Toll of Death at Porcupine Will Run Into the Hundreds

Terrible Stories Told By Survivors Who Have Reached
North Bay—One Man Counted 48 Dead and 8 Bodies
of Horses on Two Miles of Road—50 Coffins
Sent to Porcupine—Fifty May Have Perished
in the Flames in the Woods Near Cochrane.

TOWN OF MATHESON SURROUNDED BY FLAMES AND MAY BE DESTROYED

NORTH BAY, Ont., July 12.—(Special.)—A thousand people
lined the station platform to-night when the Cochrane train came in
with refugees from that fire, besides several survivors from Porcupine.
Most of the passengers were women and children, who had
been rendered homeless by the fierce fire which swept down on the
Town of Cochrane yesterday from the forest, and leaping with in-
credible rapidity from building to building, completely wiped out this
thriving town of 1500 inhabitants. North Bay ladies were on hand
with refreshments for the travelers, while railway agents issued free
transportation to all points where they wished to go, as many were
without funds.

Three men from Porcupine, en route to Bracebridge, were on this
train, each one bandaged from head to foot, having been burned in
the fire which destroyed the plant of the United Porcupine Mines.
The men presented a picturesque appearance, their clothes hanging
in shreds and one wearing an old dressing gown and devoid of head-
gear. They were J. L. Flynn, Joe H. Flynn and Gilbert Gibbs, all of
Bracebridge, who passed thru a terrible experience, and, who severely
burned on their arms and heads, feel grateful that they escaped with
their lives.

A THRILLING STORY.
J. L. Flynn's story of the fire was very thrilling. Fire was seen
coming miles away, and travelling very fast, but the men at the mine
thought it would pass the property. Instead, the wind veered and the
flames leaped down on the mine buildings. In an instant sleep house,
cooking, office, storehouse, and two blacksmith shops were a mass of
flames. All attempts to fight the fire were unavailing, and the men
were soon surrounded with a wall of flames. Six men who were on the
property, and a Colorado mine operator named Dwyer, who sought
refuge from the advancing flames, were cornered like rats in a trap.
The men rushed from one place to another in the maddening heat,
with their clothes burning, and finally decided to try to rush thru
the flames to higher ground. Seven men started, but only three
passed thru the fire, gaining the rocky eminence burned and blistered,
but safe.

When the fire passed and the heat became less intense, the two
Flynn's and Gibbs rushed back and found the bodies of their com-
panions, burned and blackened, lifeless on the ground. The dead
men were the manager of the mine, Andrew Yuill of Wilton-avenue,
Toronto; Joe Fletcher, Toronto; Frank Flynn, Bracebridge, and
Dwyer, the American. Frank Flynn was the brother of the two
Flynn's who escaped, and Yuill was his brother-in-law.

The fire was swept in a tornado of wind, which nothing could
withstand, and the flames rose 200 feet in the air, swirling and
roaring like a million live devils.
The fire travelled twelve miles in less than four hours, and de-
spite the five acres of clearing of the United Porcupine property,
jumped the gap and licked up the buildings.

Counted Forty-eight Bodies.
Flynn met a man coming out, who
said he had counted forty-eight dead
bodies of men and eight dead horses
on two miles of road, and that he
believed that the dead would number
hundreds, from their knowledge of the
country and the prospect of population.
Fifty coffins were sent to Porcupine
but it is believed many more will
be needed.

Scores will be suffering from burns
and heat prostrations.
A. S. Wright, master mechanic on
the Transcontinental at Cochrane,
came out with his wife and child and
lost a vivid story of the fire. The
wind was blowing a gale and the
flames swept down so quickly that there
was no time to do anything but run
for safety. Box cars were run into
the town on a contractor's spur and
women and children were hustled to
safety. Wright returned for an old
lady neighbor after the train had
family out, and had to carry her.

Passing a building an explosion
wrecked it and threw him and his
burden heavily to the ground. The
heat was so intense that he had to
dig a hole in the sand with his hands
to get breath, keeping his face close
to the ground. His face was burned
severely, but he managed to get the
old lady to safety.

A Sad Case.
Mrs. Ashbee, who came out from
Cochrane this morning, was taken
from the train at Enniscorthy, where she
gave birth to a child. The sad feature
is that the husband was suffocated in a
well during the fire. She was kept in
ignorance of his death.

A large number of injured are com-
ing out from Porcupine on special
trains to-night, and will be cared for
at various hospitals in the north country.
The Dome mine are running a special
train of their own with wounded
to Copper Cliff Hospital.

Fires are still burning and passen-
gers report they are surrounded
by flames and will have a hard time
escaping.
The Warren Lumber Co. at Sellwood
burned out to-day, with heavy loss,
much lumber being destroyed. Insur-
ance of \$30,000 came into effect only
yesterday.

T. and N. O. Railway Brakeman

Continued on Page 2, Column 2.

Entire Village Wiped Out

BIDDEFORD, Me., July 12.—Fire practically wiped out
the Village of South Waterboro late to-day. The hotel, railroad
station, all of the stores in the village, and more than two-score
dwelling houses are in ruins, and the fire, which has spread to
the woods, is still raging. Goodwin's Mills, a village a few
miles from South Waterboro, was in the direct path of the flames
late to-night, and residents were preparing to leave their homes
and flee to places of safety. Several farm buildings along the
highway leading to Goodwin's Mills have been destroyed. The
principal industry of the town, the saw mill of C. W. Smith &
Sons, employing seventy-five men, was destroyed.

A hurried estimate of the loss on the buildings destroyed
in South Waterboro, with their contents, places the figure at
upwards of \$100,000, while the timber loss already sustained is
many thousands more.

Thirty families, nearly one-half the population of the vil-
lage, were driven from their homes, and are being cared for by
more fortunate neighbors.

MINING EXCHANGES CLOSE

The Toronto mining exchanges will be closed until Mon-
day next, 17th July.

This was decided upon last night by the principal officials
of the three Toronto exchanges.

This morning the proposition will be put before the vari-
ous members, and no one anticipates that an objection will be
raised.

A suspension of dealing in mining shares for a few days
is one means of expressing the heartfelt sympathy of the To-
ronto financial men in the terrible catastrophe to the Porcupine
gold camp.

Further details of the appalling loss of life were learned
by telephone and private wire last evening, and, as one broker
put it: "How inhuman it would be to trade over the dead
bodies of some of the finest mining pioneers that Canada has
ever known."

