German Advance Held Up by French From Soissons to the River---Rheims Still Holds Out and Germans Are Repulsed at Fort Pompelle---Many Positions Recovered by Allied Reinforcements---Naval Engagement is Expected Soon.

MAY NOT PRESS BEYOND MARNE **BUT DIVERT EFFORT WESTWARD**

As Soon as Enemy's Flank is Protected By the River Attempt Will Be Made to Swing Towards Paris.

French Army Headquarters, June 2. -On the western front of his salient the enemy continues his pressure over the great plateau west of the Crise Valley and southwards towards Deuilly on a front which is about six miles from the nearest sector, of the enemy line at mid-day yesterday

On the Marne the enemy holds the river bank for a distance three miles east of Chartereves and German transport wagons can be seen on the roads Marne. As soon as his flank is protected by the river his whole effort will doubtless be diverted in the direction of the west.

THE DAY'S EVENTS REVIEWED

Except in the Qurcq valley and near ville-en-Tardenoïs, where the enemy has made some gains, the battle in france has raged on almost stationary lines for the past two days. The promptitude of the French high command in forwarding the reserves has checked the enemy in many sectors, and every hour that passes sees he allies growing stronger. The memy has already thrown 50 of his pest divisions, or 650,000 to 700,000 men, into the fighting, and these have

Cedar Chests---Moth-Proof and **Dust-Proof**

Think of Their Usefulness For the Safekeeping of Furs, Scarfs, Woolly Coats, Velvet Wraps, Etc., Etc.—And Note Their Attractive Appearance.

OTHS IN ONE'S BELOVED FURS-terrifying thought! The white fox scarf and the squirrel cape will be wanted through the summer. They must be near at hand, yet safe from harm. Happy idea! A cedar chest-one of the nice-looking polished boxes that is ornamental as well as useful, and is ready to take its place in bedroom, sitting-room or hall. And not only for furs, but for wraps-your own and the kiddies'. These dust-proof, moth-proof chests are a boon to any household.

There is a special showing of them on the Fourth Floor—made of fragrant Tennessee cedar, all well finished, hand-polished and rubbed, fitted with air-tight lids, lock and key and casters. Some are in the form of window-seats. Thus:

A Triumph of Merchandising—Our Sixty-fifth Anniversary

HISTORY-MAKERS **AMONG MERCHANTS**

Murray-Kay Co. Celebrate Their Sixty-Fifth Anniversary.

SPECIAL BARGAINS DAILY

The Store Has a Long and Honorable History to Record.

It's a fine thing to look back upon a period of time, to vision the years and to find them laden with days employed in a service that has been the delight of several generations.

So long ago as almost to tax the memory of our oldest inhabitant, the foundation of the Murray-Kay business was laid by men whose personalities were the embodiment of integrity, vigor and enterprise, and who were imbued with a keen sense of dry goods values. The principles they ncorporated in the foundation of the businesses have been carefully followed by those into whose hands have fallen, in the succeeding years, the management of these enterprises, and no effort has been spared to preserve the traditions so well established.

When, in 1910, the two businesses were brought togetherthat of John Kay, Son & Co., established in 1848, and W. A. Murray & Co., established in 1853 -the amalgamation represented, combined, 119 years of merchandising activities.

The splendid service rendered by both stores in the distributing of goods of the very best qualities at fair prices has given them a place in public fave that has always been an inspiration and indeed a real reward, for while it may be the practice to measure the success of an enterprise by the number of fortunes it has made for its promoters, there is something else that is unpurchasable, and this something else is the reputation enjoyed by Murray-Kay, Limited.

Months Getting Ready.

Preparations for the celebration of our Sixty-fifth Anniversary have been going on for many months. Our department managers as long ago as October, 1917, began their search for good merchandise, and in the interim they have assembled a collection worthy of our traditions.

A reference to the advertised features will suggest that the prices at which this merchandise is being offered to the public would represent, under normal conditions, only a part of the true value, while under present manufacturing conditions the prices may conservatively be estimated as representing but a small fractional part of the cost of production today. Our display windows are filled with evidences of the most remarkable values we have ever had the pleasure of offering. We strongly recommend the public to watch these window displays from day to day and thus keep in touch with the bargain features as they are brought forward during the

Our selling force and general or-ganization are "keyed up" to handle this, the biggest event in our history, and we take this opportunity for say-ing to our staff of enthusiastic, loyal workers that we deeply appreciate the spirit of co-operation with which they are facing the activities of the coming week. They are rising to the occasion in a manner worthy of them-selves and their institution.

