LEAVE TO DAM ST. JOHN RIVER ASKED

OTTAWA HEARS N. B. ELECTRIC APPLICATION

Permission To Start
Grand Falls Develop-
ment Requested

TO BE CONSIDERED

Matter Must Also Have Ap-
proval of International
Commission

By Canadian Press.

OTTAWA, Jan. 27.—An application from the New Brunswick Hydro Electric Commission for the approval of plans for the construction of a dam across the St. John river from the Province of New Brunswick to the State of Maine, above Grand Falls, N. B., was received here this morning by the Department of Public Works. The matter will be reported upon by engineers and will then be referred to the Governor-in-Council for consideration.

International Aspect.

As the proposed construction is of an international nature, approval by the International Joint Commission, which body deals with waterway questions of this character, where the governments of Canada and the United States are concerned, will also be necessary, it is stated.

COUNCILLORS OF KINGS IN SESSION

Annual Meeting of Municipality
in Hampton Opens—Bank
Matters Voted on.

Special to The Times-Star.

HAMPTON, N. B., Jan. 27.—Three new councillors, F. M. Sproul, Hampton, Dr. L. R. Murray, Sussex, and Capt. B. Flewelling, Greenwich, were welcomed to the annual meeting of the Municipal Council of Kings County, convened here today, with Warden Gilchrist presiding. The report of the auditor, Charles Wetmore, on the financial condition of the various parishes was read and approved. The report on the Municipal House will be presented this afternoon by J. P. Atherton, Sussex.

A resolution presented to council to transfer the funds of the council from the Bank of Nova Scotia to the Provincial Bank was defeated on a vote. Councillor Smith moved the resolution.

Paris Papers Say German Action
is Hampering Trade
Negotiations.

PARIS, Jan. 27.—An agreement between the German metallurgical and mechanical interests is alleged by the French press to be hampering the Franco-German negotiations for a commercial pact. Both these interests are said to be trying to stop the negotiations in revenge for non-evacuation of the allies of the Cologne zone. Newspapers see Germany intent on hampering French industry by maintaining the 900 per cent. tariff on all shipment to Germany now in force.

French Royalist Leader Charges
Murder of His 14-Year-Old
Son.

PARIS, Jan. 27.—For more than a year Leon Daudet, royalist leader, has been building up the case against those he believes responsible for the death of his 14-year-old son, Philippe, and he presented it to the judiciary in concrete form last night, with formal charges against five men. The boy was found in a taxi-cab severely wounded in November 1923, and succumbed several days later.

ELEVEN DIE FROM GAS IN NEW YORK CITY

Death Is Laid To Lipstick

NEW YORK, Jan. 27.—James Devlin, 17 years old, of Elmhurst, died of blood poisoning caused, in the opinion of physicians, by a lip stick which he used a week ago when he appeared in a performance given by the young people of St. Bartholomew's Church. At the time of the performance young Devlin had a cold sore on his lip. He became ill the day after the performance and grew rapidly worse.

ESTIMATES SO FAR LOWER BY ABOUT \$28,000

Change In Book-keeping Relative To Interest

The city commissioners, still struggling with the estimates for 1925 had, up to this afternoon, approved to \$802,223.45, as compared with \$830,459.59 for the corresponding items last year. Those approved so far are public works, \$262,712.14; lights, \$18,802.88; police, \$111,253.45; fire, \$123,754.50; and ferry, \$65,698.38. This seems to be about the same as last year but the assessment is really about \$20,000 less as the general assessment for interest will be lower, owing to the change in manner of assessing.

Last year these items were: Public works, \$262,768.09; lights, \$18,802.12; police, \$112,293.35; fire, \$123,231.25; and ferry \$65,863.88.

This afternoon the council will hold another session and it will probably take up the consideration of the grants of 1925. Last year these amounted to \$25,645.54 and some of those who received grants last year are asking for increases this year.

CHI IS DEFEATED

Report Say Troops Retreating
Along Line of Shanghai-
Nanking Railway.

SHANGHAI, Jan. 27.—Troops of Chi Hsieh-Yuan at Wusih, 80 miles west of here, have suffered a decisive defeat, according to reports received here. The reports asserted that General Chi's troops were retreating along the line of the Shanghai-Nanking railway, toward Shanghai, leaving Wusih in the possession of the central government's Manchurian troops under Lu Yung Hsiang.

Church Union Vote Stands 864 to 280

TORONTO, Jan. 27.—The summary on the Church Union vote based on returns received by the Church Union headquarters up to 8 o'clock last night, shows the standing to be 864 in favor of union and 280 against it.

NEW YORK, Jan. 27.—Illuminating gas took the lives of eleven persons here yesterday, two of them infants. George Quarrie, his wife, Mary, and an unidentified woman believed to be Miss Alice Gillett, of Clason Point, N. Y., were found dead in the McQuarrie home in Brooklyn last night. Doctors said they had been dead about 12 hours. A gas cock in the kitchen range was open and all windows in the apartment were shut tight.

Mrs. Julia Hill, with her two-month-old son, George Hill, Jr., were found dead in bed by George Hill, when he returned from work last night. Hill told the police that before he had left the apartment in the morning he had lit a gas stove and closed the window.

Schackleton's Famous Ship Will
Carry Two Parties to Polar
Seas.

OSLO, Norway, Jan. 27.—Sir Ernest Shackleton's famous expedition ship The Quest, this year will penetrate the frozen realms of the Polar sea. It will carry two hunting expeditions, one to the White Sea by way of Nova Zembla and Franz Josef Land, returning by way of Bear Island and Spitzbergen in the other the remote island of Jan Mayen and the east coast of Greenland. Seal, reindeer, polar bear and muskoxen will be the principal objects sought. Capt. Schilder, noted northern skipper, will be in command.

WATER RATES

The proposition to charge the interest and sinking fund charges on the various departments, instead of, as at present, some being charged in revenue and some in the sinking fund, was increased by more than \$17,000, but as this will come out of the assessment usually presented by the commissioner of finance, the total assessment will not be increased.

WINDSOR, Ont., Jan. 26.—To- day's luncheon given by the Windsor Rotary Club, which is almost interchangeable with the local Chamber of Commerce, was largely attended by repre- sentative business men of Wind- sor, Ford and Walkerville. WOMAN DIES IN LEAP FROM MONCTON FIRE

Mrs. Cordelia Scott Dies After Jumping From a Third
Storey Window—Two Others are Injured in
Blaze Which Destroys Building.

Special to The Times-Star.

MONCTON, Jan. 27.—Mrs. Cordelia Scott is dead and Miss Melissa VanBuskirk and E. A. Goldfinger are suffering from injuries as a result of a fire which destroyed the Windsor Hotel this morning. There were thrilling rescues of occupants of the hotel by police and firemen while others succeeded in saving their lives by jumping from the windows.

Building in Ruins.
The fire started about two o'clock and by 4:30 the large building was a mass of ruins. Mrs. Cordelia Scott, who had been a resident of the hotel for several years, was found lying in the snow in the yard beside the building, from the third story of which she had jumped. She was taken to the city hospital and died from shock and suffocation about 15 minutes after entering the institution.

Miss Melissa VanBuskirk, another occupant of the hotel, was found wandering dazed in the snow beside the building in her bare feet and with only a kimono over her night clothes. It was probably due to Miss VanBuskirk that some of the other occupants owe their lives. When she became aware of the fire she fought her way among burning corridors and aroused others. She is suffering from shock but is progressing favorably.

Traveler Injured.
E. A. Goldfinger, a commercial man of Montreal, who jumped from an upstairs window in his hospital, suffering from a fractured wrist, injuries in the back and shock.

Mrs. McMullen, the proprietress of the hotel, was rescued from a second-story window by police and firemen. Joseph Bourgeois and Wallace Smallwood, rescued from an upstairs window, were rescued from the building and \$4,444 on the furniture. There was \$18,000 insurance on the building and \$4,444 on the furniture. Her husband died about 10 years ago.

The building was valued at about \$25,000 and the furniture \$18,000. There was \$18,000 insurance on the building and \$4,444 on the furniture. Her husband died about 10 years ago.

No Inquest.
Mrs. Scott, whose death was caused by the fire, was 66 years old. She was the widow of D. Bryce Scott, former chief electrician of the Intercolonial railway. She was the daughter of the late Martin Downing and is survived by one daughter by a former marriage, Mrs. Lillian Quist, residing in the United States, and one sister, Mrs. Maud Ansell, also residing in the United States. Her husband died about 10 years ago. Dr. H. H. Coleman, coroner, decided this morning that an inquest was unnecessary.

MARITIME CRUSADERS DISPEL SHIPPING MISUNDERSTANDING IN UPPER CANADA

Our Legitimate Demands

MONTEAL, Jan. 26.—Discussing the problems of the Maritime Provinces editorially today, Le Devoir, organ of Henri Bourassa, says:
"The demands of the Maritime Provinces, as formulated by the newspapers of St. John, appear to be legitimate for the most part. There seems to be no need for Ottawa endangering the old provinces and not giving them their due. Our chief (Bourassa) has emphasized frequently the danger to national unity if the causes of discontent in the east and the west are permitted to grow and multiply. Wise governments ought to bring themselves to a pre-vision of the future and should consolidate Confederation by giving to the various provinces what they have a right to demand, without danger to other parts of the country. For her own part, Quebec is disposed to be just towards all."

A GOOD CASE AND A GOOD MOVE

(Sydney, N.S., Record)
MR. A. M. BELDING, an experienced New Brunswick newspaper man, is being sent across Canada by the St. John Telegraph-Journal to tell the story of the Maritimes so that the people of other parts of the Dominion may be better informed as to the position of these provinces and may better understand Maritime claims. The St. John paper has made a good move in sending Mr. Belding on this mission. All parts of the Maritimes have a good case, but the trouble is that the case is not generally understood outside their own borders and that is largely their own fault. There need to be some more Beldings, whether sent by private agencies or public bodies such as the Maritime Board of Trade.

