## FOR THE OLD BOYS' REUNION

Initial Proceedings Taken at a Citizens' Meeting held Last Evening.

Committee Appointed With a View of Making Enquiries—Mass Meeting.

A number of representative citizens met at the Hotel Garner last evening and started the movement towards the holding of an Old-Boys' Reunion here on July 1st.

It was thought that Chatham should not go ahead in the dark, but should profit by the experience of London, Bramford and Port Hope, where Old Boys' Reunions had already been held with great success.

A committee was appointed to gain all possible information from those places, and report to a meeting of citizens to be called in about two weeks.

There were present at the meeting O. L. Lewis, F. F. Quinn, John Watt, J. L. Wilson, Jas. Northwood, W. R. Baxter, Theodore Nelson, Geo. B. Burdub, John M. Pike, Dr. Cornell, A. J. Dunn, Mr. Niven, Will. Coupland and others.

Mr. Lewis was asked to take the chair, and J. M. Pike was appointed secretary.

Mr. Lewis said that it would be a good idea to hold a mass meeting of the citizens, at which a general committee should be appointed, and the enthusiasm of everybody should be aroused.

J. M. Pike said that it would be a good idea to communicate with the other places where such reunions had been held, and that all information bearing on the manner in which they had been conducted should be secured. It wasn't much use, however, going on with the undertaking if the citizens weren't interested.

Mr. Lewis suggested that the present meeting appoint a temporary committee for two weeks, whose duty it would be to gain all possible information and report at a mass meeting of citizens to be called in a fortnight.

Fred. Quinn moved, seconded by Mr. Northwood, that the special committee be composed of Dr. Cornell, J. M. Pike, O. L. Lewis, Mayor Sulman and Ald. Cowan.

At the request of the meeting the name of Mr. Quinn was added to the committee, and the motion carried.

The special committee will meet on Tuesday evening at the office of Lewis & Richards.

**OUR TEACHERS**

Canadian Educationists Are Wanted by the Orange River Authorities.

Special to The Planet.

Bloomfontein, Jan. 10.—The Bloomfontein Post publishes a long and important article, surveying the progress of the civil administration of the Orange River Colony during the past year. Education has progressed by leaps and bounds, and a larger number of children are now being educated than at any period under the late Government. The last figures showing a total of 15,466 scholars, compared with 8,000, the highest record under the Orange Free State Republic. The teachers in the camp and town schools number 150, and an additional hundred will arrive from England in the course of the next few months, while teachers are also invited from Canada, New Zealand, and Australia.

The following is a rough outline of the terms of future colonization by British settlers on Government land in this Colony.—The land will be offered at a fair valuation on a basis of 25 years' purchase, with the option of buying the freehold at any time after three to five years. Government will lend the money to the settlers at a favorable rate of interest for the purpose of stocking the farms and making improvements. The settler is exempt from rent, except a quit rent, for the first year's occupation.

**THE READING CAMP APPEAL.**

In response to the appeal made through the columns of the city papers for literature for the lumber camps, books and magazines have come "pouring in again." D. S. Patterson has now a catalogue of four hundred and thirty magazines, and eighty-seven books to use for this purpose. The magazines represented are Harper, The Century, The Strand, The Cosmopolitan, Munsey, McClure's, etc. The books are standard fiction, with the exception of "The Colportage Library," an excellent series of light, religious literature, by such notable and popular writers as Moody, Spurgeon, Talmage, C. M. Sheldon, and John MacNeil. This valuable contribution is from R. V. J. J. Ross. As there are five hundred camps to be supplied, the citizens need not stay their giving. The fact is that the above list has been contributed by eight citizens. Please send your address to the Editor of the Chatham Daily Planet, and let the good work go on.

## PEACE TERMS.

Special to The Planet.

Amsterdam, Jan. 10.—The Boer delegates in Holland evidently anticipate that some kind of peace overtures will shortly be made, though they are reluctant to their reasons for this belief. They maintain, however, that the demand for an unconditional surrender must be abandoned. It is privately admitted that the delegates will reject what they call "any fair offer of terms." If the negotiations are started by a neutral power the delegates will earnestly seek to obtain a modus vivendi, which will reconcile Mr. Kruger's desire for complete independence with the terms offered by Great Britain.

