CELEBRATING OUR FIFTH ANNIVERSARY

THE NATIONAL NEGRO WEEKLY
DEVOTED TO THE INTERESTS OF THE DARKER RACES

VOLUME IV., NO. 16 LONDON, ONTARIO, July 28th, 1928 Price 5 Cents.

South Fears The Negro

ASHVILLE, N.C., July 18 — Admission of dreaded fear of the Negro by the Southern Democrat was made here Tuesday by prominent representatives of this group gathered here for the conference of Dry Southern Democrats.

One of the best-known and most responsible Democrats in this section of the South said that "the conference might bring the Negro question into greater prominence than it has attained since 1900. He declared that a serious split in the hitherto solid ranks of the Democratic Party in the South would bring with it a threat of Negro domination in a number of Southern States.

At present, he said, the Negroes make no attempt to register as voters. They were barred from the polls by the literacy test and "grandfather clause" adopted by the Southern States.

With the vast improvement in Negro schools during recent years and the consequent increase in the number of Negroes who have a common school education, large numbers would have no difficulty in passing the literacy test.

The danger of the situation to the whites, according to the views expressed by some observers, is that, seeing the Democratic Party split into two factions for the first time, the Negroes will apply for registration, and holding the balance of power, assume the dominant role. In some Southern States they form more than half the population.

It was pointed out that in 1920 Alabama, with 1,447,000 whites, had a population of 900,000 Negroes. Figures given for the other Southern States are: Arkansas, whites, 1,279,000, Negroes, 47,000; Florida, whites, 638,000, Negroes 329,000; Georgia, whites 1,700,000, Negroes, 1,200,000; Louisiana, whites 1,000,000, Negroes 700,000; Mississippi, whites, 854,000, Negroes, 935,000; North Carolina, whites, 1,800,000; Negroes, 763,000; South Carolina, whites, 819,000, Negroes, 865,000; Texas, whites, 4,000,000; Negroes, 742,000; and Virginia, whites, 1,618,000; Negroes, 690,000.

North Carolina was carried by the Republicans in 1896.

REV. E. ALPH RICHARDSON, newly appointed pastor of the Beth Emanuel Church, of this city, has assumed his pastorate here. Mr. Richardson was formerly stationed at St. Catharines. The new pastor preached his first sermon to a large congregation a week ago.

You Are Invited

Under the auspices of the Canadian League for the Advancement of Colored People the Chatham branch will hold emancipation and home coming celebration on August 1st. The day will be fitting observed by speeches from prominent citizens, white and colored. A monster parade, sports of all kinds, concluding in the evening with a dance in the Armories. Lee's Famous Detroit Band will furnish the music throughout the day and evening. You are invited to present with them.

GARY, IND., SCHOOL CASE STILL UNDECIDED

New York—After a motion for a new trial had been made by Attorneys Robert L. Bailey and Edward McKinley Bacoyn on behalf of the plaintiff, Alberta Cheeks, in the case of Cheeks against the Gary School, et al, Judge Crumpacker in the Circuit Court of Porter County, Valparaiso, Ind., withdrew a decision which he had rendered a few moments earlier. Judge Crumpacker took the case for further consideration and will

Coolidge's Act Saves Doomed Man

WASHINGTON, D.C., July 18. —President Coolidge commuted to life imprisonment the death sentence imposed upon Malcolm Howard, for the murder of Jessie Nelson, on February 4. Howard was to be electrocuted on July 19. The President acted upon the recommendation of the Department of Justice which investigated Howard's plea for clemency.

This is the first time a death sentence has been commuted since the electric chair was installed in the District Jail. Howard's case was the first murder case in which women sat on the jury in this jurisdiction.

It appears from the recommendation made to the President by Attorney General Sargent that the shooting of the woman was not actually premeditated, even though the jury found it to be. Howard's advances had been rejected by the woman and he fired the shot in a rage. He afterwards wandered about the streets for three days before visiting the morgue where hre body lay. He knelt beside the body and prayed and returned to his home, where Detective Dennis J. Murphy arrested him.

