## COUNTY COUNCIL FINISHES LABORS

### Building New Court House Rejected—Dogs Versus Sheep—Board of Health Bills Cut Down—New Valuation Ordered.

#### THURSDAY FORENOON

Northumberland County Council reassembled at 10 o'clock.

Derby parish was assessed \$400 for roads.

The jail visiting committee reported jail clean. Better ventilation was needed. Objection was raised to the keeper buying paint on his own responsibility, but all agreed that the work was necessary and the bill for \$20.50 finally passed.

Glencly was assessed \$683.50 for roads.

Coun. Doyle, from the committee to investigate claims for the payment of damages caused by the killing of sheep by dogs, reported, reading the opinion of the attorney general on the subject, that the claims be not paid and that the Council take some steps to protect the sheep.

Mr. T. W. Butler, who was asked to speak said the attorney general had given a politician's opinion only that it was arguable and had not dealt with the facts of this particular case. The county was clearly liable, but he would not sue it to recover his loss. Something should be done, as the question had come to this—Will we keep sheep or dogs?

The Sec.-Treasurer said the Council, having received petitions against dog taxes from nearly every parish had exempted the county from the operation of the provincial law on the subject.

Mr. Butler—It isn't in your bye laws. The law is that you may not enact such a bye-law and you haven't done so.

Coun. Flett—A Nelson man who signed the petition against taxation lost his flock of sheep by dogs.

The discussion was postponed till two o'clock.

On motion of Coun. Johnston the matter was postponed till 2 o'clock.

On motion of Coun. Pond the following county accounts passed—

Daniel Daigle, \$16.96; Sec.-Treasurer land account \$2092.81 on hand; from lessees or cancel their leases; John O'Brien \$144; Stothart & Co., \$6.55; E. P. Williston, Scott Act \$440.96; clerk of the peace \$190 registrar of births etc. \$162; John Menzies estate \$47.45; D. Baldwin, travelling expenses, \$137.85; T. W. Butler Scott Act fees \$195.

Coun. Pond read the Scott Act Inspector's report. 29 informations were laid during the year, which, with 6 on hand, made 35 prosecutions during the year. The six cases on hand resulted in convictions. Eleven other convictions were obtained, of which eight had paid. Two are at large with warrants in officer's hands. One has served time and one case is pending. There was very little complaint of violation of the law. He could learn of no illegal selling in the lower parishes. Beer is sold, showing two per cent of alcohol and he had been advised that the sellers were liable to conviction. The expenses for the year were \$1201.85, and the income including \$290.96 on hand at the first of the year, \$990.96, leaving a deficit of \$110.89, to which must be added the \$47.48 just voted to pay Mr. Menzies' house hire, making \$158.34 in all.

Coun. Lewis had ridden down with a Bay du Vin man who had a 4 gallon jug and five cases of whiskey in the rig. Where did they come from? Couldn't steps be taken to prevent the distribution of whiskey in this way?

Coun. Underhill—My parish is not pleased with the Scott Act enforcement last year. I saw more drinking in the trains during the year than for five years.

Coun. Flett wanted an expression of opinion from the council as to whether it wanted the act enforced for suppression or for revenue. The inspector had made a fair showing or a new man. He asked would Council stand behind the inspector if he should come in with \$1000 deficit? He needed encouragement from the Council. There are many loopholes in the law.

Coun. Vanderbeck—Not a drop was sold in Derby last year. I am well satisfied with Inspector Baldwin's enforcement of the law.

Report was adopted.

On motion of Coun. Lewis the Council declared that the C. T. Act should be enforced for suppression of the liquor traffic and not for revenue.

On motion of Coun. Lewis the Council declared that the C. T. Act should be enforced for suppression of the liquor traffic and not for revenue.

On motion of Coun. Lewis, Jas. Davidson was re-elected auditor.

Coun. Connors read the scale of taxation for county purposes, showing that Chatham pays \$3.03 per acre and Newcastle 18 per cent.

## SPECIAL MEETING TOWN COUNCIL

### Reject Ald. Butler's Motions Re Property Qualification and Tax Exemption—Finance, Water & Light & Police and Scott Act Reports Read

#### Town Council met yesterday

afternoon, Ald. Clark in chair. Others present: Aids. Butler, Falconer, Morrison, Russell and Sergeant.

Following bills passed:

Financial Committee—Newsome & Gilbert, Toronto, Printing and Stationery, \$21.00.

Public Works—James Falconer, \$1.00.

Fire & Light—Can. Gen. Elec. Co., \$6.14; Miller's Foundry, \$6.99; Colonial Lubricating Co., \$29.05.

It was resolved to tax G. N. W. Telegraph Co. for last 4 years on \$925 a year.—\$500 income and \$425 personal property.

Committee on Curfew Bell (Ald. Butler, Clark and Morrison) reported that they could find no legislation empowering Council to deal with the subject. They had met twice with a committee of the W. C. T. U. at the last meeting of which the ladies had decided to take action through their branches in the province to have legislation passed in N. B. similar to that recently passed by Ontario. The police men had reported the children of this town of high moral standard and not very troublesome. Report was adopted.

Ald. Butler moved that a committee be appointed to apply for legislation:

1. To amend the Towns Incorporation Act as regards the Town of Newcastle that candidates for aldermen shall subscribe their nomination paper and a declaration before the Town Clerk that they are ratepayers in the town for the preceding year and are not indebted to the Town for taxes or otherwise.

2. That no property qualification be required of candidates for aldermen.

3. To exempt from taxation income of householders (that is, heads of families, whether owners of houses or not) up to \$300 per year.

4. To exempt from taxation money lent upon real estate or for industries in the town or invested in town debentures by persons other than corporations.

Sec. 1 was adopted with addition of "But allowing a person to be nominated in his absence by filing a declaration of his qualification and consent to act by two ratepayers."

Sec. 2 received a seconder merely to bring it up for discussion. It was ably defended by its mover, Ald. Butler, but it was lost by a vote of 1 to 4.

Sec. 3 received no seconder, and an amendment was substituted exempting all incomes up to \$200 a year, as has, though not legally, been the custom hitherto.

Sec. 4 passed.

It was also decided to ask, on motion of Ald. Morrison, to have poll tax reduced from one-sixth the entire assessment to a flat rate of \$5.00. It now amounts to \$8.85.

It was decided to have default taxes on real estate collected at once, by arranging to sell all properties in arrears.

The annual Water & Light report submitted by Ald. Morrison, showed:

Light Department—12 new lights installed; 7 in town, 1 in Nordin, 4 in Douglastown, and 4 incandescents added to street lights. From \$800 to \$1,000 a year could be saved in fuel by introducing a condensing plant at cost of \$4,000, which should be done soon. Fuel had cost \$700 more this year than last. Receipts during year \$6,550.

