RUSSIAN REVOLUTIONISTS SET FIRE TO PETROGRAD; LARGE SECTIONS OF CITY ARE REPORTED ABLAZE

Soviet Government at Moscow Sending Large Number of Troops in Effort to Restore Order—Insurgent Leaders Will Endeavor to Win Over Bolshevik Soldiers to Their Side—Peasants in Many Sections of Country Join in Movement to Drive Soviet Administration Out of Power.

London, March 7.—The Central News correspondent at Hel-singfors reports receipt of news of the most sensational character from Petrograd since midnight. The advice said many of the residential and business quarters were in flames.

The Soviet Government, the message continued, was dispatching a large number of troops from Moscow to Petrograd to assist in restoring order. The Petrograd rebels, it was added, were planning to accord these troops a friendly reception in the hope of winning them over.

A wireless message received here from Moscow today says the leaders in the Petrograd rising are Petrichenko, Yakovlenko and Savchenko, father of Serge Savchenko; Capt. Vladimir Burtseff; Engineer Oryeskin, and a former clergyman, Putilin. Although Gen. Kozlovski has been reckoned the official head, he is in no way the principal leader of the movement. The general's two brothers were arrested in the marine school in Petrograd.

The foregoing dispatch, showing the existence of a revolt in Petrograd, comes from official Soviet sources, the Moscow wireless service being conducted by the Russian Soviet authorities. This official statement that a revolt actually has occurred, follows closely recent news from the highest Russian authorities that no uprising existed in Petrograd.

UPRISING EXTENDS.

Paris, March 7.—Russian Bolshevik forces have been driven out of Oranienbaum, a town on the southern shore of the Gulf of Finland, nineteen miles east of Petrograd, by naval units from Kronstadt, says a dispatch from Viborg. Warships have gone up the Neva River and landed contingents of sailors in Petrograd, where part of a garrison has joined the revolutionary forces. The rest of the garrison is declared to have retreated toward Gatchina, 30 miles southwest, where Leon Trotsky, minister of war, and the Bolshevik high command have headquarters. The Bolsheviks are terrified, and Nikolai Lenin, the Bolshevik premier, and M. Trotsky are preparing to flee, says a dispatch to the Matin.

Anti-Bolshevik leader Antonoff, at the head of 10,000 armed peasants, is declared to be in control of the governments of Voronezh and Tsimbourn in Southern Russia, and it is expected that this fact makes it impossible to re-visit the northern sections of the country.

REVOLUTION SPREADING.

Hel-singfors, March 7.—All classes of citizens at Kronstadt, the Russian naval base near Petrograd, have united in the uprising against the soviet government, says a dispatch to the Russian union agency here. Organization of the revolutionary committee, which later became the provisional government, was carried out without the participation of political parties, and its members were chosen almost exclusively from seamen and workmen having no political affiliations. The provisional government has published a program, the essence of which is a demand for immediate convening of a constituent assembly and the restoration of freedom of trade between individuals.

HARDING MOVES TO STOP FIGHT

First Act of Administration to Check Panama-Costa Rica War.

Washington, March 5.—Cessation of hostilities between Costa Rica and Panama is demanded in identical notes which the state department dispatched yesterday to the governments of those two countries.

This was the first action of the Harding administration in the realm of foreign affairs, and was said to have been based on the grounds of broad expediency, as the dispute between the Central American republics involved United States interests in the Panama Canal zone.

ROUT PANAMAN TROOPS.

San Salvador, Republic of Salvador, March 6.—Costa Rican troops, attacked by Panaman forces in the region of Golfo Dulce, on the western end of the frontier, routed the Panamanians, who numbered more than 1,000, says a dispatch from Costa Rica, received by way of Nicaragua today. In the Coto River region, the dispatch states, 300 Panaman soldiers, commanded by Gen. Quintero, annihilated a garrison of 50 Costa Rican soldiers.

YOUTHFUL FOREIGNER PREVENTS STAMPEDE OF 5,000 IMMIGRANTS

New York, March 7.—A stampede by 2,500 immigrants arriving here from Boston yesterday at the Grand Central terminal was averted by a 16-year-old boy, who addressed the van of the surging body in a foreign language, telling them they must be examined by health authorities for typhus before greeting more than 5,000 friends awaiting their arrival.

Police men stationed at the terminal to assemble the new arrivals and facilitate the work of the health officials, were swept aside in the rush to join relatives and friends. The exhortations of the boy restored order and the immigrants were corralled by the policemen in the concourse of the terminal. Twenty of the new arrivals were detained for the delousing process.

The immigrants, representing various nationalities, embarked at Hamburg and Danzig on the steamer Manchuria which docked at Boston Saturday.

GARFIELD BROTHERS PLACED ON TRIAL ON A CHARGE OF MURDER; WOODSTOCK COURT IS CROWDED

Great Interest Centres in Case Now in Progress at Oxford County Court—London Witnesses Arrive—People For Miles Around Flock to Woodstock to Hear Evidence—Hearing Is Expected to Consume About Day and Half.

[By Staff Reporter.] Woodstock, March 7.—The case of Denton and Norman Garfield, charged with the murder of Benjamin Johnston, a local storekeeper, on the night of January 20, commenced here this afternoon at 1 o'clock. Justice Kelly presiding. The court room was jammed long before court hour, and hundreds were turned away. At 1:55 the grand jury had not retired. At 1 o'clock the court room was crowded to capacity, and the coroner of the county house were filled with persons who had traveled miles to hear the trial. Norman and Denton Garfield, charged with murder of Ben Johnston. One hour was occupied with the swearing in of jurymen, and the judge's address to the grand jury. London witnesses, about fifteen in number, arrived in the court room at 1:30. Among them were Sergeant Holt, Detective Robert Egleton and Detective Harry Jones. The chief speakers will be: Hon. Mr. Justice Kelly, in address. The grand jury, stated that in this material case men not appreciative being called to jury service as much as they did.

"I regret that although the charges are small in number they are very serious ones. Two men are charged with murder. He stated that at the present time there is an extraordinary amount of crime committed, chiefly by young men born and bred in this province. If the number of crimes was tabulated, the judge declared, it would be found that the greatest proportion was committed by youths in their teens. In the early morning of this morning groups of residents from the surrounding country assembled at the court house to await the opening of the trial. Some even brought their lunches in preparation for the five-hour wait. At noon, although the courtroom was still closed, hundreds of persons crowded in front of the entrance.

The following is a list of the grand jury: William Atkinson, West Oxford, farmer; Philip Broad, South Norwich, farmer; George A. Bean, South Norwich, merchant; Hugh Easter, Blenheim, merchant; William Cragg, Ingersoll, clerk; William T. Cole, East Nissouri, farmer; James Dickson, Glenora, farmer; P. Hall, Woodstock, manager; E. D. Neff, Tilsenburgh, laborer; and Charles Smith, West Zorra, farmer.

Following charges by Sir Adam Beck that misleading statements about the London and Port Stanley Railway had been made by the London and Port Stanley Railway Commission investigating hydro radicals the London Railway Commission today passed a resolution asking the council for explanation—Sir Adam "Peaved" Because Queen Alexandra Sanatorium Is Omitted From the City Year Book.

Mr. Lloyd said he based his protest on the ground that the men were prisoners of war and that shooting them was "a violation of the laws of land warfare as declared by The Hague convention of 1907."

The United States is asked by Walsh to address a remonstrance to Great Britain on the subject. Similar appeals have been filed with the embassies of all the governments represented in Washington.

Most of the time of No. 3 committee of the board of education, which met at 11 o'clock this morning to prepare its estimates for submission to the board of trustees, was occupied with the question of teachers' salaries, the matter of the proposed increase having been sent back in order that the suggested advances might be brought more in line with the salaries of the Technical School teachers.

With regard to the request of the Collegiate Institute teachers that the maximum salary for head masters be raised to \$3,100 and that of assistant head masters to \$2,000 a year, the committee decided that this matter be left to the special salary committee. ALLIED TROOPS TO AT ONCE OCCUPY GERMAN AREAS AND INFLECT PENALTIES NEEDED TO COLLECT REPARATIONS

ARMED BANDS KILL MAJOR AND EX-MAYOR OF LIMERICK

Both Men Were Shot While Lying in Their Beds.

REGARDED AS REPRISALS

Irish City Is Scene of Double Murder Early Today.

Dublin, March 7.—George Clancy, mayor of Limerick, was shot and killed at his home in that city early this morning, and his wife was seriously wounded. At about the same time, Michael O'Callaghan, former mayor of the city, was shot and killed at his residence.

