J. D. YOUNG, Prop.

Mr. J. Archibald Smith and little daughter returned to Boston on Saturday after spending a week with the former's sister Mrs. R. A. Porter at Canning.

Private Stewart Eaton of No. 9 Siege Battery Artillery, St. John, visited friends in Kentville, Tuesday en route to his home in Canard where he will spend a few days leave of absence prior to going to Halifax where he intends taking a course in Artillery.

Sheriff Porter, who took two soldiers from Kentville to Dorchester to which place they had been sentenced for two years, returned home by way of St. John and Digby over a week ago. He found a shipment of his Ford cars at Digby and with seven other drivers he brought eight cars home to Wolfville. Just six days afterwards he brought six more cars up from Digby making fourteen inside of a week. So far this season he has sold seventy-five Ford automobiles a pretty good record for one representative of that company.

Mrs. M. L. McLeod and Miss Ella McLeod of Bridgetown are visiting in Waterville and Harbordville.

Lieut.-Col. and Mrs. Hayes will be at Home Thursday afternoon, the 10th inst, from three to six o'clock at Pine Cabin.

Sergt. (Rev.) A.K. Herman, of Aldershot, will preach at Steam Mill, Sunday afternoon next at 3.30 o'clock, directly after Sunday School.

Mr. W. P. Shaffner, Mrs. Shaffner and little daughter, Miss Marcia left Wednesday on a vacation visit to Granville Ferry.

Mrs. W. E. Bligh, who has been in town for a few days, left today for Wolfville, where she is located for the present with her daughter, Mrs. Collsut.—Truro News.

Capt. Lambert, Chaplain of the 97th, is to preach in St. Paul's Church on Sunday evening, instead of Capt. Macdonald of the 185th, who will preach in Canning.

Private Martin I. Neiforth, of the 219th Battalion, Mrs. Neiforth and son George have moved from Wolfville to Kentville and have taken a house on Crescent Avenue.

Provision has been made by the management of the Berwick Camp Meeting Association whereby anyone in Kentville, or vicinity desiring to attend the Sunday services, the 6th inst, can secure a ticket at the store of F. B. Newcombe & Co. anytime between now and Saturday night. The ticket price at entrance will be closed on Sunday.

An anniversary service to commemorate the close of the second year of the Great European Conflict will be held in the Canning Methodist Church next Sunday evening. Addresses will be delivered by Brigadier A. H. Borden and Captain A. J. Macdonald, Aldershot. Come and hear how great things God has wrought for England and her Allies. All are invited. Special seats reserved for members of the K.C.H. who are asked to be present in uniform.

MEMO AS TO RECRUITING IN NOVA SCOTIA

It seems advisable to consider at the present time, just two years from the commencement of the War, what Canada in general and the Province of Nova Scotia in particular has done and what we may expect to accomplish in the future. We are living in the most momentous period of the world's history and it is a test of character with us all whether we can measure up to the greatness of the time in which we live, and all who feel their responsibilities will be intensely interested in this retrospect of the past and the forecast of the future.

A table has been prepared by the Department of Trade and Commerce showing the number of men of military age in each Province of Canada at the opening of the War; the total number of Canada was 1,720,000 and in Nova Scotia approximately 98,500. It was originally intended that the number of the Canadian Forces for Overseas and Home service should be 250,000, but when the need came to be felt for men and yet more men, the number was increased to 500,000 or approximately 28 out of each 100 of military age. Various estimates have been made as to the proportion of the 500,000 which should be raised from the various Provinces; if the figures of the Department of Trade and Commerce as to the number of men of military age are accepted and it is assumed that such Province is to contribute proportionately, the pro rata share of the 500,000 from Nova Scotia is approximately 29,000. The actual number enlisted in Nova Scotia including Home Service is approximately 22,000 or 22 out of each 100 of men of military age, leaving us still to raise 7 out of each 100, equal to 7000 men. It must be remembered that a very considerable number of the men enlisted and passing preliminary medical examination are finally rejected as not physically fit, so that on the basis of the men who have actually gone Overseas or are now in training, a considerable increase would have to be made in the above estimate. The percentage of men of military age who are in military

service is much larger in the West than in Nova Scotia. The people of the Western Provinces being less firmly rooted and more prepared for any new adventures would naturally be likely at first to respond more quickly to the call for men but it cannot be doubted that until Nova Scotia's quota is fully made up, her sons of military age and qualifications will continue to respond to the call.

