LIBERAL LEADER DECLARES MEIGHEN HAS NO RIGHT TO SPEAK FOR THE DOMINION

Has Simply Stolen His Present Power, Hon. Mackenzie King Tells Quebec Gathering, and Has No Respect For Rights of the People of Canada.

MONTREAL, July 3.—(By Canadian Press.)—Hon. W. L. Mackenzie King, leader of the Liberal Opposition, speaking at Bedford, Missisquoi County, Quebec, Saturday, said that the time when such men as Crerar, MacLean, Rowell and Mewburn had left the Government was the time for calling general elections. When Premier Borden resigned he had called on Sir Thomas White to take office, but he had refused. If he had accepted, Mr. King thought he would have appealed to the people. Finally Mr. Meighen and take the reins of power, and then again was an opportunity for going to the country.

A Typical Act.

In not doing so, Mr. King maintained, he found evidence of the nature and characteristics of the new prime minister. His first official action had been to show indifference to the fundamental rights of the people and to usurp power, and it was therefore no wonder that his acts thereafter should show this indifference to the rights of the people.

Has No Authority.

Discussing Mr. Meighen's position at the imperial conference, he said that no one had given the premier authority to lay down any opinion in respect to Canada's participation or non-participation in foreign affairs of the Empire.

"He has stolen the authority he is exercising, and has no right in the name of Canada to lay down any rule or any policy with respect to international and imperial affairs."

MARYSVILLE, Calif., July 3.—Fire said to have been caused by small boys shooting off fire crackers destroyed twelve city blocks east of the centre of Marysville yesterday and burned four spans of a Southern Pacific trestle, blocking railroad traffic on the east side of the Sacramento Valley, probably for several days. A high wind helped spread the flames. The loss was estimated by the county assessor, Thomas Bevan, at half a million dollars.

PASTOR BELIEVES BATHING ATTACK IS UNWARRANTED

Port Stanley Pastor Analyzes Conditions At Lakeside Resort.

[Special to The Advertiser.]
PORT STANLEY, July 3.—Rev. C. A. Sales of the local Presbyterian Church addressed his congregation tonight on the subject "What Is Wrong With Port Stanley, Is There Anything? Shall We Examine the Matter?" Most holiday resorts, he stated, are generally regarded as worldly places, but it would appear that Port Stanley is the worst, being picked out as an example of law-breaking and improprieties.

Resent Interference.

"Regarding the violation, it is necessary for the crown-attorney to interfere to secure law enforcement? Can not we manage our own affairs? If a man came into our house and made a disturbance we should say, either behave yourself or get out."

[Special to The Advertiser.]
ST. THOMAS, July 3.—Whether it was the publicity given the conditions at the lakeside or the temperature was out of bounds at the beach, a comparatively small crowd visited Port Stanley today. High Constable Hopkins went down with some expectation of finding an open house in spots. The violations of the Lord's Day act, he discovered, were more highly developed in the imagination of newspaper writers than they were actualities.

Other than a couple of women who were garbed in what looked like bed ticking, which covered them from their bangs to the dainty knees, there was no evidence in sight of the pastures green or beach bareness of a near Eden.

The high constable found some visitors fishing on the pier, bathing suits being rented and some little ones having a dip in front of the casino. All these are in contravention of the act and will be reported to the crown-attorney.

The bathing at the London and Port Stanley reservation would appear to be outside of the intention of the act. The limbo and shapiness of the bathers cannot be seen from private residences, but by turning the corner may be witnessed by thousands.

Former Londoner Not Optimistic Over Oil Strike

T. L. Tanton's Report Regarding Prospects Near Soo Not Encouraging.

SAULT STE. MARIE, July 2.—T. L. Tanton, Dominion geologist, has submitted a report to the geological survey, Ottawa, on his examination of the formation north of Sault Ste. Mr. Tanton, referred to above, is a son of John Tanton of 379 Waterloo street, this city. He has been for several years in the geological department of the Dominion Government.

THREE MEET DEATH AT LEVEL CROSSING

Auto Was Completely Demolished by C. P. R. Express Train.