London, Jan. 10.—The Globe says that the Boer chiefs had made overtures to the British government to the effect that they were prepared to lay down their arms, provided they were not expelled. Wednesday next is the Boer Feast Day and it was said the surrender of the Boers would probably occur then. The war officials ascribed that no proposal of surrender had been received from the Boers.

## AGAIN SCORES REAL SUCCESS

Opera Said Pasha Repeated Last Night to Another Crowded House.

Performers Exceeded Their Initial Efforts—Mr. Carter Returns Thanks.

"Said Pasha" was repeated at the Grand last evening, and was greeted by another bumper house. The production last evening was even superior to that of Tuesday.

The role of the Pasha's daughter was exceptionally well taken by Miss A. Humphrey. Tom Stegman, as Hesen Bey, made a decided hit. Miss Edith made a real queen, starting both libretto and singing. The acting of Miss Reva Stegman as Hahsh Sajah was very pleasing to the large audience.

Victor Carter deserves very much credit for the putting on of this opera, as it has occupied almost his whole attention for the past two months.

Before the curtain rose on the last act, Mr. Carter took occasion to thank the citizens of Chatham for the hearty manner in which they had shown their appreciation of the efforts of the young singers who put on the opera by greeting them both times with crowded houses. He also thanked the press for their kindly reception in the newspapers, and also the members of his cast and chorus for their help in putting on the opera.

## WON'T DO

British not Satisfied With Von Buelow's Words—Times Says Lack Strength.

London, Jan. 11.—Count von Buelow's second speech has quite failed to appease the English press. The Times puts the matter most strongly and says, with reference to the speeches of Baron Liebermann and Sonnenberg:

"Soldan, if ever, has a friendly nation been so grossly insulted in a foreign parliament, and never within our memory has insult met with such mild rebuke from the representatives of a friendly power with whom he professes to desire the maintenance of good relations, as Count von Buelow, though sufficient to inflict on Herr von Sonnenberg."

"Even Brigands and thieves may know how to die. What we have a right to expect from the minister of a friendly state is a definite repudiation of the calumnies uttered within his hearing. With regard, not to the British soldiers dead, but to those who are living, we must state frankly and emphatically that the limit of British patience will be overstepped if Count von Buelow imagines he can count British friendship and at the same time use the king's uniform in which our kinsmen are fighting heroically in South Africa in order to wipe his parliamentary feet upon it."

**ALLEGED DUAL VOTING.**

It is probable that there will be another election for aldermen in the city. Steps are being taken to protect the election on the ground that electors voted for aldermen in all the sub-divisions on which their names were on the roll, whereas they were holding the efforts of the young aspirants for fame, by offering either books, medals, or articles of virtue for competition. Intending donors will please communicate with Roy Brown, secretary of the C. O. L. and M. Society.

## WILLSON THE NEW MAYOR

Recount in Ridgeway Contest Unseats Mr. Graham by Four Votes.

A Close Contest—The Returning Officer Found a Majority of One For Graham.

One of the supporters of Ben Willson in his race for the mayoralty chair in the town of Ridgeway, gave him the double cross. Naturally, Mr. Willson was defeated as a result.

It happened that one voter put a double cross opposite Mr. Willson's name on the ballot. The voter had no intention of throwing Mr. Willson down. He only wanted to emphasize his vote. The deputy returning officer, however, rejected the ballot and Mr. Graham was declared elected by a majority of one over Mr. Willson.

This morning a recount was held by Judge Bell. The two candidates were present as well as Town Clerk Cochran, H. D. Smith was looking after the interests of Mr. Willson, and Mr. Gandy was looking after those of Mr. Graham.

The count of the ballots showed 245 for Mr. Willson and 249 for Mr. Graham. Of this number Mr. Smith objected to one ballot marked for Mr. Graham, on the ground that the number 37 on it served as a mark of identification and the Judge ruled the ballot out.

A ballot, found in the spoiled ballots envelope, was marked for Willson with a proper cross and also a straight line partially rubbed out. The Judge ruled this was a good ballot. He also ruled three other Willson ballots good. One had been rejected by the deputy returning officer because a piece was torn out of the side, another had the cross for Willson in the line with the numbers, and the third had two crosses opposite Willson's name when there ought to have been one.