Meagre reports received here state that Mayor Clancy and his wife were shot at about 1:30 o'clock, but, owing to curfew restrictions, members of the household say, they were afraid to venture on the streets to secure aid, and they declare that friends with whom they communicated by telephone could not go to the house for the same reason. About two hours later a doctor arrived from a hospital and found Mayor Clancy dead, and his wife in a critical condition. Former Mayor O'Callaghan was dying when doctors summoned by the police arrived at the house.

SHOT LYING IN BEDS.

Belief 7.—Bands of men shot George Clancy, mayor of Limerick, and Michael O'Callaghan, a former mayor of the city, in cold blood, while they were lying in their beds. Mrs. Clancy, while endeavoring to protect her husband, was shot in one of her arms. Limerick is intensely excited over the shootings, which are interpreted by Sinn Fein adherents as reprisals for the assassination of Brig. Gen. Cumming, who was killed at Clonsilla on Saturday.

LODGES PROTEST.

Washington, March 7.—Frank P. Walsh, counsel for the "provisional Irish republic" in the United States, announced that he had submitted to President Harding a formal protest against the shooting on February 28 last of six men by the British military forces in Ireland.

Mr. Walsh said he based his protest on the ground that the men were prisoners of war and that shooting them was "a violation of the laws of land warfare as declared by The Hague convention of 1907."

The United States is asked by Walsh to address a remonstrance to Great Britain on the subject. Similar appeals have been filed with the embassies of all the governments represented in Washington.

New Proposals Submitted at Today's Conference by German Minister Found to Be Entirely Unacceptable to Allied Governments—Lloyd George Declares There Can Be No Peace With Germany As Long As She Continues to Employ the Evasive Methods That Have Been Used in the Past—Troops Ready to Occupy Prescribed Territories.

London, March 7.—Allied troops will march into Germany tomorrow, in accordance with the decision of the Allies to inflict on Germany the penalties provided for because of non-fulfillment of her reparations obligations, it was announced officially this evening.

BRITISH TROOPS READY.

London, March 7.—A British battalion is reported to be standing ready to advance upon Duesseldorf, while French and Belgian troops are said to be awaiting marching orders that will send them into German territory.

WILL IMPOSE PENALTIES.

London, March 7.—Application of the penalties on Germany for non-fulfillment of her reparations requirements was decided upon by the Allies here this afternoon.

Mr. Lloyd George informed the Germans today that not only were the proposals made by Foreign Minister Simons this morning unacceptable to the Allies, but that despite the interval since last week's conference, the Germans had not made such an advance in their propositions as would justify postponement of the imposition of the penalties.

The penalties in question were announced to the Germans last Thursday by Mr. Lloyd George. They are: Occupation of the cities of Duisburg, Duesseldorf and Ruhrort in the German industrial area beyond the Rhine, by troops of the Allies.

Imposition by each Allied country of such a tax upon German imports as it may deem fitting.

The establishment of a customs boundary under Allied control along the Rhine.

The British premier said he must announce on behalf of the Allies a failure to come to even an approximate understanding with the Germans.

"Until we get proposals from Germany which mean a permanent settlement, there can be no peace," he declared. During the recess pronounced activity was observed in all quarters connected with the conference. Mr. Simons and his fellow delegates returned to their hotel directly after the early meeting. They declined to comment on the reception their statement had received.

Mr. Lloyd George's reply to the German proposals became known in a general way outside before he left the conference hall and he was loudly cheered as he paused on the portico to pass a few words with Count Storck, the Italian foreign minister, then driving off to Downing Street.

The German proposals were attended by all the members of the various delegations. Mr. Lloyd George was accompanied by Mr. Bonar Law, Lord Curzon and Austen Chamberlain. They were followed by Mr. Simons and his fellow delegates, including General von Seeckt, the German chief of staff, and the latter's aide, who appeared for the first time in uniform, wearing a sword. Marshal Foch, as usual, wore an olive drab uniform, but Field Marshal Wilson, who came direct from the King's levee, appeared resplendent in the uniform of his rank.

PROPOSALS UNACCEPTABLE. The German proposals, which, it was stated in French quarters, were unacceptable, were submitted to the supreme allied council here this morning, before the reparations conference opened today's meeting. The general conference, Dr. Walter Simons, head of the German delegation, told the press, was rejected by the Allies. The German proposals, which had been prepared by the German government, were said to have been prepared for the first five years of the war, for the equivalent of the German exports.

Would Apply. It was unofficially learned that the German proposals, which had been prepared by the German government, were said to have been prepared for the first five years of the war, for the equivalent of the German exports.

REV. B. H. ROBINSON GIVES PROTESTANT VIEW OF DIVORCE

Says Catholic Stand Splendid
in Theory—But Recalls
"Ne Temere."

"At the present moment there is a movement in favor of establishing divorce courts in Ontario, and there is in this city a lawyer whom you all know, whether you like him or not, who has on his list 100 applications for divorce."

In these words Rev. B. H. Robinson, minister of the Memorial Methodist Church, prefaced his sermon on the Protestant attitude toward divorce in addressing a large congregation last night. Mr. Robinson based his remarks on the nineteenth chapter of St. Matthew, eighth verse: "Moses, owing to the hardness of your hearts, suffered you to put away your wives, but in the beginning it was not so."

"One organization," continued Mr. Robinson, "is putting up a splendid fight not only against the establishment of divorce courts in Ontario, but against the whole principle of divorce, and that is the Roman Catholic Church."

Splendid in Theory.
"The Roman Catholic Church is splendid in theory, but this does not always work out in practice, as in the case of the Ne Temere decree. This is an immoral procedure by which this church is assisting in separating men and women who have been married in all good faith. Therefore, I cannot wholly accept the Roman Catholic attitude towards divorce, but it is the Protestant attitude that I have now to investigate."

"I believe that Jesus would not have the marriage bonds dissolved without good cause, and I believe that marriage is a divine institution meant to work out for all that is noble in the character of human destiny; but I also believe that he made one reservation, namely, that infidelity was one reason for the dissolution of the marriage tie."

"There are some things that enter into that relationship which makes the continuance of that relationship impossible, and if there is one thing that is going to hinder the working out of God's will, it is domestic impurity."

"To my mind the granting of a divorce decree is not separating a couple where this trouble has occurred. It is only a legal recognition of the fact that they have already been separated. In all honesty I believe that the innocent party should have liberty to invoke the law and have permission to remarry."

"On the other hand, I think that the divorce law is absolutely wrong that allows the guilty party to remarry, but if both are guilty there should be no reason under heaven why their marrying again should be permitted."

"I do not believe that it was in the mind of Jesus Christ that where there was an innocent man or woman, that these parties should be debarr'd for life from working out the destiny for which God intended them."

Wife Eloquent in Absence.

Mr. Robinson then related the case of a young man who got married in haste before proceeding overseas, and whose wife eloped on the eve of his return. "It surely cannot be the view," exclaimed the preacher, "that as clean a young man as you could ever find, should be compelled to live alone for the rest of his life. It does seem to me that the fair and reasonable thing to do is to grant that boy his perfect freedom and give him permission to remarry. If you could annul such a marriage, then by all means annul it, for I don't like that abominable word 'divorce'."

"But I would prefer a committee of the Senate to examine such cases and not a divorce court. However, the Senate, the rich have the advantage over the poor."

Favored New York Law.

The speaker expressed approval of the divorce court procedure in New York State, where, he said, at the first trial, only provisional decrees were granted, and then if no reconciliation took place between the two parties by the second time the case was heard, it was made absolute by a third hearing. But the guilty party could not marry during the life of the innocent party without obtaining permission.

Mr. Robinson also expressed the opinion that the proceedings of divorce courts should never be open to the public. "It is a scandalous thing to me," he declared, "that people should be allowed to hear details of homes broken up. We have also to see, when this bill comes up, that no amendment is slipped in to take away the right of divorce. If they start slipping in these things they can soon slip in half a dozen."

He considered that Canada today stood in a most enviable position regarding divorce, when adultery and desertion were the only two legal causes. There were also less than 100 divorces granted in Canada in a year. This, he thought, was a mighty fine record, and it would have to be guarded.

Blames Foreign Element.
In conclusion, Mr. Robinson referred to the large and increasing number of divorces in the United States, blaming

the rapid and expansion of the country, the nation brought on by negro slavery, and the large influx of the foreign element as contributory causes. Last year the ratio of divorces in the States was one for every nine marriages.

