Just a cup of MORSE'S for you and me mother. MORSE'S TEA—always the favorite. Advertise in "THE ACADIAN."

Notes and Comments. The Financial Post says that about 8,500,000 persons paid income tax to the British Government out of a population of 40,000,000. This is, roughly, ten per cent. In Canada payments were made by about one-half of one per cent. This source of revenue evidently is capable of great returns.

When the Bulgarian delegates entered the chamber at Versailles to sign the Peace Treaty, the Allied delegates rose as a mark of courtesy, while they remained sitting when the Germans came to take their medicine. This was not because they loved the Bulgars more, but because they loved the Germans less.

The electric razor is coring. Whiskers will not be electrocuted nor burnt off by this new implement. The electric is a little larger than the safety. It is attached to a light socket by a flexible cord. The current causes the blade to vibrate one-sixty-fourth of an inch, 7,000 vibrations a minute. As it is moved across the face it scrapes away the beard without scraping or pulling.

A remarkable cure has been effected at King Edward VII Hospital, Windsor, G. B., in the case of William Robertson, a stableman. His nose was cut off by a piece of broken glass. He was taken to the hospital where a surgeon asked for the missing nose. A doctor's son cycled off to the stable, found the nose among the straw and returned with it to the operating theatre, where it was replaced after an absence of nearly an hour.

Those who purchase articles made of pure silver should not assume the jeweller of profiteering without first taking into consideration the price of pure silver to the trade. It has risen from .52 cents to \$1.12 an ounce. This might also be an added incentive for us to look with more respect on the silver coins which once in a long time reappear in our pockets and are disdainfully referred to as 'chicken-feed.'

An instructor of the University of Michigan was sent to the University of Illinois to prepare posters and circulars illustrating the inadequacy of compensation for college professors. He received eighteen dollars for the five days he worked on these matters, while the carpenter who constructed the signs and standards bearing this information received five dollars a day, or twenty-five dollars for the same period. The moral is obvious.

The preliminary crop reports of the Dominion Bureau of Statistics give the following estimates of the grain yield for all Canada in 1919: Wheat, 199,289,800 bushels, as compared with 189,075,350 bushels in 1918. Of the total for 1919, 22,475,800 bushels are fall wheat and 176,814,000 bushels are spring wheat. The estimated total yield of oats is 381,850,000 bushels, as compared with 426,312,500 bushels in 1918, of barley it is 65,584,000 bushels, as compared with 8,019,500 bushels in 1918, and of flax seed, 7,350,000 bushels, as against bushels in 1918.

McClary's Sunshine. It is after a furnace is installed and the first cold snap tests it that you know whether your investment in COMFORT was wisely made or not. Don't take a chance on it.

Prize List. School Children's Exhibition. CLASS II. VEGETABLES. Peas, shelled, 1/2 pint. First, Ruth Forsythe; second, Mildred Smith. String Beans, 1 doz. First, Gordon Mahaney; second, Frank Shaw; third, Leicester Colt.

Newsy Notes. GLEANED FROM VARIOUS SOURCES. Canadian railways paid \$4,011,088 in taxes in 1918. There are 20 condensed milk factories in Canada. Women can vote in Spain and are also eligible for office. Quebec leads the Dominion in the yearly production of butter.

The sum of \$238,593 in fines has been collected to date from defaulters under the Military Service Act. The Ontario elections will be October 20—the same day as the Ontario vote on the Prohibition Referendum. In 1913 there were 60,975 drunks in Canada and in 1917 there were but 27,882—a decrease of 54.27 per cent in five years.

The British Admiralty has given orders for a great reduction in battle ship building. The fleet is to be reduced on all stations. The Annapolis valley fruit report states that, as yet very few apples have changed hands, buyers being timid. The evaporating and canning establishments are buying orchard run and packing the No. 1's and 2's in barrels and using the poor grades in the factories. Shipments are being made to England, but no price returns have been received yet.

It is officially stated that His Royal Highness the Prince of Wales will leave Ottawa for Washington on November 10. The total number of Canadian soldiers sent overseas was 430,913. Out of this number, 364,500 were alive at the end of the war, as stated in the report of the Overseas Minister of Militia. The Industrial Conference, just closed in Ottawa, resulted in employers and employees getting closer together than ever before, but in regard to the eight hour day there was a decided difference of opinion.

Taking the average wage at three dollars per day, strikes have cost the workers of Canada over \$44,800,000 in the last eighteen years and a half, or an average of approximately \$2,425,000 a year, says the Canadian Reconstruction Association. While the value of Canada's imports for the five months of the fiscal year to August 31, totalled \$306,254,498, a decrease of \$40,809,236 compared with the same period last year, exports valued at \$747,448,999 show an increase of \$22,601,875 over last year. There were with the Overseas Military Forces of Canada during the war 426 chaplains, two of whom were killed in action, one died of wounds, one died while serving on a hospital ship, two died of sickness, and twenty-one were wounded, as stated in the report of the Overseas Minister of Militia for 1918.

