Harry Kaskey Sends In Entry For Indoor Skating Meet
LIGHT, POWER RATES CUT MARCH 1

Winter Port Traffic Exceeds Last Season's

SPEED KINGS TO ARRIVE ON MONDAY
Former National Champion Decides to Compete With Gorman at Arena.
TICKETS GOING FAST
Ice to be Cleared of Officials So Spectators Can See Skaters.

Coming To St. John For Meet Next Week

HARRY KASKEY
D. J. Corr, secretary of the International indoor skating meet at the Arena, Monday, Tuesday and Wednesday nights of next week, received word at noon today that Harry Kaskey, the Chicago flash, would be among the contestants. This is good news to the skating fans here.

WANTS RADIO TO COPE WITH BANDITS

Ontario Police Chief Says Epidemic is Reflex of That In U. S.
Toronto, Feb. 23.—More modern equipment, including the radio, will have to be adopted to cope with the epidemic of motor bandit crimes which is a reflex of that prevalent in the U. S., says Chief Commissioner Gen. Victor Williams in the annual report of the Ontario Provincial Police, made public yesterday.

Wire Briefs

Guayaquil, Ecuador, Feb. 23.—A very strong earthquake shock was felt here last night. The populace was panic-stricken.
Lethbridge, Feb. 23.—J. G. Meehan, a farmer northeast of Taber, has just finished double discing 35 acres of last spring's breaking.
Ottawa, Feb. 23.—A verdict of suicide was returned last night by a coroner's jury which investigated the death of Charles Joe, a Chinese, whose body was found in the basement of a Hull cafe Thursday night.
Winnipeg, Feb. 23.—The first organized steps in Manitoba to effect the completion of the Hudson Bay Railway were initiated here yesterday in the formation of the "on-to-the-bay" association, composed of leading citizens of Winnipeg.
La Tuque, Que., Feb. 23.—Clydes Press, a school boy, son of Victor Press, ballist and forest ranger of this city, was accidentally killed yesterday when he jumped off a moving train and fell under the wheels.
New York, Feb. 23.—A summons and complaint for \$1,100,000 damages was filed against Edward W. Bok, donor of the American peace ward, today by Frank Hendrick, a lawyer who was one of the more than 22,000 persons to submit peace plans in competition for a \$100,000 prize.

EXPORTS SHOW 18 P. C. GAIN

Quantity of Goods Brought in Through St. John Declines Little.

NET GAIN CHEERING

Figures of C. P. R. Cargo Handling Up to End of January Given.
A net gain of 15 per cent. in the amount of goods passing through the port of St. John, up to January 31, this season, as compared with the same period of time for last season, is the cheering report of business of the C. P. R. This will prove good news for the citizens, many of whom were of the opinion that the shoe was on the other foot.
Up to January 31 of 1923 the exports for the season were 138,666 tons, and for the same period this season they were 160,053 tons, a gain of 18 per cent.
The imports for the same time last year were 48,915 tons, and this year they were 47,362 tons, a decrease of 8 per cent. Deduct this from the gain of 18 per cent. in exports and there is left a net gain of 10 per cent. in the volume of goods passing through the port for this season.
These figures were given out by Commissioner Bullock. They were a part of the evidence placed before the Hon. J. H. King, minister of finance, by delegates in their case for additional facilities.

McADOO DEMANDS GUILTY BE PUNISHED

Says Shocking Revelations at Washington Show Life of Nation Involved.
Washington, Feb. 23.—Wm. G. McAdoo, candidate for the Democratic presidential nomination, returned here yesterday after testifying in the oil lease investigation at Washington breathing a demand that the "guilty must be brought to punishment."
"The shocking revelations at Washington of betrayal of public interest must give profound concern to every lover of our institutions and to every patriotic American regardless of party," McAdoo said. "These transactions must be probed to the bottom and the guilty brought to punishment. This is not a question of party politics, it involves the life of the nation."
"The duty of the Government is to punish those who are guilty of crime, and urge a more severe penalty for persons found unlawfully in possession of revolvers."

MONTREAL CLOSES ITS WINTER SPORTS

Miss Estelle Doray is Crowned Queen—A Successful Season.

Montreal, Feb. 23.—The final scenes of the winter sports season in this city were staged on Dominion Square here last night. Snowshoers, skiers, floats carrying participants in costume, and many torches and colored lights made up the procession that paraded from the foot of the mountain to the square. Here, Miss Estelle Doray was crowned Queen of Winter Sports and prizes were awarded for ski and snowshoe costumes and the most original fancy costumes.
The season which began January 22 is stated to have been very successful.

PLAYS THE GAME

Australia Disregards Cheaper Market, Buys Wire to Give Empire Preference.
London, Feb. 23.—(Canadian Press Cable)—The Australian Government, following the policy of giving a preference to empire products, has placed a contract in England for wire for the commonwealth telegraphic service. The authorities say they could have obtained the wire thousands of pounds cheaper on the continent but they preferred to follow the policy of preference to the Empire.

Everybody Wants Race Results

Charles Gorman this afternoon is competing with the greatest skaters in the world at Lake Placid in the 400 yards and 3 mile races.
Everybody wants to know how he will make out. Results may be obtained by ringing MAIN 2147. This office will be closed owing to Saturday evening being the only day in the week that the employees are not "on the job."
However, the Times has arranged for information to be given out at MAIN 2147, where a member of the staff will be on hand.
Returns will not be available in St. John until after four o'clock. Information, however, will be furnished to all who call MAIN 2147. Don't hesitate to call.

LIBERALS MEET; NO REPORT ISSUED

St. John Men at Moncton Session—North Shore Bid For Morrissey.
"There is nothing to announce," this was the reply given by Premier Veniot over the long distance telephone this afternoon when asked by a Times reporter for details of a meeting of the Liberal party in Moncton this morning. The Premier declined to say whether the matter of changing the appointment of Hon. A. B. Copp, secretary of state, to the Senate, or of his own appointment as a member of the Federal cabinet had been considered at the meeting.
Besides Hon. Mr. Copp and the Premier, others present included Hon. C. W. Robinson, minister of lands and mines, Hon. Dr. W. E. Foster, former member, and W. E. Scully, M. P. P. member for St. John.
Discussing the talk of changes in the local and Dominion governments, the North Shore Leader says:
"A conference of the Liberal M. P.'s will be held at Moncton on Saturday, and it is rumored that an effort will be made to give Hon. A. B. Copp the Senatorship and run Premier Veniot in Westmorland for an important portfolio in the Federal Government."
"Both Premier Veniot and Hon. Mr. Copp will realize that they cannot pull the wool over the eyes of the Liberal members of the North Shore. The Senatorship belongs to Northumberland, and no one in New Brunswick has a more just claim than Hon. Mr. Morrissey; and if he is not appointed to the vacant Senatorship Premier King, Hon. A. B. Copp and Premier Veniot will be made to realize that they do not constitute the Liberal party of New Brunswick."

VOICE OF BUSINESS REACHES CHAMBER

Demand Made on French Parliament to Cut Debate and Get to Action.
Paris, Feb. 23.—Parliament has been asked to cut short debate on Premier Poincare's taxation plans to take an early vote on the Premier's programme. The request is contained in an open letter sent by the general Confederation of French Production, representing scores of industries and federations of business men.
The letter says the fall in the value of the franc has revealed the peril of continuing with an unbalanced budget, and that as a result an emergency measure, the chief need is immediate action. Parliament is reminded in the letter that business must bear the burden and that therefore it ought to be listened to.

Taking Up Matter Of Eight-Hour Day

Ottawa, Feb. 23.—Dr. W. A. Riddell, research officer of the International Labor Organization of the League of Nations, and formerly of Toronto, is here in connection with his mission to have effect given to the labor convention adopted at labor conferences held under the league.
The principal of these conventions, which the 8-hour day, have been held to come under provincial rather than federal jurisdiction and Dr. Riddell is interviewing the various provincial authorities of the Dominion in this regard.

Ex-Soldier Finds \$50 In Old Tree

Ventura, Cal., Feb. 23.—Fortune smiled faintly on F. W. Barron, an itinerant ex-Canadian soldier, when he was cutting down an old pepper tree near here. As the tree fell he noticed a knot hole in one of the upper branches with a piece of decayed wood nailed across it. Pulling off the board, he caused a piece of old burlap to drop and with it a roll of bills, Barron found \$50, mostly of \$1 denomination and all of 1841 date.

LINERS ARE DELAYED BY UNCERTAINTY

Dockmen's Strike, Hanging Over Week-end, Brings Inconvenience.

ENGINEER QUILTS

Train Taking Luggage to London is Brought to Halt.

(By Canadian Press.)
London, Feb. 23.—The dockmen's strike which is hanging over the week-end with no definite assurance of settlement as yet has caused serious inconvenience to the first class passengers from the liner Berengaria, which arrived at Southampton from New York at midnight.
They are in London today without their baggage and without much hope of getting it despite the heroic efforts of the white collared baggage smushers who left their desks in the Cunard offices to unload it from the steamer to the baggage cars of the boat train for London.
The train proceeded a hundred yards or so from the Southampton station when the engine refused to run it further until the three baggage cars had been detached because they had been loaded by non-union labor.
Motor Cars Delayed.
The steamer company planned to bring the baggage to London in lorries but the labor union officials at Southampton refused to allow the motor cars to enter the docks.
The second class passengers of the Berengaria fared better. Because the emergency force of clerks from the offices devoted their attention to the saloon passengers of the liner the second class passengers had to take their own trunks from the steamer to the train, and the strikers did not object to this baggage being conveyed here.

TO HONOR PIONEER OF OREGON TRAIL

Will Erect Statue of Ezra Meeker, Now 93 Years of Age.

Puyallup, Wash., Feb. 23.—Ezra Meeker, pioneer of the Oregon Trail, whose travels in the East with an ox team, especially down Michigan avenue, in 1842, contained the exodus of Americans to the Oregon territory, is to have a statue.
The statue of Mr. Meeker in bronze is to be placed in Pioneer Park. The park includes a homestead that he settled when he came to the country from Iowa with his bride about the middle of the last century. Alonzo Victor Lewis, a Seattle sculptor, is making the monument.
Mr. Meeker celebrated his ninety-third birthday December 30 last.

Coast Guard to Help In Flight 'Round World

Seattle, Feb. 23.—Partial plans of the U. S. coast guard to assist four planes of the United States army in a flight around the earth, on which they are to leave this city April 1, are announced by Capt. F. G. Dodge, division commander of the guard, with headquarters here. Two coast guard cutters are to help with the flight along the western Aleutian Island arc across to Japan, particularly in maintaining communication.
The last two stops that the planes are expected to make in the Aleutians are Atka Island and Attu Island. Neither of these is accessible to any telegraph or cable or wireless station. Leaving Attu Island the planes must make a jump to the Kuril Islands, which form the northern tip of the Empire of Japan.

May Bring Scotch Fishermen To B. C.

Victoria, B. C., Feb. 23.—Details of a plan under which hundreds of hardy Scotch fishermen from the Hebrides would come to British Columbia to engage in the fishing business in the place of Orientals, have been laid before the Provincial Government by Capt. Ian MacKenzie, Liberal member of the legislature for Vancouver.
The British Government would pay the cost of bringing the Hebrideans here, he said, and he suggested that the provincial authorities make arrangements for aiding the settlers to establish themselves on their arrival here.

Direct Descendant

William Henry Harrison as the ninth president lived in Washington, of course. Among his direct descendants still living in the capital is Miss Margaret Harrison (above), daughter of Mr. and Mrs. B. E. Harrison. The beautiful young school girl is one of the most popular of the younger set.

Dufferin, Resisting Workmen, Will Be Razed to Ground In a Few Days

Contractor John Flood, who has been making such quick work of the old Dufferin property, told The Times-Star today that another two or three days will find the present building of the group level with the ground. This older structure with its old-fashioned masonry construction, has been resisting the demolishing crew stubbornly.
Ornamental stonework constituting the first story of the old hotel will probably be removed in sections. It is merely a facing. The plate glass windows have nearly all been taken out and salvaged. Some old chimney bases and foundations are yet to be rooted out.
When this last vestige of the landmark is razed visitors to the city will receive a shock on reaching the head of King street. It is hard to imagine this particular spot without its Dufferin. With Trinity square exposed to view—and incidentally the northern blast, — Imperial Theatre looming like a Noah's Ark in the gapping space, the whole aspect of the south side of the Square is changed.
Excepting perhaps the Court House, St. John's Stone Church, the old Congregational church, Union street (now Pythian Castle)—and some corner buildings, the Dufferin has been one of the few structures to escape the ravages of the fire of 1877, and carry on to this date.
An elderly citizen actively interested in St. John's advancement for more than half a century, gave it as his opinion today that the erection of the new Admiral Beatty Hotel on the Dufferin site will so influence the trend of business traffic that a few years may find the city developing in new directions.

DOPE IMPORTS LESS

Morphine Brought to Canada Cut Fifty Per Cent. in Year.
Ottawa, Feb. 23.—A remarkable decrease in imports of cocaine and morphine into Canada during the last 12 months, as compared with the preceding 12 month period, is shown by figures just made public, imports of cocaine which totaled 3,765 ounces in the 12 months ended January 31, 1923, dropped to 1,661 ounces for the 12 month period ended January 31, last. Morphine which was imported to the extent of 11,134 ounces in the 12 months ended January, 1923, came in to the quantity of 7,839 ounces in the 12 months just ended.

Rowell Is Guest At Rideau Hall

Ottawa, Feb. 23.—(Canadian Press)—Hon. N. W. Rowell, president of the Privy Council in the Union Government, is a guest of the Governor-General at Rideau Hall. Mr. Rowell's name has been associated with the proposed appointment of a Canadian Minister at Washington, but he says his present visit is unofficial.

Fails to Break Alaska Record

Dayton, O., Feb. 23.—Lieutenant John A. Macready yesterday failed in his second attempt in two months to set a new world's altitude record. He reached an actual altitude of 34,983 feet. The record is 36,553 feet, held by a French aviator, Sadi Lecointe.

Weather Report

Toronto, Feb. 23.—Pressure has increased to the northward of the Great Lakes while over the southwest states it is relatively low. The weather is fair and cold from Manitoba to the Maritime Provinces and mild in Alberta.
Forecasts:
Fair and colder.
West to northwest winds, fair and colder tonight and tomorrow.
Gulf and North Shore—West to northwest winds, fair and very cold tonight and tomorrow.
New England—Fair tonight. Sunday increasing cloudiness, followed by snow. Snow afternoon or night, not much change in temperature; moderate northwest changing to northeast and east winds tomorrow.

REDUCTION OF 17 TO 35 PER CENT.

Power Co. Directors Announce Reductions for Residences and Plants
SCHEDULE IS GIVEN
Statement Also is Made Relative to Improvement in Gas Service.

A further reduction in the rates for electricity for domestic and commercial lighting and power was announced today by the directors of the New Brunswick Power Company. The new rates will go into effect on March 1.
The new rates will effect a saving of from 17 to 35 per cent. in the average charges for residence lighting and a reduction of from 12 1/2 per cent. upwards in the charges for commercial lighting. The new power rates will be felt more particularly by small users, particularly those using 200 kilowatt hours a month or less, but the reduction will affect all those using electricity for power purposes.

Embargo On B. C. Logs Is Opposed

Victoria, B. C., Feb. 23.—Opposition to an embargo on British Columbia logs on the ground that it would force the camps in the province to close down an extra month each year in addition to the two months during which they usually close, was voiced by operators at the opening session of the federal pulpwood commission here yesterday. It was said the export of British Columbia logs provided only about one week's supply for U. S. mills but that if the export of the province was stopped many operators would be forced out of business.

Eight Year Old Is On Long Journey

Halifax, N. S., Feb. 23.—On board the White Star liner Pittsburg when she docked here yesterday, was Peter Barnes, a bright English lad of eight years, who is traveling alone from the home of his uncle and grandparents at Birmingham, Eng., to the home of his mother in Vancouver.

MUST PLAY GAME OVER.

Halifax, N. S., Feb. 23.—The City League hockey game played Tuesday, in which the Crescents defeated Dalhousie, 3 to 2, in 20 minutes' overtime, must be replayed. Dalhousie protested that Crescents had used four substitutes, when there is the quota.

WILL STAY OUT OF ELECTION FIGHT

The Civil Service Employees Union Leaves Members Free in Choice

The Civil Service Employees Union at a large attended meeting, held last evening in the Trades and Labor Council Hall, decided that as an organization they would not take any part in the forthcoming election but that each member should be left free to make his own choice of a candidate for whom he would cast his ballot.

REDUCTION OF 17 TO 35 PER CENT.

(Continued from page 1)
The minimum charges will remain as at present—81 a month for commercial and domestic lighting and 85 a month for each horsepower of connected load.

WILL SELL COINS OF ROBBER BARON

Halle, Germany, Feb. 23.—Back in 1704 a certain German baron, whose principal vocation was the robbery of passing travelers, secreted some of his loot in the castle walls, and then died before he had time to spend it.

St. John Directors of Power Company Make Statement to Public on Utility Affairs

To the Citizens of St. John and Suburbs:—In accordance with the understanding under which the St. John members of the directorate agreed to serve on the board of directors of the New Brunswick Power Company, we feel that the public is entitled to a frank statement of this company's position at the present time.

As has been stated, American interests own about 90% of the capital invested in this company, but they had no control of the management until April 1923, when the Federal Light & Traction Company of New York purchased the controlling interest.