"Every Protestant that does not realize that we are standing in a most critical position regarding the divorce law today," he said, "does not understand what is meant by breaking up the family of the home," he said. "We are faced by the appalling danger of

the broadening of the grounds for granting divorce. There is one state, that of South Carolina, which does not grant divorce on any ground, and in three states where Roman Catholic influence is predominant, the divorce rate is the lowest.

"I believe, in all fairness, however, that this epidemic of divorce is only a passing phase in the life of the United States. It has got to pass, or the United States has got to pass. But there is only one force that can get rid of it, and that is Christian church."

DEALERS ARE OUT TO LOWER PRICES

In its summary of the iron, steel, metal and machinery markets for the week, Canadian Machinery and Manufacturing News, Toronto, makes the following comment:

Some of the warehouses in the steel business continue to mark down prices. Sheets came down farther this week and are at a point they have not touched in the last two or three years. Still the price cutting has not improved the sale, and very few are moving. One firm placed an order for well over a car of iron this week for stock purposes, believing that the price and service they secured on the order were good enough to warrant them taking on the material. Some reinforcing bars are being sold,

and other work is under way that will call for a good tonnage of this sort. Dealers all over are out to sell now, in an effort to get their stocks cleared out. Many stories are heard in the street as to how long the U. S. Steel Corporation will stand by and see the independent operators cut away at their prices and stop the flow of business to their mills. One report says that so many of the large agricultural implement makers have taken on stock at present prices that should the Corporation come along with a cut now it would seriously involve these interests.

Some of the largest makers of machine tools have come along with announcements during the week of reductions in their selling schedule. These vary from 15 to 20 per cent. There is no thought that the new price will stimulate buying, but it is simply an effort of the builders to try and line up with other reductions. Long years of experience have taught the machine tool market that price reductions do not make sales. Machine tools are bought for a purpose and not because they are cheap.

The scrap metal markets are dull yet. Dealers have too much copper on hand,

some of the yards being badly clogged with this metal. Any prices quoted now are more or less nominal. Yards as a general thing are not carrying much heavy melting and stove plate, and would not take much added activity to make this class of material much in demand at better prices than are going now. Dealers claim it does not pay to collect and sort this at present values. There is no money being made in the scrap metal business just now, and it is probably a fact that the majority of the yards are losing every day they keep open for business.

ROBBERS TAKE TRUCK OF MAIL

Capture Car, Kidnap Driver Registered Pouches.

CHICAGO, March 6.—Five armed robbers in an automobile last night held up a mail truck, kidnapped the driver, drove the truck through crowded streets to an outlying section of the city, picked out six pouches of registered mail and escaped, leaving the driver locked in his own truck. The pouches taken are known to have contained the receipts of several postal sub-stations and the value of their contents was estimated at from a few thousand to an amount exceeding \$100,000. Postal inspectors declared it would be impossible to give the exact sum until it was found if the missing pouches contained any bank remittances.

The hold-up took place scarcely a block from a police station, the truck being stopped as it was coming from an alley behind a postal sub-station.

REBELS MURDER GEN. CUMMING IN AN AMBUSH

Commander of Kerry Military Area Victim of Sinn Feiners.

CORK, March 6.—Brigadier-General Cumming, commander of the Kerry military area, was one of the two officers killed in the ambush of a military convoy in Clonbanin, this county, Saturday afternoon.

General Cumming was president of the court of inquiry appointed to investigate the recent shooting of railwaymen in Malinow.

Extraordinary precautions were taken on these trips. Parties of soldiers motored in advance, General Cumming following in his own car with two soldiers sitting behind him. An armored car with machine guns ready brought up the rear. Outside the court house during the proceedings of the court, at the hotel where the general ate lunch, and in the streets traversed by him between the court house and the hotel, large detachments stood guard. Two previous attempts had been made to ambush General Cumming.

Opened Heavy Fire.

A heavy fire was opened on the convoy yesterday from high ground on both sides of the road. The driver of the first car was seriously wounded by the first volley and the car plunged into a ditch. All the soldiers left the car and went into action, but the armored car, in endeavoring to pass that of General Cumming was hit on the head shortly after leaving his car and died instantly. The firing went on for an hour, during which a lieutenant was also killed.

A party from the head of the convoy succeeded in working to the flank of the attackers, but before an effective fire could be opened, the latter had fled. Few of the faces of the ambushers could be seen as the light proceeded, the slopes on each side of the road being thickly covered with bushes. Mines had been laid, but they failed to explode.

GOT WRONG OFFICER?

DUBLIN, March 6.—The belief is general here that the ambush in Clonbanin Saturday in which Gen. Cumming was killed was prepared for Major-Gen. Sir Edward Strickland, commander of the crown forces in Munster. General Strickland was supposed to be returning to Cork yesterday from Tralee.

A DARING ATTACK.

DUBLIN, March 6.—A daring attack was made on a military lorry at noon today in Dorset street, off Farnham Square, causing great excitement. Bomb explosions and rifle fire reverberated, creating a panic among the crowd in the centre of the city. One bomb wrecked the interior of a store and two civilians are reported to have been wounded.

Earlier in the day an attempt was made to ambush a military automobile near Clontarf, a suburb of Dublin, the automobile escaping, but a private car happening to pass was wrecked by a bomb. The driver of the car was killed and the passenger injured.

APPEALS FOR PEACE.

BELFAST, March 6.—Cardinal Logue, primate of all Ireland, in a letter to the priests of the Armagh diocese, makes another powerful appeal for a truce in Ireland, and suggests the forthcoming birthday of the first national apostle offers an opportune occasion for an appeal to the Almighty for the return of peace to Ireland, pointing out that Saint Patrick brought peace to the country. The cardinal says:

"What a reproach it would be should we dim by crime the lustre of this glorious inheritance. It is no excuse that crimes even greater and more numerous have been committed by others, for crime does not justify crime. . . . We shall not before the judgment seat be called upon to account for the crimes of the Black and Tans, or the Auxiliary Cadets or the military, who have sacrificed so many innocent lives on the most futile pretence in their wild raids through the country. We shall not be even called to account for the blindness, obstinacy and partiality of our present Government."

Denounces Ambushes. Deplores the disregard for human life and property shown by both sides, which he declares threatens to reduce the country to a state of desolation and ruin. Cardinal Logue especially denounced the ambushing and attacking of soldiers and police in crowded thoroughfares.

"They who commit such acts know well those armed forces will blaze away, indiscriminately, killing or wounding poor innocent victims, often women, girls and children engaged in lawful occupations," the cardinal continues. "Lawyers, I think, say such acts, endangering the general public, involve malice against all mankind. Certainly all mankind should join in putting an end to them."

FOUR WERE KILLED.

DUBLIN, March 6.—Two officers and two members of the ranks were killed when 25 men comprising a military party were ambushed yesterday afternoon between Killybeg and Ballyvaughan. Fighting was still going on last night, according to an official statement of the affair issued on Saturday.

BLOWN UP BY MINE.

LONDON, March 6.—Five hundred men took part in the ambush of a military convoy Saturday afternoon in Clonbanin, County Cork, in which a general, another officer and to privates were killed, says a Dublin dispatch to the Central News today. The convoy consisted of five or six lorries and an armored car.

The first two cars of the convoy were blown up by a mine and a fierce fight which lasted an hour ensued, according to the dispatch. Then the armored car managed to reach Kanturk, from which place reinforcements were sent to the scene of the ambush. The attacking party escaped into the hills.

Many Horses Are Ill With "Flu"

Epidemic Among Animals Is Reported in North Dorchester Township.

INGERSOLL, March 6.—In several districts in North Dorchester Township within a radius of ten miles of Dorchester village, influenza has developed epidemic form among the horses. Up to today there have been two fatal cases and many animals are in a dangerous condition. The common names for the disease are pneumonia, meningitis, lung fever and pink eye. The epidemic developed during the last two weeks and more than 30 cases have been reported.

Pardee Bares Plan of Meighen To Juggle Redistribution.

BRAMPTON, Ont., March 6.—Frod F. Pardee, M. P. West Lambton, addressed the Liberals of Peel County at a convention here Saturday, when William J. Lowe, a local cattle buyer, was chosen as the Liberal candidate in the next federal election. Mr. Pardee, who formerly was chief Liberal whip in the House of Commons, accused the Dominion Government of having broken its every pledge, and said the Government was clinging to the swests of office despite the will of the people. The Government of the Hon. Arthur Meighen knew that it was doomed, Mr. Pardee declared, but it was going to bring in a redistribution bill in the hope of retaining power by strengthening the urban ridings. "In this way," Mr. Pardee said, "the Tory party hopes to live again through some sort of ingenious juggling of the constituencies. This Government is absolutely determined to hang on to office until it is thrown violently out. Personally, I believe that when the change comes it will be by means of a peaceful but very forcible eviction."

