CHURCH NOTES

FOR BUSY MEN

ROMAN CATHOLIC

PROFESSOR FREEMAN ENDORSED.

The St. John Freeman says: "We are glad in more than one way, that Rev. Professor Freeman, of the Scotch Presbyterian Church, (St. John's) is in Canada just now. On Sunday, April 18, he preached to two crowded congregations at the American Presbyterian Church, Montreal. Although he must have felt out of place somewhat, and he does not blame him, if he did—he dealt, in his morning sermon with the Resurrection of our Lord, during forty-five minutes. Dr. Freeman is of the old school; he believes in the Gospel, as he understands it, and let it be said to his honor, that his reaction for him is what it should be. In the evening his theme was 'The Virgin Birth.'"

QUEBEC EXTOLLED.

The Freeman has the following:—"It is something wonderful what strides modern journalism has made in the Province of Quebec. What is more, there is at present a school of young French writers who are really inaugurating a brilliant literary era. While in some other parts of Canada there is but the crude output of the commonplace daily, or little more, Quebec stands out as a province of reasoned and digested journalism. This, in all probability, is due to the kind of education the young men have received. The Old French provinces really leads in intellectualism."

THE PONTIFF SPEAKS.

Responding to an address recently presented to him by a deputation of French pilgrims, the Holy Father spoke as follows:—"The politicians who do not war on the Church, to sectarians who do not cease to calumniate with a hatred worthy of the false paladins of science who try to render odious by sophism, and to accusations that she is an enemy of liberty, civilization and international brotherhood, the Catholic Church is the mistress of souls, the queen of hearts and the dominator of the world because she is the Mother of all. The depository of truth, she only can bring back the people to veneration and love." In conclusion the Pope felicitated the French pilgrims who had endeavored themselves under the banner of Joan of Arc. At the right of the Papal throne during the reception stood a standard showing the lilies of France, similar to that carried by Joan of Arc against the English.

TORONTO WORLD.

John O'Brien, of Regina, won the prize at the Quebec best essay on the New Testament. He is a Roman Catholic.

THE ANGLICAN.

THE CARMICHAEL MEMORIAL.

Bishop Partridge, of Montreal, asks for \$15,000 for the building of a church in that city in honor of the late Bishop Carmichael. "This church," he says, "will be erected on the work of church extension which was so near to the late bishop's heart. I am sure that no memorial would more honor his memory than the building of a church in a place where it is most needed. There is not a man, woman or child who did not love the late bishop, and none who would not take pleasure in doing something to perpetuate his memory. Let us all unite in making this memorial worthy of one so universally beloved."

THE NEW PRIMATE.

The new Primate of All Canada, Most Rev. Samuel Pritchard Matheson, Archbishop of the Province of St. John, was born in Kildonan, Manitoba, in 1852, and received his education in that province, and there was ordained into the Anglican Church in 1876. He became Archbishop of Rupert's Land in 1895, after having filled very many useful offices in the Church, more especially the position of deputy chief minister and head master of St. John's College School in Winnipeg.

ANGELICAN AND GREEK.

Speaking at a meeting in London, presided over by Archbishop Sinclair of the friendliness existing between the Anglicans and Greeks in Alaska, the Bishop of that diocese said:—"The Bishop and myself have arranged that the priests of either church should conduct services for the members of both of either body in the lonely and far distant stations of this northern land. That so far as practicable one of the Bishops should be present at the other's services, and vice versa on visitation. Also when visiting missions they looked after the welfare of each other's flock and reported there on return. The churches were lent by one to the other and the Bishop secured the sympathy and approval of his auditors by telling of his arrival at a closed church of ours. St. Mary's, which he and his priest set to clean and then summoned a congregation which filled the church and attended devoutly a liturgy celebrated in the Russian, English and native tongues."

REBELLIOUS STUDENTS.

The Montreal Star is responsible for this: A rather remarkable situation was revealed at the licensing here by Kingston presbytery of twelve theology graduates of Queen's. A majority of the class, through Father Gordon, declined to subscribe to the Westminster Confession of Faith, as in years past, deeming that this doctrine, laid down hundreds of years ago, is not now acceptable. The difficulty was overcome by the insertion of a new feature in the instruction making the candidates read the candidates' understanding of the question regarding belief in the Westminster Confession. It was found that the candidates agreed to the doctrine, but that they caused a considerable sensation.

A GREAT GIFT.

The elder Mrs. Vanderbit has recently given the magnificent sum of \$1,000,000 for the erection of tenement houses in New York city in which 400 tubercular families will be provided for in comfort. The whole enterprise will be under the control of the Presbyterian Hospital.

THE BAPTISTS.

A FORMER ACADIAN.

A correspondent of the Maritime Baptist after making some remarks about the star preachers of New York, speaks thus of Rev. I. H. Morse, a graduate of Acadia: "Well, he dared to preach on justification. This sermon burdens a man with the guilt of sin, and shows, exhibiting every detail and movement of a recent fight about has been given in New York, and no doubt duplicates of these pictures will be sent to all the moving picture shows. Think of the effect of such shows upon the young!"

THE MULTIPPLICATION TABLE.

Greenleaf's arithmetic, knew Sandy Murray by rote, and all about the hope verb 'I love thee' and 'I love thee love me,' and then the first of June they were married, and when the children came said they were to have a better education than they had ever had.

THE GIFT OF A LIBRARY.

We learn from an exchange that the daughter of the late Senator Watson, who was a native of St. John, and died in Brooklyn, N. Y., some time ago, is forwarding to the authorities of the Allison her father's library. And very fittingly so as Mr. Watson was an old student of the Male Academy. He entered in 1856 and remained two years, becoming noted during that time for his exceptional skill as a player of handball, which then, far more than now, was dear to the hearts of all true Mr. Allison boys.

MRS. JOHN TORRANCE.

In the death of this estimable lady the Methodist of Montreal loses one of its oldest members. She was the daughter of the late Senator Ferrier, born in 1824, married to John Torrance in 1844, and for many years an active member of St. James' church and was long a foremost figure among the noble ladies of Montreal. She leaves two sons, John, of Portland, Me., and James, of Montreal.

WESLEYAN DECREASE.

For the third successive year the Wesleyan Methodist church in the Motherland will this year report a large decrease in its members. Dr. DORCHESTER, N. B., May 7.—The death occurred of Mrs. Emma Bishop, relict of Captain Alfred Bishop, who met death some years ago under such tragic circumstances as Palmers' Crossing. Mrs. Bishop had kidney and liver trouble, but was not considered dangerously ill. She was 70 years of age and survived by two daughters, Mrs. James Lamb, of Sussex, N. B., and Mrs. Edgar McCaulay, of Dorchester. One sister survives, Mrs. Harriet Hickman, widow of the late William Hickman. It is a coincidence that her brother, William Cochran, a well known retired and wealthy business man, died two days ago and is being buried today. Mrs. Bishop leaves a very valuable estate. The funeral will take place on Sunday morning at 10:30 o'clock. Interment at Dorchester rural cemetery.

SATURDAY SERMONETTE.

HOME FROM COLLEGE.

To live up to the standard of the young men and women, reading their way homeward, will tax the best endeavor of father and mother and the brother and sisters of the graduates and undergraduates. The graduates own the trains now, and to hear their scientific college plans is to feel that the fastest train is a very slow one, when you have to hear them talk and laugh and giggle college snap for two or three hours, for these undergraduates especially the "freshies" always talk in a glib way, and have a great contempt for the gallery, they like to have an audience.

FIFTY YEARS OF ACTIVE SERVICE AS MEDICAL MAN

Dr. James Christie Has Devoted His Lifetime to Aiding Suffering Humanity—Has Seen Many Changes in City in That Time

After half a century of hard work as a physician in St. John Dr. James Christie is still hale and hearty and still looks forward to many more years of active service.

Dr. Christie Friday celebrated his fiftieth birthday by entertaining him in a remembrance view brought to his mind the first that it was just fifty years ago on May 1st since he commenced to practice in this city.

Of all the doctors who were in the city then Dr. J. B. Towlers who graduated from Trinity College, Dublin, in 1834, is the only one of the profession of larger standing. He is Dr. A. Doherty, of Weston, Kent County, who then came to St. John in 1859. Since then he has devoted himself entirely to the practice of medicine, and his attention from his work of caring for the sick and injured. He has always held an eminent place in the profession, and the result of this is found in the number of public institutions with which he has been connected.

For over twenty-five years he was the physician of the General Hospital, but resigned from this position a few years ago.

For half a dozen years he had charge of the Marine Hospital until that institution was closed and its work merged with that of the General Hospital. He still holds the office of physician of the Municipal Hospital, the county jail and physician for the outside poor. For about thirty years he has been local surgeon for the Intercolonial Railway and has been connected with the Canadian Pacific Railway in a similar capacity for over fifteen years.

During his long residence in St. John Dr. Christie has seen many changes in the city. One of the greatest changes he has noticed is the improvement in public health. This is largely due to the better sanitary conditions which have been introduced here and to the better system of the impending evil and a determined effort in its immediate remedy.

While pointing out the many changes in the city, Dr. Christie was the guest of honor at a banquet given at the Hotel de Ville, St. John, on Friday evening last. The banquet was given in honor of the 50th anniversary of his arrival in St. John. The guests included many of the prominent citizens of the city, and the evening was spent in a most enjoyable manner.

MINISTER SOUNDS NOTE OF WARNING

Rev. W. T. Stackhouse Heard by Large Congregation in Brussels Street

Rev. W. T. Stackhouse, general secretary for Canada of the Baptist Branch of the Laymen's Missionary Movement, addressed a large congregation in the Brussels street church last night.

Mr. Stackhouse spoke particularly of the work of the Christian Church in the West Indies, and emphasized the great need of men and money in carrying out of the schemes proposed.

For fifteen years Mr. Stackhouse has been actively identified with the work in the West, the last seven and one-half years of which he has been engaged as superintendent of missions.

While pointing out the great opportunities awaiting the churches, the efforts of evangelization and the availed with which these are being taken up, Mr. Stackhouse sounded a warning note. He quoted eminent authorities to show that the next few years there is a tremendous influx of European immigrants and stated that if the church continued to remain indifferent to the situation a wave of poverty and vice would assuredly spread. Only the quick appreciation of the impending evil and a determined effort in its immediate remedy, thought Mr. Stackhouse, was the larger destiny of Canada to be achieved.

GUILTY MUST BE PUNISHED

Notable Armenians Submit Requests to Turkish Government

CONSTANTINOPLE, May 9.—The government is taking hold of the relief work in Adana province with considerable vigor. It was announced today that \$100,000 had been sent there. The grand vizier and Ferid Pasha, the minister of the interior, received a deputation of the Armenian clergy and laity yesterday. The delegation consisted of Patriarchate, factory, Peters' tannery, and the Aberdeen school.

At the same time vessels were being built in the opposite side of the Marsh creek, on Strait Short, on Navy Island and around Carleton. The work was kept going summer and winter. The city has now recovered from the epidemic. The physicians, he added, carried with them large quantities of medical supplies.

GENERAL KUROPATKIN TELLS WHY RUSSIA WAS DEFEATED BY JAPAN

General Kuropatkin, the Russian commander, has just published an article on the Russo-Japanese war which has made a sensation in military circles.

General Kuropatkin, the Russian commander, has just published an article on the Russo-Japanese war which has made a sensation in military circles.

Kuropatkin was born on March 11, 1845. He was educated in the Cadet Corps and the Pavlovsk War School, and was at the age of eighteen sent as lieutenant of the First Turkestan Rifle Battalion in Central Asia, where he saw active service. He then entered the Staff College, and having graduated with the rank of Staff Captain he went in 1874 with the Turkestan campaign into the Sahara. In 1876 he was with the great Skobelev in Central Asia, where he distinguished himself for valor and was wounded. In the Turkish war of 1877-78 he was Chief of Staff, in 1880-81 he commanded the Turkestan Rifle Brigade, and from 1883-90 he was general in command of the strategic questions on the general staff. In 1890 he became lieutenant general and from that year until 1898 he was commander-in-chief of the Trans-Caspian military district. From 1898 to February 20, 1904, he was Minister of War, when having been promoted to General of Infantry in 1900, he became Commander-in-Chief of the Manchuria Army of Operations.

In attempting to set forth the reasons for Japan's surprisingly brilliant and energetic operations, General Kuropatkin says: "The army we put in the field was unable to defeat the Japanese in the time allotted to it. Many historians will probably essay to solve the riddle of how a power which we regard as belonging to the second class, and one which not long ago possessed no army, was able to crush us absolutely on the sea and to defeat a strong force on land, and double the territory of the Russian Empire. We shall eventually be furnished with the reasons in full. For the present I propose to mention only some general causes which contributed to Japan's success. Broadly speaking, we underestimated her power, particularly her moral strength and entered upon the war far too lightly."

MISS BRADY HOLDS AN UNIQUE RECORD

Has Scrubbed Enough Cars to Reach From Here to Toronto

Probably there is not an employe on a railroad in America who has such a unique record as Miss Helen Brady, of City Road.

Miss Brady when a girl went into the employ of the Intercolonial as a car cleaner, and for the past thirty-eight years has been a faithful and hard working servant for the government. Her services have been so much appreciated that Miss Brady has now been retired on a pension of \$15 a month.

For thirty-eight years Miss Brady has scrubbed out passenger cars. Hundreds of a bout with weapons she has scrubbed on an average eight cars a day for the past thirty-eight years. These cars are 75 feet long, 8 feet wide and 7 feet high. They were all compiled together in one train they would reach over 1,400 miles or nearly halfway across the North American Continent from the Atlantic to the Pacific. The work has been hard and her salary has only been \$20 a month.

Four other old employes who are under the direction of David A. Sinclair, the I. C. R. foreman in this division, have been superannuated. Jeremiah Thompson, a carpenter residing at Haymarket Square, has been forty-three years in the I. C. R. employ. His salary has been \$22.50 a month, and he is retired on about \$28 a month.

Alexander Adams, of Gilbert's Lane, has put in forty-two years service as a car repairer at \$2 a day, and he has been retired at about \$22 a month.

George Perry, a car repairer, has only been in the employ of the I. C. R. for about ten years, and has been retired on account of ill health. He is 77 years old. He will receive a pension amounting to about \$20 a month.

It is expected that notification will be received soon for the retirement of other employes who for many years have done faithful service on the railway.

GENERAL KUROPATKIN TELLS WHY RUSSIA WAS DEFEATED BY JAPAN

ABRUPTNESS OF THE END.

