SERIOUS RAILWAY WRECKS NEAR DURHAM AND OTTAWA FIVE WERE KILLED; 22 HURT

ELEVEN INJURED IN DURHAM WRECK

Grand Trunk Train Jumped the Rails at Small Station on Palmerston - Durham Line, and Rolled Down Steep Embankment—One Passenger Probably Fatally Hurt.

DURHAM, Ont., March 8.—(Special.)—Eleven people were injured, four of whom seriously, on the Grand Trunk line half-way between here and Palmerston, this afternoon, when the rear coach of a mixed train jumped the rails and rolled down a steep embankment.

Reports state that the train, local 56, containing an engine, baggage, freight and passenger coaches, was traveling slowly. At Varney, a flag station, a broken rail was encountered, and the rear coach, occupied by about 35 passengers, principally commercial travelers, was hurled clear of the tracks and plunged down the embankment, turning twice before it struck the bottom.

All passengers were cut by glass and severely shaken up and bruised. One woman and a child, the only female passengers, were tossed from one end of the car to the other and suffered serious wounds. Their names are unknown.

Villagers and doctors were soon on the scene and aided by the train crew, had a difficult task in removing the injured. The coach lay on its side and it was found necessary to extricate them thru the broken windows. Three men were unconscious and suffering intense agony.

A special train from Stratford was sent to Varney and the four most seriously injured were removed to the Woodstock hospital, while the others were attended by physicians in Varney. Dr. Wilson, Holstein; Dr. Perry, Mount Forest, and Dr. Scammon, Palmerston, were sent to look after the injured on the special train.

The catastrophe happened in the most dangerous part of the little-used road. The line is a branch one and the trains generally travel at a comparatively slow rate. Where the accident occurred there is a precipitous embankment and the ill-fated coach shot to the bottom with terrific force. The wonder was that the result was not more serious. Every passenger suffered slight injuries at least.

MANY HAPPY RETURNS. To Mr. R. G. Score, born March 9, 1842.

Bob Coulter, born in Toronto March 8, 1852, and for 40 years an employe of the J. J. Taylor Safe Works.

OTTAWA, Mar. 8.—(Special.)—When Hon. W. T. White, minister of finance, brings down his budget, which will probably be next Wednesday, he will be able to announce the largest surplus in the history of Canada. It will be about thirty-five million dollars for the financial year, an increase of some fifteen million dollars over the surplus which Mr. Fielding announced a year ago.

The financial statement for the first past eleven months, which was issued to-day, shows that the country is at the high tide of prosperity and that business is ever expanding.

The revenue for the eleven months was \$120,645,616 and the expenditure \$77,145,824 on consolidated fund. The increase in the revenue for the eleven

Laurier Dared Not Support Mondou

Yamaska Naturalist Found Only Three Supporters on Resolution Aiming at Separate Schools for Keewatin—Taunts Failed to Bring Response From Liberal Leader.

OTTAWA, March 8.—(Special.)—Parliamentary montes, naeatur ridiculus nus. After all the excitement which had been worked up over the amendment of A. A. Mondou (Yamaska) to the Manitoba boundaries bill dealing with the so-called rights of the inhabitants of the annexed territory in regard to separate schools, which was to have caused, according to advertisement, a bolt of the French Conservative members, to the serious embarrassment of the government, the result flattened out in a way which indicates that no further trouble may be expected from that quarter.

So far from there being an extensive revolt, only four members—Mondou, Lamarche, Gullbault and Bellavance—stood up to demand a vote. Five are necessary, and no vote was taken. No aid to the champion of separate schools came from the ranks of the opposition. Sir Wilfrid Laurier remained within the lines of Torres Vedras, afraid to show his colors, altho Mr. Amundsen on Page 2, Column 2.

ENGAGE EXPERTS FOR TRAFFIC STATISTICS

At their private session yesterday afternoon the board of control decided to recommend to the council that a New York firm of traffic experts, Bacon & Davis, be engaged to gather statistics and submit a report upon the city's transportation situation. The report will cover every detail of the traffic conditions and recommendations will be given regarding the civic car lines and the suburban services. It will cost \$20,000.

To complete such a report it is understood that about three months' time will be required. The city has already spent a considerable sum in gathering data, and it was felt that this ought to be put together and systematized so that a definite traffic scheme could be evolved. The city purposely delayed laying their plans for a civic car line service until such a report could be secured.

KING HAAKON PAYS TRIBUTE

CHRISTIANIA, March 8.—(Can. Press.)—When Capt. Roald Amundsen's brother, Leon, personally took the explorer's telegram announcing that he had attained the south pole to King Haakon yesterday, his majesty was attending the manoeuvres at Sandviken. King Haakon immediately read the despatch and addressed one to Amundsen at Hobart, Tasmania, saying: "I thank you for the information. The queen and I beg to send you and all on board the Fram our most cordial congratulations on the occasion of your results, which are so satisfactory to all of us." (Signed) Haakon.

This is all the correspondence that has passed between King Haakon and Capt. Amundsen. King George of Great Britain and King Frederick of Denmark have telegraphed their felicitations to King Haakon.

NEW DIRECTORS ELECTED BY COMMERCE

Five Former Directors of Eastern Townships Bank Chosen to Serve on Amalgamated Board, and an Advisory Board Was Chosen to Act in Sherbrooke.

The directors of the Canadian Bank of Commerce held a special meeting at the head office yesterday to elect to the board representatives of the Eastern Townships Bank, which was recently merged with the Commerce.

The directors also elected an advisory board to act in Sherbrooke, Que., where the head office of the Eastern Townships Bank was located.

Hurrah, No More Lame Backs!

This Case Proves That the Best and Strongest Liniment Ever Made is Nerviline.

When it comes to determining the real merit of a medicine, no weight of evidence is more convincing than the straightforward statement of some reliable and well-known person who has been cured.

No better medicine for curing pain was ever put in a bottle than Nerviline—rub it on and rub it in—that rubs out all aches, pains and soreness.

LAURIER DARED NOT SUPPORT MONDOU

Continued From Page 1.

Mon dou pointedly taunted him with not coming out and declaring himself. Third Reading Tuesday. The bill was reported after considerable debate on an amendment of the Hon. Frank Oliver, and will come up for third reading on Tuesday.

The premier announced that the government was considering the question of representation. He thought the best solution might be found in the amendment to the B. N. A. Act, declaring that only the original four provinces should be taken into consideration as far as any reduction in representation was concerned.

Mr. Mon dou supported his amendment by a half-hour speech in French. Two-Edged Argument. He argued that parliament might legally impose conditions upon the entrance of the territory in question into Manitoba.

Amendment Went Too Far. J. A. M. Alkins (Brandon) complained that the amendment assumed that there were separate schools existing, and that there might be Protestant or Roman Catholic minorities which had rights in regard to separate schools.

But neither did this government create separate schools. In the eyes of the law there were then no separate schools and therefore there were no school rights in the territory to be annexed to Manitoba.

What right? he asked. This parliament to put limitations on a government now existing? It has no right to change the constitution of Manitoba.

After Mr. Mon dou's amendment had been disposed of, Hon. Frank Oliver moved in amendment, "Inasmuch as, under the provisions of this act, the province will not have the public land as a source of revenue, then shall, subject to the provisions hereinafter set out, be paid by the government to the province by half-yearly payments in advance on the first days of January and July in each year, an annual sum based upon the population of the territory proposed to be added to the province, as from time to time ascertained by the quinquennial census as follows: "The sum payable until the population of such territory reaches 100,000 shall be \$200,000. Thereafter until such population reaches 150,000 the sum payable shall be \$250,000. After such population reaches 200,000, the sum payable shall be \$300,000."

Will Listen to Saskatchewan. Right Hon. R. L. Borden said the government would give most careful consideration to any representations which might be made by the government of Saskatchewan. So far as the

TOR BUS LINE  
OR ROSEDALE  
RESIDENTS

Committee Favors the  
Scheme and Recommends  
Council—Eastern People  
Want Overhead Bridge on  
Podbine Avenue—Deaths  
from Pneumonia Average  
for a Day.

Proposed bus line for the  
northern section of Rosedale  
physically after the  
committee, and after a lengthy  
the scheme was recommended  
to the council.

Dunn claimed that the  
suitable for a bus line, in that  
and he agreed with the  
that Rosedale would be  
in this way than by  
a. He claimed that if such  
was established it would  
so popular that the idea  
would be in all parts of the city  
ought that if the matter  
to the people they would  
vote one million dollars  
in such a service for all the  
parts of the city. Some of  
the streets on which the  
sections of the city first  
sections were overhauled.

number of representatives from  
College were again on hand  
against the cutting of  
of their athletic field by  
the extension of Toronto street  
Monahan, representing the  
proposed that the plans be altered  
Chapel street and Vincent  
be connected at a slight  
thereby damaging the College  
only to the extent of 25 feet,  
decided to hold the matter in  
until the college could submit  
more definite proposals. The  
meantime the city engineer will  
upon the proposal.

Overhead Bridge.  
Newton, representing the  
on Woodbine avenue, asked  
committee to recommend an  
extension over the G.T.R. tracks  
avenue north of Ogden  
The city engineer was asked  
a report upon the scheme.

Railway Station.  
Rogerson, requesting the  
consent to a railway siding  
Derrard street, just east of  
in order that his own  
yard might be served. The  
he decided to recommend the

up subscriptions to make the  
and will take any amount  
small. Auto are getting  
steale among the ball players.  
The Cobb has a contract  
Honus Wagner possesses  
a dozen.

**It's Decidedly New**

Typically young-mannish is the New York Soft Hat which is shown in the illustration. Its principal feature is the new crease which came into vogue some time ago, but was not a great success because it was difficult to keep in the desired shape. This is overcome in the above hat by being secured with a felt button in the grey shade of the hat. Other features are the self-stitched band and turned under edge. It's new and is bound to be a great favorite for spring wear. Come in and see it. The price is \$2.50.

**THE T. EATON CO LIMITED**

**BOSTON REVOLVER CLUB  
BEAT TORONTO BY 20 POINTS**

The Boston and Toronto Revolver Clubs have arranged a series of three inter-city matches during the season, and the first of these was shot on Thursday, in which Boston won by a margin of 20 points. The next match will be shot in about two weeks, when the Toronto boys expect to do better. Following are the scores:

T. E. Taylor	44	47	42	48	45	226
E. A. Sippell	42	46	41	45	41	215
N. L. Darrig	43	44	39	47	46	211
R. E. Littlefield	42	38	44	44	38	204
W. H. Buss	44	39	38	43	43	203
Total	205	210	206	217	207	1045
Toronto Revolver Club	84	84	84	84	84	420
A. Rutherford	48	46	45	44	43	226
H. Meadows	44	40	39	38	37	201
N. C. Moore	42	40	40	38	38	200
G. Barber	42	42	42	41	40	207
T. G. Margrett	42	41	41	40	39	203
Total	205	209	206	201	199	1020

Majority for Boston—20 points.

**SANDY MACDONALD**

SPECIAL LIQUEUR  
**SCOTCH WHISKY**  
10 YEARS OLD

SCOTLAND'S  
**CEREALS**

The grain used in the distilling of SANDY MACDONALD is of the very finest grown on the Highlands of Scotland—the alpine region where the wind blows free from microbes inimical to man and grain, and is peculiarly adapted for the production of the finest whisky.

In the distilling of SANDY MACDONALD SCOTCH the greatest care is taken to ensure high quality and absolute purity.

That is why SANDY MACDONALD is rich with the mellowness of good distilling and as pure as sunshine and open-air can make its materials.

IT IS THE STANDARD FOR WHISKY QUALITY

**ALEXANDER & MACDONALD**

**Putnam's Corn Extractor**  
DOES EASE YOUR CORNS

Takes the sting right out—cleans 'em right off without pain. Thousands say it's the surest thing to rid the feet of calloused, sore lumps or corns. Don't suffer—that's foolish—buy a 25c bottle of Putnam's Painless Corn and Wart Extractor. It does the trick quickly, and is invariably satisfactory.

**LANGMUIRS DROP THREE  
IN BUSINESS LEAGUE**

Owl Shoe Grab the Lot—Athenaeum and All the League Scores.

The one topic of conversation now among harness horsemen is the Canadian Circuit for 1912, starting with the Dufferin Driving Club, whose meeting opens June 4, and continues 5 and 6th. In 1911 the Dufferin Driving Club in announcing their program, added two stakes, the Hume-Burns stake for 2.30 pacers for 2.30 trotters, and the Hume-Burns stake for 2.30 pacers for 2.30 trotters and the other for 2.30 pacers, besides class races each day for good purses, and will also add one race each day to their program. From present indications every day there will be one of the best meetings ever given in Toronto for the light harness horse in recent years at the Dufferin Driving Club. The club will also put on the usual meetings on Good Friday, April 5, when there will be three harness races, and on the secretary, Phone Park 724, when they will be looked after and placed in proper classes.

John Mead, the owner of Harry Hill, 2114, has bought that good green pacer, A.L.P., from F. McCarthy. John is going to enter him in the summer season in his good shape for the summer campaign. A.L.P. was raced once this winter at the meeting and won the first heat around 2.30, and was also horse at the time. He looks good for the slow classes this summer. Harry Hill had an accident last fall, but has had a lay-up all winter and is now logging sound. Should be proved as he was in 1911 he will be a very profitable horse.

Summer Girl is the name of a nice green pacer owned by E. R. Lee, an east end merchant. Mr. Lee is a busy man, but finds time to enjoy the pleasures behind a good driver. Summer Girl is a black mare rising 8 years, by Hermit No. 30, 2185 to the sire of the great Maud S, by Harold 413, sire of the great Maud S, a queen in her day. The dam of Hermit was by American Grey. Summer Girl's dam was a Kentucky bred mare. I have not her breeding list at hand. Mr. Lee is very much taken with her and will no doubt get her in shape for racing this summer.