Adoption of Name. Mr. Pardee referred to the adoption by the party in power of the name "National Liberal and Conservative Party" as a subterfuge to give the impression that it is still a union government. "But for all that, it remains the old Tory party with its high protection platform," he said. "The Liberal party had always stood for keeping the price of necessities at the lowest possible figure. Mr. Pardee said, and was opposed to the Tory party's policy of protection not for revenue, but for protection sake. The member for Lambton said he was not preaching free trade, for that was a thing this country could not have, "but

we must not have a tariff as high as Haman's gallows," he added.

BAN STUNT FLYING OVER NEW YORK CITY

NEW YORK, March 5.—Stunt flying over New York city and operating of airplanes at altitudes of less than 2,000 feet became illegal today under the provisions of a city ordinance. Police Commissioner Enright has issued circulars ordering arrest of violators, who are punishable by a fine of not less than \$50 or imprisonment for not more than a year, or both.

DIVISION LIKELY ON O. T. A. ISSUE

Defeat of Ontario Government Is Rather Difficult To Conceive.

(Special to The Advertiser.) TORONTO, March 6.—Further discussion on O. T. A. matters, hydro legislation and the probable wind-up of the budget debate are the principal items on next week's program of the Ontario Legislature. Overshadowing all else in importance is the O. T. A. appeals issue, on which there is more than likely to be a division of the members early in the week. Four Suggestions. There have been four definite legislative suggestions placed before members in respect to appeals under

the O. T. A. That the Government is determined to stand upon the policy of appeal to county judge on the police court evidence is apparent from the addresses in the Legislature last week of Attorney-General Raney and Premier Drury. A government defeat on the issue is difficult to conceive, although, with the exception of J. W. Curry, Liberal member for East Toronto, it is impossible to determine from what opposition sources the Government can expect to draw support. Labor members who might be sympathetic to the Sinclair amendment have already accepted in caucus the Government compromise.

Hydro Proposals.

Discussions on the proposal of the special hydro committee to impose a \$2 per horsepower tax with the object to subsidizing rural extensions are also likely to be carried on with considerable vigor. There are strong hydro supporters in the Government group who will not support the Government in anything that they believe will injure the great public project. On very good authority the Government is credited with the intention of bringing down legislation to provide \$250,000 per annum

out of consolidated revenue for the housing of rural hydro transmission lines.

CAR WAS ON FIRE.

WOODSTOCK, March 6.—When the westbound G. T. R. express pulled into the local depot this morning fire was discovered under the flooring of the dining-car. A hotbox is supposed to have been the cause. The local brigade was called and used a chemical, which soon extinguished the blaze. A local fireman was carried on the train as far as London to act in case of a recurrence of the fire.

WHEAT IS BASIC.

If a survey is made of the history of the world it is quickly seen that wheat has been the making of empires. Mines, forests, pastures, are important sources of wealth and power, but they lack the element of permanence; they have their day and cease to be.

The sale of furs brings food to a savage; the pastoral Israelites lived fairly well by flock and herd; the short-lived Spanish supremacy rested on gold and silver extorted from South and Central America by forced labor. But it is wheat that builds up the securest sort of dominion.

Ancient Egypt was the first great civilization. The Nile mud grew excellent and abundant wheat. There was always corn in Egypt, the crop not dependent upon changeable weather. Skillful administrators like Joseph could hold surrounding peoples in the hollow of their hand.

Next came Babylon. The basis of Babylonian culture was the intense fertility of the alluvial soil near the mouths of the Euphrates and Tigris when irrigated by canals. With their herds of wheat, the Babylonian dealers could buy whatever they wanted: wine and olive oil from Syria, timber and bitumen from Hittite building and water-proofing, stone from the mountain region of the Upper Tigris. From west and east came spices and drugs, from the Red Sea coral, copper and precious stones. Babylon could produce better breeds of cattle and sheep because of its grain supplies and superior science. On the solid basis of wheat was laid the wealth of Babylon, which was applied to education, science, skilled manufactures, commerce and high finance.

Babylon was a kind of ancient London, whither the world's produce converged into wholesale hands, and was retailed over vast distances by regular correspondents and branch houses.

The civilization and wealth of India rests mainly on "the grain by which a man may live." Old Carthage sat on the rich granary of North Africa, for which Rome fought and subdued her, to take her place. Ancient Italy became mistress of the world, the "Saturnian land," as Roman poets liked to call her; Saturn, the original ruler of Italy, was a god of agriculture, in whose golden age the wheat grew of itself, and was consumed raw without mill or cooking fire.

England at first seems an exception to the predominance of wheat. Bernard Shaw says that John Bull is powerful for all his stupidity because of the mere fact that he sits on a coal mine. No doubt in manufacturing and financial supremacy may be due to the power of coal. But one thing that makes Russia peculiarly redoubtable, especially if she once gets good government, is her enormous production of wheat, supporting myriads of people. Bread is the staff of life. The United States owes its strength very largely to the unrivaled wheat crops of the western plains.

And as for England, why is she the dominant partner of the British Isles? Because of wheat the Southrons came to outnumber the Scots by 10 to 1. Long before the industrial revolution and the coal age, England was a world power both in arms and in arts. The East India Company began in 1600. Not by mere coincidence, perhaps, was Oliver Cromwell both the drainer of the fens, the wheat granary of England, and the father of England's navigation and foreign expansion. There can be no question that the British power has a secure basis for permanence in the possession of wheat-growing India and Egypt, its

ONE-MAN-ONE-VOTE. (Toronto Star.)

The freedom with which members of the Legislature have expressed their personal convictions on the private members' bill to give each ratepayer but one vote on municipal property tax is a refreshing sight.

Mr. Hume's bill with regard to money bylaws has much in its favor. No one can justify conditions under which a ratepayer with six pieces of property in one ward has but a single vote, while another man with property of the same value scattered in eight wards has eight votes. Nor is it reasonable that a citizen owning one block of improved property worth \$100,000 should have but one vote, whereas another citizen owning five vacant lots with a total valuation of \$2,000 should have five votes.

Great difficulty would be experienced in giving ratepayers a vote on each \$5,000 worth of property they own. In the absence of some unit of valuation, the principle of one-man-one-vote should be applied.

STOOL PIGEON METHODS. (Ottawa Citizen.)

A good many people will be inclined to agree with Premier Drury's opinion of a method of law enforcement by which persons are tricked into breaking the law. The premier does not think the act can be successfully enforced by the employment of stool pigeons—persons who bring about breach of the law by deceit and then supply evidence for prosecution. "My own opinion is that if you want to enforce an act you have got to get popular sympathy. You cannot do it by methods of this sort," says Mr. Drury, and it is a sensible opinion.

COUNCIL PLEDGED TO COLLECT. (Edmonton Bulletin.)

British authorities say that Berlin's protest against the alleged demands for reparation is less vigorous than they expected. They seem to be a little hard to suit in that matter. The German foreign minister evidently did his best to say that the amount demanded would not be paid, and he succeeded in presenting the idea fairly clearly, not to say defiantly. If he did not measure up to expectations, the supervising committee must have fully realized the stupendous task it was imposing and also have considered seriously the measure it would have to adopt if the demand was refused. It will be difficult for the council now to either modify the figure or hesitate to take action if payment is not made promptly.

WILL BE A SPUR TO COLONIZATION. (La Patrie.)

The legislation which will detach the administration of the forest domain from that of colonization has been defined before the Legislative Assembly. This separation is all the more welcome because it will enable colonization to make an appreciable advance. The forestry industry has not been handicapped to any marked extent under the dual administration which has been in force hitherto, but colonization has suffered because there were impediments which prevented many men from settling their claims to clear the land, possession which would not then be guaranteed to them.

DIRTY LINEN. (London Daily Herald.)

The presence of the women on juries seems to have had its advantages. Eyes previously closed have been opened, as never before, to the nastiness of divorce cases. It seems that the washing of dirty linen in public is a dirtier business when women are present. It is a pity that by all means let us have women jurors. In time, perhaps, we may be forced to abandon the performance altogether, and revise our divorce law.

A STANDARD DRESS FOR SCHOOL GIRLS. (Kingston Whig.)

