CHINESE RAGES FIGHTING AMONG THEMSELVES

Weaker Clans Unite to Resist Their Enemies—Disorders are Serious. AMOY, China, June 2.—The fighting among the clans in the Heumwah district, 65 miles north of here, continues and there is promise of further disorders. The Lin clan recently raided a village in the Chinkiang district, seven miles from Amoy and took ten prisoners. Reprisals and bloodshed are expected. The Lin clan is the strongest faction in the district and includes 30 villages and 5,000 men. The four weaker clans comprising forty villages and 7,000 men, have united to resist their aggression. This triple among the clans of the Heumwah territory began three years ago because of the abduction of a bride, and has continued intermittently ever since. Troops succeeded in restoring order last summer but, this improvement in the situation was only temporary.

MURDER MYSTERY IN CHICAGO; WEALTHY WOMAN THE VICTIM

Police Discredit Husband's Story That Burglars Were Responsible for the Crime.

CHICAGO, June 1.—A murder, which the police declare, promises to develop into one of the most sensational crimes ever committed in North Shore suburbs, was discovered today when detectives entered the home of Dr. Halldane Clemenson, 4188 Wayne Avenue. On entering the luxuriously furnished dwelling the body of Mrs. Norah Jane Clemenson, the daughter of the late John Morgan, a wealthy capitalist of South Haven, Mich., was found lying on her bed with a cone of medicated gauze from which chloroform fumes could be detected, lying across her face. The body was cold and stiff, showing that the woman had been dead for several hours. Acting on instructions from Captain Kane and Lieut. Cullinan, a more searching investigation was made, and it was found that dust on the window sills had not been touched, proving conclusively, the police say, that no burglar had entered the house. Dr. Clemenson was apparently not overcome by the anaesthetic, and according to the physicians was simply in a hysterical condition. The house was in disorder. LAND TAXATION MAY WRECK THE BUDGET

Acquih Has Hard Task to Appease Both Sides — Balfour's Clever Tactics. LONDON, June 1.—The Finance Bill has been materially altered and considerably strengthened, while the Opposition has been firing on it all along the line. The taxation of hotels and other anomalies have been partially rectified. Some of the most objectionable clauses have been repaired, while skirmishing has been in progress under cover of proposals remain a source of danger to two sides of the house. They may not go far enough to satisfy the land taxers, and they may go so far that the land holders will call upon the Lords to amend them, and, if necessary, to reject the budget altogether. The Prime Minister's dexterity will be manifestly if he succeeds in reconciling the reformers to inadequate proposals and appeasing the landed interests, which consider any system for their universal valuation of land ruinous. He is opposed, moreover, by a brilliant tactician, Mr. Balfour, who remains out of sight and apparently is not seeking to influence the Lords.

REPORT OF DELEGATES READ AT MEETING

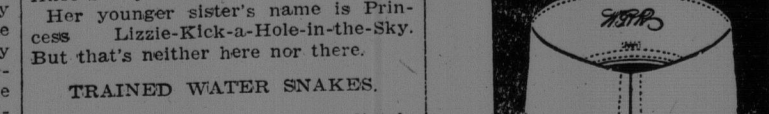

At the monthly meeting of the Natural History Society last evening, Senator Ellis presided and the following were elected members: Regular, Howard B. Robinson, Fred H. Wetmore, M.D., of Hampton, Associate, Mrs. Stanley Elkin; Junior, Jack Marr; Junior associate, Miss Janet Freeze, Miss Marion McCandrick, Miss Mary Brown. A number of donations were presented: Fossils from A. G. Leavitt, including a fine specimen of a rare fossil; fossil shells, Oak Point, Stanley Thompson, microscope-slide holders and a canister from W. H. Mowatt; silver letters, S. Africa, Albert H. Gillen. The report of the delegates to the Royal Society was read by Dr. Matthews at the request of the chairman. There are new officers '45 year owing to the resignation of the honorary secretary and the death of the honorary treasurer. Dr. Jas. Fletcher, whose loss was very much deplored. A very eloquent address was read by the president, Dr. Roy, who had at his side Rev. Dr. Bryce, who becomes president for the coming year. At the close of the report, the president called for an expression of opinion on the holding of summer excursions. After reference to the experience of former years in this matter and suggestions as to the various points where such excursions might be held, a committee was appointed to arrange for a series of meetings in the coming summer. W. P. Burditt being elected by the president as chairman of the committee.

