CUBA SUGAR MEN SUE U.S. FOR \$41,000,000

WILL CLAIM PROFITS ON WAR SALES

Petition Made to Government to Take Action

MONEY PAID OVER

Was Handed to Treasury After Equalization Board Dissolved

Canadian Press Despatch. MONTREAL, Sept. 18.—Cable advices from Havana to leading sugar interests here state that an influential group of Cuban planters and sugar mill owners are petitioning the government of the republic to take action against the United States Treasury for the recovery of \$41,000,000 which they allege was profit made by the sale of sugar to the allied nations during the latter years of the war.

Questioned on the matter, Dr. Sains de La Pena, Cuban consul in Montreal, said the information was correct. He did not know what would be the attitude of his government in the matter, but he stated that reliable information had reached him to the effect that the planters and owners would themselves press the claim at the government refused to act.

GASE EXPLAINED

In explanation of the proceedings initiated by the sugar magnates, Dr. Sains said: "Cuba handed over its entire sugar crop during 1918 and 1919 to the United States government to be sold by the latter to the allied nations at a cost price. This was done to prevent unscrupulous speculation by private concerns which might be inclined to take advantage of the pressing need for sugar and its scarceness. The United States government, 'convinced' Dr. Sains said, sold this sugar to the allies through the equalization board. That board was recently dissolved and after all expenses were paid, salaries to commissioners, were paid, there was handed over to the treasury of the States, the sum of \$41,000,000.

WANT PROFITS.

"In view of this fact," the planters and mill owners, through their association and upon request of their president, Dr. R. J. Martines, have asked the Cuban government to make a claim on the United States government for the refund of this \$41,000,000. They maintain that this is rightfully theirs on the ground that they sold sugar for the use of the allies at cost price, namely 2 1/2 cents a pound, as the contribution of Cuba towards the success of the allied cause and not for profit.

"As Cuba has made no claim for indemnity for the expenses which she incurred, the planters feel, that after realizing sufficient to cover all expenses, the United States should hand the remaining profit over to them.

MEXICAN TROOPS CAPTURE BANDITS

Seven Suspects Killed in Clash in Search For Rosenthal Murderers

Canadian Press MEXICO CITY, Sept. 18.—Ten suspected bandits have already been killed as a result of the Rosenthal outrage. Mexican troops are still searching the district where the crime was committed for bandits.

Yesterday seven suspected outlaws were killed by Federal soldiers in a clash near Huixtla, where Jacob Rosenthal was kidnaped last Sunday. Three suspects were killed the night before in the same district. All armed men are being stopped and interrogated by the searching troops as under the recent law the carrying of arms is forbidden.

THREE IDENTIFIED

Three prisoners were brought to this city, who had been captured near the scene of the outrage. They were picked out by Joseph Ruff, Rosenthal's son-in-law, from a line-up of fifty prisoners and identified by him as part of the gang that robbed his party on Sunday and kidnaped his elderly relation who was later killed by his captors when a rescue was imminent. It is believed the three prisoners will be executed promptly.

Widow, Two Brothers, Cousin Plead Not Guilty In Hall-Mills Murder Case

Two Airplanes Collide 4,000 Feet Above Honolulu Field; Both Pilots Escape Injury

HONOLULU, Sept. 18.—Two United States army airplanes collided yesterday 4,000 feet above Luke Field, without injury to the aviators. Lieut. Chas. G. Williams leaped from his machine and drifted to earth in a parachute. The airplane crashed. Although his plane was badly damaged, Lieut. Harry C. Wisheart landed with it.

Faces Charge of Setting Fire To A Boarder

NEWARK, N. J., Sept. 18.—A charge of murder will be preferred against Mrs. Mary Sloczynski, No. 3 Boyd street, who is accused of drenching with kerosene and setting afire, Peter Salko, a boarder, Prosecutor Bigelow announced yesterday. Police said Salko, 40, died from before his death Wednesday, that he awakened Saturday to find Mrs. Sloczynski pouring kerosene over him, and that she touched a match to him before he could escape. The woman supplemented a denial with a story of having been intoxicated at the time.

QUEEN MARIE WILL VISIT PRESIDENT

Will Also Make Trip to Japan National Park, Alberta

BUCHAREST, Sept. 18.—Queen Marie, on her arrival in New York, October 18, will proceed immediately to Washington to visit President Coolidge and Mrs. Coolidge. She may then go west to Seattle, returning later to attend the Sequel-Centennial Exposition at Philadelphia. Her trip across the continent, it is understood, will be made on a special train. With her daughter, Princess Ileana, and a suite, the Queen will leave Bucharest for Paris some time between October 2 and 4, boarding the Leviathan at Cherbourg, October 12. While the above Associated Press cable makes no mention of Queen Marie's Canadian trip, previous dispatches have indicated that she will visit Jasper National Park, Alberta, and the Federal capital.

SKELETON FOUND

Body of Indian Believed Buried in Edmonton 35-50 Years Ago

EDMONTON, Alta., Sept. 18.—Workmen excavating near the old government buildings came across the moldering skeleton of an Indian buried about three feet down in the ground and enclosed in a rough spruce box. City police examined the body yesterday and expressed the opinion it was that of an adult male Indian and had been buried from 35 to 50 years.

Kindersley Seat, Given To Liberals, Turns Doubtful

TORONTO, Sept. 17.—Despatches this afternoon indicated that in Kindersley, Sask., where the seat had been conceded to the Liberal candidate, J. A. Dowd the Progressive nominee, A. M. Carmichael, is now leading by 88 votes, with 33 polls still to report. This necessitates the transfer of this seat from the Liberal to the doubtful column. At six p. m., the Canadian Press revised report of the party standing by provinces was as follows:

BAD WEATHER DELAYS HARVEST ON PRAIRIES

Records for Week Show Decrease From Last Year

BETTER IN SOUTH

Six Inches of Snow Still Cover Ground in Northern Alberta

WINNIPEG, Sept. 18.—Further evidence of interference with harvesting operations in Western Canada, by inclement weather conditions is to be found in the weekly grain report issued by the Canadian National Railways yesterday. This report covers the period September 10 to 16 inclusive. During the week under review, 9,690,000 bushels of wheat arrived at the country elevators, a decrease of 8,641,000 bushels as compared with the corresponding period of 1925.

LOADINGS LESS

Grain cars loaded during the week totaled 4,995, with 5,646,000 bushels of wheat, a decrease of 1,999 cars and 3,222,000 bushels as compared with the corresponding period of last year. On September 16, there were 11,715,000 bushels of wheat in the country elevators, a decrease of 4,730 cars and 6,280,000 bushels.

BETTER IN SOUTH

CALGARY, Alta., Sept. 18.—While reports from the north and south of the province indicate that the recent bad weather is becoming settled, Calgary weather is in a threatening condition, the skies on Friday being overcast and grey all day, and the temperature considerably lowered to night-fall.

COMPROMISE MADE

Steel Company Delegates Refuse Demand of Belgian Interests

PARIS, Sept. 18.—Delegates of the German, French and Luxembourg steel interests, meeting here yesterday, refused the demand of the Belgians that their share in the production of the proposed European steel trust be increased from the offered figure of 200,000 tons to 280,000 tons. A compromise offer was made to which the Belgians will give their answer at another meeting to be held shortly.

DARLING POINTS TO FLAG

YANCOUVER, Sept. 17.—In the course of an address which he said would be about "nothing in particular," Lord Darling, English jurist, who is touring Canada, at a Canadian Club luncheon here yesterday referred to the Union Jack which was visible above the provincial court house from the window of the room in which he spoke as standing for the same Justice in Canada as was enjoyed in England.

U. S. AND BRITAIN TALK WAR CLAIMS

Damage by Blockade Will Be Offset by Services Rendered Navy

LONDON, Sept. 18.—The United States war claims commission headed by Captain F. K. Hill, will begin its conferences with the British officials on Monday. It is expected the negotiations will last several months. The claims cover the damages to the United States shipping by the war-time blockade as well as the cost of service and supplies extended by the United States navy to the British admiralty. These claims will be offset by claims made by the British for services rendered to the United States navy.

CITY SHED IN WEST END AFIRE TODAY

Early Morning Blaze in Water and Sewerage Department Premises

At 4 o'clock this morning fire broke out in a shed in Union street, West Saint John, occupied by the Department of Water and Sewerage as a tool house and office headquarters since the destruction of the old City Hall in Market Place. The blaze did not consume the place but badly charred the partitions and ceiling and destroyed the usefulness of some wooden handled tools as well as giving a waterworks truck a scorching. It is thought the fire started from a faulty wire in the electrical works of the truck which was stalled in the middle of the floor. Emerson's hardware firm had a storage shed adjoining the civic shed and there was some damage there too. The Carlton fire department handled the blaze. Supt. Bissett's office was badly upset, windows broken out, etc.

TUG RELIEVED OF TOW

HALIFAX, Sept. 18.—Following a request for assistance from the American tug Baynard, engaged in towing a lake steamer about 10 miles south-west of Sambro, the Canadian government steamer Lady Laurier yesterday proceeded to the scene and relieved the tug of her tow, returning with it to St. Margaret's Bay, where they anchored for the night.

**PREPARING FOR  
 CANADIAN TRADE  
 BOARD MEETING**

Col. Regan, Secretary-Treasurer, Confers With Representatives in City

To make preliminary arrangements for the first annual meeting of the Canadian Board of Trade, to be held in Saint John on Oct. 19, 20 and 21, a convention which promises to bring to the city outstanding business, political and railway spheres of the Dominion, is the purpose of the visit of Colonel James L. Regan, secretary-treasurer of that body who, accompanied by Mrs. Regan, arrived in the city yesterday.

Colonel Regan said last night that he had been in conference with L. W. Simms, president of the Saint John Board of Trade, Colonel A. E. Massie, George E. Harbour, Hon. Dr. W. E. Foster and A. P. Falconer yesterday afternoon. They will attend to local arrangements, Colonel Regan said.

Colonel Regan said the convention would bring between 150 and 200 outstanding men to Saint John. His Honor, Lieutenant-Governor W. F. Todd, has consented to act as chairman at the opening session on the morning of Oct. 1. The Prime Minister of Canada and the leader of the Opposition, or their representatives, will be in attendance to represent their respective political parties, Colonel Regan said.

**TO ADDRESS CONVENTION.**

E. W. Beatty, president of the Canadian Pacific Railway, and Sir Henry Thornton, president of the Canadian National lines, will address the convention, Colonel Regan announced. Many prominent members of the Dominion government will also be present and will act in an advisory capacity to the committee in matters affecting their various departments, he said.

The delegates will be welcomed to the city by L. W. Simms, Premier Baxter and Mayor White, Colonel Regan said. While no definite program has been prepared as yet, this will be done shortly.

All three days are to be devoted to committee work on the larger questions of importance to the country at this time, including cost of government, immigration, taxation, problems of the western, eastern and central provinces, preservation of the identity of Canadian grain, industrial research, trade and commerce, export and domestic, and particular attention is to be given to some systems of facilitating inter-provincial trade.

