AGRICULTURAL COMMISSION SUBMITS ITS REPORT TO LEGISLATURE.

A Number of Recommendations Embodied in Report. Hoped Good Would Result Therefrom.

The report of the Agricultural Commission which was tabled to day is made up of a short report to which appendices, more or less voluminous, dealing with the different parts of the inquiry are attached.

The reports after describing the work done, the places visited, etc., takes up a few matters of general importance such as Agricultural Education which it urges should be introduced in a practical manner to the rural schools of the country, with Technical Agricultural teaching in advanced schools as soon as possible, and when the Province is ready for it, an agricultural college. Short courses for the practical study of live stock husbandry, dairying, etc., are urged. The importance of good roads is referred to, the necessity of the extension of railway accommodation in some sections of rural mail delivery and parcel post. The importance of a general rural telephone service is pointed out, the great benefits that have been derived from the organization of the women of the country in Women's Institutes, etc., as in Ontario, Maine and other places is mentioned. The question of Agricultural Societies and technical instruction throughout the country is dealt with.

Appendix 'A' gives a summary of all the replies to inquiries sent out to the school districts in out of some 140 possible replies have been received. The information thus received is compiled under various heads.

Appendix 'B' is submitted the evidence taken at 116 meetings held throughout the Province, summarized under the various subjects discussed.

In Appendix 'C' is given short descriptions of the Ontario Agricultural College, MacDonald College, the Nova Scotia Agricultural College, and the work they are doing.

Appendix 'D' contains letters with practical suggestions from leading gentlemen in different parts of the Province.

Appendix 'E' deals with the present conditions of Agriculture in the Province, and the results of prevailing methods are noted, statistics bearing upon agriculture in the past are given, and the present conditions are compared. The farm labor problem, vacant farms survey and mapping of the provinces, immigration, colonization, agricultural education, farm sanitation, the work of the agricultural department and state aid to agriculture are all discussed.

Appendix 'F' contains the work of two investigators upon agricultural co-operation and agricultural credit in the different countries of Europe.

It is stated in the report that it is the opinion of experts who have been over the ground that the annual fruit crop of New Brunswick could and should be as valuable as that of Nova Scotia. The employment of a horticulturalist who would assist in the development of the apple and other fruit growing capacities of the Province is urged.

The report concludes with the following summary:—

"While our agricultural condition is now to be anything but satisfactory, there can be no doubt as to the favorable natural conditions of the Province for agricultural development. New Brunswick is fortunate in many respects. The regularity and efficiency of her water supply both from moderate rainfall and soil reservoirs is not excelled in any country. Her seasons favor the growth of almost every crop necessary to the sustenance and best development of human and other animal life; her climate is healthful and invigorating, fostering the highest degree of mental and physical effort. Her soil, while variable, compares favorably so far as we can ascertain,

THEIR HOPE, THE PEOPLE
Muskoka's Brave Battle for Nedy Consumptives.

It is poor consolation to needy consumptives to say that the Government should make provision for the thousands who suffer and die from tuberculosis in Canada every year.

The Government should do a great deal more than they have yet dreamed of doing. But they are not doing it, and in the meantime twelve thousand die annually in the Dominion, from this dread disease.

As the situation is to-day, what would be the fate of many consumptives in Canada were it not for the two Homes for Consumptives in Muskoka that during the past eleven years, against many odds, have cared for upwards of three thousand patients in the "early stages of the disease, whilst in the two sister institutions, on the banks of the Huron, those in the more advanced stages are treated.

This work in Muskoka is one of pure philanthropy. From the day the first patient was admitted to the Muskoka Free Hospital for Consumptives in April, 1901, not a single applicant has ever been refused admission because of his or her inability to pay.

The Government contribute \$150 per week per patient. The cost of maintenance is \$9.25 a week. The difference in the cost of maintenance of all needy patients has through these years been made up by private philanthropy.

The Secretary-Treasurer of the Association, Mr. J. S. Robertson, 387 King Street West, Toronto, writes us that, with the financial depression of the past year, the funds of the Muskoka Free Hospital for Consumptives have suffered greatly. At the commencement of the winter season the Trustees have to face a heavily overdrawn bank account and have many obligations to meet.

Despite these financial worries every applicant is receiving careful consideration and patients are admitted as promptly as beds are made vacant.

That the readers of these lines will respond to the appeal that is now made for funds for the Muskoka Free Hospital for Consumptives.

Contributions may be sent to Mr. W. J. Gage, 34 Spadina Ave., Chairman of the Executive Committee, or to J. S. Robertson, Secretary-Treasurer of the National Sanitarium Association, 347 King Street West, Toronto, Ontario.