With Us For Years. The public may not be aware that we have in our organization a large number of employes who have been with us for more than a quarter of a century, and indeed length of ser-vice extends in some cases to more than 40 years. We are proud of these employes who have spent so large a part of their lives with us—that we have endeavored to make them comfortable in their positions needs scarcely to be said, for such long service would not have been given vice would not have been given if working conditions had not been agreeable.

With such a staff of eager workers the public may look with assurance for courteous service, and we have every confidence that our sixty-fifth birthday will be celebrated in a manner pleasing to all.

MURRAY-KAY, Limited.

Notes of Importance

Not a Tariff for Revenue.

Our customs receipts for May, 1918, show a startling drop from the high water mark of May, 1917. The official figures from Ottawa indicate that the customs receipts for May fell off some two million dollars, or more than ten per cent. The goods that came over the border paid a higher rate than ever, but less were imported.

It would seem that the increase in tariff rates which became effective May 1 checked the flow of imports into this country. That was no doubt its intention. The government is prepared to stand the loss in revenue for what seems to be sound economic reasons. Indeed, it is intimated that an absolute embargo might be placed upon many imports from the United States, if no other way can be found to redress the balance of trade.

The point to remember is that rais ing the rates of taxation does not necessarily increase the amount of revenue. Food Waste and Food Control. When the food controller's department goes out seeking approval for its methods and boasting that it has vigor. Of course there is some waste and loss by spoiling in all stores. Fresh fruits and vegetables always have faulty, tainted, or bruised portions; but these returns do not refer to such losses. It is the wholesale losses where barrels of apples, vegetables by the ton are sent to the crematories because prices are too high for the public to buy. The food control department is dead set against controlling prices, and it does not appear to be open to reason or infornation on this subject. Editor World: In trying a recent case, Major Brunton of the York County Police Court made the following comment to the defendant: 'You, like all Englishmen, think you are king of the castle, and expect on a flip of your fingers for a woman to get on the pit of her stomach." (See Telegram of Tuesday the 28th inst.)

If the "gallant" major is reported correctly, then I hasten to suggest that he is not a fit person to hold any responsible public position. For af his philosophy then may Heaven help the poor unfortunate creatures sum-moned to appear before him. This is said in all sincerity, and not flippant sense. I do not know what nationality Major Brunton claims -and neither do I care-but if those remarks are the limit of his common sense, then I thank goodness that i is not the same as mine-and I'm English. The feeling between old country born and native-born is none too good at present. The Montreal papers are anxious to have this brought about and the Toronto papers, or many of them, seem to be quite indifferent about the matter. The Mail, The News and The Telegram do not seem to even know that the government is going to take possession and active direction of the Canadian Northern within a few days, and are going to link it up with the government railways

THE WOMAN WHO CHANGED

BY JANE PHELPS

When Love Asserts Itself.

CHAPTER XCVII. I never shall forget my sensations when I so nearly drowned I was a good swimmer, and never hesitated to go even farther out than George, who swam indifferently. I went down, down, down! The water not only seemed to close over me, but it seemed to wrap me round and round, like a great sheet. Twice this hap-pened, then I felt myself lifted up in strong arms, after which I knew more until I opened my eyes and found myself lying on the beach, with George bending over me, chaff-ing my hands, and one or two others trying to help bring me out of the unconsciousness into which I had

"You get home immediately!" he said. Then followed directions as to

what he should do. For the first time, I noticed that George was shivering violently. "You need care more than your wife does."

One of the early bathers had gone for a car, and we were helped into it and taken back to the hotel. Celeste got me to bed, but George refused to do as the doctor ordered, and sat in a chair beside me. He kept hold of my hand until the medicine the doctor gave me took effect and I slept.

George was ill from the effects of the strain. About three o'clock, I was called to the telephone. It was Merton Gray.

"I have just heard," he said. "You are all right?"

"Right as can be, but Mr. Howard is quite ill."

But before I closed my eyes, he told me he thought he had lost methought that he never could get me ashore. Just once, he leaned over and laid his face to mine.

