SILKOLINES AND CRETONNES

ARE A NECESSITY AT

HOUSE-CLEANING TIME.

WE have just received from New York a big shipment of New American designs in Silkolines and Cretonnes.

There is always a big demand for these goods at this season of the year for Draperies, Cushion Covers, Quilt Covers, etc.

A few yards for one purpose or another is always useful in brightening up some half-worn looking spot in the home. Have you any such spots in your home that require freshening?

Come in and see the goods, anyway! You'll find a place

For Them When You See the Designs And Colorings.

Cretonnes At Reduced Prices!

We've laid out a number of patterns in Cretonnes and reduced the prices. Why? Because in some cases they were not quick sellers—others on account of being slightly damaged. There is a reason for each piece being on sale at a reduced price, but in many cases you'd wonder why such good things were going so cheap. Ask to see them!

WAS DROWNED IN THE RIVER

Little Robert Jermyn Meets Death While Fishing

Mother Had Peculiar Presentiment that her Son Was Drowning

The Thames River claimed another young life Saturday afternoon, when Robert Jermyn, the eleven-year-old son of Mr. and Mrs. J. A. Jermyn, of Park street east, was drowned about thirty feet from the banks to the rear of Drader's mill. The fatality was a very sad one, and the bereaved parents have the sympathy of the community in the sudden taking away of their bright little son.

Young Jermyn had been in the habit lately of going over to the river to fish after four o'clock. He usually waited till his father's day's work was over, and the two went home together. It was while fishing Saturday afternoon that the young lad lost his life. His father became anxious at his non-appearance, and went down to the river to look for him. The boy was not in sight, but his coat and fishing lines, and a number of fish, were found on a scow behind the mill. An alarm was hurriedly sent in to the fire department, and Chief Pritchard and his men responded in good time. The boy's dead body was located by Chief Pritchard, about thirty feet from the shore, beneath a boom of logs. When pulled up on the shore, the boy looked more like one asleep than dead. This gave rise to the supposition that he must have went to sleep while fishing, and fallen into the water. No one really knows how the accident happened, but the most reasonable theory is that young Jermyn must have stepped on a log which turned with him, and he would thus be thrown in the water. On account of the boom of logs above him, he would be unable to rise to the surface. The body had been in the water an hour and a half before it was recovered.

The inadequacy of the life-saving equipment with which the firemen are supplied was in evidence while they were searching for the body Saturday afternoon. All they had to work with was a number of poles, and no proper drags or grappling hooks.

The mother of the drowned boy arrived on the scene while the searching party was at work. She had a strange presentiment that something was happening to her boy, and she drove in to Drader's from her home on Park street. Young Jermyn was a particularly bright lad. He had just joined the Christ Church choir, and was to have sung with them for the first time Sunday morning.

The funeral will take place this afternoon at 3.30 to Maple Leaf cemetery. Rev. Rural Dean McCosh, of Christ Church, will officiate.

PLEASED THE AUDIENCE

The melo-drama, "As Told in the Hills," presented by W. F. Mann, was put on in the Brisco Opera House on Saturday night to a good house.

The play is a remarkable story of life and adventure and is undoubtedly the best dramatic offering that has been presented here for some time. The play is one which appeals to lovers of melo-drama and is refreshingly clean and beautiful, and every member of the company is exactly suited to their part. Too much cannot be said for Miss Katherine M. Challoner, who takes the part of Pamela, the Indian girl. Her voice and actions cannot be improved on, and she, without a doubt, is the star feature of the play.

Gus Neville, as "Lick Fox," a prominent actor, and is exactly suited to his part. Billy Baker as Nap Johnson won great favor with his clever and witty sayings, and showed cleverly his art as a dancer.

The costumes were beautiful and costly, and the scenery seemed to breathe forth the fresh, cool and inspiring air of the mountains. The show was very high classed and was greatly enjoyed by all, as was shown by the thunderous and unbounded applause.

Next attraction is "Uncle Josh Sprucey," and will be put on here on Wednesday, May 29th.

Chamberlain Better. Saint Raphael, France, May 25.—Hon. and Mrs. Joseph Chamberlain, who have been sojourning here for some time past, are returning to England in a few days. Mr. Chamberlain is much improved in health, but it is probable that a considerable time must elapse before he will be able to re-enter public life.

Found Skeleton in Woods. Montreal, May 27.—A farmer Saturday found the skeleton of a man in the bush near St. Leonard's Park. Some clothing was nearby. It is supposed to be the remains of an escaped patient of the Long Point Asylum.

May Get Summer School

(Special to The Planet.)

Toronto, May 27.—It is rumored in official circles here that Chatham will in all probability secure one of the Summer Schools, to be established this year for the benefit of the Separate School teachers, who, under the new regulations, will have to qualify under the Provincial Act.

Several places are spoken of, and the Government is at present selecting from these the cities which will best accommodate the territories affected by the change. It is thought that Chatham's chance is good, being of central location and having such admirable advantages for the holding of these summer classes. The fact that such an excellent and influential educational institution as the Ursuline Academy is located in the Maple City, and that the ladies of St. Ursula have offered their academy as headquarters for

the school, are points in Chatham's favor. Chatham will undoubtedly get one of the schools if a sufficient number of teachers can be enrolled. Nothing definite has as yet been decided, but it is thought that an announcement will be made shortly.

The above despatch contains information which will be of interest to the people of this city. Chatham is making a very strong bid for one of these Summer Schools, and it is hoped the Government will recognize the Maple City's claims in the matter.

As was pointed out in The Planet when the matter first came up, Chatham's claims are worthy. Nothing has been left undone to bring the matter favorably before the Government as far as this city is concerned, and the people interested here look confidently forward to satisfactory results.

SOLDIERS AT CHRIST CHURCH

Rev. Rural Dean McCosh Preaches Strong Sermon

Musical Service Was Very Bright And Interesting

The 24th Regiment held their first church parade of the season yesterday morning to Christ Church. There was a good turnout, and the fine appearance of the boys while on parade was a great credit to themselves and to their officers.

The service was bright, devout and interesting. Organist Galloway and the choir deserve much praise for the substantial portion which they contributed to the success of the services. The pastor, Rev. Rural Dean McCosh, assisted by W. H. G. Colles, conducted the services.

