

SAFE AND SANE GOVERNMENT WHAT IS WANTED

By the Great Moderate Mass of People in Canada Today.

AND MOST OF THEM NOW COME TO REALIZE

That the Present Administration at Ottawa is Giving That Kind of Government, and Should be Left Undisturbed.

(Halifax Herald.) The assumed cheerful confidence of various partisan groups opposed to the present Dominion government that they could cause its downfall whenever they wished has vanished. In particular, the hope of the self-styled Liberal group has disappeared. Mr. King has come, he has seen, but he has not conquered. He is no political Caesar; that must be evident by this time to the most enthusiastic followers of the United Farmers and in little better case. Their zenith has evidently been passed. Labor, as a separate political force in Canada, is negligible.

There is but one strong, united and capable political party in the Dominion, the one now in power with every prospect of continuing there. The wild jubulations over its prospective overthrow have all died down. The charges against it have fizzled out. They were merely the atack accusations against all administrations. They were as loudly made against the Lloyd George government in Great Britain as against that of Sir Robert Borden in Canada. They were mainly, in both cases, the effect of that great war which had not been immediately restored after the Armistice, and the lack of a definite, progressive policy for the future, as sufficient unto the day of disaster which followed the war, was not the evil thereof.

The wonder was, not that more was not being done, but that so much had been and was being accomplished. The task of demobilization and repatriation of the huge armies sent overseas, in the short time allotted to it, is now recognized as having been of such tremendous magnitude that no reasonable person could be expected to do those charged with it to devote time or thought to any other subject not of compelling importance. Grudging domestic considerations had to stand aside for the time being. The future had to be left to care for itself. But the crisis has passed, and no one can deny that, so far as Canada is concerned, our government has acquitted itself admirably.

The question is now of the future. The public mind has again become almost normally calm, and can be confidently apposed to. It is a changed mind in many respects, but it is once more sane and circumspect. What is the political choice presented to it? Is it not decision between a government which is above criticism for its conduct in the war, for its action towards the future, and an opposition made up of mutually irreconcilable groups which have nothing in common but a desire for their own separate aggrandizement? Mr. King pleads in vain with Mr. Crozier to walk into his political parlor. Both of them pipe without effect to the Labor party which steadfastly declines to dance to the tunes of their calling. In this political chaos there is only one stable and trustworthy party, the party in power which has experience, which has unity, which has ability, which has a definite policy in accordance with the traditions and interests of the country, and which is not to be manipulated into new, untried and unsafe paths.

The two-party system, although not without its defects, has proved reasonably satisfactory to British people everywhere in the past. They desire a return to it. Government by groups, which means government by compromise and partisan expediency, does not appeal to them. There are two natural divisions in every modern British community—the Moderates and the Radicals. In one or other of these divisions the people of Canada must eventually align themselves. The supporters of the present administration, whether Conservative or Liberal, are already in their proper place. They stand for stability and judicious reform. Against them, in three groups, mutually more or less antagonistic, are the forces of Radicalism shading off into revolutionism. The groups want to tear down and rebuild in accordance with their own fancies. The Moderates want to maintain and improve. All genuine Conservatives and Liberals naturally belong to the Moderates. They united in support of the present government. They will remain in union for its continuance. They eschew outbribe the Radical elements in all the groups, even if those groups could or would cooperate harmoniously, which there is no prospect of their doing.

It would be a great mistake to assume that the Moderates are all content to the status quo. They are not. They are for the government, and that there are none in the so-called Liberal ranks or in those of the Farmers or of Labor. When it comes to a definite "show down" at the polls it will be found that the United Farmers and the Labor party are simply what their names imply and nothing more. They

OVERALLS ARE NOW THE FASHION In Alabama, as a Set-off to the High Cost of Living.

Birmingham, Ala., April 12.—Birmingham newspaper publishers have flatly denied the request of a committee of retail clothing stores that news of the "overall" movement throughout the South be suppressed on the ground that it was damaging retail clothing business. The publishers informed the clothing stores' committee that their papers would continue to report the overall movement which they considered legitimate news. The Tampa idea of wearing overalls as a means of fighting the high cost of clothing which originated in the city bearing its name, has spread to many cities throughout the South where business and professional men as well as other workers are going about in blue denim. It was reported here Saturday that when the demand for overalls began some retailers had raised the prices from two dollars to six dollars a pair. Mass meetings and public demonstrations are being held in connection with the movement in many places throughout the South. It was reported today that there were 4,000 members of the "Overall Club" in Birmingham alone all pledged to wear blue denim until the price of clothing comes down.

are composed of the radical farmers and the radical labor men of other days, and none other. There are as many Moderate farmers and Labor men as ever in the country who will vote as they have always voted, for the party which can be trusted to govern in accordance with tried and approved principles. In a word, the Moderates are far too numerous in Canada today to fear the assaults of the hopelessly divided Radicals. The outlook for the present Moderate government is of the very brightest if only it has the courage to continue its stand for stability and progress on the traditional lines of policy which have made this Dominion so great and so prosperous.

RESENT FRENCH OCCUPATION OF FRANKFORT

Inhabitants Declare That French Are Taking Too Harsh Measures

WHERE NO RESISTANCE Has Been Offered—Indications Said to be That New-comers Contemplate a Protracted Stay.

Frankfort, April 12.—(By The Associated Press)—Citizens of Frankfort are not permitted on the streets after nine p.m. without special permits from the French occupational authorities, while in Darmstadt and other towns in the newly occupied territory the public is allowed on the thoroughfares until 11 p.m. Apparently few residents of Frankfort possess night permits for the streets are almost entirely deserted after 9 o'clock, except for the patrolling troops. The officers and therefore begin at five o'clock in order to allow the patrons time to reach their homes before nine.

Protests are heard on every hand that the French are taking too harsh measures and making an unnecessary display of force in the city which has not resisted the occupation. The complaints are directed against the tanks which have been placed in front of the railway station and against the lines of bayonets fixed to the sides of the patrolling troops. The French officers are complaining of the hotel accommodations and are inspecting private houses, probably with the view to occupying them. The German population is making its headquarters in a principal hotel complained to the management that Persian rugs in the rooms were not genuine. They say also that the other officers went through the hotel, picking out the most comfortable furniture and the best pictures for their quarters. As in the case of Frankfurt before Darmstadt and city officials of Darmstadt have drawn up formal protests against the French occupation.

OFFICIAL LAUNCHING OF MONTREAL UNIVERSITY Principal Officials Appointed—Senate Passes Vote of Thanks.

Montreal, April 12.—The task of launching the University of Montreal into official being was commenced this afternoon, when the various committees to which the entire task of building and guiding the new university was for formation purposes. His Grace Archbishop Brochu was named Chancellor, Bishop Gauthier was named Rector, and Canon Chénier Vice-Rector. Professor Edouard Tremblay was appointed Secretary-Treasurer, Senator Le Beugo was named Chairman of the Administrative Committee and Oscar Archaibarau was named Treasurer. The University passed a resolution expressing the deep appreciation of the University to all who so generously responded to its appeal.

PRINCE OF WALES A NIMBLE NIMROD Showed His Prowess in Riding to Hounds Over a Difficult Country.

London, April 12.—The Prince of Wales' prowess as a rider to hounds was led by the Master of the famous Pynchley Hunt, Sir Charles Frederick, at a recent hunt dinner. "Everybody" said Sir Charles, "admired the way the Prince rode to hounds. It takes many men a lifetime to ride over the Pynchley country, but the Prince, who had only done a little hunting in Norfolk previously, quickly mastered its difficulties. "When the Prince first came down to Pynchley, I asked Captain Drummond, one of the most experienced followers of the hounds, to pilot His Royal Highness. Afterwards I heard the Prince had had a fall over a stile on the road, and I told Captain Drummond he had done a nice thing. Captain Drummond replied, 'I stare at off to pilot the Prince road, but before we had gone very far he was piloting me.'"

LADY WOLSELEY DEAD

London, April 12.—Dowager Viscountess Wolseley, widow of Viscount Wolseley, the famous Field Marshal and former Commander-in-Chief of the British Army, died here today. In her day the Viscountess was a brilliant society leader and was devoted to everything artistic. Viscount Wolseley died at Montecarlo, France, on March 25, 1913. The Viscount and Viscountess were married in 1867.

UNITED MINE WORKERS STILL BUSY TALKING

Agreement Come to to Back up Any Strike That May Take Place at Minto.

Trevo, N. S., April 12.—(By Canadian Press)—The United Mine Workers in convention here today discussed at length the question of new contracts and finally passed a resolution that if any new contracts are made they shall be for a period of two years subject to revision every four months or on the event of changed economic conditions. The convention by a vote of forty-nine to thirty-two passed a motion in favor of the "closed shop."

A telegram from the West asking co-operation in a country-wide parading protest on May 1st, initiated in Winnipeg to assure public sentiment against the conviction of the imprisoned strikers was read. On motion it was referred to the Secretary who was authorized to ask the locals what they chose to do about it. It was a matter of local favor that the day would be mainly a holiday for parade and protest purposes. A resolution submitted from Minto local asking for assistance in the event of a strike in that area led to discussion. The resolution read: "Resolved, if the coal mine district come out on strike that no coal from Nova Scotia be sold in New Brunswick during the strike."

S. Blumfield, Minto, urged that the executive should be empowered to deal with the matter and obtain assistance from the operators that no coal would be shipped to points normally supplied by Minto mines. Delegate McMahon urged that the convention should confine itself to resolutions and moved that the resolution be tabled. Motion to table carried amid protest from the minority. "Hot rule" was being formed on the convention. The chair ruled that a motion to re-open the discussion would be rejected. The convention approved a proposal from the local that the Provincial Government be asked to set aside a portion of the royalties from coal to provide college education for children of miners of industrial areas who show aptitude and ability. The working out of the scheme was left to the executive, but it was suggested that competitive examinations be given to applicants for "labor scholarships."

DISCUSSION OF AMENDMENTS TO THE WILKINS COMPENSATION ACT continued until the session closed for the day.

SENATORS HAVE NO SPECIAL PRIVILEGE But Must Submit to the Civil Law the Same as Any Other Individual.

Ottawa, April 12.—Mr. George Kidd, counsel for Senator George W. Fowler, will appeal on behalf of his client a judgment entered by Mr. Justice Latchford in the Supreme Court of Ontario because he did not appear to defend the action brought against him by the Capital Trust Corporation.

Mr. Kidd stated that he is taking the appeal in the interests of other Senators as well as for Mr. Fowler. He claims that a member of the Senate should respect the decisions of a civil court. To His Lordship's mind it was nonsense for a man who was in the city and not ill to claim the privilege of having a court case heard at his convenience, simply because he was a Senator. This severe criticism was leveled at Senator George W. Fowler, who applied, through his counsel, Mr. George Kidd for an adjournment of a case in which he is the defendant and who had granted Mr. Kidd with an affidavit saying that he could not attend because of his duties as a member of the Senate. "Because I am a member of the Senate I do not have to attend the court," His Lordship read from the affidavit. "What rot that is!" he said. "Is he too busy up there or too busy about the divorce court?" queried His Lordship. Mr. Fowler finally consented to allow an adjournment till tomorrow morning, but would not consider having the case put off till summer court.

Senator Fowler is being sued for \$1,180 by the Capital Trust Corporation, which is acting as an executor of the will of the late Austin Berry. It is in connection with a number of shares in a railroad device company which it is claimed were sold to Berry under false pretence.

FEARED MORE ARMENIANS WILL BE KILLED

There Are 25,000 in Baku Whose Plight is Serious.

DENEKINE FLEET TURNS BOLSHEVICK

British Representatives Are Doing Their Best to Cope With the Many Disturbing Elements.

Constantinople, April 12.—(By The Associated Press)—Fighting between Armenians and Armenians is continuing in the Caucasus region and Interior Allied observers report that 25,000 Armenians in Baku are in danger of being massacred. At present the Denekine fleet in the Caspian Sea has turned Bolshevick moving northward to join the Red Fleet which is expected at the mouth of the Volga when the ice clears. The remainder of the Denekine vessels steamed southward from Petrovsk and are reported proceeding to Persian ports.

