COMMITTEES, POWER AND TELEPHONES

Interesting Subjects Discussed Last Night at the First Meeting of the City Council.

ALDERMAN RAMSAY RETIRES FROM THE COUNCIL

Special Meeting to Discuss Question of Power—Action Taken Regarding Telephones.

At a meeting of the council, the first of the year, held last night, committees were struck.

A special meeting was selected for the purpose of discussing the offer made by Messrs. Budd and Alexander for the supply of electric power to the city.

The preliminaries in the installation of a municipal telephone system were taken amid much enthusiasm from the public, represented at the meeting in goodly numbers.

The sensational feature of the evening was the resignation of Ald. Ramsay.

Mayor Cameron presided and Councilors Manarey, Watson, Mitchell, McMillan, Moodie and Graves were present.

The city clerk read a letter from Ald. Ramsay in which Mr. Ramsay tendered his resignation. The resignation was accepted by the council.

Messrs. J. A. McNeill and J. A. McKenzie sent in a letter to the council in which they protested against a fine of \$50 and costs which had been imposed upon them by the magistrate in the month of December for some alleged violation in the construction of the Canadian block. The fine was remitted.

Several persons in the employ of the city took this opportunity of asking for an increase in their stipends. J. Manton, the fire engineer, who had been receiving \$75, wanted \$80. His case was referred to the fire committee.

Dr. J. H. Macdonald wrote to the council and asked that his salary as health officer should be increased and that he should also be granted a special allowance for police work.

An application by M. McKay of the Chinook was disposed of by the mayor in a very few words. "We have our own troubles to attend to," said the mayor.

The council decided that Dr. Macdonald should be employed temporarily at the salary which he was receiving at present.

G. Groves, the chief engineer of the waterworks, sent in his resignation. The city clerk suggested that he should be placed on the reserve, if he should happen to be needed by the city in future. This was done.

Jas. Short on behalf of W. S. Macdonald threatened suit for \$125 damages because his cellar had been flooded to a depth of 8 ft. 7 in. If the city did not pay within a period of one month Mr. Macdonald would have recourse to extreme measures.

The next communication came from the board of trade. The board of trade complained of the absolute lack of telephone service that at present existed.

A letter was then read from J. Alexander and W. J. Budd in which these gentlemen offered to supply power to Calgary and to initiate a street car system. They asked for a ten year franchise and they were prepared to begin the work within three months after the necessary by-laws had been passed by the council and the people. At the expiration of 35 years the city had the option of buying the service at cost price, plus 10 per cent. interest. At this point the mayor stated that the city treasurer had reported that the accounts of the city showed a surplus of \$32,000.

The mayor called the attention of the council to the fact that the chairman of committees had to be appointed.

Ald. Watson moved and Ald. Watson seconded, that Ald. McMillan be made chairman of finance and executive committees.

Ald. Watson moved and Ald. Moodie seconded, that Ald. Clarke be chairman of the public works committee. This was carried.

Ald. Mitchell became the chairman of the fire committee from the motion of Ald. Moodie. Ald. Mitchell proposed and Ald. McMillan seconded the motion that Ald. Graves be made chairman of the water committee. Ald. Manarey favored Ald. Watson. Ald. Watson said that during

the course of his travels in Winnipeg and other places he had drunk too much water to become enamored of such a position. Nevertheless, having had much experience along these lines he thought that it was quite possible that he could fill the position. At the same time, if the council thought that Graves was a good man, he was not anxious for the position. An open vote was taken and Ald. Watson was elected chairman of the waterworks committee by three votes, Ald. Graves having received two.

The other committees elected were as follows:

Finance—Ald. McMillan (chairman), Manarey, Moodie, Mitchell.

Fire—Ald. Mitchell (chairman), Manarey, McMillan, Moodie.

Light—Ald. Graves (chairman), Manarey, Sutor, Reilly.

Police and relief—Ald. Young.

Waterworks—Ald. Watson (chairman), White, Sutor, Clarke.

Parks and cemeteries—Ald. Sutor, Manarey, Clarke, White.

Market and health—Ald. Manarey.

New industries—Ald. Reilly.

Ald. Watson then propounded his system of municipal government. The question arose upon the appointment of a temporary controller. He wanted a board of controllers consisting of one alderman from each ward, assisted by expert advice as might be necessary. A board of control of this kind was better than the commission, and they should be paid somewhat as follows: The mayor should receive \$1,000 and the controllers \$250 each for the first year, but they should be paid for three years while aldermen should hold office for two years. No result followed.

The appointment of a municipal auditor was delayed until a subsequent meeting.

The power proposition was then brought before the council, with the result that a special meeting to consider the question was fixed for Thursday evening next.

Messrs. Henderson, Garlick and Lewthwaite, representing the labor interests of the city, were present to state their opposition to a public franchise being granted to any company. They will be present on Thursday night.