Horsemen who propose putting in an entry for the early closing stakes of the Dufferin Driving Club for their summer meeting, 2.30 trot, \$1000 stake, 2.30 pacer for the same amount will take notice that stakes close April 11th with the secretary, W. A. McCullough, 800 West Queen, Phone Park 724.

John Moore of Ottawa, the owner of Grand Opera, the sensational pacer at the Ottawa meeting this winter, has placed him in the hands of Trainer W. L. Snow. He will be campaigned down the big circuit in all probability.

Grand Opera is credited with a mile last year over a half mile track, in 2:09, the half in 1:02. He is owned by J. M. Greer, 2114, son of Santa Claus, dam Belle, 2274, by Belmont Hill Jr., son of Chestnut Hill, 2274, by Strathmore. Mr. Moore has also sold Dick Blum, 2114, to J. M. Greer, and J. M. Greer of Ottawa was the buyer.

Directly, 2:04, the sire of a great number of fast ones, was sold at auction for \$100 and goes to Arizona.

There are 30 trotters and pacers in the 2.30 list.

Robert Cooper of Welland is sending his racing mare, 2184, by Haj B. 2:04, dam Nellie Rooker 2:04, to Thomas Murphy to campaign. Mr. Cooper has a full sister, Ethel B., also two other half brothers, Ethel B., Oro Wilkes, 2114, and Direct Hal, 2:04. Nellie Rooker looks like a great brood mare.

Oelawa will give a two-days' meeting for the harness horses, May 23 and 24, with purses of \$200. The class will be for pacers, 2:30, 2:30, 2:30, and 2:30. Oelawa generally opens the racing season and their track is among the best in Ontario, and the promoters of the meeting are just the best kind of sportsmen.

Messrs. Baker and Muldoon, Brussels, Ont. have bought a highly bred son of Todd to their town, to be used in the stud. He was bought at the Chicago horse sale.

The four-year-old green pacer, Oelwa, has worked a mile in 1:02 at Los Angeles, Cal., driven by W. G. Durfee.

Massachusetts breeders may secure the introduction of a bill in the state legislature to prohibit the racing of horses in 1912.

R. J. McKenzie of Winnipeg is spending the winter in Pleasanton, Cal., watching Trainers Harris, James and George Spencer preparing his big string of harness fellows.

**Why You Should Travel West Via Canadian Pacific Railway**

It is the logical route, offering the finest possible equipment and fastest train service. It is the only all-Canadian route, chartered by Canada, and equipment is owned and operated by C. P. R., affording the highest form of efficiency. Dining car service will satisfy the most fastidious persons. Only line operating through standard and tourist sleeping cars to Winnipeg and Vancouver.

Are you going west this spring? If so, take advantage of the remarkably low one-way second class colonist rates to Vancouver, Victoria, Nelson, Spokane, Seattle, Portland, San Francisco, Los Angeles, San Diego, etc. In effect daily until April 15, or if Western Canada is your destination, the one-way second class settlers' rates should appeal to you. Settlers' trains to Western Canada will leave Toronto 10:30 p.m. each Tuesday during March and April.

If you contemplate a trip of this nature, apply to any C. P. R. agent for full particulars.

Jarvis Defeated Central B. C. Jarvis L. defeated Central B. C. at Exeter Rink in the final game of the Educational League, by 2-3. Jarvis got the first two goals on long shots, and after combination with Dopp. Central came back strong and at half-time the score was even. At the start of the second half Jarvis again scored for Jarvis, but Central came right back with another shot from the side. For Jarvis, Murray in goal played a spectacular game, while Ritchie and Edwards were also good. Jarvis-Murray, Ritchie, Mills, Dopp, Smythe, Aggett, Central-Groff, Bennett, Clarke, Foster, Wilson, Edwards, Stillson.

SATURDAY MORNING, MARCH 9, 1912

NORTH TORONTO HELD UP. When the private bills committee takes in hand to give to the citizens in the neck it does so with all the thoroughness and finality the corporations and the interests could desire.

Finally, there is a demand that registration shall precede every general election. There has been no general registration in British Columbia for many years, and as registration is the exclusive basis for the franchise in that province, this demand seems reasonable.

The Liberals of British Columbia seem to be waking up. Toronto has spent several fortunes in getting expert advice and lost several scores of fortunes by not taking the advice it got.

The great difficulty about Toronto is to get anything done. Things are allowed just to muddle along, and whatever happens the citizens are expected to put up with it, and pay.

We hope the city council will get their expert advice, and then have the sense not to believe themselves sufficiently super-expert to reject it.

The experts can scarcely make any mistake if they keep in mind the fact that the present street railway franchise expires in 1921, and will then be taken over by the city.

It takes twenty mills to do the necessary business of Toronto then let us have twenty mills and have done with pretence. There is no real economy in postponing from year to year the work that must eventually be done.

Jarvis Collegiate has done very well in athletics with three championships. A little more of the executive interest displayed at Harbord and the old school might have done even better.

The District Trades Council declined to open its meetings with the Lord's Prayer, which contains the petition, "Forgive us our trespasses as we forgive them that trespass against us."

The greatly increased volume of business, with corresponding increase in assets and profits, marks another year in the history of the Sun Life Assurance Co. Comparative figures show that the previous records are more than sustained in the report which has recently been presented to the shareholders and given to the public.

The B. C. GRITS ARE WAKING UP. In no province of the Dominion had the Liberal party gone down hill more rapidly than in British Columbia.

NEW YORK, March 8.—The Standard Oil Co. of New York today announced that it had received orders for 20,000 barrels of refined petroleum in cases 20 cents, 10 cents per barrel, and in barrels ten cents to 20 cents.

In this campaign, unlike their brethren in Ontario last December, propose to fight for some principle and to advocate some progressive measures that will appeal to the people and put new life into the party.

It is curious to observe a tendency in British Columbia towards decentralization. The platform endorses the principle of local option, and desires the creation of local license boards and local police boards to be elected by the people.

When the private bills committee takes in hand to give to the citizens in the neck it does so with all the thoroughness and finality the corporations and the interests could desire.

O'Keefe's SPECIAL EXTRA MILD ALE

A paste diamond does not become a genuine diamond when it is placed in a velvet case. Cheap ale does not become O'Keefe's Special Extra Mild Ale when sold in bottles labelled like O'Keefe's. They copy our bottles—they copy our labels—they copy our advertising—but they cannot copy O'Keefe's Special Extra Mild Ale.

NATIONAL CASH REGISTER CO. APPOINTS A NEW CANADIAN MANAGER

Mr. J. C. Laird Comes From Philadelphia to Take Charge of This Important Sales District.

A Canadian Who Has Won Repeated Promotions in N. C. R. Ranks.

The National Cash Register Company has announced the appointment of Mr. J. C. Laird as the new district manager for Canada.

Mr. Laird is not unknown to the Canadian sales force. For some years he has rivalled them in competition for

selling records, having repeatedly won a place in the Hundred-Point Club, the organization which has been described as "comprising the best salesmen in the world."

Mr. Laird has seen sixteen years' service with the National Cash Register Company. He represented the company at Paris during the World's Fair, and following this was for a time a sales agent in Pennsylvania, where he won distinction as a member of the famous N.C.R. Hundred-Point Club.

Trial Court.

Munn v. Vigson—Leighton McCarthy, K.C., for plaintiff. C. A. Moss, for defendant. Judgment for plaintiff. Judgment for defendant. Judgment for plaintiff.

Ward v. MacKay—Conn.

Motion by defendant for order of extension of time for delivery of statement of defence. D. Montgomery for plaintiff, contra. Order made extending time until Monday next. Costs to plaintiff in the cause.

McKee v. Verrier.

Motion by defendant to set aside substitutional service. M. Gordon for plaintiff, contra. Motion enlarged for cross-examination of defendant. Order for commission for that purpose to issue.

Huckell v. Pommeroy—Judgment.

Action to compel defendant to remove certain buildings erected on the lot owned by plaintiff, residence on a residential street in the City of Ottawa, and to restrain defendant from discharging rain water from the roofs of his buildings upon the plaintiff's premises. Judgment for plaintiff and his property, and for permitting a livery business to be carried on on the premises. G. S. Henderson, K.C., for plaintiff. J. P. Macdonnell, for defendant. Held that while defendant's conduct does not appear to be a nuisance, it is a detriment to the plaintiff's property, and he is entitled to an injunction to prevent the same.

Re Green—W. Proffitt, K.C., for applicant.

Motion for order allowing maintenance for infants. E. C. Cattnach, for official guardian. Order made allowing payment into court of mother's estate and allowance of \$5 a week for each of the children and payment of \$75 for the girl and \$50 for the boy to repay amounts advanced by sister.

Re Rosseau—E. C. Cattnach, for official guardian.

Motion for order allowing official guardian to give opinion on certain property. Order granted.

Re Clair—W. J. Elliott, for applicant.

Motion for order allowing conveyance of certain lands. E. C. Cattnach, for official guardian. Order granted.

Bellevue v. Bellevue—E. C. Cattnach, for infant.

Motion for order for infants for order for sale. Order granted.

Curry v. Wetlaufer—Britton Oiler, for applicant.

Motion for order for partition of land. Order granted.

Re King ex rel Prallick v. Wheeler—K. C. for relator.

Motion to set aside order of appointment as councillor of the

the amount of their commission, with costs here and below. Before Clute, J. Darke v. Canadian General Electric Co.—D. O'Connor (Peterboro) for plaintiff. G. H. Watson, K.C., and L. M. Hayes, K.C., for defendants. An appeal by plaintiff from the judgment of Mulock, C.J., of Dec. 8, 1911. An appeal by Catherine Darke, widow of Hugh Darke, who was accidentally killed by being whirled around a shaft in the defendants' factory, while working for them, to recover \$10,000 damages on the ground that the accident was caused by the negligence of defendants. At the trial the action was dismissed with costs.

Before Falconbridge, C.J., K.C.; Britton, J.; Middleton, J. Delyea v. White Pine Lumber Co. & G. Browning, K.C., for plaintiff. An appeal by plaintiff from the judgment of Clute, J., on Nov. 22, 1911. An action by plaintiff, administrator of the estate of Frederick Corbett Delyea, under the fatal accident for \$200 damages, for the death of the said F. C. Delyea, who was accidentally killed by a log caused by him, alleged to have been caused by the negligence of defendants. Judgment was awarded plaintiff for \$200, to be divided equally between the father and mother of deceased, and costs.

Before Boyd, C.J., Latchford, J.; Middleton, J.; Blundell—L. F. Heyd, K.C., for plaintiff. Appeal from County Court of the County of York, Feb. 6, 1912. Action to recover \$300 for the death of plaintiff's son, who was run over and killed by the defendant in his automobile, while the boy was on his way home from school, on Jan. 13, 1912. The judge at the trial dismissed the action with costs. Order judgment. Held appeal dismissed with costs. H. H. Shaver for defendant.

More Water for Niagara. NIAGARA FALLS, Ont., March 8 (Special).—The water commission will petition the government for permission to construct a new pipe line as well as a pumping station near the contract to take the place of the present apparatus, which is inadequate to the city's needs. An alternative plan is to place concrete obstructions in the river so as to divert the water to the Canadian shore and enlarge the present plant.

**MINISTERS SEE THE PREMIER**  
 A deputation, including Rev. E. D. Bliss, Rev. A. L. Giesse, and Rev. W. H. Hines, representing the Evangelical Alliance, waited on Mr. James Whitney yesterday morning with regard to the no tobacco question now before the courts. The deputation told the prime minister that in their efforts to secure a uniform marriage law for Canada they had been prepared to fight the decree and had circulated a petition throughout the province to ask the provincial government to put up a stated case. In view of the fact that the Dominion Government had left the question to the decision of the courts, the Alliance had decided to stand pat. In the meantime, and not bringing about any complications by pressing their claims. If any indefiniteness, however, should appear from the deliberations the Alliance will again assert their claims very forcibly.

**Growing Demand for Pearls**  
 Pearls claim precedence this season in the Courts of Europe and aristocratic society circles.  
 The natural beauty of the Pearl is prized for its lovely soft velvety sheen, making it eminently "a thing of beauty and a joy forever."

**MRS. EATON'S BIRTHDAY.**  
 Five hundred pupils, ex-pupils and friends of the pupils of the Margaret Eaton School of Literature and Expression gave a birthday party at the theatre last evening, in honor of Mrs. Eaton, who celebrated her 71st birthday yesterday. Special drills, with Shakespearean interludes, were given, and a large birthday cake, containing 71 candles, was cut and distributed among the guests.

**Winnipeg paper estimates that as soon as spring opens 15,000 men will be required by the Grand Trunk Pacific Railway with an additional 10,000 for the Hudson Bay Line. Here is an opportunity for the enterprising home-stender to earn enough money on construction work to stock up for the winter.**

**MANNING AVE. FIRE.**  
 Fire from some unknown origin did \$600 damage last evening to the buildings and contents of 229, 222 and 224 Manning-ave. It originated in No. 222, occupied by Mrs. Glison, and spread to No. 220, which is unoccupied, and to 224, occupied by Wm. Parker. The damage to the contents of Mrs. Glison's residence amounted to \$50, and the same damage was done to the contents of the Parker residence.  
 Use Gibbons' Toothache Gum—Price 10 Cents.

