GRAND JURY TO HEAR ALL WARDS

Searching for Facts in Sensational Killing

Cunningham Refuses to Tell Anything More While They Keep Him Under Arrest—Investigators Build Hope on Elder Ward.

(Canadian Press.) White Plains, N. Y., June 5.—The entire household of Walter S. Ward, his father, George S. Ward, and several neighbors of the Wards in New Rochelle, were expected to appear this morning before the Westchester county grand jury in an effort to get at the facts surrounding the shooting of Clarence Peters, ex-actor, on May 16. This was the second time that the grand jury, empaneled in May, was called upon to consider some part of the mysterious killing near the Kémsico reservoir, which Walter S. Ward, had said resulted from an attempt by blackmailers to extort \$75,000 from him.

BOYS GRASP A LIVE WIRE AND ARE KILLED

It Hung Over a Pond Into Which They Had Fallen from Little Boat.

Simcoe, Ont., June 5.—A double tragedy occurred at Culver's Pond last evening when two young boys, Cyril Johnson and Albert Patterson, were instantly killed by grasping a live wire. At 7 p. m. the two boys who had walked out to Culver's Farm a short distance from town, found a punt on the bank of the pond and proceeded to cross to the opposite side.

WARRANT FOR HALIFAX MAN IN SUICIDE PACT

Halifax, N. S., June 5.—Warrants are being issued charging here a possible private of the Royal Canadian Regiment, with attempting suicide and with counselling and procuring the suicide of Florence Miles, his sweetheart, so it was said at the police station here today. Miles, who was found lying unconscious on a boat near the harbor, was taken to a hospital, where he died on Friday, and a bullet wound near the heart alongside the dead body of Miss Miles in a wood here on Friday, was slightly better, but still in a serious condition, at noon.

EXCHANGE TODAY.

New York, June 5.—Sterling exchange here for demand on Great Britain 4.50; Canadian dollar, 1/2 of one per cent.

Belyea Third, One Foot Behind Costello, Fast Time, Hoover Victor

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "I expect to have a very busy week." "Was you goin' out to make speeches in the country?" queried Hiram. "Nothing so dull," said the reporter. "There are no fireworks in this campaign. I have something more important to do. I am going to interview every delegate to the health convention, find out how to cure every disease, and then syndicate a daily health column for one hundred newspapers, telling the people how to get well."

ST. JOHN OARSMAN AND VESPER SCULLER BUT TWO LENGTHS BEHIND DULUTH MAN

Philadelphia, June 5.—Walter M. Hoover of the Duluth Boat Club today won the Philadelphia Gold Challenge Cup, emblematic of the amateur sculling championship of the world. His time was 7 minutes, 24 seconds.

Enthusiastic Liberal Meeting in Lorneville

Large Audience Included Electors Who Never Before Had Attended a Liberal Meeting—Vigorous Speeches By the Candidate, A. F. Bentley, Premier Foster, Dr. Curran and Councillor Campbell Are Warmly Applauded.

The first week of the government campaign for the vacant St. John county seat to be filled on June 10 concluded last Saturday evening with a most heartening and well-attended gathering in the interest of A. F. Bentley, the Liberal candidate, at Lorneville. Men of this district who never before had attended a Liberal meeting turned out in large numbers to listen attentively to the brilliant speech by Premier Foster and the convincing arguments advanced by Dr. L. M. Curran, M. P., and Councillor W. Murray Campbell.

As the relative estimate of the achievements of the last two administrations was set before the packed audience, the applause became stronger and stronger as each point was made and when the Premier Foster and his aides were given a will that left little doubt as to the sympathies of all present. It was one of the most encouraging meetings of the campaign, so far, and high commendation as to the result next Saturday reigned in the government camp.

Mr. Bentley's declaration that many electors who had voted against the Liberal standard-bearers in all previous elections were on this occasion falling into line in full and hearty approval of the Foster government's splendid conduct of the affairs of the province since assuming power in 1917, was the signal for a great outburst of applause.

Dr. Curran was well received and spoke at length on the financial phase of the fight in a lucid and convincing address. He quoted official figures to back up his statements in his contrast between the methods of the late government and those of the Foster administration. He pointed with pride to the fact that no serious charge ever had been laid at the door of the government concerning misuse of the public money and, after a lengthy survey of the financial condition of the province at present, he concluded by proclaiming his confidence in the ultimate result of the election next Saturday.

Councillor Campbell also spoke and made a very favorable impression in his appeal for the election of Mr. Bentley. Six meetings in five nights will mark the closing week of the government campaign. The first week of the Liberal campaign has been highly effective and the government forces are awaiting the result with confidence.

Programme of meetings is as follows: Monday, June 5—Beaconsfield—Speakers: Candidate, Premier Foster, J. A. Barry and Dr. Curran. Tuesday, June 6—East St. John—Speakers: Candidate, Premier Foster, W. Rose, Dr. Curran. Wednesday, June 7—Dipper Harbour—Speakers: Candidate, Hon. Dr. Roberts and Arthur Carlson. Thursday, June 8—Glen Falls—Speakers: Hon. Peter J. Veniot, Hon. D. W. Mercereau and candidate. St. Martins—Speakers: Hon. Clifford

Can you mix a good salad?

Your skill in salad making is seemingly enhanced if you use Heinz Vinegar. At any rate, the salad is improved by its mellow flavor—its delicate aroma.

Heinz Olive Oil, pressed by Heinz in Seville, Spain, plays a big part in the salad's perfection.

Robinson, Hon. Fred. Magee and Hon. Dr. Roberts. Friday, June 6—Fairville and Randolph—Speakers: Candidate, Premier Foster, Hon. Peter J. Veniot, Dr. Curran. FIRST BAND CONCERT. The first band concert of the season will be given in King Square this evening when the City Cornet Band will render the following programme under the direction of Frank Waddington, the bandmaster. The concert will commence at 8 o'clock.

Programme. March, Belphegor Brepant. Overture from the opera "Stradella" Rivotov. Serenade, "Night in June," Kling. Waltzes, Old Favorites. Grand selection from the opera "Attila," Verdi. Popular number "Swanee River Moon," Clarke. Selection, "Reminiscences of Scotland," Godfrey. Popular number, "Let the rest of the world go by." March, "On the quarter deck," Alfred. God Save the King.

Use the Want Ad. Way

AT LAST TO BE PART OF WORLD

Radio for Island of Tristan da Cunha

Some 120 People There Now Hear from Civilization About Once in Two Years—Two Missionaries Go to Them.

Monterideo, April 8—(A. P. by mail).—The British island of Tristan da Cunha, in the middle of the South Atlantic, with its 120 odd souls, mostly descendants of Napoleon's St. Helena guards, who hardly hear from civilization more than once in two years, is at last to have a missionary and radio communication. For more than eighteen months an English clergyman named Rogers and his wife have been trying to reach the island from Cape Town and finally induced the captain of the Japanese steamship Tacoma Maru, which left Cape Town on March 28 for the River Plate, to deviate from his regular course and land them at Tristan da Cunha. W. Denis Myers, a passenger on the Tacoma Maru and a lawyer of Cape Town, who has just arrived here, tells of the call at the island with Mr. and Mrs. Rogers, and thinks the population is truly in need of a missionary.

"The student of evolution, the psychologist, as well as the missionary, would find much to interest him in this curious, forgotten community." "The settlement originated, it is said, when a detachment of soldiers who were guarding Napoleon's St. Helena, to the north, were sent to Tristan da Cunha to forestall the remote possibility that Napoleon might attempt to escape thither. Two of the soldiers remained, and, importing wives from St. Helena, laid the foundations of one of the strangest settlements in the world. "From time to time shipwrecked mariners have added to the inhabitants on the island, who have married and intermarried till relationship after a century has become a hopeless tangle. Nearly all the present population were born on the island and have a colored strain in their blood which speak English with a peculiar drawl, resembling West of England speech. There is one old Italian among them, shipwrecked from a sailing vessel, who appears to have forgotten his own name and his mother tongue.

Continued intermarriage has in this generation produced some pitiful children. Some of them are deaf and dumb. The population does nothing agriculturally except to cultivate potatoes, and a few wild cattle and a few sheep, and a few wild cats and a few hares. On the other hand, the women knit rough woolen stockings. That is their only manufacture. They wear old clothes, mostly wandering wind-jammers, that visit the island at rare intervals. "There being no commerce, there is no need for money. "The islander's attitude toward visitors is curious. As he stands before one his head droops, his arms fall listlessly to his side, and he answers limply and slowly every question as to his life and mode of existence. He seems to have no other interest than to trade a penguin, a seal's bladder for an old shirt, a little tobacco, or anything from civilization that would be useful. He articulates slowly and with difficulty as if he had almost forgotten speech. I did not see one smile.

MUSIC CONSOLES THEM IN HUNGER

Russian People, Suffering Many Privations, Find Comfort in Song.

Odessa, May 12—(Associated Press by mail)—Music, once the joy of the people of Russia, is now their consolation. They hunger for bread, and they long also for music to make their unhappy days more bearable. In passing the unlighted streets of the cities of the lower Volga, the stranger is often guided by piano music bursting upon the darkness. Walking at early morning through the streets of Astrakhan, little boys and girls, often refugees, may be seen at the open windows at practice, thrumming on dilapidated pianos. At the dreary stations, during the long waits, people sing. This kindly, talented people turn to music for comfort as unconsciously as a distressed child to its mother. They have no post-war music, no jazz and pep and buzz-saw compositions. There are the old, old songs of love lost, of the bitter-sweet of happiness gone, of the prisoner in his cell, of the "shadow o'er the heart." Here in Odessa, by the Black Sea, there is and has been opera, good opera, for several dreadful years. The fields

McCormick's Jersey Cream Sodas advertisement with image of a soda can and text: 'Your grocer will be pleased to sell you' and 'Sell as fast as baked always fresh'.

McCormick's Jersey Cream Biscuits advertisement with image of a biscuit tin and text: 'For every type that's safe for Baby and curly, come here. A beauty in our north window is finished in ivory with reed panels, finished in ivory with reed panels, finished in ivory with reed panels...' and 'Simmons Cribs from \$9.75'.

outside the city are bare, the cemeteries are full, and new ones gaze for more bodies each day. No home, no city, no war, no battlefield knows such sadness, yet respond to the magic of music. The opera is sometimes of Italy—often Russian. Pushkin, a famous poet, is hungry and so is the audience. Yet each evening, through the darkening streets, thousands take their souls to the doors of the handsome opera house, thousands whose bodies are ragged with old clothes whose stomachs are as empty as the fields, but whose hearts respond to the magic of music.

THE world is working at this moment to supply your wants. Every day of your life you must eat, wear clothing, use furniture, enjoy recreation, seek health. Most of your money is spent for things you need; weigh your expenditure intelligently. Read the paper.

The advertisements in your own Daily Newspaper safeguard your purse. They are the traffic police of the world's commerce, turning the stream of human earnings into well charted highways.

Manufacturers and merchants in their advertisements tell you the latest news about the world's efforts to keep you in health, happiness and comfort. They stake their success, their reputation and their pride on the truth of these public claims they make for their products. The fate of an advertised article is in your hands and the maker knows that it is. He must back his statements with honest values or be smothered under competition.

Unless you read the advertisements in your Daily Newspaper you overlook that half of the day's news which tells you what is being made to keep in comfort and luxury, not ten years from now but today.

Issued by the Canadian Daily Newspapers Association, Toronto.