Rev. Mr. McCosh in his sermon to the Regiment, took his text from the fourth chapter of Paul's second epistle to Timothy, "I have fought a good fight." The sermon was most appropriate to the occasion, and it was forceful and eloquent. St. Paul, said the preacher, represented the Christian life as a warfare, and we are in warfare between the forces of good and evil. The words of the text were written by the greatest of all Christian soldiers just at a time when he knew death was near at hand. In looking back over his life, Paul was conscious of the fact that his life had been well lived, and had been one of great usefulness in the service of his Master. His aims and ambitions had all been pure, and he had the glory of dying in the knowledge that he had done his best in the cause of the Saviour.

The reverend gentleman referred to Paul's first meeting with the Master, when he had been smote to the earth with the pure and dazzling presence of the Nazarene. From that day on he had been one of the foremost warriors in the Christian ranks. The influence of the good life lived by Paul had come down through all the Christian centuries, and it never spoke more effectively than it did to-day.

The rector closed with the remark that no battle was ever won without patience and endurance.

WAS CAPTAIN'S MISTAKE.

Admiralty Court Fixes Blame For Loss of Steamer.

Hamburg, May 25.—The admiralty court has decided that the wreck of the Hamburg-American line steamer Princessin Victoria Louise near Kingston, Jamaica, Dec. 16 last, was due to Captain Brunswig's mistaking one light for another and maintaining full steam at a time when he should not have done so.

The decision of the court concludes with saying that Captain Brunswig neglected his duties as commander of the vessel by locking himself in his cabin and committing suicide after the ship was wrecked, instead of trying to save the ship and passengers, who, however, were all safely landed.

AMMONIA TANK EXPLODES.

Five Men Killed and Many Others Injured.

Chicago, Ill., May 25.—Five men were killed and at least a dozen overcome by the explosion of an ammonia tank in one of Armour & Co.'s warehouses on Thursday night.

The building was full of workmen, and the deadly fumes, escaping from under high pressure, penetrated through every department in the building in such a short time that twenty of the men were overcome.

It was not until six hours after the explosion that the first body was recovered.

All of the dead and injured were foreigners.

FOUND BODY IN A TRUNK

Was Left As Security For Rent By Two Strangers

Landlady Opened Trunk Of Lodgers Who Had Not Paid Up

New York, May 27.—Three weeks ago Mrs. Annie Sherer rented one of her six rooms in a West 37th street tenement to two strangers. Last Wednesday the rent was not forthcoming, but her lodgers, two Greeks, told her that she had simply secured by their that she had been left alone in the well-filled trunk. Next morning the trunk was broken open, and to the horror of Mrs. Sherer, it was found to contain the badly decomposed body of a man, believed to have been a priest of the Greek Church.

The body was in a kneeling position, with the head bound against the knees by a heavy strap. The murder-er must have been about 60 years of age. A long flowing beard, he wore was streaked with grey, but his bushy hair was black.

An undershirt and a cuff were all the body had on, but on top of it had been thrown three coats of clerical cut, and several other articles of clothing. The police think it possible that the body was shipped here by express from Chicago.

CONCERT FOR HOLY TRINITY

A Fine Musical Recital Will Be Given Next Monday Evening

Mrs. Cooper And Miss Morrison Resigned, To take Effect In June

On next Monday evening, June 3, one of the very best recitals of music presented in Chatham this season, will be given by the Choir of Holy Trinity Church. The entertainment is in the hands of Mrs. John Cooper, whose reputation for presenting the very best in music is well known in this city. The event next Monday evening should, and no doubt will, be greeted by a packed audience.

This is the last occasion upon which either Mrs. Cooper, the present director of the choir, or Miss Rose Morrison, the talented and popular organist, will be heard in a recital in this church. It has been known for some time that Mrs. Cooper would resign her charge in June, and yesterday Miss Morrison tendered her resignation as organist, to take effect on the last Sunday in June. The concert will be the farewell to the congregation. Both have been very popular during the time they have been in the church, and from time to time each has received extra tokens of the regard and esteem in which they are held by the congregation.

The program next Monday evening will consist of musical selections from the very best talent in the city. No admission fee will be charged, but a silver collection will be solicited.

Demand for Flour Increases. Winnipeg, Man., May 25.—The demand from the Far East for our Canadian flour is still on the increase. The Ogilvie Flour Mills Co. has closed a further contract for ten thousand sacks for July shipment from their Winnipeg mill to China.

Recent sales have been made at advancing prices, and additional offers are under consideration.

GRADUATING EXERCISES

Pupils of Ursuline Academy Receive Their Diplomas

Bishop McEvay Presents Medals—Good Program Of Music

The one hundredth anniversary of the canonization of St. Angela Merici, the foundress of the Ursuline Order, was celebrated with the greatest pomp and splendor at the Ursuline Academy of the Pines, on Friday, May 24th.

Grand pontifical High Mass was celebrated by His Lordship, Rt. Rev. F. P. McEvay, D. D., Bishop of London, with Rt. Rev. Mgr. J. E. Meunier, V. G., Windsor, as Assistant Priest; Rev. Fr. James, O. F. M., P. Chatham, and Very Rev. R. McBrady, C. S. B., Fres. Assumption College, Sandwich, as Deacons of Honor; Rev. M. Brady, P. P., Wallaceburg, and Rev. P. Langlois, P. P., Tecumseh, Deacon and Sub-deacon of the Mass respectively; Rev. P. J. McKeon, P. P., St. Mary's, London, and Rev. D. J. Downey, P. P., Im. Convent, Windsor, Masters of Ceremonies; Rev. J. Brennan, P. P., Bothwell, and Rev. C. Laliberté, Windsor, acolytes; Rev. J. Hogan, Windsor, censor-bearer.

An eloquent and masterly sermon was preached by Rev. J. T. Aylward, Rector St. Peter's Cathedral, London, on the text "God is wonderful in His saints." Fr. Livi. During the service very beautiful and devotional music was rendered by the senior pupils' choir. After Mass His Lordship administered Confirmation to a number of little girls; and then all present went in procession to the new shrine of St. Angela in the recreation grounds, where the Bishop blessed the building and statue.

In the afternoon the Graduation Exercises took place in the Music Hall, which was tastefully decorated with blue and white bunting, and a profusion of blossoms, plants and cut flowers. The program was one of exceptional merit and interest, opening with a joyful chorus of welcome to the guests. The piano selections of Misses Gertrude Carnovsky and Helen McVean were rendered in perfect style and expression. Dena's lovely "Sing On" was given by Miss Olive Mather with delightful grace and delicacy of feeling. The two piano pieces, played by Misses Ila Stephens and Angela Crotty, were a brilliant and finely executed number. Equally pleasing was the piano quartet of Misses B. McVean, L. Mather, B. Merritt and J. Laird.