This gave Willson a majority of four, and Mr. Willson will be Mayor of Ridgeway for 1902, with a majority of four votes. The costs were awarded against Graham.

## RURAL SCHOOLS

Sir Wm. Macdonald's Plan for the Improvement of Education in Ontario.

Toronto, Ont., Jan. 10.—Prof. Robertson, to-day forwarded to the government the details of the scheme of Sir Wm. Macdonald, for the improvement of education in the rural schools of Ontario, towards which Sir William is prepared to give generous aid. The intention is to consolidate five or six rural schools at convenient points, changing them into one graded equipment. One experiment will be conducted at Sir William's expense in each of the provinces, and a thorough test given to the idea. Garden and nature studies will be promoted by the means of a travelling instructor who will give lessons to the teachers in rural schools. Among the subjects will be dairying, poultry keeping, bee keeping, fruit growing, general gardening, and for girls' preparation and serving of foods, dressmaking and simple forms of household art and decoration and the care and cleansing of rooms. In brief, Sir William will introduce technical education for farm life into the rural schools.

## C. C. I. LITERARY AND MUSICAL SOCIETY.

The executive committee has arranged for the month of January: "Education from a Collegiate Institute pupil's point of view,"—a symposium by the teachers of the institute, with special reference to their respective departments, is the topic for the first meeting of the new year. It is expected to be very helpful and suggestive to the students. Music will be interspersed.

The second meeting of the month will be a tribute to the immortal Shakespeare. Essays will be read on his life, genius and works, and typical recitations from his plays will be given.

At Easter it is intended to hold an oratorical, elocutionary, and literary writing tournament, when the knights of the pen and the voice will do battle on the carpeted arena of the C. C. I. Hall.

Patrons of the arts of speaking, reading and writing are afforded an opportunity of encouraging and stimulating the efforts of the young aspirants for fame, by offering either books, medals, or articles of virtue for competition. Intending donors will please communicate with Roy Brown, secretary of the C. O. L. and M. Society.

## GOLD FIELDS.

Special to The Planet.

West Superior, Wis., Jan. 10.—Reports from the Sturgeon Lake district in Ontario were brought here this week and show that the district is likely to become the richest gold fields in lower Canada. Prospectors from all other localities are coming to this part of the country, and the richest strike has been made by the Steele Mining Co., backed by a number of Saginaw, Mich. lumbermen. The ore body of their mine is said to be fully 1,200 feet wide and extends for a distance of two or three miles. The vein or reef has been opened only by cross-cut on the surface, and so rich is the ore that throwing a bucket of water on the vein anywhere in these cuts gold can be seen in the rocks for several feet distant. It is said that already several million dollars' worth of gold is exposed and ready for the stamp mills. The Saginaw people have recently purchased some other property which promises to be almost as rich, if not richer.

## INDIANS MAKE MUCH TROUBLE

Request That Soldiers be Dispatched to Lame Deer Agency.

Disturbance was Started by an Indian Named White, who Fired on a Posse.

Miles City, Mont., Jan. 10.—Fort Keogh yesterday received a telegram from Forsyth asking that soldiers be immediately dispatched to the Lame Deer Indian agency. Word has arrived from the agency that trouble was brewing, and that an outbreak of the Cheyennes was imminent, if it had not already occurred. Lieut. Chapman, of the post, stated that the request for troops had been communicated to department headquarters, and that soldiers were making preparations for immediate departure on the receipt of orders. F. Bastry, a prominent citizen of Ashland, near the Lame Deer agency, said that the disturbance originated by an Indian named White being sent for by the agent in charge. The Indian refused to obey the summons, and an Indian posse was dispatched to bring him in. White opened fire upon the appearance of the posse, killing one of the Indian policemen. The warring Indian then turned upon his own wife and daughter, killing them both, and finally shot himself, dying instantly.

## GOD'S CHARIOT

Carrie Nation Writes President Roosevelt that she Cannot Stop if She Would.

Mexico, Mo., Jan. 9.—Carrie Nation was in this city last night, and freely showed a copy of a letter which she had written to President Roosevelt, in which she charged him with showing more consideration to a horse than to his fellow man. Here is an extract from the letter to Mr. Roosevelt:—"Can you refuse to buy a horse because his tail was cruelly cut off and not have a word of help for the thousands who are starving and have had their food, clothes, health, love, and Heaven cut off through the infamous liquor traffic? Consistency, thou art a jewel which few possess."

