Thornton to Inspect System in Maritimes

Sir Henry W. Thornton, Chairman and President of the Canadian National Ry., will make an inspection of the lines of the system in the Maritime Provinces during the present month. He plans to leave Montreal on Nov. 22nd and after staying over at Riviere du Loup for two days will proceed to Moncton, N.B. which place will be reached on Nov. 23rd and Charlottetown, P.E.I.; the next day, Sir Henry will proceed to St. John, N.B. where he is due to arrive at a late hour on Tuesday November 25th.

Sydney, N.S. will be visited on the 28th and New Glasgow and Pictou the day following. Sir Henry is due to arrive in Halifax on Nov. 30th and Montreal on the morning of December 2nd.

The Nominations In West Hastings

Gus Porter, K.C., Conservative and Charles R. Hanna, Liberal, were nominated Tuesday to contest the Federal riding of West Hastings in the forthcoming election. The riding was made vacant by the resignation of Mr. Porter in

connection with the charges he preferred against Hon. James Murdock, Minister of Labor, in the House of Commons last session.

The nomination meeting was held in the city hall which was crowded to overflowing. Mr. Porter made particular reference to his charges against Mr. Murdock and declared that they were the issue of the election. He was supported by Edmund Bristol M.P. Mr. Hanna said that he was confident that the electors of West Hastings would uphold the position of the Minister of Labor. Hon. G.H. Gordon, M.P. appealed for support of the Liberal candidate.

OPERA HOUSE BENEFIT NIGHT FOR MIRAMICHI HOSPITAL

On Monday and Tuesday nights the management of the Opera House will give a benefit night for the Miramichi Hospital. On Tuesday afternoon at 4 o'clock a matinee will be given. The "Mail Man" one of the greatest screen productions ever filmed will be shown. It is full of amusing touches, so human in their comedy that they mirror one's own home life. Don't delay an instant! Get your tickets now or stand in line and risk failure to see it.

See the entire Pacific Fleet—many moth gray guardians of the sea—in smashing bombardment—Dozens of aeroplanes in a fierce assault from the clouds—Grim destroyers seeking their prey in the surging billows—Giant submarines unleashing their messengers of death and destruction! And woven into this mighty spectacle of scenic wonders, a heart-warming drama of father love and son love—of mother love and family love—with stunning and stupendous notes of starkly human drama.

Pretty Wedding At Chatham

Chatham, Nov. 14—A very pretty wedding was solemnized here Wednesday evening at the home of Mr. and Mrs. Peter Dower, when their daughter, Hazel Irene, was united in marriage to Mr. R.E. Tuzo of Perce, Que. The ceremony was performed in the drawing room which was tastefully decorated for the occasion. It took place under a large floral arch of evergreen, autumn leaves and flowers and from which was suspended the bridal veil. The bride was given away by her father. Rev. F.H. Littlejohns was the officiating clergyman.

The bride was becomingly gowned in white tulle with orange blossoms, with veil and orange blossoms. She carried a bouquet of sweetheart roses and maiden hair fern. The flower girl, little Jean Ross dressed in mauve organdie carried a basket of pink and white carnations. The wedding march was well rendered by Mrs. R.J. Forstell. Following the ceremony a dainty buffet luncheon was served. Those assisting were the Misses Pearl and Hannah Groat, Marion and Jean Stewart and M. Fielgrer.

Mr. and Mrs. Tuzo left on the midnight train for Upper Canadian cities. The bride's travelling dress was of brown panne velvet with that to match and brown pair coat with fur trimmings. On their return they will reside at

WILL NOT CHANGE TRAIN SCHEDULE

Battery Car to be put Into Operation Soon Between Newcastle and Chatham

Mr. W.U. Appleton, general manager of the Atlantic Division, C.N.R. has forwarded the following letter to the Chatham Board of Trade, regarding the Battery Car, which is to be placed on the branch line between Newcastle and Chatham.

Moncton, N.B., 7th Nov 1924
D.P. MacLachlan, Esq.
Secretary, Board of Trade
Chatham, N.B.

Dear Mr. MacLachlan:—
Referring further to your letter of the 23rd ultimo in regard to trains Nos. 203 and 209 which under the present time table leave Chatham an hour earlier than actually required to make the connection with main line trains.

As I advised in my letter of the 4th inst. this timetable was arranged with the expectation that a battery car would be put into operation within a very short time.

I am now in receipt of advice that a battery car for service on this subdivision will be delivered about the 19th inst.

In my letter of the 4th instant I advised that we would endeavor to comply with your wishes and arrange the departure time of these trains an hour later than at present, but as above noted the battery car will be delivered shortly and it is therefore not considered advisable to make any change in the schedule, for so short a period.

Yours very truly
W.U. Appleton, Gen. Mgr.

JOHN B. LEGERE NOMINATED
The Liberator's of Restigouche at a largely attended convention Wednesday, selected Mr. John B. Leger of Campbellton to take the place on the ticket made vacant by the elevation of Mr. A.T. LeBlanc to the Supreme Court bench. The candidate is a commercial traveler and son of the late Mr. A.T. Leger, former M.P. for Kent. The name of Hon. C.H. LaBilloy was before the convention but he was eliminated on the first ballot.

Shippegan where the groom holds a responsible position with the W.S. Logie Co. He is well known here, having been for some years on the local staff of the Bank of Montreal. The bride who last winter was given the title of Miss Chatham was a most popular young lady. This was evidenced by the large number of beautiful gifts she received.

R. K. JONES DIES FROM INJURIES IN MOTOR ACCIDENT

Randolph Ketchum Jones of Woodstock passed away at 6.20 Tuesday evening at the Fisher Memorial Hospital from injuries received in an automobile accident on Thanksgiving Day. While it was generally known that his injuries were severe there was a hope that youth and a strong constitution would bring him through the ordeal and the announcement of his death was a shock to everyone.

He was a son of Hon. Wendell P. and Grace J. Jones and was 22 years of age. He graduated from Woodstock High School and in 1923 graduated from McGill in arts, taking honors in political economy. He was two years at U.N.B.

There were many activities connected with his life. The Boy Scouts and Cadets were among the first organizations to attract him and last year he was made captain of the 89th Battery.

One of McGill's brilliant young students, he took part in the elections in England, in the Conservative interests, in 1923, making a striking impression by his speeches on the preferential tariff.

His youth and very youthful appearance made him a great favorite with the big audiences that he addressed during the campaign.

For the past few months he had been a student in his father's law office and would have finished his law studies in one year. He wrote many articles for the leading dailies and magazines that attracted much attention.

Offered an English constituency in the present election, he declined as he had planned to enter Canadian politics, and no doubt, on account of his signal ability would have been successful along his chosen line. The public has lost a very promising young man and his family, a devoted son and brother. He is survived by his parents, three brothers, Charles J., junior member of the legal firm of Jones and Jones; Raymond of Boston; and George Y. at home; five sisters Mrs. H.H. Ritchie of Newcastle; Mrs. F.C. Morrell of Minto; Mrs. C.H. Coll of Los Angeles and Misses Dorothy and Audrey at home. The funeral was held Thursday afternoon at 2.30 o'clock.

"Spotters" Again At Work On The Atlantic Region

The C.N.R. have again inaugurated the use of "Spotters" on the Atlantic Region. These so-called "efficiency men" have been very active on the northern end of the region recently and as a result of their campaign it is stated, several conductors have been laid off.

The "Spotter" campaign instituted on the C.N.R. Atlantic Region a year and a half ago has been intermittently carried on since, with the result that a number of employees, mostly conductors with long service and a good record were dismissed on the evidence of the "Spotters" at a private inquiry, behind closed doors, with a railway official representing on the cases, and the prominent Liberal politician in the Maritimes has said, contrary to all the principles of British Justice.

A Tale of 10 Cities

Within the past week carload lots of Moir's Chocolates have gone forward as follows:

| | |
|---------------|------------|
| St. John | 1 Carload |
| Toronto | 1 Carload |
| Winnipeg | 3 Carloads |
| Calgary | 1 Carload |
| Charlottetown | 1 Carload |
| Montreal | 1 Carload |

| | |
|-------------|------------|
| Port Arthur | 1 Carload |
| Regina | 1 Carload |
| Edmonton | 1 Carload |
| Vancouver | 2 Carloads |

Around 170 tons of Moir's Chocolates and Confectionery in one week to these particular points, in addition to regular Maritime production. It is doubtful if any other manufacturer has ever shipped in the same period by any Canadian manufacturer.

CONSERVATIVES GAIN ONE SEAT IN QUEBEC

Winners of the five by-elections held in the Province of Quebec on Wednesday to fill vacancies in the legislature were:

St. Anne, Montreal—J.E. Dillon (Lib.) no change

St. Maurice—A.B. Guillemette (Lib.) no change.

Sherbrooke—A. Crepeau (Con.) no change.

Bonaventure—P.E. Cote, (Lib.) no change.

Quebec County—L. Bastien, (Con) no change.

Quebec county—L. Bastien, (Con) Opposition gain.

The Liberal majorities in all the seats the government party retained were cut. No comparison with the turnover in Quebec is possible as at the general election the Liberal was elected by acclamation.

In Montreal, St. Anne, the excitement all day was intense. In the morning the electorate was startled by a shooting affray in the course of an argument around a polling booth. All day long men could be seen around the booths quarrelling vigorously, while a number of first class fights were reported.

In Sherbrooke the Conservatives retained a seat won at the last election in which three candidates figured. The Labor vote which went on that occasion to the third man appears to have been split about evenly between the Conservative and the Liberal both candidates showing an increased poll.

In Bonaventure Mr. Cote apparently was never in danger as the first reports which came in showed majorities for him. The same can

be said of St. Maurice though the Conservative candidate made a stronger run than at the last election.

