## LOCAL G. T. R. TIME TABLE

Morning train, southbound... 7.17  
 Noon mail train, northbound... 11.35  
 Afternoon train, southbound... 4.10  
 Night train, northbound... 9.10

## PICTURE FRAMING.

A good assortment of Picture Mouldings and Glass for Framing any kind of pictures you would like to have framed. Bring in your unframed pictures and give us a trial. The price will be right and work guaranteed satisfactory.

G. H. EICKMEIER.

Ginghams, Prints, Shirts and Flannellettes at Helwig Bros. 25c per yard.

Miss Irene Uhrich of Toronto is spending a two week holiday at her home here.

Mrs. Jos. Johnston of Moosimin, Sask., and Miss Louise Hufner of Toronto, are visiting their sister, Mrs. N. Hohnstein, on the 2nd concession.

Read Weiler Bros. Flour Specials on next page.

William Goll, of the 8th concession, has purchased a Chevrolet touring car.

Mr. Alex Sauer of Kitchener is spending his holidays at his home here.

See Helwig Bros. Window Display of Embroidery Flouncing at 25c per yard.

Mr. and Mrs. Alph Weiler of Holland Centre visited relatives here over Sunday.

Mr. John E. Fink of Toronto spent the past week with relatives and friends here.

Mr. John Schmaltz, real estate agent of Kitchener, spent a couple of days in town this week.

We had a pleasant call last Friday from Mr. and Mrs. G. K. Brown of the Teeswater News.

Miss Erma Morrison, graduate nurse of Toronto General Hospital, is home for her vacation.

Mr. and Mrs. John Diebel leave this week on a months' visit to their daughter at Travers, Michigan.

Mr. Harry McCrum, one of Walkerton's oldest business men, died at Galt hospital last week. He was 71 years of age.

The rainstorms on Monday knocked the oat crops flat, and the farmers will find the cutting a pretty slow job this year.

Mr. Gordon Schneider and Miss Martha Myles of Toronto are the guests this week at the home of Mr. J. L. Schneider.

9th Annual Tattoo at Waterloo Friday evening, July 29th. No surplus talk but this will be the biggest event of the year. Don't miss it. Look for the bills in your town.

A dozen Mildmay business men motored to Horseshoe Bay, near Southampton, to spend the week-end bass fishing. The lake breezes were very enjoyable, but the fish were very scarce.

Norman Woolner of Milverton, grandson of Mr. and Mrs. Chas. Wickie of Mildmay, has received his diploma from the Hewitt Business College at Stratford, and has accepted a position with the Merchants Bank at Mitchell.

The North Carrick and Ambleside football club will meet at Mildmay on Friday evening of this week. At their last game the score was 4 to 0 in favor of Ambleside, but the N. C.'s boys expect the result to be different next time.

A heavy rain fell last Thursday, the day of the Teeswater races, and the management had to postpone the event until Saturday afternoon. The races were excellent, but the attendance was scarcely as large as usual, owing no doubt to the busy time among the farmers.

Mr. John B. Steffer of Con. A, Carrick, found a head of timothy in his field which measured one foot in length, and was full of seed. The Timothy crop this year was nearly a record one, and we have heard a dozen farmers say that they never had as much hay before.

Mr. Irwin, provincial engineer, made an inspection of the Carrick roads on Tuesday in company with the local superintendent, Mr. Wm. Polfuss, and appeared to be satisfied with the class of work being done in this township. He will be back again in the fall to make a final inspection.

Mr. and Mrs. Anthony Rettinger of Winnipeg arrived here last Wednesday by motor, and will spend a few weeks with relatives in Ontario. They made the trip in ten days, calling on friends at Chicago and Detroit en route. Tony was born and raised here, but has been working for a Winnipeg contractor for the past fourteen years.

Will Hold Re-Union at Goderich.

There will be a great gathering of the Tanner clan at Goderich to-day, the occasion being a grand re-union of all the Tanners and their relatives. There are about seventy-five in Brant and Paisley, and a like number in the vicinity of Newton and Stratford, and all will meet at Goderich for their annual picnic. Mr. and Mrs. Geo. W. Scott and family of the 12th concession purpose attending this event.

## BORN.

BRICK—In Carrick, on July 16th, to Mr. and Mrs. Fred Brick, a daughter.

Special prices in Flour at Weiler Bros. Read adv. on next page.

Special Prices in Mens Suits, Lincolns and Rugs, at Weiler Bros.

E. V. Kalbfleisch delivered a Ford car to a Milverton buyer on Wednesday.

Mrs. A. Knechtel of Preston is the guest of her sister, Mrs. J. L. Schneider.

Florence and Clarence Schuett are spending a week with friends here in Kitchener.

Mr. Fred Filsinger of Kitchener and Mr. Jacob Filsinger of Buffalo spent Sunday with friends here.

Mrs. Geo. Mason and little daughter of Galt are guests at the home of Mr. George Helwig this week.

William Seifried has taken the contract of gravelling the brewery hill at Formosa at \$1.25 per yard.

Miss Shaw of Bluevale has been engaged to succeed Miss Skilling as teacher of P. S. No. 7, Carrick.

For Sale—Second hand binder, in splendid working condition. A snap at the price. Apply at this office.

Councillor Jos. D. Meyer of Culross purchased a Ford touring car this week from the Mildmay agency.

Misses Mary and Irene Uhrich leave this morning to spend a week with their brother, Ferdinand, at Toledo.

Hanover has quite a number of cases of typhoid fever—caused by drinking bad well water. One death occurred last week.

Mrs. Amon Buschert and Mrs. J. Foell of Waterloo were the guests of their parents, Mr. and Mrs. John Diebel this week.

Dr. R. E. Clapp, of Walkerton, attended the funeral of the late Mrs. Albrecht here on Wednesday of last week.

Prince Nelson, the most sensational high wire artist in the world, in a double bill at Waterloo Tattoo, Friday evening, July 29th.

Mr. and Mrs. Chris. Reinhart and family of Stratford motored to Mildmay last Saturday and spent the week end at the home of Mr. Alex. Kramer.

The Alberta Provincial elections on Monday resulted in the United Farmer sweeping the province. They will have a majority over all the other parties combined.

Mrs. J. E. Wagner of Buffalo, accompanied by her sons, Albert and Eugene, and daughter Miss Dorothy, motored here and are spending a week at the home of Mr. L. Heisz.

Wanted. Two girls to learn the tailoring. T. A. Missere, Merchant Tailor. tf

Threshing Outfit for Sale. New Hamburg Separator, 30 inch cylinder, 50 inch body, newly rebuilt, equipped with self-feeder, chaff blower and strawblower. 20 h. p. Brantford Gasoline portable engine. Will be sold reasonably, either together or separate. Michael Fischer, Mildmay.

Hoefling's Boiler Compound. One of the most valuable inventions of the age is Hoefling's Boiler Compound, which Messrs. M. & H. Hoefling of Mildmay are now placing on the market. This preparation removes all scales from steam boilers in record time, and is pronounced by hundreds of users to be very effective and satisfactory.

Henry B. Miller Took Stroke. The many friends of Mr. H. B. Miller were sorry to hear that he had sustained a paralytic stroke on Wednesday of last week. For several days previous, Mr. Miller had not been feeling well, and while preparing to retire last Wednesday evening he took the stroke. While he has been deprived of the use of his left arm and leg, good hopes are held out for his complete recovery.

Interesting Auto Trip. An auto party consisting of Mr. and Mrs. Nelson Dahms, and Messrs. Ira Dahms and J. H. Schnurr took a very interesting trip to Parry Sound District last week. Leaving here last Thursday morning, they reached South River on Friday night. After inspecting Mr. N. Dahms' 200 acre bush farm, which is located in Carrick, would be worth a mint of money the party visited many towns and villages in the district, and had a very enjoyable time. The crops up north are almost a complete failure, owing to the unprecedented dry weather. On their return trip they passed by Premier Drury's fine farm at Crown Hill, Simcoe County, and saw the premier in the distance.

Shingles.

We can supply you with either 3 or 5 X B. C. Shingles at the lowest current prices as we have unloaded a car of each kind. Geo. Schwalm & Son.

Passed Normal Exams.

Misses Rita Weiler and Antonette Reinhart of Mildmay and Mildred McIntosh of Carrick are receiving congratulations on having successfully passed the recent Normal examinations. Miss Weiler attended Normal at Toronto, Miss Reinhart at Stratford and Miss McIntosh at London. All three will commence teaching in September.

Critical Operation.

Catherine, eldest daughter of Mr. and Mrs. J. J. Huber, underwent a very critical operation last Friday for appendicitis. The operation was performed by Drs. Jamieson of Hamilton, Gillies of Teeswater and Carpenter of Mildmay, and although the patient had a very close call, she is now improving nicely. Nurse Miss Erma Morrison is in charge of the case.