The presentation of Medals, Diplomas, Certificates and other prizes was made by His Lordship, assisted by Rev. Fr. James. The graduates of the Academic Course, Misses Laura McDonald, Olive Mather, Cecilia McGregor, Albertina Brison and Catherine McKoon, were crowned with beautiful wreaths of roses and similar. Having received their medals and diplomas, they returned to their places on the stage, where they all took part in a most interesting and spirited discussion on the "Ethics of Virtue and Learning." The Valedictory was read in a faultless manner by the five charming graduates, and at its conclusion the young ladies united in singing a beautiful "Psalm to St. Angela."

"Flowers of May" was a charming chorus, sung by a band of little ones, gaily garlanded with daisies, violets and buttercups. The program closed with a beautiful farewell chorus, in which the graduates and their companions took leave of each other.

His Lordship's address to the graduates and pupils was a most happy effort. He commended in the highest terms the superior training and education afforded them by the Academy, complimented them on the excellence of their entertainment, and interspersed his remarks with those flashes of wit and humor which make him an ideal speaker. Very Rev. R. McBrady, C. S. B., also delivered a splendid address, reiterating in the most eulogistic manner all the glowing tributes paid during the day to the Academy school and its staff of teachers, and adding a strong plea that the young ladies would be faithful to the grand traditions of their school, and prove themselves in every sphere of life true ladies and loyal daughters of St. Ursula of the Pines.

Following is the list of medals and superior prizes:

Gold Medals, Graduating Diplomas and Teachers' Certificates to Laura McDonald, O. Mather, Cecilia McGregor, Albertina Brison, Catherine McKoon.

Class Medal, Junior Laureate, presented by Rev. F. X. Laurendeau, P. P., St. Augustin, awarded to C. McGregor.

Diplomas, Commercial Course, awarded to Rena Stephens, Laura Mather, Amelia Laporte, Marie Yott, Catherine Sullivan, Louise Walsh.

Class Medal, Commercial Course, presented by Mr. F. Doyle, Chatham, awarded to Rena Stephens. Competitors: A. Laporte, L. Mather, M. Yott, C. Sullivan, L. Walsh.

THE ROAD TO SUCCESS

A striking and worthy example of up-to-date philosophy, followed up by timely common sense advice, appeared in yesterday's edition of the Chicago American in a thoughtful, well-written article on "the demon of unrest." The illustration pictured a young man being impelled in a difficult, rocky ascent. A demon was standing on his back, vigorously urging him on with a whip in his strenuous journey upward. The application gave the rocky ascent as the way of life, with the young man anxious to reach the top, his efforts being the result of the lashings of the whip in the hands of the demon, which represented unrest, discontent, or ambition.

It was a forceful way in which to put a common truth, and there was a world of meaning in the accompanying comments. Whenever you are dissatisfied with what you do, whenever you plan better deeds for the future the invisible, unconquerable, all-absorbing passion of unrest, discontent or ambition is lashing your sides. When you cease to feel his blows your days of growth and upward climbing are about done. Every man who is dissatisfied with himself, or things as they are, will accomplish something if he has the right kind of discontent—the kind which instills ambition to succeed. Man came out of a mystery into a few years of conscious life, and he will be going out of this life soon enough. He should use the few years at his disposal, grow all he can, change all he can, and achieve all he can. Mental restlessness should be encouraged. Contentment means stagnation, and stagnation is death.

This is pretty good talk. It is advice which means nothing but success to the young man who reads it. As Crown Attorney Herb Smith said to the young people of First Church a few nights ago, the world is looking for the young man who can do things—the young man who is not satisfied to stop to pride himself upon present success, but who is continually striving towards something better. This is the young man who is fortunate enough to have an energetic and tireless demon of discontent and ambition continually lashing his back, torturing him, it is true, but making him accomplish something—making him do his duty by doing his best.

This advice is not alone for any particular young man, but may be very aptly applied to men and wo-

men as a community. Every person who resides in any community owes a public as well as a personal duty. One is just as important as the other. The demon of unrest and progressiveness should lash your sides as vigorously in public matters as in private.

People in Chatham might possibly have better excuse than many others for stopping to pride themselves upon the beauty and successful record of their city. This is when stagnation starts. As soon as people begin to be satisfied with their surroundings as they are, it is time to call for more demons. Set them to work and encourage them to hit harder.

Evidence of the work of this little demon have come into prominence in this city within the last few months. A number of public-spirited citizens felt his lashings and became discontent with Chatham as she was. They felt that the Maple City should go ahead at a faster pace and they have started out to do their share. The demon has greatly added to his numbers since that time. The infection of unrest spread fast until the city has been awakened and enlivened by men who are doing something for Chatham.

Evidence of the success which follows discontent is shown by the fact that in a few days a by-law will be submitted to the people which, if it passes, will mean that the demon of unrest has urged this city to a higher plane of prominence, for coupling to this progressive eagerness, concentrated action, Chatham and its citizens will soon be placed in the foremost rank of prosperous industry. It means that every person living here has moved up with the city. Other men are doing their share. Do yours. If you cannot do a big thing, do a small one, but do something. Respond to the whip of dissatisfaction and progressiveness by supporting a measure which will benefit you and encourage your demon of ambition to remain with you, goading you on, ever upward, along the rocky ascent towards the goal of usefulness and success.

VIOLENT SCENE IN HOUSE.

Socialist and Councillor Have Stand Up Fight.

Paris, May 25.—There was a violent scene in the lobby of the Chamber of Deputies Thursday as an outcome of an altercation between Alexander H. Blano, socialist deputy, and M. Gent, one of the municipal councillors, which rapidly degenerated into a standup fight. The two men were separated with difficulty.

The trouble arose from rivalries engendered during the recent election.

WHEN YOUR BACK HURTS

Of course it's hard to work. Stooping over hurts, lifting is tedious, and you wonder what to do. Ever try Nerviline? Nothing like it for back or lame back. SCOTT—SCOLICK

A very quiet wedding took place on Friday afternoon, May 24th, at four o'clock in Toronto, when Miss Grace Scollick, of this city, and Mr. Frank Scott, of Lindsay, Ont., were united in marriage by the Rev. J. L. Piesman.

Mr. Scott is a well-known grocer merchant of Lindsay.

Mr. and Mrs. Scott are taking a trip to Petrolia, Hamilton and Peterborough and other eastern points.

Mr. and Mrs. Scott will be at home to their friends in Lindsay after July 15th.