At Batum on the Black Sea side, the British warships are sufficiently numerous to keep Batum quiet for the time being, but the Georgian government is so weak and so hard pressed by its own radical elements that there seems to be little hope of successful resistance by the Georgians to the Bolshevick troops if they actually move against Georgia, as is threatened. The Georgian situation is much complicated by the flood of Cossack soldiers and civilians fleeing across the mountains ahead of the Bolshevick advance. Thirty thousand armed Cossacks moving south from Novorossiysk and the troops are concentrated at Sochi, with the Reds pursuing the Georgians in their front, the mountains on one side and the sea on the other. The Cossacks refuse to admit the Cossack into Georgia unless they disarm, which the Cossacks decline to do, although virtually starving. The British have provided a temporary flour supply to quiet the situation in the hope of effecting a settlement. From the rail end at Vladikavkaz, 4,000 civilian refugees have already poured into Tiflis and 12,000 more are expected, as the volunteer army is retreating along the coast. The Georgians are treating the refugees considerably, removing them at the rate of thirty trains daily to Poti, where a camp has been established, and are providing them with food.

KNOWS NOTHING OF RUMORED STRIKE

Winnipeg, Man., April 12.—Announcement was made today by A. J. Ryall, Chairman of the Central Committee of the Brotherhood of Railway Trainmen, Canadian National Railway Western Lines, that so far as the Brotherhood was concerned, he knew nothing of any contemplated strike of yardmen, or trainmen, on the Canadian National Railways.

THE INCREASE IN FREIGHT RATES NOT LIKED AT ALL

Declared That There is No Justification for it Under the Circumstances.

SLACK TIME IN COMMONS YESTERDAY

Board of Commerce Again Under Fire from Several Quarters.

Special to The Standard (By Tewson, Copyright) London, April 12.—The elimination of Germany as a North Atlantic carrier and the increased cost of operating has offered possible explanations of the fifty per cent raises in freight rates. Shipping men point out that competition is now entirely removed, the North Atlantic Company having been included in its combine as small a line as a Swedish American. Stanley Maclean, president of the London Chamber of Commerce, discussing the matter declared "I don't want to condemn the Shipping Companies unheard, but I shall await their explanation with great interest. It certainly seems inexplicable in view of the fall in price of bunker coal. It is bound to have an effect on the price of food." The Express asks "What does the British Government propose to do with regard to the monstrous increase of the Cunard White Star and other North Atlantic shipping companies in raising their freights by fifty per cent. If they are not going to do anything they will break the hearts of all their strongest adherents and supporters."

As is usual in such a debate there was a good deal of denunciation of the Board of Commerce and the substitution of crude local machinery in its stead was not taken seriously by the House and produced a mediocre debate. A year ago any old kind of gesture condemnation of that man O'Connor would have called forth a regular procession of would-be executioners, but today not more than a half dozen members rose to speak, barely a quorum listened, no one applauded and the Ministry remained silent.

BIG AREA OF LAND STILL FOR DISPOSAL

Dominion Steel Has Upwards of Billion Acres for Settlers.

House of Commons, Ottawa, April 12.—(By Canadian Press)—Dominion Lands still undisposed of by the government cover an acreage of 1,080,750,000 acres. As a large proportion of this information has not yet been explored, except in a very partial way, it is impossible to give an approximate estimate of its value. This information was given in answer to a question by J. H. Sinclair in the House of Commons today.

SCHOOL LANDS TO BE THROWN OPEN TO SOLDIER SETTLERS

Ottawa, April 12.—The Soldier Settlement Board of Canada has completed arrangements with the three private provinces by which considerable areas of school lands in the West, have become available for settlement by returned soldiers. It is now possible for a qualified returned soldier to apply for any parcel of school lands within fifteen miles of a railway line. When such parcel is applied for it will be appraised by representatives of the Soldier Settlement Board and the Provincial Government. If there is only one applicant for the specified parcel, it is possible for the returned soldier to enter into possession at once. If there are more than one applicant the parcel will be disposed of by ballot as in the case of school lands in the provinces and lands recently opened to soldier settlement.

CONCILIATION BOARD AND RAILWAY MEN

Montreal, April 12.—At a meeting of a Conciliation Board, appointed by the Department of Labor at the request of the Canadian Brotherhood of Railway Employees, it transpired that only the Canadian Brotherhood of Engineers has full authority to accept the Grand Trunk Railway's proposal which other organizations, also present will have to confer with their Central Committees before binding their unions to the proposals of the Board. The matter for arbitration is the working conditions of Grand Trunk Railway clerks and stationmen. This includes hours and wages.

FRANCE DEALS WITH NEW TAX PROPOSALS

Paris, April 12.—The debate in the Chamber of Deputies on new taxes began today. Deputy Auried, Socialist, said he regretted that the financial solidarity of the Allies, which had been advocated, had not been realized. He asserted that the only remedy for France's financial situation was the taxation of capital and war profits. Budget Reporter Dumont urged the Chamber to vote the new taxes rapidly, declaring that each day's delay cost the budget a million francs. It is expected that the government's revenues under the new taxes will be increased 8,500,000,000 francs. Among the fresh taxes is one of ten per cent upon the gross receipts of theatres, music halls, circuses, hippodromes, race tracks and bicycle races.

ANGLO-FRENCH R' APPROACHMENT

London, April 12.—An authoritative statement issued tonight indicates that the Franco-British situation is even more favorable than represented by Andrew Bonar law, the government spokesman, in the House of Commons today. The statement intimates that a French note is expected accepting the British view and agreeing to evacuate the occupied towns rapidly on withdrawal of the German troops from the Ruhr, which has already commenced.

30,000 DISCHARGED AS UNIT FURTHER

Ottawa, April 12.—Thirty thousand Canadian soldiers have been discharged to date as units for further military service. This figure was made known today by the Records Branch of the Militia Department, which has practically completed the rather tedious task of distributing the King's certificate on discharge to all such members of the Canadian Expeditionary Force.

School Trustees Met Last Evening

Applications for Vacancies Received—The Secretary's Report—Resolution of Sympathy on Death of James V. Russell.

The trustees of the St. John School Board held their regularly monthly meeting last night at the Board of Trustees building, on Basin avenue.

The trustees present included the chairman, Dr. A. F. Blaney, Mrs. Richard O'Brien, Mrs. E. R. Taylor, H. C. Smith, George E. Day, and C. H. Green.

Applications for vacancies on the teaching staff of the city schools were received from Anita J. A. Gallagher, Tracey Station, Louise Scott, Frederickson, Hester L. Sharpe, Frederickson, and Donald MacCrae, Dalhousie, N. B.

Miss Nellie Louder, of Fort William, Ontario, also applied. She stated that she was anxious to get back to the schools of New Brunswick again.

John B. Young, of Oromocto, applied for a position as manual training teacher.

A letter was received from Miss Bertha Brittain thanking the trustees for leave of absence granted, and a satisfactory arrangement concerning her salary.

A letter was received from Miss Audrey Mullis stating that although she had served on the school staff for nearly seven years she was not receiving the \$900 granted teachers who have served a term as long as hers.

The communications were referred to the Finance Committee.

A communication was received from the St. John Teachers' Association thanking the Board for information received concerning the new schedule of teachers' salaries and for other information.

The secretary reported that the teaching days during the month numbered 23, the pupils enrolled numbered 8,551, girls 4,981, boys 3,570.

The average daily attendance was 7,289. Percentage of enrollment, 87.07. This, it was noted, established a record.

The Board then went into Teachers' Committee.

Headaches From Slight Colds. LAXATIVE BROMO QUININE Tablets relieve the Headache by curing the Cold. A tonic laxative and germ destroyer. Look for signature E. W. GROVE on box. 30c.

INTERESTING ADDRESS Mrs. E. C. Woyman addressing a meeting of the Philanthropic class of German Street Baptist Church on Friday evening giving them a most interesting report of her recent trip through England and Scotland.

The report of the Trust Officer for the month was as follows: Irregular attendants, 104; homes visited, 94; schools visited, 3; cases brought to court, 4; absent through sickness, 26; because of clothes, 5; temporary necessity, 6; at work, 2; left city, 5; cautioned, 16; arrested, 6; over age, 1; parents notified, 6. There are 17 teen habitual truants throughout the month, eleven of whom have returned to school.

The Board then went into Teachers' Committee.

Resolved, That the Board of School Trustees of St. John place on record the regret they feel at the death of the late Mr. James Russell, who was so long associated with them as a trustee.

The late Mr. Russell was a member of this Board for upwards of twelve years, and during that period was most regular attendant at all meetings. Upon all questions which came before the Board he brought to bear a fairness of judgment that commanded and won the respect of his associate members.

During his membership Mr. Russell exerted every effort towards procuring for the city a class of school buildings which should be better equipped and made in accordance with the demands of modern education.

His admirable qualities of mind and heart endeared him to his fellow trustees, who feel his death almost as a personal loss. The Board wish further to extend to the daughter of the deceased their sincere sympathy in deep trouble.

It was moved by Trustee Green, seconded by Trustee Smith, that the schools hold one session on Tuesday to allow the teachers to attend Mr. Russell's funeral.

Trustee Day thought that the matter of next winter's coal supply for the schools should be immediately taken up by the Building Committee. Another matter to which he called the Board's attention was the matter of repairs. The roof of the Winter Street school was over forty-seven years old, and was in a serious condition. He thought that its repair should be dealt with by the Building Committee and not the visitors, and that the repairs should be made during the coming summer vacation. It was moved that the coal question be left to the Building Committee; that in the matter of repairs, the visitors to the school be asked to make an inspection of the work to be done, and, if necessary, call in the services of an architect and make an early report on the Winter Street School.

Trustee Green said he had spoken an architect concerning the heating of the Centennial School, and plans were being drawn up by a heating engineer which would later be submitted. At this stage a communication was received from the press, represented by the St. John Globe, announcing the return of the civic elections.

Trustee Day reported that Armstrong & Bruce had offered the School Board several lots on Elm street which might be converted into playgrounds for the benefit of the city.

Trustee Smith said that in regard to the application of the male teachers, representatives had met the Financial Committee and discussed the matter of salaries on Saturday last.

The report of the Trust Officer for the month was as follows: Irregular attendants, 104; homes visited, 94; schools visited, 3; cases brought to court, 4; absent through sickness, 26; because of clothes, 5; temporary necessity, 6; at work, 2; left city, 5; cautioned, 16; arrested, 6; over age, 1; parents notified, 6. NAZIMOVA FOND OF MUSIC

Russian Actress Has Beautiful Home in California—Plays the Violin—Usually Wears Black.

The incomparable Nazimova in her latest screen production, "The Brat," delighted and thrilled the crowded houses at the Imperial Theatre yesterday. The picture, which is an adaptation by Nazimova and Charles Bryant, who is also her leading man, of the successful stage comedy drama written and starred in by Maude Fulton, was cleverly put into scenario form by Jane Mathias. It proved a genuine novelty and presented the versatile and amusing Nazimova in a role of the greatest range and intense human appeal.

Oddly enough, "The Brat" is the first of Nazimova's stage or screen impersonations that presents her as an American girl. Her great fame hitherto has been derived from portrayals of Latin and other European types; but as an American girl—and a pitiful wail of humanity at that—she discloses a new remarkable ability as the female virtuoso of the emotions.

The story narrates the whimsical romance of "the brat," a nameless child of the charity institutions who drifts into the chorus of a cheap musical show, is insulted and then hailed to the Night Court on a trumped-up charge. There an author who is seated on the bench with the judge sees in her just the "type" he has been seeking as the heroine of a new novel he is to write.

MacMillan Forrester, the author, takes the bedraggled child-woman to his home, shocking his aristocratic mother and arousing the angry resentment of Angela, the blue-blooded fiancée. From studying his protegee, the writer's interest grows deeper, while she worships him and seeks constantly to show her gratitude.

The novel's brother is a ne-er-do-well. It was he who insulted "the brat" and had her haled to the Night Court. He later confronts her in his home. They are, of course, enemies, but the girl shows her noble qualities by intervening when the weak brother is about to commit a crime. After many trials she triumphs, and the ending is both happy and unexpected.

Nazimova's acting is superb, and her adroit characterization is heightened by the generally humorous quality of the subtitles which convey "the brat's" old collection of slang phrases and whimsical philosophy.

