STOPS FIRE TRUCK TO SEE IF DRIVER HAD AUTO LICENSE

Policeman Halts Big Motor, Rushing for More Hose.

FIRE CHIEF WAS WRATHY

Draws Controllers' Attention to Action of Legal Sticklers on Force.

Fire Chief John Aitken will not meekly submit to the demand of Chief of Police W. T. Williams that drivers of fire trucks be equipped with chauffeurs' licenses.

Chief Aitken reported to the board of control this morning that during the Abattoir fire on Wednesday, he had sent the motor truck back to the station for more hose. While the truck was returning, the driver, a policeman, ran out into the road and held up his hand for the driver to stop. Russell Edyvane, who was at the wheel, brought the machine to a standstill only to be met with a demand for his name and a question as to whether or not he possessed a chauffeur's license.

Driver Summoned to Court. This morning, Edyvane received a summons to appear in police court next Tuesday to explain the absence of the license.

The controllers agreed that there was no occasion for such a demand on the part of police and the acting chairman, Controller J. P. Moore said that an altogether wrong construction was being placed upon the motor regulations.

Rather Expensive? "It'll be a pretty expensive piece of business if we have to pay licenses for all our officials," remarked Controller G. E. Ross.

It was decided to leave the matter in abeyance pending the return of the mayor from Ottawa. His worship will be asked to take the matter up with Chief Williams.

Want Solicitor's Opinion. The city solicitor's opinion will be secured as to the city's position in regard to an old bridge near the Dominion Abattoir property. County Engineer Charles Talbot has written that the bridge is badly in need of repair, but according to City Engineer W. N. Ashplant that is matter for the county.

Next week the controllers will meet to discuss the biggest item of which will be the estimates for the year's expenditure. With an overdraft of \$17,000 from 1913, and increased expenditures in practically every department, the problem of keeping down the tax rate will be a mighty one.

FORD COMPANY BONDS FOUR-ACRE SITE ON C.P.R.

Local Representatives Take Option on Rodgers Home-stand for Factory.

London real estate representatives of the Ford Motor Company completed a deal yesterday whereby they bonded four acres of property on Adelaide street adjacent to the Canadian Pacific Railway.

The property is known as the Rodgers home-stand, and consists of about four acres on the west side of Adelaide street and runs, with the exception of a few feet, along the Canadian Pacific railway for an entire block.

The real estate men today communicated with the Ford management at Ford City and received a wire from the latter to the effect its representatives could be expected in London any day.

Concord, N. H., March 27.—The final brief on behalf of Harry K. Thaw, on his petition for a writ of habeas corpus and for admission to bail, pending a decision on the matter of extradition, were filed in the United States district court by counsel today.

EXPENDITURE OF \$1,639,000 AUTHORIZED FOR LONDON

Private Bills Committee of Ontario Legislature Ratifies the Passage of 1914 City of London Bill This Morning—No Changes in Money Clauses.

Authorization of an expenditure of \$1,639,000 was granted London this morning by the private bills committee of the Ontario Legislature. The city of London bill came before the committee that passed its various money provisions without alteration.

The important expenditures that the bill authorizes are:

Electrification of the London and Port Stanley	\$700,000
Storm Sewers	400,000
Dennis Wire and Iron Company Loan	25,000
Alterations to Victoria Hospital	25,000
Court House Repairs	50,000
Waterworks	80,000
Hydro Electric Service	176,000

FOUR-YEAR-OLD EXPRESSES WISH TO BE RAILROADER

Attempts to Board International Limited to Carry Out Desire.

REFUSES TO MAKE UP As Train Pulls Out Blasted Hopes Given Expression in Fearful Howls.

"I want to be a railroad man," piped 4-year-old Joe Hagar, son of Samuel Hagar, 117 York street, last night, when he was found by Grand Trunk switchmen attempting to board one of the Pullman cars of the International Limited, just a moment before the Flyer pulled out of the station on its long, non-stop run to Detroit.

"I want to work on the railroad," he tearfully reiterated, when interrogated as to his identity. "I want to be a railroad man."

Home Unknown. "Where do you live?" he was asked. That proved to be a point of doubt in the tot's mind. He wasn't sure whether it was north, south, east or west. Even his name seemed to have left him, and railmen who gathered around the diminutive figure, were perplexed to know what to do with the would-be knight of the rail.

"All aboard," reverberated through the station, and the express began slowly to pull out, westward, on its long run. Also the kiddie started to pull, but not in the manner of the huge, super-heater locomotive that uttered rancorous coughs and chesty groans, as it felt its way through the maze of switch points. He wanted to get aboard. He had a mind of his own, and was not adverse to expressing his feelings in the matter, either.

Ship Came and Went. As the red tail-lights of the train grew smaller and finally disappeared in the distance, the echoes from "switchmen," the youngster set up a howl that would make a full-fledged siren envious. All attempts to "get acquainted" were frustrated by a barrier of howls. Like so many others, his "ship" has come in—then gone without him. Hence the demonstration.

Search for Home. Peace was at length made between the wee man and Patrick Andrews, who was waiting for a train, on the platform, and the two started on a search for the "lost home." It was a case of Mohammed getting up and going to the mountain, and whether the "mountain" was near or far, was where the rub came in. Rescuer and rescued started walking north on Richmond street. It was when they were passing the Tecumseh House that the boy, figuratively speaking, lost his compass and located his bearings.

"Down this way," he cried hopefully, pointing west on York street. After that it was plain sailing and the youthful excursionist was restored to his parents.

STEAMER SINKS WITH 18 OF CREW

French Vessel St. Paul Striking Rock near Brisbane, Australia, Goes Down—Was a New Vessel.

[Canadian Press.] London, March 27.—Eighteen of the crew of the French steamer Saint Paul were drowned today when she struck a rock and sank while entering the port of Brisbane, Australia, according to a Lloyd's dispatch. The Saint Paul was on the way from Noumea to Sydney.

She was a new vessel, having been built in 1912, and she was commanded by Capt. Cerec. She was the property of the Oceanic Navigation Company of Bordeaux, France.

PRESIDENT WILSON WINS FIRST ROUND

House Refuses to Continue Discussion on 20 Hours' Limit.

A RECOGNIZED TEST VOTE Probably Foreshadows Fairly Correctly the Result of Vote on Exemption Repeal.

[Canadian Press.] Washington, March 27.—President Wilson won the first battle of his fight to repeal the Panama tolls exemption today, when the House, by a vote of 207 to 176, refused to continue discussion on the rule to limit to twenty hours the debate on the Sims bill.

[Canadian Press.] Washington, D. C., March 27.—Administration and anti-administration forces put forth every effort today to gain the advantage in the opening round of the fight in the House over the bill to repeal the free tolls clause of the Panama Canal Act.

The leaders of both sides kept their tongues busy roundly up their followers and working with the doubtful voters. Prompted by the vigorous statement denouncing the proposed special rule to limit debate on the bill, issued last night by Speaker Clark, the opponents of the measure directed every effort toward forcing the amendment of the rule. As presented by Chairman Henry of the rules committee, the rule would prevent the amendment of the bill. With an hour of debate left today, Representative Henry was prepared to move the previous question on the rule, thus cutting off debate Continued on Page 16.

May Bring Back Kitchener to Take French's Position

Persistent Rumor Given Some Credence in London—Other Changes Forecasted.

[Canadian Press.] Montreal, March 27.—A cable to the Daily Mail says one of the most persistent rumors in political circles last night was that Lord Kitchener is to be brought back from Egypt to replace Gen. French in the war office, and restore order in the army.

Another report stated that Mr. Asquith is contemplating the appointment of John Burns, now president of the board of trade, as secretary of state for war. Mr. Burns worked in a London factory as a boy, and his appointment as the head of a Government department whose tendencies are all on the side of the aristocracy would be a severe shock to the army clique.

There also is a rumor this morning that Col. Seely will go to the colonial office in place of Lewis Harcourt, who, like John Burns, is named a possible candidate for the war ministry.

SAYS M'BRIDE CAN BE COMMISSIONER

Prominent Politician Asserts British Columbia Premier Has Strathcona's Place Cinched.

[Canadian Press.] Victoria, B. C., March 27.—A statement made by a prominent politician is that there is now no doubt that Sir Richard McBride can have the high commissionership of Canada for the asking. In fact the party referred to goes so far as to state that McBride has it in his pocket and has had for some time. He added significantly that Sir Richard had attended his last session of the Provincial Legislature.

"PUBLIC UTILITIES" NEW TITLE OF COMMISSIONERS

Change in Name Ratified by Private Bills Committee of Ontario Legislature.

Gone is London's water commission! This morning the private bills committee of the Ontario Legislature authorized the change in the name of the water commission of London to that of the public utilities commission. It is a foregone conclusion that the change will be ratified by the entire Legislature and no longer will the water commissioners in charge of the hydro-electric system be the somewhat sonorous title borne by the commissioners.

Ever since the advent of Hydro electric power in London and its transfer to the control of the water commission there has been an agitation to change the somewhat misleading name of "water commission." The change has at last been effected.

FATHER DREAMS OF DAUGHTER'S TROUBLES

[Canadian Press.] Kingston, March 27.—In police court this morning Magistrate Farrell committed for trial Charles Blucher, a bachelorette, on a charge of assault on a girl under 14 years of age. The father of the girl, in giving his evidence, stated that he had dreamed that his daughter was being ill-treated, and this led to discovery of offence.

Y. M. C. A. DIRECTORS MAKING ATTEMPT TO BUY CONVENT

Negotiations Said to Have Been Reopened for Site for New Building.

WILL OFFER \$125,000

Canvass Reveals Many Who Are Willing to Buy Residential Sites.

Negotiations for the purchase of the Sacred Heart Convent property have been reopened by the Y. M. C. A. Although the directors turned it down at the first of the month, because of the uncertainty of selling part of the property, a quiet canvass of the city reveals the fact that a number of local people would like to get hold of part of the Queen's avenue frontage for residential purposes. With this assurance, the directors feel more confident in purchasing such a big place.

Suitable Property. Scarce. Corner property in the downtown districts, with the depth that this affords, is at a premium. In fact it would be hard to find another large enough for the needs of the association without paying an enormous price for buildings that would be of no use and which would mean an additional cost to remove. The directors are said to be willing to give \$125,000 cash for the site, and intend making this offer to the owners.