As the opening of the war was unexpected, so the conclusion came, in the opinion of Kuropatkin, with suddenness and abruptness just when the war was in the midst of a period favorable to the success of the Russian arms, after a series of disheartening reverses. "After a succession of brilliant battles, our army retired fighting on to the so-called Hsi-ping-kai positions in March, 1905, and remained there, increasing in strength, till the war was unexpectedly as it was undesired by the troops, found them putting the finishing touches to their preparation for a forward movement." He speaks of "the high state of readiness to which we had arrived in August, 1905—efficiency never before known in the Russian army."

"General Intzevich was awaiting the arrival of the 13th Army Corps—the last to be dispatched—before commencing decisive operations. The leading units of this corps had arrived at Harbin, and its rear had reached through Cheliabinsk, and the army, now 1,000,000 strong, well organized, fresh in spirit, and equipped with established reputation, was making ready to continue the bloody struggle; while the enemy, so we learned from reliable reports, was beginning to weaken, both in strength and morale. The resources of Japan appeared to be exhausted. Among the prisoners were captured 100,000 rifles, and mere youths, more were taken than were needed to a great extent of elderly reservists by sending them to the rear and to the rear of the rear. We had received some 100,000 young soldiers, a great portion of whom had volunteered for the front. For the first time in the history of the Russo-Japanese war, the army was up to its full strength. Some units—the Seventh Siberian Corps, for instance—were over strength, and a stock of field railway material which made it possible to transport such a large force, was being collected for some months. We possessed telegraphs, telephones, wire and cable, tools—everything. A wireless installation had been put up, and was in working order; the transport units were up to strength, and the medical arrangements were magnificent. The force was in occupation of the strongly fortified Hsi-ping-kai positions between which and the Sun-gari river there were two more fortified defensive lines—Kung-chang, and Kuang-chang-tsu. There is little doubt that we could have repulsed any advance of the enemy, and, according to our calculations, could have assumed the offensive in superior force. Never has Russia put such a mighty army in the field as that formed by the concentration of the First, Second and Third Manchurian armies in August, 1905. Such were the favorable conditions existing when we suddenly received the fatal news that an agreement had been made with Japan at Portsmouth."

"It is clear, therefore, that the war ended too soon for Russia, and before Japan had beaten the army which was opposed to her."

Both Were Bitterly Opposed

OTTAWA, May 8.—The commission also passed the bill for the private bills that have with the exception of the government bill, the bill for the amendment of the courts in respect of declaring any other of the bills of the session. After sending the whole bill and Mr. Conmee's bill to the Michigan and Ontario Company, the opposition finally joined both bills to pass a third bill, and Mr. Conmee's bill to clear off the rest of the session, the order paper during the week.

The morning sitting was devoted to Mr. Conmee's bill, which, on motion of a third reading, was again taken on the ground that it was an infringement of the provincial jurisdiction. Mr. Conmee's bill, it was claimed, had no right to grant a compensation power over the land under the control of the provincial government.

Mr. Wilfrid Laurier maintained the Dominion government, since the provincial jurisdiction was under government and good order of country, had the collaborative to incorporate an appropriation of the bill. Mr. Conmee's bill, it was found to be necessary.

The bill was passed by 76 to 52. The Canada Life bill to correct error of the bill to amend and permit the shareholders to dividends on capital investment in distributing profits to policy holders was again passed by Mr. Laurier. Mr. Laurier and Mr. Turill ground that parliament had no right to interfere with the jurisdiction of the courts in respect of declaring any other of the bills of the session. Mr. Clark, who was in charge of the bill, contended that the overruled evidence of the bill had not intended to put the compensation same basis as were all other insurance companies in the matter of distributing profits to policy holders. The defeat of the present bill would mean the ruin of the company and would involve great loss to a policy holder.

Just before adjournment at six o'clock the opponents of the bill fought the fight and it went through.

OLD PRINTER PASSED AWAY

In the death of John Law, who died Saturday, St. John has lost one of its oldest and most respected citizens, and the printers of St. John U. No. 55, one of the standard printers of this province, have become connected with the union in 1869 and has been an energetic officer and worker in the body ever since.

Deceased was 70 years of age. Mr. Law was also one of the members of the Knights of Pythias, of being connected with Lodge No. 2, and recently was elected and took part in the anniversary exercises of the past chancellors of the lodge held in their hall on George street.

Mr. Law is survived by his wife and three sons and two daughters. He was long connected with the mechanical staff of the St. John Star, his familiar figure will be missed.

 —Both Were Bitterly Opposed

OTTAWA, May 8.—The commons got one step nearer to prorogation on Saturday by finally getting rid of the two private bills that have, with the exception of the Income Tax bill, respecting the loan to the G. T. P., each taken up more than once this session than any other of the bills on the order paper. After spending the whole day in final obstruction of the Canada Life bill and Mr. Conmee's bill to incorporate the Michigan and Ontario Power Company, the opposition finally allowed both bills to pass a third reading. The way is now clear for a speedy clearing off of the rest of the items on the order paper during the coming week.

The morning session was devoted to Mr. Conmee's bill, which, on motion for a third reading, was again attacked on the ground that it was an invasion of provincial jurisdiction. Mr. Borden claimed that the federal government had no right to grant a company expropriation powers over the lands under the control of the provincial government.

Sir Wilfrid Laurier maintained that the Dominion government, since it had the power to make laws for the good government and good order of the country, had the correlative power to incorporate an expropriation clause in any federal bill if expropriation was found to be necessary.

The bill was passed by 76 to 53.

The Canada Life bill to correct an error of the incorporating bill of 1897 and permit the shareholders to declare dividends on capital investment before distributing profits to policy holders was again opposed by Mr. Henderson, Mr. Lancaster and Mr. Turfitt on the ground that parliament had no right to interfere with the jurisdiction of the courts in respect to declaring what was really intended by the bill of 1897.

Mr. Clark, who was in charge of the bill, contended that the overwhelming evidence was that parliament in 1897 had intended to put the company on the same basis as were all other insurance companies in the matter of distributing profits to policy holders. The defeat of the present bill would, he said, mean the ruin of the company and would involve great loss to all its policy holders.

Just before adjournment at six o'clock the opponents of the bill gave up the fight and it went through.

OLD PRINTER PASSED AWAY

In the death of John Law, which occurred Saturday, St. John has lost one of its oldest and most respected citizens, and the printers of St. John, I. E. U. No. 55, one of the standard bearers of their organization. Mr. Law became connected with the printers' union in 1869 and has been an active and energetic officer and worker of the body ever since.

Deceased was 70 years of age.

Mr. Law was also one of the oldest members of the Knights of Pythias in St. John, being connected with Union Lodge, No. 2, and recently was present and took part in the anniversary exercises of the past chancellors of the order held in their hall on German street.

Mr. Law is survived by his widow, three sons and two daughters.

He was long connected with the mechanical staff of the newspaper and his familiar figure will be greatly missed.

TRIES TO KILL A CONTRACTOR AT EDMUNSTON

English Despatado Arrested
 MAKES HIS ESCAPE
 Recaptured Yesterday by
 Chief Foster After a
 Hard Chase

EDMUNSTON, May 9.—Near Edmonton on Friday, Robert Vickering, an Englishman, 30 years old, while drunk, made a murderous attack upon the G. T. P. contractor named Sorette, by whom he was employed. Vickering was arrested by a constable, who took him to his own house for safe keeping as the jail at Edmonton was recently burned.

During Friday night Vickering escaped. On Saturday afternoon he was seen to board the south bound express at Green River and a message was sent to Chief of Police Foster to arrest the man if found. Foster accomplished his task and has the man in custody, keeping at his own home, and tomorrow will take him to Edmonton to be tried on a charge of stabbing with intent to kill. Vickering has been a seafaring man as well as a railway workman. When arrested he seemed indifferent and remarked that he might as well give up now as any future time. He seemed to be a rather tough customer.

Sorette, who was stabbed in the ear, was not seriously injured.

HAD HER GRAVE CLOTHES READY

But Dodd's Kidney Pills Cured Mary Malcolm's Bright's Disease

ONE MORE INDISPENSIBLE PROOF THAT THE OLD RELIABLE KIDNEY REMEDY WILL CURE THE MOST DEADLY FORM OF KIDNEY DISEASE.

TORONTO, May 7 (Special).—Mrs. M. Malcolm, who lives at 153 Clinton street, this city, states that it has been proved beyond a doubt in her own family that Dodd's Kidney Pills not only check Bright's Disease, but cure it completely and clear it right out of the system.

Mrs. Malcolm's daughter, Mary, was taken ill with this terrible kidney ailment. A doctor attended her continually for nearly a year when he had to admit he could do nothing more for her. She was so far gone that the last rites of the church were administered and the dying gifts of grave clothes were prepared.

As a last resort, Dodd's Kidney Pills were tried, and to the surprise and delight of the family the girl improved almost from the first dose. In a week's time they were able to take her out for a little while, and she kept on improving until she was completely cured.

That was seven years ago. Today Miss Malcolm is a good-looking young lady, strong and healthy in every way. Speaking of her cure, she says: "I am sure I owe my recovery entirely to Dodd's Kidney Pills, and if I am ever ill again I am sure I shall take no other medicine."

NEWS OF WORLD IN CONDENSED FORM

Heavy Rain Drives Maine Deputies to Cover

ALFRED, Me., May 9.—A heavy rain this evening drove to cover the two score of deputy sheriffs which, since early morning, had prosecuted unsuccessfully a man hunt in search of Freeman Giread and Albert Dreisau of Biddeford, the two prisoners who escaped last night from the York county jail here. But once during the day was one of the men seen and at that time the discoverer was not in a position to give chase. Which of the two men it was is not known, but the Biddeford man who saw him is certain that he distinguished the blue cap and coat and the blue and black trousers of the jail uniform. The high sheriff, Chas. O. Emory, who is also jailer, and who was in Waterboro when the escape occurred last night, directed and led today's search.

McIn from All Parts of Province Attend Dorchester Funeral

Funeral Cortege for Judge Hanington Largest in Town's History
 Magnificent Array of Flowers—Fine Tribute from Bishop

DORCHESTER, N. B., May 9.—Representative men from nearly every part of the province gathered here today to attend the funeral of the late Judge Hanington. The cortege was the largest ever seen in the city, and those in attendance were representative of all walks in life. A special train from Moncton arrived about two o'clock, bringing a large number of Moncton's leading citizens and also a number of prominent residents of the county from other points along the coast. In large numbers of well known people drove from Sackville and from different points in the parish of Dorchester.

The citizens of the shiretown turned out en masse to pay a last tribute to the memory of their esteemed fellow townsman.

The hour of the funeral was three o'clock and many friends from far and near gathered at the house to take a last look at one who was so well known in life and whose name stood so high on the honor roll of his native county and province.

His Lordship Bishop Richardson of Fredericton conducted the funeral services at the house, church and grave, being assisted by Rev. E. A. Hall, rector of Trinity church, the funeral cortege being very large and in the following order: Carriage, with Rev. E. A. Hall and Rev. C. F. Wiggins; Barristers' Society; clergy including Rev. J. C. (Rev. H. A. Powell (K. C.), W. A. Russell (K. C.), R. W. Hewson, F. A. McCully, E. G. Grouard, Hon. C. W. Robinson, G. L. Harker, P. J. M. Eglby, A. J. Legere, A. H. Charters, Jas. McQueen, E. McDonald, James Friel, W. H. Chapman, A. W. Chapman, A. D. Richard, A. J. Chapman, A. B. Copp.

The cortege, bearing the remains of the deceased, departed for the funeral home, where the remains were placed in a carriage for the funeral home, where the remains were placed in a carriage for the funeral home, where the remains were placed in a carriage for the funeral home.

TO GIRD SWORD UPON MEHMED

Corresponds to Coronation
 BIG PROCESSION
 Stand Erected for Diplomats and Distinguished Foreigners

CONSTANTINOPLE, May 9.—Reviewing stands are being put up in the principal streets of Stamboul today in preparation for the procession tomorrow after the girding of the sword upon Mehmed V. This ceremony, which corresponds to that of coronation, will take place in the Mosque Ayoub, the single mosque in Constantinople which Christians are not allowed to enter or leave, congruence about the entrance or courtyard. It will last but a few minutes, and no foreign eyes will witness the ancient rite of the spiritual power consigning the temporal power to the sultan.

A stand has been erected for the diplomatic corps and distinguished foreigners some eight or ten blocks from the mosque. The sultan will proceed from the Dolma Bagtische Palace to the mosque, which stands at the water's edge, in a launch, and from there, attended by the grand vizier, the cabinet, the chiefs of the army, the two higher grades of Ulemas and many other functionaries, will go to the Top Kapou Palace, about six miles distant, to kiss the robe of the prophet. The sultan's train is expected to make a rich display of fabrics, jeweled arms and fine horses.

THREE MEN SHOT BY BICYCLE THIEF

This Desperado Will Have Many Crimes to Answer For

WINDSOR, Ont., May 8.—Without a word of warning Herman Martin, alias Kender, a criminal of bad reputation, stole a bicycle, pulled a big 38-calibre revolver out of his hip pocket as the officers were about to search him, and fired three shots in quick succession, four of which took effect. George B. Quamby, caretaker of City Hall, is most seriously wounded, a bullet entering through the fleshy part of his arm and lodging in his back just behind the shoulder. Police Sergeant William Reid was shot twice; one ball took off a piece of a finger of his left hand, and another hit him in the right shoulder, making a bad but not serious flesh wound. Policeman William Lister was shot through the right arm. That none of the officers was killed is a little short of a miracle, as the shots were fired at a range of less than five feet. Immediately after the shooting, the prisoner, ran out of the building and hid in a nearby alleyway. He was later captured by a policeman. Martin made no resistance, and was taken back to the police station. He was charged with the shooting of three policemen, and is being held in the city jail.

WESTERN CANADA IS NOT ALASKA

Emile Richards Blows in from Winnipeg and Talks of the Golden West

"I want to place myself on record as saying that a good cigar cannot be purchased west of Winnipeg for less than fifteen cents," said Emile Richards to the Sun, "and then, to be entirely candid in the matter, I went on to say that I had purchased a 'five cent' brand smoke like choice Havana in comparison."

Mr. Richards, the well known cigar man of Montreal, was a visitor to the city yesterday.

"There is room for 500 good cigars makers in the three provinces," said he, "and there is room for as many more in other parts of the Dominion; but I recommend only the west, where any man who can make a good cigar to sell for ten cents will be independent within a few years."

"The 'Golden West' was the only Western town in which I found first class cigars. An American from Chicago made the cigars. He sold them for five cents each, and thousands were smoked every week. The man was making a fortune."

