"ART OF ANCIENT GREECE" INTERESTINGLY DISCUSSED BY MISS RUGGLES

It was an interested party of C. G. I. T. girls that gathered on Friday evening, December 1st, to hear the talk on "Art of Ancient Greece," Miss Elizabeth Ruggles had given a real study to her subject, and what she told was made very attractive by the pictures shown in illustration. At the close Mrs. Duncan thanked Miss Ruggles informally, for all the groups, and all showed their appreciation by standing en masse. Both girls and grown-ups present felt they had spent not only an entertaining hour—but an hour well worth while.

Young Bride, (proudly): "I never have to. Charlie's such a sound sleeper."

BRIDGETOWN BAND RE-ORGANIZING

Good Meeting Held on Monday Evening to Take Preliminary Steps

On Monday evening a very well attended meeting was held in the Council Chamber for the purpose of taking initial steps toward the re-organization of the Bridgetown band.

There was a pleasant hour spent in discussion of plans for the immediate future, the getting together of all old members of the band available and of adding to its strength through new members. Another meeting will be held on Friday night in the Council Chamber when officers will be elected and other organization work further gone into.

All who are interested in the band should make it a point to attend. Monday evening's meeting was enthusiastic and if THE MONITOR may venture a prediction we would say that the movement is going to be a success. Let each person take note and do what they can and only complete and gratifying success can crown the efforts.

Bridgetown, we understand, had some years ago, a very good band which was improving all the time. When the war came in 1914, the band lost members in various ways. There was a generous response from our citizens when the call to the colors came and the promising future of the band was for a time obliterated. Now the time has come to revive, re-organize and enlarge the town's musical organization. At Monday night's meeting could be seen a number of the members of the old band who stood with it through stress of all kinds. There was also young blood enthusiastic and anxious to get away on the new start.

Annapolis and Middleton both have bands of which they are proud, and it has been a visitor at the home of Mrs. S. Primrose. The funeral of the late Edward Primrose took place at the home of Mrs. Buckminster, Dorchester. The service was conducted by the rector of St. Mark's Church, Columbia Road. From there to the beautiful Forest Hill cemetery. The flowers were many and of great beauty.

GRANVILLE FERRY

The Misses Bernasconi, North Sydney, arrived on Monday and will spend the winter months with their parents, Mr. and Mrs. G. A. Bernasconi.

Archbishop Worrell administered the rite of confirmation to eleven candidates in Holy Trinity Church on Friday evening.

Mrs. G. E. Skerry, of Lakeville King's Co., was a guest at the home of Mr. and Mrs. F. E. Wood last week.

Mrs. G. Stewart Armstrong and two children, of Banff, Alta., having spent the past two months with relatives and friends, left for home Friday.

Mr. Rex Harlow, of Middleton, has been a guest at the home of Mr. and Mrs. W. Merriam the past week.

Mr. James A. Langille went to Truro last Friday to attend the funeral of his sister, Mrs. Peter Bennett.

Quite a number from the village are attending the Evangelistic services held by Mr. and Mrs. Louise in St. George's Church, Annapolis Royal.

Mrs. Wallace Parr returned home from Newton, Mass., Tuesday.

Mr. Samuel Pickup spent several days in Halifax last week.

Mrs. George Wagstaff left last Thursday for Port Greville to attend the funeral of her grand daughter.

Mr. and Mrs. Frank McNaught spent last week in Halifax.

The young ladies of the (Dot) Club were very pleasantly entertained at the home of Mr. and Mrs. Ralph Ritchie on Wednesday evening.

LAWRENCETOWN

A clergyman in one of the Lawrencetown churches complained that he was asked to preach about the League of Nations, he remarked that in these times demands were made to speak on law, medicine, war, peace, education, temperance, at last upon salvation. A Wolfville pastor, bravely said he would select his own subjects in future.

Nothing new could be said about the League, that it was still living, and that uncle Sam had not joined, but was watchful, and waiting, as usual.

After the morning service in the Baptist Church, Mr. Edgar Shaffner was requested to address the congregation on the subject, Memorial Organ, that the ladies are trying to purchase. This gentleman is a pleasing speaker. He spoke of those who had given all for King and Country, by their sacrifice we were safe. No enemy had ruined our beautiful valley homes. Then let us do this in memory of our men, who now rest in foreign lands. Some of them often listened to hymn and sermon in this church. Now we want a good organ. He then asked for money, and ten, five, two and dollar bills were showered upon him for this noble cause. A splendid response was made to his appeal.

Monday evening "The Brotherhood" met in the vestry of the church. A dinner was given by the ladies; it was greatly enjoyed. Then came speeches, wit and wisdom, song and eloquent addresses, gave great pleasure to the company. Rev. Mr. Whitman, W. Rackham and Mr. Hill all took part in this good work.