Ontario is Dry.

At 12 o'clock on Monday night the Province of Ontario went "bone-dry" that is if the legislation can make it so. It is now illegal to import liquor into Ontario, and by the provisions of the Sandy Bill, passed by the Ontario Legislature, it cannot be shipped inside the province. The express companies have been worked almost to death to handle the shipments consigned to the thirsty ones before the 18th.

Clever Boxer and Athlete.

Harry Schultheis, son of Mr. and Mrs. Jos. Schultheis of Kerrobert, Sask., who are visiting here now, is developing into quite a boxing artist. Last week he was matched against Secord Ewen, a Handel boy of much heavier build and longer reach, and disposed of him in the sixth round by the knockout route. Harry took part in three games of baseball during the day, and engaged in the boxing contest in the evening.

Chesley Wins District.

The Chesley baseball club won their league game here against Moltke last Friday in very easy fashion. The score at the end of the game stood 21 to 1. The visitors are great ball players, field and bat well, and had it over their opponents at every stage. Lloyd Doering pitched the last part of the game for Moltke, and did well despite the fact that he was out of practice. He made Moltke's only run. Arthur McCartney of Walkerton and F. Weiler of Mildmay acted as umpires.

Attacked by Vicious Hog.

Last Sunday morning Jos. Grubb of the Elora road, north, while doing his chores, was viciously attacked in the barnyard by a big powerful Tamworth hog. The animal came from behind and bit Mr. Grubb on the leg above the knee, inflicting a long gash so deep that the artery was severed, and the blood rushed from the wound in a stream. The wound was bound up and the injured man was rushed to the doctor's office. Nine stitches were required to close the wound, and the patient is now making a good recovery.

Sneak Thieves Busy.

Mr. and Mrs. Fred Harper have been considerably annoyed recently by sneak thieves. Two weeks ago last Saturday night their house was entered by the cellar window, and a quantity of eatables carried away. Last Saturday night, when the family were at Mildmay, the thieves paid another visit to the premises, and gained entrance by the same route, stripped the larder so bare that Sunday was made a "fast day" for the family. On their last visit, however, the thieves left a clue that gives a pretty fair idea of their identity, and their movements after this will be closely watched.

Enlarged His Barn.

Councillor John Weigel had a barn raising last Wednesday and Thursday the neighbors turning out in good numbers and staying with the job until it was completed. The barn will be 75 x 57 feet, besides a straw shed 30 x 20. The stabling has been made about 15 inches higher, a big improvement. Enlarging a barn means a lot of work, but Mr. Weigel will be repaid for all the work and expense incurred. A couple of mishaps occurred on Wednesday afternoon, which might have been attended with serious results. A brace fell on Wm. Goll's head inflicting quite a gash, and a little later the perline plate which had been placed in position, moved several feet and threatened to fall, but a pinch bar opportunely used saved the smash and probably several lives.

Mildmay Show, Sept. 19 and 20.

The Mildmay Fall Show will be held this year on Monday and Tuesday, September 19 and 20. The prize list, which has been revised and improved, will be issued this month. The Society is confident that this year's exhibition will be bigger and better than ever, and efforts are being made to improve every department of the show.

Entrance Results.

Below is published the names of the successful candidates who wrote on the High School Entrance Examination at Mildmay. Twenty-one out of twenty-nine were successful.

Bildstein, Mildred (Honours)  
 Fischer, Alfred  
 Gutscher, Annetta  
 Harper, Irene  
 Herrgott, Jerome  
 Kraemer, Margaret  
 Kuntz, Ludwina  
 Massel, William  
 Montag, Eloisa (Honours)  
 Oberle, Leonard (Honours)  
 Oberle, Vera  
 Opperman, Harry  
 Siegner, Dorothy  
 Strauss, Norman  
 Schmidt, Florence  
 Schefter, Anna (Honours)  
 Stroeder, Marrienne  
 Voigt, Lorena  
 Weiler, Rose  
 Zettel, Henrietta (Honours)  
 Zimmer, Gertrude (Honours)

The four highest candidates in order of merit in East Bruce are: Agnes Weber, Sep. School, Walkerton; Lillian Vandusen, Pub. School, Tara; Harry Sprung, Pub. School, Walkerton; Walter Hartman, Pub. School, Walkerton.

## FORMOSA.

Died, on July 16th, Magnus, the infant son of Mr. and Mrs. Gregor G. Beninger, aged ten months and twenty-seven days.

Mrs. Charles Mickus, of Shakopee, Minn., is visiting her brothers and sister in Formosa.

Misses Julitta and Netta Beingsesser of Buffalo, N. Y., are spending their vacation with their parents, Mr. and Mrs. B. Beingsesser.

The rain we had for the past few days is retarding harvest operations but are of great benefit to the root crops.

Rev. L. Kuntz of St. Jerome's College, Kitchener, is holidaying in Formosa and renewing old acquaintances.

## WALKERTON'S BIG CELEBRATION

Walkerton's big celebration commences on 23rd and ends on 30th inst. The programme is an extensive one. On the programme are speakers: Prof. Adam Shortt of Queen's College; Hon. Manning Doherty, Minister of Agriculture; General Shannon; Mayor Stevens of Niagara 48th Highlanders Band in Kilts, the Falls, and other prominent men; the best band in Canada; 10 Pipers; a Jazz Band; Hanover and Walkerton Bands; Bugle Band; Palmer's Midway and Merry-Go-Round; 4 Baseball Matches; Lacrosse Games; 2 Girls' Baseball Matches; Daylight and Evening Fireworks; Concert; Tattoo by massed bands; two days horse races, prizes \$2000; unveiling of soldiers' memorials; decoration of graves; grand display of electric lights and street decorations.

Don't miss this celebration—the biggest and best ever put on in this County.

## CARLSRUHE.

"Remember" the long dry spell started July 18th.

Mrs. Schultz and children of Stratford, and Mrs. Baumbach of Sebringville are at present visiting at Mrs. John Witter.

Miss M. Schwan of Owen Sound is spending her vacation with relatives here.

Mr. and Mrs. Schwoh of Kitchener are visiting Peter Girdat.

Mr. Edward Montag of South Porcupine paid a short visit to relatives here.

Mr. and Mrs. William Hundt of Mildmay spent a few days with relatives here.

Mrs. John G. Meyer, who spent a few weeks with relatives here, returned to her home in Toronto.

The harvest is in full swing and Mr. Jos. Stroeder of near Walkerton is reported to be the first done cutting. The grain is very light owing to the extreme heat of the past.

Mr. Joseph Fehrenbach of Kitchener made a short visit here last week.

Mr. and Mrs. Ed Zettler, Mr. and Mrs. Peter Kaufman, Mr. and Mrs. John Himmelspach spent Sunday with Mr. and Mrs. Albert Wittich.

## STOMACH TROUBLE DUE TO THIN BLOOD

It Usually Disappears When the Blood is Made Rich and Red.

Thin blood is one of the most common causes of stomach trouble. It affects the digestion very quickly. The glands that furnish the digestive fluids are diminished in their activity, the stomach muscles are weakened and there is a loss of nerve force. In this state of health nothing will more quickly restore the appetite, digestion and normal nutrition than good, rich, red blood.

Dr. Williams' Pink Pills act directly on the blood, making it rich and red, and this enriched blood strengthens weak nerves, stimulates tired muscles, and awakens to normal action the glands that supply the digestive fluids. This is shown by an improved appetite and soon the effect of these blood-enriching pills is evident throughout the whole system. You find that what you eat does not distress you, and that you are vigorous instead of irritable and listless. If your appetite is fickle, if you have any of the distressing pains and symptoms of indigestion, you should at once take Dr. Williams' Pink Pills and profit by the better condition in which they will put your blood.

These pills are sold by all dealers in medicine, or you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### A Little Wisdom.

If you can't mend, don't meddle.  
Bad weather reveals the good team.  
Beauty and folly are often companions.  
Hope is the tie which keeps a heart from breaking.  
There's no use in running if we're not on the right road.  
Those who grasp at too much end by getting too little.  
"Be content" was never meant to blunt the spur of "Better thyself."  
The express train to ruin is often drawn by the engine gambling.  
Ideal precepts may lead, but it is practical examples that draw.

### The Foolish Man.

There was a fool in our town,  
And he would never learn;  
He went upon a fishing trip  
And let his camp-fire burn.  
Oh, swiftly spread that forest fire  
And many homes it burned,  
And from that little fishing trip  
That man has ne'er returned.

Minard's Liniment Relieves Neuralgia

## Surnames and Their Origin

### METCALF

Variation—Metcalf.  
Racial Origin—Welsh.  
Source—A locality.

There is a tradition regarding the origin of this family name of the sort that is often met with an attempt to explain it by a fanciful story woven around the apparent elements of which the name is supposed to be compounded.