"Cigars are a good illustration of ordinary business methods now in vogue. You pay five cents for a certain cigar in Toronto. At Moose Jaw you pay ten cents for the same cigar, and at Calgary it costs you fifteen. If you object the prairie business man grins and says: 'Well, this is 'Toro.' One of them said candidly to me, 'Why, sure, we make eleven cents profit on that cigar. They get a quarter for it in Alaska.'"

"Western Canada isn't Alaska. It is a network of railroads. Its freight rates while high, are getting steadily cheaper. The 'prairie' methods in the majority of towns might well be representative of those 1,000 miles nearer to the dome of the earth."

"If an army of 10,000 American business men, manufacturers and promoters should invade the Dominion west tomorrow they would do more toward its development than 1,000,000 immigrants. No three regions in the world are more prosperous than Saskatchewan, Alberta and Manitoba. Banner crops have made the farmers independent, and each succeeding crop adds to the honey which the American business bee has not seen fit to touch."

Rev. Father Morriscy

Rheumatism cannot exist when the kidneys are in perfect working order for when they take out of the blood all the Uric Acid, which alone causes the Rheumatism.

MURPHY BEHOLDS GHASTLY SIGHT ON ARRIVAL HOME

Mrs. John Murphy nearly met her death by loss of blood in Mrs. Hannah Collins' kitchen at 23 White street last night. Just as she was wound-up in a mystery to the police, who have been working on the case.

The house, No. 23 White street, is owned by Mrs. Charles Brown, who with her nephew, Thomas Wilson, resides in the upper section. The lower apartment is occupied by Mrs. Hannah Collins, widow of Dennis Collins. She is over 70 years of age and her son, Charles Arthur Collins, a laborer, lives with her. In the rear of No. 23 resides John Murphy, his wife and daughter.

From all appearances there was a drunken spree in the Collins home Saturday night, and Mrs. Murphy was very badly injured as the result.

Mr. Murphy is a hard working man and took a little recreation Saturday night by attending one of the moving picture theatres. He returned home about ten o'clock, and finding his wife absent, and knowing that she was in the habit of visiting Mrs. Collins, he called there, and the sight which met his gaze was a frightful one. Old Mrs. Collins, her son and Mrs. Murphy were lying on the kitchen floor drunk. Mrs. Murphy was lying in a pool of blood which had flowed from a big cut on the side of her head.

Mr. Murphy hastened to the central police station and alarmed the police with the statement that his wife had been cut and was bleeding to death. He was white Murphy was on his way to the police station that his daughter hastened to the General Public Hospital, which was close by, and notified Dr. Ryan, who accompanied her to the hospital. Thomas Nelson, who resides up stairs, called the ambulance, but before it arrived a stretcher was brought into use and Mrs. Murphy was carried to the hospital for treatment. After her arrival at the institution her drunken screams could be heard as far as Waterloo street, and being a large, strong woman considerable difficulty was met with in dressing the wound on the head of the rum crazed woman.

HASTENED TO THE SCENE.

GORI, Russia, May 8—A daring plan to rob the treasury of Gori, in which \$1,000,000 is kept, was discovered yesterday evening. The scheme of the criminals, five men and a woman, was to dig a tunnel into the building outside. They had progressed a distance of 300 feet and had reached a point directly below the treasury, when a book-keeper heard sounds of excavation and summoned the police to investigate with the result that all six were captured. The criminals neglected their precautions owing to the fact that yesterday was a holiday. This was the second similar attempt to rob this treasury.

CANADA'S SURPLUS MAY BE OVER TWO MILLIONS

Fielding's Estimated Revenue is Being Exceeded Will Likely Advance Surplus by Over Half a Million

Natural History Collections Being Sent Out to Schools

(Special to The Sun.) OTTAWA, May 9.—Hon. Mr. Fielding's estimate in his budget speech that the revenue of the Dominion for the fiscal year closing March 31st next would be about eighty-four and one half million has been exceeded by over a half million. The accounts for the year will not be finally closed for a month or so yet, but up to the end of April the books of the finance department show a total revenue of \$85,055,427. There will be a few additional returns of revenue still to be entered up, but these will be comparatively small. The total expenditure on the consolidated fund account will not be definitely known until June, but it is kept within Mr. Fielding's estimate of the surplus for the year will be over two millions instead of a million and a half as estimated in the budget speech.

CHARLES DUDLEY HANGED HIMSELF

Was Manager at the Leominster Woodworking Company

LEOMINSTER, Mass., May 8.—Suicide from strangulation by hanging was the finding of the medical examiner tonight in the case of Charles Dudley, whose body was found last night in the attic store room of the Leominster Woodworking Co., of which he was manager. When the police first saw the body, after Dudley's wife had discovered it and had notified them, the cause of death appeared mysterious. The body lay on the floor of the store room. There was a slight contusion at the back of the head and some discoloration of the face, but no other marks were visible. A pair of unsmith's shears were beside the body. Friends of the dead man were of the opinion that death was due to heart disease.

STEEL MAKES NEW HIGH WATER MARK

Great Volume of Sales Saturday Made at Prices Higher Than Friday

NEW YORK, May 8.—A large distribution of speculative holdings of stocks was affected today with the result of holding in restraint the upward trend of prices. The great volume of sales was made at prices higher than yesterday and represented substantial profits on purchases made at any time since the low level prices of the panic period of 1917 and the growth of extreme depression following. United States Steel rose to the highest price of the present year.

KINGSTON WOMAN IS KILLED IN CAMBRIDGE

Mrs. Leslie Tyler is Run Down by an Automobile

CAMBRIDGE, Mass., May 7.—A heavily laden automobile ran over and killed Mrs. Leslie Tyler (or Taylor), aged 60 years, at the corner of Massachusetts Avenue and Sacramento street here this evening. The chauffeur, Michael Marano, was arrested and committed to jail, but later released upon the deposit of \$3,000 by the owner of the car, Edward W. Skahan, a wealthy market gardener of Belmont.

UNION CLASHES WITH NON-UNION

DULUTH, Minn., May 8.—One man is dead and six others injured, the result of a riot at Superior, Wis., tonight between union and non-union men when the laden steamer Bertha tied up at the Northwestern Fuel Company's dock. The dead man's name is Rourke. Soon after the arrival of the boat a large crowd of union men gathered at the dock and began throwing chunks of coal and other missiles at the captain and crew. Several of the latter were injured, and when the fight was at its height some one, it is said, aboard the boat fired a shot at the crowd and Rourke dropped dead. This ended the fighting. Up to midnight nobody had been arrested.

Laymen from St. John and Moncton are also expected to speak and Rev. A. J. W. Myers of Black River will be heard. The meeting is for men, and it is anticipated that a large number will be present. Before the meeting opens a tea will be served by a committee of ladies, comprising every Protestant church in town.

DECISION BROUGHT FEELING OF RELIEF

Decis on Re Hepburn Act Key Which Unlocked Speculation in Stocks

(Weekly Telegraph Letter.)

NEW YORK, May 8.—The long-expected decision of the supreme court on the validity of the commodities clause of the Hepburn act proved the key which unlocked the speculation in stocks from the hands which had been holding it. The mere feeling of relief that the subject was disposed of played a large part in the effect, since the halt in the market with each recurrence of decision day of the court testified to the restraining effect which the clause had upon speculation. The advantage to the coal roads, from the practical nullification of the intent of the act to compel them to disinvest in the coal mining properties was sufficiently obvious. The stock market lawyers also rushed to some sweeping and loose interpretations of the bearing of the decision on the whole of the act, in which case United States Steel and Union Pacific are conspicuous. Reports during the week of proposed amendments to the Hepburn law to make its purpose effective and of cabinet conferences on the subject had some modifying influence on the whole stock market sentiment.

Don't Cough! It's Dangerous!

"Father Morrissey's No. 10" will stop the Cough and Cure the Cold

Are you one of those who say, "Oh, it's only a little cold," and let the cough hang on, doing nothing for it? If you are, just think a minute. It is true that most colds, if left to themselves, will cure you after a while—but they leave you with the delicate lining of throat and lungs weakened—an easy prey to the next cold. Every cold you neglect makes it easier to catch the next one, and harder to get rid of it, and it doesn't take many such serious lung troubles.

Prices Just About Sustained Saturday by Scattering Covering

NEW YORK, May 8.—The cables were better than due. The week end figures showed very large spinner takings, reviews on the general trade situation were encouraging. These factors made some impression on sentiment but fresh buying was restricted by the usual week-end considerations and the favorable showing of the weather map, so that opening one to five points higher and selling about five to six higher the market ruled very quiet with prices just about sustained by scattering covering—not much activity in May, but some people claim that considerable short interest is still outstanding of support on spot notes for the next week or two. There is also some gossip of very large short futures being made in July and October. Aside from such matters as this the strength with which cotton supplies are held would seem to go some way toward assuring the market against any severe break, even should the weather prove favorable.

EXERCISING HIS GIFTS

LEWISTON, Me., Bates won from Colby in an exciting game today, 2 to 1. The finish was sensational, Lambert making a clean hit into left field after two men were out in the ninth inning, scoring Cobb and winning the game.

KEMPTON PARK, England, May 8.—The Kempton Park Great "Jubilee" Handicap of 1,000 sovereigns for 3 year olds and upward, over the Jubilee course, one mile and a quarter, was run here today, when by Ebor, Dean Swift was second and Sucus third. Fourteen horses started, August Belmont's Fair Play II was unplaced.

HORRIBLY BURNED

Little Grandson of Director Wisely Was Playing With Matches

FREDERICTON, May 9.—Rev. Mr. Kuhring, rector of Stone church, St. John, preached most acceptably to large congregations at both services at the cathedral today. It was announced that the Rev. Mr. Hibbard, principal of the Rothersey Collegiate School, would officiate at the services next Sunday.

The river has fallen about six inches during the past twenty-four hours. Today has been the warmest of the season, and it is expected that the water will now come up quite rapidly. The thermometer today registered 64 in the shade. There is quite a run of logs, most of them coming from the Tobique. About two million feet of logs ran into the Douglas boom last week, and logs are now running into the Lincoln boom. It is expected that rafting will be commenced in about a week or ten days.

The remains of the late Sgt. Edwards of the R. C. B. arrived here from Halifax on last evening's train, and the funeral took place this afternoon from the residence of the father-in-law of deceased, Davis Tapley, Brunswick street. The obsequies were held under the auspices of the R. C. B., with military honors, the R. C. B. furnishing the escort and the first brass band leading the procession. Interment took place at the rural cemetery, Rev. A. A. Hildner officiating at the house and grave. Sgt. Edwards was well known in this city, having been connected for some time with the garriens here. He passed away at Halifax last Friday after a brief illness.

After suffering intense pain from terrible burns inflicted on Saturday morning, Byron Taylor, the young grandson of Director Robert Wisely, passed away yesterday about 11.10 a. m. at Mount Pleasant. The lad was frightfully burned while playing with matches.

The little boy who is only three and one-half years old, got out of bed Saturday morning about 8 o'clock and went upstairs to get into his night clothes. Here he found some matches with which he started to play. A lighted match caught on his night gown and in a moment the child was wrapped in flames. His piercing screams alarmed the rest of the household and Mr. Wisely was the first to reach the youngster.

Mr. Wisely had his hands very badly burned while extinguishing the flames. His piercing screams alarmed the rest of the household and Mr. Wisely was the first to reach the youngster.

By the time the flames were extinguished the boy was burned so severely that it was readily seen that his condition was hopeless. Dr. Wm. Christie was hurriedly summoned and did all in his power to save the young life. He was unable to give any hope for his recovery, however.

Mr. Wisely's hands, which are very badly burned, were also dressed. He will probably be confined to the house for a week or two.

The lad was the only son of Blanche and the late Byron H. Taylor. Of late years with his mother he has resided in the city, but he was born in the town of Mount Pleasant. The little fellow was a general favorite and will be much missed.

The funeral will be extended to the bereaved family.

Plans have been completed for the longest suspension bridge in the world, which will cross the Hudson River, and join New York to Jersey City, at a cost of \$25,000,000.

BOYLE GETS HIS WIFE TWICE

Abductors of Billy For Regret—Boyle When Sentence

MERCER, Pa., May 10.—James Boyle was sentenced today to life imprisonment in the western penitentiary at Pittsburg for the kidnaping of "Billy" White. Mary Boyle, indicted as co-defendant, received a sentence of 25 years with a fine of \$5,000 and the costs of this prosecution.

Although no official announcement as to the effect of the fine has been made it is customary in this state to extend imprisonment until any fine imposed has been paid.

Boyle did not utter a word prior to his sentence. His counsel, however, made a plea for both Boyle and for pleading for leniency in his case. He stated that until a re-consideration of the extreme penalty for kidnapping in this state was taken into view of the fact that the lad had been treated with every consideration and that all care had been taken not to inflict unnecessary mental anguish upon the parents he leniency might be asked for with propriety.

Both Boyle and his wife collapsed completely upon hearing their sentences pronounced. When they were started back from the jail from court room Boyle managed to walk with assistance down the stairs, upon reaching the front door he came limp and unable to stand.

He was lifted into the old-fashioned omnibus in which the prisoners had been transported for several days between the court house and the jail. He was utterly unable to support himself and had to be carried to the jail and carried to his cell.

Mrs. Boyle was in an even worse condition. She was unable to walk.

WORST MAY NOT BE OVER

Dreadful Conditions Exist in Asiatic Turkey—Civil War Feared

THOUSANDS DEAD

NEW YORK, May 10.—Reports from American missionaries stationed in the Asiatic district of Asiatic Turkey are now being received by the various mission boards. One of these, received by Dr. R. N. Somerville of the Board of Christian Missions, from the Rev. C. A. Dadds, dated Medina, April 20, Dr. Dadds writes:

"Full returns are by no means in and probably will never be, but it does look as though the killed in the Adana Yllayet would surely number in thousands. Reports from other parts of the empire would seem to indicate that civil war is imminent. A dreadful condition exists at Dr. Christie's school, and it is to be feared that this is only the beginning of sorrow. A letter from Mrs. Christie's yesterday speaks of the pitiful state of the people gathered there. The outbreak at Adana was simultaneous with the annual conference of the central Turkish mission of the American Board. The includes the missionaries and the native pastors, the latter of whom set about sixty in number. I suppose nearly all the pastors were on the road and not a great chance from Adana when the outbreak occurred, and suppose as many as 100 were killed. A letter from Mrs. Kennedy at Alexandretta says the arrival of an English frigate was just in time to save the town. The villages were burned and looted all around."

PARIS, May 10.—Chas. G. D. Roberts, the Canadian author, was injured today while driving an automobile with Mrs. von Holtheim, an artist at Montreal. The machine ran into a excavation and almost decapitated the laborer at work there. Mr. Roberts and two others were quite severely cut.

