he had only recently been granted a year's rest, which he was taking at his home in Jacksonville. Arrangements for the funeral had not been completed last night.

# FOREST FIRE IS RAGING NEAR PENOBSCUIS

Friday, Aug. 11.—A telephone message from Penobscuis was received at a late hour last night stating that a serious forest fire was raging in the neighborhood and was threatening the village. It broke out on the McIntyre property and had spread over the Hannah farm, McMonagle's and Chittick's and at 11 o'clock was near the lower portion of the Harry Morton property. Much damage has already been done and if the wind held northwest as it was then blowing there was great apprehension that the flames would spread to the village of Penobscuis.

The lumber properties of Al Preece, Herbert Lison, Ed. Wallace and Byron McLeod were in danger at the time that the telephone message was sent. A crew of men under David McNair, fire warden, were fighting the fire and it was the intention of others to go out early this morning to help check the flames. In the meantime they are hoping for a change in the direction of the wind to the northwest.

C. G. Armstrong, formerly of the Sussex Mineral Springs Company, and who was successfully carrying on the same business in Chelmsford (Mass.), was a welcome visitor to the city yesterday. He was on his way to Kings County to enjoy a few days away from business with his family, who have been spending some time in this province.

# CHARLOTTE IS SOLID FOR TODD AND RECIPROCITY FOREST FIRES BURN SPLENDID MEETING IN ST. STEPHEN 25 N. S. BUILDINGS

## Port Clyde Suffers Severely

### Flames Are Sweeping the South Shore District

Has Been Raging for Two or Three Days and Has Swept Miles of Territory—One Man Missing—Heavy Rains Only Can Save the Situation.

Special to The Telegraph. Halifax, N. S., Aug. 14.—Tremendous forest fires are raging on the southwestern shore of Nova Scotia, from Port Clyde, Shelburne, to within eight miles of the town of Liverpool. The fire has been burning for two or three days, but yesterday and today burst out in greater strength.

## LOGGIE HOLDING ROUSING MEETINGS IN NORTHUMBERLAND

### Everything Points to a Sweeping Victory for the Liberal Candidate.

Special to The Telegraph. Chatham, N. B., Aug. 14.—W. S. Loggie held a fine meeting in Lower Nappan this evening. The farmers are busy harvesting one of the best crops on record, but as soon after dusk as they could get away from their work they walked and drove to the hall. They all seemed intensely interested in reciprocity, and more than one farmer after he heard Mr. Loggie's speech declared that under reciprocity he would feel justified in largely extending his production of crops. Mr. Loggie has found this meeting better attended than in any previous campaign and reciprocity is the one thing discussed.

## W. S. MONTGOMERY TORY VICTIM IN RESTIGOUCHE

Big Interests Expected to Close Many New England Plants and Move Across the Border.

Special to The Telegraph. Dalhousie, N. B., Aug. 14.—The Conservatives held their convention today in Marquis hall, Campbellton. Every parish was represented by four delegates. James Jardine presided. On motion of Arthur Culligan, seconded by Frank Black, W. S. Montgomery, mayor of Dalhousie, was unanimously chosen as the standard bearer of the Conservative party in Restigouche. A resolution expressing confidence in R. L. Borden, was passed. Brief speeches were made by the candidates, Councillor D. A. Arsenault of Balmoral, Daniel McAllister, Arthur Culligan, Rene Richard, George Dawson, Frank Blackhall and Duncan Cook.

## Enormous Crowd Present

### Candidate and Dr. Pugsley, in Masterly Addresses, Show How Reciprocity Will Benefit the People of Charlotte, as Well as the Rest of Canada.

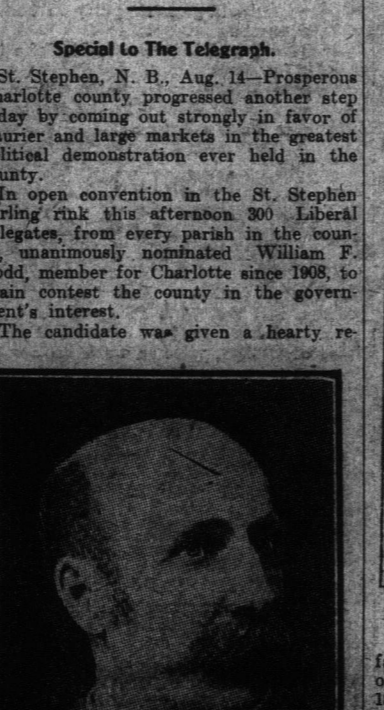

Special to The Telegraph. St. Stephen, N. B., Aug. 14.—Prosperous Charlotte county progressed another step today by coming out strongly in favor of reciprocity in a national political demonstration ever held in the county.

## AMERICAN PAPER MILLS IN CANADA

Big Interests Expected to Close Many New England Plants and Move Across the Border.

Special to The Telegraph. Dalhousie, N. B., Aug. 14.—The Conservatives held their convention today in Marquis hall, Campbellton. Every parish was represented by four delegates. James Jardine presided. On motion of Arthur Culligan, seconded by Frank Black, W. S. Montgomery, mayor of Dalhousie, was unanimously chosen as the standard bearer of the Conservative party in Restigouche.

## WHAT IS WRONG WITH THIS PICTURE?

This is a Conservative cartoon. What is wrong with it is the omission of the fact that when Sir John made that famous declaration he was campaigning in favor of reciprocity in Canada. He was not in the National Policy in 1870.

