BUILD THE NAVY AND MAN IT IN CANADA

Dominion Government Should at Once Declare Its Permanent Policy, Says Arthur Hawkes, and Do Away With Suspicion That Proposed Grant is Forerunner of More Cash Contributions.

(By a Staff Correspondent)

NEWMARKET, Ont., Sept. 23.—About four hundred people gathered in the town hall this evening to hear Arthur Hawkes and John A. Cooper of Toronto explain the aims and purpose of the Canadian League. Hon. E. J. Davis presided.

Mr. Cooper, who modestly styled his address as a curtain-lifter, said that the league had been formed to unite the east and the west, to maintain self-government in Canada and to bring about non-partisan discussion and action respecting national defence.

The event of the evening was the speech delivered by Mr. Hawkes, which was a trenchant discussion of the naval issue and the tendency towards centralization, or "high-stepping imperialism." Mr. Hawkes is frankly in favor of a Canadian navy. He is not opposed to an emergency contribution, but believes that the government should at once declare that its permanent policy is the building and manning of a navy by Canada so as to do away with the suspicion that the proposed grant of \$35,000,000 is merely the forerunner of a permanent policy of cash contributions.

Not a High Stepper. "I am an imperialist," declared Mr. Hawkes, "but not a high-stepper." He said there was undoubtedly an effort on foot, both here and in the old country, to govern Canada, so far as naval defence was concerned, from Downing street.

Mr. Hawkes is a finished platform speaker and kept the attention of his audience throughout. The hall was by no means taxed to its capacity, and there did not seem to be a great deal of interest in the subjects discussed.

LABOR MINISTER IS ACCUSED OF SERVING EMPLOYERS' ENDS SENATE ALSO HOTLY ATTACKED

Resolution Brought Before Canadian Labor Congress Charges Hon. Mr. Crothers With Misrepresenting Mining Strike Situation in B.C.—Rejection of Legislation by Senate Denounced.

MONTREAL, Sept. 23.—(Can. Press.)—Both the Canadian Senate and the minister of labor, Hon. T. W. Crothers, came in for a share of criticism at the hands of speakers before the Canadian Trades and Labor Congress today, the latter being openly accused of working in the interests of the employers as against those of the laboring man. The fault found with the senate lay in the refusal of that body to pass legislation which had carried the house along the lines of protection for employed girls and women, in keeping them out of the clutches of "white slavers."

The first attack was made in the morning session by the Rev. Dr. Shearer of Toronto, secretary of the Social Service Council of Canada. He told the congress about the legislation the council had succeeded in having passed in the lower chamber. This was, among other things, to provide for the raising of the age of consent to 18 years, and the making of all employers criminally responsible for the seduction of a girl in their employ. This had been killed in the senate, and the doctor was sharp in his criticism of their action.

Plaint From B. C. The attack on the minister of labor was the result of an outline of the British Columbia miners' strike brought up in the morning session by J. W. Wilkinson of Vancouver, representing the American Federation of Labor. It again came up in the afternoon in the shape of a resolution.

At the conclusion of the readings of the resolution it was stated that there was one point in connection with it—that it was unfortunate the minister of labor was not present.

Mr. Crothers, it was said, had made the trip to Vancouver Island during the strike, and on the way back had made certain statements to the press which had been at variance with the truth.

Mr. Blag of Winnipeg reviewed Mr.

(Continued on Page 7, Column 1.)

E. Middleton Election Oct. 21

OTTAWA, Sept. 23.—(Special.)—At the cabinet council this afternoon the date of the by-election in East Middlesex was fixed. Nominations will take place on Oct. 14 and voting on the 21st. The dates for South Bruce and South Lanark have been deferred.

GARRISON DIED FACING REBELS

Only One Man Survives Slaughter at Laguna Seca and Charcas—Fought to Last.

SAN LUIS POTOSI, Mex., Sept. 23.—(Can. Press.)—Confirmation has been received of the slaughter of the garrisons at Laguna Seca and Charcas, in the State of San Luis Potosi. Only one subordinate officer is said to have escaped. The federals at Laguna Seca numbered 35. They fought until their ammunition was gone and then charged the rebels with their bayonets. At Charcas, where the number of federals is believed to have been larger, they fought to the last man.

The station agent at Laguna Seca and his assistant were lined up to be shot, but were saved by an elderly officer of the rebels. The object of these attacks is not apparent. The railroad was not damaged, and the trains are running, altho late.

PRIEST FELL DEAD AT NIAGARA FALLS

Rev. Father Calise Had Ticket for Toronto in His Possession.

NIAGARA FALLS, N. Y., Sept. 23.—(Special.)—A man in whose satchel were found books bearing the name of Rev. P. Calise, College of St. Mari, dropped dead in Falls street tonight. A steamer ticket for Toronto was found in the man's pocket. He was dressed as a Roman Catholic priest.

The New Bishop of Peterboro

Right Rev. M. J. O'Brien, who will be consecrated at an impressive ceremony to be held at Peterboro today.

SEWAGE ODORS OF EAST END WORK A DISAGREEABLE CHANGE IN ONCE BEAUTIFUL RESORT

Woodbine Beach Dwellers Condemn Sewage Disposal Plant—Fear for the Children's Health—Investigation by The World Shows That Plant is in an Improper Condition.

Ashbridge's Bay, always a source of discomfort to Toronto people, who would like to reclaim it for industrial purposes, and latterly given over wholly to summer resorters, has this year proven that even in the role of a summer resort it is far from being a success. The erection and partial completion of a sewage disposal plant south of Queen street and just west of the Ontario Jockey Club track, has robbed the spot of whatever natural beauty it possessed before.

It is not a matter of looks, altho the bay has lost the clear water which used to attract scores of bathers daily during summer weather. The nose, rather than the eye, is offended by the conditions which The World investigated yesterday. Life on the spur of land which runs westward from the foot of Woodbine avenue to

form the southern shore of the bay, has this past summer been rendered unbearable by the stench blown across the narrow strip of water whenever the wind was from the north.

More Than a Nuisance. So much discomfort has been caused the residents of the district surrounding the sewage disposal plant since it was put in operation last spring that the impression has gone abroad stigmatizing the sewage plant as a menace and not merely a nuisance. A little incident of last Friday accordingly took on an importance far greater than was justified by the facts. Baby Jack Beasington and Baby Ivy Shirley, cousins, each six months of age, whose parents live at 127 1-2 Woodbine avenue, had for a fortnight been sick, but on Friday

(Continued on Page 2, Column 2.)

SOCIETY LEADER IS SUED FOR A MILLION

Mrs. Clarence Mackay, Wife of United States Telegraph Magnate, is Given Unenviable Notoriety in Legal Proceedings Taken by Wife of Noted New York Surgeon.

(Special to The Toronto World.) NEW YORK, Sept. 23.—Mrs. Joseph A. Blake, wife of the noted New York surgeon, has served Mrs. Clarence H. Mackay, wife of the president of the Postal Telegraph Company, with the necessary papers in a suit for \$1,000,000 for alienation of her husband's affections.

Because of the reluctance of both parties to the action to face publicity there has been a delay in filing the issue in court, but unless an agreement is reached—now looked upon as impossible because of the bitterness of the plaintiff—the papers will be offered for judicial record at the coming term.

Mrs. Mackay is considered one of the most beautiful and intellectual women in American society. She is of old Knickerbocker stock, having been a Miss Duer. Clarence Mackay is one of the country's wealthiest men, having been practically the sole heir of the father, John W. Mackay, one of the original gold kings of 1849, who at his death left a fortune that was placed at much more than \$50,000,000. Mrs. Mackay is about 35 years old. Her husband is a few years her senior.

Confirmation Given. In spite of the effort at secrecy the matter of the suit has been a subject of gossip for several months and tonight a communication was made to The Toronto World by a friend of one of the parties involved, and his statement was unqualifiedly confirmed from an authoritative source.

Mrs. Mackay, whose husband suddenly left America last June, taking with him the three children, was served with papers in the alienation suit, in which grave charges were made just a short time before Mr. Mackay made his flight. The service was accepted in her behalf by Arthur C. Train, her personal counsel, who now represents her in association with Henry W. Taft, brother of the former president of the United States.

WHY OLYMPIC FUND IS SMALL

Britons Believe It Menaces Ideal of Amateurism, Says Telegraph.

LONDON, Sept. 24.—(Can. Press.)—The Daily Telegraph, in a long editorial this morning answers American criticism of Great Britain's reported intention to withdraw from the Olympic games. It admits that the English public looks upon the proposed Olympic fund with coldness, because it means the breaking down of the spirit of amateurism, which, according to the Telegraph, is peculiar to English sport.

"The question is," says the Telegraph, "whether athletic prowess as such, when made a matter of business, is or is not helpful to the national welfare. America thinks that it is. So too, to a large extent, do both Germany and Scandinavia. Apparently, the mental attitude of an amateur to speak quite frankly, is a yet understood in America, Germany or the United States, that the national welfare and the trust sense of the term may not be so dependent on professional athletic excellence as an American critic seems to think."

BURGLARS ENTERED EUCLID AVE. HOUSE

Burglars forced an entrance to the residence of Joseph J. Taylor at 665 Euclid avenue, Monday night, and after ransacking the premises carried away valuable jewelry and other articles. City detectives have been working on the case but so far no arrests have been made.

FOUND DEAD IN BED.

When James Parryman returned to his home at 11 Wardell street yesterday afternoon at 5 o'clock he found his wife, Ida Jane Parryman, aged 55, dead in bed. The police were notified and the body removed to the morgue in the police patrol. Death was evidently due to heart failure, but an inquest will be held.

BOW BENT IN COLLISION.

FORT WILLIAM, Ont., Sept. 23.—(Can. Press.)—With her bow bent where she was rammed by the Standard Oil boat Brilliant at Cleveland, the steamer Canadian of the Merchants Mutual, arrived today. The damage is above the waterline and altho 13 plates will have to be removed a certificate of seaworthiness has been granted to allow her to run until the close of navigation.

ENGLAND'S FEAR OF INVASION LESSENING

Admiralty's Announcement That Fleet Will Leave for Mediterranean Early in November is Significant of Relaxation of Vigilance in Home Waters.

LONDON, Sept. 23.—(Can. Press.)—The announcement of the admiralty that a fleet comprising eight battleships, three battle cruisers, eight cruisers and eight light cruisers will be sent to the Mediterranean early in November, coupled with the despatch of four large armored ships, which will have their base in the future at Bermuda, indicates a radical change in the British naval policy, which, on account of friction with Germany, has kept practically all the fighting units within home waters for several years past.

The Mediterranean fleet, after manœuvres, will cruise as far as Alexandria. With the vessels already in those waters, the visiting fleet, under Vice-Admiral Sir Stanley Colville, will make the most imposing naval demonstration ever attempted by Great Britain in the Mediterranean.

The fourth cruiser squadron, leaving England Sept. 20, will proceed direct to Bermuda. It is due there Oct. 10, after which the ships will scatter, to visit various ports in the Caribbean.

FOUR KILLED IN WRECK ON I. C. R.

Engineers and Firemen Lost Lives in Had-on Collision Near Sackville, N.B.

MONCTON, N.B., Sept. 23.—(Can. Press.)—Two engineers and two firemen killed and two brakemen injured was the toll today of one of the worst wrecks in the history of the Intercolonial railway.

The dead are: Fnoch Rushton, engineer, Moncton; Byron Colpitts, fireman, Moncton; Frank Lyons, engineer, Truro; George Hingley, fireman, Stewiacke.

The injured: R. H. Sharpe, brakeman, Moncton; Thomas Banks, brakeman, Truro.

Two freight trains traveling about fifteen miles an hour at 4 o'clock this afternoon ran head on at a curve in a cut six miles east of Sackville. The engines were demolished, and twenty freight cars heavily laden, telescoped and reduced to a mass of kindling-wood.

The I. C. R. line between Moncton and Halifax was tied up for hours, necessitating the transfer of passengers, mails and baggage from one side of the wreck to the other.

Victims Buried.

Train No. 221 known as the "way freight" in charge of Conductor George Armstrong of Moncton, with Engineer Rushton, en route to Moncton, was running about two hours late. The other train, No. 228, a special, was in charge of Conductor John D. Macdonald of Truro and Engineer Lyons.