Figures showed the majorities of the candidates as follows:

St. Anne, Montreal.—J.H. Dillon, Liberal 1,759; Dennis Tansey (Con.) 1,576; Liberal majority 183

St. Maurice—A.E. Guillemette, (Lib.) majority about 693 over G. E. Ladauceur, Conservative.

Bonaventure—P.E. Cote, Liberal about 1500 majority over Dr. L.P. Desy, Conservative

Sherbrooke—A.C. Repeau, Conservative 2,636; G.E. Therian, Liberal 2,392. Conservative majority 244.

Quebec—L. Bastien, Conservative estimated majority of 350 over E. Bedard, Liberal.

Balloting brought to a close a campaign in which the leaders of both the Government party and Conservative opposition figured. Premier Taschereau and several of his Cabinet ministers toured the constituencies while Arthur Sauve, Opposition leader, delivered a number of speeches in the various ridings.

REPORTS SHOW THE REPUBLICANS HAVE CONTROL OF HOUSE

On the same tide which swept President Coolidge back into office the Republicans have come into actual as well as nominal control of the next House of Representatives. Whether they also will have the whiphand in the Senate still depends on the outcome of contests in several states.

With a single House district still in doubt the Republicans have captured 246 seats in that body on the face of unofficial returns. This is an increase of 21 over their present strength and 28 above a majority.

Leaders of the party regard this margin as sufficient to leave them in control, particularly as to organization, even in the face of any coalition between LaFollette insurgents and the Democrats such as tied the organization of the present House for many days and successfully challenged a number of administration proposals.

With belated returns showing the election of Francis R. Warren in Wyoming the Republicans in the Senate had increased their majority from the bare 49 to 52. Included in this number however, were Senator LaFollette and at least 3 others of his supporters.

In face of this situation it was conceded that in order to have a workable majority it would be necessary for the Republicans to win in at least one of the two contests in Minnesota and New Mexico and fill the vacancy in Connecticut at the special election next month after the death of Senator Brandegee. In one of two states where the Senatorial results, still in doubt would have an effect on the ability of the administration forces to recapture control of the Senate, the Republican candidate, Representative Thomas Scholl is in the lead over M. Johnson, one of the two Farmer-Labor Senators from Minnesota.

In the other state, New Mexico the Republican nominee, Senator Bursum is trailing his Democratic opponent but making gains as the last half of the vote in the state is being reported.

ONE 50c BOX BROUGHT HEALTH

Years of Constipation Ended By "Fruit-a-tives"

The Wonderful Fruit Medicine

Anyone who suffers with miserable health; who is tortured with Headaches; and who is unable to get any real pleasure out of life; will be interested in this letter of Mrs. Martha de Wolfe of East Ship Harbor, N.S.

Mrs. de Wolfe says, "For years I was a dreadful sufferer from Constipation and Headaches and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I tried 'Fruit-a-tives' and the effect was splendid; and after taking only one box, I was completely relieved and now feel like a new person."

50c a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

WANT SALMON PROTECTED

At a meeting of the New Brunswick Fish and Game Protective Association held recently in the Court House in Woodstock, the following resolution was passed unanimously:

"Whereas by official reports submitted to H.E. Harrison, fishery inspector of that territory by Ray Dewitt and Frank Dickson, pointing the Miramichi River 62 miles from Hayes Bar to the mouth of the Renous to the effect that the river was totally obstructed by hen wire coops reaching from shore to shore, 23 of these coops being seized in six weeks from August 1st to Sept 15th, also direct evidence of illegal fishing in other ways such as spearing, drifting, etc. And

"Whereas; salmon fly fishing on the upper branches of the Miramichi is becoming a thing of the past thus depriving hundreds of the residents of this section of the sport of fly fishing for salmon. And

"Whereas; Conditions of this kind do not allow the salmon to reach the spawning grounds in sufficient numbers:

"Therefore resolved: That we view with alarm the consequences of the conditions before mentioned being allowed to continue and that we strongly protest against the same and that we insist that special non-resident wardens be appointed to these waters of the type of Dewitt and Dickson and would suggest the number of wardens be increased to four, for these waters."

James A. Patten, The Wheat King

Was Internationally Famous Some Years Back

James A. Patten of Chicago who has donated \$1,500,000 to Presbyterian colleges and other institutions, was internationally famous some years ago as the "wheat king" his grain speculations at that time being conducted on an enormous scale. He gained the knowledge that proved the basis for his extraordinary manipulations during his youth spent as a "hand" in Illinois grain fields, as clerk of a country store where farmers came to do their trading, and as an inspector in the State grain department between 1874 and 1878. He entered the corn market with \$2500 his entire savings in 1879 buying "calls" which he closed out with a profit of the Chicago board of trade, although it was not until many years after that his spectacular attempts to "corner" the market attracted world-wide attention. Mr. Patten's success in the grain market is attributed chiefly to his expert knowledge of all phases of the grain business.

CANADA SHUTS OUT NEW YORK MARKET

The price advance of the Canadian dollar which to-day was quoted at exactly the same value as the American dollar, and one week ago sold at a slight premium above the American dollar, has shut American bankers out of the prospective new financing business for the Canadian account. A second factor, said to be as important as the appreciation of the Canadian dollar, was the improvement in the Canadian bond market. Prices there on issues listed also on American bond exchanges were said recently to be 15 one hundredths of a point higher than they are in New York.

As a result of this shift in the financial setup of the two markets the City of Toronto will not come into the American market next week for a new loan, but will do its prospective financing at home. The city will open bids on Tuesday on a new issue of \$9,971,000 of 4 1/2 per cent. bonds. American banks had planned to enter bids but find under present conditions that they cannot top the bids of Canadian banks. Other Canadian cities are expected also to take advantage of an excellent money market condition at home, and to do financing with in the next few months which will be at lower cost to the cities than at any time since 1914 when Canada went to war against Germany.

In giving the causes for the recent advance in Canadian exchange New York bankers said the principal factor was the expert of Canadian commodities. Money flowing into Canada is greater in volume than money flowing out. As a result its exchange has gone higher. Another factor was said to lie in the setting up of dollar balances in the United States by the Dominion Government of Canada and by its railroad systems.

The City of Toronto issue had been kept in mind by American bankers as a good piece of prospective business. Three months ago it seemed certain that this business would come to the American market. Proceeds of the new Toronto loan, it was said would be used to the extent of \$7,900,000 for the purchase, by the City of Toronto Street Railway. The balance of \$2,701,000 is for hydro-electric developments and sewer improvements.

PAINS IN LEFT SIDE AND BACK

Other Troubles Women Often Have Relieved by Lydia E. Pinkham's Vegetable Compound

Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back, and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial."—Mrs. M. W. Ross, 509 Notre Dame Street, Lachine, Quebec.

Doctor Said an Operation Proved, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now have a baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. Adams, Box 94, Provost, Alberta.

WHAT KIND OF A COUGH Is Yours?

WHETHER it is a simple cough that you have been inclined to ignore, or whether it is a cough that almost seems to burst you by the racking exertion, with aching head and aching body—

Get a box of Peps at once, take a tablet from its silver wrapper, and as it dissolves on the tongue, breathe in the HEALING, BALSAMIC FUMES that are then given off. Notice how the balsamic odours find their way by inhalation along all the breathing passages and there allay the inflammation causing you trouble.

You cannot possibly get at these delicate membranes by any other way. Liquid medicines are merely swallowed into the stomach. Peps act direct on the affected tissues and remove the cause of the irritating cough in a way no other devised remedy can.

SOCCER SUPPLANTING BULL FIGHTS IN SPAIN

New Sport Declared to be Popular.

Bull fights are passing out in favor of English soccer football as the favorite sport of Spain, according to Professor J. Ortega of the Spanish department of the University of Wisconsin, who recently returned from conducting an American student tour in Spain during the summer months.

"The people of Spain are building large stadia holding 35,000 spectators. They run their games on Sunday afternoon in competition with the bull fights, and the football takes the people's said Professor Ortega. "The kids who used to play at bull fighting are now playing football in the streets like American boys. The Spanish people are fitted for English soccer by their size and agility. They never could play the American style of football. They can play there all year around, and the game requires greater agility, vision and skill than the slow American game."

"Sports in Spain are entirely separated from the universities. The University of Madrid is an old building in the heart of the city, much like an old house, and is exclusively an academic affair" explained Professor Ortega. "Different city and regional clubs foster the sports of Spain. All of these clubs have English names—the Athletic Club, the Racing Club; the National Club—are purely social affairs. Also the sport vocabulary is entirely English terms—tennis, cricket, soccer, are all written and spoken

in English. The clubs play each other and the contest narrows down to international championships. Eight or ten regions play off the contest, until possibly the champion ship is between Leon and Castile. Then the excitement runs high. "A Spanish crowd surely can show 'pep' No organized cheering like that of stiff, unresponsive Americans. The whole excitement is spontaneous, and when 30,000 throats burst suddenly forth with 'Bravo!' then you hear real cheering. The players in Spain are the sons of aristocrats, bankers and men of highest esteem in the cities. There is no professional sport type as in America. The clubs pay their players enormous salaries, and upon their skill and agility and vision rests their popularity."

Finds Moon Is Not A Dead World

Astronomers cling to the old idea that the moon is a dead world, desolate alike of air and water, but recent observations of W.H. Pickering, made at Mandeville, Jamaica go to show that many changes occur with the alteration of lunar day and night. Great snow fields form in the mountain valleys and they then melt away; fog banks are seen and very rarely, drifting clouds. The loftiest peaks are snowcapped. The moon's surface is pitted with volcanic craters; some of these measure 100 miles across. Each crater is surrounded by a mountain ring 1,000 to 20,000 feet in height.

