Coun. Belle-Isle Defends Action of Town Council

Says Highest Tender Was Not Accepted—Says Council's Action Taken to Safeguard Town's Best Interests.

Campbellton, N. B., 7th June, 1923.
H. B. Anshw, Esq., Editor, "Campbellton Graphic," Campbellton, N. B.

With reference to your article headed "Council agrees on paving tenders," the majority of the Council favour the highest tender. Council's action was taken to safeguard the town's best interests.

Is not this heading intended by someone to again mislead the public? In the first place, it is not necessary to always agree. Is not a majority of four out of eight councillors a conclusive one? If eight councillors always agreed on every question, they would soon all pass for a bunch of fools.

With regard to the second part of your heading. It is not true that the majority of the council have favoured the highest tender as the Warren Company's tender was the highest.

If my memory serves me right, Mr. Editor, you were not present at that meeting, and you certainly got the wrong information from a biased party. Now I am sure, Mr. Editor, to be fair with everybody you should have ascertained the nature and purpose of every tender before drawing the conclusions that you do and making a eulogy of this minority of two.

I say two because there was only one mover and the second of the amendment. Mr. Editor, the Warren Company's tender was the highest, but it was not accepted.

Children's Hats in Mushroom and Polo Shapes. Trimmed with Ribbons and Ribbons. \$2.50 and \$2.75.

Scientific Arrangement of Flowers at \$2.00 each.

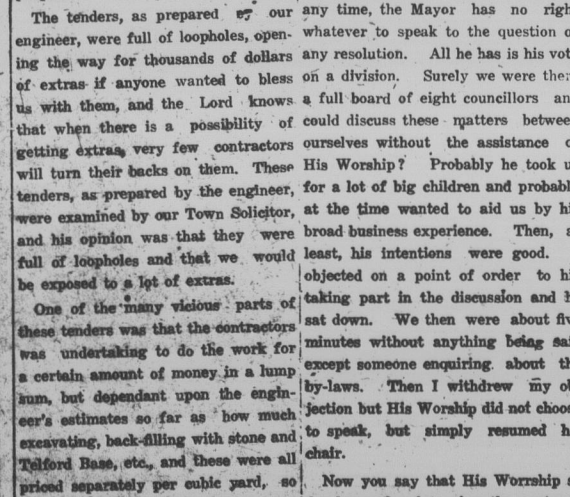

100 yard not Setin Ribbon, Brown and Tan. Suitable for hair ribbon. Width 5 inches. Selling price 10c yard.

LESS VOTES FOR SUBSCRIPTIONS AFTER SATURDAY NIGHT; HELP YOUR FAVORITE CANDIDATE THIS WEEK

The First Period of The Graphic's Big Prize Contest Closes at 11 P.M. of This Week—Now is the Time to Get the Most of Your Efforts—If You Are Thinking of Entering Competition for One of the Free Prizes, You Should Do So This Week—Don't Wait Until Next Week—Make This Your Banner Week.

The list of those nominated in the Graphic's Big Prize Contest is published in this issue and let him go over the details fully with you. Your chances of winning are as good as anyone's. Not Luck; Not Chance. Effort alone will win the prizes. Do not wait any longer; send in your name today and get started at once. Telephone the campaign manager, Phone 126, or come to the campaign office and get receipt books and get started today. Have your name in the next published list. The first period closes at the end of this week and after that time all subscriptions will earn less votes. Help now.

VOTE IN FAVOR OF CHURCH UNION

Action of General Assembly Taken After Several Days' Debate.

Port Arthur, Ont., June 11—The Presbyterian General Assembly definitely settled the church union question here today. Closure was applied and the debate, which opened on Thursday afternoon, was abruptly closed today. The struggle to reach the platform was exceedingly keen all through the day and there were many undelivered speeches when the hour set for the vote arrived.

Two votes were taken, and the difference in the results was not so great as was expected. On both votes the Assembly divided on the straight issue of union. The first vote was taken on the question of an amendment involving a halting of the negotiations which was proposed by Rev. Dr. Drummond, of Hamilton. This was defeated by 116 to 137.

The second vote, on the main motion to adopt the report of the union committee, was carried by a vote of 426 to 129.

The Better Plan. "Don't you think she should have her voice cultivated?" "Yes, plowed under."

Effort Alone Counts. The only qualification for winning any one of the costly prizes to be given away free by The Graphic is ambition. If you have been hesitating as to whether or not you will enroll and are being dissuaded from doing so because of the ill-considered judgment of some friend or acquaintance who is not familiar with the full particulars, phone or write

of the companies that were tendering were not all above reproach, and would not do honest work. If you have any accusations to make against anyone, why don't you come out with them? To my mind, any of the tenderers have a good record and could be made to do good work because all tenderers agree to abide by the specifications, and if our engineer wants to do his duty, he can make them abide by them. Furthermore, the bonded guarantee for five years to the extent of fifty per cent of the value of the contract is also a guarantee of good work. None of those companies can afford to do otherwise. We must not lose sight of the fact that the councillors who have favoured the granting of the contract to the Stephen Construction Company are all taxpayers of the Town of Campbellton.

Some of them are paying very heavy taxes, and surely, in looking after the rate-payers' best interests, they are serving their own.

Thanking you for space, Mr. Editor, I remain, Yours truly, A. C. BELLE-ISLE.

ESTIMATES SHOW SOME INCREASES

More Money Needed to Run Town Business—The Estimates.

A meeting of the Town Council was held Monday evening. There were present His Worship Mayor McKay, Councillors Belle-Isle, St. Onge, Duncan, Gorman and Graham.

The matter of estimates was the only matter taken up and these were agreed to as follows:

Assessment 1923.	
Public Property & Streets	\$17,200
Schools	36,000
Fire Protection	10,000
Hospitals	2,000
Police Force	4,500
Salaries & Contingencies	4,000
Public Charities	5,000
Sewer Bond Interest	2,510
School Bond Interest	1,200
Water Bond Interest	3,000
Sinking Fund	14,150
Sea Wall	4,000
Sugar Loaf Park	4,000
Total	\$109,000

This shows a total increase of \$14,000 over the amount assessed for last year. The tax rate of assessment this year is 2 per cent.

TRAFFIC RULES ARE EVADED

Cars and Teams Stop on Wrong Side of Street—Other Matters.

While the new rule "turn to the right" is working out well, and auto drivers so far have had no difficulty in remembering the change, but a lot of them persist in stopping their car on the wrong side of the street, and also of cutting around the wrong side of a corner. This applies also to teamsters.

The Graphic understands that the police have been instructed to notify all such that they are not obeying the law, and will be dealt with by His Honor if they persist.

The Town Council should have the By Law revised and printed for general distribution.

STUDEBAKER LIGHT-SIX TOURING CAR \$1375

A Six—and a Studebaker—for \$1375

The advantages of six-cylinder performance and Studebaker quality are combined in the Studebaker Light-Six—at a price of \$1375.

You can throttle down to a snail's pace in high—then quickly and smoothly accelerate to a racing speed. Vibration is practically eliminated at any speed—due to the perfect engine balance secured through machining the Light-Six crankshaft and connecting rods on all surfaces. No other car in Canada selling for less than \$3500 follows this practice.

The operating cost of the Light-Six, like the initial cost, is low. Proof of its low fuel consumption has been established through 27 world-wide tests, which set an average of 26.9 miles to the gallon. Minimum repair cost is proved by Studebaker's limited volume of repair parts sales, which in 1922 averaged only \$13 per car in operation.

Thousands of owners vouch for the Light-Six, while Studebaker's 71-year-old reputation is a further assurance of quality. Your purchase of a Studebaker Light-Six will be a safe and satisfactory investment.

FAMOUS STE ANNE DE BEAUPRE

Has Been the Mecca of Pilgrims for 250 Years—Founded by Mariners.

No visitor to Quebec should fail to make the trip to the far-famed shrine of Ste. Anne de Beupre or of "la Bonne Ste. Anne" as it is called, which can be accomplished in an hour by the comfortable and speedy steam and electric cars of the Quebec Railway, Light and Power Company. Ste. Anne de Beupre lies below the Falls of Montmorency, twenty-one miles from Quebec. For over 250 years it has been the mecca of devout pilgrims seeking restoration of health and miraculously obtaining it. Tradition relates that in the early part of the seventeenth century some Breton mariners who were overtaken by a violent storm while navigating the St. Lawrence, solemnly vowed to Ste. Anne that if delivered from the dangers which encompassed them, they would erect a sanctuary in her honor on the spot on which they should land. Their prayers being heard, they built a small wooden chapel in fulfillment of their vows which has since become famous and which then, as now, bore the same name. The primitive little church was replaced by a larger structure in 1660 which subsequently rebuilt and enlarged, finally gave way to a magnificent edifice (since destroyed by fire) which was raised to the dignity of a Basilica by Pope Pius IX. It is a fine specimen of Corinthian architecture and is of immense proportions. A colossal statue of Ste. Anne of marvelous beauty surmounts the facade between twin towers rising to a great height. The interior of the sacred edifice rivals the most famous cathedral in the world in beauty and imposing grandeur. On each side of the entrance are large pyramids of crutches and canes and trusses and splints left by former owners as mute testimony of the saint's intervention on their behalf. There is also another statue of Ste. Anne, resting on a column of white marble, to which some deeply venerated relics were attached—a fragment of the finger bone of the saint procured by Mgr. Laval, the first Bishop of New France; a part of the saint's wrist sent by Pope Leo XIII; and a portion of the rock from the grotto in which Ste. Anne gave birth to the Virgin Mary. The "sacred stairs," which the zealous supplicants ascend upon their knees, is built in imitation of Pilate's Palace at Jerusalem and the magnificent painting and statuary represent the life of Christ from Bethlehem to Calvary. Thousands of tourists visit Ste Anne de Beupre, impelled by the curious scenes witnessed there and the costly works of art possessed by the sanctuary and the high esteem in which the patron saint is held is shown by the remarkable increase in the perennial pilgrimages to her shrine.

In 1884 there were 17,000 visitors; in 1894, 61,000; in 1899, 100,000; in 1905, 130,000; in 1912, 150,000 and in 1919, 1,399,008 which number is largely increased every year. Formerly the pilgrimages were from the Province of Quebec only, but now they are from the other provinces of Canada and from the United States. Good hotel accommodation is provided for visitors. The celebrated Cycloorama of Jerusalem, the day of the Crucifixion in permanent exhibition at Ste Anne de Beupre since 1905. Is regarded as a masterpiece of Panoramic painting, the most remarkable on the American continent. The great scene of the death of Christ on the Cross and the City of Jerusalem, reproduced by a master hand on a circular canvas 45 feet high and 360 feet in circumference. Tourists and pilgrims while in this town should not fail to visit one of the greatest wax work exhibitions in the world in the Royal Museum. One of the most wonderful groups is: The first old French Canadian couple who resided in Ste Anne two hundred and fifty years ago, with the antiquities of the place at the time. This couple lived during a century in a little stone house opposite the old church. Besides other models of wax work the museum is a treasure house of the first cure of Ste Anne in the year 1658; he placed three small stones in the foundation of the first church and was instantly cured. One of the most wonderful pieces of fine art in America is "The Last Supper." This Last Supper is a masterpiece reproduced

CONVICT'S ART MAY FREE HIM

His Interpretation of Christ Ministering to Helpless Is Claimed Masterpiece.

Atlanta, June 6.—An oil painting of Christ ministering to the helpless, placed on the wall of the chapel of the United States penitentiary here by Max Sasanoff, Russian artist and opera singer, may be the means of obtaining for him a complete pardon from serving the remainder of a three-year sentence for conviction in a counterfeiting case in New York City.

Max has just finished the picture, and it took him from the first of last December until May 10 to complete it—almost six months of intensive effort. According to Father Hayden, rector of the chapel, who, Max says, inspired the painting, he worked on it every day from early in the morning until they compelled him to stop at night.

"Sometimes at 8, and even 9 o'clock at night, I would find Max in the chapel, laboring over his work, and I almost had to drag him away from it," said Father Hayden. "He was so enthusiastic over it, and so intent on finishing it, that he thought nothing of working right through mealtime unless some one came by and made him quit and eat. He seemed never to tire, but wanted to work all the time."

Picture Painted on Wall
The picture measures 8 feet wide by 15 feet tall, painted directly on the wall of the Catholic chapel. It depicts the Saviour standing on the rose-strewn steps of a temple, while all about Him are gathered in supplication, the sick in body and sick in soul, the beggars and the blind and the wayward youth, while the hand of the Master rests on the head of the Magdalene. Above in the clouds four cherubim, symbolize, the artist says, of the Angel of Mercy.

It is painted in all and has elicited high praise from art critics.

Prisoners furnished the models for Max. So interested were they that many of them sat for hours at a time. Max says that without their co-operation he never could have carried the picture to a successful completion.

"Come unto Me, all ye that labor and are heavy laden, and I will give you rest," is the text that furnished the theme for the painting.

Max is of Russian-Italian heritage, having been born in Italy. His mother is an Italian, while his father is a Russian Jew. He is of diminutive stature, standing barely over five feet tall, and of a decided rotundity. He has bright black eyes and the manners of a well bred and well read foreigner.

He was educated in the schools of Moscow, attending and being graduated from the Moscow University. Later he studied art and music in Paris and other European art centres.

Besides being an artist of note he is an opera singer of recognized ability, having sung with the late Enrico Caruso and the Russian Chaliapin.

Max first came into prominence locally by his concert broadcast over a local station. He has a fine tenor voice and created much favorable comment from music critics of New York by his work in operas presented by the Metropolitan company during the two years he was with them.

Many Canvases Accepted.
As an artist he has had many canvases accepted and hung in various galleries. He also has painted many portraits in oil and aquarel, and his best known work, a painting of the World War, now hangs in the Congressional Library in Washington. Many thousands of copies of this canvas were printed and distributed during the war.

"Max should get a pardon," Father Hayden said. "An investigation has shown that he was ignorant of what he was doing when he made a plate to be used in counterfeiting money, and I honestly believe that he is innocent of any crime. He says that when he did find out that what he was

YOUR DUTY TO YOUR HOME TOWN

Get Into Harness and Help Along With Needed Farm Work

What do you owe your town? There is a fact now overlooked by citizens in general, namely that they owe something to the town in which they live.

The sidewalks you walk on, the streets you drive on, the water in your homes, the light you read by; these and many other things were obtained by the constructive effort and foresight of others.

Some of us go on year after year, partaking of the benefits which the town affords, but undertaking none of the responsibilities which it imposes. We are only too free and willing to comment on and criticize the action of others, but when it comes down to taking a hand, we are not among the number.

We allow others to be school trustees, but send children to the schools; we allow others to be Councilors, but eagerly criticize their mistakes; we allow others to join the Board of Trade, and feel free to disparage their activities; we take the advantages, but get from under the obligations; and then say to ourselves: "This is a dead town."

A town composed of critics and drones is bound to be dead, it cannot be otherwise. Criticizing alone never brings results; it takes a constructive effort to build anything.

Sacrifice a little of your own time for the benefit of the rest of the citizens. It is not actually a sacrifice but a duty which you owe the rest of the public and yourself for the advantages you will receive.

A Fine Model.
"I can't do a thing with Jones," said the manager. "I've had him in three departments and he does all day long."

"Put him at the pajama counter," suggested the proprietor, "and fasten this card on him:

"Our night clothes are of such superior quality that even the man who sells them cannot keep awake."

doing would help some men break the law he tried to quit, but that they forced him to go on under penalty of death.