In considering the duty of the hour we must remember that Germany when she entered into this War for World Dominion did not want for colonization and Empire building little England but her Dominions upon which the sun never sets, the greatest of which is Canada.

It is often difficult to realize that while Nova Scotia is, notwithstanding the war and to some extent by reason of the war, enjoying remarkable prosperity, we are as a part of the fairest Dominion of the British Empire so covetously desired by German, as deeply interested as our Allies in France or our

brothers in the Motherland; our geographical position is such that the invader has not set foot on our land or aeroplanes dropped bombs upon us, and the war does not impress itself upon our senses in the same way as those who are nearer to it, but nevertheless it is our war and we should bring it to a successful issue is today our one great business. In France practically every man capable of such service is engaged either in the manufacture of munitions or in Military Service. In Great Britain a huge army of munition workers including many thousand women, are engaged in manufacturing munitions, and starting out when the war began with an army of only 834,000 and largely on paper, Great Britain has recruited and trained a new army of nearly 3,000,000. Finally, on January 20th, 1916, a bill passed the House of Commons in England providing for compulsory service of all men between the ages of 18 and 41 who are bachelors or widowers without children depending upon them. Great Britain has not only in two years made a great Army able with the aid of the Forces of her Overseas Dominions to meet and defeat the legions which the Kaiser has been training for thirty years, but starting out with the greatest Navy in the world she has by constant and effective building upon a large scale and at high pressure, nearly doubled its effective force. The wealth of England has been expended without stint not only upon her army and navy but in financing our Allies, a large measure of assistance to whom was in some cases very necessary. But with all the Mother country has done, it might well be she could not have fought the enormous odds she has had to contend with without the prompt and efficient assistance of her Great Dominions throughout the Empire. Looking to what we have done in Nova Scotia, we find that we have sent overseas six Infantry Battalions, as well as three Batteries of Artillery, Ammunition Columns and Headquarters Co. Artillery Brigades, Divisional Train Headquarters and Co. of Army Service Corps and two Overseas Stationary Hospital Units, as well as sending over reinforcement drafts from the Forces of the Halifax Garrison and detachments for Pioneer and tunnelling Companies and other Units. We have four other Battalions training in Nova Scotia who will shortly be going Overseas, the Nova Scotia Highland Brigade, comprising nearly 5000 men and officers. It is intended that this Brigade should bear the name of Nova Scotia to the Front, for Sir Sam Hughes, Minister of Militia, at recent inspection of the Battalion at Aldershot Camp, announced that it was intended that it should go to the Front as a Brigade. As the time draws near when this Brigade will be near when this Brigade will be going Overseas, the question arises of providing reinforcements to fill up the wastage that must be necessarily pro-

vided for, and the Militia Department has recently determined to raise a Reserve Battalion for reinforcement of the Nova Scotia Brigade. A nucleus for this will be furnished by the number of men which the various Battalions have recruited over their authorized strength for Overseas, but there will be a considerable number, probably 600 or 700 men to be recruited to fill the Reserve Battalion which is to be called the 246th Reserve Battalion, C. E.F. and recruiting for this Battalion will no doubt soon be authorized. Nova Scotia to do her share must contribute out of her sons who are not yet in khaki at least seven out of every 100 of military age, and there can be no stronger appeal to them than the call for Reserves to be trained and ready to reinforce the N. S. Brigade when required.

The need for additional men in the ranks of the Canadian Expeditionary Force is emphasized by a gallant son of Nova Scotia who gave his life for the Cause. Lieut. George M. Campbell, son of George S. Campbell Esq., President of the Nova Scotia Recruiting Association, in his last letter to his father which was received after his death said:

"I am glad that Nova Scotia is doing her bit in recruiting. What one realizes on getting here is that every available man must come over or it will never end. We must have more men behind us to take our places if we fall out. It will take every Britisher to beat them, and we must do it." We are all Britishers like Lieutenant Campbell. Citizens of the British Empire which can only be preserved by the crushing defeat of Germany.

The Dominion of Canada like Australia and New Zealand and other parts of the Empire, has realized that all must contribute to the utmost of its strength and must support and provide for the soldiers to the fullest extent of their needs. The willingness to do this is shown by the large increase recently made in pensions to soldiers injured or incapacitated in Active Service, and allowances to dependents of those who fall in Active Service. The new scale applies to all who have enlisted since the war began and the pension etc., for Privates in the ranks is as follows:

PENSIONS

In case of total disability accompanied by incapacity to attend to physical wants, \$730.00 per annum and \$6.00 per month to each child.