According to Pickering, there are few, if any, such large and continuously active volcanic regions upon the surface of the earth. But the activity of the lunar volcanoes is now confined to the quiet emission of steam jets like those found in Yellowstone National Park. Certain variable dark areas on the moon may be due to vegetation.

Beaverbrook's Paper Wins Libel Suit

A jury recently acquitted the London Daily Express which was sued by Lady Torrington for libel because of an alleged interview with her ladyship printed a year ago and widely reprinted since. In the interview which was published on the eve of the 1923 election, Lady Torrington was quoted as saying that if elected to Parliament she would wear her best furs, jewels and gowns.

Lady Torrington says she didn't say it and anyway her fur coat was five years old and only a small string of pearls were genuine, the others being made of paste. Successful at the polls and returned to the Commons in 1923 after the alleged interview Lady Torrington stood for reelection last month and was beaten. She blamed the Daily Express interview for interfering with her political career. The jury found otherwise.

ECZEMA You are suffering from eczema... The verdict finds him guilty of having broken a limb from the tree of knowledge in the Garden of Eden and fined him at "one month's pay." A lighter sentence than that visited upon his remote ancestor for a similar offense.

GREAT DEMAND FOR SKILLED LABOR

Number of Unemployed Slowly Decreasing.

Reports submitted by the Employment Bureau are to the effect that the number of unemployed in St. John is slowly decreasing, but there is yet a number of laborers seeking work. There is at present a big demand for skilled labor and not so much for ordinary laborers. These conditions however, are expected to improve shortly, with the opening of the winter port and as the demand for men to work in the woods increases. Indications point to a much smaller lumber cut than in previous years and consequently the wages will be somewhat lower.

In the city there are five new houses under construction, the new Admiral Beatty Hotel the reconstruction of the old Court House, wing on the infirmary, new Catholic Church at east St. John, West Side school and a number of other smaller constructions are keeping hundreds of men in employment.

A great help in keeping down the unemployed is the building activities carried on in outside places. At St. Stephen a large school is under construction and now almost completed. At Fredericton the Bank of Montreal building is being erected, in addition to a few smaller constructions. Before the work on these buildings commenced, men from these places were wont to come to St. John, seeking employment but during the past few months the number has dwindled down to one or two at different times.

Reports from the Chatham Employment Bureau, for the week ending October 25th are very favorable and exceptionally heavy construction work is being carried on. The renovating of the building owned by the Groate & Company is well under way, and an additional part is being erected to the freezer building. In addition to these, a large number of men are busily engaged in the oyster business.

FRUIT TREES

Just as the orchardist is able through nourishment to increase the vitality and resistance of his apple-tree to winter's cold, so is the body fortified with

Scott's Emulsion

Thousands now take it as regularly as they take food, to build healthy resistance and to protect them when winter's cold arrives.

Take a lesson from Nature—keep your body strong to resist weakness—take Scott's Emulsion!

Scott & Bowne, Toronto, Ont. 24-29

BABY'S COLDS

Children's delicate digestions are easily disturbed by too much "dosing." Still, the little ones' cold troubles cannot be neglected. At the very first sign of croup, sore throat, or any other cold trouble, apply Vicks VapoRub over the throat and chest. There is nothing to swallow—you just rub it on. Colds go over night, croup is usually relieved in 15 minutes.

BALDWIN CABINET MEMBERS RECEIVE APPROVAL OF KING

Stanley Baldwin, the new Prime Minister has lost no time in drawing up the list of his new cabinet, which was submitted to and approved by the King on Thursday.

The selection of Winston Churchill as Chancellor of the Exchequer, in the new Cabinet of Stanley Baldwin was definitely announced.

Other definite Cabinet selections were: Secretary for India, Earl of Birkenhead; Colonies, Lieut. Col. L.C. Amery; Foreign Secretary, Austen Chamberlain; President of the Council and Leader of the House of Lords, Marquis Curzon; Privy Seal, Marquis of Salisbury; Lord Chancellor, Viscount Cave; Home Secretary, Sir Wm. Joynson Hicks; Agriculture, Edward F. Lindley Wood; First Lord of the Admiralty, Wm. C. Bridgeman; War, Sir Laming Worthington Evans; Air Ministry, Sir Samuel Hoare; Health, Neville Chamberlain; Labor, Sir Arthur Steel Maitland; Board of Trade, Sir Philip Lloyd Greame; Education, Lord Eustace Percy; Secretary for Scotland, Sir John Gilmour; Attorney General, Sir Douglas M. Hoag.

Mr. Baldwin's official position will be that of Prime Minister, First Lord of the Treasury and Leader of the House of Commons.

It is understood that this list of 19 ministers constitutes the Cabinet although it is officially announced that it is not necessarily complete. The other ministers and under secretaries will be named later and the Government is not likely to be completed until this week.

On the whole, the new Cabinet is likely to be well received by the country, but Premier Baldwin supplied two first class surprises the first, in killing the fatted calf for Churchill, a newcomer to the ranks of the Conservatives, which he deserted 20 years ago and the second which is generally held to be a consequence of the first in the exclusion of Sir Robert S. Horne.

Welcome Winter! We've A Cumberland

What do we care if the wind howls, the snow blows, and the mercury drops through the bottom of the bulb? We can stand at the window and laugh at the weather:

For we've an Improved Cumberland Furnace to keep our whole house cosy, cheerful, and healthful. And we've had it long enough to know that it's easy on coal at the same time as it keeps every bedroom at living room warmth!

We bought it after investigation after we'd sent for Cumberland Furnace Facts: a circular that tells the best type of furnace for each situation, pipe or pipeless. It tells what to look for in a furnace, and how you can find it in the Cumberland.

Send for your copy and you too will welcome Winter.

Garden of Eden—An Apple—A Canadian Ship

Above is photograph of tree designated by the British Government as "Tree of Knowledge."

An apple from the Garden of Eden arrived in Montreal this week aboard the Canadian Pacific steamship Melita. With it came the story of history repeated after six thousand years and a reprieve for sundry passengers who had been threatened with fines, trial in the admiralty courts and what not.

The apple came to Montreal with Robert J. Casey who was a passenger aboard the "Melita." Mr. Casey is a well-known member of the staff of the Chicago News and among the books of his authorship are "The Land of Haunted Castles" and "The Lost Kingdom of Burgandy." He was on the way home from a trip through Syria to Damascus and Bagdad taken for the purpose of gathering material for another book.

Mr. Casey said that the apple was one of a pair brought from Quernah the traditional site of the Garden of Paradise at the junction of the Tigris and Euphrates rivers in Mesopotamia. It was placed in a stateroom with Babylonian bricks and other relics from the cradle of the human race and did not figure in the log of the "Melita" until the ship had been four days out of Cherbourg. Then it disappeared.

The owner complained to Commander Clews. "I regret this unfortunate incident," said the Captain. "But of course you must have read the notice on the card given you as you came aboard: The company will not be responsible for apples and other valuables unless they are deposited with the purser. As it stands at present this looks like a matter for the appellate court. But of course we shall see what can be done about it."

Three women named Eve and a man named William Adamson from British Columbia were found on the passenger list and they fell under suspicion immediately. Attempts to establish alibis were as fruitless as they had been before Noah built the ark. Adamson admitted that he was the tenant of a cabin on the same deck as that occupied by the apple and he was summoned for an interview with the captain. He was a technical prisoner when the "Melita" reached Belle Isle and might have been landed in Quebec had he not been for an un-

expected denouement. A room steward, penitent but brave appeared before the officers substituting for angels with flaming swords.

"If it's an apple you're looking for I think I can find it for you," he volunteered. "It looked like just an ordinary apple and what with the way the women passengers are always wanting things there was no way of telling about it—you know how it is. I had brought a dish of fruit into that cabin the morning all the fuss started and when I was taking out the dishes some time afterward it was only natural-like that I should have made a mistake. I picked up that apple..."

"And so the lost," gasped the investigators. "That's where you're wrong," declared the steward triumphantly. "It's found. As soon as I heard of the howl I traced that apple. I followed its trail back to the pantry and thence to the cold storage room. And this morning I discovered it. One of the chefs had been in just before me. But I was determined. I went right out after him.... And I found the apple.... It's in here..."

And with a magnificent air he lifted a napkin from a large pan of apple sauce. Another apple, later found concealed in a locked trunk, will be presented to the Field Museum of Chicago. The tree from which the fruit was picked has recently been designated as the "Tree of Knowledge" by the British Government substantiating an Arab legend of long standing. The document authenticating the claims of Quernah as the site of Eden is a record of court martial, a copy of which was brought back with the apples.

The case in point was that of Thomas Rogers, a sergeant in the British Flying corps stationed in Iraq since the armistice. Rogers, climbing the tree to have his picture taken, broke off one of the branches and was arrested by the Arab police.

The verdict finds him guilty of having broken a limb from the tree of knowledge in the Garden of Eden and fined him at "one month's pay." A lighter sentence than that visited upon his remote ancestor for a similar offense.

W. A. St. Mark's Church

The annual meeting of the Women's Auxiliary of St. Mark's branch, Nelson was held at Miss A. Flett's home on Thursday afternoon, November 13th, Honorary President, Mrs. W. J. Bate, presiding. Very satisfactory reports were read by the different officers. The Auxiliary had met its financial pledge and other expenses and has a balance on hand of \$57.04.

Dorcas report told of work being done and a sale has been sent for the North West Mission valued at \$18.21.

A report of the Triennial meeting of the W. A. in Hamilton, Ont., October was read.

Mrs. Chas. Sargeant, President of the Nelson branch was one of four delegates from the province to attend this meeting.

