VOL. XI, NO. 105. TEN PAGES. ST. JOHN, N. B., TUESDAY MORNING, JULY 29, 1919. SHOWERS THREE CENTS

RESERVATIONS ARE FRAMED BY CHAS. E. HUGHES

The Defeated Republican Candidate for the Presidency Has Suggestions Destined to Protest U. S. Interests.

LEAGUE COVENANT HAS AMBIGUITIES

Objects to Anything in the League of Nations Covenant That Brings the Monroe Doctrine.

Washington, July 28.—Charles E. Hughes, Republican candidate in the presidential election, has drawn up a resolution which offers for adoption by the United States senate...

This became known today when correspondence between Mr. Hughes and Senator Frederick Hale, Republican of Maine, dealing with ratification of the treaty was made public.

While finding ambiguities in Articles I, and XV, dealing respectively with withdrawal from the league and questions of purely a domestic nature, Mr. Hughes took chief exception to Article XXII, which contains the Monroe doctrine and the liability of the United States to provide armed forces to protect other members of the league.

The "descriptive phrase" employed in connection with the Monroe doctrine is said by Mr. Hughes to be "inaccurate," while Article X, is branded by him as a "trouble breeder," which, if not eliminated, should be thoroughly interpreted. Any "reservations," Mr. Hughes added, "should be incorporated in the instrument of ratification to make it valid, but the fact that such reservations are made should not lead to the assumption that the treaty would fail or the peace conference would have to resume operations."

Summarized, Mr. Hughes' four reservations are:

First—That on giving notice of intention to withdraw from the league a power shall cease to be a member or subject to obligations of the covenant at the time specified in the notice, but that such withdrawal shall not release that power from debt or liability therefor incurred.

Second—That questions such as immigration or foreign debts, which are solely within domestic jurisdiction, shall not be submitted for consideration or action by the league.

Third—That the United States shall not relinquish its traditional attitude toward purely American questions, which shall not be subject to jurisdiction of the league, leaving this country free to oppose acquisition by any non-American country of territory in the western hemisphere.

Fourth—That under Article X, the United States shall assume no obligation to undertake any military expedition or employ its armed forces on land or sea unless such action is authorized by congress.

MONTREAL HAS EYE ON MONCTON'S NIFTY CHINAMAN

Thought to be One of the Same Who Perpetrated Petty Robberies in That City.

Moncton, July 28.—The Montreal Detective Department has reason to believe that Sam Tol, the Chinaman, with several aliases, now being held here in connection with the \$3,000 diamond robbery in this city, is the same party who was connected with jewelry robberies in Montreal, according to information received by Chief Ridenow. The Montreal authorities state that, from what they have gleaned from press despatches, Sam Tol, alias Sam Brown, may have had something to do with recent robberies in Montreal not yet cleared up. Chief Ridenow has forwarded photos and other information to the Montreal police department.

JAP AMBASSADOR SEES NO CAUSE FOR WAR WITH UNITED STATES

Says to Him a War With That Country Over China is Inconceivable—Believes Americans Would Cooperate With Japan in Developing China.

Tokyo, July 28. (By The Associated Press)—Newspapers reports of an address delivered to the Tokyo press league today by Viscount Ishii, ambassador to the United States, who recently returned to Japan, quote the ambassador as saying that some Japanese seemed to feel that war might break out between Japan and the United States over the Chinese question, but that to him such a thing was inconceivable. All that war would do would be to entail great losses upon both countries, Viscount Ishii added.

The ambassador is further quoted as telling the newspaper organizations that he believed the Americans desired to develop China in co-operation with Japan. In concluding his speech, the reports add, he urged the Japanese to stick to the last of their proposals for racial equality.

U. M. W. DIVORCES MINERS' UNION OF CALGARY

Special Officers of the United Mine Workers of America Made Thorough Investigation of Situation There.

EFFECTS 8,000 MINERS ON STRIKE

As Result of Investigations it Was Found Head Officials of the Union Were Members of Dual Organizations.

Calgary, Alta., July 28.—The charter of District 18 of the United Mine Workers of America has been revoked. This was the official statement made by official representatives Samuel Ballantyne and William Dalrymple, who have been in Calgary the last two days thoroughly going into the situation, which has led to the long drawn out strike of the Miners in this district, and also the action that has been pursued by President Christopher, and other officials of the union, in an alleged attempt to break away from international affiliation.

This affects 8,000 miners on strike in Alberta and Eastern British Columbia since June 24.

As the result of enquiries, the representatives Monday wired John Lewis, International President of the United Mine Workers of America, Indianapolis, as follows:

"Completed investigation today, find district president is member of dual organization. Showed committee his membership card (O. B. U.). Vice-president and Secretary-Treasurer also lined up in favor of dual organization. We would advise that District Charter be suspended at once. Awaiting early reply."

In reply to this telegram the following wire was received later in the day:

"Message received. Wired H. M. Christopher today as follows:—As you are aware the international executive board directing Messrs. Ballantyne, Dalrymple and Cassidy to conduct an investigation into the existing affairs in District 18 of the United Mine Workers of America and make recommendations to the international officers as to matters of policy to be pursued in that district. This committee has been pursuing its investigations, and am today in receipt of its recommendations that the charter of District 18 be revoked for good and sufficient cause. Accordingly, I am hereby informing you that, effective this date, the charter of District 18 stands revoked, and the district is dissolved. The district is affiliated with the United Mine Workers of America.

Neither President Christopher nor Secretary-Treasurer Down appeared to be the least perturbed when the telegram from Indianapolis, and did not appear to care much whether they received it or not.

"Our District is not," remarked the President, "and when the international representative talked about re-organization, they have something to offer. We will be out to fight them for all we are worth," added Brown, "we are not one little bit scared."

BULGARIAN PEACE DELEGATION READY FOR BUSINESS

Presented Credentials Yesterday to Secretariat of the Peace Conference.

Paris, July 28. (Havas)—The Bulgarian peace delegation presented its credentials this evening to the peace conference secretariat at the Chateau de Neuilly, where the delegation is quartered. As had been the case in the reception of the other Allied delegates were handed to the Bulgarian representatives in exchange for credentials of latter.

POLISH ADVANCES MADE WITH SPEED

Ukrainians Had No Time to Destroy Railways or Bridges as They Retired.

Copenhagen, July 28.—The Polish advances in Galicia which the Polish press announced yesterday had resulted in the occupation of all Galicia to the river Zbrucz, was made, according to further advice, so rapidly that the Ukrainians had no time to destroy the railways or bridges as they retired.

The Poles took 6,500 prisoners and forty-one guns, as well as vast quantities of munitions and railway equipment, between July 11 and July 17.

BOW OF STEAMSHIP SMASHED IN COLLISION WITH ICEBERG

STEAMSHIP GRAMPIAN DAMAGED BY ICEBERG. U. and U.

Her bow stove in as the result of striking an iceberg. The Canadian Pacific ocean steamship Grampian has arrived at St. John's Harbor, New Brunswick, Canada. The iceberg extended over the water, so no damage was done under the water line. The Grampian steamed under her own power from Cape Race, where she hit the berg, back to St. John's. Two of her crew were killed and several injured in the smash.

Race Riots at Chicago Are Becoming More Serious And Troops Are Ready To Act

Rioting Has Been in Progress Since Sunday Night and Has Already Resulted in Several Deaths—Blacks, Terrorized, Gather in Groups and Make Frantic Raids—Police Force Inadequate to Cope With Situation as They Appear to be Needed in All Sections of the City.

Chicago, July 28.—Mayor Thompson tonight appealed to Governor Frank Lowden to mobilize a regiment of national guardsmen for immediate service in Chicago's black belt, where rioting has been in progress since yesterday evening, and which has already resulted in two deaths, serious injury to a number of negroes and whites, and injury to scores of others.

Quick action was taken and four regiments of State troops were ordered mobilized. Adjutant General Dickson announced that whether the troops would be sent into the disturbed district depended upon the developments of the night.

The action of Mayor Thompson, it was stated, was taken only after it had become evident that the city police force was inadequate to maintain order in the five mile area, whereas many as ten clashes between whites and blacks had developed in an hour.

Troubles increase. Several hundred negroes, many of them flashing knives and guns, congregated early tonight near South States street and Thirtieth, after numerous fights most of them were dispersed. In one of these outbreaks a white man was reported to have been stabbed to death.

Special police and detectives had cleared other districts, where the outbreaks had become frequent during the day. The police, it was stated, were terror stricken, and appeared on the streets only in groups which gathered in alleys, and then ran at full speed to their destinations.

