## Danger at Westfield

A good heavy rainstorm is now desired by the people of this province, more than anything else. In the various sections where forest fires have been raging, the men are becoming tired out with their long and arduous fight against the flames. The weather forecast for today promised showers, but up to the present time they have not been forthcoming.

## ADDITIONAL FOREST FIRES REPORTED TODAY IN SEVERAL SECTIONS OF THE PROVINCE

More Fires in Kent and Northumberland Counties—Much Damage Done Along Keswick Stream Attempts to Fight Fires on the Border Abandoned—Danger at Westfield

Fredericton, June 11—(Special)—Forest fires along the Keswick stream burned fiercely all night long, the flames illuminating the country for miles around. There is still no sign of rain, and with a stiff southwest wind blowing today the outlook is anything but encouraging. The report that Leslie White's house at Doyno Bridge was destroyed yesterday cannot be verified, and is probably incorrect. Fire burned last night right down to the edge of the settlement, and was kept from the buildings only with the greatest difficulty.

It is estimated that one and a half million of standing timber was burned over yesterday in the vicinity of Doyno Ridge. Today the fire is sweeping over a nine thousand acre block of timber land owned by John A. Weatherbe and others, of Bangor. It is believed that the entire block will be wiped out.

Unlike other women workers who are earning as they can, the "pin money" girl worker is causing no little agitation among women workers in general...

"Such girls are driving down the rate of wages all the time," the secretary of the Amalgamated Union of Clerks, Warehouse and Shop Assistants said.

"I am working at the next desk to one of them at present, a nice girl, but we all agree and we're all fond of her. But she gets on our nerves sometimes."

"She arrives at the office every morning with a lovely bunch of roses pinned in her hair, and she is always very friendly."

Sometimes her "papa" calls for her and takes her to the Savoy for lunch. "I think she ought to go out to business if they wish, whatever their position, a 'pin money' girl said."

These girls do not believe in any young woman taking less than the proper wages. "That would be really wicked."

WHAT THE EDITOR WANTED Country Correspondent Drilled in News That is News

The following instructions are sent to correspondents by the editor of an American paper:

"Our country correspondents are requested to write briefly and to the point in presenting their accounts of quiet weddings; they may, however, consider themselves at perfect liberty to spread themselves in giving details of any uproarious marriages that may occur to break the monotony in their respective neighborhoods."

"We further wish them to remember that a groom attired in the 'conventional black' is sufficiently covered without any description of his dress; but a groom married in tar and feathers is worthy of special mention and a full column with headlines. If the happy couple then depart, they should be permitted to go without saying; but should they begin to pull hair, the minister has got out of hearing we want all the particulars."

"If the table 'groans' let it groan; but if any of the guests choke to death on the 'collation' it will be serious matter with our special correspondent if we don't get complete and early returns. What we want is news that is news."

THE PRESS CONFERENCE OVER AND SIGHT-SEEING HAS BEGUN

Lord Morley, Addressing the Delegates, Declares That English Tongue is the Best Bond of Imperial Union and Asks if the Press is Doing Its Share of Preaching the Doctrine of Peace Among Nations.

London, June 10.—Lord Morley, secretary of state for India, presided over the final session of the Imperial Press Conference, which was held today. The ministry was also represented by Augustus Birrell, chief secretary for Ireland, and Winston Churchill, president of the board of trade.

Churchill president of the board of trade, Lord Milner, former high commissioner for South Africa, was also present. The subject of today's discussion was literature and the press, upon which Lord Morley delivered an interesting and provocative address, tinged with dry humor.

He asked the assembled editors to strive after two moderate aims—simplicity and directness. It was he, said, the presence of the literary elements in the editor which differentiates him from the news boy shouting the news headlines in the corners of the street.

member that disputes between nations were now settled less by war than ever before. One of the most powerful reasons was that nations were organized on the system of national armies and it was these armies which made for peace.

Augustine Birrell kept the audience in great good humor with a characteristically witty speech. He could not understand why the Fourth Estate should assume the shackles, part of which the other states of the realm must take up and he reminded them of the fortunes not only of one empire, but the world, might largely depend on the future uprightness of the press.