The officers elected for the coming year are as follows:

Hon. Pres. Mrs. W. J. Bate. Pres.—Mrs. Chas. Sargeant Sr. First Vice. Pres.—Mrs. T. Drillem 2nd. Vice. Pres.—Mrs. Geo. Hubbard.

Rec. Sec.—Miss Mabel Hubbard. E. C. D. Treasurer—Miss Florence MacKenzie.

Cor. Sec.—Mrs. R. MacLaughlan Treas.—Mrs. R. MacKenzie.

Dorcas Sec.—Miss A. Flett.

Delegates to Annual meeting in St. John:—Mrs. Sargeant, Miss M. Hubbard.

Substitutes—Mrs. R. McLaughlan and Miss Janie MacKenzie.

Motor Fees Total Exceeds Estimate

The Motor Vehicles Branch of the Provincial Department of Public Works has announced that Collections of Motor Vehicle Fees resulted in a total of \$462,000 in the fiscal year which closed Friday. What slight additions may be made will not make any great difference in the total.

The estimate for the collections of Motor Vehicle Fees for the year was \$405,000. The amount has been exceeded in collections by \$47,000 which is about 12% in excess of estimate.

In 1923 the amount collected from the same source was \$374,901.57 which was considerably in excess of the estimated amount.

During the present year there has been a substantial increase in the number of motor vehicles in New Brunswick the increase taking place in both trucks and cars. At the present time there is every indication that the purchase of 1925 models will be at a similar rate of increase. The Department has announced that the amount collected from motor vehicles in 1924 has exceeded the estimate by \$47,000.

ASK PROVINCES TO GIVE UP THE LOCAL SYSTEMS

If the provinces which are now in the business of extending rural credits to farmers will consent to give war to a Federal system, to apply to all provinces which desire to take advantage of same, it is probable that legislation providing for the establishment of the same will be a feature of the coming session of Parliament.

In the last two sessions much attention has been given to this subject by the Banking Committee of the House although Mr. Fielding always refused to have the matter considered in connection with the Bank Act on the ground that it was separate and distinct.

Inquiries which have been made since the last session are said to indicate a willingness on the part of Manitoba and Alberta, which now have provincial systems, to give way to a broader national system, but Saskatchewan and Ontario have not yet committed themselves. In the former province there is a different method of operating.

Experts who have looked into the subject on behalf of the Government are strongly favorable to a Federal system on condition that the field is left to them without provincial competition, which, it is urged, would increase the overhead of doing business and seriously react against those favorable interest rates which is the particular object in view. The tendency of the banks to consolidate has had the effect of stimulating the desire for additional credit facilities apart from present channels.

RECENT EXHIBITION HAD A SURPLUS

That the 1924 show of the St. John Exhibition Association had resulted in a surplus of \$427.51 was announced at the annual meeting of the directors and the subsequent held meeting of the shareholders of the association Tuesday night in the exhibition offices, Prince William street. Through some necessary capital expenditures this amount has been decreased somewhat.

At the meeting of the directors the reports of the auditors and secretary-treasurer were received. These were later presented to the shareholders. A letter was read from the live stock commissioner and the secretary of the Canadian Association of Exhibitions; stating that the annual meeting of that body would be held in Toronto on Nov. 27 and 28. H. A. Porter was delegated to attend. That there is a growing interest in the exhibition was evidenced by the presence of several citizens who were not members of the directorate.

The director's report commented upon the surplus, remarking the fact that there was a surplus despite the fact that the receipts had been considerably below those of 1923. One of the largest of the deficiencies was in the midway, which in 1923 paid \$5000 and in 1924 only \$3007. Another source of loss was in the cutting off \$1000 in the provincial grant, from \$5000 to \$4000.

The report recommended to the directors the holding of an exhibition in 1925 providing the necessary support from the city and Provincial Governments were forthcoming.

Attention was drawn to the fact that under the terms of the city's guarantee, the deficit of \$3800 in 1922 and \$4000 in 1923 should have been assessed for the 1924 year. The deficit was not made for the 1924 year because the association was not liable for the deficit in 1922 and 1923.

VICE

By John Carlyle. (Copyright 1924, by the Associated Newspapers)

Many cities today have vice commissions. There is a great deal of talk in newspapers and elsewhere about the suppression of vice. It is one of the desperate problems of every great city.

Good citizens are agreed, for the most part, that this is a worthy work for a worthy committee. There can be no sound argument against the ultimate elimination of places of ill repute in our cities and towns.

"Vice" in the language of books and newspapers always means a particular kind of vice. It is the variety of vice that commissions are always being formed to fight.

Perhaps it is well for us to bear in mind that it is not the only kind of vice—perhaps not even the most deadly kind. There might be other "vice work" of equal importance for commissions to work at, if we could have very wise commissions.

There is the vice of selfishness, which causes more suffering than any other kind in the world.

Out of the vice of selfishness comes the vice of poverty and all those things that make poverty possible and probable.

Out of selfishness come inadequate wages and unclear, unhealthy shops and over-long hours.

Out of selfishness come the industrial evils of this country and others. And by industrial evils the lives of hundreds of thousands of men, women and children are affected.

And then there is the vice of meanness and pettiness and crookedness and deceit.

There is the vice of cruelty and ingratitude. "Sharper than a serpent's tooth" is ingratitude. The ungrateful man is a vicious man. The man who is ungrateful to his parents is an especially vicious man. Where is a vice commission to deal with such as he?

And there is the great vice of unkindness. There should be a commission for that.

What is YOUR vice? Are you sure that you too, do not deserve the service of a commission? Is there no law which YOU break while you condemn others for breaking THEIR laws?

Pale Anemic Girls

Find New Health Through the Use of Dr. Williams' Pink Pills.

There must be no guesswork in the treatment of pale, anaemic girls and children. If your daughter is languid, has a pale, sallow complexion, is short of breath after slight exertion or on going up stairs, if she has palpitation of the heart, a poor appetite, or a tendency to faint she has anaemia—the medical name for poverty of the blood. Any delay in treatment may leave her weak and sickly for the rest of her life. Delay may even result in consumption, that most hopeless of diseases. When the blood is poor and watery, give Dr. Williams' Pink Pills, coupled with nourishing food and gentle out-door exercise. The new, life-giving blood which follows a fair use of Dr. Williams' Pink Pills stimulates the nerves, increases the appetite and brings the glow of health to pale cheeks. Mrs. W. H. Armour, Havlock, Ont., says:—"My little girl got into a very poor state of health. She was weak, very much run down and as the doctor did not seem to do her any good, I thought I would try Dr. Williams' Pink Pills. After taking six boxes of the pills she got nice and rosy and strong again. I would recommend Dr. Williams' Pink Pills to anyone weak and run-down."

If your doctor does not keep these pills in stock, you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Former Chatham Lady Dead In Vancouver

Word was received last week of the death in Vancouver of Mrs. Daniel Chesman. The deceased was formerly Miss Mary Annie Stapleton, for many years a resident of Chatham. The deceased lady is survived by her husband two sons and one daughter.

Majority Of 36,682 For The "Drys" In Ontario

With complete returns from all but four ridings in the possession of the Provincial Government the result of the liquor plebiscite in Ontario on October 23rd, shows a majority of 36,682 in favor of a continuance of the Ontario Temperance Act, out of a total vote of 1,134,016. The figures are: For the O. T. A. 585,349.

The total vote is exactly 122 more than the total vote cast in 1919 on the question of Government control. On that occasion the majority is favor of the Ontario Temperance Act was more than 400,000.

Christmas Trees Being Cut For U. S. Market

The seasonal export of Christmas trees for the holiday season in the United States has begun. Sidings on the Gibson Branch of the C.P.R. are filled with piles of little trees which are destined for the New York and Boston market.

Roadsides and old pastures are the usual places from which the young trees are cut for this trade

Hosiery
Exceptional fine values in smart fall hose are on display at Creaghans
All Wool Cashmere Hose in black and colors 75c
Silk and Wool Ribbed in all colors \$1.00
Penmans Silk and Wool all colors \$1.25
Fancy striped Cashmere English make \$1.50

Childrens heavy ribbed wool Hose .49c
Every pair of hose we sell is fully guaranteed by the makers and our-selves
We cheerfully exchange or refund on any hose not entirely satisfactory
J.D. Creaghans Ltd.

but sometimes promising second growth also is sacrificed. The price offered by buyers and accepted by those who cut and deliver the trees is ridiculously low, four cents per tree. They are wired together in close bundles of three each so that the least possible room will be occupied when the flat cars are loaded. A well loaded car carries several thousand of such trees. This is not the only section of the Province in which the trade is carried on. Charlotte County usually ships thousands of such trees each season. In some cases stumps are paid by those cutting the trees but at a very low rate, one cent a tree in many cases. There is no regulation prohibiting the export of young trees although a tremendous loss in second growth must be caused each year by this trade. In the American States the trees are sold for large prices, in the case of the best trees and for smaller prices for the others, but the spread between a few cents and several dollars is great.

Sleighs and Robes
A Shipment of Driving Sleighs just Received and we would advise making your Purchase early
These Sleighs are strongly constructed, having extra nose braces & shoeing comes right over the nose and back to the first bench. This gives extra strength to the runner just where it is most liable to break.
Our No. 263 Sleigh in Oak grain or black upholstered in Merva Plush or Whipcord makes a handsome Sleigh
Sleigh Robes
In Robes, we have the famous Saskatchewan Buffalo curl with rubber interlining, making them wind and waterproof. Also our Black Goat in different sizes.

OBITUARY

MRS ARCHIBALD ALCORN, SR. The death occurred at her home in Blackville, Nov. 11th, of Mrs. Archibald Alcorn, after a lingering illness of almost 8 months.

