SEVENTEEN PAGES
RADICAL AMENDMENTS TO CITY CHARTER ARE SUGGESTED

One Vote for One Person; Adult Franchise; Abolition of the Property Qualification for All Voters Except in the Case of Money Bylaws

RESIDENCE QUALIFICATION AND EDUCATIONAL TEST
Are Included in the List of Changes; Under the Present Charter Only Property Owners and Tenants of Property Are Allowed to Vote

Radical changes in the city charter were proposed by the legislative committee last night. The application of the principle of one vote for one person is suggested. Although under the present city charter only property owners and tenants of property are allowed to vote, the proposed amendments would include in the list of voters all persons who are at least 21 years of age and who have completed the eighth grade of school.

These were included in the list of proposed amendments to be submitted to the voters at a referendum to be held in the city on May 22. The abolition of the property qualification for all voters except in the case of money bylaws. The substitution of an educational test for the present property qualification. The inclusion in the list of voters of all persons who are at least 21 years of age and who have completed the eighth grade of school. The inclusion in the list of voters of all persons who are at least 21 years of age and who have completed the eighth grade of school. The inclusion in the list of voters of all persons who are at least 21 years of age and who have completed the eighth grade of school.

What the West Did Yesterday

VANCOUVER, B. C.—The grain commissioners announced that they will build a new grain elevator at Port Moody with a capacity of three hundred thousand bushels. The cost of the elevator will be \$1,000,000. The government will contribute a half million towards the cost of the elevator. The elevator will be built on a site owned by the government. The elevator will be built on a site owned by the government.

WINNIPEG, MAN.—A permit has been issued for the construction of a new apartment block worth \$250,000. An addition to the church at St. James is to be completed. The church will be completed in the summer. The church will be completed in the summer.

EDMONTON, ALTA.—Figures of the municipal council show a population of 67,242. A similar census was taken last year, showed 64,111. The population has increased by 3,131. The population has increased by 3,131.

SASKATON, SASK.—Today 16 bylaws were approved. The bylaws include the extension of the municipal street car system. The extension of the municipal street car system. The extension of the municipal street car system.

ESTEVAN, SASK.—The provincial government is to erect a plant for the purpose of developing and testing lignite coal. The plant will be used for testing lignite coal. The plant will be used for testing lignite coal.

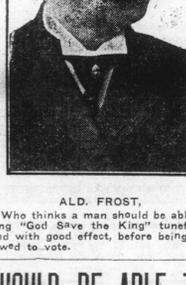

FORT WILLIAM, ONT.—A large mill company who are establishing a manufacturing plant here are increasing the capital stock by \$2,000,000. The company is increasing the capital stock by \$2,000,000. The company is increasing the capital stock by \$2,000,000.

CALGARY, ALTA.—The building company's consolidation means the capacity of the Calgary plant will be increased to 300 to 1,000 barrels daily. The building company's consolidation means the capacity of the Calgary plant will be increased to 300 to 1,000 barrels daily. The building company's consolidation means the capacity of the Calgary plant will be increased to 300 to 1,000 barrels daily.

U. S. FARMERS, RUINED BY FLOODS, PLAN TO COME INTO CANADIAN WEST BY THOUSANDS

ALD. FROST.
Who thinks a man should be able to sing "God Save the King" tunefully and with good effect, before being allowed to vote.

SHOULD BE ABLE TO SING "GOD SAVE THE KING"

And to Ask for Bread and Butter in English, Before He Is Allowed to Vote, Is Opinion of T. A. P. Frost, Alderman and Sidewalk Expert

"TAPPY'S" DEFINITION OF AN ALL RED BRITISHER

Criticism Strong for the Three R's; Should Be Able to Read the Daily, Suggests George Ross; William Ross Strong for the Man Who Pays

"A man should be able to sing 'God Save the King' and to ask for bread and butter in English before he is allowed to vote." Ald. T. A. P. Frost stipulated this educational test at the meeting of the legislative committee last night to consider proposed amendments to the city charter, giving all adult men and women the right to vote in Calgary.

Ald. Frost announced that he would go to a fall on this definition of a real Britisher. There was a prolonged discussion of the relative intelligence of English-speaking and non-English-speaking foreigners in municipal politics. They owned property and were entitled to vote.

"Do you think it is just that a man who pays \$300 taxes, should be deprived of a vote because he doesn't speak English? Not on your tin-tyne!" said Ald. William Ross vigorously.

When President Russell of the Trades and Labor council began to speak on the subject, a broad smile went around the board. Mr. Russell has a pronounced Scotch accent. Some of the aldermen suggested that inability to speak the English language might debar more than the Germans and the Poles.

"Would it debar a man from Devon (Continued on Page Eleven.)

CALGARY, TUESDAY, MAY 20, 1913.

U. S. FARMERS, RUINED BY FLOODS, PLAN TO COME INTO CANADIAN WEST BY THOUSANDS

THOUSANDS of Ohio and Indiana farmers are planning to leave the flooded belts of those states and start life anew in the Canadian Northwest, according to Allan Cameron, general superintendent of lands for the C.P.R., who returned to Calgary yesterday after a three weeks' tour of the central section of the United States.

TORONTO STOCKS ON OFFICIAL LIST

London, May 19.—The undermentioned securities have been ordered included in the stock exchange official list: City of Toronto, £1,975,000, 4 per cent. general consolidated loan debentures, 1948, at £100 each, and a further issue of City of Toronto £100,000, 4 per cent. general consolidated loan debentures, 1948, at £100. Regina scrip partly paid, for £553,900, 5 per cent. consolidated registered stock, with a special selling day for this stock on May 25.

CHILD, INSURED ONLY THREE DAYS, DROWNS IN BOV RIVER

John O'Dowd Tumbles Into Current and Dies in Undertow

Insured by his widowed mother only a few days ago, John O'Dowd, 8 years of age, was drowned yesterday in the current of the Bov river, near the east Louise bridge.

The child was playing with some companions on the banks of the Bov yesterday afternoon. In the excitement of a game of tag he slipped, and tumbled into the deep current. The body was carried along by the underflow until caught and held by the Claire lumber boom. When rescuers, in a boat, reached the boom life was extinct.

District Court Opens

The session of the district court opened yesterday before Judge Carpenter but only small debt cases were up for hearing. Other cases will be reached until Wednesday. The supreme court for criminal cases will open today before Judge Scott.

Official Gimli Count.

Gimli, Man., May 19.—According to the official returns published today of the Gimli by-election, E. L. Taylor, Conservative, secured 1,574 votes, and Arnie Eggerston, Liberal, 822 votes. Mr. Taylor's majority being 842.

CALGARY, TUESDAY, MAY 20, 1913.

U. S. FARMERS, RUINED BY FLOODS, PLAN TO COME INTO CANADIAN WEST BY THOUSANDS

"The healthy increase in immigration interest seems to predict one of the biggest years in the history of northwestern enterprise," he declares. "From present indications, based on the reports of our field staff, the immigration from the United States this year will be the largest since the land was first opened to settlers. The character of the immigrants is also of the satisfactory kind, and the solid, responsible farmer will predominate in the 1913 rush into this country."

COMMISSIONER SAMIS ISSUES ULTIMATUM AND CRISIS COMES TODAY

UNLESS something unexpected happens, it will be a case of an irresistible force meeting an immovable body at the commissioners' meeting at 10.30 this morning.

HERALD THREATENS THAT IT WILL TAKE THE FIGHT WITH COMMISSIONER INTO THE COURTS

Both sides are talking considerably, but the Herald adds up the highest total of words up to the present. The Herald concluded yesterday with a threat to take the matter into court unless Commissioner Samis changed his attitude.

IF THE HERALD WILL PROMISE TO BE FAIR IT CAN COME BACK, SAYS THE COMMISSIONER

"If the Herald will promise to be fair in the public interest, I allowed the former Herald reporter to be reinstated in his place at our meetings on an intimation that he would be fair in future. That reporter was later replaced by another. The Herald has an opportunity to be represented if it does what is fair," he concluded.

CALIFORNIA LAND BILL IS LAW; DESPITE PROTEST OF JAPANESE

Sacramento, Cal., May 19.—California's land bill became the law of the state today. Against the protest of Japan and the representations of President Wilson and his personal envoy, Secretary of State Bryan, Governor Johnson signed the bill and 90 days after the adjournment of the legislature, or on August 10, the act becomes operative.

Reilly Elected by Acclamation.

J. D. Reilly was declared elected to the separate school board by acclamation yesterday at noon. Francis J. Conroy having retired in his favor. Mr. Reilly will finish the term in place of J. A. Doyle who resigned recently.

CALGARY, TUESDAY, MAY 20, 1913.

COMMISSIONERS PAID MORE THAN THEY EARN—ROSS

Alderman William Ross Would Reduce Pay of Commissioners and Increase Numerical Strength; Says They Get More Than They Can Earn

WOULD CUT COMPENSATION TO TWO THOUSAND A YEAR

Some of the Aldermen Oppose Mayor's Suggestion That Aldermen of Future Be Put on Pay Roll, but Proposition Will Be Submitted to People

The mayor's suggestion that aldermen be paid after this year is not supported by a number of the aldermen. At the meeting of the legislative committee last night, Ald. George Ross called for an expression of opinion from each alderman and although the committee supported a resolution recommending the council to submit a bylaw to the people to provide for aldermanic salaries next year, several aldermen expressed themselves strongly against the principle.

Salaries of Commissioners

The commissioners are being paid a little more by the city than they could earn at any other job on earth," said Ald. Ross. "I think we would have better service with more commissioners at smaller salaries."

MANIA FOR SUICIDE STRIKE'S EDMONTON AND ONE MAN DIES OF SELF-INFLICTED INJURIES WHILE TWO MORE LIE IN DANGER AT HOSPITAL

EDMONTON, May 19.—There seems to be an epidemic of suicides in the city. Two would-be suicides are now on their way to convalescence in the city hospitals under the watchful eyes of the city police. A third case occurred late this afternoon, a Finlander named Ed Fyikkaanen, shooting himself with a .32 calibre revolver in the Star Rooming house and dying in the Royal Alexandra hospital some hours later.

MINCHIN TRIAL MAY GO OVER UNTIL FALL

The case of former Alderman Minchin, charged with the murder of a woman, will probably not be tried until some time in the fall, as the prosecution is applying for a commission to examine witnesses outside of the court. Mr. Minchin's counsel has not applied for an adjournment.

MEDICINE HAT VOTES ADDITIONAL BYLAWS FOR INDUSTRIES

Means the Expenditure of \$3,000,000 and the Employment of a Large Force of Men—Bylaws Voted for \$1,000,000 for Public Improvements.

ONE CONCERN WILL MAKE RAILROAD ACCESSORIES

Another Will Manufacture Radiator, While the Third Concern Is a Bridge Concern and the Fourth is the Canada Cement Company.

Medicine Hat, Alberta, May 19.—What was probably the most important reference of by-laws to the burgesses, took place Thursday, when by overwhelming majorities four industrial and nine municipal works bylaws were voted on favorably in Medicine Hat.

The vote on each one of these by-laws was the largest that has yet been polled for such measures in this city, and aggregated 500 ballots.

Of the industrial by-laws one of the largest and most important was that of granting concessions to the Great West Iron, Wood and Chemical company, represented by Felix Frank, D. H. Hanna, Hon. F. H. Chippen, K.C., H. C. Grant and Hector McInnes.

This concern agrees to spend approximately \$1,000,000 in the erection and equipment of a plant for the manufacture of car wheels, steel underframes, box cars, flat cars and engineering accessories, and promises to become one of the most important industries in Alberta.

Mr. Frank has stated that no time will be lost in getting his engineers to work and in starting his intensive construction program. This industry will employ upwards of 200 hands at the site.

Will Make Radiators. The concessions which were voted to L. Carey Wright of Sauk Centre, Minnesota, were for the institution here of a radiator manufacturing concern to be known as the Medicine Hat Radiator company.

