LIEUT. HARVEY REID IN ACTIVE SERVICE

Hartland Boy's Thrilling Experience in the "Big Drive"

The following letter, dated Oct. 10, somewhere in France, has been received by Mrs. J. H. Reid of this town:

DEAR MOTHER: I am overjoyed to get all your nice letters and can only say it is the fortune of war if my letters are delayed or go astray, for I write every week. Well mother we've had a colossal attack and altho' the weather was against us we gave the Hun an awful mauling. What the poor Belgian had, what the Russians had—all that and more too we gave him in the four days that every gun along the whole front fired continuously on him. Millions of shells battered his trenches and first line defence all to pieces. The ground shook with the constant din. It must have been hell for them and they deserved it. I can't picture it to you. We fired all sorts of shells—the little sharpnel which bursts and spreads its bullets among them—the high explosive shell which bursts with an awful roar and sends splinters of death among them—the incendiary shell which sets their wooden defence on fire and the big 8, 9 and 15 inch guns tore their trenches and forts like paper. No human being could stand it and many of them must have gone crazy with the awfulness of it. Where we were our batteries were as thick as stones. We never left an inch of their trenches untouched. We tore their barbed-wire to bits and their batteries we battered into silence. The Hun was absolutely cowed. What our artillery did to them is too awful to describe and on the 4th morning at about 5 under a curtain of shell and smoke our whole line attacked. It was too wonderful to describe. It was a sight I shall never see again. I was at my observation station and saw it all. Over our trenches went our splendid Scotch infantry and with bayonets gleaming went straight at the Huns. Of course machine guns here and there took an awful toll. But within an hour of my seeing our fellows going over the ridge we had taken the German front line over the whole of our front. During the attack I had a privilege that comes to few young officers—the Major handed the battery over to me to control and himself did nothing but watch the situation. It was very nice. I knew several roads behind the German line where they were bound to mass to counter attack and these I shelled continuously. I bet we killed hundreds. I tell you our infantry never had better artillery support. We kept the shells falling just above 500 yds, in front of our attacking line all the time, and the poor Hun couldn't possibly face it.

By nightfall in places we were 4 miles through the Hun lines and on our right the French were attacking like devils. If I had the time I'd write a good essay and do my experience justice, but a soldier hasn't time for those things. We paid a heavy price and after three days fighting day and night, in rain and cold, my Division was withdrawn from the line in order to rest and reform; and here we are. If you could have seen our infantry you would have worshipped them. Again and again in the face of machine guns, bombs, poisoned arrows etc., they attacked the Germans and our joy was completed when about 11 a.m. the long line of prisoners started

coming past. Of course as a Division now we are only a remnant. You cannot attack the Germans for three days and nights and expect to live, but during the whole of our time in the line the Hun never faced a bayonet charge. They would yell "bon kanierade" and jump about with hands high in the air the minute we got to them. Poor Ossie Staples—you've heard me speak of him. He was one of my best pals at Oxford; second day of the battle he was killed leading an attack on the German back positions. I did all I could to get accurate information for his people and it dampened the victory for me, because only two days before he had lunched with me and was so merry and bright knowing well there was practically no chance of coming out alive.

Gen. French congratulated us and said we had done all and more than he expected as a Division, and, mother, no one could do more. To tell the truth we haven't enough left in the Division to talk about. God bless them! the artillery are too proud of them for words and we fired over their heads to protect them until at times our guns were too hot to fire.

But the spirit is still here. We'll soon reform and get new blood in and when the call comes again infantry and artillery will be ready once more.

I have no objection to your publishing this letter because it is not likely many first hand accounts will be available. We need all the fit men we can get. Our casualties were heavy. I hope the recruits will roll up.

Love to all

Harvey

Harvey T. Reid was Rhode's scholar from Acadia, class 1913, and was at Oxford when the war broke out.

The War Comes Close Home

On Monday Mrs. Charles Stevens received a letter from her son Roy, with Co. D, 26th-Batt., "somewhere in France." He had been in the commissariat department from the time of his enlistment, but his letter bore the cheerless news that he had done his turn in the trenches. At the time of writing he was resting with the battalion some distance from the firing line.

One of the saddest messages that has yet come to Hartland was a partly completed letter written by one of Roy's comrades to his sister, Miss Etta Stevens. Dated Sept. 22 the letter spoke of the wait for action being tedious and the writer was hopeful of some excitement soon. Poor fellow! He was killed in the big drive three days later. The half-finished letter was found in his pocket and given to Roy, who forwarded it. This unfortunate young man was Charles McAfee of St. John.