MONTREAL, July 3.—Two young women and one man were killed and one man was injured this evening, when an automobile was struck by the Canadian Pacific Railway Boston train on a crossing near Delson Junction. The train must have been in full sight of the occupants of the car, for it is stated that the crossing is an open one, there being no curve and nothing to hide it at that point. Going at the rate of 30 miles an hour the train completely demolished the automobile.

The victims are Florence Poissant, aged 18; Bertha Poissant, aged 17; sisters; and Herve Letourneau, aged 20, all of St. Edouard near Delson Jct. Gaston De Rome was flung out on the track in a stunned condition.

SMUTS WILL TRY TO SPEED PEACE MOVEMENT IN IRELAND

South African Premier Expected in Dublin Shortly—Irish Churches Are Exerting Their Influence To End the Present Troubles.

LONDON, July 3.—Rumors reached London today that General J. C. Smuts, the South African premier, had been in Ireland in connection with the peace movement. Neither the Dublin nor the Belfast correspondent of the Associated Press, however, was able to get any corroborative evidence, beyond the fact that General Smuts' secretary had been in Dublin.

The London Times learns from its Dublin correspondent that General Smuts has not yet visited Dublin, but that he is expected there soon.

The correspondent reports an intense desire throughout the country for the success of Monday's conference between the representatives of Northern and Southern Ireland. The influence of all churches, he says, is being strongly exerted toward the cause of peace, and prayers for the success of the conference were offered Sunday in churches of various denominations.

FORMER EMPLOYER PRAISES M'FADDEN

Saskatchewan Farmer Declares Londoner Was Always a Good Worker.

TORONTO, July 2.—To William McFadden, in his death cell at Toronto jail, comes the following letter from R. E. Robinson, a farmer at Wordsworth, Sask., for whom the condemned man worked for three seasons.

"Dear Billy—My thoughts are often with you since I heard of your terrible misfortune. While you were with me—three autumns, was it not?—you were so faithful to your task and always so ready to assist in any way you could to lighten the burden of the cook. My wife was just saying the other day how often you would carry in fuel and water, and that you were always so gentlemanly around the house. I cannot think you were guilty of shooting Sabine. How unfortunate it was for you to be in this class of company."

Was Hard Worker.

"I always think of you working twelve hours a day to make an honest wage. But now easy it to be misled if we choose the wrong road. We are very lonely this spring, Mac. We lost our dear little girl. But we must be reconciled to God's will. I trust you will look to God for help for He is both able and willing to save. Would like to hear from you, Mac, if you have the privilege of writing. Yours in sincerest sympathy."

McFadden's brother Garfield visits him in his cell. He has secured permission from the sheriff to see William once a week. Throughout their first interview William never once made reference to Hotrum nor to the adverse decision of the appeal court.

Petition Going Forward.

The petition for McFadden's reprieve will probably be sent to Ottawa on Monday. The condemned man's sister is expected to bring it down from London as soon as it is forwarded. Fletcher Kerr, counsel for McFadden, will start for Ottawa to make personal plea for executive clemency.

GROUP INSURANCE FOR CIVIL SERVICE

\$1,800,000 Will Be Issued in Manitoba This Month.

WINNIPEG, July 3.—Group insurance, one of the concessions asked for by the Manitoba Civil Service Federation as the result of their receiving no bonus during the war, will likely become effective during July, when it is expected that \$1,800,000 will be issued to the 1,200 civil servants who have been in the employ of the Government for a period of six months or more. The cost to the Government will be slightly over \$30,000 annually. Those benefited by the insurance will be given the right to continue their insurance in force should they leave the Government employ; it is planned. The insurance premiums would then be paid by themselves at the age they had attained when leaving the service.

Rickard Takes His Pencil In Hand and Discovers He Made \$550,000 On Fight

Also Figures That Dempsey Made About \$29,000 and
Carp \$19,500 Per Minute—Expects To Use Arena
For Another Championship Bout.

NEW YORK, July 3.—Tex Rickard figured today that his net profit from the Dempsey-Carpenter fight yesterday would be in the neighborhood of \$550,000.