Mr. Bryant does excellent work as the absent-minded author and a splendid bit of character is contributed by Frank Currier as the Bishop. Others in the notable cast are Darrall Fox, Henry Kolker, Amy Veness, Bonnie Hill, Millie Davenport and Ethelbert Knott.

The wealth of lavish settings enhances the production. These were designed by M. P. Sturtevant. Herbert Blache directed the distinguished Russian star under the personal supervision of Maxwell Karger, director-general.

The Imperial also showed another splendid Burton Holmes traveltogue, while the election returns were given completely before and after the intermission. Same show today.

RHEUMATISM FOR OVER 16 YEARS

No Return of the Trouble Since Taking "Fruit-a-tives."

103 Church St., Montreal.
"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicines; used lotions; but nothing did me good. Then I began to use 'Fruit-a-tives,' and in 15 days the pain was easier and the Rheumatism much better. Gradually 'Fruit-a-tives' overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

Much Interest Taken In Contest

Prizes Awarded Last Evening at Centenary for Contestants in Musical and Elocutionary Programme—Auspices of Young People's Society.

A contest which elicited a great deal of interest was held last evening in the Centenary Church by the Young People's Society. During the winter a number of elocutionary contests have been held and it was suggested that a special amateur contest should be arranged including both readings and piano solos. Prizes were offered to readers and musicians, the condition being that for the former, selection should be made from Canadian poets.

A large audience gathered and the programme was listened to with the closest attention. The prize winners in the elocution contest were Miss Annie Tait, Miss Louise Seely and Miss Mary Marney. In the musical contest, while all did well, Miss Hilda Brittan was awarded the prize for the judicious mentioning her arpeggio work and the color and assurance of her playing.

Judges for the elocution contest were Charles Clarke of Sussex and Chief Justice McCuwn. In the musical contest the judges were Mrs. J. Campbell, Miss Louise Anderson and Thomas Guy.

Thomas Guy and Chief Justice McCuwn presented the prizes congratulating the winners upon the excellence of their performance and the talent displayed. The prizes were donated by B. Bloomfield Jordan and H. V. MacKinnon. Mrs. J. B. Mahoney was convener of the program. J. Lawrence Hennigar presided, and Rev. H. A. Goodwin at the close of the program made a few remarks telling of the enjoyable meetings held during the winter season.

While the judges were making their decision Charles Clarke gave two fine readings from William

WATCH YOUR GUMS—BLEEDING A SIGN OF TROUBLE

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the forerunners of Pyorrhea, that dread disease which afflicts four out of five people over forty.

If the disease is unchecked, the gum-line recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhea poisons generated at their base—poisons which seep into the system and wreck the health. They cause rheumatism, nervous disorders, anæmia, and many other ills.

To avoid Pyorrhea, visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has already set in, use Forhan's according to directions and consult your dentist immediately for special treatment.

When the Nerves Give Out

Perhaps you have never fully realized the immense influence of the nervous system for pain, and suffering when exhausted or for health and happiness when properly nourished.

Starved nerves produce brain fog, headaches, sleeplessness, indigestion, and weakened functions of all the vital organs.

In healthful condition, the nervous system supplies the energy to run and control the whole machinery of the body.

The helpless, pitiable condition, mentally and physically, of the sufferer from extreme nervous exhaustion is the warning which tells us the importance of maintaining at all times the vigor of the nervous system.

As a restorative for the nerves there is no food so popular and so satisfactory as Dr. Chase's Nerve Food.

The proof of this statement is found in such letters as are quoted below

Headache	Twitching Nerves	Prostration	Indigestion
Mrs. R. H. Code, 108 John St., East, Smith Falls, Ont. writes:—"For the last few years I had been suffering from headaches and sleeplessness, and could feel that I was in a nervous, run-down condition. The children at times would cause me a great deal of trouble, and sometimes if they were noisy, it would seem as though I could not stand it. For a long time it was impossible for me to go to church or anywhere there was a crowd, because I would get almost blind and feel very dizzy, caused by weakness of the nerves. Some months ago through reading your Almanac, I was induced to try Dr. Chase's Nerve Food. I secured some and found that in a very short time I was being benefited, so I continued the treatment. Now I feel fine, can go to church or in a crowd anywhere without any difficulty. I can highly recommend the use of Dr. Chase's Nerve Food to anyone suffering from nervousness, sleeplessness or run-down condition."	Mrs. Amy Cooper, Carriage St., Ingersoll, Ont. writes:—"Some three years ago, my daughter, who was then about thirteen years of age, seemed nervous and run-down. I gave her some medicine, but she did not get entirely well. Later, she got worse, the nervousness taking the form of a twitching and shaking of the arms, limbs and even her face at times. Sometimes these attacks would be so severe she could hardly hold her knife and fork while eating. I tried some of Dr. Chase's Nerve Food for her, but was so anxious about her that I did not give it a chance to do any good, but took her to the doctor. He gave her some pills, and some time later, as I did not see much difference in her condition, I said I thought the Nerve Food would do her more good, so I started her using it again. After using a few boxes, she was completely cured of her nervous trouble. She has grown, gained much in weight, and is looking fine and healthy. I am very grateful to Dr. Chase's Nerve Food for what it has done for us."	Mrs. Thomas Williamson, Picton, Ont. writes:—"For the last twenty years I have had trouble with my nerves. I suffered from sleeplessness, and of course my system was often in a run-down condition from nervousness. At different times when I would have severe attacks, I was under the Doctor's care, but this only gave me temporary relief. Twice I was to a Sanitarium in Toronto, where I secured some relief at the time. This past summer, I suffered from another nervous breakdown, and it was then that I commenced using Dr. Chase's Nerve Food. I took a treatment of this medicine, and can now get up in the morning and do my work, which was something I could not do previously, because I used to get strangely confused. My appetite is good, and I can sleep well, too. Generally speaking, I am so much better that I am proud of my improvement. I cannot speak too highly of the splendid results I have secured through the use of Dr. Chase's Nerve Food."	Mr. Judson H. Morse, Lequille, N. S. writes:—"I am glad to be able to say a few words in recommendation of Dr. Chase's Nerve Food, because I have found it so very good for me and others. I came by my nervous trouble much by inheritance, and through my work. In '86 I was a nervous wreck, but the Doctor and time put me on my feet again, so I got along quite well until five years ago. I got a gripe and put but a friend offered me some of Dr. Chase's Nerve Food pills to try, and I found them to help me at once; so I have taken a number of boxes since that time and still find them good. Mother is in her 90th year, and has suffered a lot with neuralgia of the stomach and bowels, and was in a very bad state last summer, but I prevailed upon her to try the Nerve Food and it helped her even in her advanced years. The Doctor called my trouble Nervous Dyspepsia. I know of many who have taken the Nerve Food with good results. Mother thinks your treatment excellent also."

FIVE ROSES FLOUR FOR BREADS, CAKES, PUDDINGS, PASTRIES

Apohaqui

Apohaqui, N. B., April 8.—The happy Easter tide is once again in the past, but the joys and renewed hopes which follow in its train still linger in the hearts and minds of the many who were privileged to celebrate the auspicious festival. The services in the various churches on Easter Sunday were attended by large congregations of devout worshippers.

At the early hour of 8 a. m. the bell of the "Church of Ascension" summoned its members to Anglican service conducted by the rector, Rev. Mansel Shewen, whose Easter message delivered in the impressive manner characteristic of the reverend gentleman, was heard by not only his parishioners, but also by a considerable number of members of other churches, who wandered to the pretty church on the hill, to share the spiritual blessings of the early morning hour. Many fragrant flowers adorned the altars, among them being beautiful Easter lilies and roses, contributed by Col. and Mrs. Montgomery Campbell of Fredericton, whose residence here in the ancestral home, "Fox Hill," only terminated at the beginning of the war in the afternoon of Easter at 1 o'clock, a very large congregation greeted the Presbyterian minister, Rev. A. V. Morash, who brought on in his message of resurrection, taking as his theme, the events that surrounded the crucifixion and the conflicting theories presented by those who follow, would doubt its authenticity. The music part of the service was a special effort and showed evidence of careful preparation. Miss Marjorie Jones sang a solo, "It Was for Me," during the service. Beautiful spring flowers were placed on the altar.

The Methodist Church in the evening was taxed to accommodate the large assemblage of worshippers who came out to hear the Easter message carefully prepared and well delivered by the pastor, Rev. L. Johnson Leard, and enjoy the musical feast arranged for the occasion. A rare treat was in store for those who attended this service, when Mrs. C. H. Keith, of Pettit codiac, sang, rendering in sweet and sympathetic tones the beautiful solo, "Face to Face." Mrs. Keith as Miss Pearl Versey, was the leading soloist in this, her home town, during her school and though then in her early training possessed a voice of rare quality, which, however, has improved with continued study and practice, and Mrs. Keith enjoys an enviable reputation as a singer. Beautiful and fragrant flowers, in the form of carnations, tulips, Easter lilies and hyacinths, were contributed to adorn the chancel of the edifice.

A number of house parties of friends and relatives were entertained during the Easter season and the usual influx of students and teachers, as well as those otherwise employed elsewhere, was in evidence. Among those returning to the family hearth were: The Misses Edith Gilchrist from Public Landing; Annie Armstrong from Waterford; Georgie Chambers from Norton; Beulah Ryder from Larry's Point; Ruby McAuley from Southfield; Mr. Amasa Ryder from Smithtown; Miss Madeline Manchester and City J. Gilchrist from Provincial Normal School.

The Misses Edith Lipsett and Evelyn Robinson, who have been enjoying the Easter holidays with their parents at Centreville, Carleton Co., and Moncton, returned on Tuesday to resume their duties on the local teaching staff.

Miss Edith W. Jones returned this week from an extended visit with relatives in Ottawa.

Miss Jones spent Easter in Moncton en route as one of a "house party" of friends of her cousins, Miss Kathleen Burgess and C. A. Burgess, who were home from Mt. Allison College for the Easter recess with their parents, Dr. and Mrs. S. W. Burgess of that city.

Geo. B. Jones, M. L. A., was accompanied this week to Fredericton by Mrs. Jones, who spent a few days in the Capital.

Herbert J. Johnson, of the Bank of Nova Scotia, Moncton, was a guest of his parents, Mr. and Mrs. Neil Johnson, for Easter tide.

Miss Ethel Wright and Mr. H. L. Wright, of Fredericton, were holiday guests of their parents, Mr. and Mrs. I. V. Wright.

Mr. H. W. Marks has returned home from the Jordan Sanatorium, where he has been a patient for some months. The friends of Mr. Marks are pleased to know that he has sufficiently recovered to complete his convalescence apart from the institution.

Guests of Mrs. Henry Parlee for the Easter vacation were: Mrs. Samuel Holston and Mrs. Samuel Brown, St. John; Mrs. J. Burton Doherty and baby Gertrude, Hiverside; Mr. Walter Bennett, Moncton, and Mr. Roy Parlee, St. John.

Miss Vera Phillips, of Coles Island, is spending a few weeks with her aunt, Mrs. Beckwith McKnight.

Miss Pauline Erb, St. John, spent the holiday season at her home, guest of her parents, Mr. and Mrs. Edward Erb.

Mrs. J. A. McArthur, Sussex, was an Easter guest of Mr. and Mrs. A. L. Wells.

Miss Rhoda McKinnon, of Moncton, spent Good Friday here, guest of her friend, Miss Madeline Manchester.

Mr. and Mrs. G. T. Vespey entertained a family "house party" over the Easter tide, including their daughter, Gertrude (Mrs. Heber Wiles), Mr. Wiles, the little Misses Pearl and Pauline Wiles and Masters Earl and George Wiles, of College Bridge, also their daughter Pearl (Mrs. C. H. Keith) and Mr. Keith, of Pettitcodiac.

Mrs. Louisa McDougall and children, of Sussex, spent Wednesday guests of Mrs. McDougall's mother, Mrs. Madeline Parlee.

Mr. J. Ora Parlee, of the Bank of Nova Scotia, has been transferred to Perth, Victoria Co., and left on Monday to take up his duties there. Mr. Parlee's friends congratulate him on his promotion.

Mrs. Dincock Berry, of Sussex, was a guest of Mrs. J. P. Connelly on Easter Monday.

Miss Edna McFarlane, of Roschville,

spent Saturday last with her sister, Mrs. H. T. Bell.

Mrs. Beckwith McKnight and children were visitors to St. John last week.

