EVERYBODY READ THE ACADIAN. IT GIVES ALL THE NEWS.

THE ACADIAN.

WOLFVILLE, N. S., APR. 29, 1904.

At the convocation of Dalhousie College on Tuesday of this week the honorary degree of Doctor of Laws was conferred on Dr. A. W. Sawyer, of Acadia, in recognition of his long and distinguished services as a teacher and leader in education.

Spring is apparently really with us at last, and we are reminded of one of the important events that come with this season of the year. We refer, of course, to Arbor Day. We trust that this year in the Wolfville schools, as well as in those throughout the country, a systematic effort may be put forth to have the day duly observed. Arbor Day furnishes a very appropriate and convenient occasion for teaching lessons of real value, and because of this should not be allowed to pass unnoticed. We trust that the School Board will put in operation a movement that will ensure a proper observance of the day.

Considerable interest appears to be taken at present in the matter of the consolidation of our public schools. As will be seen by a communication in another column, an attempt is being made to unite Hortonville, Grand Pre and Long Island sections, and although there is some opposition to the scheme, such a union will probably be brought about in the near future. Hantsport and adjoining sections are also considering a consolidation. Everybody will admit that our schools are not what they might and should be, and advance in this or any direction ought to be gladly welcomed. In view of this the operations of the experimental school at Middleton, which is being conducted under the patronage of Sir William McDonald, will be watched with much interest. The ACADIAN gladly opens its columns for a discussion of the question, or any other calculated to improve the efficiency of our public schools.

World Wide.

The Grand Trunk Pacific Bill passed its second reading in Parliament, on the 21st of April by a majority of fifty five. A permanent company is now to be formed to carry out the project.

Among the strange discoveries recently made by the British in a Thibetan fort at Gangtse, was a room containing many human heads, some of which had, apparently, been recently severed. Evidently the natives still keep up the practice of regular executions.

The work of clearing away the debris in Toronto, in view of rebuilding, began last week as soon as the fire was out. It is recommended that no building be constructed higher than four stories, unless perfectly fire-proof, and that no building of any kind reach a height of more than seven stories.

An interesting event took place in the Senate at Ottawa last week when the Hon. Mr. Wark, who had just reached his hundredth birthday, entered the chamber of the Senate, leaning on the arm of Sir Mackenzie Bowell. The aged senator was received with high honors, the members all standing and applauding while he took his accustomed seat.

An experiment has been going on at Yale for the last year to demonstrate the theory that the average human being eats too much. Several professors, students and a squad of soldiers have been undergoing the test, and the results prove that the ordinary healthy person eats twice as much as will satisfy his appetite or is good for mental and physical vigor.

In striking contrast to our auction practices are those carried on in China. In that country the public attending an auction are silent, the auctioneer himself, perfectly silent. He leans over a counter and exhibits his wares, the bidder signifying the price he will pay by a nod of the head. The auctioneer and successful bidder know the price offered and accepted.

All amounts of sums representing the cost of the Russians for war are being printed. The Associated Press states, on authority, that the daily expenses are averaging \$750,000. Thus a year's war would cost something like \$275,000,000. To meet this there is a free balance of \$15,000,000. No foreign loan has yet been arranged by the government, and, it is said, none is desired unless unavoidable.

College Notes.

The Anniversary exercises take place this year at the earliest possible date, the graduating exercises at the College taking place on Wednesday, June 1st.

Dr. Calvin Goodspeed, professor of systematic theology at McMaster University, Toronto, will preach the Baccalaureate sermon this year and the Rev. J. H. Jenner, of Halifax, will deliver the annual address before the College Y. M. C. A. on Sunday evening, College Hall.

The grants to the ministerial students from the Payzant fund, will, in the future, be given not as gifts, but in payment for services rendered, to the Mission board during the summer vacation.

J. A. Bancroft, Acadia '03, last year's gold medalist, has made a record in geology at Yale, at his examination. Out of a possible 400 he made 390. On account of his excellent standing he was chosen one of seven from a class of two hundred and sixty for membership in the Sigma Chi society.

On the evening of May 3rd the ladies of the Methodist church intend holding a concert in the Vestry. An elaborate program is being prepared, at the close of which refreshments will be served. The public are cordially invited to attend. Admission only ten cents.

Wolfville Board of Trade.

The quarterly meeting of the Wolfville Board of Trade was held in Temperance Hall on Tuesday evening. There was a fairly good attendance of representative business men of the town, but we failed to note the presence of a number who should have been present. The Board of Trade has done in the past, and is doing, good work in the interest of every citizen. President Oakes was in the chair, and after the reading of the minutes of the last meeting and the report of the work done by the Council since the last meeting of the Board, suggested a number of matters which might very properly engage the attention of the members.

One of these was the need of a free express delivery in Wolfville, such as is enjoyed by other towns of no greater importance. The subject was spoken to by a number of the members, who were unanimous in the opinion that such a convenience is most desirable and should be granted by the express company. This matter was brought before the Board at a former meeting, but the effort put forth at that time was unsuccessful. It was decided that another attempt be made, and if properly supported by the citizens will no doubt now prove successful.

A suggestion was made that Wolfville should have better accommodation in the way of a telegraph service. Other towns no larger than Wolfville are provided with an office devoted expressly to commercial work, and it was considered that the amount of business here justified an attempt being made to have Wolfville put on an equal footing with other towns in this regard. The outcome of the discussion was the appointment of a committee composed of Messrs. S. P. Benjamin, W. H. Chase and Capt. Pratt, to get all possible information with regard to the matter and report to the Council for action.

The correspondence between the Board and the Post Office Department, relative to the placing of a letter box at the railway station, was read, also letters from Sir Frederick Borden, promising his support. In the opinion of the Board the matter was considered a very important one, and the executive was requested to urge upon the authorities that the box be provided at once.

