

The Poet's Corner.

Something that should be learned by heart. How many bones in the human face? Fourteen, when they're all in place.

WOMEN WHO SCREAM.

In a clever novel, we believe by Mrs. Lynn Linton, one of the characters is aptly hit off as a man liking women who screamed easily, and there is little doubt that, roughly speaking, men who like to hear a woman scream and those who do not.

numerous audiences. There was no danger of an explosion, but imminent peril of a panic, and Dickens, master of himself, always kept a steady eye on the tens of thousands before him.

CONVERSATION AT HOME.

No man should allow the cares of life to rob him of mirth and elasticity. Business life should be like an elastic sponge, to receive all the experiences of daily life—the little stories of the street, the nudges of fun that you poke into people's ribs—all these things, gentlemen, you should take home with you.

The Greatest Remedy Known.

DR. KING'S NEW DISCOVERY FOR CONSUMPTION is certainly the greatest medical remedy ever placed within the reach of suffering humanity. Thousands of once hopeless sufferers, now loudly proclaim their praise for this wonderful Discovery to which they owe their lives.

Have No Excuse.

Have you any excuse for suffering with Dyspepsia or Liver Complaint? Is there any reason why you should go on from day to day complaining with your Stomach, Sick Headache, Habitual Constipation, palpitation of the Heart, Heart burn, Waterbrash, Gnawing and burning pains at the pit of the Stomach, Yellow Skin, Coated Tongue and disagreeable taste in the mouth, Coming up of food after eating, low spirits, &c. No! It is positively your own fault if you do not go to your Druggist and get a Bottle of GREEN'S AGUST FLOWER for 75 cents your cure is certain, but if you doubt this, get a Sample Bottle for 10 cents and try it. Two doses will relieve you.

NEWCASTLE, ONT., March 11, 1880.

There are girls so helplessly addicted to self-adulation, women so morbidly anxious for notice, that they will do anything short of committing suicide in order to attract attention. What they cannot effect by good looks, spirit, or even an attractive appearance they contrive by the scream has no meaning, but it makes the by-stander stare; it awakens a spurious sympathy for the moment.

The opinion of Mr. Justin McCarthy, M.P., one of the most talented of the Irish Home Rulers, expressed at a meeting held at Bolton, England, the other day, is worth noting by every true friend of Ireland.

The best Salve in the world for Cuts, Bruises, Sores, Tetter, Chapped Hands, Chilblains, Corns, and all kinds of Skin eruptions. This Salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box.

THE DAYS OF MISERY AND NIGHTS OF UNREST endured by the patient from a persistent cough, reduce the vitality of the system and wreck the constitution. Such a catastrophe can only be avoided by precautionary measures.

Statistics about writing.—A rapid penman can write thirty words in a minute. To do this he must draw his pen through the space of a rod sixteen and a half feet. In forty minutes his pen travels a furlong.

What they say of it.—A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicine which have withstood the impartial judgment of the people for a great length of time.

THE HURON SIGNAL, FRIDAY, SEPTEMBER 17, 1880.

TO FOREIGN SUBSCRIBERS.

A number of subscribers in the United States and in distant points in Canada who take THE SIGNAL are in arrear. We would be pleased to keep them on, but unless all payments are made before one month we must cut off every name. We hope the honesty of those who are far away will constrain them to do the square thing and pay up. For all back subscriptions we ask but \$1 a year, if paid before the 15th of October.

Thirty-four elections have begun in the United States, and an additional importance is lent to them from the fact that the Presidential election will take place in November, and the result of these earlier contests are considered a pretty clear indication of how the fight will go for the White House occupation. Last week Vermont rolled up a large Republican majority, as was to be expected in the Green Mountain State, but this was offset by a solid Democratic majority in the State of Arkansas. On Monday the State elections came off in Maine, and the Fusionist candidate was successful by over 1,000 majority. This is in reality a Democratic victory, and the Republicans feel depressed over the news, while the Democrats are correspondingly elated. Of course subsequent elections may go as hard against the Democrats as the Maine one has gone against their opponents, but it must be admitted on all sides that Hancock stock has taken an upward bound from the result of the election in Maine.

The Selkirk election was held on Friday last, and resulted in the defeat of Mr. Donald A. Smith, the Reform candidate. Mr. Smith was the former member, but was unseated on petition. He contested the constituency on this occasion with Captain Smith, of Winnipeg, with the result given above. The defeated candidate has issued a card to the electors, thanking those who voted for him, but expressing his disappointment that a number who volunteered their support afterwards voted for his opponent. He states that he reluctantly yielded to the solicitations of his friends to allow his name to be put forward, only on the understanding that he should not be required to be present during the campaign, and therefore to himself the result is not a matter of regret.

