VOL. 44.—NO. 40.

NEWCASTLE, N. B., AUGUST 30, 1911

PRICE THREE CENTS

SPECIAL MEETING TOWN COUNCIL

New Street Certain--New Sewer Talked of--Bonds Yet Unsold-- Another Division Over Scott Act Matters.

Pursuant to notice a special meeting of the Town Council was held on the 24th instant. Present: Aldermen T. W. Butler, John Clark, C. M. Dickson, J. G. Kethro, S. A. Russell, Geo. Stables and H. H. Stuart.

Ald. Clark was chosen chairman. Ald. Kethro of the Public Works committee reported that he had had a communication from R. A. Lawlor, acting for Miss Dalton, offering free the part of her land necessary for the opening of the proposed street from Sportville to the I. R. C. station; and on motion of Ald. Butler and Stables, the Public Works committee were authorized to have title deeds prepared for the properties whose owners had signified their willingness to contribute towards the street, and submit the same to the different owners for execution.

On motion of Ald. Stuart and Sargeant, the committee was granted an extension of time to procure any other property necessary to the street.

Re sewer on Pleasant and Falconer streets Ald. Butler reported that he had estimates from W. E. Fish and the Town Engineer of Chatham, showing for what the proposed sewer could be installed.

On motion of Ald. Clark and Stables the L. W. & S. committee was authorized to have a survey made of the proposed sewer with plans and specifications.

Following bills were passed:

FINANCE

McLean Pub. Co., advt. Bonds, \$9.00.

PUBLIC WORKS

M. Bannon	\$26.40
F. H. Gough	21.05
J. D. & D. J. Buckley	40.92

	\$428.15

POLICE

James Calder, Police Uniforms, \$56.00, charged to C. T. A. account.

The Mayor arriving then took the chair. The report of Scott Act Inspector Dickson was then read as follows:

"Newcastle, Aug. 24, 1911. To chairman of Police Com., Sir: "I beg to submit my report on C. T. A. for the month as follows: During the month there have been four informations laid, and all resulted in convictions and fines imposed each paying fifty dollars and costs.

"I am, your obedient servant, (Signed) "ADAM DICKSON, Town Marshal"

It was moved by Ald. Butler and seconded by Ald. Sargeant, that this report be received and

A SIDE LIGHT ON RECIPROCITY

What is Meant to Canadian Farmers by Favored Nations.

The Resolutions amending the Customs Tariff of 1907 to allow for the Reciprocity agreement, provide:

1. That the articles, the growth, product or manufacture of the United States, specified in Schedule A, shall be admitted into Canada free of duty when imported from the United States.

2. That the articles, the growth, product or manufacture of the United States, specified in Schedule B & D, shall be admitted into Canada upon payment of the rates of duty specified in the said Schedules when imported from the United States.

3. That the advantages hereby granted to the United States shall extend to any and every other foreign power which may be entitled thereto under the provisions of any treaty or convention with His Majesty.

4. That the advantages hereby granted to the United States shall extend to the United Kingdom and the several British Colonies and possessions with respect to their Commerce with Canada. Provided however, that nothing herein contained shall be held to increase any rate of duty now provided for in the British preferential tariff.

"Favored Nations" means Countries with which Great Britain has agreed by Treaty that no higher duties shall be imposed on their articles of growth, produce or manufacture when imported into British Territories, than are or shall be imposed on like articles when imported from any other foreign Country.

There is at present in force the following treaties which give to the respective nations the same rights in the Canadian markets which are (or will be if Reciprocity carries) given to the United States; and which under the existing treaties will automatically pass to them without any reciprocal concession on the part of such favored nations.

Argentine Confederation; Treaty February 5th, 1825.
Austria Hungary, Treaty, December 5th, 1876.

Bolivia; Treaty, September 29th, 1840.

Columbia, Treaty, February 16th, 1866.

Denmark, Treaty, July 12th, 1870, renewed and confirmed by Treaty, January 14th 1814.

Norway, Treaty, March 18th, 1826.

Russia, Treaty, January 12th, 1859.

Spain, Treaty, September 9th, 1713, confirmed and continued by treaty, August 17th, 1814.

Sweden, Treaty, March 18th, 1826.

Switzerland, Treaty, September 6th, 1855.

Venezuela, Treaty, April 18th, 1825, renewed and confirmed October 29th, 1834, and again February 13th 1903.

Besides these there is our own Treaty with Japan, dated January 31st, 1906, and our own treaty with France which came into force February 1st, 1910. Thirteen in all.

Under all these treaties, the moment an article of growth, manufacture or produce is admitted free or at a reduced duty from the United States, it must also be admitted free or at a like reduced duty (as the case might be) from each of these foreign Countries

under resolution No. 3. above quoted.

By resolution No. 4. the same door is opened to the following British Possessions now paying a duty for the privilege of competing with our Canadian Farmers: THE UNITED KINGDOM, THE BRITISH COLONY OF BERMUUDA, THE BRITISH WEST INDIES, BRITISH GUIANA, BRITISH INDIA, CEYLON, Straits Settlements, New Zealand, South African Customs Union, Newfoundland, British Honduras, Australia, Territory of Papua (British New Guinea), Labuan, St. Helena, Aden, Hong Kong, Cyprus, Malta, Falkland Islands, Gibraltar, British North Borneo, Sarawak, British West African Colonies as follows: Gambia, Gold Coast, Sierra Leone, Southern Nigeria, Northern Nigeria and Lagos; British Central Africa, Mauritius, Seychelles Islands; Federated Malay States as follows: Pahang, Negri Sembilan, Perak, Selangor, Solomon Islands, Gilbert and Ellice Islands, Tonga and Norfolk Islands.

Now the right to abrogate any of the above Treaties, except the two last named, is vested in the imperial government alone. Canada could not of her own motion, withdraw one thread, line or figure from them or any of them without a virtual declaration of Independence; and even if the Imperial Government were disposed to assist us in doing so, it would have to renounce the whole treaties of a century's up-building, thereby imperiling a large portion of the trade of the United Kingdom. It has been, and possibly may again be, stated that Sir Wilfred Laurier would demand the abrogation or limitation of favored Nations Treaties. But he has announced that this statement was unauthorized. In the British House of Commons the foreign Secretary has stated that without complete denunciation of the treaties by the British Government, Canada cannot withdraw.

