FIFTEEN CLERKS TO HANDLE BUSINESS

Hundreds of Thousands of Coupons Added During the Closing Hours—Final Results To Be Announced in Tomorrow's Issue of the Advertiser.

The great Free Trip to Europe contest came to a whirlwind finish on Saturday night. All day the ballots were pouring in, but as the time for closing drew nearer the crowds became momentarily greater. From 9 o'clock on the office was packed to the point of suffocation, while outside the street was thick with people struggling to enter. As the time wore on those outside, remembering the warning that no votes would be accepted after 10 o'clock became more and more anxious, and for every person trying to get out of the office there were two trying to get in. A number of the out-of-town contestants, unwilling to trust anyone to give their ballots in, were here in person, and they and their numerous interested and excited friends, served to increase the throng that gathered

Inside the office matters were even more strenuous. Extra clerks were present to cope with the rush that everyone knew must come at the last moment. But even with fifteen clerks working at high pressure, taking in the large number of new subscriptions and receiving the reserve vote that in many cases amounted to immense numbers, it was impossible to make the depot at once, and paid over the any headway over the crowd that seemed to be constantly increasing.

> A STUPENDOUS VOTE. The number of votes entered in the last few minutes of the contest was simply stupendous. Numbers of the candidates deposited blocks of ballots that totalled up to the hundreds of thousands, and almost without exception immense gains were registered by all the contestants. There will undoubtedly be a number of surprises when the vote is finally printed. No advantage has been given to anyone nor has The Advertiser tried to play off one competitor against another. There have been times when The Advertiser could have received large amounts of money for votes, but this has been absolutely refused, and there has not been a cent of money takenin that has not come in return for a regular subscription entered in the usual way. The Advertiser has thus played absolutely fair with all the contestants, and everyone has had an absolutely even chance, as far as The

Vin Mariani

Its Merits Proved

Many thousand physicians, and we may say many millions of persons, during the past fifty years have thoroughly tested Vin Mariani and experienced beneficial effects. Thousands of the most famous men and women from almost every walk of life, have praised Vin Mariani in poetry and prose, in music, sculpture, painting, etc. Never has anything received such high recognition of warm, universal praise. The sincerity of the testimony cannot be called in question, for no motive save that of hearty satisfaction could have induced persons so eminent to testify independently though with a common accord, to the efficacy of Vin Mariani.

It is an adjuvant in treatment and during convalescence in mental and physical exhaustion, and specially useful in wasting diseases, such as la grippe, malaria, lung, throat, stomach and nerve troubles, impoverished blood, and whenever a uniformly reliable tonic and stimulant is required.

WOMEN OF RUSSIA HAVE A HARD TIME

The Police Surrounded Recent Women's Congress as If It Were an Anarchist Assemblage.

London, May 16. - Mme Zeneide Mirovitch, a delegate to the woman suffrage convention, has been telling the women of England something of the struggle in Russia against the forces of reaction.

During the liberation movement in Russia, she said, all the progressive elements declared themselves in favor of equal rights for women, and at the first duma their cause was warmly supported, and might have been carried to success had it not been for the unfortunate dissolution. But the first great victory was gained when the universities were thrown open to

Now the reactionists are in power, and it was only under the greatest pressure, especially from the university professors, that the present minister of education permitted the women students of 1906 to finish their studies. Harsh regulations are being made against women on all sides.

Restrictions on Marriage. The women in the postal and telegraphic service have been forbidden to marry men outside their own de-partment. It was alleged that they might inform their husbands of the contents of telegrams—an excuse that comes badly from a government that freely opens private letters. School mistresses are not admitted to schools in which unmarried schoolmasters are serving. Pleasant women are forbidden to be present at rural councils. In short, the reactionaries have recognized that women were their natural enemies.

When under great pressure permission was given for the recent wo-men's congress in St. Petersburg the programme was curtailed; men members were excluded; all criticism of the Government was, of course, for-The hall was surrounded by police, as if the women were criminals. police officer was always present who had the power to stop any speaker.

THE WOMAN OF MYSTERY

Model of the Notorious Frank Rutledge Arrested at Chicago.

Chicago, May 15 .- Mystery surrounding the identity of the fashionablyclad woman who gave her name as "Jennie Jones," when she appeared before Judge Blake today, charged with disorderly conduct, was cleared up when she admitted that she was the Miss Myrtlye Norrie who figured in a twenty years' sentence in prison.