The spread of the desire for the ultra-fashionable in dress to school girls is agitating the minds of educational authorities in several parts of Ontario. In London the agitation has taken the form of an early meeting, when a proposal to adopt a standard form of dress for girls attending the London public schools was under consideration. The proposal will be introduced by Mrs. J. Hunter, a woman member of the board of education, and if adopted, it will mean that every girl student will be required to wear a dark skirt and a white middie blouse.

This proposal is by no means a new one. It has been tried in various cities and towns with varying degrees of success. Two years ago it was put into effect in Peterboro, and for a time was popular, but the call of fashion was too strong, and after a few months the idea gradually fell into disuse. Last fall the students at the Owen Sound collegiate adopted a similar idea voluntarily, and it has been very successful. The success, however, depended entirely upon the willingness of the individual girls to fall in line with the idea, and as long as the group instinct prevailed it worked well.

It is wonderful, however, if such a proposal would meet with success if it were made compulsory. The suggestion of it is reasonable. Mrs. Hunter claims that it would eliminate the costly competition, which now results in a daily war of the "finest" of girls' dresses. It is claimed that the daughters of the working classes, unable to meet the competition of the girls of the wealthy, in many cases refuse to continue their studies after a certain age, because of their dread of appearing in comparison with their chums. To try to eliminate this by compelling the girls to wear a standard uniform, however, is certain to cause trouble, unless the girls can be made to accept the idea as a commendable one, and adopt it because they want to. But the idea of a restrictive regulation is distasteful and would result in stiff opposition to the plan. One cannot, because it is a standard dress, would make the schools resemble penal institutions, and it would mean many students into private schools.

Whether the scheme will be adopted or not, it has, to a certain extent, its good points. It would help to teach modesty and moderation in dress, and would keep many girls from acquiring a taste for the ultra-fashionable, which is an expensive and undesirable. If the pupils would adopt it themselves, it would be a splendid thing, and it might not be a bad idea if a little educational propaganda on its merits were put before the girls in every school. If the idea it would be to appear attractive, then it would be to appear ugly, but there is less its only chance of success.

ONE-MAN-ONE-VOTE. (Toronto Star.)

The freedom with which members of the Legislature have expressed their personal convictions on the private members' bill to give each ratepayer but one vote on municipal property tax is a refreshing sight.

Mr. Hume's bill with regard to money bylaws has much in its favor. No one can justify conditions under which a ratepayer with six pieces of property in one ward has but a single vote, while another man with property of the same value scattered in eight wards has eight votes. Nor is it reasonable that a citizen owning one block of improved property worth \$100,000 should have but one vote, whereas another citizen owning five vacant lots with a total valuation of \$2,000 should have five votes.

Great difficulty would be experienced in giving ratepayers a vote on each \$5,000 worth of property they own. In the absence of some unit of valuation, the principle of one-man-one-vote should be applied.

STOOL PIGEON METHODS. (Ottawa Citizen.)

A good many people will be inclined to agree with Premier Drury's opinion of a method of law enforcement by which persons are tricked into breaking the law. The premier does not think the act can be successfully enforced by the employment of stool pigeons—persons who bring about breach of the law by deceit and then supply evidence for prosecution. "My own opinion is that if you want to enforce an act you have got to get popular sympathy. You cannot do it by methods of this sort," says Mr. Drury, and it is a sensible opinion.

COUNCIL PLEDGED TO COLLECT. (Edmonton Bulletin.)

British authorities say that Berlin's protest against the alleged demands for reparation is less vigorous than they expected. They seem to be a little hard to suit in that matter. The German foreign minister evidently did his best to say that the amount demanded would not be paid, and he succeeded in presenting the idea fairly clearly, not to say defiantly. If he did not measure up to expectations, the supervising committee must have fully realized the stupendous task it was imposing and also have considered seriously the measure it would have to adopt if the demand was refused. It will be difficult for the council now to either modify the figure or hesitate to take action if payment is not made promptly.

WILL BE A SPUR TO COLONIZATION. (La Patrie.)

The legislation which will detach the administration of the forest domain from that of colonization has been defined before the Legislative Assembly. This separation is all the more welcome because it will enable colonization to make an appreciable advance. The forestry industry has not been handicapped to any marked extent under the dual administration which has been in force hitherto, but colonization has suffered because there were impediments which prevented many men from settling their claims to clear the land, possession which would not then be guaranteed to them.

DIRTY LINEN. (London Daily Herald.)

The presence of the women on juries seems to have had its advantages. Eyes previously closed have been opened, as never before, to the nastiness of divorce cases. It seems that the washing of dirty linen in public is a dirtier business when women are present. It is a pity that by all means let us have women jurors. In time, perhaps, we may be forced to abandon the performance altogether, and revise our divorce law.

A STANDARD DRESS FOR SCHOOL GIRLS. (Kingston Whig.)

The spread of the desire for the ultra-fashionable in dress to school girls is agitating the minds of educational authorities in several parts of Ontario. In London the agitation has taken the form of an early meeting, when a proposal to adopt a standard form of dress for girls attending the London public schools was under consideration. The proposal will be introduced by Mrs. J. Hunter, a woman member of the board of education, and if adopted, it will mean that every girl student will be required to wear a dark skirt and a white middie blouse.

This proposal is by no means a new one. It has been tried in various cities and towns with varying degrees of success. Two years ago it was put into effect in Peterboro, and for a time was popular, but the call of fashion was too strong, and after a few months the idea gradually fell into disuse. Last fall the students at the Owen Sound collegiate adopted a similar idea voluntarily, and it has been very successful. The success, however, depended entirely upon the willingness of the individual girls to fall in line with the idea, and as long as the group instinct prevailed it worked well.

It is wonderful, however, if such a proposal would meet with success if it were made compulsory. The suggestion of it is reasonable. Mrs. Hunter claims that it would eliminate the costly competition, which now results in a daily war of the "finest" of girls' dresses. It is claimed that the daughters of the working classes, unable to meet the competition of the girls of the wealthy, in many cases refuse to continue their studies after a certain age, because of their dread of appearing in comparison with their chums. To try to eliminate this by compelling the girls to wear a standard uniform, however, is certain to cause trouble, unless the girls can be made to accept the idea as a commendable one, and adopt it because they want to. But the idea of a restrictive regulation is distasteful and would result in stiff opposition to the plan. One cannot, because it is a standard dress, would make the schools resemble penal institutions, and it would mean many students into private schools.

Whether the scheme will be adopted or not, it has, to a certain extent, its good points. It would help to teach modesty and moderation in dress, and would keep many girls from acquiring a taste for the ultra-fashionable, which is an expensive and undesirable. If the pupils would adopt it themselves, it would be a splendid thing, and it might not be a bad idea if a little educational propaganda on its merits were put before the girls in every school. If the idea it would be to appear attractive, then it would be to appear ugly, but there is less its only chance of success.

MUTT AND JEFF—At the Inaugural Ceremonies in Washington.

18 Clubs Are in Line to Start
Off Soccer Season in London
and District Association

Five Games Start Program Off On Saturday, April 9—
St. Thomas Has Two Teams in A and B
Groups.

Eighteen teams are marshalled in line in the London and District Football Association, and at the meeting held at the "Y" Saturday afternoon the grouping of the association was drawn up. St. Thomas and London are in Group A and B, with the clubs from Sarnia, Petrolia and Point Edward in Group C.

The teams and groups are:

Group A.
Westminster Hospital, London.
G. T. R. Carhops, London.
Public Utilities, London.
Royal Canadian Regiment, London.
Michigan Central, St. Thomas.
United Veterans, St. Thomas.

Group B.
1st Western Ontario Regiment, London.
33rd Comrades' Club, London.
Army and Navy Veterans, London.
Great War Veterans, London.
Machine Gun Brigade, London.
St. John's Rovers, St. Thomas.
Grace Church, St. Thomas.

Group C.
Homebrew Park Rangers, Point Edward.
Sarnia Imperials, Sarnia.
Sarnia Rovers, Sarnia.

This grouping puts two St. Thomas teams in each of the two local groups, and should have the effect of giving variety in each.

The season opens on Saturday, April 9, with five matches in London. Public Utilities and Grand Trunk, last season's cup rivals, will furnish one of the best of the opening fixtures. The other clashes are:

Westminster Hospital vs. United Veterans of St. Thomas.
R. C. R. vs. M. C. R. of St. Thomas.