This tradition has it that a certain strong man, having had an encounter with a bull, in which he finally conquered, explained laconically that he had "met a calf."

Actually the family name of Metcalf is one of those which have been adopted as indicative of the localities in which the first bearers of the surnames lived. And its origin is traced to Wales.

The original Metcalfs were dwellers in or near a spot called anciently "the valley of the church" in the Cymric tongue.

In the Welsh word "medd" indicates a valley, more specifically a little vale, and "calf" means variously a cell, channel or little church. If the ancient form had been adhered to in the development of the name, rather than an unconscious approximation of English words in the Anglicized form, the name to-day might more properly be spelled "Medcalf."

But though of Welsh origin, it is more than likely that the name's principal development was in England. Certainly it would never have been used by a person still living in the locality of that name, unless he were the owner or overlord of the section.

## The Bowl and the Necklace.

In a certain Balkan state that I will refrain from naming, says Lord Frederic Hamilton in his book, Days Before Yesterday, the inhabitants are confirmed souvenir hunters.

During a dinner party at the British legation in that nameless state one of the ladies was wearing a fine necklace of pearls, which a native of the state admired immensely and begged for permission to examine. The diplomat's wife very unwisely unfastened the necklace; and amid loud expressions of admiration at its beautiful workmanship they passed it round, from hand to hand.

At the end of the dinner the lady asked for her necklace, but no one knew anything about it. The British minister, who thought that he understood the people of the country, rose to the occasion. With a smile, he said, "We have just witnessed a very clever and very amusing piece oflegerdemain. Now we are going to see another piece of conjuring."

He walked quietly to both doors of the room, locked them and put the keys into his pocket. Then, placing a small silver bowl from the sideboard in the centre of the dinner table, he continued, "I am now going to switch off all the lights and count ten slowly. Then I shall turn on the lights again, and, hey, presto! Madame de—'s necklace will be found lying in that silver bowl!"

The room was plunged in darkness, and the minister counted slowly up to ten. The electric lights blazed on again. There was no necklace, but the silver bowl had vanished!

### Wilhelmina Plans Trip.

Queen Wilhelmina, who for years has never left Holland, is planning a three weeks' boat trip to the Norwegian fjords this summer, says a despatch from The Hague. She will travel incognito.

### To the Manner Born.

The Hennessy twins were keeping the whole neighborhood on the jump. "Holy sufferin' cats!" exclaimed Mrs. McTavish, "what do you boys think you're going to be when you grow up anyway?"  
And with the promptitude of perfect conviction came the joint reply: "Irishmen."

Queen Maud of Norway has a wonderful collection of old embroideries.

The British Museum contains 2,700 complete Bibles written in all languages.

One of the most curious exhibits at the Paris Fair is a huge newspaper, a giant number of "Les Echos." It measures nineteen feet in height and is fifteen feet wide.

## High Climbing.

Speaking of the Mount Everest expedition, Sir Francis Younghusband says: "At great heights men get very nervous and irritable. At 16,000 feet they begin to lose patience with one another, and the higher they climb the deeper they hate."

There is a moral in that for men seeking high altitudes in our common human life.

May it never be said of them with truth, "The higher they climb the deeper they hate."

It is a fine thing to find a man who goes upward to great heights without losing his head, his nervous equipoise, his self-control. It is an inspiration to the lower levels to find him generous, amiable, affable, ready to meet all comers and faithful to his friends.

On the other hand, it is deplorable to come upon a man who wins his way to eminence of any sort, and in that lofty station, instead of looking to the sky and a superior Power, looks down upon "the common herd" and thinks—and tells—how great he is in comparison with them.

What is so-called "success" if in winning it one hates and is hated? High climbing spoils many a man. He cannot stand the atmosphere. He is as one intoxicated by the spreading view of the kingdoms of materialism beneath him. The more he sees the more he wants. Once he was happy with little; now he is miserable with much.

The best kind of climbing is that described by Matthew Arnold in "Rugby Chapel." In that poem he tells of his father, Thomas Arnold, the headmaster, who is hero of Thomas Hughes' noted book, "Tom Brown at Rugby." He shows us that Thomas Arnold was ever a climber, but was unwilling to climb alone. He led his boys upward and onward with him.

Nobody admires a man whose struggle is all for himself, that he may gather riches, and make his boast of them and "show off" to the world. When Death comes, Death does not care to see any of his things. The question at the last is simply, "Did you serve?" It is not "How much have you?"

The only portable baggage on the last and loneliest climb of all which the soul is called upon to make are the imperishable qualities of character. Love and truth, courage and faith, if we choose, will go with us all the way.

### All Allies at Louvain.

The laying of the cornerstone of the new Louvain Library July 28 will occasion a gathering of world-famous statesmen and educators from all nations that were allied in arms with Belgium after the shock of war, says a Paris despatch. Cardinal Mercier has announced the acceptance by Nicholas Murray Butler of an invitation to preside at the ceremonies. He has, furthermore, extended invitations to all American universities to send delegates.

Ex-President Poincaré will lead the group of visitors from France, and it is announced that Whitney Warren, the American architect, who was entrusted with the honor of planning the famous monument, will assist at the ceremonies in addition to attending to the architectural and artistic details of the structure. The international committee in charge of rebuilding the library, of which King Albert and Cardinal Mercier are among the foremost workers, regard the gift of the library by the United States not only as a monument consecrating the sacrifice of Belgium in the first onslaught before the German invasion, but as a manifestation from America which will be an eternal protest and reproach against the "cultural" methods used by the Germans. Cardinal Mercier himself has said that erection of the library by American friends is a profound symbol for the future and an event of the greatest spiritual importance.

### A Good Creed for Club Leaders.

I believe in boys and girls, the men and women of a great to-morrow; that whatsoever the boy soweth the man shall reap. I believe in the curse of ignorance, in the efficiency of schools, in the dignity of teaching, and in the joy of serving others. I believe in wisdom as revealed in human lives as well as in the pages of a book, in lessons taught, not so much by precept as by example; in the ability to work with the hands as well as to think with the head; in everything that makes life large and lovely. I believe in beauty in the school-room, in the home, in daily life, and in out-of-doors. I believe that every hour of every day we receive a just reward for all we are and all we do. I believe in the present and its opportunities, in the future and its promises and in the divine joy of living.

### Easily Remembered.

Angry voices were heard as the midnight express was about to start. "I tell you," cried the attendant, blocking the carriage door, "this is a sleeping-carriage, and you can't tread in it without a special ticket." "Begorra, I had a ticket!" "Where is it?" "I've lost it," replied the Irishman who was causing the disturbance. "If you've really had the misfortune to lose your ticket, perhaps you can remember your berth?" There was an interval of silence, Paddy evidently employing his thinking powers. "Och, be Jabers, that's aisy!" he exclaimed at last. "I was born on the twenty-sixth of October, 1892."

## RED HOT JULY DAYS HARD ON THE BABY

July—the month of oppressive heat; red-hot days and sweltering nights; is extremely hard on little ones. Diarrhoea, dysentery, colic and cholera infantum carry off thousands of precious little lives every summer. The mother must be constantly on her guard to prevent these troubles or if they come on suddenly to fight them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the well child will prevent summer complaint, or if the trouble does come on suddenly will banish it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Bits of Canadian News.

Coast Indians expect to take about two thousand fur seals this season. Last year the catch was twelve hundred. Indians are the only persons who can legally take these animals, outside the legal percentage permitted by International Treaty.

The Aircraft Manufacturing Company is now operating a first class commercial aircraft service in Vancouver. A large modern Curtiss seaplane has been secured as a nucleus of a much bigger fleet and the hangars are situated on Burrard Inlet. Passengers will be taken up at English Bay and a regular service to Seattle, Victoria, Nanaimo and other cities will shortly be inaugurated. In addition to this aerial photography will be undertaken by the company, which should prove a great service to the owners of timber areas.

A resolution urging the Federal Government to permit women to file on homesteads on the same basis as men was passed at the convention of the Federated Women's Institute at Edmonton. At the present time only widows may file under the homestead regulations and it is pointed out that since the war women have discovered they are quite capable of performing all the work a farm entails. Several nurses who served overseas have exercised their soldiers' right to take homesteads whilst other women have purchased lands they are unable to secure otherwise.

Saskatchewan has doubled her dairy production during the past year, according to figures issued by the Department of Agriculture. The total output to May 1, 1921, was 671,174 pounds in comparison with 320,265 pounds for the same period in 1920. Comparative figures for May, 1921, and May, 1920, are 325,104 pounds and 187,625, respectively.

Three hundred thousand dollars worth of pelts were offered for sale at Winnipeg in June by the Winnipeg Fur Auction Sales Company. The sale included the entire collection of the Lamson-Hubbard Canadian Company's Mackenzie and Arctic furs. All of the furs which were presented at this fair were guaranteed to be of this season's catch.