Not Considered Worth \$150,000. At present the property is not considered worth \$150,000, the price asked. Although it is certain to come to that valuation in a short time.

It is said that the board of control will pass an appropriation of \$125,000 to purchase a site for the industrial school on the east end of the property, the deal would be clinched. However, if the owners look with favor on the cash offer the sale would be made within 30 days.

Great Britain seems to be in need of a few set of officers in the army.
These Tory English generals and lords share the headlines just now with Villa and Zapata.

When we hear of war in the Balkans and swatting the fly we may be sure that spring has come.

Publisher McClure says that the day of the muckraker is over. But is the public weary of reform, or the muckraker?

An English scholar says that conversation is a million years old. But long after it is dead gossip will be hale and hearty.

As the question of granting women's franchise does not concern the Dominion Parliament, the Minister of Labor is in favor of it.

The country would not object to Col. the Hon. Sam Hughes sacrificing himself on the altar of Ulsterism if he resigned his portfolio first.

Now that the war clouds in Ulster seem to have passed over, the gallant Captain Tom Wallace, M. P., has offered his services to King Carson.

Conservatives love that "east and west" haul. The Laurier Government tried to make it a level glide, but their opponents insist upon a haul, up not through the hills.

If the Minister of Militia did not send that cable message to Ireland, we demand to know with orange Ade defect, as Hashimura might say, why in Sam Hughes he didn't.

Probably the Turks have not the slightest idea of ever paying for that big, new battleship, in gold at least. Hence their joy and "fanatical patriotism," according to reports.

Villa's position is decidedly insecure if not perilous. If he wins at Torreón it probably means a triumphant march to the capital, but if he loses the chances are that he will have Carranza on his back.

For decades we have considered the Balkan bandit as the king of his kind, but Villa, Zapata and Carranza make those fierce mountaineers look like a bunch of Boy Scouts on a Saturday afternoon hike.

To show her scorn for him a Pennsylvania woman had her grave prepared alongside her dead husband's, but separated by a brick wall. Dragging a grub into "God's Acre" is a record in wretched spite.

General Villa announced in the afternoon that he intended having supper in Torreón and in the evening that he would be there for breakfast. The brave rebel appears to measure his bloody progress by the success he has in gratifying his stomach.

Radium is a perfect cure for warts. You take a tube full and tie it on the wart. Simple, isn't it? However, as radium at present is quoted at \$1,000,000 a tube, a simpler and cheaper way to be rid of the warts is to "wish" them on to Andy Carnegie.

Hon. G. P. Graham says that in the Staunton-Gutelius report "it was announced that Canadians could not manage their own affairs." The report is in this respect an echo of the anti-reciprocity campaign, where the Canadians could not hold their own against Americans. Mr. Lynch-Staunton got the habit of belittling Canada when on the stump in 1911, and before that, when like other Conservatives, he said that Canada did not want any opposition to the C. P. R.

RADIAL RAILWAYS.

THE unanimity of the members of the Local Legislature in their support of the radial railway movement shows the popularity of the idea. It is not often that Conservative and Liberal in a Canadian Parliament are agreed on any measure. In this case, however, there was no dissenting voice. That the Liberals should have supported the proposition is only what was to be expected. They have always been in favor of the development of radial electric roads. Liberal leaders and Liberal journals alike have been in agreement on this subject. They have always recognized that one of the greatest needs of the country was the increase of intercommunication between urban and rural communities in the interest of both, and they have not been backward in encouraging every movement to that end. There has been less enthusiasm among the Conser-

vatives, but they have been falling into line. As to the assistance asked for from the Dominion Government there is no doubt that it will receive serious consideration, though Mr. Borden was very non-committal yesterday. But the demand is too general to be ignored. And the expenditure called for would be more justifiable than much for which the Government has been sponsor. A few less public buildings in villages, and a little more effort to facilitate communication between the farmer and his markets would be a wiser policy.

MILITARY CONTROL.

COMMENTING on the first report of the resignation of a number of British officers as a protest against being sent to Ulster, The Advertiser pointed out the serious consequences that would follow the acceptance of such a form of mutiny as a permissible act. We are pleased to note that the British Government appears to recognize the gravity of the situation and is determined to resist the very beginning of military control. The Premier was positive in his assertion that under no circumstances would he submit to any dictation, or allow officers to resign at their pleasure in order to force the hands of the civil power. He repudiated the action of his war minister in inadvertently giving the officers any assurances as to what they might or might not be called on to do; and the minister promptly apologized for his mistake. Mr. Seely's break was not such a very bad one, for he only assured them of what they ought to have had sense enough to know, that they were not being sent to make war on Ulster, but to protect property and preserve order. But even that was too much of a concession to make, for it was a recognition of their right to impose conditions before they would obey orders. And this is something to which the Government will not submit.

No other course was possible unless the Government were prepared to surrender its authority to its own servants. If the officers of the army could be allowed to interfere in public matters, so far as the prevention of home rule is concerned, they could not be expected to stop there. The same tactics, and perhaps some more insistent would follow before long. And there would be army rule instead of popular government.

It is possible that the incipient mutiny of these officers may have results other than they expected. The British army has been officered largely by a special class. Men from the ranks of the landowners, sons of the nobility and gentry, young men of wealth, or of what is called society. A soldier from the ranks, no matter how capable, seldom rises higher than a non-commissioned officer. The pay of an officer is not high, considering the expenses incident to the position. These expenses may not be necessary, but the customs of the mess involve them. One of the common people would not have the money to spend, even if he were disposed to waste it in mess luxuries. And if he had the money he would not be recognized by his brother officers as their social equal, and his life would be made a burden. It is safe to say that army officialdom in Britain is aristocratic and Tory in its political as well as its social character.

But if the average officer supposes he can interfere in the government of the country he will find his mistake. He is by no means indispensable. In fact apart from his physical courage he is not noted for either mental or moral strength. One of his best qualifications has been prompt obedience to orders. If he is to lose that characteristic he is not going to be worth much. That many British officers of higher rank are very capable men, and that some of the subordinate officers are also competent, are facts unquestioned. But there are many whose services could be dispensed with, and whose places could be taken by men from the ranks, with advantage to the country. The old idea that only what society calls gentlemen can make officers is beginning to fade. The experience of Napoleon, and the later experience of the United States, has shown its fallacy. The lesson can be easily learned in Britain. Conditions sometimes change very rapidly. And if the ordinary British officer gets the idea that he can dabble in politics and interfere with the powers elected by the people a change may come before he is aware of it.

DON'T WORRY.

There's no need to worry over those unclaimed balances in the various banks, said to total \$750,000, throughout Canada. If you can't present a check for a portion of the amount, you'll get one in trying to acquire it otherwise.

DRAIN THE WET SPOTS.

[Strathroy Dispatch.]
Farmers! Have you a field on your place that is too "wet, cold and sour"? Drainage will reclaim it and make it one of the best fields on your farm. Drainage does four things. First it removes the surplus water and makes it possible to cultivate and seed about three weeks earlier in the spring than on the same land when undrained. Secondly, it makes the land from ten to fifteen degrees warmer than if not drained, and this warmth germinates the seed properly and gives a good stand of grain. Thirdly, it lets plenty of air down to the roots of the plants, which is necessary for satisfactory growth. Fourthly, it makes the soil more porous, and this in turn causes the soil to store up more water for the use of the crops in time of drought. Frequently the increase of crop in one year pays for the drainage, and seldom

A RURAL PROBLEM.

[Woodstock Sentinel-Review.]

Col. Mayberry, M. P. for South Oxford, has asked for a non-partisan commission to inquire into the conditions of agriculture and of living in the province. Such an investigation, if conducted with fairness and thoroughness, should result in the securing of some valuable information. That conditions in rural Ontario are far from being what they ought to be and what they might reasonably be expected to be in a province so situated is very generally felt and acknowledged. The depopulation of some of the rural districts has become almost as familiar a topic of conversation in some sections as the weather. Some of the causes may be beyond the reach of legislation; some of them may not be. A thorough investigation might be expected not only to throw light on the causes, but to indicate the remedy.

Thin, Weak, Nervous Headaches, Indigestion

Was Easily Worried and Excited, and Generally Run Down—Marked Benefit From Use of Dr. Chase's Nerve Food.

Thinness and nervousness usually commend it with the greatest confidence to persons who are thin, weak, and nervous. The digestive system is failing to supply the required nourishment to the tissues and the nerve cells. A concentrated, easily digested tonic treatment such as Dr. Chase's Nerve Food is necessary in order to get the required nutrition into the blood stream. It is truly wonderful what this great restorative will do for thin, weak, nervous men and women. Mr. Fred Carstens, farmer, Laird, Sask., writes: "I was very thin and nervous, and as I was continually growing worse, decided to give Dr. Chase's Nerve Food a trial. I would suffer from headaches and indigestion, was easily worried and excited, and felt generally run down. The benefit obtained from this food cure has been very marked, and I can recommend it to all who are thin, weak, and nervous." Paralysis, locomotor ataxia, and even insanity result from neglect to heed the warnings which tell of an exhausted nervous system. Nervousness, irritability, frequent nervous headaches, tendency to worry, indigestion; such are the danger signals which come to warn you of approaching trouble. While Dr. Chase's Nerve Food is frequently successful in curing nervous prostration, partial paralysis and locomotor ataxia, it is wise to avoid these very serious diseases by keeping the nervous system in good condition at all times. Dr. Chase's Nerve Food will help you as nothing else can. Fifty cents a box, 6 for \$2.50, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Filler for Floors.

Dear Miss Grey,—Your patience and knowledge are never supposed to wear out, will you please print again the recipe for filler for cracks in a floor to be painted, and oblige.

A FORGETTER.

Ans.—I think this is the formula for which you ask. It was printed a fortnight or so ago, but I am very glad to reprint it. Six quarts water, two pounds of flour, two table-spoons alum; boil and mix thoroughly; then soak newspaper torn into small pieces thoroughly in the paste, until it is all about the consistency of putty; force it into the cracks with a broad knife.

Money in Cake.