CANADA'S NORTHLAND

Until very recently Canada's Northland has been to most people an unknown waste. Even now there are comparatively few persons who have actually penetrated the Mackenzie and Peace valleys who realize anything of the possibilities of these districts. The investigation of the natural resources of the unsettled and unexploited land by a senate committee and the publication of the information then obtained aroused some interest in the subject. This information has not always been accessible to the public, but the comparatively recent publication of the booklet entitled "Canadian Peatle Northland" has done much to bring these districts before the people. Recently a separate branch of the department of the interior has been established to deal with matters relating to that portion of Canada lying between Hudson Bay and the Rocky Mountains. Mr. E. Young, Canadian agent of railway lands, has been placed in charge of the office. Mr. Young has just now had issued a very attractively printed book entitled "The Great Mackenzie Basin," in which are to be found summaries of the reports of various committees, and other evidence regarding the possibilities of the Northwest which still remains unexploited. It is not contended that the Mackenzie region is a tropical garden, but neither is it a land of ice and snow. The northern border of the Canadian one in the Mackenzie region limits successful cultivation to barley and the hardy root crops. In most parts of the Peace River Valley, wheat is a successful crop. Peas, potatoes, radishes, turnips, peas, onions, carrots and lettuce are raised with success as far north as latitude 65, which, by the way, is far beyond Great Slave Lake and is at the edge of Great Bear Lake. Nearly all the crops meet with a fair amount of success at Fort Ror, and at Fort Good Hope. In the latter section the almost continuous sunlight in the summer partly compensates for its extreme northern position. Although it is not contended that this district is as attractive to settlers as the southern portions, still the Northland is in many ways desirable, and with the opening up of the country by proper means of transportation it is not beyond reason to suppose that in time the district will become fairly well settled.

PEACE BY ARBITRATION

Mr. Henry Clancy, LL. D., is one of the foremost advocates of the United States. In an address given before the American Peace and Arbitration League at Worcester, Mass., on May 10, Clancy spoke on "Peace through Arbitration, from a business man's point of view." He concluded his address with the words: "The most liberal appropriations for offense and defense, with the hope and prayer that universal peace may soon prevail. This was the tone adopted throughout his whole speech. He contended, as a citizen of the United States, that the people of his country are not actuated by any desire to extend their possessions, or to govern other parts of the world by conquest. Such being the case they must be content with a movement toward universal peace. He expressed the belief that all material matters of dispute can be settled by arbitration without disrupting national friendship, and that the creed of Ben Ahmed, "Write me as one who loves his fellow man" will make the world happier. But the great object of his speech was to urge that the fact that young men and boys, since man first began to struggle, have admired and idealized the warrior. Humanity is given over to hero worship, and prevention of war can only be the outcome of individual reformation. It cannot be brought about by nations, as such, until the people realize that the victories of peace are greater, nobler, more beneficial and lasting, than the victories of war. But until such a time arrives it is the duty of nations to guard against the encroachments of other powers. Insurance against possible wars is a duty that must not be neglected, as it is the best conditions the best preventive of war. It is worthy of note that although the membership of such peace societies is rapidly increasing, sentiment and while the sentiment in favor of arbitration is increasing, the work is never more determinedly preparing for war. During the past two years seventy-five Drednoughts have been produced for the navy, and this number will very shortly be increased to one hundred.

PUNISHMENT

For some thousands of years organized society has been protecting itself against its disorderly members. What the work has been done with a certain degree of success is evident from the fact that organized society has not been disorganized by the disorderly. The fundamental rights of person and property have been guaranteed. The lawless element has remained the lawless element. But it is a significant sign of the times that we are today seriously questioning our methods of dealing with the criminal. Organized society has maintained itself in spite of the criminal, but after centuries of effort the criminal class remains a constant factor. We are endeavoring to find new methods which will be used to a very large extent failed to reform the criminal. Convincing evidence may be found in the records of any local court will bear out the assertion. When once a man has brought himself into the criminal class the ordinary forms of punishment, the fines and the imprisonments do not tend to make out of him an honest, law-abiding, self-respecting citizen. If the present methods have in a fair way insured the safety of society they have not been successful in bringing about the safety of the criminal. There are, moreover, not a few thoughtful men who seriously question

the possibility of conserving the interests of society and at the same time considering the welfare of the criminal. There appears to be an antagonism of interest. And since society must be maintained in security the criminal must be dealt with. It will be very generally admitted that society cannot afford to relax its laws as to lead the criminal or the lawbreaker to think lightly of wrongdoing. For a good many people the idea of wrong must be associated with condemnation, just as the idea of right must be associated with approval. Public opinion, in some form or other, must be maintained in the right direction. No community can afford to waste that force. The laws of the community should definitely and clearly express the moral sense of the community. The weak man should know with absolute certainty that he was flying in the face of the moral sense of the community when he was doing wrong.

Furthermore, there will be a very general tendency to insist upon some serious and important and inevitable means of expressing the moral sense implied in penalty. It is perhaps the great delusion of our age that men have come to think that they may do wrong with impunity. They may do so, but they must pay for it. The doctrine that the wage of sin was death has lost most of its force. The religious instruction of our day has not tended to make men realize the serious consequences certain to follow wrong action. In fact the dignity of good-natured men has become a thing of the past. Somewhere we must call a halt. And there is a feeling that what we do to ourselves we must not do to ourselves. Unless we would invite a carnival of crime we must seriously inflict just punishment upon the gross offenders. We, therefore, find many people regarding with alarm the tendency toward clemency implied in such treatment of the criminal. The criminal requires very little clear thinking. The treatment ordinarily meted out to the criminal fails in its essential respects. It is absolutely necessary that the offender should be made to feel that he is being punished. The punishment should be made to feel that he is being punished. The punishment should be made to feel that he is being punished. The punishment should be made to feel that he is being punished.

CANADIAN POVERTY

A new form of discontent is beginning to manifest itself among Canadians. It is true we have no complaint of those who are poor, but to discover material prosperity in our midst, there are still such people in our midst, but they are not in our midst. There are still such people in our midst, but they are not in our midst. There are still such people in our midst, but they are not in our midst. TROUBLE IN FRANCE

It is intimated that tomorrow some definite announcement may be made by the General Confederation of Labor of France as to the campaign which it intends to conduct against the government. This announcement will be of importance, for it will indicate the attitude of the labor movement in France towards the government. The labor movement in France has been active in recent years, and it is to be expected that it will continue to be so in the future. THE WINTER FORT

The Winter Fort season just closed has been an excellent one for St. John. All previous records of export business have been exceeded. Equally gratifying to the city was the success of the season. Much of this success was due to the fact that the winter season was unusually long, and the weather was generally favorable. The success of the season was a great credit to the city and its people.

WOMANLY TROUBLES

It is impossible to go into details on this subject, but the experience of many a poor woman who is crippled for life, just because she didn't use a little common sense, should be a warning to others. When the first stages of womanhood appear in a young girl, a great deal depends on getting her over this critical stage. It is understood that she will not develop green sickness or consumption.

It is impossible to go into details on this subject, but the experience of many a poor woman who is crippled for life, just because she didn't use a little common sense, should be a warning to others. When the first stages of womanhood appear in a young girl, a great deal depends on getting her over this critical stage. It is understood that she will not develop green sickness or consumption.

and his fellow directors misappropriated or misdirected public funds to the tune of \$15,000. Pending this final trial, the Commission has issued a subpoena demanding that Dr. Pugsley's affidavits be produced. The Commission's affidavits are here today, and it is by them that the Commission's charges are supported. The Commission's charges are supported by the affidavits of many of the directors and other persons who were connected with the company.

THE WINTER FORT

The Winter Fort season just closed has been an excellent one for St. John. All previous records of export business have been exceeded. Equally gratifying to the city was the success of the season. Much of this success was due to the fact that the winter season was unusually long, and the weather was generally favorable. The success of the season was a great credit to the city and its people.

Lake Champlain's Passengers Sent on to North Sydney

Story of Steamer's Collision With Big Ice Berg Told

Following Crash Steamer Began to Make Water Fast

NORTH SYDNEY, May 10.—The steamer Bruce of the Field Newfoundland Co. brought to North Sydney today, the first assignment of passengers, numbering 241, from the disabled C. P. R. steamer Lake Champlain, which arrived in St. John's, Nfld., last night with another continent of over 300 passengers. The Champlain has 750 passengers on board. It will be necessary for the Bruce to make one more special trip to transfer the remaining passengers.

WARM PRAISE OF A ST. JOHN GRADUATE

New Brunswick Girls Doing Good Work in Southern College

SACKVILLE, N. B., May 10.—Warm praise for a St. John girl was given by Principal Landriff, of Belmont College, Nashville, Tennessee, on whose staff is Miss Annie A. Maxwell, M. A. Miss Maxwell is a graduate of Mount Allison University and of Cornell. She has been teaching at Belmont for several years and Prof. Landriff speaks of her as one of his most valued teachers. He also praised warmly Miss Florence E. Webb, a graduate of the Mount Allison Conservatory of Music and also of Mount Allison, who this year joined the staff of the musical department of Belmont. Prof. Landriff was much pleased with the institution here. Of the art department of the ladies college he said that he could pronounce it better than any outside of largest cities.

WHAT THE LAYMEN HAVE DONE HERE

Results of the Laymen's Missionary Movement in St. John.

That the business men of St. John can make things move when they put their shoulders to the wheel is shown by the results of the Laymen's Missionary Movement in this city. This was started with a view to stimulating the work of the churches along the lines which were already laid down and stirring up the congregations to greater activity. The feature of the campaign which has been most prominent in the eyes of the public is the educational campaign which has been carried on. A very complete organization has been built up and almost every congregation has a strong committee for this purpose.

VOLUME OF TRADE FELL OFF YESTERDAY

Shown in Dealings Early in the Day

NEW YORK, May 10.—There was considerable falling off in speculative interest and activity in the stock market today. Without any pronounced reversal in the tone operations were less disposed to accept the lead offered by the bidding up of special stocks. Prices reacted more positively in the final dealings. This hesitation found its explanation in the speculative position in the market itself, rather than in developments in the money market. But market operators seemed to labor under an apprehension that good news had been sufficiently discounted.

TWO BOYS DROWNED IN OTTAWA RIVER

Remains of the Boys Found in River

OTTAWA, May 10.—Two Ottawa boys, Napoleon and Daniel Valquette, were drowned in the Ottawa river this afternoon, at the foot of King street, within a few hundred yards of the parliament buildings. They were standing on edge of the high embankment overlooking the river, when a large section of earth loosened by recent rains, gave way and slid into the river, carrying both boys along with another boy named Oscar Major, into the swift flowing river beneath. The latter managed to grab hold of a tree at the bottom of the embankment, and saved himself. The other two were swept away by the current.

Wilful, Malicious, Slanderous Lie, Declares Forker

SHARON, Pa., May 10.—Harry Forker was seen yesterday regarding the statement issued by James Boyle, implicating him in the kidnapping of "Billy" Whittia. He said: "I know absolutely nothing of this case. There is nothing to it. I only know Boyle as I know other members of his family, as resident of Sharon. I have never had any dealings with him. I do not know the woman who is said to be his wife. I can conceive of no reason why Boyle should make such a statement unless it is to get even with the Whittia family for his prosecution following the abduction Boyle never showed me any letters. Boyle did not see me in Cleveland. The whole story is a wilful, malicious and slanderous lie."

BALTIMORE HEIRESS IN A RUNAWAY MARRIAGE

Elopes With Athlete and Clubman Whom She Knew But a Month

BALTIMORE, May 10.—Miss Louise Gill, a pretty heiress, 13 years old, has surprised her mother and friends in society by a runaway marriage. She is the daughter of Mrs. Philip Hoopes of Costsville, who was formerly Mrs. James H. Gill. She was married in Washington Thursday evening to Robert Dimpfel of Easton, Md., an athlete and member of the Mount Washington Club. The pair have been acquainted only about a month and were introduced to each other by a friend over the telephone. The young woman's mother strongly opposed her marriage to Dimpfel. After she had made up her mind to step beyond the old process of selling on good news to that of selling in anticipation of good news and rumors of good news, the process is facilitated when the preliminary rumors exaggerate the good news, as in the present instance, for the undeniable improvement in the copy market does not come up to last week's very positive assertions that consumption had, in fact, passed production during the month of April, with the result of an actual decrease in the surplus stocks on hand on May first.

SHARON, Pa., May 10.—Harry Forker was seen yesterday regarding the statement issued by James Boyle, implicating him in the kidnapping of "Billy" Whittia. He said: "I know absolutely nothing of this case. There is nothing to it. I only know Boyle as I know other members of his family, as resident of Sharon. I have never had any dealings with him. I do not know the woman who is said to be his wife. I can conceive of no reason why Boyle should make such a statement unless it is to get even with the Whittia family for his prosecution following the abduction Boyle never showed me any letters. Boyle did not see me in Cleveland. The whole story is a wilful, malicious and slanderous lie."

NOT MANY CHANGES IN FEED PRICES

Oats Quieter and Little Doing—Milfeed Steady and Strong

MONTRÉAL, May 10.—Oats were quiet and there was little doing. There was a fair demand for milfeed. Prices held firm with small supplies. Quotations: Manitoba bran, \$2 to 2 1/2; Manitoba shorts, \$2 to 2 1/2; Ontario shorts, \$2 to 2 1/2; Ontario middlings, \$2 to 2 1/2; pure grain moultie, \$3 to 3 1/2; mixed moultie, \$2 to 2 1/2.

VOLUME OF TRADE FELL OFF YESTERDAY

Shown in Dealings Early in the Day

NEW YORK, May 10.—There was considerable falling off in speculative interest and activity in the stock market today. Without any pronounced reversal in the tone operations were less disposed to accept the lead offered by the bidding up of special stocks. Prices reacted more positively in the final dealings. This hesitation found its explanation in the speculative position in the market itself, rather than in developments in the money market. But market operators seemed to labor under an apprehension that good news had been sufficiently discounted.

TWO BOYS DROWNED IN OTTAWA RIVER

Remains of the Boys Found in River

OTTAWA, May 10.—Two Ottawa boys, Napoleon and Daniel Valquette, were drowned in the Ottawa river this afternoon, at the foot of King street, within a few hundred yards of the parliament buildings. They were standing on edge of the high embankment overlooking the river, when a large section of earth loosened by recent rains, gave way and slid into the river, carrying both boys along with another boy named Oscar Major, into the swift flowing river beneath. The latter managed to grab hold of a tree at the bottom of the embankment, and saved himself. The other two were swept away by the current.