The secretary read a communication from the Halifax Board of Trade, asking the Board to lend its support in the matter of getting for the Dominion Express Co. the same privileges over the I. C. R. as are now enjoyed by the Canadian Express Co. A resolution passed by the Halifax Board was also read. This matter occasioned considerable discussion, and it was finally decided that the Board approve of the resolution, providing the same privileges are accorded to the Maritime Express Co.

Messrs. C. R. Bill and J. W. Beck with were elected members of the Board. The president referred to the importance of some action being taken to secure letter steamboat and mail service on Minas' Basin. The secretary reported that he had written the Parrishro Board to ascertain what action, if any, had been taken there, but so far had received no reply. The matter was referred to the Council for action.

A number of other matters were introduced but owing to the lateness of the hour were referred to the Council to be dealt with.

The Gold Medal Contest.

College Hall was well filled last Friday evening on the occasion of the annual oratorical contest for the K. C. T. Boyce Tupper gold medal. This medal was offered by Dr. Tupper during his visit to Wolfville four years ago, for excellence in oratory, and has been won by Avaril L. Bishop, Denton J. Neily, and R. Everett Chipman, respectively. This year there were only two contestants, Harry K. Bowers, of Dorchester, N. B., and Gordon H. Baker, now of Wolfville. Three subjects were submitted by the faculty, but both speakers chose the same, viz. 'The Destiny of Canada.' Both the speakers marshalled the facts skillfully and made a fine presentation of their subject, the latter claiming that independence was the manifest destiny of Canada. The judges were Hon. J. W. Longley, W. E. Roscoe, K. C., and Mr. I. B. Oakes, and according to their decision, the medal goes to Mr. Baker. Brief addresses were given by the three judges, and President Trotter also gave a timely address on the nature and importance of oratory.

School Meeting at Hortonville. A meeting was held in Evangelical Hall, Hortonville, Saturday evening, April 23rd, to consider the advisability of uniting this and the Grand Pre School sections in one and having a graded school with a prospect of Long Island section also uniting. Dr. Chipman was appointed chairman and Dr. Fuller Secretary. The chairman first called on Inspector Roscoe to address the meeting which he did at some length, showing some of the inducements offered by the government and advantages arising to the sections. Mr. A. McV. Patterson then spoke advocating better salaries to our teachers but strongly opposing uniting the schools. The chairman spoke in favor of union and called on all the trustees in the two sections who made short speeches in favor of the graded school. Rev. Mr. Friggings and a few others spoke in favor of union. A vote then being taken 21 voted for union and 17 against.

Canada's Manufactures.

The increase in exports from Canada of manufactured goods during recent years has been a matter of satisfaction to those who have observed it. We may compare the figures of ten years ago with those of today in a variety of articles and see wherein we have made most progress. Where in 1893 the aggregate exports of manufactured goods, that is to say goods which were made in Canada, were of \$7,693,000 in value, the figure had in the fiscal year 1903 increased to \$20,624,000. Much of this increase was in the articles of manufactured goods, which increased from \$1,280,000 to \$4,473,000; leather, more than doubled; iron and steel goods, which show a phenomenal advance; and agricultural implements, whose value was \$472,000 ten years ago and \$2,284,000 last year.

The Edward Baxter Perry Lectures. Speaking of the playing of Mr. Edward Baxter Perry, who is to give his first recital in College Hall this evening at 8 o'clock, 'The Boston Transcript' which is always conservative in its criticism says: 'His touch is powerful and clear, his technique certain and easy, his interpretations large and earnest.' The Munich Free Press says, 'A very soft and sympathetic tone which in spite of great power never becomes hard, and great velocity and execution, which demonstrate fine technical methods, are the chief features of his playing.'

The writer was in error, when in last week's issue he stated that Mrs. Perry would be present and read the introductory lectures. These lectures are delivered by Mr. Perry in person. No greater opportunity to hear a great interpretative artist will ever be presented to the people of Wolfville. No one can afford to be absent. Tickets for the course are placed at the extremely low price of fifty cents. Single tickets are fifty cents. Reserved seats are on sale at Ryd's Drug Store.

The recital on Saturday afternoon will be at 2.30 o'clock. The price of admission will be the same as for the evening. A programme entirely different will be announced.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of J. C. Watson.

W. H. Ross, B. Sc., River John, Pictou county, has been recommended by the senate of Dalhousie University, to the Commissioners of the 1851 Exhibition, for a Science Research Scholarship. This recommendation of the senate must receive the approval of the 1851 Exhibition Commissioners. Should they approve, Mr. Ross will continue his studies at John Hopkins University. The scholarship is worth \$750 annually for two years, and if successful, may be renewed for a third year.

To Be Deplored.

We frequently have to deplore the disposition of people to invest in distant enterprises, says the Maritime Merchant. The advertising literature of the clever fiscal agent in some American city finds eager, trustful readers. 'Why work?' 'A large private income for life by investing a little now.'

These offers catch the unwary, and there are still many such here, in spite of all the experience our people have had in buying during late years. Perhaps it is a copper mine a few thousand miles away, possibly a rubber plantation somewhere in South America, building lots in a booming western town, or a mineral deposit in the Orient, and people greedily buy all, even more than they can afford—they bite on hard just like fish on a hook. It doesn't matter that they know nothing of the people who offer the stock; it doesn't matter whether they know anything of the character of the country in which the enterprise is located; it doesn't even matter whether they know if there is really a mine or a plantation or a town lot; it doesn't matter if they are not located where they should

keep in touch with the business and know what is going on. Nevertheless they trust these people, and nearly every time they trust, they're sorry for it, yet never learn a lesson. How hard a time, on the other hand, have promoters to get our people to put money into legitimate and really promising home industries! Only when a stock gets on a speculative basis, will our people loosen their purse strings to let out the money that all too frequently stays out. This is a habit we must break before we accomplish much in an industrial way ourselves.