Premier Accepts Application of
Concordat to Alsace-
Lorraine

Canadian Press Despatch.
PARIS, Jan. 27.—"Rome must cease its attempts to make the Catholicism a political party in France," Premier Herriot declared in the Chamber yesterday during the course of the discussion on the suppression of the Embassy to the Holy See. The Premier charged the French Bishops with attacking the laws of the Republic upon instructions from the Vatican. "The Pope should have remained politically neutral," he declared.

Abbe Lemire, deputy for Nord Department, interrupting, declared: "He is. That is why I, a Catholic priest, am a member of the Radical Party in politics."

May Appoint Envoy.
Premier Herriot scored heavily by recognizing a ruling of the Council of State that Alsace-Lorraine was still under the regime of the Napoleonic Concordat between Paris and Rome and accepting the eventual appointment of a representative of the recovered provinces to the Vatican should circumstances demand.

The Premier's good sense and diplomacy in accepting the ruling of the state council took the opposition by surprise, removing as it did one of their strongest arguments against the suppression of the French embassy to the Vatican, namely, the status of Alsace-Lorraine.

It is now regarded as certain that the Chamber will vote for suppression of the embassy to the Vatican by the regular governmental majority.

Fatality.

MANAGUA, Nicaragua, Jan. 27.—Three sailors and one United States marine of a party of 100 from the United States gunboat Tule, were drowned in Lake Managua Saturday when a heavily loaded lighter, on which the men were being conveyed to a larger vessel capsized. The bodies of the drowned men were not recovered and it is thought they may have been devoured by alligators.

Counsel in British Case Alleges
Prisoners Irish Republican
Officers.

LONDON, Jan. 27.—In Bow street Police Court today W. P. O'Leary and J. D. McGough, arrested in connection with an alleged plot to blow up British battleships and submarines, were committed for trial. The charge against them was illegal dissemination of naval secrets. Counsel alleged there was evidence to indicate that the defendants were Irish republican army intelligence officers. The magistrate admitted McGough to bail of £2,000, but refused bail for O'Leary.

Suffer.

DAWSON, Y. T., Jan. 27.—The weather is so cold here that all traffic is at a standstill. Mail stages are being held at stations until the weather moderates as the horses cannot endure the extreme cold. Delivery of city water has been stopped and people have to haul water the best way they can from the river, or from a tap at the administration building.

It is 60 below and Mayo reports a temperature of 70 below zero.

MILLION IN PROFITS

Manitoba Revenue From Liquor
Sales Total \$1,346,000
in Year.

WINNIPEG, Man., Jan. 27.—Net profits of the Manitoba Liquor Control Commission for the year beginning Aug. 1, 1923, and ending Aug. 31, 1924, amounted to \$1,346,161.34 according to the report and balance sheet tabled in the legislature. At Winnipeg the net profit was \$1,238,143.01 and the branches at country centres made net profits as follows: Brandon, \$11,135.94; Portage La Prairie, \$27,813.92; the Pas, \$26,156.94; Dauphin, \$22,911.53.

The total of goods purchased ran into \$2,287,270.73 and the total sales amounted to \$3,639,119.55.

Field Marshal Baron Grenfell
Dead After Interesting
Career.

WINDLESHAM, Surrey, Eng., Jan. 27.—Field Marshal Baron Grenfell, one of Great Britain's most noted leaders, died here today.

Field Marshal Baron Grenfell, of Kilvey (Francis Wallace Grenfell), saw service in almost every land in which British soldiers have been stationed. Entering the army when 19 years old, he served in the Kaffir war, the Zulu war, in the Transvaal as quartermaster general, with the Egyptian expedition of 1882, the Nile expedition of 1884, the Sirdar Egyptian army from 1885 to 1892.

Was Malta Governor.
He commanded the forces at Suakin, Egypt, in 1898, was inspector general of auxiliary forces at the war office from 1894 to 1897, and then, after commanding the forces in Egypt during the Khartoum expedition, he was Governor and commander-in-chief of Malta for four years.

Lord Grenfell's last active position was as commander-in-chief in Ireland from 1904 to 1908, when he was made a Field Marshal. He was born in 1841 and created Baron of Kilvey in 1901.

Special to The Times-Star.
FREDERICTON, Jan. 27.—Having been proven sane by the jury last night, Harry D. Williams again went on trial for his life this morning, facing the charge of having murdered his two half-nieces, Cynthia and Nelia Foster, in Fosterville on Nov. 25.

No change was noticeable in Williams' appearance when he arrived in court this morning.

When court opened, Fred H. Peters, the prisoner's counsel, said that he had received a telegram from Mrs. N. Funnam, a newspaper correspondent in Houlton, to the effect that Mrs. Ada Thornton, Williams' wife, could come to Fredericton if she could be of any use. Mr. Peters had wired back to her to send Mrs. Thornton.

Would Call Mother.
Mrs. Peters said he wished to call Mrs. Ward Foster, the mother of the murdered children, to give evidence as to Cynthia's physical condition at the time of the murder.

When Mrs. Ada Farrell, the first of the women witnesses to be called, was being cross-examined by Mr. Peters on the scene in the cabin, she broke down and wept. He sorrow affected Ward Foster and he, also, had to cry.

From his relation with the Foster family, Mrs. Farrell considered that Williams was a member of the family. She had seen the children embrace him and even kiss him.

Court adjourned until 2:15 this afternoon.

THE EVENING TIMES-STAR, ST. JOHN, N. B., TUESDAY, JANUARY 27, 1925

M'KENNA TOLD OF C.N.R. SERVICE

(Continued from page 1.)
pany, the second largest industry in this section, presided, and there were dozens of men in the audience who comprise the backbone of the business community in this part of Canada.

Newspaper Publicity.
During the morning I was very cordially received by the Border Cities Star, and H. A. Graybill, general manager, expressed his interest in the object of the Telegraph-Journal mission. In tonight's issue is an interview dealing very fully with the Canadian port situation and emphasizing the justice of the claims of the Maritime and other Canadian points in the matter of Canadian traffic through Canadian ports.

Freight Expert.
The freight expert of the Ford company was called in, and explained that New London has been used as an outlet because it was found that freight could be hauled from Windsor to that United States port much more quickly than to St. John. I will remember on one occasion when the Canadian National Railway offered to deliver freight from Toronto to St. John in four days in order to meet competition of the Canadian Pacific Railway, which road was making deliveries in that time. If the Canadian National Railway could deliver goods in that time there is no reason why it cannot deliver automobiles in car lots from Windsor to St. John in five days, and to Halifax in a few hours longer time.

Eager to Use Ports.
The Ford Company pointed out that the Canadian Government Marine boats were taken to New London to load their freight.
Mr. Campbell states most definitely that the desire of his company is to have as much of their freight as possible sent through Canadian ports.

It is interesting to note also that Mr. Herdgen states that the policy of the Dominion Forge and Stamping Company is to insist upon the same service.

C. H. Smith, of the C. H. Smith &

Speaks Here on Education and Ideals That Democracy Sets Up

Dr. Paton, Former Manchester Head Master, Addresses Canadian Club.

"We must form an alliance between the man in the cloth cap who wants to learn and the university that wants to teach, if we would make democracy equal to the ideals it sets up," said Dr. John L. Paton, former High Master of the Manchester Grammar School, England, last evening, in Pythian Castle. Dr. Paton lectured under the auspices of the two Canadian Clubs. W. J. S. Myles, president of the men's Canadian Club, was in the chair, and introduced Dr. Paton, who spoke on "Education and Democracy."

Three Assumptions.
There were three assumptions behind democracy, he said, which when revealed in practice showed that it did not correspond with its assumptions, as follows: "It is the whole community that governs, and there is no class distinction." "The rule of the majority means the rule of the minority, until the latter overrules, and then it is the rule of the majority."

Company departmental store, says that his concern will in future bring all goods entering the country through Canadian ports and he asked me to request the St. John Board of Trade to send him personally full particulars in connection with the port of St. John.

Complaints of C. N. R.
Colonel McGregor, brother of the late manager of the Ford Company, of the Ideal Fence and Spring Company, who is also a router for Canadian port claims, stated that he cannot get facilities at Canadian points from the Canadian National Railway. He divides his business, giving one-half to the Canadian Pacific Railway which freight goes through St. John.

At luncheon today The Telegraph-Journal expressed upon members of the Rotary Club that there was common interest between this part of Canada and the Maritime Provinces. Here, in this section, the abrogation of the McKenna duties have affected to a considerable extent some of the local automobile plants.

Pledges Support.
Your representative pledged his support and that of every Maritime organization to urge upon the Government the need of propaganda in favor of negotiations which may lead to restoration of the Canadian preference in the British market.

If there is any opposition on the part of shippers, in this section to specifically routed freight by Canadian ports, your correspondent has been unable to locate it. It is evident, however, that a great many people doing business here think that it would be impossible

CENTRE MUST YIELD TO EAST

(Continued from page 1.)
These are the words of J. P. Jones, of Fort William, a former member of the Grain Commission, a man who carries on large farming operations in Manitoba, and has been associated with the grain trade for many years.

Camouflage, He Says.
Mr. Jones says the American duty on wheat is a camouflage, as most of the grain is mixed with American wheat to improve the quality of the latter and then milled and the flour exported, when practically the whole duty is refunded.
If it is shipped over seas as grain, it is 50 per cent mixed with American, and therefore the reputation of our wheat suffers. The United States, he says, is not a market for our wheat, but a middleman.

Must be Protection.
He believed the suggestion was being considered, and that if it were adopted, British buyers would call for the white certificates.
"We feel very strongly on this question of using Canadian ports," said Mr. Patterson. "One feature of the situation is that millions of bushels of grain go to Buffalo before reaching Montreal. American steamers with a profitable trade of their own in one and coal, are able to compete for grain with our steamers, which have no return cargo and to cut the rate; we must protect our railways and our steamers."