**CONQUERED PEAKS AND GLACIERS**  
**TO PLANT NORWAY'S FLAG AT POLE**  
 Continued From Page 1.  
 Divided Expedition.  
 "The original plan, that all of us should go toward the south, had been changed. Five men had to do this work, while the other three were to start for the east and visit King Edward VII. Land."  
 "This last-mentioned trip was not included in our program, but, owing to the fact that the English had not reached it, at least this summer, as was their intention, we agreed that the best thing to do was also to make this trip."  
 "On Oct. 20 the southern party started—five men and four sledges, fifty-two dogs and provisions for four months—everything in excellent order."  
 "We had made up our minds to take the first part of the trip as easily as possible in order to give ourselves and the dogs a rational training, and on the 22nd we made our depot in eighty degrees south. We went right ahead, without difficulty."  
 "In spite of the dense fog an error of two or three kilometers happened once in a while, but we were caught by the flag marks and found these on our way without difficulty."  
 "Having rested and fed the dogs on all the seals they were able to start again on the 26th, with the temperature steadily between minus 20 and 30 celcius (4 degrees and 22 degrees below zero Fahrenheit)."  
 "From the start it was the intention not to drive more than 30 kilometers a day, but it appeared that this was too little for our strong, willing animals. At 59 degrees south we began to build snow cairns of a man's height in order to have marks on our return trip."  
 "On the 31st we reached the depot at 81 degrees and stopped there one day and fed the dogs on as much pemmican as they wanted."  
 "We reached the depot at 83 degrees on Nov. 2, where the dogs for the last time got all they wanted to eat. On the 5th we went southward again, with a daily march of 40 kilometers. The heavy sledges we established depots at each degree of south latitude."  
 "A Joy Ride.  
 "The trip from 87 degrees, to 93 degrees, was a pleasant trip over the level ground, the sledging and an even temperature. Everything went like a dance."  
 "On the 9th we sighted South Victoria Land and the continuation of the mountain range, which Sir Ernest Shackleton mentioned in his chart as the range of the southeast from the Deardmore Glacier, and on the same day we reached 85 degrees and established our depot No. 10. On the 11th we made the interesting discovery that the Ross Barrier terminated in a light toward the southeast at 84 degrees south latitude, and 183 degrees west longitude, formed between the southeast mountain range running from South Victoria Land and a range on the opposite shore, and 183 degrees west longitude, probably a continuation of King Edward VII. Land."  
 Established Depot.  
 "On the 12th we reached 84 degrees, where we established a depot; on the 16th we were at 86 degrees, where also, we made a depot."  
 "From our winter quarters, Framheim, 75 degrees 38 minutes south latitude, we had been marching due south. Before we started on the 18th, at 85 degrees, we arrived at a place where the land and barrier were connected. This was done without any great difficulty, as the barrier was in small patches, and it was easy to make connections to about 300 feet. Some few big crevices indicated the limited boundary."  
 "When we made our head depot, taking provisions for sixty days on sledges, and leaving thirty days' provisions on the spot."  
 A Formidable Barrier.  
 "The land under which we lay and which we now had to attack looked quite imposing. The nearest summit along the barrier had a height from 200 to 10,000 feet, but several others further south were 15,000 feet or more."  
 "The next day we began the climb. The first part it was an easy climb—light steps and well filled mountain-sides. It did not take a long time, for our willing dogs worked their way up. Further up we met with some small but very steep glaciers. Here we had to harness 20 dogs to each sledge and take 40 sledges in two files, and some of the sledges were so steep that it was difficult enough to use our skis."  
 "Some big crevices forced us from the trail, and then a couple of dogs, on the day we climbed 2000 feet, the next morning we were at a height of 4500 feet. The third day we were obliged to go down on a mighty glacier, Axel Heiberg's glaciers, which divided the coast mountains and the mountain range south."  
 Crossing Glaciers.  
 "The next day began the longest part of our climb. Many detours had to be made, and the most unpleasant broad cracks and open crevices. These were apparently mostly filled up, as the glaciers in all probability had long ago stopped moving, but we had to be very careful, never knowing for certain how thick was the layer that covered these places."  
 "Our camp that night lay in very picturesque surroundings at a height of 5500 feet. The glacier here was narrowed to the width of 1000 to 1500 feet high mountains, the 'Fridtjof Nansen' and the 'Don Pedro Christophersen' were the two main peaks. The glacier was Ole Engstrand, a big snow cone 15,500 feet high."  
 "The glacier was very much broken in its comparatively narrow pass. The crevices seemed to stop us from going further, but it was not so serious as it appeared. Our dogs, which up to this time had covered a distance of about 700 kilometers, the last rays of very hard work, ran this day 25 kilometers, the average being 5000 feet, an almost incredible record."  
 Mounted in Four Days.  
 "I took us only four days from the barrier to get up on the vast inland plateau."  
 "I camped that night at a height of 10,600 feet. Here we had to kill twenty-four of our bear companions and keep eighteen—six for each of our sledges."  
 "We stopped here four days on this account of bad weather. Tired of this, we went on the 16th. From 88 degrees, on the 26th, in a furious blizzard, and in a dense snowdrift, absolutely nothing was to be seen, but we felt that the weather was not so bad as it was going fast down hill. The hypsometer gave us that day a descent of 600 feet."  
 "We continued our march the next day in a gale, and a dense snowdrift got our faces badly frozen. We could see nothing. We reached that day 86 degrees, dead reckoning. The hypsometer indicated a fall of 900 feet."  
 Saw Mighty Range.  
 "The next day was similar. The weather cleared a little at dinner time and exposed to our view a mighty mountain range to the east and not far off, only for a moment—and then it disappeared in the dense snowdrift."  
 "On the 29th the calm came down and the sun shone, so it was not the only pleasant surprise he gave. In our course stretched a big glacier running toward the south, its eastern end toward the mountain range going in a southeasterly direction. Of the western part of it no view was to be had, it being hidden by the dome-shaped mountain of this glacier, the 'Devil's Glacier,' a depot for six days' was established, at 82 degrees 36 minutes south. The hypsometer indicated 8900 feet above sea level."  
 A Dangerous Ascent.  
 "On Nov. 1, we began to climb the glacier. The lower part of it was very much broken and dangerous. More over the snow bridges very often burst. From our camp that night we had a splendid view over the mountain to the east. There was 'Helen Hansen's Summit,' the most remarkable of them all. It was 12,600 feet high and covered with such broken glaciers that in all probability no foothold was to be found. 'Oscar Wright's Summit' and 'Hansen's' and 'Olav Hjeltnan's' summits also lay

**Slater Opening**  
 To the Men and Women of Toronto, Greeting:  
 We have pleasure in announcing that on Saturday we will give you the season's first view of our superb collection of the new spring fashions in Footwear—an array of styles and examples in quality and values that are the last word from shoedom in high-grade footwear, direct from the factories of the most noted makers on the Continent—Canadian and American.  
**BOOTS AND SHOES FOR MEN AND WOMEN**  
 There's a shape to exactly fit your foot in a style to please your taste and in a quality that carries our guarantee for satisfactory wear—most of these lines are fashioned by hand over the lasts that are made to combine good looks and comfort.  
 Men leathers continue to hold a large place in the shoe fashions of the day. We anticipated this and have stocked most generously in the tan lines. But we show as well unlimited variety—laced and buttoned and Blucher styles—putting a little extra emphasis on buttoned styles in boots and Oxfords.  
 Here, too, tan leathers are the "star performers" in the play on shoe styles, and in them we show the smartest and dressiest made. The tan buttoned boot made on the medium broad toe last in the short vamp cut will be one of the most correct and popular. But this is only an incident to a stock that comprises the cream of all the footwear fashions for women in all leathers—in tan, patent, gum-metal, and kid.  
 To learn what's just right in shoe fashions you must visit the Slater Shoe Stores. We court your critical comparison on styles and values.

**ONTARIO SOCIETY OF ARTISTS**  
**OPEN THEIR FINE EXHIBITION**  
 Sir John Gibson Says It is the Best Show of Paintings He Has Ever Seen—Princess Patricia an Exhibitor.  
 Following a few comments of appreciation for the unique output of paintings by Canadian talent, Sir John Gibson formally opened the fortieth annual exhibition of the Ontario Society of Artists in the galleries of the art museum, public library building, last night. There were about 200 of Toronto's elite in attendance and remarks of admiration for the works of art were bandied about with profuse irregularity.  
 "On the 1st of December, we left the broken glacier, with holes and crevices without number, with its height of 8100 feet. Before we started, in the mist and snowdrifts, like a frozen sea, appeared a light, sloping ice plateau filled with small hummocks. On the 18th we were at the bottom of the mountain, the 'Don Pedro Christophersen' was the main peak. The glacier was Ole Engstrand, a big snow cone 15,500 feet high."  
 "The glacier was very much broken in its comparatively narrow pass. The crevices seemed to stop us from going further, but it was not so serious as it appeared. Our dogs, which up to this time had covered a distance of about 700 kilometers, the last rays of very hard work, ran this day 25 kilometers, the average being 5000 feet, an almost incredible record."

**Trouble Likely Over Wage Out**  
 Trouble is already brewing among the Grand Trunk men over the official announcement cutting down the wages of conductors, brakemen and baggage-men from the figures paid the last two months on the strike settlement schedule. The men declare the company have broken faith with them, and are likely to assert themselves aggressively before April 1, when the new schedule comes into force.  
 The company deny a breach of faith, saying that when the board of conciliation and arbitration set its award after the strike the men were given the maximum rate allowed, but that this was found to be unfair generally, and that the railway has created the power given it by the railway commission to regulate the wages of men on local runs.  
 The wages, according to the announcement, will in most cases drop back to last year's. The reduction does not apply to the night line and heavy runs. About ten thousand men are affected.  
 Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto.

# SOCIETY

T.R.H. the Governor-General and the Duchess of Connaught are expected in Toronto for the horse show.

The public library on College-street was thronged with a large number of fashionable and artistic people last night for the fortieth annual opening of the Ontario Society of Artists' exhibition. Mr. and Mrs. Wylie Grier, assisted by the vice-president, Mr. Jeffrey, received the guests. Mrs. Grier in pale blue veiled with lace and a bouquet of freesias. His Honor the Lieut.-Governor of Ontario made the opening speech, which was responded to by Mr. Grier. Lady Gibson, with Miss Gibson and Major Shanley were also present. Lady Gibson in black and her daughter wearing reseda velvet and gold embroidery.

A very successful surprise party arranged by the Misses Marjorie and Carol Macdonald, was given to Col. and Mrs. Vaux Chadwick last night.

Mrs. T. S. Sproule is entertaining at a luncheon in Ottawa on Thursday, the 14th inst.

Mr. and Mrs. George N. Morang have sent out invitations to the marriage of their niece, Miss Lucille Morang, and Mr. Oscar Frederick Taylor, of Florence, Jarvis-street. The ceremony will take place next Saturday afternoon at half-past three o'clock, in St. Paul's Church, East Bloor-street, and will be followed by a reception at the residence of Mr. Morang, 39 Rowanwood-avenue.

Mrs. Charles Lugdin, Nanton Court, was the hostess of brides last week, and also one this week, the latter in honor of Mrs. Albert Cook, who has recently returned from Dover Plains, N.Y., to live in Toronto. The drawing room was decorated with enchantress ornaments, and the dining room with bright with daffodils and freesias. Mrs. Lugdin was wearing a black velvet with Irish lace, and Mrs. Cook wore silk and real lace. The bridesmaids, Mrs. Edward Qua and Mrs. Norman McCutcheon were assisting in the tea room. The guests were Miss Margaret Cook, Mrs. Herbert Bonnell, Miss Toye, Miss Davidge, Mrs. Moore, Mrs. Allan Ramsey, Mrs. Lumbers, Mrs. T. A. Newman, Mrs. William Brent, Mrs. J. A. M. Alley, Mrs. Dwyer, Mrs. Bender, Mrs. R. Miller, Mrs. J. K. McCutcheon, Mrs. Fenwick Leach, Mrs. Wellington Burke, Mrs. George Wilkie.

Alley, Mrs. Dwyer, Mrs. Bender, Mrs. R. Miller, Mrs. J. K. McCutcheon, Mrs. Fenwick Leach, Mrs. Wellington Burke, Mrs. George Wilkie.

Mrs. Rupert Pratt had a few friends in yesterday to meet her guest, Mrs. Nese. She was assisted in the drawing-room by her sister, Mrs. Percy Clarkson, and Miss Margaret Cupper. Among the guests were Mrs. Pattillo, Mrs. P. H. Deacon, Mrs. Hardwick, Mrs. Edgeworth, Mrs. Sewell, Mrs. Woodworth, Mrs. J. Rice Tupper, and Miss Chipman.

The engagement is announced of Miss Alice Lorraine Burnham, daughter of Mr. and Mrs. Warren Burnham of Fort Perry, to Dr. Norman T. McLean in Toronto. The marriage will take place in April.

The Misses Gibson of Government House occupied a box at the Princess Theatre Thursday night.

Mr. and Mrs. Frank B. Johnston are leaving shortly for Atlantic City.

Major Anderson of Ottawa was the guest of Major Clyde Caldwell this week.

Mrs. George Mink has returned from visiting Mrs. Hugh Alderwood, Brae-Brook, Barrie, and is the guest of Mrs. Russel Baldwin in Loutherville.

The Durham Old Boys' and Girls' Association held their annual banquet of 200 covers at McConkey's last night, when Mr. James L. Hughes was in the chair.

A large dinner dance will be given at the Lambton Golf and Country Club this evening.

Miss Flora Macdonald has returned from Ottawa.

The baseball games at the armories this evening will be: Highlanders v. G. E. G. and Grenadiers v. Cavalry.

Dr. and Mrs. F. R. Mallory are at the Chalfonte, Atlantic City.

Mrs. Ham is sailing for England by the Baltic next week, and will receive on Monday for the last time.

Mrs. D. O. Roblin, Palmerston-boulevard, is the guest of Mrs. J. K. McCutcheon.

Mrs. J. W. Haines Company, 2500 Queen St. W., Toronto, Ont. Please send me, absolutely free, by return mail, in plain wrapper, so that no one can know what it contains, a trial package of Golden Balm. I will be glad to tell you what you claim for it is true in every respect.

FREE TRIAL PACKAGE COUPON

## Pimples So Bad He Was Ashamed

Tried Everything but Did It No Good. One Box of Cuticura Ointment Took Pimples Away.