Hallowe'en Party at East Florenceville

A Hallowe'en party was given by Mr. and Mrs. Jas. Banks at their home, East Florenceville, on Friday evening, Oct. 29, when their daughter entertained upwards of 45 guests. She was assisted by her aunt, Miss Gertrude Boyer. The parlors were prettily decorated for Hallowe'en, with witches and black cats; white pumpkin jack o' lanterns furnished the lights. A carefully prepared and well arranged program was successfully carried out. At 12 o'clock a dainty lunch was served by the hostess, who was assisted by Mrs. B. C. McIsaac after which each guest was presented with a small Hallowe'en souvenir before departing for their homes after having spent a very enjoyable evening.

HAVOC AMONG CATTLE

Promiscuous Discharge of High Power Arms Proves Disastrous

Scott Shaw of Highland Farm, Victoria, called at The Observer office on Monday evening to register the complaint that there was too much promiscuous shooting going on in the vicinity. He says when he gets shot he wants to get his fighting Germans; and he suggests that those who have so much idle time and ammunition will find the recruiting officer ready to take them on and send them where their zeal will be appreciated, and where the bullets fly in both directions.

Mr. Shaw said a few days ago one of the most prized grade cattle on Highland Farm was shot through the heart and instantly killed by a stray bullet from a rifle. He further stated that men in his employ narrowly escaped at another time, a bullet tearing up the ground between the two.

On Friday a bullet passed so close over C. M. Shaw's head that he ducked at the high-pitched hum of the missile. A few years ago G. F. Neals of Somerville had a cow shot dead by a stray bullet.

There should be a law against the discharge of rifles indiscriminately, and the law should be enforced.

The ordinary military rifle will send a bullet through a man three miles distant.

A bullet discharged straight in the air returns to the earth at exactly the same speed it went up. A bullet fired at any angle strikes with force sufficient to kill any living creature. In this region, where the earth is of uneven surface, no bullet can travel so far that its impetus is spent; it will always strike some where with terrific impact.

A rifle should never be discharged into the river at a less angle than 45 degrees, for the bullet is sure to ricochet, almost invariably striking some object on the land.

There is evidence for the belief that Highland Farm and Maplewood was bombarded by bullets which were discharged from rifles on the shore or the bridge at Hartland.

Why The Observer is Sometimes Late.

Some upriver readers complain that while The Carleton Observer is printed Wednesday forenoon they do not get the paper until Thursday. The reason of this is that working from early morning until noon the office force is barely able to catch the northbound mail. In fact beginning as early in the morning as the press can be started seven people work with frenzied haste to complete the mailing in time to catch the noon mails and the southbound mail at 5.15. Subscribers and advertisers will please remember that copy MUST be in on Tuesday at the latest. Advertisements for the first and last pages must be in on Monday afternoon. Kindly have your copy in good season so that subscribers will not be disappointed when the paper is due.

Typesetting for the succeeding edition begins immediately after one edition goes to press. There is no slack time, no idle moments, an average of 96,000 tiny bits of metal must be placed together in proper manner for each edition.

Ninety-six thousand is a big figure yet some subscribers think it sheer carelessness if an occasional one of the types is misplaced.

C. H. Taylor has to rent three desirable tenements all in first repair.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and the whole system responds to its refreshing tonic force. Free from harmful drugs. Scott & Bowne, Toronto, Ont.

A number of dishes are still at the Armory belonging to various parties who should call and get

them, since no one but the owners can identify them. Last week there was sent to St. John headquarters a box containing 72 pairs socks, 5 wash cloths, 21 day shirts, 16 lbs tobacco, 11 hospital shirts, 68 handkerchiefs, 8 bandages, and a large quantity of magazines.

Antworth-Gee

Howard Antworth and Miss Joyce Gee were married at Sumnerfield on Wednesday, Oct. 27 by Rev. Geo. A. Ross. The ceremony took place at the residence of the bride's father, Chas. Gee, in the presence of a large number of guests. To the strains of the wedding march the bride, tastefully attired, entered the room on the arm of her brother, Merrill Gee, who escorted her to the husband-to-be standing beneath a beautiful floral arch erected for the occasion. In this artistic setting was performed the ceremony which made them man and wife, the impressive ring service being used. The young couple were showered with congratulations by the friends of their families who had been invited to join with them in celebrating the occasion.