Mr. Alexander intimated to the council that he would appear on behalf of the company.

The proposal of the company is similar to that which has appeared in the Albertan, with this addition: "That we are willing to make a test of one month of the cost of producing the power of the present city plant, and if the figures are not 50 per cent less they propose to cut it to that figure."

The facts of the street railway proposition have also been published. The franchise is for 35 years and the tariff amendable.

The amendment to the charter to enable the city to run a telephone system was carried unanimously.

The Hornby lake in Victoria park will be fitted up for an open skating rink.

(Continued on page 4.)

HEAD ON COLLISION IN KANSAS STATE

Many of Passengers Injured but Few Seriously

Leavenworth, Kan., Jan. 14.—A Rock Island express train from Kansas City tonight met a freight train head-on near Waldron. The fireman and express messenger are reported dead, and one engineer is missing. A relief train has gone to the wreck bearing physicians.

Leavenworth, Kan., Jan. 14.—It is reported that a number of passengers were injured, but none killed.

The freight train was on a switch which had been left open, and the passenger train going at full speed ran into it. The passenger locomotive ploughed through the freight cars, smashing and derailing them.

TO TALK OF TELEPHONES

Important Meeting to be Held of Board of Trade

GREAT ACTIVITY OF THE BELL COMPANY

Will Have Calgary Connected With Coast in Short Time

The telephone question will be discussed again at a meeting of the council of the board of trade this afternoon. Mr. Scott, a member of the company, who has been in the city during the last few days investigating the trouble that it is admitted exists in the city, will address the members of the council upon telephone matters.

In an interview with the Albertan yesterday Mr. Scott told of the great activity of the Bell Telephone company in the west. The company is rapidly approaching Macleod and will soon be there. The company proposes to build both east and west, east to Lethbridge and west to Cranbrook. When the line is built to Cranbrook connection will be had with all parts of British Columbia and Calgary can talk with all parts of British Columbia.

The Bell will soon be connected from the east with Medicine Hat and soon after will be connected with Calgary. Then Calgary people can talk to Winnipeg.

The Grand Jury has Got Them on a Number of Counts

Findlay, Ohio, Jan. 14.—The January session of the Hancock grand jury reported this evening, returning thirty-nine indictments against the Standard Oil Co., six subsidiary companies, and John D. Rockefeller, H. W. Rogers, and seven other officials of the alleged trust.

Findlay, O., Jan. 14.—Nine hundred and thirty-nine indictments were returned against the Standard Oil Co., six subsidiary companies, J. D. Rockefeller, H. W. Rogers, and seven other officials by the grand jury tonight.

REWARD OF PERSEVERENCE
Calgary Youth Who Insisted on Getting a Reply Over the Telephone and What Happened Him.

Big Concern Is Coming to Calgary

The Plant Alone, It is Reported, Will Cost at Least \$100,000.

It is now practically settled that the large metal manufacturing company who have, during the past month, been in correspondence with the secretary of the Calgary Board of Trade, locate in this city.

This firm stated in their correspondence that they would build a plant costing \$100,000 and employ from sixty to seventy hands.

In a letter just received one of the members, writing from Winnipeg, stated that he would be in Regina in a few days and would come up to Calgary from there. He also stated that they had decided to locate in Calgary, providing \$250,000 worth of their stock could be sold in Calgary.

If this company means business, there will be very little difficulty in selling that amount, said a prominent local man, and the chances are that we will soon have another large manufacturing establishment in the city.

LETTING NEGROES DOWN EASIER

Members of Disbanded Force May Join in Civil Service

Washington, Jan. 14.—By direction of President Roosevelt, Secretary of War Taft today issued a special order modifying the order of dismissing the negro battalion of the 25th U.S. Infantry by striking out the clause relating to the exclusion of the discharged soldiers from enlistment in the civil service.

Rome, Jan. 14.—Victor Emmanuel today received W. P. Stead in private audience and addressed himself as being in hearty accord with the latter's Pacific mission.

Montgomery, Ala., Jan. 14.—B. Comer was today inaugurated Governor of Alabama. In his annual address he advocated liberality in providing educational facilities and uttered a caution against cheap foreign labor.

HOW TO DODGE THE INCOME TAX

The Proper Way is to Live in England

New York, Jan. 14.—More than two thousand of the wealthiest residents of this city who in the past have escaped the payment of taxes on their estates by means of nominal residences established in Europe, Rhode Island and New Jersey or the far west, have been caught in the nets of the tax assessor this year through the Saxo non-resident tax.

If the courts sustain the constitutionality of this act the permanent personal assessment of the city will be increased by upwards of thirty million dollars.