A Premier that "Goes On" His Royal Highness, the Prince of Wales, paid a great tribute to Sir Robert Borden, when he replied to the Premier's eloquent address at the laying of the corner stone of the Peace Tower of the new Parliament Buildings in Ottawa on Labor Day. In this connection the Prince said: "No one can stand more fittingly for Canada's achievements in the war than Sir Robert Borden, the only Prime Minister in the Empire who was Prime Minister before the war, Prime Minister during the war and Prime Minister still at the signature of the peace."

Premiers and leaders of the Mother Country and of the great dominions beyond the seas since 1914 have come and gone but Canada's great Premier has remained at his post, stronger than ever in the affection and support of the great majority of a united political party all over the Dominion. It was fitting indeed that the heir apparent to the throne should recognise the efforts and services of Canada's Prime Minister in leading the Empire in the greatest crisis she ever faced in her long and stirring history.

It Took Years To Learn That in Dr. Chase's Ointment There is Positive Cure for Piles or Hemorrhoids. Reports come to us almost daily from persons who have suffered 10, 20, 30 years or more from piles or hemorrhoids before finding out that Dr. Chase's Ointment affords immediate relief and ultimate cure for this annoying and distressing ailment.

This is not a trouble about which people care to speak, but if you ask your friends about Dr. Chase's Ointment you will be surprised to hear how many have been cured of piles by its use. It is the one treatment for piles on which you can depend absolutely for prompt relief. Dr. H. F. Tracy, Birmingham, Ont., writes: "For about thirty-five years I was troubled with itching piles. I was completely worn out. Then at length I would drop off to sleep and rub myself raw. I tried every kind of ointment made without any permanent good. I also tried a homeopathic doctor, but only had momentary relief from his treatments. Three years ago I tried Dr. Chase's Ointment and about half a box completely cured me. I have never been troubled with piles since, and can heartily recommend Dr. Chase's Ointment to anyone suffering from this terrible agony or from any other skin disease."

(This is to certify that the above statement is correct in every particular.) Mr. H. E. Macdonald, Walkerton, Ont., writes: "Having suffered from piles for some time, I finally tried Dr. Chase's Ointment, and it afforded almost instant relief, and in time, cure. I have great faith in Dr. Chase's Ointment, and think it superior to any ointment on the market. I would advise anyone suffering from piles to give it a trial. Many continue to suffer from piles to the extent that a surgical operation is the only cure. Fortunately, Dr. Chase's Ointment is available, and has saved many thousands from the risk and expense of the doctor's knife. To send a box of Ointment, or a trial packet, from Edmondson, Bates & Co., Limited, Toronto.

## THE ACADIAN.

WOLFVILLE, N. S., Oct. 3, 1919.

### A New Regime.

With this issue THE ACADIAN passes under a new management, the plant and good-will of the business having been purchased by Messrs. H. P. and W. B. Davidson, sons of the former publisher.

THE ACADIAN was established in May, 1883, by the late Arthur S. Davidson, the venture being made more as a measure of literary amusement than as a source of profit. At that time Wolfville had no newspaper, nor had a paper been published here for some years. Several attempts had been made previously, but had failed.

In October of the same year, (thirty-six years ago) the writer became associated with the paper as editor, the business being conducted under the firm name of Davidson Bros. Since the death of the founder of the paper in January, 1889, THE ACADIAN has been under the management of the remaining partner. Few papers in the province have so long been under one continuous management. During these years THE ACADIAN has passed through many vicissitudes, and has been enlarged and improved from time to time as conditions warranted. From a small village Wolfville has become the important center it is to-day. In every improvement THE ACADIAN has led the way. A water system, electric lighting, incorporation, sewerage, good streets, etc., have been in turn advocated by the paper and finally adopted by citizens.

Wolfville to-day has before her wonderful possibilities, which may be easily realized by the united effort of the citizens backed by a patriotic public spirit.

The new publishers of THE ACADIAN are young men of good ability who have seen something of the world and will, we feel assured, make the paper better and more successful than it has ever been under the old management. We bespeak for them the same generous patronage and support which we have enjoyed during the years that are gone.

In conclusion, a word about the local paper. Let no one underestimate its importance as an instrument of the community. Thirty-six years of actual experience has demonstrated to the writer its influence. It is well worth while that you give it your fullest support. Let the outside world read in it an index of your enterprise and public spirit.

TALLYHO! B. O. DAVIDSON.

### Mr. Graham's New Building.

Mr. Edwin Graham who recently purchased the old building just west of the Electric Light Station, has placed the town under an obligation by the great improvement in the premises. This property which had become anything but a credit has been wonderfully transformed under Mr. Graham's direction and is now one of the best business places in town. The building was raised and re-built and Mr. Graham now has one of the finest photograph studios in the province.

On the ground floor is a handsome reception room 21x28, finished in brown wood with walls of green burlap. On this floor is also a commodious work-room fitted with all modern appliances, store-room, etc.

An easy open stairway leads to the camera rooms and dressing rooms on the second floor. These are very nicely fitted up and most attractive. The camera room is exceptionally well lighted and Mr. Graham expects to be able to turn out even better work than hitherto.