Many useful presents were left for the newly-married pair as tangible tokens of the esteem in which they are held; and of the good wishes which are entertained by all. The supper provided by the bride's parents, as hosts, was generally enjoyed. Mr. and Mrs. Antworth will reside at Greenfield where they will be at home to their friends.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a still barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Enforcing Scott Act in Woodstock

The following convictions were recently made in Woodstock for violation of the Canada Temperance Act: John Atherton, druggist, two first and one third offence. Coles Dugan, hotel proprietor, two first and one third offence. Eldon Fisher, one first offence. Shep Hudlin, pocket pedler, one first offence.

The penalty for third offence is imprisonment not exceeding four months without option of a fine. There have been also seized at the station of the St. John and Quebec Railway Company two barrels of ale in regard to which the cases are now pending.

On Sunday, Nov. 7, Rev. Geo. A. Ross of East Florenceville will conduct service and preach at Lansdowne at 3 p. m. and in the Methodist church at Hartland at 7:30. Many people will avail themselves of the opportunity to hear this gifted speaker and former pastor.

Tomorrow (Thursday) evening there will be a meeting of the Board of Trade with the object of discussing town incorporation and the booming of the town through newspaper and other publicity. Every man who is progressive and who believes in a greater Hartland should be there.

A thunder storm, evidently having become detached from summer, has been wandering around for two weeks, making its presence known in various parts of the province almost daily. Last evening it passed over Carleton and a portion of Victoria county. The lightning was exceedingly vivid and the thunder heavy.

Ladies will delight in seeing the handsome and ultra-stylish samples of winter coats and suits now on display at McLauchlan's. These are made to measure, and the orders should be left early. These handsomely tailored garments are wonderful values. McLauchlan's have, also, a wide range of ladies' coats, every one new this fall, and every one supreme value, worth now really more than the prices asked. Woolens are advancing rapidly. Buy now.

Glidden's stable, an old landmark that has escaped numerous big fires, now owned by Arthur F. Glidden, was almost completely destroyed by fire, which broke out at 10 o'clock on Sunday night in the hay mow from some unknown cause. All the horses, harness and wagons were removed. Mr. Glidden carried an insurance of \$2,000 on the building and \$1000 on the stock. The night was free from wind which helped in saving the Victoria hotel, Salvation Army citadel and adjoining buildings.—Woodstock Press.

Lieut. W. B. Shaw Back From War

The first of "our boys" to return from the thick of battle is Lieut. W. B. Shaw, who arrived yesterday, making glad the hearts of his parents, Mr. and Mrs. B. N. Shaw. He intends remaining with his parents until the middle of the month recruiting his health after nine months active service and two attacks of appendicitis. He has so far escaped German shot and shell, at times, however, by a hairsbreadth.

Lieut. Shaw was born in Hart-

and upwards of 30 years ago. Early in his twenties he went to British Columbia where he soon joined an artillery corps. He was among the first to enlist and has been seeing active service in France since February.

Many are hoping for the privilege of hearing the stalwart young officer recount some of his experiences and it is not unlikely that some arrangement will be made to this end before he leaves. He will go to British Columbia about Nov. 15 to look after some business interests, and intends returning to the front as soon as his health will permit.

Those having a perfect attendance for August and September are: Hope Somers, Frank Boyer, Charles Kearney, Albert Boyer. Ruby Page, Teacher.

Edward Caldwell Marries, then Enlists

On Saturday evening at the home of Chester Parlee, Bath, Edward A. Caldwell, son of T. W. Caldwell of Florenceville, was united in marriage with Miss Gertrude, daughter of Mrs. G. H. Campbell of Lansdowne. Rev. M. H. Manuel performed the ceremony in the presence of the immediate relatives. Mr. Caldwell expects to leave next week to enlist for overseas service. His brother, Paul, left with the second contingent. On Sunday Mr. Caldwell was presented with a pocket Bible at the close of the service at Greenfield, Rev. M. H. Manuel expressing with the gift the felicitations of the congregation and wishing him a safe return to his bride.

Shell Burst Near Lt. Col. W. C. Good

In a recent letter to his wife, now residing in St. John, Lieutenant-Colonel W. C. Good, formerly of Woodstock, and now in charge of the remount depot in Hantot, France, tells of a narrow escape he had from death. While at the front with a lot of remounts, a shell burst within a few feet of him, killing four men, but he escaped uninjured. The letter was written at the time the preparations were being made for the offensive movement and he said they had been able to get almost no sleep on account of the terrific noise of the big guns bombarding the trenches of the enemy.