Water Department—Ten new installations, as against 6 in 1909. \$810 allowed this plant for fire protection is less than half large enough. Receipts during year, \$3704.54; expenses, \$4049.38—Deficit \$344.84.

Total surplus on combined plants to help pay interest on bonds \$1668.56.

Ald. Butler said that not enough allowance was made for depreciation of plant in Capital accounts. Report was adopted.

The Finance Committee's report showed a bonded-indebtedness of \$177,000 with \$14,000 on deposit; net \$163,000. It recommended issuing \$30,000 bonds to clear up floating indebtedness. \$2,522.20 had been saved in the year's transactions. During the year, \$1950 worth of property had been bought, and \$600 paid to Campbellton.

Adopted.

Chairman Russell submitted Police and Scott Act reports. The former showed that during 1910, eighty-three complaints (obstructing sidewalk 1, having cross dogs 1, vagrancy 3, abusive language 1, interfering with police 1, cruelty to animals 1, assault 1, raising disturbance 1, drunkenness 73) were laid before Police Magistrate, \$502.25 was collected in fines and costs. Balance of \$230.65 over fees was paid to Town Treasurer.

The Scott Act Report showed that during the year 1910, thirty-six complaints were laid by Inspector Adam Dickison and eight searches were made. Twenty-two resulted in convictions; one was dropped; five dismissed; seven searches were unsuccessful, and one case is pending. Of the three cases left over from last year, one was dismissed and two resulted in convictions, making the total number of convictions in 1910 twenty-four. The financial statement for 1910 was as follows:

By balance fines collected in 1909 \$108.50

By fines and costs in cases 1909 tried in 1910 188.00

To costs of above \$ 16.00

To amount paid Town Clerk 230.50

\$246.50 \$246.50

By total amount fines, costs in complaints in 1910 \$1153.85

To Constable and Witness fees 25.70

To P. M.'s costs 110.00

To amount paid Town Clerk 1018.15

\$1153.85 \$1153.85

By total amount collected in 1910 \$1400.35

To total expenses 151.70

To total amount paid Town Clerk during 1910 \$1248.65

These reports were held over to receive signature of all members of the committee, Ald. Butler objecting that he had not been consulted in the preparation of the reports.

Aids. Clark, Falconer, and Russell were appointed a committee to confer with Chatham Council re having Chatham isolation hospital opened for Newcastle patients.

Adjourned.

POOR CO

# AFTER SUFFERING YEARS

## Cured by Lydia E. Pinkham's Vegetable Compound

Fox Creek, N.B.—"I have always had pains in the loins and a weakness there, and often after my meals my food would distress me and cause sickness. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger or digestion better, and I can walk with a steady gait. I have encouraged many mothers of families to take it, as it is the best remedy in the world. You can publish this in the papers."—Miss WILLIAM BOWDRE, Fox Creek, N.B., Canada.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

## CAMPBELLTON NEWS

**Dr. Price has left town for Montreal.**

Judge McLatchy is at present out of town.

Mr. Henry Connacher of New Mills is lying very ill at present.

Miss Rita M. Coleman of the Rectory, Dalhousie, was the guest of Miss Annie Anderson this week.

Councillor Mowatt has gone to St. John to attend a meeting of the Fish and Game Protection Association.

Rev. T. P. Drummond has been confined to the house part of this week, suffering from a severe cold. He is now much better but will require to take greater care in visiting during this weather.

The many friends of Mr. F. E. Lockhart will be pleased to know that he has accepted a position on the road for a prominent Montreal firm. He, however, will be greatly missed among a large circle of friends.

**OPERATED UPON**  
Mrs. W. D. Duncan of Tide Head was operated upon at the hospital this week. She is doing nicely.

**IN NEW OFFICE**  
H. E. Mann, D. D. S., is now occupying comfortable offices in the McDonald building, where he will be pleased to meet any who need his services.

When given as soon as the croupy cough appears, Chamberlain's Cough Remedy will ward off an attack of croup and prevent all danger and cause of anxiety. Thousands of mothers use it successfully. Sold by all dealers.

**SLEIGH DRIVE**  
A party of our young people numbering 16 had an enjoyable drive to Oak Bay on Tuesday evening, where they partook of the partook of the hospitality of Mr. and Mrs. Sowerby. Dancing was engaged in and although some of the party had to walk a good part of the way, everyone enjoyed the outing, even though it was early when they got home.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its superior excellence. Sold by all dealers.

**BURST PIPES**  
The Engineers Department have been kept busy this week with three burst water pipes in the town. One in Water street gave a lot of trouble which has now been got over, while the other two are under way. It would be as well for the citizens to be careful of the water and allow none to go to waste, as there is a bigger shortage at this time than for a number of years.

## THE VITALITY OF ANNUITANTS

The question is often asked: "Why do annuitants live longer on the average than other people?"

The great factor in the question of course is that those people live the longest who have the least worries. It is a truism that worry kills more people than work does. Take from a man the primal worry of existence, the worry about his present position, and you leave him free for higher and more healthful activities. Burden a man with the fear of the poorhouse or a despondent dread and you cripple his vitality. A man who is ever so busy, meeting the evil days and glad to see the new year, that some storm may break at any time to destroy his hoarded grain, comes to these same lean years with more energy but with shattered nerves as well.

For men and women it is well that the Government has provided a way whereby savings may be laid aside for the future with perfect safety, so that they shall be available when old age comes. "I don't know," says one, "not that I intend to live long, but I may be a burden on my family in my last days."

A Government Annuity will not solve these problems, but it will solve many of them.

Apply for a prospectus, or write to the Department of Annuities, Ottawa, for information.

THE CANADIAN MAGAZINE for January contains a number of articles that will repay reading. "Outlaws the Unusual" is a new point of view of the capital. It is written by Augusta Brille, and the illustrations are from photographs reproduced in colours. "Home Rule or Rome Rule," by Patrick F. Cronin is an interesting summing up of a condition in Ireland that has caused an infinite amount of discussion. The third of George Fisher Chipman's articles on the organization of Western farmers appears in this number, and there is a splendid article on Belfast, the Commercial capital of Ireland, by Alf. S. Moore. A hitherto unpublished poem by Goldwin Smith is a feature of the issue. Other contributions are "The Romance of Tobacco," by William Harrison, "An ancient Indian Port," by Edmund Morris, "The Nationalist Movement," by John Boyd, an article that every Canadian should read, "The Canadian Speech," by Miriam, William Brown, "L. P. Brodour: The man Behind the Navy," by Fred G. H. Williams, short stories by Christian Lys, G. H. Reade, W. Lucy Amy, and Agnes Faulkner Theodore Roberts, Alan Sullivan, Donald A. Fraser, L. M. Montgomery, and Inglis Morse.

