FALL TERM OF SUPREME COURT

Lengthy Docket of Important Cases Tried at Kentville

The regular October term of the Supreme Court was opened at Kentville on Tuesday of last week with His Honor Mr. Justice Ritchie presiding. Besides the members of the local bar, which included Messrs. Blauveltd, Withrow and Nowlan, of Wolfville, the following solicitors were in attendance: H. W. Sangster, Windsor, and A. L. Davidson and W. G. Parsons, of Middleton. The roll of Grand Jurors was called and all answered their names.

His Honor presented to the Grand Jury the criminal causes on the docket and the jury retired to consider same.

Mr. B. W. Roscoe moved that Bertha Schofield be added as defendant in the case of Joshua Hazel vs. Joseph Schofield.

Mr. Isley moved for the continuance of the case of Isley vs. Porter.

The Grand Jury brought in a true bill in the case of the King vs. George Worden but no bill was reported in the King vs. Stephen Johnson and the King vs. Fredrick Eagles and Fredrick Russell.

The following Jury was empanelled in the case against George Worden: W. E. Saunders (foreman), Rupert Palmer, Scott Burgess, Harry Coldwell, Henry Taylor, Everett West, Harold Crawford, Percy Harris, Robert Bruce, Frank Michaud, Willard Brown, Charles Ogilvie, Jr.

Evidence was given by the following witnesses: Lillian Bigelow, Annie Bigelow, George Bigelow, Percy White and Rose Benjamin. Witnesses for the defence were George Woden, Laura Rogers, George Parsons. Addresses were given to the jury after dinner and the jury retired at 2.50 o'clock.

The case of Joshua Hazel vs. Joseph and Bertha Schofield was then called and the following jury called: Scott Lamont (foreman), Fenwick Ellis, Reginald North, M. B. Morton, Byard Green, John Borden, W. T. Ellis, Lorenzo Lyons and James Yould. Mr. B. W. Roscoe was solicitor for plaintiff and J. L. Isley for defendant. The plaintiff, Joshua Hazel was the first witness, this being an action for abusing plaintiff's sheep causing the death of one sheep and several lambs. Before the case had proceeded for the case of Bertha Schofield against Joshua Hazel was consolidated with this case for trial by consent of council and tried together. Other witnesses called were Horace Cogswell, Freeman Peak, George Willett, Floyd Cogswell, Wm. Brewster and Newton Cogswell. This finished the case for the plaintiff.

The jury in the criminal case returned after deliberating one hour and five minutes and rendered a verdict of not guilty against Worden. Mr. B. W. Roscoe prosecuted and Messrs. Outhit, Dennison & Isley were acting for defence.

Witnesses for the defence in the Hazel case were Bertha Schofield, Leslie Robson, Bertha Irving, Harry Schofield, Dorman Benjamin, George McCully, John Irving, Fred Ellis. Addresses were then given by Mr. Isley for plaintiff and Mr. Roscoe for defendants and His Honor charged the jury and they retired. After deliberation the jury returned their verdict which gave no damages to Hazel for his sheep or to Schofield for trespass of the sheep.

The case of Christine Lyman, widow of D. D. Lyman, Wolfville, against the Willow Bank Cemetery Corporation, Wolfville, was called on Wednesday afternoon and continued until court adjourned. Mr. Blauveltd, of Wolfville, was acting for the plaintiff and Mr. J. L. Isley for the defendant. The plaintiff's action was for \$1,000 damages for injury and damages to her cemetery lot by the defendant. The defendants claimed the damages were slight, was for the general appearance and improvement of the cemetery and paid into court \$25.00 in full for satisfaction of claim. Witnesses examined for plaintiff were Mrs. Lyman, James Farris, Edson Graham, Edmund Crawley. The plaintiff's case was then concluded and court adjourned until Thursday morning. The jury on this case was composed of Henry Taylor, Frank Michaud, N. E. Saunders, Willard Brown, Chas. Ogilvie, Everett West, Robert Bruce, Rupert Palmer, Percy Hains.

Court opened on Thursday morning at ten o'clock. Mr. Isley opened the case of the Cemetery Corporation and lengthy evidence was regarding the plans, purposes of improvement, manner of designated lots, etc., was given by Mr. W. H. Chase and Mr. R. E. Harris. They were followed by William Rand and Ross Fraser. This completed the evidence and the case was then presented to the jury before the noon recess.

The jury on their return gave answers (Continued on Page 8.)

RAPS THE REFORMATORIES

General W. St. P. Hughes, Superintendent of Canadian penitentiaries, strongly criticizes juvenile reformatories. "Out of 197 youths in one penitentiary," he says, "164 graduated from Ontario reformatories."

LOCAL TEACHER SPEAKS AT NEW GLASGOW

Miss Rosamond Archibald, of this town, was in New Glasgow last week and gave an address to the Pictou County Teachers' Union. In reporting the meeting the New Glasgow correspondent to one of the Halifax dailies said:

"Miss Rosamond Archibald, M. A., English teacher in Acadia Seminary, Wolfville, gave a most interesting demonstration of new method of teaching English, using a text book and system which she has developed in her work at Wolfville, and which promises to revolutionize the teaching of this most important branch of education in the public schools.

"Miss Archibald completely captured her audience and the teachers were delighted with the method as demonstrated this afternoon. The spirit of patriotism is urged by Miss Archibald in this work, the children salute the flag and are given drills in the correct use of certain forms until they are thoroughly known."

At the close of her address there was a keen demand for her text book, "The King's English Drill", and as she had only about twenty on hand, about one hundred teachers had to be disappointed. Miss Archibald has however made arrangements to have her text book on sale at New Glasgow.

From New Glasgow Miss Archibald was called by wire to Amherst where she addressed a meeting of the citizens and teachers on Monday afternoon. The meeting was a most enthusiastic one. Miss Archibald also spoke to the various groups of the C. G. I. T. on Monday evening. While at Amherst she was the guest of Miss Paige Piro, Acadia '16, at luncheon; entertained at afternoon tea by Mrs. C. L. Martin, where she met many of the interested parents and Acadia graduates. She was also the guest of Mrs. N. A. Rhodes at the "Bellevue", the charming private hotel conducted by Mr. and Mrs. M. F. Macklin, so well known in Wolfville.

Miss Archibald has promised to return to New Glasgow and Amherst in the near future. She has also been invited to speak at the Summer School at Truro and the session of the National Council of Women at Halifax next summer. The sale of her text book has been so successful that the first edition is now exhausted and the second edition has gone to press.

During Miss Archibald's absence her work at Acadia Seminary was most efficiently carried on by her mother, Mrs. R. DeW. Archibald.

CLINIC NOTES

Tuberculosis Clinic at Clinic Room, Weaver Block, Kentville, Friday, October 27, commencing 2 p.m., specialist from N. S. Sanatorium in attendance.

Tuberculosis is much the commonest and much the most fatal of all infectious diseases. We might reasonably say it is everywhere persistently epidemic.

Tuberculosis of the lungs kills more than 850 people in Nova Scotia yearly. It is one of the greatest factors in producing poverty, degeneracy and crime, and plays a most important part in hampering the physical and economic development of our people.

If the knowledge we have of the ways by which it is spread were widely made use of, the disease should be eradicated within a few years. As a matter of fact, the very incomplete use of this knowledge, which has been made, has already reduced the death rate more than one half in many countries. The disease is not inherited.—Issued by Department of the Public Health, Nova Scotia.

NOW PRESIDENT OF COLGATE

Rev. Dr. MacDonald Describes Inauguration of Dr. G. B. Cutten as Brilliant Function

Rev. Dr. J. H. MacDonald returned last Friday from Hamilton, N. Y., where he represented Acadia at the inauguration of Dr. George Barton Cutten as president of Colgate University. He reports that the inauguration was an unusually brilliant function, no less than sixty-four Universities and Colleges being represented and twenty-two college presidents being in attendance. A huge key, together with the charter of the University were given into the custody of the newly installed President by the chairman of the corporation, Mr. James C. Colgate, of New York, both of which Mr. Cutten accepted, pledging fidelity to the trust committed to him.

Congratulatory addresses were delivered by Dr. the Hon. Frank P. Graves, President of the University of the State of New York, Dr. Livingstone Farrand, President of Cornell, and Dr. MacDonald, on behalf of the University of which Pres. Cutten was formerly head. Dr. Cutten chose for the subject of his inaugural address "The Limitations of Democracy". The address was warmly received and its subject matter created no small amount of editorial comment by the press of New York City and State.

Dr. MacDonald expressed himself as favorably impressed with Colgate, its prospects, and its spirit. He inclines to the belief that President Cutten now occupies a more influential and promising position in the educational world than that which he left. About seven hundred men are registered as undergraduates and the demand for admission is so great that a hundred applicants for admission to this year's freshman class were denied entrance, for want of adequate accommodation. Dr. Cutten and family have received a most cordial welcome from the faculty, alumni and friends of Colgate.