STANDARD OIL MUST ANSWER

The Grand Jury has Got Them on a Number of Counts

Findlay, Ohio, Jan. 14.—The January session of the Hancock grand jury reported this evening, returning thirty-nine indictments against the Standard Oil Co., six subsidiary companies, and John D. Rockefeller, H. W. Rogers, and seven other officials of the alleged trust.

Findlay, O., Jan. 14.—Nine hundred and thirty-nine indictments were returned against the Standard Oil Co., six subsidiary companies, J. D. Rockefeller, H. W. Rogers, and seven other officials by the grand jury tonight.

The following is a horoscope made up by Prof. (Dr.) Richardson, once well known in Calgary, but now of British Columbia. It tells everything.

The sun enters Capricornus at the winter solstice Dec. 22, 1906, at 5:33 p.m., Greenwich mean time (or 10:01 a.m. 118th meridian time). As the sun touches the first point of the sign Capricornus, the last decade of the sign Cancer will be rising. The ingress takes place in the sixth house, in conjunction with Uranus, in opposition to Jupiter, square to the moon and sextile to Mars. The moon is close to the meridian, applying to the square of Jupiter and Uranus and the trine of Mercury. Saturn will be in the ninth house in square to Mercury in the 8th. The affliction of the moon in the tenth house points to grave trouble to the sovereign, ill health or bereavement. It also implies much trouble to the government, diminishing revenue differences in the cabinet and illness and probably death, of some members. There will be many failures in the commercial world and scarcity of money in the land. Fraud and discontent will be prevalent in the post office, and railways will not have a prosperous time.

Theatres and places of amusement will suffer, and some conflagration is threatened in one of them towards the end of January.

Two malices near the equator at the moment of the winter solstice; Uranus only 19 minutes south, and Mars one degree and nine minutes north, nearly in parallel, is indicative of the heaviest snowfall, generally, in history.

At Washington, the moon will be rising, and the sun and Uranus just past the meridian implies an inevitable conflict of the people and much ill health and discontent. The president will be indignant, and should safeguard his health and person. Many cases of fraud and forgery will be unearthed, especially in connection with railways and the postal service. A sharp dispute with a foreign power is threatened, probably Japan.

(Continued on Page Four.)

HILL GIVES THE REASON

Business in United States Just Now Very Much Congested

THE REAL RAILWAY PROBLEM OF AMERICA

More Points for Export and More Interior Markets.

St. Paul, Jan. 14.—President J. J. Hill, of the Great Northern, today sent a letter to Governor Johnson in which he gives his views on the various phases of the railroad situation in the United States. He gives the reason for conditions and points out a remedy.

The letter says in part: "The business of the United States is today so congested that from every portion of the country arises clamor for relief. The railroads everywhere are taxed beyond their power. The people of the United States therefore, are face to face with the greatest business problem that has ever threatened the nation. During recent years the volume of business has increased and is increasing with extraordinary rapidity, while the necessary additional trackage and terminals have not been equal to the demands upon them. The resulting situation is freight blockade of enormous proportions, especially at all terminal points."

Mr. Hill gives figures from official reports of the interstate commerce commission covering the increase of the railroad business for the last ten years to prove some facts which are significant. "The problem and necessity are enormous. It is the real railroad problem of the United States, and it is one which people have been singularly slow to perceive and reluctantly to realize."

Two remedies must be found. The prohibitory expenses now attached to enlargement of terminals at many points, and the absolute lack of available space at any price may be met by a decentralization of traffic. There must be more points for export and more interior markets."

MORMON CHURCH BURNED AT MOUNTAIN VIEW

Loss About \$6000. Will be Rebuilt at Once

Cardston, Jan. 14.—The Mormon meeting house at Mountain View was burned to the ground yesterday evening. Everything was destroyed. The value was between five and six thousand dollars. A new church will be commenced at once.

McEWEN THE WONDERFUL

The Hypnotist Does a Few Wonderful Things

Last night the hypnotist McEwen and his company opened their week's engagement at the Lyric theatre, a fairly large audience being present. Owing to the sickness of four or five of the members of his company, undoubtedly Mr. McEwen was working at a disadvantage. The specialties at intervals throughout the evening were well up to the standard.

One of the events of the evening was the marvellous performance entitled "The Princess Mahomed of Calcutta." It consisted of the subject, a young lady, after being transported to a rigid state and being placed in a form of basket, suspended in mid-air without any visible support. After being placed in this position a band of iron or hoop was passed several times around the body, which tended to perfect the illusion. Six members of the audience volunteered to go on the stage for experimental work and the usual ludicrous antics by the subjects were indulged in, much to the delight of the audience.

Tonight an entire change of program will be presented, with the exception of the Princess Mahomed performance, which in itself is well worthy of an evening.

Calgary Liberals' Annual Meeting

An Enthusiastic Meeting Held in the Club Rooms Last Night.