## MERCHANTS' AND CLERKS' DINNER

### Large and Enthusiastic Gathering at Windsor Hotel

In the Windsor Hotel on Wednesday evening a large gathering sat down to a dinner which was held under the auspices of the Merchants' and Clerks' Association, nearly seventy being present. Miss Host Mr. J. J. Gray and his able assistants prepared a most appetizing meal, which was enjoyed by all. Councillor Alexander presided, and among the guests were: Police Judge Matheson, Judge Bodkin, U. S. Consul and A. E. G. McKenzie.

After the toast of "the King", the Chairman in his remarks outlined the aims of the Society, which existed in the first place for the mutual benefit of the merchants and their clerks. It was not an Association to boost prices but rather to lower them, and ways and means would be found to have the merchants buy in larger lots and endeavor to compete with the Catalogue trade. There were still a few who had not signed the constitution and only one who had signed had gone back and kept his store open.

Mr. A. E. G. McKenzie deplored the lack of healthy amusements. No clubs could be established when the young men were unable to get into touch with each other, in the organizing of Boating and Athletic Clubs. Jokingly he twitted the Chairman regarding the request for his legal opinion. Amid loud laughter he said that when the Executive came forward with the necessary retaining fee, he would be happy to state his opinion.

Judge Matheson voiced the sentiments of the purchasers and said that he was sure all were in favor of the early closing, and he was in deep sympathy with the movement and would do all in his power to help it along to a successful issue.

Why should a shopkeeper have longer hours than even the veriest laborer? Why should stores be held open for a people to come down after their work is finished, for small articles which quite easily could be got earlier in the day. Get after the women to have their shopping done early.

Judge Bodkin the U. S. Consul who was received with "He's a Jolly Good Fellow", spoke interestingly on the time he has spent in Campbellton during which time he had learned to love the town. He said that Campbellton as the Trade Centre had exported goods to the United States to the value of \$965,000. When it is remembered that invoices of less than \$100 are not noticed through his consular reports, these small shipments would total \$250,000, making in all over a million dollars. The fire effected the exports this year and since 11th July the value in exported shingles was \$134,000 less than 1909. (Three Shingle mills were destroyed which cut down the exports this amount) yet with it all, the exports for 1910 totalled \$966,000 and the small shipments \$250,000, showing even a gain on the time when we thought it was going hardest with us. This statement was received with great enthusiasm when we remember that we export nearly \$400,000 to other countries than the United States it shows the enormous amount of money earned by the industries and energies of this district. He spoke of the great future before the town, the natural resources of a rich district as yet undeveloped, and would like to see a Furniture Factory established which would materially affect the fortunes of every merchant.

He was glad an Association was being formed for their mutual improvement. There was something more than trade, something better and that was the happiness and prosperity of their domestic establishments. There was a lot more than the almighty dollar required. We could not build a Nation on the dollar motto, there was also

needed: sterling manhood and sterling integrity to back up wealth.

Councillor White spoke on the idea which had always appealed to him, that of allowing the young people the evenings free. He had great sympathy with the boys who had no Y. M. C. A., no Gymnasium and no Recreation Field.

Mr. Cochrane of Jones and Schofield told of the working of the movement in St. John.

It was thought advisable that Councillor White should take up the matter of a Recreation Field with the Council, but a Committee comprising Messrs. Clare, Cochrane, and W. L. McRae were appointed to look after the matter.

The Toast to the ladies was proposed by Mr. S. Laughlan and replied to by Messrs. Swan and Lappere.

Our Host was proposed by the chairman and Mr. J. J. Gray suitably replied.

In his closing remarks the chairman stated that they hoped soon to have club rooms where they could all meet together. The following names have been added to the list of subscribers to the constitution viz—Leon Cantin, W. J. Comeau, McRae Bros, W. L. McRae, Mrs. Zallo, W. Wood, Jas. R. Henderson, W. H. Gray, and E. Sullivan.

With the singing of Auld Lang Syne, the meeting closed.

This was the first dinner in the town since the fire and Mr. Gray handled his guests well. He has an up-to-date place, built by R. D. McAuley, of Rhodes, Curry Co. The heating was done by J. Hagen & Co., of this town.

### ST. ANDREW'S CLUB

On Friday evening, the 20th, His Worship the Mayor was the speaker at the above Literary gathering. Dr. Murray's subject was "Canadian Authors and their Works," and he gave a lengthy and instructive address on a broad basis. He divided the authors into six classes, Historical, Literary, Mathematics, Languages, Science and Poetry. We have a great many compilers but few writers of Fiction compared to other countries, but Dr. Murray showed this was amply balanced by the brilliance of the men such as Judge Halliburton, late Professor George Munro Grant and Professor D. A. Murray. The lecturer could not give praise enough to the late Sir Wm. Dawson. His books, "Acadian Geology" and "Harmony between Science and the Scriptures," raising him far above all his contemporaries. In the realm of Poetry, Dr. Murray mentioned Dr. Drummond, Bliss Carmen, Chas. D. Roberts, and Wilfred Campbell, as ranking high in the realm of patriotic and impressive thought. Miss Ethel Malcolm sang a delightful rendering of "The Rosary," while Miss McLatchy and Mr. W. F. Yonston read.

### DALHOUSIE

The St. John's Literary and Social Club met on Friday evening last and recorded a good attendance. After the usual order of opening, the program was proceeded with as follows: Harmonica selection by Al. Troy, accompanied on the organ by Miss Wallace. Then Miss Kirk gave a very instructive paper on "First Aid to the Injured, etc." afterward demonstrating on the same subject, Master Alf. Kirk acting as patient. After this came the social half hour, musical choirs were engaged in and Will Wallace being the victorious chap, was presented with a box of candy. The meeting then adjourned.

## SCHOOL BOARD

A small meeting of the Board was held on Thursday afternoon, Judge Matheson presiding.

Minutes of previous meeting read and confirmed.

Communication read from two of the school teachers asking that an assistant be appointed as the work was too heavy for them. They were teaching one grade in the morning and another in the afternoon, and all these exercises had to be corrected in the evenings.

The Board were quite in sympathy with the teacher's request, knowing that their work was bound to be heavy and the Teachers Committee were authorized to investigate the matter and in the meantime advertise in some St. John paper for a teacher holding a first-class certificate.

The principal business before the meeting was to initiate a movement to make arrangements for permanent school buildings. For this purpose the Board have roughly \$14,000, and they do not expect to require more accommodation than what was had in the old school. In the last building there were 12 class rooms, including the Manual Training room and there was 530 odd pupils on the roll at the time of the fire.

A building of much the same size with the Manual Training room in the basement, with proper provision left for necessary additions, was thought to be what would be required for a beginning.

In order that the Board might have an interview with the Inspector of schools, before proceeding further in the matter the meeting was adjourned.