Before the exchanges are opened again, the full details of
the loss to Ontario's gold camp will be known. Aside from the
loss of timber and a few plants, which can be replaced at a
comparatively small cost, the mineral district will retain its
original valuation. The one regret is the loss of life, and The
World joins with everyone in expressing the utmost sympathy
with the friends of those whose lives have been sacrificed in
opening up one portion of the wealth of New Ontario.

MAKE US TEMERE DEFEATED FREE CRIMINAL LIST FREE

Senator Heyburn Declares
That Republicans Will
Rally to Banner of
Protection.

Strongly - Worded Resolution
by W. D. McPherson, M.L.A.,
Calls on Government to
Repeal Decree — Bilingual
Schools and Home Rule for
Ireland Also Condemned.

WASHINGTON, July 12.—Senator
Bailey's free list amendment to the
Canadian reciprocity bill was defeat-
ed in the senate today by a large
majority. So evident was the margin
against it that Senator Bailey did not
ask for a roll call.

Strong resolutions condemning the
"No Temere" decree, bilingual schools,
and the proposed measure of home-rule
for Ireland were carried with enthu-
siasm by the assembled Oranemen of
Toronto district in Exhibition Park
yesterday afternoon, following the
Twelfth of July parade, in which near-
ly 6000 participated. The weather was
ideal and the speeches were full of
even more than the accustomed vigor
of Glorious Twelfth flowings of ora-
tory.

Robert Sellar, editor of The Hunting-
don Gleaner of Quebec, in the opinion
of many, carried off the oratorical
honors of the day, and his utterances
on the "No Temere" decree were espe-
cially trenchant.

"I am surprised and disappointed at
what the Protestant Churches have said
in this matter," he said. "They have
rolled the words 'No Temere' easily
under their tongues, and have mingled
it with religion and sectarianism. They
should not. Marriage is purely a ques-
tion of civil right. You have suggest-
ed all sorts of remedies for the 'No
Temere,' but you are not going at the
problem in the right way. He then
proceeded to show that the
right way of going about it was to
block every effort of papal govern-
ment in Canada.

Pope's Code of Laws.
"You should not hit at the marriage
laws alone," he declared. "The real
principle at stake is that the Pope of
Rome makes a code of laws for all
Catholic citizens, not only on the mar-
riage question, but on every question.
He must not be allowed to make any
laws for our country. If foreigners
interfere in our government, we must
fight them to the death. We must
pitch all such laws into the Atlantic,
and tell the Pope we are going to ad-
minister our own laws.

"The only way for us to accomplish
this is to amend the Act of Confedera-
tion so that no legislative or municipal
body can pass anything favoring or
privileging any religious body what-
soever."
The resolution on which Mr. Sellar
was speaking as seconder was entitled
"Canada's future," and was moved by
W. D. McPherson, M.L.A.

Mr. McPherson first noted the large
growth of the Orange movement dur-
ing the past year. "And I am glad to
see it," he said, "for it never was more
important to new citizenship than
now. Never have the Roman Catholics
been more active in promulgating new
decrees, which they seek to make ap-
plicable to all the people of Canada."

Strong Against No Temere.
The resolution reads: "Be it resolved,
that we call upon the legislatures,
each within their own respective pow-
ers, to at once demand in the most
emphatic manner possible, that the
No Temere decree be immediately
withdrawn by the ecclesiastics who
have dared to issue it in Canada;
that should any person insist on
trying to enforce or promulgate this
decree, he be immediately arrested
and punished."

RUSHING RELIEF TO STRICKEN PORCUPINE

T. N. O. Commission Entrusted
With Authority to Handle
Situation for Ontario Govern-
ment — Board of Trade
and Civic Authorities Co-
Operate.

The shadow of the disastrous fire in
Porcupine hung over Toronto yester-
day. Early reports indicated a wide
area to be firewiped, but it was not
until late in the afternoon that the ex-
tent of the calamity was brought home,
with reports, only too well authenti-
cated, of heavy loss of life.

Last night, with later reports only
tending to present the situation in
darker colors, a feeling of dismay
spread. Many mining brokers and
others received wires and phone mes-
sages which, while varying widely in
estimates of the loss of lives, all in-
dicated that the toll was a heavy one.

Many Torontoians have proffered
friends in Porcupine and anxious en-
quiries were heard on every side.
With a common impulse, the Ontario
Government, board of control and board
of trade moved in the direction of af-
fording relief to the stricken area. The
Ontario cabinet was hastily summoned
together and authorized arrangements
made in Cochrane to organize a com-
mittee to administer for the general
good whatever relief and supplies are
despatched to the north. The govern-
ment will, it is understood, contribute
\$10,000 as a direct grant.

The board of control had no hesita-
tion in voting \$5000 as the city's contribu-
tion, and more may be given later as
the situation becomes more clearly
known. The board of trade proved itself
in earnest in its desire to promote the
interests of the northland by voting
\$1000 with a spontaneity that spoke
volumes.

Businesslike Session.
The board, prompt to remember the
kindness of the recent recession in
Northern Ontario, convened in spe-
cial council. President Gourlay read
a message from F. L. Bradley, Coch-
rane, and a man named Drummer, both
of whom took refuge in a well and
were suffocated.

Quickly \$1000 was authorized, and
R. Home Smith was appointed to con-
fer with J. L. Enright, chairman of the
T. & N. O. Railway commission,
and the civic authorities with regard
to the most effective method of pro-
viding relief. Subsequently, after an
interview with Acting-Mayor Spence,
the board of control authorized an ad-
vance of \$5000 to the city. The
money will be disbursed under the
supervision of Mr. Enright, who has
had his hand upon the pulse of the
situation since the trouble began.

The T. & N. O. has an official at Coch-
rane, and Mr. Enright will co-oper-
ate with a committee, which is com-
posed of C. H. Lloyd, manager of the
mine, and a man named Drummer, both
of whom took refuge in a well and
were suffocated.

Call for Subscriptions.
At the conclusion of the meeting of
the board of trade council, the follow-
ing letter was sent to all the members
of the board:
"A special meeting of the council
will be held to consider what
steps should be taken to afford some
measure of relief for the Northern
Ontario fire sufferers."

It was resolved that the board of
trade, thru a committee, to be called
the Northern Ontario fire relief com-
mittee, should take the necessary steps
to collect the sympathy and support of
members of the board of trade and
citizens generally in providing a lib-
eral measure of relief for the residents
in the stricken districts. Also that the
sum of \$1000 be donated from the
fund of the board of trade, and fur-
ther that the co-operation of the city
authorities be also collected.

