Musical Program, Tea and Speeches in World Building This Afternoon.

ABOUT THAT DONATION

If You Have Not Helped "Sox Day" Campaign, Then Do So Today.

This afternoon the regular Friday tea and knitting meeting of The World "Sox Day" campaign will be held in the knitting room, 40 West Richmond street, followed by a short musical program and one or two addresses by returned soldiers.

Regarding donations of wool—they are still very acceptable. The machines are working fast and furious and can use all that the campaign boosters will supply.

JERRYMANDER METHODS

Would Group Single Districts Into Large Areas and Assure Fairness to All.

"Proportional Representation," as applied to parliament, was the subject of an address given by John H. Humphries of the Proportional Representation Society of England, before the members of the Women's Canadian Club yesterday afternoon.

As a general proposition and without touching on suffrage, the speaker thought all should be interested in the subject of parliamentarism, which controls the destinies of nations. A good deal of criticism, said Mr. Humphries, is being leveled against parliament and this displays mistrust of the desire of the party working for proportional representation to strengthen the principle of representative government.

Army Chaplain Returned From the Front Favours Wet Canteen

THE following Press Despatch appeared in The Toronto "Globe," of a recent issue:

Montreal, Jan. 10.—"The wet canteen in the regiment proved a lesser evil than the dry canteen, with the surrounding dangers of bad public houses in the camp vicinity," said Rev. Dr. Bruce Taylor, pastor of St. Paul's Presbyterian Church, in addressing the Ministerial Association to-day. Rev. Dr. Taylor recently returned from acting as chaplain at the front.

This clipping from the great Prohibitionist organ is one of those little items which one might so easily pass over; and yet it is a very important item for various reasons, especially in that the testimony contained therein comes from a prominent clergyman in the Presbyterian Church who has been at the front and who speaks, therefore, not from hearsay but from actual experience.

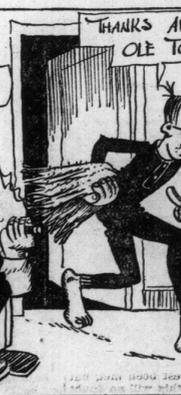

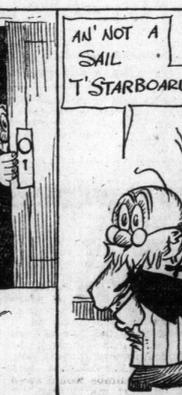

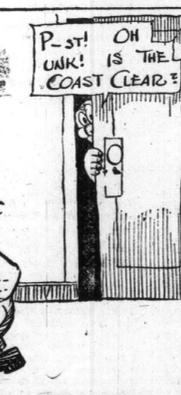

Of course, what the Rev. Dr. Bruce Taylor says, is no new thing to all who have studied the Temperance question impartially; and this matter of the dry or the wet canteen has been thoroughly threshed out in the United States, where experienced army officers are in favor of the latter. There is no intention, however, to discuss the canteen question, but merely to call attention to the fact that the Reverend gentleman, who knows whereof he was speaking, coincided in his views with the Anti-Prohibitionists, namely, that regulation is better than suppression, or rather attempted suppression. This must, however, have come with somewhat of a shock to the members of the Ministerial Association whom he addressed.

AUDITORS' CERTIFICATE.

We have made a continuous audit of the Cash and Bank Accounts with the books and vouchers of the Union Trust Company, Limited, for the year ending 31st December, 1915, and have verified the securities, and we hereby certify that the accompanying balance sheet is a true and correct statement of its affairs at the date thereof. The books are properly kept, and all required information has been freely given.

C. R. CUMBERLAND } Auditors.
A. C. NEFF, F.C.A. }

In moving the adoption of the Report, the President, Mr. Henry F. Gooderham, said:

The duty falls on me today for the first time of moving the adoption of the Annual Report, which I do with much pleasure.

The result of the past year's operations of the Company will, I am sure, be regarded by the Shareholders as most satisfactory. The profits for the year, after payment of interest, war taxes and contributions to Patriotic and Red Cross Funds, amounted to \$181,336.43, showing a return of over 15 per cent on the Company's Paid-up Capital.

We carried forward from the previous year in the Profit and Loss Account a balance of \$26,813.63, which, with the profits for the past year, made a total of \$181,336.43, and out of this sum we have paid four quarterly dividends at the rate of 10 per cent, per annum, and have set aside for depreciation in the year of securities the sum of \$40,000, leaving a balance to be carried forward to the next year of \$41,336.43.