After reading the above extract from her letter to the President, Mrs. Nation said:—"I have spent four or five months in jail, and expect to spend more time there, for when the Lord tells me to smash, I smash. I am in God's chariot. It came along one day, and I jumped in. He broke the reins, and I cannot stop if I would. I claim there are no legal saloons in the United States. There cannot be, for you cannot legalize sin."

The regular meeting of Wellington Chapter, 17, G. R. C., was held Thursday evening in Masonic Temple Fifth St., when the following officers were installed by Rt. Ex. Comp. T. C. Macnabb, assisted by Ex-Comps. Greening and Bensen:—

Z.—E. Tuller.  
H.—Geo. Macey.  
J.—Geo. Crimb.  
S.—A. Gregory.  
S. N.—P. Bensen.  
Treas.—Robt. Riddell.  
P. M.—W. J. Kenny.  
Tym.—F. Bates.

Wellington Chapter has just finished the most prosperous year of its existence under Ex-Comp. W. H. Bensen and no doubt will continue its prosperity under the present staff of officers.

## REAL REVOLT IN PARAGUAY

Collision in Chamber of Deputies After Resignation of Pres. was Accepted.

In the Row One of the Senators was Killed and Several Others were Wounded.

Buenos Ayres, Jan. 10.—The rumour circulated here yesterday of a revolution in the republic of Paraguay, turned out to be well founded. The revolt, which broke out at Assumption, the capital, was caused by the presidential accession, the term of President Aceval expiring in November of this year. The revolutionary junta was composed of Gen. Caballero, Gen. Escobar, Col. J. A. Escarra, the minister of war, Senator Marro, a cabinet minister, and Senator Freitas.

President Aceval resigned the presidency and congress accepted his resignation. A collision occurred in the chamber of deputies, during which Senator Facundo Infran, president of the Hygienic council, was killed, and Gen. Caballero, Senators Miguel and Corbelan and Deputy Fernando Carreras were severely wounded. The congress of Paraguay has placed the reins of government in the hands of the vice-president, Senator Hector Carralva. Great excitement prevails at Assumption.

Mrs. John Clark, McKay's Corners, Harwich, died at her residence on Friday night after a lingering illness of some years. The deceased lady was a sister to Thomas, William, Robert Taylor, of Harwich, and John Taylor of Bloomington, and Mrs. Duncan McCoy, of Harwich. The remains will be interred in the Botsky cemetery on Sunday. Mrs. John McKay, Mrs. Samuel Holmes and Mrs. Annie are daughters of the deceased, and James Clark the only son, all residents of Harwich.

## Coke as Fuel

The following letter from Mr. McLachlan, who has made thorough tests as to the relative merits of Coke and Coal as fuel for furnace, range and coal stove, will explain itself:

Dear Sir,—In replying to your enquiry as to my opinion of the use of Coke for heating purposes, I can speak in nothing but the highest terms of it. We have had considerable experience in heating large space and have made ample tests as to the comparative merits of Coke and Coal for heating purposes, with the result that we can recommend coke as having a most decided advantage and I believe that if its heating facilities were better known it would be much more largely used than it is.

Yours sincerely,  
D. McLACHLAN.

The demand for coke has always exceeded the supply in Chatham, but with the installation of new apparatus, a much greater quantity is being produced, so that we are now able to supply our customers promptly.

Coke is sold at \$2.25 and \$2.75 in different sizes, for a full cartload of 30 bushels—less than half the price of the same quantity of coal—or will be sold in smaller quantities if desired. Try a load!

## WILD TIME AT MEETING

Stormy Session of Shareholders in the Binder Twine Co.

Serious Charges Made Against Directors—Many Angry Words.

The shareholders in the Chatham Binder Twine Factory held a meeting today in the I. O. O. F. Auditorium to take over the plant from the provisional directors and appoint permanent directors. President Wilson and Secretary Smith were upon the platform and the hall was crowded.

The meeting was very wild and stormy at times. The morning was taken up with the reading of the report of the provisional directors, which showed the plant to be now in working order.

Promoter Cummings was the first speaker. He said that Alister McKay, one of the directors, had come to him at the Rankin House, and after stating that Henderson & Cummings were making from \$5,000 to \$10,000 out of putting in the machinery in the Binder Twine Factory, he McKay, wanted to share in their profits, and in consideration of this he offered the promoters his assistance.