During this period the deceased suffered intense agony which she bore patiently to the end.

She is survived by one daughter, Mrs (Dr) John Beaton and one son A.C. Alcorn, both of Blackville, to whom sympathy is extended in their sad bereavement.

The funeral was held Friday afternoon from her late residence, service beginning at the house at 2:30, interment in St. Andrew's cemetery.

Her husband predeceased her about ten years ago.

GEORGE A. VYE

George A. Vye of Digby, died very suddenly at the home of his daughter, in Moncton on Monday afternoon in the eighty second year of his age. He had been visiting his daughter, Mrs. Albert J Lutz, for the last month.

He was born at Derby, Northumberland county, and before removing to Digby where he had been town engineer for nearly 30 years, he had resided in Moncton several years. Besides Mrs. A.J Lutz he is survived by two daughters, Misses Anne and Jennie Vye of Digby, and one son Charles, of Middleton, N.S. The body was taken to Digby for burial beside his wife, who died about six months ago.

MRS. H. G. LOGGIE

Mrs. Ada Jean Loggie wife of Lt. Col. T.G. Loggie, died Thursday morning at her home, on Church street, Fredericton after a lingering illness. Major Gerald P. Loggie Royal Canadian Ordnance Corps, Winnipeg, the only son, arrived home Thursday afternoon. Mrs. Loggie was sixty-nine years old. A second son, Purvis P. Loggie died while on service overseas with the Flying Corps. Mrs. Loggie was a daughter of Mr. and Mrs. James Purvis of Pictou, N.S. The deceased had been a resident of Fredericton for the greater part of her life and had a wide circle of friends. The funeral took place Saturday at 3 p.m. with service by Very Rev. Deon Neales and interment in the Rural Cemetery.

Six New Attorneys

Six new attorneys were admitted to the Bar of New Brunswick Wednesday morning, before the Appeal Division, Supreme Court, C.D. Richards presenting them and Chief Justice Sir Douglas Hazen congratulating them upon admission.

The new attorneys are Muriel Elisabeth McQueen, Shediac; Henry T.P. Bnet, Magdalen Island, Que. Aubrey Stafford Ferguson, Moncton Vincent J. McEvoy, Newcastle; Alfred Johnson Brooks, Sussex; Henry Atwood Bridges, St. John

PERSONALS

Mrs. C. C. Hamilton is the guest of friends in Shediac and Moncton. Mrs. Wm. Sinclair left yesterday for St. John.

Rev. W.E. Sormany of Rogersville was in town last Wednesday.

Mr. F.J. Morris of Summerside P.E.I. visited his parents Mr. and Mrs. Hugh Morris last week.

Mrs. J.A. Stevens of Campbellton was a recent guest of Mr and Mrs Robert Cassidy.

Mayor D.S. Creaghan returned last week from a business trip to Upper Canadian cities.

Mrs. John O'Brien returned home last week from a pleasant visit spent with friends in Montreal.

Mrs. James Stout of Campbellton who was visiting her daughter, Mrs Harold Russell has returned to her home.

Mrs. Edgar Purdy and little daughter, Ruth of Westchester, N. S. are the guests of Mr. and Mrs. John F. Kingston.

Mr and Mrs. Quincy E. Campbell of Chatham are receiving congratulations on the arrival of a son on Nov. 12th.

Miss Ella Bernard returned last week from Moncton, where she spent the past five weeks with her sister, Mrs Geo. Masson.

Mrs. W.A. Hicks of Newcastle is at present a guest at the Ritz Carlton Hotel, Montreal. Mrs Hicks will spend Christmas in New York.

Mr. and Mrs. H.H. Ritchie and Mr. and Mrs. Fred C. Mprell were called to Woodstock last week, owing to the illness and subsequent death of Mesdames Ritchie and Morrell's brother, R.K. Jones.

Mrs John Williamson left Fredericton for Oak Bay, Charlotte County, where she will spend the winter months. En route she will visit what was in St. John, Fredericton and St. Stephen.

The many friends of Frederick P. McEvoy are congratulating him for his admission to the bar of New Brunswick, as an attorney. Mr. McEvoy was sworn in at Fredericton last Wednesday by Chief Justice, Sir Douglas Hazen.

Constipated Children

Constipation is one of the most common ailments of childhood and the child suffering from it positively cannot thrive. To keep the little one well the bowels must be kept regular, and the stomach sweet. To do this nothing can equal Baby's Own Tablets. They are a mild but thorough laxative; are pleasant to take and can be given to the new born babe with perfect safety. Thousands of mothers use no other medicine for their little ones but Baby's Own Tablets.

The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

FORMER ST. JOHN BOY IS SELECTED

Son of the Late Rev. W. R. Robinson is Rhodes Scholar.

(Telegraph-Journal, Nov. 15th.) Word was received yesterday by Charles Robinson that his nephew Thomas Hoben Robinson, has been awarded the Rhodes Scholarship for Nova Scotia for 1925. Mr. Robinson is a graduate of Acadia and is at present taking a post graduate course at Chicago University.

Mr. Robinson was born at Devon but for the greater part of his life lived in St. John. He is a son of the late Rev. W.R. Robinson, who for some years was pastor of the Ludlow street Baptist church.

The young man had a brilliant course at the local high school and won the Governor General's silver medal for Grade 10. At Acadia he made a special study of economics and won the gold medal and a scholarship at Chicago University. In addition to his scholastic attainments he did well in athletics and was one of the main stays of the Acadia football team.

His mother is visiting in Maine at the present time.

The new Rhodes scholar was very active in the Sunday School of Ludlow street Baptist church being a teacher there previous to going to Acadia. As a younger boy he was in the Trail Rangers and was always considered an outstanding youth. He was markedly good as a debater.

George Estabrooks, another Rhodes scholar from Acadia, now attending Harvard, was also very active in Ludlow street Sunday school. He was a teacher of the school until the war broke out.

Ludlow street Sunday school is proud that one of her former boys has won such great honors. It was a cherished ambition of the late Rev. W.R. Robinson that this son would some day win this great honor. The young man's uncle, Dr. Allen Hobbs, is president of Kalamazoo College, Michigan, and one of the foremost educators in the United States.

Miss Bella Robinson of his town is an aunt and Mr. John Robinson an uncle of the successful young man.

Boucher Admitted Theft Of Motor

William Boucher Sentenced to Three Year in Restigouche Court.

Dalhousie, Nov 11—In the early part of October an automobile was stolen from the garage of Herman Cook, at Point Lanus. The car was traced to Newcastle where it had been placed for repairs. The Chief of Police in Newcastle detected the number and noticed Constable George Ross of Campbellton, who immediately proceeded to the Miramichi accompanied by Herman Cook, the owner of the car. Cook, having identified his property William Boucher, who was suspected of theft, was working for a lumbering concern. He was brought to Dalhousie on a warrant issued by Police Magistrate William McNeill of Dalhousie and lodged in the county jail.

Today at the opening of the November term of the Restigouche County Court presided over by Judge McLatchy, Boucher confessed and was sentenced to three years in the penitentiary at Dorchester.

Boucher came to Dalhousie from Shippeagan, Gloucester county, in the summer, looking for work. He is 28 years of age. The car was badly damaged and although recovered, Cook still sustains quite a loss. Only one criminal case and two civil cases engage the time of the court.

Whitney School Standing For Month of October.

Grade 8 (a)—Kathleen McKenzie, 1. Doreen Menzies 2. Grade 8 (b)—Lillian Hare 1; Jessie Dunnett 2.

Grade 7—Willa Whitney 1; Harvey Whitney 2.

Grade 5—Lorne Hare 1; Patricia Walsh 2.

Grade 4 —Bernetta Whitney, Eva Blackmore, 1; Perley Mare 2. Grade 3—Vilia Allison, 1; Rena Baisley 2.

Grade 2—Bertie Allison 1; Letha Blackmore 2.

Grade 1—Valery Hare 1; George Whitney 2.

Perfect Attendance for October—Kathleen Menzies, Sadie McTavish, Doreen Menzies, Jessie Dunnett, Patricia Walsh, Rena Baisley, Valeria Walsh, Vilia Allison, Vincent Walsh, Bertie Allison.

REV. H. A. CODY COMING

Rev. H. A. Cody, rector of St. James' Church, St. John, celebrated writer and author will spend next Sunday 23rd inst on the Miramichi, preaching at the 11 o'clock service St. Andrew's Church, Newcastle; 2:30 service in St. Marks' Church Nelson and the evening service in St. Marys' Church, Chatham.

Whitneyville Notes

Whitneyville, Nov. 15—Mr. Vance Whitney of Sackville spent Thanksgiving with Mrs. Fred Whitney.

Miss Reta Blackmore and Mr. William Dunnett spent Monday evening at Mr. Ben. Dunnett's.

Misses Laura Sherrard and Miss Annie Stewart spent Monday evening with Mrs. Russell Whitney.

Mr. Alex. Hare spent Sunday afternoon with his daughter, Mrs. Robert Sherrard of Boom Road.

Misses Ada and Lillian Hare spent Sunday afternoon with Mrs. Grant Forsythe of Strathadam.

Miss Helen Walsh spent a few days in Newcastle last week.

Mr. and Mrs. William Parker and three children; Wendall, Carl and Edith spent Sunday afternoon with Mrs. Ernest Mutch.

Miss Elma Whitney of Newcastle spent Thanksgiving at her home here.

Mrs. Peter Forsythe and Mrs. Sarah Homer were the guests on Tuesday of Mrs. Hiram Whitney on Tuesday evening.

Mrs. Morrison and her granddaughter, Gertie Mullen were the guests of Mrs. Bessie Mann on Monday.