**SPEAKS OF ISSUES.**

Colonel Regan said last night that the meetings will be of a different character from the usual meetings of associations. There are to be few speeches, none of them lengthy, and practically all of them are to be delivered at the luncheons or dinners of the convention.

In conjunction with the annual meeting of the new Dominion organization of boards of trade, a tour has been arranged for the delegates which includes visits to Sherbrooke, Que., Annapolis Valley, Halifax, Amherst, Moncton, Quebec and Montreal. At Montreal the delegates will be present at the opening of the new office of the Canadian Board of Trade which was organized last November at a meeting of representative business men from different parts of Canada. An executive council was then appointed to carry on the organization until the first annual meeting. Organization meetings have been held from time to time, and in May last executive offices were opened at Ottawa. Colonel Regan has been acting as secretary-treasurer.

**EXECUTIVE COMMITTEE.**

The executive committee which has been carrying on the Canadian Board of Trade is as follows: I. H. Bowman, Regina; A. O. Dawson, Montreal; M. Dollar, Vancouver; John P. Gordon, Chateaufort; S. B. Gundy, Toronto; E. E. Osborne, St. Mary's; H. G. Perse, Winnipeg; L. W. Simms, Saint John; D. R. Turnbull, Halifax.

Colonel and Mrs. Regan will leave for Nova Scotia this morning on the steamer Empress. While in Saint John they were guests at the Admiral Beatty.

Saint John Art Club Executive Discusses Program For Winter

The program for the coming season was the subject of discussion at the meeting of the executive council of the Saint John Art Club held yesterday afternoon in the Church of England Institute with Archdeacon A. H. Crowfoot, president, in the chair. Arrangements were made for two evenings which promise to be of exceptional interest.

On Sept. 30 the club will be addressed by Mrs. Francis Ayscough, whose subject will be "An Introduction to the Study of Chinese Art" and later in the season Miss Helen G. Mowat, of the Charlotte County Cottage Crafts, will make charge of an evening program. A number of suggestions with regard to speakers and subjects for the completion of the season's program were discussed.

**NEW LAMP BURNS 94% AIR**

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 33 leading universities and found to be superior to all other oil lamps. It burns without odor, smoke or noise—no pumping up, is simple clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (coal oil).

The inventor, O. K. Johnson, 248 Craig street, W. Montreal, is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$200 to \$500 per month.

**TRAINING SCHOOL TO BE HELD IN CITY**

Program of Study For C. G. I. T. Group Leaders Arranged

A standard school for training leaders of the Canadian Girls in Training groups is to be held in Saint John from Sept. 27 to Oct. 1 with sessions each night from 7.30 to 9.30 o'clock. The school will be conducted in the rooms of Canterbury United church and it is believed, by those in charge, that the holding of the course so early in the season will enable every church in the city to secure trained leadership for launching C. G. I. T. work this year.

The holding of this school was decided upon last spring by the leaders council and Miss Marjorie Trotter, Maritime girls' work secretary, is receiving the entire week for taking charge of the school. She has also arranged to be at the Maritime Religious Education Council rooms each day of that week in order that any one who is interested in the C. G. I. T. work may consult with her on any problems in connection with it.

A comprehensive and very practical program has been prepared for the school sessions and it is expected that it will have one of the largest enrollments of any leaders training course yet held in Saint John.

THE CIVIC INVESTIGATION

Mayor White's motion that Dr. Horace L. Brittain, of the Citizens' Research Institute for Canada, be invited to come to Saint John to meet the Council in conference on or about October 15, with a view of having him make a survey of civic administration and civic affairs, was adopted unanimously at yesterday's City Hall meeting.

It may be that the city is paying too large a percentage of the county taxes. That point should be settled definitely by the coming investigation. Our interest charges must be met, and they should be reduced steadily, although the improvement in sinking fund conditions of late years justifies more compliance with respect to the civic debt than could be felt ten or fifteen years ago.

While it is true that the sovereign remedy for heavy taxation is an increase in industries and in population, it ought not to be taken for granted that we must merely submit to existing difficulties and await some distant day when the load of taxation will be spread over a greater number of taxpayers. For one thing, increased population will necessarily mean more expenditures in some directions, more schools, more paved streets, extensions to water and fire protection services—in fact most of the expenses of a city when a family becomes larger.

As this newspaper has pointed out on several occasions, the coming investigation will probably render new legislation necessary in order to reform or modify the present assessment law. This law was adopted some 20 years ago, and conditions have greatly changed since that time. Should the investigation indicate that sweeping changes in the present system are required, there must be no hesitation in heaving to the line. But legislation will require time, and the investigation itself will not produce changes in the tax bills before, perhaps, 1928.

What is to be done in the meantime? The Mayor and Commissioners themselves, without waiting for Doctor Brittain, should realize that they have ample authority without any new legislation to deal with most of the injustices flowing from the operation of the existing tax system. They cannot escape the knowledge, if they will examine a list of the tax bills and make

And it is only a matter of weeks, or months at most, until he will return to his kingdom where a throne and a magnificent welcome await him. So does Otto believe—and wholly because his mother, the Empress Zita, never ceases to guard him from the facts, the hard, unhappy, unrelenting facts. For she believes that someday the old glory will return and then she can take her son back to the throne she has never ceased to cherish for him. In the meantime, she and her family live in ill-concealed poverty near Paris. But Otto is always "Majesty," and lives happily enough in a world which ceased to exist eight years ago.

POEMS I LOVE

GRAY'S "ELEGY." IN "HAMLET" and in this famous story one will find perhaps more well-known lines than in any other single play or poem. Indeed, so commonplace have certain phrases become that they now seem platitudinous; but think of the ecstasy of reading them for the first time! And as one never tires of the sun, moon and stars, the world will never weary of these beautiful lines. They are of the eternal verities. There is space for only a portion of the stanzas.

The curfew tolls the knell of parting day, The lowing herd wind slowly o'er the lea, The ploughman homeward plods his weary way, And leaves the world to darkness, and to me.

Beneath those rugged elms, that yew-tree's shade, Where heaves the turf in many a mouldering heap, Each in his narrow cell cover'd laid, The rule Forefathers of the hamlet sleep.

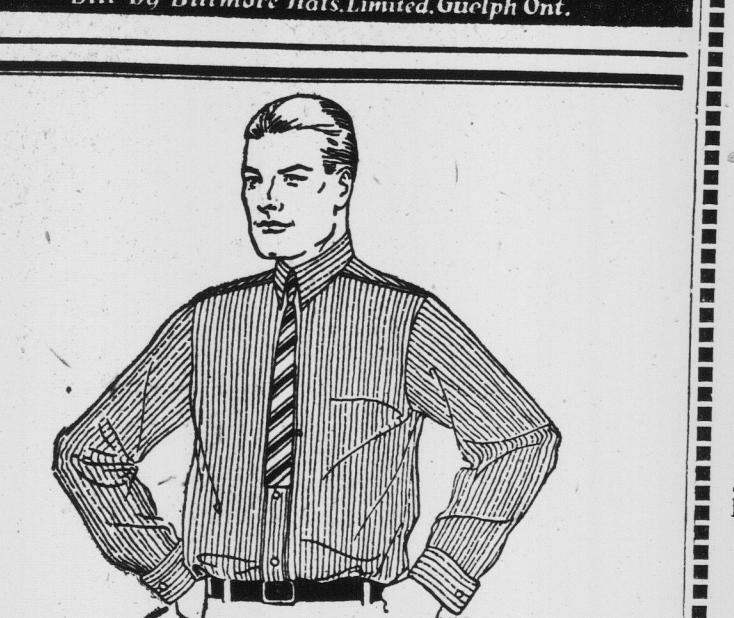

Full many a gem of purest ray serene, The dark unfathomed caves of ocean bear; Full many a flower is born to blush unseen, And waste its sweetness on the desert air.

THE EPITAPH Here rests his head upon the lap of earth A youth, to Fortune and to Fame unknown; Air Science frowned not on his humble birth, And Melancholy marked him for her own.

Large was his bounty, and his soul sincere; Heaven did a recompense as largely send:

GREAT RECORD IN WARS ENJOYED BY KING'S OWN BORDERERS

REGIMENT HAS BEEN IN SERVICE FOR 237 YEARS

Saint John Fusiliers Now Honored by Being Affiliated

IN BATTLES IN MANY PORTIONS OF WORLD

Colors Bear Names of Historic Fields It Helped to Win

A glorious record of service in the wars of Britain is that of the King's Own Borderers, which now is affiliated the Saint John Fusiliers, commanded by Lieut Colonel George Keefe.

The Times-Star has secured a summary of the history of the King's Own Borderers and its published herewith. It will be read with interest especially now in connection with the brotherhood established with the Fusiliers.

Raised on March 19, 1689 in the city of Edinburgh by the Earl of Leven from noblemen and gentlemen who had been refugees in Holland during the reign of James II, the regiment attained a strength of 1,000 in four hours (some authorities say two hours) after recruiting opened. It was at first known as "Levens" or the Edinburgh Regiment.

It first saw service at Killcrankie. "There was no regiment or troop with us," wrote Major Mackenzie, "but behaved like the veriest cowards in nature except Hastings and Lord Leven's, which I must praise at such a degree as I cannot but blame the others."

SERVED IN IRELAND

In 1691 the regiment was in Ireland and served in the sieges of Ballymore, Athlone, Galway and Limerick and at the Battle of Aughrim.

GIVEN SURPRISE

During this war the regiment had the experience of being surprised and to face the French when the latter used bayonets fixed round the muzzle in the present fashion. A French regiment advanced towards Leven's thinking with fixed bayonets. Thinking the French intended to charge, the regiment with the bayonet Leven's were ordered to fix bayonets also (scarcely into the muzzles). To the astonishment of the unit, however, the French, after advancing a certain distance halted and fired. As it had been impossible to fire with bayonets fixed the surprise threw Leven's into confusion but, quickly recovering themselves, they charged and routed the enemy.

IN SPANISH WAR

In 1719 it took part in the Spanish War, being part of the force employed on the Vigo Expedition, and was engaged in the successful operations against various towns on the coast of Spain. Afterwards it had a long spell of service in Ireland, where, owing to the disturbed conditions, the British garrison was always more or less in a state of active service.

AT CULLODEN

On the outbreak of the Rebellion in Scotland in 1746 the regiment was hurriedly called home and took part in the Battle of Culloden Moor on April 16, 1746 and in the pursuit of the rebels. A detachment of the regiment out of Blair Castle made a most gallant and successful defense from March 17 until April 2, 1746, when it was relieved. On the crushing of the rebellion Leven's Regiment returned to Flanders. As part of Houghton's Brigade it made a forced march from Maestricht and arrived on the field of Roucoux, Oct. 11, 1746, just in time to save the day for the Allies. At the battle of Val July 2, 1747 it greatly distinguished itself, capturing two French standards. It also took part in the unsuccessful defense of Beren-Op-Zoom July 15 to Sept. 17, 1747.