Mr. Graham's fine front window gives him an excellent opportunity for displaying his stock of photo supplies and frames, to which will be added other articles. THE ACADIAN congratulates our townsmen on his enterprise.

### A Canning Wedding.

A very pretty home wedding took place at the residence of Mr. and Mrs. N. W. Eaton, Canning, on Wednesday evening of last week, when their daughter, Miss Emily Weddworth Eaton, became the bride of Mr. Roy DeWolfe, eldest son of the late J. A. DeWolfe, Canning. The groom is one of three sons of Mr. DeWolfe, all of whom have returned from overseas, wounded. The ceremony was performed by Rev. F. Frings, in the presence of the immediate family. The bride was attended by her sister, Miss Ruby Eaton. After the ceremony an informal reception was held on the lawn, when the bridal couple received the congratulations of their hosts and friends.

Mr. and Mrs. DeWolfe left on a trip around the south shore and on their return will reside in Wolfville.

### The 'Wolfville Sun Parlor' at Camp Hill Hospital, costing \$300, was the work of this year and has been paid for in full. The treasurer showed total amount of receipts for year \$1047.78, expenditures \$968.24, balance \$54.44.

Full reports were submitted by the several committees. The Society has 260 pounds of wool on hand. It was decided to keep this and ask the ladies of the town to take up knitting again. Sweaters, gloves, etc., are much needed by the men this winter in the hospitals, especially for Sanatorium in Kentville.

A vote of thanks was extended to all who had assisted the R. C. Cross in any way. Contents of box sent to Halifax, \$8.00, 27th; 1st lot bags, 80 yds. socks, 81 yds. bed socks, 15 yds. slippers, 5 yds. pyjamas, 5 sweaters.

Red Cross room open every Thursday afternoon from 3 to 5 o'clock.

### Red Cross.

The annual meeting of the Red Cross Society took place Tuesday afternoon, Sept. 30th, in the Town Hall. The attendance was good and the meeting very interesting. After the minutes of the last annual meeting were read, the President gave a summary of the work taken up through the year, of which an important part was the Refugee Sewing. 460 nice garments were sent to Halifax from this department.

The work in Sphagnum moss was most satisfactory. 1034 dressings were made and 10 bags of moss sorted.

Several packages of supplies have been sent to different hospitals.

The 'Wolfville Sun Parlor' at Camp Hill Hospital, costing \$300, was the work of this year and has been paid for in full. The treasurer showed total amount of receipts for year \$1047.78, expenditures \$968.24, balance \$54.44.

Red Cross room open every Thursday afternoon from 3 to 5 o'clock.

## Canada's New Victory Loan.

The Victory loan 1919 is entitled to just as much consideration as was given to its predecessors. It is up to every loyal Canadian to do his utmost to make the new loan an overwhelming success. The continuance of the prosperity of the nation is wholly dependent upon it.

It was naturally to be expected that trade depression in the Dominion would have followed the armistice but this was averted by the application of a large proportion of the last Victory loan as credits to Great Britain and our Allies for grain, dairy produce, fish, lumber and ships. These credits were absolutely necessary, and strictly good business. They must be continued. They are national re-investments. The debts will be paid eventually and in the meantime industrial and agricultural workers will be kept in busy and lucrative employment.

### Grand Pre Notes.

Mrs. S. A. Bowser left last Saturday for a visit to Boston.

Mr. Henry Borden left for Montreal last week to resume his studies at McGill University.

Miss Louise Bowser and Miss Clare Dennison have returned to Boston for the winter.

Mr. W. R. McClelland left this week to resume his studies at Dalhousie University, Halifax.

The Tea Room has closed for the season and the sale of ice cream was greatly missed during the warm days of last week.

Miss Dorothy Watson, of Hortonville, has returned home after spending several weeks visiting friends in Halifax.

Rev. and Mrs. S. A. Fraser who have been residing in Wolfville for the past two years, left on Tuesday for Trinidad, where the former will resume his work in the mission field where he has so long and faithfully labored. During their stay in Wolfville they made many warm friends.

### Mae Edwards Players Coming.

Mae Edwards and her splendid Company will play at the Opera House one night, Wednesday, Oct. 8, in the great New York success, 'The End of a Perfect Day,' with high-class vaudeville between the acts. The Yarmouth Herald says: 'Mae Edwards and her excellent company who played here last season have come back just as they promised to. Their last night's performance won for them the unlimited patronage of the theatre going public. Mae Edwards and Jack Vernon Corbin in the leading roles pleased the large audience which turned out to see them and won many admirers. The supporting players were excellent and everyone enjoyed 'The End of a Perfect Day.' The specialties by Mr. Smith and Corbin, Bob Mandell and the great Haverly were greatly enjoyed.'

Mr. Haverly, as the great Haid Cuff King, did it in a wonderful manner, which the audience thought for a time could not be possible.

Now the Mae Edwards players have some real good fun in store for you all. So buy your seats early and be sure of a good one. Seats now on sale at box office.

