WAR SUMMARY THE DAY'S EVENTS REVIEWED

(Continued From Page 1.)

ments to the Dobruja front, and they have devoted their energies mainly to the defence of the more important northwestern and northern fronts.

Concerning the operations on the Rumanian front, the military correspondent of The Outlook, a London journal, says that Rumania was brought into the war at a time suitable to the allies, and that her part was to raid Transylvania in order to divert German forces from the Carpathians...

In France the British army spent the past two days in pushing forward its lines north of Les Boeuys, upon the low heights which the maps show, southwest of Le Tréhory, while the French, at the same time, extended their front in the region of Sailly-Saillat, upon the same village of Le Tréhory...

Fuller information from Verdun shows that in their grand attack last week the French destroyed 31 German battalions and took 5100 prisoners at a loss to themselves of only about 1700 men killed and wounded.

On the Russian front the lines of the enemy in Volhynia were investigated by several strong reconnaissance parties, according to Petrograd, the Germans aver that after an intense bombardment all along the line, the Russians attacked a wooded area and were repulsed.

On the front north of Salonica the French fought a brilliant action, and they captured Gardolovo, a village in the vicinity of the Cerna River, and a also fought local actions and took some Bulgarian trenches in the region north of Ormanli.

So Close To Nature

Can we come to matching the living eye with an artificial one that observers cannot tell the difference? This is a great stride in science and we believe that we lead in expert artificial eye work.

Suggestions in Furnishings For a Cosy and Artistic Living-room

Planned Remembering Always the Great Morris' Immortal Advice

"Have Nothing in Your House That You Do Not Know to Be Useful and Believe to Be Beautiful."

A LIVING-ROOM that is really livable—isn't it the dream and delight of every man or woman, with a love of home and sense of the beautiful?

But its accomplishment is often a problem. So here is suggested the basis of a simple scheme, of furniture and furnishings, all chosen with a view to their harmonious possibilities—furniture in various styles, quite in keeping for the same room, despite the fact that some of it is in mahogany and some of it in walnut. Prominence is specially given to the usefulness and decorative value of some of the "trifles of furnishing," so to speak. And here, too, is a fruitful field for those who are already considering the subject of Christmas gifts.

Breathes there a woman who wouldn't delight in just such a workable as this? Its top slides open to reveal a most capacious receptacle for work, and all the multitudinous small articles of the needlewoman's equipment—spools, scissors, thimbles, etc.—can be accommodated in the small drawers at the side. It is made of mahogany, and its price is \$11.50.

At Hampton Court Palace you may see a chair, very like that above, in which Queen Anne herself used to sit and sew. It is quite a comfortable height either for sewing or writing, and is, moreover, a most decorative piece of furniture, with its old blue and black striped velvet covering and the simple, graceful lines of its dark walnut frame. Price, \$17.50.

You may be charmed with the quaint design, but you'll certainly fall in love with the exquisite colorings of the printed linen which forms the curtains (right). The background is a parchment shade, and on it taupe storks wander amid the bamboos and pomegranate trees with purple pink fruit and flowers or powder blue islands. The price is \$2.50 a yard.

The movable lamp that is a necessary part of the equipment of all cheery modern living-rooms? Behold it here, with a shapely slender stem of mahogany and a solid substantial round base. Its price is \$14.50.

A pretty shade, that conforms to the shape of the lamp and is designed to throw the light down, may be obtained in printed linen to match the curtains, edged with silk fringe and trimmed with gold galloon. Price, \$8.75.

Comfortable as many springs, soft downy filling, and good construction and workmanship can make it is this "honey" shaped Chesterfield. And its undulating lines most assuredly suggest its appropriateness in a recess or a big bay window such as that which our artist has sketched. It measures 7 feet and covered in green denim is \$62.00, in shadow cloth or tapestry, \$70.00.

A little stool to put your feet on when you are sewing or knitting or reading (and when you don't want it yourself, the children will love it, to sit upon), you will find a most valuable addition to your comfort. The one sketched (left) is prettily shaped, its mahogany frame quite in keeping with the rest of the furniture, and it is covered in green denim. Price \$8.75.

For a picturesque chair that is comfortable without, how would this, on the right, meet your need? It is of dark brown walnut with the prettily turned legs, characteristic of Queen Anne and William and Mary furniture, and its cane paneled wing back and tapestry covered spring seat will recommend themselves to the comfort-loving as well as the aesthetic. Price, \$18.00.