"About seven years ago pimples broke out all over my face and neck. When they would first come out they would be big and red, then after a while they would turn white and matter would come out. Sometimes they would itch so I could hardly sleep. I was ashamed to go down street. My face looked so bad. I went to several doctors and got medicine which did me no good, and bought ointment, salves and ointment medicines, but none of them would cure my face and neck. A friend advised me to try Cuticura Ointment. I got one box and it took the pimples away before I had it all used up. I can say it is a wonderful remedy. Any sufferer who has pimples should use Cuticura Ointment. It does not irritate the skin and has no equal to Cuticura Soap." (Signed) Dec. 24, 1912.

## Sores All Over Baby's Body

"When my baby boy was six months old, his body was completely covered with eruptions and sores which were very painful and caused terrible suffering. The eruptions began in pimples which would come out and larger than that, and the sores were over the entire body, causing him to cry all the time. I tried everything but nothing would help him, till a friend induced me to try Cuticura Soap and Ointment. A short time before I could see that he was improving, and in six weeks' time he was completely cured. He had suffered about six weeks from the eruptions and sores. I think the Cuticura Soap and Ointment did it for him, and a great deal more." (Signed) Mrs. J. H. Tinsman, Downs, Mont., Jan. 28, 1911.

## Cuticura Soap and Ointment Sold

at drug and department stores, or by mail to Foster Drug & Chem. Corp., 54 Columbus Ave., New York City. Each box contains a full sample of each, with 33p. booklet.

## Leap Year Mugs

Entries for the Leap Year Mugs will continue to arrive on postcards and bits of letter paper, and will be held definite, stated in every issue of The World that this will not be accepted. Entries must be made on the blank coupon which appears in The World. Up to date we have been notified those who have not used the coupon and asking them to send their entry in proper form, but there have been so many that we will be unable to do this. All such communications will simply be thrown aside.

## KNIGHTS OF ST. JOHN CONVENTION COMMITTEE

Held a very enthusiastic meeting last night. Several matters of great importance to the success of the convention were disposed of. The finance committee gave a very encouraging report of the work accomplished by them so far.

Relations to all commanders and auxiliaries on the other side of the line have been mailed, and request for hotel accommodation are now coming in. The ladies are working most energetically for their Easter fair, April 18 and 19, and are being most public most enthusiastically. Things are looking fair for a grand success.

Toronto Symphony Orchestra. Patrons of the Symphony Orchestra will be interested in the announcement that they have the great French basso of the Montreal Opera, Albert Hubert, as soloist for the next concert, Wednesday, March 27. Hubert made such a profound impression by his exceptionally fine voice and acting while here that many requests received by the orchestra management for his return in concert were in order that we might have a better opportunity to hear his magnificent voice. His program, as yet not finally decided, but it is more than likely that he will be heard in some of the numbers that made the biggest "hit" in the opera. Mr. Hubert, who is this year adding new laurels with every concert, is producing a symphony entirely new to Toronto, the Fourth Symphony of Tchaikovsky. On account of the importance attached to this event, mail orders may be sent either to the orchestra office or to Manager Whitrow at Massey Hall.

The Elgar Choir of Hamilton, who with their talented conductor, Bruce A. Carey, will give a concert in Massey Hall on Thursday, March 21, are meeting with the marked approval of the people of their own city, inasmuch as the hall in Hamilton is completely sold out for their concert there. The program to be given here will be of exceptional interest to music lovers and especially to the members of choral societies, as it contains many numbers more or less familiar to local organizations. It is announced as follows: "The Wraith of Odin," from Elgar's "King Olor," for chorus and orchestra, Barcarolle, "O Lovely Night," as a mixed chorus (from the Tales of Hoffman), also for chorus and orchestra. The capital numbers will consist of compositions by Gregor, Elgar, Gounod, Gade, German and others. The choir will have the assistance of the Symphony Orchestra for both concerts. Mr. Weisman contributing several numbers at each occasion.

Direct from over 300 night record business in Chicago, comes Low Field's mammoth all-star "Jolie Follie" production. This is the same monster production which has been projected every drop of his genius and creative ability and tireless energy, which he terms a "craze" of the day. He is in fact "Bunty" is making just such another craze as did "Pinafore" and Chicago at two years ago. New York and Chicago at two years ago. New York and Chicago at two years ago.

## AT THE THEATRES

### "The Wedding Trip"

But nine cities are to be visited by "The Wedding Trip" company, which is being sent on tour by the Messrs. Shubert following its successful season at the Broadway Theatre in New York, and that Toronto is comprehended in the itinerary is a recognition of this city as a musical center appreciative of the best in musical endeavor. This opera bouffe has been composed by Reginald DeKoven, who has given to the stage a greater number of successful musical works than any composer now living. And the same may be said of the lyrics, Mr. Harry B. Smith, who has collaborated with Mr. DeKoven in practically all of his most successful works, from the memorable "Robin Hood" to this latest effort. The story tells of the tribulations of a newly married couple who have been interrupted almost at the altar by an uncle of the groom who has come out and snatched the bride. He immediately takes the place of his twin brother as an officer of a regiment and is sent away to the front. He is not to be seen for several months. He is then discovered by his bride, who has been deceived by a deserter and executed. It happens that Felix, the groom, is a soldier, but to save his brother he reluctantly masquerades in his stead. The complications that follow, Felix ever anxious to be with his bride, whom he has never kissed, and the efforts of his uncle to preserve the incognito of his awkward pseudo officer, are made to disclose a series of ludicrous incidents, which, of course are brought to a happy ending before the fall of the final curtain. The company, one of the largest on tour this season, includes in its cast of principals Miss Christine Neilson, the deliciously ingenious comedienne, who has been in Australia for the past few months; Fritz von Busing, Louise Barbell, Agnes Williams, Peggy Perot, John Crowley, Edward Martindale, Arthur Cummins, Sam Joseph Phillips, George Madison, Charles Angelo, William Brandt and George Taylor. The company numbers fully one hundred people, and the production is said to be unusually complete and absorbing. "The Wedding Trip" will be seen at the Royal Alexandra Theatre for one week commencing March 11, with matinees Thursday and Saturday.

### "The Enchantress" Next Week

Beautiful Kitty Gordon will make her long-awaited appearance next week at the Princess Theatre, with matinees Wednesday and Saturday, in "Victor Herbert's most and favorite opera, 'The Enchantress,' which comes direct from its highly successful run at the New York Theatre, New York, with the original company of one hundred. Mr. Herbert believes that he has never composed a light musical piece quite so brilliant and colorful, and so infused with melodies and lingering dance music as this comic opera and he is, it may be remembered, the author of such songs of light musical compositions as "The Serenade," "Babes in Toyland," "Mlle. Modiste," and "The Red Mill." Miss Gordon never revealed her heroic charm so delightfully as in the role of the opera singer, Vivien, through her singing of the beautiful mythical "Graumark"—like kingdom in which the play is laid, into endeavoring to lure the crown prince from his throne. And it is this role which the famous sculptor Rodin enthusiastically called her at the symposium of August last summer the most beautiful woman on earth.

Mr. Gaite, the producer, has surrounded her with a lavishly spectacular and sumptuous production of merit. For the remarkable chorus effects, in which Mr. Herbert reveals, he has gathered one of the most beautiful singing choruses and necessary, for several times the impressive ensemble reach the height of grand opera. "Yet in the actualities of the opera, and after its dramatic moments, it is exquisitely lightened again as if on the breath of musical impulse, by one of those humorous situations which the piece abounds. Intervened too, with the romance—for the plot centres about a love affair between a prince and a princess, breezy dances and bewitching songs. Amusing Ralph Riggs and dainty Katharine Witche, the pair of eccentric dancers, and George Taylor, another Arthur Forrest, the romantic actor, who was so long associated with Richard Mansfield, appears for the first time in a musical comedy, and lends a distinction to the role of the minister of finance. In the role of the crown prince, is the star feature, the young tenor, Harold Forde. Among the others are Venita Fitzhugh, Louise Bliss, Hattie Arnold, Harrison Brockbank, who is leading a sensational career with Stella Chastelaine, which places him among our foremost scenic dancers. Besides being a clever acrobat and in one of the scenes showing the New York Central depot in course of construction, he has to take a fall of several feet. The play is a fine example of this big musical institution, but it will not be his last, as Mr. Ziegfeld has placed him under a long contract.

### "Bunty Pulls the Strings"

Toronto theatregoers will see the highland comedy, "Bunty Pulls the Strings," earlier than was expected, when the play opens at the Alexandra Theatre on March 18, with a company of imported players, including Stella Chastelaine, which places him among our foremost scenic dancers. Besides being a clever acrobat and in one of the scenes showing the New York Central depot in course of construction, he has to take a fall of several feet. The play is a fine example of this big musical institution, but it will not be his last, as Mr. Ziegfeld has placed him under a long contract.

### Leon Erroll a Playwright

Leon Erroll is a member of the "Ziegfeld Follies" coming to the Princess Theatre for the first time, starting Monday, March 18, who is capable of writing a complete musical comedy. He is the author of many brilliant vaudeville novelties. In the "Follies" he has a sensational career with Stella Chastelaine, which places him among our foremost scenic dancers. Besides being a clever acrobat and in one of the scenes showing the New York Central depot in course of construction, he has to take a fall of several feet. The play is a fine example of this big musical institution, but it will not be his last, as Mr. Ziegfeld has placed him under a long contract.

### To Wear Famous Pearls

The famous Beresford pearls will be worn by Miss Kitty Gordon on the gala opening night in this city of "The Wedding Trip" at the Alexandra Theatre next week, direct from its long run at the New York Theatre, New York City. These consist of a huge row of pearls and a pair of earrings. The pearls were discovered by the late Hon. Henry Beresford, brother of Lord Deedes, who married Vivian Gould, and nephew of Admiral Charles Beresford, and are highly celebrated earrings, which are claimed to be the largest in the world.

### Sothern-Marlowe Soon

E. H. Sothern, who with Julia Marlowe will shortly appear here in Shakespearean repertoire, tells an amusing story of his father, E. A., other-wise "Dundreary" Sothern, during the summer months of 1852, the elder Sothern, with John T. Raymond, and his company drew a household of people several times a week to see him and see them act—rehearse, really important plays for their next winter's season.

### "Brewster's Millions"

When George Barr McCutcheon penned "Brewster's Millions" he gave to the reading world one of the most fantastic, as well as one of the most laughable and exciting stories of a decade, and in whipping the book into play from Messrs. Winchell Smith and Earl Barr. For this effort he had a company of thoroughly capable, energetic metropolitan players, and you've got the best he has put over. To say the least, it's a mighty wholesome entertaining affair. It is unusual, picturesque and thrilling—well, somewhat, and an audience that can't revel in and enthuse over the spectacular third act of this play is past the play doctor's help and needs the course of treatment at the hands of a husky dramatist. "Brewster's Millions" is coming to the Grand next week.

### "Taxi Girls"

"Taxi Girls," Joe Hurtig's latest achievement, will have the first performance at the Coventry Theatre, during the ensuing week. Mr. Hurtig has proven on many occasions a thorough writer of what is necessary to build up an entertainment to meet with the unlimited approval of burlesque patrons, and he certainly has been most successful with the construction of

### Imperial Burlesques

The next attraction at the Star next week will be H. W. and Slim Williams' Imperial Burlesques headed by that clever comedian and producer, Harry L. Cooper, better known as Happy Home, in two original musical satires which will be made up in advance by opening a subscription list next Monday, Feb. 18, which will be at the Bell Piano rooms, 146 Yonge-street, will be supplemented by the playing of Massey Hall. This will enable those making reservations to select the locations they desire. As soon as the selections are made and approved they will be mailed out. This method it is thought will obviate the uncertainty of ordering by mail and also diminish the anxiety and crowd that marked the last few days of the seat sale which occurred when the noted diva appeared here in season. Madame Tetrazzini will sing in Massey Hall on the Tuesday evening, April 16. As this will be her only concert in Canada, mail orders will be taken care of in the same manner as city orders. Subscriber's tickets will be mailed before the regular seat sale opens. This will also be the first occasion that the seats will be sold at a price ranging from 75c (rear seats) to \$2.50.

### Trovato, Premier Violinist

Manager Shea announces for his headline attraction next week the great French violinist, Trovato. Trovato has never presented a greater artist. His repertoire includes the best of the lighter music, and Trovato never fails to prove himself a great violinist. After a long absence, Ed Wynn, who has an act that is said to be the best he has put over, "The Wynn" personality that always marks him as favorite, and is sure to have a budget of funny songs and sayings. Mr. Wynn is assisted in his merrymaking by Edmund Russon, the English comedian, and the pair have been among the greatest hits of the season. The Four Hittites are also among the favorites who have not been seen in several seasons. Their offering, "The Fool House," is always up-to-date, and the singing

### Seats for Tetrazzini

Owing to the many enquiries regarding the coming visit of Madame Tetrazzini to Toronto, it had been decided to facilitate the sale of seats in advance by opening a subscription list next Monday, Feb. 18, which will be at the Bell Piano rooms, 146 Yonge-street, will be supplemented by the playing of Massey Hall. This will enable those making reservations to select the locations they desire. As soon as the selections are made and approved they will be mailed out. This method it is thought will obviate the uncertainty of ordering by mail and also diminish the anxiety and crowd that marked the last few days of the seat sale which occurred when the noted diva appeared here in season. ## WOMEN BUSY FOR THE VOTE

Delegates Distributed Literature, Among Members of Legislature, and Will Fight for Passage of Bill.

T. R. Whiteside's notice of motion regarding his bill to extend the municipal franchise to married women having property qualifications, resulted in a deputation of the leading suffragettes of Toronto making an informal call yesterday morning on the members of the legislature who happened to be in their seats in the house, reading or writing letters, etc. Among those making the canvass for support of Mr. Whiteside's bill were: Mrs. Flora McDermott, Mrs. Leathers and Dr. Margaret Scholten, from a casual inspection of the proceedings; there was not an overdose of encouragement being put out to the ladies. As they were potted around by Mr. Whiteside, each member would look up with a "can't-you-see-I'm-busy" expression on his face, while others, realizing what was in store for them, made a hasty exit before it came their time to be canvassed. This bill has already been endorsed by the city council of Toronto.

