blissings of honest and economical Government. In your efforts to secure these peaceful and beneficent triumphs, which the people and the people's progress, property and contentment of our great Dominion, we feel able to assure you that you may rest upon the confidence and hearty support of the Liberal Party of St. John and the Province generally.

Signed and attested in accordance with the unanimous direction of the Liberals of St. John at a meeting especially convened for that purpose on the 15th day of July, A. D. 1881.

Three cheers for Mr. Blake were promptly and heartily given, and the Leader of the Opposition, having bowed in acknowledgment, proceeded to address the meeting.

The greatest political demonstration that ever took place in St. John was the gathering in the Exhibition building there, on Friday evening last for the purpose of presenting an address to Hon. Edward Blake, leader of the Liberal-Refugee party of Canada, and to hear addresses from that gentleman, and Hon. L. S. Huntington, who accompanied him. All the seats on the main floor of the vast building were filled by men of both political sides before the hour of opening the meeting arrived, while the ladies also turned out in force and gazed the galleries.

Mr. McLeod, as chairman of the meeting, introduced Messrs. Blake and Huntington by the most distinguished name in political life in the Dominion of Canada. He would, he said, address the meeting on the political questions of the day. It is estimated that Mr. Blake would occupy most of the time, while Mr. Huntington, owing to illness, would say but a few words.

Mr. Blake, who is now in St. John, he will no doubt deal with the same questions in such a way as to lead those who hear him to a better understanding of them than they now have. As an illustration of his views on our financial policy—past and present—we have, however, made the following extract from the Globe's report:—

The financial condition of Canada was thought serious, if not critical, and he proceeded to show how the public debt had been increased to \$71,000,000 up to 1871; in 1880, exclusive of the Pacific Railway obligations, it had almost doubled. Was it not a right to be a large increase, irrespective of the Pacific Railway, which, when completed, will add \$200,000,000 more to the debt will soon amount to \$200,000,000—it would have tripled from the time of Confederation. The annual expenditure is steadily rolling up. The expenditure on consolidated fund account in 1867 was \$13,500,000; in 1881 it amounted to \$26,000,000, and in 1882 it will be \$28,500,000, without counting the supplementary estimates, or the \$200,000,000 for Dominion lands formerly charged to ordinary account, but now charged to capital account. But that is not all. The obligations on railway and canal account, there will be charged \$2,000,000 a year, so that in ten years the bill will go on as they are, the country will have

of \$20,000,000 or \$30,000,000, as against \$13,500,000 in 1867. But it is not all that has entered into it. The development of the country does not demand such an increase of expenditure. The annual expenditure is steadily rolling up. Miramichi and the North Shore, etc.

UNMARKED LOGS—See advt. CARBON, CUCUMBERS, Apples and Tomatoes, etc. are to be received fresh at Carmichael's on Friday.

PERSONAL.—Mr. Jas. Towley, who has been some two years in Montreal, is visiting his Chatham relatives and friends.

IMMEDIATE CHURCH—Services will be held on Sundays in Immanuel Reformed Episcopal Church in future as follows:— Evening at 6.30 and after service of Praise and Prayer at 7.30, morning services as usual.

ST. PAUL'S AND ST. MARY'S—The usual services will be held in St. Paul's and St. Mary's Churches, Chatham, by the Rector on Sunday next—at St. Paul's in the forenoon, and at St. Mary's in the evening. Holy Communion will be celebrated in St. Mary's at eight o'clock on Sunday.

EXCURSIONS—Attention is directed to the Excursion trip of the Steamer Antioch, as advertised in another column. The trip to the sea is very enjoyable, the fare to either Bas de Vents or Burnt Church and return being only 25 cents. On next Wednesday the steamer will go to Bas de Vents and the following Wednesday to Burnt Church.

NEWCASTLE PARISH—Rev. J. H. S. Sweet, late Rector of Dalhousie, has been unanimously chosen Rector of Newcastle. He will conduct services in St. Andrew's Church on Sunday next, at 11 a. m., and at 6.30 p. m. The Church of England people of Newcastle, are to be congratulated on having made an excellent choice of a Rector, as Mr. Sweet has the reputation of being an earnest worker and christian gentleman.

PROVINCIAL—The ladies of the congregation of St. Margaret's Church, Upper Bas de Vents, are preparing to have a picnic, August 10th, the proceeds of which will go to liquidate the debt contracted in the rebuilding of the French house and other buildings in place of the destroyed one by fire in April 1880. As the cause is a noble one, there is no doubt, but that the picnic grounds will be visited by a large number.