Group B.
33rd Comrades vs. London G. W. V. A. St. John's Rovers vs. Grace Church, St. Thomas.
Machine Gun Brigade vs. Army and Navy Veterans.
1st W. O. R. vs. a bye.

The following teams will meet on the same day at Sarnia:

Homebrew Park Rangers vs. Point Edward.
Sarnia Imperials vs. Petrolia.
Sarnia Rovers, a bye.

The referee examination board will consist of three members this year, and Messrs. Mac Morgan, George Marshall and James Weir of St. Thomas are the trio who will test the applicants. Any person desirous of making application as a referee should communicate with Secretary Sim, 583 Adelaide street, London.

GALT, March 6.—When Galt's hockey champions arrived home from Collingwood shortly after 5 o'clock Saturday morning on their special train, about 300 citizens were on hand, despite the early hour, to welcome the boys. Every one of them a home brew, who had put Galt on the hockey map, and gave it its first O. H. A. championship. Headed by the jazz band, which accompanied the team and 300 rosters, and Mayor S. E. Charlton, the team was paraded uptown. Galt is hockey crazy, and Mayor Charlton has proclaimed a half holiday Tuesday, and a great crowd will go to Toronto by special train to see their idols compete against the Soo in the Allan cup elimination series. The team will go to Toronto Monday to have a workout on the artificial ice, and will be back to see the St. Pat's-Canadians pro game. Play Strange Ice.

Set New Long Run Record
With 436 Points One
Afternoon.

NEW YORK, March 6.—Jake Schaefer of San Francisco defeated Edouard Horemans, Belgian billiard champion, in their 4,500-point 18 ball match, winning the final block last night by 400 to 113. Horemans' total for the week was 4,481. Schaefer set a United States record by running 456 points in the afternoon.

The grand averages for the match were: Schaefer, 47 (33-10); Horemans, 44 (31-10), both of which were announced as records for such a contest.

The former United States record high run was 298, made by Willie Hoppe at New York in 1916. The world's record is 622, made by Hoppe in Paris in 1911.

Toronto Bowler Is In Fifth

NEW YORK, March 6.—The Canadian war veterans' hockey team was defeated by the St. Nicholas Club of New York 10 goals to 3, in a three-period contest last night. Russell Ellis, the St. Nicholas centre, led in the attack with 5 goals. McDonald, Adams and Sweeney scored for the Canadians.

Toronto Bowler Is In Fifth
Place At A. B. C. Tourney

BUFFALO, N. Y., March 6.—Ed. Hower of Toronto rolled into fifth place in the singles of the American Bowling Congress tournament held yesterday. His total was 697 pins. Rolling a ball with but one finger hole, Joseph Gilligan of Buffalo established a high single record of 239 pins. His grand total was 683, giving him first place in the individual contest. The A. B. C. record is a perfect score of 300, shot by William J. Knox of Philadelphia in the 1913 tournament at Toledo.

FARMERS' TEAM CINCH
MANITOBA HOCKEY TITLE

WINNIPEG, Man., March 6.—Popular team, the Man. made up of farmer boys, won the intermediate hockey championship of Manitoba here Saturday night by defeating Minnedosa, 2 to 1, in the final. The winners met Brandon here Tuesday night for the right to defend the Allan cup.

ENGLAND BEATS WALES.

LONDON, March 6.—(By Canadian Associated Press).—In the international hockey games played Saturday, England defeated Wales, 5 to 1, and Ireland shut out Scotland, 8 to 0.

WELLINGTON STREET METHO.
DISTS HOSTS TO HAMILTON
ROAD BOYS.

The boys of Wellington Street Church invited the boys of Hamilton Road Church to a banquet on Friday evening. After an interesting Bible talk by Mr. Loveday, sports, which consisted of relay, potato and obstacle races, dodge and corner ball and high jump, were put on. The races and dodge ball were won by the home team. The corner ball was a tie, five to five. The jump was won by the visitors. The evening closed with a hearty vote of thanks to the ladies for the wonderful supper.

PLAN BIG NEW BAKERY.

WINDSOR, March 6.—Plans for a new bakery to cost \$250,000 are announced by the Neal Baking Company, following the annual report, which showed the Windsor plant to be inadequate. The new building will be located south of Wileg Park.

STRATFORD GIRLS
LEFT WAY IN REAR
BY THE SHAMROCKS

30-2 Was Score of Abbreviated
Cage Game At
Armories.

HUSSARS DOUBLE SCORE

Preliminary Game With Stratford
Intermediates Was of
Head-Liner Variety.

Shamrock girls had an easy win over Stratford in a scheduled L. O. B. A. game at the armories Saturday night. The 30 to 2 score tells the story of the abbreviated clash, truthfully.

Hussars of the Military League, and Stratford intermediates, playing a preliminary fixture, came through with a head-liner game, the cavalrymen winning by a score of 34 to 17.

Shamrocks have only two more games to play, one with Stratford next week, and with Toronto here a week from Saturday. Brownies of Hamilton played Toronto Saturday night, and a win for them leaves them tie with the local Collets for first place. It looks as if home and home games will be needed between these two before a winner for the Lady Beck trophy is decided.

Stratford girls were sadly out of condition in the second period, and the game was cut short as a result.

A. T. Taylor refereed the girls' game. The Preliminary.

Hussars only had a two-point lead on the visitors at the end of the first half, with the score 12 to 10. However, in the last periods, the locals pried off the lid and set the pace for the whole session.

The line-up:

Stratford—Forwards, Lawrence 5, Ellis 2, centre, Murray 6; defence, Elach 2, Fraser 2.
London—Forwards, H. Gilles 12, Bennett 2; centre, W. Lightfoot 4; defence, Johnston 10, J. Lightfoot 4; sub., Clinger 2.
Referee—Bill Mace.

Tillsnburg To Start Arena
Ball Rolling Tuesday Night

TILLSNBURG, March 6.—The businessmen of the town will hold a meeting Tuesday evening to discuss plans and select committees in regard to building a new up-to-date arena and curling annex for next winter. One local businessman has started the ball rolling by offering a substantial percentage on the money invested and will also start the subscription list with a generous amount, and there is little doubt of the project going ahead as soon as building operations permit.

KITCHENER BALL CLUB HAS
LEASE ON VICTORIA PARK

KITCHENER, March 6.—Victoria Park athletic grounds have been leased for the season by the Kitchener Baseball Club of the Michigan-Ontario Baseball League, and a number of improvements will be made in the grounds. The lease, which is for a season, will be increased. It is proposed to make the ball grounds here one of the best in the M.-O. League circuit.

St. Pats Looked Bad in Tilt
With Tallenders, But Pulled
Up in Time.

MONTREAL, March 6.—Upsetting all the dope, the Ottawa Senators defeated the Canadiens 1 to 0 at the Mount Royal arena Saturday night in the last scheduled game of the N. H. L. season here.

The game was one of the hardest-fought here this season, with the winning and only score being made after sixteen minutes of play in the last period. The Ottawas came as a result of a combination play on the part of Nighbor and Denneny, the latter netting the puck after taking a pass from Nighbor from back of Canadiens' net. It was not a good exhibition of hockey, the close checking and sticky condition of the ice precluding any chance for brilliant playing.

Throughout the three periods the two teams fought with little advantage for either, the Ottawas having a little edge on the game, but being gradually worn down by their heavier opponents. The visitors played a desperate game from the start, showing more energy than in their two previous appearances here, but were still far from being the snappy team they were in the first half of the season. The local team did not display the speed and snap that has characterized their play in the last eight games, and at no time in Saturday's game did they seem to get going. From the start the Ottawa team adopted a strictly defensive game and maintained it throughout the period.

Three wasted minor and one major penalties imposed during the game.

The line-up:

Canadians.....Ottawas

CONSIDERABLE PROFIT FOR LITTLE WORK IN PUZZLE CONTEST

\$2,500 Competition To Run Two Weeks More.

What part of \$2,500 could you use? What would you do with it if you had it? The advertiser answers one of these questions for you by directing your attention to this of the prizes it offers for solving its new puzzle. The second, if the answer to the first question is yes, may be answered briefly by yourself when requesting additional working charts for solving the puzzle.

Most people have certain ambitions to gratify if they had the means of doing it, but few get the opportunity to do so by taking advantage of the advertiser's contest though one has the opportunity. Many of the most successful men and women would say that an opportunity to improve their condition, regardless of the odds you have to fight against. The opportunity The Advertiser presents to you is one in this class. It is an exactly even one, couldn't be otherwise under the conditions set forth in the announcement of the contest. Nothing is involved beyond your own individual effort.

