The universal adaptation, unequaled beauty and simplicity, perfection of material and style of finish, recommend his several varieties of

Vigor, For restoring to Gray Hair its natural Vitality and Color. A dressing which is at or gray hair to its original

gloss and freshness of youth. Thin hair is thickened, fallen hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new Plans and specifications may be seen on and after Monday next, at the Railway Engineer's Office. Into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning grey or falling off, and 3 Cases—per "Edith Emily"—3 Cases consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the forma-tion of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable.

Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy &c. lustre, and a grateful perfume. Butter. Prepared by Dr. J. C.