## COUNTY COUNCIL

At a meeting of the County Council held this past week the assessment for the county has been fixed at \$14,803.30 as follows:

Contingency	7300 00
School	3200 00
Poor	400 00
Parish Indebtedness	3903 30

\$14,803.30

This sum of \$3903.30 represents balance of last assessment not collected of which over \$3000 is due by the town of Campbellton. It is certainly very hard on those who have paid their taxes that they have to be assessed for those who have not, but in this extraordinary case, there seems nothing else to be done. The only thing we can hope for is, that a large portion of the arrears may be collected and lower the assessment for next year.

Councillor Mowat and Solicitor McKenzie appealed against the grant of money for the relief of Campbellton voters at the special meeting held in the grounds that we had more than we were able to bear at the present time; if, however the Council would vote the money leaving the town out of the assessment they would be quite willing to let the grant go through. The Council however could not see their way to do this, and the grant was therefore cancelled.

## FATAL ACCIDENT

On Saturday evening word was received of the death of Raymond Fairlie, son of J. C. Fairlie at Stamford Conn. Very little information can be gathered but it is thought that the young man was killed stepping off a train. He was only 17 years of age and the news of his death came as a great shock to his parents, to whom the sympathy of all is extended. The body will be brought here for interment.

## SCHOOL ACCOMODATION

The lack of school accomodation is at present being severely felt and we think the School Commissioners might get a hustle on and rent some of the places they could get, in order that all the grades could get a chance of getting down to full work. There is no doubt something will need to be done, as the present school is overcrowded and we are afraid it has not come home strong enough to the Trustees, seeing that none of them are in the position of having children at school. In cases of emergency like this, there would be no harm in renting the Baptist church, the Methodist or the English school again.

### Delicious Doughnuts

Good doughnuts are good food. Made from the right flour they are not only a delicious treat but the combination of right flour with fat is distinctly nourishing. You see I put special emphasis on right flour. For it is very important. It means the difference between light, flaky, crumbly doughnuts that melt in your mouth and are easy to digest, and tough, rubbery greasy wads of dough, heavy, soggy, indigestible. Try making doughnuts from

## "Royal Household" Flour

Notice how rich, soft, and flaky they are. And the reason is that "ROYAL HOUSEHOLD" being richer in high quality gluten than ordinary flour resists the absorption of too much fat in cooking. It doesn't get rubbery, makes a lighter dough, absorbs just enough of the fat for nourishment, but not enough for indigestion. The absolute uniformity of "Royal Household" enables you to get the same splendid results every time both in Bread and Pastry.

Try "Royal Household". Find out for yourself. All grocers sell it or can get it on short notice.

## NEW BRUNSWICK CROPS 1910

The following statistics gathered by the Provincial Department of Agriculture show the crops for 1910, so far as statistics are gathered, to have been better than last year, with the single exception of the potato crop. The yield per acre of wheat was last year 18.5 bushels per acre, this year 19, of oats last year 29.1 bushels, this year 29.7, of buckwheat last year 24.7, this 24.6, of potatoes last year 187, bushels, this year 127, of turnips last year 511, this year 500.8. The hay crop, for which statistics are not gathered, was an unusually large one, running it is estimated fully 25 p. c. above the average crop.

The number of live stock kept on farms in December, 1910, compared to December, 1910, was as follows:

	1909.	1910.
Horses	57,715	61,042
Cattle	199,481	215,829
Sheep	145,274	147,489
Swine	70,010	80,021

The following are the crops and total yields of the crops for which statistics were gathered in the two years:

	1909		1910	
	Acres.	Bushels.	Acres.	Bushels.
Wheat	14,447	268,079	13,988	265,848
Oats	194,815	5,682,338	196,795	5,847,877
Buckwheat	56,735	1,405,785	56,305	1,390,717
Potatoes	47,853	8,968,998	47,744	6,067,276
Turnips	6,531	3,340,862	6,310	8,160,158

### Pains That Make Misery

A Talk With Our Lady Readers.

Have you ever noticed how miserable and unhappy the little pains and aches make one? A stinging cut, badly chapped hands, nasty burn, a sore foot, a poisoned finger—none of them wounds or ailments ever likely to cause serious trouble, which come to every woman—and man too—and are just sufficient to take the edge off one's temper and give one a "grouch."

Zam-Buk is just the thing at such times. As soon as you put it on to a sore, a cut, a burn, or any skin injury, it stops the pain, and the smarting, and starts up healing. Don't make the mistake that because Zam-Buk is so widely used by medical men, by nurses, and for serious skin diseases and accidents, that it is only for serious cases. Keep it handy and use it immediately you get some trivial injury or have some little sore.

Mrs. Chas. H. Barrett, Harmony Road, Truro, N. S., says: "I had an ingrowing toe nail, which caused me acute agony. Sometimes the pain was so severe I could not sleep. It became so bad that I feared blood-poisoning had set in. I was advised to try Zam-Buk and bound up the sore toe with it. In a few days it was much easier, and I continued the treatment. The result is that the toe is sound and I have no more trouble with it. We always keep Zam-Buk in our house and I would strongly recommend it to every housewife."

Zam-Buk is just the thing, too, for the little ones. Pure in its composition, and herbal in nature, it is suitable for the most delicate skin. It also cures piles, eczema, varicose ulcers, cold sores, abscesses, blood poisoning, ring-worm, and all similar skin diseases. Sold everywhere at 50c a box, or post free from Zam-Buk Co., Toronto, upon receipt of price.

### A RESUME.

(Campbellton Graphic)

The Town Council has nearly completed the extension of the water system along Andrew St. to the Relief houses on Matheson's Flat, a distance of several thousands of feet, including a pipe line on two streets adjacent to the Relief houses—as well as along a street leading off Andrew street, south of Wellington street.

The Sewerage System is also being extended along Andrew Street South to the brow of the hill. The work of excavation from both water and Sewerage is being carried on every day, notwithstanding the unusually severe weather which prevailed during the past few weeks.

Mr. S. D. Harriman, who has the contract for this work, deserves much credit for his undaunted pluck in continuing the work under such unfavorable conditions.

The great scarcity of laborers, together with the unusually high rate of wages which prevailed during the summer and autumn months, rendered this work utterly unpracticable at an earlier period.