The Calgary Liberal association had read his report showing that both institutions were flourishing.

The election of officers resulted as follows:

Hon. presidents, Hon. W. H. Cushing, M.P.P.; E. H. Riley, M.P.P. President, Dr. Stewart.

First vice-president, R. A. G. Bell. Second vice-president, Dr. Mason. Secretary, Stanley Jones. Treasurer, A. M. Grogan.

Committee, W. M. Davidson, J. C. McNeill, Dr. Anderson, Jas. Short, A. G. Ross, W. Sherwood, H. S. McLeod, W. M. McLean, C. N. Reilly, E. E. Taylor, Dr. Riddell, William Stuart, A. M. Parken, F. F. Higgs, James Twohey, J. P. Glanville.

A number of enthusiastic speeches were made, and resolutions endorsing the Laurier and Rutherford administrations were passed with enthusiasm.

What Is to Happen; How It Will Come

A Prophet of British Columbia Predicts a Few Things to Happen Soon.

The following is a horoscope made up by Prof. (Dr.) Richardson, once well known in Calgary, but now of British Columbia. It tells everything.

The sun enters Capricornus at the winter solstice Dec. 22, 1906, at 5:33 p.m., Greenwich mean time (or 10:01 a.m. 118th meridian time). As the sun touches the first point of the sign Capricornus, the last decade of the sign Cancer will be rising. The ingress takes place in the sixth house, in conjunction with Uranus, in opposition to Jupiter, square to the moon and sextile to Mars. The moon is close to the meridian, applying to the square of Jupiter and Uranus and the trine of Mercury. Saturn will be in the ninth house in square to Mercury in the 8th. The affliction of the moon in the tenth house points to grave trouble to the sovereign, ill health or bereavement. It also implies much trouble to the government, diminishing revenue differences in the cabinet and illness and probably death, of some members. There will be many failures in the commercial world and scarcity of money in the land. Fraud and discontent will be prevalent in the post office, and railways will not have a prosperous time.

Theatres and places of amusement will suffer, and some conflagration is threatened in one of them towards the end of January.

Two malices near the equator at the moment of the winter solstice; Uranus only 19 minutes south, and Mars one degree and nine minutes north, nearly in parallel, is indicative of the heaviest snowfall, generally, in history.

At Washington, the moon will be rising, and the sun and Uranus just past the meridian implies an inevitable conflict of the people and much ill health and discontent. The president will be indignant, and should safeguard his health and person. Many cases of fraud and forgery will be unearthed, especially in connection with railways and the postal service. A sharp dispute with a foreign power is threatened, probably Japan.

(Continued on Page Four.)

CARNEGIE AND THE TAX GATHERER

Is Assessed in New York For \$5,000,000. Rockefeller For \$2,500,000

New York, Jan. 14.—Andrew Carnegie will be the heaviest personal taxpayer in New York if the list of assessments made public today is not amended. The value of his personal property is fixed at \$5,000,000 and that of John D. Rockefeller at \$2,500,000.

New York, Jan. 14.—The special tax commission which has been sitting here for several days, decided today not to recommend the adoption of an income tax law by the present legislature. The commission will report to the governor and legislature tomorrow.

Hamburg, Jan. 14.—The captain of the tug Vulkan tells a graphic story of the attempts to save the crew of the British ship Pengwern, from Billie for Falmouth, which went ashore off Scharhorn yesterday. When the captain noticed that the Pengwern was steering towards the Scharhorn he turned the Vulkan about to warn Capt. Williams of the Pengwern of his danger, but before the tug reached the doomed vessel she had struck the breakers which were whipped up by the gale and a strong tide threw her on her beam ends. The Vulkan steamed alongside the Pengwern actually grazing the stranded vessel's side, but the crew despite repeated requests, refused to jump. One of the apprentices who attempted to do so was held back by his companions. The tug eventually passing a hawser to the Pengwern, but her crew declined to cross it. In trying to pull off the wrecked ship, the hawser broke and the Vulkan started toward the Ebbel lighthouse for life boats. Before she returned the ship had been engulfed by the waves and the crew which number twenty-five, officers men were drowned.

Washington, Jan. 14.—Senator Hansbrough who was at the White House today, said he had received a letter from Minot, N.D., saying that three women had been frozen to death and the facts had been kept out of the newspapers. No response to an appeal from Supt. Zibash of the Totten Indian School in North Dakota, interstate Commissioner Harlan has requested President Eliot of the Northern Pacific to break the blockade and rush a supply of coal to towns in the Dames-town and Northern branch of the road without regard to effort or expense.

New York, Jan. 14.—Violation of the Sherman Act prohibiting combinations in restraint of trade, is charged against several steamship companies and their New York agents brought in the United States court today by Thomas & Co., of this city, exporters.