The police are making a special effort to break up secret meetings of negroes in halls and flat buildings. Numerous riot cars were burned in early tonight, but in a majority of cases the clashes involved only a score or more of blacks and whites.

Police Kept Busy. When the negroes began tearing the big industrial plants at the stock yards and elsewhere, crowds of white men gathered and it was only with order in the five mile area, where as further bloodshed. Negroes were dragged from street cars and thrown to the ground. Then they retaliated by treating white men likewise.

Patrol wagons went their way through crowds and leaders in many of the clashes were arrested. When negroes were brought to the stations there were cries of "lynch them." No attempt was made, however, to take the negroes from the police.

Politician to Blame. Chief of Police Garrity said every effort will be made by police reserves to maintain order, but he was not optimistic over the outlook. Numerous conferences were held by the authorities. After one of these, States Attorney Mackay Hoyne issued a statement charging that politicians teaching the colored element disrespect for the law was the basic reason for the riots.

The police department has been demoralized to such an extent by the politicians, black and white, on the south side that they are afraid to arrest and prosecute men with political backing, or who claim to have political influence," the statement added.

The second death from the outbreaks occurred tonight. A negro attacked by a crowd of whites died after reaching a hospital.

Street car conductors in many instances refused to carry negro passengers because of the acts against the whites. Several hundred white laborers, who must pass through the negro section to reach their homes, remained at their houses until they could obtain police escorts.

Sharp clashes occurred about packing houses neighborhood. Five negroes flashing guns sped through the stockyards district yelling threats of vengeance. They were overtaken by policemen who had difficulty in preventing mob violence.

A negro chauffeur was dragged from his machine and his skull fractured. Another was stoned and stabbed in a brief altercation and may die.

Night Outbreaks. Four negroes were reported killed and two policemen wounded in a gun battle resulting from an attack on a policeman at Thirty-fifth street and Wabash Avenue tonight. A number of negroes were wounded. No whites took part in the two minute exchange of shots.

A "hitting squad" of negroes raced down Thirty-ninth street in a touring car and fired a volley of shots at a group of whites. A white woman carrying a baby was wounded slightly. A crowd of negroes gathered at Thirty-fifth street and South Wabash and stoned street cars. They were dispersed after a few shots were fired in the air.

WARNING GIVEN BRITONS BY JAS. H. THOMAS, M. P.

Returning from Visit to United States, Says Confidence Must be Restored in England by Increasing Production.

EVERY INDUSTRY MUST BE EMPLOYED

Thinks Gov't Should Declare Its Policy and Thus Remove Suspicion of Workers That They Were Unfairly Treated.

London, July 28.—(By The Associated Press)—James Henry Thomas, member of parliament for Derby, in an interview following an address before his constituents Saturday night, expressed profound anxiety concerning the unstable domestic situation in England. Mr. Thomas, who recently visited America, said that the strong position of the United States could not be doubted, and that he had seen enough while there to satisfy him that it was essential to restore confidence in this country by increasing production and keeping every industry fully employed.

Mr. Thomas' speech was his first utterance since his return. He said England's financial condition, coupled with the manner in which labor disputes are magnified abroad, had created an impression in the United States that England was going headlong into bankruptcy and ruin. It was essential for the government to declare its policy, he asserted, and thus remove the suspicion of the workers that they were unfairly treated, the reliance of the workers in strikes as a weapon alone being altogether undemocratic.

The Sunday papers give prominence to the simplifications Mr. Thomas' Derby speech expressed by him in an interview. He is quoted as saying that he is convinced that "we shall lose our commercial supremacy unless we drastically change our political methods."

PERSONA INAUGURATED Tenth President Of Brazil

The Cabinet Announced Has Civilians Named for Military Portfolios.

Rio Janeiro, July 28.—Dr. Pessoa was inaugurated tenth president of Brazil in the Senate chamber at one o'clock this evening. The ceremony was simple but impressive. Vice-President Mororiz administered the oath.

The chamber was filled with senators and members of the legislature. The entire diplomatic corps were seated on the tribune. After the inauguration Dr. Pessoa proceeded to the presidential palace where he held a reception for the diplomatic corps, members of the government and other high personages.

The new Brazilian cabinet of Dr. Pessoa was announced today. The cabinet follows:

Minister of the interior—Alfredo Pinto. Minister of foreign affairs—Alfredo Marquês. Minister of finance—Horoê Baptista. Minister of communications—Glorio Do Rio. Minister of agriculture—Simão Lopes. Minister of marine—Paul Soares. Minister of war—Panda Calogeras.

This is said to be the first cabinet since the foundation of the republic in which civilians were named for military portfolios.

Minister of War Calogeras is a member of the Brazilian delegation at the peace conference.

NO HOPE OF LOWER PRICES IN ENGLAND THIS WINTER

The Food Controller Affirms That if All Profiteers Were Guiltined it Would Not Bring Prices Down.

London, July 28.—(C. A. P.)—George M. Roberts, Food Controller, speaking in Yorkshire, held out no hope of prices this coming winter being lower than last winter.

The government was determined to stop profiteering, he said, but if every profiteer was guillotined tomorrow it would not bring prices down to the level everybody desired.

Iford, the enormous industrial area which starts out from East London, has established a street market, where small growers sell fruit, poultry, and vegetables. The market has had an enormous success. This week-end the prices ruled fifty to sixty per cent. lower than shop prices.

While Iford's example in thus attempting to stop profiteering is generally commended, it is not forgotten that the shop keeper has high rent rates, while the man with a street stall has few such liabilities.

Curiously enough Iford has a strike on hand of all the municipal employees, while the man with a street stall has no trams are running. The dispute arises over a small payment to scavengers.

STRIKE COMM. IN FULL CONTROL AT WINNIPEG

Mayor Gray Gives Very Damaging Evidence Against Defendants on Trial for Seditious Conspiracy.

ALDERMEN OPPOSED CONSTITUTED LAW

Alderman Queen, One of the Defendants, Said He Had No Use for Constituted Authority and Didn't Want it Mentioned.

Winnipeg, Man., July 28.—"The city was practically in control of the strike committee from June 19 to June 20," Mayor Chas. Gray, swore at the preliminary trial this forenoon of eight labor leaders charged with seditious conspiracy.

The Mayor occupied the witness box all the forenoon, and his examination had not been completed when the court adjourned for lunch.

The salient points of his evidence were that the city was in control of the strike committee at certain times during the strike; that H. B. Russell, representing the Metal Trades Council, had admitted, early in the strike, that the Iron Masters were willing to bargain on a collective basis; that Alderman John Queen, one of the defendants, had declared against constituted authority in committee meeting at the city hall. His evidence also gave facts of conditions in Winnipeg under the strike regime.

The Mayor first produced agreements with union employees of the city, providing against strikes until May 1, 1920. He then produced letters from the Trades and Labor Council announcing the strike, and declared the civic employees on attitudinal walked out at the call of the Trades and Labor Council.

The Mayor described conditions during the first day of the strike, when the city was in danger from a fire without any regular firemen, with water at a pressure described as "abundant," causing hardships on thousands of citizens. He told of a meeting of the City Council Food Committee in which a delegation from the strike committee offered to supply food to citizens by a card ration system, controlled from the Labor Temple. He said he declared the citizens must be fed, and that he, representing constituted authority, would see this was done at all costs.

"Alderman Queen got up," he said, and said: "I don't want to hear constituted authority. Sit down."

The Mayor also stated during his evidence that R. B. Russell had declared at a meeting of the City Council that the police were allowed on the street by permission of the strike committee, and that the committee might call them out at any time.

Asked about police protection, the Mayor said: "I could not guarantee police protection as I would have liked after June 10. I had had many complaints of indignation and had not only been threatened myself, but actually threatened." He had spoken of this to representatives of the strike committee.

Alderman Queen and Heaps, two of the defendants, were opposed to all attempts at carrying out their duties during the strike. They actually called the members of the City Council strike breakers, he said. Alderman Queen was opposed to constituted authority and it was very plain that his sympathies were not with the citizens," Mayor Gray swore.

REVOLUTION SAID TO HAVE BROKEN OUT IN HONDURAS

San Salvador, July 28.—A revolutionary movement, headed by General Gutierrez, presidential candidate, is reported today by the press to have broken out in Honduras. The revolution was said to have been proclaimed in the department of Paraiso. Various encounters between rebel forces and the government troops were said to have occurred on the Nicaraguan frontier.