The Federal Company appointed the present directors, (who have practically no financial interest in the Power Company) with the understanding that they would be free and independent to represent public welfare in the operation of the company, this being the practice of the Federal Co. in properties controlled by them in over twenty different localities, and carrying out their policy of giving the community served a voice in the operations of its public utilities.

Approaching the matter from the angle of how to act in the best interests of the community as a whole, and at the same time to be fair to the New Brunswick Power Company interests, we are confronted with a difficult situation, on account of there being three branches of the company's business, each, more or less, affecting public welfare through different avenues.

The detailed statement of the operations of the Power Company for 1923 show that the company made a loss in both the gas and street railway branches of its business. If it were necessary to operate these branches as separate and independent companies the present rates could not be maintained.

We feel that there may be some criticism of the inauguration by this company of the service charge. This charge has not been adopted without having given it careful consideration, and while something may be said both for and against this system, in view of the fact that both the N. B. Hydro Commission and the City Hydro Commission made a service charge, we felt justified in recommending that this company adopt the same system.

In comparing rates, it should be kept in mind that the New Brunswick Power Company pays the City 4% of its gross revenue, that is, out of every dollar this Company receives for its Gas, Railway and Electric Departments, it turns into the City Treasury four and one half cents.

CHARRIER CASE FINALLY SETTLED

Frederick Gleener Attacks R. B. Hanson in Connection With Matter.

When the York County Court re-assembled this morning, says yesterday's Frederick Gleener, announcement was made by J. Hughes, K. C., counsel for the plaintiff, that a settlement of the case of Charrier vs. Fraser Companies, Limited, et al, had been completed out of court.

Nothing was revealed as to what the cost of the settlement, which included all costs of the plaintiff as well as the Fraser Companies, Limited, would be to the third party to this suit; the amount had been estimated at \$4,000, but Mr. Hughes expressed the view that it would hardly reach that figure.

The Charrier vs. Fraser Companies, Limited, and the Scotts case, settled out of court by the Scotts, who sold to Fraser Companies, Limited, agreeing to pay whatever the Charrier people asked, has come to an end.

It cannot be expected that honorable sentiment in New Brunswick will tolerate such a long and unproductive process, such damnable litigation to the people, and the institutions of this province have been subjected to within the last few years—by permission that may not at present be generally understandable.

ALL ADULTS ARE INVITED TO Attend This Magnificent Style Show and Illustrated Lecture.

It will be quite worth while for all well-dressed citizens to appear at the Imperial Theatre Wednesday afternoon next, Feb. 27, at 3 o'clock.

ANNIVERSARY IS CELEBRATED

Pleasant Function is Held by Main St. Friendly Bible Class.

The Friendly Bible Class of the Main street Baptist church Sunday school, of which Mrs. MacLean is teacher, celebrated their seventh anniversary last evening in the new school rooms of the church by entertaining the Excelsior Class, of which Miss McAulry is teacher.

A good programme was carried out including a reading by Miss Alice Vanwart. A prize was given to the one who won the most points in a contest. Refreshments included a beautifully decorated birthday cake with its seven candles lighted.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

Big Package Of Dumbell Surprises

An attraction which promises to be the most talked of event of the theatrical season, will be the appearance at 7:30 p. m. yesterday (Wednesday) and Thursday, March 5 and 6, of the world famous Canadian side entertainers now known as the "Originals", with the fifteen members of the original Dumbells.

SCOUTS GET PERMIT TO HAVE TAG DAY

A committee from the St. John District of the Boy Scouts' Association met with Mayor Fisher at his office in City Hall this morning and arranged for a tag day this spring to raise finances for the upkeep of the district office.

Exchange Tickets for Minstrels Wed. and Thurs.

Tickets for the Rotarian Minstrels to be heard in the Imperial Theatre Wednesday and Thursday, February 27 and 28, may be exchanged for reserved seat coupons at the theatre box office starting Monday, the 26th, at 10 a. m.

KING, THE HATTER, SELLS TO AMDUR'S

Clearance Sale Will be Started on Tuesday Morning, Following Important Transaction.

Amdur's, Ltd., No. 1 King Square, will on Tuesday morning next commence clearance of the stock of King, the Hatter.

WILL GET TROPHIES

The Junior, senior and girls' cups and medals, which were won at the skating rink on Monday night, will be presented to the winners in the Arena this evening at 9 o'clock.

A BABY GIRL

Mr. and Mrs. George Kearns are receiving congratulations on the arrival of a baby daughter, Audrey Vivian.

FOR A RIGHT-NOW SUIT consider a tweed or worsted cheviot. May be a striped pattern, may be a check may be a brown, may be a mixture will be your choice.

NEW BOOKS JUST IN. P. KNIGHT HANSON

Renting Library, 9 Wellington Row. TO LET—Store, 10 Germain Street. Doctor's Office, 9 Wellington Row. Apartment with Garage.

GETS GIFT ON EVE OF HIS DEPARTURE

H. E. Beedy, Nashuaak Manager, Honored—Plant Increased.

Howard E. Beedy, vice-president and general manager of the Nashuaak Pulp and Paper Co., Ltd., was given a hearty send-off by the members of the office staff and employees of the company in the men's recreation room at the Union Point plant today at noon.

Mr. Beedy will leave this evening for New York and in about a week will sail for Europe to investigate pulp-making plants in Norway, Sweden, Finland, England, Germany and other European countries.

PERSONALS

L. DeVeber, of Toronto, will spend the week-end in Ottawa with his parents. Hon. Dr. L. G. and Mrs. DeVeber. Dr. DeVeber once practiced in St. John. He is a son of the late R. S. DeVeber of this city.

Mrs. F. W. Lingard left last night for Toronto to visit her husband's mother, Mrs. Lingard. She was accompanied by her two daughters, Audrey and Mary.

Mrs. Chas. Queen of Welsford returned to her home on Saturday evening on the Fredericton train after spending a month with her brother, Geo. Kearns of 121 Duke street.

SCOUTS GET PERMIT TO HAVE TAG DAY

May 17 is the Date Set—Seven in All This Year.

FRESH EGGS ARE CHEAPER TODAY IN THE MARKET

There was a rather small supply of fresh eggs at the country market this morning, except in the case of fresh eggs, of which there were liberal quantities. They were selling at 40c dozen. Storage eggs somewhat easier than last week, were pretty well off the market and the few available brought 40c. Dairy butter was quoted at 40 to 45c, and cream, 45c to 50c.

WE NEVER WASH OR DRY OUR CLOTHES!

"It's cheaper, easier, and the clothes last just as long, when we send them, as we always do, to the City Wet Wash Laundry where they are beautifully

WASHED and DRIED and it's so easy to iron them. YOU just try it. You'll be delighted!"

Phone Main 390 CITY WET WASH Laundry 90-98 CITY ROAD.

O. H. WARWICK CO., LTD. 78-82 King St.

PERSONALS

L. DeVeber, of Toronto, will spend the week-end in Ottawa with his parents. Hon. Dr. L. G. and Mrs. DeVeber. Dr. DeVeber once practiced in St. John. He is a son of the late R. S. DeVeber of this city.

Mrs. F. W. Lingard left last night for Toronto to visit her husband's mother, Mrs. Lingard. She was accompanied by her two daughters, Audrey and Mary.

Mrs. Chas. Queen of Welsford returned to her home on Saturday evening on the Fredericton train after spending a month with her brother, Geo. Kearns of 121 Duke street.

MONCTON PERSONALS

Miss Jean Mayer and Miss Ethel Hour left Thursday evening for Quebec and Montreal.

Mrs. B. F. Reade was expected home yesterday from an extended tour to the Pacific Coast. After spending some time in Vancouver the guest of her sister, Mrs. Harry Keswick, Mrs. Reade visited Seattle, Portland, San Francisco, Los Angeles and other California cities.

Mrs. A. J. MacLean of Bristol, N. B., who has been visiting her niece, Mrs. D. Wood Kyle, in Moncton, returned there on Thursday from Chatham, accompanied by Mrs. Kyle after visiting Rev. and Mrs. J. H. Anderson.

Dr. W. P. Kirby and Mrs. Kirby have returned from New York.

Use Skis on Food Smuggling Trips

Breslau, Silesia, Feb. 23.—Almost everybody on this side of the Czechoslovakian frontier this winter is devoted to sking. Skis never before were in such demand, and the call for them increased as the cost of food in Germany went up.

Parties of skiers leave every morning for the wild mountain passes leading toward Czechoslovakia, and come back before nightfall with knapsacks full of sausage and cheese, fresh meat and canned goods.

Over the hills, on the other side, runs the explanation, things to eat and drink cost less than half what they do in Germany, for in the mountain passes the snow lies too deep for the Czech customs officials to prevent smuggling.

Eton Booked 10 Years Ahead

London, Feb. 23.—Eton College, England's most aristocratic institution of learning and the Alma Mater of the royal family, has enough students entered on its rolls to keep the school filled until 1934. The school authorities have announced that they are unable to enter any more students before that year, and for the five years following only prospective students who are sons of old Etonians will be considered.

Double Guarantee of Chesterfields. Marcus' guarantee and the makers guarantee every Chesterfield Suite sold by Marcus! Guaranteed first by the one and then the other to stand up to every test of inside and outside worth. Guarantees they have to live up to. And Marcus' have every good make of Chesterfield, bar none. In far larger assortment.

Charge Accounts. The surest, swiftest way to come into possession of the Furniture your home requires, is to get yourself on Marcus' good books and then save without being tempted to spend on something of vanishing value.

ANNIVERSARY OF WEDDING BRINGS PRESENTATION

The sixth wedding anniversary of Mr. and Mrs. George Beason was celebrated at their residence on Partridge Island last evening. About forty guests were present and a most enjoyable evening was spent by all.

BIRTHS

GRIFITH—To Mr. and Mrs. Charles W. Griffith, 41 Paradise Row, on Feb. 20, 1924, a son, Westley Ernest.

DEATHS

RALSTON—Suddenly, at Buffalo, New York, on Feb. 18, 1924, Charles Alline Ralston, age 35, leaving his wife, Mrs. A. and Annie Ralston, leaving his wife, one son, his parents, one sister and five brothers to mourn.

IN MEMORIAM

ALLEN—In loving memory of my father, Herman Allen, who fell asleep Feb. 23, 1921. BESSIE.

WILBY—In loving memory of my dear mother, Agnes Wilby, who died Feb. 23, 1920. MRS. GEO. E. CROWE.

ALLEN—In sad but loving memory of our little son, Murray Cecil Allen, who departed this life February 24, 1920. Four years have passed since that sad day. When one we loved was called away; God took him home, it was His will. Forget him? No, we never will. FATHER, MOTHER.

INTERNATIONAL OFFICIAL MEETS LONGSHOREMEN

Anthony J. Chlopek, president of the International Association of America, arrived in St. John yesterday on his first visit to this city. Last night in St. Vincent's Auditorium he addressed the four local unions of the I. L. A.

While it is understood that several matters of interest to the local unions were discussed the visit of Mr. Chlopek was purely a friendly one to become acquainted with the members of the local union. He expressed his pleasure at meeting the St. John men.

Mr. Chlopek left St. John this afternoon. During the day he visited the business places of several of the members of the Longshoremen, who, while not actively engaged in the longshore work, are still paying their dues and are doing what they can to help along the men who work "alongshore."

Moncton, Feb. 23.—Percy Stewart, of South Branch, Kent County, was sentenced to three years in the Dorchester penitentiary by County Court Justice Bennett at Richibouctou yesterday for stealing a registered letter.

Lexington, Ky., Feb. 23.—Michael Bowerman, 77, for nearly fifty years prominent in the trotting horse world, died at his home here yesterday following a long illness.

Only Five More Days And This Once-A-Year Furniture Sale Will Be Over.

N. B. K. C. EVENING DOG SHOW. The annual winter night dog shows will be held next week—Monday and Thursday evenings—in the Kennel Club rooms, City Market building. Ribbons, medals and silver trophy for best of the breeds is offered. Monday night the big breeds and spaniels will be shown with Tom Kitten dog tents and Chas. Perkins, Chas. C. Sullivan and Bert Porter judging them. Thursday evening, toys and terriers are to be shown with Tom Kitten dog tents and Chas. C. Sullivan judging toys and remaining breeds. Variety classes will be done by Messrs. Messers, Preston and Sullivan. Entries can be made now with Francis Kerr, secretary, by telephone or on night of show in the Kennel Club rooms, City Market building.

TO INSTALL NEW SERVICES ONLY UNDER EXCEPTIONAL CONDITIONS

Decision Reached at Power Commission Meeting— 2,787 Meters.

A protest against the Civic Power Commission paying for the installation of entrances to the premises of customers and a charge that, instead of cooperating with the local electrical contractors, the officials of the commission were working against them was voiced yesterday at the commission meeting by a delegation of contractors.

It was decided not to install any more entrances unless under very exceptional circumstances and then only after consideration by the commission.

A bill from the Stephen Construction of \$10,000 for extras in connection with the civic distribution system was laid over for a report from Barry Wilson, the engineer, R. A. McAvity, chairman of the commission, and others of the commission present were Mayor Fisher, W. L. Harding, A. M. Rowan, F. S. A. McMullin, James Lewis and J. N. Flood.

Engineer's Report.

The report of the engineer was read. It was in part as follows:

"The contractors are proceeding with the work in the north end, with very satisfactory results. The secondary systems of Main street, Winter street and City Road are being put in operation, serving domestic and commercial lighting. The street lighting system will follow immediately and although the entire north end lighting may not be completed for several months, there is a possibility of serving the larger portion of this section within the next few weeks.

"We have signed up several desirable power loads, some of which are in operation, and the erection of transformers for the remainder, is in progress.

2,787 Meters Installed.

"It is common practice first to have a contract executed for a power load and then proceed to order the necessary equipment. In all probability we will not require more than some 15 to 20 separate transformers and my recommendation is to call for tenders on one transformer of the various sizes and voltages from 1 to 100 inclusive, and from the tenders take the lowest of the total to arrive at the lowest tenders. A contract could then be executed to fulfill our future requirements.

"The installation of meters is progressing at an average of 25 to 30 a day and up to Feb. 22, 2,787 meters have been installed. We have ordered three thousand 10 ampere meters and as our stock on this size is nearly depleted, I would recommend the purchase of 1,000 10-ampere and 287 of other sizes which will be required in the immediate future as per our contract with the Canadian General Electric Co., subject to the authorization of a sufficient bond issue by the Commission Council of \$18,766.85 as per the attached estimate of cost."

The report was adopted and authorization given for the calling of tenders.

for the transformers and it was decided to ask the Council for the necessary bond issue to purchase the meters.

Contractors Object.

Mr. Harding said it had come to his notice that citizens had not been canvassed for hydro and he moved that an advertisement be inserted in the Times and Globe inviting them to call at the office of the commission and sign up. This was carried.

The chairman said he had received a protest from the electrical contractors and that a delegation was waiting to take up the protest with the commission. They were introduced and J. B. Jones and W. A. Kenney placed their case before the commission. They complained that the commission was entering into competition with them and in some instances putting entrances into premises free of charge. They felt this was not right and should be stopped. They also objected to the statement of the engineer of the commission, which appeared in an evening paper, that they were charging exorbitant prices.

Bills Ordered Paid.

The chairman assured the members of the delegation that the commission had no wish to enter into competition with them and their protest would be given careful consideration.

It was moved by Mr. Flood and seconded by Mr. Rowan that the commission as approving the policy of not putting in new services, except in very exceptional cases, and then only after each case had been dealt with by the commission. The chairman expressed his approval of this motion and it carried unanimously.

The report of Roy Willett, accountant-secretary, suggesting that the entire amount of \$22,851.84 be included in the bond issue for the distribution system was received and a copy ordered sent to the Commission Council. Bills to the amount of \$2,796.02 on construction account and \$342.66 on operation account, were ordered paid.

To Prepare Estimate of Cost.

On motion of Mayor Fisher, seconded by Mr. Flood, it was decided to have the secretary and chairman prepare an estimate of cost of the distribution system for submission to the City Council.

A claim of \$10,277.75 from the Stephen Construction Co. for extras in connection with the distribution system was received but action was deferred until the next meeting of the commission, the engineer to make a report on the matter in the meantime.

THREE INJURED IN PROVIDENCE FIRE

Providence, R. I., Feb. 22.—Three firemen were slightly injured, a five-story brick structure and a stock of furniture valued at \$75,000 were destroyed by a spectacular fire which wrecked the building, occupied by A. T. Scattergood Company on North Main street tonight. The total loss, \$175,000 fully covered by insurance.

The three firemen were injured when the first floor caved in, burying them, but they were rescued by comrades.

Insist On Myers Tubes!

Do not accept any tube said to be just as good as Myers—the only tube correctly designed for radio. Insist—at your dealer's—otherwise be supplied postpaid. Two types—for dry or storage battery—now only \$4 each complete with mounting clips; no extra equipment necessary. Free circuits.

A BLENDED TEA IS BETTER

Tea from one garden, no matter how fine it is, possesses certain desirable qualities but may lack others, because all characteristics are not developed under the same conditions. If the tea has a perfect flavor it may lack richness; if it has body it is, perhaps, without the same perfection of flavor. To combine all the desirable qualities in one blend has been the work of the "SALADA" Experts for over a quarter century and the brand "SALADA" is the fruit of their labors.