"I'm certainly glad to know that a movement has been started to get him a pardon, for I think he deserves one. I hope he gets it."

Matapedia

The many friends of Mr. Allen Adams, will be glad to learn that he has returned home from the Royal Victoria Hospital, much improved in health.

Miss Christina Adams was visiting friends in Bathurst.

Mr. Victor Delaney spent Sunday in Campbellton visiting friends.

Cross Purposes.
Mrs. Goodbody always spoke to poor men in the streets, and did her best to help them.

"And how long," she said to one of them, "were you a prisoner?"

"Seven years, ma'am," he made answer.

"But the war didn't last seven years," said the old lady in astonishment.

"Ah!" said the tramp. "But who was talking about the war?"

A. Mc DONALD, D.D.D.

Douglasstown, Que.

The family and community suffered a sad loss in the death of Mr. Martin McCabe which took place on Wednesday, June 6th. Mr. McCabe had been in poor health since a few months but during the last few weeks had shown considerable improvement in his condition and hopes were entertained for his ultimate recovery. On Tuesday, however, he was stricken with a stroke of paralysis and passed away peacefully, his death coming as a great shock to his family and friends. He was a son of the late Nicholas McCabe and his wife Bridget Campbell, natives of Ireland. Deceased was in

his seventy-fourth year and spent his life at his chosen calling of farming, and by industry and painstaking care won ample provision for his declining years. Sturdy for the right, a good neighbor. A man who followed the ways of peace and good-will with all men, he will be much missed. He leaves to mourn his sudden death his wife, formerly Margaret Walsh, three sons John of Douglas West, Alfred of Port Arthur, Ont., five daughters, Mrs. James Morrissey of Chandler, Misses Corinna, Marjorie, Alice and Edith at home also one brother, Mr. John McCabe of the North Western Province, three sisters (Sarah), Mrs. Lawrence Rooney, (Catherine), Mrs. Isaac Rooney, of Douglasstown and (Alice), Mrs. George Abing of Ellery Cove, Que. His remains laid in state at his late home until Saturday morning, when his funeral service was held in our church. The cortege as it passed it away from his late residence in Douglas West to the church was indicative of the esteem in which he was held, not only in his own immediate district but throughout the surrounding villages for there were present people from many sections of the country who had been friends for as long as half a century of the late Mr. McCabe. The church of St. Patrick was becomingly draped for the occasion and Grand Mass was sung by the pastor, Rev. Father Ernest Myles who also officiated at the obsequies at the coffin. The body on entering the church was also received by the pastor and the altar boys. During the services at the church, several solos, appropriate to the occasion, were rendered by members of the choir of St. Patrick's and rarely has the walls of St. Patrick's echoed to such a melodious blending of voices. The music of the mass and Libera was faultlessly played by Miss Agnes Morris, the soloists were Messrs. Jerome Morris, Edmund Myles, Robert Rooney and Ben Kennedy. Relatives from out of town who attended the funeral were: Mr. James Morrissey, son-in-law of Chandler, Mr. Alfred McCabe, son of Montreal and Mrs. John Carberry of Grand River. The following friends and neighbors acted as pall-bearers: Messrs. Michael Walsh, John Foley, George McGrath, Joseph Walsh, Edward McDonald, Elias Briand and Joseph Bolduc. The marriage of Miss Mildred Gault, eldest daughter of Mr. and Mrs. Andrew Gault of Douglasstown, Que., to Mr. Joseph Ball of Seal Cove, was quietly solemnized in St. Patrick's Church here on Monday morning, June 4th at six o'clock by the Rev. Father Ernest Myles, P.P. The bride who was attended by her sister, Miss Marie Gault as bridesmaid wore her travelling suit of navy blue serge and hat to match. Mr. Gilbert Briand of Seal Cove, acted as best man. Immediately after the ceremony Mr. and Mrs. Ball drove to the station where they embarked on the express for a brief honeymoon trip to the Gaspé Coast, returning to their home in Seal Cove later.

Control of Root Maggots

The aggressive subliminal treatment is now regarded as the most economical and efficient method of controlling the cabbage maggot, says a recent pamphlet issued by the Dominion Department of Agriculture, Ottawa. Radishes, garden and field turnips, cabbages and cauliflowers may all be treated with this substance without fear of injury. At least two treatments in the spring or early summer are necessary, but three are advisable in the majority of cases. Not only are the plants rendered free from attack by the treatment, but the effect on their growth is beneficial. Corrosive subliminal is used at the rate of one ounce to ten gallons of water and should be applied to the stem and roots of each plant at weekly intervals after egg-laying has commenced, which in most sections of Canada usually about the middle of May in a normal season. On the Pacific Coast of British Columbia however, eggs may be laid early in April.

The Onion Maggot

For control of the onion maggot, two methods that have been found satisfactory, namely, the poisoned bait method and the trap crop method. When the flies are active, which occurs especially on bright, warm days, the following bait can be beneficially used: Sodium arsenite $\frac{1}{4}$ to $\frac{1}{2}$ ounce dissolved in a gallon of boiling water and a pint of molasses added. Place from twenty to forty pans, dishes, china saucers, filled with the bait, on the soil surface of each acre when the seedling onions are from $\frac{1}{2}$ to 3 inches high, and then on four or five later occasions as warranted. Excellent results have also been obtained by sprinkling the bait mixture in large drops over the soil and foliage of onions and neighbouring vegetation.

Under the trap crop method, the culls of last season's crop are planted, 100 feet apart. Their earlier leaf growth attracts the fly. The trap plants are pulled up about June 15, and destroyed.

It should be remembered that both poisons are extremely virulent and should be kept out of reach. The pamphlet referred to, is entitled "Root Maggots and Their Control," and can be had free on request.

Chandler now of this village. The ceremony took place at eight o'clock and was performed by Rev. Father Ernest Myles, brother of the groom. Mr. Val. Maloney of Barachois and Mr. Michael Myles of Chandler acted as witnesses. Following the ceremony at the church, a wedding breakfast, which was attended by many friends and relatives, was served at the residence of the bride's parents, supper was served at the groom's home. The bride and groom were recipients of many useful and appreciated gifts. They will make their home in Douglasstown.

Mr. Thomas Morris, assistant at the Atlantic, Quebec and Western Railway stations in Gaspé Harbour, moved here in company with Mr. Jas. H. Morris on Thursday.

Mrs. Robert Rooney is now staying for the summer months with her mother, Mrs. Charles Kennedy.

Mr. and Mrs. Jerome White and children of Brilliant Cove, spent Sunday here with Mr. and Mrs. Smith E. Baird.

Miss Jennie M. McAuley is here from Montreal on her holidays with her parents, Mr. and Mrs. Thomas McAuley and sister Mrs. H. D. Kennedy.

Messrs. Robert and Allan Baird were business visitors to Percé, Que., on Monday.

The Rev. Father Ahler, parish priest of St. Adolphe de Pabon, Que., paid a flying visit to Rev. Father Myles here last week.

Miss Violet Rooney will leave next day morning, June 6th in St. Patrick's Church, Douglasstown, Que., of Miss Sheila M. Maloney, youngest daughter of Mr. and Mrs. Thomas Maloney of this place to Mr. Edmund Myles, son of Mrs. James Myles, formerly of

CAN YOU DRIVE AN AUTOMOBILE

Slogans of Better Safe Than Sorry Campaign—Take No Chances

The City Business Club of Philadelphia recently offered prizes for the best set of fifteen automobile driving rules in a "Better-Safe-Than-Sorry Campaign." Since a great many "Wear-Evers" men drive cars, these rules will be of interest. Here is the prize-winning set, reprinted from the Philadelphia Public-Leader.

"Never take a chance; Let the other fellow do it."

"Be sure your brakes are good; it's better to have good brakes, than a broken neck."

"Put your hand out; the driver behind you cannot read your mind."

"Blow your horn; It's cheaper to have your battery charged than to be charged with murder."

"Keep to the right; Let the Road Hog pay the fines."

"Always be on the watch for Jay-hawkers; They pop up when least expected."

"Keep your eyes on the road; the moment you turn your head to talk in when it happens."

"Be Cautious—Don't Rush Ahead thinking you have the right of way. The other fellow may not know the law as well as you."

"Slow up and blow your horn at every street crossing; The street you miss is where you'll get it."

"Don't pass a standing trolley; Others have tried it to their sorrow."

"Don't try to hook traffic; You always end up in a jam."

"Don't cross the other fellow for obstructing traffic; Make sure you are not doing the same thing."

"Always remember that the other fellow may not have the control over his car that you have over yours; So give him a chance."

"Don't make a left hand turn if you can avoid it; Drive around the block and save the price of a new car."

"Don't race with the other fellow; If he is in a hurry to go to a hospital let him go; Don't let him take you down."

"Remember; 'Drive slow' with no fines to pay and 'live' to drive another day."

The Precious Blood, Superior of the Congregation of the Holy Rosary.

Mr. Gilbert Briand of Seal Cove has recently purchased a horse from the Howard Smith Pulp Company in Sandy Beach.

Mr. Donald Moran of Gaspé Basin, spent Sunday in this village with friends.

Mr. Thomas Morris who has been attending college in Moncton, N. B., arrived home last week for the summer holidays and is staying with his parents Mr. and Mrs. Jerome Morris.

Last Sunday being the feast of Corpus Christi the usual procession through the streets was not held owing to the weather.

Miss Lillian Carberry left on Thursday morning for Montreal to attend the wedding of her sisters which are taking place this month.

Mr. T. Paulmier from Barachois, was a business visitor to our village

during the course of the past week. Mrs. Arthur Ste. Croix of Chandler, was a visitor to her parents, Mr. and Mrs. Thomas McAuley and Mrs. Hector D. Kennedy on Tuesday.

Weather during the past week has been very fine with plenty of sunshine, farming operations have finished, but rain is needed to start everything growing.

Mr. James H. Morris had the misfortune of having one of his valuable cows killed by the train the other morning.

Mrs. John Carberry of Grand River spent a few days here last week the guest of her sister, Mrs. James Myles and Mrs. Xavier Kennedy.

Mr. and Mrs. Valentine Maloney motored here from Barachois on Wednesday to attend the wedding of the latter's sister, Miss M. McAuley to Mr. E. Myles.

Mr. Gilbert Briand of Ontario is spending a few weeks at his home in Seal Cove.

Mr. Joseph Holland met with a serious accident the other day, having had his hand badly cut. His friends wish him a speedy recovery.

Quite a few of the fishermen have launched their boats and have started on their summer's work with the fishing. Up to date some fine catches have been made. Lobsters are more plentiful than at the opening of the season, also herring are being caught.

Mr. Michael Myles from Chandler came here on the 6th inst., to attend the wedding of his brother Mr. Edmund Myles.

ESTATE NOTICE

Notice is hereby given to all persons indebted to the Estate of Robert L. Duncan to make payment of all debts, bills or accounts due the estate, at once.

All creditors of the Estate are requested to file their claims, duly proven, within three months from this date.

M. A. K. Proctor, May 31-4-23.

His Difficulty.

The form-master was angry when Thomas appeared ten minutes late for school one morning.

"Why are you late, Tommy," he said sharply.

"Please, sir," replied the sinner, "it was late when I started from home."

"Then why didn't you start early?"

"Please, sir, it was too late to start early."

"Nugget" Them

A substitute will disappoint you.

CANADA GOOD ENOUGH.

Windsor, Ont., is the boundary point through which the largest number of Canadians have been passing into the United States.

The Chief Immigration Officer there now reports that the exodus has practically ceased, and many Canadians who went across the line are returning to Canada.

They have learned that the home country is better after all. The American "boom" has been overdone.

We don't know, of course, how far Germany will go in the matter of settling reparations, but we feel obsessed with the notion that she'll not overpay and then add with a careless wave of the hand, "keep the change."

Plain Words.

Keeper—"I say, are you fishing with a permit?"

Angler (coolly)—"No, just with worms."

Campbellton, N. B., April 5th, 1923.

THE CITY PARK

No outside or foreign paper can possibly have claims upon you until your duty is discharged to the local journal of him who says he can get a city paper much larger than his own local journal for the same amount of money we would require. Do the city papers say anything about your country, its climate, water, healthfulness, soil, product, game, stockraising, mills, minerals, schools, churches, roads, bridges or other improvements? Nothing. Do they mention your public meeting, your town and country news, and the other thousand and one matters of interest which your home paper publishes without pay? Not much. Do they ever say a word gratis, calculated to draw to your town or country and aid bringing new residents and developing the wealth of your community? Not a line. And yet there are men who take such contracted views of the matter that unless they get as many square inches of reading matter in their own county paper as they do in a city paper, they think they are not getting the worth of their money.

THE MARITIMES.

Hon. Dr. Roberts, our Minister of Health, seems to have spoken his mind very plainly in Western Ontario at the convocation exercises of the University there. He took for his text the subject of a resolution which he moved and had passed in the Legislature of New Brunswick at its last session; namely, the freight rates that are strangling the business of this part of Canada. In addition to the such business purposes and for pleasure he spoke of "the secession of the Maritimes and the formation of an independent Dominion as an imminent possibility unless a truly Canadian

national policy is outlined and adhered to."

In commenting on Dr. Robert's remarks the St. John Journal says: "It is one thing for an ordinary citizen to talk about secession, and it is quite another thing for a Minister of the Crown to speak of it even as a possibility. Until every possible avenue of fulfilling Maritime hopes is exhausted there should be no talk, even at random, of secession."

There is, obviously much logic in the Journal's comment. Talk of secession is dangerous. Among the radical-minded such an idea might excite many restless, discontented people and inspire open resistance and possibly develop latent revolutionary tendencies. Nevertheless the Maritimes have their rights which have been lamentably neglected and while hoarsely need fearless champions. Strictly speaking, according to the principles of dominion unity, the Honorable Minister of Health may have gone a little too far in his remarks but his courage, nevertheless, is admirable. The present situation demands plain speaking and the press of the maritime provinces should fearlessly back up our representatives who have courage to come out boldly for the cause of these provinces by the sea. No loyal Canadian can wish for any separation between the Eastern provinces and the rest of the Dominion but unless the Maritime territories are given the consideration they deserve, secession may become not only a possibility, but an unwelcome reality.

A TAX ON GAS.

The State of Massachusetts is introducing a bill to levy a excise tax of 2 cents upon each gallon of gas sold in the state, and the Attorney General has given his opinion that the proposed imposition is constitutional. In doing so, he said that the power of the Commonwealth in the regulation of its own public ways is beyond question. The bill exempts gas used for propulsion of boats, agricultural tractors and vehicles on rails or tracks from the proposed tax which is to be regarded a toll for the use of the highways of the Commonwealth. Such a tax as this will add millions to the revenue of the State of Massachusetts. It has been under consideration by the Government of New Brunswick, but instead an addition was made to the automobile fees.

The St. John Journal says in commenting upon the Massachusetts Gas Tax: "Apparently it would have been very difficult with an extended coastline and many motor boats, to say nothing of those industries deriving power from gasoline, to have made a distinction between the sales for part of Canada. In addition to the such business purposes and for pleasure he spoke of "the secession of the Maritimes and the formation of an independent Dominion as an imminent possibility unless a truly Canadian

NEWSPAPERMEN WILL VISIT HERE

Pass Through Newcastle on Special Train June 23—Auto Ride Being Arranged.