Dear Miss Grey,—I attended a wedding recently, and in the bride's cake there was a button and a five-cent piece. I had the pleasure of consuming the five-cent piece. Can you please tell me the meaning? Thanking you in advance, yours truly,

Songs We Used to Whistle and Sing

"M. H. M." sends the following song asked for by a reader:
THE WIDOW IN THE COTTAGE.
Just one year ago today, I became your happy bride,
I became your happy bride,
Changed a mansion for a cottage,
To dwell by the river side,
You told me I'd be happy,
But no happiness I see,
For tonight I am a widow,
In a cottage by the sea.

Chorus.

Alone, all alone by the seaside he left me,
And no other's bride I'll be;
For in bridal flowers he dressed me
In the cottage by the sea.

From my cottage by the seaside
I can see my mountain home;
I can see those hills and valleys
Where with pleasure I have roamed.
The first time that I met him,
Oh, how happy then were we!
But tonight I am a widow,
In a cottage by the sea.

Oh, my poor and aged father,
How in sorrow he would weep,
And my poor and aged mother,
How with tears her eyes would weep;
And my one and only brother,
How he would weep for me,
If he only knew his sister
Was a widow by the sea.

ANNUAL MEETING V. O. N. TO BE HELD APRIL 1

Date Decided at Meeting of Board
This Morning.

At a meeting of the board of management of the Royal Victorian Order of Nurses, held this morning, arrangements for the public annual meeting, to be held in the First Presbyterian Church on Wednesday, April 1st, were discussed. It is expected that the mayor will preside. Mrs. Moorhouse will give a report of the work accomplished during the year by the Victorian Order in London. A third nurse has been added this year, as the work has become so extensive. All citizens interested in the endeavors of the Victorian Order are heartily invited to attend the annual meeting.

THE HOROSCOPE

SATURDAY, MARCH 28, 1914.

Far and wide
Let caution guide.

Wise men will be careful this day. If they will listen to the prediction of astrologers, who see sinister signs in the heavens.

Neptune, Mercury and Saturn are all in adverse aspect. It is not an auspicious time for prosecuting love affairs, since the rule inclines to fickleness and lack of stability in the affections. The augury is not good for domestic happiness. Married persons should control their inclination to be critical or unreasonable.

While this configuration prevails the seers believe that men mature eyes and suspicion, and are subject to a way that causes them to exaggerate their powers to attract and hold the admiration of women. It is held to be most unfortunate for new friendships between persons of opposite sex.

Under this government danger from uncleanness is believed to be increased. Foul odors and poisonous gases are especially to be guarded against, as in hospitals, prisons and public institutions are subject to malign influences, it is said, when Neptune is evilly disposed. Warning is given against signing contracts or making agreements while the configuration lasts. There is also a forbidding sign, which is read to augur ill for those who take medicine.

Friction with relatives and employees is common when the planets are posited as they are today. Guard speech and manner, lest evil befall.

Journeys, long and short, are not well guided by the stars. Changes and removals should be postponed.

Saturn dominates strongly enough for evil to produce moods of melancholy and deep discouragement. Decisions of importance should be delayed.

The counsel and society of old persons is not advantageous today. Seek optimistic, happy persons.

He who buys, sells or exchanges probably will count losses. Dealings with landlords, builders and other artisans are likely to be of profit.

There is a prophecy that when the summer comes changes in the United States President's cabinet will take place.

Children should be watched with more than ordinary vigilance, the seers declare, for there is a stubborn prognostication of perils that will cause loss of life. Accidents at outings and parties are foretold.

Persons whose birth date it is may have many business anxieties during the year. Women will practice unusual economies. Care of the health is recommended.

Children born on this day have fairly good omens, but they may practice severe self-discipline. They may have difficulties in establishing business success. Three subjects of Aries are usually leaders, ambitious, enterprising and persevering. Mars is their principal ruling planet.

SLIM WOMAN'S CHANCES BETTER THAN THOSE OF HEAVY SISTER

Insurance Man Says Women of Light Build Are Best Risks
—To Be Too Heavy Taxes the Heart

According to statistics compiled by some of the life insurance companies, after the age of thirty years the slim woman whose weight is under normal has a better chance of escaping the degenerative diseases, such as organic heart trouble, kidney and liver trouble, than has the woman whose weight is above normal. On the other hand, the woman under thirty years of age whose weight is above normal is in better condition than the woman whose weight is under normal.

"There are several reasons for this," explained the head of the statistical department of one of the big life insurance companies. "The imperfect or defective type of woman is that represented by the very slim, thin-chested and nervous woman, at present so favored by fashion. The most perfect type of woman is that represented by the individual compact in type, deep-chested with steady nerves and fleshy enough to be nicely rounded out."

"Under thirty the very slight woman is in danger of contracting tuberculosis," the doctor continued, "but after that age the thin woman has the advantage over her stout sister. The body

of the heavier person, like the larger machine, requires more force and nervous energy to run it, and it is more likely to run down. This is clear enough for anyone can imagine the greater tax on the heart it would be to carry around a body weighing 170 pounds than to carry a body weighing, say, 120 pounds. The same tax is put on all the other organs in the same way, and they more easily wear out. It would be almost impossible to say what was or was not the ideal type of woman. There are no two individuals exactly alike, and to say that any one type is defective seems to me to be going a little too far. However, I can say this, that the woman of normal weight and stature is the best risk for the life insurance companies. There is a standard table of heights and weights, and we find that those who conform most nearly to the standard are our best subjects."

CHEESE BISCUITS.

Cook together in a small saucepan three tablespoonfuls of butter and flour. When these are blended pour upon them a half-pint of boiling water and stir until thick and smooth; and four tablespoonfuls of

grated cheese, dash of celery salt and cayenne pepper. Cook, stirring constantly until very thick; remove from the fire and add slowly two beaten eggs. Beat for ten minutes and drop by the spoonful upon a greased baking pan. Drop these cakes so far apart that they will not touch each other. Lay a sheet of brown paper over the top of the pan and set in a hot oven for ten or fifteen minutes. When the biscuits are puffed up and seem nearly done, remove the paper and brown them. Slip a thin-bladed knife carefully under the biscuits to loosen them from the pan, and serve at once, as they soon fall.

A DAY IN THE SPORTING WORLD

SIDE LIGHTS ON
MANY SPORTSLONDON CLUB HEAD
RETURNS FROM SOUTHPresident Stevely Reports a
Fine Trip to California.

MET UMPIRE BILL PHYLE

Matt Hynes Spent the Winter in
Venice, Cal.—Will Report to
Dayton in Few Days.

President Sam Stevely of the London Baseball Club returned home yesterday after a three-weeks' trip to Southern California. Mr. Stevely reports a splendid outing and states that while in Los Angeles he saw the Chicago White Sox play an exhibition game. He had splendid weather for his trip and he says that baseball is in full swing in that part of the world at the present time.

Met Billy Phyle. While in Los Angeles, Mr. Stevely met Billy Phyle, the former Canadian League umpire, who is now umpiring in the Pacific Coast League. Phyle is looking fine and doing well on the coast. Matt Hynes, the former London pitcher, spent the winter in Venice, Cal. Mr. Stevely did not meet him, but according to Billy Phyle, Hynes is looking just as good as ever and he expects a great season with the Dayton Club in the Central League. He will report to Dayton at the end of this week.

Lots of Canadians There. One of the striking features of the south and one which impressed President Stevely greatly was the number of Canadians who are in that country. Nearly all the big men there are Canucks, bank presidents, fruit ranchers, merchants and other successful men in the cities being Canadian born for the most part. Several Londoners are also doing well in that region.

Met the Racing Men. On the return trip Mr. Stevely stopped off in El Paso and took a peek at Mexico across the river. American soldiers patrol one side and Mexicans patrol the other. Nearly 4,000 Mexican refugees are sheltered in a big inclosure just outside of El Paso on the American side. Mr. Stevely took the same train which brought the racing men north from Juarez, where the racing closed on Sunday. They were a lively bunch, according to the London Club president, and his journey among them was an interesting one.

FLORENCE HARVEY WINS;
CAPTURED THE TROPHYDefeated Mrs. Barlow, of Philadelphia,
in Championship Women's Event
Match by 18 Holes.

Pinehurst, N. C., March 26. — Playing brilliant golf, Miss Florence Harvey, of the Hamilton (Ont.) Golf Club, today won the trophy for the women's event of the annual north and south golf tournament here, defeating Mrs. R. H. Barlow, of the Merion cricket club, Philadelphia, one up in 18 holes.

Mrs. Barlow played a strong game, her uphill fight from the twelfth hole being especially noteworthy. Four down at the twelfth hole, Mrs. Barlow halved the thirteenth, won the next two and halved the sixteenth hole. The seventeenth hole went to the Philadelphia, but she lost the match when the 18th was halved. Mrs. Barlow's medal score for the eighteen holes was 89, while that of Miss Harvey was 92.

"A FRENCHMAN'S EXPERIENCE."

The following is from a well-known Frenchman in the Province of Quebec, to the Russell Motor Car Company, Limited, and in a few words, speaks volumes:

"You will excuse my English writing, for when a Frenchman is doing his best, you cannot blame him."

"Some cars have style of body like mine, but engine, no—never in their life. Last summer I made a trip to Boston, from Boston to Springfield, I had the pleasure to meet a six-cylinder—then we race on the great State Road. The speedometer stop to sixty miles an hour, that was his limit. It took me a minute to go by, but I did, and after few miles, the man that had the car blew his horn. I turn my head, and he ask me what car I have. I tell him Canadian Russell-Knight, and he tell me next time he see one he will take his hat off."

HERE'S THE MAN WHO PUT
TINKER INTO RED UNIFORM

Charles Ebbetts, the owner of the Brooklyn Nationals, gave the Federal League the chance of its life when he asked down on giving Tinker the \$10,000 promise him. Result: Joe joined Feds.

TOM L. HAYGARTH SAYS:

"The difference between the common interpretation of the made-to-order idea and the Semi-ready idea of it is simply a matter of time—your time."

"I know and you know that time is money—and time saved is money saved, worry saved and satisfaction gained."

"Semi-ready costs less, too."

PIRATES, BEST BEHAVED BALL TEAM, WEAK ONLY IN OUTFIELD;
MIGHTY HONUS AND HIS BAT ARE IN SHAPE AGAINBY HUGH S. FULLERTON
Staff Special.