If you will examine the totals of the different accounts with the figures of the preceding year you will notice that there have been increases in each item.

It is particularly gratifying to call attention to the fact that the funds set aside for us investment, which we call our guaranteed funds, show a substantial increase. I think this is the most satisfactory when we bear in mind the extraordinary conditions that prevailed during the year, and the fact that interest at which Government Bonds have been offered to the public, the result, in my opinion, indicates the confidence which the Company enjoys as a safe and reliable institution for the investment of funds on behalf of clients.

An increase is also shown in the value of Estates and Agencies in the hands of the Company. They now exceed \$5,000,000 in amount, and show a steady growth.

The Company has carried substantial cash and bank balances during the whole year. This has had a tendency to increase the interest on the part of our customers demanded larger balances than usual during these days of anxiety.

The policy of the Company in confining its investments to mortgage loans on improved real estate and municipal debentures has been strictly maintained.

During the year all applications for loans have been most carefully scrutinized and enquired into by the Board and Executive Committee, and all those applications accepted which came up to the standard required by the Company, and in but a few cases was it necessary to take legal proceedings to compel payment of arrears.

We all view with much satisfaction the improved financial conditions which exist throughout the Dominion. In Ontario, trade generally is in a very satisfactory condition; business, as a rule, is carried on with profitable results. There is a good demand for labor, and the price of agricultural produce is high. This has had a tendency to increase the interest on the part of our customers demanded larger balances than usual during these days of anxiety.

Spent Countless Nights Unable to Rest or Sleep

Was Run Down and in Terribly Nervous Condition --- By Using Dr. Chase's Nerve Food Gained Regularly.

In this letter is told once more the story which comes from many thousands of women. It is the story of exhausted nerves, of run-down system and of all the accompanying misery of sleeplessness, headaches and loss of energy and vigor.

But there is a silver lining to this cloud. There is the light of new hope and courage which comes with the use of Dr. Chase's Nerve Food.

This letter is so representative of the kind we are daily receiving that you can judge from it what you might expect from this treatment under similar circumstances.

Mrs. Conrad Schmitz, R. R. No. 1, Miverton, Ont., writes: "Two years ago last spring I was run down, had nervous prostration, and was in a terribly nervous condition. I could not sleep or eat. Could scarcely count the nights that passed without sleep, and I did eat, had sick headaches and vomiting spells. My limbs would swell so badly that I had to walk. I would jump up in bed, awakened by bad dreams; in fact, I was so bad I thought I could not live, and started to use Dr. Chase's Nerve Food without much hope.

"It was not long before I began to improve under this treatment, and I can truthfully say it has done me a world of good. It took some time to get the nervous system restored, but regularly and gradually gained in health and strength. I have a fine baby boy now. He weighed 12 pounds at birth, and my friends were anxious after the condition I was in, I got over that fine, and now weigh 120 pounds. Before using the Nerve Food I was a mere skeleton.

You are not asked to expect miracles from Dr. Chase's Nerve Food. But if you are willing to feed back your exhausted nerves to health and strength you can depend absolutely on this great food cure to produce the desired results. 50c a box, 8 for \$2.50. city of the railway being overtaken thereby, many farmers have not yet been able to get their grain to the elevators.

We regret the loss by death during the year of Mr. E. E. A. Duvernet, K.C., and also the Honorable Samuel Barker, P.C., M.P., who succeeded Mr. Duvernet as Vice-President of the Company.

The Vice-Presidency was filled by the election of Mr. H. S. Strathy, and the vacancies on the Board were filled by the election of Mr. A. Percy Taylor and Mr. Mark Bredin, respectively.

Upon becoming Vice-President, Mr. Strathy resigned his membership on the Inspection Committee, and Mr. George S. May of Ottawa was appointed by the Board in his place.

We were sorry to lose also as a Director during the year the Earl of Onslow, as the duties he was called upon to perform in the defence of the Empire compelled his withdrawal from the Board. His place was filled by the election of Mr. T. Willes Chitty of London, England, who is well known to all of us.

We also suffered the loss of Captain Arnold R. Bathbone, one of the members of our London Advisory Committee, who died from wounds received in action.

At our Winnipeg Branch, Mr. W. W. Evans, who had been Manager for over seven years, resigned owing to ill-health, and the Board appointed as his successor Mr. James K. Pickett, formerly of this city, and the business of the Winnipeg Branch under his direction shows most satisfactory growth. On his recommendation, an office of the Company has been opened at Regina, Saskatchewan, with Mr. R. E. Johnston as Loan Manager.