Monday evening the Methodist ladies met at Mrs. C. Patterson's, where a Sewing Bee was held. Needles flew, thimbles flashed, and conversation was bright and pleasant. Ladies asked to bring their husbands. Those who did not own such treasures brought a sister or a visitor. Some gentlemen came and added to the enjoyment of the meeting.

Mrs. J. Primrose, of Bridgetown, has been a visitor at the home of Mrs. S. Primrose.

The funeral of the late Edward Primrose took place at the home of Mrs. Buckminster, Dorchester. The service was conducted by the rector of St. Mark's Church, Columbia Road. From there to the beautiful Forest Hill cemetery. The flowers were many and of great beauty.

Mr. John Sproule, of Paradise, has been spending a few days with Mrs. L. Stoddart.

Mr. R. Stoddart, South Lawrencetown, has been ill, a severe cold, but is now, we are glad to say, getting better.

An aged lady, Mrs. Balcom, has been poorly for a week or so.

We regret to report that Rev. and Mrs. Toole, on their way home to Ranlan had a bad accident. The auto went over a bank or curb in the road. Mrs. Toole was seriously injured. Both were rushed to a hospital.

At last report both were better, but Mrs. Toole still suffering from the accident. Mr. and Mrs. Toole spent some time in Lawrencetown last Summer and where they made many friends and are most kindly remembered by all who had the pleasure of meeting them. Mrs. Toole is a daughter of Mr. I. Durling, of this town.

A strange rumor has been going about town—A well known firm has put on sale some new food for poultry. A member of the place purchased a package. He fed the hens in the evening. Next morning he went to the barn, and there, on the floor, were two large fresh eggs! The owner was delighted, but he thought what haste the hens were in; took no time to go to the nest, as well trained hens do, so he thought there was something strange about the matter—but ate the eggs. Perhaps

the mystery may yet be solved.

Mrs. Charles Patterson has gone to Grand Pre to see her mother, Mrs. Fullerton, who is ill from the effect of a bad fall. Mrs. Fullerton spent some weeks in Lawrencetown last Summer.

Mrs. Judson Balcom, a lady forty-three years old, has been, for a long time, bright and active, is now quite poorly. Mrs. C. Balcom and her sister, Mrs. Durling, have also been suffering from severe colds.

Friday last some excitement was caused by an auto overturning in the vicinity of the bridge. No one was injured.

A large plate glass window in Shaffner's store was broken by a new one.

The Town Council held their regular monthly meeting on Friday evening last, Mayor Warren presiding. A number of O. K. bills were ordered paid.

Chief of Police Boyd A. Bishop presented his report on water rates collection and it was received with much gratification by the Council and it is believed constitutes a record in tax gathering. Some seventeen hundred dollars was outstanding on water rates. The Chief has this all gathered in but forty dollars and this will be very shortly forthcoming as well. The Council showed their appreciation by granting the Chief a week's holiday to visit his old home at Sandy Cove.

Mr. Lewis Mitchell fills the duties of Chief during the absence of Mr. Bishop.

After the discussion of some minor matters of routine the Council adjourned.

An Evangelistic campaign conducted by Evangelist I. S. Corelius of Wisconsin will begin at the Advent Church on Sunday, Dec. 3rd.

The fellow students of Shirley Inor, of Oakdene school, gave him a surprise party on Tuesday evening at his home. The time was spent in playing games. During the evening delicious refreshments were served.

PASTOR ROBBINS RESUMES SERVICES

The many friends of Rev. C. W. Robbins were pleased to see him able to resume his regular services on Sunday at the Baptist Church, after a trying illness with flu. It is pleasing to note that Mrs. Robbins and children who have had the same experience, are now much improved in health.

PARADISE

Paradise was favored with a good entertainment Thursday night, given by the Institute in Longley's Hall. Miss Bridge, Miss Marshall, Miss Campbell, Mr. Donat, Mr. Arthur Whitman and Mr. Avar Longley presented a short play entitled "Aunt Melissas' Money." A humorous reading in negro dialect was given by Miss Campbell, primary teacher.

Special feature of the programme was music. Mr. Rackham, Miss Ethel Shaffner, of Lawrencetown, and Mr. William Donat, of W. Paradise, sang solos, which were much appreciated.

Miss Marion Durling sang a duet with Miss Bessie Durling and also one with Mr. Donat. The attendance was good in spite of so much illness from colds and whooping cough. The proceeds of the evening were \$23.55.

The Church Aid Society held its quarterly business meeting Tuesday, November 28th, at the home of Mrs. H. W. Robinson. Mrs. Norman Longley, the President, was in the chair. The treasurer, Mrs. Joseph Longley, made an excellent report showing \$112.50 to have been raised by the Society since July. The afternoon was a very profitable one from a business standpoint, and was well conducted by the President, Mrs. Robinson, assisted by a committee, served tea, which is made a special feature of the quarterly business meetings. The attendance was fair in spite of the stormy afternoon.