As the trains came together on a curve the efforts of the engineers to avert a collision were futile. Fire broke out in the wreckage following the explosion of the of the engine boilers, and the four victims were burned beyond recognition. The bodies of the men were burned to a crisp, but were recovered. Dr. J. V. Colkin, corner of Sackville, was soon on the scene and dempanelled a jury. After viewing the remains the jury adjourned until tomorrow.

The cause of the accident is said to have been due to a misreading of train orders by Engineer Rushton and Conductor Armstrong.

CLEAN COMEDY WITH MUSIC.

The play at the Princess Theatre this week, "The Quaker Girl," contains an abundance of clean comedy with delightful music running throughout. The entire production has an air of brilliancy.

The Vogue in Men's Hats.

The styles in soft felt hats for men are particularly attractive this season. There is a wider variety in both color and style. The W. and D. Dineen Company, 140, Yonge street, have a complete assortment of soft felt hats from the most exclusive makers in England.

HE WONDERERS

FARMER BORDEN: Wonder if it'll weaken my wall?

WAS "BIG TIM" THUGS' VICTIM?

Trainmen Found Body Cold a Few Minutes After Train Had Passed Over It.

NEW YORK, Sept. 23.—(Can. Press.)—Trainmen who reached the body of "Big Tim" Sullivan a few minutes after the train passed over the congressman found it cold with only a small flow of blood, according to testimony understood to have been given today before Assistant District Attorney Groehl, who conducted an enquiry into the death of "Big Tim." Reports that the congressman's death was not accidental and that he had met foul play at the hands of thugs who placed his body on the rails to hide their crime led to the investigation. A policeman in a Harlem morgue identified the body on Sept. 13 after it had lain nearly two weeks unrecognized.

The trainmen were witnesses before Mr. Groehl, who examined also the nurses who were with the congressman during his last days. The prosecutor said he would not decide until after the inquest next Monday whether to ask for a supreme court order to have the body exhumed to determine the cause of death.

PORFIRIO DIAZ OFF TO MEXICO

Former Dictator Said Before Sailing From Madrid He Had Quitted Politics.

Special Cable to The World.—Copyrighted by The Toronto World and N. Y. World. LONDON, Sept. 23.—A despatch to The Daily Telegraph from Madrid says that Porfirio Diaz, former president of Mexico, sailed today on the steamer Chespaque for Mexico. He said farewell to his daughter at Santander, Spain, and took the boat, which had come from St. Nazaire, France. He refused to discuss the situation in Mexico, and said that he had definitely retired from politics.

"Porfirio Diaz will return to his country when it needs him," said Gen. Ferdinand Gonzalez, ex-Governor of the State of Mexico, in March. He said that Diaz would not waste a moment if his country were in peril and he thought he could help her.

It is more than two years since the aged dictator of Mexico sailed from the harbor of Vera Cruz on his way to exile in Europe.

Housekeeping, Nursery, Gardening and News of Interest to Women

NO LOVE OR OBEY IN THIS WEDDING

Socialist Pastor Marries Bay State Couple and Raises Comment.

CLERGYMEN WRATHY Formal Prayer Omitted and Both Agree to Perform Duties Faithfully.

Special Correspondence.
BOSTON, Sept. 23.—Clergymen all over the land are discussing with much interest the marriage of Maude Adel Heath and John Theodore Mendenhall of Beverly.

The wedding, conducted by Rev. Paul Harris Drake, the "Socialist pastor" of Woburn, was devoid of all conventionalities.

In a word, it was a marriage of two Socialists, and was in many respects similar to the recent wedding of Edmond Trowbridge Dana to Miss Jesse Holiday.

The Heath-Mendenhall wedding, the did not take place in the open air.

An original ceremony by the young pastor was observed. Miss Heath bared all the traditional features of a wedding, with the exception that the relatives of the couple were present.

And Miss Heath did not promise to love, honor and obey. The formal prayer, too, was omitted.

Standing before the Socialist minister the couple about to assume the responsibilities of married life listened to the following preliminary statement by the Rev. Mr. Drake:

"This man and this woman, having found in each other what they believe to be their ideal happiness and good means come to witness the fact of their willingness to live together as husband and wife, and their acceptance of all the responsibilities and obligations resulting from their joint partnership in marriage, before me, an official of the state.

"And by their voluntary act in presenting their mutual desire for the ratification of the state do hereby contract, each with the other, to perform faithfully all the duties resulting from their free act and deed in assuming this social marriage contract.

"True marriage, to be real and enduring, must be founded on intelligent love, and must be a union of spiritual forces for the betterment and welfare of the race. It involves both time and eternity, and is more than the selfish union of two individuals. It is a consecration of each to the other, and of both to the highest ends of life.

"Believing that true and enduring love with such a purpose you have now come, you may join your right hands."

After bride and groom had made their vows and given each a ring the Rev. Mr. Drake, placing his hand on the clasped right hands of the newly married couple, said:

"Since John and Maude have solemnly promised in my presence to accept all the responsibilities of a virtuous marriage bond, I, therefore, by virtue of the authority vested in me by the state, do declare them henceforth husband and wife, in the name of God and of the Commonwealth of Massachusetts."

THE DIFFERENT PLAYER-PIANO.

What is Accomplished by the Aluminum Action.

The aluminum action, which is a distinct feature of the player-piano made by the old-time firm of Heintzman & Co., Limited, gives it an exclusive place among the player-pianos manufactured anywhere. This kind of action is found in no other player-piano. It makes the instrument proof against air leakage, a common weakness of the average player-piano. Where air leakage takes place the efficiency of the instrument is seriously impaired. Again the aluminum action preserves the instrument against climatic changes, with the result that the Heintzman & Co. player-piano has found a large sale in all parts of Canada, many having been placed in the northwest provinces. You are invited to witness the daily demonstration of this different player-piano in the warehouses of Heintzman & Co., Limited, 193-195-197 Yonge street, etc.

MRS. TAYLOR IN HOSPITAL.

Chief Actor in Alexandria Murder Removed to Cornwall.

CORNWALL, Sept. 23.—(Special.)—Mrs. Taylor, the Montreal lady who committed the terrible crime in Alexandria in the early hours of Sunday morning, was brought to the county jail here this afternoon by Constable Segar of Alexandria, the trip across country being made in an automobile. On reaching the jail Dr. D. O. Aigue, the jail physician made an examination of the unfortunate lady, after which she was taken to the general hospital, where she will be treated.

PROBABLY FATAL DOG BITE.

KINGSTON, Sept. 23.—(Special.)—Annie Meltz, aged 19, the daughter of Peter Meltz, was attacked by a dog on the street and bitten on the leg. Blood poisoning set in and her life is despaired of.

SERIOUS FIRE AT DRYDOCK.

KINGSTON, Sept. 23.—(Special.)—Fire did damage to the extent of \$4000 to the building and plant of the Davis Drydock Co., ship builders. The company is rushed with orders, many vessels being about to go into dock and the loss will be serious.

TIME TEMPER AND ROUBLE SAVED ON SCRUBBING DAY WHEN YOU USE Old Dutch Cleanser

This is the mother, good and dear, This is the father, with hearty cheer, This is the brother, stout and tall, This is the sister who plays with her doll; This is the baby, dearest of all— Behold the good family, great and small!

The song can be varied to suit the different members of the family, and to serve different occasions. If all the finger-family are quietly closed against the palms of the hands, ready to be put to sleep, the quieting effect upon the child is wonderful.

To some these games may seem childish, yet underlying them is one of the world's greatest principles of development: cultivate right tendencies in humanity and the wrong ones must die out.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

Care of Lace Curtains

LIKE many of our prized possessions elaborate embroideries, fine laces and delicate hangings require an unlimited amount of time and care. Since they have come to be a part of every well-furnished home we enjoy having them and the problem of keeping them at their best lies well within the scope of science.

A knowledge of laces is now taught our girls in up-to-date schools, as well as the laundering of fine things. Our grandmothers knew, at first hand, the shrinking qualities of hand-woven linen as they had guided it thru their looms after garnering and heckling the flax it was made from. When they sewed and laundered their precious stores of white things they did it so carefully that they lasted for a lifetime and are now treasured heirlooms.

Perhaps some of the next generation will come to have a similar knowledge of this nice branch of housewifery. Today many valued articles are sent to the cleaners for lack of it.

Usually the work is satisfactory and the charges light, but hundreds of families are out of touch with cleaning establishments, so that a mild cleaning compound and a curtain stretcher must take their place.

Delicate nets and laces should be placed in a bag and soaked until the grime is loosened and then washed between the hands in a heavy lather. Remove from the bag, rinse and blue and dry by fastening evenly across the stretcher.

If the threads are broken in spots the time to mend it is while it is securely fastened in the frame. Use thread of the same quality and imitate the design of the net or lace and the mending need scarcely show, though this is a more difficult duty than the cleaning.

Sun is the enemy of lace and other curtains; it makes them tender and, if they are of silk, fades them. The creamy tint may be restored by dipping the curtains in weak coffee or in water colored with chrome dye, until the right shade is secured.

Never use tea for this as it streaks and when the next cleaning time comes the stain will not wash out.

When lace and net are very old and filmy a thin starch will give them body. It must be well cooked so it is not to be ironed.

Mix two tablespoons of starch with a cup of cold water and pour it into a quart of boiling water, cook, stirring constantly until thick and clear, thin with boiling water and cool before using.

The net around embroidery should not be touched with the iron, pull it into place, shape and size. Monograms and embroideries are pressed upon the wrong side, while moist, on a very soft surface. A large Turkish towel folded into several thicknesses makes a first-class pad when placed upon the regular ironing board.

Lace edgings must not be ironed either, pull them into shape and pin them so until dry, then work them between the fingers until the net is smoothed and the figures of the pattern stand out well.

The best of all chemicals for cleaning and sweetening fabrics are water, air and sunshine. There are some stains that will not yield to this gentle treatment and for these Javelle water is an old-time remedy.

To make it put a pound of washing soda in a pint of water, mix four ounces of chloride of lime in another pint of water and stir until the lumps are dissolved. Pour both liquids together. When clear bottle for use.

Stains are wet with this and well rinsed before washing; it bleaches, so must not be used upon colored articles.

THE GARDEN CONDUCTED BY RACHEL R. TODD M.D.

Training the Fingers.

Two or three days ago we were talking of directing the activity of children in proper channels in order to change noise and confusion into organized play. Again, yesterday we spoke of the value of training a child to play so as to reach his highest development. I hope no person thinks that I am advocating a method of education whereby mother does nothing but watch her child and play with him properly. There would be many sorry households in our city if such advice were followed; and I am afraid the senior member of the firm would insist on taking his morning paper away with him, if it taught such doctrine. The games I am trying to help you with are for your moments with the children—the times in the day when you are of necessity or choice with them. And these moments should be the very happiest of the whole twenty-four. At these times a new game or a story, teaching a new play, will delight the little ones and invigorate mother or father. The result of this method is that the children learn to play properly by themselves and leave mother free to discharge her other duties, knowing the kiddies to be happily busy.

Sometimes the two-year-old is restless just before sleepy time. He does not need an exciting play, but a quiet little game to soothe his tired nerves and get him ready for sleep. In order that the hands might be trained into right habits rather than be allowed to contract wrong ones, Froebel arranged his set of finger games for the mother to teach her little ones.

The child is led to personify his fingers, and to regard them as a small family over which he has charge.

"This is the mother, good and dear, This is the father, with hearty cheer, This is the brother, stout and tall, This is the sister who plays with her doll; This is the baby, dearest of all— Behold the good family, great and small!"

The song can be varied to suit the different members of the family, and to serve different occasions. If all the finger-family are quietly closed against the palms of the hands, ready to be put to sleep, the quieting effect upon the child is wonderful.

To some these games may seem childish, yet underlying them is one of the world's greatest principles of development: cultivate right tendencies in humanity and the wrong ones must die out.

Some First Principles in Planning a Garden.

One of the first principles in planning a garden is "to make bloom the waste places."

Following close in importance is the principle of filling up awkward corners or gaps and concealing unsightly places. And here it is that we are able to make use of such things as rockeries, summerhouses, pergolas, groups of shrubs, or even one single shrub properly placed, trellises covered with such advice were followed; and I am many other tricks of the trade.

A third point is to plan for privacy in the home surroundings, because privacy is always absolutely essential to home charm.

Here comes in our hedges, our lines of shrubs, our clumps of evergreens. As pointed out before, an element of mystery in the garden is always helpful to charm.

