MACHINE GUNS TUNED ON SINN FEINERS
Street Railway Company Likely to Attempt to Operate Cars

COMPANY ASKS GUARANTEE
OF PROTECTION IF RAILWAY
DECIDES TO OPERATE CARS

Reply Not Disclosed—Board
of Control Declines to Ask
Railway Board to Take
Charge of Situation—
Will Sit Tight and Await
Outcome.

Members of the board of control after
a brief conference yesterday in
the mayor's office and after a
consultation with the city solicitor and
the commissioner of works, decided
that they would not apply to the Ontario
Railway Board to take charge
of the strike situation. In a statement
given to the press last evening
Mayor Church took the stand that
the onus was on the Ontario Railway
Board to act of its own volition and
if it failed to take steps to settle the
strike or provide a service it would
not be living up to the powers conferred
under the act.

The world asked Mayor Church
whether he would undertake to pre-
serve order in case the company made
an attempt to operate the cars, to
which he replied that that was a
matter for the police commissioners
to deal with. He admitted, however,
that an enquiry of this nature had
come from the company yesterday,
but the mayor did not disclose what
his reply had been.

ONLY ONE ACCIDENT
DUE TO STRIKE

Despite Thousands of Motors,
Only One Reported as
Injured.

Toronto up until eleven o'clock last
night went through its first day of the
street car tie-up without one serious
accident occurring, despite the thou-
sands of motor cars that thronged the
streets.

The first instance in which injuries
were sustained as the result of a fit-
ting accident was recorded last
night when T. Flynn, aged 72, of 138
East King street, was struck down by
a motor car at Queen and Jarvis
streets. Flynn sustained a broken
rib and lacerated face. He was re-
moved by the police ambulance to St.
Michael's Hospital.

A number of motor cars
crashed together, but no persons were
reported as being injured. The traf-
fic was well handled, and the regula-
tions enforced by Acting Chief Dick-
son and Acting Deputy Chief Geddes,
were found to be working as smoothly
as clockwork. The inspectors of the
various downtown divisions
showed very good judgment around
the rush hours of the evening in
evening in placing traffic men.

The motorcycle squad were seen on
different parts of Yonge, Queen, King,
and University avenues, keeping the
cars running in line and directing
them at the crossings.

Itney drivers were kept moving on
the downtown streets. A number of
them drove their cars against the
curbstones and were content to read
the newspapers until their cars filled
up. Inspector Mackie, of Court street
station, instructed the policemen to
lower cars to stop against the curb
for no longer period than to take on
or discharge passengers. To enforce
this order extra policemen were sent
at Queen and Yonge streets. He
consented to appear in court and pro-
secute the driver, and the police will
summons the motorist.

PRINCE ALBERT IN LORDS.

London, June 23.—Prince Albert,
recently created Duke of York, took
his seat in the house of lords today. The
Queen and Princess Mary were present
and the galleries were crowded.

PROPOSE ARBITRATION COMMISSION
FOR UPPER SILESIA AND TESCHEN

Council of Ambassadors Will Submit Proposition to
Polish and Czecho-Slovak Governments.

Paris, June 23.—The council of ambassadors today discussed a propo-
sition to replace the plebiscite in Upper Silesia and Teschen by an arbitration
commission. The proposition will be submitted to the Polish and Czecho-
Slovak governments with the request that they submit their official point
of view on the question.

The council decided that as no representatives of the allies controlled
the destruction of zeppelins reported by the German government, such destruc-
tion shall not for the present be considered as having been accomplished,
and, therefore, Germany shall be held responsible for their ultimate destruction.

UNITED STATES HAS
FRESH FEARS ABOUT
CRISIS WITH JAPAN

Colby's Trip to San Francisco
Said to Mask Serious
Purpose.

Washington, June 23.—The depart-
ure of Secretary of state Colby to the
Democratic National Convention at
San Francisco is said to mask a more
serious purpose. The secretary of
state is believed to have received a
strong protest from the Japanese gov-
ernment respecting certain anti-Japan-
ese legislation now being submitted
for ratification to the voters of Cali-
fornia. The legislation which has
been referred to the electorate under
the initiative and referendum voices
California's firm intention to deal in
a drastic manner with the Japanese
peril.

LAND OWNERSHIP ISSUE

The Mikado's government could not
object to any law passed by the state
of California directed against all
aliens and forbidding them to own
land in that state. But the bill now
being considered specifically deals
with the people specifically dealt
with in the Japanese case, and with no other
aliens. And as the Japanese cannot
become naturalized in the United
States it is likely to prove effective.

The law, if passed, will prohibit any
Jap acquiring land either by purchase
or lease, or any share in any corpora-
tion or firm which owns or leases
land, and confiscation will follow.

Even in the case of a Japanese child
born on American soil, and, therefore,
a future citizen of the republic, if he
acquires land, it is provided that no land
shall be acquired on his behalf by either
of his parents acting as guardian.