It is now two years since our R. R. station burned down. Nine months ago a very enthusiastic petition was sent to headquarters for a new one. The people of Paradise have a reputation for being long-suffering and patient. We trust that the powers-that-be are not taking advantage of this fact.

We are very sorry to report that one of our school girls, Louise Jackson, has developed pneumonia with whooping cough. Faith in our physician's success in all such cases, of god nursing and the prayers of all interested gives us hope to believe that Miss Louise will soon be out of danger and convalescent.

MANY N. S. CATTLE PRIZE WINNERS AT TORONTO FAIR

Judging of the dairy breeds, with Ayrshire, Holstein, Jersey and Guernsey males in the ring started at the Royal Winter Fair, Toronto. The four breeds were well represented as regards both numbers and quality, the total entry of dairy cattle being the largest ever made at a show in Canada.

The feature, as regards number of entries, was provided by the Ayrshires, with 412 animals, by far the largest showing of the breeds ever made in America. Fifteen breeders from Quebec and the Maritime Provinces are showing here this year and three United States herds are represented. Guernseys are the strongest gathering ever seen at a Canadian show with 134 entries, the Province of Nova Scotia being strongly represented in the classes for that herd.

Some results of cattle judging were as follows:—

PROHIBITION AND CRIME

Dominion statistics show that in recent years there has been a marked decrease in convictions for assaults, cruelty to animals, vagrancy, insulting, obscene and profane language, disorderly conduct and keeping or frequenting disorderly houses. The reduction is from 33,253 to 19,236. It may be said that these are minor offenses, but they have an intimate relation with the conduct of life. The offenders are not, perhaps, criminals of a dangerous type, but they are leading idle, sordid and ill-regulated lives, and they are a source of weakness to the community.
The great reduction in offenses of this kind is an encouraging sign of national progress, and it is impossible for any unprejudiced person to deny that it is due largely to prohibition and to the falling off in the consumption of intoxicants, which weaken the will and stimulate the passions.

RURAL DEANERY MEETING

The clergy of the Rural Deanery of Annapolis will hold their Winter "Chapter" meeting on Monday and Tuesday of next week at Clements-Point. The "ad clerum" preacher on this occasion will be the Rev. T. C. Mellor, rector of Annapolis Royal. Whilst papers for discussion will be contributed by the Ven. Archbishop Watson, rector of Granville Ferry; the Rev. W. Driscoll, rector of Dix's Smith, rector of Clements-Point; the Rev. Canon Mearns, rector of Middleton; and the Rev. Canon Testament.

POSTAL RECIPROcity

A conference is soon to be held at Ottawa between the postal authorities of Canada and the United States at which plans will be considered to facilitate the exchange of mail matter between the two countries. The conference should result in immediate improvement of the international mail service between the Dominion and this country. Certain differences between the postal practices of Canada and of the United States do not relate to essential matters and could easily be removed. There is insufficient provision for reciprocal action. The adjustment of these difficulties would make for greater speed and the lessening of confusion.

Among the twenty-five separate topics which are to be discussed is the adoption of uniform money orders for both nations. Exchange of postal equipment is another. An effort will be made to secure more direct handling of routine inquiries concerning missing mail matter. Extension of runs by United States mail clerks into Canadian territory will be taken up. Provision will be made for direct correspondence between the post-masters of the two countries.

The economic and commercial relations between Canada and the United States constantly grow more intimate, and the best interests of both countries call for co-operation such as will be proposed at the postal conference.—New York Herald.

ADVERTISING HAS COME TO STAY — CAN'T GET AWAY FROM IT

Let us ruminate for a little on advertising, an art which is, perhaps, the most important cog in the wheel of industry. What the poet meant to say was "Sweet are the uses of advertising," but he got balled up and put "Adversity" instead.

Longfellow, who also wielded a poetic pen, might well have supported this opinion by the judicious rearrangement of the lines:—
History backs up the poets, as witness the old Roman who, after he had cleaned up his enemies put the following "ad" in the Roman Eagle, "Veni, Vidi, Vici." (I came, I saw, I conquered), so that anyone needing a good "general" would know where to apply.

Imagine, if you can, what life would be without advertising. Your morning paper would probably consist of a column and a half, your favorite weekly would be trimmed down to its covers and little else; your life would be ignorant of the fact that electric washers were now \$129.50 instead of an even \$200, or that "Pale Pills for pink people" had cured a Hamilton woman (photo attached) of sitting up for her husband on lodge nights.