## W. F. TODD NOMINATED

On motion of George M. Byron of Welchpool, the chairman was asked to nominate a candidate to be named to the nominating committee. The following were named: Henry E. Hill, W. A. Armstrong, Wm. Hamilton, John Gos, H. Bingham, Alphonse O'Neill, Lewis Connor, Bernard Anderson, Leonard Simpson, E. L. Connolly, John Russell, Wm. Babcock, Herbert McLean, Calvin Galls and Harrison McCallister.

## W. F. TODD NOMINATED

On motion of George M. Byron of Welchpool, the chairman was asked to nominate a candidate to be named to the nominating committee. The following were named: Henry E. Hill, W. A. Armstrong, Wm. Hamilton, John Gos, H. Bingham, Alphonse O'Neill, Lewis Connor, Bernard Anderson, Leonard Simpson, E. L. Connolly, John Russell, Wm. Babcock, Herbert McLean, Calvin Galls and Harrison McCallister.

## LAURIER OPENS CAMPAIGN TODAY

### Will Speak at Simcoe and Enormous Crowd is Expected

Special to The Telegraph. Simcoe, Ont., Aug. 14.—Simcoe is all ready for tomorrow, the biggest day in its history. Sir Wilfrid Laurier opens his Ontario campaign here in Lawrence Park. A platform and canopy has been erected for the speakers and seating capacity for 8,000 has been provided. In addition there will be standing room for fully another 8,000.

The Semi-Weekly Telegraph is issued every Wednesday and Saturday by The Telegraph Publishing Company, of St. John, a company incorporated by Act of the Legislature of New Brunswick.

Subscription Rates Sent by mail to any address in Canada at One Dollar a year. Five by air mail to any address in the United States at Two Dollars a year. All subscriptions must be paid in advance.

Advertising Rates Ordinary commercial advertisements taking the run of the paper, each insertion, \$1.00 per inch. Advertisements of Wants, For Sale, etc., one cent a word for each insertion.

Important Notices All remittances must be sent by post office order or registered letter, and addressed to The Telegraph Publishing Company.

Authorized Agents The following agents are authorized to canvass and collect for The Semi-Weekly Telegraph, viz.: W.M. SOMERVILLE, ELIAS K. GANONG.

THE DAILY TELEGRAPH THE SEMI-WEEKLY TELEGRAPH THE EVENING TIMES New Brunswick's independent newspapers. These newspapers advocate British connection, honesty in public life, measures for the material progress and moral advancement of our great Dominion. No graft! No deals! The Thistle, Shamrock, Rose entwined, The Maple Leaf forever.

Semi-Weekly Telegraph and The News ST. JOHN, N. B., AUGUST 16, 1911

DO NOT BE DECEIVED

Attempts are still being made in some parts of New Brunswick to deceive the electors in regard to the nature of the proposed trade agreement. It should be thoroughly understood that it is not a treaty, but an agreement which can be terminated by either country at any time.

Conservatives are afraid of reciprocity because they know that it will beat them at the polls, and some of the more unscrupulous of their orators and newspapers have attempted to deceive the electors as to what the agreement actually does contain.

THE FIELDING TESTIMONIAL

The Conservatives have had much to say both in the last few weeks of discussion at Ottawa and since before the country regarding the testimonial presented by friends to Mr. Fielding in April of last year. The list of names to this testimonial is anonymous, and Mr. Fielding was made aware only of the fact that the future of himself and his family is provided for.

THE FLAG IN KINGS-ALBERT

Speeches delivered at the Conservative convention in Sussex indicate that the Tory machine of Kings-Albert has wrapped Mr. George W. Fowler in the sheltering and purifying folds of the Union Jack, and has so presented him to the electors of that constituency.

tion of the value of Mr. Fielding's services to the country. The transaction throughout was honorable to givers and receiver, and Sir Wilfrid summed up the matter when he said: "Say what you will, do what you may, the man is not living who can breathe suspicion upon the character of W. S. Fielding."

PRODUCER AND CONSUMER

Economists in the United States, and to a lesser degree in all other protectionist countries, are realizing that the high cost of production is becoming one of the most serious of economic and social problems. Prices are too high for purchasing power.

It is an extraordinary situation, an organized industry accompanied by two evils—wrong production and maldistribution. There are millions who are anxious to consume, anxious to increase and properly to increase consumption, if they get the chance, while the producer is in despair through over-production.

WHAT DO AMERICANS FEAR?

Iowa is one of the farming states of the American Union. While Conservatives orators and newspapers are trying to scare the Canadian farmer, let us see what the American protectionists are telling the farmers of Iowa. Here is an extract from a recent number of the News, published at Shell Rock, Iowa, and entitled "Reciprocity Prospects?"

GREATER ST. JOHN

The agreement between the city and the C. P. R. for the transfer of the West Side has been signed at last, and the Minister of Public Works has given instructions to advertise for tenders for the extension of the wharf below Sand Point, which work had been awaiting the completion of the transfer in question.

of Protection to American interests. The passage of the bill fulfills no Republican party promise. The platform of 1908 contained no mention of reciprocity.

"BIGGEST LICKING THEY EVER GOT"

It is going to take a lot of trouble to prove to the farmer who knows his business that reciprocity would be an injury to him, says the Montreal Herald. When it comes to an argument on that score the farmer knows a lot more about it than the man who is trying to scare him.