Then Andrew Thomson rose and said that Henderson and Cummings were men here to-day and to-morrow, while the directors of the Binder Twine Factory were men who the people present had known all their lives.

Mr. McKay was given an opportunity to reply. He denied the allegations of Mr. Cummings, but said he had offered to put in the machinery for \$25,000, which he \$5,000 less than the promoters, Cunningham and Henderson, were doing the work for. He was only willing to do this if the Binder Twine Co. would give him the office of Fred Stone, solicitor the company.

Fred Stone was called and corroborated what Mr. McKay had said. Mr. Henderson, the other promoter, asked to be heard. He said that Stone's memory of figures was not to be relied upon.

At this point one farmer stepped up and wanted to know if Henderson called Fred Stone a liar. Mr. Henderson said he would use such strong language, but Mr. Stone might have been mistaken.

Mr. Henderson went on to claim that the promoters had been fairly dealt with by the provisional directors.

Then two members of the assembly arose and moved and seconded the report of the directors presented in the morning. He added that the meeting, however, would hear what Mr. Davenport, the promoter who had set the machinery in motion, had to say. He read an address in which the promoters were faithful, loyal and honest men, but he said the directors hadn't treated him but had done all they could to let the work back and retard it.

The meeting is still in progress.

## TO WEAK WOMEN EVE-YWHERE

**Mrs. Maxwell Tell How Much Pain and Suffering may be Removed.**

A Very Interesting Statement by an Elora Lady—She Has Found a Panacea for All Female Weakness and Wants Every Woman in Canada to Know of it.

Elora, Ont., Jan. 10.—(Special).—Mrs. Maxwell of this place has written for publication a very strong letter in which she claims that Dodd's Kidney Pills have cured her of Female Weakness after she had tried almost everything else.

This good lady, according to her statement, suffered for a long time with kidney trouble, the greatest pain with a dizziness and headache that made her very ill. She was passing through what is always a critical period in every woman's life and her troubles were considerably increased by this. Indeed her life was for a time in great danger.

She says she used Dodd's Kidney Pills with the most remarkable results, being almost instantly relieved and in a very short time completely cured and restored to good health.

She is very grateful and in her letter she says: "I cannot find words to express my gratitude to God for my marvelous cure. Dodd's Kidney Pills are the greatest medicine in the world especially for those of my age. I could scarcely move hand or foot. I was dizzy, and violent pains would shoot through my whole system, but thanks to Dodd's Kidney Pills I feel well and smart."

This cure and its cure has created quite a sensation and Mrs. Maxwell's letter has been the subject of a great deal of comment.

Dodd's Kidney Pills seem to be an infallible cure for Diseases of Women as well as for Rheumatism, Diabetes, Bright's Disease, and all Kidney disorders.

**THE COMMERCIAL MASTER.**

Mr. Collins, who has entered upon his duties as the commercial master of the Collegiate Institute, has had nearly ten years' experience in teaching. He taught four years in the public schools of Kent, two in the county of Glengarry, one in the Chatham Business College, and two years and a half as commercial master in Quebec high school, where he gave unequalled satisfaction.

In 1895 Mr. Collins won the gold medal for senior leaving work in the Collegiate Institute here, matriculating with honors in English, French and Latin, and in 1896 he obtained a first class professional teacher's certificate at the Normal College, Toronto.

He is now a second year matriculated student of Queen's College, Kingston.

In addition to his excellent academic training into the University of the Commercial College, an excellent penman, and has done a good deal of practical work in a business house of the city of Montreal.

Better than all this, Mr. Collins is possessed of indomitable energy, a most pleasing address, an aptness to teach and an enthusiasm in his chosen profession, which will make him a valuable acquisition to the all ready strong staff of teachers in the Collegiate Institute.

The Historic Capital Furnishes a Story of Interest to Many.

The newspapers in and around the city of Quebec are just now relating the story of a well known French-Canadian gentleman who for many years has been a martyr to Dyspepsia.

The sufferings Mons. Bouchard endured have been beyond the power of tongue or pen to describe. When a citizen is so afflicted, he is expected to buy a membership ticket for himself, one for his wife and one for each of his children.