Why? Now ask why? Isn't a half-hidden element always an absorbing one, and therefore stimulating to the imagination?

A line of level-topped, close-clipped impenetrable evergreen hedges protects, hides something and hides protects. Why is that hidden? Or why—now why, does that clump of crimson-flowered spiraea look so secretive, and how comes it so high? A clever gardener can form some pretty problems to set the prying passerby guessing.

All this means charm in a garden. And lastly, do not forget the underlying principle of every successful garden, that is the principle of true proportion, without which every form of garden decoration, whether it be a simple arch or a stately pergola, a summerhouse of quaint design or trellis covered with trailing vines, whether it be a water garden, a rockery or a simple group of shrubs to fill an uninteresting corner, is lacking in perfect charm.

Give due regard, then, to proportion. Do not plant a tall and stately yucca on the uppermost reaches of your rockery; nor your leave an iris clump alone at the foot of a formal rockery. Do not dwarf your small ten-by-twelve back lawn, by a large round flower bed, nor yet have a clump of peonies in a narrow three-foot border.

With these few hints in mind we shall spend most of this month's October planning, laying-out and actually building various features of our garden for next spring.

First, we shall study rock work and rockeries.

LANKOW CONCERT TOMORROW NIGHT

Leading Bass of Metropolitan Opera Company Sings at Massey Hall.

Selections from the greatest of English, French, German and Italian musical works will be included in the program that Edward Lankow will give in Massey Hall tomorrow evening on his first appearance before a Canadian audience. As the leading basso of the Metropolitan Opera Co., Mr. Lankow's repertoire is most extensive and his artistry on the concert platform has won him a very large following in the leading cities of the United States. He has been at the King Edward for several days and yesterday rehearsed his program at Massey Hall, the result indicating that the climate of Toronto agrees perfectly with his magnificent voice and that concert-goers may anticipate a most delightful evening. A large and fashionable audience will mark his introduction to Toronto, and 400 rush seats will be placed on sale in order to increase the popular interest in the event.

MILITANTS FIRE VALUABLE MANSION

Seaford House Damaged by "Arson Squad" to Extent of Four Hundred Thousand.

LIVERPOOL, Sept. 23.—Militant suffragettes set fire to Seaford House at Seaford, four miles to the north-west of Liverpool, during last night and caused damage estimated at \$400,000. The members of the "arson squad" left a quantity of suffrage literature strewn about the lawns. The building, which was formerly used as a convent, was undergoing reconstruction at a cost of \$1,000,000, and was to be turned into a home for imbeciles. The entire institution is valued at nearly \$1,000,000.

TEA ON AIRSHIP LAST SOCIETY FAD

Walters Hand Round Tea and Cake Whilst in the Clouds.

Special Cable to The World. Contributed by The Toronto World and N. Y. World. **BERLIN, Sept. 23.**—Five o'clock tea on board the Zeppelin airship is the latest society fad. On Sunday twenty persons started from Potsdam, on board the new ship Sachsen, for Berlin. When over Unter Den Linden, the airship's waiter handed round tea and cake. The trip will be continued during fine weather.

WINTER FUEL

If one has a large amount of fruit to can during the summer, it will pay to save all pits for winter fuel. Dry and place in sacks and you will find them excellent for use in grate or heater. Corn cobs, nut and cocoon shells are also well worth saving. Corn husks are excellent for starting fires.

KEPT SWEET

Country butter can be kept sweet for a long time without refrigeration by placing the butter in a crock and laying over it a clean white cloth, the latter covered with a thick layer of salt, says "The Ladies' World." When butter is wanted, fold back the cloth, cut a slice and then cover as before until all is used.

RATINE THREAD

There is a new kind of wholesale cotton thread for crocheting and embroidery, says The Kansas City Star. It is rough and woolly looking like Turkish toweling, and is called "ratine." It comes in four colors, white, blue, brown and black, 15 cents a bunch.

LADIES

Have your Beaver, Velour or Felt Hats cleaned, dyed, blocked and re-modelled at

NEW YORK HAT WORKS
 586 Yonge Street 1361 North 5188

dings boiled in one pound baking powder this.

Marshmallow Pudding.
 Soak one tablespoon gelatin in one-half cup cold water and fill cup with boiling water. Place white of one egg in a deep bowl, add one cup sugar and one cup grated pineapple, mashed bananas or chopped nuts. Beat the mixture one-half hour. Serve with whipped cream. If pineapple is used combine it with sugar and add gelatin to this as cool as possible, in order to prevent the acid of the pineapple destroying the gelatin. This recipe will serve eight persons.

Free Concert Saturday.
 Our readers are asked to watch the columns Friday for programme of Saturday's Free Concert in Recital Hall, Ye Olde Firme Heintzman & Co., Limited, 193-195-197 Yonge street, city.

"His wife is such a splendid manager!"

HOW often have you heard this said of some one of your lady friends?—one who seems to run her household more easily and smoothly than the average. She has the happy knack of buying well—of making a dollar do a full dollar's work. Yet—after all—it doesn't need a genius to become a skilful home manager. The clever housewife is the woman who never buys haphazard. She selects her food supplies. She doesn't merely ask for "some" ham or "some" bacon, for instance. She goes to the trouble of finding out one definite brand of goods of known reputation—and she sticks to that brand. The Swift Canadian Co., Limited, has solved the food-buying problem for practically millions of housewives all over the world.

Swift's PURE FOOD PRODUCTS

The following are some of the choice Swift specialties. Always look for these brands, and insist on having them:

"Swift's Premium" Ham. "Swift's Premium" Bacon.
 "Swift's Cotosuet." "Brookfield" Sausage. "Brookfield" Eggs.

The housewife who will make a point of asking for "Swift's" is well rewarded. She is assured of uniform tip-top quality always. The name "Swift" is a guarantee of choice, perfectly prepared, carefully selected food products which never disappoint.

ROYAL COMMISSION WARMLY DENOUNCED

Speaker at Labor Congress Tells of B.C. Coal Miners' Struggle.

SHEARER HITS SENATE

"Irresponsible Parliamentarians" is How Social Service Secretary Describes Them.

MONTREAL, Sept. 23.—(Canadian Press).—A graphic address, descriptive of the struggle of the men's side of the coal miners' strike in the mountains of Vancouver, given by J. W. Wilkinson, representing the British Columbia Federation of Labor, was the feature of the morning session of the Trades and Labor Congress of Canada. He said the strikers were confident of success and declared that the militia of Canada was kept for the purpose of "clubbing workmen into submission," and appealed for assistance for the men and women now fighting the battle of organized labor. Congress will give \$500 towards a fund for clothes.

New Strike Began.
Wilkinson said the strike began when mine owners discriminated against active union workers, and the men had decided to try to compel the provincial government to enforce the mining law that workers could appoint workers to investigate the mines. This enactment had not been applied, Hon. Mr. Crothers, federal labor minister, had been asked to apply the Industrial Disputes Act, but had asked for time to consider the matter and had not since been heard from, while Sir Richard McBride, premier of British Columbia and minister of mines, had framed the Mines Act, had not intervened on behalf of the men locked out because they took a holiday.

Royal Commission Denounced.
He denounced the royal labor commission of British Columbia, whose members had been invited by the government as a party organization, which, like all commissions, sat on problems and kept sitting on them until they were stifled. Its members, he said, did nothing for them, as they were hangers-on of the Conservative party, which was opposed to the miners' demands for law enforcement. But the United Mine Workers of America were going to win the strike.

What the Union Pays.
The union was paying \$16,500 per week, and \$400,000 had been spent already. The union officials told the speaker that, if necessary, twice that amount would be spent, because the outcome depended on the existence of the organization. There was no dependence or panic among the men and women. If any at one time wanted to go back the sending of the militia had stopped the desire. The government of British Columbia, which was synonymous with the ownership of the mines, was desperate. The men who had called all the trouble, and of things who had been employed by the mine owners. The union workers knew too well how foolish it was to fight a government.

Irresponsible Parliamentarians.
"Irresponsible parliamentarians" was the term applied to the senate by Dr. J. G. Shearer, of Toronto, secretary of the Social Service Council of Canada, in addressing the congress. He made caustic comment on the action of the senate in killing certain legislative measures which the council, with the co-operation of the Trades Congress, had succeeded in getting passed by the house.

Projected Legislation.
Projected legislation for the improvement of industrial economy and sanitary conditions in the larger cities.

SECRETY IS HELD RE GIRL SCANDAL

Breslau, Germany, Much Excited, and the Police Are Reticent.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World.

BERLIN, Sept. 23.—Breslau is still much excited over the schoolgirl scandal and the excitement has not been lessened by the fact that the police and investigating magistrate refuse all information concerning it. This appears, however, to have been a great deal of exaggeration in reports hitherto published, particularly as to the number of suicides resulting from it. According to the latest accounts the number of suicides directly connected with the scandal is now reduced to two. One of these was that of a magistrate's clerk and the other that of the officer of the public bathing establishment.

CONVICT FLEES TO SEE HIS GRANDSON

Found Dangling Baby on His Knee—Willing to Return to Prison.

DENVER, Sept. 23.—Several days ago the Denver police received a request from the warden of the Meadmont State Penitentiary to locate and arrest D. K. Chamberlain, a convict, who escaped from one of the prison road gangs and who was thought to have come to this city.

Pictureque Japan.
It is a great mistake to think that Japan is now half Europeanized. Outside the foreign settlements, Japan still remains the heart of the far east, full of picturesque costume, artifice to its very finger tips, a paradise of curio shops, with fascinating little babies, just like those Japanese dolls, on every doorstep, everybody quaint and dainty. At one time Canada used to seem far away from Japan, but now there is only nine days' voyage for the new Pacific liners, the "Empress of Asia" and "Empress of Russia," have clipped four days off the trip. What wonderful boats they are—just built for a Pacific voyage, each with veranda cafe, gymnasium, large comfortable smoking rooms, the perfect service of the orient, everything so tasteful. Make

The Popular Canadian Lager

KONIGSBIER is brewed in a thoroughly up-to-date brewing plant—a plant which has cost in enlarging and equipping over half a million dollars.

Combine with this equipment a practical brewing experience of over 100 years, and the result is **KONIGSBIER**—a lager which has been pronounced by people who know, to be the finest they have ever tasted.

In producing **KONIGSBIER** we have had one object in view, and that is to make it a little better than the finest ever brewed. The exceptional quality of this lager proves conclusively that this has been more than realized.

Order a case of Dawes Konigsbier from your dealer today if you want something different and just a little better than the best. If he cannot supply you, order direct from us.

DRUNKEN FLIES ATTACK POLICE

Have Orgy Over Confiscated Liquor Poured Into a City Gutter.

LINCOLN, Neb.—Thousands of flies, made drunk by confiscated liquor which was poured into the gutter, attacked the police at the station, and there was a thrilling fight with the intoxicated insects for an hour or more.

Legions of large black flies staggered individually and in companies about the floor of the station. Some were able to fly but a short distance, and the liquor affected them in much the same way as human drunks.

Stupid drunks alighted on the hands and faces of the suffering blue-coats and stuck like pollice. Other flies made victims by the intoxicated started on and off the bodies of the swearing officers, who swung blows at them to little purpose.

In some manner a number of the drunken insects found their way into the big steel cage in the jail, and then there was another notable scene. The prisoners fought them off as best they could, but it was no use. As soon as they were repulsed they renewed the attack with more vigor.

If it had not been for the fact that the liquor finally got in more complete effect and put the frenzied insects down and out it is hard to tell what would have been the fate of prisoners and policemen.

In the hope that they would cease their drunken orgies the lights were turned out for a time, but the maddening flies continued their drunken frolics. Early in the morning the flies awoke from their legs and were again in normal condition.

SOCIETY

CONDUCTED BY MRS. EDMUND PHILLIPS

Some of the entertainments given this week in honor of Miss Evelyn Boulton, whose marriage to Mr. Willison takes place next week are: On Thursday Miss Mary Haskin, a shower; on Friday, Mrs. Ferguson, Lady Willison is giving a box party at the Princess and supper afterwards; on Sunday, Miss Eleanor Mackenzie, who has just returned from England, is giving a shower, and on Monday, Miss Bethune is giving a dinner dance.