Upwards of two hundred members of the Canadian Weekly Newspaper Association (of which 550 of the 800 Weekly Newspaper publishers in Canada are members) who will make a tour of the Maritime Provinces this month will arrive at Newcastle by special train at 2:55 on Saturday June 23, enroute to Toronto and intermediate points, from their annual convention at Halifax, June 18 and 19, and their subsequent visit to points of interest in Nova Scotia, Prince Edward Island, and New Brunswick. A stop-over of one hour will be made at the Newcastle and arrangements have been made to provide a suitable reception to the visitors, the program including an auto drive to Chatham. The "Specials" next stop will be at Campbellton where they will be entertained for another hour.

Toronto, June 11.—The annual convention of the Canadian Weekly Newspapers' Association will be held at Halifax on June 18 to 19. It is expected that about 300 weekly newspaper men from all parts of Canada, many of whom will be accompanied by their wives, will gather to transact the business of the association and enjoy a brief holiday. Every province will be represented, also Newfoundland.

On June 14 a party of 180 will travel from Toronto by special C.P.R. train to attend the convention. The party will stop, going or returning, at Fredericton, St. John, Digby, Grand Pre, Halifax, Sydney, New Glasgow, Truro, Amherst, Sackville, Summerside, Charlottetown, Moncton, Newcastle, Campbellton and Quebec City. The return journey will be made via C.N.R.

A. R. Brennan, of the Summerside, P. E. I. Journal, is president of the C. W. N. A. and E. Roy Sales, of Toronto, secretary. The report shows an enrollment of 550 newspapers. The convention programme this year will be in the style of forums, conducted by the chairman of various committees. Special speakers will include Dean Spencer, of the Seattle School of Journalism, and W. A. McLeod, editor of publications for the Saskatchewan Government.

BEGS THE PEOPLE TO SAVE FORESTS

Quebec, June 12.—Premier Taschereau issued a statement here today in connection with the forest fire situation in the province of Quebec in which he appeals to settlers not to burn their slash until abundant rains have put an end to the danger wherever it menaces. He points out that already more than 200,000 acres of forests have been destroyed this spring and solicits the aid of all citizens to help in fighting forest fires.

NOTICE.

The annual presidential of the Women's Missionary Society of the Miramichi Presbytery, will be held in St. Andrew's Church, Campbellton, on June 27th and 28th, the first meeting June 27th at 7:30 p.m. Delegates names to be sent to Mrs. D. J. Bruce.

difficult and impossible are two different words. Moreover making just distinctions is part of the government's work. It is just a question whether the increase in automobile fees is the wisest course that could be adopted. No doubt it is fair enough as far as it goes but it is possible that the province would have reaped a much greater revenue through the institution of a tax on gasoline such as has been imposed in the State of Massachusetts. In this way the people who make the most use of our highways would be contributing the bulk of yearly revenue needed for their improvement and up-keep and this would be obviously fair. As the motor vehicle now makes of those who deserve to pay the heaviest and also many of those who can best afford to contribute to the revenue in this way are exempting. The proposed imposition might be hard to justify unless there is little doubt but what if the gas tax was properly instituted, the provincial revenue would be yearly enriched by thousands of dollars, which, under the present system do not find their way into the treasury.

OBITUARY

The Late Dennis Fitzgerald.

In the death of the late Dennis Fitzgerald on May 26th inst., Matapedia lost a highly respected citizen and intimate acquaintances lost a staunch friend whose many good qualities of heart and mind endeared him to all who knew him.

The deceased gentleman who was sixty-seven years of age was in failing health for sometime prior to his death. During the time he received treatment at the Hotel Dieu Hospital the devoted sisters of the institution did all in their power for him but he succumbed after a paralytic stroke on Saturday, May 26th.

The remains were removed to the home of his daughter, Mrs. James Chesser at Matapedia, from where the funeral services were held on the following Monday. The deceased who was a son of the late Denis Fitzgerald who was proprietor of a hotelery here about forty years ago, carried on a lumber business in the Matapedia Valley district for a number of years. He was also one of the best known guides in this district and acted as guide to the Duke of Connaught on his last trip here. The late Mr. Fitzgerald was predeceased by his wife some eight years ago but is survived by one brother, Simon of Washington, D. C. and one sister, Mrs. James Hall of Wisconsin. He also leaves to mourn five sons and three daughters. The sons are Richard, James, Welfrank and George and the daughters are Mrs. Jas. Chesser, Mrs. G. Adams and Bertha, of the Hotel Dieu Hospital nursing staff.

The funeral which was held on the 28th of May was probably the largest ever witnessed in the village of Matapedia, friends from far and near being present to pay their last tribute of respect to the departed. The nurses of the Hotel Dieu Hospital in uniform attended in a body. Rev. Father St. Pierre officiated and was assisted by the Rev. Fr. F. M. Lantagne who preached an eloquent funeral sermon. The pall bearers who were all friends of the deceased were: Messrs. Bruce McBeath, Donald McBeath, David Fraser, Wm. Moore, David Babcock and Richard Firth. Interment was made in Matapedia Cemetery.

Mrs. Chas. Miller.

News of the death of Mrs. Chas. Miller of Summerside, N. B., which had event occurred at the Soldiers' Memorial Hospital on Saturday evening last, cast a gloom over the community. Deceased who was forty-one years of age was removed to the Hospital some two weeks ago where all that medical skill and careful nursing could do for her was done, but without avail, she passing peacefully away as above stated on Saturday evening last. She leaves to mourn their loss a bereaved husband, five daughters, Violet, Jessie, Margaret and Edith and three sons, Everett, Gilmore and Sydney, all at home, to whom the sympathy of the community is extended in the loss of their beloved one. The remains were forwarded to the deceased's late home in Summerside on Sunday. The funeral services, which were held yesterday afternoon, Rev. Mr. Shaw officiating were largely attended.

Mrs. N. A. Landry

At Bathurst, on Thursday, Mrs. Landry, wife of Narcisse A. Landry, K. C., Clerk of the Peace, Judge of Probate, etc., died. The deceased, who was formerly Miss Pelletier, Shelia, leaves two sons and five daughters, Leandre, Aurele, Mrs. Clee Melanson, Mrs. Richard Savoy and the Misses Lea Marguerite and Corinne.

NELSON MAN'S FATE IN NORTH QUEBEC

Details of the Drowning Accident at Sturgeon Falls Received in Province

St. John, N. B., June 9.—The first details of the drowning of Nelson Man, which occurred a few days ago, when a party of eighteen young men were en route into the wilds of northern Quebec on a geological expedition, and as a result of which two of their number were drowned, reached the city this morning in a letter received from her son, Dr. Wm. F. James, who was in charge of one of the parties.

In his letter, written from Villa Marie, Que., Dr. James said they were all in a motor boat which became disabled as they neared the falls. He with two others jumped into a canoe and endeavored to tow the disabled craft out of the current, but the tow rope was too short and their efforts were unavailing. The motor boat went through the falls and those in it were not even wet. During the excitement Everett Dolan, of Nelson, N. B., and Thomas Lawlor, of Ireland, either jumped overboard or fell out of the boat. Just exactly what happened to them is not known. When the boat had safely passed over the falls and it was discovered that two of the members were missing, every effort was made to locate them, but without success.

CAMP SITES

Camp sites at Fredericton, Sackville and St. Andrews have been established for automobilists through the action of the N. B. Automobile Association. The Fredericton camp is located on the Old Government House grounds; that in Sackville is near a hotel, and the St. Andrews camp is situated at Indian Point. Campbellton might well establish a camp site at Riverside Park.

GOOD STRAWBERRY PROSPECTS

The prospects for a bumper strawberry crop in New Brunswick this season are very bright. Growers of strawberries report that the plants wintered well and the blossoms are heavy. It is expected that the first of the New Brunswick crop will be on the market in two weeks, but the peak of the production probably will not be reached until the second week after the first berries appear.

REAL VALUES

A sale which opened a week ago and which is still running at the store of D. Goldenberg & Co., on Water St., offers exceptional values to shoppers in various lines of merchandise. It is seldom that this firm puts on a sale but when it does the bargains advertised are invariably genuine values. Shoppers from out of town should not fail to call at the Goldenberg store as the special summer sale bargains will undoubtedly save them money. The Goldenberg store carries an extensive stock of dry goods, boots and shoes and ladies' furnishings and during the present sale substantial reductions are being made in almost every line.

A FATHER'S DAY GIFT

ROYAL ARCH MASONS
HERE LAST WEEK

Grand Officers Gathered Here To Present Charter to Chapter Here.

The Grand Officers of the Royal Arch Masons gathered here on Thursday evening last for the purpose of presenting a Charter to the Campbellton Chapter and were delightfully entertained at a banquet in the hall of the Presbyterian Church, by the officers and members of Campbellton Chapter, No. 21, Royal Arch Masons, after the banquet all repaired to the Masonic Hall where the Charter was presented to the local Chapter which was organized in March, 1922.

The visiting Grand Officers were: Geo. H. Day, G. H. P.; Wm. Smith, D. G. H. P.; R. A. Snowball, G. K.; O. B. Deason, G. S.; Chas. Robinson, G. C. H.; Geo. Adman, G. Sec.

After the presentation of the Charter in the Lodge Room a delightful evening was passed in speeches, etc. The visiting brethren left here on Friday morning for Edmundston for a similar purpose.

WICKS—FERGUSON

A very pretty wedding took place at the home of Mr. and Mrs. J. C. Ferguson on Wednesday, morning at nine o'clock, when their daughter, Bertha Margaret was married to Mr. W. Ernest Wicks, son of Mr. Walter Wicks of Halifax. The bride was given away by her father, wore a tailored navy blue pique suit with almond green silk hat and a sable fur and carried a shower bouquet of ophelia roses.

Miss Isabel Currie was bridesmaid, wearing a beige pique suit with beige tulle straw hat to correspond and milk fur and carried a bouquet of pink sweet peas.

The groom was supported by Mr. Douglas McNair.

Following the ceremony a wedding breakfast was served, after which the bride and groom left on the Ocean Limited for a trip through Nova Scotia, later going to their home in Eton, P. E. I., where the groom is manager of the Royal Bank.

The bride was the recipient of many beautiful gifts.

SUMMER IS COMING

The season for Summer Underwear is now approaching and you can find Hatch no better combinations in Athletic Style or Short Sleeves and Ankle Length Drawers at Andrew's Clothing Store. They also have various weights in Penman's and other makes to suit all classes of customers.

SERIOUS FIRES
ON NORTH SHORE

Estimate of Damage Impossible As Yet—40 Buildings Reported Lost at Newport

That untold damage to lumber limits and other property has been caused by the forest fires, which have been raging throughout the northern half of the province for the last ten days, is evident from scattered and brief reports which have come in from various devastated sections of the country. For the past week the situation has been very serious on the International branch of the Canadian National Railway. Over the week-end fires broke out in different localities there and wrought serious damage to large tracts of valuable lumber limits. Detailed reports are unavailable owing to the fact that telephone wires are down in many places along the line and communication is consequently tied up.

Heavy Losses.

So far, it is obviously impossible to estimate even approximately the damage done. It is still hoped by officials of lumber concerns here that many of the alarming reports from the fire zone are unfounded. The total losses however will be heavy and will aggregate several hundred thousand dollars at least.

The Richards Manufacturing Co., have been heavy losers in that section of the country. In addition to the loss of large quantities of lumber at Brien's Siding, Red Bank and Whites Brook on the I. N. R. branch they also had a mill completely destroyed by the flames at the latter village.

The cruelest of the disaster was probably reached on Monday afternoon when, swept by a gale of northwestern wind the whole country seemed dotted with fires. A relief train was sent out from Campbellton to Whites Brook in the afternoon carrying fire-fighters, quantities of hose and other fire-fighting apparatus and additional supplies. It was feared at first that the inhabitants would be driven from their homes but later this proved unnecessary. So far as is known only five dwellings were destroyed in the vicinity. Other smaller fires have been raging in different districts throughout Eastigonche but to-day the situation all round seems considerably improved.

An Alarming Report. Authentic information concerning the fires along Gaspe Coast has been difficult to secure for the past few days owing to wires being down at different points but an alarming report has been received from Newport, Que., which stated that some forty

DEALERS WANT
TOO MUCH PROFIT

Some Asking Only 45 Cents for Gasoline Which Cost Thirty and a Half.

Some person said there was no money in selling gasoline. Well we have changed our minds especially after having to pay the prices charged at most filling stations.

In Campbellton the wholesale prices of gas is 30 cents delivered yet most of the dealers are charging 40 or 45 cents per gallon, while one is advertising at 36 cents per gallon.

At Dalhousie where gas costs delivered 30 1/2 cents, all the dealers are charging 45 cents, while at Upper Charlo the dealer there who has to pay freight and haul his gas two or three miles finds a sufficient profit at 40 cents.

When so much gas is used the dealer can surely afford to sell at a closer price. We would suggest that the Automobile Association get after dealers and insist upon a uniform price.

buildings, including dwellings, barns and out houses, were destroyed there by a fire which literally swept the village on Monday. The actual extent of damage or details regarding this conflagration are not yet available.

Since 1918 prices have dropped 10 times and gone up 11.

Nervous Feeling Due
to Gas on Stomach

Pressure of gas on heart and other organs often causes a restless, nervous feeling. Simple burthen bark, glycerine, etc., as mixed in Adierka, expels gas and relieves pressure and nervousness almost INSTANTLY. Acts on BOTH upper and lower bowels. Adierka removes matter you never thought was in your system which poisoned stomach, causing gas and nervousness. EXCELLENT to guard against appendicitis. A. McG. McDonald, Druggist.

PROPOSED CHARGES IN FIRE LAWS

May Be No Slash Burnings in
Spring is Now
Talked of

Fredericton, June 8.—A census of the Indians of New Brunswick will be taken this summer, when complete returns are expected to be collected of all Indians residing in the province whether on reservations or not.

Indian Agent J. B. Griffiths, of this city, has received instructions from Ottawa, to proceed with the taking of the census in his district, which covers the seven counties of Carleton, York, Sunbury, Queens, Kings, St. John and Charlotte. Owing to the difficulties which may be experienced in the collection of this information the time limit extends into October.

Similar instructions were issued in connection with the Dominion census, two years ago, but owing to the large numbers of Indians engaged in various branches of work outside of their own agencies the returns which could be secured with reasonable accuracy applied to those resident on the reserves. The census which will be taken this summer aims at as complete a tabulation as possible of all Indians in New Brunswick.

A statistical report of the numbers of Indians in this agency engaged in farm work has also been asked for, but as the forms which were sent for this return were printed in French some delay will be experienced in completing the returns asked for.

CENSUS OF N.B. INDIANS ORDERED

Enumeration of All Indians
Whether on Reservations
or Not Planned

The customary spring burning of slash in New Brunswick may soon become a thing of the past. Forestry officials, to whom the safety of the province's forest resources are entrusted, are seriously considering the necessity of this reducing a serious fire hazard which has recently been again brought to the attention of the entire province in the destructive fires which have been largely attributed to this source in northern New Brunswick.

While spring burning is conducted now under restricted regulations requiring special permits after May 15th, those in close touch with the situation claim that carelessness in the use of matches has been the cause of the fires of last week which have been concentrated in Madawaska, Restigouche and Gloucester counties.

An investigation of the causes of these fires show that in many instances slash burning and clearing fires were started without the permits required, while on prosecution under the Criminal Code has already been instituted for wilfully setting fire. This is the first prosecution of this nature, the maximum penalty for a conviction being 14 years imprisonment.