FAT PEOPLE SHOWN HOW TO GROW THIN IN AMUSING FILM

A film that is bound to attract an unusual amount of attention because of its novelty, combining, as it does, both humor and valuable information, is to be shown at the Opera House, Oct. 30-31. It is called "How to Grow Thin" and is an Educational Special.

The fear of becoming over-fat is a vital issue in the lives of the vast majority of women and of many, many men. "Nobody loves a fat man", is taken by women to apply to their own sex more than to the male contingent of the human race. When the health commissioner of New York City some time ago held classes in which he taught women how to reduce, there was a stampede of stout women to get into the class. Newspapers all over the country took notice of the experiment, and it was followed with great interest by people in San Francisco as well as on Broadway.

"How to Grow Thin" is destined to attract just as much attention. It carries the message of how to keep that youthful figure, to every person in the country who will step into a theater to receive it.

But "How to Grow Thin" is also a comedy. It tells the story of a couple who in their younger days were normal in size. But when they "settled down" things began to change. Mr. Heza Gobbler and his wife, Ima Gobbler, are sure to give the patrons of the Opera House as many laughs as any comedy that has been shown there in many weeks.

Its fun will be entertainment for all. But it will carry a vital lesson for many people in each audience. The simple method that it describes for losing eight pounds a month, is one that can be followed with the greatest of ease in your own home. Everybody who likes a laugh at the expense of the fat man or woman, and everybody who is seeking an easy way to lose some of the extra weight that is making life a little less enjoyable, should see "How to Grow Thin".

NOT A "PINK TEA"

There's nothing for a hungry man in a "Pink Tea", but in the Brown and Gold Supper to be provided by the Greenwich ladies on Thursday, Oct. 26th there'll be satisfaction for both men and women, as well as the children.

Plan to be there, and help us pay for the new furnace in the Greenwich Church and in the mean-time think of the delicious, eatable things that come in brown or gold.

Other attractions, candy and ice-cream booths, and a good, honest "Fish Pond".

Admission 10 cents. Supper 50 cents. Supper hours 6 to 8.30 p. m. Date Oct. 26th. Temperance Hall, Ridge Road.

ACADIA WINS AT FOOTBALL

Local Collegians Victorious in First Two Games

The Acadia football team played their first game this season on the college campus last Saturday afternoon, when they defeated the team from the Nova Scotia Technical College, Halifax, by the score of 11 to 5. As it was an exhibition game Acadia tried out a number of players to see who would best make the team in the inter-collegiate series. Both teams showed lack of practice and the play was very loose at times. The Acadia half line showed up well but their opponents scrum was superior.

At the kickoff, Acadia made a rush and after a long run by Robinson, Murray scored. This touch was converted and play immediately shifted to Acadia's territory, but try as they might, the visitors could not force their way through. The first period ended without another score but in the second period the locals got away as before and scored a second try which they failed to convert. A third try was scored by Read which was not converted, and it was not until the last minute that the visitors rallied their forces and scored their only try which was easily converted.

Dr. H. T. DeWolfe refereed the game in his usual satisfactory manner.

On Tuesday the Acadia team went to Windsor and played a game with Kings College team. In this game Acadia was also victorious, the score being 6 to 0. The teams were as follows:

Acadia—Full back, Kitchen; quarters, Grimmer, Robinson, Davison; halves, Clark, Anthony, Murray, Morrison; forwards, Wigmore, Lewis, G. F. Reid, Corkum, Mollins, Warren, Noble.

Kings—Full back, White; quarters, Morrison, McCoy (Capt.), Best; halves, Reid, Coster, Jackson, Davison; forwards, Goodwin, Shepherd, Walsh, White, Norwood, Ernst, Cooper.

Referee, Mr. Scriven of Halifax.

NOMINATIONS FOR COUNCILLORS

Tuesday was nomination day for the municipal council, the elections for which will be held on Nov. 7th. Nominations were made at Kentville and the following were nominated:

Ward 1.—Halle Bigelow, Canning; Oxley Steele, Scott's Bay; J. W. Hubbard, Pereaue.

Ward 2.—J. Hamilton Morris, Canard, acclamation.

Ward 3.—C. R. Hill, Billtown; Percy Ellis, Upper Canard.

Ward 4.—Ray Clarke, Lakeville; Dr. Killam, Lakeville.

Ward 5.—Mr. Bryden, Somerset, acclamation.

Ward 6.—Athur Inor, Canaan; A. T. Ward, Coldbrook; acclamation.

Ward 7.—John Gertridge, Gaspereau, acclamation.

Ward 8.—George Bishop, Greenwich, acclamation.

Ward 9.—E. R. Gertridge, Hantsport, acclamation.

Ward 10.—Mr. Corbin, Aylesford; F. M. Munro, Kingston.

Ward 11.—Lawrence Gaul, Dalhousie.

Ward 12.—W. Lamert Nicholls, Aylesford; S. S. Selfridge, Aylesford.

Ward 13.—Alex Durmo, Cambridge; N. A. Osborne, Waterville.

Ward 14.—James Cahill, Harborville; J. Brown, Harborville.

DIED AT GRAND PRE

The death occurred at Grand Pre on October 10th, of Sophia Jane, beloved wife of John Hardacker, at the age of fifty-seven years.

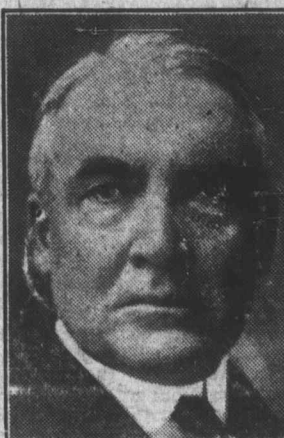

She had been ailing for several months and gradually her strength failed her. She bore her sufferings with Christian fortitude and had a smile for everyone who came to see her. Her death has left a vacancy in the home that can never be filled.

She leaves to mourn the loss of a loving wife and mother three daughters, Mrs. William Morine, of Bear River, Edith and Nellie, and one son Frank at home. She also leaves one sister, Mrs. George Robertson, of Dauphin, Man., and one brother Frank Randall, of Hyde Park, Mass.

The funeral was held on Wednesday and was largely attended. The floral offerings were very beautiful. The service was conducted by the Rev. G. W. Whitman, assisted by Dr. A. C. Borden. Interment at Lower Horton Methodist Church.

Sir Lomer Gouin's prediction of a population for Canada of from twelve to thirteen millions in ten years sounds ambitious. But if the rest of the Dominion takes a leaf from the Quebec habitant, reinforced by an enterprising and sound immigration policy, it should be quite within attainment.

PRESIDENT HARDING

Who was Wednesday night quoted as declaring that the United States would never depart from the 18th Prohibition amendment.

BOARD OF TRADE MEETING

Although the attendance at the Board of Trade meeting on Wednesday evening was not nearly so large as was hoped for, those present manifested a very commendable interest in the affairs of the town and an interesting and profitable discussion took place.

Mr. J. L. Franklin, the veteran who never misses a meeting of the Board when at all possible for him to attend, and whose interest in the civic affairs is apparently as great as when he was an active business man of the town, presented a report for the committee on the water-front concerning the work now being done to improve our harbor. Mr. Franklin is an enthusiast on this undertaking and knows more about our water-front, past and present, than probably any other citizen of the town.

Mr. Edson Graham, for the committee on tourists and publicity, gave a very interesting and instructive address in which he outlined suggestions for the advancement of the community and province as a centre for summer travel. Mr. Graham meets many tourists in a business way and is always on the alert to catch ideas that may be of value in developing this important sphere of operation.

How to increase the interest of citizens generally in the affairs of the Board was one of the chief topics before the meeting and general discussion ensued in which all the members present took part. It was resolved that the Council be asked to arrange another meeting of the Board in the near future and that every possible effort be made to secure a large attendance for the discussion of some subject of vital interest to the community.

The resignation of the president, Mr. H. E. Woodman, which had been on the table since the last meeting, was accepted, and Mr. Edson Graham was unanimously elected as president for the remainder of the term.

Messrs. G. R. Bennett and J. D. Harris were elected as members of the Board, and Dr. Grant and Mr. J. D. Harris were appointed to fill the two vacancies on the Council.

FORMERLY WELL KNOWN IN WOLFVILLE

On Saturday night, Oct. 7th, at the Convent of the Good Shepherd, Huntington Avenue, Brookline, Massachusetts, occurred the death of Wilhelmina Wemyss Harris, known as Sister Magdalena, of St. Angela, second daughter of late Thomas William and Mary (Fowler) Harris of Kentville, in her sixty-first year. Sister St. Angela, who had been a partial invalid for several years, was greatly beloved in the Convent, and throughout her long illness had been the recipient of most unremitting affectionate care. For about twenty-five years she had never once been outside the Convent or its gardens, but she was always remarkably cheerful, and she kept an un-failing interest in the friends of her youth and the concerns of their lives. She is survived by her eldest sister Mrs. Frances Crawford in New York and by two brothers, Thaddeus and William, in the Canadian Northwest.