When this case reached the Court of Appeals, Abner Siegal, former counsel for Howard, attempted to obtain a new trial on the ground that the law permitting but not requiring women to serve on juries was invalid, but the court found that this objection should have been raised before and not after the trial. Later Lucien Vandoren appeared as counsel for Howard and represented the accused at the Department of Justice.

at a later date hand down his decision.

The Asscoiated Press reports of July 9 and 10 stated that Judge Crumpacker had rendered a decision upholding the transfer of the plaintiff and other Negro students from the Emerson High School during December, 1927. These reports were erroneous in that this decision was withdrawn by Judge Crumpacker.

Negroes Galore Pass As Whites

Los Angeles—That five thousand Negroes of light color "pass" and become to all intents and purposes white people, was the assertion of Bishop J. W. Martin, of the A. M. E. Zion Church, addressing a mass meeting last night of the National Association for the Advancement of Colored People in annual conference here.

"Fully five thousand Negroes of lighter hue are forced 'over the line' each year, in order to get a chance to win their daily bread at the kind of work they love best and for which they are best fitted," declared Bishop Martin.

"I know the mayor of a certain town who is a white man now, but as a boy was as good a Negro as the community had, and his brother is to this day a good colored preacher. We want the doors of all professions and trades of all skilled and unskilled labor opened to us and we want them opened wide enough for us to get in without having to 'pass.'

"An equal opportunity to spend and to be spent along with any and all groups in this country is the demand made in behalf of the Negro by the National Association for the Advancement of Colored People. We want no special favors, no extraordinary kindnesses, no granting of handicaps, but just a chance to shoot from taw and keep on shooting until the game is ended.

"The National Association for the Advancement of Colored People has proved its right to live and move and have its being by formulating and carrying forward a program of the highest good for the rich and the poor, the high and the low, the more favored and the less favored alike.

"How we colored people live in the United States of America depends upon where and under what conditions we are forced to live. Go into many of our towns and you might lay down the rule that where the pavement ends there the blacks begin. Now this is not of our own choosing but is the result of conditions forced upon us. Restricted districts, prohibitive purchase price for houses, exorbitant rents, threats and abuse, are only some of the means employed for adding insult to our already sorely injured group."

Editorial

OUR FIFTH ANNIVERSARY

We enter the fifth anniversary of The Dawn with a feeling of pride. We feel that at a great sacrifice we have kept alive an organ which speaks fearlessly for one of the minority groups and one of the under-privileged races of the Dominion. We have always insisted on equal opportunities in our national life for Negroes and through the assistance of the Canadian League for the Advancement of Colored People, we have succeeded in opening new fields of labor for the colored people, in placing some of them in positions never before held by them. We have urged our young people to prepare themselves for the highest service to their country, telling them that Canada is only in the making and that attitude which Canada shall in the future assume towards them depends largely upon the attitude which they assume towards themselves. The Dawn has not grown in size nor in circulation as rapidly as it should have, yet its size is far bigger than the interest shown in it by a majority of the people whose cause it champions. It has stood for equal opportunities for all citizens. It has repeatedly called the attention of our country that its colored citizens are not being given a square deal and that in neglecting the colored people they are doing a great wrong to a people who among their most loyal citizens. It has endeavored to fill its columns with items telling of deeds well done, of the upward strivings and inspirations and yearnings of a minority and a repressed group. Though ever fighting the Negroes' cause, strange to say, it is the majority group that supported The Dawn through their advertising and through their subscriptions. Perhaps it will be surprising to the general public to know that 80 per cent. of our subscribers are among the majority group. One of the most interested persons in The Dawn and the principles it stands for is a retired public school teacher among the majority group. Her letters of sympathy and congratulations are among our dearest treasures. Her regular messages inspire us with hope and make us feel as if

our efforts and our labor are not in vain. She is approaching the evening of a long, long journey, yet she never fails to send us beautiful letters of appreciation. And thus we have faced the East with new hope, new courage and new zeal. We know we are fighting for a principle. We know that in the end right always wins!

COMMUNICATION

London, Ontario.

July 24, 1928.