Among the visitors to St. John on Wednesday were Messrs. W. T. Burgess and Harley S. Jones.

Miss Muriel Jones accompanied her parents to St. John on Tuesday, the latter being en route to Fredericton. Miss Jones returned home by the Maritime the same evening.

Miss Georgie Jamieson, Sussex, spent a few days of last week with Miss Marguerite McKnight.

Mr. R. B. Reid, of the railway staff, is spending a vacation in Upland and Fredericton and expects to be off duty for two weeks.

Mr. Norman Dobbin, of Rothesay, is relieving Mr. Reid during his absence.

Miss Della Crossley was an Easter guest of Mr. and Mrs. R. H. Wilcox.

Mr. R. H. Thompson, of St. John, spent the vacation with his mother, Mrs. A. H. Wilcox.

Miss Coates, of Sussex, was a holiday guest of Mrs. Gordon.

Mrs. Harding Ayer, of Sackville, spent Easter with her sister, Mrs. Kingston Doherty.

Miss Mildred Wilcox, Norton, and Mrs. A. M. Buchanan, of Gagetown, were guests of Mr. and Mrs. A. H. Wilcox on Thursday.

Miss Adeline Humphrey, St. John, spent the holiday season with her parents, Mr. and Mrs. Seth Humphrey.

Mrs. Kingston Doherty and Master Kenneth are spending a few days in Sackville with Mrs. Doherty's sister, Mrs. Harding Ayer.

A wedding of interest which has been anticipated by many friends, took place at the residence of Mr. and Mrs. E. R. Foltins, of Centreville, on April 7th, when their youngest daughter, Jean Ingelow Foltins, was united in holy matrimony with Courtney Leonard Buchanan, son of Mr. and Mrs. Wm. Buchanan, of Sussex. Rev. L. J. Leard performed the nuptials at "high noon" in the presence of about thirty guests, who at the appointed hour waited with eager expectancy the appearance of the winsome young bride, who entered the drawing room with her father and attended by her sister, Mrs. S. D. Gaunce as matron of honor. The young bride was very attractively gowned in a costume of white silk, with a crown over which in graceful folds the conventional bridal veil hung, crowned with a wreath of orange blossoms, and carried a bouquet of white carnations, with maiden hair fern and smilax. As the bridal party entered: Miss Lottie Gaunce, niece of the bride, played Leibel's Bridal Chorus, and after the ceremony as the strains of Mendelssohn's wedding march was being played, the young couple were the recipients of hearty felicitations.

The guests and bridal party then were ushered to the dining room, where luncheon was served, after which the bride retired to don her travelling suit, which was of navy blue silk, with which she wore a long coat of navy serge, with black hat. Many beautiful gifts were bestowed upon the bride, the groom's present being a gold wrist watch and to the pianist he gave a gold brooch with pearl settings. Cheques to a considerable sum were received, including a substantial one from the bride's parents. The Methodist Church choir and members presented the bride with silver table cutlery.

Mr. and Mrs. Buchanan left by the afternoon C. P. R. en route to New Hampshire and Massachusetts, and expect to be absent about two weeks. On their return they will take up their residence at Apohaqui. The bride has received much social attention during the last few weeks. On Thursday evening of last week a variety shower was tendered her at the home of her sister, Mrs. S. D. Gaunce, and many beautiful and practical gifts were showered upon her by the many friends of Centreville and Berwick, where she will be much missed both in musical as well as social circles, she having been the efficient organist of the Berwick Methodist Church.

Many friends and relatives here and at Lower Millstream were saddened this week, when a telegram was received by Mrs. J. P. McAuley of this village, bearing the tidings of the death of her niece, Mrs. Charlton, of Mecklin, Sask. Mrs. Charlton's death took place in Durham, England, while on a visit to the motherland and as yet no particulars have been received as to the cause of her death, but it is presumed it was due to influenza and complications. The late Mrs. Charlton was Miss Helen Good, daughter of Mr. and Mrs. James E. Good, of Lower Millstream, who before her marriage removed with her parents from here to Filmore, Saskatchewan, several

THE PLAGUE OF PIMPLES Body Covered With Them.

The primary cause of pimples arises from the blood not being in a good condition. When the blood becomes impure you will find that pimples will break out all over the body, but particularly on the forehead, nose and chin, and although they are not a dangerous trouble they are very unsightly. What you need when pimples or boils break out is a real good blood purifying medicine such as Burdock Blood Bitters.

This preparation has been on the market for over 40 years and is the most reliable remedy for all troubles arising from a bad condition of the blood. It removes all the impurities from the system, and will leave a clear, healthy skin.

Mr. Emerson G. Goodwin, Cambridge, N. B., writes:—"For nearly two years I suffered from boils and pimples on my face and neck, and nearly all of my body was covered with the pimples. I tried most everything, but got no relief. One day a friend advised me to try Burdock Blood Bitters, and after using three bottles the pimples and boils had all left me and there is no sign of them returning. I can strongly recommend B. B. B. to anyone who is troubled with skin diseases. Manufactured only by The T. Miller Co., Limited, Toronto, Ont."

THE Wrestling Champs Tomorrow Night

The prospects look very bright for a record entry in the N. M. C. A. Provincial Wrestling Championships which are taking place Wednesday evening of this week, in the local Y. M. C. A. Gymnasium, and the competition ought to be very close.

Four entries were received from Fredericton during the latter part of the week, and one entry from Montreal was received on Saturday night. With these outside entries, and the large number of contestants around the city in the seven weight classes, the competition for the silver prizes is sure to be great.

William McWharty, the well-known sporting writer around the province, and who is very well versed in boxing and wrestling, has consented to take charge of the bouts Wednesday evening.

The entries from Fredericton are as follows:

168 lbs.—Morris Williams.
146 lbs.—Roly McConnell.
168 lbs.—Carl Walker.
Unlimited—August Lundstrum.

The entry from Montreal was Mr. B. George, in the 168 lb. class.

With these outside entries, enthusiasm ought to be great and a packed house is assured.

ONE FEUD SURVIVES

According to Frank Calder the only feud created during the past season of the National Hockey League, which did not end with it, was that between George Boucher, of the champion Ottawa, and Ken Randall, of the Toronto. After Ottawa had won the Stanley Cup from Seattle the other night, the Toronto "bad man" entered the Ottawa dressing room and shook hands with his opponents—all except Boucher.

"What's the big idea?" inquired the J. K. L. Ross of New Edinburgh, as Randall held out his hand.

WORKING ON ARRANGEMENTS FOR THE GREAT OLYMPIC GAMES

Erecting Stadium Which Will Cover Eleven Acres and is Expected to Seat Thirty Thousand People—King Albert of Belgium is Expected to Review All of the World's Athletes.

Quite apart from the sporting viewpoint, and the possibilities of national athletic triumphs, Belgium expects to turn the 1920 Olympic to commercial account in the reconstruction of a war-ravaged country. Such is the frank admission of Count de Belle-Isle, president of the Antwerp Olympic Committee, himself the keenest of sportsmen, who, however, is under no delusions as to amount of interest displayed in sport by his countrymen generally.

Play a Big Part.

Interviewed, Count de Belle-Isle declared: "The Olympic games are going to play a big part in the reconstruction of Belgium, inasmuch as participants and spectators will include men from all parts of the world, who will use the opportunity thus offered to open up new business prospects.

"The war has shown the value of sport as an ideal to physical development, and the more widely it will be recognized the more popular it will become. This year Belgium is going to help to popularize sport, and incidentally she will thus help in the reconstruction of her own industry. In point of fact the Antwerp Olympic games promise to make good throughout France as well.

"For example, a manifesto has been issued by the French National Sports Federation urging all Frenchmen to all branches of sport to go into hard training right away, so as to uphold at Antwerp the honors already gained by France at Athens and Stockholm. The Swiss Government is giving a subsidy of 15,000 francs in aid of the games, and this will be supplemented by a national subscription organized by the Swiss Sports Federation. Fourteen big

outs of his new space, enters culminate in success, will be met with enthusiasm by American race followers, with whom Goux is a great favorite, because of his generous personality and gracious demeanor.

Goux pioneered the influx of European competition at Indianapolis, being the first overseas contestant to win a 500-mile, 4-hour, and though he managed to finish 20 hours than third last year, due to burning up his engine on the day before the contest, he has many more ardent supporters in the States than any other European driver.

How Abe Attell Was Knocked Out

Nothing More Humiliating Than Average Ring Fighter Than a Knockout Reverse—More Bitter to a Champion.

There is nothing more humiliating to the average ring fighter than a knockout reverse. The same thing, of course, applies to champions for whom such a misfortune is the more bitter owing to their proud position in pugilism. Abe Attell for years was regarded as the wizard of the American ring. Far back in the dim and misty beginning of his career Abe suffered a five round knockout at the hands of Brooklyn Tommy Sullivan, and in a declining day Johnny Kilbane wrested his title from him. But if you ask Abe what his greatest ring disappointment was he'll not name either of these bouts but will refer you to a ten round no-decision bout in New York in 1900. His opponent was Jim Driscoll and strange to say, Abe was far from being knocked out. He wasn't even badly beaten. But he was made to appear ridiculous. And for Abe Attell that was worse than being knocked out or outpointed. For Abe was inordinately proud of his boxing skill, a canny wizardry which enabled him to make every opponent he met appear like the crudest novice.

For years America has heard much of the cunning cleverness of England's little master of the ring, Jim Driscoll. The little Welshman had whipped Joe Bowker in seventeen rounds shortly after his last defeat, and California Frankie fell and he, like Attell in America, was regarded as unbeatable. Ultimately Driscoll was enticed to America by the promise of a fortune for a few fights. Driscoll sustained the most glowing reports of his prowess that had drifted to these shores. Only a featherweight he engaged some of our leading lightweights and literally "made monkeys out of them."

Driscoll satisfied America that he was at least in the class of the hitherto peerless Abe Attell and a meeting between the two was arranged. Attell and Driscoll faced each other in the ring of the National A. C. T. of New York on February 19, 1909, before a vast throng of spectators who had journeyed from all parts of the globe to view the great test between master boxers of the ring.

In the ring both considering themselves the master of the situation no sign of emotion was displayed by either. Driscoll chatted easily with his seconds, occasionally giving a nonchalant glance over to the Attell angle of the ring. Attell was a fine figure of a fighting man as he shed his bathrobe for the fray. Driscoll's outdoor training and litheness playing all over his symmetrically moulded body Abe looked a champion every inch.

When the bell rang both slipped nimbly to mid ring. Driscoll somewhat lighter than his rival but built along graceful lines, moved about his man with the smooth action of a well lubricated piece of fighting mechanism. He hunched into the fray and feinted rapidly danced away from his opponent. Attell chewed his gum methodically and with the superior air of a man who feels he has the situation well in hand moved after Driscoll much in the manner of the late Joe Jones.

They felt each other out with swift feints, both trying to draw the other's fire. Driscoll missed a jab and then landed one on Abe's chin. Attell missed with his own and they sparred some more, Attell piercing the Driscoll defense with a body blow Driscoll countering on the chin. Abe forced Jim into a corner but the Welshman skillfully vacated the pocket. Abe followed his rival cautiously, calculatingly until he again backed him against the ropes. For fully a half minute, Attell held Driscoll there feinting with right and left. Finally Attell, feeling he had his man's measure and that he saw the opening for the knockout punch, plunged in swiftly. His left described a short arc as he rapidly skimmed through space toward Driscoll's chin, every ounce of his compact body being behind the blow. Although he felt more than a hundredth of a second had passed the Attell target vanished Driscoll had slipped aside and Attell, from the momentum behind his effort, was pitched to the floor, exactly on the spot where his elusive rival had been pinned against the ropes.

That was the first and only time in his life that Abe Attell was actually made to appear ridiculous against another boxer. The bout went the light and it was nip and tuck all the way with Driscoll having a shade at the end.

When Abe Attell glances over his record book occasionally, he experiences a tinge of chagrin as Brooklyn Tommy Sullivan's name appears with a "K" by its side. In considerable remorse there is too when he espies Johnny Kilbane's with a "L" attached, for that might mean the loss of his featherweight title and the most painful recollection comes with that of Jim Driscoll's although there was not he non-committal initials "Doe" accompanying it.