On the motion of J. A. Macdonald, of the Toronto Globe, a vote of thanks was accorded the various speakers.

At the Banquet Club yesterday the delegates to the Imperial Press Conference witnessed a polo match and were afterwards entertained at dinner at the club house.

Sir R. Hailey, Lord Courtney, T. P. O'Connor, Mr. Baugerie, of Bengal, and Mr. Engelberg, of Pretoria, contributed interesting speeches in which they reflected the literary side of newspaper life in the parts of the empire they came from.

Lord Morley, Secretary for India. The editors will spend the next fortnight in sight-seeing. They will be present at the naval review at Spithead next Saturday, in which 140 warships will take part. The conference will reassemble on June 25 to receive the report of the committees.

CALLED THE BISHOP OF LONDON TRAITOR

Sensational Incident in Celebration of Eucharist as Prelude in London Yesterday

London, June 10.—The Bishop of London, Right Rev. Arthur Winnington Ingram, was denounced as a traitor during a service in St. Ethelred's church, a parish in his own diocese, today. The occasion was a celebration of the Eucharist as preliminary to the Anglican church pageant which was opened on the grounds of Fulham Palace, the residence of Dr. Ingham, overlooking the Thames at Putney.

The bishop appeared and took part in the service, followers of John Kenait, president of the Anti-Ritualistic League, who were in the congregation, rose and protested against the bishop appearing in "popish pageantry," and denounced him as a traitor to the Anglican church. The police interfered and dispersed of the Kenait.

"WOMEN!" "Are You Nervous?"

The results of modern civilization are evidenced in an increase of nervous diseases, and, like many others, spend lots of money on medicine that does no good. I was so bad that the least noise would make me jump and my heart would thump so you could hear it plainly and I could not lie on my left side six nights.

MILBURN'S HEART AND NERVE PILLS

come along with their nerve-strengthening and energizing properties, and restore them to their normal condition. Mrs. Wm. Levi, Markdale, Ont., writes: "I had for several years been troubled with nervousness, and, like many others, spent lots of money on medicine that did me no good."

Reducing Living Expenses

In the history of every generation a time comes either to the individual or the family collectively when expenses must be cut and a period of retrenchment entered upon. Even so august and powerful a family as the German Emperor's couldn't get away from the retrenchment necessity.

METHODIST DISTRICT MEETING AT SUSSEX

Cheering Reports Presented From Every Branch of the Church—Rev. Dr. Campbell Will Continue in Present Work.

Sussex, N. B., June 10.—At the morning session of St. John District Methodist Conference today much business of importance was transacted. A resolution was passed authorizing Rev. J. M. Campbell to continue for another year as secretary of the Canadian Bible Society.

Reports of membership and contributions and in every branch of church work in St. John were cheering. In the report of membership the figures showed that there had been a gross increase of 400 and a net increase of 120 in district members.

Contributions to the connexional funds were most generous. Missionary funds showed a gain of \$1,245.93, as compared with last year. The Women's missionary contributions showed a gain of over \$600.

In the sustentation fund there was a slight decrease, it being the only one noted. Sources of revenue were: Missionary, \$4,062.31; superannuation, \$487.50; education, \$1,819.20; general conference, \$150.78; Sunday schools, \$87.92; contingent, \$88.50; sustentation, \$231.80; children's fund, \$175; temperance, \$100.45; women's missionary, \$3,186.53; Epworth League, \$20.50; total, \$9,840.41.

Contributions by the district were: Queen Square, \$700.00; Centenary, \$3,270.73; Portland, \$44.88; Carleton, \$524.15; Carmarthen Street, \$380.29; Zion, \$100.20; Fairville, \$190.70; Sussex Bay, \$400.00; Newton, \$121.89; Apohaqui, \$175.33; Springfield, \$23.37; Hampton, \$111.70.

The Open Door for Consumption

And How "Father Morriccy's No. 10" (Lung Tonic) Closes It.

A low run-down condition, with perhaps a neglected cold and a little cough, is a cordial invitation to the White Plague, Consumption, to come in and make itself at home. And it seldom overlooks the invitation.