Hot Springs, Ark., March 25.—Fred Clarke, his bat that if I pick the Pirates to win the National league pennant the Pirates will be jinxed down into the second division. Therefore, we must be content to say that the Pirates look to be strong contenders.

Clarke, by making the most spectacular trade of recent baseball history, has cleaned his team of clashing elements, and he has in the field a fierce hitting infield; a pitching staff that does not seem as strong on paper as that of last spring, but is now a working staff; a catching staff above major league average, and an experimental outfield.

Let us examine the infield, the real strength of the team. Konetchy at first was for years rated among the best, and this season, away from the Cards, and inspired with new ambition, he probably will come into his own. Viox at second has all the earmarks of a corner.

Wagner is the chief strength. You who have figured Honus as gone back, guess again. "The ambition of Wagner's life is to quit while at the climax of his career. He reported this spring lighter and better than in three seasons."

Then there is Mike Mowrey at third. For ten years Mike has suffered from stomach trouble—a form of nervous dyspepsia. He claims he is entirely cured. He looks better, and is faster than he has been in several years.

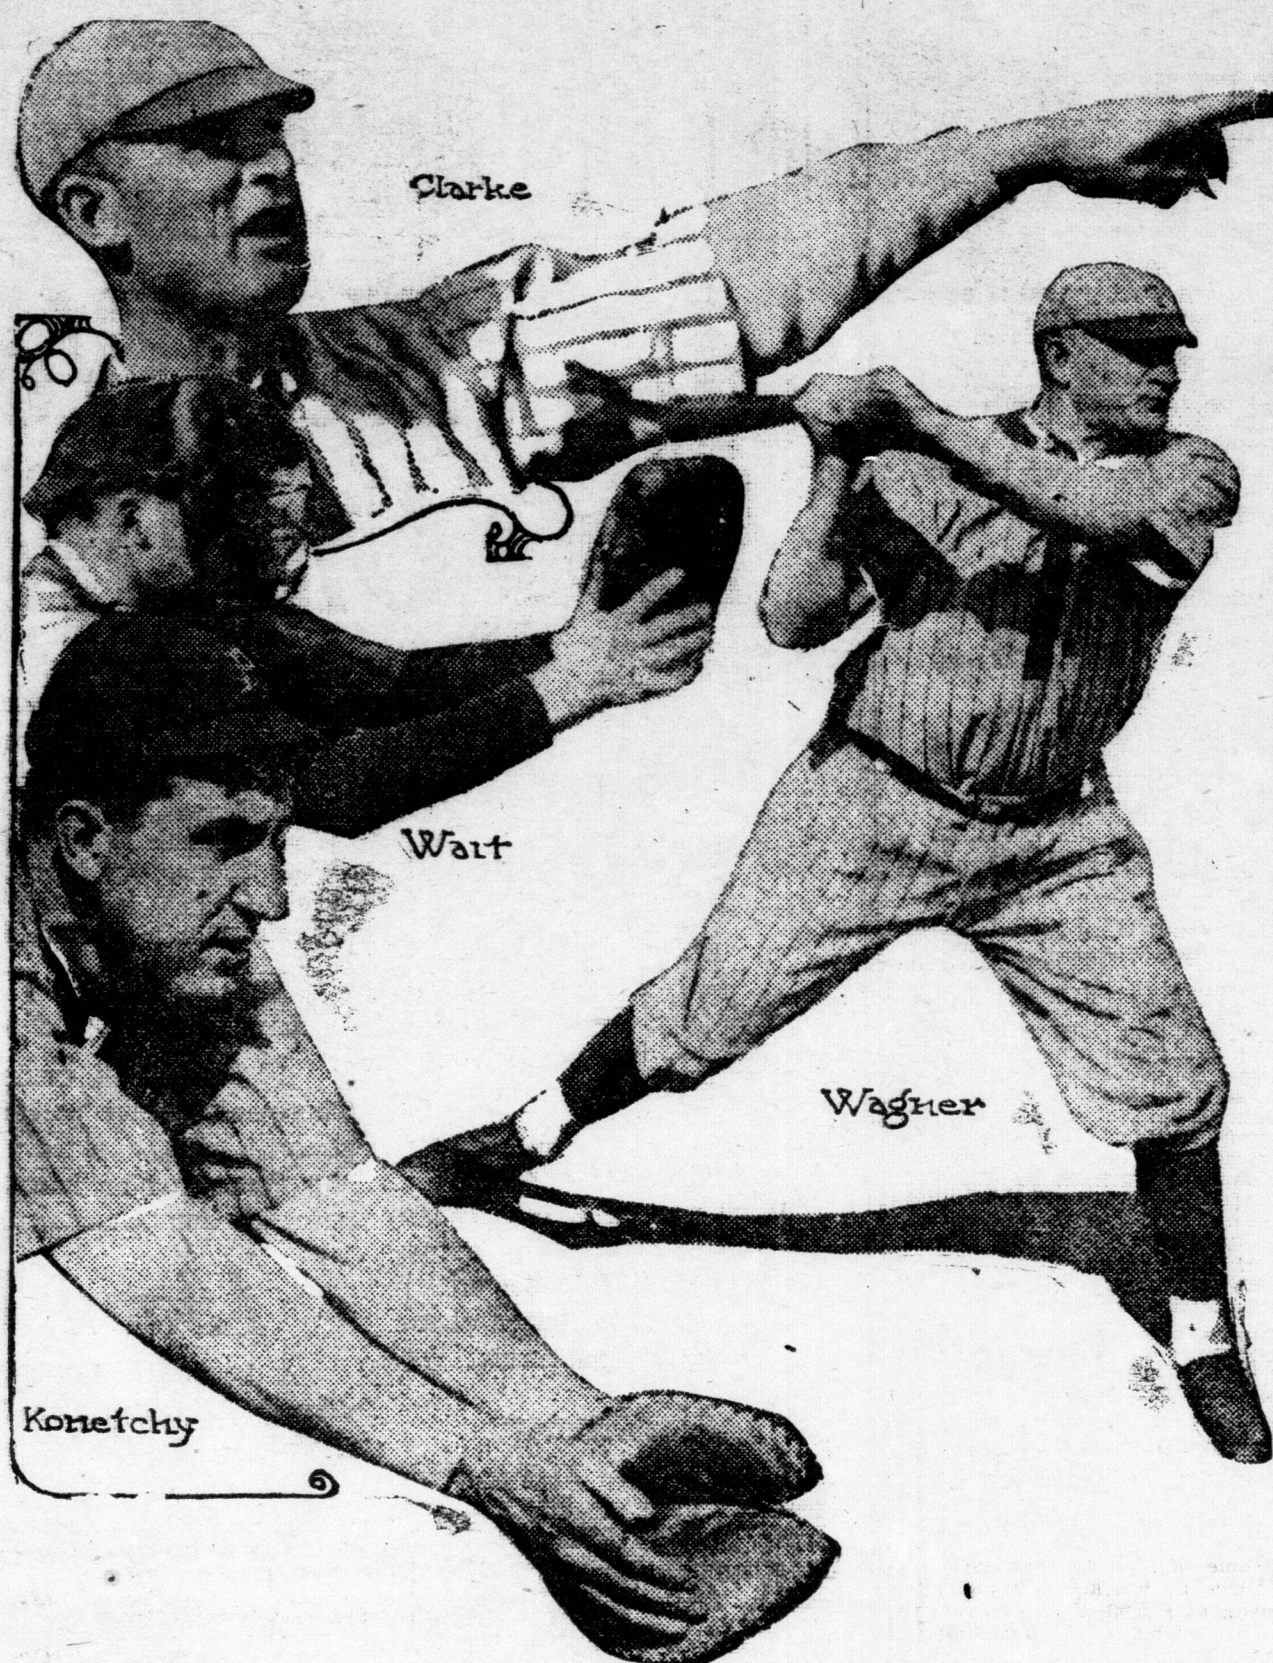

That veteran infielder is to be flanked by a makeshift outfield. Carey will be one, and probably the two slashing youngsters, Jim Kelly and George Watson, will fill the places vacated by Clarke and Leach. Jim Kelly looks a corking outfielder. Joe Kelly, from St. Joe, is promising. Mike Mitchell is there to fill in any position if the youngsters slip. Add to that Ham Hyatt, who can hit with the best of them, but never can play any position well enough to oust the regular, and it looks good enough.

Gibson may or may not be great this year. He was the best in the land one season, slumped miserably the next, then met with an accident that stopped him just when he was going strong. Coleman is the second-string catcher; Bremigan, from Norfolk; Wait, a St. Louis semi-pro, and Kafora, a Chicago scout, are the other catchers.

Babe Adams Cooper, McQuillan, the come-back sensation of last season, and Bob Harmon are the slab steadies. Besides those, Clarke has gathered a bunch of promising material. Flame Delhi, once a coast sensation; Kanteleher from Victoria, who will bear watching; Mameau is promising; Fullerton from Seattle, Duff from Great Falls and McArthur from Hopkinsville are tryouts.

There is an immense amount of good material there. Barney Dreyfuss digs them up from somewhere and finds more than any one other magnate. Usually they look fine in figures. This spring they look good on the field.

There is one element that must be considered. Clarke has the best behaved ball club in America. I doubt if there is one man on the entire team who will drink even a glass of beer.

BIG LACROSSE MEETING
TO BE HELD NEXT WEEKPublic School League Will Be Formed With Large Number of
Teams—Clubs Are Being Organized in Every
School in the City.

A meeting will be called for some night next week to organize a public school lacrosse league in this city. At the present time all the schools have been brought in touch with the matter and it is likely that every public school in the city will have a team entered. The youngsters have taken hold of the idea and many are so enthusiastic that they have already purchased their sticks and are only waiting for good weather in order to use them.

The recent offer made in this city by Joe Lally, the Cornwall manufacturer, that he would supply sticks to school teams at cost price has helped to boost

the game considerably and many of the school teams have already placed an order for a bunch of them.

Ex-Ald. E. H. Johnston has been busy at work on the formation of a school league and he believes that he has things in such shape now that the league can be organized next week. It is likely enough teams will enter to make two or maybe three divisions to the league with four or five teams in each division. The games will be played on the various school grounds and the schedules will be drawn up so as to bring the finals around about the middle of June.

