Espionage System Devised for Benefit of Russian Soviets Discovered in Paris.

DOCUMENTS STOLEN FROM BREST ARSENAL

These, With Other Papers Assembled at Berlin, Classified and Forwarded to Moscow.

Paris, May 4—Claiming to have discovered the existence of a highly-developed espionage system devised by communists in France for the benefit of the Russian Soviet Government, the French police today made three arrests in connection with the alleged plot and promised numerous others within a few days.

The espionage scheme, they declare, involves 200 operatives and has ramifications in Brest, Lorient, Toulon and also at powder factories in the centre of France and arsenals in the vicinity of Paris.

Secret documents have been stolen from the Brest arsenal, according to the police revelations, and from the largest powder factories in the centre of France, and they claim to have proof that regular couriers have plied between espionage centres in France and Berlin, where documents were assembled, classified and forwarded to Moscow.

Intensive Bolshevik propaganda, the police assert, has been carried on as a side line.

SASTRI TO VISIT THE DOMINION

Will Plead the Cause of Indians Settled in Various Dominions of Empire.

London, May 4—(Canadian Press)—According to present arrangements, Mr. Y. S. Srinivas Sastri will leave India in two weeks hence, on his mission to Australia, New Zealand and Canada to plead the cause of Indians settled in these Dominions. He will visit the Dominion of the British Commonwealth in the order named. Sastri's mission has been arranged in harmony with a resolution passed at the Imperial Conference last year, to the effect that in the interests of the solidarity of the British Commonwealth it was desirable that Indians, lawfully domiciled in other parts of the Empire, should be recognized as having the rights of citizenship. South Africa was the only Dominion represented at the Imperial Conference which dissented from this resolution.

Sastri will be accompanied by a member of the Indian civil service. His tour will probably last three months.

SENATORS LEAVE FOR THIS CITY

Twenty in Party Arriving Here Today to Inspect Port Facilities.

Ottawa, May 4—(Canadian Press)—A party of senators, 20 in number representing all parts of the Dominion, are leaving tonight for St. John, N. B., where they will spend the next two days at the invitation of Senator Thorne, inspecting the port facilities and other features of interest in and about the city. Those who will make the journey are Senators Willoughby, Collier, Gillis and Laird, (Saskatchewan); McKeown, Watson (Manitoba); White, Bennett, Blain, McDonnell, and Mulholland, (Ontario); Greene, Taylor, Griesbach, from Alberta; and Senator R. S. White from Quebec.

At St. John they will be joined by Hon. J. B. Maclean, members of parliament for St. John and Albert.

BANDITS HELD UP PASSENGER TRAIN

Passengers Robbed of Possessions, Even to Clothing—Several Killed.

Mexico City, May 4—A passenger train from Jalapa to Puebla was held up by a party of more than fifty men yesterday at Amatlan, four miles from Puebla, the passengers being robbed and several of them killed, says the Puebla correspondent of Excelsior. Numbers of the victims, adds the despatch, arrived in Puebla stripped of their clothing.

GOVT. SHOULD FORM POLICY

Mr. Hon. Arthur Meighen, Opposition leader, took the stand that the Government should form its policy and announce its decisions to the House.

The late Government, when faced with the railway situation of 1918, had consulted with the Railway Commission and then announced its decision to the House. This was the policy the present Government should follow instead of seeking the appointment of a committee, who, he adds, would have to accomplish within a few weeks what experts had failed to do in years.

Hon. T. A. Crerar, Progressive leader, objected to the resolution on the ground that the Crow's Nest Pass agreement should not be suspended further, and that when the agreement was suspended the former rates should again prevail.

Hon. W. L. Mackenzie King, in summing up the position of the Government, said he had reduced his policy with regard to the Crow's Nest Pass agreement to writing. This policy was:

"Unless it can be shown that, in the public interest, there are good and sufficient reasons why what is termed the Crow's Nest Pass agreement of 1897 should not again become operative in July next, the existing statute will not be interfered with in other words, the suspension of the Crow's Nest Pass agreement will then have expired."

Later Sir Henry Drayton moved an amendment to the Government motion, "as a general reduction of railway rates, essential to the prosperity of Canadian production and trade could not be made until Parliament had decided whether or not the Crow's Nest Pass agreement was to be continued, and the immediate duty of the Government to acquire the necessary information through the Railway Commission and to submit its policy to the House."

Mr. Meighen said he found it difficult to imagine the purpose of the amendment in referring the matter to a special committee, the effect of which would be to stall the whole situation. Whenever the Government was charged with dereliction of duty it was here and now there. I submit to them the proposition that they should act in a manner becoming to men who are there, he continued, while both the Liberals and Conservatives alternately cheered.

Hon. T. A. Crerar took up the cudgels against the resolution. The suspension of the Crow's Nest Pass agreement must be lifted. Farmers in many instances were not threshing their grain because the selling price at Port William would not meet the freight and threshing charges. High rates hindered both the Eastern manufacturers, who were selling their goods in the West, and the Westerners who were selling their products in the East.

RUN OF BANK LOGS ABOUT FINISHED

Fredericton, May 4—The season's run of bank logs is about finished, the next ten days probably seeing the completion of the run. This year has been very small, and does not total over 4,000,000 feet. Prices at Springhill have ranged from \$11 to \$15 per thousand. The Husack sold at \$12 per thousand.

HAMID BEY DENIES ITALIAN TREATY

Says No Agreement Has Been Signed by Italian and Ankara Governments.

Constantinople, May 4—Hamid Bey, Turkish Nationalist representative here, today officially denied reports emanating from London, that an agreement had been signed between the Italian and Ankara Governments. He also denied a report that the Ankara Government was a party to the Russo-German treaty, signed at Rapallo, Easter Sunday.

Riad Nouf, one of the signatories of the treaty between Turkey and Soviet Russia, is proceeding to Moscow at the head of an important mission for the purpose of negotiating. It was reported today, an agreement for the re-occupation of Anatolia with Russian and German capital.

SYDNEY HAS MANY NEEDING ASSISTANCE

Federal Gov't Asked to Withdraw Agents Seeking Funds for Russian Famine Relief.

Sydney, N. S., May 4—A wire to the Federal Government, asking it to order the withdrawal from Sydney of the Government's agents for soliciting funds for Russian famine relief, was authorized by the City Council tonight on motion of Alderman Seymour Hines who said that if Canada has any money to spend on relieving the needy she can find ample for it right here in Cape Breton.

MOHANDJI SENTENCED TO PRISON TERM

Judge Refused to Accept Jury's Verdict of Not Guilty on Sedition.

Ahmedabad, India, May 4—Hamraj Mohandji, president of the All-India Muslim League, was sentenced to two years' imprisonment today by a court of session after the judge had refused to accept the unanimous verdict of not guilty awarded by a jury which included Europeans. A motion charged of inciting to war was referred to a higher court.

The defendant during his trial delivered an impassioned address to the jury in which he claimed that the independence he advocated in speeches in the All-India Congress was merely a means of bringing about the re-occupation of the country by the British.

The prosecution claimed that the defendant had urged the establishment of a parallel Government to resist the British or by striking Government workers and teachers. Inverly, Government agents were invited to search the defendant

OUR FLAPPER DROPS IN ON THE CONVENTION OF AUTHORS AND GIVES THEM THE ONCE OVER

Drags Some Sweet Philosophy from What She Saw and Hears There—Thinks, Perhaps, If She Doesn't Become Premier She Will Become An Author.