DEATH OF MRS. HADLOW—Mrs. Hadlow, mother of R. B. Hadlow, Esq., Collector of Customs, Newcastle, and Geo. Hadlow, Esq., M. P. for Restigouche County, died at Dalhousie, on Monday last. The funeral which took place yesterday afternoon, was very largely attended.

Mrs. Hadlow was for a good many years a resident of Chatham, and many who bear her in kindly remembrance extend their sympathy to her family in their bereavement.

BEAR SLAUGHTER—On Saturday night, the 16th inst., a bear visited the barnyard of Mr. Patrick Fitzpatrick of Bay St. Vin, where he killed 5 sheep and mangled 4 others, so that they could not live. After some search, Mr. Fitzpatrick and his son found the carcasses in the woods, where they were deposited by the bear. They set guns for the animal, and on the 18th inst., found a bear weighing 500 lbs. weltering in his blood. If in good condition Mr. Fitzpatrick thinks, the bear would have weighed 700 lbs.

SERIOUS AFFAIRY—About seven o'clock on Tuesday evening a disturbance occurred at or near the tavern kept by Mr. John Fraser, Waterstreet, between some foreign sailors and natives of the town, during which a man named Peter Mills was severely wounded with an axe. Policeman Forest was furnished with warrants for several of the men, but they had escaped last evening, and the warrants were subsequently withdrawn, though it is probable the parties will be arrested by some other process.

DIED.—At Chatham, of Diphtheria, July 19th, James P., aged 3 years and 1 month. On July 17th, Robert M., aged 1 year and 6 months. On July 17th, John I., aged 4 years and 6 months.

The above is a record of the deaths of the children of Patrick and Catherine Connors, of Chatham. Mr. and Mrs. Connors are well known to many of our readers. Mr. Connors being one of our most exemplary and valued citizens. They have lost all their little ones and their bereavement is so great that to enlist more than ordinary sympathy.

THE GRAND EXCURSION and Picnic on the 12th, at Redbank, was a great success. The members of the fraternity and their friends were taken on the Steamer Antioch, which was specially engaged for the occasion, from Chatham, Douglastown and Newcastle, to the number of nearly three hundred, dancing being enjoyed on the deck and upon a floored scow which was alongside. At Redbank there was a large gathering to greet their downriver friends and the arrangements made there by the efficient committee were first class, so that dancing and the amusements were heartily enjoyed.

A Scandalous Case.—A Tabusnet correspondent gives us the following particulars of a recent case of rascality in that place which ought not to go unnoticed. He writes:— John Symiest, Fishery Overseer at Tabusnet, brought a civil suit against one George Savoy—a young man belonging to this place—before Mr. McKenzie, J. P., the trial being appointed for the 13th inst. Before the trial commenced, Mr. Symiest claimed being a constable rather than a fishery overseer—Messrs. Symiest and Savoy had some words, Symiest charging Savoy with hiding from him last fall for the purpose of evading a request for the amount claimed by the former. This Savoy denied, but added, jokingly, that his small boat was being hid. At this Symiest grew very angry and, claiming authority as a Fishery Overseer, he proceeded to arrest Savoy on a charge of having said he was hiding small boats and to have him before him (Symiest) for trial at four o'clock, p. m., that day. Savoy was held a prisoner, and deprived of defending the suit brought by Symiest against him, and, at four o'clock, the latter took to the bench to receive his prisoner, and in spite of the prisoner's plea of "not guilty" and declaration that he was but joking over the small boat matter, he convicted him and imposed a fine of six dollars or one month in jail. The money not being forthcoming, Symiest made out a warrant in charge of a constable, on his way to Newcastle. A subsequent letter from our correspondent informs us that the constable took Savoy as far as Negus, where after keeping him a prisoner all night, he let him go in the morning on some pretext which had not transpired.

If the facts are as stated—and we believe they are—then Mr. Symiest ought not to be tolerated among respectable people. At all events, he should be removed from the Magistracy and dismissed from the office of Fishery Overseer, for he acted illegally and tyrannically from first to last. Mr. Savoy would have been justified in resisting the constable and the assumed authority of Mr. Symiest and of asserting his liberty, even with a revolver if necessary. It is the

Correspondence.