To The Canadian League for the Advancement of Colored People: Gentlemen:

Permit me to congratulate your organization on the Fifth Anniversary, it must be gratifying to your organization to have successfully overcome many of the obstacles during these five years, and are on the way to success. I am sure your organization is an important one and should be commended.

May I also congratulate you on the success of The Dawn of Tomorrow, as a publication in the interest of the colored people, and hope that both of these important organizations will continue to flourish and improve as time goes on. Wishing you every success.

Yours respectfully,

G. A. WENIGE,

Mayor.

COLORED RACES WILL AID HUMANITY IN CRISIS

"Civilization began with the brown races," declared Lew Head, former editor of a Pasadena daily, now living in Los Angeles, speaking at last night's mass meeting of the National Association for the Advancement of Colored People in session here, "and civilization will reach its highest achievements when the brown races of the world have first, conceived the need of consecrated leadership; second, sponsored those leaders, and third, through them energized an improved civilization on this earth. There is a power in the colored people of the United States that either has not been discovered or, if discovered, has not been harnessed for practical use."

"The present civilization has about spent itself. Humanity is on the verge of a tremendous crisis. Just what direction the march of human progress is to take, is now back where it was when civilization started, waiting for responsible, intelligent and consecrated leadership. It is not beyond belief that out of the brown races of the world, over half of its population, will come this leadership."

"We are interested, I take it, in the facts and theories that crowd outworn major activities off the face of human experience and supplant them with new conceptions of government, social, moral and political. In this transition of a minor into a major influence the colored races of the world have the opportunity to play the biggest or at least a very large part. As I see it, the preliminary equipment necessary to transform the latent power of the colored people of this and other nations into determining potency, arranges itself about as follows: "First, it is necessary that the colored races become minority conscious, and have a well defined and achievable purpose and competent leadership; second, that this minority be cohesive, organizable, well directed and willing to program without pestiferous quibbling; third, that its objectives be common to the mass, easily understood, and above all else, fair and reasonable; fourth, that action be united, constructive, intelligent and persistent; fifth, that progress always be under vigorous control, never fanatical."

IN LIFE'S DAILY STRUGGLE

As life lengthens yearly, more prone we're to listen
To pleas for the fellow who's down and who's out;
We know not what joining of adverse conditions
Have figured in bringing his failure about.
Perchance 'twas bad breeding and folly in rearing
Brought lack of resistance and proneness to sin,
Which lurked, like a poison, deep down in his nature,
Forbidding the runner life's laurels to win.

We know not the conflicts which waged in his bosom,
When oft three seemed quiet and calmness without;
Nor know we the raging of tempest-tossed billows
Which circle the craftsman with dangers about.
Perchance slowly coursing his veins, at life's outset,
Was blood that was languid and pallid and thin;
What chance in a struggle, as fierce as life's battle,
Had one, so anemic, men's plaudits to win?

Oh, grant him some mercy who falls by the wayside,
Whilst bigger and stronger rush rapidly by!
Let ne'er Priest nor Levite, in our generation,
Pass far from the fallen and leave him to die!
Hats off! to the gallant, the noble, kindhearted
Who'll tarry a little, by those who are down,
To help the discouraged, in life's daily struggle,
To win, from their Master, both plaudits and crown.

—Mack.

"I'm twenty-one today, and I can vote."
"No, you can't."
"Why not?"
"There's no election."
The Manitoban.

LONDON

The B. M. E. Sunday School is holding its session for the summer months at 10 o'clock in the morning. So far the attendance has been splendid and we are much pleased with the co-operation of the parents in this plan with the school.

Mrs. Hannah Fuller, one of London's oldest citizens, passed away at the Aged People's Home Richmond street, on Friday, July 20. The deceased had been a life-long resident of the city and was in her 90th year. Funeral services were held from the Ferguson Funeral Home on Monday, July 23, at 2.30, conducted by Rev. E. A. Richardson and Mr. A. Dwyer. The late Mrs. Fuller leaves to mourn her loss two sons, Fred and Percy, several brothers and sisters and a host of relatives and friends.