No. 4.
Ottawa—Authors from all over the Dominion of Canada assembled to Ottawa, April 28th and 29th. The Flapper invited to attend. I have always said that if I decide not to be a Premier or a philanthropist or one of two other things which I sometimes think I may be, I will most certainly be a literary person. Literary light is more correct. The best way, I think, to learn how to be a literary light is to be present at all the C.A.A. meetings and learn how all those people learned how to be literary lights. Canada has some of the brightest lights of the day. I am told. And I guess Canada must be expecting the literary world to be bombed almost any time from aeroplanes, and that is why it makes them keep the blinds tightly drawn. Makes them keep their cities darkened, so to speak. So it is not just because I am an ignorant flapper that I did not know there were any authors in Canada. It is because everybody here has been so busy supporting the magazines of other countries, that we have not got any of our own. So the names of Canadian authors must appear if they appear at all, elsewhere. No explanation being made in the editorial notes as to the origin of the author, one can only make a guess. And strangely enough, I never guessed Canada once. I know a lot about the writing of Canadian authors, though, even if I didn't know where the authors were born. Read it in my home. I have always insisted upon having the best reading possible for her children. She never would allow us to read anything interesting. I mean anything we would like to read. Of course, perhaps Canadian authors have not yet written anything that is interesting to children. Or perhaps they have written lots like that and because it had to be published away from home it was too expensive for mother to buy. Well, no matter about that. Let us be thankful that we have a United States and an England and a France to publish for us that which we cannot get published at home. It is a lovely, important feeling, being spoken to by authors as if you were really one of them. I was almost tempted to tell some of them that I have a pen, and that I would do good stuff which I have written in various "spasms" as my brother calls them, when I decided to be a literary light. They call it the sort of writing "stuff" though I have been called mine by that name before. My brother called it "such stuff" and I never liked the name. Now I shall go home and call my writing "such stuff" before him and tell him that when the stuff is sold I will buy him a touring car. No, I guess I had better not. He would not like me to be taking into his little dome, now. And tell me that that really believe my "roof" needs some repairs. But he never is really disagreeable about such things. He just keeps making laughing all the time so that she cannot feel blue. I like to see mother laugh even if it is at my own expense.

The French population of Canada was well represented and spoken of by our President as "live wires" in the Association. Of bringing into a culture and a line of thought which is good for us to have. They certainly are brilliant writers. I would decide right now to be a French Canadian author, only you see that it is out of the question for me, so to the next best thing which I can do is to become better acquainted with the people and their writings. I see how much I have lost in life by going so far from them as to be a stranger among them. One of the French Canadian writers suggested a good thing, and that is that we arrange to have the best French book of each year translated and published in English, and the best English book translated into French. So that we may become acquainted with each other. There is only one better suggestion, I guess, that he could have made, and that is to learn each other's language so we may read and converse more generally, so that each may know the real soul of the other. Then we shall all know as a good many know now, that the soul of the one and the soul of the other is the same. Still it will be a long while yet, even if we do today, before we shall be able to talk very freely in each other's language, and in the meantime, to have the translations will be a wonderful help and interest to us all. I have decided that I shall be able to read a French book in the original, before the end of another year. That would do us harm even if I decide to be a Member of Parliament some day.

The authors went in a body to the Minister of Something-or-other and asked if we might have a modern copyright law. Adam made the one we are using now, it seems, and no one had learned to steal the other fellow's property at that time. So, it does not answer the purpose of the present day. At the steps of the "House" a picture of the group was taken. I was allowed to be in the picture by courtesy. I had ordered it. It is had enough to "muddle please" the first long enough to have a picture snapped. But to stand there and look so little self-conscious and so little like an idiot as possible while a movie photographer grinds away for ten minutes! I don't think I shall ever be a movie star. Through I guess there were more in it than in a Premier's job and quite considerably more than in an author's. I'll think about it. Perhaps we are not supposed to smile through it at all.

Some big publishers were present. Story I did not know which were the publishers in those to smile at them, because of course, if I am not a movie star (I really have very, very little sensation of that) and if I am not a Premier, but decide to be a literary light, I shall have to smile publishers. Oh, dear! By the way, a brilliant thought has just occurred to me. If you want brilliant thoughts, apply to Flappers every time. I believe the best way to be a literary light is to be a publisher. Then you can have your stuff published and nobody can stop you. Guess, I'll be a publisher. There is one thing I

IN MEMORIAM

In loving memory of our dear Mother, Mrs. Seymour Urquhart, April 26th, 1921.

When last we saw her smiling face She looked so strong and brave, But little did we think so soon She should lie in a lonely grave. The shock was great, the blow severe To part with one we loved so dear. Although we cannot see her now, We seem to hear her say, Weep not for me, my dear ones, We'll meet again some day.

LEWIS GEORGE AND SCHANZER AGREE

Denounce Campaign of Certain Newspapers Trying to Stir Up Discord.

Genoa, May 4.—Signor Schanzer and Premier Lloyd George had a conference lasting an hour and a half at the villa De Albertis today. They took occasion to denounce the campaign of certain English newspapers which have taken the pretext, it was asserted, of the Italo-Turkish treaty in order to attempt to wreck the conference and undermine the good relations between Italy and Great Britain.

SUIT GREW OUT OF SCHOONER RACE

Mayor Wheeler of Gloucester Sued for Slanderous Statements in Reference to "Elsie."

Gloucester, Mass., May 4.—Trial of the suit for slander, brought by the American fishermen's race committee against Mayor Percy M. Wheeler, of Gloucester, was held tonight, and Judge Edward P. O'Brien took the case under advisement. The suit was based on statements alleged to have been made by the Mayor in his inaugural speech in discussing the committee's methods in handling the schooner Elsie, which lost the international race to the Canadian schooner Bluenose of Halifax last fall.

Taking the stand in his own defense this afternoon, Mayor Wheeler denied that he had made the direct charge that the main boat used by the Elsie in the race was "yards longer than her own." He quoted himself as having said: "It is said that the main boat is longer than the Elsie's proper rig."

Famous Sanardo Goes To "Ed" Geers

Bought Frank Down's Pacing Gelding at Reported Price of \$7,000.

Boston, May 4.—Sanardo, a pacing gelding with a mark of 1:33 3/4, passed into the possession of the veteran Grand Circuit driver Edward P. Geers today. At the spring auction at the Readville track Geers bought the gelding from Frank H. Downs of Brookline for \$7,000.

ACADIA FAVORABLE TO AMALGAMATION

Have Taken No Definite Action—Awaiting Further Information on Proposal.

Woolville, N. S., May 4.—The question of the federation of the colleges of the Maritime Provinces into a great university at Halifax was brought before the Board of Governors of Acadia University for discussion, but as there was no definite report before the meeting, no action was taken. Some of the governors look somewhat favorably on the scheme.

MILITARY MEN ARE ALL MIXED UP

At Loss as to What Preparations to Make for Annual Training Camps.

Special to The Standard. Fredericton, N. B., May 4.—The militia men of this section of New Brunswick are at a loss as to what preparations to make for annual training camp, on account of the uncertainty existing at Ottawa regarding the militia estimates. So far it is known that both Sussex and Woodstock have been suggested as places for training in 1922. Woodstock has made a particularly strong bid for a camp, since for all the rural camps of the district, which comprise the Province, or for those of the western section of Sussex is selected for the eastern section. The town has offered a large area of land to the militia department at such terms that it would be most advantageous for the department to accept. On the other hand, Sussex is desirous of having the brigade camp restored to it as it was before the war. District Commissioners are said to favor Sussex.

BE SUSPICIOUS OF TENDER GUMS

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhoea—an insidious disease of the gums that destroys the teeth and undermines bodily health.