W. H. Ross, B. Sc., River John, Pictou county, has been recommended by the senate of Dalhousie University, to the Commissioners of the 1851 Exhibition, for a Science Research Scholarship. This recommendation of the senate must receive the approval of the 1851 Exhibition Commissioners. Should they approve, Mr. Ross will continue his studies at John Hopkins University. The scholarship is worth \$750 annually for two years, and if successful, may be renewed for a third year.

Grand Concert

In College Hall
Wednesday Evening May 4

By the
H. Ruthven Macdonald
Concert Co.

This concert will consist of Baritone Solos, Violin Solos, Soprano Solos, Duets and Readings.

Every Artist a Star.

Don't miss it, as it will be one of the treats of the season.
Admission 25c Reserved Seats 35c.

N. S. Gold Mines.

A CLASS MODEL FOR ST. LOUIS FAIR ILLUSTRATING GOLD MINES AND MINING.

At the request of the members there is on exhibition in room 15 of the house of commons before being sent to the St. Louis exposition, a large plate glass model, prepared by E. R. Faribault and J. A. Robert, of the Canadian geological survey, to illustrate the mode of occurrence of gold in one of the 49 gold mining districts of Nova Scotia, which is of great interest in connection with a bill passed last session by the government of that province to assist in the sinking of shafts from the surface to a vertical depth not exceeding 2,000 feet.

Those who wish to understand fully the importance and promise of gold mining in Nova Scotia should see and study this model. It is improved from the one exhibited at the Paris exhibition of 1900, which won high praise from the British juror in the class of mines and quarries, Professor C. Le Neve Foster, author of a well known text book on mining, who, after speaking of the collections of the geological surveys of Canada and western Australia, as the only exhibits worthy of a nation possessing so much mineral wealth and having such vast sums invested in mining undertakings, adds in his report: 'Mr. Faribault's ingenious model, explaining what parts of the Nova Scotia gold veins are likely to prove rich, deserves special mention on account of the geological interest and commercial importance of the problem he has endeavored to solve.'

The section represented, one mile square, shows a depth of 2,000 feet, and colors the veins at the surface and in the workings to a depth of 475 feet, the probable succession of deeper veins, their richest portions on the north and south dips and the direction that should be followed in deep mining.

On the model are given the following explanatory notes: The gold-bearing rocks of Nova Scotia cover an area of some 5,000 square miles along the Atlantic coast. Their total thickness is about 27,000 feet and they are probably of lower Cambrian age. Since their deposition on a sea floor, they have been folded into a series of anticlines and synclines, roughly parallel with the coast line, the folds having an average distance of three miles apart. This folding was accompanied by a fissuring of the strata along the planes of sedimentation at the summits of the anticlines, and gave rise to a succession of superposed saddle shaped antiferrous veins.

Mining operations have so far been confined to the veins outcropping at the surface, and have not reached a greater depth than 600 feet, and, although often conducted in a very unskillful manner, they have been remunerative. The recent study of this region by the geological survey, has proved conclusively, however that the auriferous saddle veins occur one below the other on the anticlinal domes, like the 'saddle reefs' of Bendigo, Australia, which are mined so extensively to depths reaching 4,000 feet. This succession of saddle veins presents a most important field of operation for deep and permanent mining—Ottawa Citizen.

Programme of King's Co. Baptist Conference at Burlington, May and 30. Monday eve. Evangelistic service. Sermon—J. D. Spidell. After meeting—D. E. Hat. Tuesday—9:30. Devotional.—Mrs. Albert Boisvert, St. Claude, Que. proves the truth of it. She says:—'I have the greatest faith in Baby's Own Tablets for young children, and I always keep them in the house. Both my little ones were troubled with constipation and sour stomach. I gave them the Tablets and they are now perfectly well. Once in a while I still give them a dose to prevent the trouble coming back.' If all sensible mothers follow this advice there will be fewer croupy, peevish, sickly babies in the land. These Tablets are guaranteed to contain no opiate or harmful drug. Sold by medicine dealers everywhere, or sent by mail at 25 cents a box by writing The Dr. Williams medicine Co., Brockville, Ont.

Personal Mention.

(Contributions to this department will be gladly received.) Mrs. (Rev.) A. Martell was in town for a day or two this week.

Mrs. Kennedy Ranson, of Lunenburg, is visiting her parents, Mr and Mrs Joseph Christie.

Judge Weatherbe has taken up his residence at 'St. Eulalie,' Grand Pre, his summer home.

Mr. Arthur Hennequin, of the Union Bank, has been spending a few days, vacation at his home here.

Miss Eva Andrews was in Halifax last week attending the marriage of her cousin, Miss Jennie Wood.

Miss Lily Dakin, of Windsor, has been visiting in town this week, the guest of her friend, Mrs. W. T. Stephens.

Mr. Dwight Sherwood returned home last Saturday night after a two months' absence in England and on the continent.

Mr. S. D. Woodworth, late of the mechanical staff of the Sackville Tribune, is spending a vacation at the home of his mother in Kentville, on account of ill-health.

Captain Frank J. Sargent, of Everett, Mass., was in town a few days last week, visiting his daughter, who is in attendance at the Seminary. Capt. Sargent is a veteran of the Civil War and wears the uniform of the O. A. R.

The many friends of Mr. and Mrs. E. P. Burton in Wolfville will be glad to learn that they intend returning here to reside. They have leased the Presbyterian manse and expect to come to Wolfville about the middle of May.

Mr. Richard Pattison, New York, brother of Mr. A. W. Pattison, Hantsport, who has been delegate for a number of years from the New York Metal Workers' Union, has lately been elected President of the United States and Canada.

The election took place at St. Louis. His salary is said to be \$2000 per annum.