FRUIT, THE GREAT PHYSICIAN

Healing Powers of Fruit Proved by "Fruit-a-lives"

The simple juices of apples, oranges, figs and prunes, when transformed into "Fruit-a-lives," will relieve diseases of the Stomach, Liver, Kidneys and Skin. The truth of this statement has been proved in thousands of cases of Indigestion, Dyspepsia, Torpid Liver, Constipation, Kidney and Bladder Troubles, Skin Diseases, Rheumatism, Neuralgia and Chronic Headaches. The enormous sales of "Fruit-a-lives," are the best proofs of the value of this fruit medicine.

Activity in Lumbering and Stock Raising at South Knowlsville

The farmers are closing up their season's work. There has been a very large acreage of fall ploughing done this year. We are pleased to note the activity in the lumber industry. The Partington Pulp and Paper Co., are building large dams in the Nashwaak waters, preparatory to a heavy winter's work. Large crews are already engaged.

Emery Mannel is busy hauling camp supplies and Armand Henderson is also portaging. Henry Smith of Windsor has made extensive purchases of stumps through this section. He intends operating the Stockford mill at Carlisle.

Cecil Avery is bargaining for hay in the interest of John Bohan of Bath, to be delivered at Juniper.

Robert L. Simms has returned from Fredericton where he wrote his final law examination.

Miss Fern Culbertson who supplied three weeks at the school has returned home. She was much liked as a teacher.

Addison Spinney is the owner of a pure bred Holstein calf that weighed 109 pounds when three days old. He purchased the dam in P.E.I. last spring when he was accompanied by his brother-in-law, Edmund Robinson of Armand. Their purchase of three fine animals amounted to several hundred dollars. Mr. Robinson has been building up a herd of Holsteins the last few years and now has a large herd of noted animals besides making several sales at high figures.

Our venerable and esteemed friend, Geo. Adams, has the support of this community in the remarks he made through the Press last week. Too long has this country been neglected by the powers. United, earnest effort should bring a change. The people of this settlement voted for rural mail delivery on the promise it would be brought to their gates, and now each and every one is compelled to go to the corner of the cross road to meet the carrier, whether it rains, snows or freezes. It is a disgrace to self-government.

Mrs. Edmund Spinney was to Fredericton last week visiting her son and daughter who are attending normal school.

Max Smith of Woodstock has opened a general store at Knowlsville.

There is a rumor of a steam mill to be built on Hamilton brook at Lawson's Corner. There has been a large traffic of hunters and fishermen this year. The road leading to the Nashwaak has had an unusual traffic. The Dow House is becoming famed.

Death of William McIntosh

On Friday the lengthy illness of William McIntosh concluded shortly after midday. For the past three years he has been nursed with assiduous care by his wife; so that whilst his death was not unexpected, its effect is

to leave her with an intensified sense of her loss.

The funeral, which took place on Sunday afternoon, was attended by people from a wide distance. After a brief service in the home the procession passed to Glassville Presbyterian church where Rev. James Colhoun pastor, conducted service preaching from I Cor. 15:35—"How are the dead raised up? and with what bodies do they come?" Interment in the churchyard followed.

In addition to his wife and two daughters, (Mrs. S. N. Banks, Bristol, and Miss Ollie McIntosh), left to mourn his departure, the deceased leaves four brothers—Alexander and John, living in Glassville, whilst Robert lives near Woodstock and Daniel has his home in Idaho.

There are also many other relatives including two grandchildren.

The late Mr. McIntosh was one of the members of the family of Donald McIntosh which came out from Rosshire, Scotland, and settled in Glassville in the year 1860. He was above the age of sixty-five years, and although of a retiring disposition was a man held in high esteem; and many sympathize with his widow and children in the day of their deep sorrow.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Shot For a Deer

John Perley Dudley of Houlton, deputy collector of customs at that place for the last six or seven years, was shot by a companion, A. A. Hutchinson, while hunting in the woods near Griswold, on the Ashland branch of the B. & A., Wednesday morning.