A very successful meeting was held yesterday at the Dorothy Jane Tea-rooms, by Mr. John Beverley Robinson, to arrange the work of the different organizations and charities in regard to the tea and amusements at the coming Fashion Exhibition at the Arena, on Oct. 20. The rooms were beautifully decorated with black-eyed susans, and tea was served at the close of the meeting. Those present included Mrs. E. F. B. Johnston, Mrs. H. D. Warren, Mrs. Arthur Meredith, Mrs. Dignam, Miss Marie Macdonnell, Miss Lucy Maclean Howard, Mrs. Gardow, Miss Ethel Baldwin, Mrs. Fraser, Miss Sternberg, Mrs. Moore, Mrs. Macdonnell.

Mr. and Mrs. James Bicknell have issued invitations to the marriage of their daughter, Muriel Christine, to Mr. Morton Moore Kersch, on Wednesday, Oct. 16, at 2:30 o'clock in the Church of St. Paul, Bloor street east, and to a reception afterwards at 37 Cluny avenue.

The archbishop of Ottawa, who has been staying with the Lord Bishop of Toronto and Mrs. Sweeney, at the Bee house, has left for Hamilton.

Mr. Hugh Fraser, Ottawa, spent the week-end with Col. the Hon. J. S. and Mrs. Hendrie in Hamilton.

Miss Esther Cassels, daughter of Mr. and Mrs. R. S. Cassels, Bedford road, has returned from school in England, and will be one of the debutantes this winter.

Mrs. Hayter Reid passed thru Winnipeg last week, en route to the mountains.

Mrs. James A. Cantile gave a bridge party in Winnipeg, in honor of her sister, Mrs. Frank Cowan, who is shortly leaving for her home in Toronto.

Mrs. W. Barker is going to Ottawa next week for the Houston-Vallaux wedding.

Rev. F. C. C. Heathcote, who will shortly go to Vancouver to the diocese of New Westminster, was with Mrs. Heathcote, made recipients of an address and purse by the members of All Saints' Church, Winnipeg, last week.

Mr. and Mrs. C. T. Woods and their little son, who have been staying with Mrs. George J. Roy and brother-in-law, Mr. Samuel Herbert, Melbourne apartments, a daughter, (Both doing well).

Mrs. Douglas Warren is in town from Oakville.

Mr. and Mrs. T. M. Fowers, Hamilton, announce the engagement of their eldest daughter, Mary Elizabeth, to Mr. John D. O'Neil, Kingston. The marriage will take place on Oct. 1, very quietly.

Miss Adelaide Montzambert is in town from Brantford.

Dr. and Mrs. Sheard, who are at Atlantic City, will return this week.

Mr. Fred Hartley and his son, Mr. Elmer Hartley, who have been in the city for some time, have left on an extended trip to the coast.

Mrs. J. T. Warrington has returned from the Royal Muskoka and is at her apartment in the Bradgate.

Mrs. J. J. Kingsmill has returned from the Adirondacks and is staying with Miss Dickson in Gait.

Mr. and Mrs. Arthur VanKoughnet are in Montreal.

The marriage was celebrated in Westminster Abbey on Saturday of Miss Dorothy Brownfield, Kingston, daughter of the late Mr. Frederick Brownfield, to Mr. C. F. Carson, Royal Engineers, India, a son of the ex-mayor of Kingston.

Sir William Wiseman and Mr. Sydney F. Johnson, who have been staying in Montreal for a few days on their return from a tour in Western Canada, have sailed for England again by the Royal George.

Miss Fanny Lash is visiting the Misses Belcher, Winnipeg, who gave a tea in her honor.

The Young Ladies' Sodality of St. Joseph's Church gave a linen shower at the residence of Miss N. Leigh on Wednesday evening in honor of Miss Elizabeth Shaughnessy, whose marriage takes place next week. A very pleasant evening was spent in progressive euchre (Miss L. Burns winning first prize and Miss M. Finlay second) and music. Many appropriate songs were sung to the popular airs. Miss Agnes Bibby, president of the Sodality, wearing all the linen as a bridal costume, was escorted in and presented to Miss Shaughnessy.

Mrs. George Metrick and Miss Kathleen Metrick, Ottawa, are visiting Mrs. Ernest Laker.

Mrs. J. A. M. Alley and Mrs. Fritz Fox, are spending the week in New York and Atlantic City.

Mr. and Mrs. B. D. Thomas, Victoria, B.C., are at the King Edward.

Mr. and Mrs. James F. Smith are expected from England at the end of the month.

Mrs. A. W. Bernard is the guest

There's nothing like a delicious cup of Tea as a delightfully refreshing stimulant and brain soother.

LABOR MINISTER IS ACCUSED

(Continued From Page 1.)

WILKINSON's statements of the morning session concerning how 61 miners had been brought from Durham, Eng., by the agency of the Cosmopolitan Employment Bureau. He had heard in Winnipeg that there was something wrong on Vancouver Island, and he took the miners to the immigration office in his city, who, however, could do nothing. He had then advised the miners to continue to Vancouver, where they would at least be taken care of by the Mine Workers.

Attack on Crothers.
Then the Hon. Mr. Crothers had come out to look into the situation. On his way back he had stopped in Winnipeg. Mr. Riggs had called on him in his hotel and was introduced by the minister of labor to some friends and the individual who had laid hold of these miners and incited in them the spirit of discontent, thereby causing them to become a charge on the community.

"That," shouted Mr. Riggs, "is the type of man you give for a minister of labor—who at first impressed the unions as being a fair-minded man in his dealings. But there you have him with the mask off, not concerned with the actions of men who brought these miners to Canada under false pretences, but concerned only with ridiculing the man who is making efforts to have the country kept as clean as possible of this sort of thing."

Verville's Protest.
Mr. Alphonse Verville, M.P., labor member in the house of commons, is reported to have been informed of this affair. He had heard practically nothing about it. In future he wished to be supplied with such pieces of information as this, in order that he might make them known to the world from the floor of the house.

Four resolutions were dealt with during the course of the afternoon, the remaining time being given to discussion of parliamentary procedure.

W. R. Trotter, western Canadian organizer, reported a total of 524 unions in Western Canada, of which 450 were affiliated with the union and 74 were not.

STREET CAR DELAYS

Monday, Sept. 22, 1913.

11:35 a.m.—Fire hose on track at McCaul and Baldwin; 23 minutes' delay to Bloor cars both ways.

BIRTHS.

HERBERT—On Sept. 22, 1913, to Mr. and Mrs. Samuel Herbert, Melbourne apartments, a daughter, (Both doing well).

DEATHS.

FOY—On Monday, Sept. 22nd, 1913, at his late residence, 322 Russell Hill drive, Frederick Joseph, eldest son of the late George J. Foy and brother-in-law of the late Father George Doherty.

Funeral Thursday morning, at 9:15, from above address to Holy Rosary Church, thence to Mount Hope Cemetery.

KEELER—On Tuesday, Sept. 23, 1913, at his late residence, No. 92 Givens street, Toronto, Mary M. Keeler, widow of the late Wm. Keeler.

Funeral to Mt. Pleasant Cemetery on Thursday, the 25th, at 2 p.m.

MARSHALL—At Ward's Island, Tuesday, Sept. 23, James B., eldest son of Mary J. Marshall, his 85th year.

Funeral from the home of his son-in-law, W. F. Dodd, 205 Grace street, on Thursday, Sept. 25, at 2:30 p.m. Kindly omit flowers.

MAHER—On Monday, Sept. 22, 1913, at his late residence, Stradally Park, corner of Blythwood road and Bayview avenue, Eginton (Stop 19), Patrick Maher, aged 53 years.

Funeral from the above address on Thursday at 9:15 a.m., to St. Monica's church, thence to Mount Hope Cemetery. Carriages will meet car on Thursday morning at stop 19.

MCCARTHY—At his late residence, 42 Burlington street east, Hamilton, on Monday, Sept. 22, 1913, Thomas McCarthy, aged 80.

Burial Thursday, 8:30 a.m., at Holy Sepulchre Cemetery.

IN MEMORIAM.

STEPHENS—In loving memory of Rachel Brown, wife of J. B. Stephens, who departed this life Sept. 24, 1911.

In a near and silent grave yard Where the trees their branches wave Rests a loving wife and mother In a cold and silent grave. She had no one her last farewell. At she waved her hand to none. Her spirit flew before we knew That she from us had gone.—Daughters.

also both speakers were well received. The meeting, as the initial meeting of the league, was successful, but not an overwhelming success. Perhaps the most salient feature of Mr. Hawke's address was the suggestion of a referendum upon the naval issue. He said nothing had been done by Canada towards naval defence since 1903, and that Mr. Borden had practically announced that the subject of naval defence would not be touched upon by the government at the coming session of parliament.

Not a Member.
Hon. E. J. Davis by way of explanation, stated that although chairman, he was not a member of the league, and that his remarks would be founded purely on personal opinion. Certain occasions in the history of all countries apart from any political standpoint. For example, there was the action of the government in 1903 in standing boldly in the house on the settlement of serious matters in the European situation. The endorsement of the other party which immediately followed, cleared an atmosphere heavily charged and averted what would have been a serious American trouble with Mexico had the American trouble in Canada the same thing had been in the air. The speaker then stated that in the opinion of the speaker, the endorsement of the other party, and the unanimous endorsement of it. Unfortunately, following the denunciation, the position of Canada had been misunderstood before the world.

He quoted some of the aims of the league as he read them and declared that the sea had been the British Empire.

Not There to Knock.
John A. Cooper, remarking on the welcome accorded the explanation of the aims of the league.

"We are not here to knock, to attempt to destroy any government, or to malign any opposition," he said, "we are here merely to state our views on the Canadian people."

The Canadian League is new. It is a similar movement to the Canadian Club, which placed the founding of the club on the minds of the British people. When at the first meeting he was elected president the audience was following his speech with interest and questioning of its success.

"Why had they come to Newmarket?" he asked. "The answer was no. Because it was the opinion of some of the speakers that the British Empire, Newmarket and Aurora were typical of the British Empire, and that agriculturally. Altogether it proved a very fitting place to launch the movement which related especially to citizenship."

"We have had the advantages of not being hampered by the British Empire," he said. "We have brought in British systems and exemplified them to the elevation of other parts of the empire. Canada should be not only maintain British systems but the principles we have worked up."

On the self-governing of Canada within the empire he told of the history of the problem. Sir Charles Maclean unwillingly had come to Canada. He was sent to hold back responsible government. Mr. Cooper compared this with today's condition to show the progress of self-government. The satisfaction which Canada had in her own government was the basis of her fidelity to the empire.

"Do not accuse the Canadian League of being separatist," he said. "It is asked, 'We belong to the league, not to separate Canada from the empire but to preserve her in it in order that she may work out in her own way her own peculiar and immortal destiny.'"

No Political Quarrel.
Mr. Hawke, who is well-known in Canadian politics, said neither he nor Mr. Cooper had any quarrel with any political party. The country should send bigger men to parliament. Canada must take a greater part in the international arena of politics.

He said in part: "In March, 1909, parliament was united for a policy of a Canadian naval service. An agreement was reached that summer at a

MILAN, Sept. 23.—(Can. Press.)—The president of the international congress on alcoholism, Dr. Angelo Pettit, announced at the session this afternoon that the economic committee had decided to propose that the congress in 1915 should be held in an address to the States. This requires the ratification of the whole congress prior to its adjournment.

Several interesting papers were read today, including one by Wm. Johnson of Westville, which dealt with the economic aspect of alcoholism in the United States. The delegates also discussed the liquor traffic from an economic standpoint and tentatively agreed to the organization of three international institutions for the combating of alcoholism, a federation for the protection of native races and a federation of physicians opposing the prescribing of liquors in medical cases.

Opposed Götterburg System.
The Götterburg licensing system, organized in 1905, gives the exclusive control of liquor shops to a company of licensed proprietors. The system is opposed by the Götterburg system of licensing. She said that many leading temperance workers were strongly against this system.

The Götterburg licensing system, organized in 1905, gives the exclusive control of liquor shops to a company of licensed proprietors. The system is opposed by the Götterburg system of licensing. She said that many leading temperance workers were strongly against this system.

Joseph Myles, president of the Götterburg system, had proposed a system of licensing which he had in mind to deal with the application of the same system in other countries, where he had observed similar abuses.

GIRLS AND CATTLE ARE BOTH SCARED

All-Night Sojourn on Prairie When Auto Engine Stalled.