Of greatest importance is the examination which determines the success or failure of an attempt to make your eyes more useful and comfortable. Our increasing clientele is sufficient evidence of the ability with which our examinations are made. We shall be pleased to make an appointment to examine your eyes at your convenience. D. BOYANER. 151 Charlotte Street.'

Back to Simplicity—With More Bread

Bread is pure gold for your health and efficiency. Don't overlook its importance in providing for your table. Every member of your family will be made better and stronger by eating more Bread—much more—an proportionately less of other foods. Bread is a builder—the one food that always nourishes and sustains, never clogs or taxes digestion. Fast-growing people wax rugged and rosy on a diet of bread. Strong people stay stronger on it. Sick people get well on it. Eat Bread. Eat it slowly. Eat it whenever you are hungry. St. John and Fairville baked Bread is Bread at its Best—always pure, wholesome and delicious. It will well repay you to—

BARGAIN BASEMENT
A BIG SUCCESS
IN ST. JOHN
The most notable event in the mercantile life of the city for some years has been the opening of St. John's first and only Bargain Basement by Oak Hall.
The great success of the Bargain Basement method of selling as carried out by Linn's store in Boston, by Gimble's of New York, and others was well known to the buying public of St. John, and when Oak Hall Bargain Basement ideas to the citizens last week it immediately met with extraordinary success.
St. John is now in line with the larger centres and many of those who have visited the Oak Hall Bargain Basement are emphatic in the idea that now, right in their home town, they can buy real quality merchandise just as low in price as prevail in any of the basement stores visited away.
Oak Hall Bargain Basement is now away to a good start, and as new lines are being continually added, frequent visits to this hustling department will well repay anyone.

BETTER THAN HARD COAL
Soft coal so free from soot that it does not make whickers on stove covers or pipe and does not mat, or clog when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

SONS OF ENGLAND ANNUAL PICNIC
The annual picnic of Marlborough Lodge, Sons of England, was held Saturday afternoon and evening at Grand Bay. Owing to the heavy rain most of the time was spent in the pavilion. Games were played and many races run. A tug-of-war between members of Marlborough and New Brunswick Lodges resulted in a win for the former. The sports were carried out successfully and the valuable prizes which had been donated were presented to the winners after the races by E. A. Darby, president of Marlborough Lodge. The committee in charge managed the picnic most creditably. The committee was composed of E. A. Darby, G. Lewis, E. C. Tremaine, H. W. Birse, T. Tupper, J. E. Cunningham; consolation, A. Taylor, M. D. Nickson.

TIRANA NOW IS "TOY CAPITAL"
Replaces Cetinje as New State is Admitted Into the League of Nations.
(Associated Press by mail.)
Tirana, Albania, May 8.—The distinction of being the "toy capital of Europe" so long enjoyed by Cetinje, the old site of the palace and court of King Nicholas, of Montenegro, falls now to Tirana, the capital of Albania, where regents, chiefs, boys, ministers and diplomats are beginning to congregate to set up the governmental machinery of the new state, the last to be admitted into the League of Nations.
Tirana still burns oil for light. She has no communication with the outside world except a wagon road leading to her seaport, Durazzo. She boasts a market place and five mosques and has lately adapted an old building into a hotel called "The International Hotel." The government palaces are scattered throughout her winding, narrow streets, which are lined with merchants displaying their wares and sitting with crossed legs in the Arab fashion.
The stores and houses, roofed with a red tile, are all of one story. Distinction is given the government buildings, in the fact that they have two stories.
All are old buildings adapted to the use of government by the introduction of a few chairs and desks. Each building has no more than six or eight rooms. The ministers enter their offices with great solemnity and ceremony. Orders and orders are given while the heads are bowed. Inside his office, the minister calls his ushers by an old-fashioned table bell, electric bells being wholly unknown in this primitive land.
With stern severity, everyone addresses the minister as "Your Excellency."
Diplomats have only a few residences in Tirana. Minister Ayers, the British plenipotentiary, who has the unique honor of being the representative of the only country to recognize Albania formally, lives in Durazzo, making the trip to Tirana when state functions demand it. Italy also maintains a diplomatic residence in Durazzo.

THREE-YEAR-OLD WINS IN LOCAL THEATRE CONTEST
A Big Day For Little Jimmy Fitzgerald—Presents and Praise From Members of Company Add to His Enjoyment.
A touching incident occurred at the matinee given by Marty Dupree's Musical Follies Company at Queen Square Theatre on Saturday afternoon when, after the performance, the leading lady, Miss Marty Dupree, carried little Jimmy Fitzgerald, the three-year-old St. John lad (who has the distinction of being the only living member of a group of triplets) in her arms to the dressing rooms of the members of her company where cash donations were generously given by each and every one of the actors to the little tot in recognition of his brilliant work in staging his way into the hearts of the generous-hearted company of actors and the large audience present.
Master Fitzgerald also received a nice sum of money for first prize which was given to him as the most accomplished juvenile in the contest which was open to all the boys and girls of St. John.
Miss Marty Dupree and company say that Jimmy is a wonderful little actor; in fact they all say that they never saw any child of his tender years perform in such a creditable manner.
Santa Claus now has a big rival in Marty Dupree's company in the heart of little Jimmy, as he left the theatre with a good sum of money and a smile on his face, of the sunflower variety, seeing his little boy and girl chums "that had been to see that funny show, 'A Millionaire For a Day' and that had got a lot of the money for himself."

MAKING MONEY OUT OF THE NEWSPAPERS
Berlin, May 16.—(A. P. by mail.)—It was observed recently in a small station on the German-Polish border that the people were buying very large quantities of German newspapers. This was attributed at first to a desire to absorb the German point of view on the part of the Poles, but some sceptics insisted upon an investigation.
The fact was brought to light that a group of ingenious Poles was purchasing German newspapers at current prices and re-selling them as waste paper with nearly 100 per cent. profit. The paper is pulped and resold in Russia, where it is again used as news print. It is said the originators of the idea have made much money.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A STRIKING CONTRAST.

Premier Foster took occasion in his speech in St. Martin's last week to remind his hearers of the state of affairs in this province prior to his coming into office in 1917.

physical and mental handicaps of early life, can be prevented, the more the true physician will rejoice for he cannot go about his tasks and see the terrible results of ignorance and neglect without being moved to protest, and to exert his influence to the utmost to awaken the people and bring about a revolution of the whole system relating to public health.

HEALTH WEEK.

To Hon. Dr. Roberts and the provincial health department belong the honor of inaugurating the first Health Week. No other province or state had taken such action prior to the observance of the week in New Brunswick last year.

Premier Foster reminds us that the opposition party has had three leaders since 1917, but he might have added that it has experienced no change of heart. It is a party without a policy, other than to get back into power again, and the electors have a right to assume that since it has shown no signs of repentance it would restore the old methods of administration.

THE HEALTH CONGRESS.

The Canadian Public Health Congress opens its sessions in this city tomorrow. It is an event of great importance, and quite the most important of its kind ever held in this city.

The medical men from all parts of Canada, and those who come from the United States, will be very heartily welcomed by the citizens. This is a great profession, dealing with that which is vital to individual and national well-being, and it is the more important because of the constantly increasing demands placed upon the preventive side of public health work.

Our neighbors to the south are facing a problem relating to the public health which is likely to present itself in Canada. There is said to be a nationwide scarcity of physicians, with fewer students in medical colleges, while those who enter the profession "are flocking to the cities, where clinical and laboratory facilities are more in accord with modern ideas in the practice of medicine and surgery than the somewhat crude methods of the general practitioner in the country."

"Dr. Hermann B. Biggs, state commissioner of health, has found some 200 communities in New York without the services of any licensed physician, and in scores of others the only physician left is some devoted old practitioner who has spent his life ministering to the people of the little town. Wide areas are entirely without the services of physicians, and in epidemics the death rate, to say nothing of the suffering, is unnecessarily great because of the lack of skilled attention for the sick."

It is pointed out that after spending six or eight years in study; at considerable cost, the young physician is inclined to go where there is a chance of quicker returns, and thus the rural communities suffer. We quote again as to the remedy for this state of affairs:—"Dr. Biggs and others who have studied the situation agree that community hospitals are the most effective remedy in sight, even if state aid is necessary for the establishment and operation of such institutions. Such hospitals would vastly increase the effective work of the physicians, and act as health centres as well. Dr. Biggs points out in a recent warning on the conditions in the rural regions that the entire programme of health conservation falls to the ground without the support of at least one wide-awake physician in the community or the rural area. He believes that the community hospital would lure many young physicians into the country with the offer of good clinical and laboratory facilities."

Robert N. McKay, 7 Wellington Row, has been located in Winnipeg and is at present under the physician's care in the western city, according to word received here by Mrs. McKay. Mr. McKay disappeared from his home early in May and all police efforts to locate him proved unavailing. It is understood that the pension board authorities were the means of clearing up the mystery regarding his disappearance.

SONNET.

I've put my griefs away in lavender, And made my tears into a rosary. And people now need never say of me That I am living with the Things-That-are!

Otherwise All Right. "My memory is excellent," said Smith, "but there are three things I can never remember: I can't remember names, I can't remember faces, and I can't remember—I forget the third thing."

TALK VERSUS DOING.

Orville Wright was being reproached for not taking up the challenge of the Smithsonian Institution that it was Langley, not the Wrights, who was the first to fly. A banister friend of Wright's said, "The trouble with you, Orville, is that you are too tactful. You should go in for more publicity. Assert your self more."

One of the New Languages. (Taleado Blade). Said Mr. Jones to Mr. Smith: "Wasn't the static fierce last night?" "Was it?" said Mr. Smith to Mr. Jones. "I'll say it was! Between the atmospherics and the harmonics the resultant jumbling was ghastly. My super-lux receiver went plumb to the base and I fiddled away hours with the non-inductive resistance and a veritable inferno among the birds in the parrot."

Said Mr. Jones to Mr. Smith: "I think I'll have to get a new beverage wire. I haven't had a synchro-spark for a week that was decent. Queer thing though, I was listening for sparks about 11 o'clock and switched on for continuous wave reception and who should I pick up but 'X'! Haven't caught him in years."

Said Mr. Smith to Mr. Jones: "I've come to the notion that my antennae aren't reaching that high enough. It is that with a fundamental of 300, excited with a straight gap, I ought to get anything I want from 30 up. Say, you ain't got an oscillation transformer among your extras, have you? No? Well, so long, 9GM."

Said Mr. Jones to Mr. Smith: "So long, 4T."

GIRL THROWN FROM 5TH STORY WINDOW

Policeman Captures a Man Who Says He is Girl's Brother and Admits Deed.

New York, June 5.—Becky Cantor, nineteen years old, who, the police here were told, was thrown from the fifth floor of a tenement at 476 East Houston street, where she lives, was taken to Gouverneur Hospital in a critical condition.

Patrolman McCabe investigating cries of "murder" at the scene, found the girl unconscious in an arched doorway of the house, McCabe said, told him the girl had been thrown there by her brother, Irving.

On the third floor McCabe encountered a man rushing down the stairs. He admitted that he was the girl's brother and that he had thrown the girl from a window.

Cantor, who said he is a clothing cutter, refused to talk when taken to the police station. He was taken to Bellevue Hospital, a prisoner, for observation. He is accused of felonious assault.

The girl, who is said to be an invalid, was hurt internally and her scalp and body cut.

Persons in the tenement said the girl's brother and her mother also were involved in the case. Irving Cantor, said often acted strangely, and at times became violent. The brother is reported to have worked for several months, neighbors said. He was rejected for service in the World War. The family is supported by the father and another daughter.