Mr. Norman Dunnett returned to the woods Tuesday after being home several days with a sore hand.

We are sorry to hear that Mr. Guy Menzies is in the Miramichi Hospital suffering from an injured foot.

STEAMSHIP COMPANY HAD GOOD YEAR

It was announced at the Eastern Steamship office; St. John; that the past season for them had been a very good one. During the months of July and August while the two steamers, S.S. Governor Dingley and the Prince Arthur, were in operation the number of passengers transported to and from American ports was somewhat larger than in 1923. The months of September and October, however, were not so good as last year. The officials of the company attribute the falling off to the revising of the head tax which prevented a large number of people from going to the States to spend their vacations. The greater part of the tourist trade was carried on during the months of June, July and August. An official said that putting the steamer Prince Arthur on the route did not increase their revenue as the one steamer, Governor Dingley

Because it ensures swift, clean, antiseptic healing in cuts, bruises, burns, scalds, etc.

Because it dispels irritation, allays pain and inflammation, reduces swellings, and kills the germs of festering and blood-poisoning.

Because it quickly grows new healthy skin where injury or disease has damaged or destroyed the tissues.

Because owing to its purely herbal origin Zam-Buk is safer than, and superior to, any fatty pore-clogging ointment or salve containing crude mineral drugs.

For its wide range of usefulness and its instant healing power in skin ailments and injuries Zam-Buk is known as "A Surgery in a Two-inch Box."

NEW LAMP BURNS 94% AIR Beats Electric or Gas A new oil lamp that gives an amazingly brilliant, soft, white light even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean; safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. 24-13

Briton Urges Coal Gas To Replace Hanging

English authorities are discussing the advisability of employing coal gas for the execution of criminals instead of hanging, the present method. Inspired by the popular horror over a recent hanging, Earl Russell suggested before the Medical Society, a group of physicians, lawyers, and criminologists, that it would be more humane if coal gas was introduced into the cell of the condemned man while he was sleeping. The current number of "Lancet" the leading British medical journal devotes several columns to the discussion of this question by leading authorities, and general opinion is opposed to the change.

MUSKRAT \$135

Made from perfectly matched choice Tanne Top Minkers, giving a good and border of soft fur. Inside pockets with cuffs in sleeve.

SMART STYLES

You will be the envy of your friends in a fashionable Coristine Coat. Purchase this stylish model at your local dealer or if he cannot supply you we will ship C.O.D. subject to your inspection before acceptance. Like all Coristine Coats, whether plain or trimmed with a beautiful contrasting fur, this garment will give years of satisfaction.

Be sure of the quality of your fur by getting one with the Coristine label. Contact on request.

CORRESPONDENCE

To the Tax Payers of Northumberland County.

Ladies and Gentlemen:—

I take this opportunity of addressing a few remarks to you, as interested parties, with reference to one or two subjects upon which I deem it my duty to speak.

Taking first the report of the Grand Jury at the October Term in reference to the County Jail, I wish to say, in company with Councilors Dennis Doyle, W. Harriman, Joseph McKnight and Lawrence Doyle, I visited the Jail on the 16th inst. in order to investigate conditions. We found everything neat and clean. For purposes of clarity, however, I propose dealing with the Grand Juror's report, section by section.

The first section of the report mentions the fact that the centre cell facing the main entrance is very dark. Also stating that the plumbing is in a leaky condition, water being found on the floor.

When at the jail on the 6th inst. we found the plumbing in good condition, and were informed by the jailor that any water found on the floor must have been thrown there by the inmates of the cell. The cell is undoubtedly dark as it was intended to be when constructed. This cell is known as the "Dark Cell" and intended for refractory prisoners.

Section two. "All cells on the Northern side are not equipped with locks, and have neither coats nor blankets," say the Jurors.

They forget to mention, however, that the door at the end of the corridor is equipped with a lock, and when closed shuts off all exit from this part of the building. Coats and blankets are furnished when required. Blankets are sent to the laundry when not in use.

Section Three—"The cells on the Southern side are in a dilapidated and disgraceful condition. The plaster is off the ceiling of several of the cells. In the corridor the plaster on the ceiling is also falling off and water is dripping down through the ceiling. Several of the coats are in a broken condition, and are not fit for human beings to sleep on."

This whole section of the report is grossly misleading to the public. The cells are in neither a dilapidated nor disgraceful condition. Some coats, which were broken by the horse-play of prisoners, are stored in one or two of the cells as the most convenient place. Some plaster has fallen off the ceiling, but no water is dripping through. Human beings are not required to sleep on anything unfit for that purpose.

Section Four of the Juror's report says—"In the main, the paper and plaster are falling off the walls. In the debtor's cells upstairs the wainscoting and floors are in bad condition. In one cell the wainscoting had been removed and bricks removed from the wall, and prisoners had escaped. The bricks have been replaced but the wainscoting has been only temporarily replaced."

The foregoing section is only partly correct. No plaster has fallen off the walls of the main entrance and only a few patches of wall paper—the paper should all be removed. The floors upstairs are of

spruce and of course show the effects of use; but are serviceable for some time yet. The wainscoting for a yard or two along one wall is in need of a few nails. The episode of the prisoners escape is ancient history, having happened some years ago.

Section Five of the report, which is the last, is as follows: "There is not any drinking water in any of the cells except the corridors and prisoners locked in the cells cannot procure water unless given by the jailor."

The water system is as it always was. No prisoner need suffer for lack of drinking water as receptacles for a supply are obtainable on request. How many jail or lock-up cells are equipped with water taps, may I ask?

Now, taken as a whole, the report of the Grand Jurors strikes one as showing lack of due consideration, and actuated by a desire to find fault. We councillors who visited the jail were informed by the jailor that conditions were the same as at the time the Grand Jury visited the building—with the exception that on account of the number of inmates, things were more or less untidy when the Jurors called.

As far as sanitation is concerned the public need have no fears. We found everything clean, the ventilation good, the atmosphere excellent. Let me say further in this connection that it is the business of the people's representatives in the County Council to see to the maintenance of the jail. Every session of the Council a committee is appointed to visit the building, while throughout the year the public works committee attend to the jail as well as to other County property.

Any and all reasonable requirements are supplied on requisition of the jailor. At the same time it is the duty of the Councillors to have regard to the financial condition of the County by keeping expenditure as low as possible consistent with the proper administration of the business of the municipality.

With reference to expenditure, and incidentally to taxes, I wish to present another matter in reference to which I think it might be well to inform the general public of the County. I refer now to the depreciation of one Edwards, who stole a very valuable automobile in the State of Maine last summer and made his way to Newcastle.

The people of the County will remember something of the excitement caused by Edwards—how he bowled over police officers, castables and anything in the way of his mad dash for freedom when arrested in the town of Newcastle. With the efforts of Mr. Doran, however, who was assisted by Mr. Wisted and Mr. Hopkins, the foreign automobile was recovered; but the bandit escaped.

It will be interesting to the public to know that every cent of the expenditure in connection with the attempted arrest of Edwards and the successful recovery of the stolen auto has been charged to the County and paid by the County. As a member of the finance committee I had to do with the passing of the bill the other day. I, along with the other members of the committee, objected vigorously to paying the amount, claiming that the greater part of the bill was properly chargeable to Mr. Hobson of Woodland, Maine, the owner of the car. We were informed that Mr. Hobson was quite willing to pay his share of the expenses but he was advised by one of our young lawyers (who, by the way, appears in the picture for the first time after the automobile was recovered from Edward) to pay nothing as the County should bear all the expenses. None of the councillors, of course, knew anything of this transaction until a few days ago. But the bill of over \$200.00 had to be paid. We were informed by Mr. Doran, that he objected to giving up the car until Hobson paid up, but the lawyer in the case obtained an order of release from the attorney general of the Province, the present Justice Byrne. The owner of the car departed with his property for the United States and Northumberland pays the bill. Comment on the activities and attitude of the legal gentleman is unnecessary.

The foregoing will no doubt appear to the ordinary citizen as an extraordinary piece of business; but it will serve to show where some at least of the taxes go. I may say, however, that the finance committee have instructed Secy. Teed to bill Mr. Hobson with the amounts which we think he should pay, appealing to his sense of justice. Our chances of recovering any part of the amount are small.

Thanking you, Mr. Editor, for publishing this letter, which is written at the request of several of the County Councillors—I am,

Very truly,
H. J. GILL, Warden Northumberland County Jail, N. B., Nov. 17th, 1924

Annual Meeting of St. Andrew's W. A.

Held Thursday Afternoon, November 6—Election of Officers

The annual meeting of the Women's Auxiliary, St. Andrew's branch, Newcastle, was held at the rectory on Thursday afternoon, November 6th, president, Mrs. W. J. Bate presiding.

Very satisfactory reports by the different officers were read and accepted and funds voted on for the various needs. After short discussions the election of officers took place for the coming year as follows:

President—Mrs. W. J. Bate.
First Vice-Pres.—Mrs. Walter Morell.
Second Vice-Pres.—Mrs. H. H. Ritchie.
Recording Sec.—Mrs. Fraser Harris.
Corresponding Sec.—Mrs. S. Mullin.
Dorcas Sec.—Mrs. J. W. Davidson.
Treasurer—Mrs. Charles Sargeant.
Junior Superintendent—Mrs. Ivan Chapman.
Supt. of Little Helpers—Mrs. H. H. Ritchie.