Forhan's Tender Gums cleans teeth scientifically as well. Brush your teeth with it. It keeps them white and clean.

FEELING FINE

—A few days ago though, I felt pretty miserable—kind of tired and drowsy. I must have been very much run down, until someone recommended—

WONDERFUL HEALING

Every mail brings proof of the need for Zam-Buk in every home. For anything wrong with the skin—injury or disease—use soothing herbal Zam-Buk.

BOILA. Mr. E. Hill of Montclair, R. R. No. 1 Ont. says:—"Every Spring I suffered from boils. All trace of disease was removed by Zam-Buk. It is splendid."

SCALDS. Mrs. Smart, 378, Harbison Ave., Winnipeg, writes:—"A pan of boiling water scalded my feet red raw. Zam-Buk soothed the inflamed surfaces splendidly and ensured speedy healing."

BLOOD-POISON. Miss P. Hebe, Tidiah River, N.S., says:—"A splinter gave mother a poisoned hand. In one week Zam-Buk removed all pain and festering and brought perfect healing."

ULCERS. Mr. E. Bingham, Brantford, Ont., says:—"My leg ulcers defied all ordinary treatments. Zam-Buk however quickly subdued swelling and inflammation and healed thoroughly."

PILELS. Mr. W. Amey, 45, Lyall Ave., Toronto, writes:—"I got piles on active service and couldn't find a cure until I tried Zam-Buk. It subdued pain and removed the piles in a few weeks."

EVERY HOME NEEDS Zam-Buk SOOTHING SAFE RELIABLE

You have only to use herbal Zam-Buk yourself to realize how vastly different it is to every other skin preparation. Old or new. Zam-Buk is indicated in every case of skin disease, whether it be eczema, psoriasis, etc. All dealers. Box, 3 for \$1.50.

Forhan's Tender Gums cleans teeth scientifically as well. Brush your teeth with it. It keeps them white and clean.

Be Suspicious of Tender Gums

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhoea—an insidious disease of the gums that destroys the teeth and undermines bodily health.

Gradually the gums become spongy. They inflame, then abscess, thus exposing the unenameled tooth-base to the savages of decay. Tiny openings in the gum form gateways for disease germs to enter the system.

Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhoea.

They are now known to be frequent cause of indigestion, anaemia, rheumatism and other serious conditions.

So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhoea (Riggs Disease) if used in time and used consistently.

And in preventing Pyorrhoea—it guards against other ills.

Forhan's (For-the-Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps them white and clean.

If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send postpaid direct and we will mail tube postpaid.

Jumping Material Coming To Canada

When Spring Race Meeting
Finished at Pimlico May 13
Outfits Will Ship to Wood-
bine.

There will be plenty of jumping material going from Maryland to Canada immediately after the finish of the Maryland Jockey Club's spring race meeting at Pimlico on May 13th. Some outfits will ship to Woodbine for the spring season of the Ontario Jockey Club, but others will go directly to Blue Bonnets for the June meeting of the Montreal Jockey Club. The Montreal Jockey Club's racing this spring will be marked by renewals of the Windsor Hotel handicap, which, this year will be a race of \$5000 added money value, the Kindergarten stakes and Connacht handicap and the Prince of Wales steeplechase to the subscriptions for each the Montreal Club will add \$2500. These stakes will close on May 8th, and they are considerably advanced in value. The value of all other Montreal races will be related by the same proportion as obtains in the matter of the stakes and particular attention will be paid to steeplechasing.

Among the Americans who will contribute to the success of Blue Bonnets cross country racing are Mrs. F. Amberg Clark, Charles K. Harrison, Jr., James W. Healey, Edward B. McLean, Edward F. Whitney, Ralph Beaver Strausburger, and Mrs. Payne Whitney. Mrs. Whitney has an unusually strong stable of jumpers this season. Her new trainer is the one time famous flat race and steeplechase jockey Vincent Powers, who rode for Samuel C. Hildreth in Canada several seasons, while horse racing was in disfavor in the New York state. Powers succeeded James Owens when Owens died last winter.

Probably the horses of the Harrison stable are the fittest of the Ontario Blue Bonnets racing will get from Maryland. Mr. Harrison will be remembered by patrons of Canadian racing as the owner of Transper, which won a steeplechase at Blue Bonnets last fall and afterward the Queens City steeplechase handicap at the Ontario Park, Ottawa, in the Autumn handicap at Woodbine Park. Transper and his numerous stable companions have been readied up for spring and summer campaigns. Other jockeys of the Harrison string are Sea Tale, Redart, Jim Goffroth, Overmatch and Barrow. The latter two riders, the veteran Barrett Haynes and his Velthe's sons Silas and Leo. The young Velthe's are coming on handsomely. They are the offspring of old block Silas, pete, a Canadian, was a first rate steeplechase jockey many seasons. He is now a smart sprinter in Ruben, an Ontario Peter Quince and Belle of Ashland and a winner at Havre de Grace.

Among the jumpers in the stable of Mr. Strausburger are sportsmen of Pennsylvania, are Elmer Johnson, Briganna, Perklomen, Honybham, North Wales, Theodora and Frank. The latter Elmer Johnson will show best of these fit he meets no training misadventure. He has class and is one of the swiftest fencers in the United States. John Kermate who rode in Canada some seasons back for Edward M. Weld and Temple Gwathey, of New York, is the trainer of the Strausburger string and his jockeys are Otto Diamond and Pat Brady. Like Vetch, Kermate put in six weeks of March and April at Havre de Grace and his horses are ready.

Edward F. Whitney whose mares by Jimlay and Second Thoughts distinguished themselves in Canada last season will break into steeplechasing at Blue Bonnets with Carmadale, a big sprinter by Meridian out of Laruma, she a daughter of the female line of the celebrated Sir Archibald, for which he (Whitney) paid \$10,000. Richard F. Carman the year before last. Carmadale is in splendid condition and is a voracious eater. But he is lax and indifferent about fat racing. William Irvine has schooled him thoroughly however and found him to be an apt fencer.

Healey has a first rate fencing prospect in Free State, which was away from racing most of last season, but which has come back in grand condition. Free State is apt to prove one of the crack distance running jumpers of the coming Canadian and American season. Robert Oliver and half a dozen of the other old crumples with which this remarkably successful young trainer has been winning these two or three years are still in training and with them are four homebred sons of Louisa Foyle, owned by Mr. McLean, who is the publisher of the Washington Post and the Cincinnati Enquirer.

St. Peter's Team Have Workout

The St. Peter's baseball team first out for a brief workout. The first of the season, last evening. The "Saints" were delighted with their diamond, the sod was firm and the grounds promise to be in great form for the opening games of the season. Many improvements have been made which will result in an even better playing field than that of last year. The grass is taking well, and the infield is already quite green. The "Saints" have not yet indicated just what their plans are for the coming season. They have not as yet entered the City League, nor taken the Covey affidavit and their decision will be awaited with interest.

BUILDING UP YOUR GOLF GAME

Essentials of Iron Play—Must be Freedom of Arms, Body
and Feet in Longer Shots.

(By James M. Barnes, U. S. Open Golf Champion.)

In these lessons up to date I have gone from the short chip shot just off the green's edge to the driving iron or spoon shot, from 175 to 200 yards away.

I have taken each club in turn, but before I go to a new subject I want to cover a few essentials of iron play that must be followed, important things that govern mashie midsize, mashie, masher, mashie iron and midiron.

If you can get these main matters of iron play firmly lodged in your brain you will be well started on the right road.