Dr. C. H. Johnson, who is well known in this vicinity, arrived at Boston on Wednesday, March 30th, after spending the winter in Florida.

The doctor informs us that he will sail for Germany June 1st and complete a special course in mental diseases at Elbogen College, Berwick Register. [Dr. Johnson has many friends in this vicinity, having spent the summer of 1902 at the home of Mr. Clark M. Gormley.]

Our Small Bridges.

A very important problem that the Provincial Government is now trying to face and solve successfully is the construction of small bridges, and the keeping of the same in repair all over the country. There is no doubt that this can be done better and cheaper from the Provincial engineer's office, than by having these bridges farmed out to the Municipal Councils or garrons in charge to their immediate friends.

The Surburban in a late issue, gives an instance of the difference in cost of a small bridge, when 'figgered' on by local men, or built by the Government. A Councillor in Hants, got an estimate on a small bridge, thinking he might have to build it. The Supervisor told him that \$35 would be required. Mr. Brightman, who does a lot of small bridge work for the Government, was instructed to build this bridge; he did so, and the Councillor and the Government was just \$12. The work was, without doubt, done better than it would have been done under the Supervisor, and it only cost one-third the amount.

The people are commencing to 'catch on' to this wasteful expenditure of public money, and for this reason are flocking around the Good Roads Association, and are with them urging Roads 'Reform' on all sides.

Advice to Mothers. 'Keep your little ones stomach and bowels right, and they will be healthy, happy and grow well.' This is the deliberate opinion of a physician of world wide reputation. One mother who followed this advice—Mrs. Albert Boisvert, St. Claude, Que. proves the truth of it. She says:—'I have the greatest faith in Baby's Own Tablets for young children, and I always keep them in the house. Both my little ones were troubled with constipation and sour stomach. I gave them the Tablets and they are now perfectly well. Once in a while I still give them a dose to prevent the trouble coming back.' If all sensible mothers follow this advice there will be fewer croupy, peevish, sickly babies in the land. These Tablets are guaranteed to contain no opiate or harmful drug. Sold by medicine dealers everywhere, or sent by mail at 25 cents a box by writing The Dr. Williams medicine Co., Brockville, Ont.

Ladies' Low Cut Shoes OXFORDS AND BLUCHERS.

People's Shoe Store, N. M. SINCLAIR.

M. Jean de Reszke's Paris school of singing opened a few days ago and many would-be students learned with sorrow that those whose main qualifications were ambition and a long purse had no place in it. Beginning with a small class, the Polish tenor will only work on exceptional voices. Financial rating will have little to do with his selection, for his fees will be on a sliding scale the rich paying for the poor. He turned away the first day nearly 100 applicants.

PUBLIC NOTICE.

Notice is hereby given that the Mechanics' Association of Wolfville has adopted the nine hour system, and from this date, members of the Association will work the following hours, 7 to 12 a. m. and 1 to 5 p. m. The public and outside workmen will please bear this in mind, and assist the organization in this attempt at the adoption of modern methods in aid of the laborer.

Real Estate For Sale.

Within the town of Wolfville and neighborhood: 1. Shop and premises on Main street next west shop at corner of Main street and Highland avenue, now in occupation of J. W. Selfridge. 2. A large lot of land containing about 3 acres on Main street, directly opposite 'Thornditch,' late residence of John W. Barrs, deceased. This property measures upwards of 100 feet on the street and is well adapted for building purposes.

3. About 13 acres of dyke land just below and adjoining on the north of the last mentioned land. 4. About 9 acres of land on west side of Highland avenue, containing about 150 apple trees just coming into bearing. This property would make fine building lots.

5. On the Wickview dyke, five and a half acres of land near the division dyke. 6. In Grand Pre, buildings and premises lately occupied by John Robinson. This farm contains 30 acres of land, of which 10 acres are in orchard. There are 600 apple trees, the greater number just coming into bearing; besides pear, plum and peach trees.

For further particulars apply to ANDREW deW. BARSS, or HOWARD BARSS, Executors of Estate of late John W. Barrs. Wolfville, N. S., April 25, 1904.

Wanted.

A capable girl or woman to cook and assist in general house-work. Family small. Heavy washing put out. Wages \$10.00. Apply by letter addressed to P. O. Box 243, Wolfville.

FOR SALE!

House and lot on Gasperova Avenue. House contains 11 rooms and Bathrooms. There is a comfortable stable on the premises, also a small orchard. For further particulars apply to E. S. CRAWLEY, Solicitor, Wolfville, N. S.

led. Only the very best materials
used.
The marriage of Mr Chas. Belcher,
of Upper Dyke Village, and Miss
Celinda, daughter of the late Eber
Porter, of Berwick, was performed
last week by the Rev. G. P. Raymond,
at the residence of J. G. Rockwell,
Berwick.

Hamilton Spectator.—Mr H. Ruth-
ven Macdonald is possessed of a
powerful voice of which he is a com-
plete master. He has the happy fac-
ulty of clearly enunciating every word
he sings, and delights his hearers
with his splendid expression. In
College Hall, May 4th.

Tilsenburgh Liberal.—Mr Macdonald
is unsurpassed in the Dominion as
a many-sided, versatile and gifted en-
tertainer. The purity of his tone, the
richness of his voice, the naturalness
of his manner, and his sunny, genial
and kindly spirit make him a pict-
form king both as a vocalist and el-
ocutionist. At College Hall, May 4.

There is a new song going the
round of the town and it runs as
follows:—
If you place, we don't want to trade
there any more, you'll be sorry when
you see us going in some other store.
You can't sell us any state goods, we
have opened wide our eyes; we don't
want to trade at your store, because
you do not advertise!