I am pleased to report that a number of the Company's Staff, particularly at Head Office, have enlisted for service in the defence of the Empire, and some of them are now overseas.

You will be glad to know also that the Trust Company has taken \$100,000 of the recent war loan issued by the Canadian Government.

Since our last Annual Meeting, the Board have subscribed a further sum of \$500.00 for the Red Cross Fund, and a further subscription of \$2,000.00 to the Patriotic Fund, and a Resolution will be submitted to you for your confirmation of these subscriptions.

You will regret to learn that Mr. Charles Magee has expressed his desire to be allowed to retire from the Board. Mr. Magee has been a Director continuously during the past eleven years, and for over seven years was President of the Company. His presence and counsel will be much missed by us all.

I have much pleasure in moving the adoption of the Report.

Mr. H. S. Strathy, Second Vice-President, in seconding the motion, said: I am sure we all regret the absence today of the First Vice-President, Hon. E. G. Stevenson, who has missed a train connection through stress of weather. I had hoped to have heard Mr. Stevenson's remarks upon the present financial condition. You have heard the President's address, which is very full, and leaves nothing for me to add. I have much pleasure in seconding the motion of the President that the Annual Report and Financial Statement for the year 1915 be adopted.

The Report, as presented, was unanimously adopted.

The Shareholders confirmed certain bylaws passed during the year, and ratified grants which the Directors had made to the Toronto and York Patriotic Fund and to the British Red Cross Society.

The election of Directors resulted in the election of the following for the current year:

Mr. H. H. Beck, Mr. Mark Bredin, Mr. T. Willes Chitty, Mr. Henry F. Gooderham, Rt. Hon. Lord Hindlip, Mr. Charles Magee, Mr. Walter E. Laidlaw, Mr. H. M. May, Dr. J. H. McConnell, Mr. J. M. McWhinney, Mr. W. H. Smith, Hon. E. G. Stevenson, Mr. H. S. Strathy, Mr. A. Percy Taylor.

Messrs. George S. May and W. H. Hunter were appointed the Inspection Committee and A. C. Neff, F.C.A., and C. R. Cumberland Auditors for the current year.

At a subsequent meeting of the Board of Directors, the following officers were elected: President, Mr. Henry F. Gooderham; First Vice-President, Hon. E. G. Stevenson; Second Vice-President, Mr. H. S. Strathy.

C. B. ROBERTSON WINS WORLD'S OMAR CONTEST

BIG ASSETS INCREASE FOR EXCELSIOR LIFE

First Prize of Twenty-Five Dollars Goes to Rowanwood Avenue Man.

Nearly Quarter of Million Dollars Added to Total Available.

HUNDREDS OF QUATRIANS

LOW MORTALITY RATE

Six Other Prize Winners Will Be Guests of Guy Bates Post This Evening.

Average for Past Five Years Only Forty Per Cent. of Expected.

Guy Bates Post and Hector Charlesworth examined yesterday some hundreds of quatrians submitted in the Toronto World's Omar Contest, conducted in connection with the Post's engagement at the Royal Alexandra Theatre this week in "Omar the Tentmaker."

They awarded the prize of \$25 in gold to C. B. Robertson, 1 Rowanwood avenue, Toronto, who, with Louise O'Leary, 3 West St. Clair avenue, Toronto, wins the second prize, which is a box at the Royal Alexandra for this evening's performance.

The next five prizes of two seats each at the Alexandra tonight go to: Laura E. McCully, 24 Kenilworth crescent, Toronto; May C. MacMahon, 197 Grace street, Toronto; M. (Miss) O'Leary, 3 West St. Clair avenue, Toronto; K. A. Carr, 415 East King Street, Hamilton, Ont.; George Gallagher, 19 Caer Howell street, Toronto.

The first prize quatrian by C. B. Robertson is as follows:

The Earth were mantled in eternity,
Her requiem, empyrean harmony;
Beloved, in your path my soul, apart,
Would cry, "Why have you slain the life in me?"

The second prize quatrian is:

The earth should be enwrapped in
And losing all their light, the stars grow pale,
Beloved, I would haunt your path
To ask, "Why have you made my life of no avail."

Letters in the form of orders, redeemable at the box office at the Royal Alexandra Theatre, have been sent by the managing editor of the Toronto World to all of the successful contestants.

APPOINT REPRESENTATIVE.

As the term of P. W. Ellis, the city's representative on the Executive Committee, expired in September, the board of control will, in the near future, take up the question of the appointment. The commissioner is in receipt of \$4000 a year.