## "With Edged Tools"

"With Edged Tools" which was seen in this city early in the season, will be the offering at the Grand Opera House during the week of March 18, with the all-star English company and original production. This will be the first time this play has been presented anywhere at less than dollar fifty prices.

## AN EXCELLENT MEDICINE FOR ALL LITTLE ONES

Mrs. Ovila Lamarre, Malvina, Quebec, writes: "I have found Baby's Own Tablets to be an excellent medicine and would not use any other for my little one. I think all mothers should keep the tablets in the house." Thousands of other mothers are using the same reliable medicine, guaranteed by a government analyst to contain no opiate or other harmful drugs. They break up colds, expel worms, cure constipation and, in fact, they are good for all the minor ills of little ones. The tablets are sold by medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

**ASK YOUR DRUGGIST ABOUT NYALS REMEDIES**

Nyals Family Remedies are scientifically and accurately compounded for specific purposes. Your druggist will recommend them because he knows the formulae from which they are made—knows their value for the purpose for which they are intended.

There is nothing mysterious or "Cure-all" about them, and they are recommended by the druggist because he would rather sell a standard preparation than one of unknown value.

Nearly every druggist carries Nyals Remedies, and all that do recommend them highly, not because of the profit in them, but because of their real value.

You may not know whether certain medicines will benefit you, but the fact that your druggist knows every ingredient in each Nyal Remedy, and its medicinal action, puts him in a position to advise you safely.

are put up uniformly in bright dandelion-colored packages. Ask your druggist about them. There is one for each everyday ailment. You'll find it a pretty safe rule that the druggist who recommends Nyals is a good man to deal with for your other drug-store wants.

**PREACH GOSPEL OF GOOD ROADS**

Prizes Are Offered to Boys and Girls for Essays on Canada's Great Problem.

NEW WESTMINSTER, B. C., Mar. 18.—In order to stimulate interest in good roads thruout Canada, W. J. Kerr, president of the Canadian Highway Association, is offering three valuable medals for the best essay on "What Good Roads Mean to Canada." The competition for these medals is to be confined to boys and girls under eighteen years of age and no distinction is to be made between the sexes. Women have long since taken a place in literature equal to that occupied by men, Mr. Kerr believes, and a contest in which girls will compete against boys will be more interesting to all concerned than one in which separate prizes are given.

The competition will be open to students in all parts of Canada and there will be no hard and fast rules as to the length of the essay submitted, although articles of 600 to 800 words will be preferred. The well known newspaper rule that writing must be on one side of the paper only will be strictly enforced.

Competitors will be required to deal with facts as well as with theories in the preparing of their papers, and all essays must be in the hands of the Secretary, P. W. Luce, 614 Columbia-street, New Westminster, on or before May 15.

The first prize will be a solid gold medal bearing on the obverse a reproduction of a part of the Canadian highway, enclosed by the words, "Canadian Highway Association, 1912." On the reverse the name of the winner will be engraved, followed by the words: "First Prize Winner Canadian Highway Association Essay Competition." The second and third prizes will be the same as the gold medal, but will be of silver gilt and of silver. In addition a silver souvenir pin will be given every competitor whose essay attains a certain standard of merit. In discussing the proposition to interest all young people in good roads pointed out that it was imperative that the gospel of good roads should be preached to the boys and girls because it is while the mind is in a formative stage that impressions are lasting, and ideas easily grasped.

**TORONTO CITY MISSION**

Funds Are Urgently Needed to Carry on Good Work

The city mission board of managers met Thursday in the Upper Canada Tract Society rooms. There was a good attendance and the president, Rev. Dr. Neil, presided. The treasurer, Mr. H. L. Stark, presented his report, showing that funds are urgently needed.

**5000 FACTS ABOUT CANADA FOR 1912.**

The 1912 edition of that popular and indispensable booklet, "5000 Facts About Canada," compiled by Frank Yeigh, the widely known writer and lecturer, and author of "Thru the Heart of Canada," is now out and is replete with new matter, including an outline map of Canada, a calendar and the new census figures. In compact form is found a wealth of facts and figures of the Dominion that will prove a revelation of our natural resources and growth. The mass of information gathered with infinite pains, should be in the hands of every intelligent Canadian, and the wide sale and popularity of the publication is easily understood. Copies may be had for 25 cents from The Canadian Facts Publishing Co., 667 Spadina-avenue, Toronto.

New Branch Bank. A branch of the Canadian Bank of Commerce was opened at Athabasca Landing on March 5.

**ENDED LIFE IN ASYLUM**

Business Reverses Prayed on Mind of "Big Griffith," Causing Insanity.

ST. CATHARINES, March 8.—(Special.)—Stas "Griffis," whose remains were buried in Victoria Lawn Cemetery yesterday, died from self injury in the asylum at Mimico, to which institution he had been committed from Kenora. He had for some time been afflicted by morbid fear that he was going to die, and his mind became unbalanced.

"Big Griffith," jr., was a character in these parts some years ago. He had seen much of life, had been a sheriff in Texas and had traveled in all parts of the continent. The northwest at-

**THOMAS WALMSLEY HONORED.**

At the recent annual meeting of the Queen City and Hand-in-Hand Fire Insurance Companies, Mr. Hugh Scott, who for many years has been president of these companies, found it necessary, owing to his advancing years, to retire from the active duties of the office.

**DEATH OF MRS. BELL.**

Mrs. Ellen Bell, widow of the late Rev. Dr. Bell, who was for many years registrar of Queen's University, died yesterday at the residence of her son, George Bell, K.C., 406 St. George-street, after a short illness. She was in her 81st year, and has lived with her son since she came to Toronto about 15 years ago. Besides her son she leaves a daughter, Alice, wife of Mr. Charles N. Bell, secretary of the board of trade, Winnipeg.

**The Topy, Tasty Toast**

Food science has taught us that there is much body-building nutriment in the whole wheat grain which we do not get in white flour. The only question is how to make the whole wheat grain digestible. That problem has been solved in the making of

**TRISCUIT**  
the shredded whole wheat wafer.

It is the whole wheat, steam-cooked shredded, compressed into a wafer, and baked—the maximum of nutriment in smallest bulk. Many people prefer it to ordinary bread toast. Heated in the oven to restore its crispness it is delicious for luncheon, or for any meal, with butter, potted cheese or marmalades.

**SPELLING BEES IN HIGH FAVOR AGAIN**

World Dictionaries Will Revive Jolly and Instructive Pastime.

"Trans-mag-ni-fi-can-ban-dam-u-al-ity—  
Of all the words I ever heard that one is a puzzle to me  
I know you can spell e-a-t  
An other, simple little words like that  
E-u-spell—  
Trans-mag-ni-fi-can-ban-dam-u-al-ity."

Probably that word isn't in the Webster's New Illustrated Dictionary or any other dictionary, but the book shows that spelling is a popular pastime for all.

The wonderful dictionary distribution which is being conducted thru The World has resulted in reviving the jolly and instructive old "spelling bee." The compact, neat bound, large-typed, and yet comprehensive lexicon now obtainable at a nominal cost by everybody is just the ideal book on which to base a spelling bee.

The dictionaries not only continue in popular favor, but the demand for them at The World office is steadily increasing.

The dictionary idea has made a tremendous hit. To be able to obtain a limp leather bound dictionary, complete in word-definition and including many valuable, up-to-date charts of statistics, with supplementary articles on grammar and diction, is truly an opportunity never before offered to the public.

Save six consecutive coupons from The World, take them to the office, and by paying the small cash value a copy of this useful and instructive volume will become yours.

**ADVICE TO MEN!**  
IT'S GOOD FOR WOMEN, TOO.

Don't "quit" whatever you start. If you go into a fight, stay with it, no matter how poor your chances look. The other fellow probably wants to quit, and if you hold your head up he will quit first.

The victory is the brave.  
It takes nerve and energy to win nowadays.  
You don't want to be a failure. You were made for better things, but you can't win without courage and energy.

That's the idea behind my Electric Belt, the body battery that pours electric vim into a man's body.

Give me a man with pains in his back, dull pains over the eyes, lack of nerve, a disposition to give up hard tasks, in fact, the fellow who feels "all in" at times, and with my Belt I can make him feel like a two-year-old in a few weeks.

"Say," said one of my patients a few days ago, "I feel so good that if I felt any better I think I would hurt somebody." That's the way you ought to feel, just chock-full of youthful energy. My Belt will make you feel like that.

It builds up broken-down men, restores youth and vigor, and makes you look and feel strong. It will cure every case of Rheumatism, Nervous Debility, Weak Stomach, Kidney and Liver Troubles, Lame Back, Sciatica, and every evidence of weakness in men and women. It will not fail; it cannot fail, as it infuses into the weakened parts the force of life and strength.

Peterboro', Ont., Dec. 16, 1911.

**Dr. McLaughlin:**  
Dear Sir,—I have been using your Electric Belt for three months, and am glad to say that I have received great benefit from it. I would recommend your Belt to anyone who is in trouble, to give your Belt a fair trial, and I think they will receive the same benefit as I have. Wishing your Belt every success, I remain, yours truly, HARRY CHARD.

St. Catharines, Ont., Dec. 28, 1911.

**Dr. McLaughlin:**  
Dear Sir,—I take great pleasure in asking you to file my name as cured. I have worn your Belt as directed for four months, and I feel like a new man. I am strong and active again, and feel as well as anyone could feel. Wishing you every success in your business, I remain, yours very truly, WM. H. LYNN.

What chance has the weak and puny person to combat the struggles of life compared with the person of muscle and nerve? It is hard for a weak person to have noble sentiments; such things are born of warm blood, healthy nerves and a strong heart. Everything that strength implies is given to those who wear

**DR. McLAUGHLIN'S ELECTRIC BELT**  
It makes people noble. It causes the nerves to tingle with the joyous exhilaration of youth. It fills the heart with a feeling of gladness, makes everything look bright, and makes the nerves like bars of steel. IT DOES THIS while you sleep, by pouring electricity, which is Nature's energy, into your nerves and blood. Electricity is life to the weakened parts. It will make them strong.

**FREE—SEND NO MONEY**  
Just send your name and address on this coupon and mail it to me. I'll send you full particulars regarding my Electric Belt, together with my big free book, which explains many things you ought to know about the diseases of men and women.  
Don't delay another minute. Cut out the coupon right now and send it in.

**DR. M. G. McLAUGHLIN, 237 Yonge St., Toronto, Can.**  
Dear Sir,—Please forward me one of your Books, as advertised.

MUNICIPAL MOTOR BUS SCHEME LOOKS GOOD

North Toronto Engineer Talks on Transportation—County and Suburban Topics.

NORTH TORONTO, March 8.—(Special.)—Tomorrow night the private conference, between the town council and the railway companies, regarding the motor bus scheme...

Engineer James is greatly impressed with the possibilities of fast motor buses to serve the rapidly-growing district bounded by the limits of North Toronto.

York Township

PUBLIC NOTICE—CLOSING PART OF a street, road situated between the south limit of Robert-street and the north limit of Bloor-street, as shown on the registered Plan No. 223, and which said Roadway is more particularly described in a certain Conveyance bearing date the 16th day of January, 1892, made between Jane Frittle and the Corporation of the Township of York, which said Conveyance is registered as No. 41993.

NOTICE is hereby given that a meeting of the Council of the Corporation of the Township of York is to be held at their council chamber at the northeast corner of King and Jarvis-streets, in the City of Toronto, at ten o'clock in the forenoon, on Monday, the 19th day of April, 1912, at two o'clock in the afternoon, or as soon thereafter as a meeting of the said council shall be held, the said council proposes to pass a by-law to close that part of the traveled road lying between the south limit of Robert-street and the north limit of Bloor-street, as shown on Plan Number 223 for the Township of York, which said street is more particularly described in the instrument above mentioned, registered as Number 41993 for the Township of York, and to open the same in lieu thereof in the Township of York.

TOWNSHIP CLERK, Township Clerk's Office, Toronto, April 5, 1912.

TO DOUBLE YOUR MONEY IN REAL ESTATE BUY WHERE INDUSTRY REIGNS SUPREME

IN GUELPH ST. GEORGE'S HEIGHTS

Is in the Section of the City Where Growth is Greatest WE OFFER CITY LOTS AT \$100 to \$150

The unexpected enquiry for this remarkably good money-making opportunity has led us to add another subdivision to our original offering. The first offering is slightly better located, and we are maintaining our first price of \$150 a lot on this. The addition is selling at from \$100 up. The lots are worth much more, and are bound to increase in value in a few short months.

TERMS—\$25 DOWN; BALANCE \$15 QUARTERLY SEE OUR SPECIAL THIRTY-DAY OFFER

What Mayor Thorp of Guelph Has to Say: Speaking of the eastern end of the city: "The concentration of industries in this section of the city calls for an immediate increase in the number of dwelling-houses that will be required to take care of the increased population, which naturally follows the establishment of the different factories."

"At the present time there are, practically speaking, no vacant houses in this section, while the new industries locating here, and the additions to the existing ones, call for an increase of at least 900 workmen, which means an increase in the general population of 2500 people."

"In addition to the new works which are locating here there are already about seventy factories of various kinds in this city. I may further state that, in view of the above industrial activity, it is my firm belief that a considerable increase in real estate values may be expected in the near future, and especially in St. Patrick's Ward and St. George's Ward, by the advent of the new industries."

TORONTO REAL ESTATE EXCHANGE 52 ADELAIDE EAST, TORONTO Phone M. 7293 for Folder on Guelph.

New Factories—The Seven League Boots With Which Guelph is Making Such Rapid Strides.

Here are a few of the factories that have located in the last year. They are all within a half-mile of our property:

Guelph Stove Works, employing 150 to 200 men. Stewart Sheaf Soder Company, will employ, when buildings now being rushed are completed, 200 to 400 men.

Gibson Manufacturing Company, doubling their plant, will require over 100 men. Independent Tire Company, erecting big concrete factories to employ 250 men.