Improvement Bylaws. Nine other by-laws were endorsed by the burgesses as follows: For water extensions, \$225,000; electric light, \$117,000; additional fire apparatus, \$17,000; grading streets, \$87,000; trunk sewers, \$116,000; fire halls and equipment, \$67,000; board of trade, \$15,000; natural gas extensions, \$223,000; extension and improvement of water plant, \$50,000.

Today the mayor and councilmen expressed themselves as being not a little pleased that the citizens should have endorsed their judgment in arranging for these heavy expenditures.

THE DUCHESS OF WESTMINSTER, against whom the Duke has instituted proceedings for divorce—an action which has set England by the ears.

CAPTAIN AMUNDSEN BARNES' GREAT CIRCUS REACHES CALGARY FRIDAY HERE TWO DAYS NEXT WEEK

Will Tell of the Discovery of the South Pole in the Sherman Rink on Friday Evening Many New Features Will Be Seen at the Great Wild Animal Show

Captain Roald Amundsen will arrive in Calgary on Friday morning from the far north, which is Edmonton. For the present occasion he is not bent on exploration, but on Friday evening he will tell the thousands of Calgary people who will attend in the Sherman Rink what it feels like to visit the South Pole in the height of summer, which is our winter and which is winter indeed.

The lecture which will be illustrated by some of the most wonderful pictures ever seen in Calgary, will commence at 8.30. It is expected that James W. Davidson of Calgary, the well known citizen who too has visited the ice floes and the snow fields, will preside and introduce the famous lecturer.

More Honor to the Men. Galt, Ont., May 19.—The Galt Caledonians easily defeated the St. George team 4 to 1, in an intermediate western football game here today.

HERO OF SOUTHERN SEAS

CAPTAIN ROALD AMUNDSEN. Famous explorer who discovered the South Pole over two years ago and whose records were found on the scene by the late lamented Capt. Robert F. Scott, who perished on his way back.

WAS ROBBED AS HE KNELT BESIDE THE BIER

Crime Perpetrated on New York Cloakmaker Was of the Most Despicable Class

New York, May 19.—Abe Enzweig, a cloakmaker, of 86 Cannon street, called at the home of a cousin who died last Sunday to pay his last respects and attend the funeral.

As Enzweig knelt at the side of the coffin he was joined by a newcomer who had just entered the room. Heads were all bowed and no one noticed that the man was a stranger.

Enzweig picked up the money and ran after the thief, followed by other mourners. He grappled with him and the man dropped 92 cents belonging to Enzweig on the floor and made for the door.

When the smoke cleared away Hedstrom was suffering with severe burns on his right hand and face. He was taken to the Emergency hospital, where Dr. Abraham Weinberg dressed his burns. They are not serious.

REMARKABLE TRIBUTE TO THE MEMORY OF RAILROAD MAN

Prominent Railroad Men from All Over the United States and Canada Attend

Montreal, May 19.—A remarkable tribute to the memory of a much esteemed and widely known railway official in the history of Montreal, excepting at the funeral on Saturday of the late W. E. Davis, passenger traffic manager of the Grand Trunk Pacific railway system.

At 7.30 a.m. a special train left Bonaventure station with a large party of railway officials and other friends of Mr. Davis on board. On arrival at Ste. Anne de Bellevue, motors and

POWDER POPPED IN HIS PIPE

An After-Dinner Smoke Blew Man Up and Sent Him to Hospital

Kansas City, May 19.—Jack Hedstrom is employed in a construction camp north of the city. He tired of "camp chuk" and came here yesterday to get a square meal.

When the smoke cleared away Hedstrom was suffering with severe burns on his right hand and face. He was taken to the Emergency hospital, where Dr. Abraham Weinberg dressed his burns. They are not serious.

PRYCE JONES STORE NEWS

"THE WHEELS OF THE WORLD ROLL THROUGH THE SAME CYCLES, AGAIN AND AGAIN" And as the yearly change from the somberness of winter merchandise to gayer things of spring was admirably set forth by our earlier displays, so now the merging of spring and summer is typified by the increasing large displays of summer apparel being features in the various sections.

Special Notice! As Saturday, May 24th, is a holiday, this store will remain open all day Wednesday—and on Friday Evening until 10 P.M.

One in fine navy blue silk and wool repp, the silk-lined coat is made with welted seams and belted back, trimmings of hand made silk embroidery are effectively used on the coat which has long revers of nell rose silk; a square collar of white linen lawn with vandyke points of nell rose silk add much to the smartness of this exclusive model. Priced at \$59.75

The third one of the group is a linen crash, in natural shade, the four-button cut-away coat has black satin collar and revers with Bulgarian embroidery. Skirt made with tucked back, and button trimming. Price \$35.00

One of the most charming suits in the entire collection is of white brocaded ratine, coat has vandyke back with loose panel and the collar is of fine crepe beautifully hand embroidered in the ubiquitous Bulgarian effects. The skirt is draped and shirred in front and has plain panel back. Price \$37.50

Dress Goods for the Bride and Attendants This is the month of gown-making plans, both for the bride and her bridesmaids. You will be interested in the many beautiful fabrics we show suitable for this occasion.

UMBRELLAS and PARASOLS Extremes are apt to touch—either you'll need an umbrella or a parasol as part of your Empire Day outfit.

GERMANY'S PANAMA

It is trite to say there is no greater testimony to the triumph of civilization than the fact that the borders of Canada "march" for thousands of miles with those of the United States, yet not a fort or a gun or a sentinel serves to mark the frontier. In gloomy contrast to this happy contentment stands the Old World, and especially Krupp-ridden Europe. The Krupp scandals, so boldly exposed in the parliament of the German empire by the Socialist leader, Dr. Liebknecht, have revealed the hideous fact that the true rulers of that afflicted continent are a banditti of criminals—a "Kruppocracy"—leagued together in a demagogic combination to sow hatred and engineer bloodshed among the peoples for the mere greed of gain. War only achieves its full horror when contemplated against a background such as that as afforded by these Krupp scandals, which, as Dr. Liebknecht thundered, "are Germany's Panama, only they are worse than Panama—for these vile capitalists turn discord among the nations into gold."

For a month or more the press of the world has teemed with the nauseating revelations which lead inevitably to the impression that the recent "Nancy incident" was in truth due to the infernal machinations of those who make a trade of sowing the seeds of discord and hatred between nations for the lust of wealth. That the great gun-manufacturers and ammunition-manufacturers are banded together in a combination to engineer wars-scare to swell their profits was the charge made by Dr. Liebknecht; a charge which has been proved up to the hilt—an appropriate metaphor in this connection. Not even the Conservative press in Germany is able to conceal the fact that the scandal is one of the gravest ever revealed in modern times.

But it would be a grave mistake to regard those revelations as to the mode in which German armament manufacturers have promoted their deadly industry as being a scandal which concerns Germany and her taxpayers alone. The scandal is one of international magnitude, inasmuch as it has been undeniably made clear that not only Germans but Austrians, Belgians and Frenchmen too are in the "ring" which circulates false information to the press and manufactures war-stories with a callously commercial object. This appalling trade in death is not merely that of a "German-ring." It is that of a cosmopolitan "ring." It is an industry which fattens on jingoism and patriotism; and any indication of bad blood between the nations is instantly signalized by increased activity in shares—that very bad blood having been inoculated by the infernal operations of its unspeakable staff of agents. Nor do these remarks apply alone to the continental countries. It is idle to deny that in Great Britain itself the relations between the services and the armament-mongers are notorious; and they are constantly rendered closer by the appointment of ex-officials to directorships in the companies. Hence arise, it may be reasonably inferred, the harrowing and hair-raising tales daily dished-up to the British tax-

payer in his Times or Telegraph with his morning meal. He has been fooled pretty successfully for a long while, and he might have been fooled further; but if, after Herr Liebknecht's recent revelations, he is going to be fooled all his time, why then he is a greater fool than The Albertan has hitherto taken him to be. Fortunately there is hope in the prospect before the world; for the craftsmen of every land are beginning to realize that it is madness to seek to ruin and destroy each other by war—behind the pomp and circumstance of which we see the strings are pulled by the hand of the ghoul of plutocracy.

THE LEAD BOUNTIES

The increase in the bounty on lead seems to be the joker in the tariff measure which was introduced to the house last week. The public in general does not seem to understand the real meaning of the concessions which have been given to the lead industry.

There is no industry in Canada which is protected so thoroughly as the lead industry. The lead miner receives a bounty of 75 cents per hundred pounds in the ore produced; the manufacturers are protected by a duty ranging from 10 to 15 per cent.; the manufacturers that convert the pig into white lead are protected by duties of from 20 to 30 per cent., and the manufacturers of the finished product are protected by an average duty of 25 per cent.

The history of the bounties to the lead industry show how the present government, instead of reducing the bounties—which in the days of the Liberal government were so distressing to the opposition—have not only retained them, but have increased and more strongly fortified them.

Ten years ago the Liberal government, following a policy approved of at that time, for the encouragement of industry, established a bounty upon the production of lead. This was not a fixed bounty, but depended upon the price of lead in the London market, the idea being to compensate the producer of the ore for any fall in price which might injure seriously an industry that was struggling for a foothold in the world's markets. The bounty was 75 cents per one hundred pounds of lead contained in ore mined in Canada. When the price of lead in London exceeded £12 10s the bounty diminished by the increase. The amount set aside by the government for the payment of these bounties was \$2,500,000, to be expended over a period of five years. In 1908 it was found that not one-half of the money had been expended, owing chiefly to the high price of lead in the three preceding years. Mr. Fielding thereupon extended the period over which the bounties were to run to ten years, at the same time increasing the determining price rate to £14 10s. There was thus no additional expenditure made; the government had arranged to subsidize this industry to the amount of \$2,500,000, and as the amount had not been disbursed within the period originally specified the time was extended, so that the industry might get the benefit promised.

Hon. W. T. White now announces that \$600,000 of this appropriation is still unexpended, but instead of following the precedent set by Mr. Fielding he proposes to extend the bounties for another five years, including the \$600,000. If Mr. White had proposed simply an extension of time, so that the unexpended balance of \$600,000 could be taken up by the lead producers, no objection could have been taken, but the proposal to extend the bounties for another five years is altogether unreasonable. The lead industry has made great progress during the past ten years, but that progress has been well paid for by the country, and the fact that Mr. White has raised the determining London price to £17 18s 9d a ton is enough to show that good prices are prevailing for lead and its manufactures.

The fact that the government is so anxious to assist the lead people and has nothing to offer to the western farmer reveals the real policy of the government.

NOVELS READ OUT OF CURIOSITY

We Want to Find Out How People Act in Romantic Circumstances

A wholesome taste for novel reading is something else in the world but a wholesome curiosity. We want to know how other people live. We are curious about our fellow beings. And that, actually, is why we read novels. We want to know how these fellow beings actually live, how they act and the well written novel pretends to tell us just these things.

Gibraltar's Story

Gibraltar has been an English stronghold exactly two centuries, for it was 200 years ago that the great and impregnable fortress reared by nature was formally ceded to England. The treaty signed on April 11, 1713, was, however, but the official recognition of what had already taken place, for English troops were already in possession of the mammoth rock that guards the gateway of the Mediterranean, and had been besieged in vain by the French and Spanish. Twice during the following fourteen years the Spanish attempted to retake the fortress. Between 1722 and 1728 the Spaniards returned to the attack, and in one battle 40,000 allies were ingloriously defeated and routed by a garrison of 7,000 British.

BOATS RUNNING ON FRASER, TETE JAUNE TO FORT GEORGE

Tete Jaune, B.C., May 19.—Navigation has opened on the Fraser river, and there are now three modern and up-to-date steamers, plying on the stream between here and Fort George. This gives a through connection from Edmonton over the Grand Trunk Pacific line right to Fort George for the first time. A great many tourists will probably take advantage of this route, and will make the trip, which will be an enjoyable one for scenery and so forth, right through the Rockies. It is expected that steel will be laid into Fort George from the east before the fall.