Canada Life Prosperity

The final test of the prosperity of an institution is its earning of surplus. In this the Canada Life has had marked success. For a number of successive years the Canada Life has earned over \$1,000,000 yearly. In 1915 the surplus earned was \$1,480,865, the year being in this respect one of the best in the Company's history.

Policyholders have a direct interest in this item, for large surplus means large policy dividends. The Canada Life paid policyholders over \$2,800,000 in cash dividends in 1915, the rate on individual policies having continuously improved since 1900.

The full Report will gladly be sent you.

ASKED THE MAYOR TO CONTRADICT STATEMENT

Officers Objected to Remarks on Recruiting Methods Appearing in Press.

Immediately after the board of control had been called to order yesterday, Mayor Church explained that he had had nothing to do with the recruiting meeting which was to have been held on Wednesday with the civic employees in attendance, and that he could not be held responsible for its failure to materialize. "I was not even invited to attend," he said.

"Who says you are responsible?" asked Controller Foster.

"A morning paper said so."

"I thought you didn't pay any attention to the papers."

"Well, it is best to grin and bear it," said the mayor, "but this is going too far."

Major Church said he was not responsible for what appeared in the papers but promised he would clear the matter up.

FRIDAY MORNING, FEB. 4.

Premier Hearst's Illness

The Evening News, which is understood to represent the government, stated yesterday evening that Premier Hearst was not as ill as he was reported to be, and that all he required was complete rest.

At least the statement of The News deserves a moment's serious consideration. Premier Hearst is plainly a very sick man when it is said that "he may not be active during the session of the legislature."

If the idea is to repeat the coup that occurred at Sir James Whitney's death, and carry on with everybody in the dark until a new premier has been arranged for by the powers that wish to be, without calling a caucus or letting anyone know anything until the coup is effected, then we may be assured that the Conservative party has not only lost its premier but its vitality and its initiative, and that its successor is, trading on its heels.

To Young Canadians

A good deal of feeling has been aroused by the strong language used by some recruiting officers at meeting held for the purpose of inducing young men to do their duty to the country which supports them, and some censure has been allowed to fall upon those who are responsible for letting their feelings get the better of their good taste.

Letters from the front complaining of the apathy of young Canadians at home who refuse or neglect to enlist come in on every mail. The papers are full of appeals for help from the men in the trenches. But it is a matter of considerable difficulty, and decided slowness, to get the men who are required to fill up the battalions and batteries now authorized.

One fact, which all military men admit, it is impossible to get the man on the street to appreciate. That fact is that if peace were to be declared today the Germans are the victors, and the British are defeated. Only the ability of the allies to go on fighting after they are beaten, refusing to admit defeat, saves Canada from becoming a German colony.

If peace negotiations were set going at the present time, one of the demands of Germany would undoubtedly be for Canada as a German colony. The apathy of Canadians about enlisting would be pointed to as a reason for regarding the Canadian people as not opposed to such a change of government.

A German colony in Canada would mean the adoption of all the German methods which the German Government imposes upon its colonies elsewhere. We would have to speak Ger-

man. English would be banished as the native languages are in Belgium and Poland. Quebec would become another Alsace-Lorraine. Ontario would be a larger Heligoland, armed to the teeth, all the men who now refuse to fight for themselves, conscripted to fight for Germany, and prepared to make the attack upon the United States, which would be the next step of world domination.

The war levy which would be imposed on Canada would not be less than a thousand millions. The people who are saving their money now and refusing to contribute to military charitable funds would no longer save, but would support the German cause whether they liked it or not.

Why the young men of Canada do not think of these things, or hearing of them, regard them as so much "bunk," it is impossible to say. But they do nothing, and pay no respect to warnings of what is going on. Some are crying for conscription, and declaring that if there was such a pressing need for men the government would put conscription into force. The government would do no such thing.

Now that war is on, a great deal is being done, but nothing more than public sentiment will support. If the young men of the country would flock to the colors the government would act more aggressively and the Germans would be less encouraged.

Retardation in the Schools

Attention is being usefully called by the bureau of municipal research to the much-discussed problem of "retardation" in the public schools of Toronto. Retardation, it may be explained, is the crowding of a mass of children together in the primary classes who ought to be spread out in pre-primary classes, or dealt with in other ways that would obviate the congestion.

Much of this congestion is due to the personal factor in the child's character. All children are not alike, but wise inspectors and school authorities have insisted for generations in treating them as they were all like so many little pigs. They do not get even so much latitude as the little pigs of the nursery rhyme, one of which went to market while one stayed at home, while others were treated according, perhaps, to their deserts.