HOY—LAMBE

(Contributed)

Spring's sweet flowery month of May has brought with it a very pretty wedding, solemnized at St. Joseph's church, Chatham, on May 8th, being the marriage of Miss Minnie Lambe, one of the belles of that parish, to Mr. John D. Hoy, a prominent business man of West Lorne. The bride marched to the altar to the strains of Handel's "Largo" wedding march, played by Miss Nettie Rhody, of Chatham. The bride was Miss Blanche Kelly, of Wellington street, Chatham, cousin of the bride, and the groom was Mr. Edward Doyle, of Rodney, cousin of the groom. After the marriage the bridal party drove to the home of Mrs. James Kelly, Chatham, daughter of the late Mr. Coutts, ex-M. P., and cousin of the bride, where a complimentary wedding breakfast was served in their honor in the form of a stylish little feast.

The bride looked charming in a jumper costume, consisting of a jumper and skirt of pale cream nun's cloth, embroidered in white silk, trimmed with deep white vi pur lace, and a white net blouse over pale cream silk, trimmed with tiny ruchings, with which she wore a hat, gloves, and shoes of white to match the gown. The hat was in picture style, made of white braid trimmed with tulle, ribbon, and an ostrich plume. The bride carried in her hand a large bouquet of white roses tastefully tied with white ribbon. The bride's travelling suit was a dressy Eton suit of gun metal gray opening over a blouse of soft Mes-saline silk in diamond tucking. The bridesmaid wore a jumper costume of a deeper shade of cream than

Sealed bulk and separate tenders will be received at the office of the undersigned up to Wednesday, June 5th, at 6 p. m., for all trades required in the erection of a Maternity Ward at St. Joseph's Hospital. Plans and specifications can be seen after Monday, May 27th. The lowest or any tender not necessarily accepted. No tender will be considered after the above date.

J. L. WILSON & SON, Architects.

TENDERS WANTED

Sealed tenders, addressed to the undersigned, will be received up to 5 p. m. Saturday, June 1st, 1907, for the construction of seven steel bridges over the Boyle drain in the Township of Dover, Kent County, Ont. Plans of bridges can be had from commissioner. The lowest or any tender not necessarily accepted.

W. J. FOY, Commissioner, Dover South P.O., Ont.

People ask "Why do you claim that Veteran's Sure Cure, one medicine, cures Rheumatism, Backache, Sciatica, Dyspepsia, Bright's Disease, etc.?" We reply, because 10 years practical use has proved that V. S. C. contains the medicinal properties that cure the digestive organs. And when the people properly realize that good health depends upon pure blood, and pure blood upon properly digested food being supplied by a healthy stomach, kidneys and liver, they will want the medicine that gives the best results. And we believe they will find V. S. C. has no equal. The V. S. C. Medicine Co., Limited, Chatham, Ont., Scane Block, King street. Druggists also sell it. Prices: 350 doses \$1.00, 150 doses 50c. Mailed anywhere. W. K. Merrifield, General Manager.

CITY DRINKING WATER IS PURE AND HEALTHFUL

Some time ago, Medical Health Officer W. R. Hall sent samples of drinking water from this city to the Provincial Health Board at Toronto, to be tested for any infectious bacteria. The samples were taken from taps in three distant points in the city.

The water was examined by Professor Amyot, who pronounced it first class, and says that it is entirely free from any contamination. Residents can therefore rest assured that their drinking water is pure and healthful.

BORN WHERE GARNER HOUSE NOW STANDS

The death of Malcolm A. Dolsen, age 63 years, took place yesterday afternoon, after several years of ailment.

Deceased was a brother of Wm. Dolsen, living on the River Road, Raleigh township, and has made his home with his brother for over seven years. He was the youngest son of the late Wm. Dolsen, and at one time conducted the Farmers' Exchange, where the Garner House now stands. He leaves three sisters and two brothers. The sisters are, Mrs. W. N. Smith, Sarnia; Mrs. Poile and Miss Mariette Dolsen, Raleigh St., this city; and the brothers are, Orval Dolsen, grocer, of North Chatham, and William, on the River Road, Chatham Township.

The funeral will take place tomorrow afternoon at 2 o'clock, from his late residence; interment will be made in the Dolsen Cemetery.

SONS OF ENGLAND ATTEND CHURCH SERVICE

The Sons of England marched in a body to Holy Trinity church last evening with Webber and Shaw as marshalls.

There were about 250 present, and had it not been for the disagreeable weather there would have been many more. They were treated with much kindness and courtesy and had the pleasure of listening to an excellent discourse on the "British Empire" by the rector, Rev. J. W. Hodgins. One of the most important points he touched upon was the bringing of emigrants to this country. He spoke as to how they were not adapted to the customs of this country, and it was the duty of every Englishman to advise them not to come here. He also spoke of an immigration that landed here a short time ago. There were 300 in the company and only eight sought for work in the country. The others looked for snaps around the cities, and thus turned out to be loafers. They found no work to do and are left on the hands of the people to be provided for. The service all through was a good one, and an excellent duet, "How Sweet the Name of Jesus Sounds," was sung with great taste and intelligence by Mrs. Cooper and Miss Florence Schwemler.

On returning home the S. O. E. moved a vote of thanks to Mr. Hodgins for his kind and suitable sermon, and also to the choir and wardens for their hospitality.

A BIG BLAZE AT PETERBORO

Peterboro, May 27.—Shortly after six o'clock Saturday, fire broke out on the roof of the paint department of Peter Hamilton Manufacturing Company, and before the flames were subdued much damage was done. The blaze was confined to the paint shop, the walls of which are left standing. The fire is supposed to have caught from a spark from the cupola of the foundry building. In the paint shop were parts of reapers, mowers, etc., which were built for the season's trade. There will be a slight interruption to business, but efforts will be made to carry on work in other buildings, pending the reconstruction of the paint shop.

The damage, which will reach about \$10,000, is covered by insurance.

Black Bear Burnt.

Frederickton, N. B., May 27.—Enoch Bros., lumbermen, lost their factory at St. Mary's Ferry Saturday. It was burned to the ground. A strong north-west wind carried the sparks towards the river, otherwise the whole village would have probably been wiped out, as it is practically without fire protection. The loss is \$5,000 to \$6,000. Among the mounted game specimens destroyed was a large black bear belonging to the Crown Lands Office museum.

Church Destroyed.

Truro, N. S., May 27.—A building with a history closely connected with Presbyterianism in Nova Scotia was destroyed by fire yesterday. Fifty years ago there was erected in Truro a rectangular structure devoted to instruction in theology by the pioneers of the Presbyterian Church. Last night the building was a wreck, and a property loss of upwards of \$20,000 is the result. The fire caught in the roof near the kitchen chimney.