A Business Story

Rich in meaning to every motor car buyer
How Studebaker reached the heights

THE story of Studebaker has been told by many men in many ways. Now let us tell it to you.

Studebaker growth has in late years been Motor-dom's sensation. Sales have mounted until last year 145,000 buyers of quality cars selected Studebakers. They paid over \$200,000,000 for them.

All must realize that a new situation has arisen in high-grade cars. You, who are interested should now analyze the reasons.

72-year traditions

The Studebaker principles have become traditions in their 72 years of existence. They have never wavered. In all changing conditions they have brought new luster to that name.

Men come and go, but a name like this becomes a heritage to foster and enhance. That's what we've done—we who have that name in keeping for a time.

Studebaker has always been a leader. For two generations it led in horse-drawn vehicles, now products of the past.

Most of you remember Studebaker carriages—queens of their time. They were used by multitudes of people who loved quality and style.

When motor cars succeeded them, Studebaker became the logical leader in that field. Any other place would have been an anomaly.

The only way to the top

A concern of this age has one fact ingrained in its fiber. The only way to leadership is through super-service.

The leader must excel in all you seek—in quality, in beauty and in value. There is no other way to the top. Every stretch of the road is strewn with wrecks of those who tried another.

What others say—not what you say—determines your place in the long run. In every field of endeavor one must accept that fact.

We had the money, the plants, the prestige. We had the incentive of Studebaker traditions. In time we secured the men.

We told those men to build for us the utmost in fine motor cars, regardless of cost. We pledged them our good faith and our resources.

The cost was \$50,000,000

We built new factories—modern plants. We fitted them with new equipment—12,500 up-to-date

machines. Of the \$50,000,000 in our plants and equipment, \$32,000,000 has been invested in the past five years. So it represents the last word in efficient manufacture.

We established a Department of Methods and Standards, to fix for every Studebaker detail the maximum of quality.

We created a Bureau of Research and Experiment, employing 125 skilled men. They make 500,000 tests per year to maintain our supremacy.

They fixed countless standards, including 33 separate formulas for steels. Then on the most important steels we offered makers a bonus of 15% to conform to those standards exactly.

We invested \$8,000,000 in a drop-forging plant to make all our own drop forgings, \$10,000,000 in body plants, to build all bodies to our standards.

We employed 1,200 skilled inspectors to see that all standards were fulfilled. There are 30,000 inspections on Studebaker cars during manufacture, before they go out from the factory.

That's the whole story

That's about the whole story. We simply followed the never-changing Studebaker principles. We gave to our buyers the utmost—values they could not match. Then they turned by tens of thousands to Studebaker cars.

Over 750,000 of those cars have gone out. Their performance has developed a demand for 150,000 per year.

Every increase in sales brought a lowered cost, which we promptly gave our buyers. Today these fine cars are offering values which no rival can approach. They have made us the world's largest builders of quality cars.

We deserve a hearing

Now we deserve a hearing. All who consider a car at \$1,400 or over should learn what Studebaker offers. That in fairness to yourself and us. Check one by one the advantages we offer. You'll find them by the score.

Remember that 145,000 who did that last year chose a Studebaker car. There are nine chances in ten that you'll do it.

Consider our record, our accomplishments, our policies and principles. Consider that we have \$90,000,000 at stake on satisfying men like you. Don't buy a car in this high-grade class without seeing what we give.

HEARS POSTAL LECTURE.

The Young People's Society of the Portland Methodist church last night heard a lecture of the postal service of the Dominion. The lecture, which was prepared by the Department, was read by Miss Harriet Wright and was illustrated by a series of slides which William McIntosh threw upon the screen. A. C. Powers, the president, was in the chair for the short business session and Miss Marie Tower, chairman of the citizenship committee, had charge of the evening programme. A hearty vote of thanks was extended to Mr. McIntosh.

PRENTICE BOYS SOCIAL.

The Prentice Boys of Fairville had an enjoyable dance last night in their hall when Fred Morris provided the music and the refreshments were in charge of an efficient committee of ladies.

West St. John patrons of Health Centre Bridge Tuesday evening will have accommodation some by street car at corner Sydney and Duke street 12.45 after midnight. 7887-2-22

The Evening Times-Star

ST. JOHN, N. B., FEBRUARY 23, 1924

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday, excepted) by New Brunswick Publishing Co., Ltd. J. D. McKenna, President.

RELIGIOUS EDUCATION

The religious education of children has leaped into a prominence in public thought and discussion and effort such as nobody anticipated even a few years ago.

No more striking illustration of the change need be sought than was given in New York last Sunday when a Catholic archbishop, a Jewish rabbi, a prominent Protestant minister, and two judges of the courts met in fellowship to address three thousand teachers and declare religious education of children, each in the faith of his fathers, to be a supreme need of the city and the nation.

This was a remarkable event. The barriers are going down. Not that a Catholic is less a Catholic, a Protestant a Protestant, or a Hebrew less a Hebrew; but that all of these have come to recognize that without sacrificing their respective faiths they can co-operate in a great and needed work.

The International Sunday School Council of Religious Education, whose executive met in Chicago last week, does not include Catholics, but the latter co-operate in certain phases of its work which are of mutual value.

In one of the reports submitted in Chicago, the General Secretary, Dr. Hugh S. Magill, quoted recent utterances of famous statesmen to show the trend of public thought in relation to religious education. In one of his latest utterances the late Woodrow Wilson said:

"Our civilization cannot survive materially unless it is redeemed spiritually. It can be saved only by becoming permeated with the spirit of Christ, and being made free and happy by the practices that spring out of that spirit."

In one of his last public addresses the late President Harding said: "I tell you, my countrymen, the world needs more of the Christ, the world needs the spirit of the Man of Nazareth. If we could bring into the relationships of humanity the brotherhood that was taught by Christ we would have a restored world."

President Coolidge, in a recent signed statement, said: "If this country is to meet successfully the problems confronting it, there must be first of all greater recognition of the spiritual side of life; the obligation we owe to our power and strength for the general welfare and for the redemption of humanity."

Mr. Lloyd George, in one of his speeches in the United States, said: "The wounds of the world are bleeding, and they never can be healed by any material thing. The only remedy is that healing and brotherhood which emanates from the Gospel of Christ."

Former President Taft, now Chief Justice of the Supreme Court of the United States, has said: "Whatever our opinions on secular education, all agree that education in religion and morals is essential to the welfare of the nation."

Commenting on these utterances Dr. Magill himself says: "To accomplish the purposes which these statesmen have declared must be accomplished if our civilization is to endure, greater emphasis must be placed on the religious training of the children of today. Christian ideals can best be made dominant in life and character through the Christian nurture and training of childhood and youth."

To this end the work of the International Council, the World's Sunday School Association, and Catholic and Jewish organizations is directed, and the great meeting in New York will be regarded as introducing a new era in co-operative effort based on mutual respect and understanding. When Mr. Lavelle referred to "our Protestant brethren" he swept aside in three words a barrier of prejudice and indicated a new vision for men of every faith.

The need of a keener and more widespread recognition of spiritual values has been grudgingly emphasized by social conditions since the end of the war. It may be that in this respect Christian communities may learn something from Japan. Viscount Shibusawa, a great philanthropist of that country says: "I am a Confucianist. There are a lot of things about Christianity which you preach that I do not understand. A lot of things you do look like foolishness to me. But there are two things in your programme that are an outstanding appeal to me. One is your Bible. One was given to me years ago, and I have read some of it nearly every day since. It is the greatest book ever written. I wish there was a copy in every home in Japan. The other thing is the Sunday school, where young and old gather together to study this book. I wish every person in Japan had the opportunity to attend a Sunday school. It would be the greatest thing for business integrity and morality that could possibly happen."

PUBLICITY PAYS

An effort is now being made to increase membership in the New Brunswick Tourist Association. That is one means of getting some funds for publicity purposes, and the response should be general. The president of the Victoria, B. C. Publicity Bureau gave some figures in his annual report the other day to illustrate the value of tourist traffic. He said: "During the past year over 16,400 visitors to Victoria have called at the Bureau. Estimating that 10 per cent. of the visitors to Victoria call at the bureau, this gives us over 160,000 visitors to the city. That this figure is very conservative will be allowed when you hear that one hotel alone had nearly 28,000 guests during 1923. Estimating the total per capita expenditure of these tourists at the very small sum of \$10, we find that over \$1,500,000 of new money came to Victoria from this source."

But Victoria derives another benefit, for the report goes on: "As an outcome of the big campaign for tourists and, of course, settlers, people now residing and paying taxes in this district have been attracted by the bureau from the following places: Bath, Birmingham, Wiltshire, England; Edinburgh, Scotland; Kilkenny, Ireland; Guernsey, Channel Islands; Shanghai and Hangow, China; Yokohama, Japan; Calgary, Grande Prairie and Edmonton, Alberta; Rosetown and Kenora, Saskatchewan; Winnipeg, Manitoba; Nelson and Enderby, B. C.; and Condon, Oregon. Since July 3, 1923 inquiries have been received from people who state that they are seriously considering coming to live in Victoria or taking up land as near the city as possible."

The Victoria and Island Publicity Bureau spent over \$32,000 last year, of which the city granted \$20,000. The bureau has representatives in Seattle, Portland, Spokane and Southern California to solicit tourists and give information, especially to motorists. The bank clearings in Victoria in July and August last year were \$1,545,782 greater than in June and September, and it is declared that tourist traffic explains the difference. Publicity brings to Victoria not only tourists but settlers who become taxpayers. It does the same in the State of Maine. Why not in New Brunswick?

THE TARIFF ISSUE

In an article headed "Making Canada an Adjunct" of the United States of course, the Toronto Mail and Empire says: "On the other side of the boundary line there is a sustained demand for labor at good wages, while on this side of the same line many thousands of people are unable to obtain steady employment. What is the cause of this difference? If the United States has great natural resources, excellent and extensive transportation service, and everything else to attract capital and population, has not Canada like advantages? It has all the conditions for prosperity that the United States has, save one. It has not a tariff that gives adequate protection to home industry. Now its people are leaving it in hundreds of thousands annually because they have not a chance to make a living at home. The tariff odds are too heavily against Canada."

This doctrine may be acceptable to a certain extent in Central Canada, where manufactures so largely for the other provinces, but what would be the result of a higher tariff in the Maritime Provinces, so long as freight rates deprive our manufacturers of a market? It is perfectly clear, however, from the utterances of Conservative leaders and the Conservative press that the tariff is to be made the chief issue in the next federal elections.

The prairie provinces are determined to have the Hudson Bay railway finished. The Peace River country demands a railway service. Vancouver is out for port development on a very large scale. The voice of the west grows louder and more insistent. Over against the cry for reduced expenditure the Government must place for consideration the demands for great public works. What chance have the Maritime Provinces to secure needed and even long promised improvements of a national character?

The Toronto Globe says: "There are over fifty million bushels of wheat in store at the head of the Lakes. The Canadian National might well experiment on an all-rail winter and spring haul to Quebec to relieve the pressure. Wheat at Quebec would be readily available at the opening of St. Lawrence navigation." Quebec in the spring may be all right, but what is the matter with St. John this winter?

Dr. Kierstead strongly advocates juvenile courts and a provincial Home for defective children. His plea for justice to the children of unmarried

parents is equally strong and well-founded.

The Ottawa Citizen paints this somewhat gloomy picture of conditions in that city: "There are estimated to be upwards of 4,000 men out of work in Ottawa at this moment. Thousands of women and children in the city are going without many things which the more fortunate count as necessities, which means that if some sort of a public and private character is not provided, official action will need to be taken to provide doles to these families, whether in cash or kind."

The announcement that the British dock-workers' strike had ended proved to have been premature. The weekend closes in deep anxiety, although hope is entertained that next week will bring better news.

The Council of Women does well in its decision to take a census of the women in this city who should have mothers' allowances. The report will be of great interest and value.

Press Comment

LABOR AND BRAINS

The general opinion that the members of the Labor party in the British House of Commons have plenty of brains is confirmed by an analysis of their educational qualifications made in The London Spectator.

Of the 191 members, 134 were educated at elementary schools, but while two-thirds of these left day school at ages varying from 9 to 13 years old, nearly all of the 184 continued their education by correspondence, classes and lectures given by the Workers' Educational Association and the Labor colleges, and also by passing trade union scholarships to Ruskin College and Oxford. Twenty-six Labor members have had secondary and higher education, and the remaining 31 members have had education at universities, including military and medical colleges. Thirty-seven of them are members of professions, 8 being teachers, 7 journalists, 7 barristers, 5 authors, 4 lecturers & doctors and 2 ministers. It is quite likely that Labor members who obtained their education under great difficulties appreciated it and profited by it. Macdonald, who has forgotten my passports and had to turn back in their mouths.

MODERATE MR. MACDONALD

Performance usually lags in the rear of promise. Ramsay MacDonald, is not by any means the first head of a government to find it inexpedient even to try to put into execution the policies advocated during a campaign. The clamor raised for a capital levy is to be stifled in the cotton wool of an expert committee to study the best means of raising the tax. Nationalization of the mines and distributing services has been dropped. It does not even have a chance of being considered. The Human Flash—"Yes. It was very amusing. Just as I was nearing the French coast, I discovered that I had forgotten my passports and had to turn back."

That Surplus Tax More money? No, the rich man said. I really do not care to make it. Too large a profit now I dread. Because the government will take it. —Detroit Free Press.

Old But Always Good A young lady sat next to a distinguished bishop at a church dinner. She was rather awed by the bishop's presence. For some time she hesitated to speak to him. Finally, seeing some bananas passed, she seized the opportunity to start conversation with him and said: "I beg your pardon, but are you fond of bananas?" The bishop was slightly deaf, and leaning toward her, replied: "Pardon me, but what did you say?" "I said," repeated the young lady, blushing furiously, "do you like bananas?" The bishop pondered the question gravely for a moment, and then answered: "It is a curious question, but if you wish my honest opinion, I have always preferred the old-fashioned night shirt."

WHEN TWILIGHT COMES.

(Kansas City Times.) 'Tis not the cold, gray clouds that hover low, Nor drifting leaves that crush beneath my tread, Nor dreary winter winds that ebb and flow, In solemn cadence through the pines overhead That makes me miss you so. When June was here And all the landscape gladdened at her touch, And happy thrated birds sang sweet and clear, I missed you, dear, as much.

Souls have a comradeship, and when from mine Your own passed into that eternal peace, That was your heritage by law divine I did not grudge the going, for release Meant happy life for you. But when for you The things of earth forever slipped away, I only asked I might be strong, and do My duty day by day.

When twilight comes, like some pale nun in gray, To bring to weary hearts refreshing sleep, Then is the tension snapped, the strength of day Crushed by old memories as I sit and weep; And when sometimes I feel unacceptably The need of you who answered every call, I chide me then that I should selfishly And smile, through tears, to think that after all How well it is with these! —Margaret Tackett Forsee.

LIGHTER VEIN. He Saw Double. Mrs. Benham—"You didn't have a word to say when you came in last night." Benham—"Well, I couldn't talk to both of you at once."

His Facial Expression Her mother—"Come away from that alligator, dear. He'd eat you with one bite." Little Elsie—"He won't hurt me, mother. Don't you see him smiling at me?"

Too Bad! His friend—"I hear you fatted in your efforts to swim the English channel?" The Human Flash—"Yes. It was very amusing. Just as I was nearing the French coast, I discovered that I had forgotten my passports and had to turn back."

That Surplus Tax More money? No, the rich man said. I really do not care to make it. Too large a profit now I dread. Because the government will take it. —Detroit Free Press.

When Labor candidates first stood for election they polled 100,000 votes. It has taken the party thirty-six years to increase its poll to four and a half million, and it still is in an almost two to one minority. Macdonald, who has brains and historical vision, knows well that his advent to power is accidental. He appreciates to the full that his Ministry's mandate is his followers in Bavaria and the rank and file of the party are receiving through Labor being in office.

The arrival of socialist labor in power does not mean that Great Britain has reached the day of social revolution. It is, however, a milestone on the road toward it.

GERMANY TODAY. (New York Herald.) Germany can point to very great improvement in conditions during the past six months. The contrast is indeed remarkable. Last summer serious cracks all over the Reich edifice forecast the complete collapse of the political building. A frankly monarchist dictatorship installed itself in Bavaria and defied the authority of the Berlin Government. Saxon Communists threatened reactionary Bavaria with civil war, and dictatorial powers had to be sought in order to maintain the power of the Reich itself. Passive resistance had to be abandoned and the Ruhr and Rhineland were told that they would have to get along as best they could without further help from Germany. Peaceful workers in Rhineland became the stage for the grotesque but grim antics of the ragged rebels of the Rhineland republic. The mark had crashed into chaos. Today the picture is much less gloomy. The rentenmark has so far kept steady. Trade shows a general improvement. The attempt to sever the Rhineland from the Reich has been brought to naught by the steady resistance of the people. The Hitler-Ludendorff monarchist rising has come to an ignominious end and a beer garden. Reich authority has been restored in Saxony. Von Kahr has withdrawn, leaving of the Berlin bureau of the New York Herald memory of a 20 per cent. reduction in the price of beer. Von Seeckt, the military dictator of Germany, has placed his resignation in the hands of the Government.