A committee composed of the fol-
lowing members was then duly ap-
pointed:
Messrs. Geary, R. S. Geary, J. F.
Egley, Alex. Laird, R. Home Smith, W.
G. MacKendrick.

"At a subsequent meeting, Mr. Alex.
Laird was elected treasurer and sub-
scriptions to the fund may be sent to
that gentleman, care of the Canadian
Bank of Commerce, Toronto, or thru
the board of trade."
Later Secretary Morley had a tele-
phone conversation with Superintendent
Black of the T. & N. O. at North Bay.
"What are your urgent requirements
for the present?" he asked.

"Ordinary food, blankets and tents
are needed."

Continued on Page 7, Column 5.

200 ARE REPORTED DROWNED SEEKING SAFETY IN LAKE

Women and Children Forced Into Deep Water by Pressure from
Others in Rear, Says Private Wire from Porcupine—
Dismaying Rumors Come Thick and Fast.

Two hundred men, women and chil-
dren drowned in Porcupine Lake, forty
bodies strewn along the corduroy road
to the Dome mines, twenty men dom-
e burned or suffocated at the West Dome
mine, and eight more at the Dome,
is the terrible toll of fire slaughter, ac-
cording to a telephone message re-
ceived last night by Wely Young, of
Cobalt, at present staying at the
King Edward, from his partner Carl
Carten. In order to reach the phone,
Carten had to crawl from Porcupine
Lake, where over 600 people had gone
for protection from the flames, and
some perished in the flames, and
some perished in the water's edge, and
some perished in the water.

Of the 600 people who went into Por-
cupine Lake to escape the flames,
there were about 200 men, women and
children, and the rest were women
continually forcing out those who had
waded out to their depth. The fire
raged right to the water's edge, and
by burning up the oxygen in the air
probably suffocated many more.

Twenty-one Miners Victims.
He also says that the West Dome
mine plant was completely burned
out, and the 21 miners with it. Bob
Weiss, the manager with his wife
and family and his assistant, King,
also perished in the flames. At the
Dome plant, everything was destroyed
except the big cyanide mill which oc-
cupied the flames in a mischievous way,
there were about 100 men, women and
children, and the rest were women
continually forcing out those who had
waded out to their depth. The fire
raged right to the water's edge, and
by burning up the oxygen in the air
probably suffocated many more.

Three Thousand Men in Fire Zone.
Mr. Weiss, who is reported dead,
was a famous football player in years
past, but lately weighed about 400 lbs.
He was cool-headed and far-seeing.
As a result of this incident, the
possibility now presents itself as to
what may have become of the 3000 men
scattered throughout the woods doing as-
sessment work in the region of Glad-
stone Bay, and a man named Drummer,
both of whom took refuge in a well and
were suffocated.

Fainted on Hearing News.
All sorts of rumors and hearsays
were floating around the city last
night about Toronto people being
among the fire victims at Cochrane. Some-
body told Mrs. Gleedhill that she resided
at the Matland Apartments, Matland-
street, that her husband, Eddie
Gleedhill, was dead, and she fainted
several times. Mr. Gleedhill is at
one of the mines in Porcupine at
present.

Later on a wire was received in To-
ronto from Mr. Gleedhill stating that
he was all right.
Two deaths are reported from Coch-
rane, H. W. Ashbee, a painter of North
Bay, and a man named Drummer, both
of whom took refuge in a well and
were suffocated.

Looking After the Dead.
No time is being lost by the mining
interests in Dome in affording relief
and providing interment for the bodies
of the unfortunate ones who lost their
lives in the fire. A. P. Proctor, Mont-
real, was in charge of the Hotel
last night, and stated to The World
that C. L. Baugh, one of the largest
stockholders in West Dome, and pro-
moter of the Hudson Bay and Porcupine
Gold Mining Co., left for that dis-

trict last night with full authority from
the company to do what was necessary
to relieve the situation and make im-
mediate arrangements for the inter-
ment of the bodies of those killed in
the fire.

Dr. N. Steele, president of the Swas-
tika Mining Co., advised The World
last night that, contrary to reports,
there is no fire in that district, and the
Swastika property is perfectly safe.
"There is little danger of fire occur-
ing," said Dr. Steele, "as our property
is amply protected."

Cochrane's Loss \$500,000.
Frank W. Child of Cochrane, who is
staying at the Prince George Hotel,
has come to Toronto to buy tents and
beds, which he will take back with
him to Cochrane to-night.

Mr. Child's hardware stores at
Cochrane and Kelso mines were com-
pletely destroyed, with \$14,000 stock
and \$7000 insurance.

He told The World that the fire
started a quarter of a mile from the
town and a wind, traveling at 40 miles
an hour, fanned the flames and the
town was burnt down before the in-
habitants had realized it. The town
was completely down and there were
no communications from Kelso or any-
where north of that town.

Mr. Child was fortunate enough to
get his wife and children safely from
the town before the fire reached his
dwelling. He said he could not de-
scribe the horrors of the fire and its
awful results. There must be a loss
of \$500,000. Very little was insured,
owing to the excessive rate.

Mr. Child returns to-night and hopes
to start business again on Monday
morning.

Twenty-five Dead at Mine.
"The loss of property is nothing, it
is the loss of life that counts, and we
are powerless to do anything," said
Mr. Warfield of the West Dome Mines
to The World last night.

The news from the stricken area is
dear. Our Mr. Warfield had only
received one short telegram during the
day from Mr. Stephen Cameron, stat-
ing that 25 persons had been killed, in-
cluding Mr. R. A. Weiss and Mrs.
Weiss and child, and W. King.
"Mr. Weiss was one of my oldest
friends," Mr. Warfield continued. "I
have known him since boyhood. He
was the most popular man in the dis-
trict. Mr. Weiss was liked and re-
spected by all."
Mr. Weiss was about 40 years of age,
and his child was just 3-1/2 years old.
Mr. Baugh went to Golden City yester-
day afternoon with full power to
act on behalf of the company, and
with instructions to spare neither
money nor trouble in aiding those who
have suffered by the fire.

"You cannot burn out a gold mine.
The buildings may be destroyed and
the machinery damaged, but the gold
remains. The damage to our property
counts for nothing, but the loss of life
is too terrible to contemplate. Tele-
graphic communications are interrupt-
ed; there is little news coming thru
and we are able to do little."
In conclusion, Mr. Warfield stated
that he believed Mr. Weiss' mother
lives in Pennsylvania, and Mrs. Weiss'
mother in California. He anxious
to trace them and will be glad if any-
one who can give information on the
subject will communicate with the
offices of the West Dome Mines.