In her girlhood days the deceased was a frequent visitor and well known in Wolfville and the family was one of the best known in the county.

The many friends of Mr. F. W. Woodman, who underwent a serious operation at Westwood Hospital two weeks ago, will be glad to learn that he is progressing towards recovery as rapidly as could be expected. Dr. MacDougall, of Halifax, was the surgeon and the operation was entirely successful. Mr. Woodman is one of our best known and most highly esteemed citizens and his presence is missed by a host of sympathetic friends who hope for his speedy restoration to health and activity.

SUCCESSFUL SCHOOL EXHIBITION

Held at Gaspereau—List of Prize Winners

A School Exhibition was held in the Hall at Gaspereau on Thursday afternoon, October 12, under the auspices of the Women's Institute. Although this was the first attempt at such an exhibition at Gaspereau it proved to be a great success, and it is planned to have a bigger and better one next year. Men and women outside the Institute took an interest in the work and helped with contributions. Mr. William Eagles gave the Prize Cards. Mrs. R. W. Bennett, Mrs. Llewelyn-Westcott and Miss Clara Martin judged the school work and domestic science; and Mr. Wilbur Duncanson and Mr. J. D. Martin judged the fruits and vegetables. The domestic science and fancy work exhibits were not very large as the scholars had such a short time in which to prepare their exhibits.

After a few remarks from the School Secretary, Mr. P. J. Gertridge, congratulating the teachers and scholars for the work done, the prizes were distributed as follows:

Some provision for the regulation of the width of loads on our highways will have to be made in the near future in the interests of public safety. At present there appears to be no limit and it is a common thing to meet a loaded vehicle that practically takes the whole roadway. Since the advent of the motor truck this evil has grown considerably and during the time when apple and potato barrels are being moved it is most apparent. The increased amount of traffic on our highways during recent years and the speed at which it moves makes it most necessary that every precaution should be taken that will prevent accidents which are becoming far too common.

Viewed either from a sanitary or aesthetic standpoint the conditions that exist about our waterfront are far from creditable. Visitors approaching Wolfville by means of the railway see these conditions and cannot but be impressed unfavourably. Citizens apparently pay little attention to the state of affairs that obtains—other-wise they would demand a change. THE ACADIAN has already referred to the matter without avail and would again respectfully urge the authorities to take immediate action to prevent the indiscriminate dumping of refuse matter and the continuance of the very untidy appearance which prevails in this quarter.

The report that the executioner who officiated at a recent hanging in New Brunswick was intoxicated and seriously bungled the operation is causing considerable comment and an investigation of the whole matter is promised. If true it indicates a condition of affairs which should not be allowed to pass, and those responsible should receive the condemnation which is so richly deserved. Some of our readers will remember when similar doings disgraced our fair county in years gone by. The whole question of capital punishment deserves consideration at the hands of the public at this time when in various parts of the province men are under sentence of death. Many of our people are inclined to regard "legalized murder" altogether unjustifiable and an unwillingness to be a partner in the crime perhaps accounts for some of the verdicts which have been returned in recent murder

cases in some of the provinces of our Dominion.

CANADA AND HEARST

During the stressful days of the Great War the Hearst publications were denied entrance to Canada, and rightly so. Since the withdrawal of the embargo these same publications are to be found on every newstand throughout the Dominion and are bought by Canadians who do not seem to realize the danger lying in perusal of the insidious attacks upon every British or Canadian ideal which are contained in every issue of a Hearst journal, be it daily, weekly or monthly. Some of the attacks are open and all are scurrilous, but the open attacks only appear where they can appeal to the ignorance or hatred of the reader. These attacks have been recently directed against the crown and the royal family, usually lies cut from whole cloth, but sometimes puffing stories dressed to bring British institutions, customs and manners into disrepute. The journalistic demagogue who makes it an object to continually poison the wells of public intelligence and who controls the policies of the Hearst publications, is the gravest menace that true democracy has to deal with and the greatest enemy of continued peace between the two great branches of the Anglo-Saxon race.

There is altogether too much scope allowed for the circulation of the Hearst propaganda in Canada, and there seems to be no means of putting a limit to its poisonous activities except through advance censorship by Dominion authorities. Every issue of any journal published outside of Canada for circulation within the Dominion should be subject to a censorship which would delete stuff such as appears in some of the papers and magazines which at present freely circulate misinformation and falsehood concerning Canada and things Canadian.

If Canada is to develop a true nationality it must be done along Canadian lines, not along lines indicated by men like Hearst and his hirelings.

Its funny how a man who can sit patiently and hold a 140 pound girl on his lap until 2 o'clock in the morning every day in the week will kick up a terrible rumpus a year or so later about holding a 19 pound girl for 15 minutes.

THE PROBLEM OF THE MENTALLY DEFECTIVE

(By J. G. Shearer)

The Mentally defective constitute, by no fault of their own, one of the greatest and most perplexing of social problems. This fact is all too little understood and appreciated.

It is usually estimated that from 1 1/2 to 2 percent of the population are below par mentally. On that basis there are in Canada from 135,000 to 180,000 of these unfortunates. Some are idiots, utterly helpless and unable to care for themselves. Other are imbeciles, a grade higher than idiots, but unable to support themselves, and requiring constant oversight and protection. Between the imbecile and the normal are the much larger proportion who because they are not easily detected constitute the greater menace. After they reach adult years they remain mere children in mentality and self-control, yet possessed with all the passions, propensities, and desires of adults.

It is easy to see what a menace this combination constitutes to themselves and to the community.

Their sexual propensities are unusually strong, and they have neither mental vision to foresee the consequences of indulgence, nor moral self-control to govern their passions. They multiply as fast as normal folk, and always reproduce their own kind and this quite regardless of whether they are married or not. In the Board of Education offices in Vancouver, is a family chart showing that some years ago an alcoholic man married a feeble minded woman. Twelve children were born. Three fortunately died young. The nine who grew up are all feeble minded. One of these a young woman now in her twenties, is the illegitimate mother of five children all feeble minded. Fourteen mental defectives, each one a social problem, from one marriage that never should have been allowed.

It is estimated by those best qualified to judge that two-thirds of all prostitution is due to feeble mindedness. More-over a large proportion of the children born out of marriage have feeble minded mothers. These women living in promiscuous sexual indulgence soon develop venereal diseases, and infect all their male associates. Many of these associates are normal young men who afterward marry, and infect their innocent wives, and pass on the dread heritage of these terrible diseases to their children. It is estimated that not less than forty percent of venereal disease is due to this source.

At least fifty percent of all crimes in general are committed by these unfortunates. Their uncontrolled passions lead to assaults, common or indecent, to incendiarism, to murder, to burglary, to banditry, to the demoralization of children of both sexes.

Many of the epidemics of vice in schools due to the presence of a small group of feeble minded girls or boys or both. Normal children especially boys are by them led into vice, and the evil rapidly spreads. Mischief is thus done that will cause these youths for years if not for life.

It is false economy not to provide for the care, training or restraint of these deficients. A large part of the enormous cost of administration of Justice, police courts, gaols, prisons, reformatories, etc. could be saved if adequate provision were made for their segregation, specialized training, and the prevention of the reproduction of their kind. A subsequent article will however deal with the remedy for this great social evil.

WONDERS NEVER CEASE

The wonderful success of the Family Herald and Weekly Star of Montreal has been more marked year by year continuously for half a century. There are households literally by tens of thousands all over Canada where for thirty, forty and fifty years the Family Herald has not only been a welcome weekly guest, but one indispensable to home life. The success of the Family Herald of Montreal has been so conspicuous and so over whelming that Publishers everywhere refer to it as a phenomenal journal. The price of subscription to it looks ridiculously small when the wonderful contents of the paper are considered. Those who do not know it can, we understand, have a sample copy free by writing to its Publishers, Montreal.

UP IN THE AIR

When Willie returned from the city with his uncle he was asked by his teacher to write an essay, using his impression of the metropolis as his subject. He wrote:

"While we were in the city I went up in a tall building while my uncle stayed down in the street. When I got to the top I looked down and my Uncle looked like an ant."

THIS WILL BE ANOTHER

Studebaker Year

Its the car everybody wants because it is the best.

The unusual popularity of STUDEBAKER CARS is attested by the fact that the corporation enjoyed the biggest business in its history in 1921.

Notwithstanding the fact that the total number of all automobiles sold (except Ford) was 40 per cent. less than in 1920, the total aggregate of sales for the Studebaker cars was 20 per cent. greater than in 1920—and in Canada 64 per cent. greater than in 1920.

QUALITY COUNTS!

Get into the procession and drive a Studebaker in 1922.

The following adv. taken from the "Saskatoon Daily Star" tells the reason why Provincial Flour always gives satisfaction.