THE HENDERSON TRAGEDY

Father Was Evidently Suffering From Deranged Mind. PARIS, June 1.—The name of the American who last night shot his daughter dead in a Parisian cafe, and then committed suicide, was David Henderson. He was a native of New York. His victim was his eldest daughter, Martha. The family has a son in New York, named Rene. Mrs. Henderson and their children arrived in Paris from the United States last Monday. The coroner has decided that no autopsy is necessary, and has rendered a verdict of homicide and suicide in a fit of temporary insanity. The bodies of Mrs. Henderson and her daughter will be taken to Geneva, Switzerland, for burial in the vault of Mrs. Henderson's family. Mrs. Henderson and the surviving daughters are prostrated with grief. The family went last night to dine at the 'Pere Tranquill', a restaurant in the market quarter, celebrated for its good cooking. The Hendersons often dined at this place, and the repeat last night was particularly galling. The father, with his youngest daughter Gladys, had intended leaving Paris for his yearly visit to one of the American health resorts. Mrs. Henderson and the other daughters were going to the family chateau at Billers-Cotterets, as they were preparing to leave the restaurant, Mr. Henderson complained of a choking sensation. The governess opened a window and Mr. Henderson sat for a few minutes with his elbows on the window sill looking out into the street. This suddenly and without warning, he jumped up and began firing in the direction of his family, using a hammerless automatic pistol. When he fell, and heard the screams of consternation of his wife and other daughters, he rushed away and stood for a moment looking down at the bleeding and dying girl. He then placed the revolver to his own temple and fired the shot that ended his life. He fell across the body of his daughter, Martha, who had been hit once in the neck and once in the breast, lived only a few minutes. She was a beautiful, fair-haired girl, and Mr. Henderson was deeply devoted to her.

BEHIND \$150,000 IN ITS FINANCES

ST. JOHN'S, N. F., June 1.—The colony ran behind \$150,000 in its finances during the past year, according to a statement submitted to the legislature. In addition to this indebtedness, Newfoundland is responsible for a considerable outlay on public works which was ordered by the late Bond government without legislative authority, due to the deadlock which existed until the recent election. The paying debt is now \$320,000, for which a loan bill will have to be passed at this session.

FOR THE SAKE OF THE KID

Something was doing in Chi Tom McGuckin's McDuckin's it said, is the true capital of Begardom. A mere Bowery saloon in appearance, its big back room is nevertheless the rendezvous of the professional beggars who operate in and around New York. In spite of its character, however, Chi Tom's usually preserves an unrefined surface. Occasionally, when some yeck comes in after a successful raid on country post offices, it becomes the people of McGuckin's to make merry at their expense, but as a rule the aspect of the place is placid, and a stranger might think it an ordinary Bowery resort where denizens of the neighborhood gathered for an evening drink. On this night, however, a certain air of expectancy had so plainly fallen upon the place that it ran like a thread through the beggar's letter writing.

NICKEL'S ATTRACTION BIG

The Castelluchis at the Nickel are the talk of the town. Last evening again the night was so starry that more than capacity all-time in spite of numerous counter attractions and all present seemed to be drawn to the novelties presented. One of the finest things done by the Italians is their production of operas. Puccini's "Tosca" is the operetta presented, supported by the Nickel's Own Orchestra. Their bell, cornet, euphonium, melodeon, guitar, and organ numbers were also delightful. This afternoon the foreigners play at 4 p. m. and tonight at 7:45, 8:45 and 9:45.

EQUITY CASE TO BE TRIED IN THE FALL

OTTAWA, June 1.—Hon. Dr. William Pugsley, minister of public works, stated today that the action he has instituted in the New Brunswick Court of Equity arising out of the report of the Landry Royal Commission will likely come to trial in September. It will involve, he stated, a review of the whole case and the production of all the accounts in connection with the transaction. Time is required to prepare for the trial and the summer vacation will prevent the hearing before the month mentioned.

ALUMNI CHAIR IN ECONOMICS

SACKVILLE, June 1.—The features of today's meeting of the Alumni Society was the inauguration of a movement for the endowment of an alumni chair in economics and subscription in meeting of over \$4000 toward the purpose. A sub-committee was appointed to take the matter up vigorously during the year, and there is no doubt that at the next meeting it will be carried to successful completion. Initiative in the matter was taken by the class of 1904 supported by the class of 1907.