Major Charles Vane received the fol-
lowing telegram from Porcupine at 12
midnight:
"South End Wiped Out."
"You cannot burn out a gold mine.
The buildings may be destroyed and
the machinery damaged, but the gold
remains. The damage to our property
counts for nothing, but the loss of life
is too terrible to contemplate. Tele-
graphic communications are interrupt-
ed; there is little news coming thru
and we are able to do little."
In conclusion, Mr. Warfield stated
that he believed Mr. Weiss' mother
lives in Pennsylvania, and Mrs. Weiss'
mother in California. He anxious
to trace them and will be glad if any-
one who can give information on the
subject will communicate with the
offices of the West Dome Mines.

EXPLODING DYNAMITE CUT OFF THEIR RETREAT

Story of the Disaster as Told by the World's Man on the
Spot—Names of the Dead at the Various
Mines at Porcupine.

ENGLISHMAN, July 12.—(Special.)—
Deep gloom pervades the entire camp,
as one of the blackest fire calamities
in the history of Ontario is gradually
unfolded in official correctness with
reports gathered from every quarter
where messengers can travel. A total
of 38 deaths by fire and suffocation and
eight by drowning, so far as now
known, with nearly 50 still missing and
unaccounted for is the harvest of one
of the most disastrous forest fires yet
experienced in Porcupine. Men and
women crazed with fear and driven to
desperation by heat, flung themselves
into the raging swells on the lake to
be carried under and lost on water as
well as on land.

The situation was horribly intensified
by the exploding of dynamite, blinding
sheets of flame cut off their retreat,
and death stalked in whatever path
they chose to take.

The death list so far as reported from
all the prominent mines shows as fol-
lows: Burned or suffocated: Porcupine
United Mines, Manager Andy Yuill,
British Columbia; Frank Flynn, Brace-
bridge; Joe Fletcher, Bracebridge;
Consulting Engineer M. Martin, Thor-
ngey, Los Angeles, badly burned; one
other employe burned about the ankle

HAMILTON HAPPENINGS

COMPANY QUITE ABLE TO BUILD THE ROAD Will Have a Man on the Spot in Next Few Days - Cataract Co. Still Has Troubles.

HAMILTON, July 12.—(Special.)—Since the Montreal Construction and Engineering Company opened correspondence with the city officials recently in regard to acquiring franchises and developing public services here, and particularly in regard to building the Hamilton-Gait Electric Railway, there has been doubt expressed in some quarters as to the financial standing and responsibility of the company.

Streets Still Dark. The Cataract Company did not fully recover from the effects of yesterday's storm to-day, and owing to one of the street lighting circuits still being out of business, a large section of the city's streets were left in darkness to-night.

George Fox was this morning remanded for sentence until July 20 by Judge Monck, by whom Fox elected to be sentenced after pleading guilty in police court yesterday morning to the charge of stealing \$25 from the Salvation Army company, by whom he was formerly employed as a collector.

Orangemen Had Good Time. With banners flying, drums beating and pipes playing, the various local lodges of Orangemen returned to the city to-night after ten o'clock, after their day's celebration in St. Catharines. The local followers of King Billy state that they had a grand time in St. Catharines, and that the celebration there was one of the best held in this section of the country in years.

Scarboro Beach Concert. In addition to its many other attractions, Scarboro Beach has specially engaged the Band of the Royal Grenadiers, under the direction of Mr. John Waldron, to play both afternoon and evening. This band is specially noted for its very attractive programs, including vocal and instrumental solos, extra fine programs will be given on Thursday for the Scarboro Beach crowds.

The Morning World is delivered before breakfast to any address. Toronto or suburbs for twenty-five cents per month. Phone M. 5308.

Instant Relief for Sore Feet Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well, No Matter What Ails Them.

Police men all over the world use TIZ. Police men stand on their feet all day and know that, sore, tender, swollen feet really hurt. They use TIZ because TIZ cures their feet right up. It keeps feet in perfect condition. Read what this policeman has to say: "I was surprised and delighted with TIZ for tender feet. I hardly know how to thank you enough for it. I can keep my feet in perfect condition. I believe in your earnest gratitude for my feet all day."—Eugene Harrell, Austin, Texas.

TOLL OF DEATH AT PORCUPINE

Continued From Page 1.

drowned. God knows how many perished in the flames. Little's story reminds one of an incident in the Johnstown flood. He says: "On Tuesday morning the wind freshened and about ten o'clock a man, faint and evidently frightened, came into South Porcupine to warn the people of the camp that a great horsehoe of flames many miles in extent was approaching from the southwest." And again: "At about 10 a man dashed out of the bush to say that a quarter of a mile away a box car containing a carload of dynamite was on fire."

Little's Despatch. Little's despatch reads in part: "Forest fires on Tuesday night wiped South Porcupine off the map, eliminating Pottsville, burned part of Ontario City, swept great part of the Porcupine mining district bare of camps and buildings, killed at least half a dozen men and perhaps ten times that number, and generally cleared the ground for a new deal all around."

The mines that have been damaged or have lost all of their buildings by the fire, are: The Dome, West Dome, North Dome, Apex, Vipond, Dome Extension, Pearl Lake, McIntyre, Hollinger, Foley-O'Brien, Success, Philosopher, Scottish-Ontario, Crown Charter, Eldorado and Imperial.

Great Horseshoe of Flame. All day Sunday the men of South Porcupine fought fire. On Monday the flames died down with the wind but from the high ground of the Dome or West Dome mines you could see the black smoke lazily rising up over the bush from away off Cripple Creek way. On Tuesday morning the wind freshened and at about ten o'clock a man, faint and evidently frightened, came into South Porcupine to warn the people of the camp that a great horsehoe of flames many miles in extent was approaching from the southwest and would surely wipe out the great mines that lie to the southwest of Porcupine Lake and then sweep down upon the people of the camp.

Took Refuge in Lake. Hanging on to logs or anything they could get hold of these men went into the lake with their horses, dogs and harnessed cattle, and there they stayed for more than three hours with the smoke so thick that they could not see their mates, with flames reaching out to scorch them and with live coals constantly falling upon their heads. At least four persons went under during the experience.