The Mediterranean of the North

Hudson Bay, described by some as "the Mediterranean of the north," is the third largest "sea" in the world. The area of the Mediterranean is 977,000 square miles; of the Baltic, 582,000; of Hudson Bay, 355,000. Its length is 800 miles and breadth 500, and compared with the great lakes, it is a veritable ocean. For Superior's area is only 31,000 square miles. Lake Huron's but 23,000, Lake Erie's merely 2,500 and Lake Ontario's barely 7,240. The outlet of Hudson Bay to the Atlantic is Hudson Strait, nearly 300 miles long, with an average breadth of 100 miles, its narrowest width being sixty miles. —American Review of Reviews.

THE PEACE CENTENARY CELEBRATION SUITS THE METHODISTS

Vancouver, B. C., May 19.—At the final session of the Methodist conference on Saturday, a resolution commending the proposed celebration of the hundred years of peace between Canada and the United States was passed. Dr. Chown, general superintendent, declared that the history of text books should be revised so that the rising generation could be brought up on facts instead of fiction. He said that the war which ended in the independence of the United States had not been as popular one in the Old Country.

It had been brought on by what was known as the king's party, and the great wrong was done to the world and again against the attitude of Britain.

GENEVA HAS COLD CURE FOR LEPROSY

Geneva, May 19.—Paul Raoul Pictet, of Geneva, inventor of liquefied air, announces that he has discovered a "cold cure" for leprosy. "Recent experiments carried on by American doctors in Hawaii have been such that they are unable to shake off the disease after local application of the diseased parts of liquefied carbon dioxide at a very low temperature, 119 degrees below zero. The intense cold has gradually destroyed the microbes of leprosy, and the diseased flesh has regained its original health and color. It is stated that many cases have been cured in Hawaii, and that the American government is investigating the matter.

Oikeiomania

There is a form of insanity, so well recognized by the law, has been known for centuries, and is known as oikeiomania, or the strength of it, that takes the form of brutality to those of one's own family when at home. The victim is kind, benevolent, and charming to all outside. This is known to alienists and lawyers as oikeiomania. Historic cases of it are those of Dean Swift, Mrs. John Wesley, and the father of Frederick the Great. In women it generally takes the form of an unreasoning and baseless jealousy, leading them to make life a burden to their husbands, to sulk perversely at home while their husbands are away, spending much time in religious devotion or in works of benevolence. In men oikeiomania takes the form of active brutality to their wives and children. It is often accompanied by continuous and exhausting rages, under the terrible consciousness that they are torturing those they really love, but they are unable to shake off the habit. Sometimes, when the object of their persecution is dead, they themselves become actually insane. Such was the case with Dean Swift, after the death of his wife, the victim of his brutality, when he paid the penalty in pathetic alternations of delirium and melancholy. So was the case with the sanity recognized that the courts will throw out the will of a man who has manifested it if it will cut off his natural heirs.

"The Afternoon"

Late in the afternoon is the perilous hour for all day workers. Not only do statistics prove it, but there is an easily understandable physiological explanation for it. For it is toward the end of a day's work that the brain, and tired bodies and brains inevitably lead to mistakes and accidents. Bank clerks says the Medical Record, make most of the errors in the late afternoon; therefore there is now early closing of these institutions. Since bankers have found their employees' mistakes too expensive, every one now knows what real calamity it must be feared when railway men work too many hours through many days. As to druggists, to err (with perhaps fatal consequences) in the filling of prescriptions is indeed a dire and hardly blameworthy in a clerk who must be attentive at his post almost two-thirds of the twenty-four hours. Among industrial workers the desire for drink has often sprung from sheer physical exhaustion.

"What is Culture?"

What is culture? First what is it not? It is not anything one may put on. It is not fine manners, fashionable clothes, correct speech, nor skill in the tricks of politeness. It is not knowing Greek, Latin, and English literature, nor any other kind-stuff. One may be perfect in all these things and be a cad. These arts and accomplishments have their value, but it is not culture value. What is culture? It is the harmonious, healthy development of one's personality. It means a brain developed until it thinks clearly, the will until it acts properly and stands firm and the feelings until they minister to life, not destroy it. Culture is simply skill in using one's self. It is opposed to awkwardness, stumbling, bungling, and the like. It is not good against bad, righteousness against sin, nor morality against immorality; it is high as against low, fine as against coarse.

Bryan Emissary of Peace

London, May 19.—Sydney Brooks, writing in the Chronicle on Secretary Bryan's efforts for peace, says: "One may be fairly certain that so long as Mr. Bryan retains his present office there will be little talk of American intervention in Mexico, that the American protectorate of Cuba will be lightly exercised, that steps will be taken to procure full self government for the Philippines, that the diplomacy associated with the recent Republican regime will be abandoned, that the Monroe doctrine will be again restricted to a purely passive and defensive role, that the United States will gradually withdraw from the commercial adventures in the Far East, and that the spur of European armaments will not be allowed to influence American propositions for defence."

PANAMA CANAL ZONE WILL BE A DRY AREA

Washington, May 19.—There will be no liquor saloons in the Panama Canal zone after July 1. The Isthmian Canal Commission has passed a resolution to grant no licenses after that date. There are thirty-five saloons in the town of the zone. Sixty-three saloons were open at one time. During the present year the commission has collected \$42,800 for licensing saloons and since 1907, when licenses were granted first, it has received \$228,000.

To Build a Little Railway

Sam Shoen, superintendent of the Camrose Coal company, has been in this city for several days on business connected with the development of the company. It was said yesterday that the concern had just let the contract for the building of one mile of double track to connect the C.P.R. main line with the mining property at Camrose. This is an important step in the development of the plans of the directors to establish cooling stations along the coast and make Canada coal a factor in the trade through the Panama canal. Experts have found that Camrose coal is of excellent quality and suitable for the purposes of steam navigation. With the opening of the new waterway there is going to be a great demand for marine coal on the Pacific side of America, and Canada is to have a great share in satisfying that demand.

French-Canadians for North

Saskatoon, May 19.—About 175 French-Canadians from Quebec, passed through Saskatoon on Saturday in a special train bound for the Peace River country. There to take up land. Father Giroux, who was in charge of the party, said that fully 2,000 French-Canadians will come west during the summer.

Macheth Malcolm Candidate

Saskatoon, May 19.—At a convention of Liberals at Hanley on Saturday Macheth Malcolm, of Hanley, was chosen as the candidate to contest that constituency in the coming provincial by-election. Ninety delegates were in attendance and four names were to have gone before the convention, but two withdrew and left the field to Mr. Malcolm and C. C. McKennie, of Watrous. The by-election was made necessary by Dr. J. W. MacNeill vacating the seat to become superintendent of the provincial asylum at North Battleford.

JAP JOURNALISTS WRITE IN ANGER

"The White Man's Clique" Must Be Overthrown, Says Press of the Land of the Chrysanthemum.

Tokyo, May 18.—So as not to embarrass diplomatic negotiations, the Government confines to discourage the holding of meetings and demonstrations, and last night called off a reunion arranged by the American-Japanese Society.

Publicists, however, discuss the developments in the controversy over the California alien land ownership bill. They declare that the California difficulty is merely one proof that the time has arrived to fix the relations between the white and other races of the world.

In a striking article, Mr. Tokutomi, editor of Kokumin, says that "white men's clique must be overthrown in the interest of Japan and in the interest of humanity." Other writers express themselves in a similar strain, asserting that the Japanese are in danger of exclusion from almost everywhere in the world, chiefly through racial prejudices on the part of the whites.

INFURIATED FATHER FIGHTS WHOLE FAMILY

Sparta, Wis., May 19.—Because of family trouble which grew out of disputes over property, William Hogue, aged 70, a retired farmer, today killed his wife with a stove poker three times, shot his daughter, Mrs. Guy Wilson, with a revolver, seriously wounded his son-in-law, with two shots from the same weapon and then committed suicide by cutting his throat with a razor. Mrs. Wilson is dying. Her husband may recover.

Segur Lost a Thumb

J. E. Segur, of the McDougall, Segur Oil Co., met with a painful accident on Saturday while motoring to the Okotoks oil fields. While passing through the Indian reservation something went wrong with the car. Mr. Segur got out and was assisting in jacking it up to allow repairs to be made when the car slipped and the car came down upon the thumb of his left hand. It was so badly smashed that it was necessary to amputate it. George Reynolds, the superintendent of the company, who was with Mr. Segur, brought the party back to Calgary. The run back to the city was made in record time.

Ministers Speak at Hanley

Saskatoon, May 19.—Hon. J. A. Calder and Hon. W. R. Motherwell spoke to an audience that completely packed the opera house at Hanley Saturday. Both the ministers outlined the policy of the Scott government and defended the administration as regards expenditures in the various departments.

Strikers Loose at Port Arthur

Port Arthur, Ont., May 19.—So far as appearances go the street railway strike is broken. Regular service has been given for some days on the main line and today service on branch lines was started. The management announces that a night service will be commenced tomorrow.

HUDSON'S BAY COMPANY advertisement featuring a logo, text about quality and service, and a large illustration of a pair of hands holding a pair of shoes. Text includes: 'ALWAYS seeking to do a thing better than has been done is the aim of this store; working aggressively with manufacturers to have our merchandise better made or to have conditions improved; placing orders conveniently so that economies in cost of production may be secured for the public.' and '720 Pairs of \$5.00 Pumps "Lined-up" for Hurried Selling at \$2.45'.

MAINLY ABOUT WOMEN

Mr. and Mrs. Arthur Pierson left on Sunday for a trip to the States.

Mrs. J. C. Bokoski, who was visiting Lethbridge, has returned to the city.

Mrs. E. L. ... is in Calgary, the guest of her sister, Mrs. Beaver.

Mrs. Davidson, Fourth street west, has as her guest Mrs. George Perkins, of Vancouver.

Mrs. J. F. Price left last night for High River, where she will be the guest of Mrs. McCoquardale.

The Calgary Military store which formerly had its premises in the Allan block and which was burned out at the same time as The Albertan is now doing business at 107 Eighth avenue west, and has the finest possible assortment of novel and dainty head-ware for summer weather. As the stock is entirely fresh, only the most up to date styles are to be had.

O. U. R. Club. The O. U. R. Club will meet this afternoon at the home of Mrs. J. A. W. Martin, 520 Twenty-first avenue west.

If Miss Molly Cooper is in the city will she please telephone the Y.W.C.A. at once?

Sans Souci. The Sans Souci Club will meet this afternoon at the home of Mrs. Currie G. White, 231 Third avenue N. E.

Social Service Work. The annual meeting of the women's council of social service will be held today at the Y.W.C.A. at 3 p.m.

Olivet Ladies' Aid. The Calgary Military store, which is now doing business at 107 Eighth avenue west, and has the finest possible assortment of novel and dainty head-ware for summer weather. As the stock is entirely fresh, only the most up to date styles are to be had.

The American Women's club will hold a charity thimble tea this afternoon in Unity hall at 2:30 o'clock. The proceeds will go toward the Children's Aid.

The Benevolent Society meeting which was to have been held at the home of Mrs. Hillier on Wednesday has been postponed until the following week. Further particulars will be published later.

Yorkshire Whist and Dance. The Yorkshire Society had a delightful time last night in Nolan's hall. Cards took up the first part of the evening, dancing continued till morning. There was a large attendance of members and friends and the affair was voted an entire success.

Elite City Dance. The Elite club held their first dance of the season in Moose hall, Beveridge block, last night. There was a large attendance of members and friends. Good spirits and good music from the Unity orchestra combined to make all go merrily as a wedding bell.

Home Economics and Consumers' League. A meeting of the officers and committee of the Home Economics and Consumers' league will meet tomorrow afternoon in the "Y" at 3 o'clock. It is hoped there will be a full attendance.

Good Time Dance. The last dance of the season will be given tonight in Al Akbar, Mr. Leggett's 10th street, providing the music. It is expected that all members of the club will be present as every effort has been made to have this the best as well as the last hop till the fall.

Unitarian News. The postponed annual meeting of the Unitarian Women's alliance will be held this afternoon at 3 o'clock in Unity hall. On account of ill health Mrs. Cruckshank will be unable to give her paper arranged for that date. On Thursday evening Mr. and Mrs. W. D. Hasky will throw open their home to members and friends of the church.