BOWLING TOURNAMENT
AT BOSTON CLOSESWilliam Miller, of Detroit, Won the
Individuals Championship and
"All Events" Title.

Buffalo, N. Y., March 26. — The 14th annual bowling tournament of the American Bowling Congress ended today. The winners of the three main events were:

Five-man teams, Monko Club, New Haven.

Two-man teams, T. G. Negley and D. H. Van Ness, Newark, N. J.

Individuals, Wm. Miller, of Detroit. In addition to capturing the singles, Miller won the "all events" feature, his total for the nine games being 1,397. His high score in the singles brought him \$200 and a gold medal, and the "all events," \$100 more.

Today's bowling in the two-man and individual events, winding up the tournament, was the most sensational of the week, a team of Buffalo bowlers going among the leaders, while R. Coffin, of Bradford, Pa., took second place in the individual event with a score of 670.

New Orleans has decided that girls are the best auto drivers. Ralph De Palma, please write.

The Feds, seem to be in much the same position President Wilson finds himself. They would have been less embarrassed had they declared war before they were compelled to.

CHICAGO CUBS WON. Louisville, Ky., March 26. — The Chicago Nationals defeated Louisville A. A. team here today 6 to 1.

Danny Murphy has "quit" Connie Mack, which gives us a line on why Cornelius is called Con. Being a friend of organized ball is all right, but when an old and faithful player has a chance to better himself what does a little thing like organized ball amount to?

CUBAN PICKED FOR
THE BILLIARD TITLE

Alfred De Oro, the famous Cuban, is picked to win in the world's amateur billiard tournament now on in New York. Not only is De Oro a wonderful billiard player, but he held the pool title for many years.

BROWNS BLANKED NACON. Macon, Ga., March 25. — The St. Louis American League team defeated the local team of the South Atlantic League here today 15 to 6.

SUN LOCK CAPTURES
GRAND NATIONALFeature Event of Liverpool
Meet Goes to Outsider.

WAS A 100 TO 6 SHOT

King's Entry Was Scratched—Twenty
Horses Started, But Twelve Fell
During the Race.

Liverpool, March 27. — The Grand National steeplechase, the feature event of the Liverpool race meeting, was won today by Sun Lock, an outsider, owned by T. Tyler. Trianon III, was second, and Luttrell III, was third.

King George's entry, Twelfth Lancer, was scratched. Sun Lock went to the post with odds of 100 to 6 against him; Trianon III, was quoted at 100 to 8, and Luttrell III, at 10 to 2. Sun Lock won by eight lengths. Twenty horses started and twelve fell in negotiating the difficult course. The race was worth \$20,000 to the winner. The distance is four and a half miles, with nineteen fences, brooks and ditches, most of which have to be jumped twice, making thirty obstacles in all.

King George and Queen Mary were to have witnessed the running of the Grand National today, but the cabinet crisis caused the trip to be cancelled.

SEATON STIRRING UP
TROUBLE FOR FEDERALSRefuses to Play for Brooklyn Feds.—
Will Play for Chicago or Not
at All.

Chicago, March 26. — Determination of Tom Seaton, pitcher, "to play with the Chicago Federals, or not at all," reported in dispatches from Shreveport today, further complicated affairs in the Federal League. Even Manager Tinker advised Seaton to join the Brooklyn team, but Seaton declared he would play only with his old team-mate, Ad Brennan, who is definitely attached to the Chicago team. Seaton's declaration came after the announcement by President Glimore that the pitcher rightfully belonged to Brooklyn and must play with Mr. Ward's team.

CONNIE MACK'S TEAM WON. Raleigh, N. C., March 26.—The Philadelphia Americans today beat the Raleigh Carolina League team 10 to 1.

CAMBRIDGE BEAT
OXFORD IN ATHLETICSScored in Six Out of Ten Events
at Annual Meet.

SOME FAST TIME MADE

Rhodes Scholars Figure Prominently in
Results.

London, March 27.—Cambridge University today won the annual athletic contest against Oxford University by six events to four.

The events comprised of races of 100 yards, a quarter mile, a half mile, one mile and three miles, a hurdle race of 120 yards, the high jump, the long jump, throwing the hammer and putting the weight.

H. M. Mackintosh, of Cambridge, won the 100 yards flat race in 10.1-5 seconds. The hammer throw was won for Oxford by I. T. S. Adams, a Rhodes scholar from Texas, who threw 123 feet 7 inches.

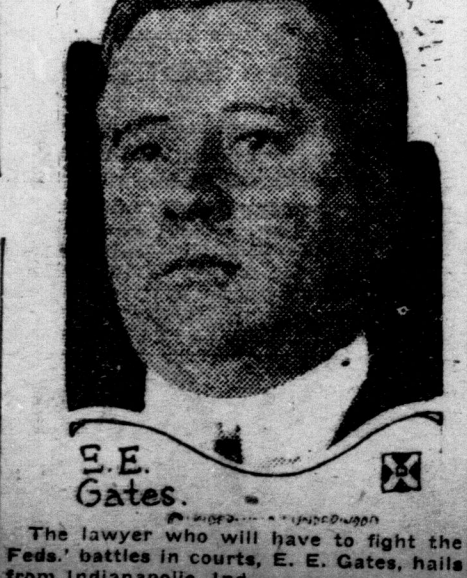

The 120 yards hurdles race was won for Oxford by V. B. Havens, Rhodes scholar from New Jersey, in 17.1-5 seconds.

The half-mile flat race, which had been expected to be the closest event of the day, was won easily for Cambridge by Rhodes scholar, Norman E. Tabor, by 12 yards. Atkinson's time was 1 minute 56.2-5 seconds.

With the Feds. at Shreveport, La. Ad. Brennan, the man who spanked John McGraw and did other meritorious things in the National, is among those who think it will be as hard to pitch in the Fed. League as in the ancient, if not honorable, organization.

The trouble with training in the central south is that the chief sport is watching the berry trains go north and the meat trains go south.

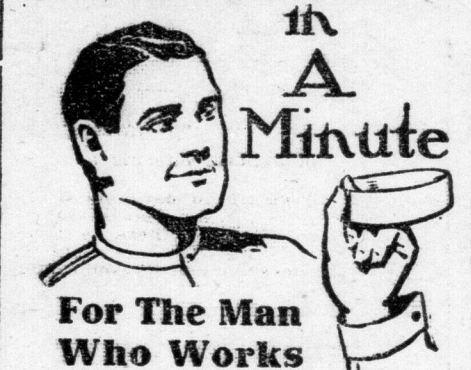

FEDS HAVE A LAWYER, TOO

The lawyer who will have to fight the Feds' battles in courts, E. E. Gates, hails from Indianapolis, Ind.

NEW SCHEME WHEREBY
RATING OF THE LEAGUE
WILL BE GIVEN RAISE

Another scheme by which the Canadian League population can be brought up to the 400,000 mark in order to secure class B rating is that Hull, Quebec, where Ottawa will play its Sunday games, be included in the circuit. This would bring the population up to the mark without having to go to the trouble of getting a sworn municipal census statement from the mayor or city clerk of each city on the circuit.

TY COBB INVITED TO MAKE A SPEECH

Mississippi House of Representatives Regrets That Game Had to be Called Off.

Jackson, Miss., March 26. — The Mississippi House of Representatives today passed a resolution expressing regret that rain prevented the baseball game between the Detroit and New Orleans teams, and extended the privileges of the floor to the members of the two teams. In addition Ty Cobb was invited to address the House, but up to late today had not accepted. Earlier in the week the House voted to recess today because of the expected game.

Later Cobb made a few remarks to the House, explaining that he was not an orator, but the Legislature applauded anyway. Members of both teams were guests tonight of Governor and Mrs. Brewer at the executive mansion.

HOCKEY IS STILL HANGING AROUND

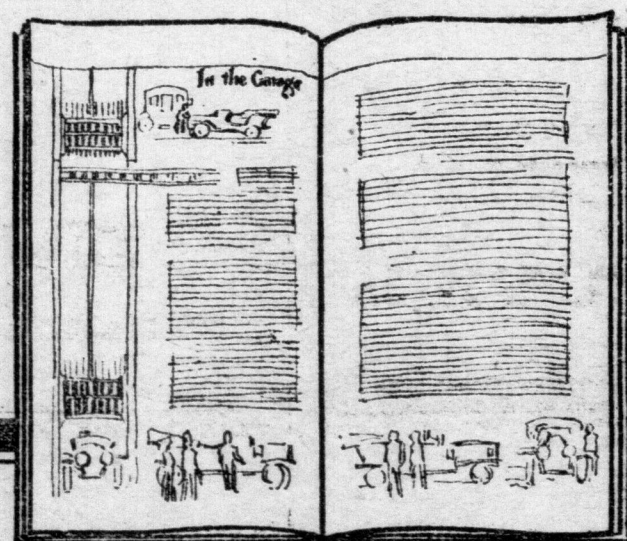

Ottawa, Ont., March 26. — The Cornwall hockey team left today for Cleveland, Ohio, where they will meet the fast Cleveland team on Friday and Saturday nights. The team is in charge of Ernest N. Runions.

A Floral Horseshoe Is a Thing Of Beauty But As a Guarantee Of Good Luck It Is Questionable

BY JINX.

There are some peculiar traditions in baseball. On opening days it is generally the custom for the fans to present the manager of the team or one of the star players with a floral offering as a token of their esteem and the said player is supposed to go up to bat and swing out a home run or a triple just to show his appreciation. In fact there is a great deal of disappointment if the recipient of the flowers does not rip off something in the way of a hit.

Floral horseshoes are the most popular of these floral tributes and they are supposed to be particularly lucky. However, two incidents on Canadian League opening day last season upset all the traditions. At the London opening, Manager

Rube Duncan was presented with a big horseshoe of flowers when he went to bat and he popped out. From the moment that horseshoe appeared the London team seemed to go to pieces. It is an ancient history that St. Thomas won the game by the score of 16 to 9 and that Rube Duncan didn't get anything that looked like a hit.

And then on the other hand, Frank Shaughnessy of the Senators was given the same kind of wreath by admiring Ottawa fans on opening day. Frank walks to the plate and smites the first ball for a home run. You never can tell about these horseshoes and for our part, a flock of tin canes would be just about as reliable, besides a lot cheaper.