More Elevators Needed.
Mr. Patterson said further that unless our great railways provided more elevator space at Georgian Bay ports, the Americans would capture the business. There was no reason, he said, why the railways should not be able to contract to shoot grain from such elevators to St. John and Halifax in winter, making delivery as ordered.

As an illustration of what is happening, Mr. Patterson pointed out that the Saskatchewan Co-operative Association has contracted for the erection of a two and a half million bushel elevator at Buffalo, and not the least significant feature of the case from the Canadian standpoint, is that 85 per cent of the stock of the company is owned by the Saskatchewan farmers.

Why cannot the Canadian National, with a chain of elevators from Saskatchewan to St. John and Halifax, provide for prompt winter shipment on bills

Tanlac added 20 Pounds

"Seven years' stomach trouble cost me lots of money, but 6 bottles of Tanlac made me a well and happy man. I have gained 20 lbs.—never felt so well!"—Otto Segrin, Portland, Ore.

TANLAC is Nature's greatest tonic and builder. Made from roots, bark and herbs after the Tanlac formula, it revitalizes the blood, tones up the digestive organs and puts the whole system in fighting trim. Don't go about your work sickly and discouraged. Follow the example of millions who have been helped by Tanlac. Stop at your druggist's today and get this wonderful tonic. You'll be surprised how quickly you start to improve.

of lading, so that it would not be necessary to delay a vessel? Whether this is feasible or not, it is for the railway authorities to say. "Grain shippers here, while declaring themselves favorable to Canadian trade through Canadian ports, point out a difficulty. Three ports, New York, Philadelphia and Baltimore, are reached from Buffalo. The American railways are keen for the business, and so are steamers at those points, where there is more tonnage available than at our ports, and sharp cutting of rates to get the business is not unknown."

More Tonnage and Facilities.
"If you could, in any way, induce more tonnage to call at St. John and Halifax," said one shipper, "your chances of getting more grain would be greatly improved. But," he added, "I would like more facilities and these should be provided."

"You may count on me, and I believe you may count on 90 per cent of the Canadian people," said Hon. Dr. Manion, "as being most anxious to solve the problems of the Maritime Provinces. Every worth-while Canadian will feel that way about it. I have been thinking a good deal about the west, and it seems to me that the Central Provinces, which benefit by the tariff, must be ready to make some concession that will compensate the west, which does not reap the same benefit from the tariff."

For Whole Country.
"Now that you have explained your difficulties in the east, I can see that there is a problem the country as a whole must solve."

Dr. Manion said the only way to solve the problems of the different parts of the country was for the east to get together and learn each other's difficulties and then proceed with a real and broad national spirit to solve them. He was deeply interested in the Maritime Province situation, as I explained to him, and expressed a desire to meet me at Ottawa on my return from the west.

FIRE AT ARNOLD'S

Department Called Out to Prince Edward Street Last Night—Considerable Damage.

The upper story of the two-story building in Prince Edward street occupied by Arnold's Department Store, was badly damaged by fire about 11:30 o'clock last night. The water flowed into the ground floor, which was used as a sales department, and caused damage. The upper part of the building was used as a storehouse.

When the firemen arrived, the fire looked serious, and two families residing near door were assisted by members of the Salvage Corps in moving out. Later they returned to their homes.

The insurance is placed at \$9,000. The damage to the building, it was said, will amount to about \$1,000.

Officers' Mess Hosts at Armory

The supper and social evening held by the Garrison Officers' Mess last evening in the Armory was a distinct success. It was attended by about 70 members and friends. This is the first of a series of entertainments to be conducted during the year by the mess.

Col. W. B. Anderson, C. M. G., D. S. O.; Lt.-Col. H. C. Sparling, D. S. O.; Lt.-Col. W. C. Good, Woodstock; Capt. H. Reynolds, Halifax, and Major E. A. Torrance, St. John, were among the guests. An entertainment committee, with Capt. F. J. Cronin, D. F. C., as chairman, was appointed to draw up a programme for the year. The committee will meet on Friday afternoon.

Ten Million Bottles

EVERY year ten million bottles of Dr. Caldwell's Laxative Syrup are bought by people who recognize the value of this great laxative as a builder of healthy bodies through the relief of constipation.

This tremendous popularity has been built on confidence. The formula originated and used so successfully by Dr. Caldwell in his own practice has never been changed.

Unlike so many laxatives it has no bitter or nauseous taste. It is a compound of plant drugs proven to be beneficial to the human system without creating habits or injuring the system with mercurials or narcotics.

Dr. Caldwell's Laxative Syrup Pepsin is particularly recommended to mothers as a pleasant-tasting and effective laxative for children. You can safeguard their health by checking colds and fevers through the use of this great family medicine.

ST. JOHN, N. B., JANUARY 27, 1925

LINKING UP.

It is already manifest to all who have been reading the despatches sent to The Telegraph-Journal and The Times-Star by their representatives who are presenting the case of the Maritime Provinces to the rest of Canada, that not only is intense interest aroused everywhere these representatives have spoken, but that the mission undertaken by these newspapers is doing, and will yet do a great deal more to link up these provinces with the rest of this Confederation in a new way. A chain of interest, a recognition of common wants and common objectives and ideals is being established, and will be more firmly established before the mission is over.

The provinces west of us are beginning to understand what a direct and practical value the Maritime Provinces have for them, and how much the success and prosperity of those provinces, as well as our own, depend upon real Canadian co-operation, and not the actual establishment, not only of all Canadian transportation to the extent that this is possible, but also upon a complete understanding between all portions of Canada as to what can be done for the Dominion at large by united effort and by unflinching determination to make this country greater, to give it a new measure of contentment and prosperity through the development of its resources and through the handling of its products through its own facilities.

It has been shown at different points where our representatives have spoken, and where they have been in personal touch with hundreds of men carrying on important enterprises, that there has been hitherto in the country west of us an all too slight understanding of the Dominion's transportation problems, and of the benefits which can be derived from the adoption of plans and policies, and of the larger measure of patriotic co-operation, which the Maritime Provinces believe in and which they advocate not only as good for themselves but as equally good for the other provinces. We must all march together.

The session of Parliament is at hand. Recently we shall see whether the Speech from the Throne contains any concrete proposal with respect to carrying into force the all too slight understanding of the Dominion's transportation problems, and of the benefits which can be derived from the adoption of plans and policies, and of the larger measure of patriotic co-operation, which the Maritime Provinces believe in and which they advocate not only as good for themselves but as equally good for the other provinces. We must all march together.

This is no question of partisan politics—it is a Canadian question of the highest national import. It must be clear to all who study the railroad question, in fact the whole transportation question by land and by sea, that it affects the whole Dominion vitally, that the wheat fields of Canada, and not only the wheat fields, but all the territory which produces package freight, passengers, and any form of traffic, must be linked up properly with Canadian ports, if we are rightly to develop our resources and to keep within this country the money and the employment which should be derived from Parliament's thorough understanding of Canadian problems and Parliament's courageous action upon that recognition and that knowledge.

As the representatives of these newspapers develop their mission, it becomes daily clearer that the Maritime Provinces are right in contending that the cure for their disabilities will bring profit to every part of the Dominion, and that, in fact, a most valuable national service is being performed by concentrating public attention throughout Canada upon the weaknesses and inequalities of a situation which has too long existed, a situation in which Quebec, Ontario and the Prairie Provinces are as deeply interested as are the million and more people who live down here by the sea.

It is not to be overlooked that there is a federal election coming in this country some months hence. Public men in Ottawa, or who expect to go to Ottawa, all candidates and friends of candidates, whatever their party affiliations may be, if they are wise in their day and generation, will be thinking definitely and searchingly from this time forward until election day comes. Maritime problems, and the effect in which these provinces are linked up with the prosperity and contentment of the country at large.

It is said that there will be few tariff changes, if any, at the coming session. As for the tariff, that sort of

Harvey very roughly off the pedestal which the Spectator built for him. But while this is so, is probably marks only an occasional equal of him. D. Strachey, whose own pen might be described almost in the terms which he has applied to that of the American writer whose influence upon American affairs he has so greatly exaggerated. Mr. Strachey's own reference to the inter-Alleed debts sufficiently reveals his own power of trenchant writing. On this question he wrote recently:—
"Only the man who is financially independent is free. That is one of the reasons, and indeed the strongest reason, why the Spectator from the beginning insisted that Britain must pay her debts in full—pay whatever the Americans from their position as our creditor asked us to pay in discharge of our liabilities. We paid, and we are free. We believe that France can and ought to pursue a similar policy."

France, after many gestures of helplessness, erosion, and even defiance, has apparently begun to recognize that she must pay just as Britain has paid—that the British decision to pay made any other attitude logically impossible.

Manitoba, from August, 1923, to August, 1924, made a profit of \$1,246,161 on the sale of liquor. The total sales amounted to \$3,639,173. The profit is a fairly stiff one.

The total debt charges of the City of Toronto for both revenue and non-revenue producing utilities, was approximately \$13,000,000 last year. The population of Toronto is about 600,000. It has great wealth, but, of course, lacks the natural resources that are part and parcel of the province. The Province of New Brunswick, with a population of about 400,000, or nearly two-thirds that of the City of Toronto, has interest charges of something more than \$1,000,000, and our natural resources are very valuable. It might be argued from that that our position is not very desperate after all.

Odds and Ends

The Mountebanks of France.

(Edward Van Zile in New York Times.)
"No man in America exercises a greater personal force in politics than Mr. George Harvey, lately Ambassador to Britain, and now the editor of the Washington Post. Mr. Harvey helped to make President Wilson, and played an equally great part in unmaking him. By his potent pen and by his able counsel, he secured for Mr. Harding his nomination and election. On Mr. Harding's death he made Mr. Coolidge President by descent. Mr. Harvey in the campaign for the nomination of President Coolidge for an elected term of the chief executive office brought success. This last placed him in a position of unrivaled influence in the inner councils of the newly-elected President of the United States."