Few men in Canada have fed more largely at the public crib than Hon. Wm. Macdougall. Everything by turn and nothing long, the clever member for Halton had opportunities of getting funds from both parties, and he has not accepted his chances. Mr. Macdougall was not invited to visit England to inspect the railroads who are going to control the new Pacific Railway, but he will be pleased, as we see by the London *Evening Standard*, with an appointment as a temporary Commissioner. The London *Standard* explains that the appointment will be a permanent one, similar to one existing in England, and Mr. Macdougall will not be permitted to leave the country.

A VERY UNJUST EDITORIAL ABOUT

A VERY UNJUST EDITORIAL ABOUT d n salt, calculated to injure the late number of the Lumberman's Gazette. We will allude more fully to the matter in our next.

CORRESPONDENTS are wanted for THE HURON SIGNAL in every township and village in the county of Huron. A letter or postal card addressed to the editor will get a reply, giving all necessary information to intending correspondents.

It has leaked out that the rail trade is now in the hands of three firms in Canada, and that once a month a meeting is held at which the managers make such alterations in prices as best suit them.

THE travelling public will hail with pleasure the news that the movement in favor of cheaper railway fares is spreading. The Cincinnati Southern reduced its passenger rates to 2 cents a mile, and this has been followed by the Boston and Albany railroads. The lowering of rates on our Canadian railways would give an impetus to travelling, and we think, pay the companies in the long run.

THE time of the Fall Show is at hand, and the fat pumpkin, the large turnip and the long carrot will ere long be an absorbing topic of discussion. Mrs. Thingumbob's tating and Mrs. Who-do-you-call-her's quilt will likewise come in for their share of comment; and the number of people who will lie about better articles they left at home than those bearing prize tickets will be a good average this season.

IN THE hurry consequent upon last week's change of form, we omitted to state that THE HURON SIGNAL would henceforth be issued on Friday of each week. This change of date has been made in the interest of our readers, to whom we can now present the news of the week up to a later hour. It may seem a little awkward to some of our subscribers at first, but from past experience we have no hesitation in saying that it will be found that the issuing of THE SIGNAL on Friday will eventually prove more satisfactory to all concerned than when it was published on Wednesday.

AS WILL be seen by advertisement in another column, Mr. J. C. Currie is a candidate for the position of High County Constable, tendered vacant by the decease of the late incumbent, Mr. B. Trainer. The office is in the gift of the General Sessions, who will no doubt shortly fill the vacancy. Mr. Currie is well known in Goderich and throughout the County, and would make a most efficient officer. He has been associated with public business in Goderich for about nine years, having for upward of five years occupied the post of Deputy Sheriff of Huron. We heartily endorse Mr. Currie's candidature, and hope the magistrates in session will recognize his abilities and experience when the matter comes before them.

CONTEMPORARY OPINION.

IN an able speech to his constituents at Orillia last night, Mr. Dalton McCarthy hinted that as a result of increase revenue, the taxes on tea and sugar would soon be removed. Is this an inspiration from headquarters, or is it merely an emollient which Mr. McCarthy uses in the hope to make his constituents endure the sugar monopoly patiently? [Toronto World.

MR. MERNER, M. P., South Waterloo, has returned from a trip to Manitoba. He is loud in his praise of the new land, and, to quote the *Berlin News*, "thinks some improvements might be made in the Government land policy, more encouragement held out to actual settlers, a better method of imparting information to emigrants, less speculation in land by wealthy men, and many other things that are overlooked by Canadians and made good use of by the American railway men in securing settlers for the neighboring state of Dakota." Mr. Merner is a supporter of Sir John Macdonald, and may be able to abolish the obnoxious land police of the administration.

IT is a favorite assertion in some quarters that the Orange body is not a political institution. Mr. Parkhill, a prominent member of the order and local member for South Simcoe, appears to think differently and make no effort to conceal his opinion that politics and Orangism are intimately connected. At a recent Orange gathering at Orillia he addressed the brethren and in the course of his speech charged the members of the Local Legislature with being under the heel of the Church of Rome, their legislation being dictated by the Pope. He would that every riding would do as was done in South Simcoe - send only Orangemen to both Dominion and Local Parliaments. [Sarnia Observer.