Fate of Weiss and King. In a brief despatch, Little tells of the death of Weiss and King. These men were friends, and the survivor of the trio appends the simple request: "Give newspapers my stories on Weiss and King. Let those stories be the obituary of my dead friends." Describing his last hours with Weiss, Little says: "On Monday I was on the West Dome talking with Weiss; I spoke of the fire danger that threatened and Weiss said: 'They will never burn the West Dome men. We will lick any fire that comes in here.'"

Engineer Meeks Safe. The indomitable spirit of the prospector and pioneer is shown in the telegram which indicates that a movement is on the way to build a bigger and better Porcupine. "Engineer Meeks of Dome is alive," says one message, to be quickly followed by another: "Understand Meeks of Dome and some other engineers will start south to-day to refer new equipment."

Brought With Broken Neck. James Miller, 46 years, a farm hand employed by F. S. Hartley, near North York, Ont., was brought to the General Hospital from the home of his wife, Mrs. Miller, who had fallen from a hay rack, and had a broken neck. He cannot recover, and will live a day or two. He was accompanied from North York by Dr. Proctor.

THE PHOENIX Porcupine Will Rise From Its Ashes

THE DEMON FIRE has again visited Porcupine, leaving in its wake desolation and loss of life. We regret exceedingly to record these facts, but we desire to pay tribute to those hardy heroes who bravely fought the cruel flames until they dropped in their tracks and died as did the greatest martyrs of ancient times. The pages of the history of Northern Ontario, when written, will be emblazoned with the number of brave lives that were snuffed out in the line of duty. The armies of the world have supplied many heroes, but not one of these can boast of braver men than the miners and prospectors of the Porcupine district.

A decided REACTION IN MARKET PRICES will probably follow the news of the wiping out of machinery and buildings on the following mines: DOME, WEST DOME, APEX, VIPOND, DOME EXTENSION, REA, PEARL LAKE, HOLLINGER, FOLEY-O'BRIEN, CROWN CHARTERED, ELDERADO AND IMPERIAL.

WEST DOME PEARL LAKE FOLEY-O'BRIEN PRESTON EAST DOME. We are especially favorable to the purchase of: HOLLINGER DOME EXTENSION REA MINES PORCUPINE GOLD (Vipond) WEST DOME PEARL LAKE FOLEY-O'BRIEN PRESTON EAST DOME.

York County and Suburbs

MARKHAM HAS BIGGEST DAY IN ITS HISTORY

Five Thousand Orangemen Invade Old County Town and Capture It—A Gala Time.

MARKHAM VILLAGE, July 12.—(Special.)—The greatest celebration in the history of York County conducted under the auspices of the Orangemen or any other society, was that of to-day, when more than 5000 brethren gathered from all parts of the county here. Every elder and every concession contributed its quota to swell the throng, while a special train of twelve heavy loaded coaches from Beaver-to brought the North Ontario men, and another of eleven coaches from Toronto the West York and North Toronto brethren.

The two local hotels were taxed to provide accommodation to the hungry throng, but they were ably supplemented by the Christian Church, which catered to an immense crowd in the large covered skating rink. There was no lack of provisions and the prediction made that the town would be cleaned out was not verified. Big as it was the throng hardly came up to the fine art of historic Markham Fair.

Returning to the grounds after the parade, short, stirring addresses were given by Major Sharp, M.P., North Ontario; W. H. Hoyle, M.L.A., North Ontario; Capt. Tom Wallace, M.P., and Dr. Godfrey, M.L.A.

Dr. Martell's Female Pills. EIGHTEEN YEARS THE STANDARD. Prescribed and recommended for women's ailments, a scientifically prepared remedy of the highest quality.

Straws and Panamas

Marked Down We Must Close Out Our Stock of Straw Hats Before the First of August.

Although we have had a very heavy season in Straw Hats, yet our stock is still exceptionally large. We must clear it out before the First of August. Here is the plan:

ALL THE STRAW HATS IN THE HOUSE ARE TO BE DIVIDED IN THE FOLLOWING LOTS: Lot No. 1. Splendid Straw Hats in plain sennit braided straw, made in the very latest designs; were \$2, \$2.50 and \$3.00, for \$1.50.

This is positively the largest offer ever made by any Toronto firm in the line of high-class hats for men. There is over half the summer left now. Call to-day.

Golf Scores at Englewood. Englewood, N.J., July 12.-J. J. McDermott, U.S. open golf champion of America, led the field at the Metropolitan Golf Club with a score of 144 on the links of the Englewood Country Club to-day.

Leafs won the first game at Montreal yesterday. The holiday crowd who journeyed to the island grounds yesterday certainly witnessed two interesting games of baseball, which were not hard-fought all the way.

Montreal was unable to score until the eighth inning, when Hanford tripled and scored on Demmitt. They had never had men on bases in nearly every inning, and good support in the part of Bachman and good support in the part of the Leafs.

Montreal was unable to score in either the fourth or fifth, but it was in the fifth that Yeager had singled, that O'Hara had a one-run home run, which certainly scored on a single by O'Hara and Delahanty.

Lawn Tennis Results. Splendid progress was made in the All-Canadian championships yesterday, when a very large gallery was present at the Racine courts.

ZOMBREWER IN FAST TIME WINS CIRCUIT FEATURE

Private Pools the Only Method of Betting in Second Day at Indianapolis.

INDIANAPOLIS, Ind., July 12.—By order of Governor Marshall, the bookmakers' stalls were deserted this afternoon, while the second day's card of the Grand Circuit race meet in this city was on.

What betting there was was done in front of the grand stand in private pools. Considerable money changed hands in this way, but it is announced the amount is not to be compared with yesterday.

The track was fast. Zombrewer recorded a 2:04 1/2 for the mile, a new record for the track, in the 200 pace, the feature event of the day. She took the third heat in a quarter of the second show and was not pushed until right at the finish, when Sir R. came up and lost the heat only by a nose.

The races to-day went in straight heats and the only big surprise on the card was the defeat of the veteran Geers in the feature. Many had picked the Memphis horse Akar to win the big stake, but the best he could do was to take third.

The Huguenot, driven by J. Benyon, won handsily in the first, the 2:15 trot, the fight being between Cascade with Murphy holding the reins, and Geers' Viola Strome, for second.

In the first heat of the fourth the chestnut gelding, Don W., was making it interesting for the big white mare up to the three-quarter pole, when he broke and Akar came in second. The next two heats Sir R. came in second.

FIRST RACE—2:15 trot, 2 in 5, purse \$1000. The Huguenot, b.g., by Chimes (J. Benyon) 1 1 1 Cascade, ch.h. (Murphy) 2 2 2 Akar, b.g. (Geary) 3 3 3 Viola Strome, b.m. (Geary) 4 4 4 Whita, b.m. (Selvage) 5 dis. Victor Star, b.g. (Valentine) 6 dis. Time 2:04 1/2, 2:04 1/2, 2:04 1/2.