Burning in the fall under conditions which reduce the fire hazard and also as the only proper solution of this subject.

Great Hopes.

The head of the firm had caught the office boy telling lies.

"Boy," he said, "do you know what they do with boys who tell lies?"

"Yes, sir," was the reply, "when they are old enough the firm sends them out as travellers."

OF INTERETS TO WOMEN

Why not arrange a
Strawberry Shower
for the June Bride

Of course, you will guess right away that this has something to do with the June bride! It might be turned into a house-warming party or a church festival, but we will give the bride the best of both worlds.

In sending out invitations for the bride-shower, paper strawberries, which open like a book and have the card of invitation between are new and pretty.

The affair may well be a tea, as these are busy times for the bride and a more formal style of entertaining would add labor and expense.

The few flowers required for decoration should be of the spring type, hyacinths, jonquils and other available, if it is too soon for outdoor roses.

Programme may be prepared—musical or any other kind—to entertain the guests. This is an individual problem. So we will leave it to you to get to the refreshments.

One idea is to have large pieces of delicious old-fashioned strawberry short-cake, made of good biscuit dough with plenty of berries and syrup, served with the tea. A little cream may be passed, but no whipped cream should be served with this sort of a shortcake. Or, strawberry sandwiches, among others, may be served with tea, and strawberry cream or parfait served afterward.

Now in using the shower for a house-warming, the invitations are sent out in the form of small strawberry baskets, which open like the berries for a card of invitation between the back and front of the basket. A wooden strawberry crate stands in the hall ready to receive the donations, that are usually brought to a house-warming. The house decorations should be of spring flowers as profusely used as possible. The supper—for there is always a supper at a house-warming—is where the strawberries come in. The following menu will suggest many ways of using the berries:

MENU
Cold strawberry soup, Welch raisin, strawberry sandwiches, strawberry salad, cheese straws, strawberry ice cream, cake, coffee.

Doesn't it sound good? Well, it is. Cover the table with white crepe paper having the strawberry border and in the centre place an immense strawberry Jack Horner pie filled with little souvenirs. Paper plates, strawberry decorated and folded paper cups, do away with all thought of dish-washing, which is always a bugbear after a big affair. The flat silverware is no trouble for it may be put in water and washed in the morning.

Suppose the shower is to be used for a church affair, then it may take on another aspect—that of a sort of lawn party.

For a church "social" strawberry cakes, pies, jellies, and sherbets may be sold at a stated price, as it makes less confusion and net as big a profit.

A strawberry crate grab-bag finds all the prizes done up in strawberry-colored paper.

A delicatessen booth is a new idea, opens sinner, may be the means of cooked foods always sell, especially if in asking women to contribute to it, good cooks are chosen. Another good feature of this booth is that if the supper supplies run short, it is a ready source for substitutes. All foods may be concentrated at this point and kept in better condition than at separate booths.

Master of the Situation.
The man who had forgotten to bring any literature on his three hours' railway journey contemplated the short paper.

"Would you mind lending me your spectacles?" he asked politely. The short-sighted man nodded assiduously.

"Certainly, certainly," he assented, handing over his glasses.

"And now, sir," said the traveller, pocketing them, "since you can no longer see to read, would you mind lending me your paper?"

Systemize Your Morning Routine

For the housewife there is a certain inevitable similarity in the first hour or so of every morning. There is never any chance that a fairy god-mother will have arrived betimes to get breakfast ready and set the table.

There is less likelihood that some member of the family will announce to the housewife that there is no need to get up early as breakfast has been begun and is well under way. And no one ever asks you and your family out to breakfast and though some time you may arrange for a restaurant dinner the chances are that you will never indulge in a restaurant breakfast.

So for 365 days in the year there is just about the same task to perform every morning. Now the very best way to lighten this task is to reduce it as much as possible to a routine. Figure out the simplest, easiest way to go about your tasks, and then do them just the same way every day. You will find if you do, the habit will require very little mental effort.

Meantime you may be using your head over something more interesting. Arrange your breakfast routine so that there will be the least steps, the least trips up and down stairs. Unusually in the long run it is worth while to dress completely before going into the kitchen. The trick of running down the first thing to put the kettle on costs the trip from kitchen to bedroom and doesn't save very much time after all. Whatever your breakfast menu, figure it out. Plan how you can accomplish the task with the best results and least trouble.

Of course there are maidless housewives who infallibly rise some time before clockwork so that they may be immaculately and completely dressed with still enough time before them to spend the half-hour or 20 minutes that it usually takes to get breakfast. But they are few and far between and one is tempted to feel that most of them would be such paragons of wifely virtue that they would be rather after their early morning rising.

Yet no housewife likes to have to rush breakfast-getting into 10 minutes, with under-cooked cereal, dishes thrown on the table and negligently made coffee, and the habit of slipping down to get breakfast in a kimono is a slovenly habit at best.

A good way to approach the problem, then, is to have really appropriate morning dresses that are no more difficult to don than is a kimono. The slip-on type of dress, that needs no buttoning, and that can be fastened neatly by simply tying a sash below the waistline, is a good selection.—Providence Journal.

Six Kinds of Summer Sandwiches to Serve With Tea

Most people that have porches are beginning to enjoy them thoroughly. Early summer is such a delightful time outdoors, and although the family may not eat all their meals there, they should if possible. Afternoon tea is often served there, and it is nice to know a lot of dainties to prepare for this informal function. Hot tea, ice-cream, tea-punch, or tea-jelly may be present, no matter what other omissions may be allowable. The tea-punch may be varied with different flavorings of mint, lemon verbena, rose leaves or spices, also with any of the fresh fruits liked.

Ham and Current Sandwiches
Mince very fine, enough cold-boiled ham to make a small cupful. Mix with the ham a half-cupful of currant jelly and a saltspoonful of paprika. Work to a spreading paste, add a tablespoonful of washed and chopped capers and spread on thin strips of whole-wheat bread.

Tutti Frutti Sandwiches
Seed and chop enough raisins to fill a small cup. Add two grapefuls of chopped nuts, a dozen olives, minced fine, a tablespoonful of dry apple sauce and enough mayonnaise to make the mass soft enough to spread well. Butter sly bread rounds very lightly and lay up the sandwiches. If preferred, Bo-

iled four eggs hard and when cold put them through the ricer. Add a little pepper, salt, sugar, two tablespoonfuls of washed and chopped capers and work in enough mayonnaise to make a spreading paste. Lay up on rye bread that has been lightly buttered with anchovy paste and garnish with half-cherries.

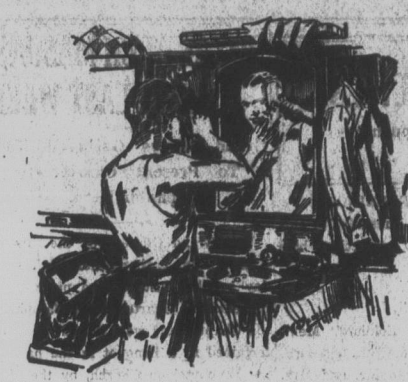

Organized.
Sam was driving along a country road, when a horse fly started digging in on one of his mules. Out flickered his long "black-snake" whip, and they fly passed into oblivion.

A little further on, and Sam spied a tiny lizard scuttling up a tree. Out went the whiplash again, and the lizard ceased to take interest in world affairs.

"Sam," suggested his white companion, who had been admiring his skill with the whip, "seeing if you can bring down that hornet's nest up there."

"No, sah, boss! No, sah!" Sam objected vigorously, urging his mules to a faster pace. "Ah sah! monkeyin' with no hornets. Dem downgone bugs is arganized!"

In Her Element.
The small girl had been beaten in the school swimming carnival, her rival winning by about a yard. The small girl, to her family's surprise took the beating nonchalantly. "You see," she explained gravely at the family tea-table, "Gusdude Gopher should swim better'n anybody else. Her father keeps a fish-ship!"

PALMOLIVE SHAVING CREAM

ton brown bread may be used instead. Cucumbers Sandwiches

Peel and chop very fine two long, thin fresh cucumbers. Add two grapefuls of onions, pepper, salt and a teaspoonful of sugar. Place in a little white enamel strainer over a bowl and put in the ice box to drain and chill. When ready to use sprinkle with a table-spoonful of French dressing, and when it is drained off, fold in enough Women's Page 6 kinds of summer 2

mayonnaise to make a spreading consistency. Butter whole wheat rounds lightly and then spread on the paste. Serve stuffed slices with the sandwiches.

Southern Sandwiches
Slice firm tomatoes after they have been peeled and chilled. Dip each slice in heavy mayonnaise, then in finely chopped salted peanuts and lay each slice between lightly-buttered whole wheat bread rounds. Spread the tops with mayonnaise and dust with a little paprika. These are hearty and very tasty sandwiches. They are best served with hot tea.

Chick-Pea Sandwiches
Soak a half-pound of chick-peas overnight, changing the water once to make sure they are clean. In the morning boil them with salt in the water until they are very tender, drain them through a pure sieve. Add salt, pepper, a little sugar, a lump of butter, the juice of an onion and cream enough to soften and beat the mixture until light and creamy. When ready to use, spread both pieces of bread with the paste and lay a lettuce leaf that has been dipped in French dressing between.

Egg Sandwiches
Boil four eggs hard and when cold put them through the ricer. Add a little pepper, salt, sugar, two tablespoonfuls of washed and chopped capers and work in enough mayonnaise to make a spreading paste. Lay up on rye bread that has been lightly buttered with anchovy paste and garnish with half-cherries.

LIFE BURDENED BY DYSPESIA

Health and Happiness Came With "Fruit-a-lives"

Made From Fruit Juices and Tonics

"Fruit-a-lives", the wonderful medicine made from the juices of apples, oranges, figs and prunes, is one of the greatest means of doing good that this country of ours has ever known.

"Fruit-a-lives" is bringing health to hundreds and hundreds of people who suffer with chronic Constipation, Biliousness and Dyspepsia.

Mr. Frank Hall of Wyre, Ont., says, "I purchased a box of 'Fruit-a-lives' and began the treatment. My condition improved immediately. The dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation."

Box a box, 6 for \$2.50, trial size 25c. At dealers or sent by Fruit-a-lives Limited, Ottawa, Ont.

They Certainly Were.

She was a sentimental, loving little person.

"Algy," she said to her husband, "do you remember that tomorrow is the fifth anniversary of our wedding day, and that I've never missed baking you a special cake for that day?"

"Yes, dearest," he replied thoughtfully, "and look back on these cakes as milestones in my life."

KEEP BUSINESS AT HOME.

No town can be permanently prosperous in which the citizens and tradesmen dependent on each other do not patronize one another.

The fact is, there is little to be gained in outside trading when it can be done at home, and often there is a loss.

Show us a town in which the people do not send away for anything they can get at home and we will show you a town in which business is good, everybody buys and trade is centered from abroad. Prices are low and the tradespeople patronize each other, having no suspicion that their confidence will be abused.

When business men of any town get into the habit of sending outside for purchases that can be made in their own town, business will languish. Having no confidence in each other how can they expect others to have confidence in them? That is not the way to build a town. Let us patronize each other, and keep our business a home, thereby setting a right example to the buying public in general.

MURINE Night and Morning.

Rev. Fr. Lyons who has been visiting at his former home in Chatham, spent yesterday in town the guest of Maat. A. Kelly, enroute to Edmundton, Alberta.

Mrs. Byam and two sons, who have been the guests of Mrs. Byam's brother-in-law, Mr. Thos. Matheson, for the past two months have returned to their home in Calgary.

Mrs. W. R. Fitzmaurice and daughter Miss Phyllis spent a few days in town last week the guests of Mrs. R. B. Rosborough, enroute from Moncton.

real to their home in New Glasgow. Mr. and Mrs. I. E. Travers and little son Eldred, spent the week-end in Pt. Pleasant the guests of Mr. and Mrs. James Crawford.

Mrs. J. F. Andrew and Mrs. W. T. Cook are spending a few weeks in Niagara, the guest of Mr. and Mrs. Alex. MacBeath.

Mrs. Percy Shannon and little daughters Dorothy and Marjory left on Monday's Limited for Church Point, N. S., where they will be guests of Mrs. Shannon's sister, Mrs. Ernest LeBlanc. They were accompanied as far as St. John by Mr. Shannon.

A very enjoyable afternoon was spent by the Nurses in Training of the Hotel Dieu Hospital on Tuesday last at a picnic at Allain's Beach, Dalhousie. They appreciate very much the kind hospitality shown them by Mrs. Allain and Miss Helena Harquail, and also grateful to Mr. Geo. St. Onge, Mr. O. J. Klein and Mr. James Fitzgerald for the use of their cars. The Nurses were thirteen in number and were chaperoned by Mrs. Geo. St. Onge.

Mr. Edmund Boden, Manager of Messrs. Mappin & Webb Ltd., Montreal and Mr. Wm. E. Roughton, well known champion athlete director of the M. A. A. of Montreal arrived on Tuesday's Limited as the guests of Mr. O. J. Klein at whose residence they are staying while in town. Mr. Klein and party left on Tuesday morning by car for Bonaventure where they will do some fishing while Mr. Klein is proceeding to Gaspe on a business trip.

FATHER'S DAY.

Father's Day is on June 17th. You can show your appreciation of him in no better way than by buying him a nice new Suit, Shirt, Tie, Hat or any one of the many useful articles to be found in ANDREW'S CLOTHING STORE.

SLIGHT FIRE.

A fire, which broke out at 3 o'clock in the old Gillman residence on Pleasant Street which was partly destroyed by fire about a year and a half ago, caused considerable excitement this afternoon. The fire brigade responded promptly and the blaze was extinguished before it had a chance to spread to any of the nearby buildings. The blaze, it is thought was caused by a spark from the Stetson Cutter Co's mill burner.

HAD PLEASANT TRIP.

Messrs. A. P. Patterson of Baird & Peters, A. P. Patterson, Jr., H. R. McLellan and H. R. McLellan, Jr., all of St. John, spent several days last week at the Popelogan camp of the Royal Hunting and Fishing Club and had a most enjoyable time. They caught a large number of fine trout.

Cox's Famous Homespun
The Choice of Well-dressed Men

Homespun is the ideal cloth for summer wear, and "Cox's" means the finest quality homespun you can buy.

The "CORNELL"

A smart model for young men. Made of Cox's Famous Homespun, in either a light grey with a faint blue overcheck, or a Lovat mixture with a green overcheck. A body-fitting style, skeleton lined, with soft roll notch lapels, and patch pockets. \$24.50

A great value at a modest price.

The "ROLAND"

For men of conservative taste. It is in a becoming shade of grey, Hart-tailored in a loose-fitting, easy style, skeleton lined, and exceedingly comfortable. The price is only \$24.50

CAMP SUSSEX
OPENS JUNE 26

Number of Men Under Vanvas Expected to Be Larger This Year.

The annual training camp at Sussex this year is expected to be bigger than last, and there has been a great deal of enthusiasm displayed. The camp will open on June 26th and will continue until July 4, with the following units attending: The 8th Princess Louise New Brunswick Hussars, the 1st Brighton Field Company of the Canadian Engineers, the 7th Cyclist Company, the 6th Infantry Brigade, including the Carleton Light Infantry, the York Regiment, the North Shore Regiment and the New Brunswick Rangers, and No. 1 Company of the 6th Divisional Train. In addition to these the St. John Fusiliers will spend the last four days of their training time in the camp from June 29 to July 2.