FOOD RESTRICTIONS IN GREAT BRITAIN

Materials Used in Alcoholic Beverages Are Greatly Reduced.

New York, June 2.—The amount of materials annually used in the United Kingdom of Great Britain for the manufacture of alcoholic beverages has been reduced from 1,856,000 tons before the beginning of the war to 512,000 tons at present, according to a statement issued here by the British

Pictorial Service. All the materials now being used for this purpose, it is stated, are util-lized in brewing beer. "During the past year," the memorandum says, "no manufacture of spirits for human con-sumption has been permitted and ne further manufacture is at present con-

templated."

It is pointed out that about one-third of the materials used are not of a kind that could be used as a human food, and that about one-quarter to one-third of the weight of the original materials is recovered in the form of brewer's and distiller's grains, malt combings for cattle food and in the form of yeast for preparing human food.

Cudgel By One Length Wins Kentucky Handicap

MONDAY MORNING JUNE 3 1918

A Length Back Pif Jr. Beat Hollister in Drive for Place.

Louisville, Ky., June 2 .- Carrying top veight, 182 pounds, J. K. L. Ross' Broom-stick-Eugenia Burch colt, Cudgel, rid-den by Jockey L. Lyke, and the favorstick—Eugenia Burch colt, Cudgel, ridden by Jockey L. Lyke, and the favorite in the betting, won the sixth running of the Kentucky Handicap at Douglas Park Saturday in handy fashion, A length back R. L. Baker & Co's Pif, fr, and A. K. Macomber's imported colt Hollister fought it out for second money, with Pif, ir., setting the decision by a narrow margin. A length and a half behind Hollister, Arriet, E. W. Moore's imported mare, led the remainder of the field. The race was at a mile and a quarter for three-year-olds and was worth \$12,000 to the winner, \$1500 to the second horse, \$800 to the third and \$400 to the fourth.

The time for the race, 2.03, was within one-fifth of a second of the track second for Douglas Park, made by Luke McLuke. It might have been cut a fraction of a second, but for a shower which came up just as the start was being made. King Gorin, winner of the handicap last year, given an impost of 112 pounds, refused the issue.

The start was driving. At the quarter mile Midway led by a length in front of Hollister, Cudgel and Arriet in the order named. The Parrish colt continued to set the pace at the half mile, but at the three-quarters Hollister moved up and made his bid, leading Cudgel by a length, which was in front of Arriet and Midway. In the stretch Lyke straightened out Cudgel and set sail for the wire, gradually gaining until he had widened the distance to a length at the finish from Pif, jr., which was a head in front of Hollister.

FIRST RACE — \$800, two-year-olds, 15 fer and 100 picked the distance to a length at the finish from Pif, jr., which was a head in front of Hollister.

WAR AND WOMEN

By DOROTHY DIX The World's Highest Paid Woman Writer.

A friend of mine has recently gone to live in a hotel. A few days after she took up her residence in the hostelry a chambermaid said to her:

"Please ma'am, may I ask if you are an ordinary lady or a war lady?"

"I have two sons at the front, and am very much interested in war work." replied my friend, "but what is the difference between an ordinary lady and a war lady?"

"An ordinary lady." replied the

The two two sons at the from, and many surpressed in war work. Treplied my friend, "but what is the difference between an ordinary lady and a was lady?"

"An ordinary lady," replied the chambermaid, out of her vast knowledge on the subject, "is a lady what has her breakfast in bed, and don't get up until eleven o'clock, and a warlady is a lady what gets up in the grill at eight o'clock, and hustles out to work like a man does."

"Now there's Mrs. Blank in 911, whose rooms I've been making up for four years. In all that, time I never flow her to get up before eleven o'clock, and she always took her breakfast in bed, and now she's a warlady and she gets up at half-past seven and goes down to the Red Cross and she don't get back until five. TURNIPS.

This is the week to get Swede turnips planted. They do best in good loam soil that is retentive of moisture. Like most of the root crops, they develop best during the damp, cool fall weather and the advantage of late seeding is that they make little growth during the hot summer months. They develop a succulent tissue in the fall, however. If planted too early Swede turnips are very liable to be checked in their growth during the hot weather, developing a root containing much fibre and lacking in quality.