SECOND RACE—2:00 pace, 2 in 5, purse \$2000. Zombrewer, wh.m., by Zombro (Snow) 1 1 1 Sir R., b.g. (Murphy) 2 2 2 Akar, b.g. (Geary) 3 3 3 Don, ch.g. (Brown) 4 4 4 Star King, b.g. (Rash) 5 5 5 Lee, w.g. (Dodge) 6 dis. Time 2:05 1/2, 2:04 1/2, 2:04 1/2.

THIRD RACE—2:06 trot, 2 in 3, purse \$1000. Ayot Hal, b.h., by Brown Hal (J. E. Benyon) 1 1 1 Lady Willow, b.m. (Geers) 2 2 2 Band Girl, b.m. (Murphy) 3 3 3 Francis Hal, b.m. (Chandler) 4 4 4 Mary Walker, b.m. (Dean) 5 dis. Lee, w.g. (Dodge) 6 dis. Time 2:06 1/2, 2:06 1/2, 2:06 1/2.

FOURTH RACE—2:14 pace, 2 in 3, purse \$1000. Peter the Second, b.h., by Mr. Pinkerton (Valentine) 1 1 1 Band Girl, b.m. (Murphy) 2 2 2 Lon Allen, ch.g. (McMahon) 3 3 3 Bartha A., b.m. (Kinnell) 4 4 4 John D., b.g. (Brooks) 5 5 4 Woodland Toller, b.g., scratched. Time 2:06 1/2, 2:06 1/2.

Turf Notes. Thomas Welsh, who trained the horses of August Belmont, H. P. Whitney, the Newcastle Stable and others last year, and developed the \$30,000 Bashit, has just returned to America from a visit to France and England. Welsh refused an offer to train for H. B. Duryea in France, as he did not care to live abroad. He is now in New York, where he is conducting a big scale, and that many Americans are enjoying the sport. He was the guest of the racing in Paris, and later was entertained by Jack Turner at Newmarket, which was his headquarters for a severe illness, but is now in fine condition again. He has several horses, including T. Monahan's colt Textile, quartered at Gravesend.

To horsemen on this side of the water the most interesting race run in England this year was the July Stake, for three-year-olds, at Newmarket, on June 27. It was won by the colt, R. V. Young, brother to the same owner's Derby winner, Sunstar.

The second game in between A and B teams, composed of players selected from the whole of the league, who are meeting on a position on the team to meet the Corinthians at Rosedale. W. G. Murchie will referee and line the men up for the kick-off at 2:30 o'clock.

The third game is a semi-final of the intermediate league and the kick-off will be at the same time. The British and Davenport Albions will battle for supremacy and incidentally the cup and medals. The British have won this trophy before and, according to the critics, appear to have a good chance of gaining it this season. The game will be charged for the series of games. Following is the line up of the T. & D. teams: A—Goal, Shadish; right back, Campbell (capt.); left back, A. Robinson; right half, Givens; centre half, Finlay; left half, Givens; outside right, Curran; inside right, Parlin; centre, Rutherford; inside left, Wright; outside left, Finlay; goalkeeper, Givens. B—Goal, Hider; right back, Gillespie; left back, Brownie; right half, Croucher; centre half, (capt.), left, back, Kenington; outside right, Phair; inside right, Littlepie; centre, Aitken; inside left, Daisell; outside left, R. V. Young; Reserves, Nutcut, Finlay, Bradshaw, D. Cameron, Sinclair, Appleton, Withing, Forrest, Lisenen, Messia, Lord and Spencer.

Lawn Tennis. Sporting Editor World: I have a letter this morning from Captain Poukes of Victoria, B. C., regretting that his military duties will this year prevent him from defending the national singles championship, a title he has held for the past two years. Mr. Schwenger, from the Pacific Coast, will, however, be on hand at Ottawa on July 15. He is a splendid representative of western tennis, and there is also a reasonable probability of Mr. Grant of Halifax, (the eastern champion) being a competitor. These, with the cracks from Toronto, Montreal and Ottawa itself, will, for the first time, give us this year a meeting of the champions of East, West and Central Canada. In the past distant have proved an insuperable difficulty in the way of getting together the best representatives from all parts.

I notice that the Lawrence Park L. R. C. are opening their grounds on Saturday afternoon next with bowling and tennis matches, and Miss Florence Turner, Miss Mary R. Burns and Mr. R. Baird are announced to play. Lawn tennis people with every success in their undertaking, but they are unfortunate in their choice of a date. At the annual meeting of the Canadian L. R. C. Association, in February last, the all-Canadian championships were awarded to be played on the Rushmore courts, Toronto, and the dates assigned to them were July 8 to 16, and public notice was given thru the press. Most of the principal competitions will be set for final decision on the Rushmore courts on Saturday afternoon, and Mr. Baird requests me to say he will be playing on Rushmore courts, and not at Lawrence Park. We

National League Scores. At Boston—St. Louis won the first game yesterday afternoon, 13 to 6, by hard hitting, but Boston made an uphill fight in the second, and tied the score in the eighth innings, it being 8 to 8, and at the end of the tenth neither team had made an additional run. The scores: First game—Boston, 000020201-13 9 3; St. Louis, 00012012-13 17 5. Batteries—Perdue, Brown and Kling; Sallee and Bresnahan.

Second game—R.H.E. St. Louis, 00001010-6 13 2; St. Louis, 00001010-6 13 2. Batteries—McTigue, Griffin, Mather and Kling; Harmon, Geyer and Bliss.

At Brooklyn—Brooklyn hit Ed. Reulbach hard in the first innings of yesterday's game, and before the locals had been retired sent three men across the plate. After that it was an uphill fight for the Cubs, and they were never able to catch

FRUIT MARKET.
Quotations are given below:
Asparagus, basket, \$2.00 to \$2.50
Beans, wax, 2.25 to 2.50

Over a Dozen Veins On McIntyre Property
Shows Up as One of the Richest Mines in Porcupine—Stamp Mill to Go In.

Porcupine City, July 10.—(From Our Man Up North.)—The McIntyre Mines, fast becoming one of the richest in the district, where three shafts are going down with cross-cuts that will cover a distance of over 100 rods underground, will be the next mine to put in a stamp mill.