Two-edged.—Mr. Editor:—The rat is said to desert the sinking ship and the member of the crew who assists the rascally captain in scuttling her, may not be expected to stick to either ship or captain when his selfish interests beckon him in another direction.

The deserter of Thursday morning may plead self-respect, but it is too late for him, for he was fed on the ship's biscuit, knowing he has morally staked it, received the captain's bounty, helping him to turn the scuttling-screw and even directed as to the spots where the holes could be most effectively bored. He will receive no credit for sneaking ashore and leaving the poor old captain as he did.

Editor of the Miramichi Advance.—Sir:—While some of Dr. J. S. Benson's best friends may not have been any too well pleased with the prominent part played in the solemn events of last Thursday, they cannot help contrasting his conduct with that of the gentleman whose name is attached to the article. We have all looked upon the Doctor as one who desired to keep himself free from political entanglements, and it is well known that when the party to which he has now so pointedly asserted his allegiance was in the ascendant, he never was considered a very strong adherent of it. The fact that he came forward when it was very sick indeed, and pulled it through a dangerous crisis is creditable to his courage, if not to his judgment, and is in honorable contrast with the course of Mr. Tweedle, who deserted his friends after he had assisted them in organizing one of their greatest blunders.

Another Political Parallel.—To the Editor of the Miramichi Advance.—Sir:—My recent letter respecting the course pursued towards our Harbor Master by Senator Mainhard, who has trumped up a lot of charges against that officer and presented them at Ottawa, accompanied by a demand for dismissal, appears to have called forth a characteristic attack upon the Harbor Master which has been unparalled by me not far from that tombstone which you so neatly upset not long since. I have taken the liberty of placing said attack upon the Harbor Master, side by side with a parody of it by myself.

Supreme Court upon certain points raised by Mr. Lawlor, upon the admission in evidence of the deposition taken before the Justice of one of the witnesses who was probably at attend Court.

Court adjourned sine die. SIR HECTOR LANGEVIN'S RECEPTION. Sir Hector Langevin, accompanied by his son, private Secretary, and Mr. Scott, Dominion Architect, arrived here by special train about half past five, on Thursday afternoon last. He was met at the station by Senator Ferguson, Hon. Robt. Young, K. F. Burns, John Sive-wright, John E. O'Brien, O. Turgeon and others. There was a large crowd present, who in response to a call from Mr. Burns, cheered heartily as Sir Hector stepped from the train. After being introduced to a number present, the distinguished guest was escorted to his carriage, the remaining seats of which were occupied by Senator Ferguson and Messrs. Young and Burns. The second carriage was occupied by Sir Hector's son, Collector O'Brien, Conn. Melancon and Mr. St. Croix. The third by Secy-Treasurer Sive-wright, Mr. McKay, Mr. P. J. Sheriff Doucet, and private Secretary McKay. Warden Welsh and Conn. O'Brien came next, followed by a large number of private carriages.

The procession drove to Messrs. R. A. & J. Stewart's wharf, where Messrs. Burns & Co's steamer, the *Utopia*, was waiting to take the party for a trip down the harbour. A number of invitations to the boat were extended by Mr. Burns to the leading citizens, which were all graciously accepted. Mr. Burns, with his characteristic hospitality, entertained the party at lunch on board the boat. After proceeding as far as the Point, the party returned and landed at Messrs. Burns & Co's wharf, where they were met and assembled on the wharf, in response to a call from Mr. Burns, gave three hearty cheers, with a tiger, for Sir Hector.

After visiting the mill, the party drove through the principal streets in town and thence to the Court House, where P. J. Secy-Treas. Sive-wright read an address on behalf of the Municipality and Mr. Turgeon one on behalf of the Acadicians. Sir Hector replied separately to each—to the latter in French. The Court House was filled with citizens, and Sir Hector received a courteous hearing and was frequently cheered during his remarks.

A supper in his honor was given at the Willow House at 8 o'clock, where Senator Ferguson occupied the chair, having the honor of the evening on his right and His Honor Judge Wilkinson on his left. Hon. Robt. Young and K. F. Burns, Esq., occupied the Vice-chairs. About forty sat down. The menu was all that could be desired, showing as it did Mr. Wilbur's usual good taste, and quite sustaining his reputation as a caterer. The following were the toasts proposed and the names of the gentlemen who responded:—

The Queen, followed by "God Save the Queen." The Governor-General, by Senator Ferguson. Our Guest, to which Sir Hector made a happy response. The Senate and Commons, by Sir Hector and Senator Ferguson. The Lieutenant Governor of New Brunswick, by Hon. R. Young. The Local Legislature, by Mr. McManus, M. P. "Beauchamp Bay," by Judge Wilkinson and Messrs. DesBrisay and Lawlor. The Municipality of Gloucester, by the Warden and Secy-Treas. "Mercantile Interests of Gloucester," by K. F. Burns, Esq. "Medical Profession," by G. M. Duncan, M. D. "The Agricultural Interests," by Conn. O'Brien. "The Ladies," by Messrs. Edward Hickson and W. J. O'Brien.