It may be well to interrupt the stream of praise for a moment here to observe that President Coolidge's last statement, approving the Paris agreement, stamps Colonel Harvey's excited opposition to the pact as both futile and childish. The Spectator continued, with respect to Colonel Harvey:—

"Here is a great political record; but it is not without parallel. There have been political organizers and wire-pullers as eminent as Mr. Harvey, men behind the scenes, whose influence, though it could not be expressed in constitutional terms, was deep and far-reaching—but Mr. Harvey is something more than a great political diplomat, more than a great mover of the pieces on the political chess-board. He has something in him besides—something which is not generally associated with political gifts. He wields the most potent pen in American politics. He has a gift of clear and mordant speaking in journalism which is unrivaled in our day. This gift consists in a power, which is sometimes almost uncanny, of stripping men and things naked before the public eye, and making the world see the realities, or sometimes the nothingness, below the trappings and lendings of political vestiture. Mr. Harvey's habit of asking what things and men actually mean and stand for is often terrifying in its intensity."

And there was much more of the same. The Spectator even said, upon considering Colonel Harvey through a telescope of unusual magnifying power, that "the shade of Junius himself must look to his laurels."

The American action at Paris, and the American President's subsequent utterances, together with those of the secretary of State, tumble Colou-

CONGREGATION LOATH TO LOSE MR. SAMPSON

St. George's Members Will Interview Bishop Richardson

ANNUAL MEETINGS
Several Church of England Business Sessions Were Held Last Evening

The congregation of St. George's Church were unanimous last evening at the annual meeting in protesting against the retirement of the rector, Rev. W. H. Sampson, who has handed in his resignation to Bishop Richardson, to take effect on May 1. His resignation has been tendered on account of his advancing years. A committee was appointed to take the matter up with Bishop Richardson, requesting him to withdraw his consent to the resignation. The congregation is deeply grieved at the loss of their rector, and is determined to do every possible and provide a curate, in an effort to retain his services.

Born in England.

Mr. Sampson was a native of England, having been born in North Devonshire. He was educated at King's College, Windsor, taking a special course in divinity. He was ordained by Bishop Binney of Nova Scotia, to the diocese in 1881 and priest in 1882. He received the appointment of curate to Rev. Dr. Hill, of St. Paul's church, Halifax, and was placed in charge of Trinity church in that city, where he remained for five years. He then came to St. John to assist Rev. George Armstrong, rector of St. John's (Stone) church. While at Stone church he was elected rector of Milton and Rustico, of P. E. I., where he remained for six months. On June 25, 1890 he was elected rector of St. George's church, St. John, which rectoryship he has held ever since. In his own congregation he has won the warm regard of all his parishioners, and throughout the diocese of St. John he has been a rural dean for a number of years.

Large Attendance.

The church meeting last night had the largest attendance in years. The various reports presented showed the parish to be in a flourishing condition and the treasurer's financial statement was an agreeable surprise to the meeting. In recognition of long and faithful service to the church the meeting unanimously elected P. T. Watters to be honorary vestryman.

The election of officers resulted as follows: Church wardens, W. R. Saunders and H. H. McLeod; vestrymen, W. W. Donohoe, J. A. Maxwell, J. A. Kindred, P. T. Byles, A. Hatfield, H. Bedford, N. Lambert, H. W. Donohoe, C. Cheley, P. Craft, Charles Smith and A. Currie; treasurer, W. Donohoe; vestry clerk, W. Smith; delegates to the synod, W. Saunders, W. Donohoe and S. G. Oliver; substitutes, H. H. McLeod, A. Hatfield and H. Bedford.

St. Jude's.

The rector, Rev. J. H. A. Holmes, presided at the annual meeting of St. Jude's church and the officers elected were as follows: Wardens, S. M. Wetmore and J. T. Wilcox; vestrymen, J. A. Coster, C. M. Byles, Horace Tapp, W. L. Harding, Frank S. Thion, E. R. W. Ingraham, W. J. Mayo, J. T. Baxter, T. A. Linton, George O. Fowler, Harry Robson and P. J. Legge. The delegates to the synod chosen were W. O. Dunlop, J. A. Coster, W. L. Harding and J. T. Wilcox and the substitutes, S. M. Wetmore, E. R. W. Ingraham, T. A. Linton and P. J. Legge. Reports showed the parish to be in good financial standing and the debt incurred for the extensive building operations of two years ago was being rapidly wiped out, it was said.

The meeting was unanimous in expressing regret at the retirement of W. O. Dunlop, who had been actively associated with the corporation of St. Jude's church for more than 40 years, during 20 of which he had held the office of warden. His work in the church had been varied. He had served as vestryman, as vestry clerk and as treasurer, and among his other activities claimed to have held the office of sexton for one week.

St. Mary's.

Rev. R. T. McKim, rector, presided at the annual meeting of St. Mary's congregation and the reports showed that the year had been one of the most prosperous in the history of the church. The books closed with a balance on the credit side. Total receipts for the church were \$5,194.46 and total receipts in the Sunday school were \$1,087.38. From the two daughter churches, St. Bartholomew's at Glen Falls and All Saints at East St. John, good reports were received, and all of the organizations in St. Mary's church were shown to be in a flourishing condition. The officers elected were as follows: Wardens, H. J. Barton and W. T. Ingraham; vestrymen, H. W. Barton, P. Pike, H. R. Coleman, Thomas Needham, C. Gikney, T. E. Dyer, P. McNeill, James Beasnon, H. H. McLeod, W. J. Lane, Arthur Thomas, A. W. Chamberlain and D. Oliver; delegates to the synod, J. N. Rogers, A. LeDrew, Gardner, Robert Barton and R. I. Car-

"I'll go into the toy department and see my dear dolls. Oh, I do wish that I had been kind to them. I didn't know I liked them so much. I treated them shamefully and I don't blame them for wanting to come back to the store again." She turned away and all the wax

Now all this time the Fairy Queen had been watching. There she sat on Two Spot, her blue velvet butterfly. But nobody thought it strange. Sally said, "The trimming in the window is lovely. What a pretty Fairy! You'd almost think she was real. And if she

And they saw the wax ladies melting. Sally didn't find her dolls in the toy department after all. "These wishes!" she said, shaking

GOOD NEWS FOR BRONCHITIS SUFFERERS!

Deep-Seated Chest Troubles Yield to PEPS.

BRONCHITIS lays hold of the chest in a slow insidious way. Do not, therefore, neglect to take prompt measures to counteract the first symptoms of this ravaging ailment—the first difficulty in breathing, the occasional made-up feeling in the throat with its accumulations of phlegm. Be warned by that irritating cough and those frequently returning colds.

Get a box of Peps, the well-known breathing remedy. After removing the silver wrapping place a Peps tablet on the tongue and breathe in the healing fumes as the tablet dissolves.

Peps are simply invaluable for allaying that teasing, tickling cough; for softening and loosening the phlegm, and soothing the irritated and semi-inflamed bronchial tubes. Every day as you breathe in the powerful germicidal fumes which are emitted from these Peps, a healing influence is extended deep into the lungs where liquid cough mixtures cannot penetrate.

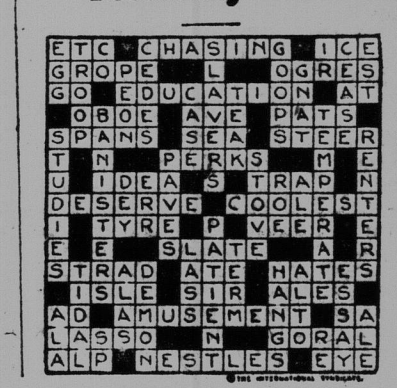

The regular use of Peps at bedtime will ensure healthy slumber undisturbed by bouts of coughing. By day, the treatment should be continued on the assurance that the throat, bronchi and lungs are all being healed and strengthened by this medicine.

Peps are guaranteed to be absolutely free from opium, laudanum, chloral, morphia and any harmful ingredients of the old-fashioned cough medicines.

Dr. GORDON STABLES, M.D., G.M., writes:—"Fear every little cold. Keep Peps handy and you will ride triumphantly clear of bronchitis. Peps are invaluable for soothing and healing semi-inflamed bronchial tubes. Peps tablets are more of an inhalation, and go directly to the seat of injury." "While Peps are an expensive remedy to produce the demand has become so great that it is now found possible to have the price reduced from 50c to 25c. Get a box to-day! All druggists."

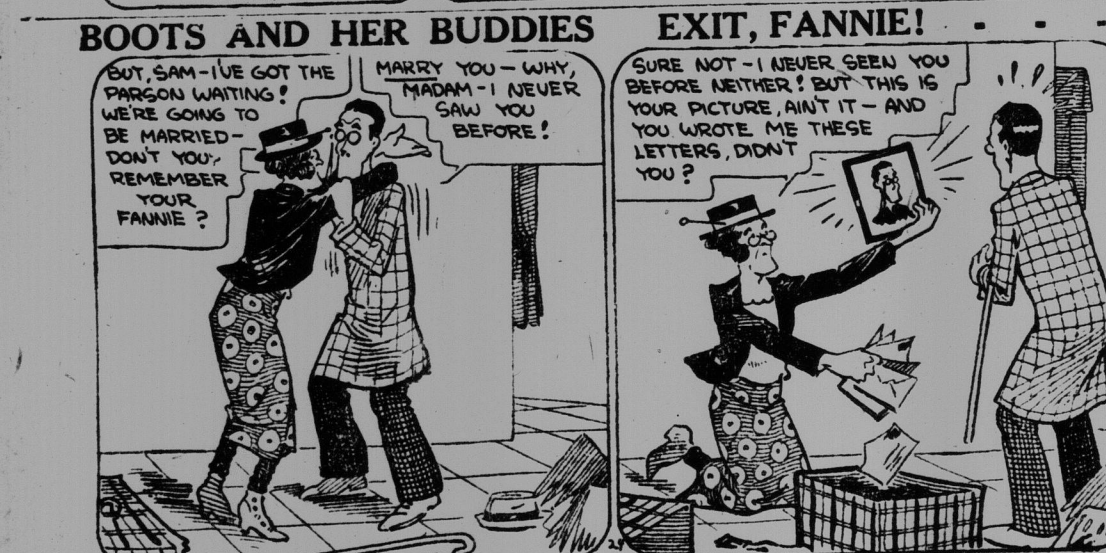

PEPS The Great Breatheable Remedy

This Is Solution of Yesterday's Puzzle

Food for Thought
Starting with the fact supposition that a remedy costing 25 or 50 cents a bottle frequently saves a \$3.00 fee, imagine if you can the total savings effected by the many millions of bottles of Johnson's Anodyne Liniment sold since 1810. There is nothing so positively good as this doctor's prescription for Grippy Colds, Bronchial Colds, Sore Throat, Croup, Chills, etc. More than 100 years of splendid success has attended the internal and external use of this famous old family remedy. It is not unreasonable to assume that many a 25 or 50 cent bottle of Johnson's Anodyne Liniment has saved a 25 or 50 dollar total of expense.