COMMITTEES, POWER AND TELEPHONES

(Continued From Page 1)
 W. J. Kirby, secretary of the Calgary baseball club, asked about arrangements for baseball. He intimated that 95 games would be played during the season, half of which would be played in this city during the coming summer. He asked for the use of Victoria park for these dates. He did not ask for Victoria day or the exhibition dates. The council acceded to the request subject to the reservation that the football club had the same option, and that a list of dates should be submitted to the city council.
 Ald. Mitchell brought in his motion favoring the installation of a municipal telephone system. The subject last year had been referred to the fire committee. He appealed to the large audience present, saying that if the citizens were at the back of the system it would be a success and he believed that the result would be a vast improvement upon present conditions. The large audience applauded quite vociferously at this, and the matter was referred to the committee.
 Ald. Watson pronounced the benediction of the first meeting by appealing to the council to respect the decision of the committees.

What is to Happen How it Will Come

(Continued From Page 1)
 At St. Petersburg, the planet Mars will be on the cusp of the fourth house, prosignifying destructive fires, explosions and outrages. A serious plot against the czar should be guarded against.
 At Calcutt the ingress takes place in the fourth house, denoting a danger of seismic troubles and scarcity of provisions. Railways will prosper, but expenditure on armaments will be heavy. There will be much sickness among elderly people. The position of Jupiter afflicted is ominous of danger to the viceroys, who may resign. Some prominent official is in danger of disgrace.
 It will be a year of misfortune for the Netherlands. She will have many grievous troubles, disappointments, ill health and bereavement.

ECLIPSE

There will be 2 eclipses in January 1907, that will have great effect in some parts of the world. Eclipse of the sun Jan. 14th was invisible in Britain and visible at Madras and Hong Kong. Eclipse will result in great disputes with foreign powers. Serious questions will be continually rising, which will require the greatest care and vigilance on the part of the English government. Not being visible in Britain its effects will not be large there. On

India and Asia it will have serious effects. Tribal wars, shocks of earthquake, and general disturbances may be expected.

Eclipse of the Moon Jan. 29th invisible. This eclipse will cause much trouble to the sovereign and government, and dangerous foreign complications. An epidemic of sickness will run through the land, and railways and shipping will experience a most unfortunate time.

There will be two eclipses in July, the effects of which will be both serious and wonderful, but full particulars will be given later.
 Queen Alexandra was born early in the morning Dec. 11st 1844, sagittarius, the negative sign of Jupiter, the great benefactor, is her ruling sign and Planet. The sun is still close to Saturn, (Malefic) and Mars (Malefic) nearly in conjunction with the sun's place at birth. The outlook is decidedly unfavorable, as the moon forms the conjunction of Mars and sun about the early summer. The transits of Mars and Uranus (Malefic) add to the evil shown. These influences point to ill-health, much trouble and anxiety, and possible death.

The Prince of Wales is also under evil influences. The sun is afflicted by Venus, and nearly in square to Saturn, and is affected by transits of Mars in Capricornus. There is personal danger shown, and a death, towards the end of 1907, and much domestic troubles and worries.

The Princess of Wales does not escape the evil which seems brooding over the royal family. The Planet Mars has reached the opposition of Jupiter and nearly the same aspect of the moon, while the moon forms the conjunction with Mars and opposition to Jupiter. The sun is also to the square of Neptune, while Mars and Uranus afflict the sun's progressed place by transit. There are indications of very serious trouble in store, especially to the health and person.

It is unfortunate that we do not at present, know the ruling sign of British Columbia, nor any other part of the Dominion, therefore, cannot give as much Dominion predictions as some of the public would expect. But in order to remedy this fault, I will cast the Horoscope of any town, city, or province free, together, with the Horoscope of any person, who will furnish me with the data of the hour, date month, year and place where each town, city or province was named, (or christened) together with the above same kind of birth data of the respondent.

In case of 2 or more respondents to the same case, the one who's information was mailed first, or most correct will get the prize. The postmaster will be the referee as to dates of mailing.

Japanese Hand-Made Linens

We placed an order with a firm in Japan for these goods, which were to have been delivered to us early in December for the Christmas trade. Through delays in shipping, however, they have only just come to hand. They are not like lots of other goods, entirely and solely got up for Christmas selling, but are good serviceable lines that are useful at all times, but as the quantity is somewhat large, we want to make a quick sale, and have accordingly priced them in such a way that you will readily see that the values are away higher than the prices.

For instance:

Battenburg Doyleys, each	6x6 .15	9x9 .20	12x12 .35
Battenburg Tray cloths each,	18x18 .75	24x24 \$1.00	30x30 \$1.35
Hand Drawn Linen Doyleys, each	6x6 .15	9x9 .20	12x12 .35
Hand Drawn Linen Tray Cloths	18x18 \$1.50	24x24 \$1.75	30x30 \$3.50
Side Board Scarfs and Dresser Covers	18x27 \$2.00	18x36 \$1.50	18x54 \$1.25
Table Centres,			36x36 \$3.50

Every piece is a work of art and the prices mean a very considerable saving.