Successful Birthday Tea. The young people of Westbourne Baptist church had a most successful tea last night, which was also rather a tall-tale affair. Invitations were sent to the guests, and with them little bags into which each guest had to put a cent for each year of his or her life. The affair caused great fun, and this, with a musical program, made an enjoyable evening. The artists contributing to the musical part of the party were Miss Semner, Messrs. E. Cotton, R. Blumfield, E. D. Isles and J. Walker.

ANNUAL MEETING—ELECTION OF OFFICERS. At yesterday's annual meeting of the Alberta Women's Association some talk was made of widening the constitution to include other members. Facts were submitted dealing with other associations and college societies, but it was finally decided that the matter would be deferred till the fall and meantime members could be elected as individuals.

Four names were submitted and accepted as follows—Mrs. Kirby, Mrs. George McDonald, Mrs. Tappin and Mrs. Lamont.

With regard to the scholarship of \$50 to be presented by the association to the most perfect girl who matriculated from anywhere in Alberta, but who must attend Calgary University, it was agreed that half the amount be paid at the end of the term, i.e., in November, and the other half at the beginning of the term, i.e., in May of next year.

As it was decided best for the society and the members' interest in it that offices go round, and no one retain office for more than one year, the following officers were elected—President, Mrs. Harold Riley; 1st vice-president, Mrs. Blow; 2nd vice-president, Mrs. A. M. Scott; recording secretary, Miss Robert; corresponding secretary, Mrs. Slesley; treasurer, Mrs. R. B. Francis; councillors, Dr. Windsor, Mrs. Nolan, and Mrs. McDougall.

O. Hanson leaves for Edmonton on Wednesday where he will inspect his branch offices in that district.

MRS. R. R. JAMIESON Who with three others was instrumental in forming a Symphony Orchestra Auxiliary.

WOMEN ORGANIZE TO HELP ORCHESTRA MOVEMENT

Calgary is determined to grow in grace as well as in stature, and the interest taken in the formation of the Symphony Orchestra, and now of a woman's auxiliary for that orchestra is a sure sign of both. At a meeting held yesterday afternoon Mr. Fyche spoke at length on the good that must come to a city where young and old alike take an interest in the "divine soother" and turning to the material side, he pointed out how, by making people interested in the movement, an auxiliary of women could help the sale of season tickets for concerts, and by their encouragement, help the artists. Mr. Well, the leader of the orchestra, who has had wide experience in eastern cities, stated also how such organizations had been assisted by women's auxiliaries "backed" them, and said he would be delighted to see such an auxiliary formed to assist the Symphony Orchestra. After some discussion the following four ladies were chosen to form an auxiliary: Mrs. R. R. Jamieson, Mrs. A. Price, Miss Newcomb, and Mrs. Scott-Dawson. These ladies will meet the symphony committee at an early date and make arrangements as to how best they can be of assistance to the orchestra.

J. M. Mackenzie Dead. Toronto, May 19.—With great suddenness came today to J. M. Mackenzie, assistant manager of the head office of the Imperial bank. He was taken ill a few days ago with epoplexy and was rushed to Wellesley hospital, where he was operated on Saturday, but the operation was unsuccessful and peritonitis set in, which caused death.

ALD. WILLIAM ROSS EXPLAINS SITUATION TO WOMEN OF CALGARY WHO WOULD VOTE

Suggestion Is Made That the Council Employ Man to Make a Canvass of the City and Ascertain What Women Are Entitled to Franchise

ALDERMAN William Ross' advocacy of equal rights for the 8,000 women of Calgary who are eligible to vote, in the event that they take advantage of the franchise, is arousing much interest among the women of the city. Mr. Ross met a number of interested women at the "Y" parlour yesterday afternoon, to explain the situation to them.

Mr. Ross pointed out that only property holders, whether men or women, are entitled to vote on money by-laws. On other questions, if the women wish to vote, it is quite within their power to do so. For example, if a man and wife rent a suite for which they pay rental of \$80 per year, if the receipt is made out in their names jointly they are both entitled to vote. If two girls rent a suite and the same terms are observed, then both girls are entitled to vote. In the Devonish apartment block along Mr. Ross pointed out that, worked in this way, 120 voters would be added to the voters' list.

Women Discriminated Against. One case in which women are discriminated against is where the husband owns the property the wife cannot vote as tenant, since, on a corresponding case where the wife owns the property, the husband is entitled to vote as tenant. "Of course," Mr. Ross said naively, "anybody can get around this by the wife paying a dollar and getting a receipt from her husband for that amount, for she is then a tenant and has a right to vote." After a second's pause he continued meditatively, "I guess this discrimination exists because the charter was made by men."

Duties as Voters.

Alderman Ross spoke of the education needed to make women understand the importance of their duties as voters, and stated that many women would not bother to find out if they had a vote or to use it if they were told they had it. To solve this problem Mr. Ross suggested that the women petition the city council to appoint a man to go over the roll and to canvass from house to house finding out who had the right to vote, and inducing them to do so. The women must help in the last part, he added, as the educative part would be the worst part. Continuing Mr. Ross pointed out how, if the women took this voting wholeheartedly, the power lay in their own hands and he added, there were many things affecting their interests which

they could deal with. They might encourage the men to vote, too, as many men were careless in the matter, but would take an interest in things which their wives seemed interested in.

A question was asked as to whether a son could vote on a parent's property, to which Mr. Ross replied that in Ontario the eldest son or daughter had that privilege, but did not have the same right in Alberta.

Mr. Kerby then moved that the local council ask the president and the secretary to wait on the city council and petition them to allow time and to appoint a man to canvass women voters with help from the women themselves. This was agreed to, and a vote of thanks given Mr. Ross for his explanation on the question. In reply Mr. Ross stated that the importance of the step to be taken by the women would become more apparent with the passing of time, and the growth of the city. It would, he felt sure, appear later if not now, as time well spent.

Poll Tax for Women.

Miss Heydon here spoke of the poll tax and the proposal to grant voting power to any man over 21 who paid that tax. If this proposal was agreed to, she submitted that women should also have the right to pay the tax if such payment gave the power to vote. She spoke also of the motion put before the council last week that women should be made eligible for office, and stated that, as there had been some misunderstanding with regard to the motion, the women should do something toward having the matter brought up again. Continuing, she said that, as the present charter is to be amended at the next session, and as the city council are meeting various bodies daily with a view to finding the public needs, she suggested that a committee from the local council should wait on the legislative committee of the city council and go over the present charter, pointing out where amendments for women's and children's welfare could be made. She added that the women might also state their opinion of the amendments proposed by the men.

Alderman Ross agreed that it would be a good thing to ask the city council for a copy of all amendments as they go along.

Mrs. Jamieson said that though Miss Heydon's suggestion was a good one, she thought the city council would be tired of seeing women around the place, and the matter had better be left for the legislative committee of the local council to deal with.

MANICURISTS LEAVE TO RETURN HOME MILLIONAIRES

San Francisco Girl's Claim from Will Destroyed by Ancestor Millions of Money

San Francisco, Cal., May 19.—The Misses Minnie G. and Pearl E. Holmes, manicurists in a big hotel here, are on their way to Sweden to claim a share of an estate valued at \$100,000,000. They have told their friends they are confident they will return millionaires.

The young women will endeavor to prove that they are direct descendants of one Carl Christopher Springer, who, in 1878, came to this country from Stockholm. He settled in Delaware and acquired from William Penn a large tract of land which now takes in the entire city of Wilmington.

Springer left a will bequeathing his estate to his sons, but the heirs disagreed and one of them tore up the will. Ever since descendants of these sons have been trying to obtain possession of old Springer's holdings.

The two girls, who were born in Salinas, Cal., say they are the descendants of one of the warring sons, Lawrence Springer. Brothers and other relatives of the young women are financing their trip.

The United States government is said to have taken a hand in the controversy over the huge estate, and to have offered \$11,000,000 for the land included in Wilmington. The offer, it is said, was refused.

Vag Goes to Jail.

John Kelly was sentenced to 20 days in jail yesterday on a charge of vagrancy, being found without any fixed place of abode in the city.

THE HEART DEPARTMENT

By Laura Jean Libbey.

"He Proved False"
"Dear Miss Libbey: I am just past 20. Am considered very good looking and have winning ways. I am deeply in love with a very charming young man with good habits. He has told me that I was the only girl he has ever loved or will ever wed. On returning home after a prolonged visit to my uncle's, to my surprise, I found that he had proved false. During my stay he had forgotten me and had been courting a friend. My friend not knowing about our love affairs had encouraged his advances. He is again trying

his attentions to me as if nothing had happened. On questioning him as to his action during my absence he merely laughed. Shall I return his ring or give him another chance?
H.
I think you better give him another chance if you are fond of him. You can hardly expect a youth of 23 to give up all his other girl friends while you are off having a good time yourself. Think it over a bit and see if you do not agree with me.

Answer an Indefinite One

"Dear Miss Libbey: Is it right for a girl to accept attentions from a young man week after week and month after month just to be taken to theatres, entertainments, etc., if she does not intend to marry him? The man has declared himself, but the answer has been an indefinite one.
C.
It is not right for a girl to accept steady attentions from a young man unless she really cares for him. On the other hand, a girl may be in doubt as to whether or not she really is in love with the man and a closer acquaintance may help solve the problem for her. Perhaps this is the case with your friend, in which event, with a little persistence, you may win out.

Wishes Her to Study at Home.

"Dear Miss Libbey: I am 19 and I have been married over a year and half. I am good looking and my husband seems to be very jealous of me. He does not want me to go out and wants me to stay at home all the time. I can't get him to take me to a theatre or a moving picture show, and if I go alone there is always a quarrel, and even sometimes he strikes me, and if any of my friends call I never let them call until in the evening, when he is at home. I have, of course, quite a few men friends, and they sometimes call, but only in the evening. He is eighteen years older than I and sometimes he is very good, so good you wouldn't want to act with a better man, and when I go to church on Sundays there are so many young men who come to speak to me and I can't hold a conversation with them in peace. Every other Sunday he has to work and some young man will walk home with me, but I could never let him go upstairs. I leave them at the door, and some one always tells him in the evening, and that causes another quarrel. He chews tobacco, something do not test.
E. H."

It strikes me you are much to blame for your husband's attitude. You have no right to encourage young men to walk home from church with you or encourage any other attentions from men, unless if you treated your husband perfectly fair and square you would find his treatment of you the same. But you certainly cannot expect him to be good to you if you continue to act in the way you are now acting.

Shall She Ask Man to Call?

"Dear Miss Libbey: I have a few questions to ask you. Is it proper to call at a man's friend's house when he has one or more sisters of your age? It is proper to ask a gentleman to call before he asks permission? If a gentle-

man escorts one to a service (or meeting of any description) and some one else asks to take you home, would it be proper to accept?
E.
It is certainly proper to call on the young ladies if they are friends of yours. It is the girl's privilege to extend the first invitation to call. It would be most discourteous to the first young man to accept the company of a second one home.

"It is Husband's Birthday."

"Dear Miss Libbey: I want to invite a few friends to my home about the

17th of May, as that is my husband's birthday. I want to know how I should entertain them, as I am a Christian and do not believe in playing cards. My husband is a merchant and cannot be at home until 7 o'clock. Should I serve supper or lunch, and what should I serve? I do not care to be so up to date—just something that will not be too expensive but still I would like something that will be appropriate.

Why not have a 7.30 dinner party for your husband? Have attractive little favors and plan some guessing games to be played around the table after dinner.

CALGARY NORWEGIANS KEEP NATIONAL CELEBRATION

Ninety-Ninth Anniversary of the Granting of the First Constitution to the People of Norway Was Commemorated in Calgary on Saturday

LOYALTY TO NORWAY MEANS LOYALTY HERE
Speaker of the Day Says Those Who Forget Their Homeland Are Those Who Are of the Least Use to the Country of Their Adoption

The Norwegians of Calgary had their day of the year on Saturday. It was a great day indeed, and was the 99th anniversary of the granting of the first constitution to the people of Norway on May 17, 1814. Norway first was awarded its constitution. Next year will be the great year of the centenary, and already many Norwegians are arranging to visit the Fatherland and big excursions are being arranged in every part of the continent among the exiled patriots of the northern peninsula of Europe.