This legislation, if passed, will bring
another crisis in American and Jap-
anese relations. It is now well known
that war was so imminent during the
early days of Mr Wilson's administra-
tion over some anti-Japanese legisla-
tion passed by California, that the
governor-general of the Philippines
and his family were prepared to leave
Manila and seek safety in the fortress
of El Moro. The pacific Mr. Bryan,
who was then secretary of state, man-
aged to smooth things over, and Mr.
Bryan may be able to exert some in-
fluence on the leading citizens of Cali-
fornia. The chances are, however,
that the land legislation will be en-
forced on the referendum by a large
majority.

PENSION ACT IS PASSED
ALSO INSURANCE BILL

Both Measures Receive Third Reading in Parliament—
Act to Compel Enfranchisement of Indians Read
Second Time and Put Thru Committee Stage.

Ottawa, June 23.—Four bills to give
legislative effect to the recommenda-
tions of the special committee on pen-
sions and re-establishment went thru
the house today. Major criticism was
directed to the bill affecting pensions.
Capt. Power of Quebec South had a
couple of amendments to propose. In
one case, he wished to prevent a pen-
sion from being subject to review; in
the other, he wished to strike a sub-
section from the bill. The sub-sec-
tion provided for a reduction from a
pension of 20 per cent to 15 per cent
in the event of her death, leaving her
having a son living at home on the
basis of contributing to her income. Both
amendments were lost. The other
bills, based on the special committee's
report, dealt with state insurance for
returned soldiers, with militia and
mounted police pensions.

There was some considerable dis-
cussion also on the enfranchisement
of Indians and education of Indians and
subsequently on the bill introduced by
the senate to the civil service bill. Under
an amendment made by the senate,
to take its own employees from the con-
trol of the civil service commission,
amendment cancelling certain religious
holidays was held over.

To Protect Military Badges.
Col. R. C. Cooper (Vancouver
South), asked the government what
steps were being taken to prevent the
unauthorized wearing of military
badges. He said that this question
was of particular interest to returned
men, in view of a recent decision by
a Calgary magistrate, that any per-
son might wear a class "A" military

CONFERENCE ON IRISH CRISIS

London, June 23.—Vissout French,
lord lieutenant of Ireland; Gen. Sir Nevil
Macready, military commander in Ireland,
and Winston Spencer Churchill, secretary
for war, visited Premier Lloyd George
this morning. Another interview be-
tween the premier and Gen. Macready
probably will take place later.

The Irish officers have issued a denial
that the railway trouble at Cloughjordan
was created by the Irish government with
a view of producing a test case and forcing
an issue on the munitions' dispute.

MORE TROOPS ARRIVE.
London, June 23.—The attorney-gen-
eral for Ireland, Denis Henry, announced
in the house of commons today that 500
troops arrived in Londonderry yesterday
and that there were now 1,500 soldiers
and 150 police in the city, which has 40,
000 inhabitants. The government, said
the attorney-general, was prepared to
send whatever reinforcements were re-
quired.

DEBATE ON INDEMNITIES
AROUSSES THE COMMONS

Offer of Five Hundred Dollar Bonus This Session Is Like-
ly—Government to Refuse Demand of Mem-
bers For Increase.

Ottawa, June 23.—(Special).—For a
few minutes tonight Sir Robert Borden
had an almost united commons
breath him. It was when he gave
strong reasons in favor of a in-
crease of indemnity. Unionists, Liber-
als and Farmers applauded. A few
minutes afterwards he gave stronger
reasons why an increase should not
be granted and he led a smaller
party than does Hon. T. A. Cramer.

The subject of indemnities was pre-
sented by J. H. Burnham, West
Peterboro, on the house going into
the supply. He made a strong plea for an
increase, followed by A. Verville, St.
Denis, in the same strain. Hon.
Jacques Bureau had the scheme his
support. Ernest LaPointe's endorse-
ment.

So far the debate proceeded with
unanimity. Sir Robert Borden entered
the house and Hon. W. L. Mackenzie
King arose and, quoting from The
Ottawa Gazette's report of the caucus,
accused the prime minister of a
breach of confidence. He admitted
the report of what occurred between
the two leaders was correct, but that
it was made in confidence, and the
prime minister had used it in the
caucus. He said he would not be
a party to a secret agreement. It was
the government's duty to formulate a
policy, and that he would make known
his views when this policy was be-
fore the house. With considerable
heat, he declared he would not be
made a "goat."

Denial by Borden.
Sir Robert Borden would not confirm
or deny the rumor of a meeting with
Hon. Mr. King admitted that ninety per-
cent of his supporters favored it. There
had been no confidence violated. He

CONFERENCE AT OTTAWA
ON ONTARIO RADIALS

Beck and Reid Discuss Plans to
Avoid Paralleling of
Electric Lines.

Ottawa, June 23.—(Canadian Press)
The proposed sale of the radial
electric lines in Ontario, forming part
of the Canadian National Railway
system and taken over by the Domi-
nion government when it absorbed
the Canadian Northern Lines, was the
subject of further conference today
between Hon. J. D. Reid, minister of
railways and canals, and Sir Adam
Beck, representing on behalf of Hydro-
Electric Power Commission.

The radials in question are the Niagara,
St. Catharines and Toronto Railway,
the Toronto Suburban Railway and
the Toronto Eastern Railway.