Looking ready to spring off its rock at any moment a beautifully modelled tiger in bas relief ornaments the vase of Japanese bronze (on the left), which apart from its decoration is classic in its symmetry and beautiful proportions. The height is 15 inches and the price \$15.00.

For the litter of magazines, newspapers or even of much-used music that accumulates in any lived-in living-room what better or prettier receptacle could one require than the cane paneled stand above? It is made of walnut and shows the cup-turned legs of William and Mary design. The price is \$10.00.

Some of the Tuesday Specials

Men's Hats, 95c

Wool felt Fedoras, several crown shapes, flat or roll brims, and raw or bound edges. Grey, blue, green, or brown. Sizes 6 1/2 to 7 1/2. Reduced price, each, 95c.

Books, 15c Each

About 1,000 books in all, the remainder of many lines and samples from a publishing house, most of them are slightly soiled. There are technical books, books for boys and girls, libraries, educational books, books on the war, and the hundred and one kinds that make up a first-class publisher's lines. Price, 15c.

Wash Fabrics, 7 1/2c Yard

For this item we cannot take phone or mail orders, the quantity being limited. English Galateas and Gingham and English and Canadian Prints, dark, medium, and light grounds, in stripes, checks, dots, and neat conventional designs. Tuesday, per yard, 7 1/2c.

Some of the Tuesday Specials

Women's Petticoats

Factory samples made by our designers as Spring 1917 styles. Included also are 125 tartan plaid saten petticoats, in a big range of colors. Materials, satena, heat the bloom moirette, moire, poplin, taffeta, Jersey. Half-price for an early special. Tuesday, 37c to \$3.15.

Women's Blouses

Collected from higher priced lines, and marked away down for Tuesday because they are slightly soiled. Messaline, Habutal, and paillette are the styles in a variety of styles. In black and white, and a few in colors. Early special, Tuesday, \$1.19.

Women's Serge Suits, Tuesday, \$7.25

The serge alone would ordinarily cost more, without considering linings and trimmings. The suits are all marked at a figure which is less than the actual cost of production. Two smart styles, one a Redingote coat, with half belt and collar braid, trimmed, interlined and lined with grey serge silk. The other a button-trimmed coat which is slightly fitted at waist, rippling beneath, well lined with Venetian cloth and interlined in an excellent quality of navy or black serge. Tuesday, at \$7.25.

It suggests itself as a sofa end-table this graceful little one of walnut (above), but it might quite as appropriately be used against the wall. Its proportions are good, its construction excellent and its price is \$23.00.

Who but the Japanese would have thought of putting printed parchment between the lining of white silk and the outer covering of taupe brown silk, to make the graceful design seen on the lamp shade sketched? Its edges are bound with black and gold to match the stand and the price is \$2.25.

The stand itself, a most graceful affair, in black enamelled wood shows on its stem a typically Japanese water scene—boat and all in antique gold with a hint of red—and the price is surprisingly low at \$8.25.

A revolutionary idea in book stands, the one on the left, of mahogany. With its little compartments to prevent the books from falling about, and a drawer beneath which will hold papers or pens, it would be a splendid size to keep upon your writing table. Price, \$6.50.

Very much of the period of Queen Anne is this walnut table (left) which with its drawers and knee-hole front might be termed a writing table and whatever the use to which it is put, must always be classed as a userful table. The paneling is simple but decorative, the wood is beautifully marked and the drawer handles are of antique finished brass. Price, \$65.00.

In The Personal Service Department

Is a staff of trained shoppers who will select for you any of the articles described on this page, if for any reason you cannot come to the store yourself.

Pheasants with beautiful jewel-like plumage, and huge outspread tails perched among the flowering branches of a wondrously fantastic tree, decorate the china vase—at the end of the mantelpiece—a vase that is a study in orchid shades, terra-cotta and greenish blue on white. Its height is 12 inches and its price, \$6.

Besides its clearly marked easily readable white dial and its beautiful simple lines, this man-of-clock of mahogany has much to recommend it—notably its reliable works. Price, \$14.00.

The cheery gleam of brass (and picture it reflecting the red light in a glow of fire) is supplied by these fireside fixtures: Brass "huber" coal scuttle. Solid substantial looking fireirons—tongs, shovel, poker and hearthbrush on a stand for \$14.75.

The dear little pierced brass trivet in the foreground, Price, \$2.50. The simple brass dogs with ball ends. Price, \$7.50.