IN SHIPWRECK

On its return to England in 1747 on the declaration of peace the ship conveying the regiment was wrecked on the coast of France, this being the first of a series of adventures by sea that afterwards befell it. The troops were most hospitably treated by their late enemies until transportation could be arranged for them. The regiment then

Battle Honors Won On Many Fields

THE following lengthy list shows the battle honors, won by the King's Own Borderers:

Namur, 1695; Minden, Egmont-Op-Zee, Martinique, 1699; Afghanistan, 1678-80; Chitral, Tiah, Paardeberg, South Africa, 1900-02. The Great War—12 Battalions—Mons, Le Cateau, Retreat from Mons, Marne, 1914-15; Alsace, 1914; La Bassée, 1914; Messines, 1914; Ypres, 1914-15; Mons, Bousch, Hill 60, Gravenstafel, St. Julien, Frezenberg, Belleward, Looz, Somme, 1916-18; Albert, 1916-18; Bazentin, Deville Wood, Pozieres, Fiers-Courclette, Novval, Arras, 1917-18; Vimy, 1917; Scarpe, 1917-18; Ploeghem, Langemarck, 1917; Menin Road, Polygon Wood, Broodseinde, Passchendaele, Cambrai, 1917; Drocourt-Quaenart, Hindenberg Line, Canal du Nord, Courtrai, Selle, Sambre, France and Flanders 1914-18; Italy, 1917-18; Helles, Landing at Helles, Kethia, Sova, Scimitar Hill, Gallipoli, 1915-16; Rumani, Egypt, 1916; Gaza, El Mughar, Nebi Samwil, Jerusalem, Palestine, 1917-18; Lys, Estaires, Hazebrouck, Kemmel, Solsonnesourcel, Ba paume, 1918.

again served in Ireland and afterwards in the Highlands of Scotland. In the meantime the title of the Regiment was changed and it became the 24th of the Line, the numeral probably being associated with the name Edinburgh as "24th Edinburgh Regiment." (It was certainly the "Edinburgh Regiment" for a time.)

IN 7 YEARS WAR

When the Seven Years War broke out in 1756, the 24th immediately went on service, being embarked on transports for descents on French coast towns. Among those which it attacked were Oleron, St. Malo and Cherbourg. After this it was detached to Germany and served in the army under Prince Ferdinand of Brunswick. It took part in several battles which resulted in more or less severe reverses for the Allies.

On August 1, 1759, the 24th fought in the historic battle of Minden. Subsequently it was engaged at Camperdown, Sept. 18, 1759; Warburg, July 31, 1760; Kirk Denkarn (or Fellinghausen), July 16, 1761; and Wilhelmsthal, June 24, 1762. Exceptionally heavy losses were suffered in this campaign, the 24th having to be made up of a number of times. At Camperdown it suffered casualties amounting to two-thirds of its strength.

COLOR REMANENTS BURIED

When peace came with the Treaty of Paris in 1763 the regiment returned to England and settled down to a short spell of home soldiering. The tattered remains of the colors it had carried in every action from Fontenoy onwards, were buried with military honors at Newcastle-on-Tyne. The 24th left for Minorca in 1768 and was in the garrison there until 1774 when it returned to Scotland. In 1782 trouble arose with the Provost of Edinburgh over the ancient privilege of beating for recruits in the streets of Edinburgh at any time without first asking permission of the Provost.

IN NAVAL BATTLES

In 1782, the year the title was changed, the regiment embarked on Lord Howe's fleet and was engaged in several naval actions against the Spaniards. Finally, in the face of the French and Spanish blockading fleets, it was thrown into Gibraltar on Oct. 11, 1782, and served throughout the short remainder of the memorable four year siege till Feb. 5, 1783. Thus the 24th had twice served in defense of this famous fortress, though the honor was not carried on its colors.

IN NAPOLEON'S TIME

On war breaking out again with France in 1794 part of the 24th were detailed for duty as marines. This detachment served in the defense of Toulon (1793), when Napoleon first came to notice as commander of the artillery. On the evacuation of Toulon the detachment assisted in the capture of a French privateer with a Spanish prize in tow, carrying treasure to the amount of one million sterling. The service at sea, which had been objected to at first, became highly popular by reason of the prize money which accrued from this and other captures. The 24th had the great distinction of taking part in Lord Howe's glorious victory of June 1, 1794.

AGAIN LAND UNIT

By 1795 the marine detachment was again a land unit at Plymouth, and as the balance of the regiment left behind had been brought up to full regimental establishment, it was decided to use the 24th "Marines" as the nucleus of a second battalion. The first battalion was sent to the West Indies in 1795, and was at once engaged at Grenada in defense of the colony against the brigands in what was called "The Maroon Wars." This most dangerous

THOUSANDS OF THANKFUL MOTHERS

Strongly Recommend Baby's Own Tablets to Their Friends.

Once a mother has used Baby's Own Tablets for her little one she would use nothing else. The Tablets give such results that the mother has nothing but words of praise for them. Among the thousands of mothers throughout Canada who praise Baby's Own Tablets is Miss David A. Anderson, New Glasgow, N. S., who writes: "I have used Baby's Own Tablets for my children, and from my experience I would not be without them. I would urge every mother of young children to keep a box of the Tablets in the house."

SENT TO CAPE

In 1816 the 1st battalion, now representing the whole regiment, was back in England and served at home (England and Ireland) till 1826. In that year the regiment returned again to the West Indies and was employed on disagreeable and onerous duties during the critical period of the abolition of slavery. In 1834 it returned home and four years later was placed under orders for Canada, but at the last moment was sent to the Cape instead. Part of the regiment was sent to Natal in 1842 to relieve a detachment of the Inniskillings, which had been sent thither overland and was beleaguered

by the Boers at the Congella, near Port Natal, or, as it is now called, Durban.

Later in the same year a succession of terrible storms visited Table Bay, which a convict ship was driven ashore and wrecked. A party of the regiment was sent on in charge of the convicts to New South Wales, and in the following year rejoined headquarters, which had meanwhile returned to Madras.

In 1846, hostilities threatening with China, the Borderers were hurried down country in Madras' two gun companies sent off to Hong Kong, and the rest to Singapore, where the movement was countermanded. Three companies were subsequently employed in suppressing disturbances in Ceylon.

COMES TO CANADA.

The regiment returned from Madras in 1856, just before the outbreak of the Bengal Mutiny, and two years later was sent to Gibraltar. It went from Gibraltar to Malta in 1864, and thence to Canada, where it was employed during the Fenian Raid. It returned home from a second tour in December, 1869, on a Canada bat-

WITH LORD ROBERTS.

In 1875 the first battalion went to India, and served in the Afghan War, under Lord Roberts, during the operations 1878-80, including the second expedition into the Bazar Valley. It subsequently proceeded to Burma, and took part in the punitive expedition against the Chins and Lusahs in 1888. It returned to England from Burma in 1891.

In 1884 the second battalion went to Gibraltar, but in consequence of the decision to reduce the British forces in Egypt, it was brought home. It again went to foreign service in

AT DARGAI HEIGHTS.

In 1897-98 the second battalion served in the Tirah Expeditionary Force, under General Sir William Lockhart. It took part on October 18, 1897, in the first attack on the Dargai Heights, and distinguished itself on many other occasions. On the conclusion of the campaign, Major General Westmacott addressed some farewell words to the battalion which will be appropriately quoted here: "I had always heard that the Borderers were one of the finest regiments in the

AT DARGAI HEIGHTS.

service. You have been tried very highly. Constant rear-guard actions, marching through ice-cold water, and then going straight up on the highest hill on picquet duty and fighting all night without either food or blankets; and I have never heard a murmur or an unsoldierlike word. I am very proud of having had the Borderers in my command, and it will be my pride, so long as I live, that I have commanded the Fourth Brigade."

IN SOUTH AFRICA.

On the outbreak of the South African War the 1st Battalion was one of the first units despatched from England and it served throughout the war. Its honors are limited to Paardeburg and South Africa, 1900-02, but the battalion served in innumerable battles and actions, which, owing to the strict limitation on battle honors for the campaign, are not recorded on the colors. This was the last active service the regiment saw previous to the Great War.

Some idea of the services of the regiment in the Great War may be gathered from the long and varied list of battle honors at the head of this

article. It is impossible to give an account of them here, but it may be remarked that the regiment served in four theatres of war—France and Flanders, Gallipoli, Egypt and Palestine.

In Choosing a Husband, Girls, Listen First to Your Heart for Only Love Can Make Marriage Endurable—But Let Your Head Have Final Say, for the Wife Who Cannot Respect Her Husband Soon Despises Him.

A YOUNG woman wants to know whether she shall be guided by her heart or her head in the choice of a husband. It is based on cold reason alone is just as disastrous as the one that is the result of mere impulse. To be happy though married a woman must have a husband who not only fires her fancy but who comes up, at least measurably, to her ideal.

DOROTHY DIX

THE girl who marries for her head, who takes the man because he is a good catch, who can give her social position and an establishment and jewels and motors, is never a happy and contented wife. She soon comes to the end of the road, the one thing she wants most she cannot buy—and that is love.

Town houses and country houses and ropes of pearls and limousines are all highly desirable things to have and they add to any woman's bliss, but they are the frosting on her cake of life. They are not the cake itself. That alone is made of the sweetness of mutual love, and if a wife has not that all the remainder are dust and ashes in her teeth.

MANY a millionaire who is the mistress of a half dozen palaces never knows what it is to have a real home. Salles will not keep a woman's heart from freezing to death for lack of the warmth of human love and sympathy, and many a woman who sits down to a banquet every night of her life is starving for understanding and companionship.

Matrimony is a long and hard road for a woman to travel. It involves suffering and sacrifice, the putting of another before herself, the adjusting of her own point of view to another's, the patient endurance of personal peculiarities that get upon her nerves. Often putting up with injustice, forgiving slights, neglecting impatient and cruel words, whipped out in anger or under the stress of nerves.

It is only love that makes marriage worth while, that takes the sting out of its sacrifices, that sweetens its bitterness, that glorifies its drabness and puts pep and ginger into its long, dull days.

IT IS so easy to do things for those we love and so hard to do things for those we don't love. We are so blind to the faults of those we love and we see with such pitiless clearness all the imperfections of those we don't love. We are so vitally interested in the smallest thing that happens to those we love and we are so bored by the constant companionship of those to whom we are indifferent.

Moreover, the head does not rule a woman. Sooner or later her heart gains the ascendancy and cries to her for the recognition she has denied it, and then God help her and her husband! There is no more tragic figure than that of the woman to whom love comes too late, after she has barred the door to it by marriage and when she has no right to let it in for the sake of her honor, for the sake of the man who has married her in good faith and for her children's sake.