IN CHARLOTTE

Charlotte county is enthusiastically in favor of Sir Wilfrid Laurier, Mr. William F. Todd, and reciprocity. The convention at St. Stephen yesterday at which Mr. Todd was unanimously re-nominated, and the public meeting in the evening addressed by the candidate, the Minister of Public Works, and others, revealed the fighting vigor of the Liberals of Charlotte and showed how thoroughly they are prepared to carry forward their standard to another smashing victory.

MESSRS. POWELL AND DANIEL

The Conservative body Monday solemnly nominated as its candidate for the city of St. John, Mr. Harrison A. Powell, and as its candidate for the city and county Dr. J. W. Daniel. It had been reported for some days that if the Minister of Public Works were to run for this city, Dr. Daniel, the pessimistic prophet would retire to his country, and that programme was carried out last evening.

GREATER ST. JOHN

THINK IT OVER

Conservatives are fond of trying to scare Canadians by quoting from American politicians and American newspapers. Very good; let them publish the following, from the Pittsburg Gazette-Times:

"In course of the debate on Canadian reciprocity on Tuesday, Senator Gallinger of New Hampshire, declared that annexation of the Dominion at this time was an 'iridescent dream.' He explained that 'Canada has grown to be a big, strong, self-asserting nation' and he prophesied that 'by this treaty we will further strengthen it.' That such will be the effect of the trade agreement now pending, once it becomes operative, is not to be doubted. To open a free market of 92,000,000 of consumers for the products of 8,000,000 people across the boundary is certain to work more largely to the direct benefit of the smaller country. The purchasing and consuming capacity of Canada necessarily will be limited, whereas, at the immediate expense of the American farmer, it is proposed that the United States shall provide our neighbors with convenient territory and unlimited outlet for all their surplus food supplies. Thus in the border cities alone there will be more than half as many customers as the Dominion's entire population who will have Canadian truck gardens and farms to draw from. Lower cost of production and lower farm values will mean lower first charge for commodities, and the effect will be to depress American prices and depreciate the property of the farmer in our own country."

"This is carrying international altruism a little too far and paying too dearly for it. THE RESULT MUST BE TO STRENGTHEN CANADA IMMENSURABLY, TO CONTRIBUTE ENORMOUSLY TO DEVELOPMENT OF HER NATURAL RESOURCES AND TO INDUCE THAT BETTER CLASS OF IMMIGRATION FOR WHICH HER AUTHORITIES HAVE STRIVEN SO LONG."

IT IS GOOD FOR EVERYBODY

Day after day the swing of the pendulum of public sentiment towards tariff relief gathers momentum. Day after day the wires tell their story of acquisitions to the ranks of progressive Canadians who support reciprocity.

NOTE AND COMMENT

"Both St. John seats this time. Twelve in New Brunswick."

Sir Wilfrid is going to have the biggest majority of his career.

Vote for Greater St. John and a more prosperous province. There is but one party of progress.

Setting men are non-partisan and unselfish. Therefore it is easy to read the meaning of the fact that the betting is five to one on Laurier. The Conservative cause is simply hopeless.

While the Conservative party sneers and obstructs, the Liberal government is equipping the Winter Port for the great traffic it is to handle—the trade of three trans-continental railways.

Forty or fifty years was Dr. Daniel's estimate of the time required to make a harbor of Courtenay Bay. Yet already the tenders of three great British firms are being examined at Ottawa and a decision is expected any day.

Mr. Powell and Dr. Daniel made some political predictions last evening. Their gloomy followers, however, know how the betting is. The local Conservatives start with the conviction that they are going to lose. There is no doubt about it.

After all, it is time the farmer had his turn. The shortage in the American potato and grain crops this year emphasizes the importance of letting our farmers sell in that market duty-free. The lesson is so clear that it fairly makes the protectionists angry to mention it.

The Peers "drank the hemlock." One of the amusing things in politics is the wild wail of the minority. And one of the oddities of politics is the man who swears by popular government, but who sees a revolution coming whenever his party is beaten at the polls or on division in Parliament. The reactionary Tories are a stubborn lot—but they will have to learn to take their medicine. Better still, they are learning.

The official estimate of New Brunswick's hay crop this year is 886,000 tons. Reciprocity will remove the duty of four dollars a ton, and our hay will enter the United States market free. Suppose we export only one-third of the crop, think of the money that reciprocity will put into the farmer's pocket. Last year much hay in this province was left uncut. This year it will all be valuable, because there will be a good market for every ton that is for sale.

The things we want most in this world are always those beyond our reach. If we had them we wouldn't be a bit happier. We only think we would. No matter how little we have we always have plenty to be thankful for.

It is computed that there is 800,000,000 worth of gold and jewels at the bottom of the sea on the route between England and India.

One has heard less of "bridge parties" this summer (says the Pall Mall Gazette) than at any time during the last ten years.

Mr. Fowler will try again in Kings-Albert. It is too soon. The electors have short memories, but not so short as the Toy machine of Kings seems to imagine.

Mr. Powell, like his associate, Dr. Daniel, represents a mere negation. The Conservative party, here or elsewhere, has no constructive policy, and stands for nothing beyond obstruction—obstruction in the interest of the "status quo." On the other hand is the Liberal party, with its great progressive policy, making solidly for the interest of the "status quo."