Whole Building Destroyed.

Redvers, Sask., May 27.—Fire broke out Saturday in Groff's Building. The building comprised large general store, rented and occupied by E. Curle, and 12 rooms upstairs rented by two families. The building was totally destroyed, and the loss will be \$14,000.

A TORNADO SWEPT TEXAS

Willisport, Texas, May 27.—A tornado struck the eastern portion of Willisport on Saturday, cutting a swath 200 yards wide, killing three persons and injuring many others. Everything is confusion and every body is engaged in aiding the injured and clearing the debris.

The storm came from the southwest. Dead horses, cattle and fowls are scattered along its path.

The reason so few were killed is attributed to the timely use of storm cellars. In many cases houses were torn to kindling wood, while the owners escaped harm in cellars.

Fort Worth, Texas, May 27.—A severe rain and electrical storm swept over northern Texas Saturday night, causing much damage to property and some loss of life.

Near Denton, eight members of the Wardlaw family were injured, one fatally, when the home was overturned by the wind. Scores of barns and other small buildings were destroyed. Many farm animals were killed.

Six Killed, Many Injured.

Emory, Texas, May 27.—A tornado bore down on Emory Saturday evening from the southwest, but suddenly veered to the west, circled the town, killing six persons and injuring 40 or 50.

Emory is well provided with stone cellars, and to this fact is due the small number of dead.

Every building on the county poor farm was demolished, as well as several residences. The greatest destruction, however, occurred in the negro settlement. Many of those injured made it.

Twenty-Five Houses Wrecked.

Gainsville, Texas, May 27.—A tornado struck Gribble Springs Saturday, wrecking 25 houses, killing two persons, and injuring a score.

The tornado devastated growing land about two miles wide and several miles long.

Travel Impossible.

Sturgis, S. D., May 27.—After three days and nights of steady rain, snow fell Saturday afternoon, culminating in a blizzard last night.

The Black Hills country is thoroughly drenched, streams are overflowing, many bridges are gone and travel through the country is almost impossible.

Terrific Storm at Nixon.

London, May 27.—A report reached here last night that heavy windstorm last evening done considerable damage at the Village of Nixon, 11 miles from Simcoe.

Houses were unroofed, trees blown down and fences scattered, but no one was injured.

A heavy thunderstorm followed. Communication with the place could not be obtained, the wires probably being down.

INVESTIGATE EXPRESS RATES.

Railway Commission to Make a Searching Enquiry.

Ottawa, May 27.—The railway commission will take up the readjustment of the express rates some time during the next month. The same procedure will be followed in the case of the express companies as has been followed in connection with the telephone rates. The companies will be required to file their schedules of charges with the commission, and then come before the board to justify them.

The telephone companies notified the commissioners, after they had filed their rates, that they were prepared to meet any objections which might be made to any or all of them.

The commission, however, decided that the Bell Company, which was the one involved, should undertake to convince the commissioners that all of their charges were fair and just.

The enquiry into the express charges will be very searching.

More trespassing is reported on the Barr farm. The names of the parties implicated are known, and it is understood that some more prosecutions will follow. It is likely that trespassers on this estate will not be dealt with so leniently in future, as it should be generally known by this time that trespassing on the farm is forbidden.

AGAINST CAPITAL PUNISHMENT.

But Juror Is Accepted in Haywood Murder Trial.

Boise, Idaho, May 27.—The unusual spectacle of accepting a juror opposed to capital punishment except as an extreme measure for the protection of society, against war and anarchy, came Saturday in the Steunenberg murder trial, and his retention, after he had shown that he was disqualified, raises a question as to the regularity of the proceedings.

J. E. Tourtellotte, a Boise architect, is the juror, and his retention seemed to be clearly due to a willingness of both sides to risk his views when the jury reaches the supreme solution of the case. But it is thought probable that when it comes the time the swear the jury, Tourtellotte will refuse the oath, and compel the court to excuse him from serving.

Besides Tourtellotte, two other talesmen qualified.

Accident at Funeral.

New York, May 27.—The funeral of Amelia Staffeldt, the girl, who was brutally assaulted and murdered at Elmhurst, L. I., Wednesday night, was held yesterday. Nearly a thousand persons attended, and it came near resulting in another tragedy. A throng of men and women crowded the porch of the Staffeldt home, and under their weight the boards gave way, precipitating many in a heap among splintered timbers. Several persons were seriously injured.

Funeral of Geo. T. Marks.

Port Arthur, May 27.—The funeral of the late George T. Marks took place Saturday afternoon, and was one of the largest ever held here. At least 100 carriages followed the hearse from the City Hall, where the body had laid in state from nine o'clock in the morning, to the church and cemetery.

THREE LIVES LOST.

Disastrous Fire in Boston Woodworking District.

Boston, May 27.—Three men lost their lives in a fire which broke out in the heart of the woodworking district along the east Boston waterfront Saturday afternoon. They were Patrick Bourke, a member of the firm of Johnson & Bourke; James Varso and Tony Rose. The loss is placed at \$10,000.

Two Firemen Injured.

New York, May 27.—Fire in the four-story building of the Manhattan Brass Co., at 332 East 39th street, resulted in the injury of two firemen and caused damages estimated at \$100,000.

Eight Burned to Death.

San Jose, Calif., May 27.—At least eight persons were burned to death Saturday by a fire that destroyed the Union Lodging house.

Firemen are now digging out the bodies as rapidly as the still smouldering runs will permit.

A FEW WORDS ABOUT

..REX FLINTKOTE ROOFING..

THE basis of this Roofing is a selected long fibre wool felt saturated with a carefully prepared non-combustible compound rolled under a pressure of 30,000 pounds. There is not a particle of paper or tar used in its manufacture. We guarantee it to be absolutely water and wind proof and practically fire proof. It is light, warm, and will last a lifetime if painted once in six years. Rex Flintkote has been on the market for upwards of 30 years, and is, therefore, no experiment.

We recommend it for all kinds of buildings.

FREIGHT IS PILING UP

Railways in Montreal Cannot Keep Docks Clear.

Yards and Wharves Are Full—Several Vessels Sent to Hochelaga to Find Room to Unload—Shippers At Their Wit's Ends—Situation Is Assuming Serious Aspect—Is Almost a Blockade.

Montreal, May 25.—Congestion of freight is a condition of serious aspect in Montreal at the present time. The congestion is in the yards of the railway companies and along its wharves affecting ocean and local goods. While the strike had some effect upon the situation the condition of congestion is largely due to the rapid increase of business, present facilities being inadequate to clear things.