The local celebration was held in Nola's hall, and was presided over by Mr. Stoen, who gave an address of welcome to those present and read a program written for the occasion by Mr. Stoen. The speaker for the day was Ingar Olsen, I.L.S., of Chicago, who was formerly editor of the Aurora. The speaker dwelt on the significance of the day for Norwegians and gave a resume of the history of the constitution, and then went on to speak of patriotism in relation to the fatherland and the new country which they had made their home.

Excellent Program.
There was an excellent program given during the evening, to which a number of the local colony contributed. In the first part of the program, songs of the homeland were given by the Nordaust male chorus. The songs were given on the piano and the violin while Mr. Stenhal gave a mandolin solo. There were also several recitations by Mr. Dythe and Miss Enger. After the program had been given through the assembly hall, a number of games, which were enjoyed by all.

SCHOOL OBSERVANCE OF EMPIRE DAY IS CATCHING ON

Idea Assumes Larger Proportions Daily—Legion of Frontiersmen Will Attend in a Body in Uniform—Many Students to Be Present

BUTTERFLY DANCE TO BE GIVEN BY PUPILS
Final Details of the Program Are Being Worked Out and Will Be in Hands of Principals as Soon as Printing is Finished

As Empire Day, Friday, May 23, draws nearer, the children's celebration is assuming larger proportions daily. On Saturday the committee received a number of acceptances of their invitation to be present. Several important bodies asked for places to be reserved for their members, the foremost being the Legion of Frontiersmen, who will attend in a body in uniform. The students of Western Canada College and of St. Hilda's Ladies' College will also attend, and special seats will be allotted them.

A valuable addition to the program will be made by the pupils from the separate schools, who will give a charming "Butterfly Dance," which was received with such applause at their recent concert.

The final details of the arrangements are being worked out, and will be in the hands of all school principals as soon as the program can be printed. The band will play for half an hour before the program proper begins and while the children are marching out afterwards.

An exceedingly gratifying feature is the kind action of the mayor and commissioners in placing out all street cars a copy of the attractive handbill announcing the celebration, which has been issued by the committee.

BOOKS ON ANCIENT CLASSICS IN THE LIBRARY

First Volumes of the Loeb Library Containing Translations of the Tragedies of Euripides Are Placed on the Shelves for People of Calgary

LITERATURE OF MANY CENTURIES TRANSLATED
The Most Distinguished Scholars of Two Continents Have Combined to Give Faithful and Correct Versions of All Works in Latin or Greek

Among the additions to the shelves of the Calgary public library this week are numerous books of special interest. Attention may be called to a number of books in the Loeb series, those dealing with Greek life having a pre-eminence. There are a number of books dealing with the various forms of Greek life and art, of politics and history. Those will serve the public well, and if they quicken some interest in classics here, as throughout Western Canada and the Western States the work classics has come to signify something dead and outside the pale of intelligent consideration by the man who would get on in the world. But such a conception is quite beside the mark, for nothing is so modern in spirit and in actuality as the writings of the original and the version of Arthur S. Way, the distinguished scholar and translator, of Cambridge, England, are of the most convincing and can easily be put into the pocket and carried there without inconvenience. A brief introduction on the life and literary merit of the great tragedian Euripides is given in the introduction to the Greek text with all the necessary textual notes at the foot of the page, while on the opposite page appears the version in fine and stately English verse. The reader is thus met with the original, and if he desires he may consult the version without trouble when any obscurity arises.

These two volumes are but the part of a series known as the Loeb Classical Library, which is published by William Heinemann in London and the Macmillan company in New York. It has been made in the world in all times. The promoter of the scheme, James Loeb, a distinguished citizen of the United States, has undertaken to publish all the literature of the classics, including a far broader field than is usually included in the Loeb series, and each classic he will have an English translation prepared by a scholar of international repute. The series when completed will give all the literature in the Greek and Roman languages from Homer in the seventh century before Christ down to the fall of Byzantine Empire in the fifteenth century.

BIBLES AND MANNA PLACED ON THE FREE LIST

Woodrow May Have Had Some Fun in Drawing Up the Tariff Duties—Many Clauses Read Like the Nursery Rhymes of Long, Long Ago—Some Names of Strange Appearance Find a Place

NATURAL TEETH ARE DECLARED UNDIABLE
Some of the Imports According to the Tariff Schedule Would Startle Most People, for Instance, Dragon's Blood

New York, May 19.—Even a tariff bill, however sterile it looks, has meat in it for the wild-eyed sociological philologist. The curious reader of the free list of the tariff bill is impressed, if he was well brought up, by these two Biblical entries: "Bibles, comprising the books of the Old or New Testament, bound or unbound." "Manna." But this is not the manna of Ezekiel and Numbers, whatever that was, whether an immediate creation, a leichen, or a tamarisk gum. Manna, the dictionary consultant finds, is a sweetish tree, consisting of dried, yellowish ash tree of southern Europe, now cultivated for commercial purposes in Italy and the Canary Islands. It is ordinarily used in the compounding of a stronger. The name seems a cruel jest of the apothecary on the child.

"Cudbear" is Greek to most of us, to the layman at any rate, named after Dr. Cuthbert Gordon, who introduced it; a purple or violet dyeing powder made from lichens, but not of the anemone, like and unlike the Hon. J. Ham Lewis of Chicago and Washington. "Divi-divi" is the mercantile pseudonym of certain tropical American people, curled like Hyperion's locks, rich with the resin of the sandalwood tree, in tannic and gallic acids, a boon to dyers and tanners. "Dragon's blood" is a resinous substance, obtained from the cork oak and other trees, and used in the manufacture of varnishes and in the dyeing of cloth.

HON. BOB THROWS THE BLAME ON SECRETARY

Says He Was Out of Town at the Time Letter Was Sent Out to Senator - More Money Asked for Experimental Farms

OTTAWA, May 19 - The greater part of the afternoon and evening sittings of the commons today was taken up with the discussion of a motion of censure of Hon. Robert Rogers, minister of public works, by Mr. Chisholm (Antigonish). The crux of the Nova Scotia member's complaint was that when a provincial bye-election was in progress in January last, Senator Girroir caused to be published in The Casket, a list of works which the government proposed to carry on during the constituency, the same having been supplied to him from Ottawa. Mr. Chisholm said it was contrary to all practice to announce items in the estimates before they are brought down, and that in this case the list printed had not even been before the government for consideration, but merely included items suggested by the department.

Hon. Robert Rogers, in reply said that the list had been supplied to Senator Girroir by his private secretary, George Buskard, when he himself was absent from the capital in Winnipeg.

The statement as it appeared in The Casket had been changed because it had been made to appear that the items were actually placed in the estimates whereas the communication was a letter to the minister as having been put down for consideration.

Mr. Bennett said the bounty had been good to both the southern and the farming industry of Ontario and Alberta.

When the house got into committee on supplies the estimates of the minister of agriculture were considered.

Mr. Bennett said the bounty had been good to both the southern and the farming industry of Ontario and Alberta.

Mr. Bennett said the bounty had been good to both the southern and the farming industry of Ontario and Alberta.

protection in some other form. If there was any blame to be attached to these bounties it would have to be shared by the present and previous governments.

Mr. White believed that the steel industry at Sydney could not have been established but for the bounties paid by the late government.

Low Wages in the States.

W. E. Knowles, of Moose Jaw, said in 1842 Great Britain's exports amounted to \$50,000,000. In 1878, after thirty-six years of trade, they totalled not less than \$270,000,000.

Mr. Knowles declared that the Liberal party was ready within certain limits to encourage industry, but that it should be understood that no man in Toronto or in Kingston has a right to say to the people, "You must come to our assistance."

Both Mark and Mark.

As for the farmers of the west, the big industries have no right to say to them, "You must be not only the market but the market for us." It was no argument to say that the farmers of the west are prosperous. That was no reason why they should pay tribute to the lumbermen or the fruit growers of British Columbia.

Mr. Bennett interrupted to ask Mr. Knowles if he meant to say that in his speech in 1908 when the bounties were introduced.

Mr. Knowles retorted that he had made much stronger speeches when his friends were in power. He did not wish to be understood as being in support of this particular proposal, but he believed that the principle of protection was all wrong.

Mr. Frank Oliver said that it had been argued by the minister of finance that the proposal is merely a continuation of the policy of the previous government. When the bounties were first introduced the object was to keep the industry on its feet until the price of lead should advance.

Mr. White remarked that his idea was not to spend the \$600,000. That would be done only if conditions arise which would warrant it.

Mr. Oliver, continuing, maintained that it had never been intended to make this bounty a permanent policy. He had no objection to helping an important industry over a difficult period.

Mr. Green (Kootenay) said that Mr. Oliver had produced no argument to show that conditions have materially changed since the bounties were first introduced. At a matter of fact they had not.

Mr. Bennett said the bounty had been good to both the southern and the farming industry of Ontario and Alberta.

ways told that it was not the custom to give out estimates in advance. Only the other day in the house in replying to a question, Premier Borden had stated that it was not the practice to do this.

The member from Antigonish said that it would not lie in the mouth of the minister to say that his secretary had developed a shortage of hay in that country and that farmers had petitioned for transportation of hay for that country over the International.

Another Instance Given.

Having dealt with the letter regarding the estimates, the member for Antigonish proceeded to a new line. He said that last fall there had been developed a shortage of hay in that country and that farmers had petitioned for transportation of hay for that country over the International.

MINISTER OF PUBLIC WORKS TO REMAIN IN THE CABINET

Hon. C. R. Mitchell Will Find Seat in Provincial Legislature Within the Next Few Months and Retain Office in the Sifton Administration

PREMIER SIFTON NOT TO RETURN TILL JULY

Three Seats Will Be Vacant at Early Date in North of Province - Hon. A. G. Mackay May Run for Seat in Edmonton

Hon. C. R. Mitchell will retain his portfolio in the government of the province of Alberta and a seat will be found for him in the legislature at an early date. Mr. Mitchell was previously member for Medicine Hat but the final result of the last election declared in his favor on Saturday, has left him without a seat.

BORDEN DEFENDS NAVAL POLICY AT TORONTO

(Continued from Page One.)

"In further response to my inquiry, they answered without hesitation and after prolonged consideration of all the circumstances that any aid which Canada might bring should include the provision of a certain number of the largest and strongest ships of war which science can build or money supply."

Charges Liberal Delay.

Dealing with Sir Wilfrid Laurier's attitude and the obstructionist tactics of the opposition in Parliament, the Prime Minister continued: "How did he mean our proposals? Not by any real desire to aid in meeting the needs of our country, but by a speech of the same controversial character as that with which my introduction has been met."

At this conference, as has well been expressed by a New Zealand statesman, there has been on his part the same spirit of aloofness when any proposal was under consideration and that the tactics of the government in this case were based on a perfect satisfaction and the Liberals were conscious that though they were beaten they had put up a good and a close fight.

MAWSON WILL PLAN FIVE PLAYGROUNDS FOR CITY SCHOOLS

City Planner Who Is Preparing Plans for the City Beautiful of Calgary Will Also Assist School Board in Making Fine School Grounds

MANY SUGGESTIONS ARE GIVEN TO BOARD

Work Will Be Started With Mt. Royal, Connaught, Balmoral, Crescent Heights, High and Col. Walker Schools; Recreation Grounds for Teachers

THOMAS H. MAWSON

who is here to work out the scheme of city planning for Calgary will also assist the school board of the city in laying out the grounds of the city schools to the best advantage.

After hearing Mr. Mawson the board agreed that he should be asked to do some work on some of the school grounds, so that his presence on the city might not be lost to the board. A resolution was passed to the effect that Mr. Mawson to prepare plans for the following grounds: Mount Royal, Connaught, Balmoral, Crescent Heights High school, and Col. Walker. With his guidance in planning these grounds the board could go on with more confidence to the other schools. Mr. Mawson is also to give advice as to the elevation of the Balmoral school and it is expected that the tower plan will be adopted. The entrance to the school is to be a high school, which will be laid out on a different scheme.