For they always bring a vivid recollection of the night he crawled on the floor while attempting to hit Jim Driscoll and sometimes Abe feels that "K by" would be nearer the truth than "No De." That miss constituted the worst knockout Abe Attell's pride ever received.

The East End League Meeting

A Session in Thorne Lodge Hall Last Evening it Was Decided to Enter Ball Team in City League—Other Business.

A well attended meeting of the East End Improvement League was held last night in Thorne Lodge with President David Ramsey in the chair. The constitution and by-laws drawn up by the committee appointed to do so, were adopted. It was decided that the League should enter a senior team in the City Baseball League and provide the necessary outfit for it. The grounds of the club will be devoted to the City League games two nights a week. It is assumed that the league will consist of four teams, St. Peter's, Y. M. C. A., Y. M. C. I. and the East End, although nothing is as yet definitely known. The teams will probably play two nights a week on the East End grounds and two nights a week on St. Peter's grounds.

It was decided to have an East End Intermediate League of four teams similar to last year's which would play these nights a week. A diamond is to be prepared for a Junior League of boys under fourteen. The East End will therefore have, in addition to participating in the City League, two other baseball leagues, the players of which are to be strictly amateur.

The club decided to construct a pavilion on their grounds which might be used as a dressing room for the teams, and a committee room for the different committees. The building will be constructed by the members themselves and will be immediately proceeded with.

Plans were discussed to arrange a crossing over the gully to Courtenay Bay so that boating and swimming might also be enjoyed by the members. Tennis courts are to be laid out, and it is hoped to introduce both tennis and basketball during the summer.

A resolution was passed instructing the managing committee to cooperate with the Y. M. C. I. and Y. M. C. A. and also the High School, who have

NEWS OF SCREEN AND THE STAGE

When Mary Garden appeared as Madame the wig she wore is said to have cost \$1,000.

Edith Taliaferro, of "Please Get Married," has been on the stage since she was two and a half years old.

Many managers refuse to let anyone in their companies wear yellow stockings on the stage for fear of black.

Galli-Curlis was born in Milan and educated in the Milan Royal Conservatory as a pianist.

Before coming to America, Nalova appeared in Russian versions of several Shakespeare's plays. At sixteen she played Lady Macbeth.

As a child Miss Jane's appearance on the vaudeville stage and as part of her act imitated everyone on the bill.

Mr. Henry Irving said two hours before his death: "I have been playing for fifty years and am just learning to act."

The most classically beautiful woman who ever trod the boards of the American stage was Mary Anderson.

Eddy Polo, Universal serial star, has loaned his leading lady, Thelma Perry, to Hoot Gibson, the western star, for one picture, "Partners." Miss Perry will resume work in "The Vanishing Dagger" after finishing the western drama.

"John I hear you are ingenious in a mechanical way. Can't you fix Tommy's horn?"

"What's the matter with it?"

"Nothing. I want you to fix it so it won't blow."

no grounds of their own, that the members of these institutions might be enabled to enjoy the use of the League's grounds during the summer.

It is planned to have a running track surrounding the grounds. Last night's meeting was a most encouraging and enthusiastic one, and it certainly looks as if old St. John won't be such a bad old town to live in when the green grass grows all round once more, and the old hickory sticks begin to whopple the horse hide spheres away into the outfield once more. Before adjourning the club appointed a managing committee of nine, and a finance committee of three. It is planned to start right in on the work of putting the grounds into shape. The City League will probably open the 24th of May.

ST. JOHN, N. B., TUESDAY, APRIL 13, 1920.

THE CIVIC ELECTION.

The outstanding feature of yesterday's polling is that the people of St. John are not in favor of the Abott's Bill. Their preference is very decidedly toward paving provided through general assessment. In reality, though, the plan adopted is of very slight importance in comparison with the necessity of having this work done promptly and well. Doubtless the opposition to the proposed bill would have been insignificant had those in control at City Hall shown a disposition, or an ability, to formulate a clearly defined and comprehensive programme. The people are going to pay for the paving anyway, and whether they do so in the form of general assessment or by the direct contribution of so much per foot frontage, is only a matter of individual opinion. The vote on this matter is, however, a clear cut declaration that the policy of procrastination which for years has prevailed at City Hall is not entirely in favor. It is a direct intimation to the incoming Board of Commissioners that action will be expected.

THE WHEAT BOARD.

Western Canada does not take at all kindly to the announcement by Sir George Foster that the Wheat Board be discontinued at the end of this year. This is a remarkable change of front on the part of the Western farmers, who were very much averse to the creation of the Board in the first instance. Now, however, it seems that these gentlemen threaten that if the Board is not continued they will leave wheat alone, and proceed to cultivate fax instead. The idea seems to be that it is owing to the action of the Board that the price of wheat is what it is, and that if the Board is discontinued the price will go down.

The Wheat Board was never intended to be a permanent institution. It was appointed last spring because there were indications that there might be some difficulty in profitably marketing the then wheat crop. The duties of the Board were to gather up the wheat and see that it was marketed to the best advantage. So effectively did they do this that instead of prices going down, as it was feared, they went up and instead of a basis of \$2.25 for wheat, the price went to about \$3. The price of flour has been hoisted accordingly. Stocks of wheat now are very low, and the carry-over in the United States will not be large. The Department of Agriculture report on the winter wheat situation, just out, records a shortage of nearly 250,000,000 bushels, compared with last year. Thus while there is plenty of flour in the United States there is almost sure to be a largely decreased new crop. The winter acreage was down by about 25 per cent, and it comprises most of the general wheat acreage. Why, therefore, should the Western wheat producers be fearful of the outlook for next year? The United States Grain Corporation quits on June 1, and a free market will prevail in Chicago and Minneapolis, as in practice it has been prevailing for some time. Even if Canada did retain the Wheat Board, the general export price would be largely dominated from the United States. The Canadian producer has been clamoring for the United States market. How, then, could the Wheat Board save him from falling prices if Chicago and Minneapolis prices fall?

Britain may be buying from Argentina and Australia, chiefly because their prices are lower, but if ours are reasonable, we shall be able to dispose of all our surplus wheat without trouble. The Southern crops are short, and the needs of Europe still far from satisfied. The abolition of the Wheat Board should not cause apprehension.

THE GYRATIONS OF THE TORONTO GLOBE

Obviously conceding that a protective tariff is essential to the prosperity of Canada and that the Canadian people are realizing this more and more, the Toronto Globe is making strenuous efforts to defend Liberalism from the indictment of favoring free trade. Further, the Globe endeavors to like up Agriculture and Labor with Liberalism by declaring "None of them proposes free trade."

When, as The Financial Post remarks, we find this great journalistic advocate of tariff reform disowning free trade, it becomes of interest to examine what policy—or, as it takes into itself, three policies—it represents. Analysis of the three platforms of Liberalism, Agriculture and Labor indicates that each has gone about as far as a tariff reformer as it can well go without being called a free trader. And when the three are combined—as the Globe evidently proposes to combine them in the next political campaign—they go so dangerously close to free trade that it is not to be wondered that there is apprehension that the people may see through the insidious tactics being employed. Following is a summary of the outstanding points of the tariff platforms of the three parties:

Liberals: Substantial reductions of the customs to reduce the cost of living and the cost of the instruments of production in industries based on natural resources. A revision downward of the tariff on wearing apparel and other articles of general consumption as well as the raw material entering into their manufacture. Abolition of all duties on wheat, wheat flour, and all products of wheat, the principal articles of food, farm implements and machinery, farm tractors, mining, flour and sawmill machinery, illuminating, lubricating, and fuel oils, nets, not twines, and fishermen's equipments, cements and fertilizers, as well as the raw material entering into the same.

Agriculture: An immediate and substantial all-round reduction of the tariff. Free trade with Great Britain in five years. Abolition of all duties on all foodstuffs, agricultural implements, farm and household machinery, vehicles, coal, lumber, cement, gasoline, and illuminating fuel and lubricating oils and all raw materials and machinery used in their manufacture.

Labor: The gradual elimination of import duties on all necessities of life, such as food, clothing (including boots and shoes), and the tools and machinery used in production.

Technically, these platforms may not mean free trade, and we doubt if any party hoping to be elected to Ottawa would attempt anything so suicidal. But these proposals involve such wide reductions and such a broad free list that those who appreciate what free trade would mean to Canada should consider them carefully, particularly in view of the evident effort to consolidate them as one platform. This apart altogether from the problem of national revenue involved, a practical solution for which has not yet been offered in view of the country's financial needs and the great reduction in customs income which would result.

THE NEED FOR THRIFT AND GREATER CONSERVATION

It is estimated that Canada will go behind in her Government expenditures upon current account this year to the extent of \$70,000,000. This, notwithstanding that expenditures will be \$350,000,000 less than last year. The situation is one that will compel economy for the simple reason that the Government will find it impossible to get the money wherewith to engage in spending not absolutely warranted.

This falling off in the sum of money to be circulated through Government agency of \$350,000,000 will make itself felt. We are approaching to the time when as a nation we shall have to pay the bills we have incurred. During the war and since we have engaged in a merry round of borrowing and spending; it is going to be different; the borrowing must—has—ceased, but the paying is only about to begin.

Those who are wise, hence, will husband their funds, as the Government is being compelled to do. This does not mean that enterprise and industry must be less, but the contrary. Canadians are going to pay their debts by the sweat of their brows, or they are not going to pay them at all. But as a people they must work and conserve.

As a result of the polling for the vacancies to occur in the Board of Commissioners, Mr. Fisher, one of the present members, will retire. His colleague, Mr. Thornton, holds the lead in the primaries, and has naturally an excellent chance of ultimate success. Second in the list is the direct representative of the labor vote, Mr. Campbell, who on his first attempt has enjoyed such a measure of success as surprised even himself. Of the two others who seek support in the final, Mr. McLellan is a new man in civic affairs, though with a knowledge of certain workings of City Hall gained through years of association with the staff, while Dr. Frink, running fourth, has undoubtedly suffered through the prevailing impression that he has already sacrificed himself quite sufficiently in the interests of his fellow citizens.

Leon Trotsky, one of Russia's two dictators, is reported as saying that militarization is the only means to fully utilize Russia's man power, and he is taking steps to create a working army, to be built on the principle of compulsory labor. The Leninist-Trotsky soviet system is upheld by advanced theorists as the finality in democracy. Under the proletarian is getting back to something not greatly different from serfdom.

Despite the ruling of the Supreme Court, an Ontario contemporary maintains that the average man will continue to regard the newspapers as a necessity. Why, of course. Aren't newspapers needed to start the kitchen fire, and haven't the butchers revived their use as meat wrappers?

WHAT OTHERS SAY

Pretty Severe This Time.
(St. Thomas Journal.)
Away back in 1703 Samuel Butler wrote: "The morose spark may set Europe in a blaze, but though all Europe be set in a blaze twenty times over, the world will wag itself right again." We are now in process of the wagging.

Canada at Washington.
(London Daily Mail.)
Canada's special interest and acknowledged position in Anglo-American relations have received remarkable emphasis in the British Government's ready and cordial assent to the Dominion Government's proposal to appoint a Minister Plenipotentiary from Canada to Washington, who, in the absence of the Ambassador, would be in charge of our Embassy. No greater proof could be given of the inherent capacity of our institutions to adjust themselves to new conditions as they develop, and to afford an ample evidence of the new currents of our imperial life.

Boxing.
(Toronto Mail and Empire.)
The sport is not only admirable as a means of physical development, but it has moral value. The good boxer is not quarrelsome. One can easily imagine himself living next door to Georges Carpentier for many years without a word of unpleasantness from that neighbor. All who are entitled to speak with authority on the subject agree that boxing tends to give one control of one's temper, to make him master of himself, which is more important than mastery of somebody else. It encourages the spirit of fair play. One of our most popular expressions, that of not "flitting below the belt," is drawn directly from the prize ring. A general knowledge of boxing would, we believe, do much to put an end to bullying. It would also give boys a new and healthy interest in life, and would encourage them to take pride in their physical fitness.

The Canadian Air Force.
(Toronto Star.)
The plans announced for a Canadian Air Service are meeting with general approval from those who have been foremost in urging that such a force be organized. The general plan, as given out, has met with instant approval, although not much is known as yet about the working details.