The wharf is lined with freight to such an extent that some of the ships have been sent to Hochelaga in order to find room to unload. Meanwhile the freight is accumulating and shippers are at their wit's ends to keep some movement and prevent the matter from assuming the proportions of a blockade.

The congestion is a result of the troubles that existed last autumn when the companies found themselves without sufficient rolling stock to handle all that was offered. Now there is so much offering that the railway companies are wary of accepting perishable freight and there has been a noticeable decrease in produce received in Montreal although the canal carriers have gained through this, receipts from this source being heavier than usual.

PRISONER'S ORDEAL

Breaks Down When Confronted With the Body of Murdered Girl.

New York, May 25.—On being confronted last night with the corpse of Amelia Stadfield, Henry Brecker, who was arrested Thursday on suspicion, broke down, according to the police, and confessed that he had witnessed the assault that preceded the murder of the 15-year-old Elmhurst girl.

The crime was done by a companion, the prisoner said. He asserted his own innocence.

Brecker's admission followed a "third degree" examination that proved his undoing. He had been taken to the undertaker's, where the body has lain since it was found in a little-frequented field adjoining the farm of the girl's father. There he was ordered first to look at the girl's dead body, and then to place his right hand upon the cold forehead. Brecker shudderingly obeyed and the next moment collapsed.

Dragged to his feet and supported on either side by a detective, he was asked, "Did you kill the girl?" His reply, according to his captors, was: "Oh, my God, I did not do it, but the man who was with me did it. He killed the girl, and I ran down to the woods."

Chauffeur Is Indicted.

Ballston, N. Y., May 25.—Nicholas Moore, a chauffeur, was indicted yesterday for manslaughter in the second degree for having run down and killed James R. McDonnell with an automobile at Mechanicville. Moore was running the machine of Charles P. Boland, a contractor, of Troy, when it killed McDonnell.

Drowned While Fishing.

St. John, N. B., May 25.—George Bolton was drowned yesterday while fishing on the lake a few miles out of town. With a companion, he had gone out in an old boat, which sank. His companion managed to swim ashore, but was unable to keep Bolton afloat.

POTPOURRI OF MODES.

Novelty Suitings—Plaid Silks For Linings—The Foulard.

One of the novelty suitings used largely by French dressmakers this season is called drap crepe. It is a semitransparent fabric, with a granite-like surface that comes in all the leading shades, and is very popular in gray and all the neutral shades.

Bright plaid silks are considered smart for linings of all semitransparent goods and under black grenadine are most effective.

The foulard ranks with the pongee as an extremely fashionable and thor-

THIS FASHIONABLE PONGEE—5630, 5563.

oughly serviceable dress fabric, and since it is comparatively inexpensive many women are using it this season to develop frocks that are dressy, but still of simple design.

For a serviceable traveling or street gown the striped suitings are unequalled. They come in a variety of colors and are easily fashioned into the smartest of the season's tailored frocks.

For a young girl the overblouse is the most up to date of the season's styles. A graceful amount of fullness is provided by tucks at the shoulder, and the shaped trimming band that outlines the neck and large armholes adds greatly to the beauty of the mode.

Small round crinoline hats are trimmed about the crowns with a box plaited ruffle of satin ribbon, the plaiting being near the top of the crown and the plaits falling to the edge of the narrow round brims. Over this white lace is plaited, and at each side are fastened sprays of three or four large pink roses.

The cut shows a dainty gown of shantung pongee in sage color, with trimming of black soutache braid applied over a simple design and worn over a glimpse of imitation Irish lace. The blouse is closed invisibly at the back. **JUDIC CHOLLET.**

FRESH FRILLS.

Fabrics Used In Wedding Gowns—Revival of the Leghorn.

Tulle is being used for many of the late spring wedding gowns. Glossy silk crapes, too, have come into the market in great quantities, and they are chosen by some brides. Chiffon cloth is still a standby for brides who are econom-

CHILD'S SUMMER FROCK—5630.

ically inclined and expect to get some use out of their wedding gowns later on.

Do not mix the flowers in the wedding toilet. If orange blossoms decorate the gown, wear them also in the hair. Sometimes roses and lilies of the valley are combined, but be certain to have them combined wherever used.

Crossbarred dimity, dainty with little colored flowers, is one of the fads of the season for trousseau sets for girlish brides. One of the latest developments for brides with pretty feet are the little shoes of silver brocade to go with the wedding gown.

Leghorn hats are with us again in goodly profusion. They are the real old fashioned kind, with the small, low crown and the floppy brim, and if they are worn in the most up to date manner they are allowed to flop as they will. Primmed simply with a band of black velvet round the crown and tied in a bow with ends that hang almost to the waist at the back, they are very smart. Mme. Melba, it seems, set the fashion.

The cut shows two pretty little frocks for children made of linen. They may be made either as simple or as elaborate as is desired. **JUDIC CHOLLET.**

CHEAPER SCHOOL BOOKS.

Reduction of Prices for Readers—New Contract Awarded.

Toronto, May 25.—The Canada Publishing Co., Ltd., was awarded the tender for the publication of school books by the Provincial Government Thursday, the prices for the set of five readers being in all 49 cents, as compared with \$1.15 for the old issue.

In addition, 25 per cent. is allowed off all books, one or more, when bought direct from the publishers, and an extra ten per cent. on quantities of \$250 worth and upwards.

It is estimated that should each child purchase one book a year in the schools the saving over the old prices will be \$60,000 a year to the parents.

It is stated on excellent authority that this reduction is only the beginning of slashing reductions all along the line.

The Minister of Education is said to have a definite policy in this direction. The plan is to cheapen the cost of all the textbooks used in the schools and colleges of the province.

WHY DO YOU FAINT?

Sometimes from shock or fright, but usually because the system is weakened and depressed, — it lacks power to react from sudden strain. This condition demands rebuilding, demands nourishment, which is best supplied by Ferrozone. In every form of debility Ferrozone is a specific. It fortifies the digestive and assimilative power of the body, promotes the elimination of waste materials, builds up tissue, gives energy and resistance. To have rich, red blood, enduring nerves, a strong constitution and lasting good health, use Ferrozone. Sold everywhere in 50c. boxes or six for \$2.50.

TOO MUCH LAXITY.

Crown Attorneys Neglect Cases Against Railway Employes.

Ottawa, May 25.—Dr. Mills of the railway commission expresses the opinion that crown attorneys are, as a rule, entirely too lax in neglecting to formulate and prosecute charges of manslaughter against railway employes or officials responsible for fatalities.