Total disability not accompanied by such incapacity, \$40.00 per month and \$6.00 per month to each child. In cases of partial disability, pension in proportion to extent of disability, and in all cases of disability up to three-fifths of former capacity \$6.00 per month to each child.

PENSIONS ETC. TO DEPENDENTS

Widow of soldier of the Canadian Expeditionary Force who is killed or who dies as the result of injuries received or disease contracted or aggravated while on Active service—\$22.00 per month and \$6.00 per month to each child.

With sufficient Reserves to keep the Units of the Canadian Expeditionary Force up to full strength and with all other parts of the Empire doing their share, we may well anticipate that before another Anniversary of the Declaration of War comes round, it will have been brought to an end and a glorious victory won, but till we have done our share we must not cease our efforts, those who are able to fight, and all others contributing their assistance by every means available.

If Nehemiah Should Come

To the Editor:

Sir,—When Nehemiah, in the olden time, came to oversee the rebuilding of Jerusalem, he found a prevalence of heathen customs, particularly in the matter of Sabbath desecration. If he should come to Kings County, N. S. today, he would find a similar condition of affairs. In 445 B. C. he "saw some treading wine-presses on the Sabbath, and bringing in sheaves, and lading asses—also men of Tyre, which brought fish, and all manner of ware, and sold on the Sabbath to the children of Judah and Jerusalem." In 1916 A. D. he would see wares of various kinds brought and sold, the sacred hours given up to sinful pleasure, railway trains in operation, and—perhaps most dreadful of all—members of churches using their vehicles to minister, for filthy lucre, to the illicit desire of the soldiers for pleasure-driving.

If Nehemiah should come to our community he would find a criminal acquiescence in this heathen custom on the part of those who are the custodians of the Sabbath principle. In 445 B. C. the nobles were allowing the desecration to take place without protest, while they shared in the profits. In 1916 A. D. he would find a like acquiescence and profit-sharing.

If Nehemiah should come, he would protest against the desecration, and denounce it as a national menace. In 445 B. C. he "contended with the nobles of Judah and said unto them, what evil thing is this that ye do, and profane the Sabbath Day? Did not your fathers thus, and did not our God bring all this evil upon us, and upon this city? Yet ye bring more wrath upon Israel by refusing the Sabbath." In 1916 A. D. he would urge the application of the same principle, and point to the desecration as inimical to the welfare of the country. And in so doing he would not make allowance for the abnormal conditions created by the war. In 445 B. C. the conditions were abnormal. For years these heathen customs had prevailed, until the people might have argued against a sudden change. In 1916 A. D. he would see in our national crisis an opportunity and appeal to seek the favor of God by the simple rule of keeping his commandments.

We apply the term "Huns" to the Germans by way of characterizing their lapse into barbarism. May they not with equal propriety characterize our desecration of the Sabbath as a reversion to the heathen type? and may not our ruthless trampling upon God's command be as offensive in His sight as the Belgian atrocities?

SPEED THE WAR

Today is the second anniversary of the Declaration of war and, it is fitting that we should give some special thought to the occasion.

The first year witnessed successes on all fronts by the Central Powers with much country overrun in Belgium, France and Russia. The second year nearly passed with Serbia under the heel of the Teutons but later the advance of the enemy was checked. June brought a change, and the French, British Russians and Italians beginning their "drive" soon demolished the front line of the enemy trenches and have rolled back the invaders many miles toward their own country. The Russians have made the most marked advance and are threatening the whole of Hungary.

On the seas Britain is still as supreme as ever and many of the German ships are either at the bottom of the sea or in port being repaired from their severe defeat on the Jutland coast.

The commencement of the third year is full of hope to the Allies. Germany and her supporting powers are plainly on the defensive and cannot long stand the pace now set by the Allies. The enemy has weakened on all fronts and the magnificent army of Great Britain and her Dominions will henceforth sweep on to victory. With the future appearing hopeless to the enemy we expect before many months a break up in the enemy's ranks and a termination of the war before another anniversary rolls around.

Today, August 4th, let every patriotic citizen display flags and bunting and let the hope be expressed that an early termination of the terrible struggle may come to pass.