TRAIN'S RADIO SERVICE SETS DISTANCE RECORD. Communication in Sending and Receiving Is Maintained For Distance of 100 Miles.

Oklahoma City, Okla., June 5.—Broadcasting and receiving by radio on board a Frisco passenger train between Oklahoma City and Lawton, Okla., a distance of more than 100 miles, marked one of the longest distances over which radio telephone communication has been established on moving trains.

The train, fully equipped with receiving and transmitting outfits, left here today. Despite rain and electrical storms the communication along the route, constant communication was said to have been kept between the two points. Musical concerts were recorded so clearly that passengers were able to dance to the music. Weather report and news dispatches also were received.

The experiment was conducted through the co-operation of the government radio station at Post Still, near Lawton, the Frisco Railroad and a radio shop here.

TEST IN PSYCHOLOGY REQUIRED BY PRINCETON. Princeton, N. J., June 5.—Before matriculating into Princeton University next autumn, the entering man will face the regular College Board entrance examinations, and also a new psychology test. Professor C. C. Brigham announced that the new psychology examination would be given during the next few days.

Not less than at present only one experiment and a student's failure to pass will not debar him from entering Princeton next fall. It was intimated that the entrance requirements for the entrance requirements were the means of clearing up the mystery regarding his disappearance.

ON COMMUNITY ADVERTISING.

Methods to be Discussed at Great Convention in Milwaukee Next Week.

Milwaukee, June 6.—Methods of advertising in communities, cities, states, will be discussed from every point of view at the national conference of experts who will attend the sessions of the Community Advertising Department of the Associated Advertising Clubs of the World to be held here June 11-15.

This interest rests upon satisfactory results obtained by applying to the advertising of communities the same methods as successful merchant employs. It pays in new industries, for example, and in fresh capital to develop natural resources, and in many other ways.

Old methods—or at least the best among them—have not been discarded. Thus, the programme for the convention shows, cities will advertise themselves by writing letters, distributing booklets, and will revolve around these.

One of these is the use of display advertising in newspapers and magazines. According to the Gregorian calendar, it was not long ago, though it seems far cry indeed from the day when cities wasted money in some of the old so-called methods of community advertising.

There will be, among other things, a discussion of a question whose importance is really much greater than appears at first blush, "Can we standardize city statistics so as to make comparison accurate?" This discussion will open with an address by M. A. Tancock.

It is stated and states which have not made appropriations for telling the world what they have to offer, the thought of dipping into the public coffers for such fund seems strange, perhaps, almost startling, but it is being done. And it is paying.

There will be, among other things, a discussion of a question whose importance is really much greater than appears at first blush, "Can we standardize city statistics so as to make comparison accurate?" This discussion will open with an address by M. A. Tancock.

MORE COMMENT ON THE HALIFAX CONFERENCE.

(Halifax Chronicle). The two points stressed in the recent conference before the Boards of Trade of St. John and Halifax, were the general public. One was that if the maritime provinces wish to bring their important business to the rest of the Dominion and secure the business naturally due to them, as the gateway of the Atlantic, it must be done first through their own initiative. This was an excellent point to make, for it is frequently charged that in the past the provinces have been too anxious to receive aid in developing its resources but unwilling to expend much wealth of its energy of its own.

If there is business to be had, the provinces should go out and seek it. The keynote of this part of the phase of the discussion, and Mr. Agar of St. John, expressed himself as believing that the destiny of the provinces was within their own power and resources. To encourage such a spirit is to ensure this sort of development for the maritime provinces. A spirit of independence, of willingness to see and to make opportunities, will undoubtedly provide the best means of securing federal co-operation. There are many times in the history of communities, as of individuals, when it is necessary to "go it alone." It is necessary to recognize one's rights and attainments. Halifax and St. John have qualifications as the main ports of entry and export of this Dominion that are absolutely unequalled, let alone surpassed by any other two provinces. It is in so doing, however, to keep on reiterating this by word only. There must be a combination of effort on the part of the representatives of the two provinces, and a progressive activity by the people of both cities before their claims are likely to be recognized.

The other point that will commend itself to the public of both communities was the suggestion of a Research Institute. Agriculture, fishing, lumbering and manufacturing interests demand such an institute, if they are to give the returns that they could give to the returns that in developing these industries from the maritime provinces. These provinces are an integral part of the Dominion of Canada, and any progressive measures taken by them looking to their own further development and prosperity must inevitably reflect on the other provinces to their advantage. The whole trend of the discussion showed that this bigger view was uppermost in the minds of the delegates. The whole trend of the discussion showed that this bigger view was uppermost in the minds of the delegates.

There was a fine national note struck that is often missing in provincial gatherings, and those who look to the future would be well to take fresh courage from the national tone of the discussion. Just as Halifax and St. John could not prosper

BRITISH TROOPS STORM PETTIGOE

Infantry, Cavalry, Artillery and Whippet Tanks Capture Town on Free State Border

London, June 4—Infantry, cavalry, artillery and whippet tanks took part in the first offensive action of the British troops on the Ulster borderland early this afternoon when Pettigoe, which straddled the line, though a large part of the town is in Free State territory, was stormed and retaken from the troops of the Irish republican army who entered it on May 30.

Reports from Belfast describe the border countryside as swarming with khaki, while the British general directs the operations from headquarters on a hill outside the town.

Republican Evacuation

When it became evident that the British were moving in force against Pettigoe, the Republicans began to withdraw; consequently there was little resistance to parties of soldiers in motor cars and on foot who dashed through the town shortly after noon.

Belfast, June 4—James Flanagan, a resident magistrate, was shot and killed this morning as he was leaving Newry cathedral after mass. The assassins escaped.

As Magistrate Flanagan left the cathedral he was approached by three men, one of whom said "come with us." The magistrate declined to do so and was shot. The trio immediately leaped aboard an automobile the engine of

which had been kept running. Father Magee, who heard the shots was just in time to see the gunmen run past the parochial house to the car.

Magistrate Flanagan's last words were "I forgive them."

A boy was wounded by a stray shot. One civilian was killed and twenty were wounded during two hours' sharp fighting Saturday night between republicans and specials in Cromac and Joy streets. The constabulary riddled houses with machine gun and rifle fire, while the civilians used bombs, rifles and pistols. A saloon was wrecked by a bomb.

As the curfew hour approached communication with the centre of the city was cut off and every one on the streets was searched, with much resulting inconvenience to many hurrying to catch the last train.

(Special to The Telegraph.) Edmundston, June 4—Dr. L. J. Violette, mayor of St. Leonard's, was returned unopposed at nomination day proceedings here on Saturday morning for the Madawaska county seat which

DR. J. L. VIOLETTE

was made vacant by the acceptance of the shire of the county by the former member, Donat L. Daigle. Hon. J. E. Michaud, of Edmundston, appeared for the Liberal candidate and speeches were made by Hon. Mr. Michaud, Hon. L. A. Dugal, and the successful candidate.

N. B. GIRLS PASS

Katherine Ryan, Ethel J. Chittick and Clara M. Boone, of St. John; Helen E. MacDonald and Lillian B. McBride, of St. Stephen; Winnifred A. Horne, Edith B. Carter and Eva M. Trueman, of Moncton, and Frances L. Corne, of Chatham, have passed the federal examinations for clerk-stenographers; Doris A. Barbour, Bessie M. Gregg, Grace A. Walsh, Mary J. Walsh, Winnifred Murphy, Marguerite M. Titus, Kathryn P. Williams, Mary A. Quinn and Catherine McBriarty, all of St. John; Dorothy E. Hickey and Alice A. Teed, of Moncton, and R. W. J. Nesbit and Elizabeth H. Dow, both of St. Stephen, have passed for junior clerk stenographers.

THREE KILLED BY TRAIN AT NORTON MILLS, VERMONT

Montreal-Newport, Vt., Train Hits Motor Car—Baby Carried 600 Yards on Front of Locomotive, But Escapes With Few Scratches.

(Canadian Press Despatch.) Sherbrooke, Que., June 4—Alec Doughey his wife and fifteen year old daughter, Gladys, are dead, and his son Peter, eighteen years old, is seriously injured as the result of a level railway crossing accident about a mile and a half from Norton Mills on Saturday.

A three year old baby was in the Doughey automobile when it was struck by the Montreal-Newport afternoon train and was only slightly injured. The Dougheys were motoring from Norton Mills to their home at Island Pond. They had the side curtains up as it was raining, and it is thought they did not see the train until the engine crashed full into the car completely shattering it and instantly killing Mrs. Doughey and her daughter. The baby, after being carried in front of the engine with his dead mother and sister for six hundred yards, escaped with a few scratches. Alec Doughey died on the way to the Sherbrooke hospital where the son is now under treatment.

THE DUKE OF YORK OFF TO WEDDING

London, June 4—The Duke of York, who will act as best man to King Alexander of Jugo-Slavia at his wedding this week to Princess Marie of Roumania, left London for Belgrade yesterday, bearing sumptuous gifts of jewelry from the British royal family to the future queen of Jugo-Slavia. This is the Duke of York's first official mission abroad.

Will Your Child Have a College Education?

Now only a baby—with a baby's simple needs. But only a few years from now you'll be figuring on sending your child to college. Our Child's Educational Endowment Policy will provide the extra money needed for those years of expense. It can be written on any child at any age. It is the simplest surest means of guaranteeing that your child will not have to go through life without a complete education—and all that a good education means. Let us tell you more about it. Send the coupon to-day. No obligation, of course!

"Astoria" Shoes

Tailor Made for Particular Trade

You Buy Tailored Clothes-- Why Not Buy Tailored Shoes?

You choose a tailored suit, because it is made from choice material, by skilled hands, and is made to your size in a style that suits you. For exactly the same reason, you should buy tailor-made shoes. Astoria, All-Leather Shoes are tailor-made—to your size, and in styles that suit your foot. Astoria material is flawless. Astoria Shoes are made faultlessly.

Good shoes, like good clothes, wear longer—the value is there.

London - Canada

on time

How many times would you have missed your boat if you had had to stop on the way to change tires? As you sit by the rail as the steamer pulls away, you suddenly note a wild-eyed, dishevelled, human being tear his way through the crowd and rush to the dock's edge—too late. The poor man had to fix a tire on the way to the boat. "On time" is the record of the business man who trusts his schedule to the unfailing dependability of "Gutta Percha" Tires

PRICE: The cost of a tire is what you spend in repairs, in lost time and mileage shortage, added to the first price. "Gutta Percha" Tires are high grade "standard" tires and the mileage they render makes them the cheapest tire to buy.

THE SCHOONER MAUD

Captain Raold Amundsen's exploration ship which is about to start on a journey to the frozen North, carrying food and other equipment to last for seven years. The party on the trip will be in constant communication with the rest of the world by means of a powerful radio set, by which they will report their progress.

Amundsen Expedition Gets Away

Seattle, June 4.—The auxiliary power schooner Maud, bearing the Amundsen Polar Basin Scientific expedition sailed from Seattle at 8:40 yesterday afternoon for Nome, Alaska, on the first leg of a five-year voyage through the Arctic ice packs.

Captain Oscar Wisting, sailing master of the Maud, commanded the vessel, Raold Amundsen, chief of the expedition having decided to proceed to Nome by steamer, sailing today.

The United States army tug Mahopac and a flotilla of cruisers from the fleets of the Seattle and Queen City Yacht clubs escorted the Maud up the Puget Sound.