THE woman who is guided solely by her heart in making her choice of a husband makes an equally fatal mistake. She is the woman who marries the hopeless drunkard, the shiftless ne'er-do-well, the rascal with the hectic past, and who trusts to luck for some miracle to happen that will save her from the results of her folly.

Because a chap is good-looking or a peachy dancer or has a way with him, and she thinks under his touch, she rushes into matrimony with him without using a single lobe of her brain or taking a squint at his qualifications as a husband. In vain do her family and friends entreat and implore her to consider the future and warn her against the dangers she is running into. She is blind and deaf to everything but her desires.

And so she marries and becomes the bedraggled, worn-out, drunkard's wife or the cynical business woman who has supported a lay husband or the mother of piteous little children on whom are visited the sins of the father.

And the love that was so beautiful and that was to endure through all eternity is gone. Vanished like mist in the sun, torn into tatters by poverty and ill-usage. Killed by disappointment and contempt. For no woman's love lives after she has ceased to respect a man.

So a woman must use both her head and her heart in selecting her husband if she wants to make a successful marriage. Neither one is a safe guide if used alone. It takes the combined punch and wisdom of them both to settle the greatest problem of a woman's life.

PERHAPS the heart should be listened to first, for it is very necessary that the man with whom a woman is proposing to spend the next thirty or forty years should have a physical attraction for her and that there should be about him that intangible something that makes her thrill at his touch and like him near her. Also he should interest her and have the charm of personality and manners and the dear little ways for which a woman loves a man far more than she ever does for his virtues.

But she should let her head have the final say-so in picking out a husband. She should let her good, hard common sense check up on her heart and determine what there is of solid worth in the man that will hold her when the glamour of romance has fled. For the good old head would tell her that there are no more thrills when one is cold and hungry and shabby and debt-harried, that the halo fades from the brow of the shiftless and that the wife who cannot respect her husband soon comes to despise him.

SO, GIRLS, when you pick out a husband don't listen alone to either your head or your heart. Tune in on both. DOROTHY DIX. Copyright by Public Ledger.

HEAVY MOIRE SILK MAKES THIS TAILORED EVENING COAT

By Marie Belmont

Moire is one of the smarter silk fabrics for fall. It comes in delightful vivid hues, and the material is so soft that it lends itself readily to all manner of treatments. One of the smartest garments that this revival of moire has brought forth is to be seen above. The severely tailored evening coat is of moire in geranium red. Its only adornment is the shoulder bouquet of soft yellow, which adds color and prevents the neckline from appearing too harsh. This coat might be copied in bright green, deep yellow, green or cerise.

THE RHYMING OPTIMIST

By Aline Michalski

WE grow so weary of the things about us every day, old joys lose their tinge of gray. So it seems good to leave them all, the old, familiar ways, to answer to the luring call beyond the distant haze; seems good to say goodbye while to places once loved well, seems good to meet strange valleys' smile and distant islands' spell. But, strangely, in a little time, this wanderlust is spent; the traveler seeks his native clime, old paths and old content; the lanes that once he trod of old, the meadows where he roved, the woods that saw his dreams unfold, the wide-spread plains he loved. We grow so weary of old things, old faces and old song, yet something sweet about them clings, we cannot leave them long.

**Dropped Oatmeal Cookies**—Cream together a large half cupful of shortening lard or butter, one cupful of sugar, add two well beaten eggs and beat together five tablespoons of milk, one teaspoon cinnamon, one-half teaspoon of salt, one teaspoon of vanilla, two cups of rolled oats, not cooked, two cups of flour, sifted, one-half teaspoon of soda, one-half cup of raisins, chopped fine. Drop by teaspoons on buttered tins, allowing room to spread and bake in a moderate oven.

**Raisin and Nut Cake**—Take one cup of brown sugar, one-half cup of shortening, one egg yolk, one teaspoon of cinnamon, one-half teaspoon of cloves, one cup of sour milk, one teaspoon of soda, one cup of nut meats, one-half cup of raisins (chopped), two and one-quarter cups flour. Then mix the sugar and shortening, stir in the egg yolk and add the sour milk. Sift together the flour, spices and soda and pour in the raisins and nuts, stir other ingredients together to form a batter thin enough to pour over fruit. Steam about an hour and a half. Serve with cream sauce made from fruit juice.

**Beet Salad**—Two cups cooked beets chopped fine, one onion, one green pepper, Chop and mix all together with a boiled dressing. Serve on lettuce leaves and garnish with slices of hard boiled eggs.

BEHIND THE SCREEN

JUST when everyone thought war pictures would no longer draw a crowd along came the Victor-Stallings masterpiece, "The Big Parade." Since then almost every company has turned out a production based on some angle of the European conflict. Perhaps the one which assumes most importance at present is the Fox version of the stage play "What Price Glory?"

Another tale of soldiery is rapidly nearing completion on the desert sands 28 miles from Yuma, Ariz. It is "Desu Geste," a drama of the Foreign Legion which Herbert Brenson is directing. It concerns three legionnaires, Neil Hamilton, Ronald Colman and Ralph Forbes, cast as three brothers.

Mary Brian plays the feminine lead. Mary ought to feel right at home in this war tale since she was the young woman that all the shootin' was about in "Behind the Front."

Nearly 2000 men have lived on location in the desert during production. A regular city was established, with walls, telephones and electric light plants. The camp was run by military rules and a bugler woke the actors each morning.

**STAR DUST**

Charles Ray is going to attend a citizens' training camp to get in trim for his next picture, "Thirty Days," a story of life at an officers' training camp.

**Cream of Green Pea Soup**

1 1/2 cupfuls Borden's St. Charles Milk.  
2 1/2 cupfuls cold water.  
1 teaspoonful sugar.  
3/4 teaspoonful scraped onion.  
2 tablespoonfuls butter.  
1 1/2 tablespoonfuls flour.  
1 teaspoonful salt.  
1/2 teaspoonful pepper.  
2 cupfuls canned or cooked fresh peas.

Add the peas, sugar and onion to the cold water and simmer for twenty minutes. Then rub through a sieve, add the St. Charles milk, re-heat and thicken with the flour blended with the butter and the seasoning.

**Cream of Potato Soup**

1 cupful Borden's St. Charles Milk.  
3 tablespoonfuls butter.  
3 medium sized onions chopped.  
1 green pepper chopped (optional).  
1 quart boiling water.  
1 tablespoonful parsley.  
1/2 teaspoonful salt.  
Few grains pepper.  
3 medium sized potatoes, sliced small.

Melt the butter in a two-quart sauce pan and gently cook the onion and green pepper in it until tender. Add the water and seasonings, together with the potato, and cook till the latter is tender, then add the parley and St. Charles Milk, bring to boiling point and serve.

### SITE OF FIRST N.B. PROTESTANT CHURCH MARKED

Historical Ceremony Held at Cairn in Sheffield, Sunbury Co.

FREDERICTON, Sept. 17.—In the presence of a gathering of people from all parts of New Brunswick His Honor the Lieutenant-Governor of New Brunswick, Hon. W. F. Todd, this afternoon unveiled the memorial cairn erected at Sheffield to mark the location of the first Protestant church edifice in New Brunswick, Sheffield Congregational church, originally Marguerite Congregational church and now part of the United Church of Canada.

**THE MONUMENT.**  
The cairn, a pyramidal structure of grey Spoon Island granite, stands on what has been given land from the original grant and is within easy view from the highway a few yards away. The bronze plate is inscribed as follows:

"Dedicated to the memory of those Puritan settlers who came here from New England in 1762 and 1768, and founded Sheffield Congregational Church, New Brunswick's first Protestant Church, which has continued until this day. First church built, 1765, rebuilt 1840. Entered the United Church of Canada in 1925. Erected in 1925."

### BUSH-WORKERS OUT NEAR PORT ARTHUR

Strike For Increase in Pay Threatens to Spread Over Ontario

PORT ARTHUR, Ont., Sept. 17.—A strike of all bush-workers belonging to or affiliated with the Industrial Workers of the World or the Lumber Workers' Industrial Union of America, is virtually in effect, was the statement of Alfred Huddamaki, secretary of the I. W. O. A., prior to a meeting of the workers in the Bay street hall this afternoon.

The workers are demanding increased rates of pay, as follows: "Five dollars for a cord of eight-foot pulpwood; \$3 for four-foot pulpwood; the monthly wages to be \$60 for day-laborers."

According to the secretary only three camps in the Thunder Bay district are operating today, and there is a possibility of the strike spreading to all branches of the lumber industry in Ontario unless the demands of the cutters are complied with.

### VALUABLE RUBY CONTAINS IMAGE

Amazing Discovery Made in India; Figure is Clearly Defined

Bombay, Sept. 18.—A most amazing discovery, possibly the world's rarest, has been made in that mysterious land of Pagodas and Temples. It is a ruby of the size of a pea, and is taken out of her famous mines, even Burma has never yet produced any stone which can compare with it. It is described by H. W. B. Moreno, member of the Bengal Legislative Council, in the newspapers of Calcutta.

A real ruby sparkling, as the Indian jewelers would say, like a drop of purple blood, is a very rare jewel for any Hindu to possess. But, when it glances a portrait wrought in the water of the gem, made not by human hand but by nature the jewel becomes an absolutely unique specimen surpassing in value even the famous diamonds from the mines of Golkonda.

Considered as a gift of God, the jewel assumes an importance to the faithful Hindu which cannot be estimated in terms of coin.

### AGED RESIDENT IS MILLTOWN SUICIDE

William Armstrong is Found by Wife Suspended From Beam

ST. STEPHEN, Sept. 17.—About a clock this morning, at Milltown, the body of William Armstrong, an aged citizen of that town, was found hanging from a beam in the woodshed of his home. He had been in ill health for some time and at times was somewhat demented. This morning his wife awakened to find he had gotten out of his bed. After a search she found him in the woodshed, dead, with his feet not over three inches from the floor. He had tied a towel around his neck, fastened a rope to the rope over a step-ladder putting the rope over a beam and then apparently jumped off the ladder. It is said he had been dead about an hour and a half before discovered.

### Weddings

Boyd-Foshay.

A quiet but interesting wedding took place at the United Church parsonage, 90 Main street, on Wednesday evening, Sept. 8, when the pastor, Rev. H. A. Goodwin, united in marriage Miss Muriel Foshay, daughter of Mr. and Mrs. J. Wilbert Foshay, of Young's Cove Road, and George Boyd, son of Jarvis Boyd, of Gagetown. The young couple were unattended. The witnesses were Helen Foshay and Arthur Foshay, brother and cousin of the bride respectively. The bride was attired in a suit of navy blue peridot with a hat of gray velvet and georgette with French flowers, and the other accessories of her costume were gray. Both bride and groom are very popular with their friends. The bride has been a valued employee of the N. B. telephone office here. After a short wedding trip to Moncton and other points in the province, Mr. and Mrs. Boyd returned on Monday afternoon and will make their home at Gagetown, where the groom is engaged in farming.