Just protruding one of its mahogany legs and a portion of its green, denim covered, spring seat into the sketch, is one of the new square, English fireside stools. With its loose, down filled cushion it is, for all the world, like a backless and armless arm chair. Its price is \$28.75.

FRENCH ADVANCED WITH LITTLE LOSS

(Continued From Page 1)

the arrival of French reinforcements, which makes the entire surrounding ground unhealthy owing to its random nature. On the other hand, from the crest where the correspondent was stationed, the hill slopes on opposite sides could be seen covered with the dead bodies of Germans who had been caught in the hub of French shells when they were endeavoring to come to the support of the front line.

How completely the story of Tuesday (Oct. 24) may be gathered from the capture by the French of 100 unrounded German battalion commanders of the 7th Prussian Grenadiers, 108 other officers, 500 non-commissioned officers, 4500 men and more than 100 machine guns.

Thirty-one German battalions from 19 different regiments, occupied the front line when the battle opened. At the end all these had been destroyed or captured, at a loss to the French of casualties amounting to only about one-third the total number of prisoners.

Douaumont itself suffered more from the French than the German artillery, three great shells from a French gun having struck in precisely the same spot. The honors of the capture fell to the colonial infantry from Morocco.

The rapid French advance and the victorious attack over ground such as surrounds Douaumont, is one of the wonders of the recent battle. Had anywhere else on the front it just mud, here it is the strongest trenches and other methods of defence and approach are non-existent. The only shelters for the troops are deep shell-holes in the muddy mud.

Still, the five miles of advancing French infantrymen traversed the ground up the tops almost as on a parade. Scarcely a head shot was fired during the battle, which was won by the big guns and bayonets. A French aeroplane bombed the infantry at an altitude of only 130 feet and kept the general in command informed by wireless of every phase of the struggle. Warfare emerged from the battle unscathed.

ALLIES' ARREST TEUTON MARCH

(Continued From Page 1)

from the Roumanians report that bad weather is preventing operations in the Buzeu Valley. At Tulgheas and Blac, artillery bombardments continue. The situation remains unaltered in the Frotus Valley on the Franco-Italian frontier, and at Table Butzi, Bratocsa and Predaus.

In the Uzal Valley the Roumanians assumed the offensive, repelling the Germans, and took 10 officers and 900 men prisoners.

The Roumanians have also captured Dolto-Gereliu mountain in the Buzeu Valley, in the southern valley created by a curtain of fire a German attack which was advancing thru the Giabouctai-Baluhnu mountain of Aruga, and they have occupied Mount Unghtiaru.

In the Dragoselva region north of Kimpoung, the Roumanians have repulsed attacks towards their center and their right wing, and they have made progress on their right wing.

In the region of Orsova they repulsed violent attacks of the enemy at Verese, Varful and Cococul. The Germans continue to claim that they are making further progress against Roumania in the region south of Kimpoung, and in the southern direction of Kimpoung. They thus do not claim that they have reached Kimpoung, as their wireless reported on Saturday.

THE WEATHER

Observatory, Toronto, Oct. 29.—(9 p.m.)—The weather of today has been fine in all parts of Canada, except near the coast of British Columbia and near Sault Ste. Marie, where rain has fallen. The temperature has been fairly high everywhere, and especially so in southern Ontario.

PLAYS, PICTURES AND MUSIC

"HIS BROTHER'S KEEPER." Am I my brother's keeper? This is one of the questions that Robert Edeson asks to answer in "His Brother's Keeper," the new Lyle D. Andrews production, which inaugurates a week's engagement at the Alexandra Theatre tonight, in which the play will start on Tuesday after three years spent in the pictures. His answers and the circumstances that bring them about are mighty interesting, and at the same time absorbingly entertaining. During the week the regular matinees will be given on Wednesday and Saturday.

HOBSON'S CHOICE. The seat sale for "Hobson's Choice," that delightful blend of romance, fun and quaintness which delighted New York for six months at the Comedy Theatre, and which will be seen here at the Royal Alexandra next week, will open on Thursday morning.

"FAIR AND WARMER" AT THE GRAND. Madge Kennedy and the big New York cast, identified with the success of the famous farce-comedy hit, "Fair and Warmer," will be seen in their original roles at the Grand Opera House this week. The story tells of the adventure of a stay-at-home young husband and a quiet little wife (not married to each other tho), who decide to go to the Grand Opera House in order to arouse the interest of their respective wife and husband, the latter not believing in staying home at night, while the cabarets are running wild.