The prairie provinces of Manitoba, Saskatchewan and Alberta have more than ninety per cent. of the Dominion wheat acreage this year, according to the government's recently published figures. Out of a total acreage of 18,654,110 of wheat, the three provinces account for 17,418,900, an increase of 557,000 acres over last year.

It is predicted by agricultural authorities that within ten years the province of Manitoba will be producing sufficient tame strawberries to entirely fill her preserving needs and the bulk of those required for immediate consumption.

Immigration to Canada for the month of April, 1921, totalled 15,052, in comparison with 13,287 in April, 1919, an increase of 13 per cent. Of the total newcomers 8,476 were from the British Isles, 5,035 from the United States and 1,541 from other countries.

### Fresh Milk in Cubes.

In Holland milk is now put up and sold in solid form, being made into little cubes which are readily dissolved in tea, coffee or other fluids.

The milk, after removal of the cream, is reduced by heat to dryness, then powdered and mixed with the cream, the material being pressed into blocks.

These milk cubes have the advantage of preserving their freshness for a long time. They are recommended for use in regions where milk is not easily to be had, and travelers may find it convenient to carry a supply of them.

### MONEY ORDERS

A Dominion Express Money Order for five dollars costs three cents.

### Brief.

Fred was being sent to a boarding-school. "Now," said his father, "when you write do not send me pages and pages describing all the pupils, where they come from, and what class they are in, because I really shall not have time to read it all."

A few weeks later his father received the following letter: "Dear Father.—S.O.S., \$; R.S.V.P.—Fred."

Paraguay is experimenting with the cultivation of Chinese tea plants, one variety at least being readily acclimated.

Minard's Liniment for sale everywhere

Polite.  
Little Johnny was sitting by the pig pen. Neighbor Jones passed.  
"Hallo, Johnny, how are the pigs to-day?"  
"Nicely, thank you. How are all your folk?"

### Punished.

Wife—"Johnny was very bad this afternoon; he stole a lot of jam and cake, and ate so much he was ill."  
Husband—"Did you punish him?"  
Wife—"I should say I did. I sent him to bed without his supper."

### Good Business.

Featherstone—"I wonder if your sister realizes, Willie, that during the last month I have given her ten pounds of sweets and some flowers?"  
Willie—"Of course she does. That's why she is keeping her engagement with Jim Burling a secret."

### King's Hearing is Good.

When King Christian visited a little town in northern Schleswig a German woman remarked as they were passing the King, "You can't call him good looking anyway." The King turned and answered in German, "But his hearing is excellent."

### She Couldn't Explain.

The other day Jones heard a comundrum and decided to try it on his wife.  
"Do you know why I am like a mule?" he asked her when he got home.  
"No," she replied promptly. "I know you are, but I don't know why you are."

### Go to the Top.

Examiner—"I am surprised that you all made mistakes in answering the question: 'Where was the Magna Charta signed?' Think it over—can no one tell me?"

Little Boy (at bottom of class)—"I can, sir."  
Examiner—"Well?"  
Little Boy—"At the bottom of the page."

A Cheerful Prospect for the O.D.  
A recently enlisted soldier was walking post for the first time. A dark form approached him. "Halt!" he cried in a threatening tone. "Who are you?"

"The officer of the day."  
"Advance."  
The officer of the day advanced, but before he had proceeded half a dozen steps the sentinel again cried, "Halt!"

"This is the second time you have halted me," observed the officer. "What are you going to do next?"  
"Never you mind. My orders are to call 'Halt!' three times and then shoot."

YARMOUTH, N.S.  
The Original and Only Genuine  
Beware of Imitations sold on the merits of  
MINARD'S LINIMENT

ASPIRIN  
Only "Bayer" is Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting Aspirin at all. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Then you will be following the directions and dosage worked out by physicians during twenty-one years and proved safe by millions. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoceticacid-ester of Salicylicacid.

## IMPROVEMENT IS TALK OF FRIENDS

TANLAC DID HER WORLD OF GOOD, SHE SAYS.

"Change It Has Made in Me Is Simply Wonderful," Says Toronto Woman.

"Tanlac has certainly had a good chance in my case to show what it can do, for I sure had a long hard struggle and had just about tried everything," said Mrs. Mary Richards, 251 Ashdale Ave., Toronto.

"I have been in a badly run-down condition ever since I had pneumonia six years ago. My stomach was nearly always out of order. My appetite was very poor and I had to be very careful about what I ate, as I suffered terribly from indigestion, bronchitis and pains in my chest. My sleep was never sound and I had a tired, worn-out feeling all the time. I had dreadful headaches and weak spells and had fallen off in weight until I was scarcely more than a shadow of my former self, and I was absolutely unfit for work of any kind."

"But Tanlac has done me a world of good. My stomach is in fine condition and I eat all I want and everything agrees with me perfectly. All my aches and pains are a thing of the past and I'm stronger than I've been in a long time. In fact, Tanlac has the same as made a new person of me, for I can do my housework with ease and my friends are talking about the wonderful change that has come over me. I don't believe anyone who suffers as I did can do better than take Tanlac." Tanlac is sold by leading druggists everywhere.

### Integrity.

In the world of things created, Integrity is enduring.

The pyramids have been beaten upon by the hot sands of 5,000 years. Their edges have crumbled, their sides are defaced, but still they stand, their Integrity untouched.

In the world of spirit, Integrity of character is ever the hallmark of greatness. Temptations to evade agreements, to cheapen quality, to place personal favor before impartial justice—all these can beat steadily upon it, yet it will stand stanch and uncompromising.

Integrity is the measure of a business; compromise ever so little and honor is dimmed and reputation fades away.

Don't wear out your welcome; it is difficult to replace.

## ACUTE ECZEMA ON BABY'S HEAD

Face, Neck, Arms, Terrible Slight, Itched And Burned. Cuticura Heals.

"Baby was two months old when I noticed little pimples on her head. They kept getting worse and spread till her head, face, neck and arms were one mass of eruptions, burning, itching, and bleeding. I was told it was eczema. I had to sew up her arms and legs in linen. She was a terrible sight. For one year I had no rest night or day."

"We got Cuticura Soap and Lotion. In less than two weeks she began to mend and in a few months she was healed." (Signed) Mrs. Boorman, 213 McDougall St., Toronto, Ont., April 10, 1919.

Keep the use of all doubtful soaps. Use Cuticura for all toilet purposes. Soap 25c, Ointment 35c and 50c. Sold throughout the Dominion. Canadian Depot: Lyons, Limited, St. Paul St., Montreal. Cuticura Soap shaves without ras.

## HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Baker and Mrs. Kiever.

Vancouver, B.C.—"I am pleased to say that Lydia E. Pinkham's Vegetable Compound has done me a lot of good. I can now walk about without the aid of a support and feel real strong again. A nurse advised me to take the Vegetable Compound and it is certainly helping me. It seems like Heaven to be relieved after months of pain." Mrs. H. W. BAKER, 8574 10th Ave. West, Vancouver, B.C.

"I have taken Lydia E. Pinkham's medicines and they have done me a lot of good. Since then I have been able to do my housework and I have a lot of work to do as we live on a farm. Seeing your advertisement in the papers was what made me think of writing to you. I hope this may help some one else." Mrs. W. B. KIEVER, Upper New Horton, Albert Co., N.B.

The reason women write such letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

**E. Witter & Co.**

Miss Ethel Westman of Milverton  
is dead from lockjaw and blood poi-  
soning, the result of having stepped  
on a rusty nail which penetrated her  
foot.

**CLIFFORD.**

On Monday evening a number of  
ladies motored to the home of Mr.  
Chas. Klein, Carrick, and presented  
Miss Bernice Klein with a miscellan-  
eous shower of useful gifts in honor  
of her approaching marriage.

Mr. and Mrs. August McPhail cele-  
brated their silver wedding anniver-  
sary by inviting a large number of  
friends to the handsome home in Clif-  
ford on Thursday evening, July 7th.  
An enjoyable time was spent in com-  
memoration of the happy event twent-  
five years ago.

On Saturday, Mr. Ed Eckenswiler  
met with an accident which will in-  
convenience him for awhile. While going  
along the street from the Post Office  
in the morning, the foot on one of his  
limbs turned over, and he suffered a  
bad sprain.

There was a bad fire which destroy-  
business places and residences in  
Guelph on Thursday of last week.  
From the Guelph papers we learn that  
the house where Sheriff A. S. Allan  
resided was consumed. The first alarm  
of fire was given from this house.  
We hear both Mr. and Mrs. Allan had  
to be taken out of the house. They  
lost all their personal belongings.

The man who declares he will wear  
no other man's collar shouldn't ne-  
glect to put his monogram on his  
laundry.