FRANCE TO HOLD ELECTIONS OCT. 6TH

Paris, July 28.—(Havas)—The Echo de Paris today declares it has accurate information that the parliamentary elections have been arranged to be held on October 6. (The probable date which has previously been mentioned was October 15.) The newspaper adds that reports that President Poincaré intends to ask for re-election are denied.

SUPREME COUNCIL ABOUT TO BREAK WITH HUNGARIAN GOV'T

Paris Newspapers Point Out That the Allied Message to the Hungarian People Demanding Bela Kun be Ousted is Tantamount to Breaking Off Negotiations.

Paris, July 28.—(Havas)—Commentation of a new policy of a more energetic order by the council, which may reveal its effects in other directions than that of Hungary.

In dealing with the general situation in Central Europe, La Liberté says:

"As soon as they feel themselves firmly supported by the great powers, acting with unanimity, our Near Eastern Allies will form a coalition against the common enemy at Budapest." It is regarded as the initiation of a new policy of a more energetic order by the council, which may reveal its effects in other directions than that of Hungary.

GRAND FALLS

Grand Falls, July 25.—Mention has been made of the recent proposed development of the water power at the Falls in this place. Some time ago H. A. Powell of St. John, N. B., accompanied by the Secretary Treasurer and Auditor of the International Trust Company, paid a visit to the place and looked over the prospects.

Mr. Powell stated that their visit was to decide what action was to be taken.

Hon. J. Fletcher Tweedale, paid a visit to this place on business connected with his department as agricultural minister.

The roads in the town are now being placed in good shape, and workmen are at work grading and turning the highway through the town. When completed this road should add much to the natural beauty of the place.

The town council, much to the sorrow of the residents here, voted down the project to put in concrete sidewalks this summer. It was pointed out that Government debentures could have been raised, to foot monies to build these walks, but the council feared high taxes, and yet unaware that their children would have to pay such taxes, they voted it down.

The order of the day is hayting, and already many farmers are at work. The crop is rather light, especially on the highland areas. Potatoes are doing well as being a good crop and the fall industry should be far above the average.

George W. King, teacher in grade eight, Bathurst Superior School, was a visitor here last week. Mr. King intends going to the West in the near future, to take up teaching on the prairie.

B. Bellan of New York, was a visitor at the Curries last Sunday on business.

Tuesday evening at 8 (night time). Remains for burial tomorrow.

OF THANKS.
Lenihan and family, wish to thank all the sympathy and assistance of Private Russell S. M. C. and his wife.

Rev. Mr. Rice of Sussex, occupied this side of Moncton the car struck that above the Robinson store.

What might have been a serious accident occurred on Saturday. Mr. John McLeod accompanied by his wife and two children, also Mr. F. H. Radford and Mrs. Worman, were motoring to Moncton, when about five miles this side of Moncton the car struck a loose plank in a cross-way turning the car up on its side and throwing the occupants all out. All escaped serious injury, yet Mr. Radford received a bad shaking up and Mr. McLeod besides a shaking up received a nasty cut in the leg and had to remain under the car until it was lifted. As soon as possible they procured a car and were driven to the hospital in Moncton.

Other Tablets Not Aspirin at All

Only Tablets Marked with the "Bayer Cross" are Genuine Aspirin—Others Acid Imitations

"Bayer" Now Canadian Made—No German Interest—All Rights Purchased from U. S. Government

Aspirin means made by Bayer—has meant this for over eighteen years. The only genuine Aspirin!

The world's greatest physicians, jealous of their own reputation and careful of the health of their patients, prescribe "Bayer Tablets of Aspirin."

Aspirin is not German but is made in Canada by Canadians, and is owned by a Canadian company. Unless you see the safety "Bayer Cross" on package and on tablets you are not getting Aspirin at all!

Look for the "Bayer Cross"! Then it is real Aspirin.

Don't accept Aspirin in a pill box. Buy a "Bayer Package"!

There is no substitute for genuine "Bayer Tablets of Aspirin," which have been proved safe by millions for Pain, Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Colds, Grippe, Joint Pains, Neuritis.

Proper and safe directions are in every "Bayer" package.

Bayer is the trade mark (registered in Canada) of Bayer Manufacturing of Moncton, New Brunswick, Canada. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

WOMAN'S WORK IN THE WAR

It forms a glorious chapter in the history of Canadian womanhood. She has nursed the sick and wounded—she has cared for the widows and orphans. While working for the Nation her work for the Home can be lightened by serving Shredded Wheat Biscuit, a ready-cooked whole wheat food that combines deliciously and wholesomely with berries or other fruits. A Summer life-saver.

MADE IN CANADA

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Biphosphate to Put on Firm Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing saggy hollows and angles with the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as biphosphate, which is inexpensive and is sold by the Ross Drug Co. in St. John and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, biphosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, disappear; dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION:—Although biphosphate is a general improvement in the health, nervousness, sleeplessness and weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

PRINCE ALBERT

LAY your smoketaste flush up against a listening post—and you'll get the Prince Albert call, all right! You'll hunt a jimmy pipe so quick and get so much tobacco joy out of every puff you'll wish you had been born twins! For, Prince Albert puts over a turn new to every man fond of a pipe or a home made cigarette. It wins your glad hand completely. That's because it has the quality!

And, right behind this quality flavor and quality fragrance is Prince Albert's freedom from bite and parch which is cut out by our exclusive patented process. We tell you to smoke your fill at any clip—jimmy pipe or makin's cigarette—without a comeback!

Most Canadian dealers now sell Prince Albert in the tidy red tins. If your dealer does not handle it tell him to order through his jobber. Leading Canadian jobbers are now supplied.

LOCAL TICKETS.

It will be noticed that neither The Telegraph nor The Times attempt to deny the Standard's statement that the local opposition ticket has been formed as announced. Those newspapers, by switching the discussion to other phases of the subject, endeavor unsuccessfully to convey the impression that no such idea as selecting prospective candidates has ever entered the heads of the few party leaders still remaining faithful to Hon. Mr. Foster.

The Standard's assertion. The ticket has been selected and it consists of Hon. W. E. Foster, R. T. Hayes, Dr. W. F. Roberts, and William M. Ryan. Mayor Hayes has already indicated that his present term of office at City Hall will be his last.

AT CITY HALL. In order to obviate the possibility of any unpleasantness hereafter, it might be just as well for Mayor Hayes to place before the members of the council at the earliest opportunity such plans as have already been arranged for the Royal reception and the soldiers' welcome.

THE CHURCH TODAY. The minister of the gospel today finds himself facing a very difficult proposition. Civilized nations of the world are Christianized, in so far as their own interpretation of Christianity is effective, and the mass of the people have apparently taken religion into their own hands and are placing it a definition which is not strictly in accordance with clerical methods, which is the ideal of true religion.

WHAT THEY SAY

The Chief Brew Now. Philadelphia—The town today there is nothing brewing but trouble.

Where the Genius Lay. Toronto Mail and Empire—It is most satisfactory to see that the number of students attending Queen's Summer School is the largest on record.

Profiteers Unmolested. New York Sun—The universal cry is against profiteering, which is abundant in all these countries, as there is today in the United States.

No Militarism. Brockville Recorder and Times—This is a country of civilians, and the young Canadians became soldiers only to serve their country in time of stress, and they are returning to civil life rapidly.

Daylight Saving. Buffalo News—These things have been proved for the law: It adds 10 per cent to the efficiency of workmen and the output of factories.

Where Aliens Score. Toronto Globe—The alien element begins to score. A large proportion of the miners of the anthracite districts consists of men of Southeastern Europe.

LIFT OFF CORN

Apply few drops then touchy corns off your fingers

Doesn't hurt a bit! Drop Frezzone on an aching corn, that corn stops hurting, then it rights out. Yes, magic.

A tiny bottle of Frezzone a few cents at any drug store, sufficient to remove every hard corn, or corn between the calluses, without any irritation.

Frezzone is the sensation-ery of a Cincinnati genius. I don't!

POLICE COURT CASES YESTERDAY

Edward Curran was charged in the police court yesterday with allowing liquor to be consumed in his premises at King Square.

Five drunks were fined \$8 each. John A. Crawford, on a charge of being under the influence of liquor, was also appearing in court.

Samuel Levine, whose cattle were said to have done damage to the property of John H. Peacock, was before the court.

It was decided to find out what the present assessment is on lots which are selling at \$400.

It was decided to consider the whole question of the practice of holding vacant land for high prices.

Other commissioners remarked that the lot had probably been assessed at \$200.