WHEAT MARKET WEAKEND YESTERDAY—NET LOSSES CONSIDERABLE

Chicago, May 10.—Wheat—May, 1.24 1/2; Sept, 1.05 1/2; Dec, 1.04 1/2 to 1.05; Corn—May, 71 1/2; Sept, 68 1/2; Dec, 65 1/2; Oats—May, 38; July, 37 1/2; Sept, 43 1/2 to 44; Dec, 41 1/2 to 42; Mess pork—May, 17.90; July, 18.05; Sept, 18.05 to 18.08; Lard—May, 10.90; July, 9.90; Sept, 9.70.

LAW WILL TAKE ITS COURSE

OTTAWA, May 10.—The cabinet in council had under consideration again today the capital case of Walter Blyth, the Agincourt railway man, under sentence to be hanged on Pelee island for killing his wife through beating her with a poker while in a rage. It was decided to let the law take its course.

BALTIMORE HEIRESS IN A RUNAWAY MARRIAGE

Elopes With Athlete and Clubman Whom She Knew But a Month

BALTIMORE, May 10.—Miss Louise Gill, a pretty heiress, 13 years old, has surprised her mother and friends in society by a runaway marriage. She is the daughter of Mrs. Philip Hoopes of Costsville, who was formerly Mrs. James H. Gill. She was married in Washington Thursday evening to Robert Dimpfel of Easton, Md., an athlete and member of the Mount Washington Club. The pair have been acquainted only about a month and were introduced to each other by a friend over the telephone. The young woman's mother strongly opposed her marriage to Dimpfel. After she had made up her mind to step beyond the old process of selling on good news to that of selling in anticipation of good news and rumors of good news, the process is facilitated when the preliminary rumors exaggerate the good news, as in the present instance, for the undeniable improvement in the copy market does not come up to last week's very positive assertions that consumption had, in fact, passed production during the month of April, with the result of an actual decrease in the surplus stocks on hand on May first.

MINISTER GOES BACK TO FACE CHARGES MADE

Canon Hanson Preached to the People Who Wanted Him, in Spite of the Church's Order.

NEW YORK, May 11.—A special to the Tribune from New Haven, says:—"The Rev. H. Herbert Hanson, Canon of Westminster, and Rector of St. Gabriel's, London, left yesterday for Boston to sail hurriedly to England to face charges preferred by Bishop Gore of the Church of England, who accuses him of having violated ecclesiastical law by occupying a non-conformist pulpit in a workmen's institute in Birmingham, England. Canon Hanson is known in the religious world as a broad churchman and he preached to the non-conformists after the local Church of England authorities had refused their permit for the trial. Canon Hanson is expected to prove the test case."

THE BOSS WHO MADE EVERYBODY HAPPY

The noble-minded dedicated themselves to the promotion of happiness

—saying as they work. They get their own meals at noon, and the boss eats with them, and talks with them. Time clock—no. If a girl is late at the Lloyd chemical works—well, there must have been some good reason. No one asks why.

CHRISTIANS ARE PERMITTED TO SEE CEREMONY

Girding of Sword Upon Mehmed

UNIQUE SCENE Priest Causes a Moment Excitement—Is Quickly Ejected

CONSTANTINOPLE, May 10.—The Sultan Mehmed V. ended his coronation ceremony by blowing a furrow in the lawn of the Dolma Bagtche Palace, symbolic at least by holding the plow handle for a fraction of a minute while his horses dragged it a few yards.

It had been a day both of fulfillment of ancient customs and of the breaking of new ones. Christians were for the first time admitted to the small mosque attached to Ayoub Mosque and allowed to see the ceremony of girding the sword of Osman upon the Sultan.

Among thirty persons present was Bukhara Pasha, an American, and the Sultan's Englishman, both of whom were in the Turkish army. The Sultan was accompanied by the British ambassador, Lord Curzon, who was impressed with the beauty of the ceremony, which was completed in ten minutes.

As the Sultan crossed the courtyard of the mosque to enter his carriage, a group of Christians, who were running forward with a petition which he tried to hand to the Sultan, were held back by the British ambassador and the Sultan's Englishman. The Sultan caught him and hurried him out the yard.

Notwithstanding rumors of a reactionary plot, passed peacefully and without sign of disturbance. Light airs blowing in the minarets and the mosques of Constantinople, the night in electric bulbs and the chandeliers in the palace, the Sultan was celebrating enthusiastically the girding of the new Sultan.

HAD HER GRAVE CLOTHES READ But Dodd's Kidney Pills Cured Mary Malcolm's Bright's Disease

ONE MORE INDISPUTABLE PROOF THAT THE ONLY RELIABLE REMEDY FOR BRIGHT'S DISEASE IS DODD'S KIDNEY PILLS

TORONTO, May 7 (Special).—Mrs. M. Malcolm, who lives at 133 Clinton street, has expressed her surprise at being proved beyond a doubt in her own family that Dodd's Kidney Pills not only check Bright's Disease, but cure it completely and clear it right out of the system.

CRISIS IN RUSSIA HAS BEEN AVOIDED

ST. PETERSBURG, May 11.—A statement from the cabinet crisis when Premier Stolypin and his colleagues were arranged at a conference between the Emperor and the Premier, was held until one o'clock this morning.

Stolypin returned to St. Petersburg from Tarskoye-Selo an hour later, bringing the Emperor's message, which was a combination of the Emperor's confidence in the monarch in the Ministers and his gratitude for their services and his desire to see the Emperor's confidence in the Ministers.

The crisis was solved in a manner peculiarly Russian. The Emperor refused to sign the bill providing for the resignation of the Ministers, but after reiterating the Emperor's confidence in the Ministers, he declined again to accept the resignation of the cabinet, ordering the Ministers to remain at their posts.

But Dadd's Kidney Pills Cured Mary Malcolm's Bright's Disease

ONE MORE INDISPURABLE PROOF THAT THE OLD RELIABLE KIDNEY REMEDY CURE THE MOST DEADLY FORM OF KIDNEY DISEASE

TORONTO, May 7 (Special).—Mrs. M. Malcolm, who lives at 185 Clinton street, this city, states that it has been proved beyond a doubt in her own family that Dadd's Kidney Pills not only check Bright's Disease, but cure it completely and clear it right out of the system.

Mrs. Malcolm's daughter, Mary, was taken ill with this terrible kidney ailment. A doctor attended her continually for nearly a year when he had to admit he could do nothing more for her.

As a last resort, Dadd's Kidney Pills were tried, and to the surprise and delight of the family the girl improved almost from the first dose. In a week's time they were able to take her out for a little while, and she kept on improving until she was completely cured.

There was seven years ago. Today Miss Malcolm is a good-looking young lady, strong and healthy in every way. Speaking of her cure, she says: "I am sure I owe my recovery entirely to Dadd's Kidney Pills, and if I am ever ill again I am sure I shall take no other medicine."

FORWARDED TO ST. JOHN

CRISIS IN RUSSIA HAS BEEN AVOIDED

ST. PETERSBURG, May 11.—A solution of the cabinet crisis, whereby Premier Stolypin and his colleagues in the cabinet will retain their posts, was arranged at a conference between the premier and the emperor, which continued until one o'clock this morning.

M. STOLYPIN WINS, TSAR ENDS CRISIS

ST. PETERSBURG, May 10.—The emperor last night confirmed the resignation of the cabinet, and the resignation of the Russian admirals pending the resignation of the Duma and the Council of the Empire, thus all reason for diplomatic conflict between the Duma and the emperor has been removed. On the contrary they have strengthened the position of the prime minister.

SAVED A BABY BY STRENUOUS METHOD

Little One Tried to Swallow a Jackstone, But it Stuck Fast

NEW YORK, May 10.—By treatment so heroic that many persons who saw it thought the surgeon was demented, Dr. Burke of Bellevue Hospital, last night saved the life of Evan Kilien, a two-month-old baby.

The baby was choking to death apparently from a jack which he had attempted to swallow, and which had lodged in his windpipe.

When the ambulance reached Twenty-third street and First avenue, the surgeon heard something striking at the bottom of the ambulance, with a metallic ring. He also heard the baby give a gasp of relief.

Pushed in the heroic treatment which he was practicing, the surgeon looked toward the bottom of the ambulance, and was delighted to see the six-pronged piece of iron lying there. Little Evan was almost exhausted. The surgeon knew, however, his patient's life was saved, and that in a few hours he would be all right again.

THE ILLS OF CHILDHOOD

HOW TO CURE THEM

In thousands of homes throughout Canada, Baby's Own Tablets are the only medicine used when the children are ailing, and the mother who keeps this medicine on hand may feel as safe as though there was a doctor constantly in the house.

Break up colds, destroy worms, and break up the easy Guarantee Tablets from opiates and poisonous drugs. Mrs. G. O. Wilson, Wilson's, N. B., says: "I began using Baby's Own Tablets over about five years ago, and since then have used no other medicine for my children. They never fail to bring relief, and I would advise all mothers to try them."

Dr. W. M. Logan, St. John, Ont., writes: "I am a resident of St. John, Ont., and I have used Baby's Own Tablets for many years. I can say that they are the best medicine I have ever used for my children. They never fail to bring relief, and I would advise all mothers to try them."

AMENDMENTS TO INSURANCE BILL MADE BAD USE OF THE MAILS

Interests of Policy Holders Now Adequately Assured

HOUSE TO PASS THEM

OTTAWA, Ont., May 11.—The insurance bill as amended by the sub-committee of the banking and commerce committee of the Commons, was presented today to the latter committee by Hon. Mr. Fielding. While more elasticity is given by the amendments in respect to investments and the interior economy of the companies' business the sub-committee is of the opinion that the amendments are so made that the interests of the policy-holders are now adequately assured. Mr. Fielding stated that while it was doubtful whether both houses would pass the bill this session it was important that the bill should at least go through the Commons. The amendments in brief are as follows:—

Companies are required to make returns to the department as to bonds and other investments half-yearly instead of quarterly as at first provided. Classes as to investment powers are generally speaking widened. It is provided that no loan shall be made to a company unless the company's own policies. No salary or compensation shall be paid to any of the directors except by vote of the shareholders. Agents are not to be allowed to receive salary of above \$5,000 a year unless specified by vote of the directors.

It is made possible to have sliding scale contracts with agents, based on the business done and an agent shall be for a period exceeding ten years. The clause respecting the fixing of the limitation of expenses does not appear on the amended bill. A new sub-section is added, respecting the distribution of profits on deferred dividends policies issued after January 1. It is provided that each company shall once in five years ascertain the profits on which policies are entitled and accord it to them to the holders of the policies. Until distributed these profits shall be treated as a liability.

The circulation in Canada of all estimates of dividends or profit is prohibited.

The penalty for rebating is reduced from \$1,000 to \$500.

The clause with regard to active military service is amended so that a policy will not be invalidated if notice is given to the company within thirty days, later going into effect on the date of the policy. This new clause allows a Canadian to insure in a foreign company if the superintendent of insurance is notified and if the insured pay to the department 15 per cent of the total net cost, which exceeds 15 cents a hundred dollars.

Another new clause declares that this act shall not apply to legislation of special character enacted respecting the C. E. A., Canadian Woodmen and Supreme Court of Foresters.

The committee took up the clause of the bill one by one and at adjournment at six o'clock had passed all but reported to the commons tomorrow. It is expected that it will go through the commons before prorogation and will be held over till next session for the senate to finally dispose of it.

WOMAN DIDN'T MEET THE REQUIREMENTS

ARREST MADE

Maine Postmaster Nabbed for Making False Returns

PORTLAND, Me., May 11.—Charged with making false returns by falsifying his figures on the cancellation of postage, Ambrose M. Littlefield, postmaster at West Kennebunk, and secretary of the Maine League of fourth class post offices, was arrested late today on a secret indictment returned to the city. He furnished bail for his appearance at the June term of the United States district court at Bangor.

It is alleged that Postoffice Inspector Wm. B. Robinson, who worked up the case, found that within three or four months after Postmaster Littlefield assumed office, about five years ago, he began to make false returns and that the total amount of which the government was defrauded was \$962.51. This sum, it was understood, has been paid over to the postoffice department. Mr. Littlefield is about 55 years old.

HERE'S A QUEER ONE.

Ada Wiedman, alias Russell, alias Ada Frazier, wife of Jesse Fuller, of Hebron, Me., was arraigned in the United States district court today, charged with fraudulent use of the mails. She pleaded not guilty and was held in \$500 for the term of court. An indictment found against this woman sets forth that she had used the United States mails to defraud newspapers that she was a good-looking and attractive girl, 27 years old, a German heiress with \$50,000 in German money, unmarried and desirous of becoming a wife.

It further sets forth that "not being a good-looking and attractive girl of 27 years, not being unmarried and desirous of becoming a wife, she procured the services of a fortune teller, a fortune teller named Emerson who possessed of a fortune of \$80,000 in Germany, but being a very unattractive woman of much greater age and the wife of Jesse Fuller, she wrote a letter to August Manning, Dry Dock, Randolph County, West Virginia, which was intended to obtain \$18 from him.

OVERWHELMING VICTORY FOR THE MORRIS PARTY

Sir Edward Will Have Twenty-six Members in New House

Sir Robert Bond Will Have to be Content With Ten

Morris and His Colleagues Carry West Division of St. John's

Bond and His Two Supporters Elected in Twillingate

ST. JOHN'S, N. F., May 11.—Practically complete returns tonight from the voting in Saturday's general election show that the party headed by Edward Morris has won an overwhelming victory and that Premier Morris will have twenty-six members of the legislature, as against ten supporters of Sir Robert Bond, the former head of the government.

In the voting last November each side elected eighteen members, a result which resulted in Saturday's balloting.

Premier Morris and his two colleagues carried the west division of St. John's, and Bond and two supporters were elected in Twillingate.

Colonial Secretary Watson, of the Morris cabinet and two colleagues were successful in Trinity, a gain of two seats for the Morrisites in that district.

In Fortune Bay cabinet Minister Emerson was elected, Attorney-General Morris and Surveyor-General Blandford were chosen in Bonaville. Four districts missing gave heavy majorities in the last election and these conceded to that party, so that tonight's figures will undoubtedly stand.

JURY FINDS CAPTAIN HAINS GUILTY OF MANSLAUGHTER; MAY BE GIVEN 20 YEARS

BURTON, N. B., May 11.—The afternoon session of the Sunbury Circuit Court was occupied with the hearing of the case of King v. Endin, the defendant being charged with the murder of John Mackay. Considerable evidence was manifested in the proceedings, which proved of a most important character.

The case for the crown was opened by Attorney-General Hazen and a number of witnesses examined. The testimony of the witnesses related to the stabbing, while Dr. Hay described the nature of the wounds. From present indications it would seem that the trial may be concluded this evening.