FAIL TO FIND A TRUE BILL

TRURO, N. S., June 1.—The famous case of A. J. Bayne arising out of the election of 1907 is not only known throughout Canada as the choice to-matose case, failed out here today when the grand jury failed to consider the evidence submitted sufficient to warrant an indictment. Bayne was on hand, fully confident of a result favorable to himself in the event of a true bill or no bill, and was busy later on receiving the congratulations of friends. The crown failed to locate the most important witnesses. No other cases of a criminal nature are to be considered.

BOY KILLED BY A TROLLEY CAR

HALIFAX, N. S., June 1.—James B. Anderson, aged five years, was crushed to death beneath the wheels of an electric car on Elm street, at seven o'clock this evening. The boy attempted to cross the street in front of a trolley which struck him, and his death followed on hour later. He was terribly mangled. The motorman was arrested and released on \$2000 bail. Some of the members of the Intercolonial Railway board were on the car that ran over the boy.

AMUSEMENTS.

HAPPY HALF HOUR.

It doesn't take the public long to learn where a good show is given, and although the Happy Half Hour has only been opened eight days yesterday, each day's crowd keeps getting larger. Today the best programme yet offered will be given, and patrons can look forward to a treat. Signor Stasio and Miss Louise Berlin will sing that beautiful duet number from the third act of La Traviata, Verdi's beautiful opera, which is founded on the play of the same name. Those who heard this duet when the opera was produced here last fall by the Boston Opera Co., are invited to hear Signor and Louise Berlin sing it. An excellent chance for comparison is given and it is safe to say that it will not be to their disadvantage. The Arrive Ladies' Orchestra is rapidly gaining in favor and today a programme of new selections will be given. Pictures that will be shown for the first time in St. John will be given and an excellent lot they are. One colored transformation picture, one comedy, and one strong drama, rich in picturesque scenery of Sardinia.

THE PRINCESS HAS GREAT SHOW.

Not for many a day has such a large crowd attended the Princess as were in attendance all day yesterday. And the programme was never better. Dolly Burton and her troop of trained dogs caused a sensation at every show. Vesper, the great impostor, is the talk of the town. Jules and Marion, the acrobats, are the greatest that have ever performed here. These acts appear both afternoon and evening at 3:15, 8:15 and 9:15. You will have to be early tonight to get a good seat.

SUICIDE FOR LOVE OF HIS LOST SWEETHEART

Wilkes-Barre Man Quarreled With Fiance on Way to Get License.

WILKES-BARRE, Pa., June 1.—His mind drugged by disappointment in love, Michael Watson, of this city, committed suicide this morning by hurling himself under a Jersey Central locomotive.

Two years ago Watson was engaged to be married and was on his way with the girl to secure a marriage license when they had words and she broke off the engagement. This disappointment so affected Watson's mind that a few weeks later he had to be taken to the Danville Asylum for the Insane.

There he remained until a couple of weeks ago when he was discharged as cured. The return to his old home, the talk about the girl, who is now married to another, and the scene of his courtship again affected his mind, and during the last few years he had been talking of killing himself.

MAY USE BOXES TO COLLECT THE FARES IN FERRY

Committee Recommend Them

No One Seems to Have Been Head of Ferry Dept. Before Murdoch

The somewhat heated question as to who had been the responsible head of the ferry department previous to the work being taken over by Mr. Murdoch was the chief matter discussed at the regular meeting of the ferry committee yesterday afternoon. Superintendent Glasgow disclaimed all responsibility of the reconstruction of the ferry approaches, and Director Peters protested that he was not it. The desired information was not obtained, although the city engineer promised to do his best in straightening out the difficulty.

ENGINEER PRESENT.

Engineer Murdoch was present at the meeting of the committee for the first time in his official capacity. The meeting was called to order at three o'clock, Aid. Potts presiding, and all the members present with the exception of Aid. Beyer.

The report of a sub-committee recommended that boxes be employed in the collection of fares in boats of the present system, that the apparatus be put in thorough repair and that there be no changes in the matter of salaries. On motion of Aid. Holder the report was received.

The superintendent asked that twenty-five thousand feet of deals be procured for the purpose of repairing the floats. On motion of Aid. Scully the chairman and superintendent were appointed a committee in the matter of obtaining the deals.

Aid. Holder moved that the superintendent be instructed to obtain tenders for the supply of coal for the coming season. Aid. Potts stated that a number of business men had arranged a trip to Carleton the other night last week. They had arrived at the floats at five minutes to ten, but were unable to commence the trip across until ten-thirty-five.