News of The World.

Captain Scott's majority in Selkirk was 121. The Queen of Spain has given birth to a daughter. Both are doing well. Mr. J. L. Courtice has purchased the Gardner farm, in Goderich township, 80 acres, for \$2,500. A little girl, noking the glittering gold filling in her aunt's front teeth exclaimed: "Aunt Mary, I wish I had copper-tooth teeth like yours." Capt. Carey, of the 98th Regiment, famous for his connection with the death of the Prince Imperial, intends it is said, leaving the service and entering holy orders. Dr. Buchanan, the bogus diploma doctor, who was thought to have committed suicide by drowning, was arrested on Thursday night at St. Clair, and will be taken to Philadelphia.

MR. Frank Restorick, of Watford, had a valuable bay stallion, sixteen hands high, valued at \$1200, stolen out of his pasture some day last week. At the same time a farmer in Brooke Township had a valuable span of horses stolen. No trace of either can be found. A man named Jim Clarke, formerly of Williams, but now of McGillivray, snatched notes amounting to sixty dollars from the counter of Mitchell & Brown's bank, Ailsa Craig, on Friday. The constable was furnished with a warrant, and is now on his track.

ROT IN THE PLUMS. - The Stratford *Boon* says: - There was never a larger yield of plums than this year in this section of the country, but for some unknown cause, very possibly the damp hot weather of last week, they have rotted on the trees, and the crop is not a tenth of what was expected. The rot attacks all kinds of plums, and is especially hard on the Lombard, which is a standard variety in this part of Ontario and generally considered a sure crop.

At the Knights of Malta Convention, it was agreed by a unanimous vote that the name of the order be changed from Knights of Malta to Knights of St. John and Malta, and the term Supreme Encampment was changed to Chapter General of America, and that the District Council be abolished and re-organization given to the College of Ancients as a higher branch of the Order was decided upon, and funds were voted to make the necessary arrangements.

FIFTEEN thoroughbred French Norman horses - eleven stallions and four mares - have arrived by the steamer Herman from Havre. They were purchased in France by a United States consul for the Michigan lumbering districts. The horses are mostly iron-grey or black in color, and weigh 1,700 to 1,800 pounds apiece. The cost of bringing them from Havre to New York was in round numbers \$100 apiece. Animals of this breed are very strong, and at the same time their intelligence and gentle air are steadily growing in favor among American breeders of draught horses.

Tuesday evening near Rivordale, in the township of Greenock, twelve miles from Walkerton, two women and their children, who had gone to the woods to pick acorns, were attacked by a bear. The women took up the younger children in their arms and got away, but a boy about five years of age, son of a farmer named Charles Symons, was seized by the ferocious brute. Assistance arrived in about half an hour, the cries of the child calling for his father guiding the neighbors to the spot. The bear made off on their approach, and the child was found still alive but dreadfully mangled. His entrails were torn out, the ribs were broken from the back and the flesh eaten off in large quantities. The poor fellow died shortly after.

The Brantford *Expositor* regrets to announce the death of Mr. Henry A. Hardy, county attorney and clerk of the peace for the county of Norfolk, which sad event took place on Thursday last at his home in Simcoe. His health has not been good for some time, and not long since he had a stroke of paralysis, which resulted, after a lingering illness, in his death. Mr. Hardy was 62 years old at the time of his death. He was born in Brant county, and before commencing the study of law was in business for a short time in Simcoe. He was called to bar in 1840, and commenced practice in Brantford, where he resided and practiced until some ten years ago, when he received the appointment of county attorney of Norfolk, and removed to Simcoe. He was for many years solicitor of Brantford, and enjoyed an extensive practice in partnership with his nephew the Hon. A. S. Hardy of that city. Mr. Hardy conceived the appointment of county attorney of Norfolk, and removed to Simcoe. He was for many years solicitor of Brantford, and enjoyed an extensive practice in partnership with his nephew the Hon. A. S. Hardy of that city. Mr. Hardy was married to a daughter of the late John Ryerson, who survives him as well as four children, one son and three daughters, who will have general sympathy in their sad bereavement.

Mr. Chas. Davis and Mr. Huron Hain

for Manitoba, 112 sheep, 18 head of hor-

in Seaford by Mr. Ward. Mr. Davis

Kullett.
LEFT.—Mr. W. T. Grieve has removed
his family to Dakota, where he has taken
up land. He says that Uncle Sam gave
him 100 acres for taking the oath of
allegiance. He takes a quantity of stock
with him.