The retarded children are not treated according to their deserts and the learned pedagogic authorities merely say nothing and look wise. They are waiting for a lead. Men who would think themselves idiots if they attempted to train all colts in the same way, have not wakened to the fact that children do not get the same discriminating care in the public school that the colt gets in the paddock.

There are plenty of figures to illustrate the situation, but what is wanted is not so much figures as active attention from the board of education. The main fact is that in a large proportion of cases the parents of the city are not getting as good value out of the money spent on their children as a farmer would expect to get out of a colt in training. The delay of a year or two in a child's education is considered as nothing. What would a farmer think of leaving a colt over for an unnecessary season?

Reasons given for the condition complained of are irregular attendance, overcrowding of class-rooms, the inelasticity of the school programs of study, the system of promotion, the carelessness of parents, underfeeding, improper feeding, the neglect to make study as interesting to the child as its outside distractions are.

All these matters are vital to the life of the community and neglect of them now means a lower tone in our social conditions, greater expense in a number of ways, social and economic, and a degree of inefficiency on the part of the next generation of citizens which will tell heavily against the community in the competition of national and international life.

Canadian Aeroplaning

Aeroplanes are becoming more and more a factor in warfare. It seems, therefore, the more unfortunate that Canada has done nothing except to discourage the efforts made privately to develop aeroplane service. The compliments paid to men from Canada for their training, their ability, their skill and courage, are all wasted upon the authorities, who do not appear to be making any change in the policy which they announced last fall, when the men enlisted for aeroplane service were told to go to the United States or anywhere else they could get training, but that Canada would not encourage such ideas.

We are supplying, privately, aeroplanes to the other allies, but Canada herself refuses to put any faith in

THE AWAKENING OF RIP VAN DOODLE

aeroplane work. Zeppelins and Fokkers may devastate England, but Canada has no interest in that form of warfare. France and Britain demand all the aeroplanes that can be had, and of the most recent type, but Canada has nothing to say to her manufacturers, who have been pioneers in such work.

When two millions were subscribed for field kitchens the government declined to use the money for the purpose for which it was offered. Should a similar appeal be made for the indispensable aeroplanes would the government refuse to permit such a development of the natural resources of the country, or is it better to acquiesce and do nothing?

There are many young men who are tempted by the novelty and the daring required in this service to undertake the risks and dangers. They have had obstacles put in their way rather than encouragement, so far. It is difficult to advise them in the face of the government attitude. Now that the house is in session, some information might be elicited as to the future intentions of the government in the matter, if there be any intentions.

TORPEDOES PLACED ON SUBMARINES PURCHASED

Hon. J. D. Hazen Says They Were Installed Early in War.

By a Staff Reporter. OTTAWA, Feb. 3.—Some discussion has taken place recently regarding the absence of torpedoes on the two submarines purchased by Sir Richard McBride for the Canadian Government, and in reply to Hon. Charles Murphy in the house today, Hon. J. D. Hazen settled the matter by stating that upon the purchase of the submarines, torpedoes were immediately shipped from Halifax and they were installed on Aug. 14, 1914. The torpedo equipment was installed by the builders of the boats, and the cost was included in the price paid for the boats. It was not known, he said, by whom the equipment was supplied.

There were 140 questions on the order paper today, several of them, however, being of such significance at the present time that at the request of General Sir Sam Hughes they were dropped and he will give the information to the questioners personally.

REOPENING OF DUMA.

PETROGRAD, Feb. 3.—The Novoe Vremya says it has learned from a reliable source that the Duma will assemble on Feb. 13.

A Line o' Cheer Each Day o' the Year

By John Kendrick Bangs. WAYWARD FEBRUARY.

(Copyright 1916.) MANY folks pretend to hate you,

February drab and chill, Poets mostly do berate you For your ways of ill.

You are wayward—yes, unduly; Scarcely seem to know your mind—

One day harsh and most unruly, On the next one, kind.

But I hold you merely naughty, Like some children that I know.

Sometimes loving, sometimes naughty— Always on the go.

And into my arms I'll take you In despite your manners wild, And by kindness try to make you

FEW IMMIGRANTS CAME FROM EUROPE

Mere Handful of "Enemy Aliens" Entered Canada in Past Year.