Complete surveys and plans have been made of a considerable portion of the town and placed on file in the office of the Town Clerk. In all cases where practicable, streets have been slightly widened and straightened. Preparations are also under way for the paving of Water and Gerrard streets. The Town Council is receiving considerable praise, and justly so, for the very large amount of Civic work which they have accomplished within the past few months, with the very limited means at their disposal, (something less than eight thousand dollars of insurance money, and out of this amount the whole of the ordinary current expenditure of the town had to be paid.) Not one dollar of outside aid has been received or expended in any part of the town's corporate work, with the exception of a donation of 250 feet of hose, 2 car loads of cement, the free use of an electric generator for the winter months, and one hundred dollars from the Union of N. B. Municipalities, for all of which the town is deeply grateful. Fire Insurance Companies are offering very low rates on brick buildings within the town. As low as 50 cents and even 45 cents on the hundred dollars having been already secured on brick buildings. Fire insurance all over the town is reported to be very much lower here now than in Moncton and other Provincial cities. Citizens who at first considered the Town Council's Action in passing the fire district Bye-Law somewhat drastic and even unwarranted are now loud in their praises of the new building regulations—When Water street will be all built up with fire proof buildings, such as those which have already been erected, it will continue to be the main business thoroughfare of the town, where all the banks, Post Office, Custom house, and most of the legal and Financial offices are already located. A large number of magnificent residences have been erected in various sections of the town within the past few months and several are in course of construction. Most people who had a one and one-half story building before the fire, have erected two story buildings on their old foundations. This is a step in the right direction, as it provides perpendicular walls in all rooms in the upper flat instead of leaning ones, which were not only more expensive to construct, but did not allow for the proper placing of furniture, wall pictures, etc.

The very high prices charge for lumber during the past few

months retarded building operations very considerably, but persons proposing to build during the coming summer are taking advantage of the winter months to negotiate for better prices on building material, in order to be ready for an early start in the spring. Not more than a dozen electric light and telephone poles survived the fire of July 11th, and now both electric light and telephone services are in full operation throughout the town. New electric light poles have been erected and fully equipped with all necessary line wires and other accessories for distributing current on the following streets, viz: Water, Gerrard, Ramsay, Ritchie, Pleasant, Queen, Prince William, Celar, Andrew, King, Dalhousie, Bay View, McMillan, Chapel, Union, Victoria, Arran, Athel, Central, Patterson, Stanley, Arzyle, Wellington, Albert, Rosebury, Aberdeen, Adam, Dufferin, Landsdowne, Duke, O'Leary, Sugar Loaf, Duncan, Cromwell, and George streets. Street lamps of an improved type have also been placed at public corners on several of the streets and have been in operation for the past two months. These lights are quite an improvement on the former ones, besides costing very much less to install and using only a fraction of the current required by their predecessors. Most of the buildings in the town are now using the electric light and meters have already been installed in the majority of them. The new Power House which was erected on the site of the old one is, of course only a temporary building and will have to be replaced by a more up-to-date structure in the near future. The two Power House engines, which were considerably damaged by the fire, have been returned to the makers, and one of them rebuilt and again put in commission on the old stand where it is now in service.

### INTERCOLONIAL RAILWAY TENDER

Sealed tenders, addressed to the undersigned, and marked on the outside "Tender for Buildings", will be received up to and including Wednesday, February 15th, 1911, for the purchase and removal from the railway property of certain buildings in the town of Chatham, N. B.

#### CONDITIONS

The Railway reserves the materials in foundations below the sills of the buildings.

The buildings must be entirely moved off the Railway property on or before the first day of May next.

A plan showing the location of the buildings and descriptive list may be seen, and forms of tender and specification for removal, may be obtained at the office of the chief Engineer, Moncton, N. B., and also at the office of the station master at Chatham, N. B.

A tender made for all or any of the buildings.

Each tender must be accompanied by a cheque equal to the amount of the tender. This cheque must be marked "Accepted" by the bank on which it is drawn, and made payable to the Honorable Minister of Railways and Canals.

If the tender is not accepted the cheque will be returned.

The Railway Department will not be bound to accept the highest or any tender.

All the conditions of the specification must be complied with.

MISS MARY G. KEHOE The death of Miss Mary Genevieve Kehoe of Blackville, niece of Mrs. S. A. Demers of Newcastle, occurred at Blackville on Wednesday. Miss Kehoe, who in September last, went to Nauvoo, Illinois, to teach in Spaulding Institute, contracted consumption and returned to her home on the Saturday previous to her death. Miss Kehoe was formerly organist in the R. C. Church at Blackville, and was an excellent musician. Deceased was twenty-six years of age and was a daughter of Mr. and Mrs. Patrick Kehoe. Besides her parents, four brothers, John of St. Paul, Walter, Boston, Vincent, with the Merchant's Bank, St. John, William at home, and two sisters, Evangeline and Geraldine at home, survive. Sympathy will be extended to the bereaved parents and family. Deceased was a young lady of exemplary character and her death will be a great loss. The funeral took place on Friday.

Do you know that fully nine out of every ten cases of rheumatism are simply rheumatism of the muscles due to cold or damp, or chronic rheumatism and require no internal treatment whatever. Apply Chamberlain's Liniment freely and see how quickly it gives relief. For sale by all dealers.

MISS HAZEL MacFARLANE The funeral of Hazel, the eleven year old daughter of Mr. and Mrs. Alex. MacFarlane, whose death occurred Friday morning, was held in St. Mary's church yesterday afternoon a large number in spite of the bad roads attending. Deceased is survived by her parents and two sisters and a brother all older. Much sympathy is expressed for the bereaved family the mother of which is ill.

ROUND OUT YOUR DINNER by serving one of Clark's Concentrated Soups, Chateau Brand. Ready to serve after simply adding hot water. Any good grocery can supply this great savor of time and trouble. Wm. Clark, Mr., Montreal.

CHATHAM MAN FOUND HELPLESS Samuel Johnston, the well-known cobbler, whose premises adjoining the post office were recently bought by the federal government, was stricken some time early on Thursday morning. He lives alone in his shop and was not discovered until early this morning, helpless and half-frozen. He was at once removed to the Hotel Dieu. He seemed considerably improved and was quite conscious this morning.

Constipation is the cause of many ailments and disorders that make life miserable. Take Chamberlain's Stomach and Liver Tablets, keep your bowels regular and you will avoid these diseases. For sale by all dealers.

PHYSICAL TRAINING FOR TEACHERS An official notice from the Chief Superintendent of Education, in the January number of the "Educational Review," announces that courses will be given in Physical Training at the Summer School of Science. Courses will also be provided in School Gardening and other modern school subjects, so that teachers desirous of keeping themselves abreast of the times will find the courses of the School very helpful. The Summer School of Science meets this year at Fredericton, from July 12 to August 2 and a large attendance is expected.

DR. AGNEW'S OINTMENT CURES PILES.—Itching, Bleeding and Blind Piles. Comfort in one application. It cures in three to six nights. It cures all skin diseases in young and old. A remedy beyond compare, and it never fails. 35 cents. Sold by A. E. SHAW'S Pharmacy.—63.

BAD SMASHUP AT NELSON A smashup occurred to the freight train on the Canada Eastern section of the I. C. R. Friday morning and which resulted in the two engines of the train being damaged and the engineer of one badly scalded. At Nelson there is a heavy down grade and the first engine was uncoupled and went ahead while some repair was made to an air brake. The other engine could not hold the train which went on and collided with the first engine lower down the track smashing it up and turning it into a ditch. The second engine was also badly damaged. Mr. Bourgeois, driver of the first engine had his legs crushed and was badly scalded. He was removed to his home in Loggville.