Mr. Dudley was in the company with Mr. Hutchinson, Amos Putnam and Harry Little. Early in the day Mr. Dudley and Mr. Hutchinson had left camp, meaning to return late in the afternoon. They came upon a herd of deer, and were engaged in chasing them. Mr. Hutchinson had seen the deer, but thought Mr. Dudley was on the other side of the herd. He fired when he saw an object he thought was the tail of one of them, but instead it is said to have been the hand of Mr. Dudley, who was reaching out for his cap, which had fallen off. The bullet struck in the forehead, death being instantaneous.

Mr. Dudley's age was 34 years. He leaves a wife, who was Miss Mildred Jenks, and is the daughter of Mr. and Mrs. W. F. Jenks of Houlton, deputy collector of

A Great Blessing to be Freed of Indigestion

For Years He Suffered After Almost Every Meal—Attributes Complete Cure to Use of Dr. Chase's Kidney-Liver Pills.

The experience of many people who suffer from indigestion is like that of the writer of this letter. Stomach medicines may bring some relief, but chronic indigestion is almost invariably the result of derangement of the liver, kidneys and bowels, and cannot be actually cured until these organs are set right. With the liver sluggish there is constipation, and the food ferments in the bowels instead of being digested. This is the source of pain and suffering, and the cause of such dreaded diseases as appendicitis, peritonitis

Regulate Kidneys AND Relieve Constipation

Gin Pills are acknowledged to have the largest sale of any proprietary medicine in Canada—an achievement solely due to their remarkable virtue as a Kidney and Bladder remedy.

But users of Gin Pills have discovered that this invaluable remedy also acts as a mild cathartic. The evidence of hundreds of letters we have received establishes the very logical fact that in compounding a medicine to heal and tune up the kidneys and bladder certain of the ingredients have a stimulating effect upon the other organs, especially the bowels.

It is important to know, in the case of constipated patients, that Gin Pills do not act harshly on the bowels; there is no griping, but a gradual and gentle restoration of the function. Try Gin Pills for constipation. In thus relieving the bowels, you safeguard yourself against possible kidney trouble.

Gin Pills are 50c. a box, or 6 boxes for \$2.50 at your dealer's. A trial treatment will be sent upon request, to 15

customs, also three small children, his parents, three brothers and one sister. Mr. Dudley was a son of John Wesley Dudley, formerly of Presque Isle, and Mrs. Dudley, who was Miss Mary Belyea, who used to wake Fort Fairfield her home many years ago. Great grief is everywhere felt over this terrible occurrence.

Rev. W. B. Morgan in New Field

The following is from the Ottawa Journal:

The many friends of Rev. W. B. Morgan, B.A., B.D., who has occupied the curacy of St. Matthew's church for nearly two years, while sorry to have him leave the city, will be pleased to learn that he has been appointed rector of St. Johns church, Vank-leek Hill. Mr. Morgan has accepted the appointment, and will sever his connection with St. Matthew's here on the first of next month. With his bride of last summer, he will move to his new home shortly after and commence his duties about November 15.

Mr. Morgan received his early education at Hartland, Fredericton and St. John. He took the

degree of B.A. at Queen's University, 1910, and his B.D. degree at Trinity University, Toronto, 1913. For many years he was attached to the international boundary surveys, along the Vermont, Me., New Brunswick and Quebec boundaries. He was ordained by His Grace Archbishop Hamilton (deacon, 1913; priest, 1914). He has made many warm friends in the city outside St. Matthew's church, who also regret his departure. The reverend gentleman was a hard worker and very popular among the young people. He is a prominent Mason and a member of Doric Lodge A.F. and A.M., and his loss is felt there also.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You will have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

Ford Motor Co. of Canada Announce that They Will Subscribe One Million Dollars to Canadian War Loan

Following Finance Minister White's announcement that a war loan will shortly be offered in Canada The Ford Motor Co. of Canada have announced that they will subscribe the sum of one million dollars to such loan when issued. They announce this in the Toronto News and in the Evening Record of Windsor.

Two of the directors of this company, Colonel Robinson and Captain W. L. McGregor, are now serving their country in France.

Since the war broke out the company have encouraged 25 of their office staff to enlist as officers and over 300 of their men from the factory. All jobs are held open for the men when they return.

As there are about 3,500 employees of The Ford Canadian Co. this means that 10 per cent of their staff have been encouraged to enlist.

Probably no other Canadian company has contributed so liberally of its resources:

- 2 directors
 - 25 officers
 - 300 men
- Ready to subscribe one million dollars to Canadian war loan.