MUSKOGEE, Okla., Sept. 23.—Surrounded by a herd of frightened cattle, five girls were held prisoners in an auto in an 18,000 acre pasture near Muskogee all night, and reached Muskogee in the morning almost in a state of nervous collapse as the result of the experience.

The girls were Misses May McShaden, Viola Milan and Lizzie Sharp of Chelsea, and Misses Storer and Gucker of Claremore. The five started from Claremore in the Tucker auto to visit Muskogee friends.

They became lost when they started to cut across the pasture and the engine stalled. The girls were surrounded by the car. Several times the auto was in danger of being run over by the animals, who left when daylight came.

Then Phil Sipler Put Away All His Razors But One.

DARBY, Pa., Sept. 23.—After forty-one years as a barber, during which he had shaved many thousands of faces and removed tons of hair from the heads of customers, Phil Sipler, the village barber of Darby, laid away his razors, put up his shears and quit business. Figuring it out on a conservative basis of 100 shaves and 20 haircuts a week for forty-one years, Sipler had shaved faces something like 42,000 men and boys.

FORMER GOVERNOR CALLED BY DEATH

Sir Walter Hely-Hutchinson Once Prominent in Cape Colony Affairs.

LONDON, Sept. 23.—(Can. Press.)—The Right Hon. Sir Walter Francis Hely-Hutchinson, governor and commander-in-chief of Cape Colony from 1901 to 1910, died today. He was born in Dublin, Aug. 22, 1849.

Walter Francis Hely-Hutchinson was the second son of the fourth Earl of Donoughmore. He held a great number of high official positions, being colon secretary of Barbados and lieutenant-governor of Malta 1884-89, governor of Natal and Zululand 1893-1901. He was high commissioner for South Africa during the absence of Lord Selborne in 1908. He inaugurated the system of responsible government in Natal in 1893.

There was no doubt of Canada within the empire he told of the history of the problem. Sir Charles Maclean unwillingly had come to Canada. He was sent to hold back responsible government. Mr. Cooper compared this with today's condition to show the progress of self-government. The satisfaction which Canada had in her own government was the basis of her fidelity to the empire.

"Do not accuse the Canadian League of being separatist," he said. "It is asked, 'We belong to the league, not to separate Canada from the empire but to preserve her in it in order that she may work out in her own way her own peculiar and immortal destiny.'"

No Political Quarrel.
Mr. Hawke, who is well-known in Canadian politics, said neither he nor Mr. Cooper had any quarrel with any political party. The country should send bigger men to parliament. Canada must take a greater part in the international arena of politics.

He said in part: "In March, 1909, parliament was united for a policy of a Canadian naval service. An agreement was reached that summer at a

naval defence conference in London between Canada, Australia and the admiralty as to control of fleet units by Canada and Australia. The agreement seemed to him to include imperial co-operation. In 1913 Australia carried out her share of the contract, Canada entered into the understanding with two ships. He visited the Nobs at the Davenport dockyard three years ago. The two ships, as understood, were intended as training ships for a navy to be built later. Today the crews of this nucleus for navy have been disbanded. The ships are laid up, respectively at Esquimaux and Halifax. While three ships have been offered to dispossess the admiralty, there is nothing before the country calculated to meeting the necessity for naval defence. It would seem that nothing is proposed in this matter next session.

Appeal to Country.
Last November, the prime minister said he would appeal to the country for judgment. The matter is evidently to be kept out of parliament until 1914-15. Why does not the government let its own people know what it has in mind? Representatives of the other party which immediately followed, cleared an atmosphere heavily charged and averted what would have been a serious American trouble with Mexico had the American trouble in Canada the same thing had been in the air. The speaker then stated that in the opinion of the speaker, the endorsement of the other party, and the unanimous endorsement of it. Unfortunately, following the denunciation, the position of Canada had been misunderstood before the world.

He quoted some of the aims of the league as he read them and declared that the sea had been the British Empire.

Not There to Knock.
John A. Cooper, remarking on the welcome accorded the explanation of the aims of the league.

"We are not here to knock, to attempt to destroy any government, or to malign any opposition," he said, "we are here merely to state our views on the Canadian people."

The Canadian League is new. It is a similar movement to the Canadian Club, which placed the founding of the club on the minds of the British people. When at the first meeting he was elected president the audience was following his speech with interest and questioning of its success.

"Why had they come to Newmarket?" he asked. "The answer was no. Because it was the opinion of some of the speakers that the British Empire, Newmarket and Aurora were typical of the British Empire, and that agriculturally. Altogether it proved a very fitting place to launch the movement which related especially to citizenship."

"We have had the advantages of not being hampered by the British Empire," he said. "We have brought in British systems and exemplified them to the elevation of other parts of the empire. Canada should be not only maintain British systems but the principles we have worked up."

On the self-governing of Canada within the empire he told of the history of the problem. Sir Charles Maclean unwillingly had come to Canada. He was sent to hold back responsible government. Mr. Cooper compared this with today's condition to show the progress of self-government. The satisfaction which Canada had in her own government was the basis of her fidelity to the empire.

"Do not accuse the Canadian League of being separatist," he said. "It is asked, 'We belong to the league, not to separate Canada from the empire but to preserve her in it in order that she may work out in her own way her own peculiar and immortal destiny.'"

PREPARES HER OWN CLOTHES FOR BURIAL

Leaves Note Evincing Strong Desire for Funeral of Simplest Kind

DENVER, Sept. 23.—Mrs. Sarah A. E. Lamont, wife of Dr. W. A. Lamont, No. 444 Dowling street, fell on her hands and knees, closing over her more than three years ago. She continued her work and in great pain made no complaint. Her consciousness faded her suffering toward the end.

While rummaging about the house, Dr. Lamont opened a dresser drawer and found his wife had laid away for her own clothes, complete, and pinned to her dress a note to him, telling how she should be buried.

"The note was written and the burial clothes put away more than three years ago, when the doctor was out of the city. 'Today I am very sick,' the note read. 'I am unable to get up. I have no more to live when I please my God for me to pass away, that my body be deposited in silence, no funeral services, no music, no dance to the grave when I am to be laid to rest, no one to look on my dead body. None will know what I have suffered. Give me my own clothes. Let me die peacefully. With this note you will find some old things, I desire that they be put on me when I am laid away forever. Give my mercies and blessings upon my dear husband, who has ever at all times been my true friend and helper in all my troubles. Dear husband, do the best you can alone. If you should go before me, I will do my best. God bless you, my dear one.'"

At the funeral service Mrs. Lamont's wishes were carried out. A minister spoke a few words over the body. These were Mrs. Lamont's wishes and placed them in her cold hands. No one was permitted to view the face in the casket.

Mrs. Lamont was sixty years old. She was married to Dr. Lamont thirty years ago in Alvarado, Texas.

Experiments with electricity said a stimulant of the growth of plants have been carried on for 167 years and have led to no very tangible results, says The Pathfinder. Of 157 persons who have reported the results of their experiments, 123 reported favorably, 21 were doubtful and 33 gave unfavorable reports.

and safeguarding Britain's interests in both the eastern and western worlds. This question of national defence should be tried at a general election.

LORD DEWEY WINS COLUMBUS STAKE

Trotting Fast Miles to Win Grand Circuit Feature—Four Races Decided.

COLUMBUS, Ohio, Sept. 23.—Lord Dewey, winner of trotting stakes at the Wyandean and Detroit Grand Circuit meetings, landed his third straight \$10,000 race when he won in straight heats the Foster-Columbus stake, the most valuable on today's program, Star Trotter, in the first heat and Dan Patch in the third, developed as much speed that the winner had to trot each mile in 2:06 1/2, time beaten but once this year in that class.

The favorite Marengo's message was taken in the Capital City Stake by Tommy Horn after a struggle of five heats. The winner in the second and fourth heats made in the summary took the second and the fourth went to Lady Grattan after a stirring finish with Derby Boy.

Tilly Tipton, for the first time this season, was beaten by Homer Baughman in the Horse Review Futurity for 3-year-olds pacers. The colt, owned by John S. Baughman of Danville, Ky., won the first heat in 2:04 and stopped a second faster in the second and final ones.

Princess Margaret, the original first choice for the 215 pace, which went three heats on Monday, won the race today in three more heats. In the 2:09 pace, several starters were well backed. One of them, Marica, was distanced in the first heat. When the race went over until tomorrow, after three heats, Michigan Queen stood best in the summary. She won the second heat, but tired finishing the third and was beaten by Dan Patch. Lowanda, an outsider, took the first heat, but was not in evidence thereafter.

215 pace, 3 in 5, purse \$1200, 3 heats Monday. Princess Margaret, b.m. (Lans) 2 2 2 1 1 1 Cleo R., g.m. (Hen) 3 3 3 3 3 3 Mary Direct, g.m. (Mik) 4 4 4 4 4 4 Zamboni, b.m. TORONTO HUNT HORSE SHOW, STEEPLECHASE AND GYMKHANA

Friday, October 3rd, Saturday, October 4th, At 10:30 a.m. and 2:30 p.m. ON THE HUNT CLUB GROUNDS, Kingston Road, ADMISSION FREE. OPEN TO THE PUBLIC.

SUCCESSFUL RUN WITH THE HOUNDS

The hounds met at Fairbanks yesterday morning and ran beyond Waterloo, then east and north, finishing at Upper Canada College. Recent rains improved the going. Weather conditions were ideal, then trees wearing first autumn tints. About 20 were in the saddle, amongst them being: Miss Temple on Dictator, Amphibius Drive on Misty Horn, Colonel Chaudry on Cardinal, R. R. Schriebe on...

"GET OUT," ADVICE OF REBEL LEADER

And Americans, Considering Tip a Valuable One, Scurried to Border.

EL PASO, Tex., Sept. 23.—(Canadian Press.)—Dr. C. Shackelford arrived here today from Santa Rosalia, Chihuahua, Mexico, fleeing from Pancho Villa, the rebel leader, who gave him 24 hours to get out or be killed. Shackelford is a native of Frankfurt, Ky., and has been living in Santa Rosalia six years.

He says when Villa and his rebel band entered the town on Sept. 15, Villa sent for him, told him he was tired of "you American filibusters" and declared he would shoot them all if they did not get out.

"Villa took all my books and accounts and told me he would collect my money," the doctor said. "He also forfeited my house and furnishings to the rebels and placed two guards over me to see that I didn't depart with any money or property. I left at

"OLD HOMESTEAD" IS A CLEAN PLAY

Story of Great Heart Interest Comes Here Next Week.

There are two reasons why a clean play may live. It may be a great play; or it may touch the hearts of the people. Possibly it may have both attributes. But given a play that tells a clean story on a subject understood and appreciated by the man on the street, that play will win out.

"The Old Homestead" is clean in idea, clean in the telling, and beautiful in sentiment. It is full of genuine heart interest, that abiding quality that few dramatists have the ability to incorporate in their plays. The built about the most homely and unpretentious of subjects, it still appeals, after 30 years of continuous service, to the tired palate of the modern theatre-going public. It is a dish that never grows or leaves an unpleasant taste behind.

URGES YOUNG MEN TO SET EXAMPLE

Kingston Pastor Bewails Cigaret Habit—Says Girls Seen Smoking on Lighted Streets.

KINGSTON, Sept. 23.—(Special.)—In an address to the members of his congregation Rev. G. I. Campbell, pastor of Queen street Methodist Church, appealed to the young men to set young ladies an example on the cigarette habit.

Mr. Campbell said that in Hamilton complaint had been made about young girls smoking cigarettes on dark streets, but that one did not have to go to Hamilton to see this sort of thing, as only last Saturday two young ladies were noticed smoking on lighted streets in Kingston. Girls, he stated, had been seen in city parks trying to acquire the habit.

FLAME WELDING TO REPLACE RIVETING

Many Metals Are Being Successfully Handled Under the Torch.

Flame welding is slowly coming into use in our shops, the not in a way to attract special attention as a shop process with great possibilities. But the visitor to some German machine shops begins to be impressed with the idea that riveting and soldering as means of fastening together two pieces of metal are fast passing away.

Not only is flame welding used for the operations with which we are familiar, but for others, says American Machinist. Aluminum tanks, pipes, etc., for brewers and chemical manufacturers are flame welded. Nickel is successfully handled under the torch. Cutting tools are being made from low-carbon steel by changing the structure in the oxyacetylene flame. Bases for oil engines, automobile engine cylinders, boiler tubes, pipe, ornamental iron work are either in the commercial stage of manufacture by flame welding or

EVEN GREAT COBB HAS HIS LIMITS

Made an Error in Signing Bank Notes, Says Acting Comptroller.