### Burns' Edition Found Hidden in A Wall

LONDON, Sept. 18.—Word has just reached here of the finding of a valuable copy of Burns' poems. The Tenant of Ardara, a farmer, Lamlash (Isle of Arran), returning from sheep shearing, thrust his shears into a hole high up in the wall. Noticing an obstruction, he investigated, and found what is believed to be a Kilmarock edition of the Poems of Burns.

On the fly-leaf is written the name of John McIntyre, who more than 50 years ago was a shepherd at Auchincraigs. The rider returned the book to Mrs. Paterson, a daughter of John McIntyre, who identified the volume as the copy owned by her parents. If this turns out to be a genuine example, it is certainly worth its weight in gold, for copies of any kind are so few, and perfect impressions are so rare.

### King's Daughters Plan To Assist

At a special meeting yesterday afternoon, the city union of the King's Daughters made plans for the assisting at the New Brunswick Protestant Orphanage fair, to be held towards the end of this month in St. Andrew's rink. While the organization could not undertake any definite work as a body, the members are to assist Mrs. Ernest Waring, who has charge of the flower booth and the fish pond. The president, Mrs. Edith Stevens, having resigned, as she was leaving the city, yesterday's meeting was presided over by Mrs. Frank McArthur, first vice-president. Much regret was expressed at Mrs. Stevens' removal from Saint John and appreciation of her work for the Order was voiced by those present. The meeting was largely attended.

### DIGBY CO. BOY FATALLY HURT BY MOTOR TRUCK

Harold Sullivan, Riding to School, Falls Off; Wheel Over Body

DIGBY, Sept. 17.—Word has been received here of a fatal accident to a young lad of seven years of age, named Harold Sullivan, son of Mr. and Mrs. Judson Sullivan, of Hillsdale, which occurred yesterday. The young lad fell from a heavily laden auto truck, the rear wheel of which passed over his body. The boy was picked up by the driver of another truck immediately behind and carried to the home of Tom Smith, Havelock, but the boy expired as he was being carried into the house, less than half an hour after the accident occurred.

The boy, in company with a number of other children, was riding on the truck on the way to school. When the top of a hill had been reached all the children got off safely with the exception of young Sullivan, who slipped and fell.

### FLAG VOTE DECREED FOR SOUTH AFRICA

Hertzog Gives His Decision Just Before Sailing For England

CAPE TOWN, Sept. 17.—South Africa is to have a referendum on the flag question. Premier Hertzog made an announcement to this effect just before sailing for England to attend the Imperial Conference.

The question of a new flag for South Africa has agitated the people for some time. At the last session of the House of Assembly the government introduced a bill authorizing a national flag without the Union Jack on it and the opposition to the bill became so strong that the government withdrew it and promised that it would be reintroduced at the next session. Now the premier says the people will have an opportunity to express their views on the matter at the polls.

### DECREE WILL START FLOOD OF LAWSUITS

TRENTON, N. J., Sept. 17.—An avalanche of suits involving millions of dollars will be set in motion against leading tire manufacturers throughout Canada, the United States and other countries as a result of an interlocking decree handed down in the federal district court here by Judge Joseph L. Boddy.

The decree disposing of the suit of the de Laski and Thropp Circular Woven Tire Company against the Murray Rubber Company, declares that the Murray Rubber Company, which has a patent on the tire-making machine which the inventors maintain, is being used without license by fully 80 per cent of the tire factories.

## STUDEBAKER'S New Custom Sedans

Mechanically up-to-the-minute —artistically ahead-of-the-times —economically the cars of the hour

It is great to be a pioneer and still retain your youth standards—to set the pace in appearance and maintenance by performance.

This is what Studebaker has done in these new Custom Sedans which are sweeping the country. Somebody put their description in a phrase, "Studebaker plus"—the final achievement of performance plus the newest made in motor world.

Engineering authorities have long acknowledged Studebaker's mechanical supremacy in its field. And now with added refinements the mighty Studebaker L-head motor is widening its margin of leadership.

Studebaker's Victory Over Vibration Studebaker's early adoption of the L-head engine forecast the present-day trend. Now 70% of North American manufacturers use this efficient, quiet type of engine.

And, more significantly, the larger builders of other types have come to this principle for all the new cars introduced in recent years.

To insure a smooth, vibrationless flow of power, Studebaker spends over \$600,000 annually building balance into its big crankshafts—fully machining and dynamically balancing each and every one.

Only seven other American cars have a power rating greater than the Big Six and these all cost from \$2,000 to \$3,000 more. The Standard Six is the most powerful car of its size and weight, according to the ratings of the Society of Automotive Engineers.

Studebaker's Transcontinental Triumph Recently the Studebaker Big Six Sheriff—a certified stock car—dashed from New York to San Francisco in 86 hours and 20 minutes, through the worst storm in 60 years.

It cut 16 hours and 25 minutes off the best previous automobile record and beat the best time of the crack Limiteds by over 6 hours!

It added another victory to the long list already held by Studebaker—Barcelona to Madrid, the Trans-Australian Run and many others.

Studebaker's Inherent Durability Owners of 877 Studebakers report having driven their cars from 100,000 to 300,000 miles and still going strong. Thousands of Studebakers in the fleet-service of big industrial concerns are proving their remarkable low-cost and tremendous endurance.

Factory sales of Studebaker repair

parts average yearly only \$10 per car in operation—evidence of the fine materials used.

Studebaker's Advanced Engineering Practice For the past two years, Studebaker has been balancing wheels and castings to insure smooth riding. Moreover, the semi-elliptic springs fostered by Studebaker are now used by 92% of American car manufacturers.

Studebaker cars have a long springbase, and spring leaves of the finest chrome vanadium steel. Replacements of springs on Studebaker cars are less than 1% per year of cars in service.

There are many other betterments in Studebaker design—an oil filter and air purifier effectually seal the engine against foreign matter. A waterproof ignition system insures faithful operation in rain-storms. Even the spark plugs wear rubber caps. And a force feed lubrication system gives perfect lubrication under all conditions.

Over \$100 Worth of Extra Equipment At No Extra Cost To its in-built qualities of performance, Studebaker has added the charm of custom treatment and the luxury of custom equipment. Low-slung, full-vision fenders in lustrous and durable duotone lacquer; interiors richly finished and appointed, with broadcloth or Chase mohair upholstery, broadcloth and Butler finish hardware; and extra equipment worth more than \$100.

Four-wheel brakes, disc wheels, nickel-plated bumpers, front and rear—and a patented ventilating windshield which insures perfect ventilation at all times but prevents direct drafts or a drop of rain from entering the car.

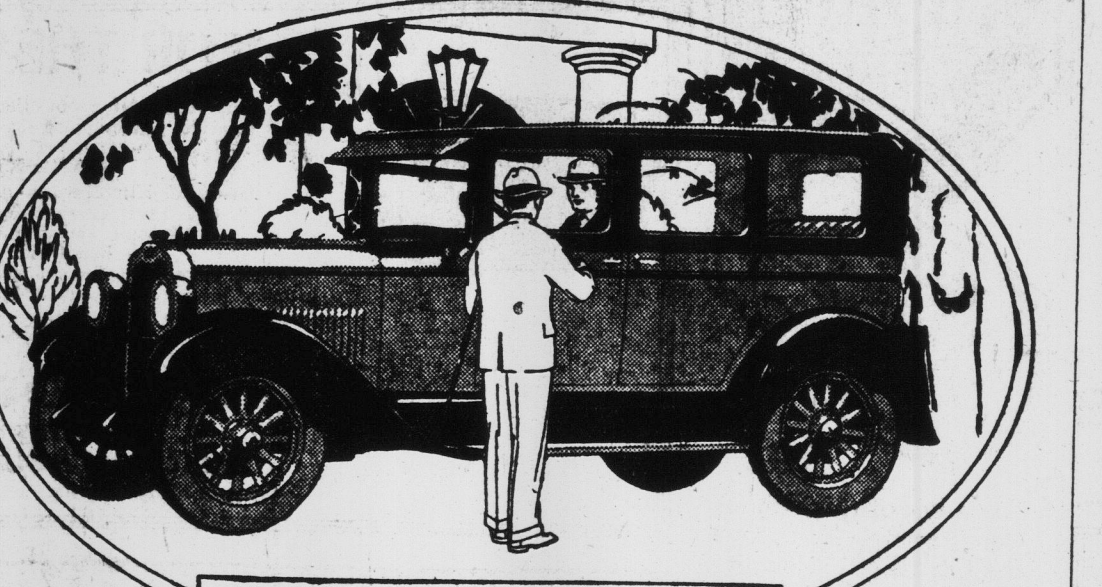

Studebaker's Greatest One-Profit Achievement These Custom Sedans are the crowning triumph of Studebaker's One-Profit facilities—possible only because Studebaker builds them complete in its own mammoth plants.

No wonder demand today is far outstripping supply for these attractive cars. See them for yourself—make your own comparison—then decide whether you should any longer deny yourself custom luxury, when you can enjoy it without custom cost.

### What Is the Oakland Rubber Silenced Chassis?

OAKLAND has pioneered many outstanding motor car improvements, including Duco Finish, interchangeable bronze-backed bearings and the Harmonic Balancer. Now Oakland presents another achievement—the Rubber-Silenced Chassis.

The Rubber-Silenced Chassis is exactly what its name implies—a chassis refined to a supreme state of quietness—a chassis freed from the disturbing noise and rumbling experienced in ordinary cars—a chassis that permits passengers to ride in quiet, cushioned comfort.

Rubber does it! Rubber absorbs shocks and deadens noise, just as the Harmonic Balancer prevents engine vibration. This remarkable, new feature—rendering Oakland Six performance smooth and quiet beyond comparison—is another reason why the Greater Oakland Six is surpassing even previous Oakland performance.

Come in—let us explain the Rubber-Silenced Chassis and Oakland's 77 refinements in detail—then drive the Greater Oakland Six and experience the amazing results of this newest Oakland achievement.

## ARCHIVES TELL OF HARDSHIPS OF N.B. PIONEERS

Loyalists Had Hard Struggle  
for Existence First  
Few Years

DIARY EXTRACTS  
RICH IN INTEREST.

Notes From Record Kept by  
the Reverend Frederick  
Dibblee

The early life and customs of our forefathers are told of in an interesting article in the local office of the Dominion Archives, Princess street. For the first few years after their arrival, it says, the Loyalists found that life itself was almost a struggle for existence. Many of them were used to manual labor and found it a hard task to construct their log cabins so as to withstand the bitter cold of the severe winters. In some cases, members of the family had to remain up all night to replenish the fire in the high fireplace to keep the rest of the family from freezing. It has even been recorded that in cases where bedding was not available, the parents warmed pieces of board which they

applied alternately to their children for warmth. In order to procure food granted by the Government for their maintenance, the early settlers had frequently to travel several days by toboggans or hand sleds. Often the supplies were frozen before they reached their destination and in some instances the flour was damaged by water and had to be "chilled out of the barrel." In due time, however, the cabins were made more comfortable and the settlers laid in a supply of moose and bear skins which considerably lessened the terrors of a New Brunswick winter of those days.