One Fight Every Nine Days, Johnnie Dundee's Record

One fight every nine days is what Johnnie Dundee, the little fellow who meets Patsy Drouillard at Windsor tonight, has averaged in his three and a half years of ring work. And he is doing his best not to spoil a good record.

Three and a half years is 152 weeks, 1,264 days. And Johnnie has had 132 battles.

So far as keeping things up, Johnnie's schedule calls for five battles in 14 days. Last Saturday he fought Eddie Wallace at Brooklyn. Tonight he takes on Patsy. Next Saturday, Young Lassie at Brooklyn, and on the following Monday he meets Benny Kauffman at Columbus, O. Tracking back, he battles George Chieney at Philadelphia, Saturday.

Which might be called keeping busy and travelling besides.

BELMONT BALL TEAM WANTS TO GET IN LEAGUE

Organized Last Evening, and Secretary Communicates With Other Villages About Matter.

Belmont, March 26. At a well-attended meeting held in the Charles House last night to organize a baseball team for the coming year, the following officers were elected: Manager—Alva Jones. President—H. W. Copeland. Honorary President—W. A. Barons. Treasurer—O. Reid. Secretary—W. D. Stewart. Umpire—A. D. McCallum. The secretary was instructed to write to Dorchester, Gladstone, Putnam and Harriestown with the object of forming a league.

Professor Ed. Willis is said to have severed his connection with the Peter the Great farm.

ALL AGREEMENTS MUST APPEAR IN THE CONTRACT

No Side Agreements Between Club and Players Will be Allowed in Baseball Now.

Cincinnati, Ohio, March 26. — The National baseball commission today handed down the following ruling:

"Paragraph D, of rule 17, of the National commission, declaring side agreements between clubs and players invalid, is hereby revoked. Subsequent sections of this rule will be reiterated. This provision is eliminated for the reason that in conformity to the agreement with the Baseball Players' Fraternity, all contracts between National agreement clubs and players contain a clause printed at the top in red ink, warning the parties that if an investigation establishes that any agreement between club and player does not appear in or is not made a part of the regular contract, the club shall be fined, the contract annulled and the player unconditionally released."

IT'S A PRETTY KEEN OLD RIVALRY AT THAT

[Special to The Advertiser.] St. Thomas, March 26. — The old-time rivalry between London and St. Thomas should give the baseball fans of these cities lots of fun this season. The teams play 25 games together, and with such splendid service as the Tracton line is giving between St. Thomas and London, hundreds of the "bugs" will go to and fro to enjoy the sport, and participate in the fun of twitting each other when their club is being thrashed. In former seasons, when London and St. Thomas crossed bats, there really was more doing lots of times in the grand-stands than on the field of play. However, it is this keen rivalry that makes the game so great.

NEW PICTURE OF FEDERAL MAGNATE

Harry Goldman

Harry Goldman put Baltimore on the big league map again via the Federal route.

KILLIFER MUST APPEAR BEFORE THE COURT

Washington, D. C., March 26. — William Killifer, catcher for the Philadelphia Nationals, was summoned tonight to appear in the federal court at Grand Rapids, Mich., to show cause why he should not be enjoined from playing with the National League. The action was brought by the Federal League for alleged breach of contract.

YANKEES BEAT ATLANTA. Atlanta, Ga., March 26. — The New York American League team defeated the Atlanta team of the Southern Association, here today, 12 to 3.

PHILLIES GOT FOUR HITS OF SENATORS' RECRUITS

Washington, March 26. — The Washington Americans and the Philadelphia Nationals opened a three-game series here today, the locals winning the first game easily by a score of 6 to 1. Shaw and Bentley, recruits for Washington, and Jacobs and Alexander, for Philadelphia, were the opposing pitchers. The Washington youngsters held Philadelphia to four hits.

ST. LOUIS RECRUITS ALSO WON. Nashville, Tenn., March 26. — The St. Louis Americans defeated the Nashville Southern League club 13 to 4 today.

JOHNNY EVERS IS MADE CAPTAIN OF THE BRAVES

Macon, Ga., March 26. — John Evers today was chosen captain of the Boston National League team here by Manager Stallings, succeeding Wm. Sweeney, who was sold to the Chicago National League club.

Application to Parliament

Notice is hereby given that an application will be made by the Corporation of the City of London to the Legislature of the Province of Ontario, at its present session, for the following:

1. To authorize the Council of the Corporation of the City of London to pass a By-law to issue debentures for a sum not exceeding \$28,000, without submitting the By-law to or receiving the assent of the electors, for the purpose of providing money to pay for additional buildings for sub-stations, sub-station equipment, electric line extensions, meters and other equipment, for the Hydro-Electric Department of the Water Commissioners for the City of London.

2. To authorize the Council of the Corporation of the City of London to pass a By-law to issue debentures for a sum not exceeding \$28,000, without submitting the By-law to or receiving the assent of the electors, for the purpose of providing money to pay for main and service extensions of the waterworks plant of the Water Commissioners for the City of London.

3. The existing debenture debt of the city is as follows, and no portion thereof is in arrears:

General debenture debt issued and authorized \$2,861,860.23

Waterworks debenture debt 937,859.36

Electric debenture debt 460,826.73

Schools and Public Library debenture debt 415,763.79

London and Port Stanley Railway debenture debt, authorized 700,000.00

City's share of Local Improvement debenture debt 157,893.43

\$5,534,209.56

4. The reason for the issue of the debentures mentioned in section one hereof is to enable the said commissioners to supply hydro-electric light and power to meet the increased demand therefor.

5. The reason for the issue of the debentures mentioned in section two hereof is to provide main and service extensions to enable the said commissioners to supply water to new customers.

6. And for other purposes.

Dated at London this 26th day of February, A. D. 1914.

S. BAKER, City Clerk.

F. 20, 27, M. 6, 13, 20, 27, A. 3.

OVER ONE COUNTRY

NOTICE is hereby given that an application will be made by the Corporation of the City of London to the Legislature of the Province of Ontario at its present session for an Act:

1. To authorize the Council of the Corporation of the City of London to pass a By-law to issue debentures for a sum not exceeding \$28,000, without submitting the By-law to or receiving the assent of the electors, for the purpose of providing money to pay for the completion of the additions to Victoria Hospital, and for additions to the heating plant now used to heat the said Hospital.

2. To authorize the Council of the Corporation of the City of London to pass a By-law to issue debentures for a sum not exceeding \$28,000, without submitting the By-law to or receiving the assent of the electors, for the purpose of paying the share of the cost of the improvements and additions to the Court House, payable by the said Corporation.

3. The existing debenture debt of the City is as follows, and no portion thereof is in arrears:

General debenture debt issued and authorized \$2,861,860.23

Waterworks debenture debt 937,859.36

Electric debenture debt 460,826.73

Schools and Public Library debenture debt 415,763.79

London and Port Stanley Railway debenture debt, authorized 700,000.00

City's share of Local Improvement debenture debt 157,893.43

\$5,534,209.56

4. The reasons for the issue of the said debentures for Victoria Hospital are the necessity for paying for the completion of the additions to the said Hospital, and the expediency of increasing the present heating plant to meet economically heat the said Hospital.

5. The reasons for the issue of the said debentures for the Court House are the necessity for the making of the said improvements and additions, and the liability of the Corporation to pay its share thereof.

6. And for other purposes.

THE HOLLOW OF HER HAND

By GEORGE BARR McCUTCHEON

Author of "Graustark," "Truxton King," Etc.

"He'll not show up, eh?"

"Not a bit of it," she said. "He may be charged to profit and loss in Leslie's books. This part of the letter will interest you," she went on, as if all that had gone before was of no importance to him.

"I hear interesting news concerning you, my dear girl. My heartiest congratulations if it is all true. Brandy is one in a million. I have hoped all along to have him as a well-fledged brother-in-law, but I'm satisfied to have him as a sort of step-brother-in-law, if that's the way you'd prefer to put it."

"Wouldn't it be wise to let us all get together and talk over the business end of the game? Brandy's a fine character, in fact, and he has a feeling of delicacy about approaching you in the matter, so I fancy it's just as well until everything is settled. I wish you'd let me make a suggestion, however. Wouldn't it be wise to let us all get together and talk over the business end of the game? YEARN FOR FOOD—DON'T SPURN IT

A Brisk Appetite is a Healthful Necessity—Stuart's Dyspepsia Tablets Quickly Restore Lost Relish for Food.

Unless you have a real hearty desire for food you should by all means take no chances of stomach trouble, for a loss of appetite means a signal of distress from a deranged digestion. When the stomach wants food it signals the mind through the nerves, and these excite the taste buds in the mouth which at once secrete large quantities of saliva. This is called "mouth water," and all of us know when our "mouths water" we want food.

"There's an appetite that Stuart's Dyspepsia Tablets gave me."

Stuart's Dyspepsia Tablets very quickly restore appetite by making the stomach want food. The stomach assumes its normal condition and then appetite—and a good appetite, too—is the natural consequence. One may actually fluidize a few Stuart's Dyspepsia Tablets, place them in a glass tube with meat, grains, vegetables, etc., and these tablets will digest the contents of the tube without aid.

Just think then how quickly and efficiently they act when they are mixed with the food in one's system and what a great relief it is to the digestive apparatus to have its fluids so enriched. Go to your druggist today and obtain a 50-cent box, and make the actual test yourself after you have eaten a large and hearty meal.

Plumpness Means Health

Thin People Heed This.

If you are too thin; if you are pale and sallow; if what you eat seems not to strengthen you; if your lips and cheeks are colorless, it is because your blood is deficient in red corpuscles and disease can easily overcome you, as you have no reserve strength or nourishment to uphold you.

A pharmaceutical product, called three-grain hypo-purine tablets, is much prescribed for these conditions, and if taken for several months, rapidly increases weight and improves the color. Buy in sealed package of any well-stocked apothecary shop.—Advt.

LEADER OF FARM PLUNDERERS SENTENCED TO FIVE YEARS

G. N. Fournier Confesses When His Young Son Goes in the Box and Testifies Against Him.

[Special to The Advertiser.] Woodstock, March 26.—G. N. Fournier, ringleader of the gang of farm plunderers which operated for months around Otterville, was sentenced to five years in Kingston Penitentiary this afternoon for theft and three years for perjury. The sentences will run concurrently.