Mr. James Thompson had his left hand amputated at Victoria Hospital a few days ago. At this writing he is doing nicely. Mr. Thompson has been a long patient sufferer, but we pray for him a speedy recovery.

Mrs. Theresa Duncan has been visiting friends in the city for a few days.

Mr. and Mrs. Sam Smith and family were visitors in the city on Sunday and were the guests for a few hours of Mrs. M. Drake. and also attended the annual service of the C.L.A.C.P. at the Baptist Church at 3 p.m.

The Hill St. Baptist S. S. held their annual picnic at Port Stanley last Thursday, July 19. Those who attended reported a fine time. Vera Kelly and Thelma Moxley were awarded prizes for Bible memory work. Each child received a treat of ice cream and other goodies.

We are proud to report the success of the boys and girls of our race in the recent examinations of our city schools, both in public. High and Technical. These children should be encouraged, as we believe they are trying to make the best of the opportunity of education which they now have. Also are we pleased with those who are interested along musical lines. We are hoping in the near future to hear them in recital, so do not fail to be present with us and enjoy these talented youngsters.

B. M. E. Sunday School Picnic at Port Stanley on Monday, Aug. 6. Train leaves at 10.20. Bring the family and a well-filled basket and enjoy the day with us.

Mr. Harry Coursey suffered painful injuries to his shoulder while playing ball at Guelph. He is progressing nicely at his home, Glenwood Ave.

Mr. and Mrs. Geo. Anderson are all smiles over a fine baby daughter.

Mrs. Edith Draper and her daughter, Betty, are visiting their son and daughter and sister, Mr. and Mrs. Wm. Draper, of this city.

GOLDBECK-GRAY

On Saturday, July 14th, the home of Mr. and Mrs. S. S. Scott, 23 Sullivan Street, Toronto, was the scene of the marriage of Miss Gray and Mr. W. G. Goldbeck, of Rochester, N. Y. Rev. Dr. T. H. Henderson, of Grant A. M. E. Church, officiated. Mrs. L. Best and Mrs. Scott assisted the bride, while Mr. Scott assisted the groom. On Sunday morning the happy couple attended services at Grant Church. They left on the four o'clock boat for Rochester. The bride is a trained nurse, while the groom is a contractor and builder. We wish them God's blessing and a happy and a long life. Our home is open always to such as these. God bless you.

New York—"The modern young man of the city, in his early twenties and just starting in business is not thinking solely to-day of his job and of advancement in it; nor are these subjects the only ones which engross him in day or evening school work. He is quite as eager for knowledge along cultural, religious, civic and social lines. In fact, he is quite willing to attend classes dealing with such subjects in order to learn more about them."

A SUCCESSFUL PICNIC

The "GGe-Acquainted Club," London's popular colored organization, held their third annual picnic at Springbank Park on Saturday, July 21, 1928. Delightful weather and a jolly crowd helped to make this event the best yet held. A much larger crowd than last year was in attendance and every one expressed himself as having had the time of their lives, which was very gratifying to the officers and members of the club.

A ball game between Mrs. Powers' "Has-Beens" and Mrs. Gibsons' "Never-Wasers" was first on a very extensive program. This was the second meeting of these two teams under the leadership of Mrs. Powers and Mrs. Gibson, the two pitching stars of their respective teams. Each has won one game and all look forward to next year's event to see who will be the winner. Fast playing and wonderful pitching kept the score down. Mrs. Powers' team emerging victor by th escore of 8 to 9. "Hank" Anderson, "Bud" Kelly, BBill Butler, Fred Ball and Bill Harrison were outstanding stars when it came to talking and umpire-baiting. These "Old Men" have been confined to their homes ever since. Charles Poindexter and Jack Lucas made very good? umpires. Miss Carol Harrison, Mrs. Kelly, Mr. Nevels, R. Bradby, Jr., Mrs. Pearl Brown did some wonderful fielding, while the batting stars were Bertha Moxley, Mrs. Gibson, Mrs. Butler Mrs. Powers and Miss M. Harrison. Other fast players were Theolia Thompson, Phyllis Howard, "Chub" Kelly and Mrs. Cabrera. After the ball game the following races were run.