In such a case there is no time to be lost. The door must be promptly closed. This can be done by taking a complete rest, with plenty of fresh air, and "Father Morriccy's No. 10" (Lung Tonic). This medicine clears out the passages, relieves the cough and heals the delicate membrane of lungs and air passages. But perhaps most important of all, it builds up the whole system, giving Nature the needed assistance in fighting off the dread disease.

Though other remedies may have failed, don't give up. Try Father Morriccy's No. 10, combined with fresh air and exercise, and even though you are in the first stages of consumption there is hope of a permanent cure. Sample bottle 25c. Regular size 50c, at your dealer's, or from Father Morriccy Medicine Co., Ltd., Chatham, N. B.

NEW PAY SYSTEM ON THE I. C. R.

Pay Car Will Be Done Away With and the Men in Future Will Be Paid by Cheque.

The new commissioners of the I. C. R. have decided to do away with the pay car system and in the future to distribute the salaries to the employees on the government road by check. It is claimed that a saving of \$10,000 a year will be effected by the change. I. R. Rose, the terminal agent here, received the pay sheets from Montreal yesterday and was busy last evening paying the men in the St. John district.

The pay car has been an institution on the I. C. R. practically since the road was first operated and has been a regular visitor to St. John, arriving usually between the eighth and twelfth of each month. The car was run as a special and as it went to all sections of the road involved the railway in considerable outlay in running expenses.

It is understood that the new commissioners saw no particular benefit in maintaining this costly method of paying the employees and decided that payments by check would be equally satisfactory. In cases where the men cannot be reached they receive their pay personally the money will be sent to them by registered letter.

In St. John the change will make but little difference to the employees as the mechanical staff, which includes a large majority of the men, have been in the habit of receiving their pay through Mr. Rose and were not dependent on the arrival of the car.

OAK BAY MAN WHO HAS A FAST ONE

Mare Tried Out For the First Time Does a Half Mile in 1.19

St. Stephen, N. B., June 10.—(Special)—A promising addition to the fast horses on the local turf was unearched on the St. Stephen track today when an untired six year old mare owned by W. H. Boone, of Oak Bay, negotiated a half mile in 1.19, without being pressed, and it is believed can do the distance in 1.12 or 1.10.

The mare had been used by Mr. Boone to a truck wagon and although he knew her to be fast had not previously hitched her to a bike. He had her on the St. Stephen track today when some of the horses with records of 2.24 and 2.25 were being exercised. Owing to the track not yet being in prime condition the best time made was 2.45.

Mr. Boone was laughed at when he expressed a wish to have his mare's speed tested, but eventually Edward Fitzmorris procured a bike and tried her out at the half mile. She did the distance in 1.18 and Mr. Fitzmorris said afterwards that he had not forced her and believed she could make 1.12 or 1.10 under favorable conditions.

As a result of the trial Mr. Boone received a handsome offer for the horse from a Montreal man, but has so far not accepted. It is probable the mare will be heard from again in the near future.

BAPTIST DISTRICT MEETINGS TODAY

Six and Seventh Districts in Session at Penobscis and Grand Manan

The annual meeting of the sixth district of the N. B. church convened in the upper Baptist church, Penobscis, Thursday afternoon at 2:30 o'clock. Jacob Thine, of St. Martins, was in the chair. During the afternoon a sermon was delivered by Rev. W. J. McLuckey, of Apohaqui and an address on Sunday school work was given by Rev. J. B. Ganong.

At the evening session, Rev. Dr. W. L. Archibald and Rev. Dr. H. T. DeWolfe, of Wolfville, delivered addresses on the educational work of the institutions there. Mrs. Backard spoke on mission work in India. Rev. R. M. Timcocks, lately from England, spoke strongly along the insurance lines. He condemned the working men's clubs in the old country as places where men spent their money instead of carrying it home to their wives and families.

Today's sessions will open at 10 o'clock there will be a discussion of some missions. In the afternoon Mrs. W. C. Weyman, of Apohaqui, district secretary of the W. B. M. U., will present her report and at 3:15 Mrs. W. E. McIntyre will submit her report. This will be followed by an address from one of the representatives and the election of officers for the W. B. M. U.