SIGN OF THE SEVEN DEVILS.
A distinguished doctor some time ago wrote to a professional friend saying: "I would not see a patient with almost any other disease enter my consulting room, than one afflicted with the seven devils of Indigestion and Dyspepsia." That doctor knew exactly that Indigestion is difficult to cure—that it poisons the blood, starves and weakens the body and nerves. But he didn't seem to know that Mother Seigel's Syrup has cured thousands of cases of Indigestion, Simon Island, Cape August P.O., Richmond Co., N.S., wrote us on January 27th: "Three months ago, I tried Mother Seigel's Syrup and two bottles of it completely cured me." It adds that it also cured a number of his friends.—Price 50 cts. per bottle. A. J. White & Co., Ltd., Montreal.

SERIOUS DEPLETION IN FUNDS

HARD TIMES HARD ON THE POOR CONSUMPTIVE

Muskoka Free Hospital for Consumptives Makes an Urgent Appeal for Money.

625,000 donated to cover bank overdraft and provide for maintenance of Poor Patients.

These head-lines tell the story of our needs. They are heavy and urgent. Many times during the past twelve months the question has pressed itself upon the Trustees, "Can we continue the work further?"

Every month brought its quota of accounts for salaries and wages of staff, bills of butcher, milkman, eggs, groceries, heavy coal bills—a serious item—and other uncontrollable expenses so long as the doors were kept open.

These had to be paid somehow. Contributions—especially after the turn of the year when the financial depression was felt at its keenest—fell off to such an extent, that each month the burden became heavier.

During all this period there was only one thing to do, and that was to lean on our bank—swelling the bank overdraft.

The trial was the severest in the history of these Muskoka Homes, in which nearly 3,000 persons, stricken by the dread white plague, have been cared for.

But never for a single hour did the doors of the Free Hospital fail to swing open, and give a welcome to suffering ones without money and without price.

The good news has gone forth of a rich harvest the wide Dominion over.

Friends, we come to you at this time, when the clouds of depression are being lifted, asking that you now—in the direness of our extremity—help to lift the burden being carried—not for any personal gain, but solely, alone, only on behalf of suffering sisters and brothers.

Our plea is on behalf of the sick ones. What will you give? Do not say nay. Help generously. Help all you can. Help some. Help now.

Contributions may be sent to W. J. GAGE, Esq., Chairman Executive Committee, 84 Spadina Avenue, Toronto; or J. S. ROBERTSON, Sec.-Treasurer National Sanitarium Association, 347 King Street West, Toronto, Canada.

Hewson Underwear

Unshrinkable

The illustration shows difference between Hewson covered seams and ordinary raw seams.

Why experience underwear discomfort another day when you can get Hewson Underwear, which is the embodiment of ease and comfort? No ordinary rough, raw seams, which are also apt to part under a strain, to irritate you. Hewson seams are neatly and smoothly covered by our new patented machines, installed for this special purpose. So comfortable you wouldn't know there were any seams. And secured so firmly the fabric will rip before the seams will part. For better satisfaction insist on Hewson Underwear next time.

Your money back if Purity Flour does not prove entirely satisfactory in the baking.

DON'T simply buy flour from the dollar and cents side of it. Buy high-quality flour. That means PURITY FLOUR. The first thing a cook is more than made up by the extra number of loaves of bread it makes by the superiority of the bread and pastry in sweetness of flavor and nourishing qualities. Buying Purity Flour is a safe investment. You get large returns, not only on account of Purity's ability to produce more, but because Purity contains the greater nutrient and the vim of a strong hard wheat flour. Food made from Purity Flour gives the consumer health, snap and force, which cannot be gained from the use of the weaker soft wheat flour.

You can buy as little as a 7 pound cotton bag or in 14, 24, 40, and 98 pound sacks. Also in barrels and half-barrels.

BREEZY BUDGET FROM DALHOUSIE

Market and Coal Storage Now for Shiretown-Stores Being Improved.

SOCIAL AND PERSONAL.

DALHOUSIE, April 6—Mayor Montgomerie is erecting a meat market and cold storage for Mr. F. Landry, late of the Singer Sewing Co. This is a long felt want for Dalhousie. Every summer we have to send to Campbellton for fresh beef. Mr. McDonald and Mr. J. Theriault have been supplying the town with lovely Western beef for a few months past. Mr. McDonald has filled his freezer with ice and Mr. Theriault has rented S. McGregor's freezer and filled it with ice, with the intention of keeping Western beef on hand for their many customers.

The merchants are all getting their different stores renovated and painted up for the spring and summer trade. H. J. Hubert, Dalhousie Mercantile and James P. Wall & Co. are making extensive improvements in their respective stores. Wm. C. Arsenault is collecting outstanding accounts in view to winding up the business of W. C. A. & Co. He has the use of Jas. S. Barquail's office.

The youth and beauty of Dalhousie are enjoying the beautiful moonlight nights lately, coasting in the large pond of Mr. Hilyard on the coast. Some of the young ladies got their faces scratched by being thrown off the toboggan. Some blame Decege and others blame Leonard for bad steering. However, one young lady has a bruised forehead and two others have scratched faces.