At 1.30 p. m. there was a large number of spectators in attendance including residents of Oranmore, Burton and the surrounding country. The prisoner was brought into court and proved the centre of attraction for the large gathering.

His Honor Mr. Justice McLeod presided at the hearing and the empanelled jury was sworn in. The following were sworn in:—James W. Myles, James W. Babbitt, A. G. Hatch, Murray G. Paterson, W. Mahoney, St. John's state deputy, E. G. Duffy, Charlottetown, P. E. I., state secretary; Hon. Frank Sweeney, Moncton, state advocate; J. A. Cassidy, chairman, N. B., state warden; J. A. Gillis, Sydney, C. B., alternate to grand juror at New Brunswick.

The convention closed tonight by a grand banquet given by the Sydney court to the visiting state delegates and knights. The banquet was a most brilliant affair and was presided over by J. A. Gillis of the Sydney council. There were over 150 guests, including a large number of the Catholic clergy and the imperial authorities on the respective homes tomorrow.

AMENDMENTS TO CROSSING BILL

Graham Adds Several

SPEED OF TRAINS

Ten Miles an Hour at Dangerous Crossings—Western Land Grants

OTTAWA, May 11.—Hon. George P. Graham's bill to amend the railway act with respect to the protection of the commons occupied the time of today's session. To the original bill providing for the setting aside of \$200,000 per year for five years to be administered by the railway commission for the elimination of level crossings, Mr. Graham added the following amendments: "To bring railway crossings under Canadian law respecting their lines in Canada."

To incorporate the Senate Railway Crossing Bill which was framed upon the basis of Mr. Lancaster's bill. Mr. Graham explained that at any crossing where life has been lost, the speed of trains will not be allowed to exceed ten miles an hour and the crossing has been protected. When the board of railway commissioners has given orders for the protection of a crossing, the speed of a train is not allowed to exceed ten miles until the crossing is protected.

The bill was discussed in committee all the afternoon and finally progress was reported and the bill was left over for final discussion at a later date.

The house then went into committee of supply on Interior Department estimates. Hon. Frank Oliver in reply to Mr. Monk said he thought the government should draw upon the reserve fund, which he believed that the grants to South African veterans should be the last.

In reply to a suggestion from Mr. Crook that the government should consider the claims of the garrisoned Halifax when imperial troops of the garrison went to South Africa, Mr. Oliver said he thought a distinction should be drawn between the men and the volunteers who took part in the South African campaign. However, the matter would receive consideration.

In question, he saw John Endin, who said to him that he had stabbed Mackay, and Petley with a knife and that the form of the knife was like a dagger. The witness also swore that the prisoner had informed him that John Endin had said, "I have no run for an Italian." The prisoner also stated to the witness that he had rented the house at 1100 St. John's street, but that the deceased refused to leave the house. The witness also stated that he desired to chase the prisoner from the house. The police arrested Endin at the residence of the witness in the presence of the witness.

On cross-examination by Mr. Hearn, the witness declared that he was acquainted with the prisoner for two months and regarded him as a very full man. The prisoner had told the witness that he had been struck in the eye and said, "Petley had a knife and wished to chase him from the house and stay with the Austrian woman there."

INTERPRETER ACTS.

Faddina Liglio, an Italian, was called by the crown. Being incapable of understanding the English language, his evidence was interpreted by the interpreter, Chris Nichols, of St. John's. He had gone to the Austrian house and had seen Mackay, Petley and the prisoner. The witness also stated that he had seen Mackay, Petley and the prisoner in the face of the witness. He saw John Mackay and Petley lying on the step and Liglio assisted in carrying him to his own house.

On cross-examination by Mr. Hearn, the witness stated he did not see Endin make an attempt to hit Petley. If Endin had stabbed him with a knife, before the witness withdrew from the scene he would not have seen Endin. He did not see a knife in Endin's hand.

The crown then called on Norman Smith, who in his evidence declared that he knew the prisoner has borne a good character.

Percy Kennedy was then called by the attorney general. He testified that he was at Minto on the evening of the murder and assisted Mackay to his home. The last witness called was Frank Flament. He described the arrest of the prisoner. Endin had borne a good reputation.

At 8 o'clock the court adjourned until 11 o'clock tomorrow. It is probable that there will be three more witnesses for the crown.

The spectators concur with the opinion expressed by their correspondents that the prisoner is a rather good looking chap. Judged by his appearance he would not be taken as the perpetrator of the terrible deed for which he is standing trial.

The prisoner is between thirty-five and forty years of age. He has been confined in the jail since he was arrested and his face shows traces of his long confinement. Endin speaks very little English and occupies his time reading Italian papers which he has received from friends. He has been visited by the Rev. C. P. Carleton of Petreville and also by friends in the vicinity. The Rev. Father O'Reilly of St. John's who is fluent in the Italian language, goes regularly to visit the prisoner and pray for him. He has also occupied his time in making paper flowers.

At the morning session the oath was administered to the grand jury and Justice McLeod delivered his address. At 1.30 p. m. a true bill was returned against the prisoner.

NEW TRIAL TO BE ASKED FOR

Jury Not Perfectly Guarded

VERDICT A SURPRISE

Slayer of Annis Liable Prison Term of From 1 to 20 Years

FLUSHING, N. Y., May 11.—Capt. Peter C. Hains, Jr., U. S. A., today gave a prison term of from one to twenty years for manslaughter in the first degree for killing William E. Annis last August. The case was quickly followed by the army official conviction, his counsel announced that they would produce affidavits to show that the jury had not been properly guarded during the trial, and that this allegation will urge that a new trial be granted. These affidavits were filed on Monday, at the first of the scene of the crime. The will, of course, be the usual motion set aside the verdict as against the verdict of the jury. The law, but the unguarded jury is the only departure from the standard proceedings for a new trial. The court, however, will not set aside the verdict, but will grant a new trial for the purpose of setting aside the verdict.

"There was no evidence in this case to warrant a verdict of manslaughter," either have been murdered in the first degree or acquitted in the grounds of insanity. The jurors were permitted to roam about the court house and automobile and go right to the scene of the crime. The verdict, which is clearly against the law, will have affidavits to prove that the case, and also that the jury was not properly guarded during the trial of the county and have been government property at Fort Totten, all of which will be urged for a new trial for setting aside the verdict.

The conviction of Hains came as a general surprise. The jury was of less than three hours. It had been expected that the trial would last several days much longer and that a verdict acquittal on the ground of insanity or a disagreement would result.

One of the most interesting features of the trial was the testimony of Dr. J. H. Dewitt, who has said he could hope for a disagreement.

Unlike the scenes attending the trial of Thornton Hains, the defendant brother, who was acquitted of complicity in the same crime, there was no demonstration when the verdict was rendered.

Captain Hains stood up and faced the jury with his shoulders thrown back in military fashion, while Foreman Sunderling recited the verdict. As he heard the decision Hains' face was a white as chalk. He stood motionless for a moment, then he turned to the other one of his lawyers touched him and he sat down. A few moments later, apparently little affected by the verdict, Hains walked to the courtroom with a steady stride and was taken back to the Queens county jail.

In striking contrast to the demeanor of the prisoner was the grief of the aged father, General Peter C. Hains and his brother, Major John Pove Hains. For a moment they sat as if in a daze, then they rose and the captain's aged mother had returned to New York early in the afternoon. General Hains, however, communicated the verdict to her over the telephone.

RECENT DEATHS

MR. AND MRS. JO. ANDERSON.

AMHERST, N. S., May 11.—Sadism is one called upon to record the death of a husband and wife within a few hours of each other. On Saturday Joseph Anderson, one of Cumberland's oldest and best known citizens, was in Amherst for medicine for his wife who was critically ill. On Sunday he will be held over till next session for the senate to finally dispose of it.

MR. AND MRS. JO. ANDERSON.

AMHERST, N. S., May 11.—The death occurred this morning at his home, Amherst Point, of George W. Forrest, aged 72, after several months illness, at the age of 72. Mr. Forrest has been a prominent figure in the county. He served in the municipal council two terms for one term of which he was elected by acclamation. In 1888 he was a nominee of the Conservative Party for the House of Assembly, but was defeated by 425 votes. In 1890 he and the late William O'Keefe defeated T. R. Black and R. L. Black. He was again nominated in 1893 but was defeated by 100 votes. He served as an instructor himself for a number of years. Mr. Forrest came to her as a pupil, and as his splendid baritone voice developed under her guidance, the waves of attraction, which both noticed upon their first meeting, was fanned into deep and lasting love. Because of a sacred musical career and accepted a position as cashier at the Theatre Comique, where she speedily recovered her usual good health. She made her home here with her brother-in-law, Dr. M. Campbell, of No. 185 Broad street. The bridegroom was the manager of one of the departments of the Lowell Packing and Provision Company.

many excellent qualities. Mr. Forrest was a man of exceptionally good natural abilities. He was a ready and forcible speaker, especially in debating political questions. The funeral will take place Thursday afternoon, at 2 p. m.

8,000 PERSONS ARE RIPE OUT OF EXISTENCE

BEIRUT, Asiatic Turkey, May 11.—The recent rioting in the vicinity of Marash had laid waste that entire district. Marash itself was spared, but only a few persons were killed, and within sixty miles to the southwest a total of sixteen villages with a population of 8,000 souls, have been practically wiped out. The only survivors are boys under ten and old women. The girls were carried away and the men killed.

Telegraphic reports received today declare that the hungry and naked number 14,000. Immediate relief is required. The interior districts are still the most heart-breaking and appeals are being received here.

Wedding Bells.

LYNN, May 11.—A romance of several years' standing, which had its beginning when Miss Jennie Dorothy Cole, cashier of the Theatre Comique in this city, and daughter of Capt. Rufus C. Cole, of St. John, was teaching Alexander E. Alkana, of Lowell, formerly of Lynn, came to her as a pupil, was crowned this afternoon by the marriage of the couple by Rev. A. E. Harriman, pastor of the East Baptist church, at his residence, 23 Ocean Terrace. The happy couple were unhandomely travelling gown and a picture hat. Directly after the ceremony, Mr. and Mrs. Alkana left for an extensive wedding tour, and on their return they will make their home at 166 Bridge street, Lowell. The bride formerly studied vocal music with several of the best known teachers of Boston and was an instructor herself for a number of years. Mr. Alkana came to her as a pupil, and as his splendid baritone voice developed under her guidance, the waves of attraction, which both noticed upon their first meeting, was fanned into deep and lasting love. Because of a sacred musical career and accepted a position as cashier at the Theatre Comique, where she speedily recovered her usual good health. She made her home here with her brother-in-law, Dr. M. Campbell, of No. 185 Broad street. The bridegroom was the manager of one of the departments of the Lowell Packing and Provision Company.

Dr. Hamilton Cures Rheumatism

You Use His Pills—He Guarantees a Lasting Cure.

Rheumatism begins and ends in the blood which is either over or under healthy. They will filter out the wastes and poisons.

In cases of rheumatism, the kidneys are not doing their work. The poisons crystallize around the joints and cause pain almost akin to torture.

There can be no cure, no permanent relief until the kidneys are stimulated. First get them into working order. Then use Dr. Hamilton's Pills, which will remove the poisons from the blood and all traces of rheumatism disappear.

NO CASE IS TOO CHRONIC TO YIELD TO THIS MARVELLOUS INFLUENCE OF DR. HAMILTON'S PILLS.

"I spent nearly three years experimenting with rheumatic remedies," writes Geo. E. Sumby, of Portland. "I had almost given up hope, then I tried Dr. Hamilton's Pills; they completely cured me. No remedy could be better."

You will never regret using Dr. Hamilton's Pills. Get a supply today from your druggist, 25c per box, or five boxes for \$1.25, by mail to any address. If price is forwarded to N. C. Tolson, S. O., Kingston, Ont., and Hartford, Conn., U. S. A.

PRESENTATION MADE ON EVE OF HIS DEPARTURE

The Brotherhood of the Tabernacle Church held a social function last evening in honor of Arthur Vincent, who leaves the city tonight for the north-west, where he is to join the mounted police force.

Though sufficient notice had not been given of the affair there was a large gathering.

After doing justice to the repast provided by their lady friends and the customary toasts had been duly honored, the Rev. J. W. Keirland on behalf of the Brotherhood presented Mr. Vincent with a handsome toilet case filled with all the necessary articles in his response to the address, Mr. Vincent referred to his past connection with the Brotherhood and the excellent influences exerted by it over his life. He did not expect that his new life would prove itself a bed of roses. Nevertheless he felt that he would do his duty and endeavor to live up to the teachings of the Brotherhood.

Before the meeting adjourned three new members were elected. The roll now totals sixty.

CANADA INVITED TO CONFERENCE

OTTAWA, Ont., May 11.—In the senate today, Senator Loughheed asked if Canada had received an invitation to participate in a conference in London on imperial defence.

Sir Richard Cartwright said Canada had received and would accept an invitation to the conference. In view of the questions to be considered it was quite likely that Canada would be represented by Sir Frederick Borden and Hon. Mr. Brodeur, the two Ministers already delegated to go to London after the session closed and consult with the imperial authorities on the question of Canada's naval defence.

LAUNCH SINKS; SCORE DROWNED

Of Thirty Occupants of Boat Only Ten of Them Escape

PITTSBURGH, Pa., May 11.—Twenty persons are missing, and all of them are believed to have been drowned when a gasoline launch sank in the middle of the Ohio River near Shoemaker, four miles below Pittsburg, today. Of the thirty occupants of the boat only ten are known to have escaped.

All of the victims were men and were employees of the Pressed Steel Car Company at the McKees Rock plant. They had worked overtime until eight o'clock and left the works to cross the river in the launch about fifteen minutes later. The boat is said to have been started out in the boat one of them is said to have remarked that it seemed to him to be overcrowded and he feared it was not safe to attempt the trip. Albert Graham, the boat pilot and one of those who is missing, is reported to have replied that it was safe enough all right, as he had twenty-five persons aboard last night. No more was said about the load, but when the craft reached the middle of the stream, where the water is perhaps twenty feet deep, it suddenly sank.

There was no explosion, no leak was sprung; the boat simply sank beneath the weight it had been bearing and went to the bottom. As it sank, the vortex took many of the men down with it. Others attempted to swim ashore, but were chilled by the cold water and became exhausted before reaching the shore.