WASHINGTON, Sept. 23.—(Can. Press.)—The freedom of the treasury department, accorded by Cobb, the Detroit centre leader, on a sightseeing tour a few days ago, resulted in the issuance of an irrevocable order today by Thomas F. Kane, acting comptroller of the currency, forbidding the entrance of any outsider to any of the vaults containing national bank notes. The treasury, probably more than any other department in Washington, is filled with baseball fans, and when the Detroit star called he was ushered in the big vaults containing bank notes and being a director of a LaVonia, Ga., bank was permitted to write his name along the margin of a sheet of notes. When this episode appeared in the newspapers Comptroller Kane was startled, because an immediate rule of the treasury department had been broken.

DELAYED BY STORM

DULUTH, Sept. 23.—(Can. Press.)—The steamer Judah of the Anchor Line arrived in Duluth today, a day late. She was delayed by the storm that raged over Lake Superior Saturday night and Sunday. The boat carried 50 passengers.

SEVERAL THOUSAND MINERS ON STRIKE

Southern Coal Fields of Colorado Now in State of Inactivity.

WILL FIGHT TO FINISH

Fears Entertained That the Trouble May Assume Serious Proportions.

TRINIDAD, Col., Sept. 23.—(Can. Press.)—Several thousand miners in the southern coal fields of district 15, Colorado, United Mine Workers of America, today entered upon a strike which has for its chief purpose the recognition of the union. Labor leaders declared a great majority of the men now working the coal mines would obey the strike call, issued a week ago, while operators are unanimous in their statement that not enough workers will leave their employment to seriously cripple mine operations. At the beginning of the strike the operators take a positive stand that there will be no compromise with the miners on the demand of union recognition. The other demands of the miners—for their own check weighmen, privileges to live where they please, trade where they please and employ such physicians as they please—are not receiving much discussion either from operators or from miners.

Fight to Finish. Opposed to the operators' position are the union leaders, who declare the strike will be continued until recognition is secured.

Reports from various mining camps in the district tend to show that the walk-out will be general. In spite of the strike vote taken at the various mines last night, operators declare that work will progress there as usual today.

No violence has occurred, except in Colorado Springs, where a negro miner was said to have been attacked by miners last night. While conditions in mining camps give little evidence of any excitement, state officials in Denver fear the strike may assume proportions as large and as serious as any which ever occurred in Colorado.

SAY DEPORTATION PERFECTLY LEGAL

Court of Appeals Decides in Favor of Minister on Thaw Case.

MONTREAL, Sept. 23.—(Can. Press.)—The court of appeals this morning decided that Hon. Charles Doherty's acting minister of the interior, was entitled to ignore the writ of habeas corpus secured by N. K. Ladanna, K. C., and J. N. Green-shields, for Thaw, in an attempt to prevent his deportation from Canada after the Coaticook board of enquiry of the immigration authorities had decided to reject the Matteawan fugitive.

Writ Irregularly Served. The court contended that the writ had been irregularly served and granted the application of the government authorities that it be quashed.

Counsel for the government had contended that the original of the writ had not been served on the immigration authorities connected with the case, but only copies, which was irregular, and that each writ served should have borne the original signature of the judge issuing them and the man who served them, which law had not been fulfilled.

Justice Archambault, who delivered the decision, touched on the constitutionality of the Immigration Act, finding that it does not override the habeas corpus writ, despite the clause professing to prevent a review of the action of the minister in charge of the case of a Canadian or party with a Canadian domicile.

SWINDLERS FAKE TRAVELERS' CHEQUES

United States Express Company Has Been Hit Hard by Counterfeiters.

NEW YORK, Sept. 23.—(Can. Press.)—Twenty thousand banks in every section of the world have been notified by the United States Express Company that a band of international swindlers have counterfeited the company's travelers' cheques and are passing them wholesale in Europe. Twenty-four of the counterfeit cheques, issued and uttered within a week and cashed at Carlsbad, Lugano and Nice, have been received by the company here.

These cheques, representing one week's operations, are dated August 22 and 23, and were cashed by two men who signed the cheques, Robert T. MacDonald and William T. Riley.

MAY COMPROMISE ON IRISH QUESTION

LONDON, Sept. 23.—(C.A.P.)—The Pall Mall Gazette (Lionel) today says important conversations have informally passed between the minister and opposition leaders, and prospects of an attempt at compromise on the Irish question are sensibly improved.

CONNAUGHT AT MANOEUVRES.

LONDON, Sept. 23.—(C. A. P.)—The King and the Duke of Connaught are proceeding today together to the military manoeuvres at Aldershot. They will return afterwards to Balmoral for a week. The duke has no further public engagements before returning to Canada.

CROSSES MEDITERRANEAN.

BIZERTE, Tunis, Sept. 23.—(C. A. P.)—Roland G. Garros, the French aviator, succeeded this morning in accomplishing the remarkable feat of flying across the Mediterranean from Saint Raphael, France, to Bizerte, between 180 and 200 miles, in seven hours and 25 minutes.

The World's Greatest Presentation to Its Readers

THE TORONTO WORLD, realizing the world-wide interest in the Panama Canal, has arranged for a great distribution of this new standard work on the subject, "Panama and the Canal in Picture and Prose." This is a magnificent big book, handsomely illustrated with rare photographic reproductions and beautiful water color studies in artistic colorings. For a short time we will present this book to our readers for only six certificates and the expense items of distribution, as explained in the Panama Certificate printed in The Daily World.

Read How You Can Get This Beautiful and Useful Volume Almost Free

Daily newspapers throughout the Western Continent, from the Canadian provinces to the South American countries, are joining in this great distribution for the benefit of their readers, recognizing the fact that EXACT KNOWLEDGE on this timely subject is an essential part of the EDUCATION of all who would ADVANCE.

Only by Manufacturing in Train-Load Quantities Can This Splendid \$4 Book Be Given to Readers For the Mere Expense of Distribution

Train loads to the West; train loads to the East; train loads to North; train loads to all parts of the earth—for all the world is now interested in the story of Panama and the Canal.

The Charming Story Is Complete in This One Volume Called

PANAMA AND THE CANAL IN PICTURE AND PROSE

See the Rare Pictures of the Queer Natives

Willis J. Abbott, the author of this book, spent many months in the Canal Zone familiarizing himself with every possible detail of the subject. Having long been an authoritative writer on international subjects, he not only has an extensive acquaintance among the officials who are in a great measure responsible for the building of the Canal, but is also intimately acquainted with those directly in charge of the actual work; thus he is beyond all doubt the best fitted writer in the universe to handle this subject—proof of which lies in the fact that he has written this story that will live as long as the great Canal itself.

No Other Book Published is Required in Train-Load Lots.

Read of the People That Eat Lizards.

EVERYBODY MUST HAVE IT

He who knows not of the Canal, neglects an important feature of his education. This wonderful interoceanic waterway at once becomes a mighty factor in peace and war; it will mark great changes in trade and commerce; it will revolutionize the world's shipping; it will change alliances among the nations of the earth. Think of the educational advantages offered by this book, which sets forth all the knowledge obtainable relating to Panama and the Canal, the history, purpose and promise of this gigantic undertaking! No man, woman or child who sees, thinks or reads, can afford to miss the opportunity offered to get this book almost free.

More than 800 rare pictures including beautiful water-color studies in full page plates of artistic colorings

This is a greatly reduced illustration of the \$4 volume described below in this announcement. As the size of your thumb compares with your hand, so this illustration compares with the size of the big book—9 x 12 inches.

Learn of the Beauties of the Jungle. Read How a Man Was Blown Sky High by Dynamite. See Pictures of the Floating Islands. Learn How They Drive Away Mosquitos.

HOW TO GET IT

Only Through The Toronto World

These books are not sold at stores, and can be had only through this office, as named in the Panama Certificate printed in The Daily World. Clip this Certificate TODAY and be among the first ones to take advantage of this wonderful offer.

Books Shipped by the Train Load Necessarily Mean Books Manufactured By the Train Load

Mail Orders Address The World, Toronto, Canada

Cut out the Panama Certificate in the Daily World and present it with five others of consecutive dates, together with the expense amount herein set opposite the style selected (which covers the items of the cost of packing, express from the factory, checking, clerk hire and other necessary EXPENSE items), and receive your choice of these books:

PANAMA AND THE CANAL This beautiful, big volume is written by Willis J. Abbott, a writer of international renown, and is the acknowledged standard reference work of the great Canal Zone. It is a splendid large book of almost 500 pages, 9 x 12 inches, printed from new type, large and clear, on special paper; bound in tropical red vellum cloth; title stamped in gold, with inlaid color panel contains more than 800 magnificent illustrations, including beautiful pages reproduced from water color studies in colorings that far surpass any work of a similar character. Call and see this beautiful book that would sell for \$4 under usual conditions, but which is presented to our readers for SIX Certificates of consecutive dates, and the only EXPENSE Amount of \$1.15. Sent by Mail, Postage Paid, for \$1.59 and 6 Certificates.

Panama and the Canal Regular octavo size; text matter practically the same as the \$4 volume; bound in blue vellum cloth; contains only 100 photographic reproductions, and the color plates are omitted. This book would sell at \$2 under usual conditions but is presented to our readers for SIX certificates of consecutive dates and only the EXPENSE Amount of 48c. SENT BY MAIL, POSTAGE PAID, FOR 57 CENTS AND 6 CERTIFICATES.

Distributed From The World Office, 40 Richmond Street West, Toronto; or 15 Main Street East, Hamilton.

YORK COUNTY AND SUBURBS

BRIDGES AT COLD CREEK COMPLETED

Commissioners of York and Peel Meet to Divide the Cost.

There was a joint meeting of the county commissioners of York and Peel yesterday in the York county chambers for the purpose of settling accounts in connection with three bridges built on the town line between York and Vaughan townships where Cold Creek crosses the highway in three places. Warden A. MacMurchy, Reeves Nigh and Reeve Syme were present for York County and Warden J. H. Moffatt, J. Wilkinson, R. J. Lush and W. J. Lumbere composed the Peel County delegation. Frank Barber, the engineer, submitted a report which showed the total net cost of the three bridges to be \$8413.86, of which each county will pay half. Those present who have seen the new bridges say that the work is very satisfactory and a credit to both the engineers and the counties.

NEW BOOKS ARE RECEIVED AT RUMYMED LIBRARY

Popularity of the Story Hour for Children Makes Enlargement Necessary.

The Royce avenue crossing is still in a state of disrepair, while the half of the roadway already paved is left blocked to traffic. The sidewalk which has just been completed has been continued around the corner on opposite sides of Royce avenue to the east side of Dundas street. Another local improvement at present under construction is the paving of the lane in the rear of Dundas street, between Dundas street and Mackenzie street. Frank Veigh will deliver a travel talk in the Victoria Presbyterian Church on Friday evening next. The Humboldt Collegiate Rugby team play their first game of the season on Thursday afternoon when they meet the Parkdale C. I. on the latter's grounds. The increasing interest displayed by the children of Rumymede in the reading of fiction has caused the other departments of the local library, have made it necessary for the library board to secure a number of new volumes. To this end they have applied to the district library inspector asking that they be apportioned a few more of the traveling libraries. They especially ask that a large percentage of the books be composed of juvenile works in order that they be used for reading purposes during the "story hour."

The members of the St. John's Boys' Club are actively engaged in preparing for the season's opening. The new clubhouse has been established in the garage house and has been newly decorated and furnished for their use.

TO ISSUE WRIT TODAY AGAINST COMMISSIONER

Contractor Wants Nine Thousand Dollars for Work Done on Good Roads.

A writ will be issued today against the York County Commission by Robert Godfrey and Phoenix acting for B. F. Law, Kingston road, to secure payment for work done and recover damages for breach of contract in connection with the completion of De Grass Hill and ten miles of road improvement which he had contracted to carry out. Mr. Law has completed work to the amount of \$2,500, and claims \$1,050 per mile for six miles uncompleted road and work done on De Grass Hill. The total amount of his claim is about \$8,900. It has been generally known that the commission was handicapped for lack of funds, but a writ is very positive evidence of the condition of affairs.

THORNHILL.