It will be probably argued by the Reciprocity pap mixers, that these Countries are too far away to compete with us; but we must remember the World is growing very small in comparison with even twenty years ago. It is not so far to-day from New Zealand, Australia, Argentine, Venezuela, Norway, Sweden, or any of the other Countries to whom our doors are to be thrown open, as it was in 1854-1866, from Halifax to Boston. You could not then send a ship load of Lambs' Carcasses from Halifax to Boston in good order and deliver them frozen on the market for a few cents a pound, or at all, you could not send Butter the same distance, and land it in good order at two cents per pound. How are conditions today? Take for example New Zealand, (which in 1909 exported thirteen and a half million dollars worth of butter and cheese, eighteen and a half million dollars' worth of frozen lamb and mutton.) New Zealand can land butter in Vancouver at two cents per pound freight; and a large quantity is even now coming to compete with our Canadian farmers against a four per cent duty. In January 1909 Montreal received 5000 packages of New Zealand butter, which paid a duty of 4 per cent and inside a month

A MILLION MEN ARE NOW IDLE IN U. S.

Wall Street, August 29.—Gloom has settled down in Wall Street. The mystery as to the big selling of stocks is no longer a mystery in a way for the selling has come from "the big people," who are also "the wise people."

They looked a little farther ahead than the little fellows, and saw this business depression and labor troubles.

It is no exaggeration to say that there are today over 1,000,000 Idle Workmen in the United States.

Is it any wonder the stock market has been going down?
The business slackening has affected all lines of trade.

ran the market price down 8 1/2c per pound. What will it do when the duty of 4 per cent is off? Switzerland during the year 1909, paid the freight and duty and landed on our markets 227,954 pounds of cheese.

Australia landed at St. John, N. B. on March 18th last 720 carcasses of frozen lamb, 250 of these went to Toronto and nearly all the rest went to Montreal. This lamb paid a duty of three cents per pound and was laid down on the market tables of Toronto at twelve cents per pound. What went to Montreal was even worse and shows to what straits we may be driven by this open door policy. Home raised lamb was selling in Montreal when this landed March 20th, at 10 1/2 cents. The Australian lamb was sold, freight and duty paid delivered from cars at 9 1/2c, showing that the price at Toronto was no index to the scale of competition opened up here; but the product could still keep one cent below Canadian products when we got down to 10 1/2c. Now the Argentine Republic exports are almost entirely farm products, and it is no distance from St. John or Halifax markets, when the tariff wall is down. And its people are content with a far lower scale of living than our Canadian farmers; and the cost of production of Live Stock, chilled meats and other agricultural products, is practically equal compared with Canada.

These few illustrations should suffice to show our farmers what they may expect when all the above mentioned countries have free right to dump their surplus produce upon the Canadian market. When we consider the modern and ever improving means of transportation, scientific methods for sanitation and preservation in transit, the immense advantages the more temperate climates have over ours for cheap production of most agricultural products and the high standard of scientific farming, co-operative marketing, and agricultural education, possessed by countries on equal climatic footing with us.

It is not difficult to see how readily our country will become a dumping ground for the world's surplus agricultural products, our farms go out of commission, while our industries will dwindle to the minimum amount of labor necessary to bring our mineral and forest wealth to the doors of the now hungry factories of the Republic.

It would appear that the two gentlemen who went to Washington and dined with Taft overlooked this part, when they were conferring over their wine and turkey; for when the question was asked by a Conservative in the House, "What the price, and the

names of the countries, if any, that will be entitled to have their own products and manufacturing articles come to Canada under the same terms as the United States under the Reciprocity agreement?" They showed temper at first; and later the evasiveness and reticence of an unwilling witness; and the question had to be put categorically. Does Argentine get the same terms as the United States? Mr. Fielding answered Yes! Does Denmark? Yes! Does Japan? Yes! and so the whole list had to be pulled from him one by one before the information would be given for the public.

The Newspapers of the great American Newspaper Association don't yet understand how to canvass Canadians. They have begun to threaten too soon. The twenty-first of September will make it sure that this Trust will never again have occasion to try their hands as Canadian Campaigners.

THE AUGUST ROD AND GUN

No better number for a delightful holiday month has been issued than Rod and Gun in Canada for August published by W. J. Taylor, Limited, Woodstock, Ont. In the opening story "From the Log of a Nautical Tramp, the holiday spirit prevails and is prevalent through the two following papers—Luxurious Trout Fishing and Up the Maganetawan, a River of Dams. In addition there is an abundance of other material, articles and stories dealing with fishing, deer, moose and bear hunting while other phases of outdoor life receive recognition and treatment in a manner that must appeal to all sportsmen. This is particularly the case with the little paper on the subject of wounded game and a pioneer's stories while the conclusions of the Commission inquiries into the fisheries of Alberta and Saskatchewan must interest anglers all over the Dominion. The paper on a New Use for the Red Fox may not only create a new interest in fox hunting but also lead to an extension of the fox farms which have proved such a success in Prince Edward Island and in Middlesex county, in Ontario. Altogether it is a number which no sportsman should miss.

**THE MODERN WAY
OF
HOME
DYEING**

Is to use ONE Dye that will color either Wool, Cotton, Silk or Mixed Goods Perfectly. You will find this in

DYCOA

Send for Sample Card and Dye Booklet to THE FARMERS' SUPPLY CO., Limited, Montreal, Can.

With this Modern Dye all you have to do is to mix for DY-CO-A then you CAN'T make a mistake and use the Wrong Dye for the goods you have to color.

MORRISON HOLDS MONSTER MEETING

Conservative Candidate Speaks to Crowded House at Boiestown on Monday Evening.

On Monday evening Hon. Donald Morrison and Mr. T. W. Butler spoke to one of the largest audiences that ever turned out to a Political meeting. The candidate handled the Reciprocity pact without gloves and showed that it would be of no benefit whatever to the people of Northumberland. It was by far the best meeting ever held in Boiestown; and that section of the country can be counted on to give an answer to the Laurier Government that they do not want Reciprocity.

AN INTERESTING WEEK IN POLITICAL FIELD

Laurier, Monk, Bourassa and Lemieux, With Many Lesser Lights, Keep the Pot on the Boil in Quebec Province—Census Takers Say Ghost has not Walked Yet—Messages to Heaven Carry no Charge.

Montreal Aug. 25.—The past week has seen the parliamentary election campaign waken into a vigorous life that has been in marked contrast with the preceding fortnight's quietude. Sunday's meetings at St. Hyacinthe in its usual excellent attention to the orators on both sides was somewhat of a surprise to watchers on the rim of the crowd. The reception accorded the Hon. Mr. Lemieux and Mr. Bourassa by the St. Hyacinthe crowd was expected to tip off the forecasters as to which way the political wind is blowing in the Province of Quebec. It has been asserted that Sir Wilfrid is losing his power amongst his compatriots. It has also been shouted from the housetops that Quebec would come back more solid than ever. St. Hyacinthe, in the minds of many, was to decide but St. Hyacinthe did not decide. After it was all over one could no more tell whether the feeling was Liberal or Conservative than before. Both sides claimed success. Perhaps both were successful. It is hard to pick a rouge or a bleu when he stands under the sun, his face turned immobile to the speaker and nothing but a bronzed tan and a growth of beard to judge sentiment by.