AMENDMENTS TO CROSSING BILL

Graham Adds Several Amendments to SPEED OF TRAINS

Ten Miles an Hour at Dangerous Crossings—Western Land Grants

OTTAWA, May 11.—Hon. George P. Graham's bill to amend the railway act with respect to the protection of level crossings, which was passed at the last session, today received several amendments. Mr. Graham added the following amendments: "To bring railway companies, incorporated outside of Canada, under Canadian law respecting their lines in Canada." "To incorporate the Senate Railway Crossing Bill, which was framed upon the basis of Mr. Lancaster's measure." Mr. Graham explained that as crossing where life has been lost, the speed of trains will not be allowed to exceed ten miles an hour until the crossing has been protected. When the board of railway commissioners has given orders for the protection of crossings, the speed there will not be allowed to exceed ten miles until the crossing is protected. The bill was discussed in committee this afternoon and finally passed as reported and the bill was left for final discussion at a later date. The house then went into committee supply on Interior Department estimates. Hon. Frank Oliver in reply to a question asked by the government had done all that was reasonably expected in the matter of land grants in the west to veterans and others for whom special claims had been urged. He believed that the claims to the South African Veterans would be the last. In reply to a suggestion from Mr. O'Brien that the government should consider the claims of men who served in the Halifax when imperial troops of Garrison went to South Africa, Mr. Oliver said he thought a distinction should be drawn between these men and the volunteers who took part in the South African campaign. However, the matter would receive consideration.

In question, he saw John Endini, he said to him that he had stabbed McKay, and Petley with a knife and the witness also swore that the police had informed him that John McKay had said, "I have no run for Italian." They are no good; go home. The prisoner also stated that he and wanted McKay to leave. The deceased refused to leave, but tried to chase the prisoner from the house. The police arrested Endini at the place. In a cross-examination by Mr. Hearn, Vines declared that he was acquainted with the prisoner for two months and regarded him as a dangerous man. The prisoner had told the witness that he had been struck in the head and said Petley and McKay had tried to chase him from the house. The witness stayed with the Austrian woman.

INTERPRETER ACTS. Madama Liglio, Italian, was called by the crown. Being incapable of understanding the English language, the witness was taken through the interpreter, Charles Nicholas. She had gone to the Austrian house and had seen McKay, Petley and the other. The witness described in detail the trouble in the house and said she struck the prisoner with a knife. The witness later saw John McKay at the doorway of the Corbena house, way lying on the step and Liglio was carrying him to his own house.

In a cross-examination by Mr. Hearn, Vines stated he did not see Endini in an attempt to stab Petley. Endini had stabbed him with a knife. The witness withdrew he would not testify. The witness had known Endini in Italy and the latter had done a good reputation. He did not have a knife in Endini's hand. The crown then called on Norman, who in his evidence declared he knew the prisoner has borne a bad character.

By Kennedy was then called by the crown. He testified that as at 11:30 on the evening of the 10th, he and his brother, John, were at the house and assisted McKay to his room. The last witness called was Frank Endini. He described the arrest of the prisoner. Endini had borne a good reputation. At 6 o'clock the court adjourned until 10 o'clock tomorrow. It is probable there will be three more witnesses.

Spectators concur with the opinion expressed by your correspondent that the prisoner is a rather good looking chap. Judged by his appearance, he could not be taken as the perpetrator of the terrible deed for which he is in jail. A prisoner is between thirty-five and forty years of age. He has been in the jail since November. His face shows traces of his long imprisonment. Endini speaks very little and occupies his time reading papers which he has received from friends. He has been visited by Rev. C. P. Carleton of Peterborough. Father O'Reilly, who is the priest in the Italian language, regular visits to the prisoner and presented him with a Catholic book, which Endini reads quite intently. He also occupies his time in writing paper flowers. The morning session the oath was administered to the grand jurors and McLeod delivered his address. P. M. a true bill was returned against the prisoner.

NEW TRIAL TO BE ASKED FOR

Jury Not Perfectly Guarded

VERDICT A SURPRISE

Slayer of Annis Liable to Prison Term of From 1 to 20 Years

FLUSHING, N. Y., May 11.—Captain Peter C. Hains, Jr., U. S. A., tonight faces a prison term of from one to twenty years. He was convicted late today of manslaughter in the first degree for killing William E. Annis at the Bayview Yacht Club last August. Quickly following the army officer's conviction, his counsel announced that they would produce affidavits to show that the jury had not been properly guarded during the trial, and upon this allegation will urge that a new trial be granted. These affidavits will be submitted on Monday, at the time for passing of sentence. There will, of course, be usual motions to set aside the verdict as against the weight of evidence and contrary to law, but the unguarded jury feature is the only departure from the stereotyped proceedings for a new trial. Daniel O'Reilly, counsel for the defense, said: "There was no evidence in this case to warrant a verdict of manslaughter. It should either have been murder in the first degree or acquittal on the grounds of insanity. The jurors were permitted to roam about the county in an automobile and go right to the verge of the scene of the homicide, which is clearly against the law. We will have affidavits to prove that such is the case, and also that the jurors were permitted to leave the jurisdiction of the county and have been on government property at Fort Totten, all of which will be urged for a ground for setting aside the verdict." The conviction of Hains came as a general surprise. The jury was out less than three hours. It had been expected that the jurors would deliberate much longer and that a verdict of acquittal on the ground of insanity or a disagreement would result. No one was more surprised than District Attorney Merritt, who had said all he could hope for was a disagreement. Unlike the scenes attending the trial of Thornton Hains, the defendant's brother, who was acquitted completely in the same crime, there was no demonstration when the verdict was rendered. Captain Hains stood up and faced the jury, with his shoulders thrown back in military fashion, while Foreman Sunderling recited the verdict. As he heard the decision Hains' face was as white as chalk. He stood motionless for a few moments, staring at the jury, then one of his lawyers touched him and he sat down. A few moments later, apparently little affected by the verdict, Hains walked from the court room with a steady stride and was taken back to the Queens county jail. In striking contrast to the demeanor of the prisoner was the grief of his aged father, General Peter C. Hains, and his brother, Major John Power Hains. For a moment they sat as if dead, then both broke down and wept. The captain's aged mother had returned to New York early in the afternoon. General Hains, however, quickly communicated the verdict to her over the telephone.

LAUNCH SINKS; SCORE DROWNED

Of Thirty Occupants of Boat Only Ten of Them Escape

VICTIMS MEN

PITTSBURGH, Pa., May 11.—Twenty persons are missing, and all of them are believed to have been drowned when a gasoline launch sank in the middle of the Ohio River near Shoenerville, four miles below Pittsburg, today. Of the thirty occupants of the boat only ten are known to have escaped. All of the victims were men and were employees of the Pressed Steel Car Company at the McKee's Rock plant. They had worked overtime until eight o'clock and left the works to cross the river in the launch about fifteen minutes later. The boat is said to have been intended for not over twenty persons, but that all the men wanted to get across the river on the first trip and thirty of them crowded in. At the moment the launch started, the pilot and one of those who is missing, it is reported to have replied that it was too crowded all right, as he had twenty-seven persons aboard last night. No more was said about the load, but when the craft reached the middle of the stream, where the water is perhaps twenty feet deep, it suddenly sank. There was no explosion, no leak was seen, the boat simply sank beneath the weight it had been bearing and went to the bottom. As it sank the vortex took many of the men down with it. Others attempted to swim ashore but were chilled by the cold water and became exhausted before reaching the shore.

BOY ACHIEVES WORLD'S GREATEST INVENTION; BY WIRELESS HE SETS OFF EXPLOSIVE, MILES AWAY

Indiana Youth of 18 Perfects Engine of War Scientists Have Been Seeking for Years as 'Greatest Blessing to Mankind'—His New Explosive 40 Times More Terrible Than Dynamite.

CHARLEY WILLIAMS, 18

EVANSVILLE, Ind., May 11.—A lanky, sweated schoolboy has achieved what Tesla, Marconi and other wireless men have been months vainly laboring for—the invention of which scientists long ago agreed would be the greatest blessing to mankind. He is Charley Williams, 18-year-old Evansville lad. By pressing the key of a wireless instrument plugged up in his mother's woodshed the other night, he caused an explosion to occur three miles away. It shook every building in the city. That's what the boy has accomplished. He is an engine of war that will kill war. The United States government is negotiating for it. Charley Williams hasn't stopped at inventing the apparatus which sets off the explosive. He has discovered the explosive itself. He calls it "Williamite" and declares it to be forty times as powerful as dynamite. Three ounces of it was enough to scare this city out of a year's growth. The experiment was made at his home every building within a mile of the tree top in which he set up the three-ounce bottle for his test. The experiment was made at his home every building within a mile of the tree top in which he set up the three-ounce bottle for his test. The experiment was made at his home every building within a mile of the tree top in which he set up the three-ounce bottle for his test.

Williams, a youth of quiet, retiring manners, robust, large for his age, with light hair and blue eyes that regard one in a mildly inquiring way, didn't seem to think that he had done anything extraordinary when a correspondent visited him in his woodshed laboratory. "Why, yes, the experiment was successful," he said carelessly. "I knew it would be. You see I've been studying it a long time and I knew just how it would act." Young Williams has been studying high explosives and electricity for four years. In his hilly wooden shed laboratory he has been working with the most dangerous substance known to science. "I wouldn't make it a life work," he declared. "I'd kill myself in a year's time." He was thought of for a time. "But I like it," he went on enthusiastically. "Think of it," he said, earnestly, "to be able to take a piece of stuff no bigger than that," and he held up his clenched fist, "and wreck a mountain with it." "No, I'm going to be a railroad man," he went on. "That's my ambition." "I've been making tests here at home for some time," he continued. "But I have only been using minute quantities. One of the first made was right in our parlor. I set off a little explosion by wireless across the room. When I work with large quantities of the stuff it always do it out in the country far away from anybody." The Star correspondent wanted to know what would happen if a farmer had wandered into the charge of "Williamite" in that tree top. "You'd have hurt him if he'd been standing under the tree when it went off," young Williams replied. "Might have scared him to death, but wouldn't have hurt him. You see, it's easy to direct a blast—make it go any way you want—if you know a little about it." It seemed extremely simple to this remarkable boy.

OFFICIAL SEAL ON POLICE DOGS' USE

President Fallieres Witnesses Demonstration of Canine Intelligence

RAMBOUILLET, May 11.—The employment of dogs as an adjunct to the French police authorities received the seal of official approval today when the president of the republic attended what proved to be a definite and conclusive demonstration of the practical utility of the animals properly trained for police collaboration. The display took place in the verdant Croc de la Lasterie de Marie Antoinette. It was evident all during the trials of the dogs presented by the water, swimming toward the spot where Clifford had last been seen. She dived in the hope of reaching him, but while she was under the water the child rose to the surface and took her to the second floor. Mrs. Kraft dived and succeeded in grasping the boy's clothing as he was sinking. By this time the woman was exhausted, but holding her boy up by one arm she turned on her back and floated. William Decker, a neighbor, rescued her. Mrs. Kraft was revived with some trouble, and more than an hour's resuscitated.

MOTHER DIVES; SAVES HER DROWNING CHILD

Little Boy Falls Off Raft and Woman Bravely Rescues Him

BELLEVILLE, N. J., May 11.—As Clifford Kraft was playing with his brothers and sisters in the yard of his home, which fronts on the river bank, he tumbled from a fine and dandy raft. Being but 4 years old, he could not swim, and the current whirled him out into midstream. The brothers and sisters sent up yells which attracted the attention of Mrs. Kraft, and she plunged into the water, swimming toward the spot where Clifford had last been seen. She dived in the hope of reaching him, but while she was under the water the child rose to the surface and took her to the second floor. Mrs. Kraft dived and succeeded in grasping the boy's clothing as he was sinking. By this time the woman was exhausted, but holding her boy up by one arm she turned on her back and floated. ONE OF THE LARGEST IN HISTORY OF COUNTY

Funeral of Colonel Ray Attended by Citizens in All Walks of Life

ANNAPOLIS ROYAL, N. S., May 11.—The funeral of the Hon. H. H. Ray, M. L. C., which took place from his late home yesterday afternoon, was one of the largest in the history of the county. The services were conducted by the Rev. Messrs. Whitman, Parker and McNeil. The sermon, which was preached by the latter, was eloquent and forceful. Mr. McNeil spoke of the personality of the deceased, his kindness to the Methodist church and the great influence for good that he extended over the whole community. "As a member of our church we lose a kind and ever thoughtful friend, and as a public man Nova Scotia loses a citizen of sterling gifts." The choir of the Methodist church at Annapolis Royal was present and sang "Nearer, My God, to Thee" and "Abide With Me." The funeral was Masonic and was conducted by the Annapolis Royal lodge, A. F. and A. M. of which the deceased was a member, assisted by the Bear River lodge. At the grave the impressive Masonic service was read. The pallbearers were: Messrs. McCormick, Capt. Spurr, Capt. Potter and Judge Owen. The government of Nova Scotia was represented by the Hon. Monson Goudge, president of the legislative council, a warm personal friend of Colonel Ray. The municipal council of the warden, and the town of Annapolis Royal were also present. The funeral was of exceptional length. The floral offerings were numerous and beautiful and included one from the government of Nova Scotia and the Annapolis Royal lodge.

Bloated Stomach Indigestion

No Means of Instant Relief and Certain Cure to Compare With 'NERVILINE'

It's not a difficult matter to diagnose a real case of indigestion, usually there is a feeling of weight in the chest, the throat seems full and tight, the stomach feels uncomfortable, head is apt to ache, breath is bad, appetite poor. NERVILINE is the cure, it's the only remedy that strengthens weak stomach, overcomes digestive disorders and keeps you in fine form. "For two years I suffered untold discomfort with indigestion," writes Mr. J. P. Huxley of Great Barrington. "After NERVILINE made I experienced a feeling of nausea, my stomach was sour, I belched gas, food for dyspepsia. I continued to eat and I ran down in flesh, looked pale and sickly. I used NERVILINE after meals and was helped at once. I wouldn't think of being without NERVILINE now. It's useful for a hundred ailments. Not only will it cure the stomach of its ill, but for headache, biliousness, flatulence, cramps, etc. I have found it simply wonderful." Every home should have NERVILINE on hand. It's a health-saver and makes smaller doctor bills. Insist on NERVILINE only and beware of the substitute. Large 25c. bottles at all dealers.

REAL ESTATE DEALER COMMITTED SUICIDE

Believed His Death in the Best Interests of His Family—Motive Not Known.

INDIANAPOLIS, Ind., May 12.—Campbell J. Cobb, of the firm of C. E. Sayles and Cobb, a real estate dealer, committed suicide at the Denison Hotel last night by stabbing and shooting himself. A note to his wife reads: "Dear Gene, the disaster is worse than you think. Cannot possible get out of debt. Think this best for you and the baby." Nothing of the disaster has been learned by the police. Cobb was a society man.

WILL GATHER AT VANCOUVER

OTTAWA, May 11.—It is expected that the National Editorial Association of the United States will hold its annual meeting in Vancouver this month.