SMALLPOX IN MONCTON The Bourgeois Hotel in Moncton has been quarantined because of its owner having smallpox.

A CRY FOR HELP.—A pain in the back is a cry of the kidneys for help. South American Kidney Cure is the only cure that hasn't a failure written against it in cases of Bright's disease, diabetes, inflammation of the bladder, gravel and other kidney ailments. HEAVY SNOWSTORM There was a very heavy fall of snow on Saturday accompanied by a high wind which drifted the snow making the roads very heavy.

HELP THE OVERWORKED HEART—Is the great engine which pumps life through your system hard pressed? over-taxed, groaning under its heavy load because disease has clogged it? Dr. Agnew's Cure for the Heart is nature's lubricator and cleanser, and daily demonstrates to heart sufferers that it is the safest, surest, and most speedy remedy that medical science knows. Sold by A. E. SHAW'S Pharmacy.—64

LUMBERMEN RELIEVED Lumbermen all over the province felt considerably relieved to see the snow that had fallen during Saturday. It had been feared that much of the lumber cut would have to remain in the woods.

A CASKET OF PEARLS.—Dr. Von Stan's Pineapple Tablets would prove a great solace to the disheartened dyspeptic if he would but test their potency. They're "veritable gems in preventing the seating of stomach disorders, by aiding and stimulating digestion—60 of these healthy "pearls" in a box, and they cost 35 cents. Recommended by the most eminent physicians. Sold by A. E. SHAW'S Pharmacy.—64.

SICK MAN SUICIDES While delirious from pneumonia, with which he was suffering, Albion St. George of Young's Cove Road (Queens Co.), blew the top of his head off Sunday morning and died instantly. He placed the muzzle of a shot gun in his mouth and discharged the contents of the gun into his head. He was taken ill just the day before.

KIDNEY EXPERIMENT.—There's no time for experimenting when you've discovered that you are a victim of some one form or another of kidney disease. Lay hold of the treatment that thousands have pinned their faith to and has cured quickly and permanently. South American Kidney Cure stands pre-eminent in the world of medicine as the kidney sufferers' trust friend. Sold by A. E. SHAW'S Pharmacy.—62.

AT HOME The members of the "Bible Class" of St. Jas. Church, gave a very pleasant "At Home" to the members of the congregation in St. Jas. Hall on Friday evening. A large number attended and a most delightful time was enjoyed. Games of various kinds and music formed a very pleasant entertainment and a guessing contest was much enjoyed, the prize winners in the guessing contest being Misses Alice Rundie, Jennie Grenley, Margaret Calder and Florence Adams. Dainty refreshments were served during the evening. The Pastor Rev. Mr. McArthur made a very pleasing address at the close of the evening. The committee in charge who deserve much praise for the manner in which the arrangements were carried out were Misses Margaret Robinson, Kathleen Moore, Minnie Stothart, Greta Rundie, Rennie McQuarrie, Sadie Smallwood, Mr. J. M. Douglass and Dr. McMillan.

POPULATION OF MEXICO Mexico City, Mexico, Jan. 25.—The Government census report that has just been issued shows that Mexico has a total population of 15,393,717, which is an increase of 1,006,458 during the last ten years. In 1900 nineteen per cent. of the Mexicans were White, thirty-eight per cent. Reds and forty-three per cent. Mestizoes (a mixture of Red and White). The proportions in 1910 will probably be about the same.

REDBANK NOTES Small pox is raging in this vicinity. About a foot of snow fell on Saturday last and left the roads in a bad condition.

Miss L. M. Matchett who has been spending a few weeks in Halcombe has returned home.

Miss Irene Parks spent one evening last week at the home of Mr. T. Johnston.

Miss Mary Matchett and Miss Della Nowlan passed through this place on Friday last.

Mr. Joseph McKee is seriously ill.

Mr. Wilmore Dunn was the guest of Fred White Sunday evening.

Mrs. Wm. Bell spent Sunday afternoon at Mrs. J. Parks.

Mrs. J. S. Harris who has been very sick is convalescent.

Mr. Thos. Lawlor is slowly recovering from a severe case of smallpox.

Mr. Henry Leach is very sick and some of the ladies look very lonely.

From the Clouds.

HEALTHY CHILDREN ARE A BLESSING

Healthy babies are good babies, and the good baby is a blessing to every home. Nothing can give the mother or father more pleasure than to see baby play. Every movement is watched with delight; every new word spoken brings a smile to the fond parents. It is only the sickly baby that makes home wretched—and mothers, it is not baby's fault when he is sick. You are the one to blame. Perhaps you give him candies, cakes and other food which his little stomach is unable to digest. Then when he is cross and crying you give him some "soothing" mixture to quiet him. That is wrong—remember his little stomach is not as strong as a grown person's and also remember that every spoonful of "soothing" mixture you give him only does him more injury—it does not remove the cause of his fretfulness—it merely dopes him into an unnatural sleep. What is needed to make baby healthy and happy is Baby's Own Tablets—a medicine with a guarantee of safety. About them Mrs. Mathies McCormick, West St. Peter, P. E. I., writes: "We have used Baby's Own Tablets with good results. They are certainly a blessing for mothers that have cross sickly babies. They sweeten the stomach; give refreshing sleep and make baby fat and healthy." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WILLIAM JAMIESON The sudden death of William Jamieson, of Escuminac P. Q., on December 23, 1910, removed from this congregation of loyal and self-sacrificing people their leader and most liberal supporter. Mr. Jamieson was in the 58th year of his age, and had been an elder of this church for over twenty-five years. In his boyhood he united with the Campbellton church, when the late Dr. Herdman was its pastor. Mr. Jamieson's birthplace, where also he died while on a visit to his only sister was Kempt Road, which until a few years ago was part of Campbellton congregation. Before settling on his beautiful farm in "The Glen" Mr. Jamieson was for a few years a teacher, an occupation that fitted him to be a useful secretary-treasurer in the congregation. He filled this post for twenty-five years. He was secretary-treasurer of the protestant school board and held a similar office in the local council. For many years he was representative elder and attended Presbytery meetings. Though a man of retiring disposition he was a true friend and an ardent supporter of every good cause a faithful worker and a S. S. Super intendent. He was a lover of good literature and his home, where his sisters were always gladly welcomed, gave evidence of his good taste and learning. He loved his Master and his church, and was liberal towards her as God prospered him. Mr. Jamieson was unmarried and his only brother predeceased him a year ago. His death coming soon after the departure of Rev. Mr. Barker and his wife for Korea is an apparently heavy loss to this congregation. But their loss is his gain, and he is entered upon that reward for which he was well prepared. This tribute is offered by a former pastor to whom as to all Christian workers our beloved friend was a sympathetic helper.