Any SKIN TROUBLES In Your Home?

Then Zam-Buk is your surest means of securing once more perfectly sound tissue and a blemish-free skin. Zam-Buk owes its signal triumph over skin disease to its unique herbal composition. This rare antiseptic balm expels all harmful germs that have secured lodgment beneath the cuticle, banishes sores and eruptions, and grows healthy new skin in a way done by no mere pore-clogging ointment or fatty salve.

ECZEMA ON HANDS.—Mr. J. E. Cusick, of 849, Wilson St., Hamilton (Ont.), says:—"Every winter eczema appeared on the back of my hands. The intense itching and pain was most severe, and the disease got so bad, I was unable to work. Even a sample box of Zam-Buk proved it worth, and I at once bought a supply. I never could have believed if I had not experienced it, how quickly Zam-Buk completely healed my hands."

BURNS & SCALDS.—Mr. E. Webster, of 519, Seguin St., Montreal, says:—"As I was lifting a part of boiling water off the stove, my son Eddie ran towards me, and knocked the pan upwards, severely scalding his neck. We tried several so-called remedies, but they all failed to give him relief. We then applied Zam-Buk and this acted like a charm. It drew away the pain and soon healed Eddie's terrible scald."

POISONED HAND.—Mrs. Geo. Boorman, of 908, Selkirk Avenue, Winnipeg, says:—"I cut my left hand while using a pair of scissors. The deep welt wound bled so profusely, and so long, I was afraid an artery had been severed. Inflammation set in, and my thumb turned black with poison. Zam-Buk soothed the acute pain directly, drew out all inflammation and discoloration and soon healed the wound."

SAYS UNION WILL NOT SOLVE WEST DIFFICULTIES

Dr. Morison Advances Arguments Against Organic Fusion

OFFICERS CHOSEN

Presbyterian Church Association Again Elects Dr. G. G. Corbet President

That organic church union as proposed among Presbyterians, Methodists and Congregationalists will not solve church problems in the western part of Canada and that manufactured unity was disguised dissent were among the arguments advanced against church union by Rev. Dr. J. A. Morison, formerly minister of First Presbyterian church, West St. John, but now of Carter's Point, in the principal address at the annual meeting of the New Brunswick branch of the Presbyterian Church Association last evening in St. Andrew's church. Fully 350 people were present and listened with considerable interest to Dr. Morison's discourse, interrupting him on several occasions with applause. Other speakers were Rev. J. W. Britton, St. Matthew's church, and Rev. W. M. Townshend, Fairville.

Officers Elected.

Lieut.-Col. G. G. Corbet was re-elected president for the ensuing year and

the following other officers were selected at the business session: Vice-president, Rev. W. M. Townshend; recording secretary, F. G. Murphy; corresponding secretary, Miss Kate M. Sutherland; treasurer, G. M. Robertson. Reports from various committees showed the association to be in sound financial condition. The personnel of the executive committee will be announced later.

Referring to the work of the association, Dr. Corbet said steps were being taken to amend the present constitution on the provincial statutes to allow the New Brunswick congregations vote under the Federal law respecting the vote.

Previous to Dr. Morison's address, a hearty vote of thanks, moved by Col. Murray MacLaren, C. M. G., D. S. O., was extended to St. Andrew's church for the use of the hall.

Assembly Ended.

Speaking of the reasons why the merger of the Presbyterian Church in Canada with the two other uniting churches ought not to be carried out, Dr. Morison said he believed that the General Assembly had grievously erred in going forward to union at the present time in face of such a large and important opposition as was in evidence and daily increasing in number and importance.

He said he recognized that many ministers and elders as well as individual congregations of the Presbyterian church had signified their intention of going into the merger and he also recognized that the General Assembly, the highest court of the church, had by a large majority passed the measure.

Confession of Faith.

He quoted the Confession of Faith, the standard of the church both in law and doctrine, chapter xxxi, which reads:

"All synods and councils since the apostolic time, whether general or particular, may err, and many have erred; therefore they are not to be made the rule of faith or practice, but to be used as an help in both."

Dr. Morison declared that the General Assembly had solemnly promised

Two Sizes 60¢ and 15¢

for Kiddies Chapped Hands

A skin that is kept soft and smooth seldom chaps or cracks. Frequent applications of just enough Hinds Honey and Almond Cream to moisten the skin, will keep little hands and faces naturally smooth and clear all winter. Even in cases where the skin has already become hard and cracked, Hinds Cream will quickly soothe and heal the irritated surfaces, and prevent recurrence.

If you would like a trial sample, send 5c in stamps for mailings to: Canadian Laminated, Sole Canadian Distributor, 35 St. Francois Xavier Street, Montreal.

Sold at drug and toilet counters.

Hinds Honey and Almond Cream

Indispensable in Every Home

Have you tasted it?

The new shredded wheat cracker has arrived! It is a real whole wheat cracker (not made of flour) containing all the body-building elements in the whole wheat grain, cooked in steam, shredded and baked crisp and brown. The more children chew Triscuit the better they like it and the more nutriment they get out of it. Heat them in the oven and butter them while hot. Delicious with cheese or marmalades.

More Than Economy in Carnation

Housewives merely thrifty see real economy in using Carnation Milk regularly. But housewives, both thrifty and resourceful, see besides economy, a pure, nourishing, ever-ready supply of wholesome milk. For your grocer has Carnation, so you need never run short. Carnation Milk is just pure, fresh milk, evaporated to double richness, kept safe by sterilization. Economical because it keeps. Pure, rich milk in a modern package—that's all. Order several tall (16 oz.) cans or a case of 48 cans.

COCOANUT LAYER CAKE

4 eggs, 2 cups sugar, 1 cup Carnation Milk, 1 cup butter, 1 teaspoon vanilla, 1 cup coconut, 1 cup flour, 1 teaspoon baking powder. Cream the butter, add sugar and well beaten yolks of eggs. Mix and sift the flour and baking powder and add alternately with the milk, diluted with water. Add the vanilla and fold in the stiffly beaten whites of eggs. Bake in three layers in a hot oven.

COCOANUT FILLING

1 cup sugar, 1 cup water, 1 egg white, 1/2 teaspoon vanilla, 1 cup coconut. Boil sugar and water until it threads, pour into stiffly beaten egg white, beating constantly. Add vanilla and one-half cup coconut. Beat until thick enough to spread. Sprinkle the remaining coconut over the cake when frosted.

Disused Plant at Van
Buren Pressed Into
Service

WATER IS RISING

Woodstock Prepares To Start
Auxiliary—Situation Is
Much Better

WOODSTOCK, N. B., Jan. 26.—The tense situation caused by the curtailment of electric power from the Woodstock Falls plant owing to ice and water conditions has been alleviated to a great extent. The Maine and New Brunswick Electric Railway, covering a distance of more than 40 miles, had been operated by locomotives. This, of course, means a transfer of much power to other sections affected by lack of electrical energy.

The company also announced that the 1,000 horsepower plant formerly used by the company at Van Buren, Me., will be started up at once, which means added power to the main line.

More Water.
A telephone message this afternoon to the company's representative here says the water situation is somewhat improved. More than a foot rise in the water is reported at Woodstock Falls and if this increase holds, the schedule now in operation will be increased or more running hours added.

The Woodstock Power Company is rushing work on their auxiliary and expect to function tomorrow. If all goes right, the situation here will be almost normal. The local plant will operate from 7 a. m. until 9 p. m., when the main line power will come on, usual and be in operation until 1 a. m. or later.

Vastly Improved.
There is a stern on tonight with a pronounced softness in the weather that will have a tendency to help the situation at St. John.

It will require rain to give the farmers the desired aid in raising the water and brooks. In any case the situation tonight is vastly improved all over the affected districts.

GIRL GUIDES' WORK

Two Classes of Instruction by
Miss Dorothy McGregor Here
This Week.

Two courses of instruction, one for Guides and one for patrol leaders to be conducted at the Y. W. C. A. recreation centre this week by Miss Dorothy McGregor, Blue Cord Girl Guide. The change of plan from having two courses with the afternoon instruction for the patrol leaders and the evening classes for the Guides was decided upon yesterday when Miss McGregor had been put in touch with the local needs.

23 Enrolled.
The registration yesterday showed 23 enrolled in the Guides class, and it is hoped to have all the city companies represented in the patrol leaders classes. Only two guides from outside towns had registered up to yesterday, Miss L. Peters, of Gagetown, and Mrs. Keoughan, of Chatham. The two courses will cover the general Girl Guide programme and are intended to make the local leaders conversant with all phases of guiding.