REGENT THEATRE. The feature attractions at the Regent today, tomorrow and Wednesday, will be the great new star, Lenora Ulrich, in "Intrigue," Canadian troops leaving for the front, and a screen comedy of the Christie series, entitled "A Seminary Scandal." Mutt and Jeff in an aeroplane. The Regent graphic of latest news events, "Louise Robb in organ recitals, and fine orchestral music complete a bill of exceptional merit.

MADISON. Commencing this evening, the internationally famous dancers, Maurice and Florence Walton will appear in a rather remarkable drama, "The Quest of the Golden Ring," which is of importance is laid upon the dancing capabilities of the stars, the picture is more than a mere exhibition of dancing. This picture is produced by an exceptionally well drawn plot.

Mr. Charlotte Ellen Austin Dead in Eighty-Third Year. Mrs. Charlotte Ellen Austin, widow of the late James Allen Austin, passed away yesterday at her home, 125 Balmoral avenue, in her 83rd year. Mrs. Austin was born in Portsmouth, England, but for the past 58 years had resided in Toronto. She is survived by three children, George B. Austin, Mrs. Geo. C. Taylor and Mrs. Arthur Meredith; twelve grandchildren and one great grandson, and one sister, Mrs. White, of Romford, England.

LEWIS. "The Telephone Tangle," a clever and unusual comedy, by Charlotte Bannell, will be the headline offering at the Grand Opera House. The individual ability of Joe Bennett, one of the best Hebrew comedians in America, is largely responsible for the many laughs in the act. An added attraction will be Charles B. Lawlor and his daughters, Mabel and Alice, in a series of their own character compositions, and Ella Kaestner, presenting their minstrel comedy, "The Willing Worker."

Other acts will include Kubanoff, the celebrated Russian artist, and the three Dolce sisters, vaudeville's daintiest singing trio. Theda Bara, the international screen actress, assisted, will be featured in a five act photo production, "Shapsher's masterpiece, "Romeo and Juliet."

SHEA'S. Commencing with a matinee this afternoon Shea's Theatre will offer an all-star bill for the present week headed by "The World of Dancers," the greatest terpsichorean organization in vaudeville. In "All Fun," Tom Smith and Ralph Austin offer a sparkling melange of music and comedy. Edna Little Marion Weeks, has an exceptionally pleasing voice. J. C. Nugent and Company present vaudeville's newest play, "The Three Kings," which will feature a harp interlude, Fairley, Hall and Brown; Kenney and Nobody; Kane Brothers; and feature film comedies complete the bill.

HIPODDROME. The Hippodrome this week presents Douglas Fairbanks, talented "Triangle"

Water takers are reminded to pay their water rates early, and to secure the full ten per cent. discount payment must be made not later than Oct. 31st. Water rates may be paid at branch banks throughout the city, at the west branch city building, Keele street, or at the city hall. War stamps must be affixed to all cheques.

CHARGED WITH HAVING DRUG. John Evans and Walter J. Mulka of 64 1/2 Shuter street, were arrested late Saturday night by Plainclothesman Scott, on charge of having morphine on his person.

Had Chronic Indigestion Thought She Would Die After Years of Suffering Attributes Cure to Dr. Chase's Kidney-Liver Pills.

Eating too much or using foods that do not agree, are the usual causes of indigestion. Trouble usually begins not in the stomach, but in the liver, since it devolves on this organ to filter the excess waste matter from the system.

Now, since Dr. Chase's Kidney-Liver Pills are the greatest of liver regulators, it naturally follows that they are unexcelled as a cure for chronic indigestion.

With the liver, kidneys and bowels active, the poisonous waste matter is quickly removed from the system and there is nothing to interfere with the natural and healthful working of the organs of digestion. In this way you can lastingly cure indigestion.

The Hon. H. A. Alford Nicholls, M.D., M.C., Mrs. Nicholls and Miss Nicholls are making a short stay in Toronto and have taken apartments at the Westminster. Dr. Nicholls, whose home is in Dominio, West India, is a brother of Lieut.-Col. Frederic Nicholls.

The tea and sock shower which took place at Mrs. Booth's house in Chestnut Park road on Saturday afternoon proved successful beyond all expectations. There must have been quite 500 people present, who brought a large number of gifts. A very charming musical program also under the direction of Mrs. Wallace Barrett and Mrs. M. J. Barrett. Mrs. Booth, Mrs. Wata, Mrs. Barrett and Mrs. Wootley being the performers. A very enjoyable evening was spent by Mrs. Booth, Mrs. Wata, Mrs. McKee and Miss Vera Barber in charge of the cake and candy. The large sum of \$500 was taken in, so that the Red Cross auxiliary of the 1918 Battalion (Canadian Buffs) will be in funds for their winter campaign of work for the Battalion.