Already preparations such as building machine shop, clearing the land, putting up extra buildings, and locating a mill site are on, and while no time is set as to when the mill will be actually ordered, it is known that the management figure on having the mill ready to run by the time the cross-cut is finished and drifting on to the big lead completed.

NO MENTION OF TAXIS
Discharged Because Law Not Up to Date.
MONTREAL, July 12.—That the police have no power to arrest a man for refusing to pay his taxicab bill, was the judgment rendered to-day by Judge Lanctot, when Thos. Davis, 48 Victoria, was arraigned on a charge of being drunk and refusing to pay for a taxi.

Veterans' Finances Sound.
The auditors report of the half-yearly meeting of His Majesty's Army and Navy Veterans' Association, which was held last night in Occident Hall, showed a balance at the bank of \$2383 to the credit of the general fund, and a credit balance of \$287 to the contingent fund, this being a gain of \$278 over the last half-yearly report.

Newspaper Will Build.
KINGSTON, July 12.—(Special.)—Announcement is made here to-day by the Ontario News Company, which is to provide the necessary facility and accommodation for its increased business, it will build a handsome three-story office building on Brock-street, adjoining the new Bank of Commerce building. Work will be begun at once.

New Ontario Missions.
The work in New Ontario was discussed at the meeting of the Baptist Mission Board yesterday afternoon, and the superintendent was instructed to pay personal visits to the different points where it might be advisable to start missions. Rev. Dr. Norton would not state the points where the mission stations would be started.

Big Doings at Long Branch.
A magnificent display of fireworks will be given at Long Branch Friday night. Take the Turbina from Bay-st. at 8.15 p.m., and you can spend one hour at the Branch, Orchestra and dancing. Home at 11 p.m. Tickets 25c.

PILOT TO BLAME.
MONTREAL, July 12.—The formal investigation into the grounding of the steamer Stromont near Longue Point, on May 6 last, was concluded this afternoon and judgment was given, placing the whole responsibility of the accident on Pilot Rivard, who was in charge of the vessel when the grounding occurred. The pilot was punished by the suspension of his pilot's certificate for the balance of the year, and was given a severe reprimand. His tractor and the results were as thorough as they were prompt. A few applications perfectly cured my corns. I had never heard of 'Putnam's Corn Extractor' as the best cure I ever heard of or used." Twenty-five cents a bottle of Putnam's Extractor at any good drug store.

Porcupine Stocks Decline on the Fire Reports--Cobalts Weak

Cobalt Issues on the Toboggan Porcupines Take Natural Drop

Mining Market Holds Up Well Considering the Big Fire in Porcupine—Beaver Gets Its Bumps.

World Office, Wednesday Evening, July 12. The mining market was in an extremely nervous state at the beginning of the big fire through the Porcupine area, but, considering the sensational stories of the conflagration and its immensity, prices held remarkably well.

At the opening of business quotations showed declines from the previous close, these running all the way from small fractions in some of the cheaper issues to 10 and 20 points in the higher Porcupines. Selling was pretty general throughout the day, and quotations recorded further softness, the in no instance were these sensational.

It is altogether likely that the damage in Porcupine has been overestimated. As far as the mine themselves are concerned, the losses will be small. The plants were at best only temporary, and outside of the fact that the camp will be left back for a while, it is not likely that any material damage will be done to the properties themselves. Indeed, the amount of clearing which the fire will do is more than likely to atone for any present monetary loss.

Hollinger recorded the biggest drop today, the shares getting back to \$13.75, a loss of 50 points from the opening quotations. As the Hollinger had already been burnt out, the slump in this issue must either be due down to a sympathetic action with the rest of the list, or else to some influence entirely outside of the fire.

The cheaper issues were all lower, Dome Extension being down 3 points, at 88, but closing a fraction higher; Vipond of 1, at 89; Preston back several points, at 37 1/2, and the others slightly easier.

The Cobalts were decidedly weak. Indeed, the action of this end of the market was much worse than that of the gold stocks, which were the direct sufferers from the fire. Beaver got its bumps, selling off nearly 3 points, to 42 1/2, on what was taken to be a bear raid. Temiskaming was also lower, the shares dropping a further 1 1/4 cents, at 36.

A large overextended speculative account in Beaver was liquidated, and the drop in the price was attributed to this source. Considerable margin stock was wiped out on the decline, which was reported to have been engineered for just that purpose.

A Good Property, Says Eldorado Engineer

A. P. Seymour, Formerly of Cobalt Lake Mine, Predicts Bright Future—Vein Six Feet Wide.

Mr. A. P. Seymour, consulting engineer of the Eldorado Mines, Limited, was in the city yesterday. He reports that everything is going along smoothly and that the property is looking better than ever.

Mr. Seymour has appointed Tom Jenkins, a well-known mining man, as mine manager. Mr. Jenkins has been considerable experience in gold and silver mines in Mexico and also in South America. He is thoroughly conversant with conditions in the Porcupine, and will prove a decided acquisition to the Eldorado force.

Asked as to the situation of the Eldorado, Mr. Seymour told The World that two shafts were being sunk about 200 feet apart. The main shaft was going down on a good vein of quartz, which gave values of 30.0 to the ton at eight feet. The other shaft has been started on what was thought to be another vein, but it is now believed that it is a continuation of the big vein, which has been stripped for about 100 feet on the surface.

The geological formation at the Eldorado is identical to the same as that at the Hollinger. Mr. Seymour said that the property is undoubtedly a good one, and on development, which is now being pursued in an intelligent manner, it should become a valuable property. A system of prospecting work is being carried on in addition to sinking, and it is expected that we will get other good veins which are known to make for the property, and which should be found on the surface. The main shaft is down some 18 feet, and the quartz at that depth is 12 inches wide, along with graphite showing seams of mineral carrying.

Since my return to the city, word has been received stating that the vein matter has widened from 12 inches to four feet.

Mr. Seymour is well known in Porcupine and Cobalt and has had considerable experience in Australia and the gold fields of South Africa and India.

Speaking of the fire raging in Porcupine, Mr. Seymour said that the Eldorado management in anticipation of such a conflagration had erected only temporary fire camps at a cost of \$100, and should the property be completely razed, the loss could not exceed \$250, and would not interfere with the work.

Larder Lake Board Fighting the Flames Of Trade Meeting In the Porcupine

Unanimously Condemns Action of Government in Removing Recorder's Office—O cars Elected, World Correspondent Sends Graphic Description of the Conflagration on Sunday.