ST. PETER'S Y. M. A. SEEK TO REGAIN FORMER PRESTIGE IN SPORT

SEEK HONORS ON THE BIG CIRCUIT

Also Plan To Stage Maritime Skating Championships

The members of St. Peter's Y. M. A. are making a strong bid to regain the place they once occupied in the realm of sport in the Maritime Provinces. They recently reconstituted and decided to launch out into all kinds of athletic competition. That they are already accomplishing this ambition is evident from the fact that they have sent little Frankie Logan and Clement O'Connor to represent them in the Canadian National championships at Toronto and at the International title meet at Saranac Lake. In order to do this they had to sacrifice a great deal of money, but they felt that by encouraging the youthful skaters they were paving a way to bring laurels to the society. A few years ago St. Peter's boasted a number of fast skaters, and beautiful silver trophies won by them are still on exhibition in their rooms. In Frankie Logan they consider they have one of the fastest boys in the world, while Clement O'Connor is expected to make a creditable showing in the 18 year old class.

World Stage Big Meet.
In addition to sending skaters to the big circuit they have also applied for a sanction to stage the maritime skating championships. This is the biggest undertaking they have planned for this year and if the New Brunswick Amateur Skating Association give them permission to hold every effort will be made to make the meet one of the best ever conducted in these parts. In anticipation of receiving the sanction strong committees have been formed and preliminary steps taken to arrange for all necessary details.

Interested In Boxing.
Not only will the Y. M. A. take an interest in skating but they have already lined up four youths, Whipple, Lunney, Burns and Danney to represent them in the Maritime amateur boxing championships, which are to be staged under the auspices of the Y. M. C. A. about the middle of next month. Arrangements have been made to have the boys trained and everything possible will be done to assist them in their quest for laurels.

Held Championships.
For many years St. Peter's Y. M. A. was one of the leading societies in sporting circles in the Maritime Provinces and their hockey and skating provincial and maritime championships for several years. The society this year is under the direction of Rev. J. McManis, C. S. S. R., who is very popular with the members and who is a strong believer in good clean sport.

SUSSEX AND ST. JOHNS WIN GAMES

Champions Defeat Fredericton in Overtime Play—Rough Tactics at Border.

Sussex continued their drive pennant last evening when they defeated the Fredericton hockey sextette in the Capital by a score of 5 to 3 in overtime play. In the first period the champions scored three goals, but by persistent efforts the home team evened the count before the close of the third period. Overtime play was then ordered, but the champions showed greater strength and soon put the game on ice. A large number of fans were in attendance and enjoyed the game although they were disappointed at the outcome. Johnnie LeClair was the individual star for the winners, netting four of his team's goals.

St. Johns Win.
The St. Johns got back in the win column last evening when they journeyed to St. Stephen and defeated the home team by a score of 2 to 1. The game was replete with rough tactics and many penalties were handed out, although reports say that Payne slipped up on a number of occasions and missed a lot of tripping. The St. Johns were without Captain Halliday and their regular goal tender, Nicholson, although Coleman who substituted for the latter turned in a wonderful game. In the first period St. Stephen notched their lone tally and the St. Johns scored twice. There was no more scoring during the remainder of the game and the St. Johns played a strong defensive game. As a result of the victory the St. Johns are now tied for second place with Fredericton.

ECZEMA IN RASH ON HANDS
Itched and Burned.
Cuticura Healed.

"Eczema broke out on my hands in a rash of red pimples. It itched and burned causing me to scratch. I could not put my hands in water and I could not do my work very well. The trouble lasted about two months. I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. After using it I got relief so purchased more, which completely healed me." St. John Will Be Well Represented In Skating Championship Meets

Along the Sport Trail

By RAY HANSEN

BOXING FANS, who have read so much about Jack McKenna and his hefty wallop, will wait with interest the result of his bout with Johnny McIntyre in Sydney on Thursday evening. Boxing enthusiasts there are touting McKenna as a coming champion, but before he can hope to be considered even as a contender he will have to dispose of some mighty clever boys. If he can brush McIntyre, George Fifeled and a few others from his path the claim of his admirers will be given serious consideration.

HOW LONG will Paavo Nurmi be able to keep up his sensational performance in the States? On February 7 he plans to go out after four records in one night and says he will run two miles under nine minutes. This is some undertaking and time alone can tell whether or not he can accomplish this ambition. No man can keep up such a strenuous game and do justice to his own health. If his legs are bound to suffer from strain on boards, and when the collapse comes Paavo Nurmi will fade soon and the world will acclaim another in his place. Fandom is fickle and has a short memory.

TIGER FLOWERS saw visions of the south a few nights ago. He got into a rather strenuous argument with a chap named Jack Delaney and before he realized it darkness had descended, stars and planets flashed across the sky and then oblivion. He then saw the sun rise, bringing with it scenes of his childhood and youthful haunts in a southern clime. Suddenly they also faded and he realized that he was dragging him along. He tried to stand but his legs refused to answer the call. Where was he? What had happened? Then like a flash came the awakening. He had been fighting with Jack Delaney and must have absorbed one of his sleep producing wallops. True, Tiger Flowers had been knocked out by the same boxer who had checked Paul Benzenbach's string of victories. However, despite this he is one of the most popular boxers with the leading promoters in the States and his services are in great demand. Before meeting Paul Benzenbach in Madison Square Garden on February 26 he will face at least four other opponents. The moguls evidently feel that the punch Delaney handed him will merely wake up the "animal instinct" and give him a chance to demonstrate why he was given the cognomen "Tiger."

MANY FANS will recall "Batling" Nelson, the great Dane, who held the lightweight championship of the world, who went 40 rounds with the clever colored boxer Joe Gans, and who was reputed to be the toughest man who ever stepped into a ring. Those who do will be interested to learn that only recently he received the benefits of his long career. He received \$100,000 which for years had been tied up through litigation.

THE MEMBERSHIP drive of the St. John Amateur Skating Association will be launched tomorrow and from all indications will meet with a hearty response from the sport loving public. If the racing game here is to be perpetuated organization of this kind is necessary. All will agree that amateur speed skating is one of the most exciting winter sports. Achievements of local boys have been responsible for this city getting invaluable advertising and from a business standpoint alone this pastime should be encouraged by every citizen. The membership fee is reasonable and will give everyone a chance to do their bit towards keeping St. John on the "skating map."

SOLLY GREEN LOST IN FEATURE BOUT
Was Disqualified For Foul Blow—George Fifeled Wins in Semi Final.

MONTREAL, Jan. 27—Failing in his efforts at a "comeback," Solly Green lost his bout with Ted Goetz last evening on a foul blow delivered in the early stages of the fourth round. Green was warned on two occasions for fouling and when he repeated his tactics in the next round he was disqualified by referee George River. The men are light-

Policemen's Race Will Be Featured

THE list of events for the policemen's sports in the Victoria rink on February 19 was announced today as follows: Senior, 220, 440, 880, mile and 3-mile races for boys under 16, under 12, under 14, under 16, and under 18; 220 for girls under 15; 220 and 440 for girls under 18; policemen's race; firemen's race, snowshoe race. Other events will be announced later. A great deal of interest is being shown over the affair and the meet is expected to be a real success. The policemen's race will be one of the features.

The Referee

How long has Pancho Villa, fly-weight champion, been fighting and how many times has he been beaten? He has been fighting since 1919 and has taken part in about 100 bouts. He has been beaten four times. Frankie Genaro has two decisions over him. How many times has any major league player lasted a home run with the bases filled in one season of play?—G. F. L.
In 1919 Babe Ruth made four such hits, the record for the majors.
In golf when ball is lifted from ground under repair what are the rights of the player in dropping it?—G. F. L.
He must drop it as near as possible to where it lay but not nearer the hole.

Do You Know Basketball?

QUESTIONS
1. What is the proper procedure if the score is a tie at the end of the regular playing time?
2. If in putting the ball in play at centre it falls to the ground without being touched by the ball, what does the referee do?
3. What is a disqualifying foul?
ANSWERS
1. Play should be continued for an extra period of five minutes or as many minutes as necessary to break the tie. There shall be an intermission of one minute between periods. Ball shall be put in play at centre at the start of each period. No change of baskets is made.
2. Referee must put it in play again at the same place.
3. Any form of rough play for which player is removed from game.

SKIPS ELECTED

Thistle Curling Club Members Make Preparations For Coming Matches.
The Thistle Curling Club at a meeting last night elected W. E. Demings and Harry Devin as additional members and made arrangements for a curling match with St. Stephen players on Thursday afternoon and evening. Skips The men are well equipped. Fifeled weighed 145½ and Thomas 148½. George Gerardin, Montreal, was awarded a decision over Jack Benares, of Burlington, Vermont, in a six round preliminary.

National Body Suspend Dundee

BALTIMORE, Md., Jan. 27.—The National Boxing Association of America has followed the example of the International Association of Professional Boxers and suspended Johnny Dundee, former world's featherweight champion, for his failure to keep his agreement to meet Fred Beeton, French light-weight, Latrobe Cogswell, president of the American organization announced here last night.

MATCH POSTPONED.

The regular league shooting match between the Permanent Force and the R.C.N.V. team at the range in the Army last night was postponed owing to the inability of the R.C.N.V. team to be present and will take place next Friday night.

Carleton Curlers Win Close Match

The Carleton Curling Club won the second match of the annual series with the St. Andrew's curlers last night. Three rinks were curled on each club's ice and the scores were very close. Carleton's total was 86, to 81 for St. Andrew's curlers.

POLICEMEN'S SPORTS

Committee Decide to Close Entries on February 14 Instead of on the 19.

The committee in charge of the policemen's ice sports, to be held in the Victoria rink on the night of Feb. 19, met last night at police headquarters and further arrangements were discussed. It was decided that the entries for the races would close with W. E. Stirling at the Y. M. C. I. on Saturday, Feb. 14, instead of Monday, the 19th. The receiving of entries will start today and it is expected that all the junior and senior skaters in the city will make their entries early so the programme can be arranged.

GRANITES WIN.

The Granites, of the Young Men's Hebrew Association, defeated St. Paul's Boy Scouts in an interesting basketball game in the Y. M. H. A. gymnasium yesterday afternoon. The final score was 81 to 5.

MAROONS DEFEAT ESKIMOS.