Rickard said he did not expect a final and accurate statement before Wednesday, but that expenses of all kinds would approximate \$550,000, and taxes on his share \$100,000, while the gross gate receipts were expected to exceed \$1,500,000.

It was also figured out that Dempsey earned in the neighborhood of \$25,000 per minutes for his ten minutes and 16 seconds of actual fighting. Carpenter's profits as the loser in the contest was approximately \$19,500 per minute.

U. S. Gets a Lot.
The United States Government will receive, in one form of taxation or another, a considerable portion of the \$200,000 paid Dempsey and the \$200,000 which was Carpenter's share of the purse. Government proceeds from the bout will total more than \$1,000,000, some officials estimate. The income tax will take about \$150,000 of the \$200,000 earned by Dempsey, and about \$77,000 of Carpenter's share. The federal revenue from the sale of tickets will amount to about \$160,000.

Georges Carpenter must pay his entire tax to the United States before sailing for France. Dempsey may pay his tax in four instalments next year, the first being due in March, 1922. Revenue officials have pointed out that Carpenter also is likely to face another

stringent income tax on his arrival in France, shrinking still more the earnings of the defeated boxer.

Rickard tonight reiterated his intention of using the Jersey City arena for one or more championship bouts here between now and the first of November. He said that he had no definite idea regarding the contests which he would put on, but was considering several bouts likely to prove successful ventures. The splendid showing made by Carpenter against Dempsey has already resulted in talk of other bouts for the French pugilist, the most attractive of which is a proposed meeting between Paul Ryan and Tom Gibbons of St. Paul. Rickard stated that he thought such a match would be an excellent drawing card, in view of the fact that the boxers were about equally matched in both shape and physique.

Willard or Brennan.
Dempsey is also likely to re-enter the arena in Jersey City on either Labor Day, September 5, or Columbus Day, October 12. While Rickard refused to state definitely the champion's opponent, it is believed that the choice lies between Bill Brennan and Jess Willard. Rickard has indicated that he is favorably inclined toward the Dempsey-Willard match, provided the former champion would agree to return to pugilism in proper condition for a pugilistic comeback.

Willard, in prime physical trim, is generally considered the only heavy-weight boxer who would extend Dempsey to the limit.

DEMPSEY SAYS HE IS READY TO FIGHT WILLARD ANY TIME Georges Is Looking For Challenge From Light Heavy-weight Boxer.

NEW YORK, July 3.—Jack Dempsey is ready to fight Jess Willard any time the fight can be arranged, Jack Kearns, his manager, announced tonight.

The champion is going west for a good vacation in a few days, and after that, Kearns said, he will be ready to fight anyone who presents himself with the proper credentials.

Went To Church.
Dempsey, happy at his victory over Carpenter and showing no marks of the encounter, passed a quiet day at his friends and fight fans would allow him. He had to give up his suite at the Hotel Belmont, which he occupied with his manager and trainer, because of the press of visitors. He was up at 7 o'clock this morning and rushed around to the suite to wake up the rest of his entourage. Then he had a hearty breakfast and sauntered off with Mike Trant of Chicago to church for early mass.

The rest of the day he motored around and enjoyed his freedom from training camp discipline.

After a sojourn of a week or ten days, finishing up some business matters and answering hundreds of letters and telegrams of congratulations, Dempsey will leave for his home at Salt Lake City for a long rest.

swollen and inflamed. The only other mark of any consequence is a cut under his left eye, about two inches in length. "I feel glorious even in defeat," he smiled, "to think that I did what I was wanted to do—show 'em that I was game."

"We would like to get a match with Bill Brennan or Tom Gibbons," Desamps said. The doctor says that Georges' hand will be all right with careful nursing. We may remain here in Manhattan for a while. Georges will keep in shape and will be ready if challenged."

Carpenter, through his comrades, told his story of the fight this afternoon, while resting on the front porch. He had been instructed by Wilson and Desamps to beware and let Dempsey force the battle, but just before the opening bell, he said to them: "The American people have been told that I was a game and courageous fighter. I must fight. Watch me!"

During the second round Carpenter said he hit Dempsey with three right hooks and three right uppercuts and that all his power was behind them.