This evening, following an address by Rev. David Hutchinson, E. M. Sippell will speak on the Laymen's Missionary Movement and the Rev. Wellington Camp will speak on Foreign Missions.

Among the St. John delegates attending the meeting are: Rev. Gideon Swain, Rev. B. H. Nobles, Rev. Wellington Camp, Rev. Dr. and Mrs. W. E. McIntyre, E. H. Duval, Rev. David Hutchinson and Mrs. Hutchinson. Miss Elliott and Mrs. James Patterson, Principal DeWolfe, of Acadia, and Dr. E. W. Kelly, of Burnham. The annual meeting of No. 7 district will be held at Grand Harbor, Grand Manan, at 2:30 today and will continue till Monday. Rev. E. V. Buchanan, of St. George, will be chairman and D. C. Clark, of Carleton, clerk.

WEDDINGS McCord-Carter The marriage of Miss Marjorie May Carter, eldest daughter of Mr. and Mrs. Adam Carter, of Westmorland Point, to George Rankine McCord, of the law firm of Copp & McCord, of Sackville, was solemnized in St. Mark's church, Monday, Wednesday afternoon, by Rev. Cecil F. Wiggins, of Sackville. The bride, who was unattended, wore a becoming dress of taupe grey with hat of corresponding shades. She carried carnations. The church was beautifully decorated, the bridal party standing beneath a floral arch. Miss Louise Carter, of Point De Bute, was organist, and the church choir was present. After the ceremony a wedding reception was held at the bride's home. Mr. and Mrs. McCord left Amherst on the Maritime express in the evening on a trip to Upper Canada.

AMUSEMENTS

HOLDEN'S COMEDIANS

At the Opera House. Holden's Comedians, the jolly company who will offer Pike's Peek at the Opera House on tomorrow and Saturday evenings, enjoy this clever comedy as much, if not more, than their auditors. This, in itself, is an evidence of the mirth provoking qualities of this clever play. It keeps up the bright, crisp, rapid fire wit with which the play abounds in a manner that insures an ideal performance. Laugh follows laugh, as funny complications and climaxes, ludicrous situations and pleasing and popular specialties flow along with the story in never ending delight until the final curtain, when tired nature finds sweet repose in smiling faces that have lived two hours and a half in an atmosphere of mirth, music and song.

NICKEL'S BIG BUDGET

The Nickel proceeds from good to better in today presenting the realistic re-enactment of the Biblical stories. The Judgment of Solomon—the touching story of the two women and the stolen child—and Jephthah's Daughter, or the sacrifice of the victorious king. No films made by the Vitaphone Company of America have aroused more commendation. The management uses paragon scenes. The children see these dramas from holy writ, and a cordial invitation is extended the clergyman of the city to attend.

THE BURNS-JOHNSON FIGHT PICTURES TODAY

The pictures of the Burns-Johnson fight which will be shown in the old Mission Hall today, are said to be the best ever taken of scenes in the prize ring, giving every phase of the contest, including incidents before and after, and holding the interest for the spectators for more than two hours. The pictures have already been shown by Hugh McIntosh, the Australian promoter in the large cities in the United States and Canada and have received much praise.

ENGLAND VS. GERMANY AT THE "STAR"

The sensation of the season in motion pictures will be the Star Theatre's magnificent film "Invasion, Its Possibilities," or the supposed danger of Germany attacking England. This is a thousand feet picture of the British force on land and sea, the army, navy and all the excellent details of the Mother of Parliaments. Blood will warm with pride at this fine picture which is sure to attract many hundreds. The other films are to be "Foolishness Has Dreams," "The King of Jesters," and two comedies. "Weston," who has made a big hit, will be the big Saturday matinee show will consume more than an hour. Be early tonight for the dramatic picture is going to draw immense crowds.

"THE AMERICAN GIRL"

There is always a strong attraction in the appearance of children on the stage, and in this respect "The American Girl," which the favorite comedian, George F. Hall, is to play an engagement at the Opera House, starting Monday evening next, is doubly fortunate in that it has two most important characters in the hands of clever and finished actresses, each of less than nine years of age. Besides the perfectly natural and artistic presentation they are said to give of the roles portrayed, they have the added attraction of one of them—never fails in its appeal—and in the last act they sing together to the evident appreciation of the house. Mr. Hall is said to be never so well pleased as when the little ones make a big hit, inasmuch as it will be a great recitation 'go' so much the better before the same audience. Mr. Frank W. Nason has surrounded the state with a strong company of first-class artists.