Gene would be the poor man's picture gallery which adorns our waste spaces, the street cars would cease to carry pictured passengers, in every stage of undress, on which the mere male fixes his eye so that he may ignore the young lady, somewhat similarly attired, who hangs onto a strap; the army of artists in word and picture, who make advertising a means of keeping body and soul together, would be deprived of their livelihood and swell the ranks of the unemployed, who cut off from their only source of amusement, the reading of advertisements for "Help Wanted", would rise in bloody revolution and bring the world in ruins about our ears.

You can't get away from it! Advertising has come to stay and it behooves us to bend and fashion it to our own uses, for, like fire, it is a good servant but a bad master.

This last statement is beyond controversy. We have known occasions on which a perfectly healthy subject sat down to digest the facts set forth in a patent medicine "ad" and before finishing the job was rushed to the hospital and operated on for gall stones, appendicitis, fracture of the skull and housemaid's-knee. We have seen otherwise sane and loving womenfolk, rave, scratch and bite to gain the counter where, according to the "ad" silk hose down to unprecedented figures were assured of sylph-like beauty at bargain rates. Otherwise practical men have, at the lure of real estate agents, purchased "town lots" in the centre of a howling wilderness and words fail to describe a tith of the hairbrained, lost-to-reason escapades that have grown out of the word-pictures of that modern Ananias who specializes in Oil Prospectus' fiction.

So much for advertising as a bad master, but as a servant let us hasten to realize its worth. Think of that weighty volume emanating from one of our department stores, which has become justly famous as "The Home-steaders' Bible"; consider how your bodily, household, spiritual and mental needs are made the subject of column upon column of ministering to them. If there is anything you crave, from a railroad engine to a wife, you can find the merits thereof set forth in detail, with the price, dimensions and specifications, in the all-powerful, all-engrossing and ever-present advertising pages of any paper, magazine, book or similar object you care to lift, whilst the blank walls, roofs, boardings and electric signs strive with each other to shriek aloud your needs and point you to the desirable haven where they may be attended to.

NEW USE FOR WARSHIPS

France has equipped two of her cruisers into showrooms in which are exhibited the finest examples of French handicrafts and manufactures, as well as works of art. It is planned to make a tour of the entire world, and to show the exhibits in the ports of every nation that has a seaboard and a port into which the warships can enter. This is an example that Canada might follow with advantage. We need new markets; we need to have our products and our manufactures more widely known; and we need above all a sane and intelligent medium through which Canada and her resources may be impressed upon the minds of people in other countries. There could hardly be a more direct method of accomplishing these ends than by the despatch of a couple of ships, or, say, one ship, on a world tour, carrying examples of Canadian products, manufactures, handicrafts, and art, and a civil commission, composed of a few experts divorced from politics, to exploit this exhibition to Canada's advantage. It is a scheme well worth the consideration of the Federal Government.

SCHOONER LUCILLE B. ON THE ROCKS

Nova Scotia Vessel Has Large Cargo Of Dry Fish For Gloucester.
 Yarmouth.—The sixty-seven ton Weymouth schooner Lucille B. Capt. Leander Pothier, is in serious trouble at Port LaTour, Shelburne County, where the vessel completed loading a cargo of 155,000 pounds of dry codfish for the Gorton Paw Fisheries of Gloucester, Mass., purchased for that concern by Delmar C. Outhouse, of Tiverton. The schooner was already on its way to that United States port, and about two o'clock Tuesday morning the vessel, in the heavy easterly gale, dragged ashore.
 Two hours later the water was coming in over the forecastle floor, and Capt. Pothier and the crew were obliged to leave the craft. The cargo consists of the dry codfish, and a large percentage of it is made up of exceptionally large cod. The Lucille B. was built at Church Point, Digby County, in 1921, and a few months ago figured somewhat prominently in a run running episode in the eastern part of the Province.

HAMPTON

On Wednesday fire broke out in the attic of the dwelling of Clinton Collins. For a short time it looked as if the house was doomed, as smoke was pouring from the roof in all directions in a very short time. About all the neighbors were on the scene and while some threw out the furniture, others succeeded in overcoming the fire, but not before it had burned through the first floor and done considerable damage.
 Glad to report that Mr. Bernard Mitchell, who broke his leg recently, is doing as well as can be expected.

SONGS OF THE OKANAGAN

An Eden of the North
 (By Bliss Carman.)
 I hear the sweet larks crying.
 The soft wind in the pines
 Is like a great sea sighing
 For what its heart divines.
 The hills stand up in splendor;
 The dark blue shadows lean
 Against them deep and tender;
 The dust-pure air is clean.
 From Skaha go Osoyooos.
 The temperate days go by
 With simple life and joyous
 Under a stainless sky.
 The grey unbroken benches
 Are crowned with yellow sage,
 And ageless beauty quenches
 The fever of our age.