Dungannon.
DUNGANNON SHOW.—The Ashfield and
Wawanosh Branch Agricultural Society
have decided to hold their annual Fall
Show on the 30th of Sept. and their bills
are now issued. An attractive prize list
is presented. Dungannon is a nice little
village, is surrounded by a fine farming
country, and in the Show line has always
been successful. We wish the Society
increased success in this year's Show.

Kinross.
SUCCESSFUL.—Mr. D. D. Yule, who
has been attending the St. Catharines
Collegiate Institute, passed very credit-
ably at the last examination for first class
certificates at Toronto. Notwithstanding
very keen competition he came out about
first. It is gratifying that the County of
Huron was so ably represented at this
last examination for first class teachers.

Morris.
ANNIVERSARY SERVICES.—The officers
of Ebenezer Sabbath School, on 2,
Morris, intend holding their anniversary
services on Sunday and Monday, Sept.
19 and 20. Rev. J. Markham will
preach in the morning, Rev. A. Knapp
in the afternoon, and Rev. J. A. Bove
in the evening. A tea party will be held
on Monday, when speeches will be deliv-
ered by several rev. gentlemen and
others.

Stanley.
CHANGE OF DATE.—At a meeting of
the Directors of the Stanley Branch Agri-
cultural Show held on Tuesday, it was
determined to change the days for the
holding of the show on account of the
Byth Show being fixed for the same days
as those selected for Bayfield. The
show will now be held on Tuesday and
Wednesday, the 11th and 12th of October,
instead of on Thursday and Friday, the
two days following. All interested should
bear this change in mind.

Rodgerville.
CHURCH MATTERS.—On Monday last a
deputation from Huron Presbytery met
the people of the Rodgerville Presbyter-
ian congregation in their church, to as-
certain the opinion of the people upon a
proposition to separate from the Exeter
congregation. The meeting was very
fairly attended, and after a full discus-
sion of the matter, it was decided almost
unanimously not to sever the existing
union, only seven voting for separation.
The deputation then proceeded to Exeter
and met with the congregation there, and
a similar decision was given. So the
question of dividing these charges has
been settled in the meantime at any rate.

Wroxeter.
Miss Mary Brock has left here to reside
in London. A number of her friends in
the Methodist Sunday School had a sur-
prise last Monday evening and presented
her with a beautiful Bible as a gift from
the teachers and scholars. Rev. D. Auld
made the presentation speech in a loud
manner. Miss Brock was one of the first
scholars in the school and for a number
of years a teacher, and latterly held the
office of Treasurer. This lady has the
well wishes of old Sabbath schoolmates in
her departure from home.

Tuckersmith.
THE BEST YET.—We have recently re-
corded the sale of several high priced hor-
ses, but Tuckersmith takes the lead.
Mrs. Henry Chesney, of the 4th con, a
few days ago sold to an American buyer a
six year old heavy draught horse, sired
by Lord Haddock, for the very large sum
of \$250. This fine horse weighed about
1,600 pounds and was in every respect a
model of his class. He was shipped
from Seaford on Monday last.
Tuckersmith is deservedly famed for his
good stock and more especially horses, but
this one is about the best that has
gone out of it.

Wingham.
PIGON SHOOTING.—A pigeon shooting
tournament was held at Bluevale, on
Tuesday. The following gentlemen en-
tered: M. A. Johnston, Strathroy; Dr.
Garner, Lucknow; and Messrs J. Evans,
J. Dinsley, Martin and W. Rockley, of
Wingham. The first match resulted in a
tie between Johnston and Evans, in the
shoot off, Evans won. The second match
was won by Johnston. Evans, 2nd, and
Martin, 3rd.

ELECTION OF A COUNCILLOR.—At the
Council meeting on Monday evening,
Mr. Lemmex's seat at the Board, as re-
presentative of No. 2 Ward was declared
vacant, he having been absent from Coun-
cil for three successive months. A new
election was, according to law, ordered to
be held. The nomination took place in
noon. Mr. George McKay being the
only person nominated was declared elect-
ed by acclamation. [Times.]

Colborne.
A STRANGE VISITOR.—The latest sen-
sation in the neighborhood between
Sheppardton and the Point Farm is the
appearance of a bear of considerable
proportions. Bruin has been making
said havoc with the oats in the vicinity,
and a number of local Nimrods have
stated out to curtail his depredations, if
possible.