A MAINE LEAGUE

Bangor, Oldtown, Millinocket and Houlton Will Form a Four Team Circuit. Manager Biddo Iott of the Bangor baseball team, announces that the Bangor & Aroostook railroad had granted sufficiently low terms for travelling expenses of the teams in the four-team league, with Bangor, Oldtown, Millinocket and Houlton on the circuit, to allow the management of the proposed league to proceed with the plans for the formation of the organization and arrange a playing schedule.

The league teams will commence the season on Friday, June 18, when Houlton will open at Maplewood park. Bangor, crossing bats with the nine stalwart fans representing Bangor, and Old Town will on that date try conclusions with the Millinocket aggregation. The playing season will be extended to September 15.

An enthusiastic meeting of the managers was held in Millinocket Tuesday. Managers McClusky of Houlton, Dorr of Old Town, and Iott of Bangor, were present. And all reported the prospects of the game in their territory as excellent. The matter finally settled down to a question of railroad rates and the consensus of opinion was that considering the long jumps necessary the transportation was a most serious problem; that if a favorable rate could be secured from the Bangor & Aroostook railroad the league would be assured, but otherwise the expenses would be too large.

JUDGMENT IN A SCREEN CASE

Case Against Martin McGuire is Dismissed—Nothing Done With Reference to Other Cases. Yesterday afternoon the adjourned cases against Joshua Ward, Martin McGuire and Mrs. J. Hogan in reference to screens and other obstructions preventing a full view of their liquor stores were taken up for a further postponement. Evidence was taken in two of the cases. That against Mr. McGuire was dismissed and nothing definite was done about that of Joshua Ward. When the cases were called George A. Henderson, who prosecuted, was about to move for a further postponement. He intimated that something had been done to comply with the law, but something more should have been done and the inspector would visit the places again. At this point Judge Ritchie interrupted. "These are the most peculiar cases I have ever known to be before the court in the last twenty years. Won't somebody open up and tell the whole truth about the matter? Why can't we deal with these liquor cases the same way as usual cases or other matters?" Mr. Henderson at once agreed to go on and after Mr. Ward had pleaded not guilty called Inspector Jones to the stand. The inspector said that on the day the information was laid, June 3, Mr. Ward had a partition about 10 or 12 feet back from the window which completely hid the interior from view. Mr. Henderson intimated that this was the case against the defendant. They did not wish, he said, to collect a fine so much as to secure compliance with the law. Judge Ritchie then inquired about the defendant. In the absence of the defendant he said he could not accept a plea of guilty. J. B. Baxter, who appeared for the defendant, said that he was not sure that his client was guilty of an infringement of the law on the date named. His impression was that the law had been complied with when the summons was served. As far as Mr. McGuire was concerned he went on the screens and partitions complained of had been taken out. His honor reminded him that it was not a question of what might have been done since, so much as what the condition of the premises was on June 3. On hearing this Mr. Baxter entered a plea of not guilty. For Mr. McGuire and Inspector Jones were again put on the stand. His evidence was to the effect that on June 3 Mr. McGuire had a perforated iron screen in the window to the left of his bar room door. The screen, he said, was on hinges and obstructed the view into the interior. To Mr. Baxter the inspector said as high as his shoulder. He said that he had not tried to see the interior of the bar room through the screen and he did not know of anyone else who had been unable to see into the room because of the screen. As far as he was concerned personally he had never presented him from seeing into the room. At this point Inspector Jones was asked to sign his evidence. Before doing so he said he had been about to make an explanation, but had been prevented from doing so on account of having to answer Mr. Baxter's questions. There being no other witnesses for Mr. Henderson if he would ask for a conviction under the evidence, Mr. Henderson replied in the affirmative. Mr. Baxter moved for dismissal on the ground that the evidence of the inspector was contradictory. The mere presence of the screen in the window, he contended, was not in itself a violation of the law as it had not prevented the only witness or the prosecution seeing into the barroom. Judge Ritchie also commented on the contradictory evidence. He thought it ought to be a simple thing for a man to be able to say whether the screen obstructed the view or not. Under the circumstances he would take the view most favorable to the defendant and dismiss the case. In addressing Mr. Ward, Judge Ritchie reminded him that the new amendments had been passed on April 9. No reports had been made during April as it was felt that, in order to meet the new requirements, carpenters and other workmen would have to be called in. He referred to the drastic nature of the law and said that, whether it was good or bad, he for one meant to remember his oath and see that it was carried out.