Mr. Mawson will start the work immediately, and some of the plans will be ready within a month.

Mr. Mawson said that he had not seen in Calgary during his inspection any signs of a consistent system for the best development of the playgrounds around the various schools. The proper way, he felt, was to utilize the grounds round the schools, which were ample for the purpose.

Order in Games Needed.

Order in games was just as important as order in any part of the school work, and the facilities for recreation in the schools should be the best of their kind. That was the opinion of all modern educators, declared the city planner.

Continuing, Mr. Mawson said he had seen with admiration the good work which had been done in the schools of Calgary, and no city that he had visited had more reason to be proud of its schools than had Calgary. This was a great opportunity, and the work of the board should be directed to making the arrangement of the school grounds fit in with the general plan of the city.

Balmoral School Plan.

Coming to concrete instances of what could be done, Mr. Mawson said that at the site for the new school at Crescent Heights, which was well known as the members of the board said, as Balmoral school, there was a great chance for good work being done. There was an intersection of four roads and the grounds could be so arranged as to take in the cross avenue and make a new one from the front with the school placed in the center.

The school tower would give a great effect, something like that in the English village, where all the roads led to the church with its fine tower. There could be a finely rounded approach to the school, with on one side a library building and on the other a public

building to match. In the centre would be the school building, and the playgrounds could be in the rear. With a floral front and rows of flowers the general effect on the scholar coming to the school would be of the best.

Mount Royal Terracing.

For the Mount Royal school ground the planner suggested a terracing in three levels, the grounds being on the slope. They should have a beauty spot at either end, and proper building of the banks, which would give a fine effect and prevent any serious accidents to the children. On the topmost terrace there should be walks laid out and seats for the children. This was a harder problem to deal with than on a level ground. The board would find that the undulating site was more extensively to lay out, and there was a great loss of ground.

Teachers' Recreation.

Other points on which Mr. Mawson touched were the provision of proper recreation grounds for the teachers, which he suggested should take the form of terraces, the use of properly designed fences around the grounds, the laying of flower beds along the streets, the entrance and the building of impressive but simple gates at the entrance.

After hearing Mr. Mawson the board agreed that he should be asked to do some work on some of the school grounds, so that his presence on the city might not be lost to the board. A resolution was passed to the effect that Mr. Mawson to prepare plans for the following grounds: Mount Royal, Connaught, Balmoral, Crescent Heights High school, and Col. Walker. With his guidance in planning these grounds the board could go on with more confidence to the other schools. Mr. Mawson is also to give advice as to the elevation of the Balmoral school and it is expected that the tower plan will be adopted. The entrance to the school is to be a high school, which will be laid out on a different scheme.

LETHBRIDGE GUNMAN MAY BE IN GREAT FALLS, MONTANA

John Durka, Murder Suspect, Is Held by the Montana Authorities

Lethbridge, May 19 - The chief of police here has received the following wire from the sheriff at Great Falls, Montana.

"Do you want Italian? Murder happened at No. 3 mine."

It relates to the supposed murder of John Durka, who was found on the morning of November 5, 1912, in Staffordville, lying dead in a pool of blood.

Durka was a miner at No. 3, and on the night previous to his death had been in attendance at a Russian wedding celebration. Every circumstance surrounding his death pointed to murder, and several of Durka's associates were arrested on suspicion, but were later released.

MORE RAIN, MORE WHEAT, SAY SOUTHERN FARMERS

Lethbridge, May 19 - Last night's rainfall added 0.02 inches to the already substantial figures this year, making a total of 3.68 inches of precipitation since January 1.

For the corresponding period last year the amount was only 1.85. Since last Monday the fall has amounted to 1.29 or only .56 inches less than for a period of 18 weeks last year.

With this amount of moisture and with the present ideal growing weather prevailing, Sunny Alberta will harvest a bumper

COMMISSIONERS PAID MORE THAN THEY EARN - ROSS

(Continued from Page One.)

Mr. English's Opinion.

"The men who serve at present, are actuated by two motives - they are high spirited and very noble - an unusual kind of politician; or they have a pull and are out for remuneration in other ways," said Mr. English, president of the Alberta Federation of Labor.

Ald. Geo. Ross thought \$1,000 was too much and suggested \$500, but Ald. Frost insisted that he had spent more than that amount for gasoline while driving around in his motor car looking after the pavement.

Ald. Garden thought the cost of an election campaign would be increased, but Mr. English disagreed with the importance of this argument.

"From what I have seen, the fellow who spends the most money, doesn't get elected," he observed.

On motion of Ald. Frost the committee concluded to recommend that the cost of the present election, under the present charter, providing for a salary of \$1,000 each, be reduced to \$500 for the present, and that the cost of the next election, under the requirements of voters, be the satisfaction of the city assessor be eligible to vote at municipal elections.

Ald. Carson and Ald. Costello objected to the whole idea; Ald. Crichton expressed a preference for the present property qualifications, but did not vote; Ald. Frost supported the motion.

Ald. William Ross split with the supporters of the resolution on the matter of the poll tax. He was quite willing, he said, to have all men and women who paid the poll tax, enfranchised. Ald. Frost condemned the poll tax, and these expressions of opinion precipitated a somewhat lengthy discussion. The matter of poll tax will come up at a later meeting, however, and the subject was dropped without anything definite being proposed.

MICKEY MCINTYRE AND LEO KOSBICK DRAW

Saskatoon, May 19 - Mickey McIntyre, of Calgary, and Leo Kosbick, of Moorhead, Minn., boxed fifteen rounds here tonight, and although the decision was given, the general verdict is that it was a good draw. The boys mixed it from going to going, the last round, when they tried desperately to land a slow punch, was

HOW TO RESTORE YOUR NERVE FORCE

Every organ in your body is governed by a network of nerve wires. These nerves convey the power which runs the human machine. This power is called nerve force. Nerve force is a continuous stream of that strengthening, building, nerve-feeding force which is the basis of all health. Every sufferer should try Electro-Vigor. It is far cheaper than a course of drugging.

I have used my Electro-Vigor for some months, and I am feeling better in every way, and hard work is now a pleasure for me. I wish everyone who suffers from a rundown condition, weakness, kidney trouble or any other ailment, would give Electro-Vigor a fair trial. It is most pleasant and strengthening, and what it once removes never returns. Very respectfully yours, GOTTLEIN SMITH, Courtenay, B. C.

We Give It Free

Get our 100-page book describing Electro-Vigor, and with illustrations of fully developed, healthy men and women showing how it is applied. Plain language many things you want to know about a lot of good, wholesome advice for women.

If you can't call, we'll send this book, prepaid, free, if you will enclose this coupon. Consultation free. Office hours, 9 a. m. to 6 p. m.; Saturday, 9 a. m. to 8 p. m.; Sunday, 10 a. m. to 12 noon.

THE ELECTRO-VIGOR CO., 155 Hastings Street West, Vancouver, B. C. Dept. A. Please send me, prepaid, your free 100-page illustrated book. NAME: ADDRESS:

AN OPEN LETTER ON THE UNIVERSITY QUESTION ALBERTA NEEDS TWO UNIVERSITIES

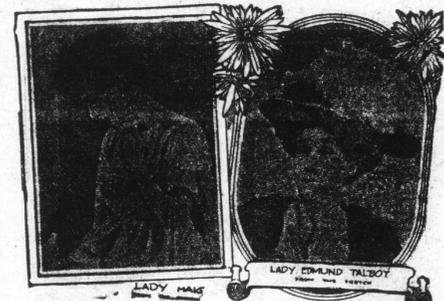

By Dr. T. H. BLOW

In my last article I touched on the services which can be rendered to a community by a modern institution of higher learning...

There are only four states in the American union in which there is but one university. These are: Arizona, with a population of 294,000 and an area of 112,029 square miles...

Need Has Been Demonstrated. The fact that Calgary university, named as it is by lack of degree-conferring powers and adequate accommodation, had over one hundred students this year...

DUCHESS OF CONNAUGHT'S CONTINUED ILLNESS STILL SHADOWS SOCIAL EVENTS

The continued illness of the Duchess of Connaught, who is as well known in America as she is in England, has overshadowed social events at the British Court. Quiet affairs are being given, however.

MORE RETURNING FROM ILL-FATED EXPEDITION

San Francisco, Cal., May 19.—Two members of the relief party that recovered the bodies of Captain Scott and companions, overcome by a blizzard on their return from the South Pole, arrived here today on the Royal Mail steamer Tahiti from Sydney.

Made Illegal Use of Bottles

At Red Deer, before Justice Joseph Wallace, on Saturday, H. R. Arnold was charged with illegal trading in bottles, which had been marked and labeled by other manufacturers.

Masonic Meeting

A regular meeting of Perfection lodge No. 3, A.F. & A.M., will be held at the Masonic temple, Alexander corner, Tuesday evening, May 20, at 7.30.

Your Friends

Treat your friends for what you know them to be. Regard no one as a friend until you know what they did, but what they intended.—Thorau.

Duchess of Connaught Improved

London, May 18.—The Duchess of Connaught passed another good day today, and the improvement in her condition is maintained.

THIS MORAL MAN LOST HIS MONEY

Most Impeccable Man in All Vancouver, if Not in All Canada, Is Minus Roll of \$125

Vancouver, May 19.—Franklin J. Harris, a negro, was sent to jail for six months this morning for the theft of \$125 from another negro, J. Whiteley. Whiteley's evidence disclosed him as self-confessedly the most moral man that lives in the city.

According to the story told the court he had been walking along Granville street when two other negroes approached him and commented on the fact that very few of the colored colony in Vancouver were sober and industrious.

"Sure, I'm hard-working," said Whiteley. "I earned all this money." At that he showed his two questioners a roll containing \$125.

"Let me see that," said a man who has since been identified as Harris. Whiteley handed over the money. The other man then desired to see what the money felt like, but when he got his hands on it he disappeared.

Mr. Elmer Jones, who appeared for the accused, tried to make the informant admit that he might have lost the money betting on a pool game.

THE VIRTUE OF THE LEAD PACKET The last process tea undergoes at the gardens is firing, to exhaust all moisture. The process is fatal to quality.

FOR FRESH FISH PHONE M3377. We make this our business, and our prices are: Halibut, 12 1/2-20 & 15c; Salmon, 20c & 22 1/2-30c; Cod, 12 1/2-20 & 15c; White Fish, 15c; Soles, 15c; Herring, 12 1/2-20; Shad, 15c.

Kaiser William's Only Daughter Is Happy and Jubilant Over Her Wedding Finery

Berlin, May 19.—Empress Augusta Victoria, who is the only daughter of Kaiser William, is at present at the residence of the Kaiser in the palace at Potsdam, where she is preparing for her wedding.

The bridegroom is of white satin and hand-made lace, made with a court train three and one-half yards long, and cost \$1,200.

WILL EXAMINE MANY BUDDING MUSICIANS

Algernon Linds, a distinguished musician and traveler, is at present at the Fraser Lodge. He will remain in Calgary for some days, being engaged as examiner for the Associated Board of the Royal Academy and the Royal Academy of Music.

HE DREADED BURIAL

English Lawyer Took Special Precautions Last He Should Be Buried Alive

London, May 19.—The late Mr. Henry Sacheverel Sherry, of Watford, a solicitor, whose estate is sworn at £170,000, said in his will: "I have got a dread of being put under the ground, I implore my executors to see that my body is put in a catacomb and not buried."

Poincare as Godfather

Paris, May 19.—On January 17 last, about five o'clock in the afternoon, a child was born to M. and Mme. Labrin, at Rheims.

Suggestion to Cubists

Who the Cubists get through with this exhibition, why don't they hang the pictures the other side up and have another one?—Boston Globe

The Bertram Vine Co. of First Street, west, closed its doors on Saturday evening after a most successful sale. The winding up of the company has been in the hands of Messrs. Pellett, Pender & Griffiths of Vancouver and London, England.

SEVEN YEARS IN PENITENTIARY FOR SHOOTING AT HIS NEIGHBOR

Stiff Sentence Is Handed Out at Macleod by Judge Stuart to Edward H. Harvey, Who Discharged Shotgun at Wm. McRae After Long Quarrel

Macleod, May 19.—Ed. H. Harvey, a farmer of Pinehear Creek district, was on Saturday sentenced to five years in the penitentiary by Justice Stuart after being found guilty on a charge of attempted murder.