Wolves and foxes made havoc among the cattle and poultry and the wild pigeon settled in great numbers upon the corn fields. The latter were caught by the hundreds in sets spread for that purpose. In the spring, several weeks were devoted to the making of maple sugar and the luscious honey so familiar to New Brunswickers today.

One of the early settlers at Woodstock on the Saint John river was the Rev. Frederick Dibblee, a noted Loyalist, and a few extracts from his diary may be of interest. "Early closing of the river, Nov. 15, 1804. Several families crossed the river Saint John to church in their sleighs. "First frame house in Woodstock, Nov. 9, 1808—Richard Smith's house raised.

"Christmas service, Dec. 25, 1806—A large congregation which made the house too warm for comfort."

**REMARKABLE SEASON**  
"Jan. 12, 1807—Only four inches of snow till storm of yesterday, when there fell 18 inches; only five cold days as yet.

"Feb. 19, 1807—After amazing heavy rains the ice ran in the river. Nothing but ice in the roads and fields.

"May 3, 1807—From sunset yesterday to sundown today, the water rose 10 feet perpendicular; continues rising.

"May 4, 1807—River rose during the night four feet at least, and carried off almost all my fence from the front. The water is about six feet over the top of my bank and all the high intervals are under water. We never had such a freshet.

"Nov. 28, 1810—Married, Thomas Fields and Ann Wright. They came in a canoe, and never better poling.

"The war of 1812—March 1, 1812. The 104th Regt. are now marching through to Canada. Snow four feet deep on a level.

"March 19—No church on account of storm. Never, never was there such a spring snowdrift in places 10 feet above fences.

**COLDEST SUMMER**  
"June 7, 1816—Snow fell last night so as to cover the ground. 8th—Hills on other side of river covered with snow. 10th—Hills on other side of river covered with snow. Never was there such a June. 11th—A very heavy frost, ground all white. At 10 a.m. grows warmer and we lay aside our greatcoats, which we have worn eleven days.

"Late opening of navigation, May 2, 1817—Two yoke of oxen crossed the river on the ice today.

"July 6, 1819—We have a comet, first seen on Sunday evening (July 6). Situation a little west of north when first seen at night. It has a tail about two feet in appearance.

"Nov. 7, Sunday—Cloudy and a very thick fog. Never knew so dark a day. Had to go to the altar window to perform divine service.

"Oct. 28, 1822. We had this fall 1,500 bushels of potatoes and 500 dozen of wheat.

"May 29, 1824—Wm. and Mrs. Bull set out for Saint John on a raft of timber.

**DROUGHT OF 1825**  
"July 28, 1825. Clear and warm day and night last 10 days. Sept. 17—From last date continued warm and dry weather, never the like before in this country. Crops all in but corn and potatoes without any rain. Oct.

15—From last date the same remarkable dry weather. Fires run in both the woods and on the improvements in a surprising and destructive manner. In Fredericton near 100 houses, stores and barns burned. On the Oranocote several houses and children burned and numbers suffered in other parts of the province. We never knew such a time before. The earth is so dry that fire burns to a considerable depth, and nothing but a great rain can stop it, which God grant.

**FIRE AT MIRAMICHI**  
"Nov. 17, 1825—It is ascertained that about 200 have perished by fire and in the river at Miramichi. All furniture, clothes, provisions and every kind of stock, houses, stores and barns at Newcastle and a number of other settlements entirely destroyed. Terrible indeed."

**SEEKING NAME FOR  
WARTIME REFUGEE**

French Authorities Unable to  
Locate Relatives of Boy  
Now in Paris

PARIS, Sept. 17—The terrible plight of the refugees who, driven from their homes by the German invasion, fled westward, is recalled by a touching appeal broadcast in the Parisian press for information which may help to identify a boy of 18 who at present has no legal existence. In 1917 M. Peltier, an official of the sixth arrondissement, and his wife, who had organized a refuge for children in Paris, received a detachment of 400 women, children and old men who had been evacuated from Chantilly when it was bombed by a German aeroplane with the result that many women and children were killed and 150 children wounded.

Among these was a little boy of four, who said his name was Rene Bource. His father, he said, had gone to the war, and his mother, with whom he had left Chantilly, could not be identified. As time went on the

refugees were identified and put in touch with their relations, but no one claimed the little Bource whom M. Peltier took into his own home, where he already had a granddaughter and an adopted child.

The little refugee soon won a large place in the hearts of his benefactors, but difficulties began when it became time to send him to school. He could not be admitted because he had no name. That was overcome by amicable arrangement, but later, when M. Peltier tried to open a savings account

for his protegee, he was unable to do so because the child had no legal identity. M. Peltier, who is now police commissary of a busy quarter in Paris,

said that he had found the boy remarkably intelligent and, loving him as his own son, had decided to give him a university education. But he must now obtain for him a legal identity, and, to satisfy his own conscience, has made known all the facts in his possession, so that, if no one should come forward to claim Rene Bource after the appeal in the press, he will be registered under this name and adopted in due legal form by M. Peltier and his wife.

## LORD CLARENDON SAYS SETTLERS HAVE DONE WELL

Hope to Send Many Families  
to Canada Next  
Year

Having completed a tour of the central and western provinces of Canada and visited 100 British families since he landed at Quebec on July 17, Lord Clarendon, chairman of the overseas settlement committee, accompanied by T. C. MacNaughten, also of London, vice-chairman of the committee, and Major John Barnard, of Ottawa, chairman of the Soldiers' Settlement Board, arrived in the city last night in their private car, "Loch Lomond," attached to the MacAdams train, and will tour the Maritime Provinces.

Lord Clarendon, when interviewed last night, said that he proposed to motor to the homes of those British settlers who came to New Brunswick and settled near Saint John this morning. They will leave afterwards for Sussex, Hampton and Moncton and will proceed to Toronto and Halifax tomorrow. After a short stay there the party will return to Quebec, whence Lord Clarendon will take passage for London.

**MAJORITY DOING WELL**

Lord Clarendon said that the entire number of 460 settlers who came to Canada in 1925 from parts of England, Ireland, Scotland and Wales, had taken to farming and from what he had seen on his western and central Canada tour the majority were doing well. He said it was hoped to send a large number to Canada next year. Under the 8,000 family settlement scheme, so far only 1,500 families have been sent.

Lord Clarendon said he had traveled 5,000 miles by motor since his arrival in Canada, two months ago yesterday, beside the thousands of miles he had put behind him by rail and boat.

Lord Clarendon is much impressed with the farming possibilities of the Dominion. A few years ago this distinguished visitor was in the city just north of London, Ontario. This is Lord Clarendon's third visit to Canada. W. A. McDougall, acting superintendent here of the Soldiers' Settlement Board, a member of Lord Clarendon's party, also arrived in the city last night. Mr. McDougall has accompanied Lord Clarendon on his visits to Woodstock and Hamilton.

## WILL ASK MAYOR TO OPEN ORPHAN FAIR

Volunteers Begin at Work on  
Booths in St. Andrew's Rink  
—Outlook Good

The band of volunteers put in some good work at St. Andrew's rink last night preparing booths and blooded spaces for special use in readiness for the opening of the New Brunswick Protestant Orphan Fair, which opens in the middle of next week and will continue throughout the following week. The committee conducting the fair held a business meeting with W. M. Campbell, general chairman, presiding. The reports submitted were most encouraging and showed that donations were coming in hand in larger amounts than at any previous fair. Cash donations were especially satisfactory, it was said. While there was general gratification at the generous response the appeal is receiving, it was pointed out that the need for a generous response is more imperative this year than it has ever been since the orphanage deficit is larger than ever before.

It was decided to invite the Mayor and commissioners to attend on the first night of the fair and to ask the Mayor to formally declare the fair open. All of the orphans of the city, Catholic and Protestant, will be invited to attend the fair on the second Saturday, when they will be freely admitted to all of the special attractions.

## LIBERAL VICTORY FETE IN CHARLOTTE

Celebrations Held in St. Stephen and St. George Addressed by Candidate

ST. STEPHEN, Sept. 11.—The Liberals of this vicinity celebrated the victory of the Mackenzie King government here this evening. A large bonfire was lighted at the Royal Bank corner and the Celtic City Band furnished music.

During the evening P. E. McLaughlin, the Liberal candidate in the last election, was speaker and thanked the people of Charlotte county for their support and also thanked his opponents for the way the election had been carried on in Charlotte. No personalities had been used, said Mr. McLaughlin, and a clean election in Charlotte was fought.

He said that the Liberal party had cut down the majority by half this year and in four more years the majority would not only be cut down further but would be for the Liberal party.

Cheers were given for Mackenzie King and P. E. McLaughlin.

ST. GEORGE, Sept. 11.—Liberals of St. George and vicinity celebrated on Wednesday night in Roseland Hall with a large attendance of men and women. Speeches were made by Mayor E. F. McGarron, president of the Liberal Club; Dr. C. C. Alexander, chairman of the executive; I. E. Gillman, of Second Falls, and others. The arrival of the Liberal candidate, Mayor P. E. McLaughlin, was greeted with cheers and he was carried to the platform by enthusiastic supporters.

Major McLaughlin spoke hopefully of the future and attributed his defeat to the brief time of his campaign between nomination and election days, to the lack of funds for legitimate expenses, lack of organization in his own party and the efficient organization of the Conservatives. He felt proud of the vote he had received and thanked all those who had casted him.

The detectives located the women in the Saint John Hotel, St. James street, yesterday afternoon and delivered the message.

## REAPERS' BANQUET HELD IN FAIRVILLE

C. G. I. T. Event Attended by Mothers and Daughters and Very Successful

The Reapers Group of the C. G. I. T., of Fairville United Church, of which Miss Annie Shaw is the leader, held a mother and daughter banquet last evening in the church vestry. The nicely appointed tables were decorated with the C. G. I. T. colors of blue and white and vases of blue and white flowers. Blue candles in silver candlesticks were also effectively used in the decoration scheme. There were dainty place cards with the C. G. I. T. monogram. Guests of honor were Miss A. Rippey of the West End Kirk group; Rev. S. H. B. Strothart, the pastor; H. C. L. Sweet, assistant superintendent of the Sunday school, and Alexander McPherson and Allison Lester of the 'Lulus Square. Those present numbered forty.

Miss Edna Shaw, Miss Audrey McColgan, Miss Hazel Kelly and Miss Eva Taylor assisted in serving. Miss Bertha Linton was toastmistress and proposed the toast to the Kings, which was responded to by the singing of National Anthem. The toast to the Church was proposed by Miss Hazel Craft and responded to by Rev. Mr. Strothart. The toast to the Sunday School was proposed by Miss Kathleen Strothart and responded to by Harry Sweet. The toast to Our Mothers was proposed by Miss Audrey Morrison and Mrs. H. S. B. Strothart replied. The toast to Our Leader was proposed by Miss Margaret Stout and responded to by Miss Anna Shaw. Between the toasts C. G. I. T. songs were heartily sung.