By a Staff Reporter. OTTAWA, Feb. 3.—There was an interesting statement in the house today as to the immigration into Canada during the calendar years, 1914 and 1915. The chief nationalities were as follows:

Table with 2 columns: Nationality and 1914/1915 counts. Includes Austro-Hungarians, Russian Poles, Russian Jews, Greeks, Italians, Belgians, Germans, English, Irish, Scotch, Welsh, Swedes, Americans, Danes, Norwegians, Serbians, Spaniards, and Total.

Mississippi, California, Etc. The Canadian Pacific Railway offers particularly good service to Detroit, where connection is made for Florida, via Cincinnati and Atlanta, Ga. Jacksonville, Fla., is reached second morning after leaving Detroit. Excellent connection for Florida is also made via Buffalo.

The Canadian Pacific-Michigan Central route will be found the ideal line to Chicago, where direct connection is made for the Southern States. New Orleans is reached second morning after leaving Toronto. Excellent connection is also made at Chicago for points in California, Utah, Nevada, Texas, Arizona, etc.

The dining parlor and sleeping car service between Toronto, Detroit and Chicago is up-to-date in every particular. Connecting lines also operate through sleeping and dining cars. Those contemplating a trip of any nature will receive full information from any C.P.R. agent, or write W. B. Howard, District Passenger Agent, Toronto.

WHEAT WAS SEIZED ON IMPERIAL ORDER

More Than Two Million Bushels Have Been Shipped From Canada.

By a Staff Reporter. OTTAWA, Feb. 3.—G. W. Kyle (Richmond, Nova Scotia) was informed in the house today that 13,821,806 bushels of wheat were commandeered by the government last year, and the authority to purchase wheat was vested by the secretary of state for the colonies. There were 5,051,988 bushels loaned back to the dealers or operators. Of the wheat loaned from eastern elevators a deposit of 10 per cent was required, but on that which was loaned from the terminal elevators no deposit was required. However, the bills of lading and the official commandeered wheat certificates were retained until the grain was paid back. There were 4,296,817 bushels shipped from Canada and shipments have been made or are under order to the committee of the allies. The wheat is passed on to the committee of the allies at the price paid at Fort William, namely, No. 1 northern, \$1.04 3-4; No. 2 northern, \$1.03 1-8; No. 3 northern, \$0.3-4c.

MUNITIONS CHAIRMAN OPPOSED BY SIR SAM

Hughes Creates Friction With J. W. Flavelle in Performance of Duties.

BIG ORDERS HELD UP

Government Will Have to Strengthen Hands or Retire Chief of Board.

Special to The Toronto World. OTTAWA, Feb. 3.—There is more or less of a deadlock in connection with the imperial munitions commission, headed by J. W. Flavelle of Toronto, inasmuch as that gentleman is meeting with determined opposition from Sir Sam Hughes, minister of militia, and from some of the firms engaged in the making of shells. Apparently the friction is so severe that some kind of readjustment will have to be effected, whether by the government strengthening the hands of Mr. Flavelle or by his retirement or by a compromise between him and the minister of militia. If that be possible, the friction is not serious, or so, it is believed that instructions have been received by the commission from Lloyd George's munition department in England to plan contracts for over \$5,000,000 worth of shells and it is expected that others will follow, and that Mr. Flavelle is impressed in the London authorities to increase their order, it is not likely that this will be very large until the friction above referred to is overcome.

No Munitions Minister. As to the talk of R. B. Bennett, M.P. for Calgary, being made minister of munitions, very little shock is now taken in that report today, inasmuch as it is almost certain that Mr. Bennett's ambitions run in the direction of entering the cabinet as coming from the west to take the place of Dr. Roche, minister of the interior, who is slated for a substantial position in connection with the R.N.W.M.P. thereby giving him an opportunity to retire. Dr. Roche has been in indifferent health ever since he joined the ministry and has been in the doctor's hands much of the time, and only by the exercise of the most pronounced will power in face of ill-health has he been able to discharge the many duties belonging to the department.

Mr. Bennett and his friends are pressing for his cabinet appointment, and his move is so well supported that it may end in success.

FRANCE WILL TOLERATE NO MUSIC OF WAGNER

Majority of Artistic People in France Express Disapproval of Restoration.

PARIS, Feb. 3, 5.15 p.m.—La Renaissance recently circulated widely among musical and artistic people in France the question whether the music of Wagner should be played in France after the conclusion of the war. Numerous replies have been received by the journal, most of them being in the negative.

Auguste Rodin, the sculptor, replied: "Beethoven, yes. But Wagner is too near our time." Camille Saint-Saens, the composer, answered: "No, because Wagner will symbolize Germany in the eyes of the Winter Tours to Florida, Louisiana, French people, and besides his beauties are a pretext for getting his inferior work accepted."