Men Had Troubles Over Money Matters Which Came to a Head on March 26 Last—Shot Was Fired at a Distance of Only 20 Feet

Macleod, May 19.—Ed. H. Harvey, a farmer of Pinehear Creek district, was on Saturday sentenced to five years in the penitentiary by Justice Stuart after being found guilty on a charge of attempted murder.

Story of the Quarrel

Harvey and McRae are neighbors and have on several occasions had trouble with one another over money matters. It appears that Harvey owed McRae \$5 for baling some hay, so that McRae had garnished that amount from another farmer who had owed Harvey for some work which the farmer had done.

Shot at McRae

The letter asked McRae for a receipt for the hay, and after the receipt was written McRae asked about it, but he would not let Harvey get it, but he would not let Harvey get it, but he would not let Harvey get it.

FRENCH-CANADIANS LEAVE FOR ALBERTA

Exodus from U.S.A. to Canadian West Alarms New England Folks

Boston, Mass., May 19.—Whittinsville, a prosperous town thirty miles west of this city, is being rapidly deserted. In two days three hundred French Canadians, former residents of the province of Quebec, have left for Edmonton, Alta.

"Sober as a Judge."

North Vancouver, May 18.—Jas Hazlett declared to Magistrate Ruggies yesterday that he was "sober as a judge." "I'm not drunk," declared his worship, whereupon the case was referred to next Monday to clear up some point which is in doubt at the present time.

THOUSANDS RUSH TO JOIN THE JUVENILE POLICE FORCE

New Movement in Portland, Ore., Is Very Popular With the Boys

Portland, Ore., May 19.—Fully 600 youths, ranging from 9 to 19 years, appeared at the court house Thursday to be sworn in as members of the Portland junior police force, which is being organized to assist in the work of the juvenile court.

JAIL FOR "TURKEY TROT"

Unhappy Dancers in Kaiser's Empire Go to Durance Ville for "Light Fantastic"

Berlin, May 19.—For dancing the "lango" and the "turkey trot" after being warned that the violation of the laws concerning "public morals," a young man in South Germany was sentenced to six days' imprisonment and a fine of \$20.

EXHIBITION PRIZE LIST READY FOR DISTRIBUTION

Copies of the prize list for the Calgary summer fair now ready for the prospective exhibitors and will be sent out to all parts of the west. The sum of \$20,000 is offered in premiums and purses and there is such a variety of departments in which entries can be made that there is every reason to believe that there will be another record established in the number of entries which will be on exhibition at Victoria Park between June 30 and July 5.

Counter Charges Laid

Fred Monk was charged in the police court yesterday with obstructing a street car. There is much doubt about the case as the motorman seeks damages against Monk, while he too retaliates with a similar complaint. The case was put over till Thursday.

Hair Turning Grey or Faded?

RESTORED BY HAY'S HAIR HEALTH

There is no need of any one now-a-days having grey or faded hair, or dandruff either, that causes it to fall out constantly. Falling hair and dandruff ruin a beautiful head of hair in no time and grey and faded hair make you look so much older than you really are.

HAY'S HAIR HEALTH used regularly will bring your hair back to its natural color quickly and more effectively than any other hair restorer. Use it; just apply a little at night, according to the directions on the box. The Canadian government is working actively through agents all over New England to induce the Canadian-born people to return to their native country.

FREE: Sign this adv. and take it to any of the following druggists to receive a six size bottle of HAY'S HAIR HEALTH and 1 cake of HARPINA SOAP FREE. For HAY'S HAIR HEALTH and 2 cakes of HARPINA SOAP, for \$1.00. For HAY'S HAIR HEALTH and 4 cakes of HARPINA SOAP, for \$1.50. For HAY'S HAIR HEALTH and 6 cakes of HARPINA SOAP, for \$2.00. For HAY'S HAIR HEALTH and 8 cakes of HARPINA SOAP, for \$2.50. For HAY'S HAIR HEALTH and 10 cakes of HARPINA SOAP, for \$3.00. For HAY'S HAIR HEALTH and 12 cakes of HARPINA SOAP, for \$3.50. For HAY'S HAIR HEALTH and 14 cakes of HARPINA SOAP, for \$4.00. For HAY'S HAIR HEALTH and 16 cakes of HARPINA SOAP, for \$4.50. For HAY'S HAIR HEALTH and 18 cakes of HARPINA SOAP, for \$5.00. For HAY'S HAIR HEALTH and 20 cakes of HARPINA SOAP, for \$5.50. For HAY'S HAIR HEALTH and 22 cakes of HARPINA SOAP, for \$6.00. For HAY'S HAIR HEALTH and 24 cakes of HARPINA SOAP, for \$6.50. For HAY'S HAIR HEALTH and 26 cakes of HARPINA SOAP, for \$7.00. For HAY'S HAIR HEALTH and 28 cakes of HARPINA SOAP, for \$7.50. For HAY'S HAIR HEALTH and 30 cakes of HARPINA SOAP, for \$8.00.

MAN NATURE, YOU KNOW," SAID THE WITNESS

Whiteley's evidence was unshakable that he did not believe the prisoner's story to the effect that he had never seen the money.

Madam Woner

The Royal English Phrenologist

By the art of Phrenology she gives you truthful advice on the affairs of life. She is recognized as the most wonderful phrenologist in the world. Her reading will astonish the most enlightened and sceptical people.

Her advice is reliable; her information clear, concise and to the point. Love, courtship, marriage, divorce, speculation, property, insurance, oil and mining claims, etc. Does everything seem to you wrong? Do you feel that you are upon you? Has your life been empty? Do not despair. Let me read your mind. I will tell you what you are doing now, what you have done and what you are doing now. All told without asking a single question. She has helped others, why not you? Satisfaction guaranteed. Why not see the best? It costs no more. Hours: 11 a.m. till 5 p.m., 307 Elbow Avenue East (Upstairs), next door old post office.

THE VIRTUE OF THE LEAD PACKET The last process tea undergoes at the gardens is firing, to exhaust all moisture. The process is fatal to quality. The tea is then quickly placed in the airtight lead packets or lead lined chests which are soldered up and made airtight. When chests of tea come into the possession of some dealer they, unfortunately, cut the lead open and leave the tea exposed to the moist air for weeks, while all the time it is fast decaying. Remember, tea, however preserved, decays with age, but it will lose more in a week exposed to the air, than in six months in a lead packet. That is why "SALADA" tea is sold only in sealed lead packets; its native purity and garden freshness are perfectly preserved.

NEW HEBRIDES ISLES ARE A SCANDAL TO BRITISH RULE

Disgraceful Tales of Crime and Misrule Reach Sydney from Missionaries Who Visited New Caledonia—Facts Are Withheld

JAPANESE INFLUENCE BECOMES A MENACE

Islands are Administered by Joint Commission of England and France; the Gravest Offences Are Being Committed by Those in Power

Sydney, N. S. W., May 13.—"White women are unsafe in the New Hebrides and the condominium between France and Great Britain as applied to the islands is rotten. Also they are unsafe in the New Hebrides, and France has no honor in looking after the natives, while Britishers are committing the gravest offenses. These charges were made before the Presbyterian assembly at New South Wales by the Rev. Aloysius Paton, a missionary, who has spent some time in the New Hebrides.

Mr. Paton further stated that the condominium is entirely disregarded, and the whole business is a disgrace to Great Britain, especially in view of the fact that slavery is practiced on the islands. The missionary charged that the home office did not want things stirred up in the New Hebrides, and tendered the excuse that the islands are more trouble than any other country of the same size.

After the reverend gentleman had concluded his speech the assembly passed a resolution expressing regret at the continuance of abuses in the Hebrides. The assembly also urged the Australian and imperial governments to terminate the existing state of affairs.

Japanese Get Hold of Islands. Intense interest is being manifested in the New Hebrides, especially with regard to his assertions regarding the influx of Japanese into the islands. Other travelers are coming forward to testify what a wonderful hold the Japanese are obtaining there, and columns are being devoted to the matter in the newspapers.

The New Hebrides islands form part of the long chain of groups in the West Pacific known as Melanesia. They extend for about 700 miles, and all the islands are of volcanic origin, the largest being seventy by forty miles in area. They are administered jointly by France and Great Britain under a convention made between the two countries in 1906. Each country has a local resident commissioner.

It has been known for some time that the Japanese influx is not confined to the Hebrides, but extends to all the islands in the vicinity comprising Melanesia, New Caledonia, the largest island of all, and next in size to the Pacific to New Zealand, is being flooded with Japanese, many of whom are imported to work in the famous nickel mines.

A newspaperman recently went to New Caledonia to inquire into the Japanese question, and was met with refusals on every side. All sources of information were closed to him, but he was enough to convince him that the immigration of Japanese has already assumed the proportions of a serious menace, especially when it is known that Japan has her eye on Australia, and makes no secret of her designs on New Caledonia belongs to France, and lies about 800 miles from the nearest point of the Australian coast.

Prominent Railroader Dead. Montreal, May 13.—Flags floated at half mast today over the Grand Trunk station because of the death of W. B. Davis, traffic manager, who passed away suddenly this morning at his residence, Ashleigh, near St. Anne de Bellevue. The illness was of very brief duration. Mr. Davis having been in his office on Tuesday.

New Anglican Deacons. Prince Albert, Sask., May 13.—Thirteen graduates of Emmanuel College, Saskatoon, were ordained at St. Albans Cathedral as deacons of the Anglican church by the Lord Bishop of Saskatchewan at the morning service here today.

WEIGHT OF COIN DRAGGED HIM DOWN TO HIS DEATH

Evansville, Ind., May 13.—Weighted down with coins which he had taken in at his saloon, Edward Ruckmar, a saloon keeper, was yesterday in the Ohio River near here yesterday, when his launch upset. Ruckmar, together with Frank Yeager, was running a trout line, and when both leaned over the same side of the launch to pull in a large fish, the boat upset. Yeager was rescued. Ruckmar, whose body had not been found early today, had about \$100, mostly coins, in his pockets, and this is believed to have caused him to sink.

NANAIMO MINES CLOSED; NO WORK IS EXPECTED FOR SOME MONTHS

Strike Has Been Going Three Weeks and Men Are Now Leaving for Fernie

Vancouver, May 13.—Many Nanaimo miners are leaving there for Fernie and other coal fields where they expect to get work. The Nanaimo strike, which was called by the United Mine Workers of America, has been on for three weeks and the outlook is not reassuring and all Vancouver island collieries are now closed and may remain so for many months.

TWO "MOST ELIGIBLE" ENGLISH BACHELORS WILL MAKE EXTENSIVE TOUR IN AMERICA

The Honorable Neil Primrose, second son of the Earl of Rosebery, is one of the British members of the peace conference of the English speaking countries just ended in New York, which was held for the purpose of discussing the centennial celebration of the Great Treaty of Peace. He is a most eligible and wealthy young bachelor, and he inherited a large fortune from his grand mother, the Baroness Rothschild. Mr. Primrose, in company with the Honorable Charles Thomas Mills, will visit Washington to see the President, and they will go as far west as Chicago.

The Honorable Charles T. Mills, M. P., is the son and heir of Lord Hillsdon of England, and he, like his friend, is one of the richest and most eligible parties in all England. Mr. Mills is the "baby" of the House of Commons. He is a staunch conservative and has a wonderful career predicted for him by those who know him. Mr. Mills is also in America attending the Peace Conference of English speaking nations.

BALKAN FIGHTERS ARE BACK IN CANADA TO LAY MORE STEEL

War Has Turned Out Beneficial to Canadian West As Those Who Left Bring Back Mates

Moose Jaw, May 13.—Men who have been fighting in the Balkan war passed through the city today en route to work in railroad camps further west. They state that nearly all those who responded to the call to arms will return and will bring others with them who have heard of the possibilities of Western Canada. So far only a few have arrived back, but several hundred more are expected next week, arriving in small parties.