INDIGESTION, THAT MENACE TO HUMAN HAPPINESS, pitiless in its assaults, and no respecter of persons, has met its conqueror in South American Nerve. This great stomach and nerve remedy stimulates digestion, tones the nerves, aids circulation, drives out impurities, dispels emaciation and brings back the glow of perfect health. Cures hundreds of "chronics" that have baffled physicians. Sold by A. E. SHAW'S Pharmacy.—62

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—It pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

BOARD OF TRADE ELECTS OFFICERS

Reorganized and Placed on Sound Basis With Officers Pledged to Work.

The annual meeting of the Campbellton Board of Trade was held in the Council Chamber Monday evening, vice-pres. J. Harquail in the chair.

The following officers were elected:

Pres.—John Harquail, Vice-Pres.—F. M. Anderson, Sec.—Treas.—John T. Read.

COUNCIL

F. F. Matheson, F. E. Blackhall, A. T. LeBlanc, C. A. Alexander, Dr. Pinault, A. D. MacKendrick, W. F. Mapier, A. E. G. McKenzie.

The Board starts in with twenty-five members at its first meeting and much interest was displayed. The President's remarks were pointed and earnest. He trusted that all would find time to do much in the interest of the town. We were practically beginning anew and there was much work for a live Board of Trade.

New By-laws were adopted. The matter of better train service was taken up on the request of the Chatham Board of Trade and was referred to a committee of five to get information and report at a later date. The meeting then adjourned.

POINT A BORDEAUX

The extension of the piers and booms at Bordeaux is coming along well, the work being pushed ahead, notwithstanding the storms of the last two weeks. The Company expect to reach Gillis Island with their line of piers in about two months time and although a costly undertaking, will repay itself in doing away with drifting. Thirty men are employed on the piers and seven double teams busy hauling from morning till night. The men are feeling the effects of the frost and some say if there is a colder spot on earth they would like to, see it. Mr. John Guogir is the contractor for the work and his foremen are making things hum and rushing the work for all it's worth.

CURLING MATCH AT BATHURST

Last Friday morning four rinks of the local club journeyed to Bathurst and engaged in a friendly game. We didn't win, but how could we expect to, when the engine on the train burst a tyre, and the boys did not arrive in Bathurst till nearly 12 noon? Still there always remains the fact that Campbellton was trimmed and that sorely too. Scores were: Bathurst Mullins 13, McKay 20, Stout 24, Duncan 28. Campbellton Anderson 14, Shives 11, Price 8, Sharp 5. "How are the mighty fallen?" "Who said Bathurst?"

BALMORAL

Balmoral Jan. 24th—Balmoral and its inhabitants seem to have been swept from the surface of the earth or "wrapped into an extraordinary silence and winter's sleep. We seem to hear the readers ask one another: "What is the matter with the Balmoral correspondent?" Perhaps no one wonders or cares, but however, here we are at last and will endeavor to be more regular through this New Year.

We are just recovering from the cold period of last week which, the old citizens call, as they met one another bearing their arms, "le plus gras froid depuis dixans." One of our wise old women thought on the night of Tuesday, that she would sleep with her boots on in order to have warmer feet, but found out her error and her poor old feet were benumbed for two days afterwards.

Mrs. Joseph Choinard of Blair Athol, is spending the winter at her home in Green Point.

Masters Edmund, Hammond and Nelson Arsenault have gone to St. Joseph's college at Memramcook, to resume their studies. We hear that the three brothers are making rapid progress in the various subjects which they study.

Master Bartholomew Drapeau has resumed his studies at Caraquet college.

Mr. H. Hachey of Nigadoo a teacher in Upper Balmoral two years ago, paid his friends a visit on Epiphany day.

Miss Anna Poirier spent the latter part of her holidays in Sherbrooke with her sister Emma who joined the congregation of the Little Sisters of the Holy Family last September. She is, at present, on Mission Work at Montreal. On her way up Anna visited friends at St. Plavie.

We have just opened the record of deaths for the present year and the first one of the list is Mr. Napoleon Bernard, the oldest resident of Balmoral who was in his 96th year. He was living with his son, councillor Ed. Bernard, and for several years had been troubled with heart disease. He was found dead in his bed yesterday morning, death resulting it is believed from heart failure. His sons here are Edward, Nelson, Henry Zael and James, and one daughter Mrs. John Arsenault. Interment will take place tomorrow morning.

We hear with regret that Mrs. A. LePage is being confined to her home with a broken arm. On descending the door step she slipped and broke her limb, which thanks to the ability of Doctor Ferguson was replaced shortly afterwards.

Congratulations to Mr. and Mrs. Joseph A. LePage on the arrival of a pretty baby boy several days ago.

Mrs. L. Levesque and three children of Portage, Maine, has been in Balmoral for a month or so visiting relatives and friends.

Mr. Henry Watt, formerly from Balmoral and now a resident of Cloverdale B. C., visited old friends here and vicinity for a couple of months before Christmas. On his return he was accompanied by Mr. Wm. McIlwraith who expects to make his home there.

TEMPERANCE FEDERATION

A large and enthusiastic meeting was held last Sunday evening in the Opera House, at the conclusion of the St. Andrew's church service, under the auspices of the above. Mr. F. M. Anderson was in the chair, and among the speakers were His Worship the Mayor, Coun. McDonald, Rev. T. P. Deunam, Rev. Mr. Morris, Rev. Mr. Schurman and Chief Hughes. The feeling of the meeting was that stricter measures should be applied to clear away the liquor traffic from our town, and it is expected in the near future that some steps will be taken which will, it is hoped, assist materially in purging this curse from our midst.

**CHURCH ADVERTISING.**

What Some Ministers Do to Draw People to Worship.

A good deal has been heard lately respecting cheap marriages and the clerical competition for fees. In several parts of London, England, more than one church has placed "matrimonial advertisements" on its walls.

At Bernonsey, some time ago, a poster was issued by a clergyman which read thus:  
"Are you going to be married? Then we invite you to favor our own beautiful church of St. Crispin. It is the prettiest church for a wedding. It is to your advantage to come."

It was not so very long ago when the vicar of a little Scottish church issued a poster setting forth the fact that he was willing to unite loving couples at half the usual rates. As a further inducement he stated that he was prepared to accept the fees in weekly instalments from those in straitened circumstances. It appeared that the decrease in the marriage rate was felt rather severely in the vicar's parish, which is a poor one, and he resorted to advertisement in order to cope with the situation.

A most remarkable scheme for drawing people to church was conceived and carried through by one clergyman. This gentleman had advertisements inserted in several newspapers stating that a wealthy man had handed him a large sum of money on condition that he distribute it among the people who attended morning service at the church. The result was that huge crowds gathered outside the place of worship, and a score of police had to be engaged to keep order. The people who were fortunate enough to get into building at each morning service were presented with 2 cents apiece.