Six years and under, Lloyd Kelly, Freddie Jenkins, Verna Brown; Girls' race, Evelyn Jenkins, Dorothy Moxley, Kathleen Jenkins; boys' race, Jimmie Jenkins, Freddie Kelly; jockey race, Chas. Poindexter, jockey, Birdie Jenkins; mixed coat race, Mrs. Pearl Brown and Mr. Kelly; thread and needle race; Mrs. Jenkins and Mr. Lucas; snow shoe race, Mrs. Powers; candle race, Rev. Mrs. Bradby and Mr. Nevels; blind pig race, Mrs. Jenkins and Jimmie Jenkins; ball throwing, Mrs. Bertha Moxley; fat ladies' race, Mrs. Wilson; special ladies' race, Bertha Moxley.

Every event was closely contested, especially the ball throwing, Mrs. Waller and Mrs. Gibson making Mrs. Moxley extend herself to the limit to win.

Out-of-town visitors present were: Mrs. Rev. R. L. Bradby and children, Mrs. "Bud" Powers, Mrs. May Waller, Mrs. Florence Mills, Mrs. Mae Allen, Mrs. Emma Gibson, all of Detroit; Mr. and Mrs. Nevels, of Appin, Ont.; Mrs. H. Booker, of Longwood, Ont.; The Misses Carol and Mrs. Margaret Harrison and brother William, of Stratford, Ont.; Mr. and Mrs. Wm. Butler and family, of Lucan, Ont.; Mrs. Harris and children, of Hamilton, Ont.; Mr. La Verne Jones, of Brantford, Ont.

The refreshment committee excelled themselves in providing a wonderful supper, of which all

were invited to partake. Every one left for theri homes at a late hour, vowing to return next year. The committee in charge were the following: all the ladies of the club under the direction of Mrs. Moxley, comprised the refreshment committee; Mr. Poindexter, chairman of the sports; Mr. Lucas, chairman of the grounds, and Mrs. Cabrera, head of the prize committee.

FIDELITY

My dear little friends that I always will love,
Grow up and get married and away from me rove.
But I think that their hearts remain true to me yet.
And with all that attracts them, they will not forget.
The best that heaven gives I invoke for them all,
And that heaven may be theirs, if heaven should call
Them away from this beautiful earth we all love.
It will be to a more beautiful home above.
But you must live the life God has chosen for you,
And not follow your own inclinations is true;
But GoGd knows what is best and He will reveal
Such love as no other you ever could feel.
Then seek to know Him, His instructions obey,
For true happiness is found in no other way.

—S. E. G. Allen.

LONDON

Anniversary services of the Canadian League for the Advancement of Colored People were held last Sunday afternoon at the Hill Street Baptist Church. Mr. J. A. Dyer delivered one of the best sermons ever delivered in that church. He spoke on "The work to great and large and we separated upon the wall one far from another."

He gave his hearers some wonderful advice in national and race pride, exhorting them to ever look up and strive onward and to seek to bring out the best there is in them as individuals and as a race. Rev. A. E. Richardson, of the A. M. E. Church, spoke also. He expressed the desire to become more intimately connected with the league.

A. J. E. Butler, president of the league, gave a very learned and instructive address upon the aims, objects and work of the league. A special choir made up of the league members and friends rendered appropriate music for the occasion. Mrs. Pearl Kelly presided at the organ. The league is well pleased with last Sunday's services.

Everybody is looking forward to the annual picnic of the Canadian League for the Advancement of Colored People to be held at Springbank Park on Saturday, July 28. There will be sports for old and young, so don't fail to attend and get a valuable prize.

Our new pastor, Rev. E. A. Richardson, and family are now stationed in the parsonage. We trust the friends of the city will make them feel right at home in our midst.