To Avoid Parallel Lines.
The Hydro-Electric Power Commis-
sion is proposing on behalf of certain
Ontario municipalities, to construct
radial lines. These proposed lines
would parallel the Dominion radials
referred to and it has been with a
view to avoiding wasteful duplication
that negotiations were entered into.

While no final decision was reach-
ed to and it has been with a
view to avoiding wasteful duplication
of today's conference was satisfactory
to all concerned and that an agree-
ment may shortly be expected which
will include a mutually satisfactory
traffic arrangement.

Machine Guns Brought Into Play to Cover Removal of
Several Protestants From Barrack Street—Scenes of
Most Terrible Description Enacted, Many Streets
Being Swept by Continuous Fire For Sixteen Hours.

Londonderry, June 23.—(By the Associated Press).—Five Sinn Feiners
were killed by machine gun fire, employed to cover the removal of several
Protestants from Barrack street tonight, according to a military statement.

There is a lull now (10.30 p.m.) in the fighting.
Armored Car in Action.
London, (Thursday), June 24.—Soldiers and Sinn Feiners in Londonderry
fought from 11 o'clock Wednesday night to midnight with a result yet un-
known, according to a Belfast despatch to the Press Association. An armored
car with Lewis guns, supported by infantry, attacked a party of Sinn Feiners,
who had been firing along Bishop street. Each burst of firing was followed
by a brief silence, but was renewed repeatedly until midnight, when it ceased.

The casualties are believed to have been numerous.
Troops Off to Derry.
London, June 24.—A despatch to The London Times from Belfast, timed
11.30 o'clock, Wednesday evening, says troops are pouring into Belfast, and
that some of them already have started for Londonderry.

Continuous Firing.
Londonderry, June 23.—Scenes of the most terrible description were
enacted here last night and today. Many streets were swept by a murderous fire
for 16 hours continuously. One man was killed and ten dangerously wounded
in one section of the city. Several bodies are reported to be lying in Bishop
street. Among the wounded was a young girl and those who suffered slight
injuries cannot be estimated.

Sniping on Large Scale.
Sniping was indulged in on a large scale and there was indiscriminate
firing of rifles and revolvers all over the city. The principal conflict took place
in Bishop street, where there was a large concentration of Sinn Feiners in the
neighborhood of St. Columba's Catholic College and Nazareth Home. Sand-
bags were thrown up, from which a strong fire was directed at the Unionists
in Barrack street. There was a vigorous exchange of fire and many casualties
resulted on both sides.

Meanwhile trouble had broken out on an extensive scale in the region of
Longtower street and Bishop's Gate, where there were fierce and prolonged
exchanges. Sinn Feiners occupying positions on roof-tops sniped isolated Union-
ists. The soldiers and police were on duty, but were unable to intervene effectively.

The police in Bishop street barracks, within the battle zone, were virtually
besieged. Many passersby were wounded, and it is reported some were killed,
but it is absolutely impossible to get correct details.

A confectioner named McKenna was killed at the corner of Henrietta
street, a few yards from his own door. A bullet entered his breast and he col-
lapsed. A priest was summoned, and while he administered the last rites firing
was suspended.

Among today's casualties was an elderly man named Whiteside, who was
accompanied by his son and daughter. They were passing thru Bishop street
when he was shot.

Savage Fighting.
During the course of the night there was savage fighting in the Waterside
district. The rival factions were entrenched in Cross street and Broad street,
both of which were barricaded.

Snipers were busy until one o'clock this afternoon and contingents of
troops had to be moved into various streets, which until then were impos-
sible to citizens. The streets had the appearance of a battleground. Sandbags
were thrown up, and it is expected that troops are coming by road, but no reinforce-
ments have yet arrived.

There is fighting in the outlying districts from which Unionists are pour-
ing into the city.

SINN FEINERS OUTSIDE
MAY POUR INTO DERRY

Rebels From Northwest Said to Be Concentrating For
Attack—Proceedings Possess Every Element of
Civil War, Says Times' Belfast
Correspondent.

London, Thursday, June 24.—The
position at Londonderry is going from
bad to worse, according to the Belfast
correspondent of The London Times,
who adds:
"The gravest aspect of the position
is that Derry may speedily become a
mere incident in a much larger set-
ting. For three days rumor has stated
that Sinn Feiners from the northwest
were concentrating for an attack on
the city—and it is not improbable.

"For the first time very large bodies
of lawless elements in the city pos-
sess deadly weapons and plenty of
ammunition; for the first time the
whole city is involved, and not merely
a restricted area, where the factions
live; for the first time the principal
victims have been inoffensive, who
have been shot down not for political
or sectarian reasons, but in wanton-
ness. The lawless element over a
wide area is being drawn into the
conflict, while those who hitherto have
held aloof from any battles are grad-
ually but surely coming to the con-
clusion that they must take up weap-
ons.

"The proceedings at Derry possess
every element of civil war without
any interference worthy of the name
from the forces which the government
is supposed to control.