Thinking services will be held in connection with the Anglican Church on Thursday evening next, when Rev. F. H. Crogave, B.A., of Trinity College will preach. On Sunday Rev. J. S. Broughall, M.A., of Grace Church, Toronto will preach. Rev. W. B. White, of the industrial farm is one of the delegates chosen to attend the convention of charitable organizations at Winnipeg this month. Mr. Allan Craig, late of Worrel, Quebec, was buried here on Monday. Mr. Craig was formerly a well-known citizen of this village. His two sons accompanied the remains from the west.

WOODBRIDGE.

The emergency meeting of the Woodbridge Agricultural Society was held at the Inverness House, on Friday evening last, to discuss the advisability of changing the dates of Woodbridge Fair to Thanksgiving Day, Oct. 20, and the day after on Friday evening next. After a lengthy discussion it was decided to stay with the old dates, Tuesday and Wednesday, Oct. 14 and 15. The directors will make a more attractive show this year to make it more attractive than ever. The prize lists and posters are out, and every one is planning to bring the biggest fair in the history of the society.

SCARBORO FAIR TOMORROW, SEPT. 24 AT AGINCOURT

A Special G.T.R. Train will leave the Union Station at 1 o'clock and call at the following stations on the way out: Agincourt, leave Agincourt at 6.15 p.m.

PEEL COUNTY EPWORTH LEAGUE CONVENTION

Many Interesting Papers Read During Three Sessions and Officers Elected.

The annual convention of Epworth Leagues for the County of Peel was held in St. Paul's Church, Brampton, yesterday, with three sessions. The morning, afternoon and evening sessions were held at longwood, Meadowdale, and Woodridge, respectively. Various and other points throughout the county, and it was the largest convention in point of attendance and enthusiasm yet held. The morning session was taken up with the annual district committee meeting, registration and appointment of business and other committees. The session closed with an inspiring address by Rev. A. J. Dinnick, of Inglewood, on "How to Make the Week Night Service a Success." The afternoon session opened with devotional exercises by Rev. A. N. St. John, of Bloorville, and was followed by a report on the work of the conference executive, given an excellent talk on "Our Purpose in This Convention" by Rev. W. J. Lumbere, of Woodridge, and a report on the work of the county, given by Rev. A. J. Dinnick, of Inglewood. The evening session was devoted to the election of officers and the reading of reports.

The call of the Community and How the League May Respond" was the subject of a paper read by Mr. Martin Wilson of Brampton, and Rev. J. K. Weaver of Woodridge. A list of the names of the members of the county was read and a well pointed address on "God and I, or the Waste, Conservation and Use of Human and Divine Resources" was given by Rev. A. J. Dinnick, of Inglewood. The evening session was devoted to the election of officers and the reading of reports. The following officers were elected: President, Rev. J. A. Long, D.D., of Inglewood; Vice-President, Rev. A. J. Dinnick, of Inglewood; Secretary, Miss M. Reynolds, of Brampton; Treasurer, Miss E. Pearson, of Meadowdale; Second Vice-President, Miss J. Dinnick, of Inglewood; Third Vice-President, Miss J. Dinnick, of Inglewood; Fourth Vice-President, Miss J. Dinnick, of Inglewood; Secretary, Miss M. Reynolds, of Brampton; Treasurer, Miss E. Pearson, of Meadowdale; Second Vice-President, Miss J. Dinnick, of Inglewood; Third Vice-President, Miss J. Dinnick, of Inglewood; Fourth Vice-President, Miss J. Dinnick, of Inglewood.

SUN BAKED GARBAGE HAS ABBATORY SMELLS

West Toronto Residents Want Newspaper Campaign Started to Dispel Nuisance.

The plagues of Egypt were pretty bad from all accounts, but West Toronto is visited by a plague each evening that bids fair to rival anything in history. This plague is a three acre dump of garbage, which is a disgusting odor extending several miles from the rendering of offal, smells from the sewers into which the abattoir drains and stench from the garbage dump at Kettle and Conduit streets. "We have been in the city hall and have had deputations to the health control," said a resident last night, but the nuisance is unabated. They do not get out here and instead of dumping the earth from the cut on the garbage it is being used to fill up a city belonging to a city that is a city. The stench permeates the neighborhood and gets into our food. The newspapers have reported something to help us to get rid of it."

ROYAL HUMANITARIAN MEDAL FOR MELVIN MORGAN

Saved Companion From Drowning in Union Mills Dam at Markham.

For conspicuous bravery in the rescue of a companion from drowning in the latter part of May, Melvin Morgan, of the 12-year-old son of Leonard Morgan, of this city, has been awarded the Royal Humane Society's medal. Young Morgan was bathing in the pond near the Union Mills dam, in company with Robert Rae, son of Rev. Mr. Rae, Presbyterian minister, when Young Rae ventured beyond his depth. He has sunk for the third time, and was attracted by his cries and plunged into the water. After several attempts he brought the drowning lad to the shore. Young Rae was resuscitated with a great deal of difficulty. The facts of the case were communicated to the Royal Humane Society, who acted promptly in awarding the medal.

MOTORMAN'S CELERITY SAVED A CHILD'S LIFE

Ernest Godwin Ran in Front of Radial Car in His Wagon and Had Narrow Escape.

A little group of children rushing pell mell after a comrade in a toy express wagon last evening on North Yonge street had a narrow escape from death. The wagon bearing Ernest Godwin, 11 years of age, swerved suddenly into the course of a huge double track Metropolitan car, under way for Newmarket. With a scream his comrade saw the danger and leaped to safety, but young Godwin went under the fender and the wagon was hurled far out on the pavement. The rapid application of the brakes alone saved the lad's life and his escape with no limbs broken was hastened by a neighboring surgery. From thence he was taken to his home at 46 Wallace avenue. The glare of the car searchlight, it is understood, confused the children as they raced along the sidewalk in their sport.

HYDRO COMMISSION AND YORK TOWNSHIP MEET

Runnymede and Swansea May Yet Have Hydro Lamps on Their Streets.

A deputation from the York Township council had a conference with the Hydro-Electric Commission, regarding the installation of electric lighting in suburban districts, which has been brought to the attention of the Hydro-Electric Commission, which has been brought to the attention of the Hydro-Electric Commission, which has been brought to the attention of the Hydro-Electric Commission.

WILD MAN LIVES IN HOLLOW TREES

Three of Them Provide Complete Suite for His House-Keeping.

SMOKE AND DUST MAKE CHILDREN GROW BIG IN NEBRASKA.

Lincoln, Neb., Sept. 22.—The popular impression that the country is more conducive than the city to the rearing of parent children is proved to be without warrant by the result of the "bitter baby" contest at the Nebraska state fair. There were 700 babies under three years of age entered and the winners were the children of farmers. Every prize went to a city child by good fate margin. In some classes as many as five city babies were ahead of the first country child.

THREE SECRETARIES ORGANIZING LAITY

Anglicans of Western Ontario to Form Local Mission Committees.

Secretary R. M. Rose of the Anglican laymen's mission department, left last night for Strathroy, Sarnia and Windsor, to organize local committees.

NEW JOY-RIDER FINED FOR NEGLECT

Miss Richello, in Third Auto Trip, Runs Down Mrs. Welsh.

TRIP, RUNS DOWN MRS. WELSH

A fine of \$100 or 30 days in jail was the sentence meted out to Miss Jeanie Richello in police court yesterday morning, when found guilty on a charge of criminal negligence for having run down Mrs. William Welsh when driving an automobile. It was the defendant's third time out with a motor car and she had apparently not become thoroughly acquainted with the machine, as she narrowly missed striking Mrs. Welsh, a Bloor street car before striking Mrs. Welsh, the complainant. Of the fine of \$100, half will be paid to Mrs. Welsh to compensate her for the injuries she received.

THE ROYAL ANTHROPOLOGICAL INSTITUTE

The Royal Anthropological Institute has just issued an important paper on the three tribes in Western Australia—the Kariera, Ngalmu, and Mordudunahera. The paper describes in detail the complicated tribal organization, the rite of initiation, sociology and religious beliefs of a people now rapidly passing away.

Toronto's Brilliant Future

THE forecast of Toronto's brilliant future indicates very forcibly the exceptional opportunities offered to investors by W. N. McEachren & Sons, Limited, of 70 King Street East, the foremost Land Developers in Toronto.

CONSIDER, for instance, the way in which the population of Toronto has grown during the last twelve years. The census of Toronto in 1900 revealed the fact that she boasted of 193,493 persons. In the next five years the increase was less than 40,000, whereas at present, conservative estimates show that she is increasing at the rate of 40,000 each year. In 1910 the population was 241,901, and in 1913, 425,407.

DURING the last five years the city has added 50 per cent. to its population, and in this respect stands first among all the cities of America except one.

There is only one city in Canada with a greater population, and in America only twelve.

TORONTO is ambitious; there is a determination that the population shall speedily reach the million mark, and all forces are working in this direction.

BOTH the City and Federal Governments are preparing for this Greater Toronto; \$15,000,000 has been appropriated to drive Toronto a harbor and water front that will equal that of any city on the entire continent of America. Of this amount \$18,000,000 is to be spent in the eastern section of Toronto, and immediately south of

Rivercourt

Where we are developing a high-class residential locality to meet the requirements of not only the men who will be directing the affairs of the numerous industries which will locate in this great Industrial Area, but for the better class of residents in Riverdale, who will be forced out by the great influx of laboring men who will require houses close to their work.

Every inch of Rivercourt is restricted to the better class of bungalow or suburban type of home. Every lot is wide and deep, and restricted to one house. If you want to buy a house, or build a house, it will pay you to investigate RIVERCOURT.

INVESTMENT standpoint. Why, it is the best thing in Toronto—yes, you will have ever offered, and that is saying a good deal.

THINK it over.

DR. McLAUGHLIN'S ELECTRIC BELT

So many people are suffering from nervousness and all kinds of ailments caused by overwork, and try to cure these troubles by taking their medicine with drugs. It is as impossible as it is to put out a fire with oil. When you take a drug to cure a nervous ailment, you only aggravate the trouble and cause it to become chronic. Drugs not only do not cure, but they do not return you to normal as fast as soon as the proper nourishment and various complications result.

SPANISH RIVER SHARES DECLINE
Preferred Drops Fifteen Points and Common is Also Weak.
REPORT IS AWAITED
MacDonald Also Dips With Small Rally Following—Brazilian Active.

Marked weakness in Spanish River preferred, a small lot of which sold at 85 yesterday afternoon, a perpendicular drop of fifteen points from the last previous sale a few days ago, was the outstanding feature of the local stock market yesterday. Simultaneously with the decline in preferred, the common stock made a new low record at 12 1/2, closing at the bottom figure but with 1 1/2 as the final bid. There was no special news to account for the slump. It seems rather to have been due to the delay in making the company's report which the street has been awaiting with keen interest for the past week. In the meantime the traders are in the dark and some holders of the stock seemingly jumped to the conclusion that the statement will not be a satisfactory one. More light on Spanish River affairs is expected within a day or two.
Macdonald's, which usually responds to the movements of stocks in the group to which it belongs, started on Monday's gain and was more heavily traded in, 110 shares changing hands.
In contrast to these issues, Brazilian showed activity and moderate strength, selling a shade above 95. B.C. Packers added a couple of points to Monday's gain and was more heavily traded in, 110 shares changing hands.

BOSTON AND MAINE SHOWS A DEFICIT
Fixed Charges and Dividends Paid Make Inroads on Surplus.

BOSTON, Sept. 23.—(Can. Press.)—The annual report of the Boston and Maine railroad for the year ending June 30, 1913, shows a deficit of \$1,344,441. This information was conveyed to the company's shareholders and the public service commission and the public service commission of Maine, New Hampshire and Massachusetts, by Edgar J. Rich, general solicitor for the road at the hearing on the proposed increase in rates today.
The report, which was not approved, shows that the gross operating revenue for the year was \$48,513,807, and the operating expenses \$38,101,424, leaving a net operating revenue of \$10,412,383. With outside revenue the total net revenue was \$12,829,988.
Total deductions for rentals and other fixed charges amounted to \$9,830,999. Dividends paid to April 1, 1913, amounted to \$1,724,128. The total dividends and fixed charges from the gross corporate income of \$9,236,598 leaves a deficit of \$1,324,441.