Thanks of the committee are to Miss Thomson of Victoria avenue who is the first donor of 1902: a new bill for "a little girl." Contributions of this kind should be sent to Mrs. Sheldon, who is president of the committee, or to Mrs. D. S. Brown, third vice-president of the city.

**Full and Experience Housekeepers Must Have the DIAMOND DYES.**

Withstanding the efforts of subtleties, careful and experienced keepers insist upon having the Diamond Dyes for home use. Mrs. H. Winnipeg, Man., says: "Dyes have been our friends for years. I have dyed dresses for my children, and have saved considerable money, which I have used for other purposes. I find the Diamond Dyes give perfect results. To use, the directions are observed there is no failure or poor work. I have dyed, but the Diamond Dyes are first and best."

Sometimes I seem to rise on wings And kinship claim with heaven's things. Sometimes my eager fingers grasp the highest just within my grasp. And then I feel that I cannot see. That nought can steal my heart from this!

Sometimes I feel amid life's stress I do but clutch at nothingness— That inner light is lost, is gone. And in the dark I grope—alone! Oh, then my Father, grant to me To trust the love I cannot see. And say, though stars forbear to shine, "Still, Lord, I know that thou art mine!"

## The Letter-Box

to the Public of Chatham:  
On behalf of the Chatham Amateur Opera Co. and myself personally, I desire to express my most sincere and grateful thanks for the great encouragement and support the public of Chatham gave our company in its presentation of the opera "Said Pa."

I personally also desire to express my high regard and esteem for all members of the Chatham Amateur Opera Company. Never before has it been my pleasure to conduct such a harmonious body, both in cast and chorus, and to them is justly due a great credit of the success of the opera. I feel most grateful for the encouragement and support the public of Chatham gave our company in its presentation of the opera "Said Pa."

Thanking you for your valuable assistance, I remain,  
Very respectfully,  
B. VICTOR CARTER.

**HEALTHY LIQUOR THAT TICKLES EVERY PALATE AND AGREES WITH EVERY STOMACH.**

What shall I drink? It is a question heard every day. People find that only makes them nervous, and which makes them so often audacious, disagree with their stomachs, according to a most prominent physician, Melchers Red Cross Canadian Gin is one of the few liquors really pure and perfectly matured; as being offered to the trade, it has for years in bonded warehouses, all the time, with all its fuel oil is evaporated. Melchers Red Cross Canadian Gin is the only that goes through such a long and arduous process, and the only gin for age and quality guaranteed every bottle by a Government stamp. It is a pleasant drink that has the burning effect known to many imported gins. It is soft and mellow to the palate, agreeable to the soothing to the stomach, beneficial for kidney trouble and invaluable for diseases of the urinary organs.

Melchers Red Cross Canadian Gin is pure and so well matured that it is not a single headache in a row of it.

**CHILDREN'S AID SOCIETY.**  
This philanthropic society has been the work of 1902 under good auspices.

On day four children have been furnished with clothing, and are thus able to attend school on Monday. It is to do effective work the executive committee of the society must be supported by the County City Councils and by the citizens of the city.

The committee will be able to promise a permanent annual fund, as provided by the Act, and the Society on a sound financial basis.

The annual membership fee has put down from 50c to 25c. in that a large membership may be secured. When a citizen is so afflicted, he is expected to buy a membership ticket for himself, one for his wife and one for each of his children.

Thanks of the committee are to Miss Thomson of Victoria avenue who is the first donor of 1902: a new bill for "a little girl." Contributions of this kind should be sent to Mrs. Sheldon, who is president of the committee, or to Mrs. D. S. Brown, third vice-president of the city.

Last Tuesday evening, G. Munro, formerly of the Merchant's Bank here, was presented with some choice old glassware by a few of his village friends. The presentation was made by W. T. Poole, after Rev. Sharp had expressed the sentiments of those assembled. Mr. and Mrs. Munro left on Wednesday morning for Walkerton, their new home—Tilbury News.

The annual meeting of the Presbyterian church will take place on Jan. 17th. On Sunday, Jan. 18th, anniversary services will be conducted by Rev. Johnie, of Windsor. Instead of the usual annual tea meeting on the following Monday evening, a concert will be given. The services of Donald McGregor, baritone soloist, of Toronto, have been engaged for the occasion, assisted by local talent—Ridgeway Dominion.