It is not necessary to seek assistance to solve the puzzle. The puzzle is a puzzle of those who are taking advantage of this opportunity is that the work is exceptional. The puzzle is a puzzle as a diversion and a pastime. Many people are deriving through it, pleasure they could not find in any other way. Even if you do not win the money you are deriving pleasure from the puzzle. Even if you do not win the money you are deriving pleasure from the puzzle. Even if you do not win the money you are deriving pleasure from the puzzle.

INSPECTOR THROWS WOMEN INTO PANIC
Sarnia Merchants Deny Bringing Official to the City.

SARNIA, March 6.—The visit of Mrs. White of the Ottawa customs department to the Sarnia ferry dock last night caused a mild panic among local women shoppers returning from Port Huron, with the result that many of the fair sex returned to the American side of the St. Clair, while others paid duty on their purchases.

The arrival of Mrs. White was announced in the Port Huron stores, and those who had made purchases were allowed to check them until some future date. Many a husband fearing that his wife would be held up, carried heavy loads of goods, bought in the United States.

It was a busy night on both sides of the St. Clair, for while Mrs. White was holding up the women on this side, the American officials were searching many Sarnia residents for wet goods on the American side.

Sarnia merchants deny that they are responsible for Mrs. White's visit to this city, and today it was announced that she had left for another border city.

SUB-CHASER FIRES UPON CABLE LAYER
U. S. War Vessel Prevents Landing of Western Union Cable.

MIAMI, Fla., March 6.—Work of connecting the Western Union Miami-Barbados cable begun again yesterday, but was abruptly halted late in the afternoon, when the U. S. sub-chaser 154 appeared and opened fire on the cable ship Robert C. Clowry and placed the entire crew under arrest. This clash between the United States navy and the Western Union Telegraph Company was the second that has occurred in the efforts of the Government to prevent the landing of the Barbados cable in Miami. An attempt to run the cable across the channel on the western side of the causeway last summer was prevented by armed forces of the navy, and a sub-chaser has been stationed here ever since to prevent a repetition of the cable-laying operations.

Last week in the New York federal court the injunction against the Western Union Telegraph Company, preventing the landing of the cable, was set aside, and the telegraph company was successful in securing a court order restraining the Government from interfering with the work.

DIED VERY SUDDENLY.
WINDSOR, March 6.—Funeral services for Mrs. E. J. Bright, 74 years old, will be held Monday at the residence of her son, F. E. Bright, 494 Pelissier street. Mrs. Bright died suddenly today of heart disease.

Headaches Make Life Miserable
Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time. Headaches seem to be habitual with many people; some are seldom, if at all, free from them, suffering continually from the dull throbbings, the intense pains, sometimes in one part, sometimes in another, and then again over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist. The fact that Burdock Blood Bitters keep the stomach, liver and bowels tuned up is proof enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Lahain, Owen Sound, Ont., writes: "My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. So I took another, and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy." B. B. B. is put up only by The T. Milburn Company, Limited, Toronto, Ont.

DRY'S READY FOR REFERENDUM

Ex-Mayor Chant Will Lead Fight Against Liquor.

ST. THOMAS, March 6.—The temperance workers of the city organized last evening to further the passage of the referendum, and plans for immediate active work will be formulated by the executive at a meeting in the Y. M. C. A. Monday evening. Ex-Mayor S. Chant was chosen president, vice-presidents, James Tremblay and Mrs. J. L. Coutts; Henry Wing, secretary; chairman of the finance board, W. G. Rogers. Representatives of the several organizations to be known as "the city of St. Thomas referendum committee" will be Rev. H. B. Thomson, Ministerial Association; Roy Howard, C. A.; Miss Gunn, Y. W. C. A.; Mrs. Neil McLachlin, W. C. T. U.; Adjutant Jordan, Salvation Army; Mrs. M. A. Gilbert, local Council of Women; Mrs. Joseph McCully, Union Mothers' Club; chief organizer, William Field.

A stranger's plot has been set apart in the South Park Cemetery, and will be soiled and put in shape when the season is favorable. So far there has been little use for a Pottery field in the city. The only stranger who has been in the city within memory and given a last resting place was a printer from Stratford, who was buried in the Odd Fellows' plot.

Is Not Improving.
Rev. W. F. Brownlee, rector of St. John's Anglican Church, who has been suffering from an attack of sleeping sickness for the past month, is not improving. His congregation and people of other denominations are hoping there may be an immediate change for the better.

Mr. Brownlee's illness is the only case of the kind in the city.

ALDERMEN WANT EXPLANATION OF "JOKE" CLAUSE

Questions Will Be Asked At Council Meeting Tonight.

BRANTFORD, March 6.—Mayor Wedlake denies an explanation of the joke clause in Brantford's private bill before the Legislature, which provides for a local board of control of nine members, each of whom would receive \$1,500 a year. Local aldermen will call for an explanation at the council session Monday night. The mayor stated that the clause which would call a salary of \$1,500 to board members would be deleted, but as the matter was in the hands of the city solicitor he would give out no further information.

Was Not Included.
M. M. MacBride, M. L. A., who first moved Brantford's private bill in the Legislature, stated this afternoon that the money clause had not been included in the copy of the bill which he had received. He had received no communication from Mayor Wedlake or the city council since the bill was introduced, and he intended holding up the bill until full information was given out.

Would Cut Off Land.
Principal W. B. Race of the Ontario School for the Blind, stated today that the extension of Palmerston avenue through the O. S. B. grounds would mean the cutting off of farm lands at the school. An effort was made to secure senate control in municipal government.

SARNIA SCHOOLS ARE FILLED TO CAPACITY
Parents Asked To Keep Small Children Home For Awhile.

SARNIA, March 6.—Owing to the crowded condition of the local schools it will be impossible to accommodate new pupils in the primary classes expected to commence after Easter, and a request is published to parents not to send children to school until after the summer vacation. An effort will be made to provide accommodation by that time. This decision was reached at a meeting of the board of education today.

The matter of taking action on the petition of a new technical and industrial school is in the meantime held in abeyance until further consideration of tenders. Rev. J. R. Hall, Principal C. L. Brown and Milton T. McCordie were elected delegates to attend the annual meeting of the Urban Trustees' Association, to be held in Toronto at Easter. Messrs. W. T. Goodison, H. W. Unsworth, R. M. Durnford, Dr. R. G. McDonald of the board of education were chosen to represent the industrial and technical committee for 1921, and Messrs. H. B. Thompson and George Brown for the year 1921 and 1922.

FORMER LONDONER APPOINTED JUDGE
WINDSOR, March 5.—Juvenile court for the border came into being officially today, when the Dominion Government passed an order-in-council providing for it, and made Canon Arthur Carleton, All Saints' Church, judge. The new court opens Monday morning in the offices of the Children's Aid Society. One provision of the new act prohibits any court for children being held in the city police court. Rev. Carleton will be given complete powers of dealing with both children and the parents who come before the court.

BLENNHEIM'S SHOOT.
BLENNHEIM, March 5.—At the weekly shoot E. W. Wright and Barney Morris won first place. The scores were as follows: Out of 25 blue rocks the number broken was: T. H. Nichols, 11; Sam Hartford 15; L. Rumble, 12; E. Harris, 15; C. Springsteen, 15; O. Gill, 15; E. W. Knight, 15; Ed Johnson, 12. Out of 100 sparrows each, the scores were: Sam Hartford 6; C. Springsteen, 8; L. Rumble, 8; E. Harris, 8; Nichols, 1; E. W. Knight 5; O. Gill, 6.

BANDITS' BULLET KILLS DRUGGIST

L. C. Sabine Victim—Former Hotelman Brutally Beaten, Robbed.

TORONTO, March 6.—Leonard Cecil Sabine, druggist, was shot and fatally injured at 10:30 Saturday night by two bandits as he was making up his cash behind his counter, preparatory to closing the store for the night. He died in the Western Hospital this afternoon after an operation had been performed in an effort to extract the bullet, which had lodged in his abdomen.

William Joyce, Mr. Sabine's assistant, was in a room at the rear of the drug store when the bandits entered. On hearing the shot he ran into the store. The bandits grabbed what loose change they could find, and then fled from the store. One of the pair wore a handkerchief in such a manner as to practically hide his face.