LOCAL MAN MAKES MRS. SMALL OFFER TO UNRAVEL CASE

Offers to Elucidate Mystery For Extra Reward—Wife's Efforts Untiring.

INVASION OF CRANKS

It was stated yesterday that on Monday last Mrs. Ambrose Small received a visit from a Toronto man, well-known in sporting circles, who offered for a sum of money in excess of the amount in the published reward to unravel the Small mystery. The person in question was referred to Mr. Hughes, the solicitor to the committee managing Mr. Small's affairs, and to the committee of the Capital Trust Company. The offer to unravel the Small mystery was repudiated by the lawyer, but so understandable were the terms suggested by the sporting gentleman and so vague the hints as to what and how much he knew, that he was advised to communicate with the Small management committee through his solicitor. Up to date last night nothing further had been heard from the sporting gentleman in question, and the Small management committee think that he has no real information to impart, but at any rate, the next move is up to him thru his solicitor. The sporting gentleman is expected to discuss the matter at all with The World last night, contenting himself with saying, "I have nothing to say, that is all."

Modern Magic. A lady called upon Dr. Connelly yesterday with a view of solving the mystery. She produced a white powder and told the doctor to put it in a pan and stand on each side of it a photograph of Small and Doughty. Exactly at 12 midnight the powder was to be lighted and thru the smoke the exact location of each would be shown.

Crank are writing hundreds of letters daily to Mrs. Small, Dr. Connelly, the police and the attorney-general. Each post brings heavy batches of correspondence from all parts of the world. Yesterday letters from England and Germany were received. The gentleman who wrote from Germany offered to come to Canada and dig it up from end to end to discover Mr. Small's body—if his expenses were paid.

Many thousands of all sorts and conditions of men and women in every part of the world, but more particularly in Canada are working on the Small-Doughty mystery in the hope of gaining credit for the reward offered for information concerning either of them. All these thousands in their search have the advantage of the spade work done in the case by the press, the police and Mrs. Small, the wife of the missing millionaire.

Mrs. Small Untiring. Mrs. Ambrose Small has been most assiduous in her exertions to find Mr. Small from the very day of his disappearance. Whether she suspected anything might be wrong when her husband did not return to his home for dinner on December 2, is only known to Mrs. Small herself. Mr. Small was due to dine at home at 6.30, but by all accounts did not put in an appearance, at 7.30. Mrs. Small apparently became anxious concerning her husband and phoned the theatre, but received no reply. This so increased the anxiety that Mrs. Small left her home and proceeded to the house of her husband's brother-in-law on Pembroke street in search of him.

She had some difficulty in finding the house as she had never visited it previously, and unfortunately her father the friend was not at home, but Mrs. Small saw a tenant of this house and enquired of him if her husband had been there. She was informed he had not.

Continued Search. Despite this disappointment Mrs. Small continued her search and made directly for the house of her husband's father in the hope of finding him there. She was again disappointed, but stayed at the house and discussed with her father-in-law's family

circle the probable causes of her husband's delay in reaching home. About ten o'clock, Mrs. Small was called on the phone and after receiving a message left the house to return to her own home to spend a night of sleeplessness and wonderment. The above is but a small example of the hard work the wife of the missing man is putting into the use of unraveling the mystery of Mr. Small's disappearance.

WILSON WANTS ACTION ON RAILWAYMEN'S PAY

Washington, June 23.—The Railroad Labor Board at Chicago has been urged by President Wilson to expedite its wage decision. The president's message, resulting from the general unrest among railroad workers over the wage question and the walk-out of yardmen and other employees at Philadelphia, Baltimore and other cities, is not made public, but unofficially it was described as being of a "forceful" character.

BRITISH RESERVISTS TO RECEIVE APPEAL

War Clouds Are Gathering In Near and Middle East.

London, June 24.—The war office intends almost immediately to appeal to reservists according to The Daily Mail today. The newspaper says it probably will ask for discharged soldiers and men who served for at least one year during the war, and have not since joined the territorials to enlist in the army reserve. The decision, The Daily Mail continues, "is due to the serious view taken by the military authorities of the situation in the near and middle east—a situation which it considers necessitates an increase of 15,000 to 20,000 men in the strength of the army reserve. The chief factors in that situation are the rapid spread of the Turkish nationalist movement and the vigorous attitude of the troops of Kamal Pasha, the Turkish nationalist commander."

ANDREW HICKS WITHDRAWS CHARGE

Fully Satisfied by Statement on Alleged Bribery by M. C. Fox, M.L.A.

Responding to the summons of Attorney-General Haney, Andrew Hicks, M.L.A. for South Huron and U.F.O. withdrew the parliamentary buildings yesterday to explain what he meant by a statement made during the U.F.O. picnic at London, alleging that bribery of a member of the legislature had been attempted.