All these changes would be welcome to those who, like the Daves, believe that it is necessary to help Germany to her feet before any real reparations can be expected, provided, of course, that Germany, as healthily comes back, honestly means to devote her strength to settling her just debts. The mere fact that internal dissension has come to an end is in itself a far step toward the unity of the Reich, which figures first on Stresemann's list of essential elements of a settlement, but if, as dispatches from the Berlin bureau of the New York Herald clearly indicate, the unity achieved only registers the triumph of German nationalism, and that it, together with the power acquired by other improvements, is to be used in reactionary opposition to the salvage measures proposed by the Daves committee, then Germany would be better without it.

HALIFAX TAXES ARE CLIMBING

As was pointed out in this column yesterday, says the Halifax Echo, the estimate of total expenditure for carrying on the civic business of Halifax was: 1914-15 \$668,473.65 1923-24 1,971,823.23

An increase of \$1,203,049.58 Now, of course, some of this increase was uncontrollable, some of it was due to extravagance, some to incompetence, some to theft and so on,—we need not for the moment attempt to apportion the blame.

But the fact is that taxes have increased from \$10 to \$12 per head of population in 1914-15 to \$30 or \$35 per head of population in 1923-24. Every baby in Halifax is burdened at birth, with its proportionate responsibility of providing from \$30 to \$35 a year in taxes for the city treasury.

Shouldn't that fact make every citizen open his eyes and consider what he is going to do about it? The Halifax Echo writes that the City Council, at present constituted, should make no new appointments to important positions until it is determined what the future system of civic government should be. The Echo believes that the present system of civic government has failed to secure the results the citizens have a right to expect.

Don't Dose a Cold —Use Vicks

External Treatment With Vaporizing Salve is Best. Mr. Alex McDougall, Box 65, Regent street, North Sydney, Nova Scotia writes: "I had a bad cold in my head, I tried many remedies, but had no relief until I used Vicks. It is also the best salve I ever used for a cold in the chest. Put some Vicks VapoRub on your chest, cover with a flannel and you have a sure remedy. For a cold in the head, melt a little VapoRub and inhale the vapor. In a short time your cold will be gone. Vicks VapoRub is an externally applied vaporizing salve. While it acts like a liniment or plaster, it is also inhaled as a vapor, and so gets into the throat and lungs immediately. The cold is often broken up overnight. Vicks is the modern direct treatment for all cold troubles, the successor to goose grease, camphorated oil, liniments, poultices and plasters. Use for croup and children's colds. Vicks gives remarkably quick results and also avoids nauseating internal dosing. Just as good for adults and for skin inflammations, such as cuts, burns, bruises, bites, stings. At all drug stores 50c a jar. For a free test size package, write at Chemical Co., 645 St. Paul St., W., Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

FIRST LIBERAL WHIP ARRIVES

Ottawa, Feb. 22.—The first of the party whips to arrive for the session reached Ottawa today in the person of G. W. Kye, M. P., for Cape Breton South and Richmond, and chief Government whip. Mr. Kye said he had some work in connection with the House of Commons to do before the opening next Thursday. He is accompanied by Mrs. Kye.

VISITING OFFICIAL SPEAKS

There was a good attendance in St. Vincent's Auditorium, last evening, when the members of the four local associations of waterfront workers listened to an address delivered by A. J. Chiopke, the international president of the I. L. A. The speaker talked on working and trade conditions. J. J. Donovan, president of the Loughborough Association, presided at the meeting and members of the executives of the four locals were seated on the platform with him.

WOMAN IS HELD FOR KILLING MAN

Ottawa, Feb. 22.—Mrs. Emeline Robillard, of St. Simeon, Que., was today committed to stand her trial at the March term of the Hull county court of King's Bench for the murder of Albert Turcott at her home on Feb. 9 by shooting him with a rifle, when he was allegedly attempting to effect a forced entrance to the house. Mrs. Robillard will have to remain in jail until bail is granted, application for which will be made on Monday.

Concrete Block and Brick for Sale

We have in stock, manufactured by our plant, ready for immediate delivery. Waterproof Concrete Blocks and Bricks. Large or Small Orders Appreciated. Prices on Application. Maritime Construction Co., Ltd. FAIRVILLE, N. B.

Very desirable brick building with wharf facilities, modern offices and warehouse in connection. Apply P. O. Box 966, City. 9-1-1-1.

ELECTRIC GRILL COOKERY

One reason why electric grill cookery is increasing in popularity is because the house-manager is more certain of the desired results than by other methods. It may be used for all cooking operations right on the dining table without danger of soiling even the very finest table linen. "Electrically at Your Service" The Webb Electric Co., Phone M. 2152 91 Germain St.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas. A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise.—no pumping up, is simple, clean, safe. Burns 84 per cent. air and 6 per cent. common kerosene (coal oil).

The inventor, O. K. Johnson, 248 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

TO PROBE NEED FOR MOTHERS' PENSIONS

Local Council of Women Hears Address on Child Welfare

The Local Council of Women has undertaken to carry through a survey of the city to ascertain the number of widows with children within the city limits and give the information to the Commission on Mothers' Allowances...

This action was taken at the meeting of the Council yesterday afternoon following the address given by Dr. Kerstead on child welfare projects.

He first spoke of the unique opportunity of women and their great responsibility in matters of child welfare to see that maternal sentiments found their expression in the laws, customs and institutions of the country.

It was ridiculous to think of a criminal court dealing with a child. A juvenile court would entail a great deal of expense.

Where the father was dead or had been ill for years and the child just because of poverty, this keeping of the home together was the aim of Mothers' Allowances.

With regard to the work of the Commission on Mothers' Allowances, he said it was not asked to tell the Government what to do but merely to obtain information as to the extent of the need of Mothers' Allowances.

With regard to the work of the Commission on Mothers' Allowances, he said it was not asked to tell the Government what to do but merely to obtain information as to the extent of the need of Mothers' Allowances.

\$7500.00 GIVEN FREE

This amount has been given away FREE also hundreds of Merchandise Prizes \$200.00 more in CASH will be given away as follows:

1st Prize, \$50.00 in Cash; 2nd Prize, \$40.00 in Cash; 3rd Prize, \$35.00 in Cash; 4th Prize, \$25.00 in Cash; 5th to 9th Prizes—Each \$10.00 TOGETHER WITH MANY MERCHANDISE PRIZES

Solve this puzzle and win a CASH PRIZE There are 7 faces in the picture besides the two Campers. Can you find them? If so mark each one with an X, cut out the picture and write on a separate piece of paper these words: "I have found all the faces and marked them" and mail same to us with your name and address in case of ties, hand writing and answers will be considered factors. If correct we will advise you by return mail. You can be a prize winner without spending a cent of your money. Send your reply to: GOOD HOPE MANUFACTURING COMPANY, 275 CRAIG STREET WEST, MONTREAL, CANADA

Courts was to have a circuit judge for the whole province, with case workers or probation officers also. As he saw it there was a serious need for a provincial officer charged with the welfare of children.

Speaking of the care of dependent and neglected children, Dr. Kerstead said a careful study of the causes of dependency was the first essential. There was first the child of unmarried parents and for them the existing New Brunswick laws were not good.

What was needed was an act similar to that in Ontario which made the father contribute to the support and education of the child. Under that law Ontario was collecting between \$75,000 and \$100,000 a year.

Institutions had their uses but he thought the first the natural home, then the foster home and, lastly, a little home should be the resorts aimed at for dependent children.

In the case of deserting fathers, Dr. Kerstead said what was needed was a provincial or a federal officer to see that the law was carried out and criminal proceedings taken. Where the father was in the penitentiary he should be made to do profitable labor and his wages should go to the support of his family.

Where the father was dead or had been ill for years and the child just because of poverty, this keeping of the home together was the aim of Mothers' Allowances. He paid a glowing tribute to the work being done by the Salvation Army along these lines and said there was need of a thorough reorganization of poor relief which was felt to be a disgrace because of its harsh administration.

A trained social worker should investigate each case. He believed the women could do much to make the city feel that this should be done.

With regard to the work of the Commission on Mothers' Allowances, he said it was not asked to tell the Government what to do but merely to obtain information as to the extent of the need of Mothers' Allowances.

STRICKEN TURNKEY HAS PASSED AWAY

W. J. Cunningham Succumbs to Illness—Unconscious Several Days.

General regret was expressed last night when it became known that William J. Cunningham had succumbed to the serious illness which laid him low while actively employed as turnkey in the county jail several days ago. Death occurred last night, following a period of several days' unconsciousness.

Mr. Cunningham was a son of the late James and Margaret Cunningham, and for 10 years previous to his accepting the position of turnkey, which he held for the last 80 years, he was a popular driver in the fire department.

He is survived by one brother, Robert, in the employ of the N. B. Telephone Co. Ltd., and one sister, Mrs. Isaac Fawcett, of East St. John. His wife died eight years ago.

The funeral will be held from the residence of his sister-in-law, Mrs. George Cunningham, 271 Charlotte street, on Sunday afternoon. Service is at 2.30 o'clock.

SAUNDERS HEADS P. E. I. LIBERALS Charlottetown, Feb. 22.—A. C. Saunders, M. P. P., Summerside, one of the members in the Provincial Parliament, for the second district of Prince, was unanimously chosen as Provincial leader of the Liberals at a convention of that party held here today.

A meeting of the creditors of J. J. Bernier, merchant tailor, of Campbellton, has been called for Feb. 26 in that town. Mr. Bernier recently assigned, the Canadian Credit Men's Trust Association, Ltd., of this city, being custodian.

The Government was urged to complete standardization of the railway gauge on Prince Edward Island.

ABRAMSON O. K.'S DR. JONES' FINDING

Both Physicians State Wong Chung Was Not Poisoned

Moncton, Feb. 22.—The adjourned inquest into the death of the Wesley street laundryman, Wong Chung, was resumed yesterday afternoon in the City Building before Coroner Dr. Coleman. The report of Dr. Abramson, of St. John, Provincial Pathologist, was admitted as evidence of the state of the internal organs of deceased, and Dr. H. A. Jones was recalled.

Dr. Jones stated that he had had a telephone conversation with Dr. Abramson and had been informed that the stomach contents contained no poison. Death in Dr. Jones' opinion had been produced by a general diseased condition of the heart, particularly of a diseased condition of the heart of the deceased. We should feel proud, he said, that we have in our city a man who can make a diagnosis

that coincides with the decision of an expert after a minute examination. The jury then brought in the following verdict: "We, the jury empanelled to enquire into the cause of the death of one, Wong Chung, after hearing the evidence submitted, unanimously agree that he came to his death from natural causes as the result of a general diseased system."

The Canadian boundary line of the United States is 2,888 miles long.

How SUNSET brings you the skill of the master dyer

NOW, without previous training or experience, you can completely transform your wardrobe, and the interior decoration of your home, by a cleaner, quicker, better method than has ever been known before. SUNSET is modern—different from all other dyes.

There are 22 standard SUNSET colors (see list below). These can be readily combined to produce a limitless number of unusual hues and shades which cannot be obtained in ready-dyed fabrics—all fast.

The Modern Method of Dyeing SUNSET enables you to obtain uniformly perfect results, because the "know-how" of the professional dyer is built into the cake of SUNSET by one of the best-known dye chemists in America, by a patented process which is exclusive with SUNSET. SUNSET is a fast dye—not a tint; gives a permanent, even color to all fabrics—silk, wool, cotton, linen or mixed goods—leaving the material itself not only completely re-surfaced, but freshened and new-looking. Dainty hands are never stained. No dye remains on utensils.

Please don't hesitate to write us fully if you have questions to ask. Address our Home Service Department.

SUNSET SOAP DYES. Manufactured by North American Dye Corporation, Ltd., Toronto, Canada.

Duotones in New Corticelli Yarn

SYLVERGLO—there's the name and here's the meaning. Duotones of color, the second one being a close wrap of Silk. A fine fourfold yarn of new narrowness—a further addition to the Corticelli family of yarns, found only at London House. For Sweaters, Scarves and anything.

Open Wool of Corticelli softness and purity—Silk wrapped in Rose. Taupe wrapped with Rose or Blue. Brown with Gold. Camel Wool with the gleam of Camel Silk. Caramel treatments on the same idea. Cardinal with King Blue Silk wrap.

For quality and color, come for Corticelli, the acknowledged leader all through Yarn history. At Daniel's only.

Doctor Tells How NUXATED IRON PUTS BACK INTO YOUR BLOOD VITAL ELEMENTS OF STRENGTH Which are Wasted Every Day and Without Which You Become Weak, Nervous, and Run-down.

EVERY action of your daily life uses up a certain amount of strength, energy and nerve force, saps the iron from your blood and gradually steals away your youthful vigor and active usefulness. Unless you replace the iron which is constantly leaving the body, your blood stream loses the power to change food into living tissue, muscle and brain; it becomes thin, pale and watery and cannot provide proper resistance against disease.

**Y. M. C. A. TERRITORIAL COMMITTEE
HOLDS ANNUAL CONFERENCE HERE**

**Hears Various Reports and
Passes Several Resolutions**

The annual meeting of the Council Territorial Committee of the Young Men's Christian Association, was held yesterday in the Y. M. C. A. with W. A. Hart presiding. The delegates attending were: W. A. Hart and A. T. Bradshaw, Halifax; J. H. Hunt, London, Eng.; Capt. J. E. Masters, F. G. Williams, Moncton; P. W. Turner, J. A. Clark, R. A. Pendleton, Charlotte-town; H. H. Simpson, Summerside; J. D. Cameron, D. MacPhail, Truro; A. A. McLeod, Charles Althart, North Sydney; H. G. Pope, Sydney; Alvin Chipman, Yarmouth; J. A. Kennedy, F. G. Barbour, J. Hunter White, W. H. White, C. M. McCulley, H. T. Williams, H. C. Hutton, A. M. Gregg, W. A. Allen, W. R. Pearce, of this city; Harry Ballantyne, national general secretary, Toronto, and T. D. Patton, eastern territorial secretary, Toronto.

The session opened with devotional exercises led by Rev. R. G. Fulton. Mr. Fulton took the word "Power" as his theme.

The report of the executive committee was submitted by J. M. Hart.

It reviewed the last year, touching on finances and activities in the various organized associations.

It reported that at present in the three Maritime Provinces there were nine city associations and one county association with 25 executive officers, and a membership of more than 5,000. The property and buildings of the association were valued at \$302,100, with a debt of \$81,000. The current expense budgets totalled \$84,838.

"No department of the association has been more definitely promoted or given larger publicity than that of the Boys' Department." "The boy membership in the Maritime Association is 1600 or 10 per cent of the boy membership in Canada. 513 boys in this territory are in Y. M. C. A. Bible study groups."

Summer camps and physical work were dealt with, as were also Y's Men's Clubs, military hospital work, militia and cadet camps, county work, and foreign work.

secretarial training immigration work, and foreign work.

In conclusion the report stated: "While conditions at the present time are such that we cannot expect any large forward movement during this coming year, the wonderful record of work accomplished by the Young Men's Christian Association, its standing with the business public, and the challenge of present day conditions make it imperative that we seek in every way possible to undertake larger things as soon as there is any reasonable hope of success. We feel that we must keep in mind that the young men and boys of the coming generation are those who are going to fill our places in a very short time, and it is extremely important that the right Christian ideals shall be passed on to them, that they, whom their turn comes, shall bring about larger results in the realm of righteousness than we have been able to do."

Budget Report.

F. G. Barbour, chairman of the budget committee, recommended that the association in the Maritime Provinces raise \$2,900 in 1924 for the National Council budget, that amount to assist in covering the expenses of National Council visitations and services of the traveling secretaries.

John H. Hunt, of London, England, spoke on the migration scheme of the Y. M. C. A.

Captain Masters read the report of the foreign work sub-committee of which Dr. W. W. Woodbury, of Halifax, is the chairman. The report showed that in 1923 there was raised in the Maritime Provinces for the association work in non-Christian countries \$3,148.

He urged that a larger contribution be made during the coming year.

Harry Ballantyne delivered an address on the national issues of the association. He said that the functions of a national organization were: 1. Stimulation, by visitations and conferences; 2. Propagation of new associations; 3. Co-operation with other national organizations; 4. Education, in discovering, entertaining and training of employed officers.

In western Canada, he said, every organization was handicapped by property indebtedness ranging from \$20,000 to \$300,000.

The national budget for 1924, he said, was \$54,744, as compared with \$56,343 for 1923. He said that in all

**SPEAKS ON LAWS
AT C. W. L. MEETING**

Lectures on Legislation Pertaining to Women and Children

Miss Muriel Corkery, B. C. L., gave an excellent address before the meeting of the St. John sub-division of the Catholic Women's League in the Knights of Columbus Hall last night when her subject was "The Laws of New Brunswick which pertain to women and children." The president, Mrs. John Owens extended the thanks of the meeting to Miss Corkery. A nominating committee was appointed to receive nominations for the officers for the ensuing year. Those named on the committee were Miss A. O'Neill, convener; Mrs. C. Reynolds, Mrs. D. P. Chisholm, Mrs. John O'Brien and Mrs. H. J. Sullivan.

It was announced that the next lecture would be public and would be given by P. J. Hughes, K. C., of Fredericton, who would speak on the League of Nations. Men were to be specially invited to attend.

The girls' work committee, of which Mrs. John Connor is convener, announced that it would continue its weekly bridges at Rosary Hall each Monday as a means for raising funds for that department.

RECEIVES PARTING GIFT.

J. M. McCarthy, manager of the London Life Insurance Co., and Mrs. McCarthy, were guests of the members of the staff at the home of Mrs. Laura Cheesman, Lancaster, last evening.