The horse races will be held on the ice early next week. Mayor Montgomerie gave his motor car a test yesterday. The machinery worked satisfactory. We don't hear very much about the coming civic elections that are to be held on the 20th inst.

We were pleased to welcome Capt. W. Godin home from Prince Rupert, where he has spent the last twelve months. Your correspondent has been informed he will be in charge of the government dredge St. Lawrence the coming season.

J. & D. H. Harquail have opened a branch in S. McGregor's large fish packing building. They have a large supply of finished lumber on hand which will be very convenient for furniture people.

The skating and curling rink closed Saturday after a successful season. The management and much interested citizens in the able manner in which they handled it.

Miss Violet Hilyard of St. John, is visiting her father, H. A. Hilyard. John Barberie and Jas. S. Harquail have gone to Ottawa for Easter.

Geo. Mercer and W. A. R. Crang have gone to Port Daniel on a business trip.

CANADA'S POOR CONSUMPTIVES.

A Story more Touching than anything from the Pen of the gifted Ian MacLaren.

In the current issue of the Bona or Bona, published by the National Sanatorium Association, 347 King Street West, Toronto, a page is given over to letters received from the many persons from all parts of the Dominion seeking admission to the Muskoka Free Hospital for Consumptives.

"I am a young married man, twenty-three years of age. For several years I have been sick, but always able to keep my feet. Now I have come to the time when I cannot work, and cannot get medicine without means. My lungs are affected, and I am writing now to see if you can get me into the Muskoka Free Hospital for Consumptives. My young wife is here, and her parents have kindly opened their doors to her if I go away."

"I have a patient suffering from pulmonary tuberculosis, who has been laid off work for about three months now—was in bed part of that time, but latterly both his pulse and temperature have kept down and his weight going up. He is the only support of the family—mother, crippled father, and younger brother, but his neighbors are trying to raise a small amount of money to help him."

"We have sometimes thought that if Ian MacLaren, who has given to us the character of Dr. McClure, were alive today that in letters such as those he would find material for a book more touching and pathetic in many parts than his Bona or Bona."

It is on behalf of cases like these, of which there are scores reaching the Secretary of the Sanatorium every week, that the Muskoka Free Hospital for Consumptives makes its appeal today for funds.

This institution has not at any time, since its doors were first opened in April, 1902, refused a single patient because of the applicant being unable to pay.

Contributions may be sent to Mr. W. J. Gage, St. Stephen's Ave., Chairman of the Executive Committee, or to J. S. Robertson, Secretary-Treasurer of the National Sanatorium Association, 347 King Street West, Toronto, Ontario.

AT IT AGAIN.
The Tribune of Tuesday said: "The Tribune will not be issued on Saturday next, the day following THANKSGIVING."
Surely the editor must have been drinking something stronger than Smith Lake Water.

WHIST PARTY.
The readers of the Graphic are reminded of the Whist Party to be held in the new hospital building Easter Monday evening. As the proceeds are in aid of the hospital it is hoped a large number of tickets will be sold.

LOST INFANT DAUGHTER.
Mr. and Mrs. E. J. Allingham have the sympathy of the entire community in the loss of their little daughter, Flora Jean, whose death from pneumonia took place Wednesday. The funeral was held this afternoon.

ATTRACTIVE WINDOWS.
Oak Hall has two very attractive windows, put in especially for the Easter season. These would compare favorably with windows of any city establishment and reflect credit on the proprietor, Mr. W. L. McRae and his assistants.

ARRESTS MADE.
Three arrests were made Thursday evening, all ordinary drunks. Chief Crawford had his wrist and thumb injured in landing one of the prisoners.

CIRCULATING PETITION.
A petition is being circulated in Ward 2 asking the License Commissioners not to grant a license to Thos. Gorman of the Minto Hotel. It is being largely signed.

LIQUIDATORS APPOINTED.
Before Mr. Justice McLeod in Admiralty Court chambers at St. John on Thursday at 11 o'clock, motion to appoint a permanent liquidator in the matter of the winding-up of the Interprovincial Navigation Company of Canada, Limited, was heard. His Honor appointed Mr. Bradshaw McKendry of Campbellton, and Mr. Wm. Montgomery of Dalhousie liquidators. Mr. J. B. M. Baxter, K. C. appeared on behalf of the petitioners, Mr. H. A. Powell, K. C. for three shareholders, and Mr. Homer D. Forbes for a creditor.

HAVE A GOOD COMPLEXION.
First of all you need plenty of blood—the red kind. Have it pure, or otherwise blemishes and pimples will render your natural charms unavailing. Nothing can equal Ferrero's, either as a former of rich blood or as a skin purifier. By driving out humors, Ferrero cleanses inside just as water-goes outside. Because of the nourishment and building properties it contains, Ferrero brings the system to a high point of vigor, from which shines vim, ambition, good spirits. For good spirits. For good looks, good health, take Ferrero, all dealers in drug boxes.