Mr. Sabine, the hotelman, Saturday night, outlined the story of the assault. He said that the two gunmen presented two revolvers at his body without parley just after they had entered the store and ordered him to empty the cash register for them. He refused. Then, one of the pair with a curse, pulled the trigger of his revolver and sent a bullet into Sabine's body. He dropped to the floor and the bandits grabbed what they could from the cash register and departed. He described there was on the counter about 20 and 25 cents of age.

No trace of the murderers has been found at a late hour tonight. It is believed by the police that they are the pair who have been committing numerous hold-ups in the last week or two in this city.

BEATEN AND ROBBED.
TORONTO, March 6.—William A. Ball, a former well-known hotelkeeper in the west end of this city, who now conducts a public garage, was brutally beaten by two thugs in his private garage in the rear of his home Saturday night, and robbed of \$150 in cash, a diamond tie-pin valued at \$1,500, and checks to the amount of \$35.

Mr. Ball is of the opinion that the pair who beat and robbed him were the same pair who were in the killing of his head. He refused to obey their demand and was beaten on the head with the revolver and also with a monkey-wrench.

In order to make a quick job of the robbery, the bandits cut off his collar and tie away to get the police. Mr. Ball shouted "Help!" and the killing man. His wife heard his voice and ran out of the house crying "Murder!" It was about 10 o'clock at night, and neighbors hearing the outcry hurried to the scene. The robbers had an automobile standing nearby, and they quickly got away.

CAPT. WALTER LINTON DIES VERY SUDDENLY
Stricken With Heart-Failure While Attending Church Services.

SARNIA, March 6.—While attending church here today with his wife, Capt. Walter E. Linton of Mooretown dropped dead from heart-failure. He was one of the best known sailors in this district and had been sailing out of Great Lakes ports for 25 years. For some years prior to taking up his residence at Mooretown he resided at Hagersville and Toronto. Of late he had been in charge of steamers of the Great Lakes Transportation Company. Surviving are his wife and sister, Miss Agnes Linton of Toronto.

POLICE START SEARCH FOR CENTENARIAN
NEW YORK, March 6.—A city-wide police search was instituted today for Abraham Brown, 100-years-old, missing since yesterday morning.

His seventy-five-year-old daughter, with whom he lived, said he was accustomed to taking long morning walks, was very active and she feared he had met with foul play.

MAY ORGANIZE KIWANIS CLUB

Businessmen Are Keenly Interested in the Project.

ST. THOMAS, March 6.—The recent visit of some members of the Kiwanis Club, London, may lead to the establishing of an active and progressive branch in St. Thomas. The objects and principles of the association, although not new to several businessmen of the city, have appealed to a number of St. Thomas people, and the possibility is that after some time the active organization looking to the progress of the city will be instituted.

Edward C. Ransby, field secretary, will be here next week to assist a local committee in securing the required membership. The delegation from London was chairman by district governor of the London Kiwanis, J. B. Hay, a former merchant of St. Thomas, and among the visitors were Rev. Thomas S. Roy, Alfred Mitchell, Fred Cornell and Edward C. Ransby.

Fell on Pavement.
A local pavement, corner of Talbot and Hiawatha streets, this morning, Charles Kimball came down on his head and was taken to a doctor's office unconscious. Later he was removed to his home and is in a serious condition.

Death of Mrs. Tiedale.
Mrs. Elizabeth Tiedale, widow of the late Cyrus Tiedale, an old resident of St. Thomas, passed away today after an illness of a couple of days from an attack of pneumonia, in her home at 165 Woodworth avenue. She was 70 years of age. She was born in St. Thomas, and was the daughter of the late Miss McTaggart, daughter of the late Duncan and Barbara McTaggart, Yorkmouth, and was married to her husband, Mrs. Edgar Ferns, Orwell, Mrs. S. Jones, Malahide; Mrs. Harry Hill, St. Thomas, and sons, Andrew and Matthew A. Tiedale, the interment will be on Monday in St. Thomas Cemetery.

Thomas Ripley Passes.
After a few days' illness, Thomas A. Ripley, grandson of Mr. and Mrs. Mann, 165 Woodworth avenue, passed away today at the Amasa Wood Hospital, in his 13th year. The late's parents are dead, and he has been living with his grand parents for some years. A brother, Walter J., died last December, and one brother, John, survives. Mrs. M. B. Tiedale, nee, Mrs. M. Munro, Mrs. Baynard, Inkerman street, are aunts. The funeral will be Monday afternoon to St. Thomas Cemetery.

OLD HOTEL BUILDING WILL BE INSPECTED

City Engineer To Make a Report Regarding Its Condition.

ST. THOMAS, March 6.—Among the buildings in the west end of the city that the city engineer is directed to examine as to its safety as a fire hazard or a place where the public health and safety are not in keeping with the section of the health act, is the old Laings Hotel, now the property of the city. This is one of the ornaments in that part of the corporation, which adds so much to the scenery of the venerable neighborhood. The late house of entertainment was purchased by the city for industrial purposes some years ago, with another store alongside of it. But the neighboring building had to be torn down because of its infirmity, and the late is now a breathing spot given over to discarded things thrown from the Talbot shoe factory. It has been suggested that the health officer also look into the conditions of this municipal property, as well as the city engineer.

REV. JOHN COOLEY DIES AT WARTON

Had Been Methodist Pastor in This District 46 Years.

WARTON, March 5.—Following an illness of two months, the death occurred here today of Rev. John W. Cooley, aged 67, for 46 years in the Methodist ministry. He had been stationed at Brantford, Hamilton, Milton, Tilsonburg, Grimsby, Milton, Hanover and many other places. Nine years ago he was elected president of the Hamilton conference, and last year he was appointed a delegate to attend the centennial conference, which was held in London, Eng., in September.

At one time, owing to failing health, Mr. Cooley was compelled to leave the ministry for two years, and during this time he was engaged as assistant editor of the Winnipeg Free Press. So ably did he fill this office that when he had regained his health and desired to return to the ministry it is said the directors of the paper offered him the position of managing editor at a salary several times that which he would receive as a minister, but being devoted to the service of the Methodist Church, he did not accept.

He is survived by his wife, one son, F. Cooley, mathematical master at Hamilton Technical School, and one daughter, Miss Dora, on the staff of the local public school. Funeral services will be held at the Methodist Church here Monday evening, and the remains will be conveyed to Guelph Tuesday morning, where service will be held in Norfolk Street Methodist Church, followed by interment in Union Cemetery.

Reaping the Harvest Of Recurrent Activity

Paul, in his epistle to the Ephesians, who, just then, were in need of guidance, advised them, and laid stress on the point that they proceed not "in vanity of the mind."

Overconfidence in judgment, where there is not a profound understanding, is an ever-ready means of precipitating the reverse of intent.

Solomon, who knew quite a few things, said that Knowledge was the Servant of Understanding. "A little knowledge is a dangerous thing" is the household adaptation of his wisdom in that particular.

The advertiser who is in doubt as to the reasonable extent of his advertising during what are called "periods of uncertainty" has to consider not whether he

will advertise, but—HOW AND WHEREIN.

The occasion may call for modification and a closer scrutiny of space-values; but not for curtailment nor for cessation; not if the advertiser desires to continue in business, and to be able to reap a harvest in the recurrent activity.

The Daily Newspaper is the first mirror of increased public confidence. And if the reflection of your advertising is apparent and coincides with conditions you will be the first to benefit.

This is the Time of Times for concentration upon Daily Newspaper Advertising. Daily Newspaper Advertising is the most powerful vehicle of publicity yet given to the use of man. It is the Alpha and Omega, the Beginning and the End of all successful advertising.

Advice as to the best ways and means of doing this will be given to those who inquire of us; or consult any recognized advertising agency—a list supplied on request.

WHEAT LOOKING GOOD IN BLENNHEIM DISTRICT
Recent Moisture Has Been of Great Benefit, the Farmers Say.

BLENNHEIM, March 5.—Farmers who were in town today report that the wheat is in splendid shape, and that the recent snow and rain have been most beneficial. The next three weeks, they believe, will be the real testing time, and they are afraid that alternate freezing and thawing may cause some of the grain to heave. Up to the present they say prospects for a splendid crop were never brighter, and if the weather remains mild they anticipate no trouble. The Dominion Sugar Company has contracts for growing beets for the coming season. He reports good success and a large acreage signed up. The price offered per ton for beets is \$6. If the average price of sugar was per hundred over during the months of October, November, December and January next, an additional price varying, according to the increase of sugar as follows: Sugar \$6, beets \$6.25; sugar \$6.25, beets \$6.75; sugar \$6.50, beets \$7; sugar \$7, beets \$7.25.