The turnip rows should be from 12 to 18 inches apart and three-quarters of an inch deep. They should be thinned to about three inches apart, The small white varieties are sweeter for early use. The others need frost aad can be stored in the same manner as carrots and beets. TURNIPS.

CAR IS SMASHED.

Driver Under Arrest, Wife and cother Woman Shaken Up.

On a charge of being drunk while in charge of a motor car, Aiphonso (Danico, 749 St. Clarens avenue, was taken into custody by the police last night.

The charge arose out of an accident which occurred at 6.10 yesterday evening, when Danico, who was driving on College street, tried to turn his car north into Queen's Park. Was that by a street car while nedeavoring to make the turn. His wife and one other woman who were in the car were thrown to the pavement and were taken into the General Hospital. They were not detained, however, as they had merely been shaken up. The car, which was of light construction, was badiy smashed.

THE ANNUAL CONVENTION of Toeonto District Woman's Christian Temperance Union opens its first session tomorrow morning, Tuesday, June 4, in Willard's Hall, Gerrard street. Consecration service will be taken by Mrs. J. H. S. Kerr and Dr. Margaret Patterson promptly at 10 o'clock, followed by general business of the day. Mid-day prayers will be taken by Mrs. E. Evans and Mrs. Kennedy. All ladies cordially invited to the day sessions. Tuesday evening session, to be held in St. James' Square Presbyterian Church, will be open to the general public. Mrs. F. C. Ward, district president, will preside. At 7.45 an organ recital by Miss Alma B. Allen, L.T.C.M. Recitations by Mrs. Jean Blewett; soloists, Miss Ada Rose and Miss Underhill, A.T.C.M.; Miss Catharine Reid, violinist. Mrs. Gordon Wright of London, president of Dominion W.C.T. Dr. Forbes Godfrey declared that the publication of seven newspapers in Ontario printed in the German language and the incidents in North Waterino during the federal election showed the powerful influence of the Hun in Ontario. Altho his bill to abolish German in the high schools and colleges went by the board, he was more than ever convinced that it was right, and he had been assured that the study of German at the universities would at least not be continued as an obligatory subject.

Dr. Milary said that now the agitation to abolish German in the educational institutions had been begun it must continue until it succeeded.

Volume That Means Value

ONLY through vast production can a quality product be sold at a moderate price.

Eight years ago Goodyear No-Hook Tires commanded a much higher price than popular brands. For Goodyear production was small. Each year since then Goodyear Tires have rendered increased service to motorists.

The motorists of this continent were not long in appreciating that Goodyear Tires are manufactured on a basis of high ideals. Their appreciation has been expressed in a demand that to-day makes Goodyear the largest selling tire of the world.

This gigantic volume allows a saving in Goodyear products that insures a meas-

ure of value impossible to achieve through any other means.

It enables motorists to keep down the cost of tire-miles in the face of increased labor and material prices.

. And it has enabled Goodyear to add yearly millions of dollars to the quality of a product already amazingly and uniformly good.

In ideal weather the inaugural ceremonies for the season of the Toronto Vacant Lots Cultivation Association, which is under the direction of the Toronto Rotary Club, took place at Dunlop's field, Jones avenue, Riverdale, on Saturday afternoon, when the first seeds (beans) were officially planted with fitting ceremony by W. H. Alderson, the president.

An auto parade took place prior to the ceremony, starting from the King Edward Hotel, and proceeding thru the principal streets to the grounds. The members of the organization, with their wives and children, were accompanied by A. R. Clarke and Company's boys' bugle band. Moving pictures were taken of the proceedings. A program of races and other events were carried out and prizes awarded.

The chairman outlined the growth of the organization from a few lots cultivated at the commencement to the large number of 1730 under cultivation at the present time.

George Baldwin, superintendent of the Rotary Club, and others took part in the ceremony.

FELL BETWEEN CARS.

Guelph, Ont., June 2.—A fatal accident occurred at Elora Saturday morning, when a trainman on the G. T.

R., named Deible, who resides at Holstein, Ont., was run over by a freight train and instantly killed. Deible had been coupling cars on the freight and had climbed on to the last car. He was walking along the top and lost his balance between the last two cars and fell between them.