Knew He Was eBaten.
"When he didn't go down under these blows, I knew I could not defeat him," the Frenchman said.

"When I wet at him in the third I felt the pain in my right hand and somehow I could not use it accurately or with power.

"I know I could get it in several or five times, but I could tell that it had little effect. Then Dempsey's right hand caught me in the back of the neck, just at the crest of the spinal column.

"My body was numb all over and I thought I was gone, but managed to last the round.

"I felt a little fresher when the bell rang for the fourth, but at the outset Dempsey got to my body and the nursing feeling returned so that I did not feel the blow that felled me. I gritted my teeth and managed to rise, but the next blow, I believe it was a right to my chin, was the end.

"I kept saying to myself: 'Georges you must get up, you must go on and fight,' but I could not.

"Dempsey fought cleanly and acted much better, although it was still

CARP WILL NOT RETIRE.
MANHASSETT, N. Y., July 3.—Georges Carpenter will not retire from the ring as a result of his defeat by Dempsey. He will fight any man in the world, excepting the champion whom he admits is his superior. This statement was made today by Francois Desamps, the Frenchman's manager.

"I'll admit, too," added Desamps, "that Jack Dempsey is the greatest heavyweight who ever lived. But I'll claim that my Georges comes next. Dempsey was too heavy and too powerful for Georges. We will not seek a return match. What we want now is a challenge for the world's light heavy-weight title, which Georges holds by virtue of his victory over Levinsky."

The broken bone in Georges' right hand was set today, and he said it felt much better, although it was still

Willard Says He Will Fight Jack On Labor Day

Waiting For Word From Tex Rickard.
LAWRENCE, Kas., July 3.—Jess Willard, former world heavyweight champion, to whose crown Jack Dempsey succeeded at Toledo, July 4, 1919, will box Dempsey on Labor Day if arrangements for such a bout are made. Willard said last night.

"I have heard nothing of such a bout since last spring. The former champion said, 'when a plan was under way for me to box Dempsey March 17. The completion of plans for the Dempsey-Carpenter bout ended that project, and I was promised a bout on Labor Day."

"I'll make no further move until I hear from Tex Rickard, but I'll box Dempsey if the bout is revived."

Willard spent Saturday on his ranch near here directing fifty men in the harvesting of his potato crop. The Jersey City fight went about as he expected it would, he said.

LOOKS LIKE A BAD MONTH IN SPORTING WORLD FOR FRANCE

PARIS, July 2.—Pomme de Terre, an English-bred horse owned by Lord Zetland, with the English jockey, H. Robinson, won the President of the Republic stakes of 250,000 francs over the St. Cloud racetrack near here today from a field of fourteen French horses. Pomme de Terre was quoted at four to one in the betting.

Comments were heard at the track that "Decidedly this was a bad month for France in the sporting world."

SOCCER KICK-OFFS

An executive meeting of the London and District Soccer Council will be held on Wednesday, July 6, when the St. John Rover affair will be thrashed out. AUSTRALIANS WIN IN THIRD TEST MATCH

LEEDS, Eng., July 3.—(By Canadian Associated Press).—In the third test match here Saturday between the Australians and the all-England team, the former completed the first innings for 907 runs. England followed and made 22 runs for two wickets. Woolley being out for a duck, and Hearne clean bowled by MacDonald making seven runs. Hardinge and Ducat are still in.

Hon. L. H. Tennyson's injury is so serious that his further participation in the match is improbable. He sustained his injury in the hand while fielding MacArtney's most brilliant innings, he making his first century in the present test series. Armstrong also played a forceful game. Between them MacArtney and Pellow put on 101 runs in 70 minutes for the third wicket while

WHAT MEDICINE HAT MEANS.

The Government press is having a perfectly lovely time trying to explain away the result of the Medicine Hat by-election. One can imagine the Ottawa correspondents seeking from members of the Government some satisfactory excuse for the landslide, and the answer is quite typical of the type of mind that at present occupies ministerial office in the capital.