Commissioner Jones said the work could be done this year.

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-tives"

For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.

"I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-tives' I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

CONGRESS WILL BE ASKED TO INSURE VETERANS OF WAR

Committee Finds 75 Per Cent. of Soldiers, Sailors and Marines Lapsed Policies.

Washington, D. C., July 26.—As a direct result of the findings of a special investigating committee, headed by Charles E. Hughes, that upward of seventy-five per cent. of the four million soldiers, sailors and marines who carried war risk insurance during the war have permitted their policies to lapse a movement is on foot in Congress to give all service men two years' insurance without cost.

The proposal has the approval of the subcommittee of the House Committee on Interstate and Foreign Commerce, which is in charge of war risk insurance, and an effort will be made to have a bill making this provision reported favorably to the House.

The development by Mr. Hughes and the members of the special committee that seventy per cent. of the men discharged had failed to keep up their insurance, caused the surprise in Congress, which is intent on finding a remedy.

It is the belief of those who are backing the measure, which first was proposed by Representative Bosco C. McCulloch, Republican of Ohio, that most of the men who have failed to keep up their war risk insurance have done so because of the fact that they did not understand clearly the provisions. In addition, many of the men engaged in work when they left the service, could not keep up the payments.

DEATH MYSTERY OF CANADIAN SOLDIER

Doctor Says Wound Was Not Caused by Fall — Open Verdict Returned.

Evidence concerning the mysterious death of a Canadian soldier, whose body was found in a quarry near Woodstock Park Camp, Epsom, was given when a court was held on the private Frederick Burton Burns.

It was stated that on the eve of June 25, Burns left the camp to go to Woodstock Park Camp. He returned from Wimbledon the same evening by the 10.25 p. m. train to Ashted station. From Ashted there was a short walk to the quarry.

Just before one o'clock the following morning a sentry at the camp heard cries for help coming from the direction of the quarry.

Just then a soldier crept through the hedge and told him that his friend had got over the fence and that he thought he had fallen down the quarry.

The sentry called out the guard, and the body was found at the bottom of the quarry, which is 70 feet to 80 feet deep, in a battered condition.

Dr. Fost, of Leatherhead, who made a post-mortem examination, said that in addition to a fractured skull, there was a very clean incised wound from the tip of the nose to the left eyebrow, which, in his opinion, could have been caused by the fall, but must have been done by some sharp instrument, such as a knife, dagger, or bayonet.

Lieut.-Colonel MacDermott, medical officer of the Woodstock Park Camp, who was present at the post-mortem, said he thought the wound might have been caused by a sharp blow on the side of the head, when the fall caused the nose to gape open.

The jury returned an open verdict.

DEMOCRATS OF RUSSIA ENDORSE KOLCHAK'S POLICY

The Party Welcomes the Allies' Note Promising Russia Help in Its Struggle Against Bolshevik Tyranny

Omsk, Tuesday, July 15.—(Russian Telegraph Agency)—Endorsement of the All Russian government policies, as given in Admiral Kolchak's note to the Allies, is expressed in a declaration of the International Democratic party made public today by the Eastern Division of the party's central committee. The declaration says the party welcomes the allies note promising Russia energetic help in its struggle against Bolshevik tyranny.

Admiral Kolchak's reply to the allies, the statement adds, "Expresses fully the opinion of the Russian people with regard to the problems touched upon in the allied note."

Favorites Fail In Grand Circuit

Even a Change of Jockey Failed to Change Showing of Horse.

Columbus, Ohio, July 28.—It is almost axiomatic that the mid-summer Grand Circuit race meeting here is a severe trial for horses that run as favorites on auction pools. In keeping with precedent every favorite in each of the events were defeated, even Old Spire going down in the free-for-all pace. He won the first heat and Miss Harris M. the next two. Judges removed Stokes at the end of these second heat, Valentine driving Single G. in the final, but the best he could do was to make Miss Harris M. stop in 2:00 3/4 to win.

LITTLE BITS OF SPORT CHATTER

The University of New Brunswick is already preparing for the coming football season. The athletic council is at present looking for a coach for the football team. It is understood that a former Dalhousie star will be secured and the prospects are bright for a good season.

The ban that was placed on the Misses Fanny Durack and Mina Wiley, the Australian swimmers, by the Amateur Athletic Union more than a year ago, has been lifted according to Samuel J. Dallas, President of that organization. These swimmers, according to Mr. Dallas, have agreed to drop their professional managers and tour the country under the direction of the National Championship of the A. A. U.

Canadian golfers have yet a long way to go before they can compete with their American brethren on an even basis. The result of the International match was no surprise. Champion MacLackie made a fine showing in his match with the world-renowned Francis Ouimet and his feat in holding him to a two-hole margin is a big feather in his cap. The American made a clean sweep in the foursomes, and won all but three of the single games. Both the Lyons were defeated. W. J. Thompson, of Toronto, scored a notable victory, at the expense of Jerome Travers, the New York veteran.

There is some talk of having Bob Dibbles here for a race during the soldiers' celebration. Dibbles was stationed in St. John with the Sportsmen's Battalion, and it is understood that he would favor a return visit here. At present he is taking part in races at St. Catharines, Ontario.

Good Entries For Sussex Racing

All the Fast Ones Have Got in Line to Make Meet a Success.

With invitations out to all the fast ones, and a purse of \$1,000 to draw out entries that are worth seeing, Sussex is planning two big racing days for Friday and Saturday in the Sussex Driving Park.

Interest is centred around the free-for-all, which is amount to that of the turf Fernal Hall, owned by Dr. McAllister, already the winner of four such open events; White Sox, owned by E. B. Fenwick, and Exposer, holder of the Canadian trotting record.

The entries for the different events already received show the cream of the trotting and pacing stables of the maritime provinces and more nominations are promised for today.

Qualify For The National Meet

William and Washburn Win New England's Sectional Tennis Doubles.

Newton, Mass., July 28.—R. Norris Williams and Wilson M. Washburn won the New England sectional tennis doubles championship today, defeating the Pennsylvania team of Craig Biddle and Chas. Garland in straight sets.

The scores were 6-1, 6-3, 6-2. The match, which was played on the court of the Long Wood Cricket Club, was noteworthy for the speedy play of the victors. They scored frequently on placement aces. Biddle, playing below form, was the special object of attack by Williams and Washburn. The winners qualify for play in the Nationals Doubles Championship tournament.

KILBANE WON IN SIX ROUNDS

Featherweight Champion Showed up Better Than Joey Fox of England.

Philadelphia, Penn., July 28.—"Johnny" Kilbane, featherweight champion, had a shade the better of "Joey" Fox, featherweight champion of England, in a fast six-round bout at Shibe Park tonight. In the second round Fox was staggered by left hooks and a right cross, but he held his feet. The fight was fast and rough from the start. Kilbane did most of the leading, and was the aggressor until the sixth round, when Fox forced the fight. The Englishman covered well and proved himself a clever boxer.

"Kid" Norfolk, of Baltimore, outpointed "Narnacka Kid," New York, in six rounds. Both are colored heavyweights.

REAL ENDURANCE TEST.
 The three-day motorcycle race from the Canadian border at Belvidere, Wash., to Tia Juana, Mexico, was broken by Wells Bennett, of Los Angeles, who made the 1,714 miles in 53 hours, 28 minutes elapsed time. The former record was 69 hours, 47 minutes. Bennett slept but 30 minutes en route.

BRITTON AND GRIFFITHS.
 Denver, Colo., July 28.—Final arrangements for a boxing bout between Jack Britton, welterweight champion of the world, and Johnny Griffiths, of Akron, Ohio, at the Stock Yards Stadium here August 7, were completed today. The contest will be for 12 rounds and there will be no decision.

The victors. They scored frequently on placement aces. Biddle, playing below form, was the special object of attack by Williams and Washburn. The winners qualify for play in the Nationals Doubles Championship tournament.