A number of British flying machines of a quality we have not seen here at all have been presented to Canada by the British Government, and will be available for the Canadian Air Service. These machines are of types used at the front in the last days of the war, and nothing to match them has been seen in America yet. Their coming will be an event, and before the year ends we shall see the real flying. It seems probable that Camp Borden will be the first and central training centre of the Canadian Air Service.

IN THE EDITOR'S MAIL

St. John, N. B., April 12th, '20
To the Editor of "The Standard,"
St. John, N. B.
Dear Sir:—It is to be regretted that newspapers, the members of the staff of which are not supposed to know the particulars with regard to by-roads, should be so misled by false statements as those which appear under the signature "Perry's Point" in your newspaper this morning.

The road referred to by your correspondent leads from Perry's Point to Lower Norton and has always been considered a difficult highway, impossible to widen without the expenditure of very many thousands of dollars because of the overhanging rocks and cliffs on which the best settlers built this winding highway.

In order to make it less dangerous, last year the supervisors were intrusted to cut down the bushes to a considerable width along the road and this was done. The Highway Engineers' aid in turning out which would make it possible for cars and autos to pass at certain intervals.

When your correspondent describes this road as "right on the eastern side of the direct road from St. John to Moncton," he surely seeks to mislead you and other readers of your newspaper as he well knows the direct road from St. John to Moncton lies on the eastern side of the Kennebecus River and has no connection whatever with the Perry's Point-Norton Highway.

Yours very truly,
E. S. CARTER.

Manufactured by LEHN & FINK, Inc., of New York is on sale in Canada through their agents, MacLean & Wood, of 18 Toronto St., Toronto.

By decision of the courts, Lehn & Fink, Inc., have been decreed holders of the Pebecco trade-mark in Canada, and will supply the Canadian market exclusively.

Lehn & Fink's Pebecco imparts to the entire mouth that true, refreshing feeling of cleanliness that distinguishes it from other tooth pastes.

Besides cleaning and whitening the teeth, Lehn & Fink's Pebecco counteracts "Acid-Mouth," a condition which authorities believe is the chief cause of tooth decay.

As soon as possible, a factory will be established in Canada by Lehn & Fink, Inc., for the manufacture of Pebecco Tooth Paste.

Send to Canadian Agents for free sample and litmus test papers.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" is a 'd' thumb-print of genuine Aspirin. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Tin boxes of 12 tablets cost but always buy an unbroken package a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Moncton, New Brunswick. While it is well known that Aspirin means Bayer manufacturer, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

"Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuritis, Lumbago, Rheumatism, Neuralgia, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but always buy an unbroken package a few cents. Larger "Bayer" packages.

OBITUARY.
 Sackville for interment. A large circle of friends extend sympathy to the bereaved one.
 Miss Beatrice Cook. The many friends of Miss Beatrice Cook were shocked to hear of her sudden death, which occurred at the home of her aunt, Mrs. S. W. Duncan, 172 Metcalf street, after an illness of three days. She is survived by two brothers, Robert R., of Moncton, and Jesse T., of this city.
 The funeral service was held Sunday evening at the home of Mrs. Duncan by Rev. R. P. McKim, and the body taken by the morning express to Sackville for interment.
 The many beautiful floral offerings testified to the esteem in which the deceased had been held.

Had "B" Beer Mixed With Lemon Extract "I Am Convinced" Says Thos. Lively

George Morell Charged in Police Court With Manufacturing Liquor—Sydney Kilmister Tried for Picking Pockets—Several Other Cases Before the Court.

The first case to be taken up in the police court yesterday afternoon was that of George Morell, of 73 Erin street, who was charged with manufacturing liquor without a license and with keeping liquor for illegal purposes. Inspector Merryfield stated that he went to the defendant's house in company with Inspector McAlinh and three of the city detectives near midnight Saturday in consequence of information received. On searching the premises six glasses were found on the dining room table containing the drug of "B" beer and lemon extract, 12 gallons of beer were brewed in the kitchen, and under a mattress they found a bottle of lemon extract. He had been outside the house on Palm Sunday and had heard a bunch of men and women singing and swearing inside. When the inspectors entered the house they found Morell and a woman he called his housekeeper, Mrs. Frank Coleman, inside; there was 12 to 14 of change in silver lying on the kitchen table. The witness said he had seen men going into the defendant's house sober and come out staggering. The house, he added, was the driest he had ever been in.

Detective Biddecombe said he went to the defendant's house with the inspectors late Saturday night, the door was opened by the defendant, Mrs. Coleman was also in the house. Two crocks of beer were brewed in the kitchen; in another room there was two big jugs, and in a closet there was over two dozen bottles of beer. On the dining table there were several beer bottles partly empty, as well as some lemon extract, in all there was from 12 to 15 gallons of beer in the house. The house was in a filthy condition; beer and lemon extract could be smelt of the defendant's breath. The reputation of the house-keeper was bad, and she kept moving from house to house; the police were preparing to raid the place.

Inspector McAlinh corroborated the evidence of the two previous witnesses and the case was allowed to go over till Wednesday afternoon at two o'clock. The case of Sydney Kilmister charged with stealing \$1.80 from the pockets of Thomas Guy in the Y. M. C. A. on Saturday was taken up. R. Scott appearing for the defence. Thomas Guy, manager of the bank of Montreal's Haymarket Square branch, stated that he charged into his "gym" suit in the Y. M. C. A. locker room on Saturday at a little after four o'clock in the afternoon. He then went to the "gym" to play volleyball, and when he returned to put in his clothes he heard that a thief had been caught in the room, and looking in his pocket found that \$1.80 which he left there was gone.

The next witness an employee of the Y. M. C. A. said that he was engaged to keep an eye on the locker room to see that no thieving went on in consequence of information being sent to the locker room at a little after five o'clock Saturday afternoon and saw the defendant there undressing. The witness went into the physical director's room and through a window built for the purpose looked out into the locker room. He saw the defendant going through the clothes hanging on the wall and transferring articles from the clothing to his own. Witness then reported the matter. This was not the first time that articles had been stolen.

R. A. Pendleton, social secretary at the Y. M. C. A., said that he saw the defendant at four o'clock Saturday afternoon watching the volleyball game. In consequence of several large thefts, the Y. M. C. A. authorities had employed the previous witness as a house detective, the latter reported the theft to witness who then called up Detective Biddecombe. Witness had remembered seeing the defendant at the Y. M. C. A. early in January, at the time several large thefts had occurred.

Detective Biddecombe said he was called to the Y. M. C. A. on Saturday afternoon at a little before six. He took the defendant into the office and asked him what he had done with the articles he had taken from clothing in the locker room. The defendant denied having anything. On searching he found \$1.87 amongst which was an American quarter referred to by the first witness. The accused was remanded to jail.

Morning Session.
 In the morning nine men charged with drunkenness pleaded guilty and were remanded to jail.
 Charles Hughes pleaded guilty to being drunk and not guilty to using profane and obscene language. He was remanded.

Edward G. Douglas, arrested in the Sanitary Cafe in Charlotte street on charge of having liquor in his possession other than his private dwelling was remanded. The proprietor of the cafe was charged with allowing the illegal consumption of liquor in his place of business. The case comes up this morning at ten o'clock.

George Chatterton, charged with being drunk while in charge of an automobile on the Maritime Navi Company's wharf, was remanded.

Frank Doucet, charged with stealing four fashers, the property of M. R. A. Le... was allowed to go on suspended sentence. He has a wife and family to look after. J. A. Barry appeared in his interest.

Edmund J. Langis, in whose barber shop at 596 Main street, two bottles of liquor had been found that was stolen from Joseph Zelman by John McDonald, was before the court on the charge of unlawfully having liquor on his premises. The accused said did not know that McDonald had hidden the liquor in his back shop, or that McDonald was in the habit of being in his place. Sergeant Rankin gave evidence as to the finding of the bottles concealed in the wall behind the sink. The accused was remanded.

MONTREAL EXCHANGE HAD LISTLESS DAY Few Stocks Changed Hands on a Generally Falling Market. (F. B. McCurdy & Co.) Montreal, April 12.—Total transactions on the local exchange this forenoon amounted to 5,701 shares, being probably the dullest forenoon of the month. Very few stocks changed hands in any considerable volume and no improvement in prices took place. On the contrary there was a slightly weaker tendency throughout the market and stocks which recently were on the upturn, fell back in sympathy with the general trend. Spanish River, for instance, was back to 96, while the preferred was back to 141. It is expected that with a week the long-looked-for information on Spanish will be forthcoming. Brompton was one of the most active issues on the exchange. Laurentide held its own fairly well. Flour and cotton milling stocks were practically neglected. Public utilities showed little change. Brazilian was the most active of the group. The Street does not know whether to look for a dividend in the immediate future or whether to wait for another quarter. Steamships were not firm, but showed little change. There is every indication that this company will be a part of the new consolidation going on between Dominion Steel Corporation, Scotia and other large Canadian industries. The iron and steel group of stocks was moderately firm. Atlantic Sugar was one of the prominent issues as usual, and trading took place mostly at 88 to a fraction less.

WALL ST. MARKET SHOWS IRREGULARITY Sugar Wobbled About and Liberty Bonds Weakened. (McDougal & Cowans) New York, April 12.—The movement upward of sugar stocks continued into the early afternoon but later an advance in call money to 3 per cent. and finally 10 per cent. caused another decline in which the list went generally lower than in the forenoon. Price movements in last half hour were extremely irregular, some stocks rallying sharply while others continued to sell off. Weakness in Liberty Bonds, attributable to the announcement of a new series of treasury certificates bearing a higher rate of interest than the government has yet paid was accentuated by the railroad strike situation, as a depressing instance. Despite some rather optimistic statements from the West about the breaking of the strike there, the practical suspension of freight service on important sections of several large eastern systems was obviously a cause for grave concern. This impression was by no means relieved when the handling of mails at Jersey City was taken over by U. S. troops. Railroad officials here insist that under the surface things are moving much more strongly against the strikers than the public is aware of. Sales 1,140,000.

COTTON MARKET VERY UNSETTLED Labor Situation Has Effect on Trading—Crop and Weather News Unfavorable. (F. C. McCurdy & Co.) New York, April 12.—There was no fresh news in evidence today, but the market is nervous and unsettled owing to the labor situation and whenever support slackened there was profiting-taking or liquidation. Professional sentiment was quite bearish, but selling for short account has been held in check by the continued unfavorable character of weather and crop news. National Ginners' Association places domestic mill consumption for March at 547,000 against 423,000 last year. Dry, meagre mill demand is inactive, most mills being covered well into the summer. Inquiry from shippers is sporadic, but the improvement in sterling should stimulate foreign business. Southern spot markets show a little

TURPENTINE PRICES Savannah, Ga., April 12.—Turpentine firm 220 sales 68, receipts 34; shipments 127, stock 1179. Rosin firm; sales 137, receipts 165, shipments 730; stock 16,416. Increase in business when prices advance, although the activity is short-lived. The technical position of the market is very weak, as there is quite a good-sized long interest, but for the long pull we look for higher prices in the new positions unless there is a decided change in weather for the best.

Save the surface and you save all. Paint & Varnish. A school room Lesson too seldom learned. SCHOOL days are rough days for school furniture; there is hardly any varnished article that has to stand what desks and chairs in the school go through. Their salvation is surface protection. Ordinary wear and tear leave their surfaces uninjured. It is a hard test but varnish is equal to it! Interest in you lies in what it teaches. It teaches that in your own home you can have the same protection. You know better than anyone else what the good floors and good furniture in your home have to stand. You know, but do you think much about it? Do you accept it as a necessary evil or do you realize that by keeping every surface intact under a tough, enduring protective coating you will save your property—save replacing furniture—save repairing, indoors and out? The surface is the danger point. The surface is the point attacked. Whether property be wood, metal, stucco or concrete the surface is the place where deterioration tries to get a foothold. It has no chance if there is always a protective coating in the way. Look at all your property from this extremely important angle. Save the surface and you save all. THIS ANNOUNCEMENT is issued by the Canadian Saw the Surface Campaign Committee, for the purpose of educating the public in the Preservation and Protective value of Paint, Varnish and Allied Products for the Conservation of Property, and has received the approval of the Canadian Trade Commission in the following words: 'The realization of the above objects will lend to employment during the Reconstruction Period and bears our entire approval.' THE CANADIAN TRADE COMMISSION. ST. MAURICE PAPER CO. CROWS NEST CO. CO. Annual Report Shows Outlook Very Good. Toronto, April 12.—At the annual meeting of the Crows Nest Coal Company, the financial statement which was presented and adopted showed profits for the year of \$122,785 a decrease of \$94,190 from 1918. The outlook for the coming year is said to be good and from information given out at the meeting, the inference is drawn that prospects are good for the continuance of the 6 per cent dividend rate.