112th X S Battalion Arrives Safely in England

It is announced from the Chief Press Censor's Office that the following troops have arrived safely in England: 103rd British Columbia Battalion, 109th Ontario Battalion, 112th Nova Scotia Battalion, 115th New Brunswick Batt., 116th New Brunswick Battalion, 116th Ontario Battalion, drafts and details.

AN UNUSUAL DAY

Sunday last was a most unusual day. It was so dark that in many places lights had to be used. The sky was overcast and about 10 o'clock darkness set in and lasted for about two hours. The sky had a very smoky, brassy hue and it looked as if a tempest was coming but little rain fell. It is supposed to have been caused by the eclipse taken place reported invisible here.

Forrester's Excursion

The Forrester's Excursion from Halifax brought to Kentville on Wednesday an immense crowd of people. About twelve car load arrived on the special about 2.45 o'clock and left here about nine o'clock to return. The day was fine and the people enjoyed themselves immensely here and Aldershot listening to the music, watching the games and sports and visiting all the places of interest. It was a good natured and most orderly excursion.

The engagement is announced of Miss Amy Gordon, daughter of Mr. and Mrs. Frank Johnson of Upper Stewacke to Mr. W. B. Hennigar of Wolfville. —Truro News.

Miss Lillian Chase, B.A., of Church St., is attending a summer school at Truro.

Announcement has been made that Major E. C. Phinney of the 85th Battalion has been appointed Lieutenant Colonel, to command the 85th Battalion, Nova Scotia Highlanders. This will be pleasing news to his many friends. He is a native of Bear River and his promotion has been rapid.

Lieut. Colonel N. H. Parsons of Wolfville, has been appointed to command the 246th

Battalion to be raised at once to reinforce the four Battalions of the Nova Scotia Highlanders. Col. Parsons who has been desirous of getting overseas at an early date, may feel some regret at his delay in reaching active service but he is an especially good and strong man in recruiting work and with his experience in command will no doubt soon raise and train a grand body of men who will be a credit as reinforcements of the Highland Brigade.

Interesting Letter From German Prison Camp

The following letter has been received by Mrs. Bedford Chase Port Williams, from her son, Donald, who was reported dead but later was heard from as a prisoner-of-war. The letter gives some idea of the noble deeds our brave boys perform in serving their country and helping their comrades on the field:

Lance-Corpl. B. D. Chase, Prisoner of War, No. 476363 P. P. C. L. I., Reserve Lazarett, Julich, Rheinland. June 27, 1916.

Dear Mother:

We are allowed a letter and a post card this week. How did the strawberries and cherries turn out this year? If you have lots of jam I wish you would send some over in my parcels.

There is little to tell you how I was wounded but I was certainly lucky to get thru as I did. When we were ordered to retire to support trenches I had lost my shrapnel helmet, but managed to pick up an old sand bag which I put around my head. This protected me a little from the earth, stones and small pieces of shrapnel that were flying around everywhere.

The communication trenches were blown in, so we had to go back across the open. There must have been twenty or thirty who went back with me but I doubt if five reached the trenches, bullets were falling around us like hail. I helped one fellow off with his equipment and got him started on his feet, he was shot through the shoulder but managed to walk. I had about twenty more yards to go and think I could have got away when Lieut. Macdonnel my platoon officer, who was one of our masters at St. Andrew's College, dropped in front of me. I thought first I could get him up and help him along, but he was too badly wounded. I got out what bandages I had left, took off his tunic, cut his shirt away and started to bind up his wound which was bleeding pretty freely, when the Germans were on us. As soon as they saw what I was doing they went on. I managed to make them understand by signs that I wanted more bandages, and they gave me plenty of them. There was one fellow who could speak a little English and he got me some water and a morphine tablet for Macdonnel, and then helped me to get him back to their dressing station. I hope to meet that fellow again and repay him for his kindness.

We spent that night a few miles back from the line. Next morning they found that I was crushed pretty badly also that my left ear was bleeding, so they put me in an ambulance and sent me to a hospital. I was there one day, then sent to another where I stayed a week. The doctor there told me he thought I would get back the hearing of my right ear in time. I do not mind it much and seldom miss it except when there is a noise around and someone tries to speak, then I find it hard to locate the sound. From there I was sent to the hospital I am

at now, and feel now that I am strong enough to go to our camp. Likely by the time this letter reaches you I will have some parcels and will be able to tell you latter what is best to send. Some ginger-snaps or doughnuts even if they arrived very hard would go fine, also a parcel of Grape-Nuts and condensed milk once in a while. We used to live on that a lot on the other side.