First of all, after taking position with your feet, remember not to grip too tightly, but rather with a gentle firmness. If you were holding a baseball to throw it.

Then keep in mind the green, using the straight swing back with the left arm firm.

Don't start to swinging the club around your body as so many do. The club head comes back on a line running toward the ball toward the hole.

From the Top.

When you have come to the top of the swing, never over a three-quarter swing, strike down at the ball and swing the club head up through toward the green.

In this downward swing you keep both arms fairly straight, and whatever you do don't let up when striking the ball.

That is the worst place you could pick to quit on the shot, for it is the place where everything must be firm and continuous.

Although both arms are kept straight in the blow, the wrists must be used in this fashion.

The left wrist to help guide and help steady the swing. It must be held firm, never flabby. It must help to keep the right hand in the right direction toward the hole.

The right wrist must be used to direct the blow, to get the club head through.

Alex. Smith is a fine example to follow in playing this shot. His left wrist is merely firm, while his right wrist sends the club head crashing into the ball and then carries it on through toward the green. The right wrist and the right arm have control of direction, but don't let the right wrist roll over much when striking the ball. This is a mistake that is often made and one that must be watched.

Important Points

There are several important points to watch in iron play. One is to turn the face of the iron slightly. Never point the toe of the club in. The wrists in all short shots should be kept fairly stiff, as in putting, but in longer shots they should have a little more freedom and give.

In short shots there is a sense of guiding the club through. In long shots there is more a sense of throwing the club through. In the longer shots there is also more freedom with the

CONFUSED LIST OF BRITISH PEERS

London, May 4.—Sir Arthur Balfour's acceptance of elevation to the House of Lords as Earl Balfour of Whithelmshame added to an already confused list of British peers.

There was already a Lord Balfour of Burleigh, two Lords Morley—a Viscount and the Earl—two Lords Cobham, two Lords Ashton, a Lord Curzon in both houses, (the Commoner having the courtesy title of Viscount), Lord Middleton and Lord Middleton, Lord Lindsay and Lord Lindsay, Lord Longford and Lord Longford, Lord Terrington and Lord Terrington.

Commenting on Sir Arthur's admission to the House of Lords, the Observer said:

"Having entered on the slippery slope of accepting titles, Sir Arthur now finds himself doomed to the House of Lords, the

FIFTY-THIRD SESSION OF DIOCESAN SYNOD ANGLICAN CHURCHES BROUGHT TO CLOSE

Lively Discussion With Reference to Collection of Funds for Orphanages—Special Collection in November, the Whole Amount to be Given to New Brunswick Protestant Orphanage, This City.

Fredericton, May 4.—Following the reading of the minutes at the opening of the Diocesan Synod today, the rules of order were suspended to welcome Rev. E. S. C. Powell, one of the church's foreign missionaries in Japan, to a seat in the Synod.

Upon resuming the order of the day, the report of the committee on the bishop's charge was taken up and adopted section by section.

The report adopted was as follows: "To the Right Reverend the Lord Bishop and the Diocesan Synod of Fredericton:—The standing committee having considered your Lordship's charge, beg to report as follows:—We feel that we are expressing the joy of the whole Church in the Province when we acknowledge our day's gratitude to Almighty God for His mercies vouchsafed to your Lordship in your recent recovery from the very serious operation which you underwent last year."

"We were much impressed with your Lordship's remarks in reference to the very serious outlook for the supply of candidates for the ministry of the Church in the diocese, and we strongly recommend the clergy to bring the call to their sacred ministry constantly before their people and especially at the ember seasons; and we reiterate the strong recommendation contained in our report at the last Synod. In this connection, we remind the Synod that those clergy who have received special training for missionary work have ever regarded as a point of honor to give at least five years' service to the diocese."

"While deeply sympathizing with those parishes which, owing to circumstances beyond their control, have lost their self-supporting status, we nevertheless feel that the requirements of the Church act should be strictly adhered to, and we strongly recommend the clergy to bring the call to their sacred ministry constantly before their people and especially at the ember seasons; and we reiterate the strong recommendation contained in our report at the last Synod. In this connection, we remind the Synod that those clergy who have received special training for missionary work have ever regarded as a point of honor to give at least five years' service to the diocese."

"In view of the action of the General Synod in the matter of provision for clergy, widows and orphans, we recommend that all married clergy, according to the diocese, provided they are not already contributing to a similar fund in any other diocese, and that all clergy in the diocese who may hereafter enter the holy state of matrimony, be required to become members of the fund of this diocese in order that they may thereby become eligible for the benefits of such beneficiary funds as the General Synod may establish, and with this end in view we recommend that our own canon governing this law be brought into line with the terms under which the General Synod's fund will be administered."

Pending action on the part of the State with regard to our suggestion of last year, that notice of intention to marry be compulsory, we strongly urge that, as far as possible, the requirement of the Prayer Book be adhered to, namely, that marriage be by banns and be solemnized in church, whenever possible.

"Whereas, we are committed to contribute to the maintenance of the Maritime Home for Girls at Truro, we recommend that steps be taken at this Synod to discharge these financial obligations for which we have already become responsible; and in the matter of the proportion of the amount required from this diocese, in the future, we recommend that the Social Service Council to confer with the diocese of Nova Scotia seeking a more equitable adjustment, which notice had been given previously that the money so collected be devoted to the New Brunswick Protestant Orphanage alone, was carried by a large majority. This latter motion, as expressed by the feeling in the Synod, is an attempt to force amalgamation on this home to which all the proceeds of this collection are to go.

Results of Balloting
Following the conclusion of this discussion the results of the balloting, done at the session of the delegation the Dominion Synod which opened in October were announced as follows:—The following are the delegates which were elected to the Dominion Synod which will open in October: Clerical delegates—Very Rev. Frits, A. C. Skelton, Substitutes—R. W. Howson, W. L. Harding, Col. Campbell, Dr. T. Walker, Dr. T. C. Allan, J. M. Robinson.

The election of the members for the various other committees was then held. The following is the personnel of the three most important: Standing Committee: Ex-officio—Bishop Richardson, Dean of Fredericton, Archdeacon of Chatham, Archdeacon of Fredericton, Archdeacon of St. John, Chancellor.

Elected members—Rev. Canon Armstrong, Rev. Canon Smithers, Rev. Canon Daniel, Rev. Canon Sheehan, Rev. W. P. Dunham, Rev. E. Taylor McKim, Rev. W. C. Nichols, Rev. E. P. McKim, Canon Hooper, Rev. Dr. Hibbard, Rev. Thos. Parker.

Executive committee—Ex-officio—Bishop Richardson, Dean of Fredericton, Archdeacon of Chatham, Archdeacon of Fredericton, Archdeacon of St. John, Secretary of the Synod, Treasurer of the Synod. All members of standing committee.

ACIDS IN STOMACH MAKE FOOD SOUR CAUSE INDIGESTION

"Experience has taught me that most people who complain of stomach trouble are indigestion-prone. Foods which are perfectly healthy and normal," says a well known authority. The real trouble, which causes all the nervousness, gas and pain, is excessive acid in the stomach. This acid irritates the delicate stomach lining, sours and ferments the food before it is digested naturally without pain. Try this for a few weeks and see if your stomach does not feel one hundred per cent better.

The salaries of the officers of the Synod were then fixed for the ensuing year. These showed no change with the exception of that of the secretary, Archdeacon Newham, whose salary was increased from \$800 to \$1,000 each against his will.

Votes of thanks were extended to the Y. M. C. A., to Rev. W. P. Dunham, ass't. secy. during the session, to the hosts and hostesses of the city and to the choir and organist of Christ Church Cathedral.