Then there was Three Rivers and Quebec, where Sir Wilfrid himself spoke. Both were undoubted triumphs for the Liberal leader. But, on the other hand, there were Lachine and St. Lazare where Monk and Bourassa spoke. At neither of these places would one suppose there was a Liberal within a hundred miles. It is a pretty battle throughout the Province, and any man risks his reputation who attempts to prophesy the outcome before September 21.

GHOST WALKS SLOWLY

The Census enumerators of Montreal are complaining that they have not yet received their cheques from Ottawa. They were promised them, they say, early this month with ten per cent to be retained in case errors should be discovered requiring rectification, but, up to date the enumerators are without them, and still waiting.

One of the local Census Commissioners went to Ottawa last week. He says he saw several cheques actually made out and offered to bring them away with him, but his offer was turned down, and he was informed that the cheques would be mailed that day.

In St. Lawrence Ward the petitions were all in by the second week in July, and all the enumerators cannot imagine why they should be kept waiting for their pay. They contend that they should not be called upon to wait, in some cases at much inconvenience, any more than a permanent official.

THIS MESSAGE IS FREE:

"There is no charge for sending messages to heaven though you have to pay for them on earth," is what the wireless operator on board the North German Lloyd SS. Bremen told Mathilde Sinclair, a ten year old girl, who that day had made her first communion on board the ship. Mathilde was returning with her mother from Paris, and Archbishop Bruchesi of Montreal being on board suggested to Mrs. Sinclair that her daughter should make her first communion before leaving the ship. Mrs. Sinclair consented, and the little girl dressed in white communicated at the hands of the Archbishop, who was assisted by four priests, eight sisters of Notre Dame also being present.

The captain gave a dinner in honor of the event, with a special cake for Mathilde. During dinner a steward brought her what purported to be a wireless message on which her name was written, and underneath, "To the little angel of the ship." The message was signed, "Your guardian angel."

It was with regard to this message that Mathilde questioned the wireless operator. He assured her that he had received the message on his instrument, and supposed that an angel had sent it.

Mathilde's reply, and on being told she could, asked how much it would cost. It was the wireless operator told her...

there was no charge for sending a message to heaven.

This was too much for an American child to believe, so she promptly replied, "The message did not come from heaven at all, it was the Archbishop sent it."

Mathilde promptly taxed the Archbishop with being the author of the message and His Grace as promptly admitted it.

SWALLOWS' NEST OF BANK-NOTE

Also How a Mouse Stole \$40 Worth of Notes to Make a Home.

A pair of swallows of Fibertown, in the Tyrol, have stolen a number of ten-kronen bank-notes to line their nest.

The parent birds discovered that the new notes were just the shade of blue to match their eyes, the tissue being tough but flexible, and exactly the meter they needed. The nest and the missing notes were only discovered when the swallows had abandoned it and it fell to the ground.

This fact has been equalled by that of an enterprising mouse in Norbim, which abstracted a number of twenty-kronen notes to the value of \$40, of a delicate reddish brown shade, from the cash drawer of a butcher, and, tearing them to pieces, adapted them to the purpose of making a nest for her family of seven. The butcher in his search for the notes suspected and traced the mouse, and found the nest under the boarding. He carefully picked up the remains of the notes and returned them to the bank, where they were pieced together. The butcher received \$37.50, the bank claiming \$2.50 for "material loss" caused by the mouse's teeth.

THE HOUSE FLY.

The Most Filthy Insect Known.

This fly, called "Typhoid Fly," on account of its being known as a carrier of typhoid germs, is one of the filthiest insects with which we have to contend. It also carries the germs of tuberculosis and other diseases, and is a menace to the health of the family.

It breeds in fresh horse-manure and other filth, hence, when the stable is near the house, flies are apt to be more numerous. Use screens on the windows; resort to the use of sticky fly paper; keep garbage pails and privy vaults securely closed; if possible, keep stable manure covered.

Some farmers' wives hang sticky fly paper, sticky side out, on the outside of their screen doors, at the top; which, in warm weather, catches flies which gather there.

Flies are attracted and can be killed by the following solution: Place in a room two teaspoonsful of formaldehyde (formalin) in a pint of water. Flies drink this and shortly die. This not only kills the fly, but serves to disinfect the insect after death.

Intestinal discharges from patients suffering from typhoid, or any other fever, should be sterilized before being disposed into the cesspool.

Traffic on the Lakes.

Canada's Soo Canal traffic, 1909, season of eight months, 57,985,149 tons; Suez Canal, all of 1909, 15,407,527 tons.

Canada's canal traffic, 1910, 45,000,000 tons.

The "Midland Prince" broke all records in grain cargoes on July 7th, 1910, by sailing from Port William with 523,251 bushels of oats.

There are 111 vessels in the Lake Superior trade over 500 feet in length, and 157 between 400 and 500 feet in length.

There were carried down the lakes during 1909, 113,253,561 bushels of wheat, and over 46,500,000 bushels of grain other than wheat.

Dairying in Ontario.

Ontario's dairy industry was valued in 1909 at \$31,000,000, with 87 creameries and 1,777 cheese factories, and 85 Government dairy institutions.

Three-quarters of the dairy product of Canada comes from Ontario.

Milk delivered at cheese factories, 1,661,639,751 lbs.; cheese production therefrom, 120,924,436 lbs.; value of cheese, \$13,106,919. Butter made at creameries, 9,836,109 lbs. value of butter, \$2,356,170. Value of milk and butter made on farms, over \$1,000,000.

Average value of Ontario dairy products for the past 5 years is at least \$20,000,000, and in two or three years, \$45,000,000.

BEAVER FLOUR

"BEAVER FLOUR" is the unfailing friend of the housewife. It saves her the trouble of keeping two kinds of flour—one for bread and another for pastry. Being a perfect blend of Manitoba Spring wheat and Ontario Fall wheat, it gives to bread the rich, nutritious properties of the former and the lighter qualities of the latter, making a large white loaf of delicate texture and exquisite flavor. Pastry, biscuits and cakes, made with BEAVER FLOUR cannot be excelled. Ask your Grocer for it today. 107

Min. Erected on Ancient Gold Mine in India.

Gold bricks, real ones, may be the means of restoring the ancient frame of Golconda, near Hyderabad, in southern India, once known all the world over for its gold mines.

TWO YOUTHS ARE ON TRIAL FOR LIVES

Murder Cases of Henry C. Beattie and Paul Geidel Opened.

Chesterfield Court House, Va., Aug. 27.—

With the jury selected and the witnesses for both sides subpoenaed, the trial of Henry Clay Beattie, Jr., of Richmond, indicted for wife murder, began today with the opening of the prosecution's case.