STATUS OF NEGRO IS DEMOCRACY'S TEST

Addressing a monster mass meeting in the Los Angeles Civic Auditorium of the National Association for the Advancement of Colored People, Arthur B. Spingarn, New York attorney and the Association's Vice-President, declared that the acid test of American civilization and democracy centered in the status of the Negro in the United States. In fighting for full citizenship rights for the Negro, asserted Mr. Spingarn, the National Association for the Advancement of Colored People had stood for fundamental Americanism and he challenged any patriotic organization in the country, including those which have "blacklisted" the Advancement Association, to show a parallel record of patriotic achievement during the past two decades.

"The acid test of American civilization and the democratic form of government is in their attitude toward and their treatment of the Negro population," said Mr. Spingarn. "What is and should be the position of the least protected and the least advantaged group in a democracy?"

"Theoretically everybody in America believes that all the people should have the equal protection of the law and equal opportunity for life, liberty and the pursuit of happiness. The time has come to take stock and see which of the organized groups in America that attempts to perpetuate these American ideals, has tried practically to bring about a condition where these ideals could be fulfilled.

"We invite a comparison of the self-styled patriotic groups which have recently set themselves up as arbiters of Americanism and have seen fit to find this organization wanting, with the National Association for the Advancement of Colored People. Has any of these groups a constructive program which will bring about the safety of the individual, larger opportunity for education and training in true Americanism, the carrying out of the principles of the Constitution of the United States, the increase of the wealth of the submerged and the making of a richer life for all citizens?"

CAPITALIST IS DONOR OF THE FIRST PLAYGROUND FOR HARLEM CHILDREN

New York—New York City's first exclusively colored playground was opened on Saturday, when Samuel R. Rosoff, millionaire subway builder, presided at a party for the children in Harlem presented the playground to them.

William B. Roulstone, advocate of more play space for children, in praising Mr. Rosoff for his gift said that he was doing something that the city ought to be doing itself.

It's something that the city has been asked to do for 25 years," he said. "We got this one, the only playground for colored children in the city, through the generosity of Mr. Rosoff. We are going to ask the Mayor for land

PEACE CONDUCTIVE TO SOLVING RACE PROBLEM

Los Angeles — International peace offers the best opportunity for meeting and solving race problems, even the race problem in the United States, declared Miss Ethelwyn Mills speaking before the 19th Annual Conference of the National Association for the Advancement of Colored People, in session here. Miss Mills is President of the Los Angeles Branch of the Women's International League for Peace and Freedom.

"It would be far easier to solve the race problem in the United States in times of permanent peace," declared Miss Mills, "than during the cataclysms of war."

"The governments of the world to-day stand bristling with suspicion of each other. The white man arrogantly pushes his way through the Orient and the yellow peoples in turn are learning the white man's ways of violence, and hurl at him their distrust. We seem to stand only a step or two away from gigantic war, which might easily involve the whole world in unimaginable terror and misery.

"One of the greatest obstacles to peace is the fact that war is legal. It is supported by an enormous percentage of all national budgets, almost the entire code of international law, by pulpit, press and platform. It is not a makeshift, but an established institution.

"However, the political units of the world have never proposed so many remedies, so many steps, so much re-casting of old habits, as they have in recent years."

Miss Mills urged as a personal program for freeing the world of war, that individuals free themselves from prejudice and come to realize that the interests of all races and nations are equally important.

MAY NOT OUST NEGROES

Los Angeles—Despite a clause in contracts for property in the Ethelwist District, extending from Fortieth Street to Vernon Avenue and from Avallon to McKinley Avenues, Negroes who have purchased property in that section may not be ousted. The ruling was held by Judge Stutsman in the case of George Lettau and others against Pauline Ellis, owner of lots in the district one of which is occupied by Negroes.

for more playgrounds. We really ought to have 500 of these, but we'll ask for five, and maybe we'll get two."

The playground measures 50 by 200 feet. Mr. Rosoff furnished equipment and is said to be meeting other expenses in connection with the upkeep. He says it is only the first of several which he and those associated with him are going to open for the children of the city.

Miss Louise E. Tucker, principal of P. S. 90, for the use of whose pupils the park is largely intended, said, that the New York Community Councils are also contributing to the upkeep and financing.