A very delightful dinner-dance was given on Saturday afternoon at Port Credit in honor of Miss Marguerite Robins.

The marriage will take place in London, England, of Mr. Philip Boyd, second lieutenant R.F.C. son of Mr. Gamble Boyd, of the 1918 Battalion, daughter of Mr. Ryder Davis, Montreal.

Mrs. Crawford Scadding and Miss Scadding paid a short visit to Miss Hobson in Hamilton last week.

The marriage of Miss Margaret Ryan, daughter of Mr. Peter Ryan, and Major Eric Monteth, 28th Battalion, C.E.F., will take place on Tuesday at 10:30 a.m. at the residence of Mrs. Ryan, 100 St. George street, Toronto.

Capt. Lett, C.P.A., Petawawa, spent the week-end in town with Miss Hodley and Mrs. Lett and guests on Tuesday night.

Mrs. Hector Reid is leaving next week for England and will be at home this afternoon with Mrs. Reid to say good-bye.

The last of the series of lectures given under the auspices of the Samaritan Club took place on Saturday night at the home of Mrs. M. J. Barrett, Belmont avenue. There was a very large attendance. The lecturer, Mr. Merrill Hamilton, made a graceful little speech in conclusion, thanking the Samaritan Club for the attention with which she had been listened to, feeling that it had been an experiment for her, an American, to give a lecture in Canada, but that the experience had been a very pleasant one. The lecturer, Mrs. C. H. Wilson, who was pleased to announce that the club had cleared very pretty and sang very charmingly a new song, "The Quest of the Golden Ring," which was very difficult to find a song to suit the lecture, as the lecturer, Mrs. Hamilton, was accompanied by her son and his wife.

Miss Mutton is visiting Mrs. Coulthard in Vancouver.

Mr. Harton Walker went to Niagara-on-the-Lake on Saturday.

Mrs. Regina Mook, Niagara Falls, is in town. Mrs. Norrey Worthington gave a luncheon in her honor today.

Miss Beatrice Edgar will spend the winter in Jamaica with her brother.

Mr. Allen Sullivan was in New York last week.

Mrs. Mulock has returned from Petawawa, where she had spent the summer.

The Countess of Limerick was the guest of Mrs. Ambrose Small at luncheon at the Royal York Hotel on Saturday afternoon at Newman Hall, when she delighted everyone with her charming piano-playing.

DOMINION STEEL STOCK WAS IN GREAT DEMAND. Company Now is in Best Position Financially in Its History. Special to The Toronto World. Montreal, Oct. 29.—The demand for Dominion Steel early yesterday, which carried the price to 72, came as no surprise to those who have followed the affairs of the corporation closely of late, and who are confidently expecting greater things from the stock.

Not only are the different branches of the steel plant working to capacity, but a demand has sprung up from outside for iron ore, and hardly a day passes now but inquiries are received from American steel companies, asking quotations on iron ore. Whether or not the Steel Corporation will be able to take care of any of this business has not been decided as yet, but officials state they could get it at practically their own terms. Up to the present time the Dominion Steel Corporation has never sold iron ore to any American companies, although the Nova Scotia Steel and Coal Co. has from time to time done some business along these lines.

The demand for ore from American sources is along the lines of the recent remarks of Charles M. Schwab, who predicts that at the present rate of consumption the ore bodies of Lake Superior will become extinct in ten years.

Mr. Randolph, the new superintendent of the Steel Corporation, who was recently secured from the Bethlehem Steel Co., is now in charge of the plant at Sydney. W. H. Bishop, an open hearth specialist, who has been with the Bethlehem Steel Co. for a number of years, has also joined the Sydney staff of the Steel Corporation, and will report for duty on Monday.

FINE SHOWING MADE BY DAVIDSON MINE

Business and Mining Men Impressed by Visit to Property.

BIG ORE BODY FOUND

Good Progress is Being Made in Development Work.

The special party of twenty-five business and mining men who had been on an inspection trip to the Davidson mine in Porcupine returned to Toronto on Sunday, greatly impressed with the outlook for this company. They spent all day Friday on the property, and as everyone was given carte blanche by the management, every part of the holding was given a thorough examination.