Camille Flammarion, the astronomer, says he does not like Wagner's music, and has seen a great many people fall asleep over it, but that he thinks it has as much right to be played as that of Beethoven or Mozart.

He says that he thinks the composer's works must be played some day, particularly as the royalties on them are paid not in Germany, but to French translators and musicians.

How long after the war will it be before Wagner can be played? Jacques Rouche, director of the Grand Opera, thinks the question should be: "How long after the war will it be before Wagner can be played?"

He says that he thinks the composer's works must be played some day, particularly as the royalties on them are paid not in Germany, but to French translators and musicians.

WAR STAMP PAYMENTS

By a Staff Reporter. OTTAWA, Ont., Feb. 3.—The arrangement regarding the percentage which is to be paid to postmasters for the sale of war stamps has not yet been concluded. There will be no payment until the next fiscal year's revenue earnings as basis for next year's salaries.

SIMPSON BEGINS LIBEL SUIT AGAINST M'BRIDE

Ex-Controller Says Alderman Has Brought Him Into Public Odium and Contempt.

DISPUTE OVER ESTATE

Relatives of Late Peter Murta, Lindsay Farmer, Have Made Settlement.

Ex-Controller James Simpson, yesterday afternoon, at Osgoode Hall filed his statement of claim for \$10,000 damages against Ald. Sam McBride, for alleged election utterances and injury to his reputation. Simpson, who is a newspaper man, also claims that through the remarks made by the alderman his name has been brought into public odium and contempt.

The following is, in part, the claim filed by the plaintiff: "On December 12, 1915, at a public meeting, held at Victoria Hall, in the City of Toronto, the defendant falsely and maliciously spoke and published of and concerning the plaintiff the words following, that is to say, 'Last year Simpson was a candidate of the Trades and Labor Union. This year he is not. He is running under the Socialist colors. In 1914 he was nominated to go to Berlin as Socialist, for the purpose of conferring with the Kaiser and all the other Socialists, so as to down and overthrow England and France. Why did not Simpson go? Because he had too much yellow in him. He went to Berlin, and sat with the Socialists while they discussed war and their propaganda and what would come out of it. He is going around to try and get the Germans lined up, and when the German invasion comes little Jimmy Simpson will be there to shoot at the British.' Simpson said in substance that this flag (pointing to the Union Jack) had covered more prostitution than any and all other flags put together. Simpson said that he was a friend of the Germans, and preferred the red flag of anarchy to the Union Jack. He went to the length of advising men not to enlist and to insult the British flag. Simpson said there was no greater tyranny than that which was being exercised by the recruiting officers, who were the biggest knaves in existence."

Entitled to Stock. By a judgment handed out by Justice Britton yesterday afternoon a settlement has been made amongst the relatives over the estate of Peter Murta, a Lindsay farmer, who died May 2 last, leaving an estate valued at \$16,000.

Mr. Murta was 96 years of age and had no children of his own, and on June 9, 1914, made a will by which he left his estate to his nephew, Henry Murta, and small legacies to other nieces and nephews. On Feb. 15, 1915, the old gentleman sent for a solicitor to draw up a will, and in it he left his house, out of this \$5000 he made a number of cash payments to the nieces and nephews, and canceled their legacies from the will drawn up in 1914. When Mr. Murta died there was \$2100 in cash, a promissory note in the house, and a horse and rig and several head of cattle on the farm.

Henry Murta, the nephew, who by the will was left the farm, and at the time of his uncle's death was living with him, claimed that his uncle had intended him to have all the cattle and the household goods as a gift.

Justice Britton, in his judgment, says that the nephew, Murta, is entitled to the stock on the farm and \$960 of the cash. The promissory note goes to the plaintiffs.

Bought Lawsuit. When Dr. William Burt paid \$175 for a cow he thought he was getting a pedigreed animal, but the way Justice Lennox termed it in the appellate court yesterday morning, was that he had bought a "lawsuit."

The doctor purchased the cow from Mrs. Leta B. Ward at a sale. After he got the animal home the doctor was not satisfied and Mrs. Ward sued him for her money in the court in Halton County, and she was awarded judgment.

The four judges in the court of appeal held that the purchaser could not complain, as he had taken the cow away from the sale.

The following cases will be heard today in the second divisional appellate court: Sirkoff v. Toronto Street Railway Co.; Weir v. White.

"BRIDGE" FOR SOLDIERS.

The sum of \$160 for comforts for the troops at the front was raised by the very successful "bridge" held at the home of Mrs. F. Dunbar.