After reading a letter from Milton C. Fox, M.L.A. for South Essex, who Mr. Hicks alleged had been offered money to drop a bill he had brought before the legislature that would prevent the removal of sand from Pelee Island for rebuilding in the United States, Mr. Hicks made the following statement to the attorney-general, which was in turn, handed to the press. It reads as follows:

Dear Sir:—The letter written to you by Mr. M. C. Fox, M.L.A., dated the 22nd inst., which you showed me today. The statement that I made at London with reference to money being available to members of the legislature to corruptly influence their votes on matters before the house at the late session was based entirely upon a remark made to me by Mr. Fox. Apart from that statement I have no information whatever as to any approaches having been made to any member of the legislature to corruptly influence his action in respect to any legislation before the house. No money was ever offered to me as I know, no money was offered to any other member of the house, and no improper proposal ever made in that connection either directly or indirectly.

I, of course, accept Mr. Fox's statement without reservation. Apparently the whole matter was based upon a misunderstanding on my part of his remark.

Yours very truly,
(Sgd.) Andrew Hicks.

Milton C. Fox's letter to Mr. Fox, dated Kingsville, June 22, which was shown to Mr. Hicks by the attorney-general, follows:

Dear Sir:—In answer to your enquiry with reference to statements that have appeared in the press connecting my name with alleged offers of money in the matter of the amendment of the Criminal Code act of last session, I desire to state that I never approached me either directly or indirectly with any offer of money or other corrupt proposal in connection with any matter whatsoever. I think I can understand how Mr. Hicks received the impression which he expressed in his statement before the last session of the legislature. Litigation pending between the township of Pelee Island and the Sandusky Company, which has been entered in some similar cases in the waters adjoining Pelee Island, the township authorities claiming that the operations of the sand company were causing the erosion of the shores of the island. The company offered to pay to the township the sum of \$50,000 in settlement of that action, and this offer was refused by the township in removing any money being offered to Mr. Hicks the fact that the company had offered \$50,000 to settle the matter. I had no thought that he would understand that I meant by that statement that any money had been offered to members of the legislature or that there had been anything improper in the proposal.

(Sgd.) M. C. Fox.

Matter, Not Measure.

David J. Taylor, M.L.A. for North Grey, was also at the parliament buildings yesterday, but left for Welland on private business before noon. He was expected to arrive at the city last night and visit the parliament buildings this morning. The member for North Grey admitted that he had been offered \$100 for his influence in a certain matter, but he did not concern legislation before the house. "My remark was that I had been offered \$1,000 for influence on a certain matter," the newspaper reports said, "a certain measure. It had nothing to do with any measure."

CHARGED WITH STEALING SADDLE.

Toronto street railway football team will play Parkview on Saturday at Avenue road field, at 1 o'clock. Bert Shepperd is captain of the team. The following men are expected to be among the chosen, although the football enthusiasts among the association are expected to be present: North, Finley, Lewis, Shepperd, Turbott, Helmsley, Bryant, Sullivan, Bromley, McKenzie, Partridge, Arnold, and all the signed players of the association.

Jacques Bureau, absent from the house, to speak on the Motor Vehicle Bill. Take Up Pensions Report. In committee, the house then considered further the bill to give effect to the report of the special committee on the Motor Vehicle Bill.

PENSION ACT IS PASSED IN COMMONS

(Continued From Page 1). badge for service overseas. If it was not used to benefit the wearer, the pension would be forfeited.

Widow Will Receive Pension.

Hume Cronyn (London, Ont.) who acted as chairman of the pensions committee, said that the widow of a soldier independent pension. In the case of a widow, however, the pension would be dependent on the soldier and in need of the interval, he had been enabled to discontinue his pension on Oct. 1, 1919.

Amend Pensions Act.

Third reading was given to bills amending the Indian Act, the Militia Act, and the Militia Pensions Act. The amendment to the Militia Pensions Act, which provided for the repeal of a section which stated that no widow or child should receive at one and the same time, a pension under that act and one under any other law of Canada or the United Kingdom. The amendment to the Militia Pensions Act provided for a repeal of a section in that act which states that mounded policemen, who were entitled to pensions resulting from service overseas, and also as members of the police force, should draw only the larger of the two.

Discuss Indian Bill.

The house went into committee on the bill to amend the Indian Act. B. Stacey (Fraser Valley, B.C.) said the bill provided briefly for compulsory education and the enfranchisement of certain Indians now wards of the government. Mr. Stacey claimed that Canada had not made any adequate preparation for giving Indians the franchise. There were about 100,000 Indians in Canada at the present time, and of them about one-quarter were in English Columbia.

W. A. Boys (Simcoe South), chairman of the Indian committee, explained the clause which provides for a board, composed of two members of the Indian Parliament and a member of the board to which the man to be enfranchised belonged, being appointed at the instance of the deputy-governor.

King Reads Memorial.

Mr. Mackenzie King read a memorial prepared by representatives of the allied forces of British Columbia, objecting that the franchise in Canada had no real right to compulsory enfranchisement of the Indian, thereby breaking up the tribes, destroying their status and preventing their moving for their rights as a class or tribe.

Mr. Mackenzie King suggested that the legislation be deferred until next session. He thought the government was coercing the Indians into enfranchisement. Hon. Arthur Meighen replied that this was the only way of compelling some educated Indians to pay their debts, and that some Indians had asked for it themselves.

The enfranchisement clause then carried. The bill was reported. Third reading was withheld in order to allow Hon.