Dozens of other industries have been lately secured, employing hundreds of men. Guelph has almost five thousand industrial workers.

Two new big factories are now negotiating for sites in the eastern section of the city, near St. George's Heights. Every indication points to the factories of Guelph, paying wages to seven or eight thousand highly skilled workers by the end of this year.

The Location: ST. GEORGE'S HEIGHTS

occupies a high, level situation in the eastern section of Guelph, offering a wide view of the beautiful city. It is on Grange Street and Simmers Avenue. The new civic electric belt line, which will in all probability be built this summer to relieve the constantly increasing demands of this section, will run along both these streets.

At present, St. George's Heights is three minutes' walk to a car line. The proposed Toronto-to-Guelph radial will run within three or four blocks of the property.

It is within a mile of the city hall. The city is built right up to the property. It is required at once for the homes Guelph needs. Quick turnover is assured.

A Few Convincing Facts:

Guelph and Environments Have a Population of 18,000.

Real estate in Guelph is advancing more rapidly than any other city of its size in Ontario.

The increase in building in 1911 over 1910 was 301 per cent.; 1912 is already breaking this record.

Guelph owns all her public utilities, gives cheap service, and makes her profits reduce taxes, which will eventually disappear. The assessment is on a very low valuation.

Guelph is the largest shipping and transshipping point on the main line of the G.T.E. from Toronto to the Canadian border at Sarnia.

Special 30 Day Offer

Guelph is visited each year by 200,000 people attending the Provincial Winter Fair, and visiting the Ontario Agricultural College and various conventions, besides thousands and thousands who visit the city for its natural beauty of surroundings.

Every purchaser buying a lot in St. George's Heights and Extension before April 10 will not be charged interest nor taxes. This gives the investor an untrammelled opportunity to make without trouble, big profits on his investment. The prices of lots run from \$100 to \$150—\$25 down, \$15 quarterly—and 10 per cent. off for cash.

Guelph is growing so fast that you cannot save yourself from making big money.

You have read what the mayor has said about real estate. You have read of the new industries, building now and coming in. You have long before heard about Guelph's progressiveness.

Will you let this chance slip by?

more rapid passenger service for the town which would not involve the heavy expense necessary in the building of a municipal electric and subway line. Discussing informally with The World yesterday the project, Engineer James said in part: "From a personal study of the local conditions up here and having regard to the capital expenditure, I am greatly impressed with the feasibility of the municipal motor bus system as in use in London, Eng., and other cities. The average cost of installing an electric railway is about \$23,000 a mile, including everything. The cost of the motor buses would be approximately \$7,000 each, and four of these would give a fairly regular and satisfactory service. "The motor buses would have a carrying capacity of at least thirty people each, and the saving effected by not having to build a heavy road-bed and put down rails..."

meeting of the ratepayers' association for to-morrow (Saturday) night. Apropos of Engineer James' statement, the question of a municipally owned railway was before the council last year, and the engineer at that time prepared a table which Council, on Ball at Saturday's meeting of council suggested should be again taken up and discussed. The two schemes, electric line and motor bus, will probably be dealt with very shortly. In the meantime the private companies will have a chance to make good. President Banton has called a public

TOBACCO HABIT. Dr. McTaggart's tobacco remedy removes all desire for the weed in a few days. A reliable medicine, and only requires, toasting the tongue with it occasionally. Price 25c. LIQUOR HABIT. Marvellous results from taking his remedy for liquor habit. Safe and harmless. Hopeless cases of hypochondria, neuritis, and other nervous ailments, and a cure guaranteed. DOUBLE TRACK WINNIPEG TO VANCOUVER.

WINNIPEG, March 8.—Vice-President and General Manager Western Lines Bury announced that the Canadian Pacific may parallel their western lines at a cost of \$50,000,000. Great increase in traffic makes necessary to double track from Winnipeg to Vancouver. Rapid agricultural settlement brings business and manufactures, and all combine to make the traffic greater.

# Real Estate and Building--News and Opportunities

## SOME CITIZENS AS NARROW AS THE STREETS

Owners Along Danforth Avenue Cannot See the Increase in Value to Their Property That Will Accrue From the Widening of That Thoroughfare.

Along Danforth-ave. we have the lovely spectacle of a group of property owners balking a big civic improvement--the widening of the street--by their asking nearly as much for a twenty-foot strip as their whole property is worth.

Certainly, a man has a right to ask as much as he likes, especially from the city, but landowners seldom seem to consider that a fair and equitable recompense is all that they are entitled to. And again, in this particular instance, as in most civic improvements, their land will be made much more valuable by the widening. They would lose nothing if they gave the land to the city. The property will of a surety be enriched by its being on a truly metropolitan thoroughfare, instead of the ordinary narrow Toronto street.

In other cities, notably in the west, residents are more than anxious to improve their city, and will apparently give land away toward that end. But they do not give it away. It comes back to them in the form of increased value for their remaining land. On the coast and in parts of the prairies, it is not unusual for residents along a street to petition the authorities to widen it, accompanying the petition with offers of the needed land.

But here they seem to go to the other extreme. One thing stands out of all the argument over the Danforth-ave. and it is that the city should take immediate steps to widen all the main streets and roads leading out of the city, while the

## You Can Enjoy a Home and a Good Income

### On a Market Garden in the Pugsley Estate

**T**HIS fertile tract, on Bathurst north of Lawrence Avenue, can be purchased at low prices and on easy terms in one or more blocks of one-half acre each. The soil is a strong clay loam, capable of intensive fruit and vegetable production, which, when combined with poultry raising, will furnish a substantial income. The land is high, dry, and beautiful, the water is pure, and every advantage is afforded for healthy, happy home life. A charter has been secured by a company purposing to extend the Bathurst Street car line, which when constructed will serve these productive garden plots. The city is growing in this direction so rapidly that the owner of a garden plot here soon will be able to sell his property for building lots, at a good profit. The property will increase in value while its fertility is producing a good annual income.

Buy now, before the car line extension, and before the city grows out nearer this estate. Terms: \$25 down on each half-acre, balance \$10 monthly, balance payable in 3 years. For complete information and appointment to inspect the property, communicate with

## EDMONTON CITY OF CERTAINTIES

No city of Western Canada can show a more solid and permanent growth. No city is surrounded by a tributary territory richer in natural resources--unlimited coal deposits, iron ore, oil, natural gas, in addition to the rich wheat fields. Edmonton is the gateway to the great Peace River district. Three great transcontinental railways serve her with main lines and branches.

February Bank Clearings show increase over last year greater than any other city in Canada.

Amount voted by the people for street railway extensions and other municipal improvements this year totals \$1,700,000.

## Industrial Heights

This property is the very pick of the new manufacturing centre so rapidly developing in North Edmonton. Property about the centre has been advancing very rapidly, lots in Industrial Heights going very fast. Get in on this while there are a few good lots left. Prices are low, and a good profit is assured to him who buys now.

**Prices Now Only \$200 Per Lot**  
Terms--One-third cash; balance arranged.  
**H. P. Kennedy, 116 King St. W. TORONTO**  
Phone Main 1596

cost of the land is still reasonable and low. The Kingston-road, Don Mills-road, Dawes-road, Yonge-st., Bathurst-st., Vaughan-road, Dundas-st., Weston-road, West Bloor-st., and the Lake Shore-road, all should be widened. This could be done at no great expense, and at one-tenth the cost of five years from now.

There is enough pride in Greater Toronto along these big arteries to permit of improvement work going on unimpeded.

But Danforth-ave. may have to stay small unless those owners who are holding out for high prices can be re-

**\$200** ACRE--Near Bradford County; first-class stock farm; with good buildings; all

# Natural Reaction in Porcupines -- Hollinger Turns Weak

## Abrupt Decline in Hollinger Checked Bullish Enthusiasm

### But Thirty-Point Break in Leader Found Little Response in General List—Crown Reserve Higher.

World Office, Friday Evening, March 8.

An abrupt decline in Hollinger, which broke 40 points on the incoming of bear selling, checked the bullish enthusiasm in the Porcupine stock market today, and paved the way for a downward movement in prices. The incident, however, failed to find anything more than a restricted response, and at the close quotations in the main were only a trifle removed from those current yesterday.

Hollinger sold as low as \$10.70 and while at the close bids had risen to \$11.00, points better than that price, the occurrence sufficed to show the vulnerability of the Porcupine market in general whenever the bullish interest takes it upon itself to force its hand. There was no particular demand for the shares at the opening, and quotations were at best of a nominal nature. Consequently, when a number of free selling orders invaded the market, the stock dropped back in quick order.

Real Buffers Release.

The recent bulge in Rea, which sold yesterday as high as \$8, suffered a reverse today, the price getting down below \$6 on what were taken to be profit-taking sales. Inspired, no doubt, by the downward movement in Hollinger, the cheaper issues generally showed small declines. Domes Extension got off to 48, Vipond to 45, Swastika to 25 and some of the others also showing a shade below their previous records. Closing prices were around the low point for the day.

The decline was a purely natural one in view of the recent upward advance and was not viewed with any apprehension by trading interests. It is not to be expected that an interrupted advance can be carried over safely in the mining markets. In fact, such an occurrence would itself prove disastrous in the long run, consequently such turns as happened to-day are only to be viewed as quite in the natural order of things.

Silver Leaf Back Again.

In the Cobalt Silver Leaf broke down to 5, a loss of 3 points from the top price of the recent advance. Crown Reserve was strong at 20, while Vipond to 20 points to \$2.20, inspired by the optimistic feeling regarding the future of the company's Porcupine property.

The directors of the Ophir Cobalt Mines, Ltd., have completed a negotiation which will give the company sufficient money to drive the development of their 300 foot level.

It will be remembered that the Ophir property is the same geological formation as the Ophir mine and the results in these two properties have been obtained from and below the 300 foot level. The Ophir property has cut eight veins at the 300 foot level and the management expect good results from the next 100 days' work as they only have 80 feet to drift on their No. 1 vein to get under the ore body showing on the 300 foot level.

The authorized capital is \$1,000,000, with only \$885,000 issued.

## Ophir Cobalt Mines Are Now in Funds

The directors of the Ophir Cobalt Mines, Ltd., have completed a negotiation which will give the company sufficient money to drive the development of their 300 foot level.

It will be remembered that the Ophir property is the same geological formation as the Ophir mine and the results in these two properties have been obtained from and below the 300 foot level. The Ophir property has cut eight veins at the 300 foot level and the management expect good results from the next 100 days' work as they only have 80 feet to drift on their No. 1 vein to get under the ore body showing on the 300 foot level.

The authorized capital is \$1,000,000, with only \$885,000 issued.

## LA ROSE BULLS ARE AGAIN ON QUI VIVE

The directors of the La Rose Consolidated Mines will meet shortly to take action on the dividend due next month, and "the street" is already busy speculating as to what the rate will be. Ever since last fall it has been known that something more than the regular 5 per cent. dividend was in prospect, and the uncertainty regarding the big surplus has kept the La Rose bulls on the qui vive for many months.

It is now stated that the shareholders will be given some hint of what to expect in this regard at the forthcoming meeting.

It is rumored that the dividend will be increased to 10 per cent. or 12 per cent. per share, as against the present 5 per cent. rate, but this is regarded as down to the wire speculation. The dividend amounts to approximately \$150,000, and it is believed that a great many shareholders have written the president in favor of the distribution of at least a portion of this in the shape of a cash dividend.

## BELL SYNDICATE TO DO ACTIVE WORK

Porcupine, March 6.—(From Our Own Man Up North.)—The machinery installed on the Trinity Cobalt has been purchased by the Bell syndicate of Buffalo owners of lots north of the Gold Bear property, where development work was carried on during the summer and fall, and will be placed on the property soon now.

Engineers' reports on the Bell showings are enthusiastic as to the large size of the veins so far located. More depth, the owners are said to be preparing for a strenuous spring and summer work.

## ENGINEERS ADVISE SMALL STAMP MILL

### Batteries of a Couple of Stamps May Lead Way to Big Production.

Porcupine, March 6.—(From Our Own Man Up North.)—If you have a fairly wide lead of quartz carrying a good pay streak, do not be afraid to put on a battery of two stamps, it is the advice handed out by mill men now in the camp. The small outfit will help pay your way and often is the means of bringing to your property just the kind of success you are looking for.

It is well-known to close friends of the Timmins Brothers, that had not the two stamps been placed on the Hollinger property the first year when development started, in all probability the Timmins-McIntyre-Dunlop syndicate would not be in the camp to-day, developing and making what promises to become one of the greatest mines in the world. Located 38 miles from an outlet, where goods could be had, which oftentimes made it necessary to curtail and therefore get only half results from machinery and labor, the two little stamps kept on pounding, turning out gold "buddies" that constantly hitched up courage to a higher notch. And it was from the work of these two stamps that the larger vision of a big stamp mill came, when it was found at the end of a season's work that only an 85 per cent. extraction of gold from the rock had made them a profit.

Do anyone who owns a fairly good-looking lead on which a few stamps could be operated to success, and who is not moved to take from the veins the values in sight that might be the cause later of showing one, the mistake of "non-work," mill men advise the installing of a small number of stamps under advice of competent engineers. A mine may be the result.

Chas. Fox.

## "Leith Serge"

WHY?  
 —It has stood the test of time, light and atmosphere.  
 —It is made of finest Botany Bay wool, dyed before it is woven in the purest indigo dye.  
 —It is imported and controlled by Brodericks in Canada and the United States, and is in four different weaves, four shades and four weights.

## SHEETELS GROW PLEADED GUILTY

Bucket Shop Sharks Got Off Easily—One Year For G. G. Rice.

NEW YORK, March 7.—Pleas of guilty by George Graham Rice and Bernard H. Scheffels of the brokerage firm of B. H. Scheffels & Co. brought to a dramatic close to-day what is believed to be the longest trial on record in a United States court. With their associates, Charles F. Belser, Charles B. Stone and H. P. Watson, they have been on trial for nearly five months for alleged conspiracy and the misuse of the mails to promote and sell mining stocks.