All the units will be at somewhat greater strength than last year. The training will be largely in the nature of a school, at which particular attention will be given to training in tactics. The senior officers of the units will be grouped into senior schools at which lectures will be delivered on tactical matters.

The Camp Staff

The staff of the camp will be as follows: Camp Commandant, Colonel Commandant J. Houlston, D. S. O.; general staff officer, Lieut.-Col. H. C. Sparling, D. S. O.; district assistant adjutant and quarter-master-general, Major H. G. Wood, M. C.; Camp supply and transport officer, Captain W. V. Ross Winter; camp pay master, Captain G. V. Furlong; camp signal officer, Lieut.-Col. T. E. Powers, D. S. O.; infantry instructors, Captain H. B. Poston and two officers to be appointed from the Royal Canadian Regiment; the camp medical officer, veterinary officer and munitary officer are yet to be selected from the non-permanent militia, and two officers of the Royal Canadian Dragoons will be appointed as cavalry instructors.

On Saturday evening, June 30, tattoo will be held on the camp grounds by the band of the St. John Fusiliers and

More Thoughts
On the Proposed
Sport Movement

Last week the writer stated in an article in the Graphic that he thought it would be a splendid idea for the town council to make some definite move in regard to fixing up the "Old T. N. R. property" with the view of converting it into a ball park. He is still of the same opinion. Of course the term "ball park" is merely a convenient phrase. Our idea is not that the proposed improvement should be made solely for the sake of those who want to play ball, although that in itself would be a worthy of the undertaking. What Camp-ment is a Re-creation or Amusement Park or Playground sufficiently spacious to accommodate all the branches of summer athletics, not only for the young men and young women, but a place which will also provide for the younger folks as well. According to our knowledge of the above mentioned site it is large enough to make a suitable park of this kind, and unless we are in error, this unused property is the only available location in town.

It is not necessary to go into details regarding just what would have to be provided for in making the proposed park a reality, two things which rank among the most important requisites for a good baseball diamond and a satisfactory proper child track—two things that Campbellton should have had years ago.

Only Objections.

The only objection to the site above referred to is that it is located in the western part of the town. Some have their baseball enthusiasts seem to think that it is too far west to accommodate the clubs of the east and of the town. We frankly admit that it is not a one, that Campbellton is located in the west, but it is also a fact that the site is not much further west than the last for the O'Leary field, which approached by the shortest route. And if this can be fixed up as a permanent park it time. How would, even if a little far from Ward on playing out I, be much better than leaving the on the narrow O'Leary field for one season at a time and weeks and at a high rental.

Although many do not seem to munitary work, realise it, it is nevertheless a fact possibilities that local sport will never be a one-shoulder one until a permanent field is secured. through life a Just as in any enterprise, we must get privileges for some grip on the future. Beginning steps upon that all over each spring is exactly what is. Now don't checking the advance of sport in are not getting Campbellton. Efforts have been made we have no d each season to secure a permanent problem upon field upon which could be made the to the annual necessary improvements. The diffi: We prefer to culities have discouraged the faint. But we imple hearted and the same old comedy has causes which been repeated. It is time to call the urgent and w curtain on such proceedings. It is duty which as not a matter of "What else can we. As stated it do?" It is decidedly a matter of mittee of fou "We will do something new and settle investigate in this hindrance for all time." If the be done. W latter course is not adopted then local their commis sportmen might as well throw up the and for once sponge. And there is no true lover a real boost of sport who wants to do that. An appropriation has already been made by the town council for this proposed park. They deserve to be commended for this move. It is now up to sport leaders and all those interested in the youth of the town to get busy and see what's what.

Time To Wake Up.

At the baseball meeting on Thursday last some one stated that it was hardly probable that an all-round THE GRAPHIC

More Thoughts On the Proposed Sport Movement

Last week the writer stated in an article in the Graphic that he thought it would be a splendid idea for the town council to make some definite move in regard to fixing up the "Old I. N. R. property" with the view to converting it into a ball park. He is still of the same opinion.

Of course the term "ball park" is merely a convenient phrase. Our idea is not that the proposed improvement should be made solely for the sake of those who want to play ball although that in itself would be worthy of the undertaking. What Campbellton wants is a re-creation or amusement park or playground sufficiently spacious to accommodate all branches of summer athletics, not only for the young men and young women, but a place which will also provide for the healthy out-door amusement of the younger folks as well. According to our knowledge of the above mentioned site, it is large enough, and unless we are in error, the unused property is the only available location in town.

It is not necessary to go into details regarding just what would have to be provided for in making the proposed park a reality, two things which rank among the most important requisites are a good baseball diamond and a proper cinder track—two things that Campbellton should have had years ago.

Only Objections.

The only objection to the site above referred to is that it is located in the western part of the town. Some baseball enthusiasts seem to think that it is too far west to accommodate all the needs of the east end of the town. We frankly admit that it is not a central location but it is also a fact that it is not much further west than the shortest route. And if this can be fixed up as a permanent park it would, even if a little far from Ward I, be much better than leasing the O'Leary field for one season at a time and at a high rental.

Although many do not seem to realize it, it is nevertheless a fact that local sport will never be a success until a permanent field is secured. Just as in any enterprise, we must get some grip on the future. Beginning steps upon the capable adult human, all over each spring is exactly what is needed. Efforts have been made we have no desire to pour forth ap each season to secure a permanent problem upon those who contribute field upon which could be made the to the annual expenditure for luxuries, necessary improvements. The difficulty we prefer to mind our own business, hearties have discouraged the faint-hearted and the same old comedy has been repeated. It is time to call the urgent and which the support of is a curtain on such proceedings. It is duty which cannot be escaped.

As stated in another column a committee of four has been appointed to investigate matters and see what can be done. When they have finished their commission let us all co-operate and for once give the sport movement a real boost.

Time To Wake Up.

At the baseball meeting on Thursday last one stated that it was hardly probable that an all-round

Athletic Association could be organized this summer. We may be overly optimistic in the matter but we have no hesitation in saying that we do not agree with that idea. If such an organization cannot be got under way this summer then the scheme might as well be dropped for all time. The season is rapidly advancing but there is positively no reason why we should wait for another year. We have been sitting and waiting for too long now. Unless the movement is definitely started and the whole town aroused to its vital importance and possible far-reaching benefits this season, every one will grow cold and lose interest and whatever has been accomplished towards enlisting support will have to be done all over again next spring.

Another impression which should be eradicated in the minds of some that Campbellton and its citizens cannot afford to undertake a movement of this kind at present. Nothing is further from the truth. Such sentiment is either the miserable excuse of the shirker or idle chatter born of ignorance. More than that it is a covert expression of "the youth be damned" policy. Thousands of dollars, accompanied by the jungle of fine china and silverware, roll over the counters of ice cream parlors and soda fountains every year in this town; thousands of dollars are invested in automobiles every summer and are blown through the exhaust pipes of expensive motors solely to satisfy the whims of pleasure and luxury-loving people; thousands more are poured in at the ticket-windows of places of amusement for a few hours entertainment; thousands are spent on elaborate social functions and other

paraded thousands are poured down the parched throats of those who "must have their little drink." And then some people, surrounded by these luxuries, in their stupid and selfish indifference have the audacity to intimated that Campbellton cannot afford the expenditure of a few thousand dollars for the proper training and wholesome amusement of our youth.

How long will the deplorable fact continue to stand as a permanent park it would, even if a little far from Ward I, be much better than leasing the O'Leary field for one season at a time and at a high rental.

Although many do not seem to realize it, it is nevertheless a fact that local sport will never be a success until a permanent field is secured. Just as in any enterprise, we must get some grip on the future. Beginning steps upon the capable adult human, all over each spring is exactly what is needed. Efforts have been made we have no desire to pour forth ap each season to secure a permanent problem upon those who contribute field upon which could be made the to the annual expenditure for luxuries, necessary improvements. The difficulty we prefer to mind our own business, hearties have discouraged the faint-hearted and the same old comedy has been repeated. It is time to call the urgent and which the support of is a curtain on such proceedings. It is duty which cannot be escaped.

As stated in another column a committee of four has been appointed to investigate matters and see what can be done. When they have finished their commission let us all co-operate and for once give the sport movement a real boost.

His Finish, Too.

Employer—"I thought you were ill yesterday, Mr. Smith?"
Smith—"Yes, sir."
Employer—"You didn't look very ill when I saw you at the races" in the afternoon."
Smith—"Didn't I, sir? You should have seen me after the finish of the 8.30."

ATHLETIC ASSOCIATION MAY BE FORMED HERE

Committee Appointed—Move Made by Town Council in Right Direction—Time for Indifferent Citizens To Wake Up.

A baseball meeting was held in the Fireman's Hall on Thursday evening last and although the attendance was not very large, it was a fairly representative one. Mr. James Jardine, who has given the boys every appreciable assistance every season for years was on hand, and councillors Graham and Gorham were also there. The Rev. W. W. McNair was present, anxious to help in any way possible and on this action he deserves to be highly commended. Mr. L. A. Gilbert was also on hand, appearing in the interests of the High School boys.

After some open discussion on various matters touching on sport, the vice-president R. M. Raymond taking the chair in the absence of the president, called the meeting to order and the matter of a baseball field was taken up. It appeared that there was nothing else to do but accept the O'Leary field offer. Mr. Jardine moved that this field be taken at the figure offered \$100. This motion was seconded by Rev. Mr. McNair and carried. The formation of the league was then discussed. A three team league was favored but it was finally agreed that a four-cornered league be organized in order to make a place for the High School players.

The vice-president then brought up the matter of the diversion of the season's proceeds and suggested a change. He stated that he felt a better plan than that now in force would be that 50% of the proceeds go to the club management and the balance be divided among the teams. A motion to this effect was put through.

Mr. McNair asked if it was the intention of the club to put up a trophy for the winning nine and added that he felt sure some local business man would be glad to put up a cup. This idea met with instant approval and was moved and seconded and the motion unanimously passed that Rev. Mr. McNair be appointed a committee of one to solicit a trophy.

The possibility of a north shore league was then discussed. It was brought out that several difficulties existed which would hinder the satisfactory working of such a league but nearly all those present were in favor of such a movement if it could be properly organized. The secretary was authorized to write the different Clubs of Dalhousie, Jacques River and Bathurst.

Rev. Mr. McNair then spoke on the organizing of a Campbellton Athletic Association. He said he felt that sport had been sadly neglected in this town and declared that it had been his experience during his various Christian work activities that good clean sport was one of the best incentives to clean and right living among the young. He stated emphatically that telling energetic young people not to do this or that was not enough; they must be given something worth while else to do which would take the place of harmful habits. The reverend gentleman was

followed by one of the boys who expressed gratitude at Mr. McNair having taken such a stand and having spoken so frankly on behalf of the young. L. A. Gilbert then rose and commended the two proceeding speakers on their support of the Athletic Association idea. He declared that he had read several articles on this subject in the Graphic with much interest and assured the meeting that he was in sympathy with the movement. In the course of his remarks he referred to Sussex and added that he would like very much to see an all-round Athletic Association formed here. This matter was well received by those present and after some further discussion the Rev. McNair and Messrs. L. A. Gilbert, R. J. Levoie and S. P. McKenzie were appointed a committee to look into matters regarding the organization of an Athletic Association and see what could be done.

Harry Hache, secretary of the Club then moved a vote of thanks to Mr. McNair, Mr. Gilbert and the writer of the article in the Graphic for the interest they had shown. The league schedule was then dealt with and the following schedule drawn up.

SCHEDULE
June 11—C. H. S. vs. Cubs.
13—Cubs vs. C. N. R.
15—C. H. S. vs. Cubs.
18—Cubs vs. C. N. R.
20—C. H. S. vs. C. N. R.
22—Cubs vs. Cubs.
25—C. H. S. vs. Cubs.
27—Cubs vs. C. N. R.
29—C. H. S. vs. Cubs.
July 2—Cubs vs. C. N. R.
4—C. H. S. vs. C. N. R.
6—Cubs vs. Cubs.
9—C. H. S. vs. Cubs.
11—Cubs vs. C. N. R.
13—C. H. S. vs. Cubs.
16—Cubs vs. C. N. R.

The Field Committee and other necessary officers were not elected at this meeting as it was decided better to interview prospective officials before electing them to office. The same rules and regulations as were in force last year will govern the club's activities this season.

C. H. S. Wins League Opener

The Cubs and the C. H. S. uncorked the local league series on Monday in a spirited game on the O'Leary field diamond in which the latter nine scored a 12-9 victory over their opponents. The two squads seem to be pretty evenly matched and at times the play was very closely contested.

The engagement opened with some close playing for neither team scored during the first inning. In the first half of the second the High School Boys put over some neat plays and worked three men around the circuit, while the Cubs were forced back to the field after harvesting merely another goose-egg. In the first section of the third the C. H. S. tallied another score but in the second section the Cubs rallied and brought three runners home. From then until the end of the fifth ending both squads held about even but in the sixth the High

School boys won the lead which finally gave them the victory.

The line up:
C. H. S.
L. Jamieson C
G. Graham C
R. Dickie P
P. McKenzie 1b
A. Jardine 2b
C. Duncan
W. Ferguson 3b
Dunham S. S
H. Jardine L F
E. Murray C F
W. Miller C F
H. Jamieson R F
W. Cyr R F

Bill Duncan relieved Dickie on the mound in the fourth inning while Les Wetmore relieved McCluskey in the third. Both twirlers did some good pitching and gave promise of some nice work in coming games.

ON THE ALERT
Murray, captain of the Cubs and 3rd baseman W. L. Pratt of the C. N. R. leave tomorrow night for New York where, it is possible they may get a few tips from the big league games.

Colts VS C. N. R.
A report of the second league fixture between the Colts and the C. N. R. nine has been crowded out of this issue but will appear with an account of the next two league games.

St. Croix League

St. Stephen, June 5—Woodland went into the lead in St. Croix League tonight by defeating St. Stephen 6 to 4 on the local diamond. The game was warmly contested throughout. Woodland came across with two runs in the first when St. Stephen did things up in the second. Woodland scored two more in the 5th and once more the local team tied up the score in the sixth. Woodland landed two more in the ninth while the locals failed to score.

Saturday's games.
Two games were played in the St. Croix League Saturday afternoon. At Milltown that team defeated Calvery handily, by a score of 11 to 4. At Woodland, Woodland shut St. Stephen out by a score of 7 to 0 and tied the latter team for first place in the league. The score:
R. H. E.
St. Stephen 00000000-0 3 6
Woodland 00151000x-7 7 0
Batteries—St. Stephen, Shields and Vanstone; Woodland, Brennan and Connelly.

GOLF CLUB AWAY WITH GOOD START

Large Membership Already Enrolled—Committee to Prepare Course

The adjourned meeting of the Golf Club was held in the Curling Rink Friday evening and was largely attended. The membership committee submitted over a hundred names of those who were desirous of becoming members.

The by-laws of the club were read and passed with amendments. The Club will be known as the Restigouche Country Club.

The governing board were given power to proceed with the procuring

of a suitable property and the laying out of the course. The meeting adjourned to meet again Friday evening, June 15th.

The New Stenographer.

I have a new stenographer—she came to work today. She told me she wrote the latest Two hundred words a minute seemed to her, she said, like play. And word for word at that—she never missed 'em!