The superintendent explained that on account of the freshets a number of trips had been lost of late. Aid. Wilson thought that some consideration should be given to the captain. They had difficulties to contend with that the ordinary layman was unfamiliar with.

The chairman complained that the officials were too reticent and that they seemed ill disposed to set the minds of the passengers at rest in the event of an accident.

EXASPERATING ONE. The superintendent agreed that the position was somewhat of an exasperating one. There was too much of the humbug of warships.

In the somewhat desultory conversation that followed Aid. Potts expressed the belief that the ferry service was as well paid as that of any in the city. The police and fire departments worked overtime for no remuneration, while the former received pay for every extra tick struck.

In answer to a question the superintendent stated that it cost a little over ten dollars for every pile driven. It seems that the contractor, at one time had agreed to drive the piles at \$10 each.

Aid. Holder asked in view of this why this price of \$10 had been decided upon. The superintendent stated that Director Peters had charged of the work.

Upon the director being called to explain Aid. Holder reported the query of the charge from ten dollars to four seventy-five.

The director stated that he had never heard of the tender. Continual, however, he explained that owing to the exceptional nature of the work due to the interruption of the ferry, the cost was necessarily increased. Upon the work coming up Roberts had agreed to undertake the work at fourteen dollars and Mayes at thirteen.

The tender of the latter had been accepted as a matter of course. Upon the director being asked who was the responsible head in the matter he replied the superintendent. Mr. Glasgow, however, repudiated this and offered proof.

This director maintaining that his memory was not at fault and that it was indeed up to the superintendent. A solution was found out of the difficulty by Director Murdoch, who is assuming charge of the harbor promised to become responsible for the work.

The chairman stated that he understood tickets were being peddled out at one cent per. The superintendent replied that the practice he thought was operated now.

On motion of Aid. Holder it was ordered that in future no teamster leave the boat until the passengers are off, the employees disregarding the order to be dismissed.

On motion the board adjourned.

SOME QUEER FACTS ABOUT ROGERS' MONEY

MRS. H. H. ROGERS, ONE OF THE WORLD'S RICHEST WIDOWS.

The rights of Mrs. Henry H. Rogers to the Rogers fortune during her lifetime make her one of the richest women in the world. Two thousand two hundred and eighty-three men, working every day in the year for 30 years, would earn at wages of \$2 a day, the \$20,000,000 which Henry H. Rogers possessed at the time of his death.

Rogers earned the money in the last 30 years of his life. In the form of silver dollars it would take two freight trains of 25 cars each to carry the Rogers fortune. It would take 570 teams of horses and wagons to carry it. This possession would be three and a half miles long and you could stand on a curb an hour and watch it go by.

Rogers had wanted to put this money into houses he could have built 3,800 flat buildings that would have furnished quarters to seventy citizens of Minneapolis, or Omaha, or housed over half of Cleveland.

If Rogers got fair interest on his money his income was \$4,000,000 a year. An income tax of 5 per cent on this would have yielded the government \$200,000 and this annual sum, within 10 years, would have purchased a battleship.

This income meant that he received \$12,000 a day. Every minute during the 24 hours of each day he became \$9.50 richer. Tick, tick, tick, goes the clock. Every tick brought 15 cents into Rogers' pockets.

Roosevelt could shake hands with 200 persons an hour. If he stood in reception line this way every minute of his life, shaking hands as quickly as he could every person would have to leave \$2.50 in his hand to make and keep him as rich as Rogers.

If these financial receipts of Roosevelt had been held only 12 hours a day, each person would have had to leave \$20 in Roosevelt's hands. If Roosevelt had insisted on keeping unforties for eight hours, each person would have had to give him \$12.

Rogers, if he had made up his mind to spend his \$20,000,000 all at once, could have set a 50-cent dinner for every man, woman and child in the United States, and, in addition, give every man a rose, every man a cigar, and every child a 10-cent bag of candy.

It had been figured that the birth of a child and its care the first year costs \$168. Rogers, with his fortune, could have cared for an army of 30,000 babies a year for 10 years, and thus

proved the statement of Nathan Straus, the philanthropist, that the lives of 30,000 babies could be saved in the United States every year, if sufficient funds were at hand.

Rogers could have paid the grocery bills for half a million families for three months, keeping 2,500,000 persons in food and house.

He could have bought outright one-third of the large ships in the United States navy.