It was with great regret that the resignation of Mrs. Walter Morell was received, as she has been the faithful secretary of the Babies Branch for the past fifteen years and she has rendered loyal, loving service to the work of the W. A. Following is her report:

REPORT OF NEWCASTLE & NELSON "LITTLE HELPERS"

In submitting this report, I beg to state that my books show a decrease in membership, through the removal of several "Little Helpers" from the parish, and others having reached the age limit of ten years. Five new little members have been added to the list, making a total of 85 as against 97 last year. The mite box returns amount to \$37.10, \$5.64 less than last year. As the time, since our last annual meeting has been so short, this on the whole is very satisfactory. As I am new

resigning from this branch of the W. A., the work is being taken over by Mrs. H. H. Ritchie who I feel assured will make it in every way successful. Following is the financial statement.

ANNIE E. MORELL.
At the close of the meeting refreshments were served.

Do You Support Your Newspaper

There is nothing that calls attention and draws people to a town equal to a good newspaper. In order for a man to make a good newspaper he must have the patronage of the people among whom he lives. If he has half-way support it stands to reason that he must make a poorer newspaper, and in doing this every man in the town and surrounding country has to bear a portion of the loss. For this reason, if no other, the man who tries to make a good newspaper should have the support of his own people, all of whom reap fully as much benefit from its efforts as he does himself.

Expect War Prices For Flour in G. B.

The sensational rise in the price of wheat at Liverpool is causing widespread anxiety and already there are gloomy predictions that war prices in bread and flour will shortly be the rule. There is a suspicion that Chicago wheat speculators have had a hand in the boosting of the price, which went up two pence farthing per hundred pounds.

There is talk of a world shortage and a possible famine. The government is giving the matter its closest attention and will do everything in its power to prevent an increase in the cost of living which has been gradually rising for weeks past.

Has No Connection With Fraser Co.'s Fraser Pulp and Lumber Being Wound Up

Fraser Pulp & Lumber has no connection with Fraser Companies. Recently Fraser Pulp & Lumber Co. which although it is owned by the same shareholders as Fraser Companies Ltd. has no connection with that company, sold its large timber holdings in the Province of Nova Scotia for several millions. Fraser Pulp & Lumber having sold its properties, is now being wound up, and its assets are being distributed among its shareholders as it has ceased to be an operating company.

Fraser Pulp & Lumber, however, should not in any way be confused with Fraser Companies Ltd, which latter company is doing one of the largest pulp and lumber businesses in Eastern Canada, and this year is extending its operations considerably, including the construction of a new mill on the Quispisisis.

Thirty-One Cows From Two Herds Slaughtered

Following the government inspection of dairy herds in the western end of Westmorland county and the final condemnation of reactors to the tuberculin test 31 cows were slaughtered, at Little River on Wednesday. A large number of farmers of the surrounding district were present out of curiosity to see what results would be shown in the post-mortem examinations, included among the party being a number of women.

It is stated that in every case examined, well-marked lesions were found and in some cases they were found to be extensively affected with tuberculosis. The owners of the cattle slaughtered, when they saw the results of the disease were well pleased with the results of the test and their only regret was that they had not applied for the test years earlier, before the herds became so badly infected.

The majority of the farmers who witnessed the slaughter and examined the case afterwards, set about forthwith to apply for the test as soon as they can comply with the regulations.

The reactors slaughtered, came from two herds and but for the compensation awarded, their loss to the owners would have been heavy. They were from herds supplying the city of St. John with milk and in addition to the compensation awarded them, the owners will also have the returns for the sale of the hides, and other by-products, altogether they will be amply reimbursed for the loss of their cattle.

The general public need not become uneasy for fear that meat of the slaughtered animals be put on the market as all the meat passed fit for food was used for fox meat while the remainder was buried.

Wembley Fair Will Continue Next Season

Stanley Baldwin's declaration that the government is determined to open the great Wembley Exhibition again next year has had an immediate effect in reviving interest in the fair and its future. Major Toynie has stated that he is still waiting for word from Ottawa but that he has already started his plans to make the coming exhibition far more representative of Canada than was last year's. He says that he expects that Canada's participation next year will be greater than this year's.

DEATH OF PAINTER
"OF HIS MASTER'S
VOICE"

Newspapers all over the world published recently notices of the death of a man who, while not the world's most famous painter, can lay a strong claim to having painted perhaps the world's most noted picture. This is, if we may construe fame, as meaning the picture that has been seen more often and is generally recognized by the greatest number of this earth's inhabitants.

Franc's Barraud, a Londoner made no pretence at great eminence in the world of art. Son and nephew of two famous British artists, his work—"His Master's Voice"—the little dog sitting before the horn of a talking machine, quizzically cocking a puzzled ear—is instantly identified in all corners of the world in places where Michael Angelo and Da Vinci are strange names, and where even Coles Phillips and Maxfield Parrish are unknown.

"His Master's Voice" was not executed as a commission from any commercial enterprise. By the merest accident it found its way to the attention of the great corporation whose trade mark it later became. One day Barraud noticed his little dog, Nipper, sitting in an attitude of somewhat puzzled interest in front of the horn of the talking machine in use at that time. Immediately the picture appealed to him as one which would strike a popular chord and he painted it. Dissatisfied with the ugly black horn of the machine he had painted Barraud at the suggestion of a friend, asked the Gramophone Company Ltd. to lend him a brass horn which would add color to his picture. Company officials realizing at once the value of such a painting bought the completed picture.

Some years ago the company which purchased his painting awarded Barraud a pension in recognition of its appreciation.

Conservative Elected
In Yale, B. C.

Yale constituency remains in the Conservative column. G. Stirling, the Conservative having defeated Daniel W. Sutherland, his Liberal opponent in the bye-election on Thursday.

With all the main centres in and eight small polls missing, Mr Stirling had a majority of 419. One hundred and two polls out of 110 gave Stirling 6,600 and Sutherland 6,186. In the last election the late J. A. MacKivie defeated Mr. Sutherland by a majority of 542.

UNITE TO SERVE
CANADA IN PEACE
AS THEY DID IN WAR

A plea that Canadian Ex-Service men unite to maintain the ideas and spirit of sacrifice fostered by the late war, in order that they may serve Canada in peace as they served her in war, was voiced by General Sir Arthur Currie, former commander of the Canadian Corps in an address at the annual Armistice Day dinner at the United Service Club held in Montreal. General Currie said the world had fallen on evil days and that the spirit and sacrifice which had animated Canada in 1914 should be maintained in readiness for the future so that the world may understand that the British Empire is as united today in purpose as it ever was.

General Currie who was received with a storm of cheers said, "I am not going to say much about the old corps it is not necessary. We are all proud of what Canada achieved in the war; I myself become more and more proud—all the time Armistice Day is one of those occasions when one likes to sit and bring back those old days and faces of the war period.

"The passing days bring no shrinkage in the moral values of the cause for which we fought. We entered the war for no selfish purpose and we knew the sacrifice it was going to entail. Maybe every man did not know exactly what he was fighting for but he knew that the British Empire was in danger, that those fine old British traditions were in peril. He did not merely go to help England but to help keep inviolate the great British Empire and all that that Empire stood for. So also went men from Australia, New Zealand, Newfoundland, South Africa, India and all the ends of the Empire."

"Those men fought to maintain British ideals and I venture to assert that if those ideals are ever in jeopardy again the whole British Empire is ready to stand up and fight as it fought before."

ILLITERACY STEADILY
DECLINING IN
THE DOMINION

Illiteracy is steadily declining throughout the Dominion, according to information compiled by the Dominion Bureau of Statistics. This improvement in the educational status of the population, five years of age and over, during the last twenty years, is indicated by the decrease in the percentage of illiterates from decade to decade. In the last census, for the total population five years of age and over 9.25 per cent. were reported as being unable to "read and write" as compared with 1.010 per cent in 1910 and 14.38 per cent in 1901.

Ontario leads all other provinces with a low percentage of illiteracy of 6.43; taking the census figure of 1921 as a basis; while Prince Edward Island holds second place with 6.95 per cent.

Nova Scotia is a close third, having a percentage of 9.38 illiterates, with British Columbia, Quebec, Alberta, Saskatchewan, Manitoba, New Brunswick, Yukon and Northwest Territories following in order of merit.

The effect of residence in rural and urban localities on the educational standing of the population is indicated by the fact that 6.48 per cent of Canada's rural population, ten years of age and over are illiterate, as compared with 2.66 per cent in urban centres. The extent to which "foreign borns" lead the percentage of illiteracy of the total population is evidenced by the high proportion of illiterates among them in country and town being 15.74 per cent in the former and 10.71 in the latter.

Maine Boy is Guilty
Of Murder

Ellsworth, Me., Nov. 1—Guilty of murder in the first degree was the verdict returned against Roland McDonald, 15-year-old slayer of his school teacher, Louise Gerrish.

A recess until this morning was taken late yesterday, when the jurors told Justice Dunn that they were tired and wanted a respite. The judge was prepared to charge the jury and submit the case when court came in today.

The boy's confessions were repeated to the jury. His counsel then pleaded that he was not mentally capable of appreciating that he killed the woman.

The state, however, contended that though he was only 10½ years old mentally, he had the cunning and skill of a grown youth when he waylaid the girl, shot her and

Here and There

Immigration to Canada for the month of August, 1924, totalled 20,138, of whom 5,706 were from the British Isles, 1,784 from the United States, and 12,636 from other countries. Immigration for the first five months of the fiscal year totalled 76,719. In the same period 23,861 Canadians have returned to Canada from domicile in the United States.

As an indication that the tide of settlers has definitely set in the direction of Canada, it has been made known by the Department of Immigration and Colonization that 5,000 acres of land near Lethbridge has been sold to ten families of 75 persons from South Dakota. This, it is announced, is only the advance guard of a considerable northward movement from that region.