KEEN COMPETITION FORESEEN BY C.P.R.

Steel Train Equipment To Be Put on New Rival Services.

Montreal, June 23.—(Special)—The Canadian Pacific Railway are getting ready for more active competition because of the increased activity of the Canadian National Railway, including the old Grand Trunk, the consolidated system are putting on several new trains both of a local and transcontinental character. Within the next few days the Canadian Pacific will be ready for service a large number of new steel cars in the shape of passenger coaches, second-class coaches, baggage and express cars, sleepers, cafe cars and compartment cars, and will put these into commission almost immediately, certainly quite a number of them before July 1 and probably also shorten up the running time of the trains made up out of this new equipment.

Some idea of the equipment required in this new competition may be reached by knowing that it takes ten trains to maintain one transcontinental service both ways across the continent, and many of these trains are made up of not less than ten cars. The Canadian Pacific are similarly equipped in steel cars and trains.

BORDEN AND KING DEBATE INDEMNITIES

(Continued From Page 1). It is felt now that the indemnity will not be granted, but that a bonus of \$500 may be offered to meet the increased cost of maintenance. The motion to go into supply was carried at 1 o'clock, and the house rose.

DECOMPOSED BODY FOUND IN SHED

Buried Beneath Flooring—Difficult to Identify—Not Doughty or Small.

The decomposed body of a man believed to be a foreigner, was found buried in straw beneath the flooring in a stable in the rear of 19 D'Arcy street yesterday. Two blankets were over the body and it was in such a horrible state of decomposition that it is doubtful whether it can be identified. Samuel Cohen, who occupies the premises, believed a dead animal to have been buried beneath the barn from the shed coming from the place. On investigating Cohen found the body and at once telephoned the police. Thinking that the body might be either that of Ambrose Small or John Doughty, principals in the mysterious case, Detective Mitchell, with Detectives Ward and Tuft, hurried to view the remains. An examination of the clothing was made and the measurements of the body taken. The police were then satisfied that the body was not that of either of these two men. Inspector Guthrie said last night that the body had not been identified. It had evidently been buried for about six months. "There is no evidence of murder as yet, unless evidence of violence is brought out in the medical examination," concluded the inspector. This is the second body found buried by the police within five months. The body found on D'Arcy street is thought to be that of a man 40 years of age. He was poorly dressed, in a green serge and wearing a green and red necktie.

Judge's Chambers. (Before Meredith, C. J. C. P.) Rex v. Cramer—J. E. Lawson for accused moved to quash conviction under O.T.A. F. P. Brennan for magistrate. Judgment: It was the man who employed him who "had" the intoxicating liquors, and alone he had control of them. The driver did not "have" either the man or his parcels. Why the man who really "had" them was not prosecuted; why he was merely a witness at the trial of the applicant, is not disclosed and is difficult to understand. If his conduct were unlawful, if he were not taking his parcels where lawfully they might be, he should have been prosecuted for "having" them in a place where lawfully they might not be, if not for other more serious offences. Whether one who aids and abets another in unlawfully "having" intoxicating liquor, without himself "having" in any manner the liquor is guilty of any offence, need not be considered, because no such case was made against the applicant, and no evidence was adduced which would support it if made. The conviction must be quashed on this broad ground. It is not necessary to consider any of the narrower objections to it.

FAVORITISM SAYS REV. F. E. POWELL

Claims Inefficients Boosted Into Positions While Qualified Teachers Wait.

Rev. F. E. Powell denounced the atmosphere of the board of education management committee yesterday afternoon by declaring that it appeared as if the St. John family either had great influence with some members of the board or a stand-in with some people. "Last year," said Trustee Powell, "a Miss St. John was given a position at Jarvis Street Collegiate and here we have Miss Katherine St. John, a sister, a student who had not yet secured her specialist certificate and was awaiting her elementary certificate in physical culture, recommended for a position at the Riverdale Collegiate." There were fully qualified high school teachers who were to get positions with the board.

Senior Principal G. A. Smith replied vigorously that Miss St. John recovered \$155.31 and interest, balance alleged due on a loan from plaintiff to J. A. L. Anderson of whom defendant is the executrix. Judgment for \$155.31 and interest from 27th February, 1919, and restraining removal of assets of the estate from Ontario till debt is satisfied.

Dransfield who, it was alleged, while driving an auto on Carlton and Mutual streets in June, 1919, caused grievous bodily harm to John C. Ross, necessitating his spending the following eleven months in hospital. Accused did not report the accident or leave his name and address.

Miss E. Dalmage was re-engaged for another year as science specialist at Parkdale Collegiate Institute. Auxiliary classes for retarded children were approved for Park, Strathcona, St. Clair avenue and Perth avenue schools, and an additional class at Perth Avenue School for physically disabled pupils.

ONLY TICKET HOLDERS CAN ENTER ST. JAMES. Only those persons holding tickets will be admitted to St. James' Cathedral this morning to witness the "faith healing" service to be conducted by Mr. Hickson. There will be no room for the general public according to an announcement made by the committee arranging the service. The doors of the cathedral will open at 8:40, the west gate, however, will be reserved for the entrance of stretcher cases.