In connection with the report of the proceedings, as appeared in the press, His Lordship stated that one matter had been slightly incorrect. This was with reference to the communion wine. The truth of it was that wine which had been procured from outside sources had proven unsatisfactory. The New Brunswick Liqueur Commission had supplied samples which the committee composed of Dean Neale and the Rural Deans, upon investigation, had found to be most satisfactory.

The final work of the Synod was the extending of votes of thanks to Bishop Richardson for his capable and efficient method of conducting matters during the session. This was moved by Dr. W. S. Carter, and seconded by Canon Armstrong.

LUX

For All Fine Fabrics
If you have something especially nice and dainty that you do not feel like sending with the regular washing, you can easily and quickly cleanse it with Lux. The thin, white, esthetic flakes of Lux are made by our own exclusive process, and readily dissolve into a rich, lathering lather, as harmless to fine fabrics as pure water itself.

Lux is recommended for washing fine garments. It is said only in special packages—what good!

Maritime Religious Education Council Annual Convention of Truro District Held at Truro Wednesday.

The annual convention of the Truro District Religious Education Council was held in the Methodist church, Truro, on Wednesday, May 3. This proved to be one of the most successful and representative gatherings in the history of Sunday school work in Colchester county. All but six of the twenty-two schools in that district were represented and presented reports of progress. At this convention the special feature of Sunday school work under consideration was the 'teen-age girls' program of religious education, which was presented thoroughly by Miss Allison, girl's secretary of the M. R. E. Council. Miss Allison also spoke at the evening session, showing what the G. I. T. movement is accomplishing in the Maritime Provinces, after which the meeting was addressed by Mr. Milligan, Presbyterian secretary of religious education, who gave a masterful presentation of the subject "Education for Evangelism" as the great spiritual objective of the churches following the forward movement.

The Maritime girls' work secretary was the guest at the Acadia Seminary during the last week-end. Miss Allison visited the institution in the interests of the Student Christian Movement, which she is connected, as well as girls' work of the churches.

The Sixteenth International Sunday School Convention will be held June 27-29 at Kansas City, Missouri. The 4,000 delegates who will assemble at the opening of the Sixteenth International Sunday School Convention represent a tremendous army of whose influence on the future of the United States and Canada is beyond estimating. Canada reports as follows: Sunday schools, 10,255; officers and teachers, 94,204; pupils, 904,513; while the United States reports with: Sunday schools, 145,967; officers and teachers, 1,283,491; pupils, 15,117,723.

No argument is needed as to the wisdom of attending the convention when it is realized that plans and methods which are so connected, as well as the Canadian banquet and rally at the convention.

Delegates from the Maritime Provinces register with the secretary of the Maritime Religious Education Council, St. John, N. B., so that plans can be made for travelling together, and for the Canadian banquet and rally at the convention.

Obituary

Miss Margaret J. Cochran.
The death took place Wednesday, following a short illness, from angina pectoris, at the New England Sanatorium, of Miss Margaret J. Cochran, daughter of the late Hamilton Cochran of this city. She was formerly a member of Exmouth street Methodist Church and was active in all church work. She left here a number of years ago and resided at Wakefield, Mass., where she was married to the late Mr. Robert Cochran. She is survived by one sister, Mrs. Thos. White, Charlottetown, P. E. I. Mrs. A. D. Hopkins, City Road, is a first cousin, and Alexander R. Cochran, Bonaventure, who is on the staff of the King street store of Waterbury & Rising, is a nephew. The remains will be brought to the city by train on Friday.

Patrick McHale.
The death of Patrick H. McHale, a popular member of the city water department, occurred yesterday morning at his home, 22 Exmouth street, following an illness of only one week. He leaves to mourn his loss his wife, two sons, Frank and Harold; four daughters, Mrs. F. C. Whay, of Brookton, Alta., and Florence, Adeline and Dorothy, at home; two brothers, James, and John, and a sister, Mrs. Honora Nugent, of New York. Mr. McHale was a member of the city water department for 25 years and was known to a great number of people in the city, all of whom will regret to learn of his death and will deeply sympathize with the family in their bereavement.

Mrs. James McCarthy.
A great number of friends in the city regretted deeply to learn of the death of Mrs. Catherine McCarthy, widow of James McCarthy, who was for many years coachman in this city, which occurred Wednesday night at the infirmary, following an illness which has in one stage or another been afflicting her for years. Mrs. McCarthy was formerly Miss Catherine McNeven of Sussex. She was well-known in the city for her innumerable deeds of kindness and for her goodness of heart and great sympathy for those afflicted, and her death has left a sense of loss in the hearts of all who were her friends, and they were many. The funeral will be held on Saturday from the late Charles Fletcher, Halifax, and had been a resident of Fredericton for almost 25 years. She was an active member of St. Paul's Presbyterian Church in the voluntary society and the S.P.C.A. Some months ago she went to Boston and underwent an operation. Mrs. MacNutt is survived by her husband, who was formerly well known as a journalist; one daughter, Miss Grace MacNutt, at home; one son, Hugh R. MacNutt, Halifax, and one son, Charles Fletcher, Fredericton, N. B. The remains will be taken to Halifax for interment.

Mrs. L. C. MacNutt.
Fredericton, May 4.—The death took place this morning of Mrs. Annie O. Fletcher, wife of L. C. MacNutt, collector of customs, aged 83 years. Mrs. MacNutt was a daughter of the late Charles Fletcher, Halifax, and had been a resident of Fredericton for almost 25 years. She was an active member of St. Paul's Presbyterian Church in the voluntary society and the S.P.C.A. Some months ago she went to Boston and underwent an operation. Mrs. MacNutt is survived by her husband, who was formerly well known as a journalist; one daughter, Miss Grace MacNutt, at home; one son, Hugh R. Shepody Lodge Install Officers For Year 1922 Quarterly Reports Showed Very Prosperous Quarter With Many New Members.

Albert, N. B., May 2.—At the regular session of Shepody Lodge No. 1, held in their room last evening, the following officers were installed for the ensuing term: G. T. J. R. Fullerton, V. T.—Almsley Tingley, Secretary—Miss Minnie Terris, Assistant Secretary—Edward W. Harned, Financial Secretary—Miss Mary Lyons, Chaplain—Rev. G. A. Sellar, Marshal—Miss Mildred Tingley, Dep. Marshal—Vaughn Biles, Guard—Vaughn Steeves, Sentinel—Miss Celia Fullerton, P. C. T.—Silas C. Wright.

The quarterly reports showed a very prosperous quarter with a large number having joined the ranks, making a total membership of 75, with quite a number contemplating joining in the near future.

At the meeting held on April 24, Shepody Lodge entertained the members of Mount Pleasant Lodge from Hopewell Hill. An extensive programme was carried out after which refreshments were served.

The visiting lodge extended a hearty vote of thanks for the entertainment which was thoroughly enjoyed.

Funerals

Gagetown, May 2.—The funeral of Leslie G. Boyd, the victim of Saturday's appalling accident at Reid Brothers' mill, took place from his late home yesterday afternoon to the Gagetown Methodist church. The funeral was the largest ever seen here, all the surrounding communities being represented in the crowd which completely filled the church, many being obliged to stand on the sidewalk outside, and the general sorrow which marked the faces of everyone present was an eloquent tribute to the esteem in which

so man can work." The utmost sympathy is felt for the bereaved family to whom sorrow has already come more than once within recent years. In St. John's church on Sunday feeling reference was made to the sad occurrence and prayers said for the sorrowing family. The flag on the Gagetown Grammar school has been at half mast since the accident, and yesterday afternoon, the stores and places of business were closed for the funeral.