I gave her some dictation—a letter to a man—And this, as I remember it, was how the letter ran:
"Dear Sir—

I have your favor, and in reply would state, that I accept your offer in yours of recent date. I wish to say, however, that under no condition can I afford to think of your free lance proposition. I shall begin tomorrow to turn the matter over; the copy will be ready by April 10th, about. Material of this nature should not be rushed unduly. Thanking you for your favor, I am,
Yours very truly,"

She took it down in shorthand, with apparent ease and grace. She didn't call me back all in a flurry.

Thought I "At last I have a girl worth keeping round the place." Then said: "Now write it out—you needn't hurry."

The typewriter she tackled—now and then she struck a key, and after thirty minutes this is what she handed me:
"Dear Sir? I have the Feever, and in a File I sit, and I except to Offer as you have reasoned it. I wish to see however That under no condition can I for to think of a free lunch Proposition? I shall be in tomorrow To turn the mother out. The cap will be red and Will cost \$10 about. Material of this nation should not rust N. Dooley. Thinking you have the Feever I am
"Your very truly"

The Marine Department is pleased to state that they have not had this experience with their new "New Stenographers."

When President Harding goes "up on the hill" at Washington to talk to Congress, telegraph wires carry words thousands of miles to every citizen in the land. True, the radio broadcasts his speech, but the radio has not reached so far as yet that they are taking down any telegraph or telephone poles.

For it is the pool that carries the wire that carries the news on the telegraph business of the day, Arthur Newton Pack points out in "Our Vanishing Forests," in which he calls attention to the fact 5,000,000 trees have to be cut down each year to provide poles for the wires.

To-day thousands of cedar poles are sent from Idaho to supplement the diminishing Eastern supply, but how long will the Idaho forests last? Will they not soon go the way of all the rest? Wood preservatives are coming to the rescue. Once pine poles were considered useless, but to-day the butt is impregnated with creosote and the pole is then found to give twice the original length of service. It is now estimated that one pole in every six is made of creosoted pine, fir or spruce.

Nothing Like Wood
Wood poles are not used solely for carrying wires. How could we maintain river ferries or any form of steamship transportation without wood for piers, docks, and piles? Mr. Pack asks: For ferry-boat slips nothing has ever been discovered to take the place of wood, its resiliency being necessary not only for preserving its own life but that of the vessels constantly crashing and chafing against the piles.

Fences to-day have a new use, not

Mr. Napier To Donate Trophy to Baseball League

Baseball enthusiasts and particularly members of the teams in the newly organized local league will be glad to learn that Mr. W. F. Napier has promised to donate a trophy to the league. This trophy will be competed for annually and will be known as the Napier Cup.

Mr. Napier deserves to be highly commended for this generous act. His interest shown in sport will be an incentive to greater efforts on the part of sport leaders and will doubtless be instrumental in enlisting greater interest in sport among the citizens of the town. This is not the first time Mr. Napier has given so practical a demonstration of his interest in good clean sport and it is safe to say that the officials of the Baseball Club will be deeply grateful for this expression of his interest in the young people of the town. His generous act is emblematic of a fine community spirit and is well worthy of emulation by those who have been unwittingly indifferent in the past.

To keep the cattle in but to keep them out. A railroad train at 60 miles an hour can no longer stop to argue right of way with a stray cow. To prevent the argument five hundred million fence posts are used every year.

Without wood tunnel props, shaft lining and ties for narrow gauge railroads the production of soft coal in this country would stop to-morrow. Wood props are also used to a varying extent in anthracite coal mines, salt mines, lime quarries, and in every industry where tunneling is necessary. For these purposes more than 200,000,000 cubic feet of wood are consumed every year.

Paspebiac.

Forest fires are raging around and near the village of Paspebiac. Thousands of cords of pulpwood has been burned. In fact for several days the whole country has had a dark pall hanging over it through forest fires.

It is reported that the lobster fishing is a failure in these parts. A few salmon are being caught, but other parts of the coast are making up for our failure. Excellent fishing reports come from Corner of the Beach and Malbay. Salmon are selling to the natives for ten cents per pound.

Rain is badly needed and the crops are looking none too well.

SUCCESSFUL STORE OPENING SATURDAY

Campbellton's Newest Store Does Record Breaking Business

MESSRS. I. ROSENBERG and F. GLICKMAN opened their new store in the Murray block Saturday and from early morning until closing time the store was crowded with customers, and all expressed their delight with the appearance of the store, and with the quantity and variety of the stock offered.

Ten clerks were unable at times to handle the crowd. The volume of business is said to have been the largest ever done here at a new opening store. The advertising for this sale was done exclusively by the Graphic and demonstrates beyond a doubt that this journal of the home reaches the people of this district.

THE CAMPBELLTON GRAPHIC, CAMPBELLTON, NEW BRUNSWICK, THURSDAY, JUNE 14, 1923

PROVINCIAL RESOURCES TOLD OF BY PREMIER VENIOT AT BIG MEETING IN BOSTON

*Discusses Roads, Scenic Splendors and Hunting
---Visitors Enjoying Their Trip---A Royal
Welcome to the Canadians by Mayor
Curley and Governor Cox.*

Boston, June 7.—The New Brunswick Tourist Association's visit here has developed in importance and interest and probable good results far beyond what was expected. It closed with a big, enthusiastic meeting to-night in Ford Hall at which Premier Veniot was the chief speaker.

He gave facts and figures wreathed about with eloquent language explaining New Brunswick's situation and telling what it had to offer. A battery of newspaper writers representing the Boston dailies reported the meeting, showing what interest the Boston invasion had aroused. Group pictures and long articles marked today's issues reporting the earlier events. New Brunswick has certainly received publicity of much value and in generous quantities.

Mr. Basley again presided tonight. A verse of "America" and one of "God Save the King" opened the meeting and after the chairman's introductory words a Glee Club of Canadian Club members sang "O Canada" very nicely, the audience standing in tribute to the northern neighbors.

State Treasurer Jackson expressed the regrets of Governor Cox at his inability to be present. Mr. Jackson had spent several vacations in New Brunswick and he paid tribute to its game resources and its scenic beauty.

J. Frank O'Hare president of the Boston Intercolonial Club went over the grim days of war and said a wonderful bond had united the two peoples. He extended a warm welcome to the visitors. He told the audience there was no place more beautiful where one could go on vacation than New Brunswick.

Received With Cheers.
Premier Veniot was received with cheers. He received the courtesies extended to the visitors during the day. He touched on the ties that bound Massachusetts and New Brunswick and rehearsed war activities in which a firm bond of union had been made.

Coming to the subject of New Brunswick he said certain criticism especially of the roads at the entrance from Maine had been made since 1918 the Premier. About half the New

Brunswick party will leave for home on the Dingley tomorrow morning.

Governor Cox received the association members at noon at the State House and shook hands with all. He and Premier Veniot had a pleasant talk and the latter extended an invitation to visit New Brunswick in July.

The Tourist and Automobile Association will co-operate with the Premier in entertaining the distinguished visitor. Governor Cox is a young man of engaging manner who is sure to make a good impression. A tour of the State House followed the reception at 1 o'clock.

Boston Mayor Praises Canadians.
The City and Canadian Club gave luncheon at the Bellevue. The attendance was very large and overflowed to a second dining room. Fred R. Basley, president of the Canadian Club, presided.

A round of short speeches followed in which felicitations were exchanged. Mayor Curley detailed expenditures to be made in upbuilding Canadian facilities and urged upon the people to follow the example of Canada in optimism, self-reliance and courage.

J. I. BOUDREAU WINS LIQUOR CASE

*Conviction Quashed in Case of
Vendor Charged With Selling
Without Prescription*

A prohibition conviction which was recently secured against J. Isaac Boudreau, a licensed vendor, of Campbellton, before Police Magistrate Matheson, on a charge of selling without a prescription, was quashed this morning on appeal before Mr. Justice Crockett in chambers.

A. T. LeBlanc, K. C., of Campbellton, appeared on behalf of the defendant while the informant was represented by H. C. Ramsay, of Bathurst. The conviction was set aside on points raised by the defendant's counsel who claimed the conviction should not have been made. The defendant had been fined \$25 with the option of a two months' jail sentence.

Priceless Game.
"My time," said the multi-billioneer, "is worth twenty pounds a minute."
"Well," answered the friend, casually, "let's go out this afternoon and play two or three thousand pounds' worth of golf."

ARE FIGHTING FOR OIL

*THREE GREAT POWERS HAVE
AN EYE ON RICHES.*

Canadians Have Figured in This Interesting History of Commercial Diplomacy—France And the United States Are the Chief Rivals of the British Financiers.

With the resumption of the League Conference, oil once more will become one of the great issues before the world. What company is to have the vast oil concessions in Turkey, or in other words, what foreign power is to be the economic master of Turkey for at least a generation? The question is of tremendous importance and may affect the peace of the world; indeed the peace of the world may well be shaken again before it is settled. The powers engaged in this rivalry are the United States, Britain and France. Britain at the moment occupies the strongest position. She is in possession of Mosul, which is supposed to be the center of the vast oil fields, and moreover, she is in legal possession of virtue of a decision of the League of Nations which gave her the mandate for Mesopotamia or Iraq as it is now known. A British force is in Iraq to protect the Arabs who inhabit it from a possible Turkish attack, and as long as that force remains, it is as good as a British force in Iraq.

As regards the good-will of Turkey, the United States is in the most favorable position, or rather the most favorable position through the tremendous concessions that have recently been granted. The story is an interesting one, and was properly in 1908, when an American naval officer on his way to Syria was struck with its oil. This investigation showed that there were great natural resources to be developed in Turkey. He drew up a plan for a canal in a certain distance from the coast. His application for this concession was not granted, but the American corporation was not discouraged. It was merely a matter of time. In 1910 the Turkish Minister of Public Works only agreed to the project which then awaited only a supplementary concession.

Two followed the war with Turkey which was followed by the American corporation. The great oil fields of the world were now in the hands of the United States. The Turkish Government, however, provided that in the event of a "force majeure," the oil might be put under the control of the Turkish Government.

The following having presented their commissions at the session of the Appeal Division of the Supreme Court of New Brunswick to-day and were called to the inner bar.

The following having presented their commissions were called to the bar: Thomas P. Regan, Charles F. Sanford, W. H. Harrison, Cyrus F. Inches, and H. O. Molnar, all of St. John, J. J. F. Winslow and P. J. Hughes, of Fredericton and Arthur T. LeBlanc, of Campbellton.

The Anglo Assembly has now approved the Chester Concessions. The plan have been enlarged since being planned and include the construction of a railroad covering 2,400 miles of Asia Minor, with mineral rights for 50 kilometers on each side of the right of way, a total territory of some 10,000 square miles. Mosul and a considerable area of Iraq lies within the Chester concessions, so the clash with British interests is obvious. Turkey made no grant as a formal challenge to the fight of Great Britain to be in the province of Mosul and Baghdad. The question was discussed at the Lausanne conference, and it was proposed that if the boundaries had not been settled within a year the League of Nations would undertake to settle them. This was not agreed to, and the dispute will be reopened by inference that held its first session recently. One thing is certain, and that is that as long as the British remain in possession, Admiral Chester's concessions in the Iraq will be fairly academic.

The French claims are based on an original concession for a railroad to Anatolia granted before the war broke out. It is asserted that on this understanding a loan of half a billion francs was made to the Turkish Government then in power. There are no claims put forward under the so-called Bouffard treaty, whereby France surrounded Southern Cilicia and the Turks as well as a strip of Syria along which the Baghdad railway runs as a boundary. The French position is that the present government, that controlled by Kemal Pasha, is not responsible for any of the acts of any preceding Government, and that it is approving the Chester concessions not because they have been approved by one of its predecessors, but because they offer the best bargain that has yet been proposed. In short it repudiates the manner of Soviet Russia, and if its repudiations are not set aside in it it is a serious Turkey, the desire of the three foreign powers interested to prevent war, but a very other point is serious Turkey, they are likely to find themselves facing different sides.

Mr. Elchenstein returned home from his business and found his wife rocking the baby and singing, "Bye-bye, baby, bye-bye, baby, bye-bye."

"Don't sing, Emma, you teach him to cry low and I'll teach him to sing high."

MY TROUBLES ARE ALL GONE

St. John Man Enthusiastic in His Praise of Dreo, the Famous Health Builder.

Mr. John L. Waddell, of 528 Main Street, St. John, N. B., is well-known as a sales man for one of the city's largest bakeries. His work compelled him to be out in all weathers, a condition that was rapidly telling on him, until he discovered Dreo, the ideal tonic and regulator that has rid him of all his troubles.

Says Mr. Waddell: "Dreo certainly does the work it is claimed to do. I am a driver and had to be out in all kinds of weather. I could feel myself getting weaker every day on account of stomach trouble and indigestion that were so bad that at times I did not think I could finish my day's work. The pains in my back were terrible and my liver was sluggish. I was a very sick man, but thanks to Dreo, my troubles are all gone and I feel fine. I strongly recommend Dreo."

Recommendations of this kind, supported by personal experience, carry conviction in the minds of all thinking people. Dreo is prepared especially as a corrective for all disorders of the digestive system. It acts in a natural way on the organs, because it is compounded solely from nature's own herbs, roots, bark and leaves. It contains no mercury, potash or habit forming drugs and is at all times a safe and reliable tonic for run-down systems.

Dreo is being specially introduced in Campbellton by Wren's Drug Store, and is sold by a good druggist everywhere.

NEW K. C. AT FREDERICTON.

Eight new King's counsel presented their commissions at the session of the Appeal Division of the Supreme Court of New Brunswick to-day and were called to the inner bar.

A Wonder of Nature

Back in the world's history the existence of the whale was huge, repulsive living in swamps, laying eggs as the crocodile does, existing on masses of vegetation and peatlike mud on the muddy seafloor. Where food is very plentiful and conditions favorable, creatures are apt to grow large. Where food is scarce and difficult, creatures become smaller during the continued existence of the species.

But as the dry land appeared, swamps became less. Rivers cut out channels for themselves, which drained the surrounding land, and amphibians, either had to become land animals or grow smaller. Three million or so years ago the forebears of the whale left the swamps and started on a career on land. Had they not done so, they would have remained cold-blooded reptiles, jagged legs, whereas they changed into huge land animals bearing well-developed young.

But for some reason or another they came to dislike a life on land. It may have been that food was less plentiful. It may have been that, despite their bulk, they were helpless against many enemies. With the inevitable inability to seek refuge in water, they started, say, a million years ago, on a life on the ocean wave.

The traces of the land legs, used in the swamp and forest existence, are still to be found. The fore legs became fins, but when stripped they are seen to be different from the fins of fish. They are of little use for swimming, being more useful for grasping the animal's position in the water, and also for embracing the young.

The whale uses its tail for propelling itself through the water, in the same way as a boatman urges his boat by means of a single oar in the stern, worked with a twist from side to side. This tail is an enormously powerful organ—so strong that it enables a huge whale to leap out of water as easily as a trout does when it springs for a fly.

The length of the tail is about one-tenth of the total length of the whale, but it is often more than twenty feet in breadth. Being an animal, it can no more breathe under water than we can; but as it became necessary for it to seek deep water and to stay below the surface for considerable periods, it developed a large reservoir of arterial blood which enables it to carry on in the depths for from half an hour to an hour.

When the whale comes to the surface to blow, this extra blood is oxygenized in a short period; but the whale cannot remain under water like a fish, because it was never at any period of its career a fish, and if never possessed gills through which it might breathe and oxygenate its blood. In fact, a whale would be drowned if he were to hold its breath under water long enough.