Rice was sentenced to one year in jail, his sentence beginning Dec. 23 last, when he was put in the Tombs after one of the jurors had been approached. With time off for good behavior Rice will really spend about six months in the penitentiary. Scheffels got off with a suspended sentence and the other three defendants went from the indictment being questioned. Offices of the Scheffels firm, located in New York, Chicago, Boston, Denver and other large cities, were raided simultaneously on Sept. 29, 1910.

## BRODERICKS LIMITED

113 King St. W. 41 Cheapside TORONTO London, Eng.

CALLS ON MANITOBA CATHOLICS.

WINNIPEG, March 8.—(Can. Press.)—A letter has been sent to all the Catholic priests of Manitoba by Joseph Troy, secretary of the recently formed Catholic committee of Winnipeg, inviting delegates from all parishes to the meeting called for Wednesday, March 13, here, to discuss the new school question as constituted in the proposed boundary extension of the province.

## The Season OF THE Serge Suit

### Engineers Say That Section of Porcupine Should Be Watched Closely—Good Indications.

Porcupine, March 8.—(From Our Own Man Up North.)—It is not generally known outside of the camp that mining men and geologists, who made examinations of the Northern Whitney belt thru which ore zones are supposed to run, the capped heavily with glacial drift and barren surface rock, were better pleased with indications in this quarter than in many other places in the camp. Underneath the super-layer of earth and rock a changed condition was found.

Only in a few places does the quartz pop to the surface, the intervening depressions being filled with decayed vegetable matter. On the Bell lots in North-western Whitney and at the Keora, holdings in Eastern Whitney, where the quartz comes to the surface, free gold is found in abundance. The rock is soft and presents many interesting changes.

Such able engineers as Capt. Anchor and Peter McLaren, from work now done, speak highly of the showings and likelihood of that section developing into a first-class mining district. And there are others who firmly believe the Pearl Lake belt extends thru the entire northern part of Whitney Township, only in an intercepted form as the result of faulting. This is a section that it will pay to watch closely.

Chas. Fox.

 The factory is modern and fully-equipped, having a capacity to manufacture 250,000 cigarettes per day.

SELF-LIGHTING CIGARETTES—The chief features of these new cigarettes are:

- Their convenience and practicability. They can be lighted in wind, rain or snow by merely drawing the end of the cigarette lightly across the lighting surface on the box.
- Their superior quality and flavor. They are manufactured from the finest selected Turkish tobaccos, by expert hands.
- The additional cost of manufacturing the self-lighting cigarette is so small that it enables the Company to sell them at standard prices, viz. 10, 15, 25 cents per box of ten.
- Self-advertising—they immediately attract the attention of smokers everywhere and create their own sale.

GREAT DEMAND

Although the cigarettes have only been on sale for a short time in Montreal, and in spite of the fact that no advertising has been done, the demand has been so enormous that the Company has been unable to fill all the orders now in hand.

NO COMPETITION.

The Company is absolutely without competition in this new field of manufacture, having the exclusive "Patent Rights" throughout the Dominion.

THE CONSUMPTION OF CIGARETTES IN CANADA

According to the statistics of the Federal Government for the year ending June 30, 1911, the output of cigarettes was 381 millions, an increase of 150 millions over the previous year.

A PERMANENT AND PROFITABLE INVESTMENT

After careful calculation it is estimated that if the Company sells only 10% million cigarettes per year, it will yield a net profit of 20 per cent. on the entire capitalization of the Company. From present indications the sale will greatly exceed this amount. It is a well-known fact that Tobacco Companies are paying large dividends. There is no reason why this Company with its special and attractive features cannot do equally as well, a large volume of business being assured from the outset.

ALL SHAREHOLDERS ON EQUAL BASIS

There are no bonds nor preferred stock, all stockholders sharing alike in the profits.

FIRST PUBLIC SUBSCRIPTION

We are authorized by the Company to offer a limited number of Shares at \$5.00 each, payable in two equal instalments, viz. \$2.50 per share at the time of Subscription the balance \$2.50 60 days thereafter.

A limited number of shares having been reserved to be offered in Toronto, Province of Ontario and elsewhere. There are no promotion shares, every share having been fully paid for at the rate of \$5.00 each. The balance of the Shares are held at a premium, if required.

Those desirous of making an immediate, profitable and permanent investment, which should return at least 20 per cent. if not more, per annum, because Capitalization is small and the profit large and immediate, should send in their application either by letter or on our special forms, without delay.

All payments and cheques to be made to the order of the "INVESTMENT TRUST CO. LTD., Montreal, Que.

Application for Subscription, Prospectus, and samples of Cigarettes can be made through the following Agents in Toronto:

## LOTS OF FREE GOLD IN NORTHERN WHITNEY

### Engineers Say That Section of Porcupine Should Be Watched Closely—Good Indications.

Porcupine, March 8.—(From Our Own Man Up North.)—It is not generally known outside of the camp that mining men and geologists, who made examinations of the Northern Whitney belt thru which ore zones are supposed to run, the capped heavily with glacial drift and barren surface rock, were better pleased with indications in this quarter than in many other places in the camp. Underneath the super-layer of earth and rock a changed condition was found.

Only in a few places does the quartz pop to the surface, the intervening depressions being filled with decayed vegetable matter. On the Bell lots in North-western Whitney and at the Keora, holdings in Eastern Whitney, where the quartz comes to the surface, free gold is found in abundance. The rock is soft and presents many interesting changes.

Such able engineers as Capt. Anchor and Peter McLaren, from work now done, speak highly of the showings and likelihood of that section developing into a first-class mining district. And there are others who firmly believe the Pearl Lake belt extends thru the entire northern part of Whitney Township, only in an intercepted form as the result of faulting. This is a section that it will pay to watch closely.

Chas. Fox.

## THE SEASON OF THE SERGE SUIT

WHY?  
 —It has stood the test of time, light and atmosphere.  
 —It is made of finest Botany Bay wool, dyed before it is woven in the purest indigo dye.  
 —It is imported and controlled by Brodericks in Canada and the United States, and is in four different weaves, four shades and four weights.

## SHEETELS GROW PLEADED GUILTY

Bucket Shop Sharks Got Off Easily—One Year For G. G. Rice.

NEW YORK, March 7.—Pleas of guilty by George Graham Rice and Bernard H. Scheffels of the brokerage firm of B. H. Scheffels & Co. brought to a dramatic close to-day what is believed to be the longest trial on record in a United States court. With their associates, Charles F. Belser, Charles B. Stone and H. P. Watson, they have been on trial for nearly five months for alleged conspiracy and the misuse of the mails to promote and sell mining stocks.

Rice was sentenced to one year in jail, his sentence beginning Dec. 23 last, when he was put in the Tombs after one of the jurors had been approached. With time off for good behavior Rice will really spend about six months in the penitentiary. Scheffels got off with a suspended sentence and the other three defendants went from the indictment being questioned. Offices of the Scheffels firm, located in New York, Chicago, Boston, Denver and other large cities, were raided simultaneously on Sept. 29, 1910.

DOMINION OIL COMPANY

(Incorporated Under the Laws of Arizona)
AUTHORIZED CAPITAL \$1,000,000
Divided into 1,000,000 Shares of the par value of \$1.00 each, 500,000 Shares of which are Treasury Shares, and all of which are fully paid and non-assessable.

DIRECTORS:
President...WM. GRAY, London and Toronto, Ont.
Vice-President...GEO. D. FORBES, Hespeler, Ont.
Secretary...ROBT. G. LIND, Toronto, Ont.
REV. JAMES REID, Montreal, Que.
T. E. BRADBURN, M.L.A., Peterboro, Ont.
F. FRED SHURLEY, Galt, Ont.
JAMES LOVE, Toronto, Ont.

BANKERS:
Molson Bank, Toronto.
Proven Oil Lands
Consisting of 240 Acres, King's County,
Coalinga, California, U.S.A.

73 Front Street East, Toronto
The Company's property consists of 240 acres of patented and proven OIL-BEARING LAND, situated in King's County, California, east of the croppings, and they have already struck oil which is high gravity, 33 per cent., and a "gusher" is confidently expected on from 400 to 600 feet additional drilling.

In this particular location THERE ARE NO DRY HOLES. Many companies in Coalinga have the same capitalization, or greater than that of the DOMINION OIL COMPANY, have control of only 20, 40 or 80 acres, and even these companies are making big money for their shareholders. Compared with them, the holdings of the DOMINION OIL COMPANY are immense, and when developed and producing oil should be worth MILLIONS OF DOLLARS. The Company's well has been drilled to a depth of 2480 feet.

The Canadian Coalinga Company, which adjoins the DOMINION OIL COMPANY'S property on the north, have their well down about 3000 feet, at which depth the oil came in, and is now producing 7500 barrels per day, which means an income of \$8250.00 per day, and their stock is selling at \$20.00 per share. This well is only a short distance from the one now being drilled by the DOMINION OIL COMPANY. Mr. G. W. Warner, who has charge of the DOMINION OIL COMPANY'S development work, and who is without doubt one of the best authorities on oil, predicts that with from 400 to 600 feet further drilling, the DOMINION OIL COMPANY will strike the same flow, and he believes that the Company will get an enormous flow of the light oil, for which there is a ready market at from \$1.10 per barrel up.

EQUIPMENT AND DEVELOPMENT: The property of the Dominion Oil Company is thoroughly equipped with the most modern and improved standard drilling rig, derrick and bunk house to comfortably house and accommodate its men, and the drilling of the first well is being rapidly pushed. The well is now over 2480 feet in depth, and the first oil has been encountered, but another 500 to 600 feet will have to be drilled before encountering the rich pay sands. It is the intention of the Directors to GREATLY INCREASE THE EQUIPMENT, and other wells will be drilled and development pushed in a vigorous manner. The development so far has been carried on mainly at the expense of the Directors.

DIVIDENDS: This is what most interests the investors. We would be glad if we could tell you when and how much you will make if you will join us, but we cannot. As business men, we will not try to deceive you by glowing forecasts regarding the future. Judging, however, by what others have done and are doing, the returns on your money should be ample to satisfy the most exacting. We promise you as early returns as possible, consistent with good management, and we promise you every penny your money earns in the enterprise, pro rata with your holdings in the Company. To do more than this would be to "count your chickens before they are hatched," and to put a premium on deception. We make no big promises, but the Company's property is big. The Directors' intentions are sincere, and our judgment is that your investment will be safer with us and far more profitable to you, and in a shorter time than with those who figure out just how much you will make providing certain things happen, as well as the day and hour you will get your dividends. The officers of this Company have far more invested than any treasury stockholder is liable to invest, and are giving brains and time without salaries. They are anxious for dividends as soon as possible, but they cannot get them any sooner than you do, for all are going to be treated alike. This ought to appeal to you as an investor, for you are placing your money with men who believe they have the best proposition going, but do not promise you great things just to get you to invest.

The stock is now selling very rapidly, and as this is an investment of an exceptionally meritorious nature you cannot afford not to investigate. WRITE US AT ONCE FOR PROSPECTUS and full particulars of the DOMINION OIL COMPANY, which will be mailed to you without any obligation or expense on your part.

Will Steel Trust Cut Its Dividend?

Wall-street's Views on Prospects for Current Quarter—Present Rate Seems Safe.

NEW YORK, March 8.—Altho it is nearly two months before the time when the directors of the Steel Corporation will meet to take action on the quarterly dividend, the possibility of a reduction in the dividend on the common stock is already being discussed. Rumors, based on the slackness in the steel trade since the first of the year and also to some extent on the belief that the conditions that led to the passing of the preferred dividend of the Republic Iron & Steel Co. will affect the corporation equally, are current in many circles.

It should be remembered that the Republic Company's report of earnings for the half year ended Dec. 31 last were \$72,000 below the requirements for fixed charges and the preferred dividend. The Steel Corporation during the same period earned slightly over \$12,000,000, about the sum ordinarily required to meet fixed charges and both common and preferred dividend.

While there cannot have been a very great profit on the corporation's output since the beginning of the year, it is practically certain that the net earnings will be appreciably above those of the last quarter of 1911. It is yet early to forecast with any attempt at accuracy the corporation's earnings, but indications so far point to a total of between \$23,000,000 and \$27,000,000. The conservatism of the directors of the United States Steel is well known, and it is safe to say that they will not declare the regular dividends unless the earnings warrant. With net earnings of \$23,000,000 or over, however, it is hard to see any reason for a reduction.

The corporation is in excellent condition, both financially and physically. Its surplus at the end of 1911 was in the neighborhood of \$170,000,000. Its properties are in good shape. Moreover, the unfilled orders on the books at the end of January amounted to about \$38,000,000. The likelihood of the directors that the directors might be inclined to reduce the dividend in view of political agitation and the fear of tariff reduction is doubtful if they would permit these considerations to weigh heavily with them and it is likely that they would let the future take its course and be guided principally by actual earnings in the matter of the dividend.

C.P.R. Leads Rise in Montreal Market

AGINCOURT.

Women's Institute Meets at Walter Hood's on Tuesday.

MONTREAL, March 8.—The strength and activity of the New York market, which Montreal chose to ignore in the earlier part of the week, apparently had their effect on local stocks today. Under the leadership of Canadian Pacific, the market was decidedly more active, and prices among the active issues tended upward. The gains were not large, nor was the volume of trade large, but the new speculation, which has been marked up to Laurentide, which sold at 11 1/2 in the last sale of the day, after its record of Thursday.

One stock that showed a reactionary tone was Dominion Steel, which after opening 1/4 up over Thursday's close, weakened in the afternoon and was down to 1/2 in the last transaction. There was nothing in the news to depress the stock. The movement simply indicated respect for the price changes and amount of business the conditions were a marked improvement over the previous days of the week.

The craters of all the contestants was of exceptionally high order, especially that of the winners.