"We will have a good report to present when we reach the Hebrides", said Rev. Father Alex. MacDougall, a member of the Hebridean commission of inquiry which investigated conditions of Hebrideans in Canada. The members of the commission, after visiting Alberta, reported the new settlers perfectly satisfied with Canadian conditions.

Among the passengers sailing for Europe aboard the Canadian Pacific Steamship "Empress of France" on October 8th, was Geo. A. Walton, General Passenger Agent, Canadian Pacific Railway, Montreal, who will represent the company on an extensive tour of Europe arranged for the American Association of Passenger Traffic Officers by the trans-Atlantic steamship companies and the railroads of Great Britain and the continent.

COLONIZATION
IN MARITIMES
WITH C. P. R. AID

Colonization in Eastern Canada is about to be undertaken by the Canadian Pacific Railway. Announcement was made at the offices of the company that a considerable block of agricultural land along the line of the Dominion Atlantic Railway in Nova Scotia has been purchased. The property is located near Heckanooaga on Digby Neck.

The area has been subdivided in to lots of approximately 100 acres with community wood lots upon which settlers will be given the privilege of cutting. It is estimated that the newly acquired land tract will easily accommodate some 200 families and the prospects for the establishment on the land of bona fide farmers, beginning in the spring are exceedingly bright. The soil conditions of the land were carefully examined two years ago by experts from the Department of the Interior. The ground is fertile, free of rocks and excellent for adapted for dairying, small fruit growing, sheep breeding and other branches of agriculture. It will be sold to incoming settlers on what are claimed by company officials to be very easy terms.

In order to attain the necessary development of the property, the provincial government will be asked to undertake the construction of several stretches of road. It is said that although settlement will not commence till spring facilities to inspect and take option on the farms will be arranged shortly.

Several large flocks of wild geese have been seen flying over the town last week on their way to the south.

SUCCESSFUL ONE CENT SALE

The one cent Rexall sale held last Thursday, Friday and Saturday by C.M. Dickson & Sons, agents was well patronized and resulted in a decided success from every viewpoint.

CHEAP GASOLINE

A motorist says that the cheapest place in the Maritime provinces to buy gasoline is St. Stephen. He says you can buy Premier Gasoline there for twenty cents per gallon. Quite a difference in what is asked for the same brand in Newcastle.

MADE OFFICIAL VISIT

Mr. John Robinson, District Deputy Grand Master of the Masonic Fraternity made an official visit to Richbuck Lodge on Monday, 10th inst. Forty one members of the lodge were present and a most enjoyable and instructive meeting was held.

RAIN AND SNOW COME

The rain and snow of yesterday although not very gladly welcomed by teamsters and pedestrians, was much needed in the country. In all about three quarters of an inch of snow and rain fell.

SHOOTING ACCIDENT

Wilson Trevor, of Douglasfield, was the victim of a shooting accident last week when a gun which was being loaded by Norman Baldwin accidentally discharged and a bullet lodged in Mr. Trevor's leg.

FOUNTAIN COVERED

The fountain in the square has been covered for the winter months. It was no sooner up than we had a light fall of snow on Friday. This covering of the fountain usually brings snow, similar to the watering cart, which brings rain, after its appearance on the streets during the summer season. Both are looked upon by the citizens as sure omens.

CNRA BROADCASTING

The Canadian National broadcasting station CNRA at Moncton will give concerts regularly every Tuesday and Friday. Reports from various points within a radius of one hundred miles indicate that the various numbers of the programs already furnished were most enjoyable and that listeners were greatly pleased with the service.

PLAYED TO GOOD HOUSE

The Arlie Marks Stock Co. presented an excellent bill of comedy at the Opera House last night. "My Irish Cinderella" was the play and it was appreciated by a good sized audience. The performers in the specialties were warmly applauded. "Mother's Irish Rose" is the bill for tonight.

LUMBERING NEAR CITY

The Fraser Companies Ltd. are erecting two large camps at Hanwell a few miles from Fredericton and will carry on quite extensive operations in that section during the coming winter. The Company has acquired the standing timber on most of the farms in that section.

ST. JOHN TO HAVE ICE MEET.

The International outdoor ice skating championships for 1925 were awarded to the New Brunswick Skating Association at St. John, N. B., by the International Skating Union, at its annual meeting held last week in New York. The date for the event has not been fixed but it is thought it will be held some time in February.

FOOTBALL

The Chatham Football team defeated the Harkins Academy team in Chatham on Thursday afternoon by a score of 6-0.

CARD PARTY

The Lord Beaverbrook Chapter I. O. D. E. are holding a card party in the Court House tonight at 8 p.m. Auction Bridge and Auction 45's will be played and prizes will be awarded those holding the highest scores.

WEEKLY DANCE

The usual weekly dance given by the Rainbow Six Orchestra at Moncton was held in the Town Hall last Thursday evening. A large attendance was present and the music and dancing was much enjoyed.

DELEGATES APPOINTED

The delegates appointed by St. Andrews' Church W. A. to attend the annual Diocesan to be held in January are: Mrs. W. J. Bate and Mrs. Chas. Sargeant. Substitutes: Mrs. H. H. Ritchie and Mrs. S. V. Sisson.

HYDRO IS TURNED ON IN PETITCODIAC

Hydro power from the Musquash plant was turned on in Petitcodiac for the first time last Friday evening. Over one hundred homes were illuminated by the service.

SUCCESSFUL SAWING SEASON

The West Bathurst saw mill of the Bathurst Company, Limited, closed for the season on Saturday after running continually with day and night shifts since early in May thus completing one of the longest and most successful sawing seasons in its history, says the Northern Light of Thursday last.

BUY YOUR X'MAS GIFTS

It is not too early to buy your Christmas Gifts. On Saturday 29th, the Junior W.A. of St. Andrew's Church will have a nice assortment of aprons, and other articles suitable for Christmas gifts on sale, and you are invited to attend. A sale of food will also be held, consisting of everything in the line of good eats. A specialty of the sale will be candy. Doors open at 3 o'clock p.m. 47-2-Pd

THE WEATHER

The weather forecast for today is colder with high winds. So far there is no indication of the river closing but weather like this is likely to cause ice to form. The date is rather early for the closing of the river and many expect mild weather to follow the present cold spell. The snowstorm of yesterday was welcomed by big game hunters and will probably start quite an exodus to the woods.

DISTRESSING FATALITY

A very distressing fatality occurred at Campbellton, Sunday afternoon, 9th inst, when two young women, Mrs. Edmund McLean and Miss Lot's Ramsay, met a terrible death when they fell from the top of Sugarloaf mountain, to the bottom, a distance of about 500 feet. Footprints showed that they arrived safely at the top, of the precipice which was very icy and slippery. It has been surmised that the two young women must have been standing hand in hand when one slipped, dragging the other after her. Dr. Martin the coroner and Dr. MacPherson, viewed the bodies at Graham's undertaking parlors, and decided that an inquest was not necessary. Mrs. McLean, who was only 21 years of age is survived by her parents, two sisters, a brother, her husband and a young child and Miss Ramsay, by her parents and sisters.

ANNUAL MEETING

The annual meeting of Agricultural Society No. 122 is being held this afternoon in the Town Hall.

TOWN VENDORS

Messrs. P.J. McEvoy and W.L. Durick have been reappointed and Mr. E.J. Morris newly appointed vendors of the Town of Newcastle under the N.B. Prohibition Act.

BIBLE SOCIETY COLLECTORS

The Newcastle Branch of the N. B. Bible Society will send out their collectors this week and as they give voluntary service, it is hoped that the friends will greet them cordially and that it will be unnecessary for the collectors to make a second call.

ROOF FIRE

The Fire Dept. was called out last Tuesday afternoon for a roof fire in the residence of Mr. Wm. Copp. The blaze was soon extinguished on the arrival of the fire department and the damage done was slight.

NEW TRIAL ORDERED

The Appeal Division Supreme Court has ordered a new trial in the Walsh vs. Walsh trespass case from Northumberland County, in which the line between two lumber properties in the Parish of North Esk was concerned.

ROADS NEVER BETTER

Citizens who have been out recently on long motor trips through the province declare that the roads were never in better shape in the fall of the year than is the case at the present time. There has been little or no rain since September, and the roads are as smooth and free from ruts as it is possible for them to be.

The biggest salaries are being paid to men who know how. The Hemphill trained man is in demand everywhere. If you are mechanically inclined, come right to the Hemphill Trade Schools at 163 King Street West, Toronto, or write at once for our big illustrated catalogue which explains step by step how we teach you to be skilled Automotive Mechanic, Battery or Ignition Expert, Vulcaniser, Welder, Bricklayer, Tile-setter, Barber or Mechanical Dentist. Don't delay. Call or write.

HOCKEY

A meeting of the Northern section of the N.B.H.L. is to be held in Newcastle today to make arrangements for the season's activities. The league comprises Moncton, Chatham, Bathurst and Campbellton.

HAD LEG BROKEN

James Walsh, son of Mr and Mrs. William Walsh, Chatham Head, had his leg broken recently while engaged in lumbering for Geo. Burchill & Sons. He is now a patient in the Hotel Dieu Hospital.

NO COMMUNITY SALE

It was decided at a meeting of the merchants held in the Town Hall yesterday afternoon, not to hold a Community Sale at the present time. Possibly in January a sale of this kind may be conducted by the merchants of Newcastle.

HIT ON HEAD WITH A BOTTLE

On Saturday night Nov. 8th Prohibition Inspector A. E. Quartermain visited the beer store of H. Lifscas and shortly after entering the store is said to have been attacked by three men from Strathadam. One of the men he says hit him on the head with a beer bottle inflicting quite a bruise which was dressed by Dr. F. C. McGrath. Two of the men were arrested and a warrant has been issued for the third man.