HOWARD CORNING

Attacked by Bull
 Member of Nova Scotia Legislature Badly Injured at Toronto.
 Howard W. Corning, M.P.P., of Chagoggin, N. S., was seriously injured while in the stock sheds at the Royal Winter Fair last Tuesday when he was attacked by a Guernsey bull. He had a shoulder dislocated and a fractured hip. Mr. Corning, who represents in the Nova Scotia Legislature, is one of the heaviest exhibitors of Guernsey at the show, and was looking at a strange animal when it rushed upon him and inflicted injuries before help could be secured. He was taken to Grace Hospital. Physicians stated that Mr. Corning was resting comfortably.

N. B. APPLES BEST DISPLAY AT FAIR

Frederickton.—"An eye-opener to Ontario and everybody else," is the phrase by which Harvey Mitchell, Deputy Minister of Agriculture of New Brunswick, characterizes the display of apples made by the Horticultural Division at the Royal Winter Fair, Toronto. The display of apples was the best in the show and that in spite of the fact that the apples were said to have been very roughly handled in shipment. The rough handling accounts for the failure of the Fameuse to win prizes. Other varieties won many prizes as announced previously.

NOVA SCOTIA SHIP WRECKED: CREW SAFE

Booth Bay.—The Nova Scotia three masted schooner "Barbara W.," loaded with fertilizer and bound to Wolfville from Boston, was caught in a snow squall and driven on the rocks off South Port Tuesday.
 Captain Tower and his crew reached shore with the assistance of coast guardsmen. The schooner sank soon after they had abandoned her.

THE FALL WEATHER HARD ON LITTLE ONES

Canadian Fall weather is extremely hard on little ones. One day is warm and bright, and the next wet and cold. These sudden changes bring on colds, coughs and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WILL ATTACH BUFFET CARS TO C. E. TRAINS

Sydney.—As a result of continued agitation, buffet cars will be attached to all express trains on the Cape Breton sub-division C. N. R. officials announced recently. Commencing early in December the buffet car, Cape Breton, will leave Sydney on the night express, and serve lunches until midnight. At Point Tupper it will be picked up by the incoming morning train and provide breakfasts for two hours before reaching this city.

PUNCH BOARD

I see in your paper of Wednesday 22nd in the Clementsport items "Gambling" a la mode Poker. In holy horror we hear those condemned who indulge in the game. I think the law of our Lord forbids it being played you call it a gambling game. And as for bridge being played for so much a point, to my way of thinking would be gambling where money is played for. If the money is left out I would not think there was any gambling,—and I do not think it would lead to any everlasting trouble. Spotted cards of themselves are harmless. But, like many other things, can be used and made harm of. As for the punch board in the village store, and its many holes; and every punch you get a collar button, if nothing else,—so every one is sure of a collar button. The player pays ten cents and punches there for themselves, while lots of times I have seen a cake or a pie, or needle work left over at a church tea or sale and so at the end it would be valued at a certain amount and tickets sold to cover that amount. When it is generally some one uninterested that puts their hand in a box or hat, or whatever it might happen to be, and draws a number which is compared with the person's numbers who have paid for the chance. The others don't even get a collar button.
 —Clementsport.

VIOLATIONS OF GAME ACT

Three cases of violations of the game act came before Magistrate Adams recently. One resident of Little River was charged with killing a calf moose. The moose in question was said to have been of large size, but the points on its antlers were not quite so big as the law requires. The horns had been sent to the game warden by the accused, in order that the size might be checked. A fine of \$150 and costs was struck. Another resident of Coldbrook was charged with leaving the head of a moose in the woods and \$50 and costs was his assessment. Another case in which the killing of a cow moose was alleged, was postponed until Tuesday. J. M. Trueman acted for the chief game warden in these cases.—St. John Telegraph.

SUPPORT THE BAND

In another column will be found references to the initial steps being taken to re-organize and re-vivify the Bridgetown band.

This is a movement which will, we are sure, meet with the general approval and support of all classes of citizens. Among the institutions which go to develop civic pride and advertise a town favorably. A well equipped and well organized band stands well up to the front. It is at once a source of pride and pleasure to the population in all classes, ages and conditions, and an evidence of progression and refinement which receives the most favorable comment from the many visitors to a town.

Thousands upon thousands have been delighted at various times to hear musical programmes played by well known civic bands, but how many have considered for a moment the time and painstaking effort involved in the productions rendered?

The members of practically all our town bands have given of their time and of their money to develop a musical organization in which they could take a proper and reasonable pride. The general public has received the results with complacency, but have made no practical efforts to encourage what all will admit is a source of pleasure and satisfaction to inhabitants of all ages.

It is true to say that this is not as it should be. Bands are a source of pride and a source of pleasure to all citizens but with some notable exceptions the civic support given to them in this Province is distinctly uncreditable. The average band gives freely of its efforts to all citizens and personally we think that any town should be proud to make an annual civic grant to its band. All citizens share in the pleasures of its musical programmes and would share more did they bestow even a small measure of practical recognition.