INTE DAIR MAKING DAIRY Essentials in Product Who Want Best Whatever the reasons for butter upon the farm, it is a fact that dairy butter is made and marketed at a good price. The following is a list of the best butter in the market. No fewer than 100,000 lbs. of butter should be made every week. In the first place, only cream of good quality should be used. It requires the strictest attention in making, handling, creaming and making it into butter. No fewer than 100,000 lbs. of butter should be made every week. In the first place, only cream of good quality should be used. It requires the strictest attention in making, handling, creaming and making it into butter. No fewer than 100,000 lbs. of butter should be made every week.

Always strain the cream to remove any particles of dirt. Cream one thickness of best for the purpose. Use a fine strainer. A temperature of 25 to 30 per cent. Remember that the best churning is obtained when the cream is about 65 degrees. With all the foregoing the next thing is to get the temperature. This varies ranging from 45 to 65 degrees. The best rule to follow is to churn in from 30 to 45 degrees. Be careful not to churn too long. Stop the churning when the granules are about half the size of a pea. When larger than this it is to be removed by the buttermilk. When smaller, granules are liable to pass through the strainer. Do not wash the butter. When washing in which case there was cream. Salt at the rate of about 1/2 lb. per 100 lbs. of butter. The butter must be washed in cold water. Stop the churning when the granules are about half the size of a pea. When larger than this it is to be removed by the buttermilk. When smaller, granules are liable to pass through the strainer. Do not wash the butter. When washing in which case there was cream. Salt at the rate of about 1/2 lb. per 100 lbs. of butter. The butter must be washed in cold water.

WESTMORLAND DESPERAD BEEN AR

Olaf Larsen, Wanted for Crimes, Caught by Moncton Police.

Moncton, Aug. 11.—Olaf Larsen, a Norwegian ex-convict, who was in the country since the week, has at last been captured by the Moncton Police.

Early this morning Sheriff gave orders to his men to search for Larsen in the vicinity of Moncton. Larsen was seen in the vicinity of Moncton, and was captured by the police.

Chief Rideout was no party with Ken Steeves on train for Petticoat. The chief secured a team of horses and a carriage, and set out for Moncton, about six miles out.

When first seen Larsen took to the woods, and search and found him underbrush. He surrenders, stating he was Chief Rideout arrived at 2:30.

Larsen will be arraigned before Magistrate today on his crusade. He has stolen or burned property of \$1,275. It is alleged that he has a car and four horses, two sets of harness, and a barn full of machinery.

Larsen will be arraigned before Magistrate today on his crusade. He has stolen or burned property of \$1,275. It is alleged that he has a car and four horses, two sets of harness, and a barn full of machinery.

# BRITISH-BORN ARE FOR RECIPROCITY

## English Farmers Are Chief Agitators

### Hon. Mr. Graham Exposes Hollowness of Tory Appeal

### Minister of Railways Says Prospects Were Never so Good For a Sweeping Liberal Victory in Canada as Now—Expects to Make Gains in Ontario.

Montreal, Aug. 11.—That Sir Wilfrid Laurier, far from having finished his work, and having lived out his allotted span of activity, as stated at a Conservative meeting last night, is the liveliest man in the government, is the opinion of the Hon. George P. Graham, who is at the Windsor Hotel.

"Laurier finished?" exclaimed Mr. Graham. "Why, he's the greatest live wire amongst us."

"I have never had as encouraging reports from any other campaign in which I have taken part, and I have been in many," said the minister of railways and canals.

He went on, pointing out that if the elections were left to a straight question of trade, without reference to party politics, he felt confident that 75 per cent of the Ontario votes in the coming elections would be for reciprocity. "Because," he explained, "both parties have been educated along that line."

### British-Born Strongest for Reciprocity.

Speaking of the situation, as it is seen in Ontario, Mr. Graham said that the Conservatives have kept away from debates on the real issue of the campaign on its merits. "They have endeavored to trade on the loyalty of Ontario," he said, "and to make people believe that to sell goods to the United States will interfere with our cordial relations with the mother land. This is the chief point on which they dwell; and it is a fact that they hope to gain their point by making appeals to the British-born."

And Mr. Graham proceeded to explain that the men in western Canada, who were English radicals who insist that Canadians ought to be able to sell wheat in the best market they can get. "Their whole education and instinct," he added, "is against taxation on food."

Mr. Graham was out west with Sir Wilfrid, and stated that it was quite safe to say that, with one or two exceptions, the men who presented this trade policy, were men who declared themselves Gladstonian Liberals.

"The bulk of the Americans in the west are accustomed to high tariffs and don't care so much," he said, "but the man from the old land feels hampered by trade restrictions. It is safe to say that the British-born are the ones who are the more responsible for wanting to let down the bars."

Will Do Better in Ontario. With regard to the results of the elections, Mr. Graham prophesied that Ontario would come out of the elections with more Liberals than the province has now. "In my own riding," he said, "I can think of at least a dozen Conservatives who have met in the streets and who have told me that they intend to vote, not for the Liberal government, but for reciprocity."

Commenting upon the situation in Winnipeg, he mentioned the fact that he had just received a private despatch from a man there who is not of an optimistic nature, but who stated that the Liberal prospects were brighter in Manitoba than they had been for years, and the Liberals were all in the best possible spirits.

Reciprocity will bring the wanderers home to share in the new prosperity that will come to the maritime provinces.

## RECIPROCITY MEANS BIG MONEY FOR THE FISHERMEN

### Hard-Working Fishers Will Not Have to Sell Herring for \$5 a Hoghead Then

### No One Knows Better Than the Charlotte County Tory Candidate That the People Want Free Access to the United States Market.