Essex Free Press.—The audience
was entranced by the singing of Mr
H. Ruthven Macdonald and at the
conclusion of one of his songs the
silence could be felt. The people
scarcely breathed, so deeply were they
affected by the magnificent rendering.
The audience showed its appreciation
of his fine vocal powers by repeatedly
calling for encores. In College Hall,
May 4th.

Captain Fred Roberts, of Avondale,
and captain of the ferry boat Jessie,
which plys on the river Avon between
Avondale and Windsor during the
open season, died very suddenly Fri-
day. He was at the helm of his sail-
ing boat when it left Avondale at
4 p. m., and when a short distance
away from the wharf he fell over sud-
denly into the arms of a passenger
and expired almost instantly.

We would direct the attention of
our readers to the card of Mr J. W.
Selfridge, which appears elsewhere in
this issue. Having numerous applica-
tions to buy or sell farms in this
vicinity, Mr Selfridge has decided to
establish a real estate agency in Wolf-
ville, and in future will be pleased to
receive enquires. There is no doubt
a good opening here for a business of
the kind.

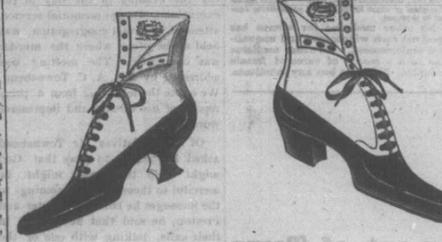

Walter O. Purdy, of St. John, and
until lately one of the most active and
enterprising men in the business and
industrial life of that city, died in the
St. John city hospital on Sunday
evening. Mr Purdy was a patient
for some time during the past winter
at the Sanatorium here, but began the
treatment too late to receive any per-
manent benefit and returned home
some weeks ago. He was only forty-
two years of age.

Among those from the Province
who will take part in the proceedings
of the Dominion Educational Associa-
tion in Winnipeg, are Dr A. H. Mc-
Kay, Supervisor of Education, Hon.
J. W. Longley, Attorney General, and
Principal Sloan of the Provincial
Normal School. These meetings
which will take place July 26th-
28th, will be attended by the leading
Educationists of the Dominion and
promise to be of special interest and
importance.

C. B. BORDEN,
WOLFVILLE.

There will be a business meeting of
the Art Club to-morrow afternoon at
half past three, in the Seminary.
Will all members kindly attend.

Mr J. W. Selfridge has rented Capt.
Clarence Eagles' dwelling on Acadia
street, and will occupy it after the
first of May.

Mr E. J. Delaney is having some
new suits made in his new sewing
property, which will add very much
to its appearance.

The schooner Vera B. Roberts,
which was damaged at Parrsboro last
January while on the voyage from
Port Williams to Havana and has
been laid up at Parrsboro, towed to
Port Williams on Monday where she
will deliver her damaged cargo to
W. H. Chase & Co., of that place,
who have purchased it from the un-
derwriters. After discharging her
cargo the Roberts will return to
Parrsboro for repairs.

Regarding the concert in College
Hall Wednesday evening May 4th,
one thing is certain there will be no
dull moments. The program will in-
clude baritone solos, soprano solos,
duets, violin solos, and readings, and
will be rich in variety and a grand
treat to all who can enjoy a high class
and at the same time a popular enter-
tainment. Both Mr Macdonald and
Miss Harrison are star performers
who have delighted large and cultured
audiences in all the big centres of
population in Canada and the
United States. No one should miss
hearing them in College Hall on
May 4th.

For a bilious attack take Chamberlain's
Stomach and Liver Tablets and a quick
cure is certain. For sale by G. V. Bond.

Main St., Wolfville.

Ernest Peacock, one of the best
known newspaper men and politicians
in Canada, died in Quebec on the
19th, aged 54 years. Mr Peacock was
prominently identified with the late
Mr Mercier during his official reign
as Premier of Quebec, and was, with
him, tried at Quebec in 1892 on cer-
tain charges of conspiracy, and ac-
quitted.

'The Divine Foundation of the
Lord's Day,' the subject of an Ad-
dress of the Rev. William Caven,
D. D., L. L. D., Principal of Knox Col-
lege, delivered at the Convention of
the Ontario Lord's Day Alliance,
Toronto, is published in full in The
Lord's Day Advocate for April. It is
a powerful and simply unanswerable
argument for Sunday observance.

The addition to our School for the
Blind, in Halifax, was opened on the
19th, in the presence of 1,000 people.
This institution, for the educating
and training of the blind of the Mar-
itime Provinces and Newfoundland,
under the superintendence of efficient
Dr. C. F. Fraser, has no superior on
this continent. The work of Dr.
Fraser is grand and noble beyond all
criticism.

Rev. William Dobson has left
Windsor, on route to Los Angeles,
California, where he will be rep-
resentative of the Nova Scotia Con-
ference at American Methodist Quadren-
nial Conference which meets in that
city. He will be absent about two
months, and during that time the
pulpit at Windsor will be supplied by
Rev. Mr. Hocking, son of Rev. Mr.
Hocking, of Amherst. He is coming
to Windsor from Boston, where he
has been taking a post graduate
course.

A number of newspapers in Ontario
stated that Alex. Mills, Attorney for
the Ontario Lord's Day Alliance, de-
ceived the Railway Committee of the
Legislature, by presenting petitions
from the people signed years ago for
another purpose. Mr Mills' threaten-
ed action for libel against these
papers. The Hamilton Spectator im-
mediately published a full and un-
qualified retraction and apology.
Other newspapers followed in a simi-
lar course. The Windsor Standard,
that started the asserted libel, has
now to defend itself in the law courts.