### G. W. V. A. Notes.

The Great War Veterans Association wish to thank Mr. and Mrs. W. H. Chase for the gift of an electric table lamp and Dr. and Mrs. F. J. Harvey for pictures to be used in the furnishing of their Club Room. Arrangements are well under way for the opening of these rooms and it is expected that they will be ready for occupation in a few days.

There will be a meeting of the Association in the Town Hall on Saturday evening at 8 o'clock (slow time) for the purpose of discussing important business. All returned soldiers in the vicinity are requested to be in attendance.

### Land Settlement.

Act, be loaned money by Canada with which to purchase land, stock and implements. The money so advanced will be paid back; meantime each loan is secured by a first mortgage. Up to August 15th, 39,495 soldiers had applied for land under the terms of this Act; and 21,281 applications had been investigated, and the qualifications of the applicant approved. For this purpose Canada this year requires \$24,000,000.

### Vocational Training.

For this work which, with the Vocational Training and Soldiers' Service Departments, embraces the major activities of the Department of Soldiers' Civil Re-establishment, an appropriation of \$57,600,000 is necessary.

### Gratuities.

That already incurred cost of bringing home troops from overseas. The payment of all soldiers still undemobilized. This includes more than 20,000 sick and wounded who are still in hospital, and who of course remain on the Army payroll till discharged.

The upkeep of hospitals, and their medical and nursing staffs, until the need for them is ended.

These three items alone will use up at least \$200,000,000 of the Victory Loan 1919.

### National Working Capital.

Canada needs national working capital, so that she may be able to sell on credit to Great Britain and our Allies the products of our farms, forests, fisheries, mines and factories.

You may ask 'Why sell to them if they can't pay cash?' The answer is, 'Their orders are absolutely essential to the continuance of our agricultural and industrial prosperity.'

The magnitude of these orders and the amount of employment thus created, will depend upon the success of the Victory Loan 1919.

The 'Why' of Credit Loans. Farmers and manufacturers (and that includes the workers on these orders) must be paid cash for their products. Therefore, Canada must borrow money from her citizens to give credit, temporarily, to Great Britain and our Allies. Actually, no money will pass out of Canada. If Canada does not give credit, other countries will and they will get the trade, and have the employment that should be ours, to distribute amongst their workers. And remember, we absolutely need these orders to maintain employment. If we don't finance them business will feel the depression, employment will not be so plentiful, and conditions everywhere will be adversely affected.

### For Transportation.

Money must also be available to carry on the nation's shipbuilding programme, and other transportation development work.

For loans to Provincial Housing Commissions who are building moderate priced houses.

These, then, are some of the things for which Canada needs national working capital. She is in the position of a great trading company, and her citizens who buy Victory Bonds are the shareholders.

## The Why? of Another Victory Loan

WHEN, on the morning of November 11th, 1918, the guns were hushed and glad tidings flashed across the world, there followed with the Nation's prayer of thanksgiving, one yearning query, which found echo in the faster beating hearts of wives, mothers, fathers, brothers, sisters and sweethearts. That query was, "How soon will our boy be home?" And, from France and Flanders, from Italy and Egypt, from Palestine and from far-off Siberia, there came an answering echo, "How soon, how soon, may we go home?"

CANADA caught the spirit of these longings, and at once resolved to satisfy them. It was an appalling task. Shipping was tragically scarce. The composition of the Army of Occupation had not then been settled. And other parts of the Empire as well as Canada were looking for the speedy return of their men.

THE problem was this. The half-million men that Canada had overseas had taken more than four years to transport to the field of battle. To bring them home in a few months was a gigantic undertaking—one to tax all Canada's ingenuity and resources. Canada solved the problem, but it meant crowding into a few short months, an expense for demobilization which it was impossible to foresee.

THEN, too, besides the sentimental aspect of the necessity for bringing the men home quickly the economic side could not be overlooked. That was, to transform efficiently and speedily the nation's army of fighters into a national army of workers.

The answer to the question "Why does Canada need another Victory Loan?" divides itself into two parts.

(a) To finish paying the expenses of demobilization, and the obligations we still owe to our soldiers.

(b) To provide national working capital.

The obligations to soldiers include: That already incurred cost of bringing home troops from overseas. The payment of all soldiers still undemobilized. This includes more than 20,000 sick and wounded who are still in hospital, and who of course remain on the Army payroll till discharged.

The upkeep of hospitals, and their medical and nursing staffs, until the need for them is ended.

These three items alone will use up at least \$200,000,000 of the Victory Loan 1919.

Further, soldiers who desire to become farmers may, under the Soldiers' Land Settlement Act, be loaned money by Canada with which to purchase land, stock and implements. The money so advanced will be paid back; meantime each loan is secured by a first mortgage. Up to August 15th, 39,495 soldiers had applied for land under the terms of this Act; and 21,281 applications had been investigated, and the qualifications of the applicant approved. For this purpose Canada this year requires \$24,000,000.

For this work which, with the Vocational Training and Soldiers' Service Departments, embraces the major activities of the Department of Soldiers' Civil Re-establishment, an appropriation of \$57,600,000 is necessary.