VANCOUVER, B. C., Jan. 27.—Frank Patrick's Maroons playing peppy hockey, hit a winning streak in their game here last night against Edmonton and downed the Eskimos 8 goals to 1. Backed up by Lehman in goal for the first time this season, the locals played with determination and had the game well in hand soon after the start. In the first period Patrick's men overhauled the visitors with an avalanche of goals.

Local curlers are usually from 60 to 100 feet beneath the sea's surface.

The Gyro Club will also be asked to lend a hand and any one interested in the success of skating who can help on Wednesday will be welcome at headquarters, Nagle and Wignome's office.

Is Well Contested

In the Girls' City Basketball League game in East St. John last night the Rovers won from the East St. John team by a score of 20 to 14 in a close game. The first period ended with the score 16 to 12 in favor of the Rovers, but no less than four times during the first period the score was tied. R. J. Selsky handled the whistle to the entire satisfaction of both teams.

DOCTOR ADVISED AN OPERATION

Read Alberta Woman's Experience With Lydia E. Pinkham's Vegetable Compound

Provoat, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would never get better at times and could not do anything. The doctor said I could not have children unless I underwent an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the paper, and a friend recommended me to take it. After taking three bottles I became much better and now I have had a baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use my letter as a testimonial."—Mrs. M. W. Rose, 580 Notre Dame St., Lachine, Quebec.

NEWS NOTES GATHERED FROM WORLD OF STAGE AND SCREEN

NEW LEADING MAN IS WELL RECEIVED

Carroll Players Give Excellent Performance of "The Meanest Man in Town."

A capacity audience at the Opera House last evening gave a hearty welcome to Frank Harrington, the new leading man of the James Carroll Players and witnessed an excellent performance of "The Meanest Man in Town," a three act comedy drama. The evening's entertainment was increased by the fact that a large number of local Elks and their lady friends were present and made present a series of specialties between the acts, consisting of solo by Miss Frances Murdoch, Jack Rossiey and Harold Westrup, while the audience joined in the chorus singing of some old time favorites. The lady members of the cast all received beautiful bouquets.

Mr. Harrington made a very favorable impression on the large audience by the manner in which he handled the principal male role of the play. He is a finished performer and in addition he has a good singing voice which was heard to advantage in "The Love Nest," near the end of the play. The show carries a wealth of comedy as well as heart interest and proved most enjoyable.

Miss Nancy Duncan, although her role is smaller than usual, gives an artistic interpretation and her work was heartily and frequently applauded. Miss Dorrit Kelton portrays the part of a chic and modern demand stenographer in a finished manner, sharing with James Swift the comedy honors of the piece. Mr. Swift has a role which fits him like a glove and he raised the audience of laughter with his witty repartee, particularly in the scene with Mr. Harrington. Miss DeWaele has one of those delightful matronly parts to which she is so well adapted and she handles it well.

When it comes to cold-blooded business philosophy, the palm goes to George Smith, in his role of Carl on Childs, in which he was good. Clyde Franklin, also as a keen business getter, enacted an interesting role well. Richard Polette contributed a large share to the success of the piece, as did also Owen Cole, who portrayed the character of the mean village Shylock and acted in his usual excellent manner. Philip Boland filled two minor roles with much success.

A novel diversion was offered the audience in the shape of an original word puzzle, arranged by Miss DeWaele, on which a great many of the audience tried their wits during the waiting intervals. The promised reward for success being free seats at next week's play.

STRENGTH AND VITALITY CREATED BY RED BLOOD

The strength, vitality and nerve power of every man and woman depend on the blood. Red blood is the supreme driving force of life. When we lack strength, we should think first of our blood. When we have rich, red blood we quickly regain strength. Weak, thin-blooded men and women can find an easy, safe way to create red blood.

Wincarnis gives to the blood the very elements from which red blood is created. Imperial Patrons Enjoy The Arab and Excellent Music

Mildred Parker, Whirlwind Violinist—St. John Wednesday in Pathe Weekly.

Imperial Theatre introduced another new performer yesterday, Mildred Parker, professionally known as "The Whirlwind Violinist." Another name for her would be the Eva Tanguay of the Violin for she plays her numbers at top speed and fortissimo. She could not execute her numbers at speedily and as tunefully were she not a thoroughly trained player. The Imperial orchestra ably supported Miss Parker in her ten-minute recital as well as putting on their own delightful concert, which included "Foot and Peasant" overture, the waltz movement from Delibes's ballet Suite and some popular dance music. The musical ensemble was delightfully refreshing and in keeping with what the Imperial has been offering of late.

A feature which caused quite a thrill of interest was the movie views of the recent wedding of Miss Mary White, daughter of Dr. W. W. White, and Donald F. Angus, of Montreal. They were included in the Pathe Weekly and photographed by the Imperial's own camera in the conservatory of the White residence, Sydney street. The bride, bridesmaids, maid of honor and the groom were all very prettily shown and the nuptial picture received the good wishes of onlookers by generous handclapping.

"The Arab," the new Rex Ingram production for Metro, is the Imperial's chief feature this change. It is one of the greatest of Ingram's pictures, worthy in every way of the man who produced "The Four Horsemen" and "Scarabouche," and superbly acted by a cast that includes Ramon Novarro and Alice Terry.

The picture was filmed in Algiers and Tunisia, and it affords the most convincing of all arguments why pictures should be screened on the exact locale of the story, instead of at Hollywood studios. For Mr. Ingram, in going to the East, brought back with him to the screen all of the glamorous enchantment that has beckoned to travelers through all the ages.

"The Arab" gives one the Orient in all of its wonderful color and exotic life, an authentic background for a drama that holds the spectators tense with excitement.

"The Arab" will be shown again today. On Wednesday the New York flapper story "The City That Never Sleeps" is to be the feature, along with concert and vaudeville.

Couple Freeze To Death In Bed

PROVIDENCE, R. I., Jan. 26. (United Press)—Mr. and Mrs. Otto Thofon, 62 and 68, were found frozen to death in bed. Medical authorities said indications were they had been dead at least a month, probably as the result of reduced vitality.

STRENGTH AND VITALITY CREATED BY RED BLOOD

The strength, vitality and nerve power of every man and woman depend on the blood. Red blood is the supreme driving force of life. When we lack strength, we should think first of our blood. PALACE THEATRE SHOWS "THE NET"

Interesting and Thrilling Mystery Picture With Barbara Castleton and Albert Roscoe.

"The Net," a William Fox offering of mystery and thrills, opened yesterday at the Palace. Barbara Castleton, portraying the leading feminine role of young Mrs. Norman, divides honors with Raymond Bloomer in the part of her wayward young husband and Albert Roscoe, as the Man, the unknown.

The story has to do with young Mrs. Norman, unhappily married to a man who appreciates her only for the money she gives him to spend in a profligate way. She wears and leaves. Norman follows, and a display of temper and violence takes place that results in direct tragedy, when in comes the Man, a limp, sagging specimen of manhood who has lost his memory—how no one knows.

Here the story takes a twist that differentiates it from the general run. Others in the cast include Peggy Davis, Arthur Gordon, Cornelius F. Keefe, Helen Tracy, Eliah Nadel, Alexander Gaden, Guy Combs, Byron Douglas, Claire Delores and Eileen Groat.

"The Net" will have its last showing at the Palace this evening.

Gets Fortune But Keeps On Shingling

OMAHA, Neb., Jan. 26.—Lorenz Koenig, 72, inherited \$115,000 worth of negotiable securities from his son, Dr. Albert H. Koenig, who killed himself last Sunday, but will continue to stack shingles in an Omaha lumber yard for \$28 a week.

"If I quit, I'd die," said the aged man, who has been a laborer all his life. He said he would share the estate with his three remaining children.

Teach your child Internal cleanliness

THE mother who permits constipation in her baby or older child is risking the health, even the life, of her little one. Frequentness, feverishness, night terrors, grinding the teeth in sleep, biliousness, coated tongue, loss of appetite, any of these may indicate constipation. Poisons from the child's stagnant intestine are flooding the little body, and if left unchecked may lead to serious consequences.

Avoid Laxatives—Say Doctors

A noted authority says that laxatives do not overcome constipation, but by their continued use tend only to aggravate the condition.

Medical science has found in lubrication a means of overcoming constipation.

The gentle lubricant, Nujol, penetrates and softens the hard food waste, and hastens its passage through and out of the body. Nujol is not a medicine or laxative and cannot gripe. Like pure water, it is harmless.

Let your infant or child have Nujol regularly, and see rosy cheeks, clear eyes and happiness return once more.

Nujol is used in children's and general hospitals and is prescribed by physicians throughout the world.

DISTRESSING KIDNEY TROUBLE

Terrible affliction quickly relieved by "Fruit-a-lives".

WASHINGTON, Jan. 26.—Disaster will surely be the penalty if the world fails to devise methods of preventing war, President Coolidge declared in an address to several women's organizations in which he renewed his advocacy of the world court.

MUST PREVENT WAR OR FACE DISASTER

Coolidge Declares United States Should Adhere to World Court.

Mr. Coolidge declared that in the Washington arms conference, "we made a genuine and significant contribution toward peace" and that the Dawes plan was "a timely and effective effort for rehabilitation on the economic side. I believe the next step which we may well take is by way of participation of the Permanent Court of International Justice," he said.

SAGE TEA TURNS GRAY HAIR DARK

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance.

It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it dardens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

Contractor Says False Generosity Keeps Many From Learning Trade.

ATLANTIC CITY, N. J., Jan. 26.—The number of building trade apprentices has dwindled alarmingly and soon there may be no journeymen workers in any line, according to G. H. Barrett, cut-stone contractor of Bloomington, Ill. Mr. Barrett told the seventh annual convention of the International Cut Stone Contractors and Quarrymen's Association in the Hotel Traymore that the tipping habit caused this shortage.

"The American business man," said Mr. Barrett, "practices false generosity, actually discouraging young men from entering the trade. He will give half a dollar to a boy for carrying a bag half a block, five minutes' work, and seriously object if a journeyman plumber charges him a dollar for an hour's work."