The first witness for the commonwealth was Thomas Owen, uncle of the murdered young wife, summoned to testify that Beattie brought the body to the Owen home with a story of a man in the roadway firing into his automobile and killing Mrs. Beattie.

The prosecution has a list of more than seventy other witnesses, most of whom will be used in sketching Beattie's life and in an effort to build a motive for the crime.

Beulah Binford, the seventeen year old girl, said to have come between the prisoner and his wife, remains in jail at Richmond, as a material witness.

New York, N. Y., Aug. 24.—The prosecution scored a point yesterday afternoon at the trial of Paul Geidel, a "bell" boy accused of killing Wm. H. Jackson, an aged Wall street broker.

Part of the verbal confession alleged by the police to have been made by the seventeen-year old defendant was placed before the jury after Judge Crain has over ruled an objection of the defense counsel.

Detective Jeremiah Barber testified that young Geidel had admitted the ownership of a blood-stained handkerchief found in the room of the broker.

Questions put by James A. Grey, Geidel's counsel to Coroner's Physician Lehan seemed to indicate that the defense would try to prove that Mr. Jackson died of heart failure.

Her Habit

"What do you think the young wife of old Moneybags has developed into?" She is always crossing or recrossing the ocean. She certainly keeps the transatlantic line busy.

You know, she was formerly a telephone girl.

Swat That Fly. The transmission of disease by the fly is no longer a mere theory, but is a truth that has been scientifically established.

Keep the flies out of your house. Get screens for the doors and the windows. Be on guard all the time.

Keep screens over articles of food. Don't let flies get near the pantry, kitchen or dining room.

Be doubly careful about keeping flies out of the sickroom. They are likely not only to bring complications of new diseases, but to carry the invalid's disease to many others.

Those who put in their screens promptly will be taking the best precaution against having disease germs introduced into their homes by flies.

There is more health in a house well screened than in many a doctor's visit.

About 50 metals have been discovered in the last 200 years by chemist explorers, but uses have been found for only a few of them.

Recent explorations indicate that China has coal fields containing more fuel than those of all other countries in the world combined.

A new safety razor shaving outfit, including case and brush, packs into a case less than half an inch thick, carrying in the pocket.

MARIED ON FATHER

Crowded Season is Opened Again and Papa Knows.

Andy the crowner season is in full swing.

One notices it first when the crowd comes from the lodge.

"There is a slight touch on his leg about four inches above his knee. He doesn't notice it.

The next instant he is on his feet, his nose investigating the position of the bed, while with his other hand he upsets a stand full of soap.

"What in the lovely christened present and appreciable circumstance is this man's papa."

The dog bays a mournful wailing to the moon. A window is closed and a sharp voice says:

"Come in the house, you fool! You are not allowed another night's wick."

Then father knows the crowner season is on and he announces the best next day. That if Willie is not to bring in the wickets at night, he will burn the darned outfit.

For the next few weeks the boys and girls come over and play in the house in the tower beds and play in the garden.

Evening, sometimes, pap will play game with mamma just to keep himself for the nights he goes to lodge.

THE KING'S THRONE

Hard to Say Which is the Most Comfortable.

The King may be said to be the suite of thrones—or shall we say set of "occasional thrones"—of which he probably sits on most often.

It is not at all likely that the King would sit upon it often, but it was in his "rain" ingenuity that he used an extremely uncomfortable chair.

It is not at all likely that the King would sit upon it often, but it was in his "rain" ingenuity that he used an extremely uncomfortable chair.

Probably the throne most familiar to the public is the great carved chair which stands upon a dias in the House of Lords.

It is not at all likely that the King would sit upon it often, but it was in his "rain" ingenuity that he used an extremely uncomfortable chair.

It is also reported of him that on his first attending afternoon church one Sunday, he remembered how often he had been told to thank his entertainers for their hospitality.

It is also reported of him that on his first attending afternoon church one Sunday, he remembered how often he had been told to thank his entertainers for their hospitality.

Ben's Logic. "Ben," said his friend, waking up from a reverie in which he had been gazing abstractedly at the shiny expanse of Ben's skating-rink for a moment, "what are you doing?"

"No, lad!" he replied, with good reason. "Fifteen years ago I was coming strong, and I tried lots of things."

John Jacob Astor was the first to bring the London for the purpose of carrying in the pocket.

McGARVIE—McKINNON

At Shannonvale on the evening of August 16th an unusually pretty wedding took place at the home of Mr. and Mrs. William Merkle.

The ceremony was performed by the Rev. J. B. Kirk in the presence of about ninety invited guests.

The bride, who was attired in white silk trimmed with all-over lace and inset with a beautiful bouquet of sweet peas.

The bride and groom, with a party of guests, were conducted to the stations during which a substantial supper was served, after which a most enjoyable time was spent by all.

NEWCASTLE, N. B., AUGUST 30, 1911

WANTED; A CANADIAN CUSHION

It is not only the great railroads of the central and western sections of the United States which are preparing for a period of industrial depression...

Since the Pacific, twenty-four hours have showed its appreciation of business prospects by dispensing with its usual railroads...

CARE

To the Electors of the County of Northumberland, Gentlemen:

The Liberal-Conservative Convention of our County, held last month, nominated me as the Party's Candidate at the approaching election of a member of the House of Commons for this Constituency.

I find it will be impossible for me to personally interview all the electors, as I would like to do, but hope to be able, with their cooperation, to give them a chance of hearing my statement of the case at issue, at public meetings throughout the County, and I earnestly appeal to you to give the great question your careful and loyal consideration and vote against the Reciprocity Pact and for the platform of the Liberal Conservative Party and mark your ballots for me, its Candidate, on the twenty-first of September.

That Convention spoke not only for the Conservative Party but also for the large number of Liberals who have taken issue with their Leaders both on the vital question of the day and also on the manner in which they have attempted to force this policy upon the Country without consulting the people.

The Election now about to be held is the most important since 1875. It is a referendum of the question of Reciprocity with the United States to the supreme decision of the people. The Government entered into this Reciprocity Pact by secret negotiation at Washington, on its own initiative, without request, without discussion, and without the approval of the people.

There are many questions emanating from the position taken by the Government; the effect of this radical change in our fiscal policy on the industries of our Country; the exploiting by indifferent and foreign corporations and trusts of our forests and other natural resources; the debasing of our people into hewers of wood for the aggrandizement of foreign labour and capital in the higher processes of manufacture; the cheapening and control of our market by foreign producers; the closing of markets for our products which are only now being established. Shall Canada remain a free country? free to make her own laws and tariffs—or shall she don the republican livery that Fielding and Patterson would make us wear? Shall Canada remain in the British Empire—the of its world encircled community?