The funeral of Mrs. Margaret J. Simons, who died yesterday afternoon from her late residence, 74 Waterloo street, to Fernhill, Service was conducted by Rev. F. S. Dowling.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The employees of Reid Brothers' mill attended in a body, and fifty-six teams and cars followed in the funeral procession. The service was conducted by the Rev. Henry Penna, pastor of the Gagetown Methodist church, and was a deeply touching and impressive one. The hymns "Rock of Ages," "Just as I Am" and "Abide With Me" were sung, and Mr. Penna gave a most comforting and eloquent address on the words: "I must work while the works of Him who sent me while it is day; for the night cometh when

White-Star Dominion Line Captain Canned

Cornishman First Trans-Atlantic Ship to Enter Montreal This Season.

An interesting ceremony took place at Montreal on Sunday last, on the foredeck of the White Star Dominion line freighter Cornishman, when Captain Calvert, master of the steamer, was the recipient of the silk hat and gold headed cane presented annually by the Harbor Commissioners of Montreal to the captain of the first trans-Atlantic steamer to enter the port each season. The race up the St. Lawrence was keenly contested this year by several ships, but although the Cornishman was diverted for thirty-six hours to go to the aid of another ship, being subsequently recalled, she still managed to keep ahead of the other competing ships. Among those present at the function were Mayor Martin, mayor of Montreal, who presented the silk hat, and Dr. Milton Hersey, of the Harbor Commissioners, who presented the cane. In the conclusion of the ceremony the Commissioners entertained at luncheon.

Tiny Travellers Looked After

Two Children, Aged Eight and Ten Years, Arrived Alone on White Star Liner Canada

When the White Star Dominion Liner Canada arrived at Montreal on last Tuesday, she brought to this country little Charlie and Annette Dodd, age eight and ten years respectively, who are making a four thousand mile journey from London, England, to Winnipeg, where they are to be reunited with their parents. The children travelled to Liverpool in the care of the Great Western Railway, and on embarking on the steamer were taken in charge by one of the conductresses which are now carried on all steamers of the White Star Line. The Canada is also bringing a large party of domestics travelling under the auspices of the Saskatchewan Government, and who will be placed in desirable positions in the Western Provinces.

FREIGHT CREW SAVES PROPERTY BURNING

Blasts of Whistle Failed to Arouse Family—Crew Got Busy.

Montreal, May 4.—How a Montreal train crew saved a farmer's home from destruction by fire, and probably saved the lives of the occupants of the house, while passing through Rogersville, recently, makes an interesting story. Freight No. 84, Conductor J. E. Fryers, was passing through Rogersville at an early hour the other morning when brakeman Percy Gallagher saw a blaze in the house of Adolphe Sowler. The train was immediately brought to a standstill and several blasts from the whistle given, but as this failed to awaken the Sowler family, the whistle crew ran to the scene of the fire, and after arousing the family, succeeded in getting out the blaze before much damage was done. It was found that the fire had originated in one of the upper story bedrooms and might have jeopardized the lives of the family had it not been discovered in the nick of time.

Municipal Council Finance Committee

Session This Afternoon to Deal With Matters to Come Before Council.

The finance committee of the municipal council will meet this afternoon to deal with some matters which are to come before the council at its meeting on Tuesday and to pass for payment the bills of the quarter. Among other matters which will be dealt with will be an application from the Commissioners of the General Public Hospital to have a sum voted last fall for an expected overdraft, but which was not needed, be now placed to the credit of the fund for the renovation of the Epidemic Hospital. The amount needed for this work, in addition to a vote already made, is about \$10,000. The commissioners expect to have, when the work is completed, one of the most up-to-date epidemic hospitals in the country.

A Wide-Spread War Memorial

THIS TABLET COMMEMORATES THOSE IN THE SERVICE OF THE CANADIAN PACIFIC RAILWAY COMPANY WHO AT THE CALL OF KING AND COUNTRY LEFT ALL THAT WAS DEAR TO THEM ENDURED HARSH FEAR DANGER AND FINALLY PASSED OUT OF SIGHT OF MEN BY THE PATH OF DUTY AND SELF SACRIFICE GIVING UP THEIR OWN LIVES THAT OTHERS MIGHT LIVE IN FREEDOM. LET THOSE WHO COME AFTER SEE IT THAT THEIR NAMES BE NOT FORGOTTEN.

UNVEILING AND DEDICATION OF A MEMORIAL TABLET

Impressive Ceremony in Office of Canadian Bank of Commerce—Tablet Unveiled by Lt. Gov. Pugsley, Prayer of Dedication by Rev. Moorhead Legate—Addresses by Prominent Gentlemen.

An impressive ceremony, the nature of which served as a fitting reminder to those who were privileged to be present, of the spirit of self-sacrifice and devotion which characterized those who unhesitatingly gave their lives to their country in a great cause took place in the office of the Canadian Bank of Commerce, King street, yesterday afternoon, the occasion being the unveiling and dedication of the memorial tablet in honor of the men from this branch of the Empire, who served in the Great War. The actual unveiling was done by His Honor Lieutenant-Governor Pugsley, and the prayer of dedication was read by Rev. R. Moorhead Legate, in the presence of a large number of citizens, and some of the relatives of those men in whose honor the tablet was erected. The speakers were introduced by W. H. Leggett, manager of the local branch of the bank.

His Honor the Lieutenant-Governor, in opening his address said that he greatly appreciated the honor conferred upon him by being present at the unveiling of this tablet, which was a fitting tribute to the men who had enlisted for service and of whom some had paid the supreme sacrifice. The speaker said that he had read with much interest, the book prepared by the bank, containing a record of the services rendered by the members of the different branches of Canadian Bank of Commerce, and in order to give his hearers some idea of the record on the occasion he reviewed their splendid services in the war. The bank clerks of Canada did not wait for the call of duty to respond to the service to relieve the men required at the front. It is an interesting fact that the banks of Canada furnished probably two full brigades of soldiers with their resources. We have been told on the authority of the best regimental officers that these young men who left their desks for the training camps were unexcelled in spirit, resourcefulness, endurance and courage.

Mr. MacGillivray on behalf of the Canadian Bank of Commerce was grateful to the Lieutenant-Governor, the Government and Municipal Representatives, as well as to the numerous private citizens present, for their kind and neighborly participation in this memorial service. Mr. MacGillivray said that he was proud to belong to the profession, especially when reviewing their splendid services in the war. The bank clerks of Canada did not wait for the call of duty to respond to the service to relieve the men required at the front. It is an interesting fact that the banks of Canada furnished probably two full brigades of soldiers with their resources. We have been told on the authority of the best regimental officers that these young men who left their desks for the training camps were unexcelled in spirit, resourcefulness, endurance and courage.

Mr. MacGillivray said he might be pardoned on an occasion such as this to refer with special pride to the record of the Canadian Bank of Commerce. On the declaration of war a wave of patriotic fervor swept over the staff and the number of enlistments in the first few months was remarkable. The two who enlisted from this office and gave up their lives were in this category. Captain DePallot enlisted on the declaration of war and Sergeant Raymond in November following. Altogether from the bank, as has been stated, 1701 of our choicest young men saw service. This was equal to a battalion and its reinforcements. They served on every Allied front including Germany, East Africa, and there were among their number those who won every decoration and award from the V. C. down. No less than 266 of the choicest of these gave up their lives. Of them 100 were buried in the distant graves. Mr. MacGillivray said the words of the first verse of the hymn sung at the burial of the unknown warrior might fittingly be applied to "O valiant hearts, who to your glory came. Through dust and conflict and through battle flame. Through all your life, your knightly virtues proved. Your memory hallowed in the land you loved."