Washington Swindler is a Lunatic, Maybe

Losses Through John C. Davis May Reach a Half a Million—Sits in Cell With Bible and Hymn Book and Appears Perfectly Happy

WASHINGTON, May 11.—Further investigation into the affairs of John C. Davis and Martin T. Davis shows that the operations of John were upon a larger scale than when the district attorney's office estimated on Saturday that the amount obtained by him was in the neighborhood of \$200,000. The two brothers are prisoners at the First Precinct station house. Both seem unconcerned. John has a hymn book and a Bible which he asked for when arrested. Martin says that as far as he is concerned his arrest is a mistake and our church we lose a kind and ever thoughtful friend, and as a public man Nova Scotia loses a citizen of sterling gifts. The choir of the Methodist church at Annapolis Royal was present and sang "Nearer, My God, to Thee" and "Abide With Me." The funeral was Masonic and was conducted by the Annapolis Royal lodge, A. LIGHT BUSINESS THE ONLY FAULT

Pulp and Paper Makers Meet 63 DELEGATES PRESENT

MARKET NEARLY AT TOP NOTCH AT CLOSE

PORTLAND, Me., May 11.—A three day biennial convention of the international brotherhood of pulp, sulphite and paper mill workers began here today. There are 63 delegates present from Canada and the United States. There are committee meetings and reports today. President John H. Mallin of Auburn, N. Y., said that the brotherhood had no grievances to discuss and that at present the manufacturers and employees were working on a very satisfactory basis. The only fault was light business. The local central labor union will entertain the delegates at a big smoker tomorrow night. CHICAGO, Ill., May 11.—Damage reports from Kansas and Nebraska were partly responsible for an advance of more than one cent in the price of wheat on the Board of Trade today. LOCAL MATTERS OF INTEREST.

SATURDAY

On enquiry at the Hospital early this afternoon, it was learned that Mrs. John Murphy, who was so badly injured during a drunken debauch in Mrs. Hannah Collins' house, White street, Saturday night, was resting comfortably, and despite the fact that the woman lost a great amount of blood from an ugly slash on the side of the head, no dangerous results are anticipated. The police are working on this case and so far are unable to state just how Mrs. Murphy came by her injury.

Ex-Policeman James Greer is feeling badly over the statements given out by S. Merritt Wetmore, secretary of the Municipal Home to the effect that his five children were almost naked for weeks and that the mother was without clothing and that the house was bare of furniture. Greer says that he had earned money working longshore and has provided for his family, and that he can prove by his family and clothes that he has provided for his family, and that he has five rooms furnished. He says that his wife is unfortunately demented, and that this morning he took her to the Provincial Hospital. He had a certificate from a physician for her admission to the hospital, but the doctor informed him that he had seen articles in the press regarding Greer, and he would not accept the woman as a patient until he had made further enquiry into his case. Greer was therefore obliged to return to the city with his wife.

Mrs. Susan Burns, of North End, died last night at the General Public Hospital after a comparatively brief illness. Mrs. Burns was 23 years of age. She is survived by two brothers and two sisters. The funeral will take place from the residence of Mrs. Andrew Lane, 42 Brussels street, at 3:30 o'clock Tuesday.

MONDAY

Mothers' Day was celebrated in a very pretty way in the Portland street Methodist Sunday school yesterday afternoon by the wearing of white carnations in honor of "Mother." A short programme was carried out at the close of the regular service. Although the observance of this day is spreading world-wide the Portland street church has been the only one to take it up in St. John. See page four.

James H. Hearn, K. C., of Sydney was in the city yesterday en route to Burton, where he will be associated with H. H. Pickett in the defence of John Endin. He was charged with the murder of one MacKay on November of last year. The trial is to commence tomorrow. Premier Hazen is to conduct the prosecution.

Before a large congregation in the Centenary Methodist church last evening W. L. Archibald, Dominion people officer, delivered an eloquent and forceful address on Prison Reform, one of the burning questions of the country today. The subject was undoubtedly an excellent one, and coming as it does from the head official of the parole system in Canada was greatly appreciated.

At the reformed Presbyterian church last evening the Rev. R. A. Blair gave a stirring address which was listened to with absorbing attention by the large congregation who had assembled to hear the noted clergyman. Mr. Blair also addressed a large congregation at the morning service, and in the afternoon at the Sabbath school, when he spoke especially to the young scholars. Mr. Blair is an eloquent speaker and very earnest in his endeavors.

TUESDAY

Saturday night proved that the bees have not yet knuckled down to the new law, but are endeavoring to evade it by selling honey early in the goods as a pretense for keeping open house. The utter disregard of clear windows is a direct challenge to the authorities, who have not been slow in accepting it, for many houses have been reported and a test case is on the bags. The result will have a decided and definite effect upon all beekeepers, and will settle the question once for all.

At a meeting of the Sir Leonard Tilley Memorial Committee, held last night, it was definitely decided to proceed with the scheme of erecting a monument to the memory of our Brunswick distinguished son. The proposed memorial is to take the form of a bronze statue of Sir Leonard Tilley, nine feet in height. It is to be erected in a prominent location and is to be ready for unveiling in September of 1910.

About fifty Toronto railway conductors have resigned during the last month in protest against the system of spotters and spies maintained by the company. Some of the conductors say the spies make up false reports and a conductor has no opportunity for defence and is never allowed to face to face with his accuser. It is no job for an honest man.

Miss Annie Clark, the young Carleton girl who was missing since Saturday, was found in Fairville Saturday but came in the city.

The Winnipeg Telegram in its column of "Twenty years ago today" has the following: "Bruce M. Caldwell, who has lived in Winnipeg for seven years, has returned to his old home in St. John, N. B., where he will occupy a good position in the customs house there."

WEDNESDAY

On Saturday Milton Price had an interview with W.L. Archibald, Dominion people officer, at the Royal Hotel. It will be remembered that Mr. Price conducted the defence in the trial of the prisoner Downie. The reporter went into a thorough discussion of the various facts of the case, from the day of the robbery until the present time. Mr. Archibald will proceed to Quebec today, where he will further in-

quire into the case and the prisoner's conduct, etc. He will report on the matter to the Minister of Justice. After his visit to Quebec, Mr. Archibald's itinerary is somewhat indefinite. However, in all probability he will proceed by the Intercolonial to Quebec in connection with his office duties.

Major Rutledge and Sergt. McArthur, recruiting officers for the Royal Northwest Mounted Police, have sent a letter to the doctor for examination and eleven have passed. The names of those who have enlisted so far are A. P. Saunders, M. N. O'Donnell, A. Vincent, W. G. Cochran, James McDevitt, James W. Corey, Allan Logan, A. W. Burt and P. Stanley. The others, Saunders, whose home is in Charlotte street, and O'Donnell, who lives in Chesley street, will leave for Regina today. The others will go on Wednesday, Thursday or Friday.

At the Provincial Hospital favorable progress is being made at the construction of the new buildings. The work was started last week by the contractor and will be completed within the near future.

THURSDAY

Any person who drinks 25c tea and once tastes 30c "Salada" will see that it is not only finer in flavor, but that, as one pound makes many more cups, it is economical to use. 145

The death took place last evening at 203 Queen street, after a lingering illness, of Mrs. Matilda, wife of Timothy Donovan and daughter of Ann and the late James Healy. She is survived by her husband and six children. F. J. Egan, Mass.; Lewis, Chicago; St. B. Easton, Mass.; Misses Agnes, Mary and Annie, at home.

The death occurred at South Branch, on Thursday morning at Westport, of the son of Mr. and Mrs. David Cochran, at the age of 19 years. Deceased had been ill a long time with consumption, and the death member of the same family to have succumbed to the same disease. He is survived by his parents, two brothers and one sister. The funeral was held on Saturday afternoon. Interment was at West Branch.

At the rectory, Richibucto, on Wednesday, May 5th, Rev. F. W. M. Bacon united in marriage Miss Mary Kingdon, daughter of Mr. and Mrs. Robert Kingdon, Richibucto, both of Kouchibouctou.

An interesting event took place last evening at the home of Mr. and Mrs. Cummings, of Waterloo street, when the Rev. George Titus united in marriage Albert Major and Miss Blanche Cummings. The marriage was solemnized in the presence of the immediate friends and relatives of the contracting parties. The happy couple were the recipients of many beautiful and costly presents.

At the conclusion yesterday of the trial of Samuel Adams, alias Shaun, who is known under other names, was brought into court and received sentence of 18 months in penitentiary. He brought out that his first incarceration was unjust but was the result of having punished too severely a patient in the Halifax Hospital when he was a keeper. He said he did not dread the confinement in Dorchester, but it was the association and he would rather die than spend any more time in penitentiary. It would destroy the last vestige of manhood. Judge McLeod gave Adams a chance and allowed him to go on suspended sentence.

St. John friends have received cards announcing the marriage at 203 Queen street, in South Yarmouth, Mass., last week of Miss Hazel Winthrop Chase, daughter of Mr. and Mrs. Lafayette K. Chase, to Mr. Walter Harold Gifford, of this city. Thursday, May 6th, was Miss Chase's birthday and she invited a dozen of her most intimate girl friends to lunch with her. The came not suspecting the pleasant surprise in store for them and were greatly excited when Mr. Gifford and the minister arrived and they realized it was a wedding. They were all participating in the company was followed by a luncheon and honeymoon trip to Bermuda. The wedding was followed by a luncheon and honeymoon trip to Bermuda. The publishers of the Canadian Courier want a name for a new agricultural paper they are about to bring out. They want a particularly good one, too, and are willing to spend a lot of money to get the dearest and most suitable name anyone can think up.

So they are holding a contest, with \$500 in cash hung up as prizes. As the publication is to appeal especially to Farmers, Stock Raisers, Fruit Growers and Horticulturists, the contest is characterised as is the Canadian Courier, and to circulate throughout the Dominion. Mr. J. H. S. Johnston, who for years was associate editor of the "Breeder's Gazette," will be the editor. This seems to be a pretty good guarantee that the new weekly will be full of original and attractive features, and that the information it gives on agricultural matters will be authoritative.

The prizes offered for the best name are certainly attractive, and should bring in some clever suggestions. Paragraphs of the contest are given on another page.

NEWCASTLE, N. B., May 12.—The committee appointed by the town council Monday night, met this afternoon with the executive of the Board of Trade and adopted resolutions which were telegraphed to Ottawa, asking for subsidy of \$1,000 to the Chatham-Redbank steamer Dr. O'Neil, and a grant of \$40,000 towards building a wharf here for the shipment of iron ore.

A \$40,000 annex is being built to Harbourside Academy, and an annex to Saint James Church. The latter will contain a room for choir and pastor's room. Mr. H. McMillan is having an addition built to the house he recently purchased from P. H. Eaton.

REXTON, N. B., May 10.—The community was startled on Friday morning by the death of the sudden death of Abram Dickinson, one of our most respected citizens. Mr. Dickinson was born and lived over a mile from the station. Although in poor health for some time his death was quite unexpected. He is survived by a widow, three daughters, Mrs. Rankin, Mrs. McKinnon of Richibucto and Miss John, at home. The funeral was yesterday afternoon and was very largely attended. Interment was in St. Andrew's cemetery.

Peaceful, quiet separation no danger done, everybody happy again—that's the situation when you divorce your corns with Putnam's Corn Extract. Corns like magic—don't use any but "Putnam's"—it's the best.

PASTORS DAUGHTER AGCUSED

NEW YORK, May 11.—Mrs. Etta Hamilton Martin's insistence on a jury trial of the suit for divorce brought by Edwin E. Martin, a commission merchant, residing at Lafayette avenue, Brooklyn, will reveal many things that the husband hoped to conceal for the sake of all concerned. The action has been dragging on for a year, but so secretly was it conducted before the referee that the defendant passed unchallenged in the best society in Brooklyn, continued her choir work in the Summer Avenue Methodist church and sang at many concerts. She is well known as one of the best sopranos in Brooklyn. The divorce of the Rev. Dr. Jay Benson Hamilton and the wife, Mrs. Etta Hamilton, who for many years was pastor of the Simpson Methodist Episcopal church and the DeWalt Avenue Methodist church, and who recently has been active in a national movement for the support of superannuated ministers of his denomination. It is said that the woman's father will be against her in the trial, which will probably take place next week; as the defendant has already suffered nervous prostration because of the suspense attending the action, and according to physicians may break down utterly and lose her eyesight unless the matter is disposed of quickly.

Mrs. Martin says that she cannot understand why her wife should demand a jury trial in view of the scandalous nature of the case. She says that she has in her mind placed her husband in the position of a man who is guilty of a crime, and she is determined to see that justice is done. She says that she has been married for many years and that she has always been a devoted wife and mother. She says that she has never seen her husband in any other way than as a devoted husband and father. She says that she has never seen him in any other way than as a devoted husband and father.

BATONYI'S TELL OF THEIR UNHAPPY MARRIED LIFE

NEW YORK, May 11.—On a motion made by the default which counsel for Frances Work Batonyi permitted to be taken in her suit for an absolute divorce from Aurel Batonyi, an affidavit submitted yesterday in behalf of the husband's father, was read by Justice Kildersleeve. It described the plaintiff's life with Batonyi and declared that all he ever contributed to the household was the support of his wife. Mrs. Batonyi says in her affidavit that she was married to the plaintiff in 1906. She says that she has been married for three years and that she has always been a devoted wife and mother. She says that she has never seen her husband in any other way than as a devoted husband and father. She says that she has never seen him in any other way than as a devoted husband and father.

HILLSBORO. Hillsboro, May 7.—The following address was presented by Hon. C. J. Osman to Dr. Marvin on the eve of his departure for Chatham:— To A. Marvin, M. D.

Dr. Marvin: We, the undersigned, residents of Hillsboro, personal friends and patients of yours, desire to express our very great regret that your absence will deprive us of your services and lead to increased prosperity and advancement for you in your professional calling, will remove you from the sphere of usefulness which you have occupied so long amongst us, and where you have earned your very warm esteem, respect and admiration of all who know you.

We feel that the larger field for your efforts represented by your newly adopted domicile, will perhaps give you the opportunity for your professional skill, and we feel sure also that you will very speedily gain amongst new clients and friends the same warm feeling of regard and respect which your old ones entertain for you.

We have shared with you your joys and many of us have also shared your sorrows, and have always found you sympathetic and a true friend of those in need.

Therefore, we as representing the general feeling which the parish of Hillsboro and County of Albert entertain towards you, with our warmest and most earnest wishes for your happiness and prosperity, and we desire to include in these good wishes Mrs. MacKenzie, and pay tribute also to her most admirable qualities as wife, mother, and neighbor, and it is our sincere hope and desire that rich blessings may be bestowed upon you both.