LIFE IS ONE BARNED THING AFTER ANOTHER

Rochester, N. Y., May 13.—Sparks from a New York Central freight engine set fire to some rubbish in a building van of the R. G. Costich Company when it was crossing Main Street East Bridge a few days ago. The barn lap burst into flames and set fire to the van.

One of the horses got a whiff of the smoke and saw the flames behind him, and the team bolted. Down the street the horses plunged, bearing a scared driver and the van blazing.

Setting the open gateway of the Otis lumber yards the horses veered and rushed through, drawing up inside a barn. The blazing van collided with the side of the barn and set fire to it. The fire department was called out and the flames were checked before they could communicate with the lumber piles.

BOY SHOOTS HIMSELF. Deprives Himself of Necessaries of Life for Indigent Mother, Then Starving, Suicides.

Paris, France, May 13.—A pitiful story of a boy's suicide comes from Poitiers. Last night a lad of fifteen years crept up to some artillerymen on duty in the street and begged for food. He was snubbed with cold, and his clothes were in rags and soaked with rain.

"I am cold," he managed to falter, with tears streaming down his face, "and I have had nothing to eat for three days."

Moved with pity, one of the soldiers Gunter Pouchard, gave the little fellow a piece of bread and a tablet of chocolate he had in his pocket, and took him under the shelter of his heavy cloak. Some time later the soldiers were relieved, and the lad had to leave his benefactor. He crept away again into the darkness, and a minute later the sound of a shot was heard. The boy had shot himself through the head.

When his body was searched there were found on him a birth certificate and several testimonials from hotel-keepers for whom he had worked. There was for \$1 which the boy had sent at the end of last month to his indigent mother.

RAILWAY COMMISSION IN CALGARY MAY 26, EDMONTON MAY 27

Will Consider Complaint of the United Farmers of Alberta and J. J. Mogridge, Hanna, Alberta, Relative to Alleged Damaged Pastures

ON ACCOUNT OF LACK OF PROPER FIRE GUARDS

Will Also Consider the Application of Lethbridge for Permission to Construct Highway Across the Right-of-Way of the C.P.R.

Ottawa, Ont., May 13.—The board of railway commissioners has issued complete lists of cases to be heard by the board at sittings to be held at Winnipeg on May 30; Regina, May 29; Calgary, May 28, and Edmonton, May 27.

Applications of the Canadian Manufacturers' association and the Hamilton board of trade for an extension of the Canadian car service rules so as to include a rule known as the "average demurrage plan."

Consideration of the question of reciprocal demurrage and its suggested application in Canada.

The application of the Canadian Freight Association for a ruling of the board as to the proper allowance to be made from track scale weights on various commodities.

Several applications regarding local spur tracks, etc., and the Dominion Express company for approval of free delivery limits proposed for Swift Current.

Applications of the Canadian Manufacturers' association and the Hamilton board of trade for an extension of the Canadian car service rules, so as to include what is known as the "average demurrage plan."

Some Alberta Complaints. As Calgary: Application of the city of Lethbridge, Alberta, for authority to construct a highway across the right-of-way of the C. P. R. by extending Twenty-first street southward to the city of Lethbridge, Alberta.

Complaint of United Farmers of Alberta, relative to alleged damaged pastures, etc., on account of the improper fire guards on the line of C. N. R. in the vicinity of Strathmore, Alberta.

Application of the G. T. P. company under section 257, for authority to construct certain streets in sections 12, 13 and 14, township 24, range 1, west 12th meridian, in the city of Calgary, Alberta, mile 193.1 to 200.5.

Application of the C. P. R., under section 25, from an order rescinding or varying order of the board, No. 18, 771, so as to provide that the rails in certain localities and shippers. (Rescind demurrage and its suggested application in Canada.)

Application of the Canadian Freight Association for a ruling of the board as to the proper allowance to be made from track weights on various commodities.

DIED OF A BROKEN HEART

Death From This Cause Does Occur in Real Life, Not in Novels Only, Say Doctors.

London, May 13.—An inquest was held yesterday by the city coroner on a man who was said by the doctor to have died from a broken heart. The deceased was Alexander Burness, 64, master tailor, of Octagon-villas, Epping New road, Buckhurst Hill. He had recently terminated a sharing agreement with a tailoring firm in Clement's place. Last Wednesday he was engaged in checking his part of the fittings when the foreman cutter disputed that a coat stand was his. This annoyed him. He walked to another room, where he rested and fell. He was found to be dead.

Dr. H. J. Couchman stated that death was due to a broken heart, and the immediate cause of that was sudden emotion.

The coroner: You have heard there was some difference of opinion at the interview? Dr. Couchman: There had been evidently some violent emotion caused by either disappointment or anger. He was a healthy man, but there was some inflammation of the lungs, which, of course, would have an effect on the heart.

The coroner: This was a somewhat unusual form of death?—Yes. The coroner: We read occasionally in novels of such deaths from emotion, but I suppose, doctor, they do occur in real life?—Yes.

A verdict of death from natural causes was returned.

Police Chief in Pyjamas Arrests Four. Canton, Ohio, May 13.—Chief of Police Smith had just laid his head on his pillow last night when he was aroused by a noise outside his house such as is made when four men vigorously disagree and swing their fists.

Clad in his pyjamas, the chief burst into the street among the contestants and in a few minutes had them on their way to a police station.

Scotch Immigrants Coming. London, May 13.—A Glasgow despatch says another 2,000 Scotch immigrants left that port for Canada and the United States yesterday. The Presbyterian carries 450 for Quebec and Montreal; the Athenia 850 for Montreal, while the Cameronia embarked 300 for Canada and the United States.

ECZEMA FROM HEAD TO ANKLES

Tortured With Terrible Itching and Burning, Scratched Until Tore Flesh, Lay Awake for Nights at a Time. Used Cuticura Remedies and Found a Cure.

St. Oia, Ontario.—"When I was ten years old I began to be tortured with a terrible itching and burning of the skin, and was told it was eczema. I have had it right along for seven years steady, it getting worse every year. I was affected from head to ankles. It seemed to appear like blisters at first, then I would begin to scratch until I tore my flesh. It would always be at its worst at night. I have waked myself up at night scratching and my fingers would be just stiff and cramped from scratching, so that I would be hardly able to straighten them out. My hair I have suffered. My face and whole body would be just a mass of blotches red as fire and after having soap and water on my face then I would begin to burn. I have lain awake for nights at a time when my eczema was at its worst.

"I would be tortured for months at a time. I was getting not only disfigured, for nothing helped, but completely disabled also, but dame fortune smiled upon me one day in the summer of 1910 and laid before me an advertisement of Cuticura Remedies. I used them according to directions and after a few applications I began to feel and see relief ahead. It is nearly six months since I first began and I can truthfully say I've found a cure." (Signed) Miss Louise E. Wilson, Dec. 12, 1911.

Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. For a liberal free sample, with 25¢ book, send post card to Potter Drug & Chem. Corp., Dept. 381D, Boston, U. S. A.

ANOTHER GAS STRIKE MAKES ELATION AT ATHABASCA

Whole Region Is Underlined With Natural Gas, and Oil Is Looked For Too

Athabasca, May 19.—Another great strike of natural gas occurred in well No. 4 on the east side. At the roughest computation there is a pressure of 7000 pounds to the square inch, which means, approximately, a flow of between two and three million feet of gas a day. Gas was struck some time ago in this well, but it was only a pocket and it was decided to continue the boring in the hope of striking the main strata. The result has exceeded all expectations.

Only one other well in Athabasca so far has given such a yield, and that is well No. 3, situated in the centre of the town at Coles street, which was struck on the 17th of March last. This well is still yielding as well now as on the day it was struck and there is every reason to suppose that it will do likewise. These two wells are about a mile apart, and are abundant proof that this whole region is underlined with gas.

These two wells, together with wells Nos. 1 and 2, which have been in operation since last fall, already assure Athabasca a supply of between five and six million feet of gas a day, and there are eight more wells yet to be bored this summer. The value of this resource, coal notwithstanding, being estimated, but at the lowest estimate there should be enough to meet the demands of a city of at least 30,000 population both for light, heat, and power.

A PROPOSITION IS UNDER WAY TO CONTINUE DRILLING OPERATIONS FOR ALL THE GAS IN THE REGION, FOR THE PURPOSE OF FINDING OIL, WHICH IS GENERALLY FOUND IN GAS REGIONS, SINCE AT A MUCH LOWER STRATA. SCIENTIFIC AND GOVERNMENT RECORDS SHOW THAT THE ATHABASCA REGION IS RICH IN OIL PRODUCTS AT CERTAIN DEPTHS, AND THERE ARE ALSO WORKABLE SEAMS OF GOOD QUALITY COAL IN THE VICINITY, COAL OUTCROPPING BEING PLentiful RIGHT INSIDE THE TOWN LIMITS. ALL THESE GREAT NATURAL RESOURCES, TAKEN IN CONJUNCTION WITH THE RAILROADS AND NAVIGATION FACILITIES, SHOULD MAKE ATHABASCA THE GREATEST OIL CENTRE IN CANADA WEST OF THE GREAT LAKES.

MANUFACTURERS' TRAIN WILL ARRIVE HERE ON JUNE 7

Official Welcome from Board of Trade—Western Men Are Giving Exhibits

The "Made-in-Canada" train will arrive in Calgary on June 7 and will give an official welcome to the members of the Calgary board of trade. The council at its meeting last week came to the conclusion that it would only be proper and fitting that the representatives of Canadian manufacturers should get a great reception in Calgary. The general impression that the train is composed of Canadian manufacturers is hardly correct as the following list of the exhibitors who have a display of their manufactures on the train will show.

- Smart-Woods, Limited, Montreal;
- Montreal Textile Co., Ltd., Montreal;
- Penmans Limited, Paris;
- Canadian Cottons, Ltd., Montreal;
- Dominion Oil Cloth Co., Ltd., Montreal;
- Ames-Holten-McCreedy, Ltd., Montreal;
- Ross Rifle Co. of Canada, Quebec;
- Rock City Tobacco Co., Ltd., Quebec;
- Sherwin-Williams Co. of Canada, Ltd., Montreal;
- Tools Bros., Ltd., Montreal;
- Canadian Kodak Co., Ltd., Toronto;
- National Cash Register Co., Ltd., Toronto;
- Crompton Corset Co., Ltd., J. J. McLaughlin, Ltd., Toronto;
- Crown Hat Co., Ltd., Galt, Ont.;
- Canada Furniture Mfrs., Ltd., Woodstock, Ont.;
- Toronto Carpet Mfg. Co., Ltd., Toronto;
- Mason & Birch, Ltd., Toronto;
- Consolidated Optical Co., Ltd., Toronto;
- Christie, Brown & Co., Ltd., Toronto;
- Wm. Davies & Co., Ltd., Toronto;
- Pure Gold Mfg. Co., Toronto;
- Clare Bros. & Co., Ltd., Preston;
- The Stronach Co. of Canada, Ltd., Hamilton;
- Ontario Government; George Weston, Ltd., Toronto;
- Alaska Bedding Co., Ltd., Winnipeg;
- Royal Crown Soaps, Ltd., Winnipeg;
- Dominion Cannery, Ltd., Hamilton;
- Robin Hood Flour Mills Co., Ltd., Winnipeg;
- Northern Electric and Mfg. Co., Ltd., Hamilton;
- Brandon Industrial Bureau, Brandon, Man.

BIG Auction Sale

OF NATIVE Range Cattle and Horses

at ALBERTA STOCK YARD, CALGARY.
Tuesday, May 27
At 1.30 p.m. Sharp

The undersigned will sell the following—

CATTLE

220 head or more 2 year old steers registered. Clyde station, weight 1800 lbs., 6 years old, a sure foal getter. This horse is an exceptionally good type. Papers on view at time of sale.

The above cattle are a choice lot of native stock Shorthorn and Hereford bred, and having been well wintered, are in fine shape to go on the grass for early beef.

The horses are Clyde bred, the grown stock well broken, and the mares have been tried.

The cattle will be sold in bunches.

Terms Cash.

R. A. JOHNSTON, Auctioneer.