The prosecution in all cases depends upon the provincial authorities, the duties of the board ending after the facts have been brought to the attention of those whose duty it is to enforce the criminal code.

BLOOD, PURE, RICH, RED.

Rosey glow in the face, sparkling eyes, vivacious spirits are all the outcome of good blood. No surer way exists of purifying and enriching the blood than to use Dr. Hamilton's Pills. By their gentle action on the bowels, kidneys and liver they filter every impurity from the system, leaving it wholesome and able to do the work necessary for the maintenance of health.

To be well, look well, and feel all-wise at your host as Dr. Hamilton's Pills of Mandrake and Butterbur, a truly wonderful medicine for young and old. Price 25c. at all dealers.

Brave Veteran Dead.

St. John, N. B., May 25.—Hiram Wetmore, a veteran of the Crimean war, dropped dead here yesterday. During the war he saved the ship which he was on by picking up a live shell and throwing it overboard.

For this act of bravery the British Government awarded him a pension of £2 per month. He was of unusual physique.

When a boy turns his bulging pocket inside out we marvel at the quantity and variety of articles he has stowed away. Odd lengths of string, marbles, a horse-chestnut, a top, brass nails, hickory-nuts, an apple, and many other articles are garnered by this "snapper up of unconsidered trifles." We think the collection must be hard on a boy's pocket. And it is. But do we ever think of the variety of miscellany of the substances we put into the pocket of our stomach? There's the apple and the nuts, and things besides quite as indigestible as brass nails and with no more food value than so many marbles. And yet we wonder that the stomach "gives out." When the stomach breaks down under the careless eating and irregular meals it can be perfectly and permanently restored to health and to strength by the use of Doctor Pierce's Golden Medical Discovery.

The action of this medicine on the stomach and other organs of digestion and nutrition is so marked, that relief from disease is at once experienced, and the headaches, liver troubles, kidney disorders, skin eruptions and other symptoms of a diseased stomach are quickly cured. Dr. Pierce's medicines are purely vegetable—no alcohol or habit-forming drugs enter into their composition.

A lost fortune grows in proportion to the passage of time.

Strength of mind rests in sobriety, for this keeps the reason unclouded by passion.

STRIKE AT RAND MINES

Boer Minister Has to Call in Imperial Troops.

White Workers In Forty-Three Mines Quit Work—Refused to Accept Reduction In Pay For Contract Piece Work—Struggle Is Bitter One—Government Commission Enquiring—Strikers Break Barricades.

Johannesburg, May 25.—The new Transvaal Government has met with its first serious trouble in connection with a big strike of the white miners on the Rand. The workers in 46 of the leading mines are out, and the work is with difficulty being carried on by poor Dutch, who, however, may in the long run benefit at the expense of the strikers, who the magnates declare will not be reinstated.

Rioting, arising from the strikers attacking the strike-breakers, has broken out at the Ferreira Mine and others. There have been some revolver shootings but little injury has been done. The situation has become sufficiently serious, however, to induce the Government to summon regular troops. J. W. Smuts, Colonial Secretary in the new Government, and who held a Ministerial post in the old Government, has accordingly had the novel experience of calling British troops into action. Seven hundred cavalry and infantry have arrived.

There is much bitterness between the magnates and the miners and their supporters. The miners have by the British miners refusing to accept a reduction in pay for contract piece work. The owners say that the men were earning an average of \$3,000 each annually, and that a reduction was necessary. The miners and their sympathizers consider the employers' action as an attempt to increase the cheap labor of the Chinese and Dutch, and to augment their own profits. The disputed questions were recently submitted to Government commissioners, and many of the public condemn the miners for not awaiting the decision of the commission before striking. Business here is seriously checked. The citizens are nervous and disposed to panic.

Johannesburg, May 25.—The strike situation reached a critical stage Thursday, and the men have been isolated. The white workers in 43 mines went out Wednesday because of the demand by the proprietors that they worked three shifts a day instead of two, and the men from the mines in the east and central Rand areas are joining the strike.

When the strikers left the Ferreira deep mine Thursday night they marched to the Robinson deep, tore down the barricades, and assaulted the men who had not gone on strike. A general riot ensued.

About one thousand imperial troops have arrived here, and will be sent along the reef.

The strikers do not appear to know that a Government commission is even now conducting an enquiry into the question of underground work generally.

DR. LEWIS DIES SUDDENLY.

Member for Dufferin Succumbs to Heart Disease.

Toronto, May 25.—With startling suddenness death came by heart disease to Dr. Lewis, M. P. for Dufferin, at the Queen's Hotel yesterday morning about 4 o'clock.

Dr. Lewis had been in town for the week attending the races, and was accompanied by Mrs. Lewis. On Thursday evening he did not feel very well, and abandoned a visit to the theatre, which he had intended to go to, and retired. When they returned he was asleep.

About 4 o'clock his brother went into his room to see how he was, and found him just breathing, and in a few seconds he was dead. With his wife and brother. He urged them to go, and retired. When they returned he was asleep.

About 4 o'clock his brother went into his room to see how he was, and found him just breathing, and in a few seconds he was dead. With his wife and brother. He urged them to go, and retired. When they returned he was asleep.

The body was removed to Orangeville by the 5.15 train yesterday afternoon.

Frederick William Lewis was the son of Wellington and Ordelen Lewis, both of whom were English. Dr. Lewis was born March 30, 1855, and was educated at Athens High School, and at the Royal College of Physicians and Surgeons, Kingston. He was married Dec. 27, 1882, to Margaret Allen of Orangeville.

Dr. Lewis unsuccessfully contested Wellington County for the House of Commons at the general election in 1896. He was elected to the Legislature in 1905, and has since then made himself well known in the three sessions held since. He was a ready speaker, somewhat bluff in style, and thoroughly outspoken.

Candidates For Vacancy.

Orangeville, May 25.—There will doubtless be a contest for the vacant seat for Dufferin in the Legislature, though the county is regarded as a Conservative stronghold. The main fight, however, will be in the Conservative convention. Mayor McKeown and J. L. Island of Orangeville, W. A. Wansborough of Amaranth and John Best of Mulmur are the probable Conservative aspirants.

The Liberals will probably select from among the following: D. B. Brown, former police inspector, Orangeville; Fred Silk, president of the Liberal Association; Alexander Richardson, Grand Valley; John Park, Mono, and J. L. Williams, Mulmur.

Kuroki Tips Hotel Officials.

New York, May 23.—General Baron Tamemoto Kuroki at 1 o'clock yesterday took his departure for Boston. His suite were engaged early yesterday in the onerous task of packing baggage.