Mr. McCarthy presented a gold watch, the presentation being made by W. C. Peters. Mr. and Mrs. McCarthy leave for Halifax shortly, to which office Mr. McCarthy has been transferred. There were about 40 present, who enjoyed games, music and dancing. Delicious refreshments were served by the hosts.

CHOIR MEMBER GIVEN RING.

The birthday of the organist F. J. Browne and the thirtieth anniversary of the choir membership of W. H. Holder were honored at a pleasant so-

cial gathering of the members of the choir of St. John's (Stone) church at the church hall last night. A hand some silver ring was presented Mr. Holder who also received the telegraphed congratulations of Rev. and Mrs. A. L. Fleming. The presentation was made by A. G. Burnham who has been a member of the choir for 5 years. Refreshments were served Mrs. Stanley Harrison presided at the prettily arranged table. The committee in charge consisted of Mrs. Harrison, Miss Farmer and Miss Grace Estey.

Ask for Minard's and take no other.

Fine, brisk flavor! Best of all in the ORANGE PEKOE QUALITY

probability a national conference would be held during the autumn.

Resolutions Passed.

The following resolutions were passed:

"That every Association maintain its loyalty to the church of Jesus Christ, not resting satisfied until the boys and men of our communities are not only Christian in life and practice, but identified with the church membership and work."

"That all boards of directors accept the allotments for 1924 which will be made at this meeting at their next monthly meeting, and arrange to meet the same by monthly remittances rather than waiting until the end of the calendar year."

"That a large place be given to the foreign work appeal and that each association so organize that every member shall be given the opportunity of responding to the challenge to the extent at least as suggested by the National Council, namely \$2 per member. We would also recommend that this appeal be presented very definitely to the members of the boys' division."

"That more consideration be given to that field represented by the young men between the ages of 17 and 35. In view of the work which is being done in these provinces and in other parts by and on behalf of High School boys, and of the far-reaching possibilities in this field, that arrangements be made for holding annually of High School Moots, and that the Hi-Y inner circle or some similar form of organization be effected in every High School within reasonable limits, to the end that boys in these schools may so study conditions over which they have control that there shall be promoted a definitely Christian school spirit."

"That an effort be made to secure the presence in our territory, say at one or two centres, of an outstanding association speaker, who will attract the presence of our best citizens, at which time the association movement shall be presented with an appeal for loyalty and support."

"That every association endorse the

**Make Your Living Room Walls
"Part of the Picture" with Alabastine**

THE living room, as its name implies, is made to "live in" more than any other room in the house. It is an important consideration that the interior should radiate cheerfulness and reflect the taste of those who there abide.

With the beautiful soft-toned tints of Alabastine the living room can be a place that expresses individual artistic taste. A choice of twenty-one different tints makes the range of color combinations unlimited. Every room in the house can be artistically distinctive, and with substantial economies effected over usual decoration costs. Alabastine is easy to mix (with hot or cold water) and to apply. It does not rub off, and the nature of its ingredients provides a sanitary, germproof, odorless surfacing. Alabastine is sold by paint dealers or applied by the decorator.

Write for the Alabastine Tint Folder and save the Stencil Premium Label on the bottom of every package.

Power Company Takes Over Dry Dock Light and Power Plant

IMPORTANT CONTRACT IS SIGNED

Will Increase Capacity of Utility Organization About 50 p. c.

LEASE FOR 3 YEARS

Auxiliary to Union Street Plant; Adds Some 3,000 Horse Power.

An increase of about 50 per cent. in the plant capacity of the New Brunswick Power Company will become effective on March 1, according to the terms of a contract entered into between the Power Company and the St. John Dry Dock and Shipbuilding Co., Ltd., a copy of which, duly signed, was delivered into the hands of M. A. Pooler, general manager of the Power Company, this afternoon.

Terms of Contract.

By this contract the N. B. Power Company has leased the power plant at the dry dock site, capable of generating about 3,000 horse-power, for a term of three years from March 1. It will be connected up with the city plant of the company, which has a capacity of about 6,000 horse-power, by a 2,200 volt primary line extending from Haymarket square to the dock plant. The contract is an unusual one, and its terms have been the subject of negotiation between the parties interested for some months.

Under the terms of the new arrangement the N. B. Power Co. is given the right to operate the power generating plant of the Dry Dock Company, either for the purpose of supplying current for the operation of the dry dock and its many allied activities, or for the supplying of customers who ordinarily would receive current from the main plant.

Mr. Pooler Explains. Discussing the arrangements in connection with the tie-up between the

First use of an improved "lie detector" by Los Angeles police quickly brought confession of murder from Bertert T. Vernon, negro, suspected of killing Luther Willis. Police Chief August Volmer calls the machine the "humane third degree." It was perfected by Leonard Keeler, 20, University of California student. In the picture Keeler is seen next to Vernon.

two organisations, Mr. Pooler said that the dry dock equipment would serve the purposes of a stand-by and of an auxiliary plant for the carrying of excessive peak loads above the capacity of the Union street power house. He referred to the fact that the plant at East St. John was equipped with oil-burning boilers, which would allow the company to get the generators into operation at very short notice in the event of a mishap at the main station. It was the intention of the company, he said, to use its own generators alone when possible, and to call the dry dock equipment into service only when the load exceeded the ability of the local plant to supply it. The Power Company, he added, had been supplying the Dry Dock Company with current since it started operations last fall, and would continue to do so, either from the main plant or from their own generators. The Dock Plant. The dry dock plant consists of three turbine-driven generators, capable of producing 2,250 kilowatts, or about 3,000 horse-power. The Power Com-

W. A. JUNIORS ARE GOOD HOSTESSES

Entertain Little Helpers and Mothers—Other Fairville Meetings.

The Junior Branch of the W. A. of the Church of the Good Shepherd under the direction of the superintendent, Miss Mary Hoyt, was hostess to the Little Helpers and their mothers in the church hall on Friday afternoon from 8 o'clock to 8 o'clock Rev. W. P. Dunham, the rector, conducted the service of the mite box offering and the boxes contained \$9 which will be devoted to the missionary pledges. The Misses Lillian Appleby, Dorothy Fritz, and Edna Byers were on the decoration committee. The room was very attractive with bright colored chains of paper which had been made by the Juniors. The tables were prettily arranged with green and white trimmings. Miss Bertha Cheeseman poured tea and Miss Elsie Gorey, Miss Jean Armstrong and Miss Margaret Rose replenished. Miss Alice Armstrong and Miss Jennie Chambers were on the refreshment committee and were assisted in serving by other members of the Juniors. Recitations were given by Joyce Willis, Florence Appleby and Arleen Longard and music was furnished by Edna Stevens, Edna Bayard and Dorothy Fritz. The mothers were greatly appreciative of the pleasant entertainment provided by the Juniors.

The Ladies Auxiliary of the Brotherhood of Locomotive Engineers McKenna division No. 897 met on Thursday evening in Orange Hall, Fairville with Mrs. Charles Parlee the president in the chair. Arrangements were made for a party sale in March. This society, although only recently organized, is in a very flourishing condition and is planning many activities for the coming season.

No Surrender Lodge No. 109 I. O. G. T. met in Temperance Hall in Fairville on Thursday evening with a good attendance of members and W. Waters, the chief templar, presiding. There was a short programme and John Magee, Lodge Deputy, addressed the meeting. George Kelly the grand secretary was present. Readings were contributed by Mrs. Charles McPherson and Miss Helen Long.

DOG SHOW ENTRY LIST WAS RECORDED

There Were 2,363 Shown at Terrier Exhibition in England.

London, Feb. 22.—The National Terrier Club's show held at the Horticultural Hall was a decided success. Several hundreds of the terriers made the journey from Scotland or Wales. All the recognized varieties of working terriers were well represented and the competition was keen. There was a record entry of 2,363.

Perhaps the most striking feature of the show was the sudden leap to the top of the schedule of the Cairn—a game little terrier from the Scottish Highlands—which with an entry of 826 ran a dead-heat with Sealyhams.

In the younger classes the honors were divided by Mrs. J. Falconer's beautiful little dog Clove-Lalson and Miss A. Bruce's promising fawn Barington Curaidh.

The recently introduced Kerry Blues, now established as one of fashion's favorites, also made an unexpectedly large show, with 206 entries of this variety.

These remarkable active and game dogs continue to make headway in type and uniformity, heads, coats, and fronts in particular showing a great improvement over a year ago. They do not, however, make the most of themselves on the show bench, the pugnacity of their disposition blighting them for the role of drawing-room pets.

Colored bull terriers, another recent recruit to the show world, were represented by a comparatively small entry, and the variety does not appear to be making many friends. The type exhibited is certainly improving, and shows very handsome individuals were some very handsome individuals were shown, but at present there seems little likelihood of these dogs rivaling their white cousins in popularity.

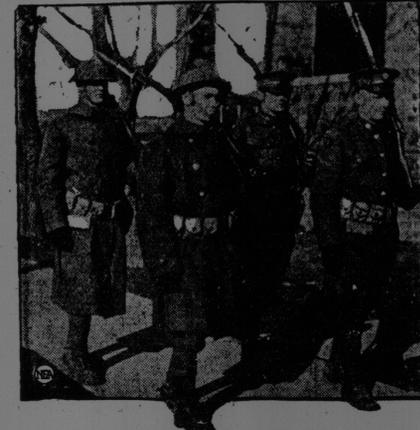

Fox terriers, both wire and smooth coated, were as usual one of the great attractions of the show, many of the best dogs in Great Britain being scheduled to take the ring. The Duchess of Newcastle was one of the largest exhibitors in these classes.

Sealyhams, Scottish, Welsh, Border, and Alredale terriers were all large sections.

IN HAMPTON CHURCH

Rev. Charles Freeman, of the Charlotte street Baptist church, was in Hampton last night to assist Rev. C. D. Lumsden, of the Hampton Baptist church, in making a roll call of members.

"ON GUARD" IN OLD MEXICO

It's a tough life, this revolution in Mexico. These Oregon soldiers may appear to be taking things easy, but if you'll ask them, they'll tell you the boxes contain rifles and ammunition secured from America—enough to outfit several rebel "armies."

FRENCH COLT IS HELD IN ESTEEM

Harry F. Sinclair Finds Much Interest Abroad in Epinard.

New York, Feb. 22.—Harry F. Sinclair, who returned to the United States recently on the President Harding, reported great interest in France in the proposed visit of the French colt Epinard to the United States next summer. While Mr. Sinclair believes that his own colt, Zev, will defeat the French three-year-old champion of U. S. Garrison. A heavy blow to the chin in the second round caused a cerebral hemorrhage and death came

Tender Is Hurt

Philadelphia, Feb. 23.—Lew Tandle injured his hip yesterday while training at a local gym and as a result had to call off his ten round bout with Ted Marchand, scheduled to be held here Monday night. Jimmy Sacco, Pacific coast boxer, will substitute for Tandle.

Bout Is Fatal

Panama, Feb. 23.—Larry Murray, welterweight boxer of Brooklyn, N. Y., died in the hospital last night after a bout with Soldier Underwood, of U. S. Garrison. A heavy blow to the chin in the second round caused a cerebral hemorrhage and death came

FISHING FOR LIQUOR IN U. S. WATERS

Prohibition Agents Active Against Runners Rescuing Sunken Cargoes.

ASK ABOUT PACT

Ottawa Speculates Regarding Treaty Between U. S. and Canada.

Freeport, N. Y., Feb. 23.—Prohibition agents yesterday began an intensive campaign for bottle fishermen who find and recover jettisoned cargoes of liquor by using small power launches equipped with devices similar to mine sweepers used during the war. Discovery was made recently that run runners, frustrated by vigilance of Government boats, had adopted a policy of sinking their cargoes in appointed places from which they were picked up by the small launches. Several weeks ago two men arrested on a boat carrying 170 cases of assorted liquors told the agents they had fished the contraband from the ocean floor under seven fathoms of water.

How About Treaty

Ottawa, Feb. 23.—(Canadian Press).—Increased activity of run runners along the Atlantic coast has given rise to speculation here concerning the probable date when the proposed pact between Canada and the U. S. to curb run running will be concluded. It is nearly a month since the Canadian Government sent the proposals to Washington based on the discussions of a conference of Canadian and U. S. representatives in Ottawa. Washington has not yet signified its approval. Some drastic measures are understood to have been asked by the U. S., with which it is said Canada was unable to concur. Extradition of offenders to include people suspected of run running was not favored by the Dominion Government. (Continued on page 10, seventh column)

New Rates For Electricity

TO BECOME EFFECTIVE MARCH 1ST, 1924

Rate No. 7	
RESIDENCE LIGHTING	
3½c per K. W. Hour	
Service charge 80c per month	
Minimum Monthly Charge \$1.00	

Rate No. 8	
COMMERCIAL LIGHTING	
First 200 K. W. Hours per month at 7c	
Next 600 K. W. Hours per month at 6c	
All additional K. W. Hours per month at . . . 4c	
Minimum Monthly Charge \$1.00	

Rate No. 9	
ALTERNATING CURRENT POWER	
First 500 K. W. Hours per month at 7c	
Next 500 K. W. Hours per month at 5c	
Next 1,000 K. W. Hours per month at 4c	
Next 3,000 K. W. Hours per month at . . . 3c	
All additional K. W. Hours per month at 2½c	
Minimum Monthly Charge \$1.00 per Horse Power of Connected Load

THREE AUDITORIUMS OFFERED FOR ENTERTAINMENT TO AID FIRE VICTIMS

Sufferers in Rothsay Ave. Hard Hit—Relief Movement Urged.

The recent fire that rendered five families homeless near the Three Mile House on the Marsh Road—otherwise Rothsay Avenue—has proven to be a cruel blow to at least four of the households and citizens of a helpful turn of mind and heart are enquiring if some definite movement should not be set afoot to render immediate relief.

beginning at 4 o'clock, when the schools are out. Local talent has been asked to co-operate and any of these schemes may materialize.

It was suggested yesterday that some relief along household lines might be forthcoming at once through Red Cross channels. At the time of the Indian-town fire, the Halifax disaster and more recent burn-out assistance has been willingly rendered through this source.

None of the families will hopefully place themselves in the category of charity cases. They are brave with their trouble and are facing the situation with fortitude, but it is a singular thing that in each of the cases the conditions are just the sort of a right-thinking person would be anxious to assist.

The most kindly hospitality has so far been shown the unfortunate families by neighbors—neighbors in all that the welcome and helpful. But since all the victims of the blaze have been left penniless and to a great extent without clothing and chattels, there is a very evident need of practical assistance.

Residents of the suburban section are striving to organize an entertainment by which to raise funds for the early re-entertainment of the devastated homes.

Chew a few Pleasant Tablets Instant Stomach Relief!

The moment "Pleasant Tablets" reaches the stomach all distress goes. Lumps of indigestion, gases, heartburn, sourness, flatulence, palpitation, vanish.

No More Sleepless Nights—Finds Health in Internal Bathing.

JOINTS Ache? Minard's will ease the pain and stiffness. The old reliable remedy.

MINARD'S "KING OF PAIN" LINIMENT

"Health Is After All Your Biggest Asset"

EXCESSIVE mental strain—worries and anxieties consequent on the ups and downs of business—The difficulties in estimating what the future holds in store—These are some of the causes which have hastened the end for many prominent men during recent years.

Employer and employee alike have been subjected to greater strain of brain and nerves than ever before. Too often the value of guarding the health has been overlooked and the results are a warning to the survivors to remember that health after all is our biggest asset.

It is comparatively easy to restore the exhausted nerves by the use of Dr. Chase's Nerve Food provided treatment is begun in reasonable time. When digestion breaks down—when you cannot rest or sleep—when you find yourself nervous and irritable you may be sure it is time to ease up and begin the use of this restorative treatment.

bringing down of legislation for the protection of the public against the sale of fraudulent stocks. HEART WAS SO BAD HAD TO SIT UP IN BED Mrs. O. E. Fitzgerald, 106 Ross street, St. Thomas, Ont., writes—"In the fall of 1921, I was taken ill with my heart, but I did not pay much attention to it. I kept on with my household duties, but seemed to become worse and worse, and finally had to call in a doctor. He said I was all run down and was a nervous wreck. I had a severe pain in my chest which would move over to my heart and it became so bad I could not lie down, as I was thirty years ago, and I am now sixty-five years old."

By Order of the Common Council of the City of St. John. Public Notice is hereby given that a Bill will be presented for enactment at the next session of the Provincial Legislature. The object desired to be attained by this Bill is: (a) To fix the salary of the Police Magistrate of the City of St. John at three thousand dollars (\$3,000 per annum).

Fishing For Liquor In U. S. Waters (Continued from page 9) ment. Some concessions in the matter of closer supervision of clearance papers for ships carrying liquor out of Canadian ports had already been made. But it is understood that the request of the U. S. for refusal of clearances to any ships which might possibly divert its liquor cargo to U. S. ports also met with disapproval here. It is stated in some quarters that such refusal of carried, logical conclusion would practically mean an embargo on the export of Canadian liquor to any country on the American continent.

FACE BROKE OUT WITH PIMPLES Hard, Large and Red. Cuticura Healed. "My face broke out with pimples that were hard, large and red. They feasted and scalded over, and itched and burned causing me to scratch them. I tried several different remedies but they did not help any. I read an advertisement for Cuticura Soap and Ointment and purchased some, and after using them about a month I was completely healed."