Brussels.
QUICK WORK.—210 bushels of oats
were threshed on the farm of Mr. Clun-
ton, Leeburn, inside of an hour, with
a horse power one day lately.

Clinton.
Apples are offered in town at 25 cents
per bag.
The growing of sorghum, tried as an ex-
periment by several in this neighborhood,
appears to have been a success, judging
by the standing crop. The season has
fortunately been a favorable one for it.

Urbano.
ENGAGED.—Mr. R. Murray, of Rodger-
ville, has been engaged as teacher in the
preparatory form in connection with the
Galt High School, at a salary of \$800.
PROPERTY SOLD.—Mr. David Miller,
of the Thames Road, Urbano, has sold
50 acres of land, the south half of lot 23,
5th con., to Mr. Horney, for the sum of
\$3,250. Mr. Miller has also rented his
homestead, known as the Fanson Home-
stead, to Mr. Peter McDougal for \$350
per annum.

Sunshine.
A SERIOUS SCALDING AFFAIR.—One
day last week as Sarah Jane Conery,
who is employed at Mr. Francis Clegg's,
near Sunshine, was in the act of remov-
ing a tin boiler full of boiling water from
the stove, one of the handles gave way
and the contents of the boiler came dash-
ing upon the feet of the unfortunate girl
scalding them from the knees to the
soles of the feet in a most shocking
manner. Miss Conery being all alone in
the house, screamed in a loud voice,
which caught the ear of Mrs. Mellons, a
neighbor, who came in haste to her as-
sistance, but only in time to behold the
painful condition of the unfortunate one,
who, but for her unparalled presence of
mind, would have fallen a victim to the
boiling water. Miss Conery was im-
mediately removed to her home, and,
though unable to bend a toe or put a
foot to the ground, and suffering the most
intense pain, there are good hopes of
her speedy recovery.

Brucefield.
PROPOSED RAILWAY.—The following
letter appeared in last week's *Expositor*:
Sir: In the last issue of the *Expositor*,
I read some practical remarks in respect
to a railway from Seaford to Brucefield.
The idea is good but if it is not too late
would it not be better for the interests of
the people of Bayfield to go hand in hand
with Brucefield and Seaford, and touch
or tap the Grand Trunk there, and even
extend it to Brussels and Wroxeter, and
ultimately to some point on the Georgian
Bay. Before many years large quanti-
ties of lumber will be wanted in this coun-
ty, and in other counties contiguous, and
it appears to me that is the most likely
place to supply our wants. We could
get coal at Bayfield, and lumber and
shingles at the Georgian Bay. I believe
that the ratepayers of Stanley would give
a larger bonus to a railway running al-
most through the centre of the township,
than through hills and hollows the Clun-
ton way. Tuckersmith would no doubt
give a handsome bonus, especially those
residing near the railroad, and we in
Brucefield, although in former times a
little too slack in railway matters, would
in that case do our duty manfully. We
ought to receive at least 150,000 bushels
of wheat for export, exclusive of coarse
grains. Without going into the details
of the scheme, keep the ball moving.
Yours truly, BRUCEFIELD.

Exeter.
CREDITABLE.—We have much pleasure
in clipping the following from the *Irish
Canadian*, Toronto, of the 27th ult. We
have much pleasure in recording the suc-
cess of Mr. P. McPhillips, son of Mr. P.
McPhillips, at Exeter, at the recent ex-
aminations for call to the Bar at *St. George's
Hall*. The young gentleman succeeded
in passing without an oral in the merits
and stood near the head of the list. Mr.
McPhillips studied under the late Thomas
Scatcherd, Q. C. M. P. P., and after-
wards with W. R. Meredith, Q. C. M.
P. P., leader of the Conservative party in
the Local House, and completed his legal
studies in the office of Messrs. Cameron
& Appleton here. We understand it is
probable he will accept a partnership
with a prominent Toronto firm.
A BAD SPROUNT.—A couple of weeks since,
a party who was said to hail from St.
Thomas, came here and represented that

he had made arrangements with cattle
and horse buyers to establish fairs for the
sale of these animals in the various vil-
lages throughout this section and that
they would be on hand to purchase. He
succeeded in getting a few of our business
men, who are anxious to see a fair estab-
lished, to contract with him for a small
space each on a large poster, two hun-
dred of which were to be put up in every
direction extending five miles out, and
some one or two thousand doggers were
also to be distributed. The day fixed for
the show was Friday last, 3rd inst., but
we failed to see either cattle or buyers.
It is now commonly reported that he
had no such arrangements made with
buyers as he professed, that very few
of the posters and bills found their way
out of Exeter, and that the only one
benefited was the originator of the
scheme, who secured quite a nice little
sum from those whose cards occupied a
small space on the large posters.