FARMERS, GRAIN SHIPPERS, IMPORTANT NEWS

THE INTERPROVINCIAL FLOUR MILLS LTD. SASKATOON

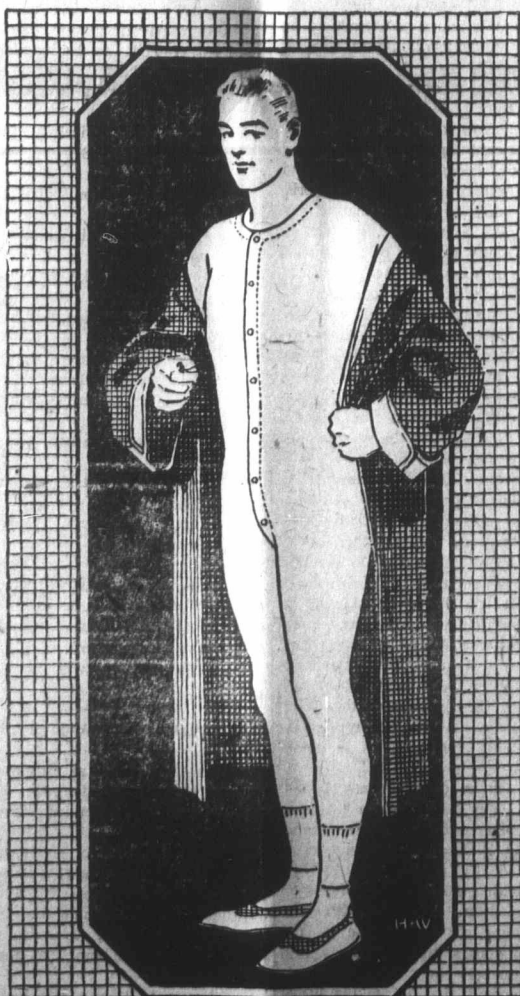

want the very best Saskatchewan wheat for their PROVINCIAL FLOUR and are prepared to pay a PREMIUM over the regular spot prices for choice wheat showing a PROTEIN TEST of OVER 14%. This wheat will be tested in our own laboratory by a graduate chemist. We were the FIRST mill in Saskatchewan to install a modern wheat and flour testing laboratory. We are the FIRST Canadian mill to publicly offer a premium for high protein wheat.

Government weights and grades guaranteed. A government inspector and weight master located right at our mills grades and weighs every car.

Liberal advances if required. Prompt settlements. We can't take ALL the Saskatchewan crop, but want the BEST. Send us a small sample of your wheat and we will quote our special prices.

THE SALVATION ARMY AND THE SALOON

Recently the Salvation Army of which Miss Evangeline Booth is the head in this country, put on a drive for \$500,000 in New York. Mr. James Speyer was made chairman of the citizens committee to raise this money. Mr. Speyer, it so happens, is national vice-president of the association against the prohibition amendment. When the situation came to the attention of Miss Booth she stated that the positions were incompatible and that Mr. Speyer would have to resign from either the one or the other. He refused to sever his connection with the liquor interests and Miss Booth stood firm that he should not, while holding that relation, be the head of an effort in behalf of the Salvation Army.

We congratulate Miss Booth heartily on this stand as any other would be contrary to the spirit and purpose of the Salvation Army. We wish that others might be as consistent and courageous as she has been. We give herewith the simple, straightforward statement of Miss Booth as published in the New York Times April 15th:

Miss Booth's Statement

"The incident in regard to the chairmanship of the Salvation Army campaign is happily closed with a satisfactory understanding between all concerned," said Miss Booth. "It is incumbent upon me to say, however, that the Salvation Army's position with regard to the liquor question remains unaltered and unalterable. Whether the nation be wet or dry makes no difference, for with the Salvation Army intoxicating liquor is not a question of politics. It is a question of morals. Every Salvationist the world over is a pledged abstainer from all alcoholic beverages. From the day of the Salvation Army's inception up to the present moment, in seventy-three different countries every scintilla of its experience has confirmed the wisdom of this basic attitude."—National Advocate.

INCREASE IN PRICE OF NEWS PRINT

Montreal, Oct. 12.—It is announced that the Canadian Export Paper Company, representing the mills of Laurentide, Brompton and Price Bros, is making contracts for newsprint on a basis of 3.75c per pound, or \$75 per ton, an increase of \$5 per ton. This rate is applicable during the first six months of 1923.

This is an increase of \$25 a ton over 1918 prices, and together with the recast increase of 400 per cent in newspaper postal rates, is going to be a staggering blow for Canadian publishers.

NO SENSE IN EITHER

Two men entered a train at a small station out west and took seats facing an elderly man. They fell to telling hunting stories with great animation and many oaths.

Noticing that the old man was an interested listener, one of the men spoke to him and asked whether he, too, were a hunter, with a story or two worth hearing.

The old man thought he could tell one and this is what he said:—

"One day I thought I would go hunting; so I took my tin-pan tinder box gun and went up into a tin-pan tinder-box woods on the side of a tin-pan tinder box mountain, and I waited a tin-pan tinder box long time; and then I saw a tin-pan tinder-box fine buck coming toward me, so I put my old tin-pan tinder gun to my shoulder, and fired. And that tin-pan tinder buck fell right in its tin-pan tinder-box tracks; and it was the finest tin-pan tinder-box buck I ever killed."

After a pause he said, "How do you like my story?"

"Oh, story is all right, but I don't see what all that tin-pan tinder box has to do with it."

"Well," replied the old man, "that is just my way of swearing."

"I don't see much sense in swearing that way," said the other, with manifest disgust.

To which the old man responded, "There is as much sense in my way of swearing as there is in yours young man."

LIQUOR NOT THE ATTRACTION

(From the Financial Post)

In calling attention to the large number of American tourists entering Canada by motor car—over 617,000 cars crossed the border in the last calendar year, compared with only 93,000 in the previous year—the Wall Street Journal refers to "invigorating refreshments" as the magnet drawing visitors to this country.

The Wall Street Journal, which leaves the impression that American tourists coming to Canada are all "boozers", might be surprised to know that of the 617,000 motors crossing the border over 537,000 registered in Ontario which has prohibition, as compared with about 43,000 in the Province of Quebec and about 26,000 in British Columbia, the wet provinces.

American tourists come to Canada because of this country's attractive natural resorts, which are being made more readily accessible as the result of the building of better roads. Good roads are proving a good investment for all the provinces. The figures fail to give any indication that it is a beckoning Bacchus enticing tourists over the border or that our visitors come up with the sole idea of indulging in the cup that cheers.

Canadian production of wheat is placed at 388,773,000 bushels this year as compared with 300,858,000 bushels in 1921.

FADS AND FASHIONS

Beaded effects are good for fall. Turquoise is a new evening shade. A smart trimming note is fur in band treatments.

The contrasting skirt and bodice is a fall feature.

Several of the new coats show again the bloused back.

The use of monkey fur as trimming is noted on fall models.

The combination of black with tele de negre is favored.

In many cases the buckle will "make" the shoe this fall.

Wood color is said to be the newest and best color in millinery this season.

For that important item, the sports hat, taffeta and felt are most favored.

An over dress of black lace is worn over a slip of lacquered crepe de chine.

Those gay little sports frocks of cretonne are often bound with black cir ribbon.

Brown and beige, blue and brick red, and black and white are good combinations.

A child's frock of navy serge is brightened by trimmings of pink checked taffeta.

Lustrous fabrics, such as broad cloths, velvet and satin finished crepes, are favored.

A PRESBYTERIAN NEXT TIME

Little Mary Lou, aged 6, had always been an ardent Methodist, but was one day persuaded by a small playmate to visit a Presbyterian Sunday school. She was enthralled by the new surroundings and was especially infatuated with the charming young teacher, who had so cordially invited her to come again.

"I'd like to," said Mary Lou wistfully "if I didn't have to go to my own Sunday school. But do you know, if I had my life to live over again, I just believe I'd be a Presbyterian."

Motor vehicles registered in the United States numbered 10,620,471 on July 1st. That may help explain why threats of railroad strikes failed to terrify the public.

THEY READ THE HOME PAPER FIRST

Some of 'em read fiction; some of 'em read the solid stuff. Some of 'em read the American, Snappy Stories, and the Cosmopolitan. Some choose Popular Mechanics, Review of Reviews, and other such educational literature.

The little shelf in the current periodicals room that houses the little country town papers is always in demand.

Whether John Jones married Mary Smith—if they're the John and Mary you happen to know—is a lot more important to the average student than Edison's latest invention; and that the basketball team from the home town defeated its neighbor means more to him than the big league news or a first-class love story.

Of course the important world news interests them, too, but, after all familiarity and relationship are bigger drawing cards for the readers' interest than importance or value as judged by the world.—Kansas Collegian

To Become Wealthy

Is an Ambition That is Cherished by Many.

You, perhaps, have the same ambition. At least, you want to be well-to-do later on, and able to enjoy comfort and independence.

What Are Your Chances?