SOME CURB SALES Montreal, April 12.—On the local curb, some 300 shares of N. A. Pulp sold at 6 1/2 and 2 3/4 at 6 1/2. Whelan Pulp and Paper was a little easier, being quoted 24 to 25 for the common. The preferred was 72 and Laurentide Power was 65 1/2; new Abitibi 64 1/4 at 63 1/2.

Knights of Pythias Greeting:

Supreme Chancellor Charles S. Davis, of Denver, Colorado, will officially visit the Dominion of the Maritime Provinces April 13th to 15th, 1920, and will address **THE KNIGHTS OF PYTHIAS OF NEW BRUNSWICK**, in the upper hall of Centenary Methodist Church Sunday School on Tuesday, April 13, at 8 o'clock P.M. Come and hear his message and catch his inspiration.
R. B. WALLACE, Grand Chancellor.

WEDDINGS.

Christensen - Parks.
The first wedding in the Edith avenue Sunday school hall, East Saint John, was solemnized there yesterday afternoon at two o'clock, when Miss Freesevole E. F. Parks became the bride of Arnold E. Christensen. The bride was given away by her father, George Parks. There were no attendants, but an able was formed by six little children from the primary department of the Sunday school and through it the bridal party passed. These little ones were Daisy Main, Dorreen Steed, Hilda and Frances Lewis, Ruth Franklin and Ronel Parks. Both Miss Parks and Mr. Christensen were teachers in the Sunday school. Luncheon was served after the ceremony by the young ladies of the C. G. I. T. class, of which the bride was a member. Afterwards Mr. and Mrs. Christensen left for their future home in Sanguo, Alberta. Among the gifts were a chest of silver from the firm and staff of F. W. Daniel & Co., Ltd., where the bride was employed, and a travelling bag from the groom's associates in the laboratory at the Atlantic Sugar Refinery.

Gallagher - Harkin.
At 6.30 o'clock, yesterday morning with Nuptial Mass, Rev. Wm. M. Duke married Patrick Gallagher and Miss Ellen Harkin. John Carver and Miss Elizabeth Edmond were the witnesses.

"SLOAN'S LINIMENT NEVER FAILS ME!"

Any man or woman who keeps it handy will tell you that same thing. Especially those frequently attacked by rheumatic twinges. A counter-irritant, Sloan's Liniment scatters the congestion and penetrates without rubbing to the afflicted part, soon relieving the ache and pain. Kept handy and used everywhere for reducing and finally eliminating the pains and aches of lumbago, neuralgia, muscle strain, joint stiffness, sprains, bruises, the result of exposure to weather. Sloan's Liniment is sold by all druggists, 35c, 70c, \$1.40. Made in Canada.

TENDERS.

SEALED TENDERS will be received by the undersigned up to 6 o'clock p.m. April 13, 1920, from all trades required in the erection and completion of a brick stone and concrete School Building at Florenceville, N. B. Tender to be accompanied by a certified bank cheque for five per cent. of its amount. Plans and specifications may be seen by applying to the undersigned or at the office of E. Neil Brodie, architect, 42 Princess street, St. John, N. B. The lowest or any tender not necessarily accepted.
W. P. HAGERMAN, Secretary of School Trustees, Florenceville, N. B.

TENDERS FOR COAL.

SEALED TENDERS, addressed to the undersigned and endorsed "Tender for Coal for the Dominion Buildings, Maritime Provinces" will be received at this office until 12 o'clock noon, Monday, May 3, 1920 for the supply of coal for the Dominion Buildings throughout the Maritime Provinces. Combined specification and form of tender can be obtained from the Purchasing Agent, Department of Public Works, Ottawa and from the Caretakers of the different Dominion Buildings. Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein. Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted, as security, or war bonds and cheques if required to make up an odd amount. By order, R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, April 1, 1920.

FOR WOMEN

OLD CLOTHES A MARK OF GOOD CITIZENSHIP

What a Committee of Women in Bangor, Maine, Reported Concerning Civics.

MOTION PICTURE BENEFIT AND EVIL

Profiteering Spoken of in No Measured Terms and Maine Women Urged to Have Laws Against Undue Charges Enforced.

The high cost of living which is a problem touching everyone whether he will or no, came in for a large share of the earnest thought and consideration of the committee and while it is a question which is still baffling the biggest minds of the nation, Mrs. Thompson offered as the nearest solution for the present and one which cannot fail at least to help change conditions if practiced faithfully, thrift and wise expenditure, laying particular stress upon the last.

"Right here we would especially ask young women and young men who have not yet had life experience, to consider it a mark of good citizenship to wear their clothes, shoes and hats as long and as carefully as possible," said Mrs. Thompson. Standardization of women's dress would go a long way toward reducing needless and thoughtless spending on the part of women as women has been too long exploited by fashion makers to whose advantage it is that style changes should be frequent and radical.

Touching upon the profiteering, the speaker urged that each woman make it her duty to see that the law which we now have against undue charges for the necessities be enforced. The greatest amount of this kind of robbery seems to be among the manufacturers and wholesale dealers and she cited an instance of a Maine wholesaler who sent out 200 letters to retailers reading "Keep up prices. The public will stand for it. A fact which demonstrates the power of the consumer to reduce prices by an intelligent knowledge of what he rightfully ought to pay."

Another direction in which the influence of the average woman can be exerted for good is in the field of motion pictures, said Mrs. Thompson. "The motion picture benefit and evil" the speaker named this problem and continuing said "There is no doubt that the motion picture, like the Sunday paper, has come to stay, and the only thing for us to do is, not to stay away and speak against it, but to go, criticize and help better it. It is in many ways a greater force for good than it is now. The sooner we accept it—investigate it—as well as vaudeville—bring pressure of public opinion to bear upon it as we do upon other vital questions, the better it will be for all of us." The action of the ministers of the state and of the women in certain sections against indecent motion pictures was heartily approved. A talk with the manager of the theatre sometimes proves effective in removing advertising matter which may be objectionable, but the surest way is to reach the manufacturer of the film wherever possible. There is a movement on foot at present to put films under either state or government control which will no doubt be effective in preventing the manufacture of pictures which are un-

An officer with power to visit the theatres and send out children who were found there during school hours was a practical recommendation for each community. The work of the committee has been of value in furthering many projects for the public good such as the enforcement of laws for pure milk, increased pay for school teachers, the election of a woman on school boards, play grounds for children, Americanization, prohibition relief for suffering in Armenia and other countries, Y. W. C. A. work and other projects.

WHILE APRIL RAIN WENT BY.

Under a budding hedge I hid. While April rain went by. But little drops came slipping through. Fresh from a laughing sky.

Amazy little scurrying drops. Laughing the songs they sing. Soon found me where I sought to hide. And pealed me with Spring.

And I lay back and let them peit. And dream deliciously. Of luscious leaves and lady-blossoms. And baby-buds I'd see.

When April rain had laughed the land Out of its wint'ry way. And coaxed all growing things to greet With gracious garb the May.—Shemas O. Sheel.

Women—Bachelor Girls to be Taxed
Paris, April 12.—A 10 per cent tax on bachelors, "regardless of sex," has been decided on by the Finance Commission of the Chamber of Deputies. This attack on the unmarried woman is being keenly criticized as an unjustifiable attempt to enforce wholesale marriages, and an interference with the natural course of the social system.

It is recalled that in 1780 when a similar tax was suggested, Deputy

FRENCH GIRLS LEARN TO PLAY OUR GAMES

French village streets are admirably adapted to the American game of fox and hounds, according to Miss Vera B. Haines of Lake Bluff, Ill.

Miss Haines is in charge of a camp which the Y. M. C. A. has opened for industrial girls at Quiberon, France. The camp is similar to those which the Association has established in this country for girls who want an out-of-door vacation with plenty of sports and good times, but who cannot afford to pay much for it. It is only one of three established in France by the American Y. M. C. A.

Swimming is taught every afternoon for those who wish to learn it at Quiberon, but the weather is almost too cool to make this sport popular, Miss Haines writes. The girls are anxious to learn American games, so they have been playing fox and hound through the streets of the village in the afternoon and becoming acquainted with "bacon bats," on the beach and long hikes. Bonfires are next to impossible in arranging because of the scarcity of all the essentials—wood, wiennerwursts and marshmallows.

Minstrel Show Much Enjoyed

Entertainment in Opera House Last Night by St. John Clerks' Association Delighted Large Audience.

The St. John Clerks Association Minstrels playing to a capacity audience scored a large success at the Opera House last evening. The end scene was well received and welcome back to the city after a long absence the different songs introduced went over and were received by the house with frequent outbursts of laughter, the soloists of the evening all pleased in turn. The whole entertainment reflected much credit on the committee in charge. The program, arranged and compiled by Fred McGovern, assisted by Messrs Maude Lake Gladys Howard, Bertha Sweeney and Fred Bustin, was as follows:

Part First

BRINGING UP FATHER

NAZIMOVA in "THE BRAT"

The following paragraphs will interest the Nazimova "fans"—and their number is legion—

A number of the important scenes in "Stronger Than Death," one of her screen successes, were photographed on the grounds of the star's home in Laurel Canyon, California. The setting of the story is India, but Nazimova's home proved an admirable centerfold, for it is profusely planted with tropical trees and vines.

The success of Nazimova was instantaneous when she first played on Broadway in a repertoire of Isben's plays in the English tongue.

Nazimova's screen productions have swept England by storm. The London critics have hailed her as "the greatest film artist of the world." The critic in the Daily Telegraph wrote: "A star of the first magnitude has already appeared in the film world. Nazimova is the first actress who is likely to win a place analogous to that of Sara Bernhardt or Ellen Terry in their art world."

This spring coming from England was particularly gratifying to the great Russian star. She has never appeared there in English spoken drama, but once toured that country as leading actress in "The End of the World" with a cast of 100.

End Men

SLEEP A LIFE-SAVER FOR WOMEN

"Every woman owes it to herself to get at least eight hours' sleep out of the twenty-four," says Pauline Frederick.

"If I don't get the sleep at night, I make up for it next day. Sleep is a life-saver for women and does more to keep them fresh and youthful looking than all the cosmetics in the world."

Miss Frederick worked all night at the Goldwyn studios for several weeks preparing "The Woman in Room 310." She enjoys working at night because the studios are quieter than during the day, and she can better concentrate on tense emotional roles.

UNIQUE HAS A GREAT PICTURE IN THE DEADLIER SEX.

The "Deadlier Sex" which opened a three days' engagement at the Unique yesterday proved to be a winner. It contains so many of the elements that go to make a successful motion picture that the simplest and most accurate way to describe it is to say it is Ace High entertainment.

The title immediately suggests to the mind a sex picture, or a vampire story, or a story of the latter in this production but it is a sex drama in that it depicts a battle of wits between a man and a woman—a headstrong man and a headstrong woman. Thelma lies the drama.

Harold Lloyd was seen in a splendid comedy "His Royal Shyness."

NOT BILLIE BURKE'S MOTOR

Actress Sued for \$15,000 by Man Who Was Injured by Automobile.

Billie Burke, actress wife of Florence Ziegfeld Jr., appeared in the Supreme Court in New York to defend an action brought against her by John M. Hall. He is suing for \$15,000 damages, alleging that he was run down and injured January 1, 1917, by an automobile bearing a license number issued to her.

After the accident he was taken into his home by some of the men in the car that struck him. They gave him a fictitious name, car number and address and might have escaped without leaving a trace had it not been for a boy who took note of the number on the car.

Mrs. Ziegfeld in defence says she had sold the car in question several months prior to the accident and is not responsible.

Cuticura Soap

TRADING REPORT MONTREAL MARKET

Weakness Shown in Regard to Many Stocks.