Premier Meighen's position is a most unhappy one. At the present time he is in England on imperial matters, and while he is away the party that he leads goes steadily into a greater degree of dry rot. It is not his fault that the party is dead, it is a dying thing when he took it over, so weak that the body would not stand the injection of some new blood.

Possibly we shall have an election this fall. There are those who hold that an election would be harmful to the country at the present time, because of the unsettled conditions that always accompany a campaign. But that unsettled condition could scarcely be more injurious to the country than the complete inaction and deadly lassitude that prevails in the federal administration.

The people of the district of Medicine Hat have spoken decisively against the Meighen Government. Half a dozen other constituencies have spoken as well. How long will the plain-spoken message be ignored?

THE BLIGHT OF TORIYISM.

Just as in the Middle Ages, plague followed in the pathway of war, so at the present day there are certain sins that form the aftermath of the great conflict of nations so recently terminated, although its murmurings have not entirely died away.

Speaking at the Dominion Day celebration in Quebec, Mr. King said that Canadians were now realizing that the liberties which they had enjoyed before the war had been bartered away in order to strengthen the power of the political autocracy that now ruled at Ottawa.

As pointed out by Mr. King, of all the premieres assembled at the conference in London, Mr. Meighen is the only one who has come without any authority from the people of his country, and Canada is the only country among the nations which comprise the British Empire, the electors of which have been denied the right, since the termination of the war, of choosing a representative government to deal with post-war conditions.

Dr. Michael Clark, federal member for Red Deer, Alberta, did not mince matters in this respect in the course of his remarks at the annual gathering of the West Middlesex farmers at Stratburg. The Meighen Government, he declared, was reactionary, unprogressive and highly dangerous to the welfare of the coun-

try. The Progressive and U. F. O. groups are at one with the Liberals in their estimate of the junta of Judases, office-grabbers and pastebord politicians that now obstruct the best interests of the country and the development of its resources.

Liberalism includes within its scope all true progress, as opposed to the stagnation and dry rot of Toryism which is preventing Canada from assuming her proper place with the other dominions. The farmer, the laborer, and the mechanic know full well the treatment they have received from an administration that tries to impose its war program on the people in time of peace.

Considerable interest has been manifested in Miss Winstanley's so-called "discovery" that Shakespeare's "Hamlet" reflected the circumstances of King James VI, of Scotland, soon to be James I. of England.

The resemblances made out between Prince Hamlet and King James are two. In the first place, both had a father murdered, and a mother married soon after to the murderer.

But the differences between them are at least as striking. James never had to deal with either his mother or the murderer, Bothwell. Mary was a prisoner in England, and was executed fifteen years or so before Shakespeare's play came out.

Then again, the character of James was ludicrously unlike that of Hamlet. The former was superstitious, silly, ungainly in appearance, weak leaning on favorites, cowardly, conceited, pig-headed, wretched, sticking for divinity of kings, altogether inept and futile.

Hamlet was normally a great, many-sided character—courtier, scholar and soldier, as Ophelia truly calls him. He is Sir Philip Sidney, not King James. Like Sidney, he is deeply moral and religious, and a democratic aristocrat, a man among men.

Hamlet falsely accuses himself of cowardice, physical or moral, but he is no coward. He is no more a coward than he is a philosopher. True enough he is a scholar, but it is Horatio who is throughout the simple scholar par excellence, introduced as scholar and philosopher at the outset, and speaking like one to the end: more an antique Roman than even a Dane.

Mr. Meighen found there was a brick under that Medicine Hat.

The Meighen usurpation could not have got a harder kick from Kicking Horse.

The silver dollar is coming back. The United States mints are stamping them out now for the first time in several years. Removed from use for such a long period, it is thought perhaps they will be welcomed by the populace.

The main objection to paper money is that it gets so terribly filthy it becomes repugnant, yet it is handled with such great care and delight that it looks to be a favored member of the money family.

JERSEY CITY, July 2.—Jack Dempsey is still heavyweight pugilistic champion of the world. A crushing left swing from the fist of the American fighter shattered the titular aspirations of Georges Carpentier in the fourth round of the "Battle of the Century" here this afternoon.