BRINGING THE KAISER TO JUSTICE

The Scotsman of Edinburgh discussing the Allies' decision to bring the Kaiser to justice says: "Let us consider the consequences." Sir Valentine Chirol says in a letter in yesterday's Times. It is interesting to note the objections which this article has to the policy of the Allies because they may be taken as representing a feeling which is detached from passion or mere querulous dislike of the Prime Minister and the Government. No better statement of the case against the trial has been made. What does it amount to? That (1) the responsibility for the imprisonment of the ex-Kaiser will, in the event of his being sentenced, devolve on Great Britain, and will be inconvenient; that (2) if we pick him out of the mud in which he now lies and invest him with a halo of martyrdom, a Hohenzollern legend will spring up sooner or later to be a disturbing factor as the Napoleonic legend was; and that (3) the bitter memories of the trial will stand for several generations between Great Britain and the German people. These are the most convincing arguments Sir Valentine Chirol can devise against a trial. That is to say, he would allow the ex-Kaiser to rest undisturbed, and to that extent condone the great wrong he has done to the world, because of a series of petty considerations, the chief of which is that we are to shrink from the execution of justice for otherwise Germany may remain unfriendly to this country. This is not a plea that can appeal to British feeling. If the German people are so merely obtuse and perverse that they cannot learn to understand that a Hohenzollern may be a man of the most evil record; if they can reflect on the horrors of the war and yet idolize their late ruler, they will remain outside the pale of international amity. Their quarrel will be, not with Great Britain, but with all the free Nations who have been united to crush an absolutely devilish power and policy. Sir Valentine Chirol unwittingly suggests an irrepressible reason for trial and judgement. As long as Germany resents the exercise of justice, as long as she cherishes with pride the memory of this war, no long will she be unfit for the honest fellowship of the nations. Bethmann-Hollweg has offered to stand in the place of his former sovereign. If he has evidence to offer at the trial, he will be heard, and his statements will be dispassionately weighed. But we allow the ex-Emporer to rest undisturbed in retirement, while his soldiers and sailors are being tried for the sinking of hospital ships and the murder of Captain Fryatt—to set apart as if on an unapproachable estate the autocrat who told his soldiers that they existed only to obey his word, even to the killing of their own flesh and blood—would be for the Allies to play the potloun in the eyes of the world."

I. W. W. SECRETARY LET LOOSE UNDER APPROVED BOND

Leavenworth, Kansas, July 28.—Planning an immediate return to Chicago to be followed later by a tour of the country, William D. Haywood, former secretary of the I. W. W., was released from the federal prison here today upon the receipt of papers from Chicago showing approval of his bond, pending an appeal.

Leavenworth, Kansas, July 28.—Reasserting that he had ninety-two other I. W. W.'s who had not been given a fair trial, Haywood said he would make an appeal in his court which is to begin in the near, to the workers men of the country.

"Our organization has been unjustly judged," Haywood said, "we did not oppose war with Germany, I could not be avoided. While we believe war, as a whole, is unnecessary, the I. W. W.'s are in sympathy with America's cause, proved by the entry of thousands of our members into military service and as workers at the government's plants and docks.

"The I. W. W. is not responsible, nor guilty of the violence credited it."

"We have never resorted to violence. We are the victims of newspaper war."

Francis Miller, one of the ninety-three I. W. W.'s who was also released and will go to Chicago.

CHOSEN A DELEGATE.

E. R. Reid, president of Engineers and Contractors, Ltd. of this city, has been chosen as one of five delegates from the Association of Canadian Building and Construction Industries, to attend the National Industrial Conference to be held in Ottawa during the week beginning September 11. This association was formed in Ottawa in November, 1918, and contractors and supply men from the Atlantic to the Pacific were present and took part in its organization. Mr. Reid, J. A. Grant, of Grant & Horn, J. Fraser Gregory, of Murray & Gregory, Ltd., and John P. Tilton, of W. H. Thorne & Co., Ltd., attended and took an active interest in the work of organization.

Promise Revolution on Receiving Six Months' Hard Labor.

Seamus W. Greenough, John O'Hagan and Charles O'Meara, shipyard workers, have been sentenced at Belfast to six months' hard labor for delivering revolutionary speeches at meetings of the local Independent Labor party.

Another shipyard worker, named Ferguson, whose offense was considered not so serious, was ordered to find bail for future good behavior.

Greenough, who was alleged to be either a Russian or a German Jew, on being sentenced shouted "Long live social revolution!" "There will be a revolution some day."

O'Hagan, in one speech, replying to a question from someone in the audience, said, "There are many methods and many ways by which we can get what we are entitled to; but, failing them, I have no hesitation in saying we should be prepared to fight for them, as James Connolly did."

STRIKERS AND POLICE CLASH IN WORCESTER

The Arrest of a Man for Obstructing Sidewalk Started a Pitched Battle.

Worcester, Mass., July 28.—A serious riot between police and striking employees of the Graton and Knight Mfg. Company occurred this morning in front of the company's plant on Franklin street, when a large crowd of strikers, excited by an unfounded rumor that the company was planning to open the plant, gathered and refused to obey orders to disperse. The arrest of one man for obstructing the sidewalk started a pitched battle between strikers and police. Patrolmen were forced to draw their revolvers and to fire in the air to quell the riot. Three officers were injured, and eight arrests were made. All the men arrested were foreigners.

Rules, Regulations and Conditions

CONTEST STARTS JULY 5, 1919 AND CLOSSES AT 10 P. M.
SEPTEMBER 13, 1919.

RULE NO. 1.—Any person of good repute, male or female, married or single, residing in any of the contest districts may enter the contest by sending in one of the application blanks below properly filled out.

RULE NO. 2.—There are four separate districts from which to enter, described on this page. No votes will be sold for money or other consideration, but can be obtained only by being clipped from The Standard, daily and semi-weekly or secured through the regular subscription channels.

No votes will be issued on subscriptions to this paper during the life of the contest unless for paid subscriptions and for no shorter period than for six months on the daily, and one year on the semi-weekly.

RULE NO. 3.—The first publication of names and vote standings of candidates will be made at an early date. The voting will commence at once. All newspaper coupon votes will be void unless received at The Standard office, Contest Department, within the time marked thereon.

Each issue of The Standard daily and Semi-Weekly Standard will contain a ballot good for one vote which will be published during the contest except the last two weeks.

RULE NO. 4.—Any district that shows little or no activity will be declared off and said district will be merged with the district closest to it in voting strength, and the contestants from said district added to the one with which it is merged. Merging of districts to be at the discretion of the Contest Manager.

RULE NO. 5.—All votes which have been voted will be filed in the Contest Department subject to the inspection and verification of a contestant's own votes at any time during business hours of the contest.

RULE NO. 6.—A board of responsible business men will have exclusive control of the ballot box the last night of the contest, and after a canvass of the vote declare the winners. The decision of the Board of Judges will be final and admit of no appeal.

RULE NO. 7.—No salaried employee or close relative of a salaried employee of The Standard who is actively employed in the plant of this paper, is eligible to enter the contest.

RULE NO. 8.—Candidates must enter from the district in which they live. The Contest Manager to decide any question regarding the proper districting of candidates. Candidates moving from one district to another after being nominated, will be retained in the district in which they were first nominated.

RULE NO. 9.—Votes cannot be transferred from one contestant to another nor can one candidate's name be substituted for another. Should a candidate withdraw from the contest his or her votes will be withdrawn. Votes once withdrawn cannot be recovered.

RULE NO. 10.—In cases of a tie between two or more candidates, identical prizes will be given those tying.

RULE NO. 11.—Nominations of candidates may be made by anyone at anytime; except the last two weeks, during the contest without cost. The management of The Standard reserves the right to reject any nominations or applications at its discretion. Any contestant wishing to have his or her name withdrawn from the list of contestants must write or call personally as positively no telephone withdrawals will be considered. There will be no change in the vote schedule during the entire contest and it will remain permanent as herein announced.

RULE NO. 12.—Contestants will compete only against the contestants in the same district for the regular district prizes and against other districts as explained for the grand prizes. The winners of the grand prizes cannot win district prizes too.

RULE NO. 13.—This contest will close at 10 p. m. Saturday, September 13, 1919.

RULE NO. 14.—A candidate who makes any disposition of subscriptions secured in this contest other than reporting them to the Contest Department will be declared disqualified, and the name peremptorily removed from the list of candidates.

RULE NO. 15.—No statement or promise made by any solicitor, canvasser or agent varying from the above rules as set forth will be recognized by The Standard.

DISTRICTS

The contest territory has been divided into four districts and there will be one Grand Prize and a second and third prize awarded in each district as follows:

DISTRICT 1—City of St. John.

DISTRICT 2—Includes Kings, Albert, Westmorland and St. John counties (City of St. John not included) and Nova Scotia.

DISTRICT 3—Includes Charlotte, Queens, Sunbury, Kent, Northumberland and Gloucester counties.

DISTRICT 4—Includes York, Carleton, Victoria, Madawaska and Restigouche counties.