The whale in search of its food goes down to the very bottom of the ocean, and a wonderful contrivance protects its ears and nostrils from the extreme pressure it has to endure. Son's authorities are of opinion that the ear communicates with the mouth, so that when the ear is tightly closed under water the whale can receive communication from others of its kind some miles away through the mouth.

The Greenland or Right whale is from sixty to seventy feet in length when full grown, and the humpback sometimes nearly double that. The head is remarkably large, being about one-third of the full grown Right whale and the mouth of a full grown Right whale is about sixteen feet long—big enough to take in a elephant. But the throat is out of all proportion, and in some whales only about two inches in diameter, so that the whale cannot swallow anything very large.

In the mouth is found a series of about six hundred plates—the whale bone of commerce—with which the mammal entangles masses of small crustacea. This whalebone appears with the growth of the whale, and is quite absent in its early youth.

The whale has several enemies, but none to compare with man, who hunts it to death unmercifully. Yet at times the whales show fight and will strike in a boat.

An American ship, the Essex, was accidentally struck by a whale, and several whales, on the coast, the ship's crew, thinking probably that a rival had wantonly assaulted it, retired for a short distance and then charged full tilt at the vessel.

It drove in one side. Most of the crew were away in the boats, and when they returned the Essex was sinking. They had only just time to get a little water and a few provisions, when their ship went under. The boats made for the coast of Nova Scotia, but all the companies were three hundred miles away.

Battles have been reported between Greenland and humpbacks on the one side, and whales on the other. The Greenlanders leap out of the water and fall on their victims, striking heavy blows with their flukes, long, powerful tails, when the whales, driven to despair, are met below by the Greenlanders, and on that they seek safety on the surface.

It is feared that in a short time, unless some new takes to reveal to whales will become extinct. Then they will be numbered with the prehistoric monsters to whom they are related, and another wonder of the world will be only a matter of history.

An Irrigation Dam
The Whistler Irrigation dam, near Pouce, Idaho, containing \$1,500,000, which cost of construction, has the largest volume of any dam in the world.

—I gave pepper a new pair of rubber slippers; oh they're so soft and nice.
Think Sutter—Has he got 'em on now?
She—Yes.
Think Sutter—Darling, give me a kiss—and, dearie, I don't care if he beats it.

Here and There

Blackstone's crop cost \$137,000,000 to produce last year. The proceeds amounted to \$287,000,000.

During the month of April and the first two weeks of May 800 claims were registered in the counties of Temiskaming and Abitibi, the gold fields of the province of Quebec.

Twenty marriage engagements are among the results of a round, the world's largest of a C.F.R. liner. Mr. Beatty has a lot to answer for—Ottawa Journal.

With a population which is over 10 per cent, rural Saskatchewan has a larger automobile registration than any other province. One in every 15 people owns a car.

One of the largest fish caught in the history of Lake Timiskaming was recently caught by E. B. Hamilton. It was a small, deep bodied, and light colored rod landed a salmon trout weighing 24 pounds and measuring three feet in length.

In 1920 there were cut in Canada 4,024,228 cords of pulpwood. This would, if piled four feet high and four feet wide, reach in a continuous line over 5,000 miles, or the distance from Vancouver to Halifax, and out over the Atlantic to Queenstown, Ireland.

Trees to the number of 10,000 were distributed among Saskatoon school children by the Parks Officials and Dominion Forestry Branch on the occasion of Arbor Day. Each child received one maple and one ash. Last year only 5,000 trees were distributed.

The Empress of France, of the Canadian Pacific fleet, now on the transatlantic service between Hamilton, Southampton and Cherbourg to Quebec, holds the record for the fastest journey between Quebec and Liverpool, having crossed in 5 days, 22 hours and 38 minutes, just two hours less than the Empress of Britain.

General Sir Arthur Currie will unveil a memorial cairn at Sault Ste. Marie to Edmond Drouin and his companion Grennell, the couragers de bois, who found the Sault and discovered Lake Superior in 1622. The unveiling will take place August 7th during Discovery Week, when the Druins will produce "Hawatha" on two afternoons.

Notwithstanding that there will be an increase this year in Canadian steamship traffic on the St. Lawrence, with 17 more sailings than in 1922, Canadian Pacific officials report that ships are being well booked and that according to present indications the 1923 season will show improvement in ocean trade from both Montreal and Quebec.

Whales are reported early and plentiful this season and dispatches from Victoria state that conditions surrounding the inauguration of the deep-sea hunt this year are the most promising in more than a decade. The demand for canned whale meat has become so pronounced that the prospective pack of the Victorian whalers is already secured of England will be the distributing market for canned whale meat this year.

A replica of an old time Hudson's Bay fort, such as the "Fort" was nucleus of the western posts of the great company, and which still exists in the far north, will be erected at the Calgary Exhibition grounds, July 9 to 14, as a part of the big Stampede feature. Special arrangements are also being made to provide a commodious camping ground for the Old Timers who will attend with the old-fashioned chuck wagons and cowboy equipment.

Running on schedule the Canadian Pacific Steamship's liner "Empress of Canada," Captain A. J. Haley, again demonstrated her right to the claim of "Queen of the Pacific." The Canadian vessel left Vancouver two-and-a-half hours behind the American liner "President McKinley" bound for Yokohama recently. The "Empress of Canada" docked about 8 A.M., and the "President McKinley" arrived at 8 A.M.

MRS. J. GANEY IS OUT WITH FACTS

Declares Tanlac Ended Long-Standing Suffering From Indigestion, Nervousness and Insomnia.

"Nothing seems more wonderful to me than Tanlac," is the high tribute paid the medicine a few days ago by Mrs. Jeanette Ganey of 25 Ontario St., W., Montreal.

"For five or six years I had been in bad health, suffering from indigestion, palpitation of the heart and extreme nervousness. I could get no restful sleep, and was in such a deplorable condition I was absolutely discouraged.

"Seeing what others had to say about Tanlac I decided to try the medicine myself, and it was one of the best decisions I ever made. Why, the treatment has relieved me entirely of indigestion and palpitation, and has made my nerves perfectly calm and my sleep sound and restful. My health is just splendid now, and I have as much strength as I ever did in my life. It's a pleasure to recommend Tanlac after all it has done for me."

Tanlac is for sale by all good druggists. Accept no substitute. Over 87 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

ALL THE NEWS

DALHOUSIE, N. B., JUNE 7, 1923

EVERY WEEK

DALHOUSIE GIRL IS FAMOUS MODEL

At Eighteen, Miss Erminie Gagnon Is New York's Favorite Model.

"I won't say there never have been any 'wild nights' in the studios," she shrugged her shoulders, "but I can say that I've never been invited to a studio party, and I know why—because I always behave myself as a lady, and because artists want me for work. An artist who is painting the picture of a girl wants her fresh and pretty in the morning. He may not feel extra well himself, but his model must be what they call 'right on her toes'."

"Of course it would hardly be true if I were to pretend that I never found an artist who tried to be—well, fresh. But it's really a rare case, and only continues because the girl doesn't instantly act her part as a business woman. When I was posing in a very low-cut evening gown the artist tried to kiss my back. I was frightened for just a minute, then I got angry and began to stamp my foot and scold. He stopped,—apologized, and we are the best of friends today. It would have been my fault if it had turned out any other way."

"No, there is very little truth in the stories that you read about the life of an artist's model. As I said before, there are studio parties, but not in the studios of the best artists, and most of the girls who attend such parties are not real models. The model who becomes at all well known, who holds her place for a few years, does so because she makes a business of her work. In going about the studios you meet a good many girls who are only there for the adventure they can find. I know of one girl to whom I gave some cards for introduction. She was very pretty, and I thought she might become a very successful model. She got work with several men, but never posed for more than one picture for each man. Then gradually I began to hear little stories about her, so when I met her on the street one day I asked her if she was working regularly. 'I don't even try to work,' she laughed as she told me. 'Mother's got enough money for both of us, and all I wanted was a chance to meet a lot of these artist fellows and have a good time.' That girl wasn't a model at all, but an adventuress—just that. And unfortunately, it is that type of girl that gives the profession of the model a bad name. Why she couldn't be a model she plays around at night, and has to sleep all day. In six months she begins to get course looking, and can't show her face outside of the door unless she wears a lot of make-up."

"No, there's no light life for the professional model who has to earn her living, who has to be successful. I like the theatre, or I might go to a cabaret for dinner and a dance, but I'm asleep before ten-thirty five nights of the week. The model who wants to keep her looks, who retains the strength necessary for posing, has to keep fit. I try to average at least nine hours' sleep a night, am careful of my diet, for I can't afford to be too slim, or too plump, take enough indoor exercise to keep my muscles firm, cold baths—and then when I get a chance I swim, ride horseback, and if I cannot get any better exercise, I walk at least a couple of miles a day."

In spite of all these stories of the seriousness with which a model works and the constant care necessary of the face and form that will inspire art, little Miss Gagnon admits that there is a lot of fun to be had about the studio that there are minutes of play that makes it a fascinating life. There is one studio where she poses fairly frequently which always means a delightful day's work for the artist is Simout, famous for his drawings in the greatest parlor weeklies. When he and little Erminie get together the talk of France, and in French, for the little girl learned the tongue of her father's people while in the convent, and has never forgotten it.

Then too, there is always a possible

Social and Personal News

Mrs. Edgar Shirley returned Thursday morning from Broadlands, Quebec, where she attended the funeral of her sister, Mrs. Melvin Downes.

Dr. J. R. Dabrow and son Lynus have returned from a pleasant visit to St. John.

Miss Dorothy Williams, formerly of this town, but now of St. John, has accepted a position with the Western Union Telegraph office there.

Mrs. K. Fleck entertained at a very enjoyable tea on Thursday afternoon for Mrs. E. A. Flewelling, of Hampton. Mrs. W. S. Loggie and Mrs. B. Eaton of Loggieville, were the guests of Mrs. W. H. Priest on Friday.

J. W. Brankley, of Chatham, was in town last week on business connected with the lumber industry.

Miss Ellen McEvoy, who has been the guest of Miss Collins of St. John, for a few days returned home last week.

W. H. Priest has returned from a trip down the Gaspé Coast.

Adventure lurking around in the dusty corners of the studio, and who knows when it may jump out. As, for instance on the day when the little lady from the north told an artist that his place was very dirty, and that he ought to make his scrub woman clean it up properly.

"She won't do it," the artist complained, "she never gets into the corner, and the last time she tried to give it a good cleaning she ruined a good canvas."

Little Miss Erminie had an idea. "I'll help you clean it," she suggested, "and she was restless," and felt she had posed enough for that day.

"All right," the artist accepted her suggestion—and they set to work, she dressed in a pair of his overalls, and he in soiled breeches and flannel shirt. They worked for hours, with all the other artists in the building as well as the news of the cleaning bee spread, until it became a festivity from which she emerged tired, glad of the exercise, but the toast of the studio building for being a good sport as well as a good model.

"I don't suppose that being a model is any more difficult than being a private secretary, or some such similar job, and as far as it is being worth a dollar a week for an artist who sometimes more, for an artist who works a good model a dollar and a half an hour. If I do any commercial work, pose for hats, or clothes, I get five dollars for half an hour's work." The real money, however, comes when you get a chance to work in the movies.

The movies? The secret was out? She did want to go into the movies after all?

"Oh yes, I'm gradually getting to be known at the motion picture studios—and well—I wouldn't be surprised if I spent the fall and part of the winter along the Canadian border making a series of short comedy pictures—playing the leading role."

"You see, I've had a little picture experience, I managed to sandwich it in between my work for the artists. It was not hard to get small parts for a girl who gets to be known as a model for the famous artists, is favored by the motion picture directors. They are always on the watch for new faces and they really do give every one who shows that they are seriously interested in the work a chance. And they pay splendid. I never got less than ten dollars a day from the picture people, and as high as twenty-five."

"Naturally, I've only played bits, being the maid, or one of the visitors, or something like that. I worked for Mr. Griffith in 'Orphans of the Storm' and 'The Queen of the Moulin Rouge,' and with Marion Davies in the 'Young Diana,' and I've had a good part in a picture of Indian life—'The Man Who Paid.'"

"Some day—well I hope to get leading parts. I can't go just being a model, for as a model you can only go so far, and then you have to branch out if you want to better yourself. Some of the girls take up art, some

Happenings of The Week

Several houses have been painted recently, which adds very much to the appearance of the town in general. Conspicuous among these are the fine residences of Andrew Barberie and W. H. Priest.

Several people from town went to Campbellton on Monday to attend the concert given by the famous Paulist Choirists.

Fifty men from the Dalhousie Lumber Company and thirty-five men from the Sydney Lumber Company, went upriver on Monday to help in checking the forest fires which have been raging for several days.

The weather has been most disagreeably cool during the past week. There has been no rain for about a month. The fishermen are now catching plenty of salmon in the nets, although the month of May proved a record in that they did not catch a single fish.

Work on the new tennis court on Renfrew Street is well under way, and it is to be hoped that Dalhousie may have a real live tennis club this season. There are also rumors of a tournament to take place soon, on Scott's tennis court.

It is with the deepest regret that we chronicle the passing of a most worthy woman, Mrs. Charles Miller, whose death took place in the Soldiers' Memorial Hospital, Campbellton, on Saturday evening.

At an adjourned meeting held in Campbellton on Friday evening, when several citizens from Dalhousie attended, a golf club was organized for the two towns. The shiretown was well represented on the list of officers, for Dr. W. W. Fleck was elected first vice-president and W. S. Montgomery second vice-president. G. E. Scott was elected a member of the governing board. Two Dalhousie ladies were elected to sit on the membership committee, Mrs. W. S. Montgomery and Mrs. H. E. Mott.

The members of the W. A. of St. Mary's Church met at the rectory on Monday evening, to bid farewell to their secretary, Mrs. J. Tomlinson, who left Wednesday for Montreal, where she will reside in the future. Mrs. S. J. Beckingham, as president, and on behalf of the members, presented to Mrs. Tomlinson a well-filled purse and a testimonial expressing regret at their loss of such a useful member and of their good wishes for happiness in her new home. Dainty refreshments were served at the close of the proceedings.

Dalhousie theatre patrons are in line for another treat in amateur theatricals according to information just received, which states that arrangements are being made by the Campbellton Dramatic Company to stage their last spring's success "Tris" here at the Opera House on June 26th.

This play is a western drama and is entirely different from pieces usually chosen by amateurs. Although containing many tense moments and being essentially melodramatic in places, "Tris" also has a vein of spontaneous humor running through the whole. Four acts, and promises an evening of genuine entertainment. Among the principals in the cast are J. H. Brown who takes the part of Judge Ananias Lovelady with real skill; Mrs. Frank McKinnon, as Tris; the Ang' of Blue Canyon, whose performance would do justice to many a professional; and Fred Watson who makes an admirable and capable villain.

After all, she is only sustained by work, and when you add the charming beauty that has been bestowed on the little girl who stepped from the convent at Three Rivers—the ambition that made her famous in three years—well, it seems as if her dream must come true, and that she must live to see the hour when her name may be written in lights across the horizon of the city.

(Continued)

Dangerous Fire Broke Out Yesterday

Dalhousie, June 12.—Fire broke out yesterday afternoon at the top of Brunswick St. It was fanned by a strong gale of west wind and threatened the houses of the workmen, who reside along Hamilton Avenue.