I wish I could get home some Sunday and see you all. How are the children? They will be so big I won't know them when I get back. Give my love to all and ask them to write.

PROFITABLE INVESTMENT

The sum of ten dollars and fifty cents has been collected for fifty cents has been collected for Kings County by Mrs. W. W. Rockwell. There is need however of even greater support from the citizens, for this Society is doing a splendid work through the personal services of Mr. Herbert Stairs of Wolfville. He is rescuing scores of children, and giving them a chance in life. Otherwise they would grow up to be the degenerate and criminal of Kings Co. "Prevention is better than cure." Fifty cents buys a share in this remunerative stock.

Rev. R. B. Layton leaves this week for a short visit with his family to Cape Breton. The pulpit of St. Paul's will be supplied during August by ministers of the Presbyterian Church at Aldershot. These will include Captains Jackson, Kent, Macdonald, Mackinnon, Martin and Lieut. Rae. On Sunday morning Capt. R. C. Jackson, Adj. of 185th and veteran of the Boer War, will preach, and Capt. A. J. Macdonald, chaplain of the 185th will preach in the evening. Corp. W. E. Fletcher of the 193rd will continue as organist.

Miss Mary Layton, lately matron of the Boswell Hospital, Vegreville, Alberta, gave a splendid address on Monday evening in St. Paul's Church on missions as a factor in building up our national life. She illustrated her subject from the work that is being done in the west among the foreigners in assisting them by way of education and in caring for the sick.

The children are determined to get an education as soon as they see the advantages in possessing one, and the coming generation will become good Canadians if the Churches of Canada give them the proper attention.

ROMANCE OF ELAINE

After a long period of waiting we have at last secured the final episodes of the "Romance of Elaine" and they will be shown on Friday and Saturday this week. Those who have followed this serial will find these last episodes more exciting than ever. Pearl White triumphs and all is explained

First Episode of Payne's Latest and Greatest Serial

The Iron Claw

Pearl White, made famous by the "Perils of Pauline" and the "Elaine" serials, heads a stellar group of players in "THE IRON CLAW." She is a finished actress and unquestionably the most daring woman in the world today. Her work in these new pictures more than justifies her title "The Peerless Fearless Girl."

Creighton Hale, the imitable Jameson of the "Exploits of Elaine," whose careless swagger and dashing buoyancy have made him the target of marriage proposals innumerable, is cast in the role of a clever and courageous secretary.

Sheldon Lewis, famous wherever motion pictures are shown as "The Clutching Hand," he whose forceful personality, whose dramatic sweep and power have gained him the reputation of the most fascinating villain on the screen, is cast in a sinister role.

To this wonderful company add the magic mystery of Arthur Stringer's imagination-tipped pen and you'll realize that this is a banner day in the motion picture house. Iron Claw begins Monday

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives'. I was suffering from these complaints for five years, and my salubrious occupation, Music, brought about a kind of Intestinal Paralysis—with nasty Headaches, belching gas, drowsiness after eating, and Pain in the Duct. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-tives', and now for six months I have been entirely well. I advise any one who suffers from that horrible trouble (Chronic Constipation with the resultant Indigestion, to try 'Fruit-a-tives', and you will be agreeably surprised at the great benefit you will receive". Minard's Liniment Cures Diphtheria.

The Late Capt Henry H. Pineo.

Captain Henry H. Pineo, of Waterville, Kings County, killed at the front on July 21, had many friends in Halifax and throughout the Province, to whom extracts from a letter written by the late officer some short time before his death to C. J. Burchell, K. C., of Halifax, will be of interest.

After referring to several personal matters, the letter proceeds to say: "The atmosphere here is not conducive to a logical turn of thought along anything except military lines. I am writing this in a dug-out within a mile of the line, and we have frequent visits from big shells. A nine inch chap struck just outside our door a little while ago. I am glad it did not hit our roof. It is such little things that make our life interesting. I have been acting company commander for over a week now, and it keeps me pretty busy, but the more one has to do over here the better.

"I am in the very best of health and as happy as can be, but would much rather leave had not been stopped. I was due to go on the 19th and was looking forward to a very pleasant week in London, but it's all off now.