It may not be generally known that the British town of Holsworthy gives awards to old maids and pretty girls who attend its church regularly. Each year the oldest unmarried lady is rewarded with the sum of 5s. for going to church every Sunday, while the prettiest girl, who also shows her piety by attending church regularly, is given the interest on a sum of money left to the town by the Rev. Thomas Meyrick many years ago.

Hunton, in Kent, Eng., was left a sum of money nearly a century and a half ago by a Bishop of London, who was formerly a rector of its church, on condition that the interest thereon should be awarded to the oldest inhabitants who were the most regular attendants at divine service. Every year several pounds are divided among the inhabitants who are eligible to benefit by the charity.

**A Terrible Discovery!**

An old farmer living at a remote farm in South Africa determined to have a new set of teeth put in, as his own were practically useless; in fact, he had only a few stumps left. The dentist made a very good job of the new teeth, and when fitted in they improved the appearance of the old gentleman so much, and aided him in articulation and mastication so nicely, that he felt ten years younger and began to feel as if he had a new lease of life. His wife was delighted with the improvement in her husband's appearance, and, looking round the house, thought it desirable to have the old furniture repaired. There were chairs, tables, and other articles of the woodwork that required mending. So without saying anything to her husband she got some glue and wrapped it in a piece of newspaper, and placed it on her chest of drawers when she went to bed that night.

In the morning she rose and dressed very early, before her husband was awake, and went to the chest of drawers and got a paper packet that she found there, and took it outside on to the piazza, and there she placed it on the stone flag, and with the aid of a small ironstone boulder she pounded it till it was in very small fragments. On opening it to put the glue in the glue kettle on the fire, to her horror she found that she had smashed to atoms her husband's beautiful teeth. It appears that the old gentleman had wrapped his teeth in a piece of newspaper and placed the packet on the chest of drawers. Of course, the truth had to be told, and the old lady had to break the news to her husband. The language used by the old gentleman has never transpired, but at any rate it is said that he did not appear to be addressing a Sunday-school.

**King Edward and Elman.**

Mischa Elman had no greater admirers in all Europe than King Edward and the Queen Mother Alexandra, they being among the first to recognize the great genius of the young Russian and command that he appear before them. Mementoes from the late King, now highly prized by young Elman, are a scarf pin, presented to him three years ago, and on an earlier occasion, when he was presented with a ring in the form of a lion's head, the eyes being diamonds. The presentation of the latter was after Elman had appeared at Buckingham Palace at a musicale given in honor of the present King of Spain, who was at the time visiting the English Metropolis. Elman's first series of recitals in London were given under royal patronage, and his audiences are the most fashionable to be seen at any artist's recital. Twenty-one shillings, a little over five dollars, is the fee for the best seat to hear Elman when he gives a recital in London.

**Sleepy Watchmen.**

At the fire brigade conference in Melbourne, the chief officer of the Melbourne Brigade, said it sometimes happened when the alarm of fire was given the night watchmen of the burning building was asleep, and had to be rescued by the firemen.

**His Revenge.**

He—And so your answer is final. Yes, I will not be misled.  
She—Never! But pray don't go and blow your brains out.

**FIRES AND INSURANCE**

What Being Burned Out May Mean to a Business.

**DAMAGE ONE CANNOT COVER.**

Enormous Losses Caused by the Suspension of Operations and the Drifting Away of Trade That Are Not Appreciated by the General Public.

"I suppose you heard that Blank & Co. were burned out from the roof to the basement last night?" remarks the man in the car.

"No!" exclaims the friend who hasn't seen the morning paper. "I suppose they carried insurance?"

"Oh, yes—a hundred thousand of it!" returns the first speaker, at which his friend settles back with the comment that everything is all right then.

This is the layman's conclusion almost invariably. Some big concern burns out, but with insurance to an amount seeming to cover the loss the average man is disposed to feel that it is all right. He doesn't stop to think of the enormous risks of a business which cannot be covered by insurance and which for weeks, months or years after a fire are crippling and perhaps ruinous to the fire victim.

Take, for example, a highly organized factory plant in prosperous times which has been turning out a vast specialized product from the hands of thousands of expert workmen. This plant, fitted with costly machinery, is covered by insurance upon its visible, material assets. Fire sweeps it and lays everything in hopeless ruin. If every piece of machinery, every building and all material adjuncts of the plant have been covered to full value in such a plant, will the reader dare make a rough guess as to what the limitations of loss may be?

Only the other day I stepped into a bookbindery, unostentatious in its street signs and occupying a fifth floor in an obscure street. In the elevator shaft was that peculiar odor which marks the track of fire and firemen days and weeks after such an accident.

"Most of the fire was next door," explained the proprietor, "but I guess the smoke and the water were about as bad for us. Sometimes it is almost better to have the fire yourself than be next door to it."

Which seemed to be especially true of book material. Where smoke and soot had failed to blot and ruin the stock, water from the engines in the street had flooded it until ruin alone was descriptive. Everything had been closed down, workers in the plant were idle, and the proprietor was awaiting the adjustment of the insurance which had been carrying. But in the extent of this insurance itself was a knotty situation.

Ordinarily the house had carried policies which would have left it the minimum of risk on its machinery, stock and materials. Ordinarily a still further blanket policy was carried for the purpose of covering the normal amount of book material on hand owned by others and contracted for rebinding. But only a few days before the fire the house had received a consignment of \$5,000 worth of law-books to be bound. These volumes, aside from intrinsic value, were worth so much of their value as to make the risk abnormal for almost any season. And these books were bound.

Before receiving these books the binder had asked the owner to put a policy for themselves on them. If such further blanket policy was carried for the purpose of covering the normal amount of book material on hand owned by others and contracted for rebinding. But only a few days before the fire the house had received a consignment of \$5,000 worth of law-books to be bound. These volumes, aside from intrinsic value, were worth so much of their value as to make the risk abnormal for almost any season. And these books were bound.

On this one disputed point, going it into court, will save and make a guess as to what the result will be. The fire may eat the stock, so to all purposes was "burned out" after five or seven years, but the consignment of \$5,000 worth of law-books to be bound. These volumes, aside from intrinsic value, were worth so much of their value as to make the risk abnormal for almost any season. And these books were bound.

Of first consideration is the enormous payroll of the workers. If most of the machinery and stock had been down by the fire, still the necessary fire on the employees on salary is a problem. The determination of the exact amount to start up anew. Tried and proved, employees must be retained while the work of rehabilitation goes on. They are paid even if they are not doing more than wait. Settlement of the kind must be made with employees who have been supplying raw materials from the hands of other workers. No matter what the causes in contracts providing for the case of fires, strikes and other confidence, every fine of business, the welfare of the manufactory has been affected.

The plant is a total loss and the factory must be cleared away. In the meantime all those workers of the manufactory who have been pressing for the filling of orders find themselves shut out of any chance for receiving them. They turn at once to other competing establishments for the work. Not only the burned out firm lose all the profits from this work, but they run the long chance of losing some