Five First-Class Buys

SAFE AND SANE is a term that is very applicable to investments in Main street. Always considering, however, that discretion is used in the making of the investment. If you buy at the market value, your profit is sure. We can deliver a double corner 130x100 at the intersection of Main street and Sixth street. The property has a first class spur line at the rear, and is a first class warehouse sit.

\$23000

In comparison with the price at which other Main street corners are offered, this is below the market. Good terms can be given. We can deliver, as we have the exclusive sale. The price is to be advanced shortly if not sold. We can safely say there will be big money in this.

ANOTHER

2 lots, block 14, on Atlantic avenue, Breweryville. This is undoubtedly the cheapest buy in the block. Terms, cash

\$2150

2 corner lots, block 75, section 16, lots 1 and 2. Terms, the pair

\$1475

2 lots, block 98, section 16, good and level, the pair

\$800

4 corner lots, block 112, section 16, facing north, each

\$650

EUREKA REAL ESTATE CO.

J. B. Marsh, Manager.

NORMAN BLOCK - OPP. ALBERTA HOTEL

LOCAL NEWS

The Weather.
 A. A. Lake, Edmonton registered at the Royal yesterday.

Dr. Bruce, Macleod is in the city registered at the Alberta.

Mr. and Mrs. Erzinger, Winnipeg are guests at the Alberta.

Dr. Lafferty returned on Sunday from a short visit to coast cities.

Hon. C. W. Fisher arrived in the city yesterday and registered at the Alberta.

The train which arrived yesterday afternoon was drawn by three engines.

Miss Millie and Miss Louise Howson arrived on Saturday on No. 1 train from Toronto to join their parents who are now residing in Calgary.

The People's Co-operative Society will hold a concert this evening in the Barber block at 8 o'clock, for the purpose of bringing the aims and objects of the society before the Calgary people.

The telegraph company hung out the 23 sign early last night, the wires being too cold to bring along the despatches. That is the reason that this paper is somewhat short in telegraphic despatches today.

Mr. Chas. Watson, accountant of the British Columbia Electric Railway Company, arrived from the east last night on his way to Vancouver, and is staying at the home of Mrs. H. S. McLeod. He reports that the weather in Winnipeg is much more severe than it is here.

DIED

RICHARDS—In this city on Jan 13th 1907 Elizabeth J. Richards aged 40 years. Funeral will take place from 440 11th ave. East, on Wednesday at 2 o'clock. Interment in Union Cemetery.

Thermometer at 34 Degrees Below

The lowest that the thermometer has gone this year is 34. That point was reached on Sunday night or Tuesday morning, though it looked early last night as though this record would be beaten somewhat. This is by no means a record, the championship being held by February 1905 when the thermometer travelled down to 40 below.

PLEASED WITH ALBERTA GOT MORE LAND

Minnesota Agriculturists Delighted with Outlook Here.

The Canadian Pacific Irrigation & Colonization Co. are expecting a delegation of Minnesota farmers at the end of next week. These men are coming up to look over farm lands with a view of purchasing and locating in this part of the province. Six weeks ago a Minnesota farmer purchased some irrigated lands near Gleichen, and was so well pleased with his deal that he returned to his home and made the fact known to his neighbor, and through him this assignment was made up to visit Alberta.

The party includes over twenty well known farmers, who are well-to-do and will make first class settlers, in fact just the kind Alberta is looking for.

Center Street Lots

Near the new bridge, 3 on corner, \$3000; half cash. 2 inside lots \$1600; half cash.

Also four choice buys in residential lots in the half-mile circle, from \$300 to \$500 each.

Call at once if you want a bargain.

Beauty is a Thing Divine

The one positive proof of beauty is possessing white pearly teeth and this can be quite easily and cheaply secured by calling at **McGUTCHEON & MCBURNEY'S Drug Store** where you will see the largest display of tooth brushes and tooth requisites in the city. As we purchased these brushes in quantities we are enabled to give you special prices which will range from 5 cents up. They combine the two important points—price—quality. Be sure to see them. Remember the place just south of the Post Office in the Allan Block.

McGutcheon & McBurney
 Druggists and Stationers

SELF-RAISED

BY
EMMA D. M. SOUTHWORTH

"Ah, the Lord knows it was but little I could do."
"What you did do was vital to me professor. My life was but a flame, in danger of dying out. You fed it with little chips, and kept it alive."
"And it burns great hickory logs now and warms the world," said the professor, looking proudly and fondly upon the fine young man before him.