The hearing was a most dramatic one. Fournier sat listening to the evidence, apparently with little interest, until his son Lewis went on the stand.

When the boy testified against him the old man broke down completely and confessed everything.

Then John Fournier, the older son, pleaded guilty, and then Oliver Sherry, the Indian.

John Fournier was given three years for theft and two years and three months

for perjury, the sentences to run concurrently.

Sherry was given one year for theft.

John and Walter Brown, two other members of the gang, and young Lewis Fournier will come up Saturday morning for sentence.

Sherry will also appear then for sentence on a perjury charge, of which he was found guilty.

Eva Andrews, the female member of the gang, will also come up on Saturday.

The case has aroused the greatest interest all through the district and the courtroom was crowded to capacity during the taking of the testimony.

Provincial Constable Hill is being warmly congratulated on his clever work which resulted in the rounding up of the worst gang of plunderers Oxford has ever known.

WILD SCENES IN PARLIAMENT OVER ULSTER CABLES

Speaker Sproule Attempts to Smother Inquiry in Commons.

SAM HUGHES INVOLVED

Minister Says That Cablegrams Were Sent Out From "Boozorium."

[Special to The Advertiser.] Ottawa, March 26.—A storm broke in the Canadian Commons today which raged through the chamber, swept the city and threatened to equal the scenes of last winter when Liberals fought the closure. A dozen times shouts of anger from one side or the other overwhelmed the voice of Speaker Sproule and the members who were endeavoring to make themselves heard.

Sir Wilfrid Laurier and Chief Whip Pardee resisted what they regarded as attempts to override Opposition rights. Premier Borden and Hon. Sam Hughes were the central figures on the Government side.

The first place of trouble came when Edmond Proulx, of Prescott, sought to question Capt. Tom Wallace, of Centre York, as to his cable promise of men and money for Ulster sent to Sir Edward Carson.

Speaker Anticipates. "I want to ask the member for Centre York regarding a cablegram he is reported to have sent to Sir Edward Carson," said Speaker Sproule. "In the press this morning I see," Speaker Sproule said this point interrupted and said that in his judgment this question did not come within the rules. "Let him state his question first," said several Liberals warmly. "Mr. Proulx stated again and once more was checked by the Speaker. "Do I understand, Mr. Speaker, that before you have heard the honorable member out you rule that he cannot state his question?" asked Sir Wilfrid Laurier.

"I heard him say he was going to ask regarding a certain cablegram, but questions must concern the business of the House," said the Speaker.

"How, do you know, Sir, that the House is not concerned? The honorable member has not yet stated his case," said Sir Wilfrid.

"I will change by form of question," said Mr. Proulx. "Mr. Wallace is the officer of the Canadian Militia. Has the Minister of Militia, as his superior, taken cognizance of the cable he is reported to have sent?"

Goes on Order Paper. The situation was becoming uncomfortable, and Premier Borden interrupted with the suggestion that Mr. Proulx put the question on the order paper. However, after some further debate he agreed to follow the suggestion to put the question formally.

Col. Hughes then took the floor to correct a statement made in the British House that the Canadian Minister of Militia had not consulted the war office in appointing a commander in chief of the Canadian forces. "I have not appointed a commander in chief, but a commander in staff, and I consulted the British Secretary of War, Col. Seely, and Sir John French, though not because I had to do so."

Col. Hughes and Ulster. There was another matter to which Col. Hughes said he wished to refer. Last week there was read a statement from an obscure paper in Yorkshire that the Canadian Minister of Militia had given assurance that "Canada was leading in the Ulster would not be stopped. 'Someone,' said Col. Hughes, "read one of the many bogus cablegrams sent out from the boozorium or slumberland."

"Order, order!" "Take it back" came from the Liberal side in a roar, while once more Pardee was on his feet questioning the order of the act.

"I read that cablegram"—and at this point a roar of "Sit down" from the Government side. Mr. Pardee stood facing the Minister of Militia until the Conservatives should tire themselves out.

Has Nothing to Take Back. "I read that cable," said the Liberal whip, firmly, "and I have nothing to take back. When the Minister of Militia says that it came from the slumberland or the boozorium he says what he knows is beside the facts and is absolutely false and untrue."

Again the whip's voice was lost in shouts of "Order" and "Sit down," from the Government supporters.

"And I demand a withdrawal," he continued.

"The member for Lambton is an old parliamentarian and knows that it is improper to say another member has told what he knows to be untrue," said the speaker.

"Is it proper for a member to make such insinuations as those made by the Minister of Militia?" asked Sir Wilfrid. "Boozorium," is that proper?" he asked.

"No, I would have answered a point of order as to that, but since the statement was not challenged it has passed," said the speaker.

"I challenged the statement," said Mr. Pardee, and again the Government followers howled.

"If the hon. member for Lambton desires to keep within the rules, he will withdraw what he said of the minister," declared Speaker Sproule.

Demands a Withdrawal. "I arose to a point of order immediately the minister made his statement, and I demand a withdrawal," declared Mr. Pardee, hotly. "For myself, I have nothing to withdraw." (Long cheering from the Liberal side greeted this declaration.)

"I did not hear the hon. member raise a point of order or see him rise at the moment," said Speaker Sproule.

"Make the minister withdraw," "War Lord," "Tin Soldier," were some of the shouts heard from the Liberals.

"In my opinion, the word used by the minister," said Speaker Sproule, "was not proper in the House of Commons, and should be withdrawn."

The declaration silenced the House, and there was an awkward pause while all eyes on both sides were turned to the Minister of Militia in expectation. Col. Hughes shifted uneasily, but did not rise until a murmur began to grow on the Liberal side.

Col. Hughes Withdraws. Finally he arose, and said: "I gladly withdraw anything which your honor says is not parliamentary," he said, and a long ironical cheer came from the Liberals.

Finally Col. Hughes declared that "I never directly or indirectly had any such communication regarding Ulster affairs as is alleged in this newspaper report."

SENATOR COFFEY FAVORS CHOQUETTE PICTURE BILL

Would Have Papers Suspend Publication of Criminals' Pictures.

Ottawa, March 27.—The second reading was given in the Senate today to Senator Choquette's bill, which would make it a criminal offence to publish portraits of persons accused of crime or criminals. The vote was 22 to 18, and it is understood further consideration will be given the proposed measure after the Easter recess.

Senator Coffey, of London, who resumed the debate, said he favored the bill. It was regrettable that some publications in Canada do not reach the high ideal which was desired.

There had in recent years been a considerable change in the method of conducting newspapers. The papers had in many instances become less dignified and more "yellow."

"When you see red in a newspaper, it is yellow," said Senator Coffey. "Where newspapers published degraded reports a portion of the community was affected by what they read. Eighty years ago criminal proceedings were not printed. The great majority of journalists in Canada were honorable, straightforward men who had the interest of public morality at heart. However, publishers were more wedded to commercialism than in the past and did not follow high ideals in many cases as earnestly as they had been followed in the past."

"I told them I was going to take him home and it would soon get better. It would gather and break, and it went on that way until he was over four years old."

"He lost four pieces of bone out of where it was lanced, and two pieces came from his mouth; he has lost all of his cheek bone, and his eye was drawn down. I took him to doctors in St. John, N.B., and he lanced it, and told me it would get well in a few days, and wanted me to get any better, so my wife took him back. The Doctor told her to take him home and it would soon get better. It would gather and break, and it went on that way until he was over four years old."

A WONDERFUL CURE OF AN ABSCESS BY

Burdock Blood Bitters.

Mr. A. W. Dryden, Amherst, N.S., writes:—"I am going to tell you about Burdock Blood Bitters. I have done for me. My son 'Vance,' when only nine months old, got an abscess on his cheek bone. I took him to a doctor in St. John, N.B., and he lanced it, and told me it would get well in a few days, and wanted me to get any better, so my wife took him back. The Doctor told her to take him home and it would soon get better. It would gather and break, and it went on that way until he was over four years old."

"He lost four pieces of bone out of where it was lanced, and two pieces came from his mouth; he has lost all of his cheek bone, and his eye was drawn down. HURON TO HELP PERTH IN FIGHT AGAINST BAR

Big Convention Called at Clinton for April 7 to Discuss the Situation.

[Special to The Advertiser.] Clinton, March 26.—It was announced tonight that a big convention of the Huron County temperance workers will be held here on April 7. Matters of the

greatest importance will be discussed, including the carrying on of the work in Huron as well as arranging for a campaign in Perth.

Perth is more than anxious to duplicate the record success recently achieved in Huron, and Huron is willing to give every possible aid in assisting her sister county to close all her saloons.

It was noted that The Advertiser tonight that there is every possibility of a joint secretary being appointed to carry on the work for both counties. Huron's splendid organization is still available for a campaign in Perth, and from present indications the latter county will be the battleground shortly for a struggle fully as fierce as that which was carried on in Huron.

The officers recently appointed at the routing meeting in Stratford are losing no time and already have most important plans under way.

Girls! Get a 25-Cent Bottle and Try a "Danderine Hair Cleanse."

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed. Your hair

VARIOUS VIEWPOINTS OF SUFFRAGE LECTURE GIVEN BY LADY HOLDER

Famous Speaker Brands as Absurd the Associating of Masculinity With Cause—Reforms Only Possible Through Votes for Women.

That the masculine viewpoint, or the average masculine viewpoint of the "votes for women" propaganda is vastly different from the feminine, or average feminine viewpoint of the same thing, has been once again proven. Last night Lady Holder, the famous Australian campaigner for the enfranchisement of all women, addressed a suffrage meeting in the Masonic Hall. Two Advertiser-reporters "covered" the meeting. One was a woman reporter, the other a mere man.

In HER story of the meeting the girl reporter declares: "Perhaps no better argument in favor of woman suffrage has ever been advanced in the city of London than the presence in the new Masonic Temple last evening of Lady Holder, of South Australia. Lady Holder's quiet and dignified personality, together with her simple, yet forceful logic, formed a strong argument in favor of the enfranchisement of women, and would go far towards destroying the threadbare statements that suffrage takes women from the home and makes her masculine."