The Vital Question is—Shall Canada direct her own destinies? Shall our relations with other countries be the friendly but free dealings of one self-respecting people with another? President Taft says, "Canada is at the parting of the ways." And this is true. Which way will you take fellow citizens of Northumberland? The path that leads to Washington, fiscal dependence and ultimate annexation; or the path of tariff independence, national self-respect and closer trade relations with the other members of our great Empire? Years of a hostile tariff have taught Canada independence and are beginning to bring her wealth. Why this sudden insistence by the United States upon giving us what is no longer a necessity? For years we sought it and were denied. We have found other markets; other capital has sought us; other investors have established their industries among us; our credit is now firmly established in other and larger money centres, and the conditions which induced us to desire Reciprocity with the United States have long since disappeared.

The meaning of these sudden overtures by the United States is plain, and the answer of the Liberal-Conservative Party, and the Liberals who join it on this issue is the voicing of the decision of the country that Canada will protect and maintain for her own people, her wealth, her natural resources, her constitution and her autonomy.

Your Obedient Servant, D. MORRISON, Aug. 26th, 1911.

Champ Clark is taking no personal risks. He is not starting just yet to carry the Stars and Stripes on his own shoulders from Mexico to the North Pole. He is allowing some unthinking Canadians to do that until the travelling is safer for such missionaries to Canada.

A SOUTHERN VISITOR Mr. W. H. Frecker of Tampa, Florida, who has been spending the past two weeks at his old home in Richibucto and in Chatham, is now spending a few days with his sister, Mrs. W. F. Copp. He is accompanied by his wife and from here will go to the Toronto exhibition, Mr. Frecker is associated with his brother in the Wholesale Furniture business in Tampa. D. MacLaughlin.

Mr. W. H. Frecker of Tampa, Florida, who has been spending the past two weeks at his old home in Richibucto and in Chatham, is now spending a few days with his sister, Mrs. W. F. Copp. He is accompanied by his wife and from here will go to the Toronto exhibition, Mr. Frecker is associated with his brother in the Wholesale Furniture business in Tampa. D. MacLaughlin.

Canada's Call

(By Michael Whelan)

Whoever there a man with soul so dead, Who never to himself hath said: This is my own, my native land?" —Scott.

"O 'tis our Country's Voice whose claims should meet

An echo in the soul's most deep retreat, Along the heart's responsive string should run, Nor let a tone there vibrate but the one." —Moore.

Thou lovely Land that stretchest wide From sounding sea to sea, The bounding ocean's bonnie bride, Home of the brave and free; Whose mountains tower toward Heaven high, Whose prairies spread afar, Whose forests bear the wild winds sigh - Beneath the northern star: Shall thy mandates have gone forth From Province and from State, And shall select your men of worth Your laws to regulate, Your honest, hardy sons of toil Shall pause one word to say: "We are the sovereigns of the soil. This is Election Day."

"We want our people's rights conserved, Our statesmen to be just, Our Forest Franchise well preserved, For "Hold Our Own" we must. We want a statesmanlike forecast, Prevention not a "cure;" The errors that have marked the past We will not now endure; We care not what the Party's name; We want men who will work, Not for their pockets or for fame, Who will not duty shirk. Our speech is pointed, pregnant plain, We mean just what we say, We will not have our great Domain To grafters given away.

Then gird you firmly for the fray You trusted men and true, We're looking for a better day And better deeds from you. The toiler on the level plain Is looking up aloft, If you betray his trust again Your seat shall not be soft. The man with ax and hoe and plow Is sternly watching out, The sweat that streams from labor's brow Do not forget nor flout, Remember all the wealth you waste Is gathered from the sod, See that our trust is not misplaced Or dread the wrath of God.

Renous River, N. B., August, 1911.

STANDING OF THE PARTIES

The following is the standing of the parties by provinces in the present Parliament—

Table with 5 columns: Province, Lib., Con., Ind., Total. Rows include Ontario, Quebec, New Brunswick, Nova Scotia, P. E. Island, Manitoba, British Columbia, Saskatchewan, Alberta, Yukon, and Total.

Table with 3 columns: Constituency, Conservative, Liberal. Rows include Charlotte, Gloucester, Kings-Albert, Kent, Northumberland, Restigouche, Sunbury-Queens, St. John City, Do. City and County, Victoria-Madawaska, Westmorland, York.

SOCIALIST CANDIDATES

The following Socialist candidates have been nominated to contest the General Election: Cape Britain South—Alex McKinnon. St. Lawrence, Montreal—W. U. Cotton. ... A. G. MacCallum; Brockville—Byron Wing.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

THE LOCAL NEWS

SCHOOLS REOPENED

The town schools reopened Monday. Misses Conley, McGregor and Hogan are absent for a few weeks, and their places are being filled by Miss Isa Leighton, Miss A. B. Leard and Miss Julia Major.

Don't forget the Picnic on Monday, Sept. 4th at the Newcastle Skating Rink, rain or shine.

A well known Des Moines woman after suffering miserably for two days from bowel complaint, was cured by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all dealers.

A MUSICAL TREAT

Don't forget Miss Hattie Gunn's musical and literary recital in the Temperance Hall, Newcastle, on Friday evening, Sept. 1st. Miss Gunn will be assisted by Miss Sara King Johnson, elocutionist, Mrs. J. W. Miller, contralto, and Mr. G. Blair Neale, pianist and accompanist. General admission 35 cents.

Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by all dealers.

THE MIRAMICHI THE BEST YET

Mr. and Mrs. D. J. Buckley of Rogersville are entertaining as guests, their cousins, Mr. and Mrs. T. D. Moore of Chicago, on a trip on the Miramichi River and other points of interest. Mrs. Moore is a daughter of the late Thomas Murray of West Branch, Kent Co., N. B. Mr. Moore after a trip around the world pronounces the beauty of the Miramichi the grandest sight of his travels. Mr. Moore is a son of the late Judge Moore of Chicago.

Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by all dealers.

NATURE REVOLTS AGAINST HIGH LIVING and it has set its seal to it by adding to man's ailments the scourge of diabetes. Eminent medical men until recently proclaimed it a "no cure" disease, but South American Kidney Cure has knocked down their pet fallacy and has proved itself master of kidney disease in all its forms. Relief in 6 hours. Sold by A. E. SHAW'S Pharmacy.—118

DOUGLASTOWN SCHOOL REPAIRED

Douglastown Superior School building has, during holidays, under the supervision of the Trustees, been thoroughly renovated inside, new floors being laid, new doors provided, ceilings and walls newly kalsomined, woodwork repainted, new blackboards put in, etc. etc. Outside new steps were built, some old outbuildings removed, and grounds levelled up. The furnace was put into first-class shape and the janitor's quarters made more comfortable. The building's ventilation was greatly improved. Contractor D. W. Anderson did the work, assisted in kalsomining by David Geikie. A very good job was done.