REPAIRS WILL BE COMPLETED IN SHORT TIME

Accident at Musquash Plant on Friday Evening Causes Break in Wood Stave Pipe.

The Musquash development work has been practically completed, and but for an accident which occurred on Friday the first test of the machinery would have been made this week, Mr. Shepherd, a member of the engineering firm of Mitchell & Mitchell having arrived in the city for that purpose. The accident will not delay the completion of the work very long. Regarding it Mr. Shepherd said last night:

"Early on Friday evening an accident occurred at the ten-foot diameter wood stave pipe at the hydro-electric plant at Musquash which caused a breakage of the pipe at a point where the latter is supported in an earth embankment. While a wood stave pipe of this character is being filled the first time temporary leakage occurs along the pipe until the wood staves swell or the accident affecting the pipe are tightened at the points of leakage. As is customary the pipe was being filled slowly through one of the two small filler gates in the large control gate in the intake house at the East Branch dam, an operation which would ordinarily have taken two or three days. During the evening while the small filler gate was being opened the two small filler gates below water level repairs could not be effected immediately and more water was allowed to enter the pipe. The temporary leakage at the fill caused part of the latter to be washed out, thereby allowing the pipe to settle and ultimately break.

"It may be stated that there is practically no loss of material of which the pipe is constructed, and the repairs to the fill and the pipe will be effected in a matter of two to three weeks."

MENTAL HYGIENE STRONG FACTOR

"The Essential Spirit of Health and Happiness is Mental."

Ascribing the birth of the modern public health movement to the pioneer studies of Louis Pasteur, Dr. James Roberts, Medical Officer of Health for Hamilton, speaking on public health organization at last week's convention of the Ontario Health Officers' Association, said:

"In addition to the control of communicable diseases, supervision of water supplies, sewage, housing and elimination of nuisances, we do not hesitate to include in the category of public health activities such subjects as infant welfare, school hygiene, public health education, industrial, dental hygiene and personal hygiene.

Results in mental hygiene promised more than others. "The essential spirit of health and happiness is mental, and has a future as far beyond that of physical-disease control as the mind of man is the greater objective for which we build the healthy body," he contended.

The present system of health administration, in my opinion, reflects quite characteristically the rapidity of the evolutionary changes in our ideas with respect to the causation of disease and the method of prevention, and, in my opinion, leaves much to be desired," said Dr. Roberts, who wondered if it would be necessary for an educated lay public to point out the way to the medical profession.

The more direct interest of the District Health Officer in the work of the local boards had had a stimulating influence on the work of the local officers, and led to the awakening of a keener interest in health matters in very many communities. School inspection was imperfect and industrial was no yet beyond the stage of experimental research.

"In the domain of mental hygiene, problems of delinquency, incorrigibility and criminally are receiving some attention. The question of how to increase the stock of the thrifty and capable and shift from their shoulders the burden of the unenterprising rich and unenterprising poor is still in the novitiate stage," he said.

Most of the difficulties in providing an adequate service, Dr. Roberts attributed to the fact that the unit of administration is too small. Prevention should occupy a more prominent position in the medical profession, and there might be a consolidation of effort and uniformity of purpose among voluntary associations, which might be amalgamated into one effective auxiliary.

Snowy white without boiling

THAT dull, grey, streaky look that you always had to boil out of your clothes is never there when you use Rinso. It soaks the dirt, softens it, loosens it so thoroughly that it all runs away in the rinsing, leaving the clothes sweet, snowy-white and fresh as new.

It's because Rinso is the new, modern scientific washing preparation that works in an entirely new way. It washes by soaking. It is altogether different from ordinary soaps and washing powders. So, it should be used differently. Do not pour Rinso itself into the tub. Make your Rinso liquid first, as per directions.

IF YOU USE A WASHING MACHINE Soak your clothes in the Rinso suds as usual—for one hour, two hours, overnight, or whatever time is convenient. Then add more Rinso solution and work the machine. Rinse and dry—you'll have a clean, sweet, snow-white wash.

At All Grocers

Rinso

DUBLIN OBSERVES KING'S BIRTHDAY

Dublin, June 4.—Dublin yesterday witnessed a spectacle, omitted for many years past, when 7,000 British troops stationed in the city paraded in Phoenix Park in a revival of the annual observance of the King's birthday. Notwithstanding the number of men on parade, it was declared that only 200 men had been drawn from each battalion and other units, three brigades being represented in the review.

This was the first time a review had been held since 1914. General Sir Neville Macready, commander of the forces in Ireland, was the inspecting officer.

While the parade was in progress machines from the air force detachment manoeuvred above the reviewing grounds.

The Royal Hibernian Pensioners, veterans of the old Irish regiments, some of which have already been disbanded and others soon to be, were accorded places of honor.

God Save the King was played by eight massed bands. After the inspection officers and men donned their caps and cheered repeatedly for King George.

STOPS 50 YEARS' DYSPEPSIA

Mr. James amazed at quick results with Dr. Caldwell's Laxative Syrup Pepsin.

Sufferers from dyspepsia and indigestion often think they can get permanent relief by chewing charcoal tablets, mint lozenges and such things. But constipation usually accompanies dyspepsia and a medicine is required that contains ingredients for both conditions.

Mr. G. James of 6 Norfolk Ave., Galt, Ont., found such a fortunate combination in Dr. Caldwell's Laxative Syrup Pepsin, which gave him relief from 50 years of dyspepsia. With the same remedy Mrs. Ellen Laird of Picton, N. S., now in her 87th year, freed herself from a lifetime of chronic constipation.

This remarkable medicine is a vegetable compound of Egyptian Senna and other simple laxative herbs with pepsin, the greatest of all the digestants. It acts mildly and gently and does not grip, and hence it is ideal for old people. It is so safe, however, that thousands of mothers give

Mr. G. James, Galt, Ont. it to babies in arms. Every drug-gist sells Dr. Caldwell's Laxative Syrup Pepsin, and a dose will cost you less than a cent. People who once use this medicine never afterwards resort to strong physics, calomel, etc.

HALF-OUNCE BOTTLE FREE For each customer, no matter how small, who needs a laxative on this summer, let us send you one FREE OF CHARGE so that you will have it when you need it. Write for name and address to Dr. W. B. Caldwell, at Fort St., Bridgeport, Conn. Write me today.

GAVE CONCERT IN D. S. C. R. HOSPITAL

The musical comedy players from the Queen square theatre, Marty Dupire and her company, provided a fine sacred concert programme at the Lancaster D. S. C. R. hospital yesterday afternoon and gave the patients a rare and greatly appreciated treat. The manager of the theatre had announced that the company would be glad to give entertainments for local hospitals and similar institutions, and members of one of the G. W. V. A. special committees accordingly asked if concerts could be given at the Lancaster and the East St. John hospitals during the stay of the company in St. John. The committee was assured that the players would be glad to give the concerts, while Lancaster hospital was favored in being first, the East St. John hospital is not to be forgotten. Dr. J. A. McCarthy had one of the large wards arranged for the concert party and as many as possible of the patients were there. The keen delight of the members of the audience and their gratitude were easily seen.

RECITAL IN ST. DAVID'S.

An organ recital of high merit was given in St. David's church after the evening service last night and was greatly enjoyed by a large audience. Byard Currie, the organist, was assisted by Mrs. J. M. Barnes, pianist, and Mrs. T. J. Gunn, violinist, and the programme given was one well calculated to delight lovers of good music. The numbers were as follows: Pastoral in A major, by Guinard, piano and organ; Intermezzo by Henry Dunham, organ; chorale in A minor by Caesar Franck, organ; Ave Maria, by Bach, organ; violin, piano and organ; Fantasia, by Chopin, Demarest, piano and organ; Prelude in E flat, by Bach, organ.

Dr. J. V. Anglin left on Saturday to attend the annual meeting of the American Psychiatric Association, whose sessions are to be held this year in Quebec city from June 6 to 10.

Great Fire at Bonne Bay, Nfld.

(Canadian Press Despatch.) Halifax, N. S., June 4.—The business section of Bonne Bay (Nfld.), was swept by fire which caused a loss of \$200,000, according to advices received in Halifax today.

The following losses were reported: Court house, government store, three stores and residences, S. G. Fresh's, Tom's house, Bank of Nova Scotia, shop and three stores, J. P. Halliburton; residence and residence, S. G. Fresh's; two store each, Stephen Taylor and Thomas Rose; shop and warehouse, T. A. Gardin; shop, J. A. Cohen; store each, W. Roberts and William Wheeler; residence, Charles Read.

Insurance is estimated at \$125,000.

URGES POWER TO BEAT DEAR COAL

Ottawa, June 4.—P. M. Draper, secretary-treasurer of the Trades and Labor Congress of Canada, in speaking at a meeting of the Trades and Labor Council on the coal situation not only charged that the price paid by people for coal was excessive, but strongly urged that the government should set up a board of experts to evolve some system whereby the potential electrical power of the country could be developed for domestic purposes and so make Canada independent of anthracite coal imported from the United States.

NATIONAL CHAPTER I. O. D. E. ELECTS

Vancouver, B. C., June 4.—The national chapter I. O. D. E. faced an election this year as the result of Miss Arnold's announcement that she cannot stand for a third time. At yesterday's session the election was held resulting as follows: President, Mrs. H. E. Doolittle, Toronto; first vice-president, Mrs. H. F. Burkholder, Hamilton; second vice-president, Mrs. Selwyn Holstead, Toronto; third vice-president, Mrs. A. U. Depenier, Vancouver; fourth vice-president, Mrs. Ryrie, fifth vice-president, Mrs. Randolph; sixth vice-president, Mrs. J. D. Hay; secretary, Miss McCallum; treasurer, Mrs. Warren Darling, Toronto; organizing secretary, Mrs. Malcolmson; educational secretary, Miss Constance King, Toronto; Echoes secretary, Mrs. Baker, Toronto; standard bearer, Mrs. McClymont, Quebec; Miss Jean Arnold was made honorary vice-president.

SPEAKER IN BED

Cleveland, June 4.—Tris Speaker, manager and centre fielder of the Cleveland Americans, has been ordered to bed by the club physician as the result of an attack of bronchitis. The doctor said he would be out of the game several days. Catcher Steve O'Neill is confined to his bed with an attack of influenza and Catcher Nunnaker is laid up with a broken finger.

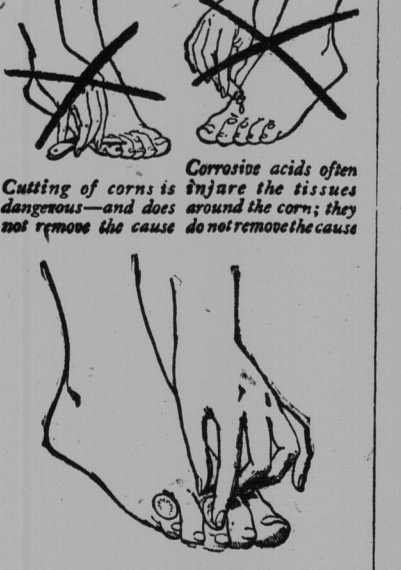

LENINE STRICKEN?

Riga, June 4.—Soviet representatives in Riga said yesterday that they had heard nothing of the report that Premier Lenin of Russia had suffered a stroke. With reference to the report that Maxim Litvinov and Karl Radek had left Berlin for Moscow immediately upon hearing the news that Lenin was stricken, the Soviet agents declared that Litvinov passed through Riga Thursday, going to Riga and that Radek passed Friday en route to Moscow. Lenin has Apoplexy.