Those who give thought to our outstanding obligations to soldiers, and to our need for national working capital, cannot fail to be impressed with the absolute necessity for the

CAPABLE MAID WANTED.—Family of two, small apartment. Recommendations required. Apply to Mrs. P. W. DAVIDSON, Box 327.

There will be a meeting of the Daughters of the Empire in the Town Hall on Tuesday, Oct. 7th, 3.30 p. m. Plans for winter work will be discussed.

Service at the Tabernacle on Sunday evening at 7 o'clock. There will be a service of song for 15 minutes. Subject, 'A Life Made Over.' Conducted by N. Crandall.

Pay your printer and the preacher. You're sure to get your money back. The printer tells you the news about this world and the preacher tells you about the other one to come. Pay your printer right now.

Automobile for hire—New car, careful driver. Long drives a specialty. Apply to H. D'ALMAINE, Phone 67-11.

Dr. C. E. A. deWitt has been appointed physician and sanitary officer for the Acadia institutions and took up his duties Oct. 1st. Dr. deWitt has therefore retired from general practice and will be unable to respond to any calls outside of the students of the institutions.

The Baptists of Centerville expect in the near future to begin work on the new church to be erected there. It is to be of modest design, with a seating capacity of about one hundred and fifty. At a recent meeting upwards of \$1000.00 was subscribed, and the enthusiasm of those interested indicate a determination to carry the undertaking to a speedy and successful termination.

Rooms or offices to let about October first. Hot water heating. A. J. McKenna.

The many friends of Rev. M. F. Freeman are very sorry to know of a rather serious accident which he met with on Sunday evening last. While attending the service at the Tabernacle he tripped over a register in the floor and fell. His face came in contact with a chair and was badly cut and a finger was broken. THE ACADIAN offers sympathy and trusts our venerable friend will soon be recovered.

The water used in our fountains and sodas for all drinking purposes is from one of the best wells in Port Williams. E. C. H. Young.

Rev. Dr. Manning, of Wolfville, spent Sunday in the city supplying at the Baptist Temple and his many friends were glad to see him so hale and hearty. Dr. Manning was years ago pastor of the Gorington Street Baptist Church and preached his farewell sermon there just twenty-seven years ago Sunday. He went from here to St. John and was in that city for fifteen years before removing to Wolfville—Halifax Chronicle.

Wolfville Methodist church minister, Rev. W. H. Watts, Sunday, October 5th, in the inaugural Day in connection with the great Inter-Church Forward Movement, and the services on the coming Sabbath will be given up to the consideration of the 'Spiritual Message of the Methodist National Campaign.' The sacrament of the Lord's Supper will be observed at the close of the morning service, and also at the close of the afternoon service at Greenwich.

Before placing your order for Christmas Private Greeting Cards come in to see our samples. We have what you want.

A very enjoyable Missionary Service was held at the Tabernacle on Sunday evening last. Mr. C. A. Patriquin, superintendent of the school, presided and the attendance was large. Rev. Dr. Co-hoon, an old friend and generous supporter of the school, offered the opening prayer. The subject of the meeting was 'China.' Mr. Patriquin delivered an instructive address descriptive of that great country and Miss Annie Blackader gave a most interesting talk on her experience with Chinese people during her missionary work in Trinidad. Mrs. Craig, who recently came to Wolfville to reside, assisted with the music. Mrs. Craig has a sweet and well-trained voice and her singing was much enjoyed.

**Men's Overcoats**

In our First Shipment OF Winter Overcoats there are three very attractive models:

This is NOT a Moving Picture

Dame nature, speaking for the system, demands that certain lengths of pipe at the source be taken up, cleared of vegetable growths, and relaid. The farmers, thinking of profits and precedents, are baulking and going on doggedly at apple picking and other diversions, hoping that something will happen, or that the Handy Man will negotiate between them and the system.  
 But the Handy Man, who has settled all such disturbances for many years, has apparently grown 'weary in well doing', or else he is so thorough a democrat that he

will not be an autocrat, even of a water system. He is probably right; and meantime the strike will continue until a united action leads to the fulfilment of Dame Nature's reasonable demands.  
 The many friends of Rev. R. F. Dixon in Wolfville and vicinity were very sorry to learn of his recent illness at the home of his daughter in New London, Conn., where he has been spending his vacation. THE ACADIAN is glad to know that his conditions have much improved, and that he expects to be able to return home in a few weeks.

Far more effective than Sticky Fly Catchers. Clean to handle. Sold by Druggists and Grocers everywhere.