BALKAN TROUBLES DEPRESSED LONDON

LONDON, Sept. 23.—(Can. Press.)—Money was dearer and discount rates firmer today. India secured \$1,000,000 and Germany the remainder of the \$6,125,000 of South African gold offered in the open market. There was no demand from America.
The carry-over in the mining section was the chief business on the stock exchange, and apart from an advance in Canadian Pacific and home railroads, the markets were quiet with a downward tendency on realizing. Rubber shares were weak owing to a fall in prices at the auctions, and consols and near East bonds sagged on reports of fighting between Serbia and Albanian troops.
American securities opened quiet and trading was dull and featureless. Some Canadian shares were firmer, but Pacific improved, but the rest of the list barely moved. The closing was steady.

GLOOM IS BACK IN WALL STREET
Hopes of Keeping Up Bullish Demonstration Went Glimmering Yesterday.

READING LOST GAIN
People's Gas Reached New High Mark—Strength in Spots.

NEW YORK, Sept. 23.—Speculative sentiment today was bearish. The optimism inspired by the rise in price of shares early in the month has been oozing away during recent days of hesitation and dull trading, and today the board room cosmopolitan was mildly pessimistic in tone. Traders who had clung persistently to expectations of a resumption of the recent rise saw little to justify their faith and became discouraged. The market apparently had lost the spontaneity that characterized it on the upward swing, and it was evident that stocks were being supplied whenever opportunity offered.
Efforts to force up prices, in consequence were virtually abandoned today, after another spurt in Reading had failed to stir the general list from sluggish inaction. Fluctuations were narrow and meaningless until late in the day when stocks dipped downward decisively.
Reading Reared.
Such ventures as were made on the long side were again centered in Reading, which plodded upward to 17 1/2, a new high figure for the day, subsequently it went off 2 points from its best quotation. Canadian Pacific gained two points and then fell back. People's Gas set a new high mark at 129 3/4, and there was a showing of strength in some of the Allis-Chalmers securities, which have figured little in trading during recent months. Rock Island stocks and bonds made up some of the ground lost on their recent slump.
South African Gold.
More than ordinary interest attached to the disposition of the large offering of South African gold at London today, by reason of recent discussion of possible engagements of gold for importation into this country. The Russian crop, on the other hand, is offering emphasized the pressing need of gold at that point in connection with the October settlement. Bondholders here said that cable advices from London that no demand had appeared from America was in line with their understanding of the market. They noted that gold is imported within the near future no efforts to arrange such a settlement had been made until the October settlement had been settled. Bonds were irregular with a lower trend.

WEAK CLOSING AT MONTREAL
Spanish River and Macdonald Took Dips in Late Trading.

MONTREAL, Sept. 23.—Stocks opened strong today. C. P. R. 111-2 higher, at 254 1/2, rose to 254 3/4, while Riochian gold offered in the open market. Power equalled its high of 218 on Monday and Brazilian its high of 85 1/2. Demand slackened after the tendency became slightly bearish, prices easing off in the late morning and thru the afternoon session. The market developed a listless mood and business lapsed slack.
C. P. R. in line with the trend at New York dropped to 235, closing at the low and unchanged from Monday. Riochian at the close had advanced only 1-8 of its early advance. Power equalled its high of 218, while Riochian advanced 1-2, ending at 85 1/2. Changes elsewhere were for the most part very small, but the tone was good except in the Spanish River and Macdonald stocks, which finished weak in the afternoon. Spanish common dropping to a new low of 12-8, later rallying to 14, but the closing was at 12 1/2.
Spanish preferred sold at its low of the year, 50 in the morning, and was offered down to 42 in the afternoon without finding buyers. Transactions sold at 49, Detroit at 73 1/4, these being the firm spots of the market. Fickers advanced 1-2 from the previous day, selling at 154 1/2 bid. In unlisted stocks, Tramway and Power, had a slight advance, closing at the best after holding firm between 44 1/2 and 43 3/4.
Total business 4077 shares, 650 minutes, 811 rights and \$8,900 loans.

COMMENT ON OTTAWA LOAN.

LONDON, Sept. 23.—(C.A.P.)—The new City of Ottawa loan is advertised today. The Mar's financial editor remarks that Ottawa is the poorest borrower in comparison with many other Canadian cities.
The Morning Post agrees that Ottawa's credit stands in both respects. The information in the advertisement of the new loan contains no particulars as to the debt, assessment, or population, which prevents a useful estimate of this class of security.
EUROPEAN BOULESSES.
PARIS, Sept. 23.—Prices were easy on the bourse today. Three per cent. securities rose 10 centimes for the account. Exchange on London, 245 per cent. for cheques. Private rate of discount, 4 1/2 per cent.
BERLIN, Sept. 23.—The bourse was in an unsettled position on unfavorable political reports. Exchange on London, 20 marks 5/16 per cent. Money: The 3 per cent. rate of discount, 4 1/2 per cent.
REGULAR NIP DIVIDEND.
The regular and extra dividend amounting to 7 1/2 per cent. has been declared in New York by the directors of the Nipissing Mines Co., payable Oct. 26. The report of the financial position of the company shows a cash surplus of \$1,400,000.

PETERSON LAKE HEAVILY BOUGHT
Prospect of Generous Royalties Strengthens Demand—Great Northern Strong.

Peterson Lake occupied the centre of the stage in the local mining market yesterday, more than 65,000 shares being dealt in at a price range of from 24 1/2 to 27 1/4. For the past week or more the stock has shown a noticeable disposition to break out of the rut, but it was not until yesterday that the bull movement was fairly started. A flood of buying orders came into the market soon after the opening at 24 1/2 and a rise of nearly three points was the outcome. Toward the close there was a natural reaction, but the recession was only half a point from the high level with 27 1/4.

Lack of other explanation, the jump appears to have been the result of highly encouraging reports as to the operations of the Seneca Superior interests on the Peterson Lake property, which gathers in royalties on all ore mined within its limits under the existing arrangement with the company which does the working. A rich vein is understood to have been struck at the 335-foot level.
Locking of Peterson Lake has interested largely centered in Great Northern, which sold up to 12 with more wanted at that figure and holders asking \$1,000. Fluctuations were narrow and meaningless until late in the day when stocks dipped downward decisively. Holding was quiet but firm at 117.

HIGH PRICES FOR CANADA'S WHEAT
Fine Quality Makes It Rank Above Grain of Other Countries.

WINNIPEG, Sept. 23.—(Can. Press.)—That Western Canada farmers can look for a very good price for their wheat this year in spite of the general plenty of grain throughout the world is a statement made by A. J. L. Payne, a prominent grain shipper of London, England.
Mr. Payne accounts for this fact because of the extra high quality of Canadian grain this season. "The harvest in the world is very good, but the grain is of very poor quality, and it will sell cheaply in comparison." The only way in which Canadian grain does not come in until December, but reports of a reasonably assured good crop would send the Canadian prices down.
Mr. Payne is in Winnipeg looking into the general conditions of the grain trade here. He leaves here for London to look into the general conditions in grain territory tributary to this metropolitan.

LIBERAL PAPERS THROW OUT HINTS AT PROSECUTION FOR SEDITION

LONDON, Sept. 23.—(C.A.P.)—The Irish Unionist leader, the leader of the Irish Unionist party, has started on the second week of his 'Uster' campaign by delivering a speech which has led the liberal newspapers to again ask whether he should not be prosecuted for sedition or be deprived of his membership of the privy council.
The business part of the Uster campaign was entered upon today, when the Uster Unionist members of parliament were informed of the civil and military plans for the day. The Home Rule Bill is Ireland comes law, and were also admitted to knowledge of the leading features of the proposed provisional government for the North of Ireland.
A warning issued.
A labor leader, in a letter to the press today, warned the public that the chiefs of the labor party are finding it harder to control their followers, and that physical violence in face of the threats of the Uster is a matter of forcible resistance to home rule.

LIVED AT ISLAND FOR FORTY YEARS
James B. Marshall, Who Died Yesterday, Was Caretaker of Wiman's Baths.

James B. Marshall, the oldest resident of the island and since 1882 caretaker of Wiman's baths at Ward's Island, died yesterday morning.
Mr. Marshall was 86 years old at the time of his death and for the last 40 years he made his home on Ward's Island. He was given the care of the old Wiman baths by the city, which he held until last year, when his health failed, for years he remained on the island, seldom even making a trip across to the city, and was a familiar sight to thousands of summer campers. For the last year he had been confined to his bed and it was generally thought by residents of the island that he would not survive the winter. He was taken to a hospital in Toronto on Saturday morning and died at 8:30 a.m. on Sunday.
His death was a loss to the city, as he was one of the few men who had lived continuously on the island since its first settlement.
His wife, Mrs. E. F. Dodd, 305 Grant street, who remained with him to the end.

TECK-HUGHES IS LISTED.
The Teck-Hughes mine shares will make their debut on the Standard Exchange this morning. At a meeting of the Standard directors yesterday the listing of the stock was duly authorized.

CITY'S BOND ISSUE IN OFFICIAL LIST
Toronto's New Four Per Cent. Debentures Are Quoted in London.

THE CANADIAN BANK OF COMMERCE
Paid-Up Capital \$15,000,000
Reserve \$12,500,000
Drafts on Foreign Countries
Every Branch of the Canadian Bank of Commerce is equipped to issue, on application, drafts on the principal cities and towns of the world, drawn in the currency of the country in which the drafts are payable.
This Bank has unexcelled facilities for handling every description of banking business throughout the world.

WHOLE MARKET IMPROVING
Those who have followed our market letters will recognize the correctness of our information. PETERSON LAKE struck 2 1/4 yesterday, and KERR LAKE should make 85.00 a share. CROWN RESERVE is liable to advance any day and should be watched. GREAT NORTHERN offers possibilities at current prices. TECK-HUGHES will be listed at once. On high-class engineering reports the probability of this company has splendid gold prospects. The whole mining market promises improvement. Orders for mentioned stocks or others will be readily executed.

WHEAT SUPPLY STAGGERED BY PIT World's Figures Showed Nearly Double Increase of Year Ago.

CHICAGO, Sept. 23.—Wheat prices broke today owing to an extraordinary enlargement of the world's available supply, chiefly in Canada. The close was nervous, 1-2c to 1c under last night. Other leading staples, too, all showed net declines, corn 1-2c, oats 1-2c to 7-8c, provisions 1c to 1 1/2-2c.

BIG MARKET FOR CANADIAN CATTLE Heavy Exports From Toronto to Buffalo of Wide Significance.

Bradstreet's report says: "Of far reaching interest in Canadian commercial affairs is the fact that something like 15,000 head of stock cattle have been exported from Toronto to Buffalo since the middle of July this year. Last week alone about 2000 were shipped. Most of these exports have brought substantial profit to local shippers, and moreover, the demand for stock cattle in this country is better than it has been for some time past. It is therefore probable that the export trade in these animals will be maintained when the tariff is taken off, and that is practically assured. While most other classes of cattle, excepting common stuff are now barred by the duty, it is felt that the export trade in these animals will be maintained when the tariff is taken off, and that is practically assured."

LATEST GOSSIP RE A GERMAN SUICIDE Baron Bleichroder Could See the Departed, But Debarred From Funeral.

Special Cable to The World, Copyrighted by The Toronto World and J. Y. Ward. LONDON, Sept. 23.—The Daily Mail's Heidelberg correspondent sends the following statement given him by Prince William of Saxewimar, father of Princess Sofia, who committed suicide last week:

"Baron Hans Von Bleichroder, like all the acquaintances of the house of Saxewimar, had a farwelled view of the departed, but was expressly forbidden to participate in the funeral or attend the cremation."

"As for the stories in regard to a marriage between Princess Sofia and Von Bleichroder, there only needs to be repeated the oft-spoken statement of her father, that all the money in the world would never have sufficed to bridge over the gulf between the Princess of Saxewimar and Baron Von Bleichroder."

PHILADELPHIA, Sept. 23.—A semaphore device has been tried here for regulating traffic. It is pronounced a complete success. Instead of the whistle in use heretofore, a signal stops traffic. When the arm is extended over the roadway traffic must stop.

PHILADELPHIA, Sept. 23.—The traffic squad of the Belleville police department is in a quandary as to what to do in the matter of a new machine which has made its appearance on the Belleville streets, and is the invention of Stanley Twitchell, son of Dr. and Mrs. B. E. Twitchell, and he terms it a street-swinging auto.