Each bell-boy, waiter, clerk or other employe who contributed to his comfort received some money, the total bounty amounting to nearly \$500.

To the hotel proprietor he gave a gold cigarette case incrustured with diamonds, and similar cases of silver to other hotel officials.

BRITAIN AND GERMANY.

Arrangements Between Two Nations Best For All Concerned.

London, May 25.—Replying to a question in the House of Commons last night as to whether the most favored nation treatment did not entitle Great Britain to the concessions recently obtained by Germany from the United States, Foreign Secretary Grey said the concession relating to the work of special and secret agents, the policy of affording open hearings in reappraisal cases, and the recognition of certificates of chambers of commerce will be for the benefit of all countries.

South American Nervine makes the whole system radiant in perfect health, it accelerates circulation, enriches the blood, penetrates to the very centres of nerve force, builds tissue, makes and keeps people well. This wonderful remedy has had a charmed experience and has done its greatest work in cases where the medical fraternity had pronounced hopeless.

Yarmouth, N.S.

Gentlemen,—In January last, Francis Leclaire, one of the men employed by me, was in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained of his recovery, his hips being badly bruised and his body turned black from the effects of the fall. We used MINARD'S LINIMENT on him freely to deaden the pain, and with the use of three bottles he was completely cured.

Curzon In Demand.

London, May 25.—The Unionists of Jarrow division of Durham have entered into competition with Rutland for the Parliamentary services of Lord Curzon of Kedleston.

Yesterday morning they forwarded him an invitation to contest Jarrow on the approaching retirement of Sir Charles Palmer, Liberal, who was born in 1822.

"MUNGO" PARK.

The Worse Than Shoddy Fabric That Gave Him His Name.

The old lady listened complacently to the compliments on her new gown. "Well, at any rate," she said as she smoothed the lustrous folds, "it isn't made of mungo."

"Mungo? What is mungo?" asked her niece.

"Have you never heard of Mungo Park?" said the old lady.

"Yes, I think I have. I don't know what I've heard, though."

"Well, I'll tell you. Mungo Park was an Englishman, and he lived at the time when shoddy was invented. He invented a stuff that was far worse than shoddy—a stuff beside which shoddy was fine, new wool—and I'll tell you why this stuff was called mungo."

"Park, after making up a batch of it out of shoddy dust and grease, gave it anxiously to his carder to card."

"The carder tried it. Then he sent for the boss."

"This new stock of yours won't go, Mr. Park," he said.

"Mun go," said the other in his Yorkshire dialect. "It mun go, man."

"And go it did, and thus Park got his name, and thus that abominable stock that he invented came to get the name of mungo."

OUR GLOBE'S CAPACITY.

The Time When the Earth Will Be Fully Peopled.

Professor Ravenstein of the Royal Geographical society estimates that the fertile lands of the globe amount to 28,000,000 square miles, the steppes to 14,000,000 and the deserts to 1,000,000.

Fixing 207 persons to the square mile for fertile lands, ten for steppes and one for deserts as the greatest population that the earth could properly nourish, the professor arrives at the conclusion that when the number of inhabitants reaches about 6,000,000,000 the earth will be peopled to its full capacity. At present it contains somewhat more than one-quarter of that number.

If the rate of increase shown by the latest census statistics should be uniformly maintained, Professor Ravenstein shows that the globe would be fully peopled about the year 2072.

The Father of West Point.

George Washington must be given the credit of causing the first steps to be taken toward the founding of a national military academy. In 1794, while serving his second term as president, Washington succeeded in having congress create the grade of cadet in the army. West Point was chosen as the best army post at which cadets could be trained, for the reason that it was then the most important station of the artillery and engineers. The cadets of those days did not pass entrance examinations, and the standard of proficiency in studies did not amount to the tenth part of what is exacted nowadays. A smattering of engineering, mathematics and artillery practice was all that was deemed necessary.—St. Nicholas.

Lucknow's Great Hall.

Connected with the Mohammedan mosque at Lucknow, India, is the largest room in the world without columns, being 162 feet long, 54 feet wide and 53 feet high. It was built during the great famine in 1784 to supply work for a starving people. It is a solid mass of concrete of simple form and still simpler construction. In its erection a mold or framework of timber and brick several feet in thickness was first made, which was then filled with concrete. The concrete was allowed about a year to set and dry, when the mold was removed. Although the building has been standing so long, it is said to show no signs of decay or deterioration.

Nails.

America has the honor of having made the first cut nails, toward the close of the eighteenth century. Before that nails were made by hand, and their manufacture was a household industry. Cut nails are made by machinery from plates rolled to the proper width and thickness. They may be made of steel or of malleable iron. Wire nails, though originally a French invention, were brought to perfection in the United States.

The Apparent Reason.

"Wyndley doesn't play the cornet any more, does he?"

"No, he thought he'd better give it up."

"Bad for his lungs, eh?"

"It wasn't that. One of the neighbors shot two keys off the instrument while he was playing it."

"When I awoke from the operation I felt as if I was burning up."

"I see. You must have thought that it had been unsuccessful."

HALF A MILLION IN BAIL.

Millionaires Charged With Bribery
Pay for Release.

San Francisco, May 27.—The grand jury on Saturday indicted six millionaires, on charges of bribery and attempted bribery, and returned additional indictments against Abraham Ruef and Mayor E. E. Schmitz.

Frank C. Drum, Eugene De Sabia, John Martin, Abraham Ruef and Mayor Schmitz were indicted on 14 counts each, charging that they jointly bribed 14 of the 18 supervisors in the sum of \$750 each, to fix the gas rate for 1906 at 85 cents instead of 75 cents.

O. H. Umson, G. E. Green, W. I. Brobeck and Ruef were indicted on 14 counts, each charging that they jointly attempted to bribe 14 supervisors in the sum of \$1,000 each, to vote a trolley franchise to the Parkside Transit Co.

Judge Coffey fixed bail at \$1,000 on each of the 126 counts contained in the second indictments.

The grand jury adjourned until June 10, when investigation of alleged bribery by officers of the Nome Telephone Co., and by other persons, will be resumed.

THE INSTRUCTOR SHOE

"The only Child's Shoe
made in Natural Shapes of
Solid Leather."

The way your children's shoes wear out often surprise you. They seem to fall to pieces, or the soles wear out as if they had been held to a grindstone.

Instructor Shoes

Are made from the very best leather and are put together by high class skilled labor. The Instructor Shoe is built on lasts modelled from children's feet. The shape permits the foot to lie perfectly flat—each toe out straight—growing as nature intended. One pair will outwear two ordinary pairs.