Mr. MacGillivray said he was proud to be present at this ceremony in the name of the Chief Executive as well as his

EVIDENCE FINISHED YESTERDAY IN THIRD TRIAL OF JOHN PARIS; CASE GOES TO THE JURY TODAY

Witnesses for Defence Testified as to Seeing Paris in Truro on August 2, and on Train Following Day—Conductor Swears Paris Did Not Pay Fare on Train and He Did Not See Him—Verdict Is Expected This Evening.

The last of the evidence in the third trial of John Paris, charged with the murder of Sadie McAuley, was concluded at a little before 6 o'clock last evening. Mr. Vernon will begin his address to the jury on behalf of the accused when the court opens at 10 o'clock this morning, and his address will be followed by that of Attorney-General Byrne for the crown, and by Judge Barry's charge to the jury. The case will probably go to the jury towards the latter part of the afternoon.

At his first trial the jury disagreed, and at his second, they found him guilty. New witnesses have been called by both sides at each succeeding trial, so that each jury has had to consider phases which were not presented to their predecessors. At yesterday's hearing one witness swore that the deceased was on the train with him that left Truro August 2, and arrived in St. John August 4. Another witness swore to seeing Paris in Truro on August 2.

Of the two witnesses called in rebuttal, the first swore that Nicholas sales slip bearing the date August 2 had been changed from a 3, but admitted that all his knowledge of the oil company's sales was based solely on the records received from the Truro branch, and that if they were wrong, he and his evidence was wrong. The other crown witness swore that Paris did not see the accused had said, pay him \$3 for a fare from Truro to St. John. He would not swear that the accused was not on the train August 2nd or 4th.

John A. Maxwell

John A. Maxwell, steam driller, Truro, was the first witness called in the morning. He said he was on the train that left Truro on the night of August 2 and arrived in St. John on the morning of August 4, and that John Paris was on that train and in the same seat with himself during the trip. He also said he saw Paris in Truro on July 27 and saw him in a fight there.

Officer Boss

Ira Boss, police officer for the town of Truro, swore that he saw Paris on the afternoon of August 2 speaking to Chief of Police Fraser, while witness and the chief were searching for a can of cream under a search warrant. He said he fixed the date by the search warrant and by a Chautauque parade.

The witness identified a copy of the Truro Daily News, dated August 2, and read a paragraph in which it was reported that a parade had taken place the day before. He also read from a copy of date of July 30, an advertisement of a Chautauque parade on Monday, August 1, called "Lucky Number Parade" for children. Witness, however, was certain the parade took place on August 2.

He said Chief Fraser was mistaken when he said at the first trial the chief, Boss and McCallan went to the island together on August 2. The witness said he was not at the island on August 2, 4, or 6. He was not sure about August 4. He would not swear that Chief Fraser was on the island on August 2 and August 4. He said he was not there with the chief on August 4. He said he did not come to the first trial because he was not subpoenaed.

Continuing the witness said he did not see the warrant on August 2. He could not say why he could not fit the date he was to the island by the Chautauque before finding the warrant slip, of September 27. He did not know what the chief did with the warrant on his return from the island.

Officer Boss resumed the stand after the noon recess, a large cardboard sign submitted by Mr. Vernon, was identified by witness as a Chautauque sign bearing the date August 2.

He said he saw a parade with a band that day, but did not remember seeing any children dressed up in the parade. He only saw one parade on Aug. 2, and could not say if there had been a parade Aug. 1.

Mr. Byrne wished witness to look over some newspapers to see if he could find an account of any other parade, but Judge Barry protested it would take too long, and Mr. Byrne withdrew his request.

Ogilvie Deposition

The deposition of Warren Ogilvie, manager of the Eastern Hat Co., who gave evidence at the last trial and who has since died was read. It showed that Mr. Ogilvie had sworn that Christine McKewen was "W. H. H." and that he was the manager of the company. That Paris had worked for him in April, 1921 and had met him a few days prior to August 2. He asked to be paid for the work done in April.

He said he did not see the accused at the factory on August 3 and did not know if the bill was presented to him for payment on that date, or on any other. Mr. F. H. Ogilvie, was in the factory on the 3rd.

The witness was remembered Paris asking him for the money because such fellow usually wanted their pay as soon as their work was done.

He did not know if he had seen Paris between the time he did the work and the time he asked the money. He remembered having seen him before he did the work, but could not say where, nor when, nor how often, but remembered his behavior.

He did not know how Paris was dressed, nor whether he had a mustache when he met him a few days before August 2. He remembered Paris and Ogilvie on his face but did not remember in what part of his face.

He said he would not have seen the man working for him if he had not been for the fact that he had engaged Paris during working hours. He said he was positive beyond all possibility of a doubt that he remembered the man who had worked for him on April 29. He said when he had found the witness relating to the witness' name on his file, he had looked for a receipt but could not find

it. He also said that no other John Paris had worked for him or been paid by him during August.

This closed the case for the defence and two witnesses were called by the crown in rebuttal.

Robert Wyatt

Robert Wyatt, Halifax, tank clerk for the Imperial Oil Co., was the first witness called. He said his duties were to check over cash reports and tickets of the tank wagon subdivisions to note if the quantity, price, and dates were correct. He said he handled all reports sent in from the Truro office. He was given a book of tank wagon tickets and the daily cash records of the Truro office during the months of July and August last.

Witness explained to the jury that the tickets were made up in books of fifty bearing corresponding serial numbers, that they were in duplicate, and that the quantity of gas sold, the price, purchaser, and date, the tickets for the two months in question, he said, were in regular form, as were the serial numbers which they bore.

Witness stated that none of his reports showed a sale of gasoline to Nicholas on August 2. He said if such a sale had been made it should have been shown on the report of August 2.

He said the agents might put two or three days' sales' on the one report, but the sales slip of August 2 showed only sales for that date.

The cash sales' report was received August 5. It did not contain any record of the sale of 150 gallons on August 2 to Nicholas, that was contained in the report dated August 5 and received August 10.

Judge Barry asked if that did not indicate the reports were post dated. Witness said he did not see why it should take the reports four days to reach Halifax as there were daily mail trains. To Mr. Vernon witness said he would not of his own knowledge swear Nicholas did not buy 150 gallons of gasoline on August 2. If the records received from the Truro office were correct, he admitted his evidence amounted to nothing.

He was shown the duplicate slip dated August 2nd, received by Nicholas, and was asked to compare it with the original. Mr. Vernon pointed out the alterations in the date which the driver said had not been made by him.

Witness said McCarty, the Truro manager, changed the tickets to match the date he sent to him. He did not know why the tickets all through the file were changed in that way, he said. The slip dated August 2 received by Nicholas, he said, had been changed from August 2 to August 2. The slip, he said, belonged to another book than those of August 2.

Judge Barry reminded witness that Robinson, the driver, swore the date had been changed by him and had not been changed.

Witness said the original had been changed from a 3 to a 5.

Witness examined a receipt of Nicholas bearing date July 27 and identified a purchase for the same amount and date in Nicholas' gasoline book. Shown a slip bearing date July 29, witness said it had been changed from July 27. He would not say the number 9 on the duplicate was not correct, but he admitted the slip of July 27 had not been changed, but the company's had been.

As to whether the date on the slip bearing date August 2 had been changed or not, Judge Barry said was a matter for the jury to decide.