In regard to the evening meeting in Convocation Hall, at which Mr. Hickson will speak, the doors will be opened to the general public at eight o'clock. Ticket holders are expected to be seated by that hour.

STILL AFTER COMBINE. Attorney-General Raney stated yesterday that his department would continue in its action to have the Hamilton grocers' combine dissolved, despite the fact that the board of commerce had found that evidence was lacking to convict the combine of being a detrimental organization for the fixing of retail prices.

WHITE STOLE CLOTH. For the theft of a piece of cloth on College street, George W. White was, in yesterday's police court, sentenced to sixty days in jail.

DAMAGES FOLLOW COLLISION. In the county court yesterday Judge Widdifield awarded \$50 to Sam Gerace in his action for \$150 against George W. Frant & Co. for damage done to his auto in a collision at Queen and Parliament last September.

DRANK IN PUBLIC PLACE.

It fell to the lot of Thomas Rutledge to have the doubtful distinction of being the first to be fined under the provisions of the latest amendment to the Ontario Temperance act, which provides for a fine of \$100 in place of \$200 for drinking in a public place. Accused pleaded that he got the liquid from his brother, but he stopped on his way home to partake of the precious fluid, which was his undoing.

NOW FEELS LIKE DIFFERENT MAN

Had Suffered For Five Years, But Is Well and Strong Since Taking Tanlac.

"All my friends were saying that I looked like a ghost a few months ago, but you wouldn't think so to look at me now, and the wonderful change in my appearance is entirely due to Tanlac," said Romeo Fortin, who has been by the Tanlac representative at the well-known meat market, 2151 St. Catharines East, Montreal, recently. "Until I started taking Tanlac I was in very bad health," continued Mr. Fortin, "I had suffered from indigestion for five years. My stomach was always very weak, and I had to be very careful what I ate. Even then after a meal I had a feeling as though I had swallowed some hard indigestible substance, that lay like a weight in my stomach. Then I would have the most dreadful headaches, especially in the forehead, and sometimes got so weak and dizzy that I had to leave the shop and go home to bed. My breath used to come in quick short gasps, and I was also badly constipated. My sleep at night was very disturbed, and I used to get up with a bad taste in my mouth and my tongue coated white. My blood must have been in a very bad state because my face and body were covered with red pimples; my complexion was a yellowish green and my lips almost white. It's no wonder my friends thought I looked like a ghost. "But it is simply wonderful; what a change Tanlac has made in me. I've got a splendid appetite, and my digestion is perfect. I am no longer constipated, and the headaches are a thing of the past with me. My blood is so much purer that the pimples have all disappeared and my complexion is rosy and healthy. I've gained ten pounds in weight and feel full of life and energy. I'm like a different man altogether and I shall always be grateful to Tanlac for what it has done for me."

Tanlac is sold in Toronto by Tambo Drug stores and by an established agency in every town.

PLAYS AND PICTURES FEATURE SHOWS

Good All Round Programmes —Children's Picture at Regent.

"David Harum"—Robins Players. The greatest and most popular of all rural comedies, "David Harum" will be presented at the Royal Alexandra Theatre all next week by Edward H. Robins and his Players, with Tom Wise in the title role. Possibly no happier selection of a rural play could be made than this ever-popular comedy by E. J. Jesse, author of "Happy Ricks." The role of David Harum there is a well-told story, that contains something very seldom found in a comedy—that is, a plot, not just the shadow of one, but a real, honest-to-goodness plot—and there are a couple of love stories and oodles of laughter, that is as clean and wholesome as an early spring morning. The matinee will be, as usual, on Wednesday and Saturday. "Daddies" the latest and most successful of David Belasco's comedies, direct from its long and successful run at the Belasco Theatre, will be the offering of Edward H. Robins and his Players for the week ending June 27. Tom Wise will be the leading male role, while opposite him will be Lorna Tolare, the greatest child actress in America, who will be brought from New York to play her original role, Reine Caruthers will have the leading female role. "The Whip" a Real Picture. Notwithstanding the inconvenience to theatregoers thru the strike of the street car men, "The Whip" continues to attract large audiences to the Grand Opera House. It is a fascinating picture drama, and one of the few big plays that attract the same people again and again. One of the delights of "The Whip" is the splendid delineation given to the characters by the leading actors and also by those who present the smaller parts. Each character has been splendidly cast. So perfect is the setting that the spectator forgets he is looking at a drama. He is seeing life—true life filled to the brim with excitement and interest. It is remarkably well constructed, and its magnitude is almost appalling when one realizes the many hardships and escapes shown in it. During the run at the Grand a matinee will be given every day. At the Strand. The pretty, vivacious young bride gives the conceited young husband just what is coming to him in the merry comedy "Easy to Get" starring Marguerite Clark, now playing at the Strand Theatre. That unlucky remark "starts about women being 'easy'" Off the train jumps the bride and leads Mr. Bridgroom the live cat chase imaginable. Marguerite Clark enhances her reputation as the sunniest girl in pictures and handsome Harrison Ford is immense as the young husband. Next week that favorite of favorites, the dashing Wallace Reid will be seen at the Strand in his ripping new major racing romance, "Excuse My Automobile" starring Tom Morgan's popular Saturday Evening Post story, "The Bear Trap." It is the speediest and cleverest of Wallace's series of auto race pictures, with Ann Little, Theodore Roberts and Tully Marshall in the cast. Big Regent Special Program. Tomorrow the schools close and for two months the Regent's auxiliary will be free from studies and exams, and all the worries of school days. The first holiday week is to be celebrated at the Regent Theatre. Not only has a splendid feature program been secured for the growth-up of the children's specialty, but it is none other than "Little Red Riding Hood" presented by an all star cast of children. Also the several Toronto railway stations, not a sign of the healer's presence could be seen. The "healer" is not over-popular in some local quarters, and it was also thought that many who had faith in his power would be lying in wait to have him perform the "laying on of hands," that their ill might be cured. DESTROYED SIGNS. HEALER SPIRITED INTO TORONTO