## INDIGESTION AND CONSTIPATION

Quickly Relieved By "Fruit-a-tives"

Rochester, P. Q.  
"I suffered for many years with terrible indigestion and constipation. A neighbor advised me to try 'Fruit-a-tives'. I did so and to the surprise of my doctor, I began to improve and he advised me to go on with 'Fruit-a-tives'." "I consider that I owe my life to 'Fruit-a-tives' and I want to say to those who suffer from indigestion, constipation or headaches - try 'Fruit-a-tives' and you will get well."  
COIRNE GAUDREAU,  
106, a box, 8 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

### "Britannia the Pride of The Ocean."

The two songs, 'Britannia the Pride of the Ocean' and 'Columbia the Gem of the Ocean,' appear to have been written by the same person, an Englishman, named David T. Shaw. The New York Independent recently had an editorial, based on the erroneous supposition that the first named song is entitled 'Britannia the Gem of the Ocean,' in which it said: 'But originality is not characteristic of national songs. Britannia the Gem of the Ocean' had a certain appropriateness. To an observer in a dirigible the island might well look like an emerald 'set in the silver sea.' But 'Columbia the Gem of the Ocean' is absurd. A gem of the size of the United States would be classed as a semiprecious stone at least.' It has been moved and seconded that a transposition be made, 'gem' being placed in the Britannia song and 'pride' in the Columbia song, so as to make a more appropriate setting for each. Are you ready for the question?

### Movies in Japan.

The severest censorship exercised anywhere on films is in Japan. Nowhere else in the market for movies are the purchasers so critical in their judgement. In 1917, board of censorship divided the films into two classes - films for those under the age of fifteen and for those over that age. In one year, the office at Tokio examined 1,935 subjects, of which only 641 were accepted. The Japanese censor will not permit a kiss more than a few feet in length. In fact, more than 2,300 scenes were cut out in which the Western method of expressing affection appeared and the 353 scenes were cut because the kiss was accompanied by an embrace. Scenes of murder and crime are also prohibited to such a degree that a Zeppelin raid was denied exhibition. In the matter of titles, one must also be cautious, as in ten months this same censor had eliminated 2,141. The Japanese are using the cinematograph as a means of education. Since the censorship has become so severe, the attendance at the film theatres has tripled, proving that the moral scruples of the Japanese must be respected by the manufacturers of the Western world if they wish to make a success of films in the East.

### Summer Complaints Kill Little Ones.

At the first sign of illness during the hot weather give the little one Baby's Own Tablets or in a few hours he may be beyond aid. These tablets will prevent summer complaints if given occasionally to the well child and will promptly relieve these troubles if they come on suddenly. Baby's Own Tablets should always be kept in homes where there are young children. There is no other medicine as good and the mother has the guarantee of a government analyst that they are absolutely safe. The Tablets are sold by medicine dealers or by mail at 23 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Plans have been formulated for an aerial derby around the world, for which the prizes may total \$1,000,000. It is announced by the Aero Club of America. A special commission has been appointed and will start this month on a tour of the world to arrange routes and landing places to obtain referees, and to organize committees in every country through which the race will pass.

## A TWO-FOLD DUTY

Many thoughtful mothers first give their children

**Scott's Emulsion** regularly - and then take it themselves. It is a tonic-food that contains elements as essential to an adult as to a child. Build up your strength - try Scott's.

## Literary Notes.

### THE NEW L. M. MONTGOMERY BOOK.

From our smallest province, Prince Edward Island, Canada's 'Million acre farm,' comes one of our best known authors, L. M. Montgomery (who in 1911 became Mrs. (Rev.) Ewan Macdonald, of Leaskdale, Ont.) Lucy Maud Montgomery was born at Clifton, Prince Edward Island, where her father, Hugh John Montgomery, was a son of Senator Montgomery, was a merchant.

Owing to the death of her mother when she was only a few months old, she was brought up by her grandparents at Cavendish, P. E. I. Her education was completed at the Prince of Wales College, Charlottetown, and Dalhousie College, Halifax. She taught school for a few years. It was while she was at the Prince of Wales College that her first work was published, a poem, in an American magazine although she says, 'As far back as my memory runs I was writing stories and verse for my own amusement.' Her first 'Annie' book grew out of a request for a serial for a Sunday School weekly. It was based on an entry in an old note book: 'Elderly couple apply to an orphan asylum for a boy; a girl is sent to them.' The proposed serial grew to a book and from that arose a whole series of the 'Annie' books. In 'Anne's House of Dreams' comes the happy ending of the romance between Anne and Gilbert Blythe, which began on the day when she cracked a slate over his head at the country school and continued through their careers at college. Gilbert becomes the doctor of a sea-coast community and is involved in many of the community happenings.

Full of splendid wholesomeness, a delectable humor and pure romance, is L. M. Montgomery's new novel, 'Rainbow Valley,' again staged on her native Prince Edward Island. It tells of the everyday events in a community of simple kindly people whose lives, sometimes prosaic - are the counterpart of other lives the country over.

The six children of Anne Blythe (of 'Anne of Green Gables' fame) and their four young neighbors of the Manse are just the sort of lovable incorrigibles that keep the town aghast at their irrepressibility. It is around their adventures and misadventures that the story turns and it is partly through them that two romances are brought to a happy outcome. Miss Cornelia (Mrs. Marshall Elliott) of previous acquaintance is still a quaint, humorous, and plain speaking and as much interested in the doings of everybody in the community. John Meredith, the widowed occupant of the manse, with his family of irrepressibles is just such a problem as Miss Cornelia likes to handle and she helps toward the correct solution.