The visitors were particularly impressed with the extensive free gold showings on the property and especially those on an extension of the shaft. Here an open cut has been made about 100 feet to the north and west, and the ore is probably seen in the dump. Splashes of free gold are visible on every side, and brought away were phenomenally rich.

The main shaft on the Davidson is 300-foot level in 60 feet and 25 feet wide, and the ore is probably seen in the dump. Splashes of free gold are visible on every side, and brought away were phenomenally rich.

NEW YORK STOCKS MOVE IRREGULARLY

Standard Issues Dull and Lower, While Specialties Advance.

STRENGTH IN COPPERS

Motor Group Heavy, Studebaker and Maxwell Decline Sharply.

New York, Oct. 28.—Stocks were irregular almost from the outset of today's brief but active session. Standard investment issues were moderately lower and comparatively neglected, while copper and other specialties which recently figured so extensively in the daily operations were decidedly strong. Utah Copper was the foremost feature, with its "wide" opening of 4400 shares at an advance of almost three points to the new record of 108, this being later extended to 108 1/4. Chino-Copper also made a new high in its gain of 2 3/4 points to 62 1/4, with gains of one to two points for Inspiration, Anaconda, Kennecott and Shattuck-Arizona Coppers and American Smelting.

Central Leather repeated its almost daily performance of mounting to a new maximum, gaining practically three points in the special party. Copper common and preferred, sold higher than even before at 7 1/8 and 10 1/2 respectively. The motor group, equipments, zinc, brass and petroleum were lower by one to over three points, heaviness being most marked in Studebaker and Maxwell. General Electric also yielded to moderate offerings with National Electric and National Coal.

PARTY WERE IMPRESSED WITH RICH SURVEYS

Visitors to Davidson Mine Return After a Thoro Inspection of Property.

A wire from Porcupine on Saturday afternoon stated that the special party of 25 mining and business men, who had been inspecting the Davidson Gold Mines properties, completed their trip and left on the noon train for the south, highly enthusiastic over the outlook for the company.

The party, which included the president and vice-president of the Davidson, made a thoro examination of the property both on the surface and underground. They were taken below and shown the workings on the 100 and 200-foot levels, where a very extensive high grade ore body has been developed, and then inspected the cross cut which is being driven toward the vein on the 300-foot level, and which already shows a number of calcite stringers in the case, indicating that the vein is not far away. From all appearances, the ore body should be picked up at this depth early next month, and would have been reached this week had it not been for delays due to a small breakdown in the underground plant. This held up the lateral development for several days but it is now proceeding with its former vigor.

C. P. R. EARNINGS FOR THREE MONTHS

Montreal, Oct. 28.—For the three months ended Sept. 30, the C.P.R. figures for gross earnings are \$17,652,063; working expenses, \$23,074,890; net profits, \$14,614,938. In September 1915, the net profits were \$17,453,801, and for three months ended Sept. 30, 1915, \$10,988,018.

STRONG UNDER-TONE TO TORONTO MARKET

Dominion Steel at New High and Several Other Issues Are Strong and Higher.

The week on the Toronto stock market closed with a strong undertone, and a broader trading for a Saturday than for any day. There was a general all round stiffening up of prices, with Steamship, Steel of Canada, Maple Leaf, Cement, Dominion Steel, Nova Scotia Steel and Brazilian the most active issues.

Dominion Steel continued its upward trend to a new high at 72 and a few speculating traders were let out on a reaction to 71. Cement made a complete turn from Friday's market, and closed with a gain of two points. Brazilian showed a little more firmness with a few sales above 53. Scotia Steel was steadily bought as offered at 14. Maple Leaf strengthened to 11 1/2, but the Russell shares were dull. The unlisted section was busy with North American Pub. but the stock area in general was quiet and did nothing in the matter of price changes. Dominion Steel Foundry ran up to a new high at 190. The new war loan sold at 98 1/4. Saturday's activity was regarded as promising for a larger market next week.

BUFFALO MINE TO TREAT BIG DUMP

To recover a million and a quarter dollars from what was thought for a long while to be absolutely lost is the estimate of the installation of the big 600-ton a day flotation plant at the Buffalo. The some reports gave higher figures, it is understood that there are about a half million tons of sand on the dump containing about 2,500,000 ounces of silver. Of this about 80 per cent. will be recovered, or about two million ounces.

SAMPLING OF LITTLE NIP. SATISFACTORY

It is understood that the preliminary sampling of the Little Nipissing leasehold property from the Peterson Lake Company has been satisfactory to the Detroit and Toronto interests holding the lease, and that a company will be formed to operate the property.