Experience shows that of 100 average healthy men 25 years of age, the following will be true at 65:

- 1 only will be wealthy.
- 4 will be well-to-do.
- 5 will be compelled to go on working for a living.
- 36 will be dead.
- 54 will be dependent upon friends, relatives or charity.

Facing These Facts

Can you afford to go along without a definite plan of saving and investment, uncertain whether you will be well-off or an object of charity?

There need be no such uncertainty about your future if you adopt the safe and definite plan of setting aside a deposit regularly each year for a Canada Life "Endowment at 65."

It will guarantee you in cash at age 65 the sum of \$2,000—\$5,000—\$10,000 or more.

It is a certainty—the full amount of your policy will be paid in any case, whether you live or die. Other investments may depreciate in value or fail. The

Endowment at 65

will take care of your home, your business, or your personal interests, as nothing else can.

Substantial dividends are allotted at intervals.

If these be allowed to remain at your credit each year instead of being withdrawn, the face of the policy will be payable earlier than the date set.

Rev. D. W. Crandall returned from Brookfield on Friday, and is a guest of his daughter, Mrs. Leslie Eaton.

Mrs. W. C. Bauld, of Halifax, has been a visitor in Wolfville during the past week at the home of her son, Mr. Gerald S. Bauld.

Mrs. Frank Longley and Mrs. Smith, of Lawrence town, are visiting in Wolfville, guests at the home of Mr. and Mrs. A. W. Bleakney.

Miss Harriet Nowlan returned recently from Boston and will spend some weeks at the home of her father, Mr. Owen Nowlan, Newtonville.

Mr. F. G. J. Comeau, general freight and passenger agent of the D. A. R., was in town this week and paid THE ACADIAN a visit.

Dr. Harold Tufts, of Jamaica Plains, Mass., is spending his annual vacation in Nova Scotia and has been hunting at his camp at Albany.

The Ladies' Club of the Faculty of Acadia recently held their first meeting for the year at the home of Mrs. Simeon Spidle, Summer street.

Mr. and Mrs. A. D. Elderkin, who have been spending the summer at Halifax, left this week for Montreal en route to Florida, where they will spend the winter.

Mrs. L. W. Sleep, who has been spending some weeks in Boston and vicinity, returned home on Tuesday afternoon. She was accompanied by her daughter, Mrs. Sanford, and child, who will visit in Wolfville for some time.

Mrs. H. P. Newcombe, of Canning, left on Saturday last upon an extended lecture tour both in Canada and the United States. Mrs. Newcombe will also attend the Dominion W. C. T. U. Convention at Toronto and the world's W. C. T. U. at Philadelphia.

Miss Mable E. Archibald left last week for New Brunswick points where she will deliver missionary lectures for a month. From there she will go to Nashua, N. H., thence to Philadelphia, where she will address the world's W. C. T. U. convention on the subject of Temperance in India. She expects to spend Christmas in Ohio.

Much sympathy is felt for Mr. J. C. Mitchell and family in the death of Mr. Mitchell's mother in Boston last week. Mrs. Mitchell, who was an aged lady and in frail health, visited Wolfville during the past summer returning home on Sept. 11th. The news of her sudden death was a severe shock to her son who left at once to be present at the funeral, and is still absent.

A number of the Wolfville friends of Mr. and Mrs. D. Graham Whidden met at their hospitable home on Thursday evening of last week to tender their congratulations on the occasion of the forty-second anniversary of their marriage. The exact date was learned too late to allow of any extensive preparations but a most enjoyable time was spent by all. The bride and groom of forty-two years ago extended to their unexpected guests a most cordial welcome and entered into arrangements for the evening with genuine sociability. Cards with dainty refreshments and plenty of good-fell'wship combined to make a most pleasant evening which came all too soon to a close.

The card of Mr. H. D. Thompson, tailor, of Kentville, appears in our adv. columns this week. Mr. Thompson, who is a thorough and painstaking workman, is seeking business in this section and THE ACADIAN bespeaks for him a chance to demonstrate his ability to please those who appreciate good-fitting and stylishly made garments.

In buying tea there are just two things to be considered. One is the quality, the other, the number of cups to be made from a pound. On both points "MORSE'S" Tea stands high;—many people say the highest in the land.

About six o'clock on Wednesday evening considerable excitement was occasioned by an automobile in which were two men, colliding with a hydrant on Main Street opposite the Royal Hotel. The car was badly wrecked and some injury was sustained as well by the hydrant. Two good-sized jugs which were rescued from the car by the occupants it is thought may have been partially responsible for the mishap. At any rate it is up to the town authorities to see to it that the accident is not repeated as next time it might be a vehicle or pedestrian that suffers as the result of reckless car driving.

While Mr. and Mrs. K. L. Palmeter, their seventeen-month-old child, and Mrs. Harry Palmeter and her daughter, Blanche were motoring from Halifax to Grand Pre recently, the rear axle of the car snapped, throwing the wheel off. The car turned upside down over a bank at the side of the road. Serious injury to the occupants was averted by the presence of mind of Mr. Palmeter, who shut off the engine and applied the brakes. The car was travelling at the rate of 20 miles per hour at the time. Mr. and Mrs. Palmeter were returning from Halifax where their daughter Beverly underwent a serious operation at the Children's Hospital.

The services at St. Andrews church on Sunday last were conducted by Rev. Ross Collins, who gave two very thoughtful and helpful addresses which were greatly appreciated. Rev. Mr. Collins, who is a son of Mr. and Mrs. D. S. Collins, of Port Williams, and a graduate of Acadia in the class of 1912, recently took an extended course at Columbia University and spent last year in research work at Cambridge, England. He has had splendid opportunities for study since leaving Wolfville and is exceptionally equipped for his life work which promises to be a brilliant and useful one. THE ACADIAN wishes him abundant success.

The Wolfville-Kentville Bus Service, which began on Wednesday of this week, deserves the patronage and support of the public generally. It cannot be expected to pay very heavy dividends at first but eventually it is bound to be a successful and profitable undertaking if continued for a sufficient length of time to demonstrate its value. A seven-passenger Studebaker car is employed and Carleton Kinzie, who has it in charge, is a competent and careful driver. As a medium for close and speedy communication between sections in this vicinity the new service is bound to be a most useful factor and THE ACADIAN wishes the enterprise abundant success.

The marriage was solemnized at Westville on Oct. 11th, of Annie Carmichael, youngest daughter of Mr. and Mrs. Angus Stewart, and Grant G. Power, of Dartmouth, son of Mr. Geo. Power, of Waterville. The ceremony was conducted at the home of the bride's parents by Rev. W. J. Wright, of Parrsboro, assisted by Rev. John Phalen, Caledonia. Following the ceremony the happy couple left for the Annapolis Valley where they spent a week visiting relatives and friends. On Monday they were the guests of Mr. and Mrs. B. O. Davidson, this town. Mr. Power was at one time a resident of Wolfville and has many friends here who will join THE ACADIAN in wishing for him and his bride many years of happiness.

Advertising

The Fall Season is now here, and with it comes an earnest desire of every tradesman to do a bigger and better business than heretofore.

Do you want a bigger trade? Do you want the public of your neighborhood to respond eagerly to your appeal? Do you want an increased volume of business readily adsorbed by a people you can call your own?

You do; then you must ADVERTISE.

This is the fundamental step to be taken in business, and wisely used, leads by a shorter and more economical way to a better trade.

Advertising cannot fail to stimulate the trade in any article or commodity which is sold at a fair price and gives satisfaction to the public. Call 217 and have us discuss a bigger business campaign with you.

CANADA NOT SUBJECT OF BARTER

Could Not Be Given to U. S. A. in Payment of British Debt

Some Sundays ago, when the possibility of the United States accepting Canada from Great Britain in payment of debt incurred during the war was being generally discussed the following extremely interesting explanation of Canada's status was given from a pulpit in a north central city of the U. S. A. It makes very interesting and instructive reading.

"Arrested by the intelligence that a prominent public official has outlined a policy and proposition for the settlement of England's ten billion war indebtedness to the United States by accepting Canada in payment, I am unable to refrain from making some observations which I trust will be startlingly illuminating and revealing.

"Canada was the first colony of any empire in all the world's history to come to national self government without revolution, bitterness, hatred, and unpleasant divorce.

"Canada holds the most strategic position for Anglo-American unity in the English speaking world. She supplemented nature's gift of location by sensible evolution and development.

"Canada marched through half a century of heated, fierce, political, internal struggle, up to nationhood through the British North American Act of 1867. In and through that act it was published to the parliament of Britain and to the world that Canada would accept the right of a free people to govern themselves.

"Canada is a nation and freedom is her nationality," said Sir Wilfrid Laurier at a meeting of dominion premiers in England.

No Tax to England

"Canada has not paid a red cent of tax either directly or indirectly into the English treasury for half a century. Canada has not made a contribution by direct or indirect assessment for the maintenance of the British navy, army, the royal household, or even of the king himself—not a cent. More than that, there is not enough power in the United Kingdom of Great Britain and Ireland, there is not enough power in the British war office, in the admiralty, in the government, in the imperial parliament to remove a single dollar from the Canadian treasury, to remove a single son from a Canadian home, for any service of any kind anywhere under the sun. Nor does Britain decide to exercise that kind of power, even though she had it.