TCHITCHERIN LEAVES.

Genoa, June 4.—M. Tchitcherin, the Russian Bolshevik representative, left here for Moscow yesterday.

East or West Eddy's Best—since 1851!

120,000,000 matches a day

Back of every Eddy match!

On Canada's first birthday, Eddy's were already 16 years + 1. When the last spike was driven on the Canadian Pacific Railway in 1886, Eddy's had passed their 35th milestone. When Ottawa was still Bytown—seven years before it became Canada's capital—Eddy's were making matches for Canada's total population of 1,850,000 people.

EDDY FACTS

- Eddy matches are packed and counted under Government supervision
- In 35 styles of various lengths to suit every individual requirement.
- With various colored heads.
- In washed tin.
- From selected clean, straight grained Canadian white pine, kiln-dried.
- In stand every strain of striking on any surface.
- Carefully inspected before being packed.
- Every process for making boxes, packing board and printing is done by Eddy's.
- Eddy's is the first word for matches in 1851.
- Eddy's is the last word in 1922!

Deep-rooted in Canadian soil before Confederation, Eddy's are more Canadian than the Dominion. The business romance of this great pioneer industry is the history of Upper and Lower Canada for three-quarters of a century—since 1851!

Eddy's have seen the number of match consumers grow from less than 1,850,000 to 9,000,000.

In the great Eddy family of 2,500 loyal Canadian workers are found many who have seen service for over 40 years—from father to son and daughter.

And never a strike since 1851!

With a payroll of over \$2,500,000 a year, the gigantic Eddy plant spreading over 75 acres is now producing 120,000,000 matches a day of superlative quality—equal to 5,143 miles of matches end to end.

This long-continued supremacy is the result of unflinching adherence to the Eddy ideal—the most for the money.

"Eddy's" is the Canadian word for matches!

PREST-O-PLATES Mean Plenty of "Pep"

THEY are the backbone of Prest-O-Lite Batteries. Better than ordinary plates, they make Prest-O-Lite Batteries better than ordinary batteries.

Prest-O-Plates combine a peculiar porosity with an unusual hardness, which explains their quick delivery of power in cold weather, and great heat-resisting, non-buckling strength in summer.

Prest-O-Lite Batteries are specified by the majority of leading Canadian manufacturers, and this list is growing.

How is your battery working? Is its pulse low? Come around and consult our specialists. We prolong the life of all batteries, and we never tell you that you need a new battery until you do. Drive around and get our friendly expert advice.

LOCAL NEWS

DEATH OF CHILD. Friends of Mr. and Mrs. Ernest Barton, 46 Middle street, West End, will sympathize with them in the loss of their infant son, Kenneth Roy.

BOARD OF TRADE. The secretary of the St. John Board of Trade has received an inquiry from a firm in Leominster, Mass., asking for the names of dealers in applewood here. There are none known in these provinces.

STAY OF PROCEEDINGS. Chief Justice H. A. McKeown, in supreme court chambers this morning, ordered a stay of proceedings in the case of D. J. Buckley against nine insurance companies until arbitration can be made in the matter of the loss. F. R. Taylor, K.C., and J. H. A. L. Fairweather appeared for Mr. Buckley and M. G. Teed, K. C., for the insurance companies. Mr. Teed made a motion of appeal against the order.

THE BAY STEAMSHIPS. On Saturday the C. P. R. bay steamship Empress completed her first round trip to Digby after being converted into an oil burner. On her way across to Digby she was slowed down for five minutes to make a re-shipment, but from that on everything worked smoothly. She made the return trip from Digby to wharf in two hours and fifty-four minutes, six minutes better than her scheduled time. It is expected she will be able to make a much faster trip later on if it is found necessary.

SEVERELY HURT. Friends of James Garnett, Prince Edward street, will be sorry to learn that he is in the hospital as the result of an accident on Friday morning. He was helping some men at William Lewis and Son's to carry an iron rail when it slipped from their grasp and fell on Mr. Garnett's foot, badly crushing three toes. It was feared for a time that an amputation would be necessary but today it is reported that this will probably be avoided.

DIED IN ARLINGTON. Mrs. John Cummings, 164 Metcalf street, on Friday received a letter from Arlington, Mass., telling of the death of her sister, Mrs. Charles Thibodeau there. She leaves her husband, three sons, Samuel, Charles and Christopher; three daughters, Mamie, Elizabeth and Katherine, all of Arlington; three brothers, William, Samuel and George Capson of this city, and three sisters, Mrs. Cummings and Mrs. Logan of Maine. The funeral service was held in Arlington on Friday. Friends here will be sorry to learn of her death.

PRESENTATION. On Friday evening a very pleasant gathering was held at the home of Mr. and Mrs. N. A. Rogers, King street east, when friends of Miss Ethel Hawker met to extend to her their good wishes before her departure to spend the summer months in England. On behalf of the gathering, Mr. Rogers presented to Miss Hawker a folding umbrella, artistically designed as a shower bouquet, roses and bearing an original verse, the best wishes of the friends interested. In thanking those present, Miss Hawker expressed her deep appreciation of the kind thought behind the gifts. An enjoyable evening was spent and Mrs. Rogers voted excellent hostess. Novelty place cards of miniature steamers were on the tables and served as an artistic reminder of the reason for the meeting of the group.

REAL ESTATE NEWS

The following real estate transfers have been recorded:—Hetty Coles to F. W. A. Cameron, property in Portland Place. W. Cameron to K. A. Wilson, property in Winter street. S. H. Ewing and others to E. Prime, property in Lancaster. S. H. Ewing and others to Harriett L. Burley, property in Simonds. J. J. Goldie to W. A. Wilson, property in Lancaster. D. K. Hazen to H. A. Carvell, property in Lancaster. H. A. Powell to LaTour Ltd., property in King Square. J. F. H. Teed and others to H. E. Brown, property in Summer street.

KINGS COUNTY MEETINGS. The campaign in favor of J. D. McKenna, the government candidate in Kings County, is being conducted with great vigor and universal interest with great weeks have been arranged as follows:—Tuesday, June 6, Havelock. Wednesday, Berwick and Collins. Thursday, Upham and Hammond. Friday, Mechanic Settlement. Saturday, Southfield. Monday, June 12, Greenwich. Tuesday, Norton. Wednesday, Hamilton and Rothsay. Thursday, Sussex. Among the speakers, besides Mr. McKenna, will be Premier Foster and Hon. Messrs. Robinson, Magee, Messerieu and Veniot and others. Hon. Mr. Veniot will speak at every meeting during the last week of the campaign, and will refuse the charges of extravagance made against his department.

LARGE CARGO FROM THE WEST INDIES

The R. M. S. P. Chalour arrived in port this morning from Bermuda and the West Indies and docked at McLeod's wharf at twelve o'clock. She carried 104 passengers, of which number sixty-eight were cabin, one second and thirty-five were steerage. Twenty were en route to England; twenty-three were to the United States; five to Hong Kong and the remainder were for Canadian ports. Among the cabin passengers were Sister Ignatius of Antigonish, Sister Antonia of Glace Bay and Colonel S. G. Roberts, C. B. E., K. C., of Pictou, N. S. There were no St. John people on board.

The Chalour carried a record cargo, consisting of 2,500 tons of sugar for the refinery, 1,000 puncheons of molasses of local firms, and the remainder general, full and a considerable quantity of deck-load was carried. The passage up was fast and uneventful, delightful weather being encountered with the exception of a little fog yesterday.

4 FROM HERE ON THE METAGAMA

The Canadian Pacific Metagama sailed from Montreal for Glasgow on Saturday. Among prominent passengers are Miss J. G. Sims of Montreal, distinguished Canadian author, who is president of the Montreal branch of the Canadian Authors' Association; K. J. Dunstan of Toronto, vice-president of the Dominion Telephone Company of Canada, accompanied by Mrs. Dunstan; Miss J. Virtue, principal of St. Allan's College, Prince St. Albert, Sask.; Mrs. J. Spencer, Bowmanville, Ont.; Mrs. A. W. Wakefield, Master Bobbie Wakefield and Miss Bessie Wakefield, Montreal.

Mrs. Wakefield is the wife of Dr. Wakefield of Megawick, Que., who sailed from St. John last January on the Metagama for England, where he joined the other members of the expedition that hopes to scale Mount Everest this summer. These members had accomplished the preliminary work and ascended to a height of 20,000 feet up the north approach to Mount Everest. Arthur William Wakefield, M. A., D. D. (Contab), M. R. C. S., L. R. C. P. (London), was born in Kendal, England, in 1878. He was educated at Sedburgh School, Trinity College, Cambridge, and the London Hospital. He served as a trooper in the Imperial Yeomanry in the South African War. For six years he was in Labrador and Newfoundland as volunteer medical officer in the Royal National Mission to Deep Sea Fishermen. In this work he was connected with the Association for the Prevention of Consumption and was organizing officer of the Newfoundland Command of the Legion of Frontiersmen. He holds the rank of captain in the Canadian Medical Corps. He served for time on the hospital ship Letitia. In 1919 he returned to Canada. The summer of 1920 he spent climbing the mountains near Banff, and for the past year has been practicing his profession at Lake Megantic.

SCANDINAVIAN IN WITH 338

Arrives at Quebec—Passengers Say That Conditions Improve in British Isles.

Quebec, June 5.—The Canadian Pacific steamship Scandinavian, from Antwerp and Southampton, arrived at Quebec at 9:30 o'clock with 38 passengers, among them included 17 third class and landed the latter this morning for immigration inspection. At ten o'clock they were forwarded to their western destinations. These new arrivals comprised ninety British and the balance were from the balance of the farming class, well developed in physique and intelligent. Included among the 161 British passengers were fifty returned Canadians, residents of Montreal, Toronto, London and Winnipeg and other points in the west.

Capt. J. Hall, commander of the vessel had nothing special to report except that the weather was good and they had a fine passage. Returned Canadians report, according to their observation and opinion, business in the British Isles is under improvement and commercial industry gradually creeping towards normal.

Referring to the accident to the pipe leading from the East Branch dam at Musquash, the Standard editor says:—"According to Mr. Herbert Phillips, some evil disposed person who had no business to be there at all interfered with the penstock and allowed more water to come through than should have been allowed, and the pipe would not stand the strain." In its news columns the Standard quotes Mr. Phillips as follows:—"After it had been opened for some little time some person, up to yesterday afternoon unknown, had entered the gate house and evidently under the impression they were closing the gate opened it to full width, and as a consequence the pipe filled up in about two hours instead of two days."

Mr. Phillips therefore did not say the thing was done by an "evil disposed person," but by one who made a mistake about the gate.

POLICE COURT. This morning in the police court, five men charged with being drunk were given their choice of paying \$8 each or spending two months in jail. On Saturday three others were dealt with in a similar manner.

TRAFFIC CASE. R. G. March today pleaded guilty to charges of exceeding the speed limit on June 1 and allowing his car to stand in Union street on June 2. He was fined \$10.

Timely Reductions in CURTAINS and CURTINETS

in our House Furnishing Department. Prices Have Been Greatly Reduced in Order to Make a Rapid Clearance of All Lines Quoted.