"It shall at least warm and shelter your old age, professor. And whatever of prosperity the Lord accords me, you shall share."
As he said these words he turned an affectionate face on his retainer, and saw the tears rolling down the old man's cheeks.

"It was but a few, poor crumbs I cast upon the waters, that all this bread should come back to me after many days," he muttered in a broken voice.
"We were really very happy, professor, when we used to trudge the road together, plying our profession, but we are going to be much happier now, because our lives will be enlarged."

The professor smiled assent and they rode on.
They passed through Baymouth, where the professor directed his master's attention to the new signs of the mechanics who had taken his custom from him.
"But it is a true saying, sir, there was never one door closed but what there was another one opened. Many doors were closed against me at once; but just see what a broad, beautiful door you have opened to me, letting me into a glorious new life."

"Life is what we make of it professor. To you, who will appreciate and enjoy every new thing in it, no doubt your new life will be happy," replied Ishmael.
And so conversing they passed through the town and entered the deep forest that lay along the shore of the river between Baymouth and Shelton.
They rode all the morning through the pleasant woods and stopped an hour at noon to rest and refresh themselves and their horses; and then resumed their journey and rode all the afternoon and arrived at Woodside just as the sun was setting.

As before, Reuben, Wam, Hannah, Sally, the children, and the dog, all rushed out to welcome Ishmael. Much astonished was Hannah to see her old friend, the professor, and much delighted to hear that he was going up to Washington to fill the place of major domo to Ishmael. For Hannah shared the old woman's superstition, that the young man was never able to take care of himself, and notwithstanding that Ishmael had taken care of himself and her too, from the time he was eight years old, for years more, still she thought that he would be all the safer for having "an old head to look after him."

There was plenty of news to tell too.
As soon as the bounteous supper that Reuben and Hannah always provided for favored guests was over, and they were all gathered round the bright little wood fire that the capricious autumn weather rendered desirable, the budget was opened. Lord and Lady Vincent were to have an evening reception at Tanglewood.

And on the first of October they were to sail for Europe.
Lady Vincent was going to take three of the servants with her—old Aunt Katie, Jim and Sally.
Jim was to go as lady's footman, Sally as lady's maid; and old Aunt Katie in no particular capacity, but because she refused to be separated from the two beings she loved the most in all the world.
She had nursed Miss Claudia and she was bound to nurse Miss Claudia's children, she said.
Lady Vincent had decided to take her, and was rather glad to do it. Lord Vincent, it was supposed, did not like the arrangement, and signified the black servants as "gorillas," but Lady Vincent, it was confidently asserted, never designed to consult his lordship, or pay any attention to his prejudices. And so matters stood at present.

RELIABILITY

When You Catch Cold

Commence treatment at once. Just as soon as you know you've "caught cold"—take the very first sneeze—take

Gilmours' Cold Cure

and it will head off the cold in almost every case, saving you much distress. If not taken in time to prevent, it will at least break up and cure the cold in the shortest possible time.

25 cents a box.

Jas. Findlay

The Prescription Druggist, opp. Royal Hotel.

QUALITY

Eyes are Seldom Mates

After middle life, and frequently earlier, the eyes are apt to be of unequal strength. If this inequality is not corrected, the weaker eye will be overworked and be thus made weaker still.

This shows the necessity of always having each eye separately examined.

We fit spectacles that will correct every defect of vision and strengthen weak eyes.

News of Cardston

Cardston, Jan. 11.—Today's train brought Messrs. Hammer and Spencer back from Red Deer, where they were delegates at the municipal convention.

Mrs. Lola Lamb returned from Raymond, where she has been spending a couple of months.

Arnold Jensen and wife returned from Utah.

Messrs. Woolford and Barker returned from Calgary where they were delegates at the Alberta Farmers' Association.

Heathershaw and Harris, delegates from Magrath and Raymond, respectively, returned to these points today. W. L. Thompson, also a delegate from Magrath, got off at High River to spend a couple of days with his brother.

Cardston, Jan. 14.—Your correspondent had the pleasure of interviewing Mr. Thomas Woolford, who was elected First Vice President at the Alberta Farmers' Association at Calgary. The convention was harmonious and industrious from beginning to end. The farmers are in a better condition to go ahead than ever before. The convention was very enthusiastic. The Southern vice president and directors at Raymond and Cardston, Messrs. Harris and Barker, have been authorized to organize branches wherever the farmers are desirous of having the same.

Mayor Hammer was also interviewed by your correspondent, and he spoke in the highest terms of the fine and splendid reception given at the municipal convention at Red Deer. He said that he has ever attended. The Cardston resolution regarding change in the detenture by-law was passed and will be presented to the provincial parliament as soon as the same is opened this month.