London to Paris Aviator's Flight

Salvey Intended to Re-Cross Channel But Had to Defect Trip.

PARIS, March 8.—(Can. Press.)—Henri Salvey, the French flying man, arrived at Issy-les-Moulineux a suburb of Paris, in his monoplane at 11 o'clock this morning, having traveled from London, about 22 miles, without a stop, in 2 hours 57 minutes. Over the channel his machine was shaken by violent squalls, but the motor worked perfectly.

ORATORICAL CONTEST

An oratorical contest was held on Thursday night at Bellefair-avenue Methodist Church, under the auspices of the Royal Templars of Temperance. Mr. Norman Oliver Dynes won the silver medal, taking for his subject, "Temperance," and Mr. A. B. Shepard was presented with a diploma, his selection being on "Patriotism."

CANADIAN INSTITUTE

The members of the Canadian Institute will hold their usual meeting at the library, 108 College-street, this evening, at 8 o'clock. Mr. R. F. Stuart, director meteorological service Canada, will read a paper entitled, "Storms—Their Tracks and Movements in the Northern Hemisphere," with illustrations. The public are cordially invited.

VICTOR HUGO.

Rupert G. L. Kitteridge, M.A. (Harvard) will give the third of the series at Trinity College, this Saturday afternoon, subject: "Victor Hugo."

We Own and Offer, Subject to Prior Sale, at 98% and accrued interest CARRYING A BONUS OF 25 PER CENT. OF COMMON STOCK.

\$1,250,000 TWENTY-YEAR FIRST MORTGAGE 6% GOLD BONDS OF THE P. LYALL & SONS CONSTRUCTION CO. LIMITED

(Incorporated under the Laws of the Dominion of Canada.) CAPITALIZATION Authorized \$1,750,000 Issued \$1,500,000

BOND ISSUE 20-Year First Mortgage 6 Per Cent. Bonds \$1,250,000 Bonds dated Feb. 1st, 1912. Interest payable at the Quebec Savings and Trust Company, Montreal, February 1st and August 1st, who are trustees for bonds.

DENOMINATIONS: \$1,000, \$500 AND \$100

The Bonds are subject to purchase in the open market or to redemption on or after February 1, 1914, at 105, when a Sinking Fund becomes operative of 3 per cent. of the total bond issue, plus an amount equal to the amount of the annual interest on all the bonds redeemed through the Sinking Fund. This Fund will retire the entire issue before maturity.

Assets of the Company are equal to more than twice the bond issue. No cash consideration has been paid, and the entire proceeds of the present bond issue go into the treasury to provide further working capital.

The Company is the largest and most successful construction concern in Canada. The management remains in the hands of Mr. Peter Lyall, regarded as the premier builder of the country, and his two sons, Mr. William Lyall and Mr. Trail O. Lyall.

The Sinking Fund provisions are especially attractive from the investor's standpoint. The fund amounts to 3 per cent. per annum, plus interest on bonds redeemed, and it follows that the amount necessary for the bond interest decreases, while the amount available for Sinking Fund increases proportionately. In ten years' time the amount available for Sinking Fund represents 8 per cent. of the outstanding balance of Bonds, and the entire Bond issue will be redeemed before maturity.

Subscriptions should be made on the form accompanying the prospectus, and are payable to any of the undersigned, as follows: 20 per cent. on allotment, 20 per cent. on April 10th, 1912, 20 per cent. on May 10th, 1912, Balance on June 10th, 1912.

Full particulars concerning the Company, as also copies of the Company's financial statement, the prospectus and real estate reports, will be found in full in the prospectus, copies of which, along with additional application forms, may be obtained from the undersigned and all members of the Montreal and Toronto Stock Exchanges and local brokers.

Quebec Savings and Trust Company The Molsons Bank, Montreal Greenshields & Company

President...COLONEL SIR H. M. PELLATT, C.V.O. Toronto
Vice-President...W. I. GEAR, Vice-President Crown Trust Co. Montreal
General Director...LAWRENCE BOLMAN Toronto
JOSEPH KILGOUR, of Kilgour Bros. Toronto
R. A. SMITH, of Oster & Hammond Toronto
LEWIS COL. JOHN CARSON, President Crown Reserve Mining Co. Montreal
EDMUND SHEPPARD, President Montreal Arena Co. Montreal
T. W. HORN, Manufacturer Toronto
A. G. BROOKE CLAXTON, R.C. Director Montreal Arena Co. Montreal

WM. NORTHBY, Secretary Montreal Arena Co. Montreal
In recommending the Preference and Common Shares of the Arena Gardens of Toronto as attractive investments, we draw attention to the following:— The Arena Gardens of Toronto will be a large revenue-producer at all times of the year. By the winter season the greater portion of the revenue will be derived from receipts of hockey games. For years Toronto has been urgently in need of a hockey arena. All the teams belonging to the larger leagues will play their games on this rink's surface. With a seating capacity of over 6,000 people, the new rink will fill all the requirements for many years to come.

Outside the winter season the new arena will also fill a long-felt want. It offers an ideal location for the National Horse Show, which is such a popular event in Toronto. Then there are such events as the Auto Show, Furze Food Shows, Yachtville Shows, large conventions, band concerts and industrial exhibitions, all of which attract large crowds. Up to the present time Toronto has not had any properly equipped building for such events, and these will help to insure the success of the new Arena from the very outset. A new departure in connection with these undertakings is that a hundred-ton artificial ice plant is being installed, under contract with the De La Vergne Company, dated June 22nd, 1911. This plant will not only maintain the skating ice during the winter, but will also manufacture fifty tons of ice per day for family consumption during the summer months. This ice plant will make it possible to always have, regardless of weather conditions, a cool building in summer and a reliable, clean ice surface for all winter sports, and an absolutely safe place for skating without exposure to severe cold. The profit on the sale of ice during the summer season will, it is expected, not only pay for the cost of running the ice plant during the winter, but furnish a very considerable revenue.

Mr. Lawrence Bolman, who is well-known throughout Canada for his successful management of theatrical and summer amusements, has kindly consented to act as Managing Director. With the undoubted steady growth of population in Toronto, and the unflagging interest in hockey, skating, and all kinds of summer entertainments, to say nothing about the other sources of income which will be the natural outcome of having an establishment of the kind in the city, there is offered in this undertaking an avenue of investment which should increase in volume with the growth of the city. A formal prospectus has been filed with the Honorable Provincial Secretary of the Province of Ontario.

Application forms will be supplied on request by the undersigned. THE CROWN TRUST COMPANY 86 Notre Dame Street West, MONTREAL Any Branch of LA BANQUE INTERNATIONALE DU CANADA Head Office: MONTREAL PELLATT & PELLATT Members Toronto Stock Exchange TRADERS BANK BUILDING TORONTO

FEAR RISING OF MANCHUS

Reaction Against New Government is Ominous Sign — Loan of \$4,900,000 in Prospect.

PEKIN, March 8.—(Can. Press.)—The diplomatic representatives of the foreign powers held a conference to-day and decided to continue the guards along the railway to Chingwangtao, in spite of the fact that the river is now open from Tientsin to the sea. Additional soldiers will be necessary, as the effect of the present guard is only moral.

The possibility is widely discussed of the Manchus taking over the city and proclaiming a monarchy again. The Chinese papers print this suggestion, but as no Manchu leader has been forthcoming in the past six months, it seems hardly probable that one can be found now.

The killing of many who queue had been cut off, the attack on the Nanking delegates at the first cutting of the throat with the finger.

In Dread of Group

The inexperienced mother is always in dread of croup. There is seldom any warning until the child awakens at midnight with the hard, metallic cough and snaps frantically for breath. There is no time to go to a doctor; relief must be obtained at once. If you are not so fortunate as to have Dr. Chase's Syrup of Linseed and Turpentine in the house, cause the child to vomit with a spoonful of warm liquid or by tickling the throat with the finger. Then get Dr. Chase's Syrup of Linseed and Turpentine so as to prevent the more serious attack which usually comes the second night. This treatment is wonderfully effective for croup, bronchitis and colds in the throat or chest. Mothers who make a practice of always keeping it in the house find that they can depend on it in case of emergency.

CAT POISONING.

Editor World: There is somebody destroying valuable cats in the vicinity of Queen and Cameron-streets, either wilfully or thru scattering rat poison around the neighbourhood. I lost one a week ago—a champion rat, and now I have another fine cat alling the same way. There are others missing also. If the parties responsible should read this I hope they will be more careful where they place the stuff, as a good cat is worth keeping, besides that it takes too long in killing them—which is cruelty. Cat Lover.

CIVIC GUILD OFFICERS

J. B. O'Brien Was Elected President at Annual Meeting. At the annual meeting of the civic guild, held in city hall Thursday night, the officers for 1912 were elected. Discussion arose as to the length of time between meetings, and the executive will make arrangements to have them periodical. A bulletin has been published, showing the work of the guild in the past and also plans for its future consideration. The officers elected were: President, James B. O'Brien; vice-president, C. H. Mitchell; second vice-president, E. Burke; honorary secretary-treasurer, R. H. Dilworth; executive committee, Prof. G. T. H. Lloyd, J. B. Laidlaw, J. H. Mason, G. T. Stark, K. J. Dunstan, J. P. Hynes and W. Ford Howland.

Sunday School Conference.

The opening meeting of the Toronto conference, Sunday School and Epworth League Institute, at Metropolitan Church next Monday evening, will take the form of a young people's rally. A moving picture trip from Canada to Japan and up the Yangtze River will be the feature. Delegates from all parts of Ontario are expected to be present at the institute, which will last for four days.

\$3.50 RECIPE FREE FOR WEAK MEN

Send Name and Address To-day— You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, falling memory and lame back, brought on by excess, unnatural diets, or the follies of youth, that has cured so many weak and nervous men in their own homes—without any artificial help or medicine—that I think every man who wishes to regain his manly vigor, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of this medicine, secure what I believe is the quickest combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence, so that they may know what is weak and discouraged with repeated failures may send druging himself with harmful patent medicines, secure what I believe is the quickest acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quickly. Just drop me a line like this: Dr. A. Robinson, 202 Jackson, Detroit, Mich. and I will send you a copy of this splendid recipe in a plain, ordinary envelope, free of charge, to \$3.00 for merely writing out a prescription like this—but a 3c copy is entirely free.

The SIMPSON Store

# The Simpson Store Keeps Abreast of the Season

## The New Fashions for Women

The season of 1912 has shown many decided changes in the cut and embellishment of

## Suits, Coats & Dresses

Because of these changes it comes about that women are making more rigid demands than ever on their cloakmakers, which we are meeting. The garments chosen for Monday are excellent values; all goods of this year's nicest styles.

### An \$18.50 Suit at \$12.85

Women's smart suits made of imported English tweeds in green, blue, and grey. Coats are 25 inches long and shaded silk lined throughout; fasten with bone buttons, one-sided revers, collar neatly stitched; gored skirts with front and back panel, trimmed with small buttons. Make your purchase early, for at the price they will not last long Monday.

### Clearance of Dresses

For Women and Misses at \$6.95. Striped silk, satin foulards, Pongee silk, serge, and panama cloth dresses, plainly tion, Oriental bands, etc., high or semi-low collar with rounded or shaped yoke, 3/4 sleeves or long, with or without high waist-line. Skirts are correct styles, plain, semi-pleated, or panel effect. Regularly \$12.75, \$16.50, \$18.50 to \$21.00, for \$6.95

### Fifty Sample Coats

Best quality navy serges, reversible materials, grey and navy panama, Shantung silks and silk poplins in natural shades only, all designed after this spring's newest styles, straight or semi-fitting, one sided effects, pointed or rounded collar. Monday, \$10.35

### Free Fittings of the famous Bon Ton and Royal Worcester Corsets

Miss Hendricks, the noted fashion authority, will be with us in the Corset Department for one week more to advise ladies regarding correct corseting for the new spring styles of dresses and suits. Miss Hendricks will give free fittings of the celebrated Bon Ton and Royal Worcester Corsets, demonstrating their many superior qualities and beauties of design. You are cordially invited to consult her about any aprset worries you may have. Only one more week to do so.

### Ribbon Roses at 35c Per Dozen

Roses, made of satin ribbon, with foliage, have been more or less used this winter as a millinery trimming. For the spring the indications are that they will be used on the best hats. They are smart and attractive, either in bunches or in wreaths. We make them to order in any style, color, or size. Prices start at, per dozen.

Thirty-Six  
CITY'S W  
EMPERI  
Mayor of Water U  
Great Blocks of  
and Interrupts Tr  
Two Hours at  
and London Street  
Bathurst-street was studd  
a mile on Saturday. A  
main, at the corner  
Bathurst-street, bro  
eleven o'clock in the  
hurricane of water  
the roadway with yo  
then, rose three feet  
side to street side  
flowing in a torrent,  
flowing down to Bloo  
spread east and w  
down and down Bathu  
A door and Bathurst th  
the two bank block cella  
the whole of  
and flooded.  
The cells and basements  
were filled brimful.  
The water was phoned to the  
police, and both seem  
to be on the scene.  
The department had man  
in the sewers, beginning  
to carry off the flood  
for two hours the Bathu  
to detour west on Bloo  
After the flood had su  
location of the break attract  
spectators.  
A circle, 30 feet in diamo  
roadway, was upheaved and  
great slabs and fragments  
A citizen said he attributed  
to a defective pipe, and i  
inspection for the trouble.  
"A big bill of damages," i  
attention to the cost of repa  
Engineer C. L. Follows  
some of the break was at pr  
work. It might be on t  
from  
Reservoir Supply Imp  
Supt. Randall said to T  
World: "The break in the  
Bathurst-street will not  
private services at all. It  
of the 24-inch mains, thru  
water is pumped up to th  
"When we arrived we sh  
water at College and Bathu  
Depot. We could not do  
other stop-cock at Bloo-str  
the pipe.  
"It will not take long to r  
I expect, be ready for  
Monday. "If then the  
water be pumped up the  
roadway."