Professor Ian Campbell Hannah,
the newly elected president of Kings
College, Windsor, comes to the uni-
versity with a fine reputation as a
scholar. He is not quite thirty years
of age, as he was born in December,
1874. Mr Hannah is the eldest son
of the dean of Chichester. He was
educated at Winchester, whence he
went to Trinity College, Cambridge,
in 1892. In 1895 he took his bache-
lor's degree with theological honors.
In 1897 and for the next two years he
was master of the English schools for
Europeans in Tien Tsin, China. He
is now Cambridge University ex-
tension lecturer. He is a student of
the Inner Temple, London, and could
soon become a qualified barrister.

The new lecturer in mathematics and
physics at Kings is W. H. Salmon,
B. A., Cambridge, with honors in
mathematics and physics. He is now
a lecturer in the Central Technical
College, London.

Rheumatism Conquered!

DRIVEN FROM THE SYSTEM BY ELIMINATING POISONOUS URATES IN THE BLOOD.

Stubborn Cases Quickly Relieved. Chronic Sufferers. Absolutely Cured by an Internal Remedy.

This disease originates in the blood. Its poisons in the blood that cause the pain. Get rid of these poisons and you cure the pain. Doesn't that seem logical?

These poisons are composed largely of uric acid which dissolves and quickly passes out of the system if Ferrozone is employed, it being a complete and perfect solvent for all the poisons that give rise to rheumatic pain. No case is too chronic, no person too old to be forever released from the agonies of rheumatism if Ferrozone is used; it cures after all other treatments prove useless.

FERROZONE CURES RHEUMATISM

It is not like the ordinary 'cure'—it possesses peculiar qualities not found in any other remedy.

Mr. Edgar F. Richmond, an old and well known resident of Winchester says: 'My endorsement for Ferrozone is cheerfully given for I know that I am speaking for a sure cure for rheumatism. Ferrozone cured me so the pain didn't come back again. I honestly believe that no medicine on the face of the globe can do as much for rheumatism as Ferrozone.'

Mrs. D. J. Thurston of Burton, P. Q. writes: 'As a long sufferer from rheumatism I can say that Ferrozone is the most satisfactory remedy that I used. Quite frequently I would get a bad attack and be laid up in bed. Ferrozone removed every trace of the disease and I have been well ever since.'

Ferrozone is beyond all question the proper remedy to use in rheumatism. There is none better. Beware of substitutes and don't allow a druggist to palm off something he may say is just as good. Insist on having Ferrozone, use it as directed and you will be cured. Price 50c per box or six boxes for \$2.50, at all druggists or by mail, from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U. S. A.

Red Letter Day.

The origin of a 'red letter day' has been traced back to the third century. Gregory, bishop of Caesarea, zealous for the conversion of pagans, found them unwilling to give up their customary recreations at the festivities of their gods, so taking a leaf out of their book, he instituted festivals in honor of saints and martyrs.

This example soon led to the institution of holy days, now corrupted into holidays. In old almanacs all such holy days are set forth in red ink, the rest being in black; hence the term 'red letter day' for any notable occasion.

Others say that the origin of the expression is much more recent and is due to the fact that All Saint's day, the 5th of November, the King's birthday and accession and King Charles' day were similarly marked off in red as holidays for the Bank of England, evidently in the time of the later Stuarts.—London Times.

A Man Hates Himself.

When he wakes up with headache and bad taste in the mouth. Something is needed to settle the stomach, clear away the dull heavy feeling and create a little appetite. Just get a tumbler of water, some sugar, and pour in a stiff dose of Nervine. You'll pick up immediately and feel tip-top in a few minutes. Nervine hasn't an equal for a condition of this kind. It stimulates, cures the headache, relieves the sick feeling and fits you for a hard day's work. Try Nervine. Large bottles cost 25c.

Three Views of the Matter.

Sir Henry Campbell-Bannerman tells an admirable story of the advice given by an Englishman, a Scotchman and an Irishman, respectively, to a gentleman whose servant was constantly breaking articles in the household.

The Englishman in his blunt honest way, said to the employer, 'Oh get rid of him! Dismiss him.'

The Scotchman's advice was, 'Stop the money out of his wages.'

'But,' said the master, 'he breaks more than his wages amount to.'

'Then,' said the Irishman, raise his wages.

If You Don't Sleep Well.

It's because your nerves are in a weak irritable condition, Ferrozone will make them strong and correct the trouble causing your insomnia. 'I fell into a state of nervous exhaustion last fall' writes Mrs. J. Stroud of Dexter. 'I was run down, couldn't sleep and felt perfectly miserable.—I tried Ferrozone and was quickly benefited. I can't recommend Ferrozone to anyone suffering from over-wrought nerves and sleeplessness.' No tonic is better, try Ferrozone. Price 50c at druggist.

An American paper the following advertisement appeared:

'Notice.—I, who is supposed to be in Chicago, will communicate with his friends at his home he will hear something to his advantage. His wife is dead.'

CASTORIA

The Kind You Have Always Bought

CLEANED BY THE WAY.

It's a wise college student that goes to bed early and avoids the rush. We never know how small a thing may become a benediction to a human life.

Boys fail to realize that some day they will know as little as their parents.

CASTORIA

The Kind You Have Always Bought

Reporter—Sen. Hilkins has absolutely nothing to say.

Editor—Well, he'll be down. We are terribly crowded tonight.

Muddy Complexion.

Felic, yellow, yellow skin tells of a torpid, sluggish liver and impurities in the blood which will be entirely removed when Dr. Chase's Kidney-Liver Pills are used. This great medicine weakens the action of the liver, invigorates the kidneys and regulates the bowels. As a result, biliary pain disappears, digestion is improved, and the health is benefited to every way.

Emeline—Sara and I can hardly understand each other over the telephone.

Edgar—Well, talk one at a time.

Some men waste a lot of time in wondering how the world got along before they came into it, and how it is going to get on after they leave it.

Do you love your Sunday school teacher, Tommy?

Tommy—Yes. But say, don't let it out. Her husband is bigger'n me and fearful jealous.