**PROGRAM RENDERED.**

Following the banquet a vocal solo was pleasantly rendered by Miss Margaret Stout, reading was given very effectively by Miss Margaret McPherson and there was an exercise by Miss Jean Davis and Miss Lillian Wright which was very well received. A reading by Miss Mildred Crosby was also much enjoyed. A short sing-song was

**Old Dutch**

There is nothing else like Old Dutch Cleanser for cleaning sinks—it won't clog the drain pipes; for kitchen utensils, bathtubs, floors, etc. The fat, flaky particles it erases all the dirt and impurities without scratching the finest surfaces. Contains no lye, acids or gritty substance. Keep the whole house sparkling and span with Old Dutch.

Goes further—lasts longer.

OTTAWA WOMAN MADE STRONG BY TAKING LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Ottawa, Ontario.—"I was terribly run-down after the birth of my third baby. I had awful bearing-down pains and was afraid I had serious trouble. I tried all the time and had no success. My sister-in-law is taking Lydia E. Pinkham's Vegetable Compound and cannot praise it too highly for what it has done for me. I have had splendid results and feel fine all the time. Any one who needs a thorough pick-me-up, soon learns from me what to take."—Mrs. RENE FAQUIN, 320 St. Patrick street, Ottawa, Ontario.

TERRIBLE BACKACHE

Hamilton, Ont.—"After my baby was born I had terrible backache and headaches. I could hardly do my work and felt tired from the first minute I got up. But worst of all were the pains in my sides when I moved about. I had to sit or lie down for a while in order, but many things had to go on. I was in a terrible state of mind. I had to take Lydia E. Pinkham's Vegetable Compound, as she said it would build me up. I was relieved before I had taken the first few bottles and have not had any trouble like it since."—Mrs. T. MARBLE, 115 Ferguson Avenue South, Hamilton, Ontario.

**\$70,000 MORE IS NEEDED TO NET \$600,000**

**King's College Building Fund**  
Augmented by Several Contributions

THE largest contribution to the University of King's College building fund, since the last report of the president, Rev. Dr. Moore, made on July 15, is one of \$2,500 from Rev. Dr. and Mrs. W. Ingalls Morse, of Lynn, Mass. Dr. Morse is a native of Nova Scotia and has a summer home at Paradise, N.S. In all upwards of \$5,000 had been subscribed since the last report, including \$300 to be added to quota from that parish, raised by the Ladies of St. Andrews, N.S., by means of a dance at the Algonquin Hotel under the leadership of Mrs. Henry Joseph, following a visit of Dr. Moore to that place in August. Another contribution of \$150 has been received from Mr. and Mrs. Featherstonhaugh, of Toronto.

The last report of Dr. Moore, made to the advisory board of the Carnegie Corporation for the Maritimes showed that a total of \$328,000 had been pledged. This leaves \$70,000 still required to qualify for the grant of \$600,000 from the Carnegie Fund.

**ALFRED BOURGEOIS SPEAKS OF RESULT**

Kent M. P.-Elect Sees Chance For King to Live up to Expectations

A belated reply in response to a request from The Times-Star for a comment on the result of the recent general election, was received last night from Alfred Bourgeois, the successful Liberal candidate in Kent county. Mr. Bourgeois' message is as follows:

The result of the election just closed will be greeted favorably by Canadians in general and demonstrates beyond question that the electorate have full confidence in the continued leadership of Right Hon. W. L. Mackenzie King with a following in the next House that will enable the incoming government to carry through its policies as already enumerated, together with such measures as will insure contentment and happiness among all classes in Canada. Right Hon. Mr. King has been given a great opportunity and that he will measure up to the highest expectations none will question.

**Fire Wrecks Barn of Dr. E. A. Smith, Shediac**

MONCTON, Sept. 17.—The large barn of Dr. E. A. Smith, of Shediac, former minister of lands and mines in the New Brunswick government, was completely destroyed by fire about 11 o'clock tonight.

The barn contained ten horses, a large quantity of hay and a large assortment of farm implements, all of which were destroyed. The fire was discovered by a passing motorist who gave the alarm, but it was then too late to save any of the contents. The loss is estimated at \$10,000.

**Officers Elected By "Y's" Men's Club**

George Hudson was elected president of the Y Men's Club at their annual meeting held yesterday. The retiring president, Russel Holt, was in the chair. Other elections were vice-president, Dr. Jack Edgecombe; secretary, Norman Marshall; and treasurer, R. H. Bennett. Leslie Bewick and William Nichols were elected directors.

Dr. Edgecombe spoke on the International conference of Y Men's clubs held at Camden, N. J., recently, and at which he represented the local club. It is probable that the club will have an outing at some spot on the Saint John River on September 25. Plans were discussed regarding the club's co-operation with the Canadian Club in the matter of a dinner to be given in honor of John Phillip Sousa, famous bandman.

Thomas A. Daley, Union street, returned home yesterday after a vacation spent in Toronto, Niagara Falls and Buffalo, N. Y. While in Toronto he was the guest of his son, Thomas B. Daley, and Mrs. Daley.

**MR. JOLICOEUR TELLS HIS EXPERIENCE**  
Strongly Recommends "Fruit-a-tives" For Kidney Trouble

For years, Mr. Jolicoeur suffered with kidney trouble, headaches, backache, and the heavy, miserable feeling which usually accompanies any weakness or irritation in the kidneys. He tried "Fruit-a-tives" and, in telling the result, his letter says, "After having followed the 'Fruit-a-tives' treatment, I have gained thirty-three pounds and I have been well ever since. I am pleased to recommend 'Fruit-a-tives' to all those who suffer from Kidney Disease." J. M. Jolicoeur, 318 2nd Ave., Quebec.

"Fruit-a-tives" is one of the wonder discoveries of modern medicine. Made from fresh, ripe oranges, apples, figs and prunes, it acts directly on the kidneys as well as on the liver, bowels and skin. It can be depended upon to relieve kidney trouble and pain in the back. Sold everywhere, 25c. and 50c. a box.

# DEMPSEY PREDICTS KAYO IF TUNNEY READY TO SWAP PUNCHES

## "TAKES TWO TO MAKE A BOUT," SAYS CHAMPION

**Titleholder Now Has More Lawyers Than Sparring Partners**

ATLANTIC CITY, N. J., Sept. 18.—With three days of training ahead of him, and five days intervening before he faces the gloves in defense of his title, Jack Dempsey today began the tapping of process of his conditioning campaign, supremely confident that he will be on edge by Monday night.

The world's heavyweight champion will finish his training on Monday afternoon with only newspaper correspondents in attendance. He will engage in a light workout on Tuesday afternoon, but the correspondents will be barred from this session.

Dempsey is so sure of his condition that he predicts Gene Tunney will be stretched on the canvas floor of the ring, a victim of a knockout, provided the challenger is willing to trade blow for blow and gamble on the result.

"If Tunney elects to fight a defensive contest, with the intent of sticking the limit, the bout may be nothing to rave about. It takes two to make a fight," said Dempsey.

The scowl on Dempsey's face grows darker and more pronounced as each day the work keeps piling up for his start of attorneys. Dempsey has almost as many attorneys as he has sparring partners.

The latest count today revealed that he is represented by ten lawyers in Philadelphia, New York, Chicago, Colorado Springs and in Los Angeles. And the champion figures it will cost him around \$100,000 to square their bills.

Dempsey's day off yesterday was just another day of becoming impatient to do a little work, however, and shadow boxed, punched the bag and went through a bit of calisthenics at his bungalow.

### AT TUNNEY'S CAMP

STROUDSBURG, P. A., Sept. 18.—The date of Gene Tunney's movement on Philadelphia for his championship bout with Jack Dempsey Thursday remains uncertain. The challenger and his associates have not decided whether the exodus from Stroudsburg shall take place late Wednesday or early Thursday. In any event the work Wednesday will not be strenuous, the real training period coming Tuesday. Boxing is on the programme for all of the days to be spent in camp here, but after tomorrow the work will be private.

The challenger has completely recovered his equilibrium and is no longer ever went astray. He seemed a bit upstaged Thursday, but he was well poised in yesterday's work, and was untroubled today with no suspicion of inertia.

Tunney, himself declared today that he never felt better and is satisfied with his condition. Lou Pink, his trainer, said Tunney's work today has moved according to schedule and expressed confidence that the fighter will be right for the battle.

F. J. Baer, an osteopath, has found Tunney's physical condition well nigh perfect.

## FRISCH'S CIRCUIT SMASH STOPS REDS

NEW YORK, Sept. 18.—Baseballdom today was immersed in the closest and most fascinating championship of years. The Cards were defending the premier hold on the National League along with the Reds one inning after a result of Cincinnati's downfall after a desperate ten inning battle with the Giants, while St. Louis was conquering the Phillies. Another Cleveland victory over New York narrowed the Yanks' lead in the American to three and one half points. The Pirates are now in games back of the leaders.

Although St. Louis gained complete possession of first place, the Reds may tie the standing by winning the remaining eight games scheduled in the event the Cards take seven of eight contests left. To clinch the pennant, St. Louis needs to win all of its games, granting the Cincinnati losers annex seven frays. One of the encounters will bring both clubs together.

The Cards breezed through to a 10 to 1 victory in Philadelphia yesterday, Sherdel holding the Phillies to eight hits while his mates collected 15 off three opposing twirlers.

Captain Frank Frisch of the Giants was the barrier in Cincinnati's winning streak, which had reached eight straight. Frisch banged a homer in the tenth to give New York a 5 to 4 decision. The Reds had a two run lead up to the eighth when the Giants came from behind with a three run rally.

### "HAIR-GROOM"

Keeps Hair Combed, Glossy  
Well-Groomed all Day

"Hair-Groom" is a brilliant combing cream which costs only a few cents a jar at any drug-store. Millions use it because it gives the hair a glossy and well-groomed effect to the hair—that final touch to go with dress both in business and on social occasions. Even stubbly, unruly or shampoed hair stays combed all day in any style you like. "Hair-Groom" is graceful; also helps grow thick, heavy, lustrous hair.

## Along The Sport Trail

HERE'S an eye opener for the fans who are picking Jack Dempsey. Jack Britton, former welterweight king, says the bout will go the limit and that Tunney will be the victor. What gives this weight is the fact that Britton HAS NEVER PICKED A FIGHT WRONG YET. That's his batting record. Veteran ring critics hesitate to go the other way when Britton makes a selection. He's called the turn on practically every fight in America for the last ten years and on two occasions called the ROUND. Both of these fights by the way were heavyweight battles in which Dempsey defended his title. One was against Carpenter when he won in the fourth round and the other was against Fitzo when he won in the second round. Each result tallied with Britton's forecast. "I think the fight will go the limit and it wouldn't surprise me if Tunney wins," is Britton's slurp of the coming heavyweight bout. There's one, mate, right from the griddle by as shrewd a little dude as ever pulled on the leathers and, what is more important in this instance, a dopester who HAS YET TO BE WRONG. Britton isn't shooting at the moon, either. He was in Florida all last winter and he saw Tunney in training at Miami Beach. He also saw Dempsey when the champion was in the south barnstorming. So at least he has a fair sort of line on them. Britton is figuring on superior condition and strength winning from Dempsey. He is undoubtedly figuring Dempsey will wear himself out swinging in his old tempestuous way in the early rounds and that Tunney's peck-peck tactics will win the decision for him. Another critic whose selection is eagerly awaited is "Pooch" Donovan, veteran Harvard lecturer. Donovan has been an outstanding success at picking the winners.