"Canada has national independence and self government within the British commonwealth of nations, enjoying the right of a free people to govern themselves such as could not be surpassed anywhere in the world.

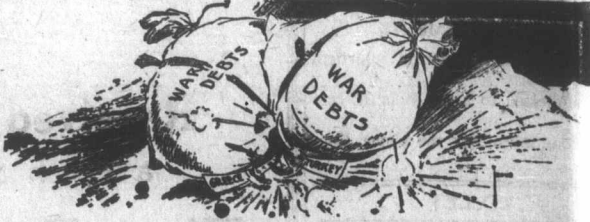

"Canada was not approached by Britain during the war for one dollar nor one man. Britain could not exercise any power of coercion or conscription in the Dominion of Canada.

"Canada by her own free will and choice and by deliberate action of her responsible government endorsed and authorized by the Canadian people of all political affiliations declared to the world that the right of a free people to govern themselves belonged to Belgium as well as Canada. This declaration of words was registered and sealed by the costly—yea priceless—blood of Canada's sons, who, to the number of approximately half of the best she could breed, voluntarily faced civilization's foe and to write a page of heroism scarcely surpassed in the annals of history.

"Any man who has not heard that George III. is dead and his policy of the Divine Right of Kings and illogical burdensome taxation which was answered by the colonists in a revolution a century and a half ago is abandoned.

"Any man who talks about a British yoke on Canada while he asks why does

SOME PEOPLE NEVER QUIT

Greece is raising a new army to fight the Turks in Thrace.

—Brown in the Chicago Daily News.

Canada not strike for freedom, I would ask freedom from what? There is nothing in the realm of citizenship or of national aspiration and of democracy that is not now in Canada's possession.

"No less a scholar and statesman than John Bright said during the debate in the Imperial Parliament in 1867: 'The door is wide open for Canada's withdrawal, for Canada's independence, and even for Canada's union with the United States.'

"Canada deliberately, independently, and with malice aforethought sent her sons to face the Huns, not as an English but a Canadian Army—Jack Canuck and Tommy Atkins shoulder to shoulder.

"Canada sent her accredited representative to the foreign capitals as a member of the British Commonwealth of nations. Canada, when the treaty of peace was to be signed at Versailles in 1919, had her pen in hand to sign for herself.

"Canada, during the first session of the League of nations, started the world with rugged independence through her spokesman, my friend the Honorable Newton Powell, who proved that when a war was to be fought the British Commonwealth of nations was one, when a peace was to be accepted, or a league was to be entered that commonwealth was not one but six.

"My American friend admits that there are a number of contingencies which might arise to obstruct such a settlement of England's war indebtedness by England handing over Canada to the United States.

"May I say that my household is sentimentally bound up to my parents' household so that we would fight to the last ditch for its protection. But should our parents attempt to meet their personal obligations by handing over our home to their creditors, the same strength and force will be used against them as for them.

Such is the case in the Dominion of Canada, and England could no more transfer Canada to the United States than she could present Scotland to France, Wales to Mexico, or Ireland to Holland.

Ideal Situation.

"I know of nothing in the realm of internationalism of importance equal to that of our North Americanism where an imaginary line separates yet unites these two great progressive nations—while Canada acts as a link holding us to England. May this situation long continue.

"As I cross Niagara bridge and behold the American and Canadian falls outdoing each other in grandeur and

power—yet joining below the falls in one common flow, above each rises a vapor separate and distinct yet drawing near into each other's embrace and ascending as one to the heavens, so may the distinct flow of life on either side the boundary line merge into one great common flow towards Life's ocean, while the mist and vapor ascends from the hearts on the Canadian side and on the United States side of the line soon to lose its separate identity and as one sweet smelling incense ascend to the very throne of the Creator of worlds and Maker of men. Long live the Dominion of Canada and the United States of America!"

PAVED ROADS MEAN SAVING IN GAS COST

Various experiments have been made by different authorities to determine the amount of "pull" necessary over level stretches of different types of roads, different standards of conditions of these roads and over different grades, states a bulletin on Motor Vehicles issued by the Dominion Department of Railways and Canals, highways branch.

In a series of experiments with average conditions to find the various resistances, twice the distance was made for the same amount of gasoline used in travelling over the paved surface than in travelling over the improved earth road. In other words, the saving of gasoline as between these two types of roads is approximately 50 per cent.

Every motorist is called upon to pay "bad roads" taxes in the form of repair expenses in the operation of a motor. So every operator of an automobile is interested in road conditions. The extent of this interest is seen when it is stated that, assuming that the average operator travels in a season 5000 miles, if he makes say, 10, 15 or 20 miles per gallon of gasoline, his purchase during the season at 40 cents a gallon will amount to a sum ranging from \$100 to \$200. It is clear that if all the roads over which he operates his car were uniformly good, his annual saving for this item alone would amount to \$50 at least.

Should all the main travelled roads of the Dominion be given hard surfaces, the annual saving to the 460,000 odd registered owners of motor vehicles in Canada, assuming that all users participated in the benefit of the improvements, and having no regard to savings from lubrication and repair expenses, would amount to \$23,000,000.

GILLETT'S LYE

Comparatively few people realize to what extent Gillett's Lye can be used to advantage in every home. For instance, with one can of Gillett's Lye and five and a half pounds of lard or grease, ten pounds of good hard soap can be made. Use one tablespoon Gillett's Lye in gallon of water for cleaning and disinfecting refrigerators, sinks, garbage cans, tiled floors, baths and toilets.

Useful for over 500 purposes.

LEARN TO LET GO

One of the most practical and absolutely truthful bits of philosophy that has appeared in a long time, was recently published in Medical Talk, on the wisdom of "letting go". Says the writer: If you want to be healthy—just let go. That little hurt you got from a friend, perhaps it wasn't intended, perhaps it was, but never mind it. Refuse to think about it. Let go of that feeling of hatred you have for another, the jealousy, the envy, the malice, let go all such thoughts. Sweep them out of your mind, and you will be surprised what a cleaning up and rejuvenating effect it will have upon you, both physically and mentally. Let them go; you house them at deadly risk. But the big troubles, the bitter disappointments, the deep wrongs and heart-breaking sorrows, the tragedies of life—what about them? Why, just let them go too. Drop them, softly, maybe, but surely. Put away all regret and bitterness, and let sorrow be only a softening influence. Yes, let them go, too, and make the most of the future. Then that little pet ailment that you have been hanging on to and talking about, let it go. It will be a good ridance. You have treated it royally, but abandon it; let it go. Then talk about health instead, and health will come. Quit nursing that pet ailment, and let it go. You will feel better. It is not so hard after once you get used to the habit of it—letting go of these things. You will find it such an easy way to get rid of the things that mar and embitter life that you will enjoy letting them go. You will find the world such a beautiful place. You will find it beautiful because you will be free to enjoy it—free in mind and body. Learn to let go. As you value health of body and peace of mind—just simply let go. Keep Minard's Liniment in the house.

FRUIT AND VEGETABLE CROP REPORT

The above report for the month of October, issued by the Department of Agriculture, has the following to say regarding crops in Nova Scotia:

Apples
The weather conditions throughout Nova Scotia have been satisfactory, during the past month and picking, packing and exporting is in full swing. The fruit is of large size, of good colour and, on the whole remarkably clean and free from scab and insect marks. In fact the fruit appears to be of the best quality that Nova Scotia has produced for some years. The percentage of No. 1 apples therefore will be considerably larger than that of last year and the percentage of No. 2 and No. 3 apples considerably less. The yield of various varieties in comparison with that of last year will be approximately as follows: Gravenstein 120 per cent, Starks 115 per cent, Nonpareil 100 per cent, Golden Russet, Wagner, Ribston, Spy, Ben Davis, 90 per cent, Kings 80 per cent, Blenheim 40 per cent and Baldwin 25 per cent. WATERVILLE—The total crop in this district will be about 100 per cent of that of last year with Gravenstein 120 per cent, Ribston, Stark 110 per cent, Spy, Russet, Kings, Ben Davis 100 per cent, Blenheim 80 per cent, Baldwin 30 per cent. The quality is excellent and the crop should grade 75 per cent No. 1, 10 per cent No. 2, 10 per cent domestic, and about 5 per cent No. 3. ATLANTA—There is approximately 95 per cent of the crop of last year with Gravenstein, Ribstons 100 per cent, Ben Davis 75 per cent, Baldwins 50 per cent, Starks 30 per cent, Blenheim 25 per cent. The apples have grown very rapidly during the past month and are particularly clean and colouring well. KINGSPOUR—All varieties of apples in this district are large, well coloured and particularly clean. The late fall varieties are now being harvested. FALMOUTH—Since commencing to harvest, the fruit appears much better than was expected and there will be about 70 per cent of the crop of last year with the various varieties averaging as follows: Gravensteins and Ribstons, 150 per cent, Spy, Golden Russetts 100 per cent, Kings 80 per cent, Stark 75 per cent, Greenings, Ben Davis 50 per cent, Baldwins 10 per cent. The crop should grade 65 per cent No. 1, 10 per cent No. 2, 15 per cent Domestic and 10 per cent culls. Spies are of particularly fine quality and should grade 85 per cent No. 1. GREENWICH—A crop of apples 90 per cent of that of last year is expected in this district, and the varieties will average as follows: Gravensteins, Russett, Nonpareil 125 per cent, McIntosh, Gano, Spy, Stark 100 per cent, Kings, Wagener, Ben Davis 90 per cent, Ribston 80 per cent, Baldwin 50 per cent and Blenheim 25 per cent. The total crop will average 65 per cent No. 1, 15 per cent No. 2, 10 per cent domestic and 5 per cent culls. BEAR RIVER—The total crop of apples will be 60 per cent of that of last year and will grade 60 per cent No. 1, 20 per cent No. 2, 10 per cent No. 3 and 10 per cent domestic. NICTAUX WEST—The apple crop will be 60 per cent of 1921 and the various varieties will average as follows: Ribstons, Golden