The Boys' Club of Beech Avenue Methodist Church had an outing in the woods on Saturday afternoon. They were taken in automobiles by members of the church to stop 33, on the Kingston road, where they spent a most enjoyable afternoon, after which refreshments were served, which were disposed of in true boyish style.

RETURN TO GOD WILL BRING PEACE OF MIND

"Peace, perfect peace" for nation as well as individual, can only be had by centring thoughts on God. Such was the substance of a sermon yesterday moyning by Rev. A. P. Addison at Beech Avenue Methodist Church, He said it was true today as when Isaiah wrote, "God will keep in perfect peace the mind which is staid on him." The pictures shown three years ago of "Britain prepared" gave us an idea that the might shown by her powerful fleet and other forces could bring peace to the world, but it failed, and the peace which the world was willing to pay a big price for could be had by a return to God, said the minister. The people in olden times when their country was overrun by enemy troops thought more of a reconciliation with God than what would happen to their country. Mr. Addison declared there was a decided spirit of unrest that was almost tiniversal among workingmen, business men and even the Great War Veterans' Association. But there were also people who seemed to radiate peace even in the midst of poverty and they were the people who mositoften thought about God. If people would only get the habit of thinking about God many of their difficulties would be smoothed away. "Christ is the magnetic needle by which a man can tell whether he is out of the true course," he said. "Only those who fight on the side of God will achieve final victory."

SOME EARLY BATHERS. Large Crowds Along Shores of Lake in East End.

The fine weather of yesterday brought out a holiday crowd to the Beaches. Every available craft was on the water, and the people along the beach were as thick as bees in a hive. Hundreds of picnic parties were observed along the banks; the children were paddling, while some of the older people ventured a dip in the rather cool water. There was an enormous crowd at Scarboro Beach Park listening to the concert given by the Royal Grenadiers' Band under Lieut. J. Waldron, Patriotic selections were decidedly popular with the audience.

The picnic grove in the éast end of Scarboro Beach Park was crowded also with picnickers.

GROCER'S HORSE KILLED. Friends in Neighborhood Present R. J Edwards With Another One.

"Altho not speaking officially for the association I think the parks should be closed at 10.30 p.m. each evening and be also properly lighted and police controlled," said J. A. Wiederhold, secretary-treasurer of the Danforth Ratepayers' Association, who added that the matter would be brought up for discussion at the next meeting of the association.

SWITCH ALMOST COMPLETED. Civic Officials Expect Danforth Cars to

It is expected by the civic officials that the new switch in course of construction for the past three weeks for the Danforth avenue civic car line, at the Broadview end, will be completed this week, and the cars will start, as formerly, from the terminus, opposite the Playtorium Theatre.

Theatre.

The alteration was made in connection with the changed conditions to be brought about with the opening of the Bloor street viaduct, when the Toronto Street Railway cars coming over the viaduct from the city will cross Broadview and continue along Danforth avenue to within a few feet of the civic cars.

DANFORTH METHODIST SERVICES.

Rev. Ryerson Young, Orangeville, was the preacher at the morning service in Danforth Avenue Methodist Church, Dan-forth avenue, yesterday, and Rev. J. R. Alkenhead, Richmond Hill, officiated in Rev. TO ASSIST THE FRENCH.

A special collection was taken up at Danforth Baptist Church Sunday school yesterday on behalf of the French refugees, which will be forwarded to the Friends of France Association. Rev. M. A. Maclean, pastor, pointed out the urgency of sending help to these people who are being sent into Switzerland in thousands from Germany at the present time. "Thirty-five thousand French refugees were dumped into Switzerland within the last six weeks," said Rev. Mr. Maclean, "and the condition of the poor people was terrible, with scarcely any clothing to cover their bodies, and the bones protruding thru the skin from starvation. Thousands of them are suffering from awful diseases, brought about thru the unsanitary conditions they existed under while in Germany."

the collieries must deliver within the next three months. There ought to be a sufficient quantity for everyone if ordered in time. Sensible people take precautions, but there are many who are indifferent, and it is this class who suffer," said Mr. Oliver.

Second Strip of Concrete Roadway ball on Danforth Avenue,

The work of laying the second strip of concrete roadway on the south side of the Danforth avenue approach from the viaduct to Broadview, commenced on Saturday, and good progress was made. The strip on the north side of the roadway is finished, and everything is now in readiness for the laying of the ralls, which are daily expected.