MONCTON, N. B., June 1.—Abram Steeves, of Berry's Mills, is in receipt of word that his son Harvey, aged 18 years, was killed last week on the C. P. R. near Frank, Alberta. The young man was assistant baggage master on the C. P. R. running out of Frank and met his death while attempting to board a moving train. He missed his footing, fell under the wheels, having both legs taken off. He died shortly after the accident. The body was buried at Frank. Deceased went west about two years ago and had only been on the C. P. R. a short time.

PRINCIPAL'S REPORT.

The school year 1908-1909 of Acadia Seminary has been a most prosperous one in every respect. In point of numbers, the aggregate attendance is not so large as that of last year, but the falling off is not real, being confined to occasional and day pupils.

The senior class of the year 1908-1909 numbers 33. Of this number 19 are registered in the collegiate course, 8 in the sophomore matriculation course, 6 in various courses in pianoforte, 1 in the vocal course, 2 in the art course, 1 in the education course and 4 in the domestic science courses. One pupil is registered in both the collegiate and pianoforte courses.

Among the graduates are Miss Elsie Blanchard Estabrook and Miss Hazel-eta Phillips, of St. John. The Alumni Association held a banquet tonight in the seminary dining rooms, which were very prettily decorated. The tables seated one hundred and fifty guests and were daintily arranged.

HOPES CONSOLIDATED SCHOOL WILL BE BUILT

Matter Will be Taken Up by Board of Education This Week

Dr. Inch, who recently announced his intention of resigning the office of superintendent of education, came to the city yesterday for the purpose of taking part in the demonstration in honor of Sir Robert Peris. When seen by The Sun last night, Dr. Inch stated that he had placed his resignation in the hands of the provincial secretary just previous to his leaving Fredericton. He would venture no opinion as to who his successor would be. Concerning his plans for the future, Dr. Inch stated that he had decided upon nothing definite as yet. He would, however, make his home at Sackville, where a number of his relatives now live. His subsequent plans would depend to a very great extent upon the condition of his health.

Dr. Inch returns to Fredericton this morning for the purpose of attending the meeting of the board of education. At this meeting will be decided the future of the Consolidated School, at Kingston recently destroyed by fire. Three of the same districts are opposed to the rebuilding of the school, but it is hoped that some of them will change, and the work be proceeded with. If five districts are agreed, Dr. Inch stated that he would recommend the construction of a new building.

PAVED STREETS DECIDED UPON

FREDERICTON, June 1.—The question of permanent streets was discussed at the regular meeting of the City Council this evening, and by vote of 7 to 3 the committee was authorized to enter into a contract to have Queen street paved from School street to York and Carleton street from Queen to Highway bridge. The Dominion and local governments will defray portion of cost of work and the balance will be made up by general assessment.

It is proposed to have the work completed during the coming summer. Principal Assessor Farrell reported that the rate of assessment for this year would be fourteen mills, which he claims is the lowest of any city in Canada.

Dr. W. H. McGrath was appointed a member of the local Board of Health vice John M. Whyte appointed chairman by local government.

HAMILTON BANK CASE RECALLED

W. R. Montgomery of New York, accompanied by his secretary, W. Stalker, arrived in St. John yesterday. He could neither be interviewed nor seen last night.

His arrival here is of interest in connection with the fact that W. R. Montgomery, a native of this province, and president of the recently defunct Hamilton Bank of New York is under indictment for alleged fraud in connection with the failure of that institution and was recently released on \$10,000 bail pending his trial.

When arraigned recently before Judge Fitzgerald in New York, Mr. Montgomery was indicted on two charges of grand larceny. He was accused of misappropriating \$40,000 of the Hamilton Bank by using alleged dummy corporations as borrowers with the failure of that institution and was recently released under bonds to that amount.

There were also at the time three other indictments against Mr. Montgomery. During the time that he was vice-president of the Hamilton Bank he dealt considerably in real estate, and it was alleged by District Attorney Knudsenberger, who had made an investigation of the bank's affairs, that in connection with the directors of the recognized bank Mr. Montgomery used dummy companies to negotiate illegally with the funds if the bank in the purchase of real estate.

MISTAKEN FOR BURGLARS. Revenue Officers Had Narrow Escape at Detroit.

DETROIT, June 1.—Three United States inland revenue officers, planning a secret raid upon the establishment of Alonzo Hart, a Michigan avenue produce dealer, who is suspected of dealing in oleomargarine, were narrowly escaped early this morning, when a squad of police reserves, taking them for burglars, cooped them up in an upper story of Hart's shop and were on the point of opening fire with revolvers when the identity of the intruders was discovered.