A Richmond, Va., woman paid \$150  
for a casket in which to bury her pet  
poodle and quite a sum in addition  
for telegrams notifying her friends  
of the dog's demise.

An Inglewood youth tried to com-  
mit suicide by cutting his throat with  
a razor because the village belle re-  
fused to marry him. He didn't at-  
tempt to blow out his brains with  
a revolver because there was nothing  
for him to aim at.

"You need your money  
I need mine  
If we both get ours  
It would be fine.  
But if you get yours,  
And hold mine, too,  
What in the world  
Am I to do?"

"Punch knows how to hit off a  
situation: 'What are you a doin' of,  
James?' 'Sharpenin' a bit o' pencil'  
'You'll ave the bloomin' Union after  
you, me lad. That's a carpenter's  
job.' Things are becoming so ar-  
ranged and classified that a man will  
soon not venture to light his own  
pipe.

Physicians, business men or any-  
one who owns an enclosed automob-  
ile can now equip them with a wire-  
less telephone at a cost of about \$50  
or just about the price of a new tire  
or battery. The instrument in the  
automobile will work successfully up  
to five miles, and use only a small  
part of the battery current. They  
are able to keep constantly in touch  
with home within a five-mile radius.

The cinn borer is again in evidence  
this year in Elgin. The Government  
representative has been making in-  
vestigation and finds that there will  
be several serious cases of the work  
of the insect to report before the  
season is over. Similar conditions  
have been found in Middlesex and a  
portion of Oxford. The moths are  
now on their wings and some of their  
eggs have been hatched.

Now that the British coal strike  
is over, the miners who failed to win  
out, are in a much worse plight than  
they were before. The mad policy  
pursued by their leaders in compelling  
the safety men to quit their posts re-  
sulted in the flooding of the mines and  
the absolute ruin of a large number  
of them from roof falls and cave ins.  
In the best of them the general under-  
ground conditions are bad and it will  
take weeks before they can be put in  
operation. The strike disorganized  
industry with the result that living  
costs mounted and many of the miners  
and their families are now on the verge  
of starvation and they are now with-  
out the hope of employment. At least  
a quarter of a million will be perma-  
nently excluded from work and will  
be compelled to emigrate to find  
means of subsistence. The lesson  
taught them that war in industry is  
no more profitable than war between  
nations. The destruction and chaos  
brought about renders even to the win-  
ners, losers. The havoc created in the  
coal mines of Britain will not be re-  
paired for a generation.

**FALLING BEAM HITS BOY**

An accident which may prove fatal  
occurred on the farm of Mr. John  
Yeo, 8th line of Morris township, on  
Friday afternoon when his grand-  
son, Lloyd, a lad about 10 years of  
age, was struck by a falling beam in  
the barn, and now lies in a precarious  
condition. Mr. Yeo was in the act  
of drawing in hay and in using the  
hay-fork the pulley gave way, lett-  
ing the rope swing, and catching the  
end of a beam, threw it to the  
barn floor, striking the young boy on  
the head, fracturing his skull and  
breaking his thigh. Little hope is  
entertained for his recovery.

**EXAMINATION FOR PARENTS**

One of the Toronto schools has  
done parents and pupils a very good  
service by issuing the following ex-  
amination paper:

"Do you visit the school to enquire  
about your child's progress and de-  
portment and to see if you can help  
the teacher help the child?"

"Do you encourage your child in  
respect for teachers and others in  
authority?"

"Do you send your child to bed in  
time, so that he will be rested and  
fit for study?"

"Do you provide plain, nourishing  
food and see that your child is up in  
time to eat a good breakfast?"

"Do you teach your child to read  
the papers and find out the best in  
them, and do you encourage an inter-  
est in public affairs?"

"Do you avoid gossip and the tell-  
ing of incidents which they may mis-  
interpret before your children?"

"Do you encourage helpful conver-  
sation at the table?"

"Do you interest yourself in your  
child's sports, amusements and friend-  
ships?"

"Do you comply with the rules of  
public health in your home, and do  
you keep in mind the fact that, while  
the school may do much to instill  
right principles, your children are  
handicapped if you do not support it  
by instilling obedience and high deals  
of patriotism and personal life?"

At the sessions of the county court  
in Barrie last week, Judge Vance  
pointed out that there is manifestly  
too much assumption on the part of  
drivers that if they blow their horn  
everybody walking has to move out of  
the way. The abuse of the drivers is  
that they think they have the right of  
way. But, according to the statute,  
said his honor, even though a motor is  
driven at a moderate rate of speed it  
has no right to assume that by merely  
tooting its horn it is relieved of all re-  
sponsibility. The pedestrian has the  
same rights as the driver.—Alliston  
Herald.

**THE WESTERN FAIR.**

The Exhibition grounds at London  
is becoming a busy place in prepara-  
tion for the Exhibition in September.  
A large amount of work is to be  
done to be in readiness for the big  
event. A portion of the cattle barn  
will be moved to the new grounds  
purchased last year. The sheep and  
swine pens will also be moved and  
the storage building will be placed  
out of the way. This will allow very  
much more room for outside exhibits  
such as tractors, threshing machines  
and other farm implements. If space  
is required application should be  
made at once, as there is very little  
left.

All information given on applica-  
tion to the Secretary, A. M. Hunt,  
General Offices, London, Ont.

COLUMBIA SIX Gem of the Highway

Thermostat and Shutters

THE AUTOMATICALLY CONTROLLED RADIATOR SHUTTERS ARE AN EXCLUSIVE FEATURE OF THE COLUMBIA SIX.

As we begin to look ahead to the cold stormy days of Autumn, it is a mighty satisfying thing to be the owner of a Columbia Six and know that you are immune from countless annoyances of operating a car in cold, stormy weather.

The motor temperature is kept, winter and summer, at the same ideal operating point by the wonderful thermostatically controlled radiator shutters. Only one other car—a car costing nearly three times as much—furnishes them as standard equipment.

E. T. BURNS, Chepstowe

Exclusive agent for Bruce County for Columbia Six Motor Cars, all models. Demonstration can be given any where in Bruce County.

Less Troublesome Adjustments

As a rule the adjustment you get on a defective tire, doesn't quite satisfy you. Mainly, we suppose, because we are all human and want a little more than we are entitled to.

But even our most private opinions on the fairness of an adjustment, can find no fault with the method of settling claims on Ames Holden "Auto-Shoes."

You are always right with ourselves and the manufacturer. We personally look after your interests. There is no needless red-tape, delay or argument in fixing our measure of responsibility and your compensation. Ames Holden "Auto-Shoes" are guaranteed against any defect in material or workmanship without time or mileage limit. They are adjusted on that basis without quibble or evasion.

Mildmay - Ont

An old Indian, steeped in the lore of his tribe, declares that the present heat wave will last until July 19 or 20, when the moon is due for its most important change. The old prognosticator bases his prediction on precedent. The new moon, which was ushered in on July 5, should have brought a change, but it didn't, so he sees little relief for suffering Ontario until the full moon arrives.

Owen Sound is the first city in Ontario to provide special camping accommodation for visiting motorists.

MOTORISTS' ANTICS BRING TROUBLE

When Warden Johnston was motoring over from Lucknow to the Ripley races, a young chap in a slow-moving jitney ahead kept to the left of the road and forced the Warden to reduce his speed to a snail's pace. The young offender, and on arriving at Ripley laid information against him. The case was to have come up for trial the following week but before the day of trial the youth relented and made a abject apology to the warden who was able to have the case withdrawn. Conduct such as the above, is an offence, punishable by a heavy fine, under the Ontario Motor Vehicles' Act.

A NEW POTATO BUG KILLER

A strange "animal" which has earned the right, along with the snake and the toad, to be classed as one of the "farmers' best friends" is a bug of the stink-bug family found on many potato plants in Charlotville, near Simcoe this week. The bug lives on potato bugs and has completely cleared potato patches in Charlotville of the bug pest. Mr. Frank Shearer of Charlotville states that this particular species of bug has never before been seen as far north as Ontario, although farmers in New York and Ohio States look upon the potato beetle eater as something to be cultivated. The bug is about one-half inch long with curved shell back, similar to the back of a tortoise. The back is colored red with black markings and along the edge is a fringe of white dots. The "animal" has long spidery legs, and its head, which looks as if it can disappear under the hard-shell back is tinted red and resembles that of an ant.

KILLS TARANTULA, STABS HAND

Over-eagerness to dispatch a huge tarantula which was taking a morning constitutional on the market square in London, Ont., resulted in Walter Watkins, driver for Langford & Edwards, severely cutting his hand on the knife with which another man was stabbing the spider. A bunch of bananas had been delivered by Mr. Watkins to a store fronting on the square. The grocer, sizing up the fruit with a keen eye, spotted the tarantula and knocked him to the ground. Mr. Spider immediately threw himself into high gear and dashed madly across the square.