In HIS story the mere male says: "London's interest in the equal suffrage movement must be at a very low ebb. In spite of the widest advertising, Lady Holder failed to attract more than a handful of people."

The different viewpoints are here, and apparently the only thing left for the mere outsider to do is to read both accounts of the meeting and take his or her choice.

THE FEMININE VIEWPOINT

Perhaps no better argument in favor of woman suffrage has ever been advanced in the City of London than the presence in the new Masonic Temple last evening of Lady Holder, of South Australia. Lady Holder's quiet and dignified personality, together with her simple, yet forceful logic, formed a strong argument in favor of the enfranchisement of women, and would go far towards destroying the threadbare statements that suffrage takes women from the home and makes her masculine.

Work of Pioneer. Step by step, Lady Holder traced the history of the enfranchisement of women in Australia. She told of the efforts made by a few pioneer spirits to obtain equal suffrage privileges, and of the final success when the Women's Christian Temperance Union of Australia united with the suffragists in their work. Seventeen years ago the full franchise was granted, and from that time women have voted equally with men, all individuals over the age of 21 years having the ballot.

"We had just the same objections advanced against women voting as you have today. It would take women from the home, they would be electing and talking politics, while the men had to mind the babies and cook the dinners. We should become masculine. How absurd! All this was has been proved by the type of the average Australian woman. She loves her home just as much as ever, and attends to it, and is very thoroughly feminine," said the speaker.

Canadian Women Should Vote. Lady Holder further expressed herself as being hopeful that the women of Canada would obtain the vote. She firmly believed that it was coming. Then there would be a greater chance to obtain some of the reforms for which women were working. "By having the ballot, woman is placed on an equal platform with men. She has a power behind her without which she might work night and day without accomplishing any reform for the betterment of her own sex or for her children."

It has been found to be the case in Australia. Although no millennium has been brought about, there were many improved conditions as a result of the enfranchisement of the women of the country. Parliament was much cleaner. There were very few men at whom the finger of criticism could be pointed. This was not the case in years gone by.

Courteous Treatment. In regard to the polling booth not being a place for a lady, Lady Holder said it was really much the same as attending the same church which men attended. To go to the booth and cast the vote required but about 20 minutes' time; women were courteously treated away.

In answer to the argument that women would not vote even if they possessed the privilege, Lady Holder stated that in Australia at the last general election, some two years ago, 72 per cent. voted, the women numbering equal with the men. In some states 82 per cent. of the women voted.

Are Not Seeking Fame. "It is not that women want to become mayors or judges or other officers, or act on juries—I think this is very necessary, too, where the interests of women and children are concerned—but simply that as in the home she shares the family troubles and sorrows with her husband and brothers, she may do the same in public life. To do this it needs take her out of the home very little," said Lady Holder in conclusion.

Mrs. Gordon Wright, president of the London Suffrage Society, who introduced the speaker, voiced her regret that there was not a larger attendance to hear such a distinguished visitor to London. On the platform were a number of executive committee members of the London Suffrage Society, including Mrs. E. M. Tilley, Mrs. Talbot Macbeth, Mrs. John Carling, Mrs. Ashplant, president of the W. C. T. U.; Miss Fowler and Miss Farncomb. Rev. H. H. Bingham and Mr. Gordon Wright were also present and spoke briefly.

During the evening, Ed Webster, accompanied by Miss Lillian Gray, sang a couple of excellent songs.

IF BACKACHE OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's ruinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist a few ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so that it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. W. T. STRONG, druggist, agent, London.

WOMEN'S AUXILIARY
CONCLUDES SESSIONHas Final Meeting of Annual
Convention Yesterday
Afternoon.

CONGRATULATED EFFORTS

Members of Huron Diocesan
Missionary Society Lauded
by Bishop Williams.Huron Diocesan Women's Missionary
Auxiliary convention was concluded
Thursday afternoon with an address by
Rt. Rev. Bishop David Williams in which
he congratulated the auxiliary on its
successful record of the past year, the
success of the convention, and especial-
ly the forward movement in Bible study
and social service.Resolutions of thanks to the rector and
church wardens of St. Paul's Cathedral,
to Bishop and Mrs. Williams, to the
luncheon committee, the ushers, the hos-
tesses and others who assisted in en-
tertaining the delegates and making this
convention a success, were carried.Resolutions of sympathy to Mrs. (Can-
on) Smith, in the death of her husband,
to Mrs. Richardson, in the death of her
son, to Postmaster Finkel and family,
of Woodstock, in the death of Mrs. Fin-
kel, who was one of the oldest mem-
bers of the auxiliary, and to other le-
gated members, were passed.Mrs. (Canon) Downie, of Port Stanley,
who is ill, was also tendered a resolu-
tion of sympathy.

Appeal for Church Furniture.

The report of the general secretary,
Miss Hanson, was read, in which she
appealed for church furnishings and
other assistance for needy missions.The committee on appeals recommended
that various appeals from China, In-
dia, Japan and the Northwest fields be
favorably met.The thank offering returned at the
convention by the various branches

amounted to \$1,006.66, the largest ever

raised. It will be devoted to the main-
tenance and training of missionaries for
the Northwest and foreign fields.At the quiet hour, Miss Connell, of the
Deaconess Home, Toronto, gave a help-
ful and inspirational address.

Miss Nash Improved.

During the convention a message was
received from Miss Nash, in Homan,
China, stating that she was much im-
proved in health and would be able to
return to Ontario in April.The semi-annual meeting of the Dio-
cesan Auxiliary will be held in Galt in
October.LOCAL ORANGEMEN

OFFER MEN AND MONEY

Action of Forest City Lodge
Likely to be Duplicated by
Royal Scarlet Chapter."We, the Orangemen of Forest City
Lodge, L. O. L., No. 762, desire to ex-
press to you our admiration of your noble
and dignified conduct as leader of the
Protestants of Ulster, in your fight
against home rule, and to assure you that
we are ready to make common cause
with our brethren, the Protestants of
Ulster, and to help you with both men
and money, as occasion requires."The above resolution, addressed to Sir
Edward Carson, was moved by Rev. Dag-
g Scott, seconded by T. H. Pitt, and
unanimously and enthusiastically carried
last night by Forest City L. O. L. No.
762, meeting in the Orange Hall. It was
one of the largest meetings of this lodge
held for a long time, and marked an
enthusiasm prevailed. The resolution was
cabled to Sir Edward today.

Royal Scarlet Chapter to Act.

The Ulster situation occupied so much
of the attention of the meeting that an
other meeting had to be called for next
Monday night to handle left over routine
business. A meeting of the Royal Scarlet
Chapter, which will be held on Monday
night, and it is expected that a resolu-
tion of similar tone will be passed by the
Royal Scarlet members.Rev. G. P. Assiter, of the Christian
Church, Dundas street, gave an address
on "Romanism versus the Civil Law,"
which was well received, and evoked con-
siderable discussion.

Orangemen from all over Manitoba, will
meet in Winnipeg next week to discuss
the situation in Ulster, and decide upon
what action the Manitoba Orangemen
will take to aid the Ulster. It is
understood that recruits will be enrolled
to go to the support of the Ulster Volun-
teer army, and arrangements will be
made to send a cash contribution to the
anti-home rule fund in Ireland.MOTHER DIES OF STROKE;

AIKEN-McDONALD.

A very pretty house wedding was
solemnized at the residence of Mrs. Grace
McDonald, 421 Waterloo street, Wednes-
day afternoon, March 25, at 4 o'clock,
when her daughter, Jessie, was united in
marriage to Dr. Leslie R. Aiken, of Court-
right, Ont.The bride entered the drawing room to
the strains of Lohengrin's wedding march,
played by her cousin, Miss Daniela Fore-
man, of Chatham, and was given away by
her brother, Alexander McDonald, while her
sister, Miss Agnes, acted as bridesmaid.The groom was supported by Dr. J. W.
Aikenhead, of London. The ceremony
was performed by Rev. Hugh McFarlane,
of St. Andrew's Presbyterian Church.The bride was charmingly gowned in
ivory duchesse satin with pearl trimmings
and carried a shower bouquet of roses and
lilies of the valley, while the bridesmaid
wore a beautiful gown of pale pink satin
with shadow lace and bouquet of pale
pink roses.The many beautiful and costly gifts be-
spoke the esteem of the bride's many
friends. The groom's gift to the bride
was a magnificent pearl necklace and to
the bridesmaid and pianist each a pearl
lavallier, and to the best man a set of gold
cuff links.The drawing room was beautifully de-
corated with flowers and the marriage
ceremony was performed amid an arch of
palms.After a dainty luncheon the bridal
couple left on the evening train for De-
troit and points west. The bride wore a
brown tailored travelling suit with hat to
match. After a short wedding tour Dr.
and Mrs. Aiken will reside in Courtright,
where Dr. Aiken is a practicing physician.Salt Rheum For
Six Years

ZAM-BUK HAS CURED HIM.

For over six years Mr. William H.
Birt, of Pisiquid, P. E. I., suffered from
salt rheum. He says: "The disease
attacked my arms and hands, and the
sweating of my right hand was the worst.""I was engaged as a blacksmith by the
Bruce Stewart Company, of Charl-
lottetown, and sometimes every stroke
of the hammer would cause the finger
to bleed freely. I tried various oint-
ments and salves, and then went to
several doctors in and around Char-
lottetown.""One medical man, after treating me
for some time said he did not think I
could ever be cured. Another put my
finger in some fluid, which seemed
to burn it terribly, and then put 'a
straight jacket'—as I called it—on the
finger for two days. Trying one thing
and another I spent over \$50; and all in
vain.""I saw an account of some of the
great cures which Zam-Buk has worked
and decided to try it. The first box
did me a lot of good, and the finger
showed traces of healing. So I kept on
the Zam-Buk treatment and a few
boxes worked a cure. There has been
no return of any trace of the disease,
so I know the cure is permanent and
I am so thankful for my cure that you
are at liberty to use these facts as you
like."Reader, if you have any skin disease,
cut, burn, cold sore or skin injury, try
Zam-Buk. It is absolutely unique as a
healer. Druggists and stores every-
where at 50 cents box, or post free from
Zam-Buk Company, Toronto, for price.Friday and Saturday Savings at