A Stubborn Cough Loosens Rightly up This home-made remedy is a wonder for quick results. Really simple and cheaply made.

DOUCH! RHEUMATISM! RUB THE PAIN AWAY Stop drugging! Rub soothing, penetrating St. Jacobs Oil right into your sore, stiff, aching joints, and relief comes instantly. St. Jacobs Oil is a harmless rheumatism liniment which never discolors, irritates, or burns the skin.

MUTT AND JEFF—IT SOUNDED LIKE A DISCOURSE ON LABOR CONDITIONS TO JEFF

JEFF, WE CAN CLEAN UP BIG IN THE NEXT FEW WEEKS MAKING OUT RETURN FOR COMPANY TAXES. I'LL GIVE YOU A COURSE OF INSTRUCTION AND YOU CAN START RIGHT OUT! LISTEN CLOSELY.

"AND AFTER YOU DEDUCT THE OPERATIONS AND DIVIDE THE INTEREST DATES BY TWO YOU TAKE THE TAXABLE INTEREST AND ADD IT TO THE PRINCIPLE IN EXCESS OF EIGHTY-TWO."

THEN YOU COMPUTE THE NET INCOME FROM SCHEDULE N LESS DIVIDENDS FROM SCHEDULE H. PLUS TOTAL OF ITEMS 15, 19 AND 20. MINUS THE AMOUNT AT FOOT OF SCHEDULE D. PAGE AND THAT GIVES US THE AMOUNT OF OBSOLESCENCE.

NOW WE SUBTRACT THE LIQUIDATED DIVIDENDS FROM SCHEDULE F AND DIVIDE THAT AMOUNT BY THE WEAR AND TEAR OF SCHEDULE E; LOSS BY STORMS IS ADDED TO ALL ROYALTIES. DIVIDE THIS BY SCHEDULE F AND WE HAVE THE AMOUNT OF INCOME TAX THAT HAS TO BE PAID! GET ME?

YES! IT'S WHAT I'VE CONSIDERED RIGHT ALONG.

THE BARBERS WONT GET SHORTER TWO YEARS AT THE VERY LEAST!

PASTOR QUILTS CONGREGATION;
REFUSES TO BE ORDAINED

Tillsonburg Baptist Preacher
Declares He is Through
with Denominations.

Tillsonburg, Feb. 21.—Below the placid winter surface of this snow-covered town is a rift in the lute of church harmony. While the members and the ministry of other denominations look on with some anxiety, the life and the future of the Baptist church is being threatened.

Mr. Emmons, the minister, or according to his own statement, the late minister, who is not an ordained man and refuses to be ordained, is opening a series of services in the Opera House next Sunday, and those who hold his views will follow him and retain him as their minister. The opposing members of the congregation will stay in the church and presumably call another minister to fill the place of the former pastor.

Mr. Emmons, whose resignation took effect at midnight, has been pastoring of the Tillsonburg Baptist church for the past two years and ten months. He has been criticized by certain members of the congregation for some time for two things: first, because he is not ordained, and, secondly, because they hold he is undenominational in his preaching of the gospel and in his teachings. His sermons against card playing and dancing are also said to have irritated some members of the congregation.

Refuses to be Ordained
Mr. Emmons refuses either to be ordained or to take a different stand in the matter of his expositions and doctrine. He has appealed to a number of his parishioners to stand by him and the result is that he will continue his services from the Opera House. The Sunday school and prayer meetings will be held in the Foresters Hall.

At the morning service yesterday, Mr. Emmons openly challenged anyone to quote any statement made by him in the church and in the course of his preaching which he could not substantiate from the Bible. There were no replies.

The facts of the case, as far as could be determined, are these: Mr. Em-

Tells Just Why She
Is So Thankful

Ontario Lady Found Relief in
Dodd's Kidney Pills.

She Had Suffered With Bladder Trouble For Years, But Dodd's Kidney Pills Quickly Relieved Her.

Bright, Ont., Feb. 23.—(Special)—“I have received your Dodd's Almanac and have been going to write to you ever since. I am the mother of four children and have had very bad bladder trouble. I took different medicines and all the time it kept getting worse. At last my mother told me to try Dodd's Kidney Pills. I got two boxes and they have completely relieved me. I have never been so thankful for anything in my life, as I was for these pills. This statement is made by Mrs. Henry D. Christensen, well known resident of this place. Women's troubles, or nearly all of them, come from sick kidneys. Dodd's Kidney Pills will relieve kidney trouble, no matter where or in what form it is.

Sound kidneys mean pure blood. Pure blood means good health. Ask your neighbor if Dodd's Kidney Pills are not the best remedy for sick kidneys.

Speaks on Arctic
Eldon Merrill gave an interesting address before the pupils of the High School yesterday afternoon telling of his experiences of life in the Arctic. He exhibited some strange specimens of the Eskimo handicraft and hunting equipment. The address was much appreciated and thanks were extended to the speaker.

NEWS OF THE CHURCHES

Back To The Bible!

MEETINGS
Paradise Hall
King and Charlotte Streets.
Evangelists E. D. Lamont, Frederick Stray.
SUNDAY, Feb. 24—Two Meetings
Subject, 3 p.m.—“Many Infallible Proofs.” The Bible is the inspired word of God.
Subject 7 p.m.—“The Marvels of Our Day.” “The chariot shall be with flaming torches in the day of His preparation.” Bible. The light of Bible prophecy far outshines the electric searchlight.
TUESDAY, Feb. 26
Subject, 8 p.m.—“The Seven Trumpets.” Can “Revelation” be understood?
THURSDAY, Feb. 28
Subject 8 p.m.—“The Four Horsemen of The Apocalypse.”
FRIDAY, Feb. 29
Subject 8 p.m.—“The Creator Was Jesus Christ.”
ALL WELCOME.

11 a.m.—“Paul Before Felix.”
Story Sermon: “The Bravest Boy or Girl.”
Duet Selection by two members of the Quartet.
2.30 p.m.—Sunday School and Young Men's Class.
7 p.m.—“Everlasting Punishment.”
Does the church still teach this doctrine? Do you believe it? This will be the sixth in the series of popular evening sermons.
SPECIAL MUSIC—Solo by Miss Blenda Thomson.
Anthem by St. Andrew's Quartet and choir.
ST. ANDREW'S
PRESBYTERIAN
Germain Street, near Princess.
REV. J. S. BONNELL, B.A., Minister.

Exmouth Street Methodist
Pastor, REV. H. E. THOMAS
Morning—Rev. F. T. Bertram.
Evening—“Essentials and Non-Essentials of Christian Belief.”
Monday—Epworth League; Wednesday, Prayer Service.
ALL WELCOME.

CENTENARY METHODIST
REV. R. G. FULTON, MINISTER.
11 a.m.—Rev. J. M. Rice, B. A.
2.30 p.m.—Sunday School and Bible Classes.
7 p.m.—Rev. A. E. Kochaly.
Hear the evening preacher tell the story of the TERRIBLE TURK.
A Cordial Welcome.

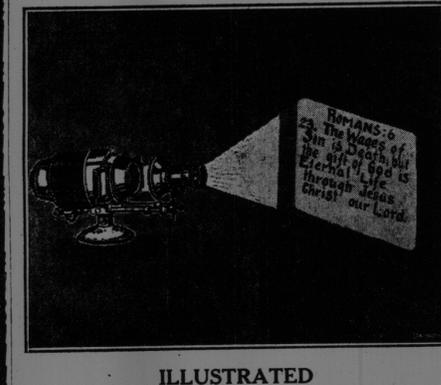

Queen Square Methodist
Rev. Neil MacLauchlan, B. A., Pastor.
11 a.m.—Rev. George Orman.
2.30—Sunday School.
7 p.m.—The Pastor.

Portland Methodist Church
REV. H. A. GOODWIN, Pastor.
11 a.m.—The President of the conference will preach.
2.30 p.m.—Sunday School.
7 p.m.—The Pastor will preach.

Illustrated Bible Lecture!

Is the Soul Immortal? Can the Living Talk With the Dead?
The Bible pictures and Scripture texts shown up the screen, make a positive, accurate and realistic presentation of the Bible.

BIBLE STUDENTS' HALL
38 Charlotte Street
Sunday Afternoon at 3 o'clock, Feb. 24th.

The Scotch Preacher

Following the great meetings held by Rev. A. W. Roffe, Rev. Oswald J. Smith and the Colored Male Quintette, that closed last Sunday in the Imperial Theatre when more than 1,000 were turned away, another campaign will be opened tomorrow at 11 a.m. and 7 p.m., and continued every day except Saturday at 8 o'clock, led by Archibald Gibson, of Toronto, the Scotch Preacher, in
THE PRINCE EDWARD STREET CHURCH.
Everybody welcome.

Central Baptist Church
(Leinster Street.)

Morning 11—Preacher, Rev. R. Moorhead Legate, B.D.
Afternoon 2.30—Bible School and Organized Classes.
Evening 7—HOW CHRIST SOLVES THE RIDDLE OF THE UNIVERSE—An address on the Deity of Christ.
Preacher: Rev. James Dunlop.

Pentecostal Christian Mission
54 PARADISE ROW

TUESDAY, THURSDAY, SUNDAY, 7.45 P.M.
We worship the Christ who has been rejected all down the ages, and who alone can deliver the true worshipper—who worships in Spirit and truth—from the wrath of the lamb—that is soon to fall on all who are not in the true Church.

REFORMED BAPTIST CHURCH
No. 1 Carlton street. Services beginning Sunday, Feb. 24. Every night 7.30 o'clock; Sunday, 10.30 a.m. and 7 p.m. L. J. Sears, Pastor. Bring your friends. Everybody welcome.

Coburg St. Christian Church
W. J. JOHNSTON, Minister.
11 a.m.—Evangelist G. H. Knight will preach.
7 p.m.—Sermon by the Pastor.
Bible School at 2.30. Christian Endeavor at 8 p.m.
Prayer meeting on Thursday night.
A CORDIAL WELCOME TO ALL.

The NEW ESSEX
A SIX
Built by Hudson Under Hudson Patents
The smoothness and long life for which Hudson is famous is now shared by Essex. It is an important advantage to bear in mind.
You will enjoy it—that's certain. See how handling is simplified. Starts at the touch of your toe. Steers easily as a bicycle. And how easy gears shift. Easy to park too. Its low center of gravity makes safe and comfortable driving on all roads at all speeds.
Simple to keep in first class condition. Requires little attention. Lubrication for the most part is done with an oil can.
You, too, will say: “The New Essex provides ideal transportation.”
So also is the fact that the Essex “Six” possesses other notable Hudson qualities. It has the same type clutch, the same axles, the same provisions for long life and easy care of all working parts. Essex reliability is retained. Essex economy of fuel, oil and tires is greatly enhanced.
We ask this test—take a ride.
A 30 Minute Ride Will Win You
MOTOR CAR & EQUIPMENT CO., LTD.
New Brunswick Distributors.

SHARP RECOVERY
IS MADE BY FRANCE

French Parliament's Action
Sends it Up—Wall
Street Brighter.

New York, Feb. 23—Sharp recovery of French exchange today followed the passage by the Chamber of Deputies of Premier Poincaré's entire taxation and economy plan. The price of the franc at the opening of the market soared 12 1/2 points to 4.35 1/2 cents, almost 20 points above its recent record low level. Belgium francs gained in sympathy and demand sterling also strengthened.

New York, Feb. 23—Stock prices moved up briskly in today's brief session of the market in response to further improvement in general business conditions as reflected in various trade and mercantile reviews. Heavy buying of the oil shares, which advanced one to four points, was the feature, accumulation of these issues reflecting the growing speculative belief that the Washington oil investment had been exhausted, at least temporarily, their bearish possibilities. Good exhibitions of group strength also were given by the Insular, rails, steels and other industrial groups. Atlantic Steaming advanced four points; Tidewater three, and General Electric, Dupont, National and Houston Oil 2 to 3 1/2. Fresh heaviness cropped out of the coppers and chemicals. Closing was strong. Sales approximated 400,000 shares.

Montreal, Feb. 23—Trading was dull and prices irregular at the opening of the local market today. Brazilian and Besco first accounted for most of the business transacted. The former came out with an overnight loss of 1/4 to 1/2%. The second named was unchanged at 15 1/2. Other price changes included: Spanish River common up 1/4 to 10 1/2, and the preferred up 1/4 to 11; Smelters up 1/4 to 7; Dominion Bridge off one to 7 1/2.

London, Feb. 23—Bar gold 96 5/8. Exchange steady. Great Britain, 4.31; France, 4.35; Italy, 4.24; Germany, .0000000022. Canadian dollars 5 1/2 per cent. discount.

New York, Feb. 23.
Stocks to 12 noon.

The survey party for the New Brunswick Electric Power Commission C. McN. Steeves and will be accompanied by G. H. Lowry, personal representative of H. G. Acres.

John river, will leave on Monday morning. The party has been organized by C. McN. Steeves and will be accompanied by G. H. Lowry, personal representative of H. G. Acres.

Human Sympathy
on a Scientific Basis

SENSATIONAL cases of tragedy and distress receive publicity in the newspapers, and from their outstanding appeal are made the beneficiaries of charitable funds and public subscription lists. But how little does charity avail! How pitifully inadequate unorganized public sympathy almost invariably proves. A few hundred dollars, perhaps, and then—forgotten!

Mutual Life Insurance is organized human sympathy. Each Mutualist protects his own loved ones by combining to protect the loved ones of others. Mutualists are not exploited for the profit of outsiders, nor do they attempt to make profit out of one another.

Let our nearest agent explain the Mutual principles of life insurance. Write to our Head Office for a copy of "Life Insurance at Cost."

PHILIP MORRIS & CO LIMITED LONDON, ENG.

Read This!

St. John needs such an hotel as the Admiral Beatty. It will be a very great attraction in summer, and there is no reason why it should not develop a winter patronage not hitherto available. It will be of great value in a publicity campaign for the tourist business which means so much in spot cash to be able to tell prospective visitors that in the Admiral Beatty they will find the very best accommodation. St. John has much to gain from the tourist traffic, and that traffic is coming in larger measure every year. The city which lacks a first-class hotel is heavily handicapped. Because it attracts people who spend money liberally such an hotel as the Admiral Beatty is a civic asset, and the project deserves the support of the citizens.

The Evening Times-Star says in its editorial of the 2nd instant—

Descriptive Circular of the 7% Convertible Debentures of The Admiral Beatty Hotel Company, gladly furnished on request.

COAL
A BETTER AND MORE SATISFACTORY
COAL. COSTS NO MORE. SAVES
TWO DOLLARS PER TON.

SAVE \$2.00

To those coal users we have not had the pleasure of serving before we would suggest a very careful and thoughtful reading of the following. Think it over—

ARE YOU PAYING \$3.30 FOR ASHES OR 82c

Here you have illustrated the comparative BURNABLE MATTER and ASH WASTE in three coals. Coals that are very general use in St. John today. One of them is in your bin this minute. Coal (a) is an ordinary-every-day American Anthracite. Coal (b) is what might be considered a real good lot of the same coal. Coal (c) is the one that is saving many people \$2.00 to \$3.00 per ton with a lot of added satisfaction thrown in. There are worse coals than (a) but you cannot get better coal than (c).

ALL THREE COALS COST \$16.50 PER TON

(A)	Burnable Matter \$13.20	Waste in the Ashes \$3.30
(B)	Burnable Matter \$14.03	Waste in the Ashes \$2.47
(C)	Burnable Matter \$15.68	Ash 82c

Add to the waste the cost of removing the extra ash of coal (a) and (b) and coal (c) shows a saving of from \$2.00 to \$3.00 per ton.

This illustrates the difference between the best there is in coal and the ordinary every-day-article, and leads to the suggestion that—

AS YOU CANNOT TEST HEATING COAL WHEN CONSIDERING SUMMER PRICES YOU PROVE NOW IN FURNACE OR STOVE IN THE FEW WEEKS OF COAL BURNING WEATHER AHEAD JUST WHAT YOU CAN SAVE ON NEXT YEAR'S COAL BILL.

It is not too late yet to cut something off this winter's coal bill and what is more important you can learn now how to compare values when the time comes to consider next winter's coal purchase.

There is a large size for Furnace and Big Stoves and a Chestnut size for Range, Feeder, etc.

PROVE IT NOW. THERE IS NO RISK. IT IS GUARANTEED

SPORT NEWS GLEANED FROM WORLD'S CENTRES

JIMMY FRUZZETTI AWARDED DECISION

Outpointed "Irish Kid" Williams in Ten Rounds—Preliminaries.

Jimmy Fruzzetti of Boston was awarded a decision over "Irish Kid" Williams of New York in a ten-round bout staged in the Armories last evening. The Boston boy did most of the leading and landed more frequently than his opponent and the decision was favorably received by the fans present.

Round one—The referee closed and exchanged some short light body blows between the two men. Fruzzetti landed a right to the chin and Williams followed with a light right to the mouth. There was a brief exchange and then another clinch. Williams landed a right to the face in return on a breakaway from a clinch. The kid landed another right to head and missed a swing just as they went into another clinch. Fruzzetti landed a right to head and ducked clear of a couple of nasty right and left swings from Williams. The men were clinched and exchanged some light body blows when the bell sounded.