CLASS CORNERS, Pa., June 1.—It was generally agreed that the class which was graduating this year from Bryson's Blacksmith Academy was the largest and brightest in the history of the school.

LOVE FINDS A WAY.

When father says anything, he means it, and I know he will do anything for me if I elope. He said he would never speak to me again if I was married.

Allen Baldwin was sorely perplexed. He was certain she did not want to be married, but he was not content with that.

It was while he was sitting in his room late that night that a happy thought came to him. He went to his desk and wrote a long letter to the girl.

When Miss Thurston was handed an envelope addressed in the writing she knew so well, a smile flashed across her face and before the reading had been more than half finished she was laughing so much that the tears were starting from her eyes.

That afternoon she sought out Miss Oliver, one of the maids who had been with the family several years. Taking the woman to her own room on pretense of telling her something about the work, Grace locked the door and swore the maid to secrecy.

During the evening, Grace awaited until she knew her father was alone in his room. Then she went in, and throwing her arms about his neck, told him she had a secret to confess.

There was little to do, Grace said, because the wedding was to take place next afternoon and the groom had promised to see that the minister and two witnesses were present.

Decided Increase in Membership During Year

And Prospect of Continued Progress—Address Given and Paper Read Today.

The second session of the annual meeting of the Presbyterian was commenced at 2:30 o'clock this morning in St. Andrew's church.

Mrs. R. A. Jamieson, of West St. John, presided; Miss B. G. Walker, of Woodstock, was secretary; Mrs. George McFarlane, the life treasurer, was present and Miss Clarke, of Milltown, N. B., occupied a seat on the platform. Devotional exercises were led by Mrs. J. H. Anderson, of St. John, and consisted of prayers, singing and reading of the Scriptures.

After the reading of the minutes of the meeting and of yesterday's session, both were adopted. A roll call of delegates showed that there were fifty-one present.

The address of welcome was given by Mrs. Armstrong, who extended a hearty greeting to the many visiting delegates. She spoke about the progress of the good work of the mission bands, which were such a strength to the society. She urged the mission bands to continue in their good work. She hoped that all the visitors would enjoy their visit and that the sessions would be enthusiastic.

Mrs. George McFarlane replied for the delegates and thanked the St. John friends for the welcome accorded. She said that all had a duty to perform, and that word was Love. All should love to work for good. She felt that this twentieth annual meeting would be a most successful one. It was a great pleasure to visit St. John as the friends here made it so pleasant, and acquaintances were happily renewed. She asked the visiting delegates not to make their visit an outing but to attend all the meetings. (Continued on Page 7.)

WEDDINGS.

GREEN-WILSON.

A happy event took place this morning at 6:30 o'clock at the residence of J. E. Wilson, 37 Peters street, when his daughter, Miss Mary Elizabeth, was united in marriage to Harry E. Green, Rev. Samuel Howard, of Exmouth Street Methodist Church, officiated and the couple were unattended. After a wedding breakfast, Mr. and Mrs. Green left on the steamer Calvin Austin on a honeymoon trip to Boston and New York. On their return they will reside at 103 Princess street. The bride was the recipient of many beautiful presents.

MILLER-BLAZARD.

The wedding of Miss Winifred, daughter of Mr. and Mrs. F. W. Blizard, of 86 Orange street, to Mr. George Miller, of Barrie, Ont., takes place at the residence of the bride's parents this afternoon. The ceremony will be performed by Dr. C. R. Flanders. After the service Mr. and Mrs. Miller will leave on the evening train on their honeymoon trip before proceeding to Barrie, where they will in future reside.

ROBINSON-SILLS.

Mr. Harold Beverly Robinson, of this city, was united in marriage this afternoon to Miss Mary N., daughter of Rev. Charles Morton Sills, of Geneva, New York. The ceremony which took place at three o'clock, was performed by the father of the bride in Trinity Church, Geneva, of which he is pastor. Miss M. Robinson, sister of the groom, was maid of honor, and Miss McMillan, of this city, was the bridesmaid. G. W. Farrell, of Montreal, acted as groomsmen. After the ceremony Mr. and Mrs. Robinson left for Vermont, and will return to St. John about the end of the month, when they will take up their residence at 118 Wentworth St.

Chancellor Jones of the U. N. B. will sail from Montreal on June 11th on a trip to the old country. While on the other side he will attend at Cambridge as the representative of the U. N. B. the celebration in honor of the 10th anniversary of the birth of Charles Darwin.—Pion Herald.