INDIGESTION CAN'T STAY where Dr. Von Stan's Pineapple Tablets are arrayed against it. Thomas Smith, of Dover, Ont., says: "I am delighted with them—from almost the first using I have been entirely relieved of the pains of indigestion—I have the greatest confidence in the Tablets and heartily recommend them to any and every sufferer from stomach troubles." 35 cts. Sold by A. E. SHAW'S Pharmacy.—112

The Great American Trusts which are after our forests know what they want and when they want it. They are not putting finished paper on the free list just yet. They only promise to do that when we have forced our Provincial Governments to give them a free hand in our forests.

ECZEMA RELIEVED IN A DAY. Dr. Agnew's Ointment will cure this disgusting skin disease without fail. It will also cure Barber's Itch, Tetter, Salt Rheum, and all skin eruptions. In from three to six nights it will cure Itch, Ringworm, and Itching Piles. One application brings comfort to the most irritating cases. 35 cents. Sold by A. E. SHAW'S Pharmacy.—111

DROPSY AND HEART DISEASE. "For ten years I suffered greatly from Heart Disease. Fluttering of the Heart and Smothering Spells made my life a torment. Dropsy set in. My physician told me to prepare for the worst. I tried Dr. Agnew's Cure for the Heart. One dose gave great relief, one bottle cured me completely." — Mrs. James Adams, Sagapon, N. Y. Sold by A. E. SHAW'S Pharmacy.—107

SPIRELLA CO. Miss Willie Ball representative for the Spirella Co cordially invites the ladies to call at her office.

NURSES GOOD WORDS.—"I am a professional nurse," writes Mrs. Elmer, Halifax, N. S. "I was a great sufferer from rheumatism—almost constant association with best physicians I had every chance of a cure if it were in their power—but they failed. South American Rheumatic Cure was recommended—to lay my six years of pain seem as a dream. Two bottles cured me. Sold by A. E. SHAW'S Pharmacy.—106

PICNICS The Newcastle Methodist Sunday School held an enjoyable picnic on the beautiful grounds of Judge Wilkinson at Bushville on Wednesday. The day was cool and pleasant and there were a large number in attendance.

Seemed to Give a New Stomach.

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngsters, Editor of The Sun, Lake View, Ohio. "The first few doses of Chamberlain's Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by all dealers.

HAD WRIST BROKEN Prin. C. J. Mersereau of Chatham had his wrist broken by an auto crank Saturday night.

IT CURES ALL CREEDS.—Here are a few names of clergymen of different creeds who are firm believers in Dr. Agnew's Cathartic Powder to "live up to the preaching" in all it claims. Bishop Sweatman, Rev. Dr. Langtry (Episcopalian); Rev. Dr. Withrow and Rev. Dr. Chambers (Methodist); and Dr. Newman, all of Toronto, Canada. Copies of their personal letters for the asking. 50 cts. Sold by A. E. SHAW'S Pharmacy.—105

MR. SIMPSON'S SEBMON Rev. F. C. Simpson's third sermon on the Ne Temere decree, which was heard Sunday night by a crowded house, is held over several weeks for lack of space because of pressing election matter.

An ordinary case of diarrhoea can as a rule, be cured by a single dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This remedy has no superior for bowel complaints. For sale by all dealers.

LAURIER AT MONCTON SATURDAY. There will be a special train to Moncton on Saturday Sept. 2nd, to afford an opportunity of attending the Liberal rally at Moncton when Premier Laurier

DEPARTMENT OF RAILWAYS AND CANALS

Branch Line of Railway From Guysborough to Sunny Brae Through Country Harbour Cross roads with an Extension from Country Harbour Crossroads to Deep Water of Country Harbour.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Guysborough-Country Harbour Line", will be received at this office until 10 o'clock, on Friday, September the 15th, 1911, for section No. 1 of the above line of railway, comprising that portion extending from Guysborough to Country Harbour Crossroads and from the latter point to Deep Water Country Harbour. Plans, profiles, specification and form of contract to be entered into can be seen on and after the 15th instant at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa, at the office of the Chief Engineer of the Intercolonial Railway, Moncton; and at the office of the Board of Trade, Halifax. Forms of tender may be procured from the Chief Engineer of the Department of Railways and Canals or from the Chief Engineer of the Intercolonial Railway. Parties tendering will be required to accept the fair wages schedule prepared or to be prepared by the Department of Labor, which schedule will form part of the contract. Contractors are requested to bear in mind that tenders will not be considered, unless made strictly in accordance with the printed forms, and in the case of firms, unless there are attached the actual signature, the nature of the occupation, and place of residence of each member of the firm. An accepted bank cheque for the sum of \$10,000, made payable to the order of the Minister of Railways and Canals must accompany each tender, which sum will be forfeited if the party tendering declines entering into the contract for the work, at the rates stated in the offer submitted. The cheque thus sent in will be returned to the respective contractors whose tenders are not accepted. The cheque of the successful tenderer will be held as security, or part security, for the fulfillment of the contract to be entered into. The lowest or any tender not necessarily accepted. By order, L. K. JONES, Secretary.

Department of Railways and Canals, Ottawa, August 12th, 1911. Newspapers inserting this advertisement without authority from the Department will not be paid for it.

FRUIT GROWERS ORGANIZE

A meeting of interested fruit-growers of the Newcastle, Ont., District was held last week for the purpose of forming a Co-operative Fruit-growers' Association.

FARM AND FIELD

GRAZING TROUBLE

The usefulness of thousands of such cows is damaged every year by the addition of a certain treatment which is not only a waste of money, but also a source of trouble.

GRASS BEGINS TO GROW

When the grass begins to grow sufficiently for the cows to graze they thrive more, as the change is highly beneficial to their health.

NEW LEADER IN CLYDESDALE

Scotland Produces a New Sire Horse. The show season has come round once more and three important fixtures have been held in as many weeks.

TENT CATERPILLARS

One often finds in May or June, on the limbs of apple and wild cherry trees, compact, silken nests, or tents, containing a large number of hard-shelled caterpillars.

AS DONE IN FRANCE

"Some years ago," writes a well-known motorist, "I was being driven by a French friend of my acquaintance. He is as careful over his personal expenditure as he is reckless on his Panhard."

FRANCE'S PUBLIC OVENS

There are public bakeries in Jerusalem. The dough is kneaded at home and carried in great lumps to the public ovens.

NEW PARAGRAPHS

Electric carpets are the latest invention for the heating of rooms, the cost for one room being estimated at a halfpenny an hour.

CARUSO'S COLD COSTS DEAR

It is announced that Signor Caruso will shortly leave for Italy, where he hopes to benefit by a complete rest and change of air.