Work on the Rosedale side in laying water mains still continues. The men from the waterworks department worked all day Saturday. The progress on this side is slow, not more than about fifty men being employed,

CORPUS CHRISTI DAY.

The feast of Corpus Christi was observed in all the Catholic churches thruout the city yesterday. Sermons appropriate to the feast were preached at all the masses and the evening service at the Holy Name Church, Moscow avenue, Rev. M. Cline, pastor, announced that by order of His Grace Archbishop McNeil a tag day in all Roman Catholic churches would be held next Sunday on behalf of the Carmelite Sisters, under whose care are placed the foreign waifs and strays of the city.

RIVERDALE PARK CROWDED.

The bright sunshine and brilliant summer weather of the last few days brought out the people of the Riverdale-Danforth districts on holiday bent. Riverdale Park was crowded with visitors, and motor and vehicular traffic was enormous, and street cars carried capacity crowds.

THE TRUE TEST. Rev. T. H. Rogers Preaches in Emanu Presbyterian Church.

The true test of a Christian is his love of Christ, declared Rev. T. H. Rogers of Emanuel Presbyterian Church, East Toronto, last night. It was a difficult matter to tell who was a Christian; the people today did not know if their own minister was a Christian, nor did the minister know if the members of his congregation were Christians, The chief test of a religion was its power to produce saints, and saints were produced by love and devotion to Jesus Christ. "If we had any gratitude for Christ's love for us, we should show it in personal service to Christ," he added.

ORDER YOUR COAL EARLY.

Coal Dealer Gives This Advice to People in East End.

A word of advice was given to the people of the east end regarding securing their next winter's coal supply by Edward Oliver, manager the Dominion Coal and Wood Co., Ltd., Danforth avenue, in course of conversation with a World reporter og Saturday. He said: "I would strongly urge the people to get their winter soming slowly, and I think the rail-roads are holding up supplies in order to charge the new increased freight rate. perfect of the troops was directed by Cp

ST. LAWRENCE AND NORTH TORONTO MARKETS.

There was an extremely heavy attendance at the markets Saturday, the wagon section of the St. Lawrence being filled to overflowing, bedding plants of every description. Ferns, flowers, etc., being especially plentiful.

Butter.—Butter slumped materially in price and, tho there was a very small quantity sold at 55c per lb., and slightly more at 52c, the bulk opened at 50c per lb. and was such a slow sale it soon dropped to 48c, then to 45c, while late in the afternoon there was quite a quantity offered at 40c, and some at 35c per lb.

Eggs.—Eggs were a little firmer, a few extra choice large ones going at 50c per dozen, some at 48c, and 47c per dozen; the bulk, however, still going at 45c per dozen, some at 48c, and 47c per dozen; the bulk, however, still going at 45c per dozen, some at 60c to 75c per lb. Fowl was plentiful and generally so large it did not meet with a very active demand, ranging from 40c down to 33c per lb.

Graig—

St. Lawrence being filled to clipt season and the price steady; \$7 co \$15.

Hogs.—Receipts 250, steady; \$7 co \$15.

Buying Becomes Active on Profit-taking Basis at Chicago.

Chicago, June 2.—Week-end evening up by shorts made prices of corn Saturday average decidedly higher. The finish, tho, was unsettled, ranging from 1%c. net decline to a like advance, with June \$1.30\% and July \$1.32\% to \$1.34. Oats gained %c to %c to 1c and provisions 25c to 75c.

It was evident almost a

gained %c to %c to it and provisions 25c to 75c.

It was evident almost from the outset that the corn market temporarily had been put in an oversold condition. After a slight dip at the opening prices responded quickly to buying, which seemed to be nearly altogether of a profit-taking sort. Bulls, however, professed to be encouraged by signs that congestion in the east was clearing up, and that demand from there might again become a factor. The fact that arrivals for the week were less than half of the total of a year ago was also a strengthening influence. Notice was taken, too, of the smallness of the percentage of good corn received, whereas buyers were eager for the choice grades. Nevertheless, several large houses became active sellers toward the last.

Export business helped to lift the value of oats. Besides, temperatures in Canada were again unfavorable for crop progress.
Provisions ascended with grain and hogs. Receipts of hogs were less plentiful than had been looked for.