The news of the danger soon spread in the town and a large crowd gathered at the scene. Willing hands with shovels, axes, etc., did good work. Mr. W. A. Gallop, Chief of the Fire Department, and other members of the fire brigade responded quickly, and with the electric pump at the power house, a strong stream of water was soon playing on the brush, fences and trees on fire, and with the careful attention given by Policeman Wilfred Brown during the evening, our citizens felt safe.

How the fire originated on an old public street, only used as a path by pedestrians, and allowed to grow up in useless trees, etc., will probably never be known, but the general opinion is that it was due to the careless tossing of cigar or cigarette. We well remember the loss of over twenty buildings by fire in Dalhousie, on Nov. 4th, 1886, the ruin of several families, and all caused by the carelessness of a smoker.

Dalhousie Now Has a Five Team League

Dalhousie now has a five team league organized and the season's series of league games will begin this week when the Independents and Tumbler's nines meet in the opening engagement. The five squads in the newly organized league are the Diamond H. nines (Dalhousie Lumber Co.), the Has Been's (Old Boys), Tumbler's (P. Q. Lumber Co.), the Red Sox (Town boys), and the Independents.

For the past week or two the different squads have been practicing three nights a week and the players are rapidly getting hardened up for the coming series. If sport enthusiasts and citizens generally take the interest they should in our baseball league it is not too much to hope that the shiretown may have an aggregation of players who will put up a creditable game with any nine on the north shore. The leaders of the Club are entertaining the hope that they may be able to arrange for a game with a Campbellton team on July 2nd. Any outside team wishing to arrange for a game may do so by getting in touch with H. A. Trudelle, manager of the Dalhousie Baseball Club.

A Trophy. The management of the Club is also contemplating the donation of a trophy to the winner of this season's league games. It is to be hoped that this idea will materialize. The Campbellton Club, we understand, is to have a cup this season. Our Curling Club has several cups up for competition each year and there is no reason why baseball should not arouse equal interest and elicit equal support.

We wouldn't mind the sugar shortage so much if it didn't enable every confectioner, soda-fountain owner and lolly-pop pedlar to drag out and again display that grand old gag about: "On account of the increased cost of materials etc., etc." Up fifteen or twenty cents a pound, you know.

Miss Gagnon is doing under Vosteff, to study the art of character make-up for the motion pictures, to diet, to exercise, learn to ride a horse, drive a car, to learn the value of color scheme and the right clothes to wear to bring out the charm of hair, eyes and complexion, all the little requirements that blend for success.

After all, she is only sustained by work, and when you add the charming beauty that has been bestowed on the little girl who stepped from the convent at Three Rivers—the ambition that made her famous in three years—well, it seems as if her dream must come true, and that she must live to see the hour when her name may be written in lights across the horizon of the city.

OBITUARY

Miss L. Amelia Letourneau.

There is a certain fitness about death which reconciles us to its approach when its victims are those already bowed down to the grave by the weight of years; but when the days of some are so precious and needful, the last hour is a threatening blow, and the heart is wrung with sorrow, for bright hopes are brought to dust, and the vista of life is changed to a barren waste for those by whom the loss is keenly felt. If this truth needed confirmation none better could there be than the grief which fills the hearts of the mourning friends of the late Miss L. Amelia Letourneau. The deceased was in her twenty-second year of her life, and was highly respected and admired for her christian spirit and noble traits of character. She had made brilliant studies at the Dalhousie Convent, taught one school term at Nash's Creek and occupied the position of stenographer during two years at the Provincial Bank, at Campbellton. While working at the latter place she became ill with typhoid fever. Returning to the Bank after four months of illness and in a weakened condition, she contracted a cold which resulted fatally after twelve months of suffering borne in great patience. Her mother was with her during her illness and ministered to a suffering daughter's need as only a true and loving mother can. Her distinguished sisters, neighbours and friends extended practical sympathy and help. The funeral service was held in the Dalhousie Roman Catholic Church on Sunday afternoon, June 10th, where a very large gathering paid their last tribute to the deceased. The services at the church and grave were conducted by Rev. Father J. A. Hart, who leaves to mourn her early death his grief-stricken mother and seven sisters: Mrs. Arsene Allain, Dalhousie; Mrs. Charles Lee, Campbellton; Mrs. Arthur Arsenault, Tracadie; Adeline Belanger, Nouvelle, P. Q.; Mrs. Ed. Elaliger, Dalhousie; Miss Marguerite, stenographer for The South-

ern St. Lawrence Forest Protective Association at Val Beliant, P. Q., and Miss Philomena, stenographer at home.

The pall-bearers were: Messrs. Charles Lee, Arsene Allain, Ed. Elaliger, brother-in-laws; John Walsh, Leon Samson and Eddy Savole.

By the death of this young lady in the morning of her youth, a deep gloom of sorrow has been cast over the whole town.

The chief mourners at the funeral were Messrs. Andrew Savole, Kedgewick and Edward Savole, Balmoral, uncles of the deceased, Ed. Boordman, of the Montreal City and District Saving Bank, a cousin, H. A. Pare, Accountant Provincial Bank, Sayabec; Mr. and Mrs. John Walsh, Mrs. Patrick Loubert, Mr. E. R. Gaudet, Mr. J. A. Hello, Campbellton; Miss Arsene Savole, Kedgewick; Mr. Eddy Savole, Upper Balmoral.

FOURNIER—LYNOTT.

A very pretty wedding was celebrated on Wednesday morning, June 6th, at the Church of the Immaculate Conception, Dalhousie, N. B., when Lillian Margaret, youngest daughter of the late Patrick Lymott, of Madawaska Co., N. B., and of Mrs. Widow A. Lymott, of Edmundston, N. B., to Mr. Francis Edward Fournier of Edmundston, N. B. The bride wore her travelling costume, a blue dress being draped and of Tutanhamen design, hat of beige crepe de chine, trimmed with glyverine feathers of the shade, and cloak of beige all thyme crepe, with fox collar to match. The Rev. Father J. A. Hart conducted the ceremony. Prior to her wedding, the bride accompanied her mother on a tour of the Western Provinces, returning only in time for the wedding via Seattle, New York, Chicago and Ottawa. Mr. and Mrs. Fournier will spend the summer months at Birch Lodge, Baker Lake, N. B.

Imagination's Artful Aid. It is astonishing how pretty the lovely girl you have never seen can look when she is softly talking to sense to you through the telephone.

LOCAL ITEMS OF INTEREST

Newsp Notes of Town and Country Gleaned by Graphic Reporters.

PROFESSIONAL. Dr. A. Pierre Gaudet, eye, ear, nose and throat specialist will be at the St. Louis Hotel, Campbellton, FRIDAY, JUNE 8th, where he may be consulted professionally.

FRESHEN THINGS UP. At Newcastle the fire brigade sprinkled the park, wetting thoroughly the trees and grass, thus cleaning them of an accumulation of dust, and freshening things up. This might be done here to Riverside Park. Why not?

ESCAPED FROM JAIL. Louis Cormier, who was sentenced last week to two years in Dorchester penitentiary, escaped from the jail early Saturday morning. Deputy Sheriff Dunn immediately began a search and he was captured Sunday night, in the woods adjacent to the town.—North Shore Leader.

SALMON LICENSES FREE. Word has been received that in future all salmon fishing licenses are to be issued free; also that the lobster fishing season for this year has been extended fifteen days, the season closing July 10th instead of June 25th, as heretofore. These concessions will doubtless be greatly appreciated by those engaged in these two important industries.

MATAPEDIA VALLEY HIGHWAY. The Matapedia Valley highway from Matapedia to Campbellton is in good condition and many motorists are enjoying the very beautiful drive up the valley. The road is a little rough in places, but in dry weather is real good. Road gangs are working on the road and it is expected new bridges will be built this year.

Don't wait any longer—**GET IN THE BIG RACE NOW.** Telephone 126 for information.

Closing Rules for the First Vote Period

1. The first voting period in The Graphic's Great Subscription Drive closes Saturday Night, June 16th. All candidates will have up until Monday to turn in their subscriptions and receive the benefit of the first period vote schedule.
2. All candidates may work up until the last minute of the close of the first period.
3. The office of the Campaign Dept. will be open up until ten p.m. for the benefit of candidates who are able to call at the office.
4. Out-of-town candidates may work up until next Monday night, and then send their returns immediately. All day letters must bear the postmark of Monday, June 18th. We will make due allowance for the late arrival of mail from candidates living where there is a poor mail service.
5. New Candidates who have not time to send for supplies may list out their subscriptions on a sheet of paper and send them in with a sufficient remittance to cover them. Other candidates who run out of supplies may do likewise. Do not let anything cause you to lose out on the first period votes.
6. Candidates who call at the Campaign office Saturday or Monday with their subscriptions must have their middle receipt forms fully filled out before presenting to the Campaign Department's assistants, otherwise they will lose their turn at being waited upon.
7. Keep your subscription forms in numerical order and this assists the Campaign Department's assistants.

Durant "Sport" Touring---Value \$1545

SEE IT AT
Harrison & Jamieson's **FREE** Most Votes Will Win It

Out-of-Town Candidates Attention!

The management of The Graphic wishes to make clear the question of the awarding of the Durant "Sport" Touring Car and the Durant "Star" Touring Car, which will be given away free as First and Second Grand Prizes. Candidates living out of Campbellton have an equal chance in winning one of The Graphic's Prize Cars. The candidate securing the highest total of votes in the whole contest will win the Durant "Sport" Touring Car. It makes no difference where the candidate lives, either district can win the Durant "Sport". However, if the Durant "Sport" is won in district number one, then the Second Grand Prize, which is a Durant "Star", will be awarded to the candidate having the highest total of votes in district number two, that is the territory outside the town of Campbellton. There will be one car awarded to each district.

Information, Rules and Regulations

The Graphic's Big Prize Competition

Any male or female, married or single, or boy or girl, is eligible to enter the Graphic's Big Prize Competition. No candidate of The Graphic is eligible to compete for any of the prizes. Candidates may nominate themselves or be nominated by friends. They will enter the nomination blank on this page or the information blank found on the front page, clip out and send or mail it to the Campaign Department of The Graphic, Campbellton, N. B.

Votes will be based on all payments of subscriptions during the campaign whether paid to a solicitor, candidate or at The Graphic office. A coupon good for votes will be placed in every issue of The Graphic up to a certain period, starting with coupon good for 1,000 free votes. They count votes.

There will be two ways to secure votes: (1) By clipping coupon good for votes from The Graphic, and sending or mailing same to the Campaign Department. (2) By securing subscriptions for The Graphic, for which votes will be issued.

The management reserves the right to reject any nomination without giving any reason for so doing.

Candidates may secure subscriptions anywhere to The Graphic. Any person made to a candidate by a person now taking The Graphic extends the subscription from the date to which the subscriber is paid. Old subscribers as well as new, may secure subscriptions by paying both arrears and advance on their subscription. Subscriptions are good until the end of the campaign, and will be paid at the discretion of the candidate, subscriber or the management.

In the event of a typographical error, it is understood that the management will not be held responsible, except to make the necessary correction on discovery of error.

The management reserves the right to add more prizes or give extra votes.

In case of a tie, the prize will be equally divided.

Candidates who seek to leave competition by discouraging other persons, or whose friends endeavor to leave the competition, by the same means, will be disqualified and dropped from the competition.

Votes are not transferred from the competition by the candidate or by the candidate's friends, to withdraw from the competition or to give to another candidate. Votes are not transferred from the competition by the candidate or by the candidate's friends, to withdraw from the competition or to give to another candidate. Votes are not transferred from the competition by the candidate or by the candidate's friends, to withdraw from the competition or to give to another candidate.

The management reserves the right to give extra votes, club vote extra votes, but it guarantees that all subscriptions turned in from the beginning of the competition up to the end of the campaign will receive the benefit of same. The management reserves the right to give extra votes.

When accepting nominations, all contestants must accept and abide by the above conditions.

A committee of well-known business men will be selected by The Graphic to count the votes and decide the prize winners.

The Graphic guarantees fair treatment to all contestants and should any objection arise, the decision of the management will be considered final and absolute.

Any statement or promise made by any solicitor or agent varying from the rules and conditions published in The Graphic will not be recognized by The Graphic.

A candidate is not required to be a regular subscriber to The Graphic to enter the competition.

The Graphic reserves the right to alter any rule, everything in fact, except that the value of the prize will not be reduced.

One Graphic reserves the right to give votes on advertising and job printing accounts during any part of the contest if they deem it advisable to do so.

Every week—on each page. Save every coupon. They count votes. Start saving votes today.

This coupon, when neatly cut out and brought in, will be counted as one subscription.

Only One of these credited to each candidate.

THIS COUPON WORTH

500,000 VOTES

To Help You Get an Early Start

Bring this coupon with your first four new or old subscriptions to The Graphic and you will receive in addition to the regular number of votes given, as shown in the published schedule a half million extra votes. Your own subscription to The Graphic will count as one subscription.

Only One of these credited to each candidate.

The Free Prizes

And How They Will be Awarded

For the purpose of awarding the First Two Grand Prizes in The Graphic's Great Subscription Campaign, the territory served by The Graphic has been divided into two districts. District No. 1 will be composed of the Town of Campbellton, and District No. 2 will be composed of all the towns and villages and rural routes outside of the Town of Campbellton.

NOTE—If the Capital Prize, which is a Durant "Sport" Touring car, is won by a candidate living in District No. 1, the Second Grand Prize, which is a Star Touring car, will be awarded to the candidate having to his or her credit the highest total of votes in District No. 2, or vice versa. The balance of the prizes will be awarded to the candidates having the next highest totals of votes.

GRAND CAPITAL PRIZE IS A DURANT "SPORT" TOURING CAR, value \$1545, fully equipped. Call and see it at Harrison & Jamieson's Limited, Campbellton, N. B.

SECOND GRAND PRIZE IS A STAR TOURING CAR, valued at \$715.00. Now on display at Harrison & Jamieson, Limited, Campbellton, N. B.

THIRD PRIZE is \$200 in cash.

FOURTH PRIZE is \$100.00 in cash.

FIFTH PRIZE is \$50.00 in cash.

SIXTH PRIZE is \$25.00 in cash.

SEVENTH PRIZE is \$10.00 in cash.

EIGHTH PRIZE is \$5.00 in cash.

NINTH PRIZE is \$2.00 in cash.

All candidates who take an active part in The Graphic's Subscription Campaign and fail to win one of the regular nine prizes, and who continue actively in the campaign to the end, will be awarded cash commission prizes of 10 per cent. on all the money they collect for subscriptions. Votes are given on all subscription payments; that is, votes are given on renewal subscriptions, and old accounts, as well as for new business. Every candidate will be rewarded for his or her efforts, and every candidate taking part in the big competition will be a winner. The first thing to do is to enter your name as a candidate. The next thing to do is to get your first club of four subscriptions for one year each, or two subscriptions for two years each, new or renewal, and get credited with the extra \$50,000 votes for your first club of subscriptions. Start gathering votes to-day. There are "Free Votes" published in today's issue of The Graphic which will be found in this page ad. Save every one of them, they are valuable and will count toward winning one of the big automobiles or one of the other valuable prizes. Call at the Graphic office to-day for information and receipt books.

Big Votes Given This Week

Regular Vote Schedule FOR OLD SUBSCRIPTIONS

FIRST PERIOD—UP TO JUNE 16TH

1 year	2.00	5,000 votes
2 years	4.00	15,000 votes