Cardston, Jan. 12.—The best evidence of the fine weather was the fact that the stonecutters were at work on the court house. The steady swing of the mallet upon the chisel was a harbinger of spring-time like unto the notes of the feathered songsters. There was an awful big difference in the morning for a howling blizzard from the north held captive away and the stonecutters stayed away.

Knight & McIntyre, the big ranchers in this district, report heavy losses among the cattle. Today's storm looks as though their losses would increase. The cattle were in pretty good trim for a severe winter but the owners, having been blessed with so many good winters, were hardly in proper trim as regards shelter and fodder. Illinois cattle are rather weak and poor and once down, never get up again. The action of the recent western wind has created a crust beneath the present fall of snow and this will likely provoke another disaster to the stock men.

Cardston is fairly well supplied with fuel and thus far we have had no blockades upon the railway. The cuts between here and Lethbridge are well filled and today's train will have a hard time getting to Cardston. Last reports placed the cut between Spring Coulee and Cardston. They are about one and a half hours late.

The thermometer yesterday went 35 above zero. The minimum since then has been below zero, which stands at the present time. While the blizzard has been rather vicious it has not been extremely cold. The riders being able to keep the cattle on their feet they will no doubt pull through all O.K. It is where they drift that the trouble and losses occur.

The general officers of the Sabbath schools entertained the local officers and teachers last evening at the home of M. A. Coombs. After the rendering of a program consisting of talks on S.S. work, light refreshments were served and a good time enjoyed by all.

Miss Julia Hammer, daughter of Mayor Hammer, left last week for Utah, where she will be joined in matrimony to Ed. L. Jesson, one of Cardston's most promising young men.

NOTICE TO CREDITORS

Blin F. Perkins, Deceased, Late of Strathmore, Alberta

NOTICE is hereby given pursuant to an order of Mr. Justice Stuart dated the 2nd day of January, 1907, that all parties having any claims or demands against the estate of Blin F. Perkins, late of Strathmore, Alberta, deceased, are hereby required to file with the undersigned their names and addresses and full particulars of their claims and the nature of the securities (if any) held by them duly verified on or before the first day of March, 1907.

AND NOTICE is hereby given that after the said date the Administrator will proceed to distribute the said estate amongst the parties entitled thereto, having regard only to the claims which he shall have had notice, and he will not be liable for the proceeds of the Estate or any part thereof so distributed to any person of whose claim he had not notice at the time of distribution thereof.

Dated this 3rd day of January, A. D. 1907.

SYNOPSIS OF CANADIAN NORTH-WEST.

Homestead Regulations.

Any seven number section of Dominion Lands in Manitoba or the North-West Provinces, except 8 and 26, reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-agent.

An application for entry or inspection made personally at any Sub-agent's office may be wired to the local Agent, by the Sub-agent, on the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "persuasion" the entry will be summarily cancelled and the applicant will forfeit all priority of claim.

An applicant for inspection must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been disposed of.

A homesteader whose entry is in good standing and not liable to cancellation, may subject to approval of Department, relinquish it in favor of father, mother, son, daughter, brother or sister, if eligible, but to no one else, in filing declaration of abandonment.

Where an entry is summarily cancelled, or voluntarily abandoned, subsequent institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applications for inspection must in all particulars be made in person, in default, and if subsequently the statement is found to be incorrect in material particulars, the applicant will lose any prior right of re-entry, should the land become vacant, or if entry has been granted it may be summarily cancelled.

Duties.—A settler is required to perform the conditions under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of a homesteader resides upon a farm in the vicinity of the land entered for by such homesteader the requirement as to resi-

dence may be satisfied by such person residing with the father or mother.

(3) If the settler has his residence upon farming, and owned by him in the vicinity of his homestead, the requirement may be satisfied by residence upon such land.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Synopsis of Canadian North-West Mining Regulations.

Coal.—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of \$5 per annum for an individual, and from \$10 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500x1,500 feet.

The fee for recording a claim is \$5. At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at \$1 per acre.

The patent provides for the payment of a royalty of 2 1/2 per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee \$5, renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The leases shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, \$10 per annum, for each mile of river leased. Royalty at the rate of 2 1/2 per cent. collected on the output after it exceeds \$1000.

W. W. CORY, Deputy of the Minister of Interior.

N. B.—Unauthorized publications of this advertisement will not be paid for.

THE CALGARY IRRIGATION COMPANY

Notice is hereby given that a special general meeting of the shareholders of The Calgary Irrigation Company will be held at 340 4th Ave. West at the head office of the Company in the City of Calgary on Friday the 25th day of January 1907 at two o'clock in the afternoon for the purpose of considering and if thought fit passing the following resolution: That it is to say:—That the company be wound up and that the necessary proceedings for that purpose be taken forthwith.

Dated this 12th day of January A. D. 1907.