There are people who have never looked at the question just in this way. The people who oppose and cry down appreciative support to a town band are usually the people who oppose parks, public welfare work and efforts generally which have as their object a general improvement for the condition of all inhabitants as opposed to benefits of a more restricted character.

The MONITOR proposes to refer to this subject again at an early date, and believes that the citizens of Bridgetown will welcome the re-organization and development of a first class band in the community and will give it their best encouragement and support.

CORRECTION

The letter published last week from Mr. Fred E. Cox, Middleton, contained a typographical error in its reference to Kings County orchards. "Ten to twelve acres" should have read "Ten to twenty acres."

THE PUBLISHERS RESPONSIBILITY

More and more difficult every day is the choice of good reading—the kind that nourishes the young and refreshes the old. One way to avoid mistakes, is to choose the book or periodical that stands for something—that is not everlastingly supplying the sensational and silly. The Youth's Companion has always been published by men who felt a keen responsibility to their readers, and they have held steadfast to one purpose: to familiarize Companion readers with the best things in the world, and by means of original articles and stories to illustrate the truth that the practice of the old, homely virtues brings the greatest satisfactions in life. Try it for a year and see.

The 52 issues of 1923 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1923.

OBITUARY

Mrs. S. K. Mack. Mrs. Annie Mack, wife of S. K. Mack, of Upper Granville, passed away very suddenly on Thursday morning, November 30th, after a very short illness. She was the third daughter of the late James E. and Charlotte Fellows.

Besides her husband, she leaves three sisters: Mrs. W. J. Hoyt and Mrs. George Wheeler, of Bridgetown, and Mrs. R. O. Munro, of Digby, at present residing in Boston. Mrs. Mack was a devoted member of the Baptist Church and loved and respected by all who knew her, and will be much missed in the community in which she resided, as well as by the members of her own family.

The funeral services which took place on Saturday and were very largely attended, were conducted by Rev. C. W. Robbins. Cutler C. Crowell

Cutler C. Crowell, well-known to the older residents of Bridgetown, passed away at his residence, 85 Benton Road, Somerville, Mass., on Tuesday, November 21st. He had not been in the best of health for some months past, but had been engaged in his work as manager of the printing establishment of Nathan Sawyer & Son, Boston, pretty well up to the time of his death.

He was a native of that locality and where a brother resides. Mr. Crowell came to Bridgetown in the '40's, when quite a lad, and learned the printing business under the late A. M. Gidney, who was then editor of the "Free Press". He continued with that paper until manhood, when he went to Boston and has been engaged in expert printing in two or three of the best Boston offices ever since.

The Sawyer firm secured his services probably over thirty years ago, and he has remained with them since that time. He married Annie, daughter of the late Charles Hoyt, of this town, who predeceased him many years ago at their Somerville home.

He leaves one son, Louis, and a daughter, Edna, wife of Harry Cox, of Somerville. Mr. Crowell retained his interest in and love for Bridgetown all thru his life, and for a great many years spent his holidays here, where he was always welcomed by his many warm friends.

ASHMONT PHYSICIAN DIES, ILL ONLY WEEK

Dr. C. Herman Miller Was in Practice For Thirty Years.

Dr. C. Herman Miller, aged fifty-nine, for thirty years a practicing physician in Ashmont, died recently at a private hospital after a week's illness from pneumonia, which developed the last few days. A short time before his death Dr. Miller was taken ill, while in the exercise of his professional duties, from an infection in one finger. His condition became serious and he was sent to the hospital where medical skill was brought to bear in an effort to save his life.

Dr. Miller was born in Bridgetown, N.S. He was probably the best known physician in Dorchester and had a large practice. During the world war he enlisted his professional services in behalf of the Government and assisted in local draft board work, preparing men for enlistment.

He was graduated from the New York University Medical College in 1891. He was a member of the New York Medical Society, a member of the alumni of the Medical College of New York and also a member of the Massachusetts Medical Society, Medical Society of New England and Dorchester Medical Club.

He maintained offices and his home at 196 Ashmont St., near Peabody Square. He leaves his wife and his brother, Dr. R. M. Miller, a dentist.

The funeral of Dr. C. Herman Miller, of Ashmont, was held at his residence, 196 Ashmont St., services following in All Saints' Episcopal Church, of Ashmont, the rector, Rev. Simon Blinn Blunt, officiating. The church was filled with relatives and friends of the departed, many professional and business men being present to pay their last tribute to his memory.

Neighbors, who had known Dr. Miller for thirty years as a physician in the vicinity of Peabody Square especially were represented at the services, the pall bearers and ushers consisting of these: Reginald H. Mair, Junior Warden, was head usher, assisted by Herbert W. Burr and Allan M. Brown. The pall bearers were: Charles Conant, Harry Haines, Harry Fogg, Edward A. Peckham, E. M. Green and C. Wiley.

