improvement and there is promise of a fine stretch of road when the work is completed. In addition men are at work on the section between the Ben Lomond House and Johnstone's Hotel gravelling and making other repairs.

GOING TO ENGLAND.
D. A. Saker will be a passenger on the Cunard liner Caronia, sailing from Quebec on July 5 for Liverpool. Mr. Saker is in St. John in the matter of the claim against the Germans for the sinking of the schooner Dornfonten at the mouth of the Bay of Fundy. Messrs. L. S. and H. P. Webb of Fredericton will also be passengers on the Caronia. Among the passengers sailing on Anchor-Donaldson liner Atlantis from Montreal tomorrow will be Mrs. R. E. Brown and son, Ted, of Moncton, William McCallum and Misses M. J. and Annie McCallum of Moncton, and Frank Dean of Bath, Carleton county.

ROPE TRANSACTION IN POLICE COURT

James Hanlon Taken on Suspicion in \$250 Theft Case.

A preliminary hearing in the case of James Hanlon who was arrested yesterday on suspicion of stealing rope off the S. S. Johnstown, was begun before Magistrate Henderson in the police court this morning. After several witnesses had been heard the defendant was remanded until tomorrow morning.

Captain Augustus W. Wells and Charles J. Harrison, mate on the steamer, testified about missing a hawser which they valued at \$250. They identified a large piece presented in court as being part of their property. Harry Cohen of the Dominion Iron & Metal Company, told of the accused visiting him last Monday and asking for a price on a quantity of rope read at his home, 274 Chesley street. He told of visiting the defendant's residence and agreeing to purchase the rope at 5c a pound. They removed the rope to their place of business and found that it aggregated 1260 pounds. He said he paid him \$5 to bind the bargain and then proceeded to a bank to secure the remainder of the sum. While there he said he met local detectives and as a result of a conversation the transaction was ended.

Detective Biddiscombe told of receiving information regarding the loss of the hawser and of going to the home of the accused and finding small pieces of rope about the floor in a shed. He said he found the rope in the Dominion Iron & Metal Company's quarters. He took the accused into custody. He said that, following the usual warning, the defendant said he had purchased the rope from a sailor. He was asked if he could identify the man and said he did not think so. The detective said Hanlon confessed that he had secured some of the rope off the S. S. Margaret Cochrane, explaining that it had been lowered over the side of the steamer into a row boat.

COL. GUTHRIE TO TESTIFY HERE

Witness in Miss Fielding's Claim of \$25,000 from the Germans.

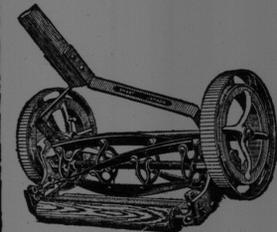

Another large claim, totaling in the vicinity of \$25,000, against Germany will be heard this month by Hon. Dr. Wm. Pugsley, who has been commissioned by the Federal Government to investigate in these matters. The claim is presented by Miss Fielding, a native of England, for personal damages sustained when the steamer Hesperian was torpedoed by the Germans during the war. Miss Fielding is now with her parents in Scotland and it is claimed that her present physical condition will not permit her coming to this country to give evidence. Colonel P. A. Guthrie, formerly of Fredericton, but now practicing law in Boston, was an eye-witness, however, being among the passengers on the Hesperian and was one of those who assisted in the rescue of Miss Fielding from the waters of the Atlantic. He will be here to give evidence at the hearing which is set for the third week in July. Miss Fielding's brother, also now a resident of Boston, will also be called upon to give evidence of the torpedoing of Miss Fielding was returning to Toronto, where she was engaged as physical instructor at an educational institution, after spending a leave of absence with relatives in the Old Country. She claims permanent personal injury from shock and exposure in the water.

ESTATE MATTERS
Tenders for the assets of the estate of Philip Goldstein in connection with a clothing store in Union street were considered at a meeting of the creditors but authorization for sale was withheld for further consideration. In the matter of the assignment of Fred Bryden, the creditors accepted the tender of H. M. Stevenson, St. John, for purchase of assets. At a meeting of the creditors of Brown Bros., Lepraux, no decision as to sale of the assets was reached. In all three cases the Canadian Credit Men's Trust Association, Ltd., is the authorized assignee.

As Hiram Sees It

"I hear," said Mr. Hiram Hornbeam to The Times reporter, "you was up river for the holiday."
"I was," said the reporter, "and I had a wonderful time."
"What was you doin'?" queried Hiram.
"I weeded an onion bed," said the reporter.
"I picked several boxes of strawberries. I watched a man saw and split some wood—and when some gravelly cover a cottage walk. I saw yachts and motor boats and bathers. I saw gardens daisied in c a d o w s, green hills and shining water. I walked in a grove of tall and slender maples, beeches and birches, through whose leaves the sunshine filtered here and there, but where for the most part shade and coolness encompassed me. It was a real day in the country—a delightful day. I wanted to stay. Everything, even the squirrel running across the road, seemed to be inviting me."
"I bet the musketeers wanted you to stay longer," said Hiram.
"I will not deny it," said the reporter. "They did cling to me—with real affection."
"Sure," said Hiram. "Town meat is tender."

A MATTER OF MOWMENT—

Getting a lawn mower that requires as little effort as possible to operate it and at the same time one that does clean, rapid work.

We can recommend these as lightweight, easy running machines of superior workmanship, which will last for years.