Grabbing a sharp stiletto, the grocer started in pursuit with Mr. Watkins at his heels. Cornering the spider ear some baskets of fruit, he made a lunge which cost the animal a couple of legs but did not stop his progress. Watkins brought his bare hand down on the spider at the same time, and, in addition to killing it, grazed his palm on the sharp knife. The wound was dressed almost at once and it was found that Mr. Watkins would not lose his little finger as was feared at first. It is said that the bite of a tarantula produces a mania for dancing, but apparently the spider bit the dust before he had a chance to inoculate Mr. Watkins with any jazz.

AUTOMOBILE ACCIDENTS

It is not too much to say that 99 per cent of automobile accidents are due to fast driving—that is driving at a speed greater than the ability of the driver, the condition of the car, road or circumstances of traffic will warrant.

Here are a few examples from this week's news: An automobile crosses a culvert, bounded into the air and alighting, smashed two wheels and upset into the ditch. Nobody seriously hurt, due to good luck.

Another automobile rushing along endeavors to round a curve in the road. It is overturned in the ditch and wrecked. Nobody seriously hurt but narrow escapes.

Another big car making 50 miles an hour hits a milk wagon, killing the driver and injuring a number in the car. The car and wagon were both smashed.

Senseless speed was clearly the would be all right if there were no culverts, curves, loose gravel or other rigs on the road. But these things are.

The tragic accident at Winona a week or so ago was clearly due to the same cause—speed. In this case it is said that the brakes failed to work. But brakes that are not broken do not fail to work, though they may fail to hold. No brakes now in use will hold a heavily loaded car that has gained considerable headway going down a hill. They are not built to do that. The careful driver will have his car under control before he starts to descend.

Of course, all are subject to failure of judgement. The brake may be applied a moment too late; the road is "greasier" than one thinks, or one does not notice the rut in the road. But these oversights are not nearly so dangerous if moderation in speed is observed. Lucknow Sentinel.

The Formosa Mutual Fire Insurance Company

ESTABLISHED 1880 HEAD OFFICE: FORMOSA, ONT. E. G. Kuntz, Manager. INSURES

PRIVATE DWELLINGS, STABLES, CHURCHES and SCHOOLS in towns and villages and rural districts at the lowest rates possible. FARM PROPERTIES, THRESHING MACHINES and REGISTERED STOCK at lower rates than other companies are charging. This company has just closed a very successful year of business and is in a sound condition, managed by careful business men and ranks as one of the best companies doing business in Ontario. With almost 3,400 policies in force Dec. 31, 1920, and assets available \$254,755.94, of which amount \$18,030.85 is in cash bonds and the total amount of insurance in force \$9,087,167.00.

Being a local company managed honestly, it merits the patronage of all intending insurers, and with the company's honest reputation for promptness in investigating losses and paying for them as soon as possible, and with our low rates it would be to your advantage to consult the manager at the Head Office, or our local agent, Jonas Vollick, Mildmay.

THREE JUDGES IN CHARGE OF BRUCE AND GREY COURTS

When the lieutenant governor of Ontario, Hon. Lionel Clarke, issues his proclamation in the near future, iooooiooooo iooooiooooo itatat ehra Bruce county will be grouped with three judges will have charge of the County courts and Division courts. The three judges will be Judge C. T. Sutherland of Owen Sound, and A. B. Klein and A. M. Greig of Walkerton. The County Judge's Act was passed by the Ontario Legislature in 1919. By this Act the lieutenant governor of Ontario was authorized by proclamation to form districts of two or more counties. On June 14th, an order-in-council was passed requesting the lieutenant governor to issue a proclamation forming certain districts under that Act.

The judges meet once a year in one of these courts and set the court dates and appoint judges to each of the courts. Each judge has jurisdiction over all the counties in his district. If a judge is unable to attend a court to which he has been assigned, he can secure a substitute. All the courts will be held by the judges in rotation. Every judge shall perform the duties given him.

The Needless Misery That Women Bear

WHEN the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Doctor Pierce over fifty years ago. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all thru treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening pains, and for many disorders common to women in all ages of life. Sold by druggists in tablet and liquid form. Send Dr. Pierce 10c. for trial package.

## BRITAIN'S PREMIER CONSULTS WITH LEADER OF IRISH "REPUBLIC"

London Parley Brings Peace Nearer—Conference to Continue—De Valera Accorded Hearty Reception by Huge Crowds.

A despatch from London says: Premier Lloyd George and Eamon de Valera parleyed for two and a half hours in Downing Street Thursday afternoon. As a result of their preliminary conference the drive for peace between England and Ireland will be intensified.

It is stated by reliable sources that definite proposals were debated at the meeting which cannot be committed to concrete form by Lloyd George until he has again consulted with Sir James Craig.

The talk between the two leaders was conducted behind rigidly closed doors, while 5,000 Irishmen and women massed in Whitehall, sang Republican and old Irish songs. The crowd gave de Valera a tremendous reception when he arrived in a limousine with Commandant Barton and Arthur O'Brien.

In the small room adjoining the Premier's study, the couple talked without being interrupted. Then, mainly because the Premier had to attend an important banquet Thursday night, they adjourned until Friday. After the meeting both parties agreed to hand the press the following statement:

"Lloyd George and de Valera met as arranged at 4.30 Thursday afternoon at 10 Downing Street. They were alone and the conversation lasted until after 7 p.m. A free exchange of views took place and relative positions were defined. The conversations will be resumed on Friday at 11.30 a.m."

Amid cheers and the waving of Sinn Fein flags, de Valera then drove to his headquarters at the Grosvenor Hotel, where he conferred with Griffiths and Stack.

## BELFAST SCENE OF PITCHED BATTLE

Elsewhere Throughout Ireland Peace Prevails.

A despatch from London says: While Lloyd George and de Valera were thrashing out peace matters on Thursday in London, the Ulsterites and Sinn Feiners reopened hostilities in Northern Ireland. They began a pitched battle at Belfast, which became more and more serious as the day wore on.

Margaret Walsh, a young girl, who was wounded in the head, died at six o'clock on Thursday night. District Inspector McConnell and Sgt. Taylor were wounded while answering a riot call in the Short Strand district. The firing in York Street continued for three hours. Tram cars were attacked and alleged Sinn Feiners were dragged from the cars and beaten. Women and children in the east end aided the men in piling stones and loading revolvers, urging the men to "go for the enemy."

Military assistance was called for, but all efforts to quell the disturbances were unsuccessful, despite the fact that motor cars were brought into use.

Outside of Belfast, Ireland is quiet. Just before 10 o'clock the rioting had spread to the heart of the city, a fierce battle occurring in Royal Avenue and abutting streets. The police fired into the crowds. It is reported that one military officer was shot dead. William Grant, Unionist M.P. from North Belfast, was shot in the chest during the rioting. The rioting ceased like magic when the curfew rang at 10 o'clock.

## DOWNPOUR WELCOMED BY LONDON CROWDS

Three Months' Drought in England Broken by Steady Fall.

A despatch from London says: After virtually a three months' drought, which scorched grass lands and caused the burning of many acres of furze woods throughout Great Britain, rain fell in various parts of the country and London on Thursday afternoon. The unusual sight was watched by crowds in the city and in the west end. After recovering from their surprise, numbers of persons rushed indoors to spread the news, which brought out other eager watchers.

The heaviest fall occurred in the south of England and Wales where a steady three-hour downpour came just in time to save some of the crops.

## Member of Mission to Canada Dies at Sea

A despatch from Paris says:—Professor Lippmann of the Academy of Sciences, who was a member of the French mission which visited Canada recently to thank the Dominion for the part she played in the war, died on board the steamer France as he was returning from America.

## King George's Intervention Brings Change

A despatch from London says: "I have met the Cabinet and reported to King George," said Premier Lloyd George on Thursday evening in referring to his meeting with De Valera. "The King is taking the keenest and closest interest in the proceedings. It is to his intervention that so much is attributable. We owe him a deep debt of gratitude for this, one of the greatest of the services he has rendered to the world."

"There is a remarkable transformation going on. The least that is said on the subject at the present time the better, but there has been a great change."

## FANCE AND GERMANY AGREE ON PLAN

Define How Germany's Deliveries Should be Credited.

A despatch from Paris says:—Its work here completed, the German financial delegation, which under the leadership of Herr Guggenheimer, principal assistant to Walther Rathenau, Berlin's Minister of Reconstruction, has been discussing the question of reparation payments in kind with Louis Loucheur, Minister of Liberated Regions, has left Paris for Berlin.

According to information received in a high official quarter, comprehensive accord has been reached on all points at issue between the two Governments. The details of the settlement are not forthcoming, but it is understood a detailed plan was drawn up defining exactly what proportion of the monetary value of Germany's deliveries of housing and other materials should be credited herewith on the reparations account.