Montreal, April 12.—The extreme weakness of the Spanish River preferred issue was the feature of today's stock market. The stock fell 3-4 points in closing sale to 139-1/4 while the common held at 96 in final sale after selling 3-4 points up, Sugar and Brompton were both strong, the former rising 1-2 points to 88-1/4 and rising 1-8 points at the close and the latter rising a point to 87-3/4 and holding the gain. Brantford added a fraction at 45-1/4 and Breweries and Steel of Canada each fell 1-4 points.

Strong but not active stocks were Canadian Outfitters on a full point, 89-1/2, McDonald, which gained a large fraction at 32-3/4, and Merchants Bank 113-1/2.

Montreal, April 12.—The water in the river here and at Sorel has gone down nearly 18 inches today as compared with Saturday. The Canadian government steamer Lady Grey reached the De Graces about five miles below Sorel this afternoon and expects to reach Sorel tomorrow night or Wednesday morning.

Colonel Dulac, supervising engineer of canals for the government, stated today that in the absence of bad luck the Lachine Canal should be open for navigation by May first.

Faint And Dizzy Spells

Weakness and Shortness of Breath.

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, swooning sensations, weak, sinking, all-gone feeling, choking sensation etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. Weakness and Shortness of Breath.

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, swooning sensations, weak, sinking, all-gone feeling, choking sensation etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

DROP IN WATER LEVEL OF THE ST. LAWRENCE

Has Gone Down Eighteen Inches Since Saturday.

Montreal, April 12.—The water in the river here and at Sorel has gone down nearly 18 inches today as compared with Saturday.

Colonel Dubuc, supervising engineer of canals for the government, said today that in the absence of bad luck the Lachine Canal should be open for navigation by May first.

TRADING REPORT MONTREAL MARKET

Weakness Shown in Regard to Many Stocks.

Montreal, April 12.—The extreme weakness of the Spanish River preferred issue was the feature of today's local stock market. The stock fell 1 1/4 points in closing sale of 139 1/4 while the common held at 96 in final sale after selling 3 1/2 points up.

Sugar and Brompton were both strong, the former rising 1 1/2 points to 89 1/4 and retaining 11 1/2 points at the close and the latter rising a point to 91 3/4 and holding the gain.

Canadian Outcomes up a full point, 89; McDonald, which gained a large fraction at 32 3/4, and Merchants Bank fell 1 1/4 points.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

RAILROAD STRIKE UPSETS N. Y. STOCKS

Foreign Exchange Was Another Disquieting Influence.

New York, April 12.—The railroad strike and another flurry in money markets today against the conservative side of today's stock market, although it did not entirely restrain pools from extending their bullish commitments in certain speculative issues.

Foreign exchange was another disquieting influence, further acute depression in French, Italian and Belgian remittances forcing on those countries to new levels of discount, while the British rate also reacted.

Call loans opened at six per cent as compared with last week's final quotation of 10, but soon rose to eight and repeated the recent maximum before the close of the session.

Offerings of time money were at most negligible, except for moderate renewals.

Stocks were lower at the outset, rallied indifferently at midday, but lost ground again very generally as the broader selling which accompanied the tightening of credits at the end. Sales amounted to 1,175,000 shares.

A few issues notably food stocks, as represented by sugars and corn products and several of the less conspicuous steel and equipment retained part of their rise but otherwise the reaction carried many shares under last week's final prices.

There was much unsettlement in the bond market resulting mainly from heavy selling of Liberty issues.

Of this group the second 4's and the second, third and four 4 1/2's established lowest quotations yet recorded. Investment railroad and industrial bonds also reacted sharply.

Total sales (per value) aggregated \$18,776,000.

Old U. S. Bonds unchanged on call, which added a point at 100.

Weak issues were Dominion Textile which sold down three points at 132; Asbestos preferred, which lost 1 1/2 points at 88 1/2 and Bank of Montreal down two points at 210.

Total trading unlisted 1700; bonds \$34,400.

Quebec Village Destroyed by Fire

Supposed to Have Had Its Origin in Parish Church.

Buckingham, Que., April 12.—Fire which swept over the village of Notre Dame du Lois yesterday afternoon destroyed 15 houses and stores and did damage estimated at \$150,000.

The fire is said to have started in the Parish Church about one p.m. and spread to nearby houses. By the strenuous efforts of the villagers the church was saved, but the flames spread till the part of the village had been destroyed.

THE WEATHER.

Toronto, April 12.—An energetic disturbance which was in Missouri last night is passing south of Lake Erie, hence the cold northerly winds with snow in Southern Ontario; in Eastern Ontario and Western Quebec it has been raining. The weather has become milder in Saskatchewan and Alberta.

Table with 2 columns: Location and Temperature. Locations include Peince Rupert, Victoria, Vancouver, Calgary, Edmonton, Medicine Hat, Moose Jaw, Winnipeg, Port Arthur, Parry Sound, Toronto, Kingston, Ottawa, Montreal, Quebec, St. John, Halifax.

AROUND THE CITY

REACH STILL HOLDING. The ice in Long Reach is still holding, and it may possibly be a week or ten days before it starts, is the word received from that section yesterday.

GETTING READY TO RUN. Contractor D. C. Clark has begun the repairing of the street railway trestle on Rodney wharf, to fit it for the carrying out of the order of the Public Utilities Commission to run all the cars down to the ferry landing.

INDIAN TOWN FERRY. A meeting of the Lancaster and Indian town ferry commissioners was held yesterday morning to open tenders for a ferry service. George Martin and George and Wellington Green were the tenderers. They were referred to a sub-committee for report.

HAD LEG BROKEN. Harold Hansen, 387 Watson street, a longshoreman, sustained a broken leg yesterday morning while working on the steamship Cabotia, when he fell down the hold of the ship. The ambulance was called and the man was taken to the General Hospital.

WANT INFORMATION. The secretary of the Board of Trade received an enquiry yesterday from the Canadian Manufacturer's Association asking for information about the port facilities. An enquiry was also received from the States relative to the steamship lines sailing from this port and the ports to which they were trading.

WELLINGTON BANQUET. The members of teams in the Wellington Bowling League which has had a successful season on the G. W. V. A. alleys will attend a banquet in Bond's on Thursday evening when an excellent dinner will be served followed with a programme of music, addresses and the presentation of trophies.

C. P. R. ENGINEERS HERE. J. M. R. Fairbairn, chief engineer of the C. P. R., and P. B. Moley, chief engineer of bridges, arrived at noon yesterday from Montreal on an inspection tour in connection with borings which are being carried on at the Falls to determine the site for the main piers for the new railway bridge. They travelled in the private car Matavoda.

CITY NOT RESPONSIBLE. Commenting on a report that the Chief of Police had stated the city was responsible for the protection of goods landed in the city's sheds at the waterfront, the Harbor Master said yesterday that the city was responsible for the sheds and other city property and had watchmen employed to see that the sheds were not damaged, to guard against fire, etc.; but that otherwise there was no onus on the city. He contended that the city was not responsible for the guarding of goods stored in the sheds, and should not supply city police for that work—Globe.

THE ROTARY CLUB. Clinton Brown was chairman at yesterday's Rotary Club luncheon at Bond's, and the speaker was Dr. G. B. Peat, who gave a very interesting address on Medical Work. St. John led the other Maritime Province clubs in percentage of attendance in March. The district conference will be held in Charlottetown next Thursday, and delegates will leave here Wednesday morning. There will be delegates from St. Stephen, Halifax and St. John. Among the speakers will be John Poole, of Washington, D. C., immediate past president of A. A. R. C.; Willard I. Lansing, of Providence, R. I., past vice-president, and Charles Lovett, of Lynn, Mass., governor of District No. 2.

EVANGELICAL ALLIANCE. The Evangelical Alliance held a special meeting at 124, Y. M. C. A. yesterday morning, devoted to a discussion of temperance work. It was decided to send a delegation to Fredericton on Wednesday to co-operate with the N. B. Temperance Alliance in regard to prohibition legislation. As to the proposed referendum in June the Alliance is impressed with the importance of having the issue placed before the electorate in the clear cut terms as possible. A complicated ballot in Ontario election last year resulted in much confusion of thought and in the casting of votes. The Alliance is desirous of having the Provincial Legislature petition the Ottawa Government to call for a referendum on the question of the importation of liquor.

ENGAGEMENT NOTICE. Dr. and Mrs. Buel, of 183 Main street, announce the engagement of their daughter, Frances M., to Rev. George D. MacLeod, of Hunter River, P. E. I. The wedding will take place towards the end of the month.

QUIET ELECTION TOOK PLACE YESTERDAY IN THE PRIMARIES FOR CITY COMMISSIONERSHIPS

Table showing election results by ward. Columns include Ward Name, Thompson, Campbell, McLeellan, Frink, Harding, Fisher, Nevins, Logan, Total.

THE POLLING BY WARDS

There were about ten thousand and eighty voters qualified to cast their ballots on the primaries for candidates looking for civic honors yesterday, and only about sixty per cent. of these cast ballots. The weather was very fine and warm, and it was thought during the day that a larger number of citizens had turned out, but perhaps the results at the finals will show a larger number of voters going to the polls than there was yesterday.

Four Men Qualified. Commissioner John Thornton led the polls with 2,942 votes; Fred A. Campbell, the labor candidate, was second with 1,952; Hugh H. McLeellan was third, with 1,839, and Dr. James H. Frink, was fourth, polling 1,715 votes. These four citizens will qualify for the finals to be held on Monday, the 26th inst., when there will also be an election for Mayor.

Commissioner G. Fred Fisher was defeated yesterday, coming in sixth place in the race with 1,436 votes, as William L. Harding was in fifth position, having 1,477 votes; Charles T. Nevins, who was looked on as a strong candidate during the day came in seventh position with 1,351 votes; S. Herbert Mayes was in eighth place with 451, and Robert Logan was last with 417.

Those who voted in favor of having a station tax were snowed under the number of votes for "Yes" being 1,202, while those voting "No" was 4,661, giving a majority for those against of 3,459.

The North End wards went strong for Thornton, Dufferin, Lorne and Lansdowne going very strong, the three wards alone giving him nearly one thousand of his 2,942 votes, Campbell, the next man on the list polled a strong vote in the North End and West St. John. McLeellan received his largest vote in Victoria, receiving 351 votes. The strong ward for Frink was Queens, with 281 votes.

Next to Thornton's 49 votes in Lorne ward, Harding came next for having the highest vote in any one ward when he polled 380 in Guys ward in the west end. Guys and Brooks alone gave Harding 584 votes. In the thirteen wards there was a very large majority in each one against the shuttlers tax.

official said yesterday that while the number in arrears appeared great, the amount of money involved was not much greater than usual. A lot of working men who made good wages during the war and had their amusement put up, have not during the year past, been making more than a livelihood. Quite a few workers are paying their taxes on the installment plan. Then most of the soldiers who returned home last year were not required to pay taxes.

At City Hall. Quite a number of citizens gathered about the City Hall during the time the returns were being received and when the last returning officer had arrived and the totals were known, Commissioner Thornton addressed the electors from the City Hall steps yesterday to give him their support at the finals and promised to give them the best services possible if returned to office again.

On Monday, April 8, 1918 in the preliminary election was very quiet when the returns were as follows: Bullock 1895, Hilyard 1593, Thornton 1644, Frink 1510.

A glance at the election of the electors on Monday, April 19, 1918 shows that Fisher led the polls with a vote of 2810 which is 1084 more than he gained by Bullock who led the polls in 1918. The two lowest candidates in 1918 election were Frank L. Potts with 1652 and Herbert Daigles with 1094. Mr. Potts had 131 votes less than that received by Mr. Bullock in 1918 and was higher than three of the 1918 candidates.

Case Under The Children's Aid Act

Case of May and Melita Totten Who Were Deserted by Parents Heard in Chambers Yesterday — Ill-Treatment Claimed by Children.

The case of May and Melita Totten, aged ten and nine respectively, came up before Chief Justice McKeown in Chambers yesterday afternoon under the Children's Aid Act.

Both parents of the Totten children have deserted them, and they have been living with Mrs. Isabel Johnston, at 58 Forest street, for almost a year. The children claim that they have been ill treated by both Mrs. Johnston and her daughter, Margaret. Both women were present at the hearing, but were not represented by counsel.

SOCIAL GATHERING HELD IN MILFORD

About Two Hundred Persons Were the Guests of Fairville A. O. H. Last Evening — Excellent Programme Carried Through.