Burial will be in Bridgetown, N.S., where Dr. Miller was born fifty-nine years ago. The body was placed in the receiving tomb at Cedar's Grove Cemetery.—Boston Globe.

THORNTON GLAD TO GET C. N. R.

Sir Henry Thornton, the General Manager of the Great Eastern Railway, questioned as to the way in which he obtained the new appointment, as President of the Canadian National Railways, Sir Henry replied: "A few days before I sailed for New York a friend of the Canadian Prime Minister, wrote to me about the vacancy, and advised me to put in for it. I followed his advice, having a good knowledge of the general railway position in Canada. I accordingly left England as arranged and arrived in New York at eight o'clock in the evening. I did not lose any time, however, for within two hours I was in the boat train on my way to Ottawa, where I was to discuss the proposition with the Canadian Prime Minister and other Government officials."

WARNS AGAINST COAL SEIZURE PRACTICES

Washington.—Communities which have seized anthracite shipments in transit through their territory and local authorities who have countenanced the step, were warned by Federal Fuel Distributor Spens, in a statement that such practices would "only tend toward chaos and shortage all around."

There is no possibility the distributor said, that enough quantities of the prepared domestic sizes can be produced this year to supply the usual demand particularly in Pennsylvania and New Jersey, but there is ample supply of substitutes, in cluding bituminous coal, steam sizes of anthracite coke and wood.

UNEMPLOYMENT IN GREAT BRITAIN ON THE UPGRADE

London.—A sidelight on the talk of revival of trade in Great Britain is afforded by the ministry of labor's weekly unemployment returns. These weekly unemployment increased figures have been showing increased figures in the past few weeks. The latest disclosure the fact that persons wholly unemployed in Great Britain on November 20th was 179,000 which was 1,847 more than the total for the preceding week but 44,733 less than the figure recorded at the beginning of January last.

YOUNG TRAPPER'S FIGHT WITH LIVE FOX

In Kelly's Mountain, a remote section between New Campbelltown and Englishtown, snow fell to the depth of two feet and the first man to drive through over the mountain road at most perished before he managed to make his way out to the settlement, where he arrived in an exhausted condition.

The young trappers had an exciting experience with a live fox which they found caught in a snare the other day, and as a result of their act one of the lads got his hand badly lacerated by the teeth of Reynard, who attacked the trapper savagely when he tried to lasso him out of the snare, and after all his daring effort to catch the fox alive he lost his prize, as through his struggles for freedom the fox broke the wire and made his escape.

"NO DIVISION OF THOUGHT BETWEEN EASTERN CANADA AND THE WEST,"

Says Vice-President of Eddy Company

TOUR THROUGH WEST GIVES GROUND FOR STRONGER BELIEF IN CANADA'S FUTURE

Anybody who is the least bit pessimistic about Canada's future should visit the Canadian West according to J. T. Shirreff, Vice-President of the E. B. Eddy Co., Limited, who has recently completed an extensive Western tour accompanied by John F. Taylor, Secretary and Sales Manager.

J. T. SHIRREFF, Vice-President of the E. B. Eddy Co. Limited, Halifax, N.S.

In the opinion of Mr. Shirreff, there is not the slightest ground for the belief, entertained by many, that there exists a cleavage of thought or of interest between the Eastern Manufacturer and the people of the West. First hand observation is every quarter of the Prairie and Coast provinces only served to prove that Eastern problems and the problems of the West are essentially the same. Mr. Shirreff found everywhere in the West a spirit of optimism and an ever young ambition that augurs well for the future prosperity of the entire Dominion.

The trip was undertaken with the object of studying Western conditions with a view to developing still further the Western business of the E. B. Eddy Company. Messrs. Shirreff and Taylor visited the Eddy agencies in every centre West of the Great Lakes, and expressed themselves as very optimistic regarding Fall and Winter trade.

JOHN F. TAYLOR, Secretary and Sales Manager of the E. B. Eddy Co. Limited, Halifax, N.S.

It is very interesting to note that despite so-called depression in some quarters, the Eddy plant is working at capacity and capacity production at the Eddy plant is truly enormous. A daily output of 125,000,000 matches, 125 tons of paper, 100 tons of wrapping paper besides fibreware tubs, washing boards, butter tubs and various other products, keeps between 2,000 and 2,500 Canadian workmen busily employed.

GARFIELD TEBO ESCAPES THE GALLOWS

An Ottawa despatch last Friday announced that the death sentence passed upon Garfield Tebo of Digby, at Little Brook, on the twenty-sixth of September had been commuted by the Governor-in-Council to life imprisonment.