Originally, Rathenau had asked that French Government pay into the coffers of the Reparation Commission on Berlin's behalf the full market price of the materials delivered.

The preliminary negotiations concluded on Thursday will be followed shortly by another conference between Loucheur and Rathenau at which a final agreement probably will be signed.

## Stefansson Plans to Populate the Arctic

A despatch from Walla Walla, Wash., says:—Vilhjalmur Stefansson is organizing a new expedition to the Arctic, which will leave Seattle about August 6, according to a statement made privately Tuesday. This expedition will be for commercial purposes, and, it is supposed, will take colonists into the Arctic Circle.

Stefansson stated that the North would be populated within the next 30 years, and that the development would be rapid.

Allan Crawford of Toronto and E. L. Knight of McMinisville, Oregon, members of former expeditions, are in Walla Walla in conference with Stefansson, and it is thought that Knight will head the new expedition.

COLONIAL PREMIERS GO FOR A FLIGHT IN R-36.

Photo shows a group waiting their turn to climb the mooring mast and enter the big vessel.

## University Expansion.

Tenders for a new Anatomy Building for the University of Toronto will be advertised within a few days. This is the building stipulated by the Rockefeller Foundation as a condition necessary to the granting of the endowment of one million dollars for research in Medicine in the Provincial University. During the recent session of the Legislature there was a good deal of doubt whether the million dollar endowment could be secured, but, recognizing the need for every dollar that can be obtained for the University, the Government gave its promise that the Anatomy Building would at once be proceeded with. On the strength of this promise, the Rockefeller foundation has forwarded the first quarter's instalment of the annual interest of \$50,000. This money is to be used for the furtherance of medical education and for this purpose only. With this additional income, and a new building which has been urgently needed for years, the University of Toronto will be better equipped to produce the best physicians and surgeons that can be had. Because it is a question of the lives of the people of the country no legitimate expense can be spared in providing for medical education.

This Rockefeller endowment puts the Faculty of Medicine of the Provincial University on a satisfactory basis, but other faculties and departments are still struggling to do their work on a totally inadequate revenue. If, at the next session of the Legislature, the Ontario Government adopts the Report of the Royal Commission on University Finances, the present deplorable condition of affairs can be remedied and the University of Toronto will be in a position to serve the Province as it should and as it is anxious to do. The present necessity for standing still as far as new developments are concerned is injurious both to the University and to the Province.

## Eight Per Cent. Freight Surcharge Fixed

A despatch from Ottawa says:—The Board of Railway Commissioners announces that in accordance with the judgment and order of the board, dated January 14, 1921, the rate of exchange in connection with shipments of freight between points in Canada and the United States, from July 15 to July 31, inclusive, will be 14 per cent., and the rate of surcharge of the said traffic will be eight per cent. The rate of surcharge on international passenger business will be based on 14 per cent. exchange.

The man who spends much time in getting even has that much less time to spend in getting ahead.

St. John's, Nfld.—Speaking of the importation of cattle into Newfoundland, Lord Morris, formerly premier of the island, said: "During the last hundred years seven-eighths of the cattle imported into Newfoundland came from Canada. They average about 3,000 head a year."

## England Looks for Industrial Revival

A despatch from London says:—The most threatening clouds in the industrial sky have been cleared away, and for the time being there is nothing to prevent progress towards an industrial revival. The last big difficulty was disposed of by the engineers' ballot, which, by a majority of 66,000, accepts the employers' proposed wage cuts. A general resumption of work in the coal pits has taken place, but the miners are already complaining that some coal owners are not paying the minimum wage.

## HORSES TO BE SLAIN IN MESOPOTAMIA

Cost of Conveying 30,000 British Army Horses Home is Too Great.

A despatch from London says:—Horse lovers throughout the country have been shocked by Colonial Secretary Winston Churchill's announcement in the House of Commons that 30,000 army horses in Mesopotamia are to be killed, because it is too expensive to bring them home. It was explained that they are mainly heavy draught horses for which there is no local use, and that they had to be fed on imported fodder. The nearest possible markets are India or Egypt, but the difficulties and cost of transportation thence are said to be prohibitive.

Shipping men say it costs £40 to £50 to bring a horse from the East to England, not counting horsemen's wages.

The War Office view is that it is better for the horses to be killed humanely and scientifically than to be left in the hands of natives who would not care for them properly, and no one would suggest turning them adrift in the desert.

## WORLD COTTON CROP IS 19,595,000 BALES

United States Leads With 13,366,000—India 2,976,000 Bales.

A despatch from Washington says:—The world cotton crop for the year 1920-21 is placed at 19,595,000 bales of 500 pounds gross, or 478 pounds net, by the United States Bureau of Markets and Crop Estimates, Department of Agriculture, which based its calculation on the best information available. The Bureau of the Census, Commerce Department, places the world production of commercial cotton at 19,830,000 bales of 500 pounds net, exclusive of linters.

The Department of Agriculture's figures were made up as follows: United States, 13,366,000 bales; India, 2,976,000; Egypt, 1,251,000; China, 1,000,000; Russia, 180,000; Brazil, 100,000; Mexico, 165,000; Peru, 157,000, and all other countries, 400,000.

## Canada From Coast to Coast

Victoria, B. C.—British Columbia is expecting to ship five thousand carloads of apples containing 8,750,000 boxes in 1921. This quantity will be double the amount of the shipments last year and constitute the largest export the province has ever effected. A partial realization of the development of the British Columbia apple industry may be reached when one takes into consideration that twenty years ago the province was importing this fruit.

Edmonton, Alta.—There is no more ideal ranching country in the Dominion of Canada than that lying along the Keg River and adjacent streams in the Peace River in the belief of Frank Jackson, who owns what is considered the finest ranch in the north country. This is located about half way between Peace River Crossing and Fort Vermillion. He has the inconvenience of having to travel 250 miles for his mail, but states enthusiastically that the beauties of the ranch, the excellency and extent of the pasturage, and the climate of the district are more than ample compensation.

Regina, Sask.—Prizes in several of the cattle show sections at the Regina summer fair will be augmented by a gift from the American Shorthorn Breeders' Association, Chicago, according to announcement. The American Association will also duplicate, dollar for dollar, the prizes won by American shorthorns which may be shown at the Regina Fair this summer.

Winnipeg, Man.—A heavy movement of Poles from the middle Western States into Manitoba is in prospect, according to Vincent A. Danielski, of Chicago, representative of the Union Liberty Company, a \$7,000,000 corporation which directs the welfare of the Poles of the United States and settles them on land where they will engage solely in agriculture on 30,000 acres of land in Manitoba. It is the intention to bring to Canada probably 20,000 of these United States Poles. The company will extend its work into Ontario, Saskatchewan, and Alberta, and the movement is expected to be very extensive.

Ottawa, Ont.—Canada's birth rate for 1920 was 27.47 per thousand as against a death rate of 13.31 per thousand. The marriage rate during the same period was 8.94 per thousand. The province of Quebec has the highest birth and death rates followed by

New Brunswick. British Columbia and the prairie provinces have the lowest rate in births and deaths. The totals for the Dominion for the year show 247,819 births, 80,472 marriages, and 119,827 deaths.

Montreal, Que.—"We have fifty million dollars to spend on our port and we want to get pointers on the best way to lay it out, so we came to Montreal," said the mayor of the city of Baltimore who, with four other officials of that city, and port officials of New York and Philadelphia, spent two days investigating the system of operation and facilities existing in the port of Montreal. "The foresight and courage of those originally responsible for the development of this great port was wonderful," he went on, "and as a result Canada possesses a port which, although nearly a thousand miles from the sea is yet amongst the first of world ports."

Fredericton, N. B.—Operations of the Anglo-Persian Oil Company are being carried on in the province on an active scale. The company has recently engaged a large number of Canadian drillers for service in the province, and it is intended to considerably extend the scope of the work carried on during the past two years. The present gas field is located in Albert County, and the oil and gas areas to be tested lie in the counties of Albert, Westmorland, and Kent. In addition to drilling operations progress is being made on the systematic development of the oil shale deposits. At Baltimore in Albert county the company is erecting a small retorting plant to be in operation this year. An appropriation of \$6,250,000 has been set aside for this and other development work.

Halifax, N. S.—Considerable interest is centred on the report of a gold strike at Oldham, Halifax County, where a serpentine lead of free gold is said to have been discovered. Report has it that with the quartz removed the ore should run from \$30 to \$40 per ton. About eighty claims have been staked out in the vicinity.

Digby, N. S.—The lobster season has just closed, and it has been a prosperous one for Nova Scotia. The shipment of live lobsters from Yarmouth by steamer totalled 21,486 crates as compared with 16,471 last year. In addition there were 6,744 crates carried to the United States markets direct by United States fishing boats as compared with 4,774 in 1920.