Round five—After some sparring Williams placed his right to face and received a stiff left to jaw in return and the men clinched. Fruzzetti hooked a right to the jaw and Williams swung his right to the face. Fruzzetti drove a right uppercut to chin and they clinched. Williams landed a right to the face and Fruzzetti returned a right to the face in return on a breakaway from a clinch. The kid landed another right to head and missed a swing just as they went into another clinch. Fruzzetti landed a right to head and ducked clear of a couple of nasty right and left swings from Williams. The men were clinched and exchanged some light body blows when the bell sounded.

Round six—Williams danced about the ring at the opening and went into a clinch when Fruzzetti placed a right swing to the face and Williams landed a left hook to jaw and received a right to chin, then followed a lively exchange without any damage and the men clinched. Fruzzetti placed two right uppercuts to stomach and Williams landed a right to the side of the face and received a stiff right to the face and right to head and then went into a clinch. They were sparring at the sound of the gong.

Round seven—Fruzzetti started the round with a left to the chin and did not get a return. He missed a right to the head and they clinched. Fruzzetti had the kid dancing around the ring and finally landed a right to the stomach. After sparring he placed a right to the side of the head in return. Fruzzetti landed a right to the side of the head and received a right to the side of the head in return. After some sparring Williams landed a left swing to the side of the head and received a right to the head. The men were clinched and exchanged some light body blows when the round finished.

Round eight—After some sparring the men went into a clinch. On breaking away Fruzzetti placed right to body and left to side of face, and in return Williams landed a right to the face. The men clinched and exchanged some light body blows when the round finished.

Round nine—After the men broke from a clinch, Fruzzetti placed a right hook on the kid's jaw and they went into another clinch and exchanged light body blows. On the breakaway, Williams swung right to body and in return got a stiff right punch to the stomach. The Boston boxer followed with left to face and right to body and the men clinched, exchanging rights and lefts to body before they broke clear. Fruzzetti swung right to body and left to chin without a return. Then followed sparring and clinching. Williams placed a right punch to face, and in return received a right to the face and left to body. Fruzzetti was doing most of the leading in this round. The men were sparring when the bell sounded.

Round ten—Fruzzetti started the round on the jump and managed to land right and left swings to head, causing Williams to cover up and go into a clinch. On the breakaway Fruzzetti followed with a stiff right hook to jaw and right to body, when Williams clinched. Fruzzetti was doing most of the leading and frequently landing without return. Williams swung right to face and after a clinch hooked a left to head. The Boston boy then had the kid dancing round the ring and finally landed a stiff right to the body and left to face, and going into a clinch Williams landed an uppercut to stomach. Fruzzetti kept right after his man at every opportunity and with swings to head and body caused the kid to clinch. The men were locked together at the conclusion of the round.

Referee O'Connor awarded the decision to Fruzzetti, which was received with considerable applause.

During the programme, Stoker Callahan of England issued a challenge to the light-weight in the city, Al Palmer preferred. It was announced that Al Hogan had accepted the challenge, and the bout will take place at a future date.

Owing to a drill by the Cadets, which had been scheduled to be held in the Armory last evening, but was later called off, the first preliminary did not start until after 9 o'clock, with the result that the final bout was not finished until after 11 o'clock.

GAMES IN BOSTON.
Boston, Feb. 23—The Boston A. Hockey team defeated the Boston Hockey Club in the first game of a U. S. hockey league double-header here last night, 3 to 2. In the second game the New Haven Bears defeated the Maple A. A., 2 to 0.

Will Bluege K. O. Kid Jinx?

Big Things Expected at First International Indoor Championships

Canada's first international indoor skating championship meet, which is to be held in the Arena next Monday, Tuesday and Wednesday evenings, should be one of the greatest skating events ever held in the Dominion. The entries show 128 contestants ready to face the starter in the various events, and this list includes the cream of the speed skaters of the continent.

It is expected that skating history will be made at the former records will be shattered when Charlie Gorman, Joe Moore, Kasey, Steinmetz, Donovan and other leading performers will clash in their struggle for premier honors.

In previous years the indoor international did not follow so soon after the big outdoor meets and as a result the skaters were more or less scattered and not so many of the headlines under the blue sky were available for the indoor events. This is not the case this year, however, and they are being held together here so many of the best performers in the country that many look for some of the indoor records to go by the board.

In several cases the indoor records are faster than the outdoor. The fastest in the indoor 220 was made by Fred Robson, of Toronto, in 1911. It was 18 seconds. The nearest approach to this mark made outdoors has been that of Charles Jewtraw, who hung up a figure of 18.4 seconds at the outdoor international meet in St. John last year.

In 1913 Bobby McLean set an indoor mark of 37.5 seconds for the 440 yards. Last week Gorman, who had already bettered this mark, hung up 36.5 seconds for the quarter, a faster performance than McLean's. Will Gorman, world champion quarter miler, smash McLean's indoor record at the Arena?

McLean also holds the indoor record for the half mile, having negotiated the 880 in 1913 in a minute 16.1 seconds. The outdoor record made last year by Joe Moore is a bit slower, 1 minute 17.5 seconds.

Edmund Lamy holds the indoor mark for the three-quarter mile. It is 2 minutes 4.5 seconds. The outdoor record for the same distance outdoors is 2 minutes 21.5 seconds.

In the mile the indoor mark is faster than the outdoor. Morris made last year's record of 5 minutes 11.5 seconds in Pittsburgh away back in 1904 and the three miles clocked them in 2 minutes 41.5 seconds. At St. John last year Richardson set the world's outdoor record, negotiating the distance in 2 minutes 43.2 seconds.

The Three Mile.
The smoky city of Pittsburgh was also the scene of Charles T. Fisher's performance when, in 1916, he traveled the three miles in 16 minutes 33.5 sec., the indoor record. Joe Moore claims a record of 8 min. 21.2 sec. for the three miles outdoor event, made last year. But Joe's claim still awaits official approval. It is contended that a wrong count was made in the number of laps on the track.

Yesterday's victory gave the Trojans a clean sweep of their out-of-town games with one left to play at Moncton tonight. The total points to date are as follows: Trojans, 222; Opponents, 110.

The Mexican boundary line of the United States is 3,744 miles long.

AN AWFUL ATTACK OF PIMPLES ALL OVER HIS FACE

Pimples breaking out on the face and other parts of the body is a sure sign that the blood is not in proper shape. While the skin is the object of the attack the real seat of the disease is in the blood on account of the entire circulation being poisoned.

Burdock Blood Bitters quickly and effectively banish pimples and other skin diseases as it goes right to the root of the trouble by cleansing and enriching the blood.

Mr. Conrad Anderson, Kelsford, Sask., writes—"A year ago I had an awful attack of pimples. They broke out all over my face and I could not get rid of them in any way. One day a friend told me about your Burdock Blood Bitters and let me have a bottle and he had to spare. After using it I noticed a change, so I bought three more bottles, and now I don't know where they are, but they are as good as pimples."

B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

COHEN OF REDS ASKS COURT TO CHANGE NAME TO BOHNE

San Francisco, Feb. 23—Sammy Bohne, Cincinnati Reds' second baseman, who began his baseball career on San Francisco's sandlots when he was Sammy Cohen, wants the name of Bohne conferred upon him by legal edict. An application was filed in Superior Court here recently requesting permission for the change in name. Sammy's mail is going astray because "Sammy Cohen," the name some of his old friends use in addressing him, is unknown around baseball headquarters, the petition states. Cohen changed his name to Bohne when he began playing in the Pacific Coast League.

When Charles D. "Baldy" Spittal, of Amherst, N. S., and captain of the Ottawa "Silver Seven," Stanley Cup champions of 1908-09, which meant the anniversary of a hockey game he played in St. John 20 years ago last night by refereeing the St. John-University of Maine game, two old timers of former days, an old Mohawk player and one of his former rivals from Sackville, talked over the old games and rooted from the grand stand for the home team.

This little incident proves that hockey is one of the games that no one ever forgets. Too bad some of the younger sports could not cultivate a love for the King of Sports by backing up the home team by their attendance now and then. Those who missed Monday's game missed the game of the season, but there are more coming, and the home team is beginning to fix itself. The wonderful form they displayed last night is still being talked of, and much is looked for from the St. John team from now on.

Amherst, N. S., Feb. 22—Moncton defeated the Ramblers here tonight 3 to 2, in an Independent League fixture. By this victory Stellerton was placed well out in front in the second round with only three games to be played. Referee J'waddle held the game tonight in tight check and while he handed out fourteen penalties, none of the offences were of a serious nature. There was no score in the first period. In the second, Blair Carroll tallied twice on individual rushes. In the third, Lester Lowther opened the scoring for Amherst. Doncaster kept Moncton in a safe position when he kept a pass from Ingram and again scored. Grimley made the count 3 to 2 shortly before the bell sounded. With six men against three Amherst could not score in the final five minutes. Play being Bickerton was the outstanding player of the game.

Line-up: Goal, Cummins; defence, J. Carroll, G. Carroll, forwards, B. Carroll, George Lowther, Doncaster, J. Ingram.

Amherst: Goal, F. Chapman; defence, Cook, Fraser; forwards, Grimley, L. Lowther, I. Bickerton, F. Carroll and L. Bickerton.

Defeat University of Maine Hockey Team by Wide Margin.

Another international victory was credited to St. John when the University of Maine hockey team was defeated by the National Winter Port players by a score of 9 to 1 before a crowd of some 500 fans at the Arena last evening.

Although the local team showed to marked advantage scoring three in the first period, two in the second and four in the third, the Americans displayed remarkable form in view of the fact that this season marks but their second winter at Canada's national winter game. Their goalie Baxter, wearing a baseball glove on his left hand, made several sensational one-handed stops, while Sower, at centre, showed fine play in his skating and puck carrying. Elliott, the only Canadian on the team, displayed a good defensive game. The entire aggregation displayed some fine team work and combination play, their back checking being more persistent than that of the locals, who showed a disposition to take things easy.

All the local players had opportunity to shine last evening. "Jimmie" Gilbert led on the tallying, "Brad" uncovered several sensational goals of the evening. Greig and Monteth worked in some fine backchecking. Richards fed in the most sensational goal of the evening. Short took their share of the counters and Rothburn uncovered some of the fastest skating seen during the game. Nicholson played his usual "stone-wall" game.

Line-up and Summary.
The line-up and summary follows:
St. John. Goal. Uni. of Maine. Nicholson. Defence. Baxter. Richards. McKay. B. Gilbert. Forwards. Blair. J. Gilbert. Sterns. Elliott. Monteth. Substitutes. Greig. Homer. Short. True. Rathburn. Referee—C. D. Spittal.

Former Champion Defeats Smith

Jack Johnson Awarded Decision After 10 Rounds in Montreal

Montreal, Feb. 22—Jack Johnson, former world heavyweight boxing champion, was awarded the judges' decision over Homer Smith, of Kalamazoo, Mich., in the ten round feature bout of the card at the St. Denis Theatre here tonight. Johnson weighed 221 pounds and Smith 197 1/2.

The westward limit of the United States is Cape Awa, Washington.

REFeree ONCE ON WORLD CHAMPIONS

Captain of Ottawa "Silver Seven" in 1903-04 Handles Whistle Here

When Charles D. "Baldy" Spittal, of Amherst, N. S., and captain of the Ottawa "Silver Seven," Stanley Cup champions of 1908-09, which meant the anniversary of a hockey game he played in St. John 20 years ago last night by refereeing the St. John-University of Maine game, two old timers of former days, an old Mohawk player and one of his former rivals from Sackville, talked over the old games and rooted from the grand stand for the home team.

MRS. E. A. STURDEE DOG SHOW JUDGE

Is Officiating at Kennel Exhibit in Boston This Week.

St. John residents will be interested to know that Mrs. E. Alban Sturdee, formerly of this city, is judging the Irish and Gordon setters at the Eastern Dog Kennel show in Boston this week. One of her Irish setters won third prize in the Westminster Kennel Club show in New York last night. As she is a judge at the Boston show she is not exhibiting there, under the rules.

Mrs. Sturdee is a daughter of the late Rt. Rev. Dr. Hollingsworth Tully Kingston, for years Lord Bishop of Fredericton.

Leb. Wilson and C. C. Sullivan left for Boston Wednesday to see the dog show.

SOUTH END MEET BROUGHT TO CLOSE

Close and Exciting Races Furnish Thrills to Many Spectators.

The finals in the South End race held last night in the South End rink proved fast and exciting. There was a large number of fans in attendance. The final in the 220 yards in the 12 years and under class furnished the thrill of the evening. Walter King won the race in 27 seconds, racing to the tape neck and neck with Charles Payne who finished just a shade behind the winner.

The medals for the various events will be presented at the closing of the Boys Club, the date for which is not yet known.

The events and results follow:
Final, 16 years and under, 880 yards—Jat, E. Sparks; 2nd, F. Bridges. Time 1.44.
Final, 12 years and under, 220 yards—Jat, Walter King; 2nd, C. Payne. Time 27 sec. Very close finish.
Final, 14 years and under, 440 yards—Jat, K. Lewis; 2nd, A. Maxwell. Time 52 sec.
Final, Girls 440 yards—Jat, Hazel Maxwell; 2nd, B. Hurley. Time 39 sec.
Final, 18 years, 1 mile—Jat, Frank Howard; 2nd, K. MacAlpine. Time, 3.24.

Officials.
Referee, James McGivern; starter, Hudson Green; judges, F. C. Potts, J. C. Chesley, F. C. Lewis; clerk of course, W. Frost; assistant, W. Allen; scorer, H. Warren; patrol judges, D. W. Davies, B. Knox, F. Hurley, A. G. Tapley, G. Ward; timer, A. O'Brien.

HARRY GREB WINS FROM REEVES

Oakland, Cal., Feb. 22—Harry Greb, middleweight champion, won a decision in a four-round bout here today from Jack Reeves of San Francisco. They fought at catchweights. Greb weighed 164 pounds and Reeves 165.

The fight was one-sided, the champion being credited with having the better of every round. Greb at no time brought into play his hardest blows.

PLAN TO FORM ENGLISH RUGBY FOOTBALL UNION

Montreal, Feb. 22—Plans for the formation of an English rugby football union to control the game in Eastern Canada were discussed at the general meeting of the Montreal English Rugby Club held here last night. A committee was appointed to communicate with McGill University, Ottawa and the Maritimes with a view to obtaining their views on the question.

ROTHESAY BOYS WIN

NEWS NOTES GATHERED FROM THE WORLD OF STAGE AND SCREEN

NOTED ACTRESS REFUSES TO PLAY BECAUSE LEADING MAN IS NEGRO

Theatrical Circles Stirred by Events in Inter-Racial Play.

New York, Feb. 23.—A tempest of criticism, both in the theatrical profession and out, has been aroused by the apparently fixed determination of Eugene O'Neill, the playwright, and Kenneth MacGowan, director of the Provincetown Players, to place a thus far unidentified white leading woman opposite an announced colored leading man in O'Neill's forthcoming inter-racial play, "All God's Chillun Got Wings."

social conflict was when, in 1921, Charles S. Gilpin, colored actor in the "Emperor Jones," another O'Neill play, was invited to be guest of honor at a drama league dinner. This is a poor parallel, however, as Gilpin, hated the greatest actor of his race, in the end enjoyed a signal triumph at the dinner after the somewhat numerous protests against the invitation had been silenced.

Her Only Starring Picture

Lou Lawson. She would not have had to change that name if she had become a star in the movies—and that was the dream in her heart as she left Walnut Springs, Texas, for Broadway. A few bits as extra in films now and then did not serve to lift her from obscurity. Then one day a light brighter than any that screams a name along the Butterfly Way projected her name before millions of eyes. Lou Lawson was found dead in her apartment. There was mystery in her death, even as there had been mystery in her life. And after death the "star" photos of Lou Lawson find the place that Lou would have had for them in life.

ALL READY FOR BIG TOURNAMENT

Large Number Enter First Badminton Tourney in St. John.

Arrangements have been completed for the first badminton tournament ever staged in this city, which will take place on the Army Courts next Tuesday. The ladies' doubles and singles will be played off as far as possible Tuesday afternoon, the men's to commence at 8 o'clock sharp. The men's doubles and singles, the mixed doubles, semi-finals and finals will be played at night, starting at 7 o'clock sharp. On account of the large number of entries all games, with an exception of ladies' doubles and singles, will be played fifteen points. The ladies' doubles and singles will be played at eleven points and there will be no playing off for points. It will be necessary for every player to go on the courts immediately when their names are called, if not, they will lose their game by default. The committee hopes that everyone playing will distinctly understand this ruling, which is made necessary in view of the fact that there are so many sets and the time is limited for completing the tournament.

Men's doubles—R. Gorham and I. Ryder, C. C. Kirby and R. Frith, W. L. Dixon and Campbell Mackay, M. Dixon and A. Parlee, J. Little and J. Hoyt, P. Walsh and E. Walsh, L. Seeds and R. Whelpley, H. Mercer and H. A. Gorham, H. B. Dean Gandy and Arthur Gandy, S. Parkhill and A. P. Crookshank, Jack Sutherland and R. Patterson, W. L. Dixon and W. L. Dixon and R. Laskey, Arthur G. Laskey and L. Hennigar, L. G. Maxwell and P. J. Legge, A. W. Wright and J. Frost and A. Mantle, A. Cody and A. Stewart, D. McKean and Poston, H. Morrissey and A. Gilbert, R. Wright and H. Heans, H. Peter and W. Caldwell, L. Jones and P. Jones, A. Schofield and Postwick, J. Anglin and D. Peters.

MUTUAL ENTERTAINMENT.