Back Bay, Charlotte Co., Aug. 9.—Mr. Hart told the electors in St. Stephen some peculiar facts, and in his speech repeated the four times reduction of the price of the herring in Charlotte. For years he was a merchant in St. Andrew and came in contact every day with the fisherman and fisherman. He has known for years what drove the fishermen from the farms and enticed the fishermen's sons across the border, and yet he would throttle the greatest relief measure ever offered our people, and casting aside his convictions of a lifetime, would ask the farmers and fishermen of Charlotte to vote for him and defeat reciprocity.

Mr. Hart is interested in wares and knows that a limited market is bad, and it may interest the public to know one or two facts about reciprocity and its effects on the wares owners. Last summer for instance, a run of herring too large for markets in the Passamaquoddy, and a number of wares were sold for smokers at \$9 a hoghead. It is an absolute fact, proven by the fishermen employed by the Fishermen's Union, that the buyers could have paid \$40 a hoghead and still had a good profit for themselves. The fish were taken to Eastport and Lubec and smoked.

Reciprocity means a fish free. Every fisherman on the coast can go into this business. The outlay is practically nil. A roughly constructed building that any fisherman can easily put up, with strings to hold the fish, and a drift wood cast on the shores for fuel, and the very best of smokers can be produced.

With a very small outlay the expensive and more dainty looking article can be put on the market. All that is wanted to make the shores of Charlotte county with smoke houses, is reciprocity, and Mr. Hart, when he says, "Things are good enough as they are," works a very heavy lie that \$5 is better for us than \$90 or even \$100 for a hoghead of herring.

Reciprocity opens an unlimited market for fish of all kinds, and every fisherman along the coast will be benefited. Some of the hundreds of smoke houses and know what will open them again, and knowing, do not hesitate to say that Tory votes along the shore will be as scarce election day as smoke houses are now.

## MANY AT FUNERAL OF REV. DR. PHILLIPS

Woodstock, N. B., Aug. 13.—The funeral of Rev. Dr. C. P. Phillips this afternoon was one of the largest seen in town for years. Woodstock Lodge, F. & A. M., gathered at their lodge room at 2:30 and marched to the United Baptist church, where the services were held. The services consisted of hymns by the choir, prayer by Rev. H. G. Kennedy, of Houlton, and addresses by Rev. Dr. McLeod, and Rev. Dr. Hutchinson, of St. John, and Rev. J. C. Bleakley, of Woodstock.

The principal address was made by Dr. McLeod, who had known the deceased for forty years. Rev. Dr. Hutchinson, who was at the home of the deceased when he died, told incidents of the last hour deceased spent on earth and Rev. Mr. Bleakley, who was a pastor of a Woodstock church fifty years ago, when Dr. Phillips consulted him about entering the ministry, gave reminiscences of his life work.

At the conclusion of the services the clergyman present, Messrs. Hutchinson, Kennedy, Copeland and Sharp, acting as pall-bearers, entered coaches, and the Masons entered backboards and a large procession of teams drove to the cemetery at Upper Woodstock, where, after the usual Masonic service, interment was made.

Don't put soap on the window panes; rub with either alcohol or ammonia to make them shine.

## CANADA WILL HAVE BUMPER HARVEST

### Government Crop Report Shows Splendid Conditions for Grain of All Kinds—Potatoes Better Than Last Year—Western Conditions Especially Fine.

Ottawa, Aug. 11.—The condition of field crops in Canada is presented in a bulletin of the census and statistics office issued today for July 31, and shows good averages for all provinces as well as for all crops.

Fall wheat was hurt by the hard winter in Ontario, but fared better in Alberta. The condition of spring wheat at the end of July was 90 for the whole, being 85 to 95 in the maritime provinces; 90 to 95 in Ontario and Quebec; 90 to 95 in the northwest provinces; and 85 in British Columbia.

Oats and barley have an average condition of 88 for Canada; 85 to 95 in the maritime provinces; 80 to 90 in Ontario and Quebec; 85 to 100 in the northwest provinces; and 87 to 89 in British Columbia.

The average of corn for husking is 84, and of potatoes 85.64, being in each case a little higher than last year. Potatoes, turnips and mangold range from 81 to 85, or about the same as a year ago.

Hay and clover and alfalfa are 80 to 83, which is a little lower in each case than last year. Corn for fodder has an average condition of 87, sugar beets, of 79, and pasture of 79.

The eastern provinces are lower than the figures quoted for the whole of Canada, and the western provinces are high. The yield of hay and clover is estimated at 12,180,000 tons for Canada, being 143 tons per acre, and the largest yields for the provinces are: Ontario, 4,738,000 tons; Quebec, 4,028,000 tons; Prince Edward Island, 254,000 tons; Nova Scotia, 941,000, and New Brunswick, 885,000 tons.

## RECIPROCITY WILL DOUBLE MARITIME FISHING FLEET

### Former Conservative Fish Merchant Declares Strongly for Reciprocity at Halifax Liberal Convention—Formerly Supported Borden and Crosby But Cannot Agree with Their Tariff Policy

Halifax, N. S., Aug. 15.—The feature of the Liberal convention of Halifax, which nominated Hon. A. K. McLean and Dr. Edward Blackader as government candidates, was the strong speech in favor of reciprocity by Howard Smith, head of N. & M. Smith, Limited, the largest exporters of dried fish in the world.