HOW PRIZES WILL BE AWARDED

To the candidate in each district securing the greatest number of votes, the automobiles will be awarded, the candidate getting the greatest number of votes in the entire contest territory will have first choice of the four automobiles, the next highest candidate in another district will have second choice, the next highest in still another district will have third choice and the remaining automobile after three districts have been eliminated, will go to the highest candidate in the remaining fourth district. The four pianos will be awarded to the second highest vote-getter in each district and the phonographs will be awarded to the third highest vote-getter in each district. The ten per cent. commission will go to those not winning one of the above prizes.

The conditions are simple—you have only two things to do—first send in your application, using an application blank, or write a letter to the Contest Manager. Second, let your friends know you are entered in the contest and want to win one of the prizes.

MARKET REPORTS STOCKS, BONDS AND PRODUCE

DOING TRADE WITH THE NEW SERBIA

Canada Has Golden Opportunities Awaiting Trade Relations With Serbia. Openings for trade in which Canada might well participate are being more and more found, sometimes in unexpected places, in European countries. The Canadian Trade Commission quotes the following interesting facts from the report of the British Economic Mission in Serbia: "What Serbia needs Serbia is able to pay for. This may seem strange, but it is a fact that, apart altogether from indemnities for the damage done during the war, the peasant population and shopkeepers have plenty of money—in dinars and Austrian crowns. The explanation is simple. The people in the country during enemy occupation spent little or nothing on luxuries and all the while were receiving high prices for their goods and produce. They have sold but not bought, and are now in a position to buy largely. Payment in a form acceptable to manufacturers would be a difficulty, and much benefit would follow the establishment of a local British bank. It is the intention of the Government to withdraw at an early date enemy paper money from circulation and to replace it with State paper money of the Kingdom of Serbia, Croatia and Slavonia (Jugo-Slavia). This state money will be in dinars and be under Government guarantee. The rate of conversion will be 30 dinars per 100 crowns. The total value of Austrian crowns now in circulation in the new Kingdom is estimated at about eight milliards. Other arrangements are being made in regard to a central exchange office. The population of Old Serbia is about four millions, and of Jugo-Slavia ten millions. It is a backward country, but one with great possibilities. The people as customers incline, first of all, to England, and then to the Allied countries; falling England and the Allies they must go back to those with whom they used to trade, and by whom their methods are well understood. If merchants and manufacturers wish to establish a foothold in this market they must take steps at once to organize the necessary supplies."

SPECIALTIES HELD PROMINENCE ON STOCK MARKET

Stock Transactions Were the Lightest and Most Contracted Known in Many Days. New York, July 28.—Stocks drifted aimlessly and with many irregular price changes after the strong opening of today's session, but hardened again toward the close on renewed absorptions of equipment and steel. Transactions were the lightest and most contracted of any full day in many weeks, falling considerably under the familiar million share level. The market was noteworthy for the prominence and strength of specialties, heretofore inactive and almost unknown, while many speculative favorites were relegated to comparative obscurity. Equipments and steels derived their main support from trade advice over the week-end which continued to report progress in those industries, and the advance of wire products. U. S. Steel fluctuated throughout the country was proposed in a resolution introduced today by Senator Poindexter of Washington. The resolution was referred to committee in the usual course. Washington, July 28.—Investigation by the Federal Trade Commissioner into the operations of the big oil companies, the cause of recent advances in the market price of petroleum products throughout the country was proposed in a resolution introduced today by Senator Poindexter of Washington. The resolution was referred to committee in the usual course.

CAUSE OF ADVANCE IN PETROLEUM NEEDS INVESTIGATION

U. S. Senate Has a Resolution Before it Demanding Such an Investigation. Washington, July 28.—Investigation by the Federal Trade Commissioner into the operations of the big oil companies, the cause of recent advances in the market price of petroleum products throughout the country was proposed in a resolution introduced today by Senator Poindexter of Washington. The resolution was referred to committee in the usual course.

BERLIN REPORTS FLOATING LOAN IN UNITED STATES

New York Bankers Deny Any Knowledge of Such a Deal in Financial Circles. London, July 28.—An American loan of \$100,000,000 has been obtained by Martin Nordegg, representing the Deutsche Bank of Berlin, according to an exchange telegraph despatch from Berlin. It was said ten per cent of the loan would be deposited in foreign bonds to the German bank's credit. International bankers here, who handled Germany's business before the war, including that of the Deutsche Bank of Berlin, according to an exchange telegraph despatch from Berlin. It was said ten per cent of the loan would be deposited in foreign bonds to the German bank's credit.

SOUTH AFRICAN GOLD SHIPMENTS TO UNITED STATES

New York, July 28.—The first shipment of gold from South Africa to the United States since the beginning of the war, from Transvaal it was announced here today, the gold was valued \$1,000,000 and consigned to Kuhn, Loeb and Co., to be sold in payment for British war obligations.

BOMBING PLANES WRECKED BY AN ELECTRIC STORM

Minneapolis, N. Y., July 28.—Three bombing planes, including the Martin bomber with which Captain Roy N. France planned to leave next Friday on a trans-continental flight, were wrecked by a terrific electrical storm, which sweeping over Long Island this evening, struck a steel hangar at Hazelhurst Field and hurled fragments of steel for a distance of half a mile.

COLLIERY CLERKS AT GLACE BAY GET INCREASE

Grievances Reported to Have Been Settled on a Basis of Wage Increases Ranging from \$7 to \$10 Per Month. Sydney, N. S., July 28.—It is reported here that the Glace Bay colliery clerks settled on a basis of wage increases ranging from \$7 to \$10 per month. The increase to date from April 1st, and a further increase of \$10, all round to be granted on May 1st, 1920. The company also grants a bonus of two months' salary payable at the same time as the immediate increase and back time. The agreement provides that in an event of any disagreement or grievances arising in the future, the company would be prepared to receive the clerks' committee with a view to adjusting them. It is anticipated that final negotiations will be entered into today, and the incomplete details would be attended to, and a consequent winding up of the trouble brought about by such an agreement to be arrived at the clerks are content of any further information regarding the situation.

ITALY THREATENED BY COAL FAMINE

Supply on Hand is Only Sufficient for Twelve Days—Seek Relief from America. Rome, July 28.—Italy's coal supply, which it was estimated today will last only twelve days, is causing increasing alarm. Negotiations for American coal, which have been in progress here, have been taken up directly with the American International Relief Association at Paris, of which Herbert Hoover is the head. The efforts to obtain coal through that organization are being made by Italian Peace Conference delegates. A long list of restrictions, that include the elimination of many trains, was announced here today. The organizations are intended to facilitate the transportation and to prevent a crisis in the food situation.

RANCHMAN PAYS THE RANSOM ASKED BY THE BANDITS

The Kidnapped Boy Was Then Returned—Mexican Government Agrees to Return Money and Punish Perpetrators of Act. Washington, July 28.—Acting upon the advice of the Mexican government, John West Thompson, an American ranchman living near Mexico City, has paid the 1,500 pesos ransom demanded by bandits for the release of his fourteen year old son, the State Department was advised today. The Mexican authorities said they feared the bandits would murder the boy unless they received the money. Secretary Lansing said the Mexican Foreign Office had agreed to refund the ransom, and to take measures for the capture and punishment of the bandits. The kidnapping took place last Thursday at the Thompson ranch thirty miles from Mexico City, and the boy was released on Friday.

CORN ADVANCES SIX CENTS FURTHER

Danger That Crop Will be Cut in Two by Drouth Caused the Advance. Chicago, Ill., July 28.—Danger that the domestic crop of 1919 will be cut in two by drought and hot winds resulted in raising prices more than six cents a bushel. Reports were current that the crop in the Central States had already been damaged 25 per cent. Active buying carried the Sept. delivery to the highest pitch this season.

AMERICANS DAILY
IN DANGER FROM
MEXICAN BULLETS
The border line dividing the United
States and Mexico has been crossed
at least twelve times in the last six
months by American troops who have
gone into Mexico to drive away en-
raged Mexicans and operators of ma-
chine guns and other weapons of war
landed perilously near to the homes
of American ranchmen along the bor-
der, according to E. F. Lamar, of
Laredo, Texas, who was at the Mc-
Alpin Hotel yesterday. He declared
that the "fighting population" of the
Rio Grande districts was more eager
now than ever before to end for all
time the danger of border raiders and
promiscuous handlers of machine guns
and rifles across the river.
"It is known by our Congress," said
Mr. Lamar, "that very grave danger
exists along the southern border of
our country, and it would be such
a very slight piece of work to clean
out these ignorant ambushers that the
people of our State can't understand
what is wrong in Washington."