The blow landed flush on the jaw of the Frenchman, flooring Carpentier for the second time in a trifle more than a minute of fighting in the final and decisive round.

Though he staggered to his feet after the initial knockdown, he was unable to survive the second knockdown, and was motionless when Referee Harry Ertle tolled off the fatal 10.

For the year 1920 a sinking fund of \$42,204.27 was received from the hydro customers of the Niagara system, and the total cost of supplying the service was \$7,890,585.23, leaving a surplus for the year of \$65,718.47. WARM RECEPTION FOR REV. DR. GRAHAM
TORONTO, July 3.—"Warmer than the weather," to use the expression of Rev. Dr. W. H. Graham, was the reception given today at three services to that clergyman and his family by the people of St. Clair Avenue Methodist Church, where he has assumed the pastorate. Dr. Graham comes from Stratford, in the London Conference. Dr. Graham expresses confidence in the future of successful relations between the church and the preacher. His first sermon was from the words of St. Paul—"For I determined not to know anything among you, save Jesus Christ, and Him crucified."

Rev. Dr. Graham is following in the pastorate of St. Clair Avenue Church another man who came from London—Rev. F. Louis Barber, who has assumed the bursarship of Victoria University.

TWO KILLED AS AUTO CRASHES INTO BIG TREE
Car Got Out of Control While Going Down Hill.

HAMILTON, Ont., July 3.—Two members of a Toronto motoring party, Mrs. Thomas Gamble, 37, and Alfred Pardon, 60, were killed and several others were injured this afternoon when their Chalmers car got out of control in descending Fifty Mountain at Windsor. The accident occurred at the detour of the Hamilton-Niagara Falls road, where the provincial government is making improvements. It is said that several complaints have been lodged recently about the dangerous condition of this piece of road. Sydney Gallagher, the driver of the car had sold the machine to Mr. Gamble only a few days ago.
When half way down the hill the car began to speed up and the driver apparently lost control for it struck a tree. This checked the speed, but only for an instant. The grade was steep and the car dashed ahead again, crashing into another tree, turning over and pinned down the two whose lives were crushed out.
Mrs. Pardon and Charles Baker jumped out when the first tree was struck, and they escaped the with minor injuries. Mrs. Gamble and Mr. Pardon died soon after being removed from the wreck. The other injured ones were moved to Hamilton Hospital. The extent of their injuries is not fully known.

SUNDAY BATHING IS ALLOWED AT SARNIA BEACHES
Summer Resorters Much Interested in Port Stanley Case.

[Special to The Advertiser.]
SARNIA, July 2.—Sunday bathing was allowed at the local beaches today and according to a statement made by Crown Attorney Wilson it is unlikely that any action will be taken here to prohibit local residents from taking their Sabbath dip in the lake.
Speaking of the attempt to prohibit Sunday bathing, Crown Attorney Wilson stated that the effort was all news to him.
"As far as I am concerned I never heard of such a proposition," he said. "Crown Attorney Wilson's stand is favored by popular sentiment here as hundreds of beach residents and bathers announced that if they were not allowed to bathe on hot Sundays on the Canadian side of the border they would simply take the ferry and bathe in the lake on the American side."
Local Day Alliance officials here were non-committal on the issue, but considerable interest is being taken here in the situation at Port Stanley.

SERIOUS CHARGES TO BE INVESTIGATED
Brutal Treatment of Prisoners in Toronto Jail Alleged.

TORONTO, July 2.—Two affidavits regarding the conduct of guards at the Toronto jail have been filed with Mayor Church. One tells of circumstances surrounding the alleged striking of the prisoner Cunningham, who later succumbed and the other tells of the construction of a whipping machine, and of prisoners becoming intoxicated on cider manufactured at the farm.
Patrick Kilty, in his statement, says that he and another prisoner named Cowan heard screams coming from Cunningham's cell on the night of May 15, after seeing Guards Reed and Ross enter. He then heard Reed denouncing an apology for some remarks that had been made to Ross. They had heard Cunningham reply: "I apologise, Mr. Reed. Don't strike me again. And this is what you do to a returned man with only one arm!"
Mayor Church has demanded an investigation.