Thirty members of Jewel Rebekah Lodge enjoyed the evening performance of "East Lynn" at Queen Square Theatre on Wednesday, when they were the guests of Mr. H. Wilnot Young, head of the Young-Adams Co. and Mrs. Young. In return the members of Jewel Rebekah Lodge entertained Mr. and Mrs. Young, their daughter, Miss Margaret Young, Mr. and Mrs. Thomas Redman and Mr. and Mrs. J. McMillan, members of the company, at the tea hour on Thursday afternoon at Oddfellows' Hall, West St. John.

Louise Lorraine who has just completed the last episode in H. C. Wither's "Fighting Blood" series has received an offer to go to England for a series of three starring productions to be filmed in England and on the Continent.

Public Notice is hereby given that a Bill will be presented for enactment at the next session of the Legislature of New Brunswick for the purpose of amending the law relating to the collection of rates and taxes and sale of property for default in payment of taxes in the County of Saint John. Dated this twentieth day of February, 1924.

Ralph Lewis has just received a fan letter from the Island of Madagascar that he is neither able to read nor to find any linguist who is able to decipher what kind of language it is.

STRANGER WALKS OUT ON TO STAGE

Stopped the Show When He Thought He Knew the Leading Actress.

New York, Feb. 23.—Mary Eaton the beautiful star of "Kid Boots," got the surprise of her life the other night when in the midst of her love story a strange young man walked into the spotlight on the stage and attempted to induce her to "Come with him to once."

He had his overcoat on and had evidently walked in from the street. Miss Eaton screamed in fright and stopped the show. Stage hands grabbed the stranger.

He said he was Ernest A. Beatty of Albany and Boston. He was under the impression, he said, that he had discovered in Miss Eaton an old friend of his and acted quickly.

He was held until the authorities can convince him he was mistaken.

WILLIAM FOX presents JOHN GILBERT in The EXILES

Story by Richard Harding Davis Directed by Edmund Martinez

MONDAY INCONGRUOUS! LUDICROUS! UPROARIOUS!

"Me and My Gal" Or "THE ROMANCE OF SQUIBS."

Squibs, the Flower Girl, the darling of England, will captivate you. You will live an hour and a half in Piccadilly Circus, Leicester Square and Whitechapel with queer blokes and rummy blighters, cheery chappies and good-hearted Johnnies that will tickle you pink.

ROUGH HOLDING OUT.

Cincinnati, Ohio, Feb. 23.—Outfielder Ed Roush said that he does not expect to come to Cincinnati this week because of his 1923 contract with the directors of the Cincinnati National League Club.

"I didn't make any appointment with President Herrmann," said Roush over the telephone from his home in Oakland City, Ind. "I have not heard anything recently from Mr. Herrmann."

MAY WILL REPORT

Cincinnati, Feb. 23.—Jakey May has decided to come into the Cincinnati Red's camp and settle his differences with the Vernon Club of the Pacific Coast League without worrying the Red management about his dispute with President Herrmann.

The little left-hander, in a letter received by President August Herrmann, said that he is pleased with Cincinnati's championship prospects and that he will accept terms in the near future.

George Hackethorne, in "Judgment of the Storm," was born in Pendleton, Ore. He had a short stage experience before he took up film up. His greatest success was in "The Little Minister." He also was in "The Last of the Mohicans."

Warner Baxter has been loaned by F. B. O. to Thomas Ince for the mad mad opposite Blander Sweet in her new starring vehicle, "Those Who Dance," which Lambert Hillier is directing.

While appearing in some of the battle scenes in the Emory Johnson production "Swords and Plowshares," Johnnie Walker used a gun that had been used in the Boer War.

Comfortable Dressing and Shaving

A chilly bedroom or bathroom—any room—is quickly made comfortable by a Perfection Heater. Small, light and handy, it gives a lot of heat—clean heat. The wick-stop prevents smoking. Turns Imperial Royalty Coal Oil into odorless heat that you appreciate on cold mornings when the furnace fire is sluggish. Runs about ten hours on one gallon of Imperial Royalty Coal Oil. No more trouble than a kerosene lamp. Well built and lasts for years. Nickel trimmings with either blue enameled drum or black japanned drum. An economy and a necessity in every home. Choose your Perfection Heater to-day. Look for the triangle trade-mark.

ALEXANDRA AND ST. VINCENT'S LEAD

Are High Point Schools in Schoolboy Meet—Races Today.

Thrilling finishes and closely contested races marked the various events held in the Arena this morning in the School Boys' Meet, which is being conducted under the Y. M. C. I. While the work of some of the boys was outstanding all entered into the races with a zest and fought hard to win individual honors as well as secure points for their schools.

The races held this morning consisted of the 220, 440 yards, half mile and three-quarters mile for boys under 14 years of age, and the half mile and three-quarters mile for High School boys.

The following is the result of the various events:

- 220 Yards Boys Under 14. 1st Heat—Andrews 1st; Sealey 2nd. Time 25 secs. 2nd Heat—King 1st; Dykeman 2nd. Time 25 3/4 secs. 3rd Heat—Lee 1st; Coughlan 2nd. Time 26 secs. 4th Heat—Maxwell 1st; Patterson 2nd. Time 26 secs.
- Finals—Andrews, of Alexander school, 1st; Sealey, of Alexander school, 2nd; Maxwell, of King Edward school, 3rd. Time 24 1/2 secs.
- 440 Yards Boys Under 14. 1st Heat—Sealey 1st. Time 49 3/4 secs. 2nd Heat—Andrews 1st. Time 53 secs. 3rd Heat—Walker 1st. Time 55 secs. 4th Heat—Lee 1st. Time 52 3/4 secs. 5th Heat—Peacock 1st. Time 53 secs.
- Finals—Andrews, of Alexander school, 1st; Sealey, of Alexander school, 2nd; Lee, of La Tour school, 3rd. Time 45 ft.
- Half Mile Boys Under 14. 1st Heat—Maxwell 1st; Lee 2nd; Walker 3rd. Time 1m. 30 secs. 2nd Heat—Andrews 1st; Sealey 2nd; Dunbrack 3rd. Time 1m. 32 secs. Finals—Andrews, of Alexander school, 1st; Sealey, of Alexander school, 2nd; Lee, of La Tour school, 3rd. Time 1m. 40 secs.
- Three Quarters Mile. Andrews, of Alexander school, 1st; Maxwell, of King Edward school, 2nd; Sealey, of Alexander school, 3rd. Time 2m. 39 secs.
- Half Mile High School. 1st Heat—Oland 1st; Maurice, 2nd; Comeau, 3rd. Time 1m. 40 secs. 2nd Heat—G. Comeau 1st; Stirling, 2nd; Nugent, 3rd. Time 1m. 55 secs. Finals—Oland, of St. Vincent's High, 1st; G. Comeau, of St. Vincent's High, 2nd; Maurice, of St. John High, 3rd. Time 1m. 36 secs.
- Three Quarters Mile. Oland, of St. Vincent's High, 1st; Maurice, of St. John High, 2nd; G. Comeau, of St. Vincent's High, 3rd. Time 2m. 41 1/2 secs.

The officials at the meet were—Judges—G. Rose and H. Lee. Timers—L. King and G. Morgan. Starter—Ernest Stirling. Score—T. Killen. Clerk of the course—Noel Jenkins.

The points scored by the schools this morning were: Alexander, 190; King Edward, 80; La Tour school, 20. The grand total for the meet to date follows: Alexander, 190; Union Point, 60; Lorn, 50; St. John Baptist, 50; La Tour, 50; St. Malachi's, 40; King Edward, 30; Albert, 10.

In the High School meet St. Vincent's scored 90 points this morning and St. John High 80. Their grand total is St. Vincent's 140; St. John High 100.

The meet will be brought to a close next Saturday when the 220, 440, half mile, three-quarters mile and mile will be held for the sixteen year old class and the High School boys one mile will be held.

SONS OF ENGLAND HAVE AT HOME

Enjoy Excellent Programme in Simonds Street Hall—Many Attend.

An at home was given by Lodge Portland, Sons of England, last evening in their hall, Simonds street, and proved most successful. The large number present thoroughly enjoyed the fine programme provided for their entertainment. Every number was heartily enjoyed. The committee in charge was headed by H. B. Crabbe and they were warmly congratulated on the result of their efforts to please. E. E. Brittain, president of the lodge, was in the chair. At the close of the programme refreshments were served. An orchestra composed of Charles Walsheim, Charles Bourke, Ronald Saunders, Lawson Mowry and Emery Henderson added much to the success of the evening.

Following is the programme: Speech—President Edward E. Brittain. Selection—Orchestra. Vocal Solo—Miss Reiker. Reading—L. A. Belyca. Speech—District Deputy G. H. Lewis. Piano and Mandolin Duet—C. Willis and his son, William. Vocal Solo—Wm. Parker. Selection—Orchestra. Song—H. Longe. Piano Solo—Mrs. Dennison. Vocal Solo—Chas. Willis. Piano Solo—Miss London. Song—Geo. Nobles. Selection—Orchestra. Speeches by Com. R. W. Wigmore, F. L. Potts, P. Griffin, president of Marlborough Lodge and Mr. Woods, president of New Brunswick Lodge.

BELIEVE GRANITES ON WAY. According to advices received the Canadian Olympic hockey team, amateur champions of the world, should be enroute here on the Canadian Pacific steamship Metagama, which was scheduled to leave Liverpool yesterday. If the steamer got away on schedule time she should arrive here next Saturday or Sunday.

LOCAL NEWS

HYDRO REPORT
A total of 2,828 meters installed was reported by the Civic Power Commission this morning.

WHOSE IS IT?
The police report the finding of an automobile tire chain and the owner can receive the same on application at police headquarters.

NO ARRESTS
There was no business conducted in the police court this morning, no arrests having been made during the last twenty-four hours.

WILL CHOOSE PRINCESS
The judges who were to select a Princess at the Arena this afternoon were Mrs. W. W. White, Mrs. George Bishop and Miss Maud Addy.

ONE WITHDRAWN; ONE SOLD
Two properties were offered for sale this morning at Chubb's Corner. The first, a freehold brick property No. 5 Dorchester street, was offered by F. E. Potts. This was withdrawn at \$4,800. The second was a small house and lot at 233 Duke street west. This was sold by I. Webber to H. S. Keith for \$100 over and above a mortgage of \$180 and eleven years interest.

GIVE NOVELTY SHOWER.
About 25 girl friends of Miss Jean Shields met last evening at the home of Mr. and Mrs. J. A. Makinney, 222 Main street, and tendered her a linen shower in honor of an event which is to take place in the near future. The gifts were brought into the room in a large hat tastefully trimmed with blue and white. Dainty refreshments were served and the evening spent with games and music.

WILL BE BURIED ON MONDAY
The funeral of Charles A. Raiston, who was killed by an engine in the railway yards at Buffalo, N. Y., will be held on Monday afternoon from the residence of his parents, 319 City road. Mr. Raiston is survived by his wife, a 12 year-old son, William Edgar; his parents, Mr. and Mrs. W. A. Raiston; one sister, Mrs. Robert Kennedy, Newburyport, Mass.; and five brothers, Robert A. and Harry W., of Somerville, Mass.; E. J. and Roy of Buffalo and James of this city.

WAS WELL DONE.
The entertainment given yesterday afternoon and evening by the St. Peter's Cadets at the Carleton City Hall was well attended, and those present saw a very fine show. The drills were especially good, and the individual performers all received well-merited applause. There was a very nice exhibition by the boys of the East End Boys' Club. Others taking part were Walter Kierstead of Albert school, Cadets Sherwood and Moore, in solos, and J. Robertson, award winner, McGowan acted as pianist in the afternoon, and Miss Willa McCullum at night.

SALES HELD TODAY.
A successful home cooking sale was held this morning by the Ladies' League of St. Dunstan's church in the lobby of the Venetian Gardens. Mrs. W. J. Bingham and Mrs. Sidney Kerr were general conveners and they were assisted by Mrs. A. D. Malcolm, Mrs. D. R. Willet, Mrs. F. McKelvey and Mrs. H. A. Brown.

A pantry sale was conducted this morning by the W. S. S. of Centenary church at the show rooms of the Grey Dorr Company, and was well patronized and a good sum was realized for mission funds of the church. Mrs. J. D. Williams was general convener and she was ably assisted by Mrs. C. F. Sanford, Mrs. E. W. Paul, Mrs. R. A. Raymond and Mrs. R. L. Lachar.

FUNERALS.

The funeral of J. Olson McWilliams was held this morning from his late residence, 88 Yaddock street, to the cathedral for high mass of requiem celebrated by Rev. E. P. Reynolds, Rev. R. McCarthy was deacon; Rev. W. McDonald, sub-deacon; Rev. W. McDonald, master of ceremonies. Final absolution was given by the Rev. E. A. LeBlanc. Rev. J. Ward was in the sanctuary. Interment took place in the old Catholic cemetery.

PROVINCIAL BANK SUB-AGENCY CLOSED

The sub-agency of the Provincial Bank of Canada, which had been operated in the south end of the city for the last four or five years, was closed today and the staff transferred to the present to the main branch of the bank in Charlotte street. Here the business which was formerly carried out in the south end will be transacted in future. D. W. Harper, general manager for St. John, said today that the closing of the bank was due to a falling off in deposits. The sub-agency was opened only for the handling of deposits and withdrawals, and was not employed for general banking purposes.

CRUISE SUCCESSFUL

Don Cable, assistant agent at Atlantic ports for the Canadian Pacific Steamships, Ltd. has returned to the city from New York, where he went to meet the Empress of Britain, which returned from her first cruise of the season to the West Indies. Mr. Cable said the cruise had been a most successful one and had been thoroughly enjoyed by the passengers. Among those returning from the cruise was Victor Crosby of this city. Today the Empress was due to leave New York on her second cruise. Prior to Mr. Cable's departure from New York 450 people had booked passage for the cruise. Among them were Mr. and Mrs. G. E. Barbour of this city.

RENEWS AVENUE CROSSING MATTER

Commissioner Frink Speaks Following Judgment in Falls Bridge Case.

Commissioner Frink said this morning that he would wait until it had been decided whether an appeal would be taken by the province to the Supreme Court of Canada in the bridge case before taking any action toward an overhead crossing at the western end of Douglas avenue.

It was recalled that the Board of Railway Commissioners made an order for a grade separation over the tracks of the C. P. R. there and made the following division of the cost of the work: \$15,000 from the fund for this purpose maintained by the Railway Commission; of the balance, 50 per cent. to be paid by the C. P. R., and the remaining 50 per cent. to be divided equally between the city and the New Brunswick Power Company.

INVITES HANSON TO COME ALONG

Gleaner Says It Will Act if Nothing Happens Soon.

Referring to the threatened libel suit by B. Hanson, M. P., the Fredericton Gleaner said yesterday: "It is seven days ago today since R. B. Hanson threatened to take action for libel against The Gleaner as the result of an article in these columns of the preceding day in which very serious charges were made against him. He boldly threatened action within twenty-four hours or so if a retraction were not made in the meantime. We challenge him to proceed with much more rapidity than any man now in evidence. We repeat that we are prepared and anxiously ready to support the charges which The Gleaner made a week ago last Thursday; and if the writ for action is not served before next Tuesday or Wednesday at the latest The Gleaner will take the most prompt and effective action available to force a show-down."

COMMISSION MET HERE TODAY

Mothers' Allowances are Discussed With Committee of Women's Council.

The royal commission appointed by the Provincial Government to consider mothers' allowances and minimum wage, met a committee from the Women's Council this morning to outline a survey of the city to be undertaken by the two organizations in connection with the matter of mothers' allowances.

Dr. W. C. Kierstead of Fredericton was in the chair and others present were: L. W. Simms, Felix McMullin and Mrs. J. L. Sargue, of St. John, and R. A. Frechet, of Moncton, members of the commission; and Mrs. E. A. Young, vice-president, and the following members of the Women's Council: Mrs. T. H. Carter, Mrs. E. Edmond Raymond and Mrs. Riddle.

It was agreed that the Women's Council would undertake to determine the number of widows with two or more children and who needed assistance in order to maintain their homes. It was proposed to appoint workers in every section of the city to secure the registration of the persons desired. After this information had been secured the commission proposed to investigate the result.

DEATHS NUMBER 17

Seventeen deaths were reported to the Board of Health for the week ended today from the following causes: Measles, three; broncho-pneumonia, two; cerebral hemorrhage, two; scarlet fever, one; cholera, one; typhoid, one; endocarditis, cholecystitis, lobar pneumonia, fracture of skull, angina pectoris, arterio sclerosis, aneurysm of aorta, chronic myocarditis, abnormal heart, congenita, one each.

As Hiram Sees It

"What is this I hear about you threatening to get an injunction to prevent the international skating meet in the Arena?" asked The Times reporter of Mr. Hiram Hornbeam. "They said I couldn't hev the front seat for the finish line fer the three nights," said Hiram. "I told 'em my money was just as good as anybody's, an' me an' Hanner was comin' in to see them races—an' we wanted a front seat. Hanner was gonto bring a couple o' pillars to set on—an' a robe to put round us—all we wanted was the tickets. But I got 'em—yes, sir—I got 'em. I wouldn't miss them races fer a load o' hay. Me an' Hanner has been so proud since Charlie (Gorman) got that American championship—an' what them younger fellers done so well—that we talk about it every day. I want to tell you know we'll be sendin' in some flyers from The Settlement. Our youngsters is full of it right now—By Hen!"