- CURTAIN SCRIMS in plain hemstitched and bordered. White, cream. Regular 28c quality. SALE PRICE, 18c YD. COLORED MARQUISSETTES for overdrapes and draperies. Regular \$1.00 quality. SALE PRICE, 33c YD. COLORED BORDER SCRIM—Hemstitched. Values up to 85c. SALE PRICE, 33c YD. CURTAIN SCRIMS—White, cream, in curtain lengths, slightly soiled. Values up to 75c. SALE PRICE, 15c YD. SCRIM AND MARQUISSETTE CURTAINS—2 1/2 yds. long, slightly soiled, one and two pairs only of each pattern. 1 Pair Only Double Border—Regular price, \$11. SALE PRICE, \$7.75. 2 Pairs Only Single Border—Regular price, \$5. SALE PRICE, \$4.25. 2 Pairs Only Single Border—Regular price, \$6. SALE PRICE, \$4.50. 2 Pairs Only Single Border—Regular price, \$4.75. SALE PRICE, \$3.00. 2 Pairs Only Single Border—Regular price, \$6.25. SALE PRICE, \$3.00. 1 Pair Only Double Border—Regular price, \$9. SALE PRICE, \$6.50. 1 Pair Only Double Border—Regular price, \$7. SALE PRICE, \$5.00. 2 Pairs Only Double Border—Regular price, \$3.75. SALE PRICE, \$2.75. 1 Pair Only Double Border—Regular price, \$3.75. SALE PRICE, \$2.75.

Mothers!

Here's a Real Chance For You to Economize

Boys' Suits

With Two Pairs of Bloomers

\$12.75

It's so long ago now that we have been able to offer real quality boys' suits with two pairs of bloomers at such a low price as this that you have probably forgotten such a thing ever existed.

But here they are again. Fine Wool Tweeds in Greys, Browns and Heather mixtures; two pairs of bloomers, snappy boyish styles that will delight the boy; qualities that will make a strong appeal to parents; and two pairs of bloomers, giving double wear to the suit.

Don't Miss This Chance—It's Unusual. NO APPROVAL! NO REFUNDS! Boys' Shop—4th Floor.

OAK HALL - SCOVIL BROS., Ltd. King Street.

Special Sale of Floor Coverings

Here's your opportunity to re-cover that hall, dining room or kitchen at less than the material cost us by the carload.

Commencing Monday, June 5, we will offer Texoleum in a wide range of patterns at 75c. per square yard, in two yard widths only. Last season we sold thousands of yards of this material at nearly double that price, and with perfect satisfaction to our customers. It is absolutely waterproof, lies flat without tacking, and so flexible that it can be wound around your finger without cracking. A special process of saturation provides a surface which will outwear the ordinary printed linoleum, and at a fraction of its cost. Above price is for cash only, and it will pay you to drop everything else and see our window display. Bring your room measurements when you come, and DO IT NOW.

The Eureka Electric Vacuum Cleaner For House-cleaning.

Hats

For Midsummer That Maidens and Matrons Will Wear.

SAILORS

Made of the most beautiful Milan straw. In a splendid variety of colors, and color combinations. Also white.

STEERING GEAR OUT OF CONTROL

Mr. Bosworth Announces the Cause of the Grounding of S. S. Montcalm.

Montreal, June 5.—A statement was issued this morning by G. M. Bosworth, chairman of the Canadian Pacific Steamships Limited, to the effect that the grounding of the Montcalm near Three Rivers during the night of June 2 was due to the steering apparatus getting out of control.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

TWO SHOWS AT IMPERIAL TONIGHT

There will be two shows as usual at the Imperial tonight, starting at 7 and 9.30.

The semi-monthly payment of officials and others at city hall was carried out today, as follows.—Police, \$8,442.64; fire and salvage corps, \$2,639.22; ferry, \$1,402.80; market, \$292.45; sundry, \$1,893.48; official, \$2,227.02.

LOCAL NEWS

CITY PAY DAY.

The monthly payment of officials and others at city hall was carried out today, as follows.—Police, \$8,442.64; fire and salvage corps, \$2,639.22; ferry, \$1,402.80; market, \$292.45; sundry, \$1,893.48; official, \$2,227.02.

A CHALLENGE. A. Mouchley of Montreal, who arrived in the city on Saturday, this morning issued a challenge on behalf of Jack (Kid) Thomas of Montreal to meet the winner of the billiard match between St. John and Johnny McIntyre of Sydney, N. S., scheduled to take place here.

JOHN B. MCCLAREN. The death of John B. McLaren of McLaren's Beach, occurred on Friday afternoon after a lengthy illness. He was a son of the late James and Margaret McLaren. He is survived by two sisters, Mrs. Frank J. Curran and Mrs. Clarence Power of West St. John and one brother, A. Morton McLaren, also of West St. John.

FUNERALS. The funeral of Hugh Kelly took place this morning at the residence of his sister, 88 Sewell street, to the cathedral for high mass of requiem by Rev. A. P. Allen. Interment was in the new Catholic cemetery.

The funeral of Florence O'Regan was held on Saturday from O'Regan's undertaking parlors to Holy Trinity church. Relatives acted as pall-bearers.

The funeral of Mrs. Terence McPherson was held this afternoon from Brennan's undertaking parlors to St. John's church. Relatives acted as pall-bearers.

The funeral of Mrs. George Hampton was held this afternoon from her late residence, Milford, to Cedar Hill. Rev. W. P. Dunham conducted service.

PATROL AS TRANSPORT SICK. The patrol seems to have a variety of uses outside its regular role of catching up drunks, especially since the war has gone around that it is a very easy-going car. More and more it is being used to take the sick to the hospital.

McLAUGHLIN-McAULIFFE. A pretty wedding took place in Holy Trinity church at 7.15 o'clock this morning when Rev. J. J. Walsh, V. G., united in marriage with nuptial mass John Francis Edwin, son of Mr. and Mrs. John F. McLaughlin, of 41 Elliott row, to Roseanna McAuliffe, daughter of Mrs. Jane McAuliffe and the late John C. McAuliffe.

BRADSHAW—In this city on June 4, 1922, after a lengthy illness, Adavilla T. Bradshaw, wife of A. H. Bradshaw, of St. Martin's, N. B., leaving three sons and one daughter to mourn.

STRINGER—On June 4, 1922, at 143 Grand street, Mrs. Sarah Elizabeth Stringer, mother of Mrs. H. L. Spangler, died.

McLAREN—In this city on June 2, 1922, after a lengthy illness, John D. McLaren, aged forty-two years, leaving one brother and two sisters.

BRADSHAW—In this city on June 4, 1922, after a lengthy illness, Adavilla T. Bradshaw, wife of A. H. Bradshaw, of St. Martin's, N. B., leaving three sons and one daughter to mourn.

SWISS SAY NO TO THE SOVIETS

Refuse Genoa Delegates Permission to Make Short Stay in Their Country.

Geneva, June 5.—The Swiss government has refused permission to members of the Soviet delegation who attended the recent economic conference at Geneva to make a short stay in Switzerland to "attend to private business."

An exception was made in the case of M. Krasin, to whom permission was given to remain in Zurich twenty-four hours under police supervision. The Swiss government desire to negotiate for the recovery of Russian debts alleged to have been confiscated by the Bolsheviks from Swiss private citizens in Russia, for no indemnity was given.

The Leyden jar condenser and the mica condenser are two types commonly used under no conditions of high voltage where the potential across the condenser may be several thousand volts.

The Leyden jar condenser is in general use in marine installations and consists of a copper plated glass jar with walls approximately one-eighth of an inch thick. Connections are made to the inside and outside coatings of the jar and the jars are usually mounted in a battery of six, connected in parallel.

The maximum voltage to which Leyden jars may be subjected is 15,000 volts.

Several Leyden jars are shown connected in the following diagram. When connected in parallel, the outer coatings are connected to the one side of the circuit and the inner coatings to the other side of the circuit. When connected in series, the inner coating of one jar is connected to the inner coating of the next and the outer coating of this jar is connected to the outer coating of the next, as shown.

The Leyden Jar Condensers in Parallel

Condensers in Series

Another type of condenser used for high voltages is constructed of glass plates and sheets of tin foil. On each side of a glass plate is glued a sheet of tin foil of such size as to leave considerable margin between the edge of the tin foil and the edge of the glass plate. The plate and tin foil sheets receive a coating of shellac or paraffin after drying are bound together in groups and the groups submerged in oil. By means of projecting portions of each tin foil sheet the alternate layers of tin foil are connected to common terminals.

The limiting voltage of this type of condenser is approximately 15,000 volts. Glass or mica may be used as the dielectric in high potential condensers due to their ability to withstand high voltages without being punctured. For low voltage condensers, 500 volts or less, oil or waxed paper with alternate layers of tin foil may be used.

FIFTEEN MINUTES OF RADIO EACH DAY

Formerly Technical Electrical Expert For U. S. Government

Lesson No. 17. THE CONDENSER.

An important function of the condenser in the circuit of the radio transmitter, is to store up energy in the form of an electrostatic field and then to release this energy by discharging across the spark gap and setting up oscillations of high frequency.

The simplest form of a condenser consists of two conducting surfaces separated by an insulator, known as a dielectric. For high voltage condensers this dielectric may be air, glass, or mica and for low voltage condensers thin sheets of hard rubber or oiled paper.

If two conducting surfaces are so placed that there is a thin layer of air between them and the surfaces are connected to a supply of direct or alternating current, and electrostatic field will be created which sets up electrostatic lines of force in the thin layer of air between the other side of the circuit.

The Leyden jar condenser and the mica condenser are two types commonly used under no conditions of high voltage where the potential across the condenser may be several thousand volts.

The Leyden jar condenser is in general use in marine installations and consists of a copper plated glass jar with walls approximately one-eighth of an inch thick. Connections are made to the inside and outside coatings of the jar and the jars are usually mounted in a battery of six, connected in parallel.

The maximum voltage to which Leyden jars may be subjected is 15,000 volts.

Several Leyden jars are shown connected in the following diagram. When connected in parallel, the outer coatings are connected to the one side of the circuit and the inner coatings to the other side of the circuit.

GENERAL RILEY AND HIS ARMY ON PARLIAMENT HILL

Ottawa, June 5.—(Canadian Press)—For about twenty minutes this morning "General Riley's army" of unemployed veterans, which had marched from Toronto, sat in silent sledge of the parliament buildings, then marched back to barracks.

Promised every consideration and sympathetic treatment by the premier and by Hon. H. S. Beland, minister of soldier civil re-employment, at an interview between the "army" executive and the government, "General" Riley returned to his men, and, in an impassioned speech, declared that they would remain in front of the buildings until a specific answer was received.

"Men," he said, "the premier of Canada has neither consented nor refused to come out and address you. I consider that the government has been very evasive. I think that the best thing to do is to march back to barracks."

At ten o'clock however, Mr. Palmer (Superintendent of the Pacific Coast Pipe Co.), reported that the penstock was unaccountably rapidly filling up, and the considerable leaking along its sides would endanger the earth embankment of the penstock.

Mr. Shepherd at once went to the intake and found that the filler gate which had been closed on the morning of the penstock was completely open.

DAMAGE WILL NOT EXCEED \$1,200

Will Not Take More Than a Week to Repair the Wood Stave Penstock at Musquash—Detailed Report by Assistant Chief Engineer.

That the damage done through the washing out of a fill and a consequent collapse of one of the woodstave penstocks in the hydro-electric development at Musquash will not exceed \$1,200 and can be replaced in a week, is among the details in a report made on the matter to the chief engineer, C. O. Foss, by S. Weston, assistant chief engineer. Mr. Weston's account of the accident is as follows:

C. O. Foss, Eng., Chief Engineer, N. B. Electric Power Commission. St. John, N. B.

Dear Sir,—Immediately on receipt of a report from Mr. D. Shepherd to the effect that the tests which he was conducting of the turbines and generating machinery at Musquash had been interrupted by the failure of the earth embankment (Station 25 Eastern penstock grade), I went to the site and made a careful inspection of the washed-out fill and an inquiry as to the cause of the trouble.