In the last campaign Mr. Smith was one of the most active and most influential supporters of Messrs. Borden and Crosby. This time he is throwing his whole support on the side of the Liberals. Under the new order, he declared, Nova Scotia will come into her own, and her fishing fleet will be doubled in from three to five years.

Mr. Smith's outspoken stand in favor of reciprocity, and his moving of the resolution in favor of it at a Liberal convention, indicate how strongly the policy of free trade in natural products appeals to the business men of the Maritime Provinces.

The resolution was seconded by A. W. Bell, another leading business man, who, although an adherent of the Liberal cause, never before had been present at a party convention.

## GREAT BRITISH FIRMS TENDER FOR COURTENAY BAY WORK

Hon. Mr. Pugsley, in his speech at the Queens Rink convention last evening in accepting the Liberal nomination for the city, announced that tenders for the great works in Courtenay Bay had closed at Ottawa yesterday, and that he had just received a telegram from the deputy-minister of public works saying that three tenders had been received. Dr. Pugsley said these tenders were from three of the greatest contracting firms in the British Empire, each of which had made a deposit of \$500,000, in accordance with the terms laid down by his department. The minister added that he would go to Ottawa almost immediately, and that then the tenders would be opened and passed upon by himself and other members of the government. This statement, which was a feature of Dr. Pugsley's eloquent references to Greater St. John was received with the heartiest of cheering.

## A SENSIBLE VIEW

(Hartland Observer.)  
I would like very much to be put on record through the columns of your paper as being in favor of reciprocity agreement now being negotiated between Canada and the United States.

# RECIPROCITY WILL BEAR-FIT EVERY ONE

## HON. MR. LEMIEUX FLAYS BOURASSA

### Exposes Nationalist Leader and Borden's Ally Before 20,000

### A LIVELY TIME

Minister of Marine Scores the Unholy Alliance Between the Castors and Conservatives and Denounces Bourassa as a Villifier of Laurier Because He Failed to Get an Office.

St. Hyacinthe, Que., Aug. 13.—A political meeting probably unprecedented as regards the amount of invective and vituperation injected into the speeches and the amount of bad temper displayed, occurred here this afternoon when Henri Bourassa and Hon. Mr. Lemieux, together with lesser lights, met in joint debate.

From the very outset it was seen that the occasion would be an unusual one, the speakers spending scanty time in the usual words of appreciation but coming down to pointed personalities at once.

The crowd seemed to take to this style of debate and cheered loudly. It was around the improvised platform so that it was in imminent danger of collapse. Never had such a huge crowd been gathered together in this district. Both parties had made great preparations and thousands came to this city on the dozen special trains which were run by the organizers from Sherbrooke, Farnham, Montreal and Quebec. Nationalists and Liberals were there by thousands and every speaker found his supporters, who rapturously applauded his every utterance.

Mayor Pagan presided over the gathering and had a difficult time preserving order, the 20,000 people who listened to the speeches proving a somewhat turbulent crowd.

### Hon. Mr. Lemieux.

Hon. Rodolphe Lemieux made the most notable speech of the day and attacked Bourassa with intense vigor. Mr. Bourassa responded in kind, while Armand Lavergne also spoke in caustic vein and several times interrupted Mr. Lemieux, so that gentlemen finally informed him and his supporters that he could use his hands as well as his voice to retort to insults.

Fortunately the threat was not carried out and the only mishap of the afternoon was the falling away of a portion of the stage under pressure of the crowd, precipitating a number of newspapers into the audience.

Hundreds of the audience wore the red Liberal badge but an equal number were crowned with hats adorned with white bands inscribed "Bourassa" had been printed, while nowhere was the old Conservative blue to be seen.

Mr. Lemieux was the first speaker and after congratulating Mr. Bourassa, the Liberal nominee for the district, turned his attention to the Nationalist leader, Bourassa, he denounced as a fool, leading a following of sheep, whom he was quite incapable of carrying for.

### Passes the "Ugly Word."

Bourassa had lied, and continued to lie through the device. He was disappointed office seeker who had turned against Laurier on this account and had slandered and vilified him. Mr. Bourassa had said again and again that he (Mr. Lemieux) would be afraid to meet him in joint debate. Afraid of what? He had borne the Liberal standard in the province of Quebec for fifteen years and had no reason to fear Mr. Bourassa.

He proceeded to denounce the hybrid alliance of Castors and Imperialists, and stated that Mr. Bourassa and Mr. Lavergne with all their elaborate claims were no true friends of the French-Canadian. As for himself, Mr. Lemieux had his record to stand behind him and this would show that he had always supported and defended French-Canadians and French institutions with zeal and common sense.

Mr. Bourassa, as in previous speeches, passed lightly over reciprocity declaring that the navy bill, which would be a surrender of autonomy was the greatest question and denouncing Laurier for this most intemperate measure. He was interrupted by cries of "No, no, the navy." He continued, however, to bring up arguments in favor of reciprocity and was finally given a fair hearing, and a great deal of applause.

Mr. Bourassa, as in previous speeches, passed lightly over reciprocity declaring that the navy bill, which would be a surrender of autonomy was the greatest question and denouncing Laurier for this most intemperate measure. He was interrupted by cries of "No, no, the navy." He continued, however, to bring up arguments in favor of reciprocity and was finally given a fair hearing, and a great deal of applause.

## SOMETHING EXPECTED IN WEST INDIES SERVICE WITHIN FEW DAYS

Board of Trade Delegation Off to Ottawa and Say They May Ering Back Announcement of Interest.