Russetts 100 per cent, Nonpareil 90 per cent, Gravensteins and Stark 75 per cent, Blenheim 50 per cent, Baldwin 30 per cent, Ben Davis 20 per cent. Orchards that have not been sprayed and dusted are badly spotted and will pack practically no No. 1 or 2, but well carted for orchards should pack 60 per cent to 75 per cent No. 1 and No. 2.

Potatoes
The potato crop for Nova Scotia is approximately 10 per cent larger than that of last year in spite of the fact that the tops die early due largely to late blight. On sprayed and dusted areas the blight was held off for several weeks but heavy rain persistently washed off the sprays and dusts. Due to the fact that a large proportion of the fields are infested with potato blight and the ground is still very wet considerable amount of rot is expected. WATERVILLE—The potato crop is expected to be 90 per cent of that of last year. There is considerable rot in this district. ATLANTA—The potato crop will be 15 per cent of last year with considerable rot showing. KINGSPOUR—Potato digging well advanced, potatoes free from disease. FALMOUTH—Potato crop is equal to that of last year. Some blight showing. BEAR RIVER—Potato crop will be 20 per cent excess of that of last year but rot will reduce the yield considerably. NICTAUX WEST—The potato crop is expected to be 50 per cent heavier than in 1921 but all fields are showing some rot and the mountain district reports considerable loss from soft rot. Many fields have been under water during the greater part of the season and the recent heavy rains will probably cause a total loss in these fields. GREENWICH—The total potato crop will be 25 per cent in excess of 1921 with considerable rot showing on heavy land.

GOD GIVE US MEN

"God give us men:
An age like this demands
Strong minds, true hearts, and ready hands.
Men whom the lust of honor cannot kill,
Men whom the spoils of office cannot buy;
Men who have opinions and a will;
Men who have honour; men who will not lie.
Men who can stand before the demagogue
And damn his treacherous flattery without blinking;
Tall men, sun-crowned, who stand above the fog
In public duty and in private thinking;
For while the rabble, with their thumb-worn creeds,
Their loud professions, and their little deeds,
Mingle in angry strife,
Lo! freedom weeps; wrong rules the land,
And waiting justice sleeps.
God give us men."—Kipling.

"My Boy was Starving to Death"

"As He Was Getting No Nourishment He Was Gradually Wasting Away."

"Here's a story which will interest every mother. Before my boy was born, I was in such delicate health that the doctor didn't think I would survive the ordeal. For weeks after he was born my life was despaired of, so I couldn't feed him and the poor little fellow was left to the care of friends. He wasn't naturally strong. No care was taken in choosing his food and his poor little stomach became so weakened that he couldn't keep anything on it. As he was getting no nourishment from his food, he was gradually wasting away. Finally, in desperation, we sent for a child specialist and he said that my boy was starving to death. He gave him some medicine and advised a certain diet. The child did improve but somehow couldn't seem to get strong. This went on for four or five years and the boy still continued weak and puny looking. He could not play like other children without having to lie down and rest. My sister who lives on a farm near the sea, said that she could fix him up if I would send him to her. While I hated being separated from him, I was ready to make any sacrifice to get him strong. He was away from me for three months and it was with feelings of great excitement that I awaited his return as my sister had written me that I would be surprised when I saw my boy. When my sister got off the train, I could not believe that it was my own boy that she was leading by the hand. I never saw such a change in any child. He was fat and rosy and full of life with a happy smile! 'What on earth have you done to him,' I said. 'Why,' she replied, 'I simply made him live out of doors, gave him good food—and here's the real secret, I gave him three bottles of Carnol. Before he had taken half a bottle his whole appearance had changed. He got heavier, his face took on a colour and he would run round for hours at a time.' The change in my boy is the most wonderful event in my life. I am a regular 'fan' for Carnol and never lose a chance to boost it. As I write I am looking out of the window and when I see that rosy, active, healthy child running round, I cannot believe that he was once a puny, delicate boy."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money.

PORT WILLIAMS HAPPENINGS

Mrs. Bedford Chase entertained a large number of friends in honor of Mrs. G. A. Chase at an informal "at home" on Friday last. She was assisted in receiving and entertaining by her four daughters, Mrs. Lydiard, of Kentville; Mrs. J. W. Harvey; Mrs. Donaldson, of Bridgetown; and Mrs. Mosher, of Halifax; also her sister Mrs. Chisolm, of Brockton, Mass., and her niece Miss Chase, of Wolfville. Mrs. Miller, of Wolfville, poured tea.

Mrs. Strong, of Hantsport, was the guest on Sunday of her cousin, Mrs. C. A. Campbell.

Mr. Ralph Margeson, of Melrose, Mass., who has been visiting his aunt and uncle, Mr. and Mrs. T. S. Lockwood and other relatives through the valley returned home on Saturday last. This last trip followed one he recently made through the White Mountains, N. H., and for beauty and variety of scenery he thinks Nova Scotia surpasses anything he had seen before.

The Taylor Brothers, of Halifax, put on a splendid mixed program at their concert in Temperance Hall on Saturday evening. Their instrumental selections were given in quartette consisting of two violins cello and bass viol, appearing again with two cornets and two horns, and again with four ocarinas. Their vocal quartettes were also much enjoyed. This company always draws a crowded house, as they are known by the reputation of their father who was always a favourite here, as well as by their own talent. Spending Sunday in town they kindly contributed of their talent to the morning service giving an instrumental selection and later singing with splendid effect the old hymn "Just outside the door".

Mr. Marshall, of Acadia University spent the week end the guest of Mr. and Mrs. Giles Gates.

Master Paul Cogswell is on the sick list following a minor operation for absence of the ear, performed on Monday by Dr. Elliott, of Wolfville.

Rally Day was observed on Sunday at the Sunday School. The subject presented was "The Extension of the Kingdom". Pastor Chipman gave an address dwelling on how as a school and as individuals all could do a part in this extension. Excellent Rally Day music was sung by the school and special choruses by different classes. The primary class won special appreciation by their songs.

An impressive and inspiring part of the program was the Saluting of the Christian Flag by the nine Tuxis boys, Lloyd Jess unfurled the flag reminding all that the white represents peace, purity and innocence; the square of blue, a symbol of faith, trust and sincerity; in the centre of the blue a red cross, typical of redemption through Christ. He said that as we pledge allegiance to our Country when we salute our National Flag, so this flag should remind us of our allegiance to the Kingdom of God. He then stepped to the front and while the boys stood at attention and saluted, he repeated the pledge:—"We pledge allegiance to our flag, and to the Saviour for whose Kingdom it stands, one brotherhood, united all mankind in service and love." The audience then rose and sang "Jesus shall reign where'er the sun". There were 158 present, 35 visitors. The offering was \$16.58 to be sent to the Board of Religious Education.

By unanimous vote of the school the superintendent, Mr. T. S. Lockwood, was chosen as their delegate to attend the Maritime Religious Education Conference at Halifax this week.

Armistice Day will be observed at Port Williams on Nov. 11th. Prizes for the best Essay on the following subject, "Should Canada take part in another European War", have been offered and the three winning Essays will be read upon that occasion. Competition is open to any young person residing in Ward Two and attending our Public Schools. A programme with short addresses, music, etc. is being arranged for

Lehan Cleveland, who was attending the races at Halifax returned from the city staying a day with his sister Mrs. Ivan Lantz, before returning to his home at Margareville.

Miss Jackson, assistant milliner to Mrs. D. C. Clark, is still reported on the sick list. We hope to hear of her recovery soon.

Mrs. Messenger is the guest of her daughter, Mrs. M. K. Ellis.

Miss Laura Hanson has been reported ill but we hope she will be able to resume her duties in the store as usual as she is a very efficient member of the staff.