## Weekly Market Report

**Toronto.**  
Manitoba wheat—No. 1 Northern, \$1.83 1/2; No. 2 Northern, \$1.80 1/2; No. 3 Northern, \$1.76 1/2.  
Manitoba oats—No. 2 CW, 50 1/2c; No. 3 CW, 47 1/2c; extra No. 1 feed, 47c; No. 1 feed, 45 1/2c; No. 2 feed, 44 1/2c.  
Manitoba barley—No. 3 CW, 1 1/2c; No. 4 CW, 77 1/2c; rejected, 71 1/2c; feed, 70 1/2c.  
All the above in store, Fort William.  
American corn—No. 2 yellow, 75c; nominal, c.i.f., Bay ports.  
Ontario oats—No. 2 white, 40 to 42c.  
Ontario wheat—No. 2 Winter, nominal, per car lot; No. 2 Spring, nominal; No. 2 Goose wheat, nominal, shipping points, according to freight.  
Peas—No. 2, nominal.  
Barley—Malt, 65 to 70c, according to freights outside.  
Buckwheat—No. 3, nominal.  
Rye—No. 2, \$1.25, according to freights outside.  
Manitoba flour—First pats., \$10.50; second pats., \$10, Toronto.  
Ontario flour—\$7.40, bulk seaboard.  
Milled feed—Delivered, Montreal freight, bags included; bran, per ton, \$23 to \$25; shorts, per ton, \$23 to \$27; good feed flour, \$1.60 to \$1.75 per bag.  
Hay—No. 1, per ton, \$17 to \$19; mixed, \$8 to \$10; straw, car lots, per ton, \$10.  
Cheese—New, large, 23 to 24c; twins, 23 1/2 to 24 1/2c; triplets, 24 1/2 to 25c; old, large, 33 to 34c; do, twins, 34 to 35c; triplets, 34 1/2 to 35 1/2c; new Stilton, 25 to 26c.  
Butter—Fresh dairy, choice, 30 to 32c; creamery, prints, fresh, No. 1, 36 to 38c; cooking, 28 to 29c.  
Dressed poultry—Spring chickens, 40c; roosters, 20c; fowl, 30c; ducklings, 35c; turkeys, 60c.  
Live poultry—Spring chickens, 30c; roosters, 16c; fowl, 22c; ducklings, 30c; turkeys, 50c.  
Margarine—20 to 22c.  
Eggs—No. 1, 38 to 39c; selects, 41 to 42c; cartons, 43 to 44c.  
Beans—Can. hand-picked, bus., \$2.85 to \$3; primes, \$2.40 to \$2.50.  
Maple products—Syrup, per imp. gal., \$2.50; per 5 imp. gals., \$2.35.  
Maple sugar, lbs., 19 to 22c.  
Honey—Old, 60-80-lb. tins, 19 to 20c per lb.; 5-2 1/2-lb. tins, 20 to 21c per lb., Ontario comb honey, at \$7 per 15-section case.  
Smoked meats—Hams, med., 38 to 40c; heavy, 30 to 31c; cooked, 58 to 62c; rolls, 27 to 28c; cottage rolls, 30 to 31c; breakfast bacon, 33 to 38c; special brand breakfast bacon, 45 to 47c; backs, boneless, 42 to 47c.  
Cured meats—Long clear bacon, 17 to 19 1/2c; clear bellies, 19 1/2c.  
Lard—Pure, tierces, 14 1/2 to 15c; tubs, 15 to 15 1/2c; pails, 15 1/2 to 16c; prints, 16 to 17c. Shortening, tierces, 12 1/2 to 13c; tubs, 12c to 13 1/2c; pails, 13 1/2 to 13 3/4c; prints, 15 1/2 to 15 3/4c.  
Choice heavy steers, \$7.25 to \$8; butcher steers, choice, \$7 to \$7.75; do, good, \$6.75 to \$7.25; do, med., \$5.25 to \$6.75; do, com., \$3.75 to \$5.25; butcher heifers, choice, \$7.25 to \$7.75; do, med., \$5.75 to \$7.25; butcher cows, choice, \$4.50 to \$5.50; do, med., \$3 to \$4.50; canners and cutters, \$1 to \$2.50; butcher bulls, good, \$4.25 to \$5.25; do, com., \$3 to \$4; feeders, good, 900 lbs., \$5.50 to \$6; do, fair, \$5 to \$5.50; milkers, \$45 to \$65; springers, \$55 to \$75; calves, choice, \$9 to \$10; do, med., \$7 to \$8.50; do, com., \$4 to \$5.50; lambs, yearlings, \$7 to \$8; do, spring, \$10.50 to \$11; sheep, choice, \$4.50 to \$5.50; do, good, \$4 to \$4.50; do, heavy and bucks, \$2 to \$3.50; hogs, fed and watered, 11; do, country points, \$10; do, l.o.b., \$10.25.  
Montreal.  
Oats—C.W., No. 2, 61 1/2c; CW, No. 3, 58 1/2 to 59c. Flour—Man. Spring wheat pats., firsts, \$10.50. Rolled oats—Bag, 90 lbs., \$3 to \$3.05. Bran—\$25.25. Shorts—\$25.25. Hay—No. 2, per ton, car lots, \$25 to \$27.  
Cheese finest easterns, 28 to 29 1/2c. Butter, choicest creamery, 37 1/2c. Eggs, selected, 42 to 43c. Potatoes, per bag, car lots, 45c.  
Good veal, \$7; med., \$3.50 to \$6; grass, \$2 to \$2.50. Ewes, \$2 to \$4; lambs, good, \$8.50 to \$9.50; common, \$6 to \$8. Hogs, sows and heavies, \$6.50 to \$7.50.

**LIVE STOCK MARKETS TORONTO**

A heavier offering of cattle than has been received on a Monday for some time was in evidence at the Union Yards yesterday. While it was felt in the early trading that prices would weaken as a result of the offering, such was not the case, values holding about steady throughout the entire market. Prices were not as strong as a week ago, but were steady with easier close which prevailed on Thursday. So light has been the offering recently that the packers were able to take care of yesterday's run without any difficulty, and this fairly good demand served to hold values steady.

The greatest activity was in the choice butchers, the trade being inclined to drag a little for the heavy rough cattle. A number of handy-weight butcher steers brought from \$7 to \$7.40 per cwt. The best sale of the day was that of a load of 23 extra good cattle for export at \$7.75. The H. P. Kennedy Co. was in the market for export cattle and bought about 300. They paid from \$7 to \$7.60 for the best and from \$6.50 to \$7 for the fair to good. Bulls sold from \$4.50 to \$5 and choice heavy heifers from \$6.50 to \$7. Trade in cows and bulls was about steady, but there was a stronger trend in the milker and springer section. As high as \$100 was paid for a good springer with the bulk of these moving from \$65 to \$70.

The small meats were generally steady and had a fair sale. Choice veals had a strong trade, tops being around \$10.50, with the bulk selling from \$8 to \$9.50.

The top of choice lambs was \$13. Heavy sheep were again slow, while good sheep sold up to \$5.

The hog market was unsettled. Packers did not advance their prices over \$11 on the fed and watered basis. The result was that practically all of the light offering went to the outsiders at \$11.75, and in an odd case at a higher price.

**HOOTCH HUNTERS SUCCESSFUL**

As the result of raids made by License Inspector Jos. White, Inland Revenue Officer J. J. Johnston of Owen Sound, High Constable Pembroke of Grey County, three convictions were made in court here on Saturday by Magistrates Tolton and Richardson. Two weeks ago the party of officers paid a visit to the farm of Robert Osborne, con. 16, Greenock. While the search was on some one took the precaution to upset three barrels of wheat mash around the edge of a swale. The Officers succeeded in getting a sample in a sealer before it all drained away and it proved to be the makings of genuine hootch. Osborne was assessed \$500 and costs by the Magistrates. On their way back from their visit to Osborne's, the officers dropped in on W. J. Wilson, con. 10, Greenock, in the Cargill neighborhood. A previous call had been fruitless but on the second visit the officers found four barrels of blackstrap out in the woods and a number of empty barrels. At court on Saturday Wilson pleaded guilty, under the Dominion Act, and was fined \$500 and costs. Julius Koch, who sells summer drinks at what used to be an old tavern at the Devil's Elbow, south of Port Elgin, was also favored with a visit by the gov't officers. Julius had 35 gallons of dandelion wine which was so good for his heart trouble, he said, that he was accustomed to polish off a couple of bottles every week. As the sample taken away by the officers analyzed 18 per cent proof spirits, Mr. Koch was asked to appear in Court here on Saturday and later invited to come

across with \$500 and some odd dollars for court costs. Mr. David Robertson appeared for the Crown in these actions. The accused in each case put up no defence. & Telescope.