There is a lot of talk around town today about the trouble between the Marathon and Clipper base ball teams. The general feeling of those who went to the grounds last evening to witness a game is that the Clippers, whatever their understanding of the case, should have at least agreed to play an exhibition game. Members of the Every Day Club do not relish the idea of a crowd of disappointed people being sent away from their grounds through the obstinacy of one or two ball players.

A STABBING CASE IN THE POLICE COURT

Dennis Sullivan, Charged With Stabbing Policeman Perry, Remanded for Further Evidence—A Point du Chene Visitor.

Dennis Sullivan was arraigned before Judge Ritchie this morning, accused of stabbing Patrolman Ira Perry on Mill street, with a pocket knife, and stated that he recollected nothing of stabbing or resisting the officer while under arrest for intoxication, yesterday afternoon. Policeman Perry testified against Sullivan, and the hearing was conducted as a preliminary examination. Perry stated that Sullivan, whom he had arrested on numerous occasions, was obnoxious at the Grand Union Hotel yesterday, and at 3 o'clock was accused by the proprietor of snatching a woman from the hotel and fracturing her arm. He was not permitted in the hotel, and half an hour later Perry arrested Sullivan and took him into custody in front of the saloon on Pond street, adjoining the hotel. Sullivan was a source of annoyance to the proprietor of the hotel. He did not resist until he had almost reached North street, in the custody of the policeman, and unknown to Perry, snatched an open knife in his hand. While persuading the officer to release him, he brought the blade upward against Perry's chest. He was promptly thrown to the pavement, and in the struggle jabbed the blade into the patrolman's side. Perry said he obtained possession of the knife and temporarily passed it to Joseph McElhenney until he subdued Sullivan. William Morris was liberated at the May term of the county court on suspended sentence for breaking and entering a freight car, attempted to intimidate a young man into giving the knife to Morris, who would decamp with it, but McElhenney did not heed him. Sullivan threatened to decapitate Perry, and subsequently in a cell, said he would blow the officer's head off, when he was once more at liberty. Perry said he was once more at liberty, but he was not aware that the blade had penetrated through his uniform into his side until he reached home, four hours later. The wound was a serious one in length, and Dr. G. A. B. Addy affixed a plaster to it. This morning it was quite painful, and he was ordered to remain quiet for a few days until the danger of blood poisoning had passed.

The Honor asked if Perry espied Sullivan leaving the saloon, but the latter replied in the negative. His Honor remarked that it was not generally known that the person who sells liquor to an intoxicated man is responsible for his acts after he departs from the barroom, and until the effects of the liquor have passed off. Sullivan was remanded for the stabbing and after the evidence of Dr. Addy is adduced, will be committed for trial to the circuit court, which opens on Tuesday. He was also remanded for resistance, as the officer testified that Sullivan kicked violently both on Mill street and on a street near the station, where he was conveyed to the police station. He was fined \$8 or two months for intoxication.

William Broyles, who was taken into custody for wandering on Market Square at midnight last night, said he was from Point du Chene and was penniless and friendless. He informed Patrolman Bowers that he was accommodated at the Royal Hotel on Wednesday night, and to the magistrate said he vacated the city only yesterday with a quantity of goods. He said a wife and six children awaited him in Point du Chene, and for their sake would prefer not to be detained in jail. A fine of \$8 or two months was suspended.

George Gibson, whose term of two months for intoxication expired early in the week, was taken into custody last night at Reed's Point, and was fined \$8 or two months this morning.