Every Physician Knows.

About the great merit of Dr. Hamilton's Pills of Mandrake and Butternut which cleanse the system, cure constipation and piles. Use only Dr. Hamilton's Pills. Price 25c.

I hear that Brown was requested to stay away from church. Is that true?

'Yes. He snored so loud he woke up the whole congregation.'

Guest—What caused that fight in here?

Hotel proprietor—Why, the stupid waiter gave the gentleman who registered from St. Petersburg a Japanese paper napkin.

Health and Success.

Weakness and disease cause discouragement, failure and unhappiness, but with the use of Dr. Chase's Nerve Food there comes new vigor and energy, new hopes and new confidence, stronger determination to succeed and the ability to apply one's self mentally and physically. Health and success go hand in hand, by restoring good health, Dr. Chase's Nerve Food helps to success and happiness.

His Worship—I must really make an example of you—you are here so often.

Prisoner—Don't be too 'ard on me, gov'nor; you ain't had any trouble with me for eighteen months. Why, I only came out this morning!

Some visitors strolling through an art gallery passed between the long rows of statuary.

This, said the leader, with a wave of his hand towards a creation in plaster, 'this is Apollo; and that one over there is his wife, Apollinaris.—Youth's Companion.

DR. A. W. CHASE'S CATARRH CURE

is sent direct to the diseased part by the Improved Method. Breaks the obstructions, restores the mucous membrane, stops droppings in the bladder, stops urinary troubles, cures Catarrh and Prostatitis. Shows the cause and cure of Dr. A. W. Chase's Catarrh Cure. Toronto and Buff.

Appreciation—Whatever success I have achieved,' said Mr. Meekton, 'I must give Henrietta credit for.'

'Yes, but what have you accomplished?'

'Well,' he answered after some thought, 'I am a pretty good hand at building a fire in the morning and seeing that the basement door is locked at night.'

CASTORIA

The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

Zat ces one true—vat you call him 'sentiment'?

'said the French nobleman, pointing to the sign, 'Ladies' Entrance,' over the door of a cafe.

'What do you mean, Count?' asked his puzzled American friend.

'I mean zat ze ladies do charm—zey do bewitch,' replied the Frenchman, 'or in ze language of ze sign painter, 'ladies entrance.'

I was Cured of a bad case of Grip by MINARD'S LINIMENT

MINARD'S LINIMENT. C. I. LADE, Sydney, C. B.

I was Cured of loss of voice by MINARD'S LINIMENT. CHAS. PLUMMER, Yarmouth.

I was Cured of Sciatic Rheumatism by MINARD'S LINIMENT. LEWIS B. BUTLER, Bath, N.B.

Some time ago at a council meeting in the north of England one of the members rose solemnly and said,

'Gentlemen we have been sending our lunatics to W.—Asylum for a long time now, and it has cost us a great deal of money, but I am glad to make the statement that we have now built an Asylum for ourselves.' And he turned round, wondering at the sounds of merriment that convulsed the meeting.

A Good Word for Chamberlain's Cough Remedy.

'In December, 1900, I had a sore throat and was so hoarse that I could not speak above a whisper,' says Alvin Davis, of Easton, N. Y. 'I tried several remedies but got no relief until I used Chamberlain's Cough Remedy, one bottle of which cured me. I will always speak a good word for that medicine.'

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Victoria Cross

For Valor In Ten Colors

Weekly Mail and Empire

For News 24 Pages

THE picture shows is one dear to every man, woman, boy and girl, as account of its meaning.—The Victoria Cross, given for conspicuous bravery. It is the soil of South Africa could voice the deeds performed upon it, how many Victoria Crosses would have been found to have been earned by Canada's sons! It is hard in the heat of action to notice every act of valor, and therefore only those which take place under the eyes of superiors of sufficient rank can be noted.

The picture shows one of such deeds. Two troopers are closely pressed by the enemy. The horse of one is hit. Under the withering fire, the man whose mount is unharnessed halts, and, risking everything, waits to get his comrade safely mounted behind him and carry him back to the Canadian lines. It is a desperate deed, and one often performed but seldom noticed. When, however, such an act is seen, the reward dear to soldiers' hearts above every other is the result.

This picture is from the brush of Mr. W. B. Wollen, an artist famed for his war pictures, one whose work appears in all the leading illustrated periodicals of the Empire. It is a forceful subject from the hand of a strong man.

The Mail and Empire

has obtained the exclusive right for this picture in Canada. It is a perfect ten-color reproduction, and will give FREE to readers under the following conditions:—

With The Weekly Mail and Empire

Mrs. Anderson, Jacksonville, Fla., daughter of Recorder of Deeds, West, who witnessed her signature to the following letter, praises Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—There are but few wives and mothers who have not at times endured agonies and such pain as only women know. I wish such women knew the value of Lydia E. Pinkham's Vegetable Compound. It is a remarkable medicine, different in action from any I ever knew and thoroughly reliable.

"I have seen many cases where women doctored for years without permanent benefit, who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it."

—Mrs. E. A. Argenson, 285 Washington St., Jacksonville, Fla.—*gives perfect original of above letter proving genuineness subject to proof.*

No other medicine for women has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

A Sad Memorial Service—Messages from Dying Murderers.

On Tuesday, July 1st, Thomas Porter and Thomas Preston were executed at Leicester for the murder of a policeman at Sibley, on May 25th. The officer was talking to a man outside a churchyard and the assassin fired at him from behind a tombstone. They made a hard fight before being captured. Both were notorious poachers and drunkards. They claimed to be too drunk to notice what they were doing when the crime was committed. On the evening of the day of the execution a strange memorial service, attended by a vast congregation, was held at the place where the murder was committed. The meeting was addressed by Rev. A. C. Townshend. We quote the following from a press report of his earnest and impressive words:

"Of their relatives Mr. Townshend asked his people to pray that God might help them and might be merciful to them. Then, coming to the messages he bore from Porter and Preston, he said that he had sat in their cells, talking with one or the other about the past and about the future, he said to each one, 'Now, Tom, if the worst comes to the worst, have any message for the people of Sibley?' Each of them gave him a message, which he would read. Before he did so let them remember that these messages came, as it were from eternity.

