# INTRODUCTION.

THE Publishers in presenting to their patrons this the 1892 issue of the London City and Middlesex County Directory wish to say that every effort has been made to deliver the work as quickly as possible after the last name was taken, and it is with much pleasure they are able to say that within seven weeks from the day the canvass commenced the book was in the hands of the subscribers. They also wish to say that this is the only City Directory, published in Canada, where the publishers are required to attach the County, which means doubling the cost of the work; still there is no city of even half the size of London that does not appreciate the importance of a Directory and give it sufficient support to secure the publishers against loss. But in London, although eighteen months has elapsed since the last book was issued, the patronage is a long way behind that of previous years, and for the information of those who think there is a little fortune in *this* Directory we now state that the total amount of patronage given to the work *here* is \$300 short of meeting the expenses.

The result of the canvass shows a marked improvement in the City; the alphabetical portion of the book shows 15,635 names against 14,399 in last issue, or an increase of 1,236. The canvass also gives 50 less vacant houses. This must be very encouraging to the citizens, and as there seems to be an effort on foot to advertise and boom the City we trust that in the future it will not be forgotten that there is nothing that makes a greater impression on a stranger than to have the facility of finding a friend through the medium of a Directory.

### INSTRUCTIONS TO KEY-HOLDERS.

Upon ascertaining that there is a fire in the vicinity of your Box, unlock the outside door and pull it wide open. Then listen, and if you do not hear the little gong inside striking, proceed at once to give the alarm as directed above. If you do hear the gong striking wait until it has entirely ceased repeating its number of rounds before you attempt to pull the hook or knob.

If after pulling the box as directed, you do not hear the little gong inside striking or the Box working, shut the door and go to the nearest Telephone to send in the alarm.

Do not attempt to remove your key from the lock as you cannot do so without injuring the lock or breaking the key. Some member of the Fire Department will release and return it to you.

Never open a Box except for the purpose of giving an alarm. Never give an alarm for a fire outside of the City limits, or for a fire which is a long distance away (unless you are on a line between it and the Fire Station) or for a chimney fire. All alarms should be sent in from the Box nearest to the fire. If possible always wait until the firemen arrive and direct them to the fire if it is not visible. Always close the door of the Box before leaving it.

Keep your key in a place where you can get it quickly when required and where it will be out of the reach of children and strangers. If you intend to remove from the house you are occupying, please return your key to the nearest Fire Station.

### NOTICE TO THE PUBLIC.

Any responsible citizen can obtain a key by applying at the nearest Fire Station.

Keys will be kept at houses in the immediate neighborhood of the Boxes.

Any one having a Telephone can use it for the purpose of giving an alarm for a fire.

Ten strokes on City Hall Bell or on the gongs, followed by the number of the Box, will denote a second alarm for the same fire, and call all the apparatus of the Department.

Two strokes on Bell or gongs, (after an alarm is given) will signify that the fire is out.

Parties erecting houses or scaffolding, moving houses or cutting trees, must on no account interfere with our wires, poles, or boxes. By leaving notice at the nearest Fire Station, all necessary alterations will be promptly attended to. Citizens will confer a favor by immediately reporting at the