HUGHES TO REVISIT FRONT.

OTTAWA, Feb. 3.—After the session of parliament General Sir Sam Hughes proposes to again visit Great Britain and the front. His business will be along the same lines as last year and will relate to problems connected with the war.

GRAND OPERA DISTANCED IN FREE-FOR-ALL AT HULL

Phillip Ha Ha, Fern Hall and Grey Ghost Win Races Left Over From Wednesday.

OTTAWA, Feb. 3.—Phillip Ha Ha, owned by M. McPhee of Toronto, won the seven-heat 2:05 trot, was backed to the limit in the books to win the free-for-all event, and barrels of money was lost when he not only failed to come ahead of the stud in the spring, when the last racing of the six-day meet of the Hull Driving Club was provided in the free-for-all.

Grand Opera, who conquered Yendo in the seven-heat 2:05 trot, was backed to the limit in the books to win the free-for-all event, and barrels of money was lost when he not only failed to come ahead of the stud in the spring, when the last racing of the six-day meet of the Hull Driving Club was provided in the free-for-all.

The free-for-all was the thirteenth of the card, and brought together a great field, including Paddy R., Yendo, Grand Opera, Texas Jim, and Earl Direct. Paddy R., owned by R. French of Teaswater, showed the way in the opening heat, and the pressure on the stretch came under the wire a length ahead of Yendo in the last time of 2:14 1/2.

Never got going properly and finished a poor fourth, with Earl Direct in third place. Texas Jim, owned by T. J. Beach of Alton, Ont., broke and finished in last position.

In the second heat Texas Jim chased Paddy R. and Yendo to the half, and on the three-quarter turn, came up strong and passed both of them, but at the wire was only leading by half a length, with Teaswater entry pressing him.

In the third heat, Teaswater, with Yendo showing good form and finishing second, Opera broke badly and was distanced for running over a quarter of a mile.

The free-for-all will be continued tomorrow, when a special card has been arranged for the Ottawa branch of the Sportsman's Patriotic Association.

The five-mile event was also carried over until tomorrow. Three events started yesterday, and a new local pace was completed today. Opera easily won the unfinished classified pace from All Direct, who finished fourth in the deciding heat.

The most closes tomorrow. Classified pace, purse \$300 (one heat Wednesday): Fern Hall, b.m., by Cold Hal (Macpherson), 4 3 1 1 1; Brown Hal, b.g. (Ray), 1 2 2 4 2; The Pointer, ch. Jess Willard signed a contract in Chicago to meet Frank Moran at Madison Square Gardens, New York, March 17, in a ten-round match. The agreement was reached between Dave Lewisohn, promoter, and Tom Jones for Jess Willard, who is to receive \$47,000 and 51 per cent of the net profit concession. Moran is to get \$20,000. Willard had no intention of fighting the diminutive Dillon, tho the story was sent over the wire.

Cincinnati has two outfielders in Neale and Beak that should work together in line snaps if their work is as euphonious as their names.

ADVANCE IN VIBOND ADANAC ALSO HIGHER

McIntyre and Hollinger Strong Features in Mining Stock Market.

The mining market at the Standard Stock Exchange yesterday was more active than the previous day and with a stronger feeling throughout the whole list.

As a whole the market had a healthier appearance than for some time past. Brokers express the opinion that the period of liquidation which the market has been experiencing has just about played itself out.

The report received from the north concerning the finding of the vein on Vipond is the most important news received regarding this property for some time and it had a very beneficial effect on the stock.

Trading was very heavy in Vipond stock, amounting to over 22,000 shares. Sales for the day totaled over 25,000 shares.

Traders are beginning already to discount the revelation which the annual statement of Hollinger will undoubtedly show. There is a continued demand for stock for investment.

McIntyre was stronger, selling up to 94 1/2 on the close. The stock opened at 93. Trading was fairly active and it is stated that much of the buying is for investment.

Adanac was the feature of the Cobalt, opening at 69 and selling up to 61. There has been a strong advance for this stock for some time, ever since the strike on the property but little stock has been placed on the market.

The fact that President Wilson went on record today as being in favor of an unprecedent activity in disarming the war stocks and military preparations, and in view of this situation the war stocks and military stocks held strong, and the latter security secured a further advance.

Other securities, decreased 27,004,000. Public deposits, decreased 14,829,000. Government securities unchanged.

The proportion of the bank's reserve to liability this week is 25.54 per cent. last week it was 22.49 per cent.

Rate of discount, 5 per cent.