Monday, Aug. 14.—An announcement of interest with reference to the West India service to St. John may be expected on the return of T. H. Babcock and H. B. Schofield of the board of trade, from Montreal, where they went last evening. Mr. Schofield said that the objective point of the delegation was not Ottawa, but Montreal, and that they might have something of moment to announce on their return as to the improvement of the service. Whether the object of the negotiations is to secure a rival service to the Pickford & Black Company, who have refused St. John anything better than a twenty-two day service, Mr. Schofield would not say. W. H. Thorne left the city on the same train, but Mr. Schofield said he was not a member of the delegation.

## Good For Consumer and Buyer

### Labor Bureau Issues List of Prices in Both Countries

### Extends Over a Period of Five Years and Shows That Canadian Farmer Gets Less For His Products Than American, While the Canadian Consumer Pays More Than the One Across the Border—Middlemen to Blame.

Ottawa, Aug. 11.—One of the most illuminative contributions to the literature dealing with the economic aspect of reciprocity agreement has just been issued by the labor department, and has been mailed today to every newspaper office in Canada.

It is the compendium of comparative prices in Canada and the United States for agricultural, fisheries, lumber and mine products covered by the schedules of the agreement, and to which reference was made some days ago by Hon. Mackenzie King.

It covers 316 pages and is a veritable mine of wealth for political candidates, campaign workers, editors and writers, and all students of the vital point at issue in the discussion of the agreement, namely, as the economic effect reciprocity in natural products will have on both producers and consumers in Canada.

Prices Compared. The comparative statistics of market prices at representative points on each side of the border, gathered from reliable daily market reports cover the past five and a half years, thus giving a true index as to the average prices.

As compared with 14.75 cents per lb. at Montreal and New York, Toronto with Buffalo and Detroit, and Winnipeg with Chicago, Minneapolis and Duluth, the price in Canada, as well as his voice to retort to insults.

In general, it may be stated that the most significant conclusions to be drawn from the voluminous and comprehensive statistics of the report are that prices received by the producer in Canada, affected by the agreement, are on the whole considerably below those received by producers in the United States, while in many instances the prices paid by the consumer in Canada are above those paid in the States.

The first conclusion bears out the argument that the farmer and the fisherman will greatly benefit from reciprocity. The second conclusion bears out the argument that the Canadian consumer is in many cases suffering from undue enhancement of prices by the middleman, a condition of affairs which reciprocity would tend to obviate and which explains the opposition of certain interests to the pact.

Comparative prices for fish indicate the immediate benefit which free entry for fish into the American market will confer on the Maritime Provinces.

Halibut at Halifax averaged during the five and a half years 9.12 cents per lb., as compared with 14.75 cents per lb. at Boston; cod at Halifax averaged 3.82 cents per lb. as compared with 7 cents at Boston; mackerel at Halifax averaged 14.8 cents per lb. as compared with 33 cents at Boston.

Waterbury, Conn. (N. B. A. A. F. rounding and a good price. Inquire of Mrs. H. P. Rey, Charlotte county, N. B.)

## DREDGES AT WORK

Saturday, Aug. 12.—Dredging operations, which were temporarily suspended on the west side on Wednesday, were, as a result of instructions given by Hon. Mr. Pugsley to the chief engineer, resumed yesterday afternoon. The dredge Troquois resumed work, and the Scintilla and Beacon Bay will resume operations this morning.

## NATURE WILL CURE YOU

Of Kidney Disease, Aided by Father Morrisey's No. 7.

Kidney trouble is one of the most distressing ailments of mankind, and leads to rheumatic and rheumatism. This is because of the importance of the work done by the kidneys,—work which must proceed normally to insure good health.

A very large proportion of civilized people have some form of kidney trouble, sometimes without knowing that their malady is of that nature. Many about every organ of the body.

These organs are the filters of the body. Their function is to strain out of the blood and eliminate through the bladder the waste or toxic and other impurities gathered by the blood in its course.

When the kidneys become congested and sluggish, these impurities, including the forcing the liver and other organs.

Father Morrisey, the famous priest-researcher of Bartolomeo, N. B., after much research compounded a remedy which imitates the harmful uric acid from the whole system. In the form of tablets, No. 7 is easy to take, and will effect cures where other remedies have failed.

Not trifle with kidney disease, but take No. 7 Tablets, the treatment that has proved so successful with other sufferers. 50c. a box, at your druggists or 100c. per box, at Father Morrisey Medicine Co., 114-116, Montreal, Que.

If windows stick and pour a teaspoonful of between window frame and a little on the rope. Magic.

SOLENN REFLECTIONS SUGGESTED BY THE ST. JOHN STANDARD--ON ROADS

The following letter has been received from a resident of Queens county, who informs The Telegraph that the Standard is being sent to him free of charge, apparently for campaign purposes.

Now a thought which has been born in solitude is: Are the Conservatives truly being sent to him free of charge, apparently for campaign purposes?

APPEND LIBERAL MEETING IN ST. STEPHEN

(Continued from page 1)

The speaker said that he was likely to be come disloyal. "Did you ever hear such nonsense?" asked the minister, and he was greeted with cries of "No, no."

The government came before the people by a policy which had been the policy of both parties since confederation, and the only reason the Conservative bodies objected to it now was because the Liberals had succeeded in making an agreement with the Conservatives and failed to do so.