TO STOP RAT LIFTING

To put a stop to hat-lifting as a form of salutation a league has been formed at Zurich which seeks to introduce the military form of salute.

At the Court of St. James'

But it is not everybody who realizes that the Palace of Westminster—the correct name for the Parliamentary Houses—contains a second throne.

Don't Want our Cheese

The American market, for home consumption, demands a soft variety of cheese, that is not made in Canada.

Why Men Leave Home

My wife and I have birthdays Upon the selfsame day; We celebrate together, It is the nicest way.

Canada's Crop Production

Canada's crop production, 1910, 726,906,100 bushels, viz., fall wheat, 16,610,000; spring wheat, 133,379,600 (total of 149,989,600); oats, 323,449,000; barley, 45,147,000; rye, 1,643,500; peas, 4,833,100; buckwheat, 7,243,300; mixed grain, 8,433,500; flax, 3,802,000; beans, 1,177,500; corn for husking, 12,725,000; potatoes, 74,084,000; turnips and other roots, 96,307,000.

"What's flour gluten, Bud?"
"It's what makes your dough rise, Rose."
"Yes"—she encouraged.
Added Bud very sagely:
"Makes it rise in the mixer and expand
in the oven. It's the elastic part of
"flour—absorbs all the water and milk
—and things."
 Rose grew interested.
"FIVE ROSES, said Bud, is exceedingly rich
in gluten. I s'pose because it's all made
from Manitoba wheat. Takes up a lot
more water—makes those fat loaves—
lasts longer too."
"Sure, money, doesn't it?" asked Rose.
Bud in a big voice!
"The fat loaf makes the fat pocketbook!"
Use FIVE ROSES always.
 And Rose said YES.

Five Roses Flour
 The Finest Made in Canada

RESTIGOUCHE BOY'S SUCCESS

Belledune Young Man En Business in Arizona.

Raymond Curry who left Belledune over a year ago and went west until he reached his Uncle's in Arizona, has bought a large business in Wickenburg, Arizona.

Mr. Curry arrived in Wickenburg June the 14th 1910, remained one week, when he went to Tempe Arizona, to his uncle M. E. Curry, where he stayed only one month when he entered the Lanson Business College one of the most famous colleges in the south west from which Mr. Curry holds a valuable document which shows of his speedy prosperity in that institution.

Mr. Curry returned to Wickenburg only a few months ago and became familiar with the business so quickly that on the 1st of Aug. 1911 he bought all his Uncle's property in Wickenburg consisting of three hundred town lots, five beautiful houses, a large water system that supplies the city with water, a beautiful large brick building in the most desirable location of the city.

Mr. Curry also bought the Wickenburg Wholesale Grocery, a beautiful store and warehouse, which at present does one of the largest grocery business in Wickenburg.

Mr. Curry is an excellent business man besides an honest upright kind hearted gentleman, his future is looked upon as one of bright sailing through life, as well as prosperous in business.

Would You Provide for the Care of Canada's Hoody Consumptives?

WICKOKE YOUR CONTRIBUTION TO THE MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:

John D. McNaughton, New Brunswick, Ont.: A young man not belonging here, and suffering from it is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The condition, where he is offered no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance?

NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS CRIMINAL LIABILITY TO PAY.

Since the hospital was opened in 1908, one thousand five hundred and twenty-four patients have been treated in this institution, representing people from every province in the Dominion.

For the week ending November 20th, 1910, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a copper for their maintenance—absolutely free. The other twenty-nine paid from \$2.00 to \$4.00 a week. No one pays more than \$4.00.

Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT
 Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

Yes Muskoka Free Hospital for Consumptives is doing a good deal of good-will and gifts of the Canadian public. Money is urgently needed at the present time. Make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help?

Truly, Canada's greatest...

\$3,600 in Cash Prizes for Farmers
Tell Us How You Did It
 You may win a prize by doing so

Suppose your friend Bob Wilson, on the next concession, "pulled up" at your front gate on the way back from market and asked about that silo or barn foundation you built, you would be glad to tell him, wouldn't you? And it wouldn't take you long, either, would it? And, as a matter of fact, you'd find as much pleasure telling him as he would in listening— isn't that right?

First you would take him over to view the silo or barn foundation. Then you would start to describe it—its dimensions—the kind of aggregate used—the proportions of cement used—number of men employed—number of hours' working time required—method of mixing—kind of forms used—method of reinforcing, if any—and finally, what the job cost. So that by the time you finished, neighbor Wilson would have a pretty accurate idea of how to go about building the particular piece of work which you described.

Now couldn't you do the same for us, with this difference—that you stand a good chance of getting well paid for your time?

In Prize "D" of our contest, open to the farmers of Canada, we offer \$100.00 to the farmer in each Province who will furnish us with the best and most complete description of how any particular piece of concrete work shown by photograph sent in was done. The size of the work described makes no difference. The only important thing to remember is that the work must be done in 1911 and "CANADA" Cement used.

In writing your description, don't be too particular about grammar or spelling or punctuation. Leave that to literary folk. Tell it to us as you would tell it to your neighbor. What we want are the facts, plainly and clearly told.

Sounds simple, doesn't it? And it is simple. And surely it is well worth your while when you think of the reward in view.

Now sit right down, take your pen or pencil—fill out the attached coupon—or a post-card if it's handier—and write for the circular which fully describes the conditions of this, the first contest of the kind ever held in Canada.

Every dealer who handles "CANADA" Cement will also be given a supply of these circulars—and you can get one from the dealer in your town, if that seems more convenient than writing for it.

Contest will close on November 15th, 1911—all photos and descriptions must be sent in by that date, to be eligible for one of these prizes. Awards will be made as soon as possible thereafter. The decisions will be made by a disinterested committee, the following gentlemen having consented to act for us, as the jury of award: Prof. Peter Gillespie, Lecturer in Theory of Construction, University of Toronto; Prof. W. H. Day, Professor of Physics, Ontario Agricultural College, Guelph; and Ivan S. Macdonald, Editor of "Construction."

Having decided to compete for one of the prizes, your first step should be to get all the information you can on the subject of Concrete Construction on the Farm. Fortunately, most of the pointers that anyone can possibly need, are contained in our wonderfully complete book, entitled "What the Farmer Can Do With Concrete." A large number of Canadian farmers have already sent for and obtained copies of this free book. Have you got your copy yet? If not, you'd better send for one to-day. Whether you are a contestant for one of our prizes or not, you really ought to have this book in your library. For it contains a vast amount of information and hints that are invaluable to the farmer.

Please send full particulars and book.

It is 28 years since Mr. Williamson left Newcastle and 13 since he was here last, and his many friends here are pleased to see him.

INTERCOLONIAL RAILWAY.