It appears, from Mr. Shepherd's statement, that he commenced his operations on Thursday, June 29th, and with the assistance of his own staff together with that of Mr. Palmer, the superintendent of the Pacific Coast Pipe Company, water was admitted to the Eastern penstock, the lower end of which was completely filled and tested and found to be satisfactory to a point above the junction with the surge tank. During the day frequent manipulation of the filler gates at the East Branch intake had been necessary and these gates had functioned effectively and without trouble of any kind.

The wood stave penstock itself was very dry and therefore numerous leaks along its length were expected and did develop. None of these were of a serious nature and as the bottom staves became saturated and all swollen the leaks rapidly diminished.

At 8 p. m. it was decided to cease operations for the day and a member of Mr. Shepherd's staff was sent to the intake to close the filled gates for the night. This man returned and reported that the western filler gate had been closed but that he was unable to complete the closing of the other one which was open about one half inch and so could be stuck there.

On this report Mr. Shepherd opened the by-pass having more than enough capacity to pass all the water which could get into the penstock and the half inch opening in the intake gate, no further action was taken as the flow of a few inches of water would be beneficial during the night would be beneficial.

At ten o'clock however, Mr. Palmer (Superintendent of the Pacific Coast Pipe Co.), reported that the penstock was unaccountably rapidly filling up, and the considerable leaking along its sides would endanger the earth embankment of the penstock.

Mr. Shepherd at once went to the intake and found that the filler gate which had been closed on the morning of the penstock was completely open.

At ten o'clock however, Mr. Palmer (Superintendent of the Pacific Coast Pipe Co.), reported that the penstock was unaccountably rapidly filling up, and the considerable leaking along its sides would endanger the earth embankment of the penstock.

TROTSKY STUDIES AND QUALIFIES AS AN ARMY OFFICER

Moscow, May 10.—(A. P., by mail)—Leon Trotsky, Bolshevik war minister, desirous of perfecting himself in military technique, has completed a course in the staff college of the Red Army.

LIVER TROUBLE BAD BILIOUS ATTACKS

When your liver becomes sluggish and inactive your whole health suffers. Your bowels become constipated, the tongue coated, the breath bad, the stomach full and sick and an indigestion occurs on account of the liver holding back the bile which is so essential to promote the movement of the bowels and the bile into the blood, instead of passing out through the usual channel.

BY BRAVE ACT CHILD IN WELL

Quebec, June 5.—(Canadian Press)—A courageous act was performed at Silvery on Saturday afternoon when a young man, jumped into a well to rescue four year old Adolphe Giguere.

CHARLIE McDONALD MAY MEET MURPHY

Halifax, June 4.—Charlie MacDonald, maritime welterweight champion, announces that he is willing to meet Eddie Murphy in a ten round bout and prove that the decision rendered in his favor Thursday was justified.

CANADIAN WINS HONOR IN ALBANIA

London, June 5.—(Canadian Press Cable)—Col. Surgeon Burnham of Winnipeg and Toronto, according to a Reuters dispatch from Scutari, Albania, has received thanks from the Albanian government upon the termination of the White Cross work in the Balkans and has been created a brigadier general.

Corns?

—just say Blue-jay Stops Pain Instantly

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in two forms—colorless, clear liquid and one drop colorless, clear liquid in extra thin plasters. Use whichever form you prefer, plasters or the liquid. Made in a world-famed laboratory. Sold by all druggists.

BRITISH LEGION IN CONFERENCE

London, June 5.—(Canadian Press)—The first annual national conference of the British Legion has opened in Cannon street hotel, London, with a large attendance of delegates from all parts of the country and representatives of American, French and Belgian legions and delegates from the Empire Service fund and Australia.

MILBURN'S LAXA-LIVER PILLS

They are purely vegetable, small and easy to take, work smoothly and gently, and there is nothing of the griping, weakening and deterring effects of the old-fashioned purgatives.

REMARKABLE LETTER

Canadian Woman Recommends Lydia E. Pinkham's Vegetable Compound

Shave With Cuticura Soap The New Way Without Mug

Winnipeg, Manitoba.—"I can not speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Life was a misery and work was a burden. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even sport right to my husband. The doctor said that he could do nothing for me owing to my condition, but to use the Lydia E. Pinkham's Vegetable Compound. I started it right away and everyone noticed what a different woman I was in a short time. I went and engaged my doctor and he did not know me, I was so well. It was a pleasure, not a burden. Now I have a fine bouncing baby. I am my doctor's own words. I can do to nurse her and enjoy doing my work. I can not help recommending such a medicine, and anyone seeing me before I took it and seeing me now, can see what it does for me. What it has done for me it can do for anyone in the same condition. I am only too pleased for you to use it. My testimonial."—MRS. EMILY DAVIS, 721 McGee St., Winnipeg, Manitoba.

DIVORCE GRANTED TO MOVIE ACTRESS

Los Angeles, June 5.—Constance Talmadge, moving picture actress, has received an interlocutory decree of divorce from John Piologlou, tobacco manufacturer, of New York, on grounds of mental cruelty. No answer to the suit was filed by Piologlou.

PIOLOGLOU, RICH TOBACCO MAN HERE, MAKES NO ANSWER IN CONSTANCE TALMADGE SUIT.

Miss Talmadge testified that on April 8, 1921, in order to save arguments, Piologlou told her that he did not care to continue married life and asked her to leave their home. She did not leave her home until after her mother, Mrs. Margaret Talmadge, testified to special charges of mental cruelty.

What I did to cure a cough which was Racking my system to pieces.

"One very hot evening last summer, while in the mountains, a cool breeze suddenly came up which left me thoroughly chilled. Next day I felt a slight cold in my head but thought nothing of it. The following day the cold had developed into a cough. This kept up for some weeks but instead of getting better the cough kept getting worse. A tickling sensation developed in my throat. I tried everything I could think of to get rid of it. It was worse when I went to bed. As soon as I laid down the tickling sensation started and the only relief I could get was to sit up in bed. Towards morning I sometimes, from sheer exhaustion, managed to get a little sleep. During all this time my cough was getting worse. Sometimes in these severe fits of coughing spasms I was left weak and out of breath. Anything I tried only gave me temporary relief. I couldn't eat anything but liquid foods. I couldn't sleep. I was losing weight every day. At times I suffered the most intense agony with headaches. A friend of mine told me about Carnol. After trying it for three weeks I noticed that my cough was beginning to soften, that my appetite was returning, that the headache was taking seven bottles of Carnol. I am perfectly well, better health than I have ever had before in my life."

My Debt of Gratitude.

"I have a debt of gratitude to the makers of the 'Clarke's Blood Mixture' for restoring me to health after a long illness. I had been suffering from a severe case of anemia and had lost all my strength. After taking several bottles of Clarke's Blood Mixture, I began to feel better and my strength returned. I am now perfectly well and able to do my usual work. I feel that I owe a debt of gratitude to the makers of this medicine for what it has done for me."

Blind But For Bon-Opto

Downington, Pa.—Bon-Opto has certainly been a great help to me. I would have been blind by now had it not been for Bon-Opto. I have been strabismic for three years and my eyes are very weak. Bon-Opto helps them wonderfully.

MORRISSEY BRIDGE BADLY DAMAGED

Several Persons Have Narrow Escapes When Steamship Canadian Squatter Crashes Into Costly Structure

Newcastle, June 4—The steamer Canadian Squatter crashed into the span of the costly Morrissy Bridge containing the draw here tonight about 6.30 o'clock and damaged the bridge to such an extent that it is impossible to be used at present to cross the Miramichi river. Several narrow escapes were experienced by pedestrians crossing the bridge at the time. The steamer is said to have escaped with practically no serious damage.

Shortly after 6 o'clock tonight the steamer Canadian Squatter, which is 1,900 tons net register, was seen to be approaching the draw bridge to proceed up the Miramichi to Burchill's wharf to load a cargo of deals. She whistled for the opening of the draw bridge but Larry Coughlin, the bridge tender, was at home eating his supper.

Warned to Run for Lives.

He at once commanded a horse and carriage and hastened to the bridge. When he arrived there he discovered that the steamer was near the bridge and he realized that a disaster was imminent. Seeing that he did not have sufficient time to open the draw he warned every person on the bridge to run for their lives.

Meanwhile the steamer had been approaching steadily and had by this time almost reached the bridge. Mr. Coughlin saw that nothing could avoid a collision and he jumped clear of the draw span just a few seconds before the big freighter crashed into it. The horses and carriage, which had brought Mr. Coughlin to the scene did not have time to turn on the bridge but had to hasten right across.

Several Narrow Escapes.

Several children, who were watching the approach of the steamer, had narrow escapes. The force of the impact drove the draw open for forty feet, threw the draw off its pivot and tilted it at an angle of thirty-five degrees, broke several of the iron girders and badly twisted

several others. The entire span containing the draw is almost a complete wreck. The steamer, it was said tonight by eye witnesses, hit the bridge directly bow on. They declared that the crew of the steamer had dropped the anchor, which did not appear to hold, and the engines of the vessel were reversed before the accident occurred, but the momentum of the freighter carried it forward. As soon as possible after the accident the steamer was backed from the bridge and she anchored a short distance down the stream. As far as could be learned tonight the steamer escaped practically undamaged.

Crowds Flock to Scene.

The accident caused tremendous excitement here and large crowds flocked to the scene to see the results of the collision. The accident has cut off traffic between Newcastle and Nelson and other parts of the surrounding country. Enterprising boatmen are running a kind of ferry between this town and the other side of the river. The only methods of crossing the river in this section of the country are by way of Chatham and the ferry there and by train from Derby Junction.

Sunlight Soap

The home where Sunlight Soap is used is always a delight to visit. It radiates the very spirit of Sunlight, which is absolute cleanliness and purity.

For there is no other soap equal in purity to Sunlight—its rich, cleansing elements in which are blended pure rich coconut and palm oils enable Sunlight to wash clothes beautifully clean and snowy white. Its purity, quality, efficiency and economy give it the largest sale in the world.

LEVER BROTHERS LIMITED
Toronto - Ontario

Mr. Advertiser:

Think for a minute about St. John and Ottawa, in connection with newspapers and advertising.

The population of Ottawa (according to *Might's Directory*) is 143,402.

The population of St. John according to the last census is 47,166 or, counting close suburban territory, say 55,000 to 60,000.

The Ottawa Journal, morning and evening, has a combined circulation of 27,717.

The Ottawa Citizen, morning and evening, has a combined circulation of 29,460.

The Ottawa Journal and Citizen have the A. B. C. audit, which is accepted as the standard authority on circulation by all the agencies and leading advertisers in Canada and the United States.

The Telegraph and Times (A. B. C. audit) for the six months ended March 31, 1922 had a combined net paid circulation of 30,461.

Mr. Advertiser: Does not this strike you as a significant comparison?

The Telegraph and Times cover the city of St. John and the province of New Brunswick like a blanket, from the advertising standpoint.

Their circle of readers exceeds 100,000 people, practically all the live buyers not only in New Brunswick, but as far east as Amherst and including the Nova Scotia counties across the Bay of Fundy.

Please note that The Telegraph and Times are the only A. B. C. papers in New Brunswick. It is suggested to you that the Ottawa and St. John figures given above are worthy of a little study and productive of a little thought.