A lamentable shooting affair occurred at the home of Mrs. B. E. Ridge last Tuesday, and it is rumoured the perpetrator willfully committed the crime. Frank, who is about six years old, was playing with his brother John, who is about fifteen years of age, and it is thought that they disagreed and John deliberately shot at his little brother, the charge taking effect in his face. The little fellow is a pitiful sight, his face being badly lacerated and teeth blown out. John seems very unconcerned and as if he had done a wonderful deed. He refuses to tell the motive of his heinous crime—Florence Quill.

## CHILDHOOD INDIGESTION

Often Leads to Serious Trouble Unless Prompt Steps are Taken to Check It—How This Can Best be Done.

Indigestion is a trouble that is very common in infancy and early childhood, and unless prompt measures are taken to control it the result is often very serious. It prevents the proper growth of the child and weakens the constitution, so that he is unable to resist other diseases that are more dangerous. Fortunately, however, the trouble is one that is easily controlled. Proper food—not too much, but absolutely pure—plenty of fresh air, and Baby's Own Tablets, freely administered according to the directions, will soon put the sufferer right, and make both mother and child happy. Mrs. W. B. Busman, of Kingston, Ont., is one of the many mothers who has proved the truth of this statement. She says: "When my little girl was about three months old, she had indigestion very badly. She was vomiting and had diarrhoea almost constantly. She was very thin, weighed only four pounds and although she had ravenous appetite her food did her no good whatever. I had tried several medicines but they did not help her. Then I heard of Baby's Own Tablets, and procured a box. After giving her the tablets for a few days the vomiting and diarrhoea ceased, she began to improve at once, grew plump and fat. I always give her the Tablets now when she is a year and the result is always good. Baby's Own Tablets are the best medicine I have ever used for a child. These tablets will promptly cure all the minor ailments of little ones such as sour stomach, colic, indigestion, constipation, allay the irritation accompanying the cutting of teeth, etc. They are good for the relief of all ailments caused by indigestion with absolute safety to the youngest infant. If you cannot obtain Baby's Own Tablets at your drug store, they will be sent post paid at 25 cents a box by addressing Dr. Williams Medicine Co., Brockville, Ont."

**GUARANTEE**—I hereby certify that I have made a careful chemical analysis of Baby's Own Tablets, which I personally purchased in Montreal, and find that they are absolutely pure, and that they are a safe and efficient medicine for the troubles they are indicated to relieve and cure."  
(Signed) MILTON L. HERSEY, M. A. S. Provincial Analyst for Quebec Montreal, Dec. 23, 1901.

**GAS WELL BURNS.**  
Sarnia, Jan. 9.—The burning gas the salt well being sunk on the property of the Cleveland Sarnia Mill Company here, which threatened to destroy the valuable mill property of the company was got under control about nine o'clock last night. The gas is now burning in the top of a twenty-five foot pipe, which was inserted into the well and is under perfect control. The fire is now burning in the top of a twenty-five foot pipe, which was inserted into the well and is under perfect control. **Paine's Celery Compound**  
Strengthening and Health-Giving is the Best Medicine.  
This is the Season When the System Should be Purged.

At this time when thousands are confined to their homes, offices, and workshops, the system should be purified and the blood made pure.

Paine's Celery Compound is the best medicine for all ailments of the year and a half, and two physicians were unable to give her relief. Half a bottle of Paine's Celery Compound gave her case and free bottles with the Glass Iron Tonic Pills, affected a permanent cure. Many friends are rejoiced at her recovery. The great blood purifier is put up in bottles containing ten days' treatment. Price 50 cents at all drug stores or The Dr. Hall Medicine Co., Kingston, Ont.

**SONS OF ENGLAND.**  
Thames Lodge, No. 101, Sons of England Benefit Society, held their usual weekly meeting last Monday evening. Bro. W. A. Moore, Worthy President, in the chair.  
The auditors' report was read for the year 1901. The Lodge has had a prosperous year. We have increased our membership, also our funds, and have all accounts paid. Owing to the District Deputy being out of town, the installation of officers was postponed until Monday, January 13th. After the regular business had been disposed of the Brothers indulged in a social, after which refreshments were served and a singing program rendered.