Church Officials Enshroud Mr. Hickson's Arrival With Secrecy.

Silently, unobtrusively, like a ghost in the night, was James Moore Hickson, the celebrated "healer," spirited into the city last night. There was no party to welcome him, or if there was the party was excellently disguised. Although many newspaper men camped around the several Toronto railway stations, not a sign of the healer's presence could be seen. His coming was kept a dark, deadly secret—officials of St. James' Cathedral would vouchsafe no information, in fact they protested to know nothing regarding his arrival. It was quite had been made to insure his getting into the city without attracting attention, as it was feared that, some trouble might ensue. DOCTOR'S SAFE LOOTED

Burglars entered the office of Dr. I. Wilinsky, 216 West Bloor street at 3 o'clock yesterday morning and carried off a safe weighing five hundred pounds to a garage in the rear. There they broke it open with the aid of sledge hammers and stole the contents, \$350 in cash. The burglar must have had a motor car in the rear and likely intended carrying it off. The garage door was unable to break the garage door open so they broke the safe open. The police of Markham street division were notified at 10 o'clock in the morning. Detectives Carter and Hicks were sent over, and according to Inspector Miller, were unable to carry the safe.

LET THE PUBLIC JUDGE

THE STRIKE IS ON. The people either walk or ride in jitneys at rates of fare which make the street railway fares seem like a ride for nothing.

Who suffers this loss, the personal inconvenience, the loss of business and the general disorganization caused by the strike?---THE PUBLIC---500,000 people.

Why?

Because 2,500 men, or the majority of them, determine that they shall get 85c an hour with time and a half overtime, not a cent less, and then after an Arbitration Board decides they are not entitled to any increase, they change their minds and decide that the wages shall be a maximum of 66c plus the overtime.

We believe the citizens are of the opinion that the men went over their heads in asking for 85c per hour. We believe that a great many of the men themselves are of the same opinion. At any rate, the arbitration decided this point. Why then should the men be the sole judge as to the next rate of wages they should claim from the Company? The Company is of the opinion that, in view of the excessive increase granted last year, it should not have to pay a further increase this year.

Who is in the right?

There are two ways to determine it: One the law of supply and demand (not meaning the kind of "demand" the men have made), the other is arbitration.

Take the law of supply and demand which usually regulates prices. The Company has been able to get all the men it desired to operate cars at the present scale of wages. Since October, 1918, our permanent staff of motor-men and conductors has increased from about 1,200 men to approximately 2,000; and, notwithstanding the reports emanating from the union headquarters that we are unable to keep men, we state here that **FEWER MEN HAVE LEFT US IN THE LAST SIX MONTHS, or EVEN IN THE LAST YEAR THAN AT ANY TIME IN THE PAST FOUR YEARS.** We have already shown in a previous article that more than five hundred of our former employes who enlisted returned to the work after the war, and that our ranks are filled by men from both skilled and unskilled callings.

The Company did not stand on this, however, but adopted the means provided by the Dominion Government under

the Labor Disputes Act, and applied for a Conciliation Board, with the result already known.

The public must be on one side or the other. If you have any doubt in the matter, just consider for a moment what your opinion would have been if the Conciliation Board had awarded the men 85c per hour, or even approved the present demand of the men, and the Company had refused to accept the award and the men had then gone on strike. After framing this opinion, we ask you to put the men in the Company's place, for that is just what the situation is.

The men based their claim upon the cost of living; in framing their new demands, why do they insist upon the civic scale---**BUT WITH OUR OVERTIME RATES IN ADDITION**---when, as we have already shown, this would yield more money than an employe on the civic lines actually receives?

IF THEY DO NOT WANT TO WORK OVERTIME, WHY DO THEY INSIST UPON OVERTIME RATES WHICH ARE NOT PAID ON THE CIVIC LINES?

On account of these differences, the Company does not think the men should be the judges of what the wages shall be; but they have taken the law, or rather, in the absence of law, they have taken the matter into their own hands, and now it is up to the Court of Public Opinion.

What is the opinion of those in other walks of life, many of whom have served long apprenticeships who are not receiving the wages our men are paid?

Public opinion can end this strike---quickly.