President Hayes.
The validity of Mr. Hayes' title may
always be questioned, and his administra-
tion criticised, but the payment of one
dollar gives a valid title to one bottle of
Dr. Pierce's Golden Medical Discovery,
and its administration can never be criti-
cised in cases of coughs, colds, incipient
consumption, and general debility, for
leading physicians of all schools endorse
the Discovery and prescribe it in their
practice. Sold by druggists.
Be Ye Like Foolish.
"For ten years my wife was confined
to her bed with such a complication of
ailments that no doctor could tell what
was the matter or cure her, and I used
up a small fortune in humbug stuff. Six
months ago I saw a U. S. flag with Hop
Bitters on it, and I thought I would be
a fool once more. I tried it, but my folly
proved to be wisdom. Two bottles cured
her, she is now as well and strong as my
man's wife, and it cost me only two dol-
lars. Be ye likewise foolish."—H. W.,
Detroit, Mich.

Cured of Drinking.
"A young friend of mine was cured of
an insatiable thirst for liquor, that had
so prostrated his system that he was un-
able to do any business. He was entire-
ly cured by the use of Hop Bitters. It
allayed all that burning thirst; took
away the appetite for liquor; made his
nerves steady, and he has remained a
sober and steady man for more than two
years, and has no desire to return to his
cup, and I know of a number of others
that have been cured of drinking by it."
—From a leading R. R. Official, Chicago,
Illinois.

Believable Women.
Cases of female weakness, delicate and
enfeebled constitutions, and those suffer-
ing with Stomach, Liver and Kidney
complaints, will find Electric Bitters a
speedy and certain cure. The sick and
prostrated should rejoice that such a re-
liable remedy is placed within their
reach. Health and happiness will surely
follow where Electric Bitters are used.
For sale by F. Jordan, price only fifty
cents.

THE GREATEST WONDER OF MODERN TIMES!
The Pills Purify the Blood, correct all
disorders of the Liver, Stomach, Kidneys and
Bowel and are invaluable in all complaints in-
cidental to Females. The Ointment is the only
reliable remedy for Bad Legs, Old Wounds,
Sores and Ulcers, of however long standing.
For Bronchitis, Diphtheria, Croup, Colds, Gout,
Rheumatism and all Skin Diseases, it has no
equal.
**Beware of American Counter-
feits.**—I most respectfully take leave to call
the attention of the Public generally to the fact
that certain Houses in New York are sending to
many parts of the globe spurious imitations
of my Pills and Ointment. These frauds bear
on their labels some address in New York. I
do not allow my Medicine to be sold in any part
of the United States. I have no Agents there.
My Medicines are only made by me, at 533 Ox-
ford Street, London. In the Boxes the directions
affixed to the spurious make is a caution warn-
ing the Public against being deceived by coun-
terfeits. Do not be misled by this audacious
trick, as they are the counterfeiters they pretend
to denounce. These counterfeiters purchased
by unprincipled Vendors at one-half the price of
my Pills and Ointment and are sold to you as my
genuine Medicines. I most earnestly appeal to
that sense of justice which I feel sure I may ven-
ture upon asking from all honorable persons, to
assist me, and the Public, as far as may lie in
their power, in denouncing this shameful Fraud.
Each Box and Box of the Genuine Medicine
bears the British Government Stamp with the
words 'HOLLOWAY'S PILLS AND OINTMENT,
LONDON', engraved thereon. On the label is
the address, 533 Oxford Street, London, where
alone they are Manufactured. *Holloway's Pills
and Ointment bearing any other address are
counterfeit.* The Trade Marks of these Medi-
cines are registered in Ottawa. Hence any one
throughout the British Possessions, who may
keep the American Counterfeits for sale, will be
prosecuted. (Signed) THOMAS HOLLOWAY,
Oxford Street, London, Jan. 1, 1879.

When doves fly in the heavens, and go winging round in their flight, we know what they see—the grassy field, the luxuriant grain, and the inviting perch where they may rest; but when buzzards fly through the air they see no green fields, no pleasant gardens, but carrion, if there be any in sight; and if there is none to be seen, there is a discontent in the buzzard's heart. Be a dove, and not a buzzard; and seek not the things that are painful and disagreeable, but contentise, in the things that are wholesome and so on.