Tebo was sentenced to hang for shooting of Waters Hutchins, a prosperous farmer, of Roxville, near Digby, on August 4th, last. The Ottawa despatch states that "a strong plea for commutation of the death sentence was made by residents of Digby County." There was, the despatch adds, "stated to be some doubt as to the mental capacity of Tebo," adding that the recommendation of commutation was concurred in by the Governor-in-Council.

Tebo was to have been hanged Thursday, November 30th.

The Half-Speed Man

What It Means When You Feel Run Down and Out of Sorts.

You know what it means to feel "all out of sorts." Most people have felt this way at some time. Nerves out of order, irritable, languid, depressed. An aching head, appetite bad and digestion weak. With some people this condition comes and goes; with others it is chronic—they can't shake it off. It interferes with business, spoils recreation and robs life of all its joys. These men and women are only able to work at half-speed. The trouble is caused by poor, watery blood. You can improve your condition to-day by taking Dr. Williams' Pink Pills. These pills enrich and stimulate the blood, strengthen the nerves and give you fresh vigor. Here is proof. Mr. William F. Bell, Bracebridge, Ont., says:—"I have been recommending Dr. Williams' Pink Pills for a number of years, because of the benefit I got from their use. I was in a terribly run down condition. I was scarcely able to do anything all winter. To make things worse I took the mumps and caught cold, and as a result was confined to bed for six weeks, part of the time in a terrible fever. Of course I was doctoring, but instead of getting better I was growing weaker. At this time my father-in-law urged me to try Dr. Williams' Pink Pills, but I had lost faith in all medicine and refused. However, he had such faith in them that he bought me six boxes, and of course I could not refuse to take them. Now I am glad I did not. I had not taken them long before I began to have faith in the pills myself. There was no doubt I was improving. Day by day my strength came back and I gained in weight from 115 to 145 pounds. Therefore, I feel that I cannot speak too highly of Dr. Williams' Pink Pills, and I hope my experience will convince some other sufferer of the value of this medicine."

NOW DO MY WORK WITH EASE

Because Lydia E. Pinkham's Vegetable Compound Restored My Health

Hornell, N. Y. — "I was in bad health but there didn't seem to be any one thing that was the matter with me. I was tired out all over and it was an effort for me to move. I was irritable and could not sleep nights and had trouble with my bowels and at my periods. It seemed that nearly everyone around me knew of some medicine and wanted me to try it, so at last I took Lydia E. Pinkham's Vegetable Compound and I improved every day. I do all my own work now except the washing and the ironing. I can rest so much in a day now as it would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up. You are welcome to use this letter as a testimonial if you like." — Mrs. C. H. BAKER, 21 Spence Ave., Hornell, N. Y.

In almost every neighborhood there are some who know of the value of Lydia E. Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?

HOCKEY

DEFENCE PLAYING

When hockey was played with seven men on a side with the lower backing up the forward line the defence lined up one ahead of the other, the nearest man to centre ice was called the cover point, and the next the point. The object of this was the cover was to check the man, and the point was then in a position to grab up the loose puck and clean it from his goal. Generally he would lift or shoot in out of danger, very seldom would he rush it back by trying to stick-handle it through to score.

When the cover was dropped and six man hockey came into practice it soon was seen that with one man ahead of the other without the cover to interfere with the forwards rushes it was a lot easier to dodge by the cover or fool him by a swift pass. In studying out methods to prevent this, both men were placed, side by side, and it was found they were in a better position to cope with the man leading the puck. This style changed the names of these positions to right and left defence.

Remember now, you two outer defence men are playing side by side a distance in front of the goal tender. The method of stopping the forwards is now different. For example, we will say the rush is coming down the right side of the rink, the right defence will move over to that side and place himself in such a position that the play can not be made between him and the boards. Then when the forward see this he will dodge towards centre ice and the left defence will be there to check him up, or perhaps he will pass that way again, the left defence will be there to stop the pass. If the puck leader decides to go in between the two of the defence men he will get "sandwiched" and this trick, neatly done by two defence men, is remembered by the player who gets it. It requires a lot of drilling and practice to get into this new style of playing defence when one is used to the old way he used when in the seven man game.

Many will tell you yet the defence playing out one ahead of the other is the best, but the best way is get this out of their heads is by testing the two ways right here in the Bridgetown rink this winter. The side by side method of breaking up rushes also enable your goal tender to get a clearer view of things and if he gets a long shot from a player before he attempts to go by his defence he sees it to better advantage.

The defence men are supposed to be just as good skaters and stick-handlers as the forwards, and clear the puck by this method, but to remember after rush the puck clear from their territory to always get back to their place as quick as possible. Most always when a defence man rushes up one of the forwards drops back in his place until he returns to it again.

Of course these moves must be understood by the team mates and this is what is called knowing one other plays a big part in hockey games. You will see the value of keeping in position both from a defensive and scoring point of view. Next week will attempt to describe a position I have never played but which has spelt my chances of making a good many scores—"The Poor Old Goal Tender."