Tender For Ties and Switch Ties.

Sealed Tenders addressed to Mr. Louis Lavoie, Purchasing Agent, Department of Railways and Canals, Ottawa, Ont., and marked on the outside "Tender for Railway Ties," or "Tender for Switch Ties," as the case may be, will be received up to and including THURSDAY, AUGUST 31st, 1911, for the supply of Ties and Switch Ties for the Intercolonial Railway.

Tenders will be received for any number of Ties and Switch Ties. Specifications and forms of Tender may be obtained at stations after August 9th, 1911.

The department will not be bound to accept the lowest or any Tender. A. W. CAMPBELL, Chairman, Government Railways Managing Board.

Ottawa, Ont., August 1st, 1911. Aug. 9, 41ns-42L.

MARITIME BAPTIST CONVENTION

The United Baptist Institute of the Maritime Provinces opened at Bridgetown, N. S. on the 18th inst. About 150 pastors were present. Amongst several readers of very able and instructive papers was Rev. Dr. Cousins of Newcastle who read a carefully prepared thesis on "The Ever-Living Facts and Factors of the Christian Faith, and their relation to the beginning and the course of conscious Life in Christ."

It was reported that there are 31 missionaries in India. The missionary deficit is \$11,748.00, accounted for by opening two new stations.

Rev. J. W. Manning was elected president and Rev. J. H. McDonald was re-elected secretary.

President Taft has a genius for finding the men best adapted to further his purpose whether friends or foes. See him handing his opponent William Randolph Hearst a certificate as a high class American citizen who has in mind only the best interests of his Country.

They stand on one platform as to the destiny of Canada, but "The Evangelist of Reciprocity" discusses the real object, annexation; while the President only speaks of the means—in public—reciprocity.

ECZEMA IS CAUSED BY IMPURE BLOOD

Cured by Dr. Williams' Pink Pills Because They Make Pure Blood.

Ask any doctor and he will tell you that eczema is caused by impurities in the blood; that nothing can cure it that does not reach the blood—that salves and outward applications are worthless and a waste of money. The reason why Dr. Williams' Pink Pills have always been so successful in curing this most annoying trouble is because they act directly on the blood, reaching the root of the trouble and driving out all impurities. They banish eczema, salt rheum, and unsightly pimples and eruptions, relieve the irritation and itching and give perfect health. Mrs. A. Puing, of Milestone, Sask., says: "I was afflicted with a blood and skin disease which the doctor called eczema, but which did not yield in the least to his treatment. I was covered with sores and in 'very bad shape. A friend advised me to take Dr. Williams' Pink Pills and after using eight or nine boxes I was completely cured. I can strongly recommend the Pills to anyone suffering from that trouble."

A medicine that can make new, red blood will cure not only skin troubles, but also anaemia, rheumatism, neuralgia, indigestion and a host of other troubles simply because these troubles are the result of bad blood. Dr. Williams' Pink Pills make new blood and under their use blood and nerve troubles disappear. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville Ont.

MISS CARRIE WILSON

Miss Carrie Wilson of Douglas-town, died at the residence of her mother, Mrs. Mary Wilson, on Thursday, and was buried at Moorfield on Saturday. Deceased who was a young lady much loved and respected had been ill a long time. Last fall she underwent an operation for goitre in a Boston hospital, and never regained her health and strength. Besides her mother, one brother Charles of St. John, survives.

COUNTY ELECTIONS

The Northumberland County Elections will be held on the 13th of September, nomination on the 6th.

APPLEBY-O'DONNELL

At the residence of the bride's parents, Mr. and Mrs. Edward A. O'Donnell, last evening, Rev. H. T. Cousins Ph. D., the officiating clergyman, Miss Matiel Edna O'Donnell, was married to Mr. Newton Parker Appleby of Moncton, son of Mrs. Alice Appleby of Lower Derby. The bride was attended by her sister Miss Alice O'Donnell, and the groomsmen were Mr. Walter Lyon of Millerton. Only the immediate relatives and friends of the contracting parties to the number of some fifty, were present. A very large number of gifts, largely silverware, was received. The Baptist choir of which the bride was a member, gave a sugar and cream set accompanied by an address. The groom's fellow boarders in Moncton gave him an elegant pipe and tobacco pouch and an address. The groom's present to the bride was a gold watch. The bride wore an elegant gown of cream Louise silk, and carried a bouquet of sweet peas and maidenhair fern. The bridesmaid wore a pretty dress of sky blue San Toy. The bride's going away suit was of Copenhagen broadcloth. After a sumptuous wedding supper, Mr. and Mrs. Appleby took the midnight maritime for a wedding trip to Montreal Toronto and Niagara Falls. Returning they will reside in Moncton.

COPP-WAYE

At the Methodist Parsonage, Wednesday afternoon, Arthur D. Copp, son of Capt. Henry Copp of Newcastle, was married to Miss Jessie A. Waye, of Trout Brook, daughter of Mr. and Mrs. James Waye, by Rev. W. J. Dran. The couple were attended by Ernest Allison and Miss Christina Cain. The bride was handsomely dressed in pearl grey with satin stripes trimmed with embroidery, with veil and orange blossoms, carrying a bouquet of sweet peas. Mr. and Mrs. Copp drove to the bride's parents where a reception was held. Mr. and Mrs. Copp will reside here.

PRICE-McCALLUM

At the Methodist Parsonage, Wednesday evening, Rev. Mr. Dean performed the marriage ceremony for Manfred S. Price of Newcastle and Miss Margaret D. McCallum, daughter of Thomas McCallum of Tatousintac. The couple were unattended. The bride wore a pretty suit of purple with picture hat. Mr. and Mrs. Price will reside here.

MARRIED

On August 22nd by the Rev. W. J. Bate, rector of St. Andrew's church, Newcastle, James Wallace, of Millerton, late of Dundee, Scotland and Frances May Scott of Whitneyville, North Esk.

At Chelmsford, August 23, by the Rev. J. G. A. Colquhoun Mr. David A. Murchison of Lincoln, Maine, to Miss Lotie E. Underhill of Upper Nelson.

The Liberal Leaders profess to treat the favoured nation danger as a joke. They ask their audiences whether they are afraid of Venezuela. They are careful, though, not to mention Denmark, Argentina, or any of the countries already pushing their products in our markets and under-bidding our prices.

TO RENT

That large house on Jane street, suitable for a Boarding House, now occupied by Frank Johnston. For terms and other particulars, apply to the undersigned at residence of Mrs. Deniers, Pleasant street. Mrs. Annie Allingham. Aug. 30, 11.

THE IRON MINES

20,000 tons of ore have already been shipped this year from the Drummond iron mines via Newcastle. Three or four other shipments are expected before navigation closes. Work at the mine is being increased.