SHIPPING RESUMED
OUT OF NEW YORK
All Factions Settled With and
the Strike Which Has Tied
up Operations for Three
Weeks is Ended.
New York, N. Y., July 28.—The
strike which was in operation for three
weeks and tied up shipping along the
Atlantic and Gulf seaboard was finally
settled, tonight, when an agreement
on wages was reached with the Mar-
itime Engineers, William S. Brown, Na-
tional President of the Engineers, sent
out orders to move ships without de-
lay.
The agreement was reached after a
six-hour meeting here with officials
of the United States Shipping Board,
American Seaman's Association and
Engineers' Union.
The Engineers presented their de-
mands Sunday night, following settle-
ment of the strike of Seamen, Stew-
ards, Officers and Water Tenders, issu-
ing orders that vessels be taken
out pending settlement of their issues.
The only other class of ship work-
ers whose demands have not been set-
tled are wireless operators. They
have not gone on strike, and a com-
promise between them and the ship-
owners for consideration of wage in-
creases is slated for this week.

AS LLOYD'S VIEW
THE PEACE SCENE
Lloyd's News publishes the follow-
ing description of the scenes follow-
ing the German delegates' brief ad-
dress to the German delegates sum-
moned to sign the Peace Treaty—
And now all eyes are turned upon
five men—the envoys of the German
"Reich." They rise, and go to the
small central table, grouping around
it. And there, one after another, they
sign the Treaty which is—the Peace
Treaty.
Mr. Lloyd George watches them
broodingly; the Frenchmen, watch
them with grim eyes.
"Who can refuse them pity?" In the
presence of an American, they
bear themselves well, and it is soon
over.
At 2.14 p. m. the submission of Ger-
many is fulfilled, and the Republic or not,
the Reich has ceased to be an enemy
State.
Now come the Allied delegations to
put their names against seals already
fixed upon red ribbons & down each
valium page of the Treaty.
President Wilson comes first for the
Allies, and after him, at 3.15 come Mr.
Lloyd George and the British, the Do-
minions, the French and then the re-
maining groups.
One wonders what Herr Hermann
Mueller (who is nervously playing
with his pince-nez), and Herr Johann
Bell think of it all as they now look
on, for in this very hall, forty-eight
years ago, stood Wilhelm I, the then
Prussian War Lord) with the lesser
German sovereigns and princes, Bis-
marck, Moltke, a galaxy of generals
glorying in the new-born Imperial Ger-
man crown.
"Hochs," with flourish of swords, it
was then, and now—well, the German
papers appear next morning, the
black borders, and the mournful head-
ing of one of them, "The End!"
Just before four o'clock the signa-
tures are complete. It had been sup-
posed it would occupy more than two
hours.
When the last name has been signed
to the four documents M. Clemenceau
again rises and says:
Gentlemen, all the signatures
have been written.
The conclusion of peace be-
tween the Allied and Associated
Powers and the German Reich is an
accomplished fact, and when the chil-
dren are closed, I invite the Allied
plenipotentiaries to remain
in their places to allow the Ger-
man plenipotentiaries to leave.
Hardly has he finished before the
guins boom out their 101 salutes to
peace. Then Herr Mueller and
their colleagues gather up
their papers and file out through the
Allied benches and the silent specta-
tors to their waiting cars, receiving
for the first time a salute by the guard
of honor.
So ended the Congress of Versailles
and the last chapter of the Book of
Fate which was opened in a little
town of Reims exactly five years ago.

AROUND THE CITY SHOWERS

WHO OWNS DOG? The caretaker of Rockwood Park has a Newfoundland dog under his care. It has been there several days awaiting its owner.

FOUND BY POLICE. The police have in their possession a pair of ladies' gloves, a set of prayer beads and a children's watch. The owners can receive the articles on application at police headquarters.

ON SERIOUS CHARGE. George Rusinoff, a Bulgarian, was arrested yesterday on a charge of obtaining money under false pretences. He was taken before the magistrate yesterday afternoon and remanded to jail.

STRUCK BY STREET CAR. A wagon was hit by a street car in Pitt street yesterday and had its front wheels and shafts broken. The driver of the rig was taken to central police station and a drunkenness charge laid against him.

DELIGHTFUL CONCERT. The City Cornet Band under Bandmaster Waddington, gave an excellent programme in the King Edward stand last evening. There was a large crowd present and several of the numbers received much applause.

THE ROTARY CLUB. Hunt Cook spoke before the Rotary Club, at noon yesterday, on The Boy as an Asset. He expressed surprise that St. John did not have a juvenile court. A. M. Beiding presided.

THE WRONG NAME. In publishing the names of Blacksmiths Union officers recently the name of J. J. Gibbett was given as president, when it should have read J. J. Gillet.

INDIAN TOWN FOUNTAIN. Water was turned on the Indian town fountain yesterday, and the excuse given for the stoppage in the flow for some time was that an owl was in the pipe. The owl has no defense and must take the blame.

DWELLING RANSACKED. On Friday night last the home of Michael Coll, 56 Douglas Avenue, was entered while the family were at their summer residence, Bay Shore. Entrance was made through a rear window and several articles were stolen.

ROBBED A SCHOOL. Last week the principals room, St. Peter's boys' school, was broken into and several Cadet rifles stored in a small room known as the "armory" carried off. Before the departure the burglars, presumably boys, wrecked a door and some furnishings.

HAD NARROW ESCAPE. While sailing on the river from Rothesay, Saturday night, Lewis Millidge was struck by the main boom of the yacht and thrown into the water. He floated on his back and called for help brought his son, Cranston, and a companion in a boat from the shore and Mr. Millidge was saved from drowning.

ON INSPECTION TOUR. W. A. Kingsland, assistant general manager of the C. N. R. eastern division, in his private car "58" was in the city yesterday accompanied by Divisional Engineer Duff of Moncton, on a tour of inspection. He had nothing to say regarding his visit beyond that he found conditions in these parts satisfactory.

BAND ORGANIZED. At a meeting on Saturday evening in Orange Hall, Simonds street, the Dominion Pipe and Drum Band was organized. Frederick Robinson was elected president, James Moore, vice president; Robert B. Jones, secretary; Cornelius Resan, treasurer; Edward Nordin, captain, and J. Downey, sergeant.

INQUEST FRIDAY. The jury chosen to try the evidence in the inquest of Lester Brown yesterday morning visited the warehouse at the Sugar Refinery, where the man was injured. Coroner Kenney advised yesterday that the inquest will be held on Friday evening at 8 o'clock in the court room, Masonic Hall.

WAS GIVEN WARNING. A local teamster who on previous occasions had always been kind to his horse lost his temper recently and beat his horse to such an extent that he was called on by citizens to desist. The matter was reported to the A. P. C. and the teamster appeared before members of that body yesterday afternoon. He was severely reprimanded and given a warning that should he be reported in the future that this present charge would be taken up against him.

HOUSE ENTERED. The home of the Rev. W. P. Dunham, Manawagonish Road, was broken into and wrecked last week. The thief made his entrance by forcing a back window. Mr. Dunham returned from the country last Friday, and on entering the house found things scattered all around the floor and a good deal of clothing and a pair of boots missing, also a small amount of money. Mr. Dunham thinks he must have frightened the burglar away, as he found a grip, partly packed, ready for removing and as many things of value were still left in the house.

These are high price days, and it is not often that you find goods sold under value. Here is your opportunity to buy the loveliest of Children's Dresses at half their usual price; \$4.50 to \$5.50 is the price asked for these Dresses at regular selling. A purchase of 250 of them from the over makes of a manufacturer enables F. A. Dykeman & Co. to offer them at \$2.99. They are made from Pique, Indian Head, and the finest of Satin Drills. Sizes from 4 to 14. Styles: Middles and Semi-Middles with pleated skirts; also 140 Kid-dies Middles, sizes 6 to 14, to be sold at \$1.59 each; regular value \$2.25 each. Large variety of colors and styles in both. Sale starts Tuesday Morning.

WALTER PARKER KILLED BY LIGHTNING AT BROWNS FLATS

Flash Entered One of Kitchen Windows Yesterday Morning, Making Circuit of Room—Mrs. Parker had Feet, Legs and Clothing Burned by Flash That Killed Husband—Storm General All Along River and in the City.