"The youth of today sees this and takes the easiest way to 'get the coin,' rather than learn a legitimate and necessary trade as his life's vocation."

How to Enjoy Exercise.
An officer on board ship was drilling his men.

"I want every man to lie on his back, put his legs in the air and then move them as if he were riding a bicycle," he explained.

"Now commence."
After a short time one of the men stopped.

"Why have you stopped, Murphy?" asked the officer.
"If you please, sir," was the answer, "I was coasting."

An old statute unearthed in the archives of the Florida state capitol forbade the use of liquor 69 years ago.

Chignecto Is In
Today With Sugar

The R. M. S. P. Chignecto arrived this morning from Bermuda and the West Indies and docked at the Refinery wharf. The steamer had ten passengers, seven first class and three third class, the latter being Chinese en route through Canada in bond to Hong Kong. Among the passengers were George Blackshaw, of Halifax, Captain and Mrs. F. McD. Lake, of British Columbia, and Mrs. R. B. Coulter, en route to England. The vessel brought 950 tons of raw sugar for the local refinery and 715 tons for the refinery at Montreal in addition to considerable general cargo and the usual consignment of mail.

ANNUAL SOCIAL OF ST. PAUL'S IS HELD

Beginning of Piano Fund is One
of Features of Happy
Evening.

The annual congregational meeting of St. Paul's church last night was voted one of the most successful in the history of the church. After a short service of intercession and prayer in the church, adjournment was made to the Sunday school. The business meeting was opened and was postponed for one week, to make way for the social enjoyment with which St. Paul's night is always observed.

Address by Rector.
Ven. Archdeacon A. H. Crowfoot, the rector, referred to the loss the church had sustained in the death of Lady Barker, Rev. J. W. Millidge and C. W. Ross. He complimented the parish on the excellent state of its finances, as the church was ending the year free of debt.

The senior church warden, Dr. James Magee, briefly reviewed the financial situation. James F. Browne, organist, was introduced, as it was his first appearance at a St. Paul's night, and he spoke of his pleasure in being associated with St. Paul's church.

Fund For Piano.
Archdeacon Crowfoot spoke of the future need of a new organ and of the decision of the music committee to procure at once a piano to be used at church practices. He mentioned the various ways in which the committee hoped to raise the \$240 needed for the piano, and before the close of the evening upwards of \$70 was given for this purpose.

P. T. Short made a plea for more envelope subscribers and gave interesting facts regarding the importance of the fund. He made a strong appeal for every member to boost St. Paul's.

Musical selections greatly enjoyed included a chorus by the boys of the choir and solos by Ernest Hammond, Master William Bromfield, Miss Audrey Hunter, Master William Woodley and Chester Bourne.

Refreshments were served by the members of the Needlework Society under the presidency of Miss Mabel Sidney Smith, who, with Mrs. Harry B. Robinson, presided at the table.

BOY SCOUT LEADERS TAKE UP FIRST AID

Course of Training Begun—
Commissioner Lister to be
Honored Tonight.

At Boy Scout Headquarters yesterday afternoon Dr. James Robertson was an honored visitor, but he had a few minutes to spare. A special event in the Boy Scout calendar yesterday was the opening of a course of first aid training for leaders. It is being held so that the leaders may enter first aid teams in the senior Wallace-Nash competition and the provincial shield competition of the St. John Ambulance Association. Miss Irene Barber gave the instruction last night, and on Monday evening Dr. C. L. Emerson will be the lecturer.

New Troop.
Field Commissioner Harry Lister is to be the honor guest at a banquet to be held on Wednesday night. Mr. Lister will organize a troop of Scouts in the Stella Maria congregation in West St. John. This will probably be the last troop he will organize before he leaves for Quebec.

The Trinity Boy Scouts and Wolf Cubs held a sleigh drive last evening under the supervision of Charles E. Upham, scout master. Following the drive, they assembled in the school-room of Trinity church, where a bean supper had been provided. The following were in charge of the refreshments: Mr. and Mrs. A. S. Pattison, Mrs. A. E. Job, Miss Nellie Upham and Fred Kee.

A HAPPY MEETING.

By a chance meeting in a street car, Rev. James Dunlop, of Central Baptist church, met Dr. John L. Patton, eminent English educationist who lectured here last night. Dr. Patton was being shown about town by Principal W. J. S. Myles of the High School who is also president of the Canadian Club and therefore the official host to the overseas visitor. Upon being presented to Dr. Patton, Rev. Mr. Dunlop casually remarked that he had friends of the name in his old home in Kilmarlock, Scotland which greatly surprised and delighted the visitor who thereupon disclosed himself as one of the same family. There was quite a little jollification over the chance meeting but of course a very proper one in spite of the Kilmarlock trademark name, briller Scots and a lot of that sort of thing, so the local minister smilingly assured.

CAR RUNS OVER HOSE.

A peculiar accident happened when the fire department arrived to fight the blaze at Arnold's Department Store, Prince Edward street, last evening, when the first hose they ran out was run over by street car No. 80. Another hose was quickly attached. The darkness prevailing was responsible for the incident.

He Gives Judgment Against Province In Collision Case

PLANS NOT FILED

Sir J. D. Hazen Gives Judgment
Of Interest In Action
Against Ship

Action, brought by the Attorney-General of New Brunswick against the ship "Waldingham" for damages caused by a collision between the vessel and the Morrissey Bridge at Newcastle in August, 1923, was dismissed with costs this morning in a judgment delivered by Sir Douglas Hazen, Judge in Admiralty. The plaintiff was represented in the case by Dr. W. B. Wallace, K. C. and W. M. Ryan, while the defendant's counsel were Dr. F. R. Taylor, K. C. and C. F. Inches, K. C.

The Judgment.

In delivering judgment, Chief Justice Hazen dealt with the defendant's contention that the bridge was built in violation of the Dominion Navigable Waters Protection Act, and, being an unlawful obstruction in a navigable river, was a public nuisance. He cited certain sections of this act in which provision was made that no bridge should be made or placed across any navigable river unless approved by the Governor-in-Council or maintained in accordance with plans approved by the Governor-in-Council.

Unlawful Structure.
He found that the bridge had been built without authority of law as no plans had been filed with the Minister of Public Works for Canada or with the Registrar of Deeds for the county in which the structure was situated, and that, from the evidence, up to the present time no order-in-council had been passed approving the construction of the bridge, and that the bridge was a public nuisance, and the plaintiff was entitled to recover without showing there was negligence on the part of the defendant.

Dismissal Action.
The Chief Justice said that he was of the opinion from the testimony there was no evidence of negligence on the part of the defendant. He said that, having regard to the way the bridge was constructed, to the manner in which the current ran angling across it, the incident was inevitable and that the negligence of the plaintiff in constructing a fence that was not substantial or well-constructed for the purpose for which it was intended contributed very largely to the damage which occurred. He dismissed the action against the ship.

St. John Musicians To Moncton to Broadcast

A concert party left on the 1.45 train
today for Moncton to broadcast from
the C. N. R. Station this evening. The
personnel of the party is Mrs. F. G.
Spencer, soprano; Mrs. Blair McLean,
pianist; Miss Gladys Gibson, reader;
Mrs. F. L. Bonnell, accompanist, and
Dr. Percival L. Bonnell, baritone.
Although local radio fans have had
considerable difficulty in hearing Mon-
cton, it is asserted that conditions in
this respect are improving nightly. A
special effort is to be made tonight to
enable St. John to hear the concert and
it is thought that if each person exer-
cises care in tuning in on Moncton and
endeavors to prevent their sets from
squealing, there will be a good chance
for every one to enjoy the concert.
This is the second party which Dr.
Percival L. Bonnell has taken to Mon-
cton to broadcast from CNRA.

BOOSTER CLUB OF LODGE ENTERTAINS

Willis Members and Friends
Have Happy Time in Fair-

The Booster Club of Willis Lodge,
L. O. L., Fairville, held a successful
at home and entertainment last night
when they were hosts for their wives
and friends. The members of Baxter
Lodge, L. O. B. A., were honor guests
and representatives of Dominion and
Roxborough Lodges were also present.
About 200 partook of a delicious sup-
per, served by the young men of the
lodge, who had also arranged the very
attractive table decorations in the
colors of the order.

A committee of ladies from Baxter
Lodge were refreshers and Gray
Townsend made the tea and coffee.
During the evening an orchestra fur-
nished a delightful programme.

Presentation.
A pleasing feature was the presenta-
tion of a smoking set to Charles Jones.
The presentation was made by Coun-
cillor William Golding in appreciation
of his faithful services to the lodge.
Mr. Jones made a sensible reply.
The entertainment programme was
much appreciated. The numbers in-
cluded: Piano solo, Miss Lillian Alcorn;
the Jock Simpson; selections by the
orchestra; duet, Miss Ruby Spence and
Miss Sylvia Hammy; accordion selec-
tion, Fred Morrow; solo, John Seag-

WINS PRAISE IN U. S.

Rev. Geo. W. Titus, Formerly
of St. John, Lauded in Evan-
gelistic Campaign.

Rev. George W. Titus, of St. John, is
winning commendation as a pastor and
preacher in Battle Creek, Mich., where
he is now located. Francis L. Crow,
architect, recently closed one of
the outstanding campaigns of the
season with the following results: The
church strengthened spiritually and fi-
nancially, 174 added to the membership
and the entire city awakened.
Rev. Mr. Titus deserves credit for
his monumental work. He can dominate
a great, indifferent audience and
win them for Christ. He should be in
the evangelistic field. The church,
headed by the chairman of the board,
Harold Haines, stood behind Brother
Titus.

"The third Sunday was the greatest
day of the meeting. We had been
forced to move to the city auditorium
on account of the crowds. During the
day 100 persons confessed Christ, 92
adults, 73 at the evening service before
a packed audience of over 1,500. The
music was a big feature and attracted
much favorable comment."