Mr. and Mrs. Kempton Lantz motored to the home of Mr. and Mrs. Elmer Lantz, Canard, on Sunday, where they spent a very enjoyable evening.

Mr. Byron Haverstock, son of Mr. and Mrs. James Haverstock, spent the week end at his home, Port Williams.

A very delightful evening was spent at the home of Mr. and Mrs. S. L. Gates, Port Williams, Sunday, Oct. 15th. The Taylor Brothers Quartette were present and rendered many beautiful vocal selections as well as string selections. A few of the immediate friends were present to enjoy the rare treat.

Mr. Hunt, teller of the Royal Bank, spent the week end at the home of his parents, Lawrence town.

Mrs. A. McLean, Halifax, is the guest of Miss Irene Gates for a few days.

Miss Lucy Cogswell, student at Acadia Ladies Seminary, spent the week end with her parents, Mr. and Mrs. O. G. Cogswell.

Mrs. (Dr.) W. Y. Fullerton and daughter, Miss Gwendolyn Fullerton, were "at home" to their many friends on Wednesday afternoon, Oct. 18th, from 4 to 6. Mrs. Murray, of Sheffield Mills, presided at the tea table. Others assisting were Miss Lillie Pineo and Miss Mollie Clevy, of Chipman Corner; Miss Gladys Dickie, Miss Belle Sheffield, and Miss Vivian Beauchamp, of Upper Canard; and Miss Marjorie Chute and Miss Makinson, of Wolfville.

Mr. R. S. Hocken, manager of the Royal Bank, accompanied by Mrs. Hocken, left today on a two weeks vacation. During Mr. Hocken's absence his place is being taken by Mr. McAlpine, of the Halifax main office.

Mr. and Mrs. Pottle and son Charles, of New Hampshire, are visiting Mrs. Pottle's sister, Mrs. Foulis Newcombe, Belcher Street.

"Perils of the Yukon," the historical continued feature based upon the stirring days of Alaska from the time of its purchase by this country to the start of the Twentieth Century and including the gold days' rush, comes to the Opera House on Oct. 25-26. This picture sets a new high-water mark in thrills. Interwoven with the historical scenes and story is an intense drama of love and hate.

FALL TERM OF SUPREME COURT

(Continued from Page 1.)
and questions, one that the tree cut down by the Cemetery Co. was on the lot of Mrs. Lyman and that the damage to her lot was \$1000.00.

The next case was that of Philip S. Isley vs. Burpee Morse, claiming commission on the sale of Mr. Morse's property. The defence was that the arrangement made was to pay commission only if the sale was made on a certain day. Witnesses for plaintiff were F. E. Roop and Ernest Redden, for defence, the defendant himself. The court then adjourned.

On Friday morning Mr. A. L. Davidson made a very able speech in presenting his case to the jury, and Mr. Isley also an able presentation of the case for the plaintiff. At 12 o'clock the jury retired and in the afternoon returned a verdict in favor of the defendant Morse. Eville vs. Forsythe was then taken up and a jury empanelled. This was an action against the defendant Forsythe, claiming he had acted as agent for plaintiff when he purchased the Horton Poor Farm. The defence denied the agency. Mr. Forsythe contending he purchased said farm for himself. Witnesses called were, for the plaintiff, Claude Eville and E. C. Bishop; for defendant, F. J. Porter, Howard Forsythe and Mrs. Forsythe; after which court adjourned.

Court opened on Saturday morning, Mr. Eville being recalled and Mr. E. C. Bishop, Messrs. Sangster and Isley summed up their cases and the jury returned a verdict in favor of the plaintiff.

Saturday afternoon the case of Oyer vs. Merriam was opened, Mr. A. W. Jones of Halifax for the plaintiff and W. G. McDonald for defendant. This case was continued from Saturday until Monday morning, October 16th, and the following witnesses were called: For Plaintiff, Capt. Chas. McBride, H. Oyer, H. B. Pearce, W. H. Chase, Wm. Porter, Fred Lyons, C. B. Cutten, J. W. Lawrence, P. E. Keefing. For the defence, Capt. C. B. Merriam, Jas. E. Ogilvie, Capt. Truman Salter, Mr. Pearson.

Monday afternoon Mr. Jones addressed His Honor and he was followed by Mr. McDonald. Judgement was reserved.

The case of A. L. Pelton & Co. vs. Albert Henry, which was to have come up for trial on Monday afternoon, was continued, H. M. Chase for the plaintiff, and W. E. R. Landry, of Yarmouth, for the defendant.

In the case of the D. A. Railway vs. Albert Parez judgement was reserved. This was an action for damages, with B. W. Roscoe for the plaintiff, and T. R. Robertson, K. C., of Halifax, and J. L. Isley for the defence.

W. A. Spurr vs. Arthur Gravette was an action for replevin; J. L. Isley for the plaintiff and B. W. Roscoe for the defence. Judgement was reserved.

The cases of F. A. Savage vs. Harry

Saunders and R. M. Sanford vs. F. J. Hewett were referred to the County Court.

Geo. S. Taylor vs. O. Messum and L. Pinch was settled out of court, R. B. Blauvelt for the plaintiff and W. D. Withrow for the defendants.

The case of May Keeble vs. Frank H.

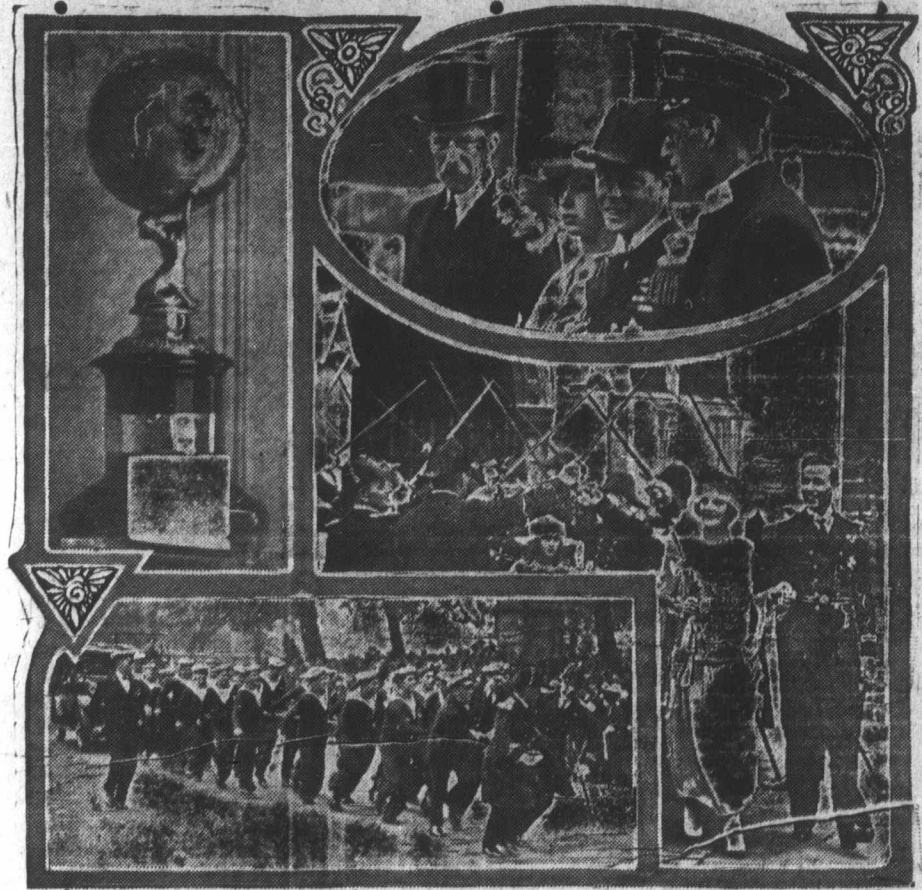

Regan was tried on Thursday, with R. B. Blauvelt for the plaintiff and W. D. Withrow defending. This was an action for the return of two war bonds or their value in money and damages for detention. Judgement was reserved.

Yesterday the cases of Jordan vs. Gould and Jordan vs. Welton were up for trial.

These cases were for trespass and damages, with Blauvelt and Dennison for the plaintiff, and Nowlan and Isley defending. Judgement in both cases was for the defendants.

THE WEDDING OF ENGLANDS RICHEST WOMAN

Lord Louis and Lady Mountbatten leaving St. Margaret's, Westminster, after their wedding. The bride was formerly Miss Edwina Ashley, mistress of the late Sir Ernest Cassel. Lord Louis Mountbatten is a second cousin to the King and an intimate friend of the Prince of Wales. He accompanied the Prince on his recent tour of the world and received a novel gift from the Prince in form of piece of statuary shown at the left. The globe shows the course taken by the Renown during the tour. At the top are shown from left to right:—Viscount Lascelles, Princess Mary, Prince of Wales and Prince George who attended the wedding. In the lower left hand corner a party of sailors from the Renown are seen drawing the carriage bearing the bride and groom.