"Poor Tom Preston's message was this (here the silence grew deeper than previously): 'Will you tell them the drink and had companions brought me to this? Will you tell the young chaps to have done with the beer, as I don't want any more to come to my end; and may God bless them.'

"Poor Tom Porter's message was 'Tell them to be good lads, and keep away from the drink, as it was that got me here.'

"Now, my brothers and sisters, said Mr. Townshend, 'I am not going to dwell upon these messages to-night. I am not going to talk about that which they say was the cause of their misery and their wrong, because the traffic which I have sometimes fought from this wall bears the brand of iniquity on its brow.'

The vicar went on to speak of the frailty of human life and the suddenness with which Police-constable Wilkinson was launched into eternity without a moment's warning, without the time to say 'Good-bye' to wife and little ones. It made one's heart bleed to hear that on that fatal night of the 25th of May, when he went home for his lantern, his little three-year-old girl said, 'Daddy, don't go out again to-night,' and he kissed her and said, 'I shall not be back long. I shall soon be back again.'

'And oh, to think the little one would never see her daddy again on earth. She sometimes asked when he was coming home; but it could not be, she would never see him more until the day dawns and the shadows flee away.'

'And then to turn to the two men who had suffered the last penalty. He had hoped that one of them might have cleared up the mystery, but no, it would remain a mystery until that day when all secrets should be made known before the judgement seat of Almighty God.—Pioneer.

Vote for Me, Papa.

'Say, papa, how are you going to vote?'

'I was a child's bright word, and he could not nod.

How the red blood mantled his father's face.

As he clasped the wee one in close embrace;

But he prattled on in his childish 'gley,

'Say, papa, why don't you vote for me?'

Out of the door strode the father fast.

And never a glance behind him cast.

And on to his place at the polls he went;

But the words of the boy were surly meant

By God above to follow him there, for they haunted his step like a mother's prayer.

'Vote for me, papa,' the bells rang out;

'Vote for me,' scolded the school-boy's shout.

'Vote for me!' came from the rumpled door

In the hall he had never thus heard before;

At last, low, he whispered, 'I can do no less;

If I vote for my boy I can only vote yes.'

—Katherine I. Stevenson.

Paralysis and Locomotor Ataxia

Cured successfully by Dr. Chase's Nerve Food. Mrs. James A. Deal, Bridgewater, N.S. writes:—'About a year ago I suffered a stroke of paralysis which left me in a very bad state of health. To add to my troubles, I at times took in gripe, which completely exhausted my nervous system. I could scarcely walk, my legs and arms were partially paralyzed, my blood did not circulate properly, and I could not do any work. In fact, I was so bad that the doctors gave me up and thought I could not live through the summer.

'I began the use of Dr. Chase's Nerve Food, and persevered in the treatment, until now I am at work again. The change in my condition has been most remarkable. It is a surprise to everyone to know that I am able to be around again. My nervous system has been built up wonderfully by this remedy. I am able to rest well, my circulation is normal, and my general health good. My appetite is fast again, and I have gained considerably in flesh.

'To protect my health, I continue the journal and signature of Dr. A. W. Chase, the famous receipt book author, as on every box.

A Disappointment.

The hope of the temperance people of Ontario for the enactment of an act during the present session of the Legislature has been disappointed. Premier Ross declared in favor of a law prohibiting the bar and placing the retail traffic, so far as such traffic should be permitted, under Government control. Such a measure, it is believed, would have obtained the approval of the temperance people, at least, a long step in the right direction. But Mr. Ross' party would not follow his lead, and the proposed legislation is delayed, perhaps indefinitely. In reply to a delegation of Methodist and Baptist ministers Mr. Ross has said: 'If the Government is unable to give the measure desired this session it will be our duty to consider what means are available for further action. This is not very definite language, but those who are friendly toward the premier and believe in his honesty of purpose are hoping that it means that he will take such action as in his judgment is best adapted to secure the reform desired.—Messenger and Visitor.

Just What You Need.

Chamberlain's Stomach and Liver Tablets. When you feel dull after eating. When you have no appetite. When you have a bad taste in your mouth. When your liver is torpid. When your bowels are constipated. When you have a headache. When you feel bilious.

They will improve your appetite, cleanse and invigorate your stomach, regulate your liver and bowels. Price 50c per box. For sale by G. V. Rand.

The Identity of the author of 'Save the King' and in the States as 'America' is a matter of controversy, but there is authentic proof of the fact that the English national anthem was sung in the middle of the eighteenth century to the same air as now. About 1766 this melody became known on the European Continent and was adopted as the national air of Prussia, Saxony and some other North German States. It is possible, therefore that the air reached us from Germany, but it had been used by the English long before the beginning of the last century.

How to Ward off an Attack of Rheumatism.

'For years when spring time came and I went into gardening, I was sure to have an attack of rheumatism, and every attack was more severe than the preceding one,' says Josie McDonald, of MacLagan county, West Va. 'I tried every thing with no relief whatever, until I found a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment. For sale by G. V. Rand.

Brough said—She ain't at home.

'Are you sure of that?' demanded Mr. De Trop suspiciously.

'Faith, O! am not but she seem to be.'

A Mother's Recommendation.

I have used O'Connell's Cough Remedy for a number of years and I do not hesitate in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have never found a more reliable remedy in the world.—Mrs. J. A. Moore, North St. Mich. For sale by G. V. Rand.