## Theatrical

The famous Scotch hymnist, P. H. McEwen, will open a week's engagement on the Grand Opera House on Monday evening. He is beyond all question the most popular exponent of hymnic phenomena in the world to-day. He has travelled three times around the earth and has appeared before more of the world's celebrities than all the other hymnists combined. The most remarkable feature of the McEwen entertainments will be the wonderful ecstasies with which Miss Grace Maynard, a young lady of many personal charms, and said to be the only lady subject on the American continent, and the greatest ecstasies subject in the world. Miss Maynard.

THE GREAT MCEWEN.

Hardly more than 94 lbs., is a Canadian by birth, she first opened her eyes in Halifax, N. S. in 1891. At an early age she displayed her remarkable ecstasies power, and has mystified the leading members of the medical fraternity of Europe and America.

A most pleasing number will be contributed each evening by Mr. E. N. Smith, concert virtuoso, late of Sousa's famous concert band. Mr. Smith is the possessor of a very fine instrument and the tones and expression of his playing is of a most delightful nature.  
The principal portion of the program is, of course, given by the Great McEwen, and for those who enjoy a real hearty laugh there is nothing else to do but to see McEwen. The prices of admission are low—10c, 15c, 25c, and 50c. Reserved seats are on sale at the Central Drug Store.

## DISTRICT DOINGS.

The annual installation of officers of the A. O. U. W. took place Thursday night, after which a dainty lunch was served. A most enjoyable time was spent.  
Mr. Boxer, of Montreal, was in town yesterday.

## CAUSE TO REJOICE.

The earth was not made in a day, neither is rheumatism cured in a day. Mr. Jacob Dainwald, Black River Bridge, Prince Edward County, Ont., suffered intense pain in both limbs for a year and a half, and two physicians were unable to give her relief. Half a bottle of Paine's Celery Compound gave her case and free bottles with the Glass Iron Tonic Pills, affected a permanent cure. Many friends are rejoiced at her recovery. The great blood purifier is put up in bottles containing ten days' treatment. Price 50 cents at all drug stores or The Dr. Hall Medicine Co., Kingston, Ont.

**International Bible Lesson for Tomorrow—The Promise of Power Fulfilled—Acts ii, 1-11.**

**Golden Text—"The promise is unto you and unto your children."**

While the Jews and Romans said Jesus was a dead man, His disciples said He lives, and waited on Him in prayer. The feast of Pentecost or first fruits commemorated the giving of the law at Sinai, and occurred when the fields were white with harvest, a type of the harvest of souls about to be gathered for God. This sacred fire, the Shedkin, once rested on a Jewish altar, but now rests on believing, obeying, and praying disciples. No one present lost the fullness of that blessing, and "devout persons from every nation under heaven" heard the spirit-filled disciples speak by a divine gift of language. "The wonderful works of God in the human tongue for utterance, the divine fire for effectiveness. Have we had our own Pentecost filling us with the same spirit?"

## Clean Tailoring

Our factory in Stratford makes clean, germless clothing for men and boys.

Cleanliness seems a sort of thing to be taken for granted. People should be able to count on it when they buy clothing. But they can't always.

Really if the garments we make were of glass the public could hardly have a better chance to know them all through. Visitors to the factory are welcome to see for themselves every stage of the processes of manufacture.

Big, airy, comfortable workrooms—well dressed, self respecting workers—no smallest opening for infection whether by dirt or disease. And the store premises where reserve stocks are kept are as safe as the factory.

## THURSDAY EVENING, JAN. 23 IS THE DATE OF "THE LITTLE TYCOON."

Keep Minard's Enthusiasm in the House.

## Count Jean de St-Michel

It was this illustrious nobleman who in 1661 created the trade-mark "Vin St-Michel" of which the label now used is a faithful reproduction. It was Count St-Michel who first discovered the vitalizing and strength giving properties of this tonic wine, coming from the exceedingly ferruginous soil of his vineyards.

Has thus been known for several centuries as the most powerful blood-making tonic wine, and is now used with the greatest success all through the civilized world to cure Anemia, Debility, Weakness, Pale complexion, Loss of Appetite, Indigestion and in fact all diseases caused by overworked or impoverished blood. The unique vitalizing and restorative powers of Vin St-Michel are being recognized to an extent hitherto unknown in the history of any preparation.