Advertising is the life blood of business. Circulation, particularly when it is well distributed among every class of buyers, gives advertising the pulling power that keeps the cash register and selling force busy. Advertising is a productive investment. It cuts your overhead by swelling your total sales.

BIRTHDAY OF THE CATHOLIC CHURCH

Pentecost Sunday or Whit Sunday, the birthday of the Catholic church, was celebrated yesterday. His Lordship Bishop LeBlanc celebrated pontifical mass at the Cathedral. Rev. W. Duke, rector, was assistant priest, Rev. Simon Oram deacon, Rev. H. A. Ramage sub-deacon and Rev. A. P. Allen master of ceremonies. Rev. Roy McDonald was in the sanctuary. Father Oram preached the sermon. His lordship officiated at pontifical vespers in the Cathedral last evening.

The three days of public prayers which have been observed in commemoration of the 800th anniversary of the founding of the Sacred Congregation of the Propaganda, the body which has general supervision over Catholic foreign missionary work, was concluded on Saturday evening in the various churches of the city. The occasion also marked

the 100th anniversary of the founding of the Society for the Propagation of the Faith. Collections were taken up in all the churches of the diocese yesterday for the Chinese Mission College at Allmonte (Ont.) and for the new missionary college in Montreal.

In connection with this tridium his lordship imparted the papal blessing to the congregation yesterday morning and in the other Catholic churches of the

city this blessing was given by the priest at one or other of the services.

RED CROSS MEETING

Halifax, June 4—A provincial Red Cross health conference will be held at Antigonish on June 15, Dr. D. A. Craig, Red Cross commissioner for Nova Scotia, said here tonight. There will be a health survey of the county.

The provincial government, provincial department of health, county council, medical and dental professions, health officers of the Red Cross and others will be represented at the conference.

THE BUSINESS COLUMN
Free Candy Offer
The L'Aligon Annex in Philadelphia has succeeded in establishing a constant and growing trade in its luncheon and candy business, without tampering with quality or lowering prices.
Recently Mr. Wilson sent out "telegrams" to all the business offices in the vicinity of the Annex inviting men and women to visit the French room. In the envelope with the "telegram" was a blotted with the caption "This ticket is worth ten cents to you, it has a possible value of sixty cents, and below it read, "For ten days, beginning April 18, the first ten holders of these tickets who dine in the French Room, L'Aligon Annex, will each receive one-pound box of L'Aligon assorted chocolates free from the cashier at the time of paying their luncheon check. This ticket has a cash value of ten cents and will be accepted for that amount any time it is presented to the cashier and applied on payment of the French Room luncheon check. Only one ticket will be accepted with each check.
"The advertising value of these stunts," declared Mr. Wilson, "has been inestimable. For the last month we have been literally packing 'em in, and there is no indication that things will drop off. Besides, I won't let them.

Flash Credit Warning.

The plan recently adopted in Pittsburgh, Pa. for sending out warnings of the activities of bad-check "artists" through the immediate use of the telephone by an ever-widening circle of

well be eliminated from the ground floor of a department store, the Boston Store in Joliet, Ill., tried the experiment of moving its shoe department upstairs, where greater privacy is secured.
The results have been favorable in the sales record of the department.

"9-Dary, 9-Cent" Sale

The Clarke & Co. store in Peoria, Ill., recently staged a "9 day, 9 cent sale." Different classes of goods were featured on different days, following a heavy advertising drive, and all prices ended in the figure 9.

LOCAL NEWS

The Fair Water Sunday school opened yesterday for the season, under the guidance of Superintendent Murphy. Mr. Murphy addressed the pupils and spoke of the plans for the summer.

At a meeting of the Playgrounds Association on Friday night preparations were made for the opening of the public playgrounds on July 1. The work at the Rockwood Park grounds

was reported on by Walter Evans, the superintendent.

Dances were held in several of the summer resorts near the city on the holiday. In spite of the rain, good attendance was recorded at most of these. The Renforth Athletic and Outing Association, the Fair Water Club and the Westfield Country Club all had special orchestras.

An alarm from box 17 called the firemen yesterday at noon to the three-story house owned by Peter Saab, at 29 Brunswick street, to extinguish a small fire in the top flat of that building. The blaze proved to be easily handled and the "all out" sounded a few minutes after the firemen arrived. The fire did practically no damage to the building.

Eighteen girls of the Indoor-Outdoor Club of the Y. W. C. A. held their first hike of the season on Saturday afternoon, Mr. Murphy addressed the pupils and spoke of the plans for the summer.

GLEN FALLS—HOME SITES

WHY NOT HAVE A REAL HOME that you can call yours? Have a home for your family to grow up in, which they can call their home, a home with all modern improvements, such as electric light, running water, phone service, etc., at the same time in the suburbs. Have your market garden, grow your own vegetables, have room for the kiddies to play. Have the joys and the health of the country, and at the same time enjoy city conveniences. Especially charming home sites up the Glen Falls Valley, where twenty pretty cottages have already been erected, or in an equally pretty valley close to the Manor House and only a few hundred feet from the street railway as recently extended. Easy terms. Crushed stone at cost, especially suitable for concrete, supplied for building purposes. If you want a home that is a home, write us or phone Main 385, or enquire of George Watson, our Superintendent at Crushing Plant, Glen Falls, or at his residence, near Factory Buildings. 7-5

OUR TRADE WITH WEST INDIES

The Montezuma, on her first trip from Montreal to the West Indies, suggesting a new Canadian Pacific cargo service between Montreal, Bermuda, Barbados, Trinidad and Demerara, was due at Bermuda at the week end. The Montezuma brought to Montreal last week the largest cargo of sugar ever brought to port. This shipment was from Jamaica, which is coming more and more into prominence as a grower of cane sugar.

ROTHESAY WINS GOVERNOR'S CUP

By winning the meet for the third successive time, Rothesay Consolidated School on Saturday afternoon became the permanent possessor of the Lieutenant Governor's silver cup put up for track and field competition between the consolidated schools of Rothesay, Hampton and Kingston. Rothesay scored seventy-three points; Hampton, thirty-four; and Kingston, one. The meet was held on the athletic field at Rothesay Collegiate School and was witnessed by a fair sized crowd in spite of the unfavorable weather conditions.

Monteith, of Rothesay, by winning five events was easily the high point winner of the meet. His performances were all of remarkable merit for a schoolboy and shows him to be an all round athlete of rare ability. Monteith did 9 feet 1 1/2 in. in the pole vault, 19 ft. 8 inches in the broad jump, ran the hurdles in 17 1/5 seconds, the 220 yds in 24 4/5 seconds, and the half mile in 2 minutes, 19 seconds.

The summary of the events follows:
Senior 100 yards—D. Angevine, Hampton; 2, Flewelling, Rothesay; 3, Price, Rothesay; time, 11 sec.
Pole vault—1, Monteith, Rothesay; 2, Green, Rothesay; 3, Price, Rothesay; height, 9 ft., 5 1/2 in.
Senior high jump—D. Angevine, Hampton; 2, Long, Rothesay; 3, March, Hampton; height, 5 ft., 2 in.
Senior broad jump—1, Monteith, Rothesay; 2, J. Starr, Rothesay; 3, D. Angevine, Hampton; distance, 19 ft., 5 in.
Junior 100 yards—1, Flewelling, Rothesay; 2, Long, Rothesay; 3, Price, Rothesay; time, 11 4/5 sec.
Senior hurdles—Monteith, Rothesay; 2, Angevine, Hampton; Fair, Kingston; time, 17 1/5 sec.
Midget 75 yards—1, Taylor, Hampton; 2, J. Green, Rothesay; 3, Conway, Hampton.
Senior 220 yards—1, Monteith, Rothesay; 2, D. Angevine, Hampton; 3, Flewelling, Rothesay; time, 24 4/5 sec.
Junior high jump—1, Long, Rothesay; 2, Price, Rothesay; 3, Flewelling, Rothesay; height, 4 ft., 7 in.
Midget broad jump—1, Angevine, Hampton; 2, J. Green, Rothesay; 3, Conway, Hampton; distance, 14 ft.
Junior broad jump—1, Long, Rothesay; 2, Price, Rothesay; 3, Flewelling, Rothesay; distance, 16 ft., 11 in.
Half mile—1, Monteith, Rothesay; 2, Hayes, Hampton; 3, March, Hampton; time, 2 min. 19 sec.

SUSSEX ATHLETIC MEET ON JULY 1
(Sussex Record)

Sussex will see more athletes and better athletes in action here July 1st than ever took part in sports in this town. Already E. H. Vickers, chairman of the Track and Field Committee, has letters from Presidents of both the Wanderers and Crescents clubs of Halifax assuring him that they will have strong teams here on Dominion Day.

Holmes, the 440 yards, 880 yard and mile champion, will be here, according to Pat Neville's letter. Also Mooney, the wonderful miler, is on the Crescents' list as an entry. Beaton, the shot-putter and high jumper, of the Crescents, is among the names in Neville's letter. Smith, the hundred yard champion, is also an entry.

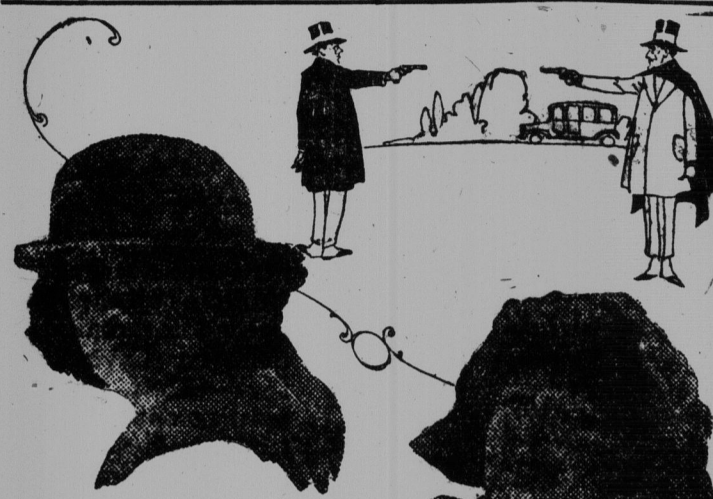

Mr. Bowie, Physical Director of the Y. M. C. A., St. John, writes as follows: "Dear Mr. Vickers: I have your letter of the 10th inst. regarding a track meet at Sussex on Dominion Day. We certainly will send up a good representative team in most of the events. Our boys are mighty well pleased with the treatment they received last year, and are keen on visiting you again."

This meet promises to be one of the best, if not the best, ever staged in Eastern Canada. No expense will be spared to give the sport-loving people of New Brunswick the best day's sport ever staged on an athletic field.

The local authorities are all in training and notwithstanding the fact that it is early in the season, most of them are already in good shape and fit for action. Several "green ones" who have

LANCASHIRE RAIDS

London, June 4.—The explosive stores of a large number of collieries over a wide area in Lancashire were raided about midnight Sunday and a great quantity of detonators and other explosives stolen. The raiders escaped with their booty in automobiles.

FELSCH LOSES

Milwaukee, June 4.—Judge John Gregory in circuit court yesterday denied the motion of attorneys for Oscar (Happy) Felisch, outlawed baseball player, to have Charles Conslaker, owner of the Chicago White Sox, and his son, Louis, appear in Milwaukee under the discovery statute for examination in connection with a suit in which Felisch seeks back pay, bonus and damages resulting from his expulsion from organized baseball.