Walter Parker, of Browns Flats, was instantly killed in an electrical storm which swept over the southern section of the province yesterday morning. The lightning flash entered one of the kitchen windows of his home, made a circuit of the room and struck Mr. Parker, who had descended the stairs from an upper room and was about to step on the kitchen floor. A fourteen-year-old lad named McVey, who was immediately behind Mr. Parker, was practically unharmed, beyond a slight shock.

Mrs. Parker, wife of the deceased man, had her feet and legs injured and her clothing burned by the same flash that killed her husband. She was standing in the kitchen operating a cream separator and though she received a severe shock, strange to say, the dairy implement remained unscathed.

The sad occurrence happened at about eleven o'clock, daylight in the city, but towards the evening the lightning did not create much havoc with the property. A broken pane of glass in the kitchen window, bricks torn away from the chimney, a stove pipe bent askew and some holes burned in the floor are the sole evidences of the visit of the destroyer.

At first the condition of Mrs. Parker was such that it was thought necessary to remove her to hospital in the city, but towards the evening she gradually recovered and beyond suffering severe shock, was resting comparatively well at latest report last night.

Walter Parker is survived by three brothers and two sisters. Arthur, at the condition of Mrs. Parker was such that it was thought necessary to remove her to hospital in the city, but towards the evening she gradually recovered and beyond suffering severe shock, was resting comparatively well at latest report last night.

The Labor Unions Will Join Parade

Trades and Labor Decided Last Night to Assist in Celebration—Parade Committee Report Excellent Progress—Big Meeting This Afternoon.

This afternoon at 2.30 o'clock, in the Board of Trade rooms, the general committee having the details of the dual celebration of August 14th and 15th, in honor of our returned soldiers and the Prince of Wales, will hold another session. This will be a very important meeting, and every representative is expected to be present to make a definite report upon the progress of that particular branch of the work entrusted to him or her care.

The previous meetings have been devoted largely to the free discussion of the best place for entertaining the soldier and his family, the Prince, and various sub-committees were appointed to deal with these details. This afternoon committee people will bring in their reports to the housing committee, commercial travellers' committee, parade and band committee, decoration committee, water sports committee, fireworks committee, and also it is expected there will be reports from the Local Government and from the Mayor's office, so that the whole scheme will be concrete and co-ordinated for the general information for those having work in hand.

Yesterday afternoon Chairman S. Herbert Mayes, of the central committee; Mayor Hayes, A. O. Skinner and William Vassie, representatives of the Great War Veterans' Association, met with the committee with regard to the matter of transporting soldiers from all over the province to this city, and the Premier deferred the matter for discussion with his cabinet, in the Government rooms today. This is a very important matter and it is understood that the government will give it fullest consideration.

It is understood that the City of Moncton alone will send over four hundred soldiers and will bring their own brass band.

Robert S. Simes, who is head of the Commercial Travellers' organization in the approaching celebration, as well as that vigorous committee of drummers are already attending to details in connection with the entertainment.

The central committee has been offered a magnificent attraction for the celebration.

Com. Thornton is very busy scheming the decorative programme the city will bring in the parade, and is along the route of the Prince's procession, and especially the side of King Square facing King street hill.

This forenoon at 10 o'clock in the High School auditorium, the public school children who have been instructed by Miss Robinson in singing patriotic songs to be rendered at the Point when the Prince arrives.

Trades and Labor. At a special meeting of the Trades and Labor Council held last night in the Longshoremen's Hall, Water street, with President Fred A. Campbell in the chair, it was decided that the council would turn out in a body for the parade, and all the members of the thirty-five local labor organizations would be present.

In this connection Charles Stevens was appointed chairman of a committee for making all arrangements for the parade and all the members of the organization of the other labor units. George D. Melvin is secretary of the committee, and the other members appointed were Oscar Dick, M. P. Donovan and J. O'Brien.

The Parade Committee. The parade committee are working hard and held a meeting last night, when satisfactory reports were received from the different members on individual work accomplished and plans were made for further activities.

It was shown that already a number of the business firms have decided on entering floats in the mammoth parade. The Polymorphous Club reported to the committee that they were already started making preparations and were getting down to real hard work, and invite all persons interested in the club to assemble in O'Brien's, 75 Thorne avenue, this evening, at 8.30 o'clock, daylight time.

The committee will start out on a campaign today and intend calling on every business establishment in the city and vicinity, extending an invitation to the employes to participate in the parade.

The Y. M. C. A., St. Peter's Y. M. C. A. and other such organizations are invited to take part in the parade and enter floats, and the committee pointed out that as the parade was general individuals as well as organizations are quite welcome to enter floats and assist in making this parade the greatest that has ever been held in the city.

It was with pleasure that the committee learned that the labor organizations at their meeting last night reported they intended to go ahead with the parade and appointed committees to look after arrangements.

As the parade committee have been given the control of the bands for the celebration today and intend calling on last night, and now that the parade promises to be such a large one it is thought that there will not be enough bands in the city, and outside bands may be asked to participate.

In a few days the committee will be able to give a pretty good outline of what may be expected.

Prospects For An Election This Fall

Good Liberal Believes There Will Be Both Federal and Provincial Election and Gives His Reasons—Is Looking for a Fight.

"What will you bet there won't be a provincial or Federal election, both this fall," asked a good Liberal who has for years been a busy cog in the local machine. "How do I dope out the prospects? Well, the Liberal convention at Ottawa ought to develop some enthusiasm, if it does not end in a fight, and a lot of Liberals think the Quebec and Prince Edward Island elections are a sign that the Liberal tide is rising. Anyway if the Ottawa convention turns out as expected the Liberal Unionists will be offered a chance to return to the fold. If the party is able to develop a new spirit and a new policy, the Liberal Unionists in the cabinet will be asked to step out, and those in parliament to renounce their allegiance.

"If they obey, Mr. Borden will probably dissolve parliament and go to the country, though he can not do so without special legislation the St. John commission cannot loan money for house construction outside the city limits even banks on the city leads at Lancaster, so it has been proposed it should do. Another feature to which attention is drawn is that loans can only be made to parties wishing to build individual or semi-detached cottages; it is not permitted to make loans for building two family flats, which is a favorite form of construction in St. John where land is tight and hills, and the problem of providing water and sewerage surrounded with difficulties.

The commissioners will make an early inspection of lots owned by the city which are adaptable for building small houses. They propose to let a contract for the building of a series of detached or semi-detached cottages. It is hoped economies in construction can be effected by building a number of houses under the same contract. The city will have \$200,000 available for individual loans and community building, and this should assist the erection of between 50 and 60 houses, which will not begin to provide housing accommodation for the couples married since the war. More houses may be built, however, if the individual borrower only pays for a portion of the money necessary to put up their houses.

The county council has applied for another \$200,000, some portion of which should be available for building within the city as well as in the parishes.

The new vaudeville programme opening at Opera House this afternoon offers Stockton's Fox Terriers, a real doggie circus with canine actors and a dog chorus in marches, drills and sensational feats of skill; McCormack and Shannon in comedy skit, "A Breath from Old Erin"; Selva Nevada & Co. in vocal and piano offering, introducing some brilliant and gorgeous costume changes; Dave Glaver, comedy songs and stories; Challen and Keke, England's greatest wire walkers, in sensational stunts on the bounding wire; and the serial, The Man of Might. The matinee this afternoon at 2.30; tonight at 7.30 and 9.

Local Commercial Travellers meeting to entertain members of their association visiting the city August 14-15, will kindly notify Mr. E. K. Cairns, chairman hospitality committee how many they can accommodate.

St. John Housing Commission Met

Was Announced Yesterday That Mayor Had Received Word from Fredericton That Dominion Loan Was Now Available.

At the meeting of the St. John Housing Commission held yesterday afternoon Commissioner Bullock announced that the mayor had at last received word from Fredericton that the loan offered by the Dominion for the erection of houses was now available. A number of applications from individuals wishing to build in the city were considered, and the commission will investigate the positions of the applicants before next meeting. It will be the policy of the commission to deal with applications for individual lots as well as for blocks, so as to permit as much new construction as possible this summer. It is desired that applicants should be ready to start at once. The Housing Act the commission can only allocate loans for building purposes within the limits of the municipality unless they are made by the city, that without special legislation the St. John commission cannot loan money for house construction outside the city limits even banks on the city leads at Lancaster, so it has been proposed it should do. Another feature to which attention is drawn is that loans can only be made to parties wishing to build individual or semi-detached cottages; it is not permitted to make loans for building two family flats, which is a favorite form of construction in St. John where land is tight and hills, and the problem of providing water and sewerage surrounded with difficulties.