"A month in dear old Nova Scotia this summer would certainly look good to me. I think I would give a year of my life to even spend Apple Blossom Sunday at home. Don't think I want to throw up my little part in this scrap, for I am more in earnest every day but I am still young enough to have the homesick feeling once in a while.

"It certainly does us a lot of good over here to read of the support you are giving at home, and the way that recruits are being raised is simply marvelous. I am afraid they will all be needed, too, but we shall hope not.

"It takes more than we had imagined to make up for the years of Hun preparation.

"Two of my friends in another battalion were blown to pieces about a week ago, and such things make one feel that he would glory in being an old fashioned Iroquois Indian chief, with a Hun for the victim.

"I know I will tire you with this piffle, but please pardon me if I do. I just felt like writing a bit tonight.

I am,
Very sincerely yours,
(Sgd.) Henry H. Pineo.

Soon German Front Must Give Way

(Arthur S. Draper in Herald) London, July 31—The both sides are resting along the Somme front today after the repulse of the terrific German counter-attacks, last night London is happy and content and expectant.

While the Russians advance on Lemburg is measured in miles and that the British on Bapaume only in yards the experts here believe that there will soon be big developments. Just as the lumberman's blows increase steadily in power as the wedge eats more and more slowly into the log, so must the Anglo-French attacks increase in violence as it drives into the heart of the enemy's defences, and just as the lumberman's last efforts seem almost fruitless un-

rends the log so the critic here believe are approaching the moment when the German front must give way.

At the expense of other sections the Germans have concentrated large forces along the Somme front launching attack after attack in the sector north of the Somme held by the French. The British are busy improving positions gained yesterday preparatory to fresh efforts. Both British and French have more than held their own today exacting a heavy toll of lives. The British have even gained a little ground near Bazentin Le Petit.

The German official statement which denies that the British or French have gained a foot of ground in the big assault of Saturday, which it describes as taken as merely one more proof of the high value which the general staff sets on the positions and the feeling that the line is cracking.

While the infantry has been quiet the aero war has gone on with undiminished vigor British and French aeros raided German depots and railway stations and factories in squadrons while the German flyers were busy on the defensive. The British dropped seven tons of bombs and blew up one track and one ammunition depot as well as destroying several enemy aeros. Three of their own are missing. The French report a successful raid near Thienville and the destruction of railway stations. The Germans reports having driven back a French raid headed for Mulheim and Peden and the destruction of three French planes.

The terrific heat and dust into which the mud of the last two weeks has been transformed almost over night have added to the torments of the men in the Somme battle.

The Kaiser is reported to have replied to Austria's appeal for help against the Russians by saying that he has no troops to spare, "as the situation is serious." The next appeal from Vienna may be made to Russia.

HUNDREDS OF LIVES LOST IN ONTARIO FOREST FIRES

Englehart, Ont., July 30—Forest fires, which for some days have threatened the northernmost towns and the outlying settlements of Northern Ontario yesterday and today culminated in a holocaust which has wiped out entire communities, licked the fringe of large towns and leveled a death roll which cannot at present be accurately computed, but which will range from 140 to 200. Scores of persons are suffering from injuries, many of whom are likely to succumb.

Toronto, July 31—A message received by the Department of Mines and Forests at the Parliament buildings states that the fires in Northern Ontario have been entirely quenched by heavy rains. All of the fires are out.

TWO MILLION PLANT FOR DARTMOUTH

Involving an expenditure of \$2,000,000, work is now going forward on the Imperial Oil Company's premises on the Dartmouth shore of Halifax harbor, just below Woodside. The plant to be erected there will be a refinery with storage capacity also, and will be the largest and most modern plant of its kind this side of Sarnia, Ont., where the largest in Canada has been erected. Over four hundred acres of land have been purchased, and the plant, as originally planned, will cover forty or fifty acres, the remainder of the land being for expansion purposes. There will be storage tanks, machine shops, warehouses, and all the other equipment that goes with a modern oil refining plant. At present the work is confined to the erection of a pier, southern hard pine being used in its construction.

The industry is one of the most important located in Dartmouth and when completed and in full working order will mean a very great industrial impetus to that town.

At a meeting of the Board of Directors of the United Fruit Company held at Berwick on July 26th, Mr. A. E. Adams submitted his resignation as Secretary of the Company.
