THERE IS INDIVIDUALITY IN PATON'S CLOTHES for MEN

We do not mistake freakishness torindividuality. But we do succeed in getting into the Suits and Overcoats that bear the Paton label a certain distinction that is a characteristic of the apparel of the best dressed man-and that is not commonly to be had in clothing bought ready-to-wear.

All of this clothing is made expressly for us, and made in special ways which we prescribe.

Choice of high grade and attractive fabrics; of cold shrunk canvas for interlining; of the best grade of buttons, tapes and other 'tailor's " fixings" are the first step.