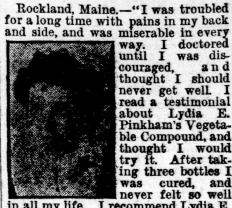

road, with her mother. The young woman was arrested 2526 Dearborn street. She was released today only after she promised to leave at once for Los Angeles.

Brown and his wife also agreed to mitted her knowledge of the Rutledge gang of safeblowers, who were cap tured in Chicago. She was a mode for Frank Rutledge, who drew pastel pictures by day and took part in dar-

ing robberies at night. Rutledge, Fred Lee Rice and Thos. Jones were taken back to Toronto, Canada, for trial. While the prisoners were being taken to the courtroom in cab two women threw revolvers into

the conveyance. With their manacled hands the prisoners seized the revolvers, and a battle followed, in which the two policemer were shot fatally. Jones was mortally injured. Rutledge escaped, but was recaptured, and after he was sentenced two days later, plunged headforemost from a gallery in the jail and ended his life. Rice was hanged.

MALARIA ATTACKS CREW

Mosquitoes Almost Wipe Out Crew of a British Steamer. New York, May 17. - The British steamer Veraston arrived today from Kingston, Jamaica, with practically a men in a hospital at Kingston suffering from pernicious malarial fevers. The disease was contracted while the steamer lay in the Madeira River, about 1,500 miles from Para, where the crew, although screened at night with mosquito netting, could not altogether escape the attacks of the mosquitoes. When the steamer got near Para the crew were stricken, until at one time only three deck officers were on duty, while the engine room worked under difficulty. One died at sea and another died after arrival at Kingston. Fifteen men were sent for treatment, and their places were filled Alliston.

Toronto, May 15. — Although the Grimsby Park Company is to be wound up by order of Judge Teetzel, this does not mean that it will be closed. In fact it cannot be closed, as there are two hundred cottages in Grimsby Park, many of them owned by Toronto Methodists, and the ground on which these cottages stand is held by lease for 999 years. It is expected the park will soon come under the sway of a reorganized company.

In his opinion, it would in any case be a misfortune to have to leave them out in any comprehensive scheme of impersible to leave them out, when they themselves come forward and claim to be included in it. This is not the first time they have given practical proof of their sense of the solidarity of the Empire. We had substantial proofs of it during the South African war; but there is this new element in the present case, and it is an element of supreme importance, that this is not an ten udder fellers wuz shipwrecked on merely an impulse to give help in a a barren island, an' all our grub lorst. particular emergency."

The dominant idea of the dominions, as interpreted by Lord Milner, is to prepare themselves to fill a permanent place, and undertake definite responsibilities in a general scheme. JUST IN TIME.

Ottawa, May 16.-Just as he was sinking to certain drowning in the Rideau Canal, near the end of Cartier street, yesterday, Johnnie Irish, a 12year-old boy, of Echo Drive, was saved by George Donaldson, proprietor of the Driveway Hotel, who went out in twenty feet of water to the rescue. The little chap was playing in an old boat and enjoyed the sport for an hour or so, not noticing that the craft was every moment filling with water. At last the boat began to lower, and as the boy saw his danger, he screamed for help. He was unable to swim.

Everything She Ate SEEMED A BURDEN TO CARRY.

HAD STOMACH TROUBLE FOUR YEARS.

When your food has not been properly digested, your body has not received the benefit it should. The exertions of the gastric juice have been confined entirely to removing the unmasticated undigested portions of food which they cannot properly digest as speedily as possible from the body, thereby only giving the blood a small percentage of nourishment with which to feed the tissues. Burdock Blood Bitters regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health and strength te

the debilitated system. Mrs. D. A. Francisco, Rossland, B.C. writes: "I was suffering from stomach trouble of the worst kind for about four years. Everything I ate seemed a burden to carry. I always arose in the morning with a sickening and feverish taste in my mouth and was also troubled with swellings in my hands and feet, which my physician said was due to the disordered state of my stomach. I tried everything that was purchasable, and also consulted two or three physicians, but could find no relief until one of my neighbors told me of a wonderful cure by Burdock Blood Bitters. I used altogether ten bottles and am now perfectly oured. I wish to recommend B.B.B. to anyone who may be so unfortunate as I was.

Give Reasons Why Doctors Fail to Cure Sick Women

Because they fall to notice exactly what is wrong with many a sick woman, doctors are frequently criticised very severely. For instance, disease in the kidneys is one of the last ailments for which a doctor looks when treating women. This is a great mistake.

Women are very prone to kidney trouble and in fact many physicians attribute a woman's languor and ill-health to a derangement of the genital organs, when it's simply plain kidney disease, and nothing else.