MCCLELLAND & STEWART, Ltd., 215-217 Victoria St., Toronto.

The 'fireless locomotive' is a German war-time invention. It has a large hot water tank which is filled to capacity with high pressure steam from a stationary boiler. Naturally, the quantity and pressure of the pumped in steam limit also the running capacity and time of the engine. As a compensation, the engine is of an extremely simple construction and perfectly safe in operation. All delicate boiler parts are eliminated; there is no firing, and therefore no smoke, soot and coal dust; explosions are out of the question. The fireless engine, therefore is employed chiefly in munition and chemical plants, also in factory yards where it can be kept under steam without any attendance.

The July Canadian Bank statement marks a new record in savings deposits, the total of \$1,175,092,153 being recorded. This is an increase over June figures of \$36,500,000. Over the figures of July, 1918, the increase is \$183,077,016. This, of itself, is quite a showing; but it is the better when one takes into account that, during the past year, Canadians subscribed \$650,000,000 in new money for Victory Bonds. These figures augur well for the New Dominion Loan that will be launched in November. That Canadian banks abroad are also doing a good business may be seen in the fact that during July their deposits outside of Canada were increased by \$34,000,000.

Here at last according to Raymond Racuity, who has had access to the records, is the true text of Marshal Foch's famous Marne despatch: 'My centre is giving way. My right is retiring. The situation is excellent. I am attacking.' That makes it all look like strategy instead of disaster.

## Men who work in Steel Mills

and similar plants coming from an overheated shop out into the chilly night air require extra good underwear protection. During their strenuous work, perspiration opens the pores and grips frequently result unless the body is protected with heavy, honest wool underwear. Atlantic Underwear affords the best protection for such workers. It absorbs the perspiration and protects against dangerous chills resulting from extremes of heat and cold.

Sold in five different weights and qualities. Our lowest priced lines are not equal to the more expensive ones, but each is guaranteed to be the best value of its class. Compare them with others of like price and see for yourself.

## ASBESTONE 40 YEAR ROOFING.

No rags or tar in this roofing. Pure Asbestos and Asphalt, cannot rot or dry out. Costs but little more than the ordinary kind. It is far more durable as well as fire-resisting, and just as easy to put on. Any other roofing would be totally destroyed by fire. Not so with Asbestone. It is not what is on a roofing, but what is in it, that counts. Write for information and sample. If you can't get it through your dealer, we will send it to you direct. We want dealers to handle it.

## Drug Store Goods.

(From the Minneapolis Journal.) Ships in distress send out 'S. O. S.' Households in distress send out frantic telephone signals to the corner drugstore. And the drugstore responds with any commodity known to inventive genius, be it canned heat, ice cream or fish hooks. These are a few of the articles displayed in the show windows of Minneapolis drugstores: Soap, scissors and soda. Shoehorns, curling irons and gum. Magazines, shoe polish and lunches. Pie, picture frames and glue. Cameras, hairpins and corn plasters. Flashlights; peanuts and shoelaces. Pocketbooks and chafing dishes. Alarm clocks and fireless cookers. Mirrors, stamps and baby bottles. Newspapers and shampoo concoctions. Candy, toothpaste and colored spectacles. Paint, toys and picture books. Postal cards and furniture polish. Perfumery, fountain pens and napkin rings. Fly swatters, and hair restorers. Crutches, calendars and money belts. Insect powder and vanity cases. Sponges, films and cigarettes. Fish hooks and bathing caps. Razors and vacuum bottles. Nipples, knives and nail files. Pencils and toilet powder. Bath Mats, belts and brushes. Ice cream and shaving mugs. Cake, soft drinks and humidors. A public telephone. A free directory. And drugs.

No Minneapolis drugstore ever has been known to sell a battleship, a locomotive or tank.

## Why Beauty Fades

A CONDITION DUE ENTIRELY TO POOR, WATERY BLOOD. The girl who returns home from school or from work thoroughly tired out will be fortunate if she escapes a physical breakdown, because this getting tired so easily is probably the worst warning symptom of a thinning blood that must not be disregarded if her health is to be preserved. When the blood becomes thin and impure the patient becomes thin, pale, haagard and angular. She not only tires out easily but suffers from headaches, palpitation of the heart, dizzy spells and a loss of appetite. This condition will go from bad to worse, until perhaps fatal consumption sets in, if prompt steps are not taken to increase and enrich the blood supply. To make the rich, red blood that brings the glow of health, no medicine yet discovered can equal Dr. Williams' Pink Pills. If given a fair trial their use brings rosy cheeks, bright eyes, a good appetite and good spirits. Dr. Williams' Pink Pills have made thousands of pale, languid girls active and strong. On the first sign of poor, thin blood mothers should insist upon their daughters taking a fair course of these pills. They will not only restore health, but will save further doctor bills.

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A nation-wide strike of Baptist clergymen is urged in New York unless better pay is forthcoming. Packer declares Canadians will not eat cheap bacon. Certainly not when they cannot get it.