LARDER LAKE, July 10.—(Special.)—The annual meeting of the Larder Lake Board of Trade was held at the Lake View House, Larder Lake, recently. The meeting convened at 2 p.m. The purpose of the meeting was to hold the annual election of officers, and transact all the business connected with the board of trade of Larder Lake.

Present and voting—James H. Tighe, John Costello, Clarence Hough, Lieut. Harry Seymour, Rudolf Pallas, William M. Woods, William Stewart, Recorder, secretary pro tem, Lieut. H. C. Seymour.

The first business taken up was the election of officers for the current year. In motion of Jas. M. Tighe, all officers were declared vacant. Carried.

On motion by Clarence Hough, seconded by J. Costello, the reading of the minutes of last meeting was waived. Nominations for officers were then taken up. On nomination of John Costello, seconded by W. M. Woods, J. H. Tighe was named for president. Motion put and carried unanimously. Mr. Tighe then took the chair amid congratulations from all present.

Lieut. H. C. Seymour was nominated as vice-president by R. Pallas, seconded by W. M. Woods; elected unanimously. Clarence Hough was nominated as secretary-treasurer by Lieut. H. C. Seymour, seconded by Wm. J. Stewart. All the above officers were duly sworn and took their places.

Proceedings of Meeting.

Proceedings at annual meeting of the board of trade of Larder Lake, Ont., held July 10, 1911, at Lakeview Hotel, Larder Lake, majority present, consisting of three-quarters of the membership.

The meeting being called to order by the chair, a resolution was offered by Clarence Hough, seconded by J. Costello, strongly condemning the removal of the recorder's office from Larder Lake to Matheson, urgently demanding its return, carried.

Motion by Rudolf Pallas: That the government has taken a large sum of money from Larder Lake (estimated at \$2,000,000) and given nothing in return, and has even taken away the right of the recorder's office. That the office should be returned.

By Mr. Stewart, seconded by Wm. M. Woods: If the government considers the growth of the Larder Lake mining district so great as to require the removal of the recorder's office, we earnestly request the government to consider the main office here and create a sub-district in the newer districts. If we are not worthy of the small recognition the government should give, we will increase the government revenue. And increase it we would if we get bare bones justice.

By Lieut. H. C. Seymour, seconded by Rudolf Pallas: That great injustice is done to the interests of Larder Lake and vicinity by the removal of the recorder's office to such a distant point as to make it a real hardship to poor miners who go to Matheson to record their claims.

The board then went into committee of the whole to discuss the urgent needs of the district and suggest remedial measures. After free and full discussion of the needs of the district, the committee unanimously agreed that business was seriously hampered, and the best interests of Larder Lake mining district seriously injured by the removal of the recorder's office.

That it should, in justice to the miners and mine owners of Larder Lake, be restored to Larder Lake, and a distant point as Matheson worked a real hardship upon the miners of Larder Lake and Swastika, both in loss of time and money.

That an electric railroad should be at once constructed to run from Swastika to Keeleke Lake, via Larder Lake. That this degree of recognition must and should be given to Larder Lake on the fact that Larder Lake has paid to the government upwards of \$2,000,000, and has staked upwards of 4000 claims.

That this wide scope of territory now many camps are established and consequently the loss is practically nil. If a heavy rain comes to dampen the fire, prospectors will start out on long trips thru the burned districts in search of quartz leads.

Chas. Fox.

ACTIVITY AT LARDER LAKE. LARDER CITY, July 10.—(Special.)—Aggressive development operations will be commenced immediately at the Redick mine here. A party of men came in this morning by stage from the railroad, in charge of Mr. Ogilvie of Ottawa, who has taken the position of chief engineer of the mine. In place of Mr. De Penster, who conducted previous development, Mr. Ogilvie knows the ground thoroughly, having been in it for several years. The mine is furnished with a complete plant, and it is expected that the work will progress at a rapid pace.

UPWARD MOVEMENT STARTED. It takes a long time to work up speculation in a mining camp. Porcupines have been on the market for several months and are only now beginning to feel their way. When mining shares move they move fast, and our judgment is that the real movement has started.

Extreme care must be exercised in buying, and only those issues which have real merit should be touched. Our own engineer in the camp has great faith in Dome Extension and Eldorado, and we consequently advise their purchase without delay. Our bureau of information on these or other Porcupine stocks is open to our clients at all times, without cost. Fire has done a great deal of damage to the camp and this may cause a temporary weakness in the market. This will offer splendid opportunities to make purchases. The clearing which has been made by the fire will be later accepted as a benefit.

NEW YORK. The stock market is beginning to feel their way. When mining shares move they move fast, and our judgment is that the real movement has started.

Extreme care must be exercised in buying, and only those issues which have real merit should be touched. Our own engineer in the camp has great faith in Dome Extension and Eldorado, and we consequently advise their purchase without delay. Our bureau of information on these or other Porcupine stocks is open to our clients at all times, without cost. Fire has done a great deal of damage to the camp and this may cause a temporary weakness in the market. This will offer splendid opportunities to make purchases. The clearing which has been made by the fire will be later accepted as a benefit.

A. J. BARR & CO. 43 Scott Street - Toronto Members Standard Stock Exchange

PORCUPINE RELIEF FUND. Porcupine has been devastated by terrific fires, which have wiped towns and settlements of the map, taking toll of scores of lives, and reducing miners, prospectors and settlers to a desperate plight.

RELIEF FOR THE SUFFERERS IS URGENTLY NEEDED. I want the public to contribute to a fund for the immediate relief of the sufferers, which I will head personally with \$100.

Mail, send or bring the cheques, money orders or cash, to A.C. Goudie, Trustee, 621-622 Traders Bank Bldg., Toronto, Ont. Accounting of the distribution of all funds subscribed will be made through the columns of this paper.

FOLEY-O'BRIEN APEX, MONETA

We have prepared a circular letter outlining the merits of each property, and will be glad to mail a copy, also an up-to-date Map of Porcupine, and Township Map, showing all the new mining camps. These letters and maps are distributed free.

The Uplifting Influence of the Simpson Store for Men

Don't you feel an uplift, an exultation when you come here and get high-class distinctive clothes and furnishings for less than you'd pay for the ordinary kind in a men's specialty shop? Fact is, we're specialists when it comes to men's wear, and we sell the kind of clothes that you'd expect to pay two prices for—elsewhere. Here, things are marked at prices close to cost, as you'll see on this page, and you can't help a feeling of exultation every time you put on these Simpson-value-clothes.

A Great Movement in Men's Summer Hats