**DECISION OF THE SAINT JOHN ROWING CLUB TO PURCHASE A FOUR-OARED SHALUP WILL BE READ WITH FAVOR BY THE LOCALS. THERE IS A FEELING HERE THAT THIS GREAT SPORT IS ON THE UPGRADE AND THAT NEXT YEAR WILL WITNESS A GREAT REVIVAL.**

WHILE on the subject of rowing, comment must be made of an intensely interesting article by R. E. Knowles in the Toronto Star of the one and only "Ned" Hanlan, a name remembered and treasured as long as rowing shall last. A monument to his memory was unveiled in Ontario the other day by Sir William Mulock and it was the occasion for recalling much of interest in this famed Canadian's career. Hanlan once rowed on the Kennebec against Wallace Ross and many of the older generation remember him. When Hanlan died, the London Times declared editorially that he was the straightest and cleanest oarsman that ever sat in a shell. Mr. Knowles continues: "When he went to Australia to row Beech, his opponent came up to him and asked permission to look at his shell," replied Hanlan, "go ahead, look it over and measure the rigging if you want to." Do you want to row with or against the tide? he was asked. "Just put me so that I'm rowing the same direction as the other fellow," was the fine reply. I have not heard or read anything about Hanlan's humor. But I will go all for its existence. We may often see into a very large room through a very small window. And I can never visualize that race with Trickett, when the Canadian stopped to lave his head and face with the water of Lake Saratoga, without sensing the rich sense of fun that must have prompted the abutions? A real sportsman was Hanlan.

## Martello Baseball Club Takes Lead In Calling For Special Meeting

West Saint John, N. B., Sept. 16th, 1926.

**Sports Editor, The Telegraph-Journal:**

Dear Sir:—

AFTER reading and discussing your comments on the amateur situation as it pertains to the Maritime Provinces, we the Martello Baseball Club quite agree with you in your view that there should be an investigation into the charges made about the annual meeting of the M. P. B. A. A. U. of C. held in Amherst. According to President Doyle a special meeting must be called to investigate the charges at the request of the interested clubs. The Martellos will make number one. Who will back us up?

OUR club would like to have the meeting held in Saint John, as we feel we cannot afford to send a representative elsewhere. In passing we wish to contradict a statement upheld by the M. P. B. A. executive which dealt with the Martello case. One of their reasons for hearing the Martellos was the South End League declined to send a representative to the meeting called by Mr. Stirling. We wish to state that the Martellos know absolutely nothing about the meeting until it came out in the press the next morning. Also that Mr. Stirling in talking to the president of the South End League told him it would be held in two days' time instead of that he held it the next night.

Another reason for the stand we took was that we were not given a chance to draw for the play-off but were told by Mr. Stirling that we must play St. Ross's or not play at all, as the Watermen were given a bye by virtue of winning the Maritime title in 1925.

AT a special meeting held by President Doyle in A. W. Covey's office, he (Doyle) said that as far as he could see Mr. Stirling did not have any right to give the Watermen a bye, but that they should have taken their chance on a draw with the other two teams.

We want it understood that we are not complaining but just want it shown what kind of a deal we got.

As long as the amateur question is being discussed we would like to ask Mr. Stirling a question. Back about 1920, when the Saint John Rowing Club was holding boxing bouts in the Armory, did the president of the club have to resign before the club could get a sanction, because he had accepted a small sum of money as an oarsman? We would like to know if Mr. Stirling gave his time and services to the Y. M. C. I. gratis or was he paid for it? If he was paid for his work, and is therefore a professional, what more right has he to sit in at an amateur meeting than the two Cape Breton boys?

Hoping to hear from some of the other clubs and thanking you for the valuable space we have taken in your paper,

FRANK A. PERRY, President. A. E. MacVICAR, Secretary-Treasurer. (The Martellos have taken the lead, who will back them up?—Sports Editor.)

## VENTURE WOULD BE TOO COSTLY TO BE SUCCESS

**Club Owners Threatening Salary Reductions This Winter**

NEW YORK, Sept. 18.—Reports of a third major league baseball league, although they came from fairly responsible sources, are not being taken seriously by practical baseball men.

Two stories have been told recently. One that money outside organized baseball was being interested in a proposition to start an outlaw league and the other that major league club owners were considering a third league of their own.

Neither are new stories and the possibility of a third league seems even less practical than it would have been during the prime of Babe Ruth when baseball was drawing much better than it does now.

It was reported that Johnny Evers and several other respected and honorable baseball men had been interested in organizing a league that would include the major league towns like Cincinnati, Cleveland, Detroit and Pittsburgh, where there is only one major league club, and some of the bigger cities in the International League such as Toronto, Buffalo, Newark or Baltimore.

As an outlaw venture a third league looks to be a sure loss. The experience that the New York Yankees had several years ago and that the Cincinnati Reds are having now in finding a place for a new park presents one of the big problems.

**NOT EASY JOB.**

A club owner can't walk into a real estate office and order a lot for a ball park and when he does get it he has to have plenty of money to build a modern park. Organized baseball, with its own money, of course, would not have the park problem. It no doubt could be arranged to have the stadium at the park in St. Louis is now shared by the Browns and the Cardinals, and by the Browns and the Cardinals. The financial problem, without doubt is tremendous but the practical difficulties to be faced are even more discouraging.

Where would they get the players? The supply of good players isn't sufficient now to meet the demands of the sixteen major league clubs and of the sixteen minor league clubs which have to be stocked with 25 players each. And it must be remembered that even if they were all working together, the big leaguers would not break up a good team like the Yankees, Athletics, Indians, Pirates, Reds or Cardinals to promote another league.

It is quite certain that sufficient

players couldn't be attracted from organized baseball to start an outlaw league. Some of the good players might jump as they learned from the experience of stars who jumped to the Federal League years ago that they can always get back in organized baseball if they are good enough to be wanted by some club owner.

could find a number of fine players interested. The treatment that Max Carey, Eddie Moore, Babe Adams and Carson Bigbee received from the Pittsburgh Pirates and the riding Frank Fritch received from the New York Giants started other players talking again about "slave contracts" and the possibility of forming some kind of protective organization.

**Gordon Paris To Box In Manchester**

Gordon Paris, local welterweight boxer, has received an offer to meet K. O. Mitchell, of Portland, Me., at Manchester, N. H., at an early date. This bout will feature an all-star card. The colored boxer has decided to accept the offer and is now in active training. Paris, always a satisfactory performer in any ring, has placed himself under the management of a well known local manager of boxers and, judging from present indications, will be kept busy. The colored title holder for the Maritimes has also been signed to meet the winner of tonight's boxing bout at Stellarton, N. S., between

**Imperials Meet Canucks Today**

The Imperials and Canucks are to meet in a game of ball this afternoon on the Nashwaak Park diamond to stage another game of the Ellsworth Cup contest. The scoring in the series has given each team one game and three decisive games have been played. The cup goes to the winner of the best three games out of five. Both teams are eager to capture the trophy and intend putting up a stiff fight today. The game commences at 8 o'clock.

### MAGEE BUILDING MATTER ON SEPT. 27

Plans For Changes in Charlotte Street Structure to be Made in Meantime

The case of Fire Marshal McLellan, demanding that the Magee building in Charlotte street, where public assemblies are held, have proper exits in case of fire, was taken up before the Magistrate Henderson yesterday afternoon. Mr. McLellan said there was only one entrance to the building and that was not sufficient exit in case of fire.

James Carleton, the building inspector, said that another exit was not necessary, if the stairs leading from the top floor to the first floor were straightened it would be sufficient.

D. Mullin, who appeared for Mr. McLellan, said that the law gave the fire marshal full say in regard to what exits a building should have in order to make it safe.

The magistrate said the case was to be set over till Sept. 27, so that Mr. McLellan, Mr. Carleton, Mr. Magee and Mr. Magee's contractor could arrange plans for changes it would be necessary to make, and that these plans be brought before him on Sept. 27.

### SEE THE FALLS

At high tide the water of the Bay of Fundy reaches a higher level than at low tide. It is necessary to see the falls during the "Falls" running up river. At high tide the Bay becomes so much lower than that of the sea that the water is reversed and flows down river into the Bay.

At low tide, when the level in the Bay and River are about equal, the falls disappear entirely, and the water at the Falls becomes smooth as the surface of a pool.

To fully appreciate this wonder of the world it should be seen at the three stages.

Word of Praise at Affiliation Comes Here From Famous Regiment

In connection with the affiliation of the Saint John Fusiliers with the King's Own Scottish Borderers, as announced a few days ago, greetings to the Fusiliers came to headquarters of Military District No. 1 today from the famous regiment. The message was in the form of a cablegram from Edinburgh, was forwarded here from Ottawa, and reads as follows: "Greetings all ranks, King's Own Scottish Borderers deeply honored by affiliation to Saint John Fusiliers." On page 5 will be found a summary of the history of the "Borderers."

### SIGNALLERS' TRAINING

The annual training of members of No. 6 Company, Canadian Corps of Signals, will commence at the Arran on Monday evening at 8 o'clock. At a meeting of the officers a syllabus including telephony, telegraphy and wireless was decided upon. A special instructor in wireless will be here from Ottawa. Young men, by joining this company, will be able to receive free instruction in these subjects. There are still a few openings left for recruits.

### IMPROVING

Friends of Holly Mahoney will be pleased to know his condition is improving. He has returned home from the Saint John Infirmary, where he underwent a serious operation a few weeks ago. Mrs. Stanley Miller, 109 Charlotte street, who underwent a Saint John Infirmary, is improving in health.

### FIRE IN HOLD OF WINONA COUNTY AT SAND POINT

Outbreak on Cattle Steamer Occurs in Early Morning

The freighter Winona County, 4,000 tons net, Captain Atherton, of the Oriole Line, American Merchant Marine, caught fire in No. 2 lower hold at 6.45 this morning while lying at one of the Sand point berths and at noon today a strenuous effort was being made to stifle the blaze with steam.

The Winona County has sugar, fodder, rolled oats, grain and a mixed cargo generally. It is a valuable freight and this car was expected this forenoon that it might all have to be removed, appraised and the vessel re-loaded.

At the park Benediction of the Most Blessed Sacrament will be given and the sermon delivered. There will be singing hymns.