Witness admitted that Nicholas' book was right and the company's slip wrong as to July 27, but he showed the Nicholas' slip bearing date August 2 had been changed from a 2, and that Mr. Vernon knew it had been changed. To the Judge witness said he could see the change had been made with his own eyes, and was helped in his help by comparison with company's slip. His Honor remarked that the witness' eyes were his fortune.

Explaining the changes of dates witness said that the date on the sales made after July 29, August 1st. The reason he changed the dates was to make them correspond with his report. As to the sales of August 5, he said one had been changed from a 2 to a 5. The one changed was from a 2 to a 5.

To Mr. Vernon witness said there were quite a number of tickets changed from August 1 to 2. He admitted that by making such a change an agent would not have to pay so soon.

Judge Barry—"He would have the use of the money for three days?"

His Honor said he would have to question the answer to get at the truth as to as to instruct the jury.

To his questions witness said that he knew absolutely nothing about the transactions in Truro personally. That other than what was shown by his records, and that if the tickets did not correctly represent the transactions, he would know nothing about them.

On this substance Judge Barry concluded the case for the defence, and the court adjourned until 10 o'clock, when Mr. Vernon will begin his address to the jury. The case will probably go to the jury tonight.

Judge Ritchie Off To Europe

Representatives of the Bar Made Pleasing Address in Court—He Will be Away Three Months.

Hon. Robert J. Ritchie left yesterday for Montreal where he will take the S. S. Montreal for Naples, his first stopping place on a three months tour of Europe. He intends to visit Rome, Milan, Venice and other places in Italy; Oberammergau, Bavaria, to see the "Passion Play"; Paris, London and the former home of his parents in Ireland. His Honor will accompany a touring party as far as Paris and then will proceed alone to London and to Ireland. While he is absent his place on the bench will be filled by George A. Henderson, as sitting magistrate, and E. S. Ritchie will act as clerk of the court.

At the opening of the city court yesterday G. Esrie Logan and Kenneth A. Wilson spoke to Judge Ritchie in a few well chosen words on behalf of the bar. He was wished every joy on his trip to Europe and a safe return to his native city, after a pleasant tour through the countries of the Old World.

The Judge made a feeling reply and said when he returned after three months' vacation he would be ready to continue his duties or let some one else fill his position. He alluded to whether or not the city wanted him on the bench.

Selections Heard By The Wireless

Party in Commercial Club Room Hear Programmes from New York and New Jersey.

The Marconi Wireless Telegraphy receiving station which under the supervision of J. J. Thompson, the company's representative, which was recently installed in the Commercial Club, Prince William street, was working under splendid atmospheric conditions last night, and the results obtained were the best since the installation of the receiving set in the Club's rear room.

Band selections, vocal, piano, banjo, and mandolin solos were all received, from a sending station at Schenectady, N. Y., another at Newark, N. J., and a third in Deal Beach, N. J.

Four receiving sets were connected up to "listen in" at the first of the evening, and later the music was coming in so strong that the music could be heard for a radius of some ten feet about the room.

Because of the fact that the station is enclosed by high power wires, Mr. Thompson said it was working under great difficulties, but with further experiments and testing, even better results than those obtained last night will doubtless crown his efforts.

Some new apparatus received yesterday, no doubt, was responsible to some degree for the success met with last night, and when the requirements of the local hearing have been solved, the results should be of the very best.

AUTO TRUCK WAS ON FIRE

Alarm Sent in from Box 144—Harry C. Green's Truck Slightly Damaged.

Two alarms from box 144 about six o'clock last evening caused quite a lot of excitement for a short time until it was found there was no cause to fear a big fire, as the second round of the alarm was being rung, the fire which, when the all out was rung, instead of stopping at one blow, kept on for the rounds.

The alarm was sent in for a fire in the Victoria Street Baptist church, at three o'clock yesterday afternoon when Roy Gordon Danks of Westfield and Miss Elizabeth B. Parker, also of Westfield, were called in to investigate. They were attended by John Parker, brother of the bride, and Miss Grace Gosselin.

A quiet wedding took place at the home of the Rev. G. D. Hudson, pastor of the Victoria Street Baptist church, at three o'clock yesterday afternoon when Roy Gordon Danks of Westfield and Miss Elizabeth B. Parker, also of Westfield, were called in to investigate. They were attended by John Parker, brother of the bride, and Miss Grace Gosselin.

It would have been \$400. He would not say if John Paris had not been on the train that night.

To Judge Barry witness said that he did not know that a conductor who did not take the regular fare would make a record of it.

The Attorney-General announced that Conductor Depoux's evidence concluded the case for the crown, and as the hour was near 6 o'clock the court adjourned to this morning at 10 o'clock, when Mr. Vernon will begin his address to the jury. The case will probably go to the jury tonight.

A number of women attended the trial yesterday. The custom is, he said, to be quite a social event.

Purchase of Power And Distribution
City Council Favors Agreement—Commission of Three to Control—\$900,000 Bonds for Plant.
The city council yesterday placed itself on record as favoring the making of an agreement at once with the New Brunswick Power Commission for the purchase of from 10,000,000 to 15,000,000 k.w.h. of hydro energy and the appointment of a commission of three to deal with this matter; the mayor to be one member and he to appoint the other two and the issue of bonds up to \$900,000 to pay for the distribution plant.
Following is the resolution presented by Mayor McLellan:
Whereas the New Brunswick Electric Power Commission has notified the Mayor and Council of the City of Saint John that their water power at Musquash is nearly ready for completion and that they will be prepared in the very near future to deliver electric current at the city boundary at a cost not to exceed 1.2 cents per k. W. H., and
Whereas, under the New Brunswick Electric Power Act, it is the right and privilege of the city or municipality to apply to the electric power commission for a portion of the electric current, and
Whereas the electors of the city have expressed at the polls their mandate to the council to purchase and distribute by a civic agency in order that the present condition of a monopolistic control of the distribution of electricity be ended and in order that all the benefits to be derived from the new development may be applied to the public generally and secured to stimulate industry, and
Whereas a very large amount of detailed and specialized organization will be required to secure the efficient and expeditious working out of this program, it is expedient that a civic hydro commission shall be appointed.
(a) negotiate the details of the proposed contract with the Power Commission;
(b) to arrange for the planning and construction of a civic distribution system;
(c) to operate the said distributing system and to promote and encourage a larger use of electricity;
Resolved, That an application shall be forwarded to the electric power commission from this council to be signed and sealed by the mayor and common clerk for the transmission and supplying to the City of St. John of electrical power and energy for use in the Municipality of the City and County of St. John and its inhabitants for lighting, heating and power purposes; the minimum quantity to be ten million (10,000,000) k. W. H.'s the maximum not to exceed fifteen million (15,000,000) k. W. H.'s per annum; the rate to be at actual cost but not more than 1.5 cents per k. W. H. Further
Resolved, That this council place itself on record as willing that the mandate of the electors be promptly and immediately to carry into effect the plan embodied by it, for the purchase and distribution of electrical power and energy within the area for which the application to the power commission be completed with. Further
Resolved, That a commission to be known as The Hydro Electric Commission of the City of Saint John shall be appointed by this Council for the purpose heretofore set out; this commission to be composed of the mayor or two commissioners to be nominated by him. It is understood that the estimated cost of a complete system for the distribution of electricity within the area of the municipality at present served with electrical power and energy will not exceed one hundred thousand (\$100,000) dollars. And it is therefore further
Resolved, That the commission be empowered to prepare plans and specifications and to enter into con-