The volunteer toast called for by Sheriff Vall, O. Turgeon and T. St. Croix. Sir Hector's responses were couched in his happiest vein and were received with frequent bursts of applause. Among other things mentioned those of Hon. R. Young, whose speeches were highly spoken of, His Honor Judge Wilkinson, who was particularly happy, K. F. Burns, Esq., who spoke with his usual energy, John Sive-wright, Esq., whose witlings set the table in a roar, and whose political hits were so aptly put and well received, and O. Turgeon, Esq., who responded pleasantly to the toast of his health proposed by Mr. McManus. The "wee sma' hours" were well advanced when the party separated, having spent a very enjoyable evening.

Sir Hector and party left by the regular express at 6.30 next morning. A pleasant incident in the day's proceedings must not be forgotten. As the boat was approaching Mr. Burns' wharf, Conn. O'Brien called for the attention of the public to that gentleman had entertained our visitor and the citizens generally. The party on the boat responded with a will, following the cheers with a verse of "For he is a jolly good fellow." Mr. Burns responded briefly stating that he afforded him pleasure to do all in his power towards making occasions such as the present agreeable alike to visitor and visited.

How two New Brunswickers spent the 4th of July in the West. Eau Claire, Wisconsin, July 5th, '81. The Anniversary of the American Declaration of Independence drew near; a day that is especially observed for recreation and enjoyment, from Maine to Florida, and from Ocean to Ocean. For days previous, especially among the juveniles, the topic of conversation was, where are you going to see the fourth? My friend and I concluded, as Eau Claire was the western boundary of our experience in the West, to still enhance it by availing ourselves of excursion tickets to that far-famed city of the West, viz., St. Paul and Minneapolis. We took the 9.30 train on Sunday morning, 3rd inst. An intense heat at the time threatened to mar our anticipations, but as we approached Trar Aze Prairie, which affords miles of scope, a gentle breeze came fanning across it which gave us a new hope of the day turning out to be pleasant. The next scenery is a belt of timber land, where there are several saw mills located along the line of Railway, manufacturing different kinds of lumber in a variety of commodities, such as hub and spokes, barrels, etc. The next worthy of mention is the Croix Prairie, which opens view for miles on each side of the Railway and presented to us quite a prosperous appearance; with its vast extent of waving grain and comfortable farm dwellings. The next of note is the conspicuous town of Hudson; overlooking a very picturesque sheet of water, known as the St. Croix lake, which reminded me of some of our N. B. bays. The Railroad crosses the lake and takes a serpentine course along its margin. The next station is Still water Junction, where large numbers charge cars on excursion days. In a short space of time from this point, the handsome and enterprising city of St. Paul was in sight, which is the capital of Minnesota, known as the crest-station, which is the dividing line of the Hudson and Gulf of Mexico waters.

Alighting from the cars, the object of

most interest at the moment was to have dinner, which we easily obtained. Our next point of interest, then was to view the great waters of the great commercial highway of the west, viz., the Mississippi. We stood upon a bridge that spans the river opposite the city which is the head of steam boat navigation, and felt greatly interested in the surprising breeze that was blowing at the time from off the water. After spending two hours viewing a part of the business portion of the city, we returned to the depot and purchased our tickets for Minneapolis via Union Park, which is mid-way and affords a beautiful route for excursionists from both cities, especially on Sunday afternoons if the weather is fine, as it proved to be on this occasion. So as trains would be running until seven in the evening, my friend and I concluded we would also spend the remaining portion of the afternoon there. I would presume from appearance there were 2,000 people there, enjoying themselves in an orderly way, principally on seats under shade trees, listening to the music of the city bands, which were situated on an elevation in the centre of the park; although I may say the centre of attraction consisted of 12 elephants belonging to a circus and menagerie that was passing through the country, but those animals were under shade trees, listening to the music of the city bands, which were situated on an elevation in the centre of the park;