## Fall Plowing.

For the past three years Nova Scotia farmers have had to pay very high prices for grain seeds for live stock, and even then have had difficulty in securing sufficient supplies. As each year has gone by, farmers have looked for improvement, but none has come, and, in fact, the outlook for the current year is less promising than any previous date.

Among the steps which are taken to meet this situation the one that offers the most obvious and effective relief is for Nova Scotia to grow more grain feeds on their own farms. Now is the time to make preparation for next season. Fall plowing has on nearly all farms in Nova Scotia proven much better than spring for growing practically all kinds of crops. In some seasons it is almost impossible to do fall plowing early owing to the hard condition of the soil. This year the abundant rains have removed this difficulty. Everything therefore points to the wisdom of keeping the plow going at every opportunity from this time until winter frost sets in.

Wonders will never cease. A few years ago if anyone said that a steamer could make the passage from New York to San Francisco in 12 days, it would be treated as impossible. And yet it has been done, for the steamer Great Northern arrived at Frisco on September 4th, after leaving New York on August 23rd., and from Balboa on the 28th.

The new Parliament Buildings at Ottawa were the scene of a fire last Friday night, and but for the fire-proof construction a conflagration such as that of February, 1916, might ensue. The damage is estimated at about \$2,000.

## AFTER 20 YEARS

Remarkable Experiences of Mrs. Ripley

"Mrs. Milnor F. Ripley, of Williamsdale, East, has good news for all who suffer from aches and derangements caused by Kidney Trouble. Read her letter:-"

"Before taking Gin Pills I had suffered dreadfully with my back and headaches, and had suffered for 20 years. I tried almost everything but got no relief until I got Gin Pills. I have taken 6 boxes and now I have not a sign of a pain or an ache. I am now 45 and feel as well as ever. I did in my life."

In Gin Pills, all the valuable diuretic Juniper element in the Gin has been utilized, and the alcohol eliminated. Combined with other highly efficient diuretics and analgesics, Gin Pills present the most scientific and effective remedy for Kidney and Bladder troubles that can be secured. They give sure, quick and safe relief. If you have back-ache, headaches, highly-colored urine, rheumatism, lamboago, sciatica, neuralgia, dizziness, lassitude, floating specks before the eyes, unaccountable uneasiness of mind and general debility, lose no time. Treat yourself with Gin Pills before it is too late. At all druggists and dealers. Do. Money refunded if not relieved. Free sample on request.

The National Drug & Chemical Co. of Canada, Limited, Toronto. United States Address, Na-Dr-Co, Inc., 308 Main St., Buffalo, N.Y.

## ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hollam, Pa. - "I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without result, so I decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter." - Mrs. E. B. CHURCHMAN, R. No. 1, Hollam, Pa.

Lowell, Mich. - "I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way." - Mrs. ELISE HARR, R. No. 6, Box 53, Lowell, Mich.

## LYDIA E. PINKHAM'S VEGETABLE COMPOUND

LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

In announcing an intention of the British government to make permanent the temporary powers provided by the profiteering act, Mr. McCurdy, Chairman of the Central Committee, said they would begin investigations at the top, because 'very often the retail tradesmen were not so blame-worthy as a powerful trade organization'. Canada's Board of Commerce should not overlook this British intention nor the hint conveyed in the Chairman's words. The revelations of business methods have laid bare many of the ways adopted to maintain prices, to silence competition, to make the consumer pay more than he should pay. Unless the things are prevented and the wrongs of the past righted, as far as it is possible to right them, no really permanent benefits can accrue from efforts to better conditions.

I am pleased to be the holder of a Canadian War Savings Certificate. I am delighted to find that in Canada you have War Savings Stamps of sale, similar to those we have in England. I wish the War Savings campaign every success. I remain your sincerely Sir Herbert B. Ross, Chairman, National War Savings Committee, Ottawa.

Minard's Linninet Co., Limited, Genta. A customer of ours cured a very bad case of dizziness in a valuable horse by the use of MINARD'S LINNET.

Yours truly, VILANDIE FRERES,

Viscount Grey, newly appointed British Ambassador to the United States, arrived at New York from England on Friday last.

## CASTORIA

For Infants and Children Use For Over 30 Years

A noted Parisian ladies' tailor says that to be really well dressed a woman must be attired so that the small boys will stand still and giggle at her.

## Men interested in aviation

advanced the theory that photographic maps of cities made from views taken from an airplane, would be of value as a part of the records of the Fire Departments. They would be as valuable to the fire chief as similar maps of the battlefields of France proved to the commanders of armies. Such a map, for instance, would enable the chief to know at a glance the best of getting at a big fire, the surrounding roofs and so forth. By use of the map the dangerous areas and zones could be plotted in the same manner as in war time.

## SAVINGS BANK DEPOSITS INCREASED

during August by approximately twenty million dollars. They now stand at \$1,196,632,931, a figure which is regarded as promising well for the success of the coming Dominion Loan. During the month, call loans in Canada showed a slight increase; call loans outside, a decrease; demand deposits were practically stationary.

### Children Cry FOR FLETCHER'S CASTORIA

Women factory workers in Japan outnumber the men by over 230,000.