Many so supposed female complaints are either bladder or kidney diseases. Sick kidneys, of course, make associate organs sick also. The result is back pains, bearing down sensations, utter weariness and headache. But Dr. Hamilton's Pills go right to the spot. They put life into the kidneys pany, Limited, Sarnia, capital \$40, that makes a worn-out woman feel like new.

FIST AT DR. OSLER KIDNEY DISEASE

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some kind of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or supressed urination, burning sensation when urinating, etc. Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong Doan's Kidney Pills should be taken. They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble.

Miss Albertha B. Clarke, Stony Creek, Ont., writes: "I was troubled with kidney trouble for several years; my back was weak, I had such terrible headaches, and was so restless I could not sleep at night and tried everything without any benefit. Meantime a friend advised me to try Doan's Kidney Pills, so I got four boxes and they completely cured me. I now feel as well as I ever did and would advise everyone suffering from Kidney Disease to try them." Price 50 ets. per box, or 3 for \$1.25, all dealers or The T. Milburn Co., Limited. Comfort and Convenience

If you have never experienced the pleasures of living in a "Sunshine" heated house, let us tell you that it is a comfort and convenience which is fully appreciated.

For an average of seven tons of coal to an eightroomed house, an even temperature of sixty-five to seventy can be kept up from October to April. Once a

Sunshine Furnace

is started there is no work attached to its operation beyond placing in coal twice a day, and drawing out ashes and filling water pan every other day. Chains on a pulley fixed in the hall, or room above the cellar, answer the respective requirements for:-Burning Up, or Closing Off.

No caretaker is necessary, no engineer has to be called in. No precautions, beyond following directions, are necessary.

If you can run a stove (and who cannot) you can run a Sunshine Furnace.

'Phone or call on the furnace man in your town, whose name appears below, and secure full particulars.

wright specialty without guy ropes, lust as ordinary teams do. The team contrasts most unfavorably with the good old Champions. Lack of practice may account for some of it.

The Ramblers played a real good game. Mr. Brooks, dubbed "Fat," by his familiars, pitched a right smart sort of a game. He had more under his hat than on the ball, and on account of his headwork got away with this hat than on the ball, and on account of his headwork got away with it nicely. He should have scored a shutout, a temporary shakiness on the part of his help handing the Stars their only run. Mr. Brooks was more than fair—he was good.

Well, while Ecclestone's tossing to the plate was very fine. Alfie Gatecliffe, who also tossed one or two very badly, was some class as a catcher, and looks about the best in the league at this stage of the shooting.

Mr. Peacock's First.

Look him over. Just now he is the whole show under the big top at Milwaukee. He's the prize chicken in the American Association. He is also Stony McGlynn, one time flinger for the St. Louis National League team. Stony was some pumpkins in faster co mpany once, but when Sir John Closkey, the rotund and jovial manager, was retired to make room for Roger Bresnahan, and hired out to Milwauke e, he took Stony along, waivers being easy. LITERARY NOTES

Canada West.

Of the May monthlies there is none more attractive as to appearance, more readable as to matter, than is Canada West, the bright, breezy magazine that has so rapidly won a high place in the estimation of Canadian readers. From its virile coverin which has been caught something of the vigor and fine red blood of the great prairie land-to back page the number is crammed with interesting story, picture and poem. Emerson Hough, Arthur Stringer, Cy Warman, Sam Kiser-a list to conjure with-are all represented. Hough continues his series of striking articles on the Dominion's greatest problem-immigration. The series is a remarkable one touching on a most vital question, and consists of the observation of a trained writer and deep thinker.

Then there is Arthur Stringer, the brilliant young novelist and poet, who Optimist," gives a vivid picture of Calgary (the "Denver of the Northwest") and the unbounded faith of the Calgarians in their beautiful and progressive cities.

But while the general get-up of the number is redolent of the great westland which the magazine exploits, the range of subjects is not limited to a single subject or section. For instance there are two poems by Kiser. One soul-searching the other a delightful whimsy, a charming story of May and was in London Saturday. December in a hospital ward, and the tale of a Cobalt swindle that boomeranged on the swindler. Also, if you are gouty and propose to take a course at Baden-Baden or Carlsbad, Cy Warman tells you how you can save the money and get the healing waters in Quebec. Robson Black, dramatic critic of the Toronto News, has a most interesting illustrative article on the stage, and there is a ghost story that Epworth League Rally. has a real thrill to It.

An original feature of the Canada West that has become justly popular is the series of stories of last season's successful plays. This month it is "Salvation Nell," Mrs. Fiske's latest