Mr. Todd accepted. In accepting in a dignified and telling speech, Mr. Todd said that in view of the situation and the fact that the nomination had been unanimous, with so good an excellent material to draw from, he could truthfully say that it was the proudest moment of his life.

RECIPROCITY SPEECHES OF SIR CHARLES TUPPER, MR. HAZEN AND MR. PUGSEY

reciprocity speeches of Sir Charles Tupper, Mr. Hazen and Mr. Pugsley.

The Conservatives had failed to get reciprocity because, as President Harrison said, the feeling in the United States was that free trade in natural products would be wholly for the benefit of Canada, and the Liberals had now succeeded in making the agreement for which the Conservatives had long been striving.

It was interesting to see where Mr. Hazen stood on the reciprocity question. In 1891 he moved the address, in reply to the speech from the throne which contained a reference to procuring reciprocity and read as follows:

"That we are pleased to be informed that his excellency's advisers availing themselves of opportunities which were presented in the closing months of last year, caused the administration of the United States to be reminded of the willingness of the government of Canada to join in making efforts for the extension and development of the trade between the republic and this dominion, as well as the friendly adjustment of those matters of an international character which remain unsettled."

HAZEN'S VIEWS IN 1901

HAZEN'S VIEWS IN 1901.

"That we are pleased to be informed that his excellency's advisers availing themselves of opportunities which were presented in the closing months of last year, caused the administration of the United States to be reminded of the willingness of the government of Canada to join in making efforts for the extension and development of the trade between the republic and this dominion, as well as the friendly adjustment of those matters of an international character which remain unsettled."

"It was, I think, most excellent and very proper that the address of the year, should have reminded the government of the great reciprocity to the south, of our willingness to join with them, in developing the trade between the two countries. In doing this the government of the day were simply following the policy which we have pursued in this country ever since the year 1854."

"It was, I think, most excellent and very proper that the address of the year, should have reminded the government of the great reciprocity to the south, of our willingness to join with them, in developing the trade between the two countries. In doing this the government of the day were simply following the policy which we have pursued in this country ever since the year 1854."

MORE STANDARD REPRESENTATION

To the Editor of The Telegraph:

Sir: Having attended a picnic held by the Foresters at this place yesterday, and having read an article by the Chipman correspondent, published in the Standard of this date, I feel compelled to ask you to publish a few facts regarding the same.

The gathering had brought his opponent along. Now, Mr. Editor, the Standard correspondent must surely have been joking, for he must certainly know that it would be a difficult task for the editor to find him, as the Conservative party have been searching high and low for that gentleman for over three weeks and have so far been unable to locate him.

OBITUARY

John L. Brittain.

Annapolis Royal, N. S., Aug. 11—An old and highly respected citizen passed away here last night in the person of John L. Brittain, after a protracted illness, at the advanced age of seventy-eight years.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought Bears the Signature of J. C. Watson.

NEWS OF THE CONTEST

On Thursday afternoon at 2 o'clock the Queens-Sunbury Liberals will meet in convention in Gagetown and will choose their standard bearer in the contest.

DEATH OF MRS. PRESCOTT

Monday, Aug. 14.

After a lingering illness, Mrs. G. K. Prescott, daughter of the late John Berryman, of this city, and sister of Dr. D. E. Berryman, passed away at her residence, 19 Coburg street, last evening.

LOGGIE WILL SWAMP MORRISON IN NORTH-WEST BEAULAC

Liberal Candidate on Speaking Tour Finds Sentiment Overwhelmingly for Reciprocity.

Chatham, N. B., Aug. 11.—W. S. Loggie, M. P., returned yesterday after a trip upriver to important parts of his constituency, lying above Newcastle. He found the people all eager to hear about reciprocity. It was the one outstanding feature that thoroughly interested all.

FIFTY-TWO YEARS IN MASONIC FRATERNITY

Thomas Reid, of Westmorland Road, Died on Saturday at the Age of 87—Native of Scotland.

The death of Thomas Reid, at his residence, 131 Westmorland road, on Saturday afternoon, after an illness of two weeks, removes one of the oldest and most respected Scotch residents of St. John.

PETER CHISHOLM

The death of Peter Chisholm, of Johnstown, Queens county, on August 8, removes from the community a highly respected citizen, who spent his whole life of sixty-eight years in the county, and who won the respect of a large circle of relatives and acquaintances.

Mrs. Mary J. McDonald.

The death of Mrs. Mary J. McDonald occurred yesterday afternoon at her residence, 83 Simonds street, after a lingering illness. Mrs. McDonald was 69 years of age and bore uncomplainingly months of pain and suffering.

WEDDINGS

Bates-Deinastadt.

St. Stephen, Aug. 10.—A very pretty home wedding took place this afternoon at 4.30 at the residence of Dr. W. McKay Deinastadt, when their youngest daughter, Grace Campbell Deinastadt, was united in marriage to Edwin Cassin Bates, M. D., of Houlton, Maine. The ceremony was performed by Rev. T. J. Deinastadt, uncle of the bride, assisted by Rev. G. F. Dawson, pastor of the Methodist church here, and the presence of the immediate relatives of the contracting parties.

WHEN TO

"When I hear throughout the contrasting the day which existed yesterday reciprocity vision."

"That same signed right in the present Conservatism."

DREDGING WILL CONTINUE ON THE WEST SIDE

"Dredging operations on the west side, which were suspended for a few days, will be resumed today as a result of instructions given to the resident engineer by Hon. Mr. Pugsley."
